SANTA SAYS, "ROUTE T. B.
BUY CHRISTMAS SEALS"

"Santa Claus is expecting every Haskellite to do his duty," Haskell County TB Christmas Seals Chairman, Mrs. Elmo Stephens of O'Brien said today.

The Christmas Seals for 1966 were mailed November 15 to Haskell County residents and a special effort was made to reach everyone in the county, however, if you did not receive a Christmas Seal letter, seals may be purchased from Mrs. Stella Trice, sponsor of the local association.

Since the organization of the County Association in 1956, 82% of the funds donated have remained inside the county for the fight against TB.

"The real victory is a county united not only in fund raising, but in the purpose to do something for better community health...to be equipped as a county to do a better health-

education job and to improve case finding and treatment," said the Haskell Chairman. "You can help by your generous purchase and use of the seals. Please buy and use all you can. They cost only a dollar a sheet ...and the more you give, the more your association can do," she stated.

The tuberculosis germ has been known and studied since 1882 but it has not given up all its secrets yet and in one way or another, we in Haskell will pay the price of TB. Either we pay in taxes for lengthy treatment and rehabilitation of TB patients, and often relief for families deprived of the wage earner by TB.

Christmas Seals are a bargain in protection against TB. For local interest and latest method of treatment, turn to the editorial in today's issue of the paper.

The Aspermont Small Business Development Center has received notification of funding for another year. On October 31, the Center completed its first year of operation.

During its first year of operation the Center interviewed 489 small businessmen and prospective businessmen, and other interested individuals. A total of 108 applications were processed of which 39 applications were approved by SBA, totaling \$361,900.00, and 32 applications were declined by the S.B.D.C., and 16 applications by the SBA.

The Aspermont S.B.D.C., as the representative of the local community, plays a vital role in the economic opportunity loan program. It has the responsibility of screening applicants, recommending loans and the counseling and training of applicants and those who receive loans. While the SBA office, Lubbock, makes the final decision on loans, its decision is largely based on the recommendation and justification submitted by the S.B.D.C. In the past year the Aspermont office has sought to carry out these responsibilities by making known the program to the people it is intended to help in the communities.

The S.B.D.C. has interviewed 44 businessmen and prospective businessmen from Haskell County. The Center processed 11 loans of which three loans are pending in the SBA office, Lubbock, and three loans received approval totaling \$18,000.

The Haskell County representatives are Clyde Grice of Rule, board member, and Jetty V. Clare and County Judge Jim Alvis, of Haskell, screening committee members.

Thanksgiving
To Be Observed
As Holiday

Haskell will join other towns throughout the state and nation in observing Thanksgiving Day, November 24, as a business holiday. Locally this is in conformity with a schedule of business holidays adopted in a poll of local business concerns by the Chamber of Commerce.

All retail stores and business establishments will be closed, with the exception of a few cafes and service stations.

Haskell schools and public offices will also observe the holiday along with the post office and other government agencies. All offices in the city hall and the courthouse will be closed with the exception of the sheriff's office, highway patrol, and the police department, with these agencies observing regular schedule.

No deliveries of mail will be made on rural routes or city carrier routes, neither will the post office windows be open on Thanksgiving Day. However, all outgoing mail will be dispatched on regular schedule.

Thanksgiving will bring a double holiday for students and teachers in Haskell Schools, which will be closed both Thursday and Friday, November 24th and 25th.

Rocheater Man Participates In Operation Seward
Vietnamese farmers in the vicinity of Tuy Hoa, Viet Nam, are harvesting their rice in peace this year.

For this they can thank Private First Class Horace W. Hatfield, 23, son of Mr. and Mrs. C. W. Hatfield, of Rocheater, Texas, and the other members of the 10th Aviation Battalion who participated in "Operation Seward."

"Seward," which lasted nearly the entire month of October, was an operation with a dual mission: to insure the Vietnamese protection as they reaped their crops, and to deny the rice to the Viet Cong.

Over 12,000 "sorties" were flown by the battalion's pilots as they pushed the VC further away from the farmers who harvested 25,000 tons of rice, which they will keep this year.

Pvt. Hatfield, a member of the battalion's 394th Transportation Detachment, entered the Army in January 1966 and arrived overseas in July. He completed basic training at Fort Polk, La.

The 1962 Rocheater High School graduate was a horse trainer with the 6666 Ranch in Guthrie before entering the Army.

Indians Fight to 12-12 Deadlock
With The Colorado City Wolves

The Haskell Indians and the Colorado City Wolves battled to a 12-12 deadlock at Wolf stadium, Friday night, to close out the season for both teams.

