With the deadline nearing for filing for places on the City Council, I have been real surprised that no one has announced their candidacy. It seems that our Big Neighbors had the same problem for a few weeks and then as one individual put it "everybody and their dogs came out and began running."

The school board in their Monday night meeting also set the date for their election and filing dates, etc.

In both of these cases I hope interested citizens that are truly concerned with the well being of our schools and our town will file for either election or re-election.

John Gill who has been serving the local service clubs with their meals in the new Community Center, has been the subject of much discussion. I don't know personally whether John knows the difference between a carrot and a sweet potato, but one thing's for sure—the women that are preparing the meals for him sure do! And that's where the problem lies.

It seems that some of the club members have found that their will power isn't strong enough to resist heaping their plates with food. With the members talking turning to dieting, etc., George McClarty came up with a comment concerning a fellow businessman — Bob Monaghan. McClarty says that Monaghan states he never eats pie after two in the afternoon cause his wife will smell it on his breath and won't let him have any supper!

Speaking of food, this is the prayer of a small girl: "Please, Lord, can't you put the vitamins in pie and cake instead of cod-liver oil and spinach?"

I heard that a farmer increased egg production by putting this sign in the henhouse: "An egg a day keeps Col. Sanders away." I told this to a man and he wanted to know if the sign was in the henhouse of Leon Veitenheimer, local manager of Berend Bros. I don't know, what about that Leon??

Charles Hicks Signs As Free Agent With GB

Proof of the current strength of the football program at Burk Burnett High School was evidenced Friday with the first former Burk Burnett Bulldog to ever sign with a professional football team, Charles Hicks, signing as a free agent with the Green Bay Packers.

Hicks, who will graduate from Southwestern St. College in Weatherford, Okla. this summer, broke all types of football records during his career there.

Bill Tobin, agent for the Green Bay Packers, came to Burk Burnett Friday to get the "star's" name on the dotted line.

Although Hicks didn't make the draft last week, he was immediately contacted by the Washington Redskins, New

York Giants and the Green Bay Packers to play as a free agent for them. After much deliberation, Hicks decided to go with Green Bay.

Hicks had never played football until he came out for the Burk Burnett Bulldog team his junior and senior years. He was a good or better than average player that first year and then his senior year his performance is termed "outstanding by almost everyone that ever watched him play."

"He's the best running back I've ever coached," stated Bill Froman, head football coach of the Bulldogs, was the coach that talked Hicks to come out for football and under whom Hicks received his first training.

"Charles has a lot of character—he wants to do some-

thing for himself. He has a lot of ability now as he also did while he was in high school, but he got a lot of it through just plain hard work," reported Coach Froman.

Tobin, Green Bay agent, stated Friday that when recruiting they looked for speed, size and height. But in addition to this, the character of the individual and his desire and recommendations from those that know the player are also very important.

Hicks weighs in at 193 lbs., stands 6' 4" and states that he runs the 40 yard dash in 4.4 seconds and the 100 yard dash in 9.4 seconds, which is equivalent to the time of speedster Boy Hayes of the Dallas Cowboys.

Hicks has an excellent chance of making the regular

Packer squad or the taxi squad according to Tobin. The Packers carry five offensive backs plus one on the taxi squad. Two of the backs presently with the Packers will be traded for a real good defensive end, thus two positions will be open on the regular or taxi squads.

The big running back lists an impressive 4,231 rushing yard record for his four year career at Southwestern State College where he is listed as one of the finest running backs in the history of the Oklahoma Collegiate Conference. This total breaks the old conference record of 3,773.

In his four years of playing at Southwestern, he has compiled an impressive record and become known to all Southwestern's opponents as a dangerous runner with breakaway speed who can score from anywhere on the field.

In his freshman year Hicks played only part time, but still gained a total of 513 yards rushing on 97 carries for an average of 5.27 yards per carry, and scored five touchdowns for 30 points.

In his sophomore year, the All-American candidate gained a total of 1,046 yards, averaging 5.8 yards per carry, and scored 9 touchdowns for 54 points. This record earned him a spot on the 1969 All-Conference team.

The break-away runner ran up a total of 139 yards in 1970, 63 yds. receiving and 1,023 yards rushing on 226 carries for a 4.45 yd. average. During that season, the junior running back scored 13 touchdowns for 78 points, and was picked for the All-Conference team for the second time.

Hicks also set a single game record of 100 yards rushing. See HICKS, Page Two

TALKS OF BECOMING PRO—Charles Hicks, right, chats with visitor prior to his signing as a free agent with the Green Bay Packers. Seated to Hicks' right is Bill Tobin, agent for the Green Bay Packers and in the background is Bill Froman, the football coach who started Hicks on his career.

John Gill Receives First Place Award

A larger than average turnout was present as the Burk Burnett Chamber of Commerce held its monthly luncheon Monday, the first one to be held in the new Community Center.

Highlight of the meeting was

First Savings Gets Okay For Branch Office

"The Savings and Loan Commissioner of the State of Texas, W. Sale Lewis, on Jan. 18 approved the opening of a branch office in Wichita Falls for the First Savings and Loan Association of Burk Burnett," stated Albert S. Dillard, president of the local firm.

"This branch would better enable the Association to serve their present customers in Wichita Falls," Dillard reported.

First Savings and Loan has experienced a great growth since its charter in June of 1960. On Dec. 31, 1962 it listed total assets at \$2,403,649. On Dec. 31, 1965 total assets were \$4,425,848 and on Dec. 31, 1968 total assets were listed at \$6,839,214.

Today the association reports a proud total asset figure of approximately \$8 1/2 million.

the presentation of a certificate to John Gill naming Gill Grocery and Mkt. as the first place winner in the Business For Beauty contest.

In making the presentation Mrs. Fred Hunt, public affairs chairman of the Current Literature Club stated, "During the period of 1970-71, more than 15 Burk Burnett business houses and public agencies received Award Commendations for improvements to their premises. It is my pleasure to award John Gill first place among the group for his complete renovation of the landmark building, once called the Boyd Building."

