NUMBER 7

Fire Station Visited By Brownies

Brownie Scout Troops 52 and 90 visited the Burk Burnett Fire Station Tuesday and listened attentively as Fireman Frank Kelley explained the functions of the fire truck.

Mrs. Burdette and Mrs. Eddins are leaders of Troop 52 and Mrs. Alvey is in charge of Troop 90.

Plans Made For Christmas At SAFB Hospital

SHEPPARD AFB, Tex.—The American Red Cross Community Council for the USAF Hospital at Sheppard met with the hospital Military Christmas Committee to discuss final plans for the patients' Christmas.

Col. Q. J. Serenati, hospital commander, welcomed the group and explained that celebrating Christmas "Gets you on the right foot for the coming year."

Maj. Betty Hurley, nursing supervisor for the Air Force Clinics, thanked the group for all their support and shared some of her experiences during the holidays in Southeast Asia.

Capt. Lillian White, Occupational Therapy Supervisor, explained that the outside decorations would be a large Santa coming out of a chimney. This will be placed on the roof of the dental clinic with a large decorated tree near the entrance. At the front entrance of the hospital will be a Creche scene featuring piped music.

Miss Penny Meyer, Red Cross Recreation supervisor, told the group about the inside decorations which will consist of mobiles and special window displays on each ward.

Mrs. Albert Owen, president of the council, coordinated each group's commitments for the patients' Christmas. The council and its members will supply a gift for each patient. Also, they will supply Christmas stockings and the additional supplies for the various Christmas and ward parties.

Representatives and their organizations were Mmes. A. H. Owen, J. L. Randel and G. D. Ireland, First Baptist Church, F. L. Sharp and Robert Land, Sheppard Officers Wives Garden Club; Leon Flake, River Crest Garden Club; Vertol Perigan, Dig and Delve Garden Club; L. A. Braden, Western Hills Garden Club; E. F. Post, All Saints Episcopal Church; Floyd Taylor, First Methodist Church; L. G. Wiley and Harry Harton, Floral Heights Methodist Church, Woman's Society of Christian Service; and David Andrews and Mike Carter, Daughters of the Nile, Shelomi Temple.

Other groups making pledges were: Wichita Falls Garden Club of the Woman's Forum; 1934 Study Group; Electra Club, Burk Burnett Garden Club; and Mrs. Tom Hunter.

FALL FESTIVAL & TURKEY TURKEY DINNER SCHEDULED NOV. 5

Area residents are cordially invited to attend a Fall Festival and Turkey Dinner Saturday, Nov. 5 at the Town Hall in Burk Burnett. Sale booths featuring pastry, arts, crafts and etc., will be open from noon to 7:30 p.m. The turkey dinner will be served from 5:30 to 7:30 p.m. All proceeds will benefit the Catholic Church building fund of Burk Burnett.

KINGS LOSE 20-14 TO TULSA OILERS

Tulsa scored early, then held off the Burk Burnett Kings for a 20-14 Texas Professional League victory Saturday night.

Tulsa tallied in the first period on an 11-yard pass from Foy McClung to Bullet Butler. Richard Guinn converted.

McClung hit Charlie Lone Chief for a 44-yard scoring pass in the second quarter. Guinn's kick made it 14-0.

Rufus Jones ran over from 16 yards out in the third quarter to make it 20-0.

Then the Kings started a rally. Tom Culver scored on a one-yard run, and Phillip Fancher kicked the PAT to make it 20-7. Culver scored again in the final stanza from the four, and the score stood at 20-14.

The Kings were driving for the tying or winning touchdown in the fourth period when they fumbled on the one-yard line.

Tulsa is now 6-0-1 in league play. Burk Burnett is 3-3.

Hardin P-TA Met October 18th

The Hardin P-TA met Tuesday, Oct. 18, at 7:30 p.m. Many parents and teachers crowded into the Hardin Grade School Auditorium.

The flag ceremony was conducted by Girl Scout Troop 45. Following the ceremony there was a request for Girl Scout leaders for our community. If you are interested contact Sonja Landers, 569-3825.

The devotion was given by Rev. Philip Watson of the Cashin Amarillo, Tex., Junior College in 1963.

The sergeant was graduated from Phillips High School, Bear Creek, Ala. His parents, Mr. and Mrs. James W. Thomas, live at Haleyville, Ala. Sergeant Thomas' wife is the former Miss Sina Corene Bishop, of Bear Creek, Ala.

Mrs. A. V. Bruce and William Jenkins were elected as delegates to the state convention of the Texas Congress of P.T.A. It will be held in Austin, Nov. 16-18.

R. W. Biscoe, Wichita Falls Highway Patrol Officer, gave an interesting and informative talk on youth protection. This extemporaneous speaker spoke of the good in our youth with many of his personal anecdotes. He said "ninety seven percent of our youth are good children. The public only sees the three percent who get into trouble. The home, church and school are triangular influences on a child's life. If a child is calling you by name, and you cannot call that child by name, stop and re-examine your life." Biscoe's attentive audience have a much greater respect for the police officers patrolling our highways.

The 100% P-TA Membership Drive Awards were presented to Mrs. Carter, first place, Mrs. Hooker, second place, Mrs. West, third place, and Mrs. Avant, fourth place. In special education classes, Mrs. Travis won first place and Mrs. Perry won second place.

The Parent Attendance Awards were won by Mrs. Hooker, Miss Reed and Mrs. Travis.

Mrs. Waneeah Bruce announced the Ministerial Alliance Panel would be the invited speakers for the November meeting. Their topic, "The Child — An Individual."

Buy Plentiful Foods
To help offset food costs, food shoppers are advised to plan more menus around items listed by the USDA on the monthly Plentiful Foods List. The November list includes turkeys, pork, pears, grapes, raisins and dry beans.

Local Boy Pays Surprise Visit Here

If the Karstetter neighbors saw an ambulance in the driveway on Eluebonnet Street early Wednesday it only meant a surprise visit by their son, Johnny and a co-worker. They were returning to Lawton from a Wichita Falls where they had taken some injured persons.

