NUMBER 24

Editor's Viewpoint

Raymond Greenwood

Well, I finally made it back to my old post again, and as you can see from the above photo, things were really rough down there. From the reports I received, people around here were saying, "Thank God and Greyhound he's gone!" and people in Mineral Wells were saying, "Here Comes Trouble!" Things were going so well here at the office that I had to get the staff to let me back in. It seems that they might have discovered the weak link in our operation, but were willing to give me one more try.

My wife and I had the opportunity to attend the Fireman's dinner Thursday night in the Town Hall. These men (and their wives) perform one of the most important jobs in all of Burk Burnett. I have the highest respect for each of them. It doesn't matter to these men what they are doing when the fire siren sounds; nor does it matter what time of the day or night it is. When they hear the alarm they start immediately for the fire.

Speaking of firemen, what is all this about a Volt Wagon? Also, who is it they are talking about when they say, "Oh, he's H.B.'s father?" Maybe in a few weeks I'll be more up on what's going on in Burk Burnett and can relate some of it to you.

As I sat in the coffee shop one day last week, I overheard two local men discussing today's youth. "When kids dance nowadays," said one of the men, "they don't talk, they don't touch one another, they don't even LOOK at one another. It's like being married for 30 years!"

Barbara McCasland, a girl scout leader, came by the office Friday with a box of Girl Scout Cookies, and reminded us that the girls will be selling these delicious goodies March 6-20. Buy a box; you are not only supporting one of the best organizations around -- you're getting a good buy, too.

In the caption under the picture of the local barbershoppers, the Boomtown Quartet, last week, we were attempting to identify the men, not to describe them. It seems that Ed Bankhead's name came out Ed Bankhead. Ed's good friend (or possibly ex-friend now), Joe Gillespie, remarked that a number of people, knowing Ed, might just take it for the truth. Anyway, Ed Bankhead looks the part of the old-time barber-shopper with his moustache and all -- and he sounds like it as well.

SFC John W. Warner Speaker For Burk Burnett Lions Club And American Legion Post 264

SFC John W. Warner, Jr., a representative of the Department of the Army Speakers Program, will be the featured speaker this coming week for two Burk Burnett organizations.

Warner will first speak to the Lions Club at 7:00 Tuesday evening. Later in the week, he will address the Burk Burnett American Legion Post 264 at 8:00 p.m. Wednesday.

SFC Warner is now a member of the Army National Speakers Program, a program which has provided Army speakers on request for public platforms for several years. The program provides audiences with an opportunity to hear the first-hand experiences and observations of a recent Vietnam returnee so that the solid achievements of American soldiers stationed there can be understood.

Since he has served in Vietnam for two years, SFC Warner has a wealth of experiences to relate. His first assignment was as an operations advisor to Lam Aon National Training Center with Advisor Team 40, Military Assistance Command Vietnam.

After this first service in Vietnam, Sergeant Warner returned to the United States, where he was assigned to Louisiana State University, Baton Rouge, Louisiana.

In August 1969, SFC Warner began his second tour in Vietnam and served as platoon sergeant, first sergeant and platoon leader with Company A, 1st Battalion, 8th Infantry. He returned to the U.S. in August of 1970 after participating in the Cambodian operation.

Born in Walnut Ridge, Arkansas, SFC Warner attended Trumann High School in Trumann, Ark., and joined the Army in December, 1956. After Basic Training, he completed Airborne School and was assigned to the 82nd Airborne Division. He was later assigned to the 4th Armored Division in Germany for 3 years. Prior to his first assignment in Vietnam, Sergeant Warner was with the Reserve Officers Training Corps at Central Catholic High School in San Antonio.

SFC Warner is the son of Mr. and Mrs. John Warner, Sr., of Williford, Ark. He is married and has one son, Joseph Paul, 10 years old.

Burk FFA Chapter Holds Slave Sale

The Burk Burnett chapter of Future Farmers of America will hold its first FFA Slave Sale Friday. The slave sale will include 70 FFA members and their chapter sweetheart.

The group will hold a free chili supper at 6:00 p.m. in the FFA Building. Following the supper, the slave sale will begin at 7:30.

The services of the 70 slaves and their sweetheart will be auctioned off to the highest bidders as a means to raise funds for the chapter to finance some of their activities.

James Easter, agriculture teacher, stated that the slaves' prices would not exceed \$20.00 per slave for an 8-hour day, and that the slaves are guaranteed to appear for performance of the work required by contributors.

Sergeant Warner's decorations and service medals include: the Bronze Star with "V" Device (1st Oak Leaf Cluster); Air Medal; Army Commendation Medal with two Oak Leaf Clusters; Good Conduct Medal with three Loops; National Defense Service Medal; Vietnam Service Medal with three Service Stars; Vietnam Cross of Gallantry with Palm; Vietnam Medal of Honor, Second Class; Vietnam Civic Action Medal; and Republic of Vietnam Campaign Medal.

Peggy A. Barad Named Betty Crocker Homemaker

Peggy A. Barad has been named 1971 Betty Crocker Homemaker of Tomorrow for Burk Burnett high school. She was chosen on the basis of her score in a Dec. 1 written knowledge and attitude examination for which 650,000 senior girls throughout the country were enrolled. From General Mills, sponsor of the annual education program, she will receive a specially designed award.

Additionally, her selection makes her eligible for state and national honors, including one of 102 college scholarships totaling \$110,000.

The 1971 Betty Crocker All-American Homemaker of Tomorrow -- the national winner -- will be awarded a \$5,000 educational grant. She will be selected this spring from 51 senior girls representing each state and the District of Columbia during an expense-paid educational tour by the State Homemakers of Tomorrow -- each accompanied by a school advisor -- of Washington, D.C., and Colonial Williamsburg, Va.

Burk School Board Holds Meeting Monday

The Burk Burnett School Board met in a special called meeting Monday night to approve the hiring of five principals for the Burk Burnett schools system.

Also approved were two-year contracts for Cl Dixon, junior high school principal, and Walter Koller, as assistant principal for the high school.

Additional approval was granted to one-year contracts for Bill Weathered at Southside Elementary; A. E. Brown, Sheppard-Burk Elementary School; and Morris Simonson, Hardin Elementary.

One-year contracts were also approved for Arbury Ritter as director and Mike McDonald as coordinator of the National Youth Corps office in Burk Burnett.

In other action, the board approved supplemental salary aid for teachers. This measure provides an additional \$100.00 per year for teachers with a bachelor degree and between one and five years' experience, and \$150.00 per year to teachers who hold a masters degree and have one to five years' teaching experience.

Burk Police Report Shows Active Week

The Burk Burnett Police reported a burglary attempt at B & H Garage. The burglar broke in a window in the rear of the building.

Also reported was a theft at the Enco Service Station. An air hose was stolen.

A tool box, valued at \$500.00, was reported to have been taken from 509 Meadow Drive, the residence of A. D. McHarris.

Burkburnett Girls Take Ideal Miss Pageant

Lovely girls from Burk Burnett walked away with almost all of the honors at the 1971 Wichita County Ideal Miss Pageant held Saturday night in the Burk Burnett High School Cafeteria.

Winning the honors as Wichita County Ideal Miss was Connie Dolan, 15-year-old daughter of Mr. and Mrs. Lonnie Dolan.

Winning the Little Ideal Miss contest for girls 7 - 12 was Lollie Hatcher, 10, also of Burk Burnett.

Burkburnett again walked away with top honors as little Michele Nixon won first place in the La Petite division. Tammy Joyce, 13, of Wichita Falls, was chosen Ideal Miss talent winner. With Miss Dolan, she will attend the International Ideal Miss Pageant in Baton Rouge, La., this summer.

Winners in each age group of Ideal Miss contests were Kendi Brown, 13, of Wichita Falls; and Diana Mowell, 14, Judy Ellis, 16, and Connie Mullins, 17, all of Burk Burnett.

In the Little Ideal Miss competition, Carla Coles of Henrietta was first runner-up and Belinda Price of Iowa Park was second runner-up. Joanne Kang of Sheppard AFB was named talent winner in that division.

Following Michele Nixon in the La Petite division were Tracy Henderson of Wichita Falls as first runner-up and Annette White, also of Wichita Falls, as second runner-up.

The Ideal Miss and Little Ideal Miss contestants were each judged in party dresses, sportswear and talent competition. The contestants in the La Petite division were judged only in sportswear

and party dress competition.

The two-night affair had a large attendance both nights and interest was high as the competition proved to be keen.

The pageant was highlighted by the performances of May Mouzon, Texas' Our Little Miss; the reigning Little Miss, Denise Trammell; and Fort Worth's Ideal Miss, Candy Crocker.

Special guests at the pageant included Miss Mouzon and Dudley Layne of Baton Rouge, La., the executive director of the World's Ideal Miss Pageant.

Steve McGraw To Represent Burk DECA Club In March

Steve McGraw, Distributive Education student employed by the Manhattan Department Store, will represent the Burk Burnett Chapter of the Distributive Education Clubs of America at the State Youth Leadership Conference in Fort Worth March 4, 5 and 6 in the public speaking competition. Steve qualified for the State Meeting by placing First in area competition at Mesquite.

Lloyd Bloodworth, coordinator of Distributive Education at Burk Burnett High School, feels that Steve has the ability and desire to win the state competition. If he does so, he will become the second State winner from Burk Burnett in the public speaking contest.

The Texas association of DECA is celebrating its 25th anniversary this year. Next month's State Conference will be the largest ever, with 2,000 Distributive Education students expected to be competing in the various contests at the leadership gathering.

