

Vice president of the Chamber of Commerce, Dick Johnston, shown above purchasing a ticket to the Chamber Luncheon to be held in the Oil Park. Nov. 1, from Nancy Richter.

## Chamber Luncheon To Be Held In Oil Park

Next month's noon Chamber of Commerce luncheon, which would normally be held in the Town Hall, is scheduled to be held Nov. 1 in the Boomtown Oil Park.

The luncheon meeting will be open to the public, with proceeds from the lunches to be contributed to the restoration fund for the MK&T Depot, which is now a part of the Park.

The luncheon menu will in-

## Ledger Keynote At P.T.A. Meet

Mrs. L. L. Ledger of Copperas Cove will be the keynote speaker for the fall workshop of the 13th District of the Texas Congress of Parents and Teachers, which will open at 9:30 a.m. Friday at the First United Methodist Church in Burkburnett.

Family involvement in the schools and community will be the subject of Mrs. Ledger's address. She is past president of the Texas Congress, and is now serving as vice president of Region VI of the National Congress of Parents

and Teachers. Registration for the workshop will begin at 8:30 a.m. Friday with a coffee. The coffee is under the direction of the hospitality committee, which includes: Mmes. Bobby Mannen, Glenda Boswell, Bobby Coker, Arnold Oliver and Eddie Reed. Mmes. Bill Wood and C. B. Smith are in charge of registration.

clude barbecued beef or baked ham, ranch-style beans, fresh lima beans, potato salad, cole slaw and homemade pies. The pies are to be furnished by

local study club members. After the luncheon, the Depot and other exhibits in the historical Park will be on display.

There is still a need for help from members of study clubs which belong to the Community Service Council.

Chairman of the workshop is Mrs. Robert Norriss, assisted by Mrs. Primo Galvez.

The workshop program includes a tea, to be held in the National Room of the First National Bank on Thursday at 4:00 p.m., with Mrs. Ledger officers and workshop delegates as guests. Honored as special guests will be Burkburnett and Sheppard - Burk and Ave. E. teachers and officials and the members of the Burkburnett

School Board. Hosting the tea will be the Burkburnett, Forum, Current Literature, Modern, Contemporary, Junior University and University Study Clubs.

## October Set For United Fund Campaign Month

The month of October is the month for the United Fund Campaign throughout the United States. This is commonly known as "United Way" mo-Among the programs aided by the United Fund is

the Girl Scouting program. We encourage the citizens of Burkburnett to aid the scouting activities through this program of giving, and through other forms of financial sup-

During this United Way month, the Burkburnett Girl Scouts are following their usual busy schedule of activities.

All the scout troops and leaders are proud of the special Girl Scout section which has been installed in the Burkburnett Public Library. Books are being purchased and donated to this section, giving all interested persons a chance to look at and check out these books for reference purposes. At present, the section includes nineteen volumes and the much acclaimed "Treasure Chest."

At the October session of the monthly service unit meeting of Girl Scout and Brownie

### Grace Lutheran Holds Festival Worship

This Sunday, October 24, at 10:30 A.M., the entire community is most cordially invited to attend a special Miss ion Festival Worship Service at Grace Lutheran Church, located at the corner of Third

The guest minister and speaker will be The Reverend Roger Schoolcraft, pastor of St. John's Lutheran Church in St. James, Missouri. He will speak on the topic, "God's Word Radiates in Us."

The Rev. Schoolcraft received his B. A. degree from Concordia Senior College in Fort Wayne, Indiana, where he majored in classical languages. He was graduated from Concordia Seminary in St. Louis, Missouri, in 1969, and has been a parish pastor for three years.

The Rev. Daniel Piel, pastor of Grace Lutheran, stated, "We pray that his message and presence may stimulate the faith of all Christians. Come -- Worship -- Toge-

leaders and assistants, information was distributed about the Girl Scout Uniform Exchange, run by Jane Hess in Wichita Falls.

This uniform exchange has great benefit for those desiring to buy, sell or exchange leader's or girl's uniforms. Any scout wishing to use this facility may obtain furtherinformation from her troop lea-

Mrs. Louise Newton, an active worker in the local scouting program, has also stated that anyone in Burkburnett who wishes to donate a Cirl Scout or Brownie uniform for a child not able to afford to buy one for herself, may contact her at S & L Barber Shop, across from the Junior High. She will make arrangements to pick up any uniforms contributed.