The Business For Beauty program is sponsored by the Federation of Women's Clubs. Special guests of the chamber were two representatives of the NorCentex Girl Scout Council, Debbie Osborn of Burk and Rhonda Mickelson of Wichita Falls, and Mr. and Mrs. Edward McRae, officials of the council.

Mrs. McRae is president of the board of directors of the council and McRae is public relations chairman.

Miss Mickelson told the group that girl scouting "gives girls a chance to work with other people in the community and to work with other people within their organization. It is a necessity to share ideas with other persons."

She also presented the group

with a general outline of the events of each of the four divisions of girl scouting.

Miss Osborn, after reciting a long list of projects completed and planned by her organization for Burk Burnett stated, "Being a Girl Scout is a service to the individual and his or her community. I am an organization of troops helping each other to help the community."

McRae, public relations chairman, told the group, "There are over 700,000 adults (including 60,000 men) in the United States working in Scouting, counseling and advising the youths." Citing that Girl Scout training was the largest informal training group in the United States, McRae told those present that training is a large part of Girl Scouting. The adult leaders must train to teach the different skills to help the girls," he continued.

Special recognition was given at the luncheon to the three newest members of the Chamber, John Brookman, Jim Taylor and Larry Watts.

Accident Claims Life Of Well Known Citizen

A freak accident at Preston Dairy last Wednesday claimed the life of Lee Soper, plant superintendent of the firm.

Soper was believed to have struck his head in a fall from a transport truck, although no one was present or in sight of Soper at the time of the accident.

A spokesman for the firm stated that a stainless steel tank formed a vacuum as the milk was being drawn from it into the plant and that the tank crumpled in the middle.

One worker was already inside the tank expecting the damage when it is believed that Soper attempted to climb the tank to look at the damage himself.

"Of all the years we have been in business and including the 12,000 miles per day we put on our trucks, this is the first fatal accident that we have ever had. Lee was a very fine man and was highly thought of, not only by us but by the entire community," stated Buddy Preston, owner.

Soper, a life-long worker in the milk business, came to Burk Burnett in 1965 from Ft. Worth to take over as Plant Superintendent of the local firm.

Principals, Head Coach Rehired By School Board

The renewal of the contracts of the head coach, three principals and the setting of the dates for this year's election of school board members dominated the five hour regular meeting of the Burk Burnett School Board Monday night.

Bill Froman, head football coach at Burk Burnett High School since 1965, received an extension on his contract until March 1974. Principals Bill Darland, High School; Stanley Owen, Sheppard-Burk and Bill Weatherred, Southside also received extensions of their contracts.

Other persons receiving re-elections were Artuary Rit-

Louis Johnson Files For Place On Demo Ballot

Only one local man thus far has announced for any political race for the coming year.

Louis Johnson of 609 E. First filed last week for a place on the Democratic primary ballot in a bid to retain his office as constable of Wichita County Precinct 4, which is the Burk Burnett area.

Johnson will be completing his first elected four-year term as constable.

He is a member of the Church of God, a 20 year veteran of the volunteer fire department, a first aid instructor for the Red Cross Chapter, and a former Burk Burnett policeman.

Johnson and his wife have two married children and one that is at home.

ter, director, and Mike McDonald, coordinator of the National Youth Corps.

Saturday, April 1 was set as election day for Places 4 and 5 on this year's ballot. Terms of John Gill, place 4, and Floyd Marten, place 5, will expire in April.

Deadline for filing for these places is March 1 at 4:00 p.m. Persons may file in the tax office in the School Administration Building located at 408 Glendale.

Absentee voting for the election will be held from March 13 through March 28 and absentee ballots will also be cast in the tax office.

The board also named Francis Felty as election judge and the junior high school as the polling place for the April election.

In other action the board

accepted the retirement of Morris Simonson, principal of Hardin Elementary School for the past 15 years and Mrs. Zelpha Brown, who has been the cafeteria director for the past eight years.

The board approved the employment of Berry Cox as science teacher for the high school, Mrs. Betty Cozart as English, high school; Pamela Hammond, English, Jr. high; and Jesse Thornton, science, Jr. high.

The board accepted the resignation of Mrs. Pamela Palmer, a high school English teacher and Mrs. Emma Baron, junior high, was granted a leave of absence.

Bids for the construction of three new tennis courts at the high school was opened and the bid went to low bidder Joe Ray McCluskey for

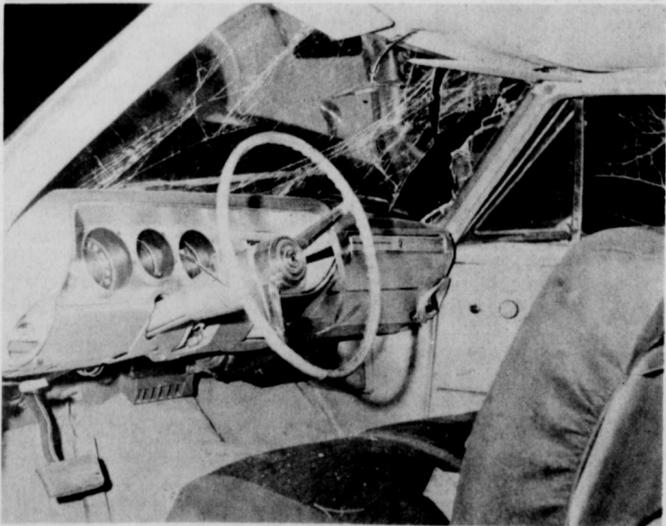

\$11,485.00.

The new courts will be constructed on the west side and adjacent to the existing three courts.

The purchasing of pads for the ends of the high school gym was tabled due to the fact that basketball season is near its end. The pads, at a cost of over \$300 will probably be purchased prior to next year's basketball season.

Raymond Smart, tax assessor-collector, reported a total of \$205,972.11 in taxes of which \$4,532.69 were delinquent taxes have been collected to date. The 1971 tax roll shows a total figure of \$240,697.05.

Supt. James Pearson reported the new band hall is nearing completion and could possibly be ready by the end of next month.