City Council Approves Bid On 2 Pickups

At their Monday night meeting, members of the Burk Burnett City Council approved the second reading of the City Ordinance which provides for a city employee retirement fund.

In other action, the council accepted the lowest bid received, \$4,961.56, for two half-ton pickups. The bid accepted by the council was received from Lax Motor Co.

City tax collector Thomas Colly reported collections made in January of \$28,435.35 in current taxes and \$655.16 in delinquent taxes. Thus, tax collections for the month of January totaled \$29,090.51.

A report was also received by the council that the total collection of fines in Burk Burnett during January was \$455.00, covering 37 violations.

In addition to the awards for school, state and national Homemakers of Tomorrow, second-ranking girls in each state receive \$500 scholarships.

Schools of State Homemakers of Tomorrow are awarded complete sets of Encyclopaedia Britannica by Encyclopaedia Britannica, Inc.

All judging and selection of winners is done by Science Research Associates, Chicago, which also constructed and graded the written examination.

The only national scholarship program exclusively for high school senior girls, the Betty Crocker Search for the American Homemaker of Tomorrow was instituted by General Mills in the 1954-1955 school year to emphasize the importance of homemaking as a career. Since its inception, almost seven and three-quarters million girls have been enrolled, and, with this year's grants, scholarship awards will total more than \$1.75 million.

Guidelines Of Life

By Max Dowling, Pastor
Central Baptist Church

It is probable that there has been more argument over religion than over any other subject in human affairs. Except, perhaps, politics. There are people who "believe" and there are people who do "not believe," and there is usually a large gap between their communication.

But there is one argument that the unbeliever finds trouble in answering. The blind man, healed in the Bible, said, "Now I see!" The skeptical Pharisees couldn't argue that down, however hard they tried. They could not deny that he saw, and that Christ had made him see.

Someone once said, "A living, loving Christian, true of tongue, honest of heart, pure of conduct and yet loveable in daily life, is the most unanswerable argument for Christianity."

Heaven challenges us to silence the argument and to start winning unbelievers to Christ!

SPORTS SIDELIGHTS

by Robert Sturges

What's a nice way to say we got beaten? I don't know of any so I'll just say it -- WE GOT BEAT. Of course, we did play a good game. Unfortunately, Hirschi played a better one. But I must say our team really played their hearts out Friday night.

Take Randy Aaron for instance. He was fouled and injured on the chin during the second half. He continued to play his position, even though he was bleeding. That's dedication!

Tom Bloodworth was in his usual ball-stealing form, but Hirschi was too fast in handling the elusive sphere.

As far as scoring goes, the game can be summed up very simply. Our players never got near the basket. The team had all sorts of problems trying to drive the ball through the blue and red forest of Hirschi's defensive players.

All in all, though, it was a good game, and the players should be commended for their

fine performance in such overwhelming circumstances.

Now, a different note. I understand that the high school tennis team will be playing in its first tourney of the year this Friday when they travel to the Wichita Invitational Tournament.

The players have been practicing three hours a day for the last few weeks in order to be ready for the competition. Their coaches philosophy is practice-practice - PRACTICE. Four varsity members will be going to the contest, as well as two outstanding freshman members of the team.

Bob Hackworth and Nathan Platt have proved themselves able-bodied players in these past weeks after beating the varsity boys' and girls' teams. Let's hope that these two players will continue their activities with the high school team and help to complement a fine tennis team for Burkburnett.

WHO'S WHO

JERRY PATTON

Jerry, 18, is the son of Mr. and Mrs. David Patton. He has played on the high school football and baseball teams for four years. In football this year he played offensive and defensive tackle, and was a team captain. He received All School Manly honors at Presentation and won an honorable mention as All District 4-AAA offensive tackle. Jerry is catcher on the baseball team.

After graduation he plans to attend Texas Tech University as a Business Administration major.

JO GAIL HUTCHISON

Jo Gail is eighteen and the daughter of Mrs. Doris Hutchison. She is the assistant editor of the high school yearbook, the Derrick, and president of the band, of which she has been a member for four years. She is currently a member of National Honor Society, Future Teachers of America, and Future Homemakers of America. Her immediate goal after high school is to attend the University of Texas and obtain a degree in journalism.

JANET DIMARZIO

Janet is the eighteen year old daughter of Mr. and Mrs. L. J. DiMarzio. She is a member of the student council, senior class vice president, corresponding secretary for the local FTA chapter at the high school, and is first vice president of the local high school National Honor Society. Janet was recently selected Most Likely to Succeed by the students of Burk High, and she plans to major in math at Midwestern University.

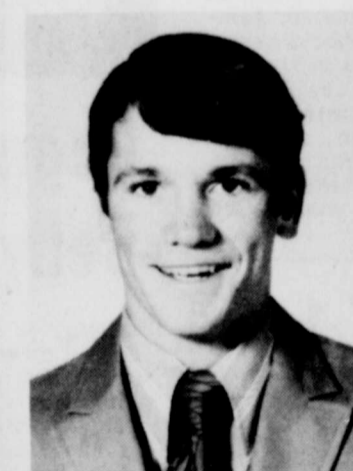

ROBERT STURGES

Robert is seventeen and the son of Mr. and Mrs. R. G. Sturges, Sr. He is a member of the student council, National Honor Society, International Theatrical Society, Office Education Association, and Future Teachers of America. Robert is also head photographer for the Derrick, high school yearbook. He is currently acting as director of the upcoming senior review of the senior class. He attended American Legion Boy's State in his junior year, and this year was voted Most Likely to Succeed by the student body of his school. Upon completion of college, Robert would like to become a drama teacher. He plans to attend Midwestern, working on a major in drama and minor in journalism.

BECKY KENNEDY

Becky, 17, is the daughter of Mr. and Mrs. H. T. Kennedy. She is head majorette for the high school band. During her junior year she attended the American Legion's Girl's State on the recommendation of the school faculty. She is a member of the Burk chapters of the Future Teachers of America and Future Homemakers of America. Miss Kennedy is planning to attend Midwestern University, taking a nursing course in hopes of making a career in the medical field.

TOM BLOODWORTH

Tom is the seventeen year old son of Mr. and Mrs. Lloyd Bloodworth. He is currently student council president, and has been active in football, baseball and basketball during his four years at Burk. Aside from his athletic pursuits, Tom is a member of the National Honor Society at the high school. He attended the American Legion's Boy's State last year at the University of Texas at Austin.

After completing high school, Tom hopes to obtain college degrees in law or business.

Bulldogs Lose Out In District Crown Race

The Burkburnett Bulldogs lost all hopes for the District 4-AAA crown for this season as they were downed by the Hirschi Huskies in their final conference game Friday night in the Hirschi Gym.

The varsity team had its problems from the outset of the game. Hirschi scored a quick five points early in the first period before the Bulldogs made their mark on a foul shot by Randy Aaron.

The Huskies scored another six points before Burk made its first fieldgoal. The period closed with the lopsided score of 25-12.

Both teams were plagued by fouls in the second period. Burkburnett used its numerous freethrows to add to its score, but 25- and 30-foot shots by Carl Jones gave Hirschi a definite edge. Burk did little scoring during the period because of the rebounding of Willie Johnson of the Huskies.

As the second half opened with Hirschi in a 53-22 lead,

the Bulldogs rallied to make points. Several shots by Steve Cremeens and Tom Bloodworth added to the score, but the superb defensive set-up of Hirschi proved to be too much for the Bulldogs.

Several controversial fouls were called, and Randy Aaron was injured. As time started to run out, Burk made an all-out effort to score against the Hirschi crew, but again was unsuccessful.

The final score was 97-60, giving Hirschi the top spot in the district.

The B team game was close, but the Bulldogs were able to outscore Hirschi and hand them their second defeat by Burk.

Burk was first on the scoreboard and in points throughout the game. Hirschi tied only once, in the first period, and never came nearer than four points for the remainder of the game.

Fine ball control and excellent shooting gave the Bulldogs a 56-42 victory over the Huskies.

We Salute SHEPPARD AIR FORCE BASE

SHEPPARD AFB, TEXAS--BUBBLE INSTALLED--Lt. Col. Sidney J. Ward, commander of Detachment 1, 2nd Bomb Wing of the Strategic Air Command at Sheppard Air Force Base, helps install the bubble over the swimming pool in the SAC area at Sheppard as SAC crew members assist. This bubble was donated by Rotary Club, the Coca-Cola Bottling Company and several interested Wichitans. It provides a usable swimming pool area for the SAC crews.

Bubble Makes Year Round Swimming Possible For SAC

SHEPPARD AFB, TEXAS--Swimming in the wintertime is being enjoyed by alert crews of Detachment 1, 2nd Bomb Wing, Strategic Air Command, Sheppard Air Force Base.

This customary summer sport is to be enjoyed on an all-year program by the alert crews thanks to the Rotary Club; Coca-Cola Bottling Company, the squadron's sponsor in the Squadron Adoption Program; and several interested Wichitans.

This group has donated a large plastic bubble which has been installed over the swimming pool. A heating unit was installed to pump warm water into the pool. The bubble top is inflated by the use of a small pump, which sends air into the bubble.

"This is a great morale booster for these crews, who stay on alert duty here for seven days at a time," stated Colonel Ward, the men's commander.

"The SAC inspector general and wing commander have become so impressed with the project that they are trying to provide the same facility at other installations where SAC

crews are on alert," Colonel Ward explained.