The Indians finished the season with four losses and one tie in District 5-AA competition. Friday night's scoring began when the Wolves' Donny Higginbotham plunged over from the two, set-up by a 43-yard run by HB Dan Steakley. Extra point failed. Haskell took the ball with 1:19 left in the half. Tim Everett and Lanny Ivy moved the Indians down to the 34 where Ivy and Keith Chapman connected for the first Indian tally, which came with 2 seconds left of the half. Ray Herren's extra point attempt failed and the half ended 6-6.

Midway in the third quarter Steakley made another long run but was caught from behind by Everett at the 17. Two plays later, Steakley went over from the four. The extra point try was blocked by guard Derrell Davis.

Haskell, aided by two 15-yd. penalties, moved 70 yards in 9 plays with Ivy going over from the one for the deadlocking touchdown. The try for extra point fizzled.

The Indians had one more chance to score when they went to the Colorado City 30. A field goal attempt fell short, thus the Indians had to settle for a tie. The coaching staff expressed thanks for the support and spirit by the Haskell fans this year and hope there will be as much enthusiasm and interest next year.

14 Rural Accidents In Haskell
County During Month of October

The Texas Highway Patrol investigated 14 accidents on rural highways in Haskell County during the month of October, according to Sergeant Frank Jirek, highway patrol supervisor of this area.

These crashes resulted in one death, 10 persons injured, and an estimated property damage of \$8,600.00.

The rural accident summary for this county during the first 10 months of 1966, shows a total of 71 accidents resulting in one person killed, 43 persons injured and an estimated property damage of \$37,517.00.

Get the jump on the winter months by having your vehicle safety inspected by an authorized garage to assure its safe mechanical performance. Then have your car "winterized" by checking the following items: anti-freeze in radiator, battery, an engine tune-up, brakes, exhaust system, tires, windshield wipers, lights, turn signals, horns and defrosters. For an extra measure be sure to have ice scrapers, snow tires or tire chains.

The Sergeant stated, "Today's inspection is tomorrow's protection."

Mayor Woodard Proclaims Nov.
25th As Virginia Westbrook Day

H. V. Woodard, Mayor of the City of Haskell, by the authority vested in him has proclaimed, Friday, November 25th, as "Virginia Westbrook Day in Haskell."

The week of November 21st through the 26th has been designated "Cotton Week" in Haskell County and Miss Westbrook, of Rule, daughter of Mr. and Mrs. W. L. Pinkard, was recently crowned "Miss Cotton" of Texas.

"We recognize that cotton is the economic life-blood of our business and our community, and we should offer any assistance we can give our farmer friends, for what helps the farmer helps the entire community," Mayor Woodard said.

Mayor Woodard urges all Haskell Countians to join in the special salute to Miss Westbrook and to the Cotton Industry.

Haskell Gun
Club Turkey
Shoot, Sunday

The Haskell Gun Club will hold a Turkey Shoot at the local trap ranges, Sunday, November 20, at 2:00 p. m., Wallace Wooten, president, announced.

All sportsmen in this area are invited to attend and bring their families for participation in such events as quail walks, buddy shooting, turkey trot and other games.

Wooten said that frozen turkey hens, just right for that Thanksgiving dinner, will be awarded as prizes and a lot of game hunters in this area are expected to be present for the shoot.

Kay Roberts
Returned Home

Mrs. V. R. (Kay) Roberts, who underwent surgery last week at Hendrick Memorial Hospital, Abilene, to remove a blood clot on the brain, was returned to her home in Haskell Monday night.

The Roberts were not covered by insurance and large medical and hospital bills have mounted since Mrs. Roberts' injury in an automobile accident on October 20th.

A "Kay Roberts" fund has been set-up, and those persons who would like to assist this family in time of need may deposit their gift at the Bank or mail it to the Haskell National Bank, marked "Kay Roberts Fund" or to V. R. Roberts, 1407 North Ave. L, Haskell.

Joe Singer
Lions Speaker
Tuesday Noon

"Be considerate of your physician," Joe Singer, drug salesman, told members of the Lions Club at the Tuesday noon-day luncheon meeting at Felker's Restaurant dining room. Dr. Frank Cadenhead was in charge of the program and introduced the guest speaker.

"Your physician is a human being just like yourself. He has his problems as we all do...in fact, he may have more, since he sees many patients each day, and their problems are the doctor's problems," Singer said.

Most of the guest speaker's talk was on the lighter side, centering around humorous happenings in the medical association.