TWO INJURED LATE TUESDAY NIGHT—Ronald E. Rush of 401 Holly, driver of the auto, and Steven Hull of 109 Falcon in Wichita Falls were both injured when the late model El Camino plunged into the ditch as they tried to make the turn at the intersection of Cropper Rd. and Daniels Rd. Rush received lacerations and Hull a broken left leg and a broken right arm. The boys were attempting to outrun a Burk Burnett patrolman at the time of the accident. The patrolman was attempting to stop the vehicle on a traffic violation.

WINNERS IN AREA COMPETITION—Pam Hensley, Laura Allison, Criss Swain, Steve Nevins and Larry Doerre, left to right, were winners in separate divisions in the Distributive Education Area Conference last weekend. Shown with the group is Lloyd Bloodworth, instructor, on the extreme left.

TEEN TALK

By Laura Allison

The most exciting activity going on this week is the high school's Presentation of Honors. This, along with Homecoming, is the biggest undertaking that any club or organization takes on during the school year.

The theme for this year's Presentation is "Make Your Own Kind of Music," and several of the high school's own students will be doing precisely that. Entertaining that night will be Suzanne Bowers, Monica Hubbard, Roby Brown and Lori Goddard, Debbie Brookman, and Jan Green and Connie Mullins.

Those voted by their fellow students to be honored that night are as follows:

- MR. BHS: Steve Cremens, Mike Howard, Tim Steele
- MISS BHS: Laura Allison, Vicki Littlejohn, Pat Zimmerman
- ALL-SCHOOL FAVORITE BOY: Sam Hancock, Mike Howard, Chris Strayhorn
- ALL-SCHOOL FAVORITE GIRL: Laura Allison, Debbie Brookman, Pat Zimmerman
- ALL-SCHOOL HANDSOME: Sam Hancock, Tim Steele, Jody Southerland
- ALL-SCHOOL BEAUTY: Shirley Blairs, Linda Johnson, Terri Taylor
- FRIENDLIEST BOY: David Andrajack, Max Ludeke
- FRIENDLIEST GIRL: Karen Greer, Pat Zimmerman
- MANNERLY BOY: Greg Leonard, Mike Myers
- MANNERLY GIRL: Benay Barnes, Debbie Roth
- BEST GROOMED BOY: Chris Swain, Jody Southerland
- BEST GROOMED GIRL: Shirley Blair, Cindy Long
- VERSATILE BOY: Max Ludeke, Rodney Roberts
- VERSATILE GIRL: Becky Eastman, Karen Greer
- WITTIEST BOY: Greg Eastman, Gary Scobee
- WITTIEST GIRL: Cheryl Hicks, Mavis Roundtree
- MOST LIKELY TO SUCCEED BOY: Bill Page, Chris Strayhorn
- MOST LIKELY TO SUCCEED GIRL: Benay Barnes, Shelly Moore

- JUNIOR BEAUTY: Cindy McPhee, Terri Taylor
- SENIOR FAVORITE BOY: Steve Cremens, Max Ludeke
- SENIOR FAVORITE GIRL: Debbie Brookman, Terry Sutton
- SENIOR HANDSOME: Tim Steele, Jody Southerland
- SENIOR BEAUTY: Linda Johnson, Nita Reynolds

The program will be at the new Burkburnett Community Center, Saturday, February 12. It will start at 7:30 p.m. The organization that is completely in charge of Presentation, from the voting to the decorating, is the Derrick Annual Staff. This staff, which is led by Mrs. Jean McNabb, works not only on activities such as Presentation, but also has deadlines to meet each month to be sure that the annuals get put out before school does.

The hardest job of all is that of editor. Kathy Paulsen takes care of this job, which includes making sure that everything is done and done right, very expertly. Pat Zimmerman and Laura Allison are assistant editors, with Ranette Hudson, Diane Avtry, Marcie Long, Vicki Littlejohn, LaDonna Ballard, Suzanne Bowers, Steve Goad, Cindy Long, Terri Cunningham, Stephanie Muller, Jon Seftas, Richard Adams, and George Bauer as staff members. These students are busy selling tickets for Presentation now, so be sure to get in contact with one of these students before the reserved tickets are sold out. Reserved is \$2.00, general admission, \$1.50.

Hicks

rushing record of 297 yards during his junior year. In that game, he averaged 11.8 yds. per carry.
He was named to the All-Conference team for the third time this year.
He almost broke the single game rushing record on Oct. 30 of this past season against Langston University when he chucked up 255 yards rushing. Hicks probably would have broken the record but he didn't play the last 18 minutes of the game since the score was so much in favor of Southwestern (52-0).
This past year he has a per game average of 151.1 yds. rushing for a 5.6 yd per carry average for the year.
Hicks' parents, Mr. and Mrs. A. C. Hicks, reside at 308 W. 5th St. in Burkburnett.

Mrs. Frank Miller To Head Burk Area

The Wichita County Division of the American Heart Association's February campaign in Burkburnett will be headed by Mrs. Frank Miller, 636 Pecan.
Mrs. Miller is the mother of two boys, David, 13 and Mark, 12. Her husband is in the Air Force and stationed at Carswell Air Force Base in Fort Worth.
She is a member of the First Methodist Church where she is the co-ordinator of the children's division, and serves on both the administrative board and the education commission.
She is parliamentarian and the in-coming vice-president of the Contemporary Study Club. She has also been nominated for "Outstanding Club Woman" of the year for the Santa Rosa District.
Mrs. Miller is the ex-president of the Meadow Lane Garden Club and will be serving the Federated Study Club Council of Burkburnett as secretary-treasurer in the coming year. She is also active in Friends of the Library and the Orbit Skate Club which is a booster organization for the competitive skating in which her youngsters are quite active.
As Heart Fund Chairman for Burkburnett, Mrs. Miller is organizing special gifts and Heart Week Committees. The Special Gifts Committee will seek financial support for the Heart Association from within the Burkburnett business community. Volunteers are needed for the Heart Week campaign, February 23-27.
Last year heart disease took more than 450 lives in Wichita County. Across the nation, heart illness accounted for 54% of all terminal diseases and was responsible for upward of 50 million man hours in industry.
County President Joe Singer said, "Heart research has been successful in reducing the mortality rates in some age groups, but," Singer says, "the number of people who die due to heart disease and associated ailments still staggers the imagination."