Johnny is attending Caeron College and working part-time at a funeral home in Lawton. Since there is the only ambulance service there, they are on call day and night, and keep busy.

Channel 7 news has become a daily "habit" at Karstetter's since they can watch Johnny administer first-aid and care for ambulance patients. His experience with Little League football and baseball are helpful.

Local Births

Births were registered to the following local parents, Messrs. and Mesdames:

Michael Pavlyik, 303 County Road, girl, Melissa Carol.

David William Salter, 503 Rosewood, boy, David William, Jr.

Johnnie Harvey Adams, 406 1/2 Broyles, boy, Johnnie Wayne.

John Earnest Boswell, 515 Eluebonnet, boy, Michael Kent.

Over 3.5 million American boys and girls will Trick or Treat for UNICEF on Halloween.

Bulldogs Bomb Childress, 46-6, In District 4-AAA Game Friday

By DEE UNDERWOOD

The Burk Burnett Bulldogs proved themselves unwelcome guests at the Childress Bobcats homecoming Friday night as they blasted their hosts, 46-6, in an overwhelming 4-AAA victory.

The Bulldogs wasted little time in letting Childress know their intentions. On their first offensive play, Bill Roe, the right halfback who was in on three touchdowns for the night, took a pass from Tony Hodges, the Number One passer in Class AAA, and turned it into a 56-yard pass and run combo that put six points on the board for the Bulldogs. The extra point try failed.

In the second quarter, left halfback Jim Caddell added another score on a 10 yard scamper, then a short while later ran 12 yards for another tally, his

Jr. Varsity Wins, Frosh Tie Graham

The Burk Burnett Junior Varsity Bulldogs racked up victory number five of the season Thursday at Graham, beating the Steers B team, 16-8, while the Freshman squad was tied 8-8.

Full details are not available at press time, but more will be carried in the Thursday Burk Burnett Star. The J.V. record is now 5-2.

first two touchdowns of the season.

With a comfortable lead, Bill Roe picked off a Johnny Baker aerial and galloped 23 yards for another touchdown. Hodges also chipped in with a two point play in the second quarter, running it across after a fumble on the kicking attempt.

The Bobcats managed a touchdown that stanza, and at half-time the score stood at 26-6. After Childress had crowned their queen, the Bulldogs went back to work. Bill Roe got his final T.D. of the night on a tremendous 60 yard scamper to make the score 32-6.

It wasn't long before the defense got into the act. On fourth down, the Bobcats were punting from inside their own ten. The Bulldogs put on a ferocious rush and blocked the kick. An alert defensive end, Steve Cozy, took the pigskin out of the air and ran it into the end zone for a touchdown. Dale Hoffman booted the extra point.

Fullback Charles Hicks added the final score of the night, that coming in the final quarter, on a 5 yard plunge. Hoffman toed the extra point to make the final score, 46-6.

Friday, the Bulldogs are back at home, seeking another win against the Graham Steers in a 7:30 p.m. contest. Their season record now stands at 3-4, their conference slate 1-2.

1966 Homecoming Queen

Mrs. Ann Voyles Heads Gifts For Servicemen Drive

Mrs. Ann Voyles of Wichita Falls takes an active part in a number of civic projects—but a very special interest has developed in one project: the drive to get Christmas gifts for servicemen in Viet Nam.

Mrs. Voyles, who also took an active part in helping with the "Bleed-In" last year at Midwestern University when college students and townspeople joined to donate blood to the armed forces, had volunteered to help with the drive for Christmas gifts of U. S. servicemen in Viet Nam.

Now she has a more special reason.

Recently she took her son—Petty Officer Third Class Dennis Dorsman, a hospital corpsman—to the Wichita Falls airport. The young man is on his way to Viet Nam for service as a first air man with the Marines.

The gift drive, being coordinated by the Red Cross, is part of a national effort to provide each U.S. serviceman in Viet Nam with a gift bag containing small, personal items hard to get there, such as ball point pens, pocket combs and paperback books. The gift bags must be in the mail by Nov. 2. The armed forces have promised to deliver the gifts at Christmas, even to men in the jungles.

People who would like to help with the drive can pick up bags at the Red Cross Chapter House in Wichita Falls, fill them and return them. Or they can mail cash to buy gifts to, "Santa Claus, % The Red Cross, Fifth and Baylor, Wichita Falls, Texas." Or they can donate useable paperback books. If more books are donated than are needed to meet the Wichita County gift quota of 750 bags, the additional books will be sent to a Red Cross field director in Viet Nam for distribution to the fighting men.

A MOST IMPORTANT ITEM

THE ABSENTEE VOTE

Absentee votes can and do make the difference in many elections. In 1940 the Governor of Kansas won reelection, with the absentee ballots giving him the margin of victory.

In 1960 Richard Nixon carried the State of California of the absentee vote.

Today there are over a million Americans outside the continental limits of the United States. Many of them are of voting age, and only temporarily out of the country — in the military service, on assignments from their employers, or just traveling for pleasure.

One out of five Americans changes his domicile every year. Many of these people not yet qualified to vote in their new location may still vote by absentee ballot where they used to live by virtue of property ownership or other legal consideration.

Now is the time to determine in all states (except Rhode Island, where it's already too late) whether you and other members of your family may need to cast an absentee ballot. If you're going to be away at voting time make arrangements at city hall to obtain the forms to fill out to get the necessary absentee ballots to assure a 100% voting record in each family.

Mr. H. C. Diefenbach, advertising counselor, Dayton, Ohio, says: "There must be something wrong with the thinking of young folks when, seeking employment, they are more concerned over 'security' than opportunity. In OUR book, the principle of private enterprise is our greatest security. If we eliminate him, no government bureau or vote hungry politician is going to give it to us."

According to a forecast made by the Edison Electric Institute, the nation's investor-owned electric utility companies expect to have power producing capability of about 263 million kilowatts by 1970, which is almost double their capability of nearly 138 million kilowatts in 1960.