Rev. Troy Culpepper, pastor of the First Baptist Church, gave the invocation and Wallace Cox Jr. led the singing, with Lucy Kennedy at the piano.

Visitors present were Howard Sloan, County Service Officer, and Rev. Charles Scott, pastor of the Methodist Church at Weinert.

Haskell Is
Represented At

Impressive Veterans Day Service
Held Here Friday, November 11th

"Forty-eight years ago today, at 11 o'clock the guns ceased firing on the Western front and World War I was over. The men in the trenches were stunned by silence, and people in this country went wild with joy. Since that memorable occasion, we have been engaged in three other conflicts on far-flung battle fronts and millions of men and billions of dollars have been expended," Dennis Pace Ratliff, Lieut. Colonel, Texas State Guard, told the large crowd which gathered on the courthouse square, Friday, Nov. 11, at 2:00 p. m. for the Memorial Day service, honoring Veterans of all wars.

Rogers-Cox American Legion Post 221, Haskell, with Jim Sampson, Commander, in charge, sponsored the special Veterans' Day Service.

Following the presentation of arms, raising of the flag, T. J. Finley, minister of the Church of Christ, opened the program with prayer.

All business houses closed from 2:00 to 3:00 p. m. during the Veterans' Day Service.

"Living in Texas today are men who have fought in five wars... The Spanish-American War, World War I, World War II, the Korean Conflict, and now Viet Nam," the speaker said.

"It is significant that every nation in every age has had its memorial days, when the victories of the past have been celebrated, and the deeds of heroes recounted and reverent appreciation shown for those who have served it on the battlefields. Therefore it is fitting and proper that we in America once more stop in our mad rush of life to pay tribute to those of our nation who have so nobly and heroically fought its battles," Lieut. Colonel Ratliff said.

"A busy and thoughtless nation barely pauses to honor their memory one day a year. As for our veterans whom we honor today... just remember but for the services and sacrifices, we would not be here in this place now.

"On this occasion, then, let us consecrate and re-dedicate ourselves to the task of the preservation of our free institutions, some of which are generally slipping away from us, in order that those who have died on the fields of battle to preserve them, and those who have since passed on, shall not have died in vain, and those still living, have not fought in vain," the speaker said.

Echo taps by Ken Barnett and Randy Wiseman closed the very touching and impressive service.

T. A. Rhoads
Injured In
Car Accident

T. A. Rhoads, 75, of Haskell, was hospitalized last Thursday at Hendrick Memorial Hospital, Abilene, following a two-car accident just outside the city limits of Anson.

Mr. Rhoads and his wife, of 500 North Avenue E, were passengers in an auto driven by Mrs. Hamp Harris, also of Haskell. The Harris car skidded into a trailer drawn by a vehicle driven by Harold Dozier of Rt. 1, Morgan, according to investigating officer, Patrolman Oscar Armstrong.

Rhoads received a head and neck injury and was the only person in the mishap. Since his entry in the Abilene hospital he suffered a heart attack, Thurman Rhoads said.

60 YEARS AGO
(November 17, 1906)

On Saturday afternoon, November 10th, the Haskell Magazine Club met at the hospitable home of Mrs. Henry Alexander to celebrate its fifth anniversary. The program for the afternoon was well rendered, after which Miss Houston favored the group with several musical selections from the old masters in her charming manner. We were then invited into the dining room where refreshments were served, consisting of a salad course and olives. Amidst sparkling wit and repartee we were ushered into the hall where a delicious punch was served. The rest of the afternoon was spent in social intercourse and the guests departed feeling that they were very much indebted to their hostess for a most delightful afternoon.

In a visit to the two Haskell girls and a walk around the square Thursday afternoon, the reporter noted the following farmers in town with cotton from various parts of the county: J. P. Ashley, W. H. Murchison, J. M. Farrar, F. A. Alderholt, J. C. Lawellen, T.

Wars And Rumors of Wars

Let's see—there is war in Viet Nam, a War on Poverty at home, war between the sexes, war on ignorance and war on half a dozen other calamities you could name. Then there is the war on a germ so tiny that 18,000 of its kind wouldn't be crowded on a pinhead—the tuberculosis bacillus. Indeed, on most given Tuesdays and Thursdays of the year, the Staffroom at McKnight State TB Hospital resembles a Command Post easily, where strategy is planned and evaluated by the doctors for battles fought in people's lungs.