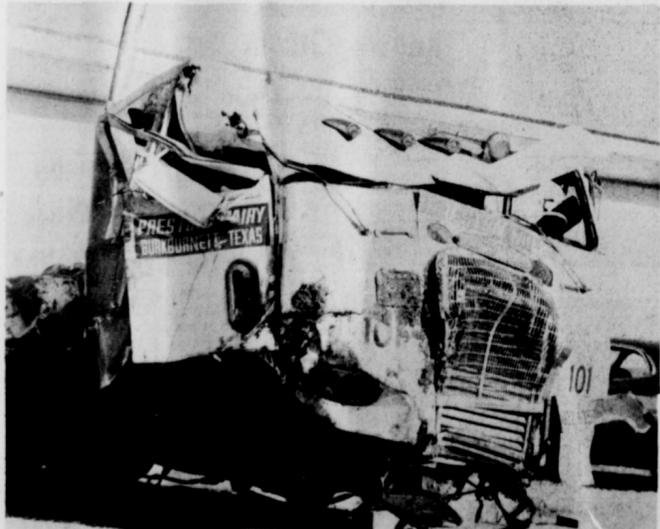

HAPPY FACES--Everyone beams with broad smiles as Charles Hicks signs a free agent with the Green Bay Packers. Looking on is his former high school football coach, left, Bill Tobin, agent for Green Bay and seated is Charles' mother, Mozell.

DE Class Places Five At Area Conference

The Distributive Education Class at Burkburnett High School sent ten members to the Area Distributive Education Conference in Amarillo this past weekend and returned with four first places and one third place.
Laura Allison received a first in advertising; Pam Hensley, first in Job Interview; Criss Swain, first in sales demonstration; Steve Nevins, first in public speaking and

Larry Doerre, third in public speaking.
Others competing in the area contest were Ben Hitchcock, Gary Metz, Phillip Butcher, Tom Shackelford and James Rictor.
The first place winners in the area conference will compete in the State Leadership Conference in San Antonio March 2-5.
Distributive Education, now in its 10th year, was the first vocational program at Burkburnett High School. Currently there are 11 units of Vocational Education at the school.
Instructor for Distributive Education at the local school is Lloyd Bloodworth.

SERIOUSLY INJURED--Jodie Lambert of Randlett, a truck driver for Preston Dairy, was seriously injured in a traffic accident at approximately 5:00 a.m. Sunday morning. The truck, traveling north on US 281 approximately 12.8 miles south of Mineral Wells, reportedly hit a slick spot on the highway. Lambert lost control of the truck and veered to the left hitting a utility pole and overturning the truck. He was taken to Palo Pinto General Hospital where he was listed in fair condition late Tuesday afternoon.

THE FAMILY LAWYER
Right to March
Fed up with public commotion, the city fathers in a certain community decided to strike a decisive blow for peace and quiet.

Within days, a group of dissenters went marching in defiance of the new ordinance. Hauled into court, they claimed that the ban was unconstitutional.

Mr. M. L. Thompson has accepted duties as plant foreman of Mobile Oil Company at Burkburnett. Mrs. Thompson, Danny and Patricia will be moving to our city as soon as housing facilities are available.

"Round The Town"

By Sylvia Lohoeferer

Mr. and Mrs. J. C. Hinkle have returned from quite an extensive trip. They spent a weekend in Friona, Tex., visiting Mr. and Mrs. Woody Fleming and there met their son, Howard Hinkle, for the week-

end. Howard is a student at Tex. Tech., Lubbock. They left on Monday for Uvalde, Tex., and visited friends, Mr. and Mrs. Don Inman, from there they drove to McAllen and toured the Rio Grande Valley with Mr. and Mrs. Jewel Riley; also drove over into Old Mexico sight-seeing.

They visited Mr. and Mrs. Chris Morris in Fairfairs. Then came by Ft. Worth enroute home to visit their son, Richard Hinkle and family, also visited their daughter Bill and Janelle Rudd and family. They report a wonderful trip and say this is a lovely time of the year to see South Texas.

Among the out of town relatives and friends attending the funeral services of Mr. Andy Bazzell, Tuesday were: his nephews, John and James Stine of Mobile, Ala.; his step son and wife, Mr. and Mrs. Fritz Ladd of Wichita Falls; Mr. Tom Chambers from the Skelley Oil District Office in Eunice, N. Mexico; Mr. and Mrs. Fred Fewin of Sedgwick, Kansas; Mrs. Mamie (Stewart) Campbell and husband of Dallas; Mr. and Mrs. Steve Marchand and F. A. Jamieson of Wichita Falls.

Construction of the new bridge across Red River started. The bridge will connect the Expressway to the Southwestern leg of the Oklahoma Turnpike. The bridge contractors have changed the river channel to permit the use of "sand points" to pump water out of the sand. Three large pumps are used to dry the "quick sand". The foundation will be set down in the shale. 245 days (approximately 1 1/2 years) has been allowed to complete the bridge.

Mr. Wayne Randall of Long Beach, Calif. returned to his

home Monday after having spent several days here while his mother, Mrs. Angie Randall, was seriously ill in the Wichita General Hospital. Angie is reported to be some better.

Mrs. Elma Kelley of 307 West 2nd St. in this city, had the misfortune of falling in her yard and breaking her left arm last week.

Mr. Lester Coats, who underwent major surgery ten days ago is home again and able to be out.

Word was received here of the death of Mrs. Bernice Boustani, 53, a former resident of this city, who died in a head-on collision while driving from Shreveport, where she worked as Supervisor of Nurses in the Veterans Hospital, to her home in Longview. Both she and the driver of the other car were killed instantly. Funeral services were held in Longview last Saturday. She is survived by her mother, Mrs. Mae McDonald; a sister, Mrs. Beatrice Oalline of Olney, Tex.; two brothers, Dr. DeWitt McDonald and W. L. McDonald of Longview. Bernice was a graduate of the Burkburnett High School. She and her

family lived many years on W. 3rd Street in this city. The older residents of Burk will remember the McDonalds and sympathize with the family in this death.