Sunbathing can be done now under the bubble. In the summertime, the pump will cool the bubble, which will provide a better temperature for the swimmers. The men can sun bathe outside the bubble in the summer months.

"One of the great advantages of this system is that trash will not blow into the pool during the summer. The cover prevents that," the colonel continued.

The men enter the bubble through a zippered opening.

PMEL Is Vital In Keeping Nation's Defense At Peak Efficiency

By AIC Fred Stangl

SHEPPARD AFB, TEXAS--Every Air Force base has one, and Sheppard AFB is no exception. It is vital in keeping the nation's defense at peak efficiency and yet it is unknown to most people who don't have direct contact with it.

Housed in a little, windowless building located near Base Operations is the Precision Measurement Equipment Laboratory (PMEL). Here, technicians go about seemingly endless tasks of "hoisting and tuning" precision instruments to the fine degree of accuracy so important in today's modern, complex equipment.

"A chain," as the old saying goes, "is only as strong as its weakest link." Therefore even the smallest, least-noticeable link is important and must be maintained in proper working order.

The Sheppard PMEL tests 42,124 items at regularly scheduled intervals. These items, from torque wrenches to aircraft equipment, are tested and evaluated, and if needed, repaired or adjusted.

Should an item's repair or adjustment fall beyond the capabilities of one base, it is sent to another PMEL that can handle the job. With the interchanging of equipment between bases, Sheppard's PMEL also handles work from surrounding military installations, such as Fort Sill and Altus AFB in Oklahoma and Carswell AFB, Tex.

In earlier years, such laboratories were located only at supply depots. In 1960, as the demand for greater accuracy in precision equipment was recognized, PMELs were established at every base.

The field has long been dominated by senior noncommissioned officers and civilians. Recently, however, the field was made available to airmen of lower grades, through a 38-week course taught at Lowry AFB, Colo.

PMEL is under the Avionics Branch of Consolidated Maintenance and Supply at Sheppard, and is headed by Johnie Matz

and MSgt. Daniel J. Fallon, senior lab member.

The lab is staffed by 19 men--two master sergeants, seven technical sergeants and 10 civilians. These are the people who use the lab equipment valued at more than a quarter of a million dollars.

CHAP Mothers Have Coffee

SHEPPARD AFB, TEXAS--A Children Have A Potential (CHAP) Mothers' coffee was held Wednesday of last week at the home of Mrs. Donald Clabaugh.

A make-up demonstration was presented, with all profits of sales going to the mentally retarded.

A shower was given, honoring Mrs. Kenneth Bird. Gifts were arrayed in a baby bassinet and the pink and blue cake featured a newborn baby and tiny animals. Games were played and refreshments were served by the hostesses, Mrs. Clabaugh and Mrs. Donald Brady.

The regular monthly meeting of the CHAP Parents' Forum will be held Monday at 7:30 p.m. in the upstairs reading room of the Service Club. Chaplain (Maj.) Paul Reger will be provided at the Base Nursery. All members and interested persons are urged to attend.

3775th Squadron Is Awarded

SHEPPARD AFB, TEXAS--Sheppard's 3750th Technical School recently recognized the 3775th Student Squadron as the school's Outstanding Student Squadron for January.

Second Lieutenant Michael A. Chaves, squadron commander, received the plaque award from Col. Joseph W. Miller, tech school commander.

The squadron was recognized for its excellent achievement in daily performance of assigned duties, including administration, military training and housekeeping.

George Gobel To Appear At SAFB Feb. 20

SHEPPARD AFB, TEXAS--George Gobel, the frozen-faced comedian, will appear at Sheppard AFB Feb. 20 for concerts at the Officers' and Airmen's Open Messes.

He will appear at the enlisted facility at 8 p.m. and at the officers' facility at 10 p.m. The cost of the shows is \$1 at the Airmen's Open Mess and \$3.50 at the Officers' Open Mess.

"Lonesome George" will not appear at the NCO Open Mess due to scheduling difficulties. The NCO facility will join the other two clubs in March, when Jeannie C. Riley, "Miss Harper Valley PTA," will perform here.

Learning, previous dual instruction, and hangar flying he has heard, where pilots have related experiences and what they would do is they had it to do over.

I have notes of interviews I have made with instructors over the past thirty years. Names will be omitted, as I do not have their permission or addresses.

Two instructors, in 1943, were in command during forced landings northwest of Sheppard AFB, and both planes were washouts. The first plane was a Waco bi-plane. The engine quit at 800 ft. altitude, with the wind from the west at nearly 15 mph. Read what the instructor told me.

"We were over pastures and wheat fields. Any one of them would have been a good landing field. The I picked had an old slush pit. On each side was rough, but safe to land. As I made my final approach I saw the ground was smoother beyond the pit, but I would have to clear the four-foot dirt banks that made the pit. I tried to stretch my glide and didn't make it over the last dirt mound and washed out both main landing gears."

His student's version was, "I would have picked the wheat field just on the other side of the fence, and had I been my instructor I would not have tried to get over that dirt tank."

This instructor admitted pilot error was the sole cause of his plane's being laid up several weeks for repairs.

We will pursue the instructor-student flying next week.

Flight Safety Award Given

SHEPPARD AFB, TEXAS--The 3630th Flying Training Wing (German Air Force) of Sheppard has been selected to receive the third annual Air Training Command Flight Safety Trophy for Calendar Year 1970.

The trophy is given yearly to the undergraduate pilot training (UPT) wing having the lowest accident rate for a calendar year. This is the second straight year that the Sheppard unit has won the award.

Last year the 3630th completed its second consecutive year without a major or minor accident. The last mishap occurred Sept. 30, 1968. Since then the unit has flown more than 114,000 accident-free flying hours.

The 3630th was commanded during 1970 by Col. Robert W. Casey until October, at which time he was succeeded by Col. Robert W. Cunningham, the present commander. Colonel Casey is currently vice-commander of Chanute Technical Training Center, Ill.

The only UPT facility to be located at a technical training center, the Sheppard wing is primarily responsible for training of German Air Force students.

In most classes, training quotas unfilled by German students are filled by U.S. Air Force undergraduate pilot candidates.

A new student class enters training each six weeks. Class duration is 55 weeks, which includes three weeks of pre-flight training.

SHEPPARD AFB, TEXAS--POSTHUMOUS MEDAL--Young Robert Wayne Reams holds the Air Medal with two Oak Leaf Clusters, posthumous awards for his father, SSgt. Terry D. Reams, which were presented to him by Maj. Gen. Jerry D. Page, commander of Sheppard Technical Training Center. His mother had earlier received in the same ceremony the Distinguished Flying Cross, another posthumous award for Sergeant Reams.

Lt. Col. Ward To Assume New Duties

SHEPPARD AFB, TEXAS--Lt. Col. Sidney J. Ward, commander of Detachment 1, 2nd Bomb Wing of the Strategic Air Command at Sheppard AFB, is being reassigned to Mather AFB, Texas, as base commander there.

The colonel, who has served as the detachment commander since March 1970, is to assume his new duties March 1.

He came to Sheppard from Barksdale AFB, La., where he had been for a year. Prior to that assignment he was commander of Lockheed C-130 Hercules-equipped 29th Tactical Airlift Squadron at Tan Son Nhut AB, Republic of Vietnam.

A 28-year Air Force veteran, Colonel Ward has served in SAC since its conception in February, 1946, and has compiled more than 9,000 flying hours in Boeing's B-29 and B-50 Superfortresses and B-52 Stratofortress, plus Consolidated's B-36.

A native of Shawnee, Okla., Colonel Ward and his wife Linda have three children, Don, Kimberly and Paul.

Mathis Chev. Honors Squadron

SHEPPARD AFB, TEXAS--United States Air Force Undergraduate Pilot Training students in Class 71-05 at Sheppard AFB were honored with a luncheon Friday at the Wichita Club by the Squadron's sponsor, Mathis Chevrolet, Pontiac and Oldsmobile Company in Burkburnett.

All are newly assigned to the 3620th Student Squadron of the 3630th Flying Training Wing.

Sixteen students were honored. Also attending were five administrative persons of the squadron, including the commander, Lt. Col. Raymond L. W. Schroder. Special guests were two former squadron commanders, Lieutenant Colonels Elmer K. Follis and Jerry L. Welch.

Four persons from the sponsoring organization also attended.

Medals Awarded To Two Students

SHEPPARD AFB, TEXAS--Sergeants James B. Cheek of Sheppard's Medical Service School (student) and Kenneth R. Howard of 3750th Civil Engineering Squadron, each received Air Force Commendation Medals recently in separate ceremonies.

The switch to a better quality of life.

By simply flipping a switch you place an instant order for electricity, the clean energy that provides so many worthwhile things for you.

Light for convenience, safety, beauty. Entertainment. Temperature control. Help on tiresome chores. However electricity is used, it adds up to a better quality of life.

This requires electric service so dependable you can take it for granted. That's what we at Texas Electric try to provide.

We also work to make sure that every community we serve has plenty of power to grow on, and with full regard for the environment.

We're growing with the area.

Our carefully scheduled program of system development has increased Texas Electric's net generating capability by 20 times since 1948. And corresponding improvements and additions have been made to the company's transmission system.

This has been done so we'll be able to get electric power to where it's needed, when it's needed, and also maintain adequate reserves.

What lies ahead?

As more people continue to use more electricity, more generating capability will be required.

At Texas Electric we're doing our best to be ready. Power generating facilities are now under construction to help make sure your electric service will be as dependable in the future as it is now.