At the service unit meeting, the scouting program acquired a full service team, with Bon-nie Minor of Troop#40 joining the unit as troop consultant.
Also included in this mo-

nth's scouting activities are courses in First Aid and Basic leaders and assistant leaders

are collecting Hunt-Wesson ch will be turned in to the company. In return for the items collected, trees will be planted to reforest the burntout Children's National Forest in California.

The Scouts ask that anyone wishing to aid them in this project, leave any collected items at the S & L Barber Shop or the Jiffy Food Store, both on Ave. D across from

the Junior High. Items to be collected are: the necklabel of Hunt's Catsup: labels from Wesson Oil, Hunt's Manwich Sandwich, Hunt's Skillet Dinners, Whipped Snowdrift and Big John Beans; the lid (with the code number) of Hunt's Tomato Sauce; and the tops of Hunt's Snack-Pack cartons.

October 23 is a very important date in the scouting calendar. On that day the Mariner Scouts and the Explorers of the Boy Scouts are co-sponsoring a Road Ra-The day's events will begin at the Youth Center, and will end again at the Youth Center with entertainment open to the public.

This entertainment will be the Boy Scouts' "Order of the Arrow' Indian dance, starting at about 7 p.m. A dance, featuring the "Hedge Hogs" will begin at about 9 p.m.,

with admission \$1 perperson. Plans for the month of November include the annual Council Meeting of delegates and alternates, to be held in Childress, Texas, on November

A Jamboree was also planned for November, but, due to extenuating circumstances, it has been cancelled. The scouts advise the community to look for the Jamboree the next month, and to come with friends and neighbors for a thoroughably enjoyable time.

## Open House Set For Burk School

During the hours from 7:00

7:00 p.m. to 9:00 p.m. Patrons are invited and acouraged to visit our schools on these dates.

The Burkburnett Bulldogs. after downing Weatherford 25-6, now share the lead in district 4-AAA with the former state champions, Brownwood. The Bulldogs offense came

to life Friday night and the Burkburnett defense held tough as usual. The first touchdown came early in the first quarter when

Lawrence Washington broke through the Roo secondary for an 83 yard TD. Still in the first quarter while the Roo defense were concentrating on trying to contain Washington and Nicholas. quarterback Sam Hancock #17 slipped through the Roo line

and managed to outrun their

secondary for a 75 yard TD. The Bulldogs defense headed by Rick Beard, Deryl Nicholas and David Wall offered the Roos no opportunity to score in the first half and provided the Bulldog offense with additional opportunities

Twenty-five years ago a re-

volutionary step in the growth

and development of mankind

took place. The nations of

the world for the first time

accepted their common re-

sponsibility for the protection of their most precious resorce

-- their children -- in the after-

math of war. On Dec. 11, 1946 the United Nations International Children's Em-

ergency Fund (UNICEF) was

formed and assigned the relief

operation that was to mean the

difference between life and

death for millions of the child

victims of the Second World

A massive campaign was

mounted to feed and clothe the hungry and orphaned child-

ren of Europe. This operation was so successful that in the early 1950's the enormous

task was virtually completed,

and the continuing need for

UNICEF's help was question-

a realistic look at the condit-

ions under which the hundreds

of millions of children in the

developing countries lived. It was decided that the agency

that had been able to meet

the challenge of a desperate

emergency situation could do

The United Nations then took

UNICEF Celebrates Twenty-Fifth

**Anniversary In United States** 

came after Monty Patton #88 intercepted a Roo pass on the Roo 33 yard line and returned it to the Bulldog 26. The Bulldogs scored on the first play from scrimmage when #32 Daryl Nicholas broke for a 33 yard TD.

Both teams went scoreless in the third quarter as neither team would give much ground.

On the first play of the fourth quarter, Hancock hit #88 Monty Patton with a 15 yard pass to make the Bulldogs lead 25-0.

The only Weatherford TD came from Worthington in the fourth quarter.

Head coach Bill Froman stated that he felt that the game was the best played by the Bulldogs. Overall the team played real well, they contained the receivers exceptionally well and the rushing was good.

The offense looked good especially the long runs and the Burkburnett's third score plays were well executed and

primitive medical care. Thus

another step forward, and the nations of the world jointly

accepted the responsibility for

the future of their young, not

only in the aftermath of war

but during "normal" times

as well. UNICEF was called

upon to play a new and im-

portant role in the devel-

opment of mankind, and since

it was no longer simply an

emergency relief agency, it

adopted the name United

Nations Children's Fund, re-

taining the familiar acronym

The years that followed

were years of challenge and

change. New needs became

apparent and were accepted

in the agency's long-range program pianning. UNICEF begin to work in the fields

of nutrition, basic health, disease control, education, and family and child welfare, as

well as the provision of re-

lief aid in emergencies that

arose through the years. In 1971 UNICEF's 25th

Anniversary Year, the Child-

ren's Fund looks beyond the

limitations of its present

budget and sees an enormous

task ahead. Today perhaps

one child out of ten in the

developing countries is being reached by UNICEF-aided

programs. For tomorrow, UNICEF's motto is "A Future For Every Child."