Among those attending the funeral services of Mr. V.C. Skipwith, Saturday were his daughters, Billie and Max Sutton and family of Huntsville; Mildred and Princeton Head of Odessa; Vergie Lee and Jimmy Senn and family and Mr. and Mrs. Jack Senn of Denver, Colo.; a son, Floyd Skipwith of Atlanta, Ga.; and Mr. and Mrs. Hubert Hart and E. B. Hart of Electra; Mr. and Mrs. David Faulk of McGargle; Mr. and Mrs. Jack Wagner, Mrs. Reba Zihlman; Mr. and Mrs. Dawson Owens; Guy G. McNeely, Jr.; and Mr. and Mrs. Owen Bailey, all of Wichita Falls.

Mrs. Alice Goodwin received word this weekend that two of her brothers were ill, Johnny Claer of Longview had surgery Friday in Shreveport, La., and Raymond Claer is in the hospital in Vivian, La. with "Flu" and pneumonia. Raymond's daughter is also in the same hospital as her daddy with "Flu."

Mrs. J. R. Sprague, Sr., mother of our fellow townsman, Bob Sprague, arrived from her home in Durant, Okla., on Friday night for a few days visit here with her son, Bob. She returned to her home Tuesday.

Guidelines of Life

By Max Dowling, Pastor
Central Baptist Church

During the month of February, I am seeking to enlist your interest in MEMORIZING meaningful verses from the Bible. Lewis gives several reasons why we should constantly memorize God's Word. They are:
1. To Obtain God's Great Promises
2. God Commands It
3. God's Word Is Vital To The New Birth
4. To Gain Assurance of Salvation
5. We Need This Weapon To Fight The Devil
6. Our Lord Did So
7. God's Word Aids Prayer
8. God's Word Brings Joy
9. It Builds The Life That Wins
Did you memorize Joshua 1:8 which was listed in the paper last week? Learn it and then advance to Matthew 6:24, "No man can serve two masters; for either he will hate the one, and love the other; or else he will hold to the one, and despise the other. Ye cannot serve God and Mammon."

Musical Set At Wichita Falls

The past, the present, and the future, . . . Presented with the sensitive touch of Fred Waring and his Pennsylvanians in a musical bridge of the generation gap will be presented by the Wichita Falls Downtown Rotary Club at Municipal Auditorium at eight o'clock, Saturday night . . . February 19th.

Fred Waring, unlike many other musical organizations that have come and gone, remains relevant to today while also borrowing on the nostalgia of a by-gone era. The knack of combining the old, the new, and the possibilities of the future in music has been one of the secrets that has kept this musical group alive and healthy for fifty-five years.

Tickets for the Fred Waring show are priced at \$5.75 for the main floor and \$4.50 for the balcony, and are available at pier one imports, Sears, Piccadilly Cafeteria, North Texas Federal Savings and Loan, West Card and Specialty Shop, and English Pharmacy in Parker Square.

For an evening of "Like It Is" and "Like It Was" . . . Be sure to see the Fred Waring show at 8 o'clock Saturday night, . . . February 19th in Memorial Auditorium, brought to Wichita Falls by the downtown Rotary Club.

Romona served on the welfare and social committee as a pledge. She is now serving on the scrapbook committee, and is welfare chairman. She has set up schedules, delivered articles of clothing and various items the Fowler Home has requested. Mrs. Vaughan and Mrs. Eaton delivered the scholarship to the Sorority gives each year. She set up schedules for members to decorate the Evergreen Manor Nursing Home for Christmas. She has participated in all socials, missed only one chapter meeting, and attended all District VI meetings. Mrs. Vaughan is now holding the elected office of recording secretary, and is keeping the minutes the Corresponding secretary and historian need for their records. In 1971 she was Chapter Sweetheart. Romona works in the District Attorney's office in Wichita Falls, and is a member of the legal secretary's Association. She and her husband, Henry B., belong to Fairway Baptist Church in Wichita Falls.

Writers Will Hear Howard

Rhea Howard, publisher and president of the Times Publishing Company, will be honored at a noon luncheon on Thursday, February 17th in the Wichita Falls Women's Forum.

The host group is the Forum Writers Department, an organization of professional and amateur writers.

Tickets for the luncheon which is open to the public, may be obtained from the department's president, Mrs. E. E. Wilson, 322-3214, or from the Forum office, 766-3347.

Longtime members of the Forum Writers in Burkburnett are Mrs. F. G. Jeffers, Mrs. A. H. Lohofener and Mrs. E. E. Clack.

Federated Missionary Society Meets In B.L. Turner Home

The Federated Missionary Society met Friday, Feb. 4, in the home of Mrs. B. L. Turner.

The meeting opened with the group singing "Just As I Am". Mrs. R. L. Gragg led in prayer.

The minutes were read and treasurer's report was given. Roll call was read and answered with scripture verses.

After the order of business, Mrs. Turner brought a beautiful story about Abraham Lincoln entitled, "Man of God". Mrs. Bill Cauthorn presented the program entitled "Life's Lesson". She also read a poem, "Valentine". The meeting was dismissed by members repeating in unison Psalm 19:14.

Those enjoying a beautiful Valentine refreshment plate were Mmes. Cragg, Haley, Vandenburg, Cauthorn, Bunsidine, Miller, Begeman, Chambers, Mallett, Beldon, Turner, and one visitor, Mrs. Olson.

The group will meet in March with Mrs. Kent and Mrs. Ady.

Makes Plans For Play Day

The Burkburnett Riding Club met Thursday night, Feb. 3 in the community room of the Burkburnett Bank.

The meeting was called to order by Elmer Klinkerman, president. The minutes were read and approved. All visitors were welcomed and memberships were placed. Mrs. Lois Perkins and Mrs. R. T. Wells were appointed by the president to help Mrida Goins with the concession stand. A report was given on the arena; cotton burs are on the arena and plans were made to work on it.