Our program of planning and building ahead to assure good service--and to improve the quality of life in the communities we serve--is another example of our People Power... at work for you.

Drug Abuse Program Given To H.D. Club

The regular meeting of the Friendly Homemakers Home Demonstration Club was held Feb. 11 at the home of Mrs. J.G. Cheney.

Sgt. Scott Newton of the Burk Burnett City Police Dept. gave the program on Drug Abuse in Burk Burnett.

After the program the business meeting was held, conducted by president Mrs. Jane Latour. Mrs. Cheney gave the opening prayer.

Roll call was answered with "The Oldest Thing in My House and Where It Came From." Minutes of the previous meeting were read and approved and the treasurer's report given.

The council meeting report was given by Mrs. Latour and Mrs. Mary Matteson. It was noted that the club drew the name of the Ray Home Demonstration Club to entertain this year.

A note was read from Mrs. Nita Bangs, thanking the club for flowers sent during her recent stay in the hospital.

The group's project for the year, the Burk Burnett Day Care Center, was discussed and then tabled until a later meeting.

Mrs. Cheney gave a safety hint on harmful plants.

It was announced that the next meeting, Feb. 25 at the home of Mrs. Latour, will feature Miss Thelma Wirges with her program on the Commodity Food Program.

The door prize was won by Mrs. Matteson. After adjournment refreshments were served to Meses. Bachtel, Ballard, Cheney, Draper, Hicks, Latour, Matteson and Morris.

Mrs. Swinford Is Hostess For H.D.

The Cooper Home Demonstration Club met in the home of Mrs. Ralph Swinford recently. The president, Mrs. Lee Cooper, opened the meeting. Roll call, led by Mrs. Bee Bryant, was answered with each member telling "The oldest thing in my home."

A safety report was given by Mrs. Pete Rogers.

Miss Thelma Wirges gave a program, concerning Commodity Foods.

Members attending were: Meses. Swinford, Cooper, Mae Katch, Anna Mae Emmert, Rogers, Joe Musgrave, P.S. Swinford, James Cregar, Bob Stewart, Reb Huggins, J.W. Tole, Bryant, Dawson Owen, Hubert Miller, Ella Gill, Sam Spencer, Bill Clayton, Loma Volmer and Miss Amelia Spencer.

The next meeting will be in the home of Mrs. Kotch.

Jr. University Study Club Holds Valentine Party

A Valentine dinner party was held in the Reddy Room Thursday by members of the Junior University Study Club with their husbands as guests.

The room was decorated in a valentine motif, and a delicious buffet dinner was enjoyed by the couples.

Among those attending were: Messrs. and Meses. Bill Vincent, Howard Clement, Zac Henderson, W.C. Koller, Wayne Lax, Floyd Marten, Bill McLean, James Pearson, C. D. Landrum and Finis Taylor; and Mrs. J. R. Cummings.

4-H Club Has Meeting Tuesday

The Friberg-Cooper 4-H Club met Tuesday, Feb. 9, at 7:30 p.m. in the Friberg Church. Clint Swinford, the president, called the meeting to order. Janet Clark led the pledge and prayer. Brenda Swinford called roll and read the minutes of the January meeting.

After these preliminaries, committee reports were given. Susan Barritt reported on the foods classes and told of the activities the girls were occupied in there. Clint then announced the District Beef Show, which was held February 9-12. He also announced the County Project Show, to be held March 15 and 16. Mrs. Clark announced upcoming events in the county.

There was no program due to the speaker's inability to come.

Refreshments were provided and served by the girls enrolled in the Unit II foods class. There were 22 present.

Burk Study Club Elects New Officers

The February meeting of the Burk Burnett Study Club was held in the home of Mrs. Glen Bear.

During the meeting, officers for the 1971-72 club year were elected. They are: Mrs. Charles Skelton, president; Mrs. Francis Felty, vice president; Mrs. Harold VanLoh, recording secretary; Mrs. P.A. Schelker, corresponding secretary; Mrs. A. R. Hill, treasurer; Mrs. Hugh Preston, Jr., parliamentarian; Mrs. Glen Bear, historian; and Mrs. James Lavette, reporter. Mrs. Philip Carpenter attended the Technical Vocational Training Workshop held at Midwestern University Feb. 3. She reported that Texas is low in Technical Vocational Training Schools, and the closest school of that type to Burk Burnett is at Vernon. The workshop showed the need for work in that field in the nearby area.

Mrs. Skelton brought the program, showing a film on "Religion in the Public Schools." The film pointed out to the group that, while the Supreme Court has ruled against school-

sponsored practice of religion, it has also made it clear that an objective study of religion as part of social, cultural and literary heritage is a desirable and even necessary part of the educational framework.

Annual reports were turned in by committee chairmen.

The members were also reminded of the March 8 meeting to be held in the home of Mrs. Skelton.

Mrs. E.D. Potter then explained the final plans of the club-sponsored trip to the Windmill Dinner Theatre in Ft. Worth Sunday to see "Never Too Late," starring Imogene Coca and King Donovan. It promises to be a good trip, and there are still a few places open if others are interested in joining this group. Any person interested in information concerning this trip is urged to contact Mrs. Bill Morse or Mrs. M.E. Bean at 569-2321.

Senior Citizens Hold Luncheon And Meeting

The Senior Citizens met at Town Hall Thursday, Feb. 11, for their luncheon and business meeting, an interesting musical program and 42. Guests were Mr. and Mrs. Wayne Teal, Rev. and Mrs. Morris of the Church of Christ and Rev. Champ of First Baptist Church, Larry and Lamona.

Some paid their dues, bringing the total of paid-up members for the year to over 100. Dues are only \$1 per year, and all people over 60 are eligible.

After the luncheon, the Champ family presented a varied musical program. Beginning with Larry playing a few piano solos, it progressed to a family trio, with Lamona at the piano, Larry playing trumpet and Rev. Champ playing harp. The program closed with Rev. Champ singing "Stout-Hearted Men" as a solo.

Following the Champ family was Neal Hall, who displayed his plate book stamp collection of the presidential series. This collection has been in the library display case for some weeks.

During the business session, two sets of dominoes were donated to the club.

The club history book, compiled by Mrs. Florence Trevena, was on exhibit during the meeting.

The next meeting will be Thursday, Feb. 25, in the Town Hall. All are urged to attend for a good meal, a lot of fun and good fellowship. Please bring a set of tableware with you.

Karen Elliot Pledges Chi Omega Sorority

Mrs. Ruth Beldon gave the devotional, reading Romans 12. Also included in this portion of the meeting was the reading of three articles pertaining to the scripture.

Mrs. Bunstine conducted an installation of the officers for the new year, using the oak tree as an illustration of the duties of the various officers.

Mrs. Cantwell dismissed the group with a prayer.

Refreshments were served to Meses. Ady, Haley, Vandenburg, Turner, Begeman, Bunstine, Kent, Cantwell, Miller, Mallett, Beldon and Shrum.

The group will meet in March in the home of Mrs. Begeman.

Doris Hutchison, Nita McNish, Margaret Hillis and Ruth Horsley are pictured here with puppets that will be featured at the annual "Bosses Night."

ABWA To Have 8th Annual Banquet

The Boomtown Chapter of ABWA will present its eighth annual Bosses Night Banquet Feb. 26 at the Gourmet Room of the Marchman Hotel in Wichita Falls. Gary Bean, Burk Burnett City Manager, will be master of ceremonies.

Guest speaker for the evening will be Maurice Crawford, manager of the Wichita Falls office of Merrill, Lynch, Pierce, Fenner and Smith, Inc.

A highlight of the program will be a puppet show of ABWA characters, manipulated by Meses. B.J. Hutchison and M.E. McNish. Mrs. Charles Horsley, former ABWA Woman of the Year, will be the narrator.

Family Services Orientation Planned At SAFB

SHEPPARD AFB, TEXAS--All Air Force wives in the Sheppard AFB area are invited to a Family Services Orientation March 5.

They are asked to come to the orientation and learn about the rights and privileges of an Air Force wife.

The legal officer, personal affairs officer, commissary officer, Red Cross representatives and many more will be there to tell about the various organizations.

A question and answer period will follow.

Harlin H.D. Club Met Feb. 10

Mrs. W.E. Goins, with Mrs. Vada Bollen as co-hostess, entertained the Harlin H.D. Club Feb. 10.

Mrs. S.E. Askins, president, conducted the business meeting and then asked Miss Thelma Wirges to explain the values and advantages of the County Food Commodity Program.

Mrs. Goins served cake and coffee to Meses. Askins, Jacobs, Bollen, Enderli, Roderick and Hewell, and the guest, Miss Wirges.

A puzzle game was enjoyed by those present, and Mrs. Volin won the door prize.

The next meeting will be Feb. 24, with Mrs. Roderick as hostess.

Flowers Are For Every Occasion!

JUANITA'S FLOWERS 569-3197

Sonja Preston Is Cast In Dramatic Play

Sonja Gayle Preston of Burk Burnett has been cast in the role of Cobweb, a fairy, in the North Texas State University production of the Shakespeare play, "A Midsummer Night's Dream."

The presentation will be staged March 2 through March 6 in the NTSU University Theater.

Miss Preston, daughter of Mr. and Mrs. B. H. Preston, 901 Tejas, is a freshman drama major at the university.

First Christian Church Celebrates 50th Anniversary Sunday

The celebration of the fiftieth anniversary of the First Christian Church Sunday featured a noon luncheon and a special afternoon service, followed by a reception in Fellowship Hall.