UNICEF.

the blocking looked good. Froman stated that the upcoming game with Vernon will be the hardest game yet. He noted that there is a lot of tradition in the Vernon game and it's going to be a real

The Vernon Lions will have the best players and are the best coached team we have

played, he stated. Froman felt that our injured were about the same as last week.

The real test will be in the Bulldogs ability to contain the middle and outside game, he stated. The Vernon backs have power and speed and will be by far the best yet. Game time 7:30 at Vernon.

## Guidelines of Life

Rev. Jimmie Wright Church of God

BE LED BY WHOM?

Be led by GOD! John 4:24 tells us that God is a spirit and they that worship him must worship him in spirit and in truth. Gal. 5:25 says 'If we live in the spirit let us also walk in the spirit." In Gal. 5:15,16 we find this: "But if ye bite and devour one another, take heed that ye be not consumed one of another. This I say then, Walk in the Spirit, and ye shall not fulfill the last of the flesh."

Are we concerned for our fellow man, our neighbors, and not some man's theories? We must follow Christ because we love him and not for the "fishes and loaves."

In one of his "Quiet Talks" books, S. D. Gordon tells of a

remarkable experience of the great evangelist Dwight L. Moody who felt an overpowering urge to go to London. He could not explain it, but he felt God was leading. He went. After a while he found himself in a great revival that swept hundreds into the Kingdom.

Later Moody discovered that an invalid had been praying for several years for just such a revival in her church. God heard her prayer and Moody was Spirit-led to the task. Countless Christians can point to numerous experiences in their lives where they were led by the Spirit of God to do a certain thing, and as a result of their obedience, they received an unforgettable blessing and accomplished a work

## **Enough electricity** for today... tomorrow.

Planning and building ahead to provide our customers with enough reliable electric power to meet all their needs is the challenging responsibility being met by Texas Electric Service Company. It's what we mean by being "at your service."

To be sure plenty of electricity always will be on hand at the flip of a switch, we will nearly double our generating capability within the next five years. Additional strength and dependability throughout our system comes from our high-voltage transmission interconnections with

other power sources. We must continue to plan and build ahead because we serve a growing area of the nation, and because

our customers continue to use more electricity. For example, 25 years ago the average residential customer served by Texas Electric used around 1,000 kilowatthours a year. Today, the average residential customer is using about 8.500 kilowatt-hours a year. During this same period, the average selling price per kilowatthour has decreased about 43 percent, in spite of continuing inflation.

To us, "at your service" is not only a responsibility and a challenge. It's our commitment to you, our

## A New On-Base Degree Program Announced This Week For Sheppard

A new on-base degree program was announced this week the Sheppard education

An assignment of two and one -half years or less will enable a beginning college student to obtain an Associate of Applied Science (AASC) degree without ever leaving the installation premises according to Frank K. Ezell, base education officer.

Furthermore, for those active duty people who choose to use their "G I bill" benefits, the monetary outlay will not exceed the cost of

at minimal cost by employing the 75 per cent Air Force without work handicap. tuition assistance privilege.

Agreements have been reached under which Cooke County Junior College (CCJC) Gainsville, Tex., a fully accredited institution, will present on base the necessary management. Upon completion of the program, CCJC will award the degree.

A particular attractive feature of the 64 semester hour curriculum is the fact that 16 semesterhours (one-fourth 18 week semesters will

at the individual's duty station

Additional credits may be gained in several ways. These include transfer of credits from other accredited colleges, evaluation of service school experiences (at least 30 creditable courses are course work to complete taught on Sheppard), U.S. the AASC degree in mid-Armed Forces Institute (US AFI) courses and/or end of course examinations, 2nd College Level Examination

Program (GECLEP). Twelve-week terms rather than the conventional 16 to prevail. Class hours initially will be from 5:30 to 7:30 and 7:30 to 9:30 p.m. each Tuesday and Thursday at the base education office (BEO).

A person may earn up to 10 semester hour courses and the four-semester hours on the job practicum. The practicum consists of application of management principles to

the student's job situation.
Registration for the first term will be conducted at the Recent Sheppard AFB Ceremonies BEO from 5:30 to 8:30 p.m. Nov. 15. First classes will meet the evening of Nov. 16.