Since the early 1950s the nature of TB treatment has changed because of the effective use of three principal drugs: Streptomycin, Para-aminosalicylic acid (PAS) and Isoniazid (INH). Streptomycin was discovered in 1944, PAS in 1948, INH in 1952. Only in combinations with each other are these anti-tuberculosis drugs making a radical change in the course of the illness. No longer must we think in terms of bed-ridden years for the healing process, but rather months with controlled activity, are more the order of the usual. However, for the bread-winner of the family or the mother who must leave husband and children for several months, the diagnosis of TB still spells disaster. Much help becomes an immediate need. In the case of a father—how will the living be earned; in the case of a mother—how will the children be cared for. The local TB Association concerns itself with these needs. The local TB Association also supports the research and development of drugs with which to fight the hideous little germ.

Perhaps most important of all, the Tuberculosis Association provides the funds for public X-Rays and skin tests for the seeking out and bringing to light this common enemy. Early detection of the disease makes for shorter periods of illness and recovery as well as reduces the spread of the germ to others. Hopefully soon, research will find the way by which we may be inoculated against TB as we now are against Smallpox or Diphtheria. Meantime, the war is declared on the Tuberculosis germ. To use President Johnson's quote in Viet Nam: "The war is not over, but the tide has turned in our favor!" So, join the battle by supporting this year's Christmas Seal campaign sponsored by our local TB Association.

Thank you, Lee Barnett.

Junior Garden Club Organized November 11th

Mrs. Emmet Wyche, president of the Haskell Garden Club, assisted by Mrs. C. B. Rhea and Mrs. B. F. Cobb, organized a Junior Garden Club in the home of Mrs. Wyche, on Friday, Nov. 11th.

Lee Ann Toliver was elected president; Anna Lou Allen, secretary and Cathy Larned, treasurer. Becky Solomon, Yolanda Villarreal and Ermogean Thomas, were elected as a telephone committee.

Following the business meeting and refreshments the group toured Mrs. C. B. Rhea's yard and greenhouse. Each member was given a piece of Joseph's coat to root in water.

After the tour the girls returned to Mrs. Wyche's home and viewed her garden. Each young lady received a bouquet of chrysanthemums from Mrs. Wyche.

There were 17 girls present

for the organizational meeting including Lee Ann Toliver, Anna Lou Allen, Denise Perry, Cathy Larned, Ruby Lee Bartley, Kathie Bartley, Sonja Gaskins, Reta Faye Brooks, Becky Solomon, Betty Powell, Yolanda Villarreal, Bobbie Carter, Janie Henderson, Dawn Bird, Ermogean Thomas and Sherri Nell Whitaker.

Anna Lou Allen, Dawn Bird and Reta Faye Brooks were hostesses for the occasion.

Pitman-Bogard Nuptials To Be Read December 31

Mr. and Mrs. W. H. Pitman announce the engagement and approaching marriage of their daughter, Jennabeth, to Loran Carroll Bogard, son of Mr. and Mrs. Olan F. Bogard of Rule.

Miss Pitman, a graduate of Haskell High School, attended McMurry during the past summer, and is now attending Midwestern University of Wichita Falls.

Bogard, a graduate of Rule High School, attended Midwestern last year. He is employed by Western Electric of Lubbock.

The couple will exchange vows on December 31st in the First Methodist Church, Haskell.

Homemakers To Have Float In Christmas Parade

The Haskell Chapter Young Homemakers held their regular meeting Thursday night, Nov. 10, with Mrs. Raymond Bennett, president, presiding.

The inspirational was given by Mrs. Jimmy Hannsz. Five guests introduced were Louise Thornhill, Carolyn Madeley, Mary Alice Anderson, Carol Weatherly and Ann Therwhanger.

During the business meeting it was announced there will be an Area IV workshop on Parliamentary Procedure on Saturday, Dec. 10th, at Hardin-Simmons in Abilene. All club members should make plans to attend. The club voted to have a float in the Christmas parade again this year. Members will meet Thursday night, Dec. 1st, for a chill supper and to work on the Christmas float.

The club voted to give some money to the Kay Roberts family in their time of need. Margaret Bertrand's mother, Mrs. Cooper, of Stamford, introduced Mrs. Jean McClelland of Abilene, who demonstrated a handcraft using Tri-Mark Paints. Mrs. McClelland's daughter, a friend, Mrs. Westbrook, assisted her with the demonstration. Mrs. McDonald showed the club many lovely things she has painted. Everyone enjoyed the program very much. Refreshments were served by Mrs. David Frierson and Mrs. Waymond McBroom.

Marjorie Earles To Represent WTS In "Who's Who"

Marjorie Earles of Haskell has been selected to represent West Texas State University in the 1966-67 edition of "Who's Who Among Students in American Universities and Colleges."