The main speaker for the service, Dr. Cecil Jarman, professor of religion at Texas Christian University in Fort Worth, admonished the congregation of the church that now that 50 years had passed, there are still many things that need doing. He issued a challenge to the membership to keep building on the past to attain greater joys in the future, and reminded the group that a church is not a building, but the people who occupy it.

Others on the program were: the Rev. Don Lewis Burks, president of the Ministerial Alliance and minister of Jan Lee Baptist Church; the Rev. Walter Naff, director of field work for Brite Divinity School of TCU; James Kincaid, president of the congregation; the Rev. Bryan Rose, president of District 19, Texas Christian Churches and pastor of Park Place Christian Church in Wichita Falls; and the local Christian minister, the Rev. David Stout.

Rev. Burks remarked on the continuity of the church despite the changing faces of members and pastors, and encouraged the members to carry on

the work started in the first 50 years of the church's existence.

Rev. Stout told of receiving a congratulatory call from State Representative Dave Allred in Austin, and read letters from former pastors, many of whom have gone on to higher positions in Christian churches across the nation. Many letters and pictures from former members are on display on the bulletin board in the church foyer, and will be placed in the church files.

Kincaid led the congregation in a pledge of rededication to continue building on the foundations set by earlier members of the church.

Many local friends of the congregation were in the large audience, and among those who audience, and supporters were present from Wichita Falls, Iowa Park, Electra, Quanah, Fort Worth and Hempstead, Texas, and Altus and Oklahoma City, Okla.

Mrs. Wilma Maloney, a longtime member of the church, was the general chairperson for the anniversary observance.

An anniversary booklet was compiled by Rev. Stout, containing historical information supplied by Mrs. Neal Hall and others.

The choir, led by David Yearly, provided special music for the celebration.

Burk ABWA Holds Monthly Meeting Monday Evening

The Boomtown Chapter of ABWA held its regular monthly meeting Monday evening at Walker's Restaurant in Grandfield. The brand new and lovely banquet room was decorated in a motif suggesting Washington's birthday.

Thirty members attended. Guests for the evening were: Mrs. Fred Hunt, guest speaker; Mrs. Beulah Bolton, mother of member Hazel McCullough; and Mrs. C. A. Pitts from the Mesquite Chapter in Wichita Falls.

Members at large Nita Bradan and Marcia Francis were welcomed back as active members.

Mrs. Fred Hunt chose two books to use for her program. The first was PENNY CANDY, by Jean Kerr, which describes true happiness as being "from within" and deals with self-improvement. She tells of an interesting and amusing 21 minute "shape up exercise."

The second book was GRANDPA & THE MAGIC GRINDSTONE, by Joe David Brown. Mrs. Hunt quoted a very touching and enlightening excerpt from this book concerning faith and dedication.

Mrs. Carl Sjojin, 7th grade English teacher at Burkburnett Junior High School, gave the vocational talk. She loves her work and finds it very enjoy-

able as well as challenging. After final plans were outlined for the upcoming Bosses Night Banquet and the March "Hand of Friendship" Tea, the meeting was adjourned by president Virgie Tobias. The white elephant was won by Paula Smith. Laura Powell gave the benediction.

Clara Fairview Club Meets Feb. 4

The Clara-Fairview Club met Feb. 4 in the Reddy Room of the Texas Electric building,

with Cora Lee Harmon as hostess. Since this was an all-day affair, each member furnished a covered dish for the luncheon. The purpose of this meeting was to make lap robes for patients at the County Farm. Approximately 24 were made. The meeting was opened with a prayer, after which roll call was answered with each member naming the oldest thing in her house and where it came from.

The minutes of the last meeting were read and approved. Mrs. Roebuck brought the program, "A Good Breakfast." Yearbooks were discussed. Mrs. Simons was elected as delegate to council meeting, to be held at Rotan, Texas. The next meeting will be hosted by Mrs. Harris. A program on the use of drugs is scheduled for that meeting to be held March 4.

Current Literature Club Holds Meeting

Facets of conservation was the program topic for the Current Literature Club at a recent meeting held at the home of Mrs. L.J. Foster, with Mrs. L. O. Campbell as co-hostess.

"Our Cluttered Environment" was discussed by Mrs. Seth Brown, whose talk was illustrated by a poster showing news clippings about endangered livelihoods for man and endangered lives for animals. Round table discussion based on "Last Chance for Mother Earth," from Reader's Digest, was led by Mrs. A. H. Lohoe-fener.

As club counselor, Mrs. F.M. McMurtry called the attention of members to the Environmental Responsibility Pro-

gram, co-sponsored by the General Federation of Women's Clubs and the Shell Oil Company. Mrs. F. G. Jeffers, youth chairman for the club, reported that rules on the poetry contest to be sponsored by the club have been posted at both the junior and the senior high schools, with April 1 set as the deadline for entering poems. Judges for the contest, in addition to Mrs. Jeffers, will be Mmes. Clark Gresham, Cliff Hagstrom and Mary Barnes.

Valentine Dinner Held By Girl Scouts

Brownie Scouts from Troops 52 and 40 feted their fathers Friday night with a "Date With Dad" dinner in the National Room. Thirty-two girls attended the affair with their dates, who were given heart-shaped name tags by Mrs. Myrtice Avant and Mrs. Bonnie Minors, leaders of the two troops.

Special guests were Mr. and Mrs. Scott Newton, troop consultants, and Mrs. Ann Bacon, troop organizer.

Belva Chamberlain, leader of troop 40, opened the program with introductions, followed by the Pledge of Allegiance and a song. The girls entertained by reciting the Brownie Promise, the Brownie Smile Song, and a poem, "Cause My Paw Said So." The Blessing was also sung by the girls.

Dinner was served from boxes, which the girls had decorated with hearts and crepe paper.

The highlight of the evening was the Order of the Arrow Indian Dance, performed by Wichita Lodge #35, in the room decorated with hearts and valentine centerpieces made by the Brownies.

Mothers from the troops furnished Valentine decorated cake and punch. Assisting with the serving were Mrs. Wayne Greelee, Mrs. Dwight Lionberger, Mrs. James Pearson and James Stier.

Delegates To Attend Convention

Irene Frey and Donald Pate will represent Burkburnett as official, voting delegates at the 92nd annual state convention of the Texas State Teachers Association March 11-13 in Dallas. They are among the 1,330 certified members of the 1971 House of Delegates, which will meet on the last day of the convention to discuss and act on proposed amendments to the TSTA constitution, new policies, recommendations of standing committees, and other business.

The official delegates are elected from the 433 TSTA local associations throughout the state and certified by districts on the basis of one delegate per 100 members or fraction of 100. Every local association in the state is entitled to at least one official delegate.

With total membership in TSTA expected to hit a record 138,000 this year, attendance at the convention may exceed 10,000. Featured speakers include A. D. (Andy) Holt, president emeritus of the University of Tennessee, and Art Linkletter, the well-known radio and television entertainer.

Rickie Vincent Enlists In USAF

Rickie Lynn Vincent, 19, son of Mrs. Joann Simpson of Shepard AFB, recently enlisted in the mechanical area of the U.S. Air Force.

A graduate of Burkburnett High School, he will attend a technical school after basic training, to further his vocation.

His wife is Carol Vincent. She resides at 704 N. Ave. N.

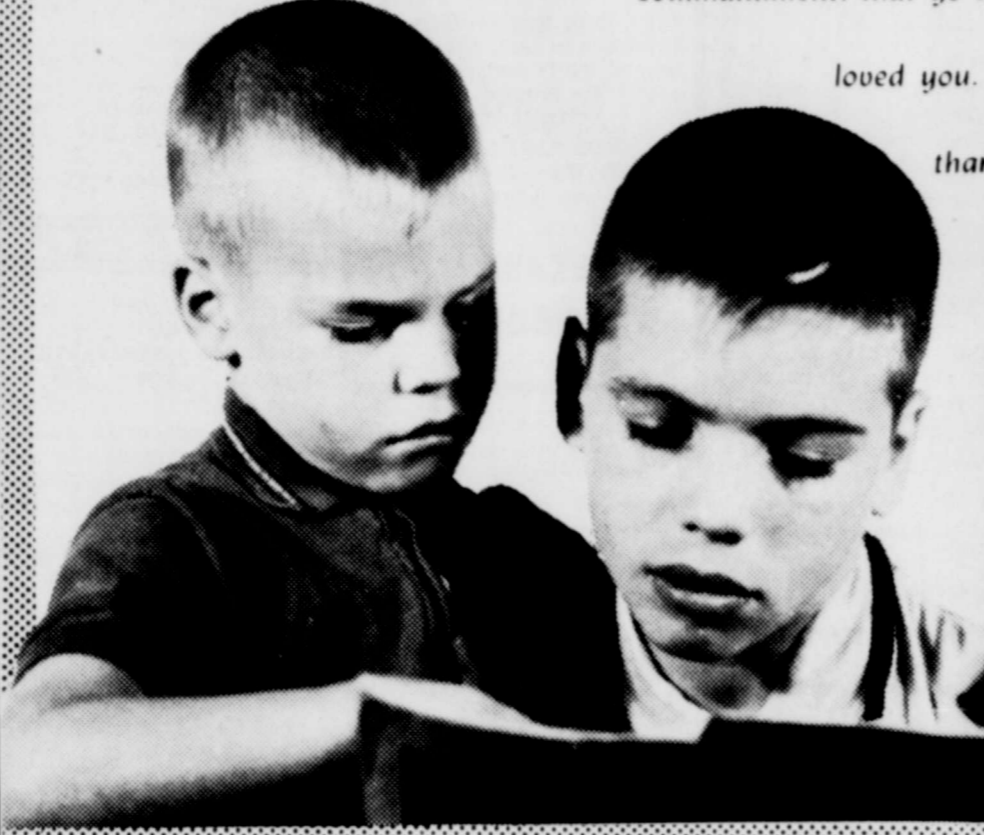

TOGETHER

Brothers — together — helping one another. We are our brother's keeper and his helper. Comfort, cheer, and encouragement should be given to each other.