Frank Smith gave a report on the district news. Frank is the district president and

a member of the local club. He attended a meeting in Euless, Texas last Saturday. The rules and regulations on all play days were discussed and plans were made for the printing of the rule books for 1972. Frank also said there are several things being changed this year. One was the place and date for the National Finals Play Day which will be held either in Fort Worth or Waco. A decision will be made in the near future.

All district dues had to be paid by February 15. The play days for the district will be starting in March.

All members of the Burkburnett Riding Club must have their club dues paid by Feb. 13 if they want their points to count this year.

The next play day will be Sunday, Feb. 13. Registration begins at 1:00 and riding at 1:30 if the temperature is 45 degrees or over.

A skating party was planned for Monday night, Feb. 7, at 7:30 at the Orbit Skating Rink.

Windell Goins, Jim Adolphis and Willie Tompson were appointed to plan and prepare for the trail rides for the club. They will start their plans for the April trail ride. These trail rides will consist of members and their guests.

The next meeting will be March 2 at 7:30.

PUT UP POSTERS--Dorothy Beeson and Vern Gerstner display the Dental Health Posters that will be placed in all of the Burkburnett Schools. Looking on is Pat Robinson, wife of Dr. R. R. Robinson, local dentist; and Mrs. Letha Moore, R.N. of the Hardin School.

Schools Stressing Dental Health Week

The Burkburnett Public Schools are stressing children's dental health this week. Preventive dental health is taught and emphasized in classrooms during regular classes but especially during National Children's Dental Health Week.

Under the direction of the school nurses, Mrs. Letha Moore and Mrs. Alice Smith,

dental health classroom talks and special programs are planned.

The third grades will be honored in a special assembly with guest speakers from local dental offices. Hardin Elementary will hear Dr. Bill Boardman, while Southside Elementary will hear Mrs. Clara McKinney, dental assistant for Dr. Rudolph Robinson.

Fifth grade students of Southside and Hardin schools will have a field trip to a dental office. The tour will be conducted by Mrs. Clara McKinney.

Other classrooms will receive pamphlets on dental hygiene and preventive care. Program for students at Sheppard-Burkburnett School will be given by the Dental clinic at Sheppard AFB.

The dental auxiliary assists in National Children Dental Health by obtaining posters which are displayed throughout the schools and businesses in town.

The Auxiliary presented Mrs. Moore with toothbrushes to be distributed.

Question of the Week : "What effect do you feel the eighteen-year-old vote will have on the elections this year?"

COY CAMP
Burkburnett
"I think it'll have quite an effect because there are so many of them eligible. I believe the most radical man on the ballot is the one they'll vote for."

JOSEPHINE DURHAM
729 W. Third
"I don't think it'll have any effect. They'll vote--but I don't think their vote will make much difference in the outcome of the elections."

This is the first of a new feature which will appear each week in the INFORMER STAR. Subjects from politics to kiddoes' heroes will be covered in the months to come. If you would like to comment on the subjects discussed, just drop a signed letter, addressed to the Editor, into the mail.

CAROLYN ELKINS
Waurika, Okla.
"In the presidential election I think it'll have a great deal of effect because of the new ideas the youth have. It's time they had the responsibility of the vote along with the right. Now that the voting age has been lowered I don't believe it will be easy for the pollsters to pick the winner before the election."

LEON VEITENHEIMER
Burkburnett
"I think it'll eliminate the 70 year olds from running for office. I feel it'll lower the age of lawmakers to the middle age bracket, which I feel is a good thing. Industry makes its people retire at a certain age and I think lawmakers should too. I think the younger people will help bring in the middle age group of lawmakers."

Everett D. Hawhee Named Man Of Month

Dallas, Texas, Feb. 3, 1972 . . . Everett D. Hawhee, an inspector for Braniff International at the Dallas Maintenance Base, has been selected as "man of the month" from the airline's entire U. S. maintenance employee roster.

He was the guest of top management, attended the airline's daily briefing session where he was introduced to company officials, and honored at a luncheon given by Executive Vice President John J. Casey.

Hawhee, who has earned the name "Hawkeye" for his thoroughness in checking overhaul work on Braniff's wide-body, colorful jets, was cited for his performance in reducing ground and overhaul time because of his effective inspection work.

JOHN J. CASEY, left, exec. vice president, Braniff Intl., congratulates Inspector Everett D. Hawhee for his selection as maintenance man of month.

Local Gangpusher Retirement Told

C. D. Gee, Gangpusher at Mobil Oil Corporation's Burkburnett Foreman's Area, retired February 1 with 34 years service. He was presented with a jeweled service emblem and testimonial as well as a gift from fellow employees.

Mr. Gee began working with the company at Stonewall, Oklahoma in 1938. In 1941 he was assigned to the Gas Department at Vandertail, Texas. In late 1941 he transferred to the Producing Department as a Lease Operator and in 1946 was assigned to the Burkburnett area and was promoted to his present position in 1956.

Gee and his wife Opal reside at 707 Sunset Drive, Burkburnett. They are members of the First Baptist Church in Burkburnett and have three children: Patricia of Sweetwater, Texas; Dr. Don Gee of Abilene, Texas; and Jerry of Rose Hill, Kansas. The Gees plan to spend their retirement years in Burkburnett.

Sen. Jack Hightower Announces Candidacy

Vernon, Texas, February 1. Now in the mail are formal requests for a place on the ballot for the Democratic primary by Jack Hightower as a candidate for re-election to the State Senate from the 30th Senatorial District.

Sen. Hightower has been an announced candidate for some time, but formal filing with the County Democratic Committee was delayed due to the litigation involving Senatorial district boundaries and the question of filing fees. Some of the legal questions having been resolved it is now known which counties are included in the new 30th Senatorial District.

Sen. Hightower is in his eighth year of service in the Senate. He also served one term in the Texas House of Representatives and was District Attorney of the 46th Judicial District seven years prior to his election to the Senate.

A legislative leader, Senator Hightower is Chairman of the Senate Administration Committee and has played a vital role in the improvement of the legislative process in Texas. In addition to his membership on the major Senate committees in the last regular session of the legislature he served as President Pro Tempore of the Senate. On April 3, 1971, while serving as Acting Governor, the people of the 30th Senatorial

District honored Senator Hightower and his family at "Governor - for - a - Day" events in Austin.