The student honors committee, headed by Miss Elizabeth Davidson, assistant professor of history, made final selections from nominees submitted by all departments, schools of instruction and campus organizations.

Basis of selection was scholarship, campus leadership, and participation in campus activities. The committee named 13 juniors and 22 seniors for the honor.

Miss Earles, daughter of Mr. and Mrs. Jodie Earles, Route 2, is a junior physical education major. She is president of the P. E. Majors Club, treasurer of Delta Psi Kappa, national women's physical education fraternity, and a member of Beta Beta Beta, international honorary biological society.

Over \$11,200 Samples Classed

The Munday Cotton Classing Office of the U. S. Department of Agriculture, classed over 11,200 samples during the week ending Nov. 11, according to A. D. Peebles, in charge of the office.

Three tables were in operation this week and another classer is expected to be added next week. This will bring the office to peak capacity.

Consumer and Marketing Service statistics for the week show about 10 per cent of the cotton in the White grades; over 80 per cent in the Light Spotted grades and about 7 per cent in the Spotted grades. Leading grades were Middling Light Spotted, 48 per cent, and

Strict Low Middling Light Spotted, 35 per cent.

Peebles said staple lengths for the same period showed approximately the following ranges: 7/8 inch and shorter, 1 per cent, 29/32, 34 per cent, 15/16, 54 per cent, 31/32, 4 per cent and 1 inch and longer, 7 per cent.

Micronaire readings for the week indicated about two-thirds of the cotton was in the 3.5 to

4.9 range, about one-fourth in the 5 to 5.2 range, and less than one-tenth, 5.3 and above.

Sales of cotton continue quite limited. Cotton Division summaries show prices mostly ranging from 30 to 60 points above loan value.

Average selling prices during the week for Mid Lt Sp, 15/16, was 18.75 cents per lb. and S Lm Lt Sp, 15/16, was 17.80 cents per lb.

New Hearing Date Set On Haskell Savings

A new hearing date has been set on the application of Abilene Savings and Loan Association for a branch office in Haskell.

The hearing will be on November 29th. Savings and Loan Commissioner James O. Gerst, said.

Originally the hearing was to be on November 9th, but one of the attorneys had a conflict and the Commissioner changed the date.

Rolling Plains Farmers Are Urged To Appeal 1967 Projected Yields

All farmers in the Rolling Plains are urged to appeal their 1967 projected yields for cotton within the next few days at their local ASCS office. The appeal is to be based on the fact that skip-row farmers in the Rolling Plains have taken an unfair cut in projected cotton yields because of a retroactive ruling by the USDA that has the effect of remeasuring and penalizing cotton planted in 1962-65.

Charles Stenholm, executive vice president of the Rolling Plains Cotton Growers reminds farmers that this is not a proven yield appeal. The appeal being advocated is based on the fact that farmers in the Rolling Plains have not received the same projection in yields that farmers in other areas have received, due to the skip-row factor. The appeals are asking for the same treatment for the other areas as receiving.

The basis for an appeal is the fact that we planted cotton in a no-penalty pattern during 1962-65 (2-1 cotton was not penalized) we are planting cotton in a no-penalty pattern today (2-4 cotton is not penalized), therefore we are most certainly not due any penalties when figuring projected yields for 1967. Also our cultural practices are

improving and with them our yields are going up, not down. Every farmer should write his own appeal to make it more effective. Forms are available in the County ASCS office but if you have to, copy the form on a clean sheet of paper in your own hand writing. The more personal the appeal, the more effective it will be.

If the appeals are successful, the Rolling Plains will receive up to 4 million dollars, additional payments for 1967. Payments which are rightfully ours," said Stenholm. If a farmer does not appeal, he will not receive any increase that might be forthcoming.

Cotton Producers To Vote

Producers of upland cotton will vote Dec. 5-9 to determine whether a research and promotion order should be issued for upland cotton, the U. S. Department of Agriculture announced today.

Officials of USDA's Consumer and Marketing Service said the referendum will be conducted by mail ballot through county ASCS offices in conjunction with the upland cotton marketing quota referendum, but in a separate ballot.

Approval by two-thirds of the producers voting, or by a majority of producers voting if that majority accounts for two-thirds of the cotton represented in the referendum, is necessary for the order to become effective.

Today's announcement followed USDA's final decisions of the provisions to be included in the proposed order and on the regulations to be used for the referendum.

The proposed cotton research and promotion program would be administered by a Cotton Board composed of members nominated by cotton producing organizations and selected by the Secretary of Agriculture.