A recent U. S. Department of Labor report revealed that one out of every 20 American workers has a second job. Government employees — particularly postal workers — lead the field of "moonlighters," with workers in agriculture, educational service, construction and transportation also high on the list.

A U. S. Department of Commerce study has discovered that drug costs are a smaller part of America's health care dollars than ever before. Only 14 cents of the medical care dollars goes for the purchase of drugs from retail outlets. It was 17.5 cents twenty years ago.

Highway users pay more than 24 per cent of all state taxes collected in this country, reports Oil Facts. In fiscal 1965, the states collected \$26 billion, of which \$6.3 billion came from taxes on motor fuels and motor vehicles and from drivers' license fees. Motor fuel taxes alone amounted to \$4.3 billion.

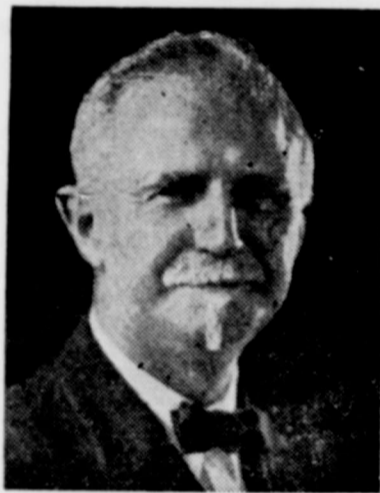

THE COLD FACTS

"Dry, itchy skin is another major winter discomfort. The skin secretes less oil and loses moisture. The lower humidity in winter, heavy, warm clothing, and overheated homes, all aggravate the problem."

Though medical science has been stymied by the common cold, it has developed a unique bath oil to alleviate dry, itchy skin. Called Alpha-Keri, and available without a prescription, it was recently cited in an important medical journal as the most effective bath oil additive for controlling dry skin.

Roger W. Babson Weekly Report

PROPOSED GRAND CANYON DAMS

Babson Park, Mass., October 20. Perhaps no federal program has stirred so much national controversy as the Bureau of Reclamation's proposal to build two huge dams on the Colorado River in the Grand Canyon area, though not within the present limits of the National Park.

What is Being Proposed

This plan is of vital economic interest to every man, woman, and child in America because it is part of an over-all project designed to assure water sufficiency in the Southwest, because it involves the expenditure of many millions of dollars of taxpayers' money, and because it will change the face of a considerable portion of the Grand Canyon. The building of the dams would be only one phase of a program which will cost us nearly \$2 billion to carry through.

Curiously enough, the proposed dams themselves will not bring any new water to Arizona or to any other section of the nation. Their sole purpose will be to generate auxiliary electric power. It is planned that the proceeds from the sale of such power would be used to help defray the cost of the whole Central Arizona Project, including the expense of diverting water from the Columbia River all the way to the Southwest!

idea of flooding miles and miles of this area.

In fairness to both groups, we must give serious consideration to what we will gain by this proposal and to what we will lose by it before Congress makes a final decision. In time, of course, we shall acquire a new source of public electric power. But in gaining it we shall reduce the Colorado River — which has been described as having "no counterpart for unspoiled scenic grandeur in this world" — to two great reservoirs. And we shall have changed forever the contour and character of the Grand Canyon, destroying in the process many unique records of nature's changes through the ages.

Economic Feasibility

Monthly, almost daily, the need for water in the Southwest becomes more acute. California is vying with neighboring states for a bigger share of this vital element, and there just isn't enough to go around. The Central Arizona Project, which includes bringing water all the way from the Columbia River, may or may not be the best solution to this grave problem.

If the Colorado River itself can provide some of the additional water needed, why must that diversion include these costly dams with their despoiling of the Grand Canyon and even of the integrity of the river itself? It should be noted also that federally built and operated dams have a poor record when it comes to paying their way. Even the great Hoover Dam has paid back only 20% of its cost so far. Also there should be some question as to the economic feasibility of adding to public electric power to compete with private power companies.

Explore Alternatives

Surely, there must be some other, and perhaps more practical, ways to finance the Central Arizona Project. At any rate, before our Senators and Congressmen vote to despoil the Grand Canyon, they might

Opens \$6,500,000 Food for Hungry In Viet Nam, India

War victims in Vietnam and famine victims in India are the two largest groups to be helped by CARE's holiday season CARE campaign. The campaign is to deliver 100,000 packages to the Red Cross, the National Advisory Commission on Emergency Programs and \$1,000,000 of the CARE portion of the campaign will be used in ways to help people ultimately support themselves. CARE school lunches, the education of children, school feeding projects, help for malnourished children, physical retardation; CARE projects to help build schools, roads and other community facilities. Combined with contracts whereby host governments pay CARE's costs of distributing U.S. donations of farm abundance, the Food Crusade will complete a year-long plan to help feed 40,000,000 persons in 32 countries. Packages consist of farm abundance of foods, purchased by CARE, to match local needs. The gifts go to: Afghanistan, British Honduras, Chile, Colombia, Ecuador, Greece, Haiti, Hong Kong, India, Iran, Jordan, Korea, Macau, Nicaragua, Pakistan, Poland, Sierra Leone, South Vietnam, Tunisia, Turkey, Yugoslavia. Contributions sent to CARE Food Crusade, 216 Empire Bank Bldg., Dallas 75201, may be marked for any of these areas.

American Legion Plans 50th Anniversary

American Legion National Commander John E. Davis, (left) former Louisiana governor, discusses plans for a 15-month celebration of the 50th anniversary of the American Legion with Albert V. LaBiche, New Orleans, Chairman of the 50th anniversary committee of the American Legion. The celebration will begin on August 1, 1967 and will culminate in a grand gala on November 11, 1967. The Legion will commemorate the 50th anniversary of the Legion's establishment. The anniversary will dramatize the many accomplishments of the Legion in areas of veterans' affairs, youth activities, community services and humanitarianism. Davis said, "The observance will underscore our desire to defend the ideals upon which this country was founded and will emphasize our willingness to defend ourselves and the people throughout the world," the commander declared.