Personnel planning to participate in the program should visit the BEO well in advance of that date, consult with a guidance counselor, and accomplish the one form necessary for admission.

Admission requirements may be met by transfer from any regionally accredited college in the United States, graduation from an accredited high school, or successful completion of the High School GED test or Texas equivalency standards. No admissions exam will be required.

Five courses will be available during the first 12 week term, Nov. 15 to Feb. 17 with a 10 day break at Christmas. The courses are business organization, business mathematics, retailing, advertising, and the management training practical.

Admission is open to military persons, their de-pendents, and Air Force Employed civilians.

In addition to the knowledge, understanding, and skill to be gained, a prime value of this program to any individual will be as an employment credential upon separation or retirement from active duty.

"With the technologically imposed reduction of "hands on" tasks, more and more workers are involved in management roles in the American business and industrial world. Mr. Ezell said.

The BEO will provide a 20 minute orientation speaker on the CCJC program to any assembled group of 15 or more persons during normal duty hours from now until Nov. 5.

SHEPPARD AFB, TEX .-- ATC COMMANDER -- Lt. Gen. George B. Simler, second from left, commander of Air Training Command is welcomed by Syd Gains, left, general chairman for Sheppard's 30th Anniversary celebration, Looking on are Maj. Gen. Jerry D. family pride.

Last Saturday, I was surprised when a former flight student, Roger Norman, walked up to me where I was working on a wrecker truck. instructed Roger in 1960 at Walters, Oklahoma in a

The Viking God Odin rode an

8-legged horse!

Piper J3. Roger lives at Ft. Worth, Texas and is a lawver there. One of the purposes of his visit was to get me to varify the fact he had received 10 hours of dual training and 27 1/2 hours of solo supervision because he had lost his log book and has started flight lessons again.

Norman is the man who paid \$5,000. three weeks ago for a Stearman Bi-plane used as a trainer during World War

MRS BAIRD'S

2. He is interested in knowing where he could find a Waco

> There is a good chance for readers to learn how much money and how many hours work are put into relicensing a plane that has set in a hangar some 25 years. Roger is keeping a penny by penny and minute by minute time account, and I am sure he will let me know as I can pass the figures along to interested readers. So far you can mark down the original cost of \$5,000. New, he has paid for disassembly, hauling expense to Ft. Worth. That cost has been recorded. Pictures of all fuselage, wings, gear and control surfaces are being made as

they are uncovered. The engine will be disassembled and rebuilt. When the job is over a picture has been promised along with a chance to fly the Stearman. Stay with

me and we will see. Must make some comment on last week's article and straighten out a mixup on my notes. Mr. and Mrs. Robert Eastman of Wichita Falls, and Mr. and Mrs. Robert Goodsof Randlett, Okla., made their four-day trip to California in a Cessna 210 instead of the single engine plane I men-

tioned. They cruised near 210 miles per hour at high altitude. Word has come to me that Walters, Okla. is in for some troubles getting started on their airport five miles west of their city. Seems there is some controversey concerning the presence of a road to near the location. I know of three years' planning and scheming to get the right to build a port on the location and it seemed to be settled. I hope my informer gave m the wrong poop.

## Sheppard AFB Reclaims Silver Formerly Washed Down Drains

Call it a windfall or maybe ingenuity, but in slightly less than two years Sheppard Air Force Base Personnel reclaimed more than \$6,000 worth of silver that formerly went down the drain.

Using an electrolytic machine, they have recovered more than 3,800 troy ounces of the precious metal from used hypo which photographic technicians used to discard.

The silver is deposited in the solutions when photographic film is processed. Before Nov. 1968, no effort

activation.

Arnold witnesses all reclaiming activity and then escorts the silver to the base redistrubution and marketing officer, Pete W. Hogan, who weighs the metal and sends it to the Naval Ordance Station at Forest Park, Ill. There it is assayed for purity and value, with the Air Force account being credited.

All silver reclaimed by Air Force bases worldwide will be used in Air Force defense projects.

Soon individual units will be stripping their used hypo with smaller, less costly machines. The base'soriginal electrolytic unit will remain in Training Aids on standby

status. The base also collects negatives and silver scrapings in the dental Section which it sends in bulk form for additional silver reclamation.

#### Foster and Clark Receive Medals In Two Receive Awards Thurs.

SHEPPARD AFB, TEXAS --Two members of 3750th Air Base Group at Sheppard Air Force Base received awards in ceremonies Thursday morning.