Senator Hightower, 45, is a native of Memphis, Hall

County, Texas. He and his wife, the former Colleen Ward of Tulla, Texas, have three daughters, Ann, 19, a student at Baylor University; Amy, 15, and Allison, 12.

Selection Change For Cheerleaders

A new system for cheerleader selection has been proposed and will go into effect at Burkburnett High School just in time for this year's competition. According to a school spokesman, the new system is an effort to elect BHS cheerleaders as democratically and fairly as possible.

The varsity cheerleading squad will be comprised of three seniors and three juniors. Before entering the competition, a girl must have a petition with the signatures of four of the present cheerleaders and twenty five of her classmates. The petitions will be filed and each girl's grade average, which must be a

"C" or better, will be checked. Preliminary try-outs will be held in the school's main gym April 15 before a panel of judges. Final judging will be later in front of the junior and senior class of 1973.

The "B" team cheerleaders will be chosen by the same procedure except that they will be six sophomore girls and the final selection will be before the sophomore class of 1973.

In the future the "B" team cheerleading squad will only participate at "B" team and freshman ball games and not in varsity pep rallies or games.

SPEAKS TO CHAMBER--Debbie Osborn of Burkburnett and Rhonda Mickelson of Wichita Falls (left to right) presented the program at the Burkburnett Chamber of Commerce monthly luncheon Monday. The girls, who are senior scouts for NorCenTex Girl Scout Council, spoke to the group on Girl Scouting. Shown with the pair is new chamber president Reid McCandless.

Okl. Cotton Totals Behind Last Year's

The USDA Cotton Division Classing Office at Altus graded 21,900 samples for the week ending February 4, and recorded a season total of 157,700 samples classed, according to C. E. Cox, officer in charge. Last year at this date 193,700 samples were reported.

Total classed from north Texas counties this year stood at 24,400 samples, compared with 25,900 to this date last year.

Grades on north Texas cotton classed during the week were 70 per cent Light Spotted, and 18 per cent Spotted. The predominant grades were 42 with 39 per cent, and 52 with 29 per cent. Forty-eight per cent was reduced in grade because of bark or grass.

Staples were predominately 30, 31, and 32. Thirty-five per cent was Staple 30, 27 per cent Staple 31, and 20 per cent Staple 32. Micronaire readings were in the 3.5 to 4.9 range on 65 per cent of the samples. Fourteen per cent miked 3.3 and 3.4, and fourteen per cent 3.0 to 3.2. Pressley readings showed fiber strength mostly in the range 70,000 to 89,000 pounds per square inch, with the average being 80 thousand pounds.

The Consumer and Marketing Service reported market activity declined along with a decline in prices. Grades 42 and 43, average staple lengths, miking in the 3.5 to 4.9 range, were about 250 points lower than the previous week. Additional discounts were in effect on low mike cotton, up to 500 points off for 2.6 and below. Cottonseed was unchanged at \$56 per ton.

COUNTY GOV'T - Texas Assistant Attorney General J. C. Davis will discuss the laws affecting county government during the 14th Annual County Judges and Commissioners Conference at Texas A&M University, February 9-10. Theme of the conference is "High Noon for County Government." More than 600 county officials from across the state are expected to attend, according to Charles Lawrence, Extension county officials program specialist.

Advice On Herbicides Now Available From Extension

LUBBOCK - The latest herbicide recommendations for cotton weed control in West Texas are available to producers, chemical dealers and other agribusinessmen.

The recommendations are a summary of field tests by Texas A&M University researchers and Extension specialists throughout West Texas.

"The report summarizes field trials with preplant, pre-emerge and post-emerge herbicides," explains Dr. Dudley Smith, weed scientist for the Texas Agricultural Experiment Station, at Lubbock.

The two page publication lists the various chemicals that were tested, application rates and necessary precautions for safe use. In addition, the report gives information on herbicide use

for weed control in narrow row cotton. Sprayer calibration recommendations also are offered. A special section is included on control of problem weeds such as morning glory, devil's claw, cocklebur and water grass.

"The bulletin is intended as a guide to assist growers in planning a weed control program to fit their specific needs," says Dr. Robert Metzger, Extension area cotton agronomist. He emphasizes that individual producers must make the final decisions and select chemical brands, methods of application and rates that are most economical for their situations.

Copies of the bulletin are available free-of-charge at county Extension offices in West Texas. They can also be obtained by writing or calling

the Texas A&M University Agricultural Research and Extension Center, Rt. 3 in Lubbock. Gainers, chemical dealers, distributors and custom applicators may also get extra copies at the center.

Besides Smith, Dr. Allen Wiese of the Southwestern Great Plains Agricultural Research Station at Bushland also field-tested the herbicides. The studies were supported in part through the "dollar-a-bale" program of Cotton Incorporated and the Plains Cotton Growers Incorporated.

Ag. Sec. Butz To Be Speaker At Convention

FORT WORTH, Texas - Secretary of Agriculture Earl S. Butz will be the featured speaker for the 95th annual Texas and Southwestern Cattle Raisers Association Convention scheduled March 13-15 in Houston.

Frank H. Lewis of Bay City, president of the TSCRA, announced that among the speakers for the 1972 convention will be Bob Overton, assistant director of the USDA Crop and Livestock Reporting Service in Washington D. C. and nationally known humorist Dr. Charles W. Jarvis of San Marcos.

Seminars Planned At Conference In Waco

COLLEGE STATION - Seminars on beef cattle, horses, poultry, swine dairy cattle and feedlot management will highlight the 4th Annual Southwestern Animal Health Conference, March 18-19, at the new convention center in Waco.

The conference is sponsored by the Texas Veterinary Medical Association and Texas A&M University for livestock producers in a five-state area.

A general session on March 18 will open the conference. Earl Butz, U.S. Secretary of Agriculture, has been invited to be the keynote speaker. A demonstration on how to gently a wild horse in 30 minutes will also be featured at the opening session.