The program would be financed through assessments of \$1.00 per bale from upland cotton producers, to be collected by cotton handlers designated by the Cotton Board. Collections from any producer who did not wish to contribute would be refunded upon written application. Assessment would start at the beginning of the ginning season for the 1967 crop.

CMS officials said producers are eligible to vote in the referendum if they were "engaged in the production" of the 1966 upland cotton crop during calendar year 1966. The term "engaged in the production" is defined to include planting an upland cotton crop even though

the crop is not harvested if the failure to harvest is not caused by the neglect of the farmer.

Those sharing in an upland cotton crop or proceeds from it, on a farm as an owner, cash tenant, sharecropper, share tenant, or landlord of a share tenant (except for a landlord of a standing rent, cash rent, or fixed rent tenant), shall also be considered engaged in the production of that crop.

In addition, owners or operators of a farm for which an acreage allotment for an upland cotton crop was established according to the Agricultural Adjustment Act of 1938, as amended, but on which that crop was not produced, shall generally be considered engaged in the production of that crop, if produced, which would have been harvested.

This definition of production is also marketing quota regulation. Each producer only one "yes" in the referendum. A summary of cotton research order to be voted sent to each eligible long with his ballot copies of the order available at county

Homecoming From Far And Near

At the afternoon ball game, Virginia Westbrook, daughter of Mr. and Mrs. W. L. Pinkard, and the reigning Miss Cotton of Texas, was presented.

Homecoming Queen candidates were escorted by their fathers. Nelda Burson, daughter of Mr. and Mrs. D. Burson and a senior, was crowned homecoming queen. Her attendants were Liz Underwood from the senior class, Jennye Ruth Lisle from the junior class, Debbie Wilson from the sophomore class and Delle Davis from the freshman class.

The high school girls chorus, directed by Mrs. Don Davis, and accompanied by Mrs. Novis Ousley, gave a program of memories to a packed auditorium at 7:30.

After the evening program, class reunions were held in homes in the town.

350 ate at noon, but people kept coming, even as late as the night program.

The new homecoming officers are: Ed Fouts, president; Cecil Lewis, vice president; and Mrs. Scott White, secretary.

New Regulations Governing Mailings To Members of Armed Services Abroad

Postmaster Tommy Davis of Haskell today announced that henceforth all first class mail, personal sound recordings (voice letters), and parcels weighing 5 pounds or less and measuring not more than 60 inches in length and girth combined, will be airlifted on a space available basis between the United States and all military post offices overseas.

Also, under Public Law 89-725, the Dulski Military Mail Act, which was signed by President Johnson on November 2, 1966, second class publications such as newspapers and magazines published weekly or more often, and featuring current news of interest to the military, will be airlifted from San Francisco to the armed forces serving in Viet Nam.

Fire Destroys O'Brien Garage

A garage at the farm home of Mr. and Mrs. Brothers, about seven miles west of O'Brien, burned late Saturday night.

Fire departments from O'Brien and Knox City were called but the frame and sheet iron garage was a total loss.

The garage was not attached to the house and was empty at the time of the fire.

Paint Creek Peppers O'Brien

Would you believe that Paint Creek beat O'Brien by 101-46 at O'Brien last Thursday night, and it wasn't a basketball game but a six-man football contest?

Fullback Larry Walton scored 34 points to pace the winners, who jumped out to a 21-0 lead after the first quarter and enjoyed a 42-advantage at intermission.

En route to the near unbelievable 101-point scoring spree, Paint Creek tallied 48 points in the final half.

Top scorers for O'Brien were Lynn Duncan and Mike Hewitt with 12 each.

'67 Fleetside Pickup

THERE ARE LOTS OF OTHERS.

For instance, new durability: New sheet metal construction discourages rust. Eliminates exposed joints on cargo box and tailgate. Provides self-washing wheelhousings with special splash shields. Inner cab is specially treated against rust.

Also, added comfort, safety and convenience: Improved visibility all around. Dual master cylinder brake system. Telescoping lower steering shaft. Energy-absorbing instrument panel. Interior color-keyed to go with exterior paint. One-hand tailgate latch.

And extra strength: Full-depth double-wall side panels (Fleetside models). Double-wall steel in cab roof and other important areas.

Plus famous Chevrolet truck features: Independent Front Suspension that gives a smooth ride—like a car. The most popular truck 6's and V8's. (And there are lots more, as your Chevrolet dealer will show you.)