Col. Jack S. Sargent, director of the personnel division, presented the awards. The Joint Service Com-

mendation Medal was awarded to SSgt. Robert E. Schmid for meritorious service as an administrative specialists while serving in the Joint Plans and Operations Division at the U.S. Military Training Mission, Dhahran International Airport, Kingdom of Saudi Arabia, from August 1970 to

May 21, 1971. The citation accompanying the medal stated that Sergeant Schmidt's assistance in the preparation of detailed and sensitive briefings, plans reports and studies relating to the Saudi Arabian Armed forces was particularly noteworthy.

Also honored was AIC Carrol Stoddard, who was named Airman of the Month by the Consolidated Base Personnel Office.

Technical School commander against an opposing armed force from July 31, 1970 to July 31, 1971. Receiving the Bronze Star Holiday Shoot To Oct. 25 By Rod and Gun Club

SHEPPARD AFB, TEXAS --A Holiday Shoot, sponsored by the Sheppard Rod and Gun Club will be held Oct. 25, at 10 a.m. at the Rod and Gun Club, west of the Flying Training Wing.

Events will include trap, skeet, stationary target, archery, bait casting, buddy shoot, wolf chase, and the pellet range.

Entry fee will be \$1.00 per event with shells and birds

A special event for E-4's (sergeants) and below will be held in conjunction with this shoot. It will be 50-bird skeet and trap shoot divided equally with 25 shots each.

Grand prize will be a .22 caliber Remington automatic rifle and entry fee will be \$3.00 with shells and birds included.

Refreshments will be available and everyone is invited to attend. Anyone wishing further information may call Capt. Benline at 851-4266.

including the continuous possibility of hostile ground fire.

## A First, Hunting Is To Be Allowed In A State Park This Fall By Parks and Wildlife Dept.

hunting will be allowed in a state park this fall when the Texas Parks and Wildlife Department conducts a public deer hunt at the new Pedemales Falls State Park in Blanco County,

The Pedernales hunt will be included as a part of the department's program of public

A statute authorizing the department to allow hunting in state parks was passed by the

62nd Legislature. Officials said the hunt is needed to maintain deer population at a level to prevent damage to the habitat. The park will be closed to all but hunting permit holders during the three-day hunt Nov. 13-15. Bag limit is three, no more

for the Pedernales hunt differs from the other hunts. Applicants must obtain special application forms from the department's headquarters in the John H. Reagan Building

These special forms must be completed and returned to Austin, along with a \$1.00 fee to cover processing costs. Successful applicants will be required to pay an additional \$4 for a permit.

Application forms for the regular management area hunts are available from department district or regional offices as well as Austin. Quail and dove hunts on the Chaparral Wildlife Management Area in Dimmit and La Salle Counties will not require permits. Hunters need only

## Sport Boaters Are Showing An Increased Awareness of Hazards

Boaters are showing an increased awareness of the hazards of their sport, according to James U. Cross, executive director of the Texas Parks and Wildlife Department.

Cross said this awareness is reflected in the 20 per cent reduction in the number of boating accidents and fatalities so far this year. Only 64 persons have died in boating accidents this year compared to 94 for the same period last year.

Surprising conditions surround most of the boating accidents perfect boating weather. The majority of accidents took place on a clear day between the hours of 12 and 7 p.m. on inland waters.

STOCK SIZES ONLY

check in with the area head-

A light wind was blowing at the time of most of the ac-The operators involved

were 26 to 50 years old and averaged more than 500 hours each of experience as skippers. Operator errors caused collisions with other boats, and this type of accident accounted for more than 50 per cent of the total.

"I firmly believe that the cooperation between the U.S. Power Squadron, the U.S. Coast Guard Auxilliary, the and Wildlife Water Safety Officers and the many boating organizations been responsible for this improved accident rate. All Texans can take pride in this significant reduction," said

Prospective participants for all hunts requiring a permit must return application forms to Austin by 5 p.m.

Oct. 26 to be eligible for the drawing, set for 10 a.m., Nov. 1. Hunters whose names were drawn last year are ineligible this year unless all permit quotas are not filled.

Permits will not be needed for squirrel hunting on the Engeling, Moore Plantation, Alabama Creek and Stephen Austin areas, or for waterfowl hunting on the J.D. Murphree area.

Permits are required, however, for quail hunting on the Gene Howe and Matador area.

The hunts are part of the department's continuing research program and are not necessarily indicative of high game populations.