FOR THE HOSTESS

by Joan Crawford

Weekend Guest (Or Pest)

As living quarters shrink, they squeeze out that delightful custom of The Weekend Guest. Yet, many people who have the space haven't the savoir faire; they think it's a real project—when actually a good guest stirs few waves and jumps right into the family swim.

The first duty of the hostess is to see that the guest room is well-appointed with thoughtful extras: light reading material, additional linens and pillows, cigarettes and candy. Not everyone brings bedclothes so provide some—as well as little rattan slippers from the five-and-dime, and new toothbrushes and combs. Be prepared for personal idiosyncrasies. If a guest must have tepid water with avocado juice, try to accommodate his whim. Be sure, too, to prepare a bedtime snack of fruits, cheese-and-crackers, and a chilled pitcher of Pepsi-Cola; this will keep him from foraging in the kitchen late at night.

Guests, too, have duties; the hostess gift, for one. A candy box or bunch of flowers is a pretty lean offering. But a set of hostess towels—they make such beautiful paper towels now, if you can't afford linens—an unusual den antique, or an assortment of exotic jams is more like it. If breakfast is at 10, a guest must make a showing, even if he's a sleep-till-nooner. And since many a warm friendship has vanished with the sight of rumpled pyjamas, a guest should always be dressed although the hostess may appear in an attractive morning coat.

You never really know anyone till you've "lived" with them and some guests can be pests. In that case, as the saying goes, they will have been invited twice—once and never again!

YOUNG FASHIONS IN HALF SIZES

Once upon a time, wearing a half size meant settling for a half loaf in fashions. Today, it means picking and choosing from a varied menu of modes provided by designers who keep increasing the number of smart, newsy styles a half-size woman (or girl) can wear well.

Three cases in point are the new designs currently featured in McCall's Pattern Fashions And Home Decorating Magazine. McCall's half-size patterns are especially fitting for the woman who seeks, and may not always find, clothes as youthful as she is.

A low-belt two-piece dress gives her the new long and easy line in Pattern #8481. Diagonal seams make the top simple to fit and to sew—and create optical illusions of slenderness. Another skinning touch: the hip-riding belt may be replaced with vertical pocket flaps. The skirt can be slim or A-line.

Stripes make a striking case for flattery in Pattern #8447's belted one-piece dress. Horizontal stripes across the shoulders balance the hips. Below the fashionable yoke, vertical stripes lengthen and slim. The classic style is also attractive in checks or solids. And the pattern itself carries a dual fashion bonus; it's easy for beginners and it's part of the Adjust-For-You series which offers two sizes in each pattern packet.

Newsy trumpet sleeves bring a two-piece dress right up to the minute in fashion. The rest is all simple shape—

lightly fitted top, slim skirt—the better to show off a handsome wool or party-going brocade. McCall's Pattern #8373 permits you to substitute smaller set-in sleeves and an A-line skirt, if you prefer a more conservative look.

Whatever your fashion preference, you can probably find it if you give new half-size fashions half a chance.

ROTC Scholarship Bidders Must Apply Early For Examinations

High school seniors who plan to seek four-year Army Reserve Officer Training Corps (ROTC) scholarships for the 1967-68 school year should apply for the qualifying examinations given by the College Entrance Examination Board (CEEB) before Oct. 29, according to Earl E. McCain, chief of the ROTC branch in the office of the adjutant general at Headquarters Fourth U. S. Army.

"Applications made by this date will pertain to Dec. 3, the first of four dates on which CEEB tests will be given across the nation during the 1966-67 school year," McCain said. "Prospective candidates for scholarships, which can be valued between \$5,000 and \$9,000, depending on the tuition at the college selected, should apply for the tests as early as possible in order to prevent delay in processing scholarship applications."

Other CEEB tests in 1967 are scheduled for Jan. 14, March 4 and May 6. Details may be obtained from high school counselors or officials, or students in Texas, Arkansas, Oklahoma and Louisiana interested in applying for the CEEB tests should write to: College Entrance Examination Board, Box 592, Princeton, N. J. 08540. Those in New Mexico should write to: College Entrance Examination Board, Box 1025, Berkeley, Calif. 94701.

Regular registration fee for the CEEB is \$5 before the deadline of Oct. 29. An additional \$2.50 will be charged through Nov. 12 to allow for late registration for examinations to be given Dec. 3. Information regarding the ROTC scholarship applications may be obtained by writing to: Commanding General, Fourth U. S. Army ATTN: AKAAG-RR, Fort Sam Houston, Tex. 78234. Applications will be accepted any time before Jan. 15, 1967. High school ROTC is not a prerequisite for the scholarships.

2-Gallon Donor

James A. Sullivan, 409 Magnolia, has donated 2 gallons of blood to the Red Cross during visits of the Bloodmobile to Burkburnett. Bowling is Mr. Sullivan's hobby. He is employed by Bill's TV & Furniture Store.