Proposed Junior College Plans Are Outlined At Stamford Monday Night

Steps to establish a junior college in this area were outlined at Stamford Monday evening to about 50 persons attending from surrounding counties.

Mrs. Luther Burkett, of Haskell, presided over the very enthusiastic session.

Dr. David Norton, junior college examiner of the Coordinating Board of the Texas College and University system, told the group that the requirements for setting up a junior college in an area are \$12.5 million in valuation and 7,000 scholastic units.

"In West Texas, you have enough money," he said, "but not enough children." He said each county could qualify in scholastic units. Therefore, it would take all five counties for the necessary requirements in this area.

Norton said the first step would be to appoint a steering committee and from that group present a survey of the area, telling of the needs for a junior college. The next step would be to present a petition to the State Coordinating Board signed by 10 per cent of the qualified taxpayers who are registered voters.

Following the petition, the coordinating board would study the request and then hold public meetings, he said. If the junior college committee of the board saw a need for a junior college, it would recommend that one be established. Then an election would be called in the counties involved to set up a junior college district.

Norton noted that a junior college district is worthless unless the voters decide on a tax to support it.

The junior college would be controlled by the district boards elected by the voters of the districts.

Charlie Lapham Fatally Stricken On Fishing Trip

Charlie Leroy Lapham, 63, of Rule, was dead on arrival at Kleburg County Hospital in Kingsville at 11:30 a. m. Saturday.

He was on a vacation trip and had been fishing in the intra-coastal canal Friday night and suffered a heart attack on Saturday morning.

He was a field superintendent for the Katz Oil Co. Funeral was held at 5 p. m. Sunday at the Piper Funeral Home Chapel in Kingsville, with burial at 10:30 a. m. Tuesday at Hull-Daisetta.

Survivors include the wife, Mrs. Iris Lapham of Rule; one daughter, Mrs. Wayne Dadd of Kansas City, Mo.; two grandchildren; one sister, Mrs. Flossie Monroe of Covina, Calif.; four brothers, Sherman of San Antonio, Jim of Livingston, Texas, Virgil of Denham Springs, La., and Leroy of Hutchinson, Kans.

The Good Earth

By Mrs. B. F. Cobb

Just before frost came my husband and I visited the Sam Scotts. As usual Mrs. Scott (Octavia) and I made a bee-line to the garden. There is always something interesting in the Scott garden... this time chrysanthemums stole the show... Banks and banks of mums were scattered throughout the yard.

I counted 27 varieties and I am sure I missed a few, because of close similarity of many of the blossoms. Purple berries of the Spanish mulberry blended well with the mums. Mrs. Scott moved one cluster of cushion mums early this spring. The new home for this plant had been fertilized with commercial potash. When the plant was moved the blossoms changed from pale orchid to an almost purple hue. The blossoms were larger also. It leaves one wondering if potash can have that much influence on color, or if transferring to

new soil made the difference. While we were looking at the flowers the men were busy digging potatoes and picking bull nose and banana pepper. The long, yellow and scarlet pods of banana pepper are very attractive among flowers. Mr. Scott scattered sulphur beads over his entire garden this spring. Their foliage has been bright and healthy all year. If you want to see lots of color, just plant mums. Mrs. Scott's flowers almost defy description. There are bronze, yellow, red, white, orchid, pink, purple and blends. I wish the Haskell Garden Club would plant cushion mums next fall. These plants produce more blooms per bush than any other flower I know. So thick are the blossoms one can hardly see any foliage at all. If you (like myself) have neglected to set out bulbs, it still isn't too late to do so. There are still bulbs on the market. Ever-greens... balled and in gallon cans have already made their way into nurseries and seed houses. These can be set out any time now. We will have to wait until about the middle of December or early January before bare root plants make their way to the nursery. Be sure to water every two weeks during dry winter months.

News from Weinert

By Mrs. O. W. Vaughn (Substituting for Mrs. Mildred Guess)

Bringing In Topsoil May Add Problems

Know the source soil to be used for making a flower bed, establishing a lawn or filling low spots in the yard, advises County Agent R. W. Schumann. Soil from an unknown source may be low in price but it can be expensive in the long run, he adds.

Many homeowners have

found that bringing in topsoil adds to their gardening problems because unwanted weeds, insects and diseases have been included. Rich looking river bottom soils are frequently infested with nutgrass and other hard-to-kill weeds as well as being a source of nematode infection. These pests, points out the county agent, may completely destroy lawns, flower beds and other garden plants. The homeowner is then forced to spend extra money for chemicals to control the pests and re-establish the top soil can save big dividends in

His department in Las Vegas is described as having "a budget of nearly a million and a half dollars to build and improve parks, carry out recreation plans and operate the cemetery." One of the most important aspects of the recreation program, the article states, is "the cooperative partnership between the city and the school system whereby facilities are jointly developed and used on a 12-months basis."