Below are the dates for the hunts and the number of permits to be issued for each;

Alabama Creek, 15 miles southwest of Lufkin in Trinity County; 12,500 acres; Nov. 16-24; 400 permits. Stephen F. Austin, 10 miles southwest of Nacogdoches on

Date for Quail

4, 6, 8, and 11, 1972.

The Texas Parks and Wildlife Commission has set a statewide closing date of Feb. 15 for the 1971-72 quail sea-

This action added two additional weeks to the season. wever, the seasons still will be two weeks shorter than last year in may areas due a later start. The season in two re-

gulatory districts will be two weeks shorter than last year's because of reports of low bird populations from Parks and Wildlife Department field personnel. Only one regulatory district

the Oak Prairie along the lower reaches of the Guadalupe and Brazos Rivers -- was given a longer season than last year. It was increased by two weeks, and will be Nov. 13 through Feb. 15. A dry early spring, followed

by heavy rains and some flooding through the summer teamed up to cause erratic nesting conditions for quail in most areas. This caused widespread late nesting and late hatahes. In the Permian Basin Re

gulatory District the Dec. 1-Feb. 15 season is two weeks, shorter than in 1970, and the 12 bird limit is three less than in 1970. Possession limit also is down from 45 birds to 36. The season is also two

weeks shorter in the Possum Kingdom district in the North Central portion of the state. Its season and bag limit are the same as for the Permian Basin.

Districts which have seasons opening two weeks later than last year's season are the Edwards Plateau, Panhandle, Northeast Texas, Trinity-Brazos and Southeast Texas. They are all Dec. 1-Feb. 15, with bag and posses-

sion limits at 12 and 36. In the South Central District the season is also two weeks later than in 1970, from Nov. 13 through Feb. 15. Bag and falconry one red-tailed hawk, possession are 12 and 36. The Trans-Pecos district season will also be Nov. 13-Feb. 15, but with bag and possession limits at 12 and 24.

The commission's action on the quail seasons applies only to counties under the commission's regulatory authority. However, there are some exceptions even in these sons are subject to commissioners court approval.

Counties not under regulatory authority have their seasons set by the Texas Legislature. As in the past, season is closed on Mearn's quail, or fool's quail in all counties west of the Pecos River.

CATFISH FARMING -- Catfish farmers across the state are invited to participate in a workshop and fish harvesting demonstration at Katy on Nov. 10, reports Dr. Sterling Johnson, Extension fish dis-ease specialist. Discussions will center on diseases, water quality, pond construction, economics, feeding and nutrition, and marketing.

## **Two Counties Are Added** To Authority of P&W Dept.

Texas Parks and Wildlife Commission added Concho and Fannin Counties to their regulatory authority and made some changes in their regulatory authority concerning Live Oak, Jim Wells, San Patricio. Colorado, Sabine, San Jacinto, San Augustine, Collin and Rockwall Counties.

Concho County was put fully under the regulatory authority of the Permian Basin Regulatory District. Regulations of the district apply to all fish and wildlife species without exception.

Changes will include standardizing the opening of the deer and turkey season and a

change in the definition of buck deer and atlerless deer. An either-sex turkey season will be provided as well as a catfish possession limit of 50 with a minimum size limit of 11 inches.

Snagging or jerking of fish is now illegal in Concho County. A special archery provided from Oct. 16 through Nov. 12. An archery season for turkey is Oct. 16 through Oct. 31.

Fannin County was put under the regulatory authority of the Northeast Texas Regulatory District. Definitions of buck deer and antlerless deer were changed. The deer season was set to open on the Sat.

# Parks & Wildlife Dept.

To Follow Broad Goals

Increased law enforcement capabilities and the best possible officer-citizens plationships are broad goa of the Texas Parks and Willife Department's game management officer force, executive director James U. Cross stated in announcing expansion of the Austin headquarters

New chief of the Parks and Wildlife Department Law Enforcement Division is Stetson G. Reed, a 17 year department veteran officer with extensive field and supervisory experience and a law degree from St. Mary's University.

"Both immediate and longterm programs have been initiated by Reed," said Cross, "aimed at equipping our officers to cope with not only routine matters of wildlife and safety laws but also with day-to-day assistance to the public and emergency aid in time of disaster or disorder."