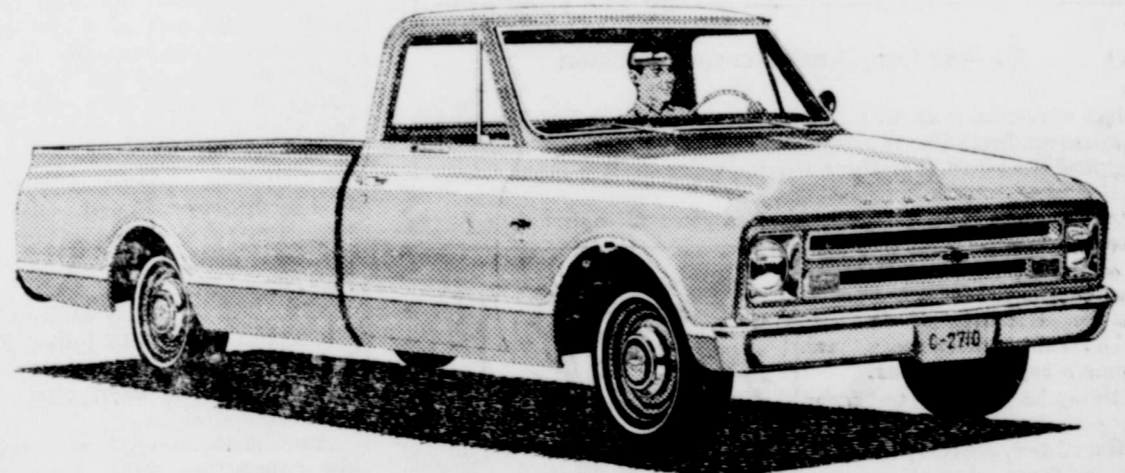

WARNING TO SHOPLIFTERS

STOP AND THINK. Did you know that if you are caught, tried and convicted of shoplifting you could be fined up to \$1,000.00 and sentenced to two (2) years in jail for committing a **MISDEMEANOR**? This includes any items taken that are not properly paid for (meats also) that are valued under \$50.00.

If you are found guilty of taking items that are valued over \$50.00 you are committing a **FELONY** and could be sent to the penitentiary for two to ten years.

TRY THE WORLD'S TOUGHEST 2-DOOR

This new Chevy pickup looks so good you could call it a 2-door. (You could also call it the toughest Chevy pickup ever built!)

This Fleetside pickup's got a lot more than good looks going for you. It's got new construction to bring you more durability, working ease, comfort and safety. Check that new all-steel pickup box, for example. New full double-wall side panels and tailgate keep your load from leaving its mark on Chevy's good looks. And new measures have been taken to help keep out rust and corrosion. Like the one-piece wheelhousings that now protect sheet metal against tire splash.

Inside, the color-keyed cab looks and feels like a pleasant place to work. There are a number of new safety features, too: an energy-absorbing steering wheel and a dual master cylinder brake system, to name two.

And here's another thing the new Chevy pickup's got going for you: it rides better than some cars. Choose from 26 Fleetside and Stepside models now at your Chevrolet dealer's.

Try this brand new breed of pickup at your Chevrolet dealer's

Hardin HD Club Meets Last Week With Mrs. Hageman

The Hardin Home Demonstration Club met at 1:30 p.m. Oct. 12, at the home of Johnnie Hageman, 509 4th St. in Burkburnett.

Julia Roderick, club president, called the meeting to order and Lila Jacobs led us in a group prayer and other opening exercises. Secretary Mildred Mahaffey read the minutes from the previous meeting and they were approved.

Icie Howard gave a report on a council delegate meeting Oct. 11, which she had attend d.

Unfinished business brought further plan making for the social to be Wednesday, Oct. 19, when our club will entertain the Enterpris: Club of Electra.

New business included discussion on an invitation received from the Eastside Club of Wichita Falls. We accepted the invitation to meet with them for a social on Sunday afternoon, Nov. 6th, from 2 to 4.

Motion was made, discussed and carried that our club change our meeting times from twice monthly to one time each month. This will be the week that Miss Wirges will meet with us to bring her lesson. Our next meeting time for this schedule will be Nov. 9 when Julia Roderick will be hostess.

Miss Wirges brought the program, entitled, "Fabrics, Fashion and Color." With her fabric samples, charts, etc., it was a most interesting lesson. The "Mod" look, she stated, probably started from Carnaby St. in London and is a combination of very old styles and the very new. When fashion brought the skirt up, that changed almost all our present accessories.

Meeting was adjourned and delicious refreshment of ice cream and Coke floats were served to three guests, Thelma Wirges, Maxine and Dorothy Bumpus, and the following members: Altha Hillis, Lila Jacobs, Julia Roderick, Icie Howard, Sallie Hewell, Alice Endrill, Mildred Mahaffey and Johnnie Hageman, Carol Roderick was hostess.

Leader Is Named For West Texas Chamber Of Commerce Task

Abilene — C. L. Cooke, president of Community Public Service Company, Fort Worth, was named today to head a West Texas Chamber of Commerce Special Task Force to study the problems of West Texas small towns, John Ben Sheppard of Odessa, president of the organization announced today.

A "blue ribbon" panel of 25 West Texans, to be named shortly, will conduct an in-depth study and evaluation of the problems, resources and potentialities of towns under 12,000 population. Seventy-one towns in this category have lost population during the past 10 years.

"Too many people," Sheppard said, "are willing to write-off small towns but we cannot do this if we want West Texas to grow and prosper."

The study to be made will include exhaustive research, surveys, conferences in Austin and Washington and town hall type meetings and hearing in small towns of West Texas. The hearings will develop ways and means of utilizing existing assets and methods of accenting the cultural, educational, recreational and industrial opportunities of the smaller towns.

The Special Task Force is a group of planned action and not an academic study, according to Sheppard. The group will seek to determine what the small town has and what it is possible for them to have; what assistance is needed, if any, from the State and Federal governments; what the metropolitan areas may do to assist small towns within their spheres of influence; growth patterns of small towns and the reasons for losses or gains; the development of criteria as to what an aggressive small town, with proper leadership, can expect in the way of industrial development, tourism, cultural development and retention of young people in their community. The study will also evaluate available Federal programs and services as well as those possible aids from the State agencies that will be helpful in attaining the goals set by the individual city.

In the formation of the important Task Force, Sheppard said "Small our last citadels of growth and true hospitality have been and will be with help, to be an element in West Texas, characteristic of a democratic way of life. A man is free to make his own efforts to achieve security through his own efforts."

The results of the study which will be completed by March 31st, will be in a "White Paper" by WTCC. This publication will be distributed to small towns for guidance in their action program enable them to utilize their assets.

Sheppard expressed the hope that this study will also serve as a model for the whole state and could be a basis for state and federal action.