There should be a willingness on the part of each to sacrifice for the other.

A Divine Example was sent to us, and these are His words: "This is my commandment, that ye love one another, as I have loved you. Greater love hath no man than this, that a man lay down his life for his friends."

You are invited to attend church Sunday to learn more of the One who gave us this commandment.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Coleman Adv. Ser.

High School principal Dan Schaffner presents Miss Francis Westmorland the Teacher of the Year Award. Schaffner was the first teacher ever to receive the award.

Miss Westmorland Is Teacher Of The Year

The Burkburnett High School student body recently honored Miss Frances Westmoreland with the Teacher of the Year award for the 1970-71 school year.

Miss Westmoreland has been teaching three years at Burkburnett since she completed her college work at Texas Tech and Midwestern. She has a Bachelor of Science degree in physical education, with a minor in biology.

physical education and general science. Her major extracurricular activity is advising the high school student council, which has been under her sponsorship for a year and one-half.

The Burkburnett Informer/Star salutes Miss Westmoreland for her efforts in making the learning process just a little bit more enjoyable for students of Burk High School.

Wichita County Has Total Of 19 Accidents In Jan

The Texas Highway Patrol investigated 19 accidents on rural highways in Wichita County during the month of January, according to Sergeant D. S. Lawson, Highway Patrol supervisor of this area.

These crashes resulted in one person killed and 16 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock DPS Region for January, 1971, shows a total of 467 accidents resulting in 17 persons killed and 235 persons injured as compared

to January, 1970, with 460 accidents resulting in 15 persons killed and 188 persons injured.

During the year 1970, Lubbock County had 485 traffic accidents, ranking second to Parker County's 567 traffic accidents.

The 17 traffic deaths for the month of January, 1971, occurred in the following counties: Lubbock, 4; Wise, 3; Hutchinson, 2; and Clay, Palo Pinto, Parker, Terry, Wichita, Childress, Potter and Sherman with one each.

WOMEN PREFER PILL DIALPAK

Since a woman's emotional attitudes are known to influence how well she does on birth control pills, physicians are extremely interested in female preferences as to the packaging of their oral contraceptives.

An objective survey of female likes and dislikes was completed recently by Stewart Surveys, Inc., an independent fact-finding organization with 20 years' experience in the market research field.

To gather the findings on female preferences in pill packages, a random sample of women aged 18 to 44 took part in direct, private interviews. Spread before them on the interviewer's table were examples of 10 different kinds of contraceptive packages.

By a margin of almost three-to-one (63% versus 22%) over their second choice, the women selected the DIALPAK Tablet Dispenser as the one they would "most prefer to use," and by over three-to-one (58% versus 18%), the "most convenient" oral contraceptive package. The survey showed that women prefer the DIALPAK method of removing the pills, that they consider this package the "most modern," easy, and presenting the fewest possible problems.

The majority (52%) who had used this package felt no improvement in it was

needed, but some (22%) suggested a cover be placed on it. Ortho Pharmaceutical Corporation, which puts its Ortho-Novum Tablets in the DIALPAK, is considering their suggestion.

The women who took part in the survey made it clear that in general they think oral contraceptive packages should conceal as well as protect the tablets, be small, flat and simply designed, be easy to use—but not too large or appear "medical."

Funding Of 4 Programs Is Approved

AUSTIN--Funding of four programs aimed at meeting the needs of troubled children and curbing juvenile delinquency was approved Friday by Governor Preston Smith. Total of the four awards was \$95,296. The grants were among 29 recommended for the Governor's approval by the Criminal Justice Council at its regular monthly meeting. Total of the 29 grants was \$1,389,487.

Judge Joe Frazier Brown, executive director of the Criminal Justice Council, listed the four projects related to juvenile delinquency as follows: Alamo Area Council of Governments, \$34,267 to support Bill's Christian Home for Boys, which currently is operated as a home for underprivileged, neglected or homeless boys, who may be delinquent or pre-delinquent. Purpose of the home is to create an environment conducive to proper social and psychological development of youths and to rehabilitate those who have been subjected to situations detrimental to character development. With the recent acquisition of farm property, the home plans to expand into a boys' ranch type of operation. An in-kind match of \$16,714 and a cash match of \$9,156 are to be provided. Counties served by Alamo Area Council of Governments are Atascosa, Bandera, Bexar, Comal, Frio, Gillespie, Gonzales, Guadalupe, Karnes, Kendall, Kerr, Kimble, Mason, Medina and Wilson.

Polk County, \$22,515 to provide to Polk, San Jacinto and Trinity counties the services of a single, coordinated juvenile probation department, including supervised probation for delinquents. No juvenile probation department presently exists in these three counties. In-kind match of \$6,786 and cash match of \$720 are to be provided.

Wichita County, \$21,000 to provide a domestic relations and family counseling service under the county juvenile probation department, offering the courts trained persons to counsel with parents and children in cases where delinquency is the result of marital conflict. In-kind match of \$14,820 and cash match of \$12,740 are to be provided.

Tarrant County, \$17,514 to provide an instructional program for a new juvenile detention center to open about March 1. Housed at the center will be girls from 10 to 18 and boys 10 to 17 years of age who are awaiting disposition of their cases by court or juvenile authorities. The grant is to provide teachers in special education and industrial arts and crafts, with the aim of giving the juveniles a positive approach to education and an opportunity to continue with the school work being offered them in their own schools. Cash match of \$5,838 will be provided.

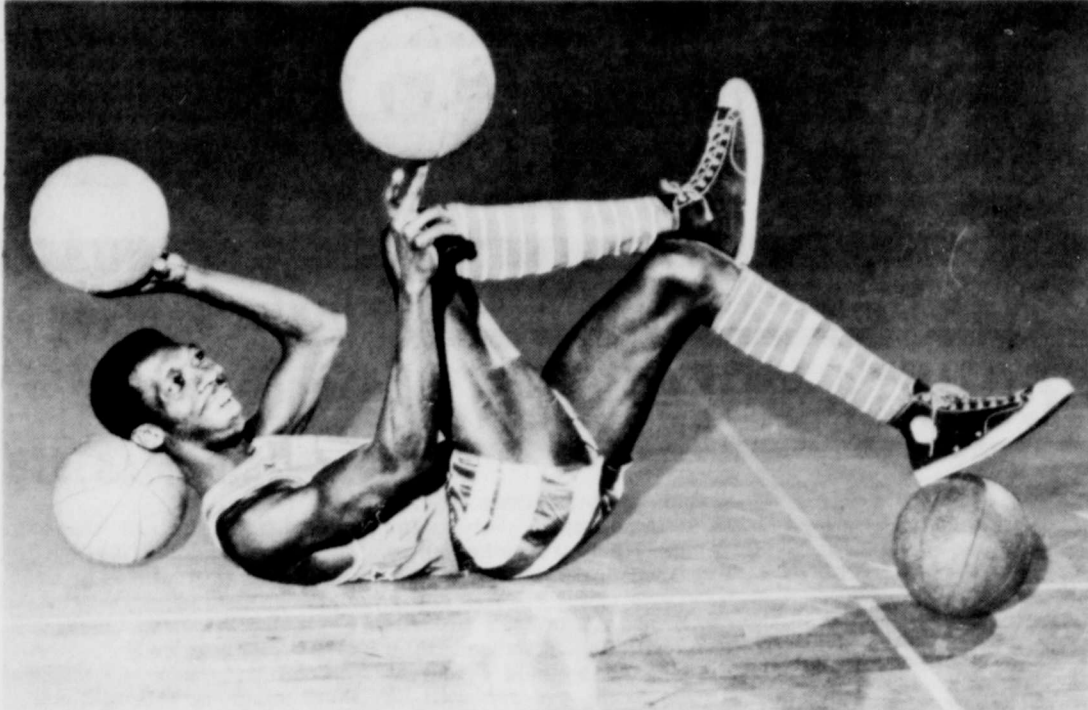

Capt. Coleman Scores High Grade In Course

SHEPPARD AFB, TEXAS--Capt. Ronald D. Coleman scored the highest grade ever made in the Missile Launch Officer Course at Sheppard.

His score of 99 was the highest among the more than 3,000 persons who have graduated from the course at Sheppard. The course is conducted by the Department of Communications and Missile Training, 3750th Technical School.

Captain Coleman scored 100 on four of the nine blocks in the course, 99 on two, 98 on two and 97 on one.

He has been assigned to Davis-Monthan AFB, Ariz.

Harlem Globetrotters To Play In Wichita Falls February 27

The world-famous Harlem Globetrotters, wizards of the basketball courts, will be in Wichita Falls February 27, appearing at Midwestern University's Domes Coliseum at 7:30 p.m.

This appearance of the famed Globetrotters is made possible by the Wichita Falls Rotary Club. Proceeds from the single performance will go to the organization's youth activity fund. Due to the sell-out crowds in the past, Rotary officials

urged interested persons to purchase advance tickets in both the reserve and general admission seat selections.