A 1953 graduate of Haskell High School, Don received his bachelor's degree from Texas Tech, with a major in Park Management. Since then he has done extensive graduate study in Greeley, Colo., working toward a master's degree in Recreation.

"As more and more people are crowded into urban areas," Payne said, "both young and old people need new opportunities for construction of activities. The less chance a kid has to find an outlet in wholesome self-expression, the more chance he will turn to destructive, anti-social behavior."

When you love your work, it shows

And we love our work. So much that we couldn't bear to stop with the slickest-looking split grille ever to grace a Wide-Track. (Or any other car, for that matter.)

We went ahead and made the windshield wipers disappear. The car not only looks cleaner, but the wipers are less subject to icing and freezing, too.

Then we got rid of the vent windows on all Grand Prix hard-tops. We replaced them with nifty monograms and a flow-through ventilation system.

We even designed a rather unique hood-mounted tachometer

option that's available on all Pontiacs. As are our other options like stereo tape and stereo radio.

And, of course, our handsome interiors have to be believed.

All Pontiacs have standard safety features that include master cylinder brake system with warning light, outside view mirror, and GM's energy absorbing steering column.

Isn't it time you decided to see your Pontiac dealer? Our work the way we do, it's the least you can do.

Cotton Burs Valuable To The Soil
Local Conservationist Points Out

Take advantage of the plant
foods contained in cotton burs,
urges J. C. Yeary, local
conservationist of the USDA Soil
Conservation Service at Has-
kell. With ginning season get-
ting underway, cotton burs are
again available.

Each ton of cotton burs puts
approximately 35 pounds of nitro-
gen, 10 pounds of phosphate,
and 35 pounds of potash back
into the soil. Each ton of burs
should have about 10 pounds of
nitrogen fertilizer added as a
top dressing to speed up the
decomposition process. Minimum
applications of three tons per
acre are recommended. The
average application usually
runs about 5 tons per acre.

Burs will be selling from
\$1.75 to \$2.00 per ton this year,
stated Yeary. Total cost of 5
tons of burs and 50 pounds of
nitrogen will average approxi-
mately \$15.00 per ton. The
plant foods returned to the soil
through 5 tons of burs is worth
about \$36.00. This is a net profit
of \$21.00 per acre.

GRADUATES FROM U. S.
AIR FORCE SCHOOL

Capt. James L. Nelson, son
of Mr. and Mrs. James G. Nel-
son of 918 Ninth St., Lake
Charles, La., has been graduat-
ed from the U. S. Air Force
School of Aerospace Medicine
primary course at Brooks AFB,
Texas.

Captain Nelson completed 8
weeks of specialized study in
the aerospace medicine. He is as-
signed to England AFB, La.,
as a member of the Tactical
Air Command which provides
combat reconnaissance, aerial
firepower and assault airlift for
U. S. Army forces.

The doctor, a 1957 graduate
of Lake Charles High School,
received his B. A. degree in
chemistry in 1961 from Baylor
University, Waco, Texas, and
his M. D. degree in 1965 from
the University's College of Med-
icine at Houston.

His wife, Glenda, is the
daughter of Mr. and Mrs. Rob-
ert G. Walton, of Route 2, Has-
kell, Texas.

Matador Mashes
Rochester 14-6

The Matadors upended the
Rochester Steers 14-6 at Mata-
dor Friday and denied their vis-
itors their fifth 6-B victory.

Rochester started the scoring
when QB John Hudspeth hit
Phil Gauntt with a 26-yard
scoring pass in the opening
quarter. But it was all the
Steers could manage.

Matador Larry Bostick spun
a 20-yard scoring throw to
Dick Moss in the second
quarter to tie things up.

Then in the third came a five
yard payoff aerial to Max
Barton from Larry Bynum and
the knot was untied. Halfback
Luis Moore iced the total with
a two-point conversion run.

Rochester 6 0 0 0—6
Matador 0 6 8 0—14

Weinert Whips
Central Catholic

Weinert defeated Central
Catholic, Abilene, 44-14, at
Weinert Friday night.

Scoring for Weinert was Joe
Stuller with four touchdowns and
Danny Stewart with two touch-
downs and four conversions.

Phil Haughton and Jack Le-
wright scored for Central Cath-
olic and Mike Gonzales con-
verted.