"West Texas is fortunate to have a standing leader like C. L. Cooke to head up this study," Sheppard said. Cooke is a civic leader who has done an outstanding job in the West Texas Chamber of Commerce just completed 13th Annual Industrial Development Conference which voted to the industrial potentials of small towns in January designed to explore the possibilities of small towns attracting more tourists.

R for Health

For Women Only

by Joy Tomlinson

Dieting Can Cause Nervous Tension

When a woman goes on a diet, it's not her bones but her nerves that stick out first! She is often "on edge" and sensitive to criticism — real and imagined. For these women, a low-calorie input triggers a high-temper output.

Their reaction is understandable when you realize that the adverse effects of obesity — especially the loss of attractiveness — are themselves tension producers. Add to these the strictures of dieting, and the strain is often more than a woman's psyche can bear.

You may be planning to "drop a few pounds." Before going on any kind of diet, consult your doctor. Aside from other effects, severe dieting will affect your disposition: moodiness, nervousness, headache, or a general feeling of fatigue may develop.

Another common complaint of the dieter is the nervous tension headache. When an over-indulged system is suddenly deprived, it naturally objects. The dieter will become irritable; she "tightens up" as inner tension increases — and may wind up with an excruciating nervous tension headache.

Of course, doctors are not surprised at all at this, since women are more prone to everyday tension headaches, even when they're not dieting. In other words, they suffer more headaches than men. This is partly due to their body chemistry and partly to their psychological makeup.

The stresses responsible for both nervous tension headaches and obesity are often the same: boredom, loneliness, discontent with family relationships, job or social standing. Unfortunately, no pill or potion has yet been developed to eliminate these problems — or obesity. The only way to lose weight effectively and safely is to cut down on foods gradually. Nervous tension headaches, however, require help because the pain is real and intense.

Fortunately, medical science has developed a pain reliever especially for women's everyday nervous tension headaches. Called Cope, it contains the most widely used pain reliever, aspirin, and a mild relaxant to ease the nervous tension which often triggers the headache.

It's certainly a lot easier to face smaller portions of food if you aren't suffering from a tension headache. But remember, losing the weight is usually easy for a determined person; the important accomplishment is to keep it off. If you reduce slowly, you have a much better chance of adjusting to and maintaining a lower weight.

Council Of Federated Study Clubs Hold Meeting Recently

The Council of Federated Study Clubs met at 10:00 a.m., Thursday, October 20, in the National Room of the First National Bank Mrs. H. C. Preston, Jr., vice president, presided.

A letter of appreciation from Mr. Claude Adams, Chairman of the Library Board of Trustees, was read.

Plans for the Federated Banquet were discussed. Mrs. James Frye invited all interested women to join a Fine Arts Tour to Ft. Worth on Nov. 18. A bus has been chartered for this occasion.

As Chairman of the nominating committee, Mrs. Frye submitted the name of Mrs. Gary Moore as nominee for Council President. Mrs. Moore was elected by acclamation.

On the recommendation of Mrs. H. C. Preston, Jr., the Council voted to ask the Community Service Council's aid in planting Blue-bonnet seeds. Under this proposal, each member of each club in the Community Service Council would buy two packages of seeds; plant one package and give one package to a friend to plant. This project would be in cooperation with the Chamber of Commerce Operation Sparkle.

The Council voted to retain membership in the Community Service Council.

Fall Flower Show Set In Iowa Park

The Iowa Park Garden Club will present their Annual Fall Flower Show, entitled "Family Circle," a placement show, at the home of Mrs. W. A. George Northeast of Iowa Park on October 29, between the hours of 3:00 and 7:00 p.m. Mrs. O. N. Newman is Flower Show Chairman, and Mrs. Sam Hunter is president of the club.

Area residents are invited to attend, and also to exhibit horticulture items in the "Not for Competition" category. Horticulture exhibits should be delivered to the George home between 8:00 and 10:00 a.m. on the day of the show. An admission fee of \$1.00 for adults and fifty cents for children will be charged.

SALT WATER WEIGHTS

The size sinker to use when surf fishing is determined by the strength of the wind and what weight of sinker the rod will cast.

Many fishermen prefer a 4-oz. weight for the usual size rod. But when the wind is high, nothing less than a 5-oz. lead is recommended.

A lot depends on the action of your rod.

Carry weights from one to five ounces in your box to be on the safe side.

MRS. JAMES FRYE TO SPEAK AT REGIONAL EVENT

Mrs. James E. Frye of Burkburnett will be one of the featured speakers at a regional leadership training seminar Oct. 24-25 at the University of Arizona, Tucson.

The 1966-68 Community Improvement Program (CIP), offering more than \$80,000 in incentive awards, will be introduced to clubwomen at this meeting.

Mrs. Frye, who was chairman of the steering committee of the Burkburnett Community Improvement Program at the time the Federated Study Clubs won second place in the national contest, will present a case history of the winning project.

The Arizona seminar is one of six sponsored by the CIP committee of the General Federation of Women's Clubs, in cooperation with the Sears-Roebuck Foundation.

Among other speakers will be Mrs. E. L. Pearce, GFWC president, who will outline the purpose of the seminars; R. V. Mullens, "The Sears-Roebuck Foundation and Community Improvement;" Mrs. Thomas R. House, "How to Involve the Communications Media;" and Dr. Otto Heiberg, University of Nebraska, "The Scope of Community Improvement."

Audiences at the seminars will be made up of state and district federated club officers from Arizona, Southern California, Colorado, New Mexico, Nevada, Utah, Wyoming and western Texas.

Among the Texas delegation will be Mrs. Frank Dotterweich, state CIP chairman; Mrs. Frank Galusha, president, Alamo district; Mrs. Roy Grundy, president, Santa Rosa District; Mrs. Louis Cummings, president, Caprock district; Mrs. Dillard Stapp, CIP chairman, Heart of Texas district; Mrs. Arthur Scott, CIP chairman, South Texas district; Mrs. Ted Johnson, president, Western district and Mrs. W. E. Powell, CIP chairman, Western district.