The New York Nationals will tangle with the Harlem team, with pre-game and half-time entertainment by showbusiness personalities from around the world.

A special half-time feature will be the well-known radio disc jockey basketball team, the "Dribblin' Drops" from KTRN in Wichita Falls.

Reserved seats are \$4 and \$3.50. General admission tickets are \$2.50. Requests for tickets for out-of-town fans should be mailed to: "Globetrotters," Post Office Box 1890 in Wichita Falls. Tickets are now available in Wichita Falls at Sears, McClurkin's, North Texas Savings and Loan, Picadilly Cafeteria and Paul Brotherton Sporting Goods.

BURKBURNETT'S VOLUNTEER FIREMEN--Pictured above are the firemen who were present for the Fireman's dinner last Thursday night. These men have worked hard all year protecting the property and lives of the citizens of the Burkburnett area, and should be commended for the job they have done.

A portion of the 48 children enrolled in the Supervised Study program are pictured above with their teachers. There are 13 volunteer adults who assist these youngsters with homework assignments and remedial work. This program is open to children from the first through the sixth grades.

OBITUARIES

LOWREY

Services were held Feb. 11 at Owens & Brumley Funeral Home for David Manson Lowrey, 84, who died Tuesday at a nursing home here.

The Rev. William Penn, pastor of First United Methodist Church, officiated. Burial was in Burkburnett Cemetery.

Lowrey was born Feb. 12, 1886, at Preston, Ga., and had lived in Burkburnett since 1920. He was a building contractor, and a member of the First United Methodist Church.

Survivors include his wife; a daughter, Mrs. B.M. Hamilton of Burkburnett; son, Thomas of Odessa; a sister, Mrs. Guy Fitzgerald of Camilla, Ga.; eight grandchildren and 10 great grandchildren.

Funeral bearers were: T. M. Hamilton, T. W. Lowrey, Jr., Gary Matney, Garland Johnston, Kenneth Aguirri and M. E. Prinzing.

MILSTEAD

C. C. Milstead, 43, died here Sunday. Services are pending at Owens and Brumley Funeral Home.

Born June 11, 1927, Milstead was a member of the Church of Christ.

Survivors include his wife, Bonnie; three daughters, Kathy and Jan, both of the home, and Mrs. Pat Schmittner of Burkburnett; his mother, Mrs. Cora Milstead of Wichita Falls; two brothers, Z. M. of Burkburnett and Edgar in Southeast Asia; and three sisters, Mrs. Geneva Harris of Mart, Tex., Mrs. Sybil Thornhill and Mrs. Bobby Dowd, both of Seymour, and Mrs. Joy Muller of Oklahoma City; two stepsons, Troy Caldwell of Albuquerque, N.M., and Kenneth Caldwell of Perryton, Tex.; two sisters, Mrs. Horace Noel and Mrs. Stha Lilljedahl, both of Hamilton, Tex.; nine grandchildren and seven great grandchildren.

Funeral services were: T. M. Hamilton, T. W. Lowrey, Jr., Gary Matney, Garland Johnston, Kenneth Aguirri and M. E. Prinzing.

CALDWELL

Services for Mrs. Sadie Winkles Caldwell, 76, of Holliday, Tex., who died Saturday in a Wichita Falls Hospital, were grandchildren.

Although weather conditions this winter are unfavorable for fertile fly increases and the sterile fly drops are reducing screwworm threats, livestock producers should continue on the alert for possible cases. Screwworm Program officials remind. Several positive cases have been recorded recently south of the Rio Grande and fly migrations are a constant threat.

Livestock owners in Wichita County should continue to inspect their animals regularly, collect samples of any larvae found for identification at the Mission Lab, and treat any

More Cotton Production In '71 Needed

A supply shortage could endanger the best outlook for expanding cotton markets in a decade. This was a commonly heard statement at the recently held National Cotton Council meeting in Dallas.

Fred C. Elliott, Extension cotton specialist, said the need for more cotton production was pointed out by several conference speakers, including Assistant Secretary of Agriculture Clarence D. Palmby, and Dr. M. K. Horne, Jr., consulting economist for the Council. Horne noted that domestic mill usage in 1970 was 8 million bales and that exports for the crop year ending next August 1 are projected to rise to 3.5 million bales, up 700,000 from 1969. There is some feeling that actual exports will go to 4 million bales or more, Horne said. Domestic use of 8 million bales and exports of 3.5 million would reduce the carry-over stock of cotton to the lowest level since 1952 and bring us to the brink of a supply crisis, the economist said.

Elliott said Dr. Horne emphasized that cotton could not survive such a situation when it is competing with synthetic fibers which are produced on a dependable schedule every day of the year. Therefore, a larger crop in 1971 is a must. Palmby also emphasized the need for more cotton production in 1971 and outlined how the Agricultural Act of 1970 could give a new direction for cotton. The new program offers the cotton industry the opportunity to be more competitive in terms of production costs and to produce what the market will take--the quantities and varieties needed, he said.

In order to expand our market opportunities, we must have larger supplies along with a greater variety of staple lengths and other quality factors. We must have cotton available if we hope to regain cotton's rightful share of market growth here and around the world, the assistant secretary said. Elliott advises Texas cotton producers to take a realistic view of the current situation and take advantage of the opportunities offered.

wounds of infestations discovered in animals. Bottles for samples may be picked up at the County Agent's office.

All phases of fruit production will be discussed in a meeting to be held Friday at 1 p.m. The program will be on "Planning, Care and Pruning of Fruit Trees." The meeting will be held in the Good Shepherd Episcopal Church, 1107 Tenth Street in Wichita Falls. This meeting is sponsored by the Extension Service and the Senior Citizens Center.

Dr. J. W. Worthington, Area Horticulturist from Stephenville, will be in charge of the program. The general public is invited to attend.

Texas wheat producers have been granted a hearing before Texas Department of Agriculture Commissioner John C. White at 10:30 a.m., March 5, on a petition seeking certification to hold a referendum under Texas' Commodity Check-off Law.

The hearing will be held in the Agriculture Department's offices in the John H. Reagan building in Austin. Evidence for and against the proposal can be presented at the hearing.

Texas Wheat Producers Association of Amarillo seeks certification as the authorized organization to conduct the referendum over a 33-county area in the North Plains, South Plains, and Rolling Plains, where about 75 percent of Texas wheat is produced.

If a majority of the voters in the referendum approve, funds may be collected to promote wheat, and to conduct research and to control insects and diseases; and the petition also proposes a nine-man commodity producers board to administer the program with the funds.

Voting will be held in the following counties, if authority is granted by Commissioner White: Archer, Armstrong, Baylor, Briscoe, Carson, Castro, Childress, Clay, Dallam, Deaf Smith, Floyd, Foard, Gray, Hale, Hansford, Hardeman, Hartley, Haskell, Hutchinson, Knowlton, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Sherman, Swisher, Throckmorton, Willbarger, Wichita and Young.

Cotton Graded At Altus

The USDA Cotton Division Classing Office at Altus reported a final figure of 193,700 samples of cotton graded during the 1970-71 season. This compares with 278,000 samples classed for the 1969 season and 292,000 for 1968. With sample receipts down to less than 100 bales per week, the harvest is considered virtually complete.

"This represents the lowest production in several years in the 22 counties served by the Altus Classing Office," reported C. E. Cox, officer in charge. "This past season, no single county exceeded the 1969 classing total, and only one, Jackson County, Oklahoma, exceeded the latest five-year average."

Total samples classed for the season from North Texas counties represented 25,891 bales. The previous year, samples from 31,100 bales had been classed from these counties.

Drylot Feeding Suggested As Drought Measure Livestock Picture A Look At The 1971

Drylot feeding of the cow herd is a possible solution to the problems created by drought and cold weather, says Dr. B.J. Ragsdale, Extension range specialist at Texas A&M.

Confining cattle and feeding them silage rations with comparable energy levels as pastures can alleviate the nutrients deficiencies and lack of forages as well as the cattle losses that accompany drought.

Less energy is required by confined animals and cattle weights can be maintained in drylots. Rations can vary, but it is necessary to maintain a minimum nutrient and energy level. Vitamins and minerals may not be necessary, although it is a good idea to include them for brief periods.

When the herd is in a drylot, the pastures aren't trampled and the remaining forages can have a chance to recover from the effects of drought and cold weather.

In early tests, no disease problems were encountered within the confined animals. Hoof and leg problems were minimized by providing an exercise area.

More feed and labor are required to maintain the cattle in drylots, but the expenses are more than compensated for by the reduction in cattle disease and losses.

Range Reseeding Plays A Vital Roll In Brush Control Program

Range reseeding plays a vital role in a successful mechanical brush control program. But the cost of controlling brush and establishing forage grasses has been high, up to \$40 an acre. If these costs could be reduced to \$10 to \$20 per acre, mechanical brush control and reseeding could effectively improve the production of rangelands.

Researchers at the Texas A&M University Agricultural Research and Extension Center in Lubbock are attacking the reseeding problem which has plagued ranchmen for years.

"Present reseeding equipment is generally designed for clean-tilled land and will not stand the rigors of rangeland," points out Harold Wiedemann, agricultural engineer. "Also, the seeders deliver erratic rates and distribute the seed poorly."

"A modified Nisbet drill is our most promising seeder," says the engineer. "We removed all furrow openers, brackets, springs, seed tubes and automotive tires, then completely reinforced the frame and added 8-ply truck tires. The seed agitator was rebuilt to pull more seed to the picker wheel."