Cross said that department regulations governing the

state-wide GMO force are being revised toward future respondibilities as the role of the department continues to change according to the state's environmental needs and recreational pursuits. "We are confident that Reed and his staff can meet the challenges of tomorrow with an expanded corps of officers as competent and well-trained as any in the world," said

Cross. Emphasis will be placed, according to the director, to continuing in-service training for GMOs presently on duty along with expanded programs for the department's game management officers; Charles M. Talbert, water safety enforcement; Lynn E. Stanley, in-service enforcement training, and Fobert L. Cross, sand, shell and gravel enforcement. Others are Charles H. Field Jr., chief pilot/investigator; Robert S. Evins, instructor GMO training

school, and Larry T. Brock,

assistant instructor.

secutive days. Limit is one buck, except that by special permit antlerless deer may be taken in areas designated by the Parks and Wildlife Department.

A special archery season in Fannin County will be Oct. 16 through Oct. 20. Squirrel season will be May 1 through May 31, and Oct. 1 through Dec. 31.

An 11-inch minimum size was placed on catfish with a daily bag limit of 25 and a possession limit of 50.

Live Oak County was pu fully under the authority of the South Central Regulatory Dist. An 11-inch minimum length for catfish and possession limit of 50 will apply. There will be no closed season or bag limit on squirrels.

Certain tracts in Sabine and San Augustine Counties which are being used by the sportsman's Clubs of Texas (SCOT) "Operation Whitetail" were brought under the regulatory authority of the Texas Parks and Wildlife Commission by statute.

Lake Livingston in San Jacinto County was added to the regulatory authority of the Southeast Regulatory District. Fishing regulations will apply except that it will be unlawful to use nets for taking fish. However, rough fish may be removed under fish management contract with the Parks and Wildlife Department as provided by Article 4050C, V.C.S., and seines, minnow traps, dip nets, cast nets and umbrella nets meeting certain specifications are lawful.

Fishing regulations for waters of Lake Corpus Christi located in Jim Wells, Live Oak and San Patricio Counties were made uniform with the rest of South Central Regulatory District.

In Collin and Rockwall Counties, Lake Ray Hubbard was added to the Possum Kingdom Regulatory District. The district's fish bag and possession limits, definitions of rough fish and means and methods will apply to these waters without exception.

## Commission

In its recent meeting, the Texas Parks and Wildlife Commission took action con-SPECIAL SALE concerning several of Texas' Thursday-Friday-Saturday

Balmorhea State Park in West Texas received \$556,900 in financing for improve-Outdoor Recreation.

The commission approved money for a new overhead water storage tank in Abilene State Park, half the money coming from the park fund and half from BOR.

Meridian State Park will receive \$116,756 worth of debe funded by the park fund and half by BOR.

The commission also approved the operating budget for the San Jacinto Museum. The construction budget of Copper Breaks State Park was increased by \$8,500 from the Texas Park Fund for the necessary surveying, testing and preliminary design work for

the proposed new lake. The executive director was authorized to enter into agauthorized to enter into agreements and take necessary During Regular actions to complete the work planned for Eisenhower Birthplace State Historic Site.

An additional \$20,000 was approved from present budget encumbrances for construction of a headquarters building The commission adopted a

at Goose Island State Park. motion authorizing the executive director to enter into an agreement with the State

Building Commission for the hiring of an architectural/ engineering firm and the preparation of plans and specifications for a Parks and Wildlife Department headquarters building in McKinney Falls State Park. An amount not to ments, half to be paid by the exceed \$167,000 during the Texas Park Fund and half to fiscal year 1972 was approved paid by the Bureau of for the first phases of planning of this project.

In other action the commission accepted the Texas Water Development Board's contract to undertake a study to determine the fresh water requirements of the San Antonio Bay system and amended the budget to permit velopment of which half will the use of funds received from the Texas Water Development

The commission also adopted a resolution requesting continuance and full funding of federal aid to Commercial Fisheries Research and Development Program.

## Falconers OKed Open Seasons

AUSTIN -- As a result of recent action by the Texas Parks and Wildlife Commission, falconers can now hunt any wild game bird, wild game animal or furbearer with their birds during the regular open seasons.

Falconers, however, must hold one of two permits issued by the Texas Parks and Wildlife Department. A beginner's permit allows the holder to possess and use in Harris hawk or American sparrow hawk.

Falconers with three years experience and holding a 'general falconry permit" will be permitted to have three raptors of any species except kites, ospreys, golden eagles, bald eagles, caracaras, aplomado falcons and all owls except the great horned owl, counties, and some quail seaexcept by special permit. It is unlawful to capture peregrine and prairie falcons for use in falconry.

A test is required to demonstrate the falconer's knowledge before a permit will be issued. Falconers must also show they are able to care for the birds, and minimum housing requirements were set forth. The trapping season is Sept.