Den 2, Pack 151 Hold Regular Meet Thursday, Oct. 20

Den 2 of Cub Scout Pack 151 held its weekly meeting on Thursday, Oct. 20. The meeting was opened with the Pledge of Allegiance led by Kevin Warren. Each Cub recited the Scout Promise and Law and then were taken to the Fire Station by the Den Mother, Mrs. C. R. Pendley. Mrs. F. A. Malory was kind enough to lend us her station wagon for the trip. Mr. John Stack of the Fire Department was nice enough to show the Cubs the different functions of the truck and explain how the firemen get out of the station quickly when there is a fire. We wish to thank him for taking the time to do this for them. The Cubs really enjoyed the demonstration and were very impressed.

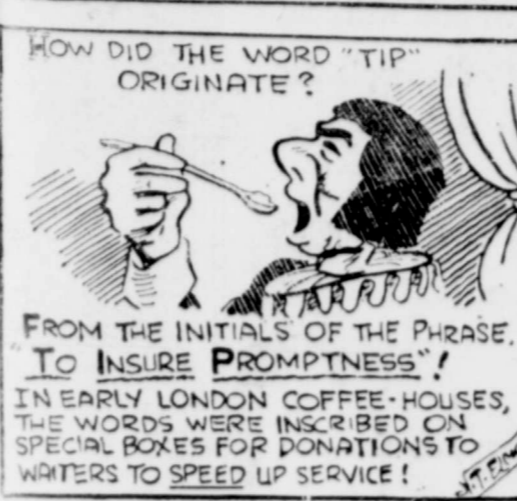

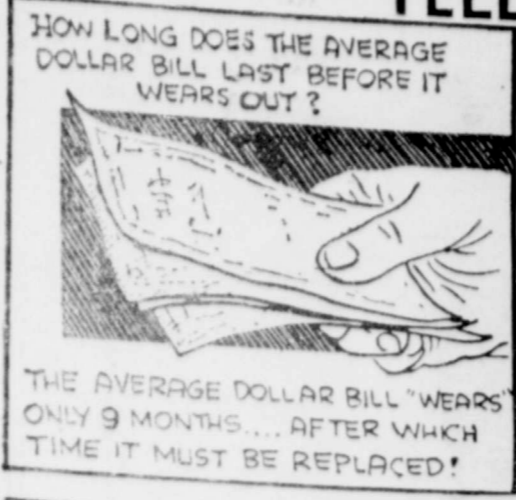

After returning to the meeting, the Cub Scouts wrote notes to their parents reminding them of the monthly pack meeting, Monday Oct. 24, at 7:00 p.m. at the St. John's Episcopal Church. The meeting was then closed by the Cubs making the Living Circle. The members of Den 2 are, Ray Gene Crow, Mario Guzman, Kevin Warren, Dale Bruce Tisdale, Lee Sanders, Victor Powers and Archie Pendley. All members were present. Den Chief is Richard Mallory.

are submitted but cannot be ZIP Coded by the local post office, such as those in a city like Washington, D.C. which has the same street names and numbers in the northeast, northwest, southeast and southwest sections, will be sent to the appropriate city and the codes will be added there.

Postmaster Zimmerman emphasized the importance of including the return address on the front of the cards so that his employees will know where to return them after the five number codes have been added.

He also noted that extra cards will be available for those requesting them.

TELL ME

LOCAL BOYS IN VIET NAM

Listed below are the names and addresses of local boys who are serving with the U.S. Armed Forces in Viet Nam. We are sure they would appreciate receiving letters or cards from Burkburnett residents regardless of whether you know them or not.

The Burkburnett Star-News will be glad to publish the names of other local boys in Viet Nam if parents or friends will call 569-2191 and give us this information.

MAXIMUM EFFECTIVE RANGES

It is important to know the maximum range of your shotgun in order to place your shots more effectively.

With full choke, a 20-gauge shotgun averages 53 yards for Magnum loads, and 60 yards for the 12-gauge guns, using a 3-inch shell and 1-7/8oz. of shot.

Love that face? Whether we like it or not, the face nature gave us is the one we have to live with. That's why it makes sense to give nature a little help in putting your best face forward.

Here is a four-step program that should give you a beautiful complexion:

(1) Deep cleansing. Apply generous amounts of cleansing cream on face and throat and allow it to remain for three minutes. If you use a cleanser containing the gel of the aloe vera plant, you'll notice tiny grains of dead skin as you tissue off the cleanser.

(2) Toning. Close the pores and freshen the skin with a toning lotion that contains no drying alcohol.

(3) Moisturizing. To keep your skin young, you must restore the moisture continuously lost through evaporation and exposure to wind, sun, and heat or cold. Do this around the clock by using a moisturizing lotion under make-up by day and a moisturizing cream by night. Massage it into the skin with an upward and outward motion.

(4) Nourishing. The skin is fed by blood supplied through tiny capillaries. As we grow older these tiny blood vessels tend to thicken and shrink, slowing the flow of blood to the skin. This is where the gel of the aloe vera plant comes in. Its enzymatic action helps dilate the capillaries, bringing a fresh flow of blood to nourish the skin.

The blood encourages new skin to grow and dead cells to slough off, leaving a younger, healthier complexion. If a look in the mirror tells you that nature can use a bit of help, the gel of the aloe vera plant may be just the tip you need. You'll find Alo-cosmetics, all containing generous portions of the gel, available in local department and drug stores.

By Diane Wilkins America's Junior Miss-1966 School Daze

Isn't it the truth? In the middle of summer's sweater, stores feature plaid kilties, cable-wool knee socks, tams and mufflers. Your suntan's still a-peeling and the sand is yet caked on your sandals, but the five-and-dime lays in a big supply of soft erasers, looseleaves and pencil cases. No matter that the actual event is still off on the horizon, everyone is being Aggressively Autumn.