Range ecologist John Brock points out that extensive research in seedbed preparation has been conducted with heavy duty disks, large anchor chains, massive roller choppers, brush rakes and root rakes.

A 5,000-pound roller chopper has shown the most consistent results in achieving an adequate seedbed in tests at the Waggoner Ranch near Vernon, SMS Ranch at Dumont,

A substantially increased production of beef cows, yielding a larger calf crop, more feeding, and a greater cattle slaughter is part of the outlook for 1971, according to Dr. Ed Uvacek, Extension livestock marketing specialist.

Dr. Uvacek indicated that he feels slaughter cattle prices will move up slightly through the first half of the year and level off for the remainder. He predicted that feeder and stocker calf prices will move up sharply into the spring months, with a pattern similar to last year.

The manufacturing meat market has had a fantastic growth which isn't being met by domestic production, and this is one reason slaughter cows will again demand premium prices, especially in the spring, Dr. Uvacek predicted.

Another of his forecasts is that beef heifers, that could possibly go back into breeding herds, may be demanded more than usual, causing the price differential between steer and heifer calves to be narrower.

Dr. Uvacek also predicts high pork production throughout the next six months, keeping pork prices low. He says no improvement in hog prices is expected until after mid-year. He also includes in his outlook a slight drop in sheep and lamb numbers with little price change from the previous year, and top prices for spring lambs little different from 1970.

The livestock outlook will undoubtedly depend a great deal on general business conditions. In this area, Dr. Uvacek predicts that the economy will swing up and be well on its way by mid-year; that inflation will remain with us, but that it should continue at about half the rate of recent years and that emphasis on cleaning up pollution and reducing the use of potential hazardous drugs and growth stimulants will become evident.

He added that projections in our economy are closely tied together, and any forecasts are related in some respect and depend upon each other.

Cash In On Cotton

CASH IN ON COTTON--The theme for the Western Cotton Producers Conference "Cash In On Cotton." The event will be held at the Rowdey Inn, Gateway West, El Paso, March 3-4. Cotton farmers, agribusinessmen and cotton experts from seven states are scheduled to speak at the conference. It is sponsored by the land grant universities of the five Southwestern States.

More Cotton Production In '71 Needed

phase of the overall brush control research program under the direction of C. E. Fisher, statewide coordinator of Texas A&M's field brush research program. Individual ranchmen and the Brush Control and Range Improvement Association provide support for this ongoing research.

Gene Whitehead Ranch near Merand and Lee Campbell Ranch at Kermit. The reason for this is the machine's weight and the "V"-shaped trough produced in the soil by the chopper blade. The chopper's heavy weight firms the soil. Then the seed which fall in the trough are covered by loose soil. Water from even a small rain will collect in the trough, and the three requirements for a good seedbed (firm soil, covering soil and moisture) have been fulfilled.

A requirement for seedling survival, optimum temperature, is much harder to control. "We are experiencing fairly good results with shade produced by fast growing tall plants," says Wiedemann. "Sorghum alnum, a vigorous and rapidly growing species, will produce shade for the slower growing, desirable perennial grasses. It can be added to the seed mixture at a rate of one-half to one pound per acre. It also produces sufficient forage for earlier land utilization by livestock. Land root-plowed for the control of dense stands of mesquite often requires two to three years of defoliation before sufficient grass is established for grazing."

"In addition to seeding and seedbed preparation equipment studies, a search for more vigorous, competitive, palatable, forage-producing grass species is also underway," points out Brock. "Through cooperation with the Soil Conservation Service's Plant Material Center at Knox City, promising strains of grasses are seeded in nurseries at the reseeding locations. To date one of the most promising new strains of grasses is Old World Bluestem."

The selection of grass species in a particular area is important in reseeding. Brock suggests that persons interested in rangeland reseeding contact their local county agricultural agent and Soil Conservation Service personnel for advice in selecting grass species.

"Poor results from reseeding can often be attributed to inadequate seedbed preparation, selection of grasses not suitable for the location, reseeding in soil of low forage production potential, low quality seed and poor seeding equipment," points out Brock.

"Our research seeders are small and not practical for extra large sites," explains Wiedemann. "So we are also experimenting with gang hitching of seeders and roller choppers, 400-foot anchor chains for site preparation and seed coverage, aerial seeding and extra thin, finless root plows to reduce the overall costs."

Wiedemann and Brock's goal in assisting the ranchmen of West Texas is to develop a brush control and reseeding system which will be practical, relatively inexpensive and effective under a broad spectrum of rangeland conditions. These studies are just one

Thelma Wirges
County Home
Demo Agent

Soup manufacturers have realized that consumers will pay a good price for water, so they're adding it at the plant, the agent explains. By advertising an 'honest, old-fashioned soup,' they can get the public to pay two to three times the single serving price of condensed soups.

A recent survey taken in Washington, D.C., shows that soups with water added cost about 12.5 cents per serving, while condensed soups cost about 4.2 cents for the same serving.

There are other products in which we pay for water, Miss Wirges adds. Some puddings and whipped toppings come ready-to-eat. Fruit drinks often containing only six percent actual fruit are made up mostly of water.

Just think how much money we've spent on bottled drinks and the energy exerted lugging home all those bottles of water, she points out.

But convenience can't be ruled out. When we're in a hurry or unable to make the product ourselves, convenience foods come in handy. Products such as ready-to-eat puddings and toppings save cooking and cleaning equipment. And some take the guesswork out of cooking.

Soups and soft drinks, however, are another story. A can of soup still needs to be opened and the contents heated in a pan. Don't you consider it much work to add water?

The next time you feel the cost of living tugging at your pocketbook, stop and think. Is it worth the extra cost to have someone else turn on the faucet.

Moisture is the enemy of melting chocolate. Chocolate will not melt properly if the slightest amount of moisture is introduced. Any moisture will make the chocolate bits tighten into a solid mass. The solid mass may also result when melting chocolate at too high a temperature. If chocolate does tighten, however, you may make it smooth again by heating it in a double boiler over hot but not boiling water, and then blending in up to one tablespoon of vegetable shortening.

The deadline for getting your classified advertisements in the Informer/Star is Tuesday Noon.

Want to stretch your budget, yet feed your family nutritionally? Consider these marketing tips from Mrs. Gwendolyn Clyatt, Extension consumer marketing specialist, as you plan your menus.

Pork prices are most attractive again this week. Loin and butt roasts and chops are featured along with scattered specials on smoked hams and some brands of bacon. The average retail price on these pork cuts is down as much as 10 to 31 cents a pound over the same period last year.

Look for best beef values on ground beef, liver, round steaks and roasts, and arm and blade pot roasts and steaks.

Fryers remain the number one bargain in most retail meat departments, and chicken hens are also a good choice. Egg prices are a bit lower this week, with Grade A Large eggs offering the best combination of quality and economy.

Of special significance to some menu planners, with Lent beginning February 24th, is the fact that fish is still one of the better protein buys. Fresh ocean varieties, such as haddock, cod, perch and sole, are in good supply. In addition to good buys on frozen packs, look for special prices on halibut steaks.

Dairy foods are invaluable in planning an adequate diet for the family. They are not only highly nourishing, but also appealing in taste. Outstanding buys include milk, sour cream and dairy-case biscuits, as well as a variety of cheeses.

Fresh vegetable items in good supply include broccoli, cabbage, carrots, celery, potatoes, lettuce, sweet potatoes, turnips, rutabagas and yellow onions.

Make your selection of fruits from apples, bananas, oranges, tangerines, grapefruit, pears and avocados.

How To Stretch Your Budget

Want to stretch your budget, yet feed your family nutritionally? Consider these marketing tips from Mrs. Gwendolyn Clyatt, Extension consumer marketing specialist, as you plan your menus.

Pork prices are most attractive again this week. Loin and butt roasts and chops are featured along with scattered specials on smoked hams and some brands of bacon. The average retail price on these pork cuts is down as much as 10 to 31 cents a pound over the same period last year.

Look for best beef values on ground beef, liver, round steaks and roasts, and arm and blade pot roasts and steaks.

Fryers remain the number one bargain in most retail meat departments, and chicken hens are also a good choice. Egg prices are a bit lower this week, with Grade A Large eggs offering the best combination of quality and economy.

Of special significance to some menu planners, with Lent beginning February 24th, is the fact that fish is still one of the better protein buys. Fresh ocean varieties, such as haddock, cod, perch and sole, are in good supply. In addition to good buys on frozen packs, look for special prices on halibut steaks.

Dairy foods are invaluable in planning an adequate diet for the family. They are not only highly nourishing, but also appealing in taste. Outstanding buys include milk, sour cream and dairy-case biscuits, as well as a variety of cheeses.

Fresh vegetable items in good supply include broccoli, cabbage, carrots, celery, potatoes, lettuce, sweet potatoes, turnips, rutabagas and yellow onions.

Make your selection of fruits from apples, bananas, oranges, tangerines, grapefruit, pears and avocados.

Trend Is To Denim Fabrics

Back-to-nature, earthy--that describes the trend to denim fabrics this spring, according to Miss Joanne Thurber, Extension consumer education specialist in textiles and clothing.

Miss Thurber adds that this trend is making denim perhaps the hottest fabric on the market. Denim has many substitutes and imitations, along with tremendous varieties of the real thing, she explains.

J. D. Mullins, Alvie Burgess, Clyde Farr and Evert White are shown above completing the sidewalk which surrounds the Boomtown Oil Park.