15 to Nov. 15 but falconers must have a permit before they trap birds. Raptors must be less than one year of age, but no eggs may be taken, The commission closed the coastal counties as well as Brewster, Terrell and Presidio Counties to the trapping

## Church of the Nazarene

Burkburnett Church of the Nazarene has been serving our community for fifty years. This is our Golden Anniversary year! This is also our golden opportunity to reach out with the full message of sal-

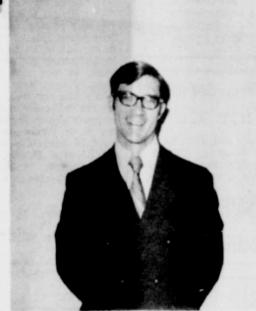

We believe that the revival spirit which started our church fifty years ago still lives within the hearts of believers. We believe that God is still in the soul saving business, and He can cleanse us from all sin!

Our future is just as bright as the promises of God. God needs the church as never before. In a nation where the taverns outnumber the churches by several hundred thousand, and wrecked homes are becoming a universal tragedy, the gospel of Jesus Christis needed.

Our church inspires, challenges, organizes and reaches out as an extension of Jesus Christ. We preach and souls find rest; we sing and people get blessed; we pray and find strength to meet the test.

The Church of the Nazarene is made up of common folk with an uncommon Savior. We are located at Third and Holly. Our regular services

## **PERSONALS**

To the dear people of Burkburnett that sent me so many sweet and comforting cards, your prayers, cards and gifts while I was in the hospital and should I have to go back for surgery, you have done enough for both, only prayers and

visits. I want to say a great big Thank You to you all. Also to Dr. Adams, who so graciously has taken over until Dr. Carpenter could return.

May God bless everyone for their goodness to me. Mrs. H. D. Maney

Our sincere thanks and appreciation to all our neighbors, friends and relatives for their many acts of kindness shown to us during the illness and death of our dear mother,

Mrs. Frances Menz. Our special thanks to Dr. Phillip Carpenter and the Evergreen Manor Nursing Home for their tender and loving care of her. Also to Father Beaumont of St. Jude's Catholic Church for his visits. We shall always be grate-

Mr. and Mrs. B. B. Menz, Randlett, Okla. Mr. and Mrs. W. E. Crowley, Temple, Okla. Mr. and Mrs. Jake Unsicker,

Walters, Okla.

The family of MRS. J. B. WRIGHT wishes to exress sincere appreciation for the many expressions of kindness shown during the time of their sorrow and convey regrets to the many friends who called saying they missed the service because they had not hears

because they had not heard about Mother's passing. Mother was a gracious lady and would have been very pleased with the kindness and sympathy you gave to those she loved so dearly.

We wish to express our many thanks to all the friends who visited or sent cards and gifts and also for all the prayers and words of encouragement during and since my stay in the hospital. Mrs. Augusta Dorland

## beauty

and family

Dolls and Scents Are you a blue-jeans queen or a pleasant peasant? Would you be more at home on the range, or at a village fair in some exotic

Actually, there's no need to get schizophrenic. Blue jeans and ethnic costumes are both the hottest 'new' fashions, and most girls are

switching from one to the other as the strikes mood them. And that's just as true on the Via Veneto and the

Ginza as it is on Main Street or on campus. One thing that did bother the kids, though, was the lack of the right scent to match the blue-jeans look, according to a college seminar sponsored by the Fragrance Foundation. Jump-

ing into this "fragrance gap". Shulton set up a testing panel of teenagers to pick a scent that would best express the new life styles. When the young jury's verdict was in, they chose their favorite packaging for the new fragrance. Blue denim, of course! And the name of he scent? Why, Blue Jeans!

Makes scents, doesn't it?

NP Features)

## home

Liven up the Lunch Scene

Who says a packed lunch has to be dull? If you're tired of packing variations on the sandwich theme and your favorite luncher-awayfrom-home is indifferent to what he's eating, it's time for a change.

This fall there's some thing exciting for lunch toters-a new Thermos brand vacuum bottle with an exclusive removable Dine-A-Liner which protects the glass filler so you can eat hot or cold foods directly from the bottle. Cleaning is simplified because the whole insert comes out. making it as easy to wash

as a dish. Foods can be stored and chilled in the refrigerator or freezer in the easy-toclean polypropylene insert, enabling packed lunches to have more variety. You can even carry ice cream. Just fill the Dine-A-Liner, freeze it and ice cream stays firm for six hours

Available in three sizes (10-ounces, pint and quart), the new bottle has a rugged molded case and is at tractively styled in gold, orange and avocado.