Inevitably, you "fall" under the influence and begin your beauty stock-taking; are you ready to put your best foot-and-face-forward? The summer-pigtails aren't going to bowl over the new boy in your math class and the straggle-waggle that passed muster on the beach simply isn't Classy enough. Since the Limp-Lock-Look passed away last year and we are now enjoying the Return of the Curl; you might run into problems about hairsetting.

If your hair is churlish—make it curlish. If your hair can't take it—make it! That's what setting lotions are all about. Breckset Style Setting Lotion in two formulas (regular and extra hold) was developed by John H. Breck, Inc. to "stretch" the life of a set and aid in styling. The lotion forms a clear film around hair strands leaving them soft, manageable and strong enough to hold a curl—even during your pre-school dance.

Now that Back-to-Schoolism is rampant in the land, it's a good idea to use this transition time to change from Summer Sloppiness to Autumn Appeal. Later, you can work toward Winter Winsomeness. After all, when Septem comes, can the Brr be far behind?

Where have the LEAVES Gone?

Trees without their leaves, are like a Church building without the people. The real warmth, friendliness, and welcome atmosphere are created by the people. All of these things are a real aid to worship.

"Give unto the Lord the glory due unto his name; worship the Lord in the beauty of holiness."

Come, be one among many to share in the joy of worshipping in the Lord's house this Sunday.

Coleman Adv. Serv.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

The Burkburnett Bank: Capital \$ 125,000.00, Surplus 125,000.00, Deposits 1,350,591.00, Loans and Discounts 933,726.66. Jack Aaron, President. *Opened for business July, 1964.

It isn't time to stop yard work yet, reminds Thelma Wirges, Wichita County home demonstration agent. The fall application of fertilizer for the home lawn is necessary for a healthy lawn.

If there are things you want to take out of the yard and pot, don't wait until you freeze doing it. Begin this move before long.

Outdoor storage is also needed for tools, equipment, etc. Don't leave tools and equipment out to rust and rot during the winter.

THE FIZZLE FAMILY

Outdoor storage should be part of any yard improvement plan. Mrs. Pete Wyatt has served as a yard improvement demonstrator as a part of her home demonstration work. She has included soil improvement, planned plantings, lawn improvement, regular maintenance and has established an interest area to be enjoyed from the inside as well as the out.

Mrs. Wyatt completed a well developed plan with outdoor storage. The back yard of the Wyatt home will be visited, as part of the annual achievement tour, Tuesday, October 25.

The Wichita County Home Demonstration Achievement Tour will be held Tuesday, October 25 beginning at 9:30 a.m. at the home of Mrs. Hubert Young, 4504 Lockwood in Wichita Falls. Other stops will be at the homes of Mrs. Pete Wyatt, Mrs. T. J. Cobb, Mrs. E. S. Broderson, Mrs. M. C. Anderson, Mrs. M. H. Anderson and Mrs. R. A. Gilbert.

Anyone interested in home improvements both inside and out may attend. They must arrange their own transportation and take a sack lunch, which includes their own drink.

A large healthy tree is a valuable asset to any property. In our section of the country, pre-

mium prices are frequently paid for choice lots because of the presence of large trees on the property.

However, many valuable, large trees are killed or damaged beyond repair because construction crews, supervisors, or property owners are careless in excavation and construction activities.

Tree damage often results from lack of knowledge about proper precautions required to

protect trees when the soil around them must be disturbed. Addition or removal of soil around an established tree upsets the delicate balance between the soil and tree roots and can seriously injure or kill the tree, says Thelma Wirges, county home demonstration agent.

Barricades should be built around the tree to prevent damage from heavy equipment and to prevent soil compaction of

the root zone from traffic. Insects and fungus diseases can enter trees, attacking the inner back exposed by wounds made by man and machine. Heavy traffic by trucks, cars, equipment, and workers compacts the soil tightly in the root zone, constricting movement of water and air to the roots, thus weakening the vigor of the tree.

Construction requiring grade changes to install curbs, gutters, drains, sewers, utilities,

paving, or foundations are often necessary, and calls for fills around existing trees. Injuries can be caused by such fills, but vary with the soil type, age, species and condition of the tree, existing drainage conditions, type and depth of the fill.

When filling soil around an established, valuable tree becomes necessary, methods of preventing injury to the tree should be considered carefully before the fill is made. The initial cost of preventing such injury may be considerable, but is less expensive and much more effective than curative measures later.

CLOTHES HANGERS USEFUL

Wire clothes hangers serve a myriad of purposes around camp.

Examples: Shaping the hanger to clasp boat gunwale and serve as rodholder. It is a rack for towels, a toilet paper holder, boot hanger, lantern stand, steak grill, or a pot hanger.

You can even use 'em to hang clothes on.

A SOLID UNITING FORCE FOR YOUR TOWN . . .

- Promote business by advertising products and services available in your town.
- Supports churches, schools and civic clubs by publishing information concerning their activities.
- Recognizes individual members of the community as interesting events occur in their lives.
- Prints local news of intense local interest, and available only through your Hometown Newspaper.

By recognizing every facet of the community, your Hometown Newspaper promotes understanding and cooperation for the good of the entire area.

BURKBURNETT STAR & NEWS

First Christian Pastor Arrives

Evangelist Alva T. Browning, of Knoxville, Iowa, has arrived in Burkburnett to become the interim pastor of the First Christian Church, succeeding Rev. Jack Gardiner who has returned to Dallas to continue his college work. Rev. Browning has had more than fifty years experience in the ministry and has been successful as an evangelist, hospital chaplain, and youth worker. Some of the activities of the local church are a meeting of the Membership Committee on Tuesday night and the Planning Conference meeting this Thursday night to plan for the future activities of the church. The committee is composed of Mrs. Joe Roschell, Mrs. Paul Bohnstedt, Mrs. Clayton, Mrs. Ivy, Mrs. Haley, and Dewey Conley and Chairman of the Church Board, Rev. Browning will speak at the meeting. The meeting will be Thursday at 7:30 in Fellowship Hall.