The beef cattle seminar will feature discussions on crossbreeding and genetics, soil, pasture, pollution, new trends toward exotic breeds and how they affect the livestock producer, and sound management systems.

Topics to be discussed at the session on horses include immunization, lameness problems, preparation and care of brood mares, and sound nutritional practices.

A special presentation on African Swine Fever will highlight the seminar on swine. Other topics will include reproductive problems, feed additives and nutrition, preventive medicine, record keeping and program management.

The seminar on poultry will revolve around preventive medicine and will include such topics as Asiatic Newcastle, vaccine programs, broiler rearing systems, and how to reduce condemnation from both sides of the processing line.

For dairy producers, special seminar discussions will include nutrition and immunization programs, practical fertility programs, and the straw method of artificial insemination, milk fever and downer syndromes of cattle, and training of new dairy hands.

An enrollment fee of \$15 will be charged for those who register before March 1. Late registration fee will be \$20. Full information on the conference may be obtained by contacting the Southwestern Animal Health Conference, 513 Scarbrough Bldg., 6th and Congress, Austin, Tex. 78701.

Food Specials Help Budgets

COLLEGE STATION - "Do you take advantage of the advertised food specials? You can save money on your food budget this way," said Gwendolyn Clyatt, consumer marketing specialist for the Texas Agricultural Extension Service.

Mrs. Clyatt said to check meat counters this week for good beef values on chuck roasts and steaks, round steaks, stew meat, ground beef and beef liver.

"Most markets will feature one or more cuts at special prices so look over the offerings carefully before making your choices," she advised.

This week's values also include hams, ham portions, end-cut roasts and chops and shoulder steaks. Fryer chickens are an excellent meat choice, she noted.

"Two eggs supply satisfactory protein in lieu of meat. Buying and serving more eggs could result in a savings worthy of your consideration," Mrs. Clyatt said. "Grade A large eggs offer the best combination of quality and economy for your money."

"In general, the best values on the vegetable counter will be green cabbage, split peas, potatoes, bulk turnips, carrots, bell peppers, dry yellow onions and rutabagas. Broccoli, eggplant, sweet potatoes and cauliflower remain moderate in price."

Apples, oranges, grapefruit, bananas, pears, tangerines and tangelos dominate the fruit counter.

an investment credit of seven per cent is available for depreciable, tangible personal property subject to depreciation recapture and having a useful life of at least seven years. All livestock, except horses, meeting these conditions, will also now comply.

For assets obtained in 1971 to qualify for investment credit, they must have been ordered on or after April 1, 1971, or if ordered prior to April 1, delivered after August 15, 1971. In general, if the asset would ordinarily qualify and was not ordered before April, the investment credit will apply. However, if an order was placed prior to April 1 and unless the actual delivery was delayed until after August 15, the investment credit is not applicable.

Never before has it been more important that producers increase cotton production in 1972. Last year's low yields, coupled with increasing demands for U.S. cotton at home and abroad, makes it imperative that we increase production to prevent further loss to synthetics. Without an adequate supply it is difficult to convince our consumers, the textile mills, that we can deliver cotton in adequate quantities and qualities when they need them.

Along with favorable prices and good underground moisture, the prospects for profitable cotton production look bright in our area. Producers should make every effort to put in motion their best management skills in planning this year's cotton crop. The latest information on all aspects of cotton production can be obtained in fact sheets, bulletins and leaflets at your county agent's office.

A training short course on insects and diseases for trees and plants for all landscape people, nurserymen and individuals interested in spraying will be held in Wichita Falls on February 21 and 22. The February 21 meeting will be held at Underwood. The February 22 meeting will be held at Smith's Gardentown, 4100 Kemp Street. Each meeting will begin at 7:30 P.M. Instructors for the course will be Dr. Norman L. McCoy, Area Plant Pathologist from Denton; Dr. Dale Lovelace, Area Agronomist, Vernon; and Emory Boring, Area Entomologist, Vernon. I would like to encourage all landscape and nursery people from this area to attend. A dinner will be served at Underwood's on February 21.

Reduced grain exports from Texas ports are costing the state's grain industry millions of dollars. Grain sorghum exports during the last three months of 1971 were down more than 30 million bushels from the same 1970 period. This reduced revenue by \$19 million. Hard winter wheat exports were off 16 million bushels during the last six months, resulting in a loss of more than \$25 million. Factors causing this decline include large world supplies of grain, price competition with grain from other countries, and dock strikes.

Texas recorded 444 cases of scrowworms in 1971, making the year the worst since 1958. However, confirmed cases had been down considerably in 1969 and 1970. Fifty-six counties had scrowworm outbreaks in 1971, with Val Verde County leading with 67 cases. A total of 255 cases were chalked up in September and October. Livestock producers are urged to keep a close check on their livestock and to submit worm samples to the Scrowworm Eradication Program, Box 969, Mission, Texas. Containers may be picked up from the county agent's office.

The 20th annual Texas Farm and Ranch Credit School for Commercial Bankers is slated for February 14-16 at Texas A&M University. Theme of the event will be "Financing a Changing Agriculture."

March 1 is the deadline for farmers and ranchers to file their income tax returns. The Income Tax Act of 1971, passed in December, has changed some of the regulations affecting your 1971 tax liability. The most important change is the reinstatement of investment credit. Under this law

Where you shop by name... not by number

Rush, run and grab a number. Hurry up and wait.

Push, shove and push. Outshout noise and grab and go. Numbers are waiting.

Clerks couldn't remember your face tomorrow. Isn't it more fun to shop where businessmen and sales people know your name? And you know theirs?

When a hometown businessman says "We missed you" don't you sometimes secretly admit "I missed you, too"?

It's much more fun to shop where your business is appreciated.

Okla. Takes Early Lead For Title

DENVER, Colo.--A 30-year old Oklahoma cowboy has taken an early lead for the 1972 world champion all around cowboy title with \$4,399 in winnings, the Rodeo Cowboys Association said.

Barry Burk, Chandler, a top calf roper in the sport, is competing this week at the Southwestern Exposition and Fat Stock Show rodeo in Fort Worth, Texas, hoping to keep the lead.

Burk is followed closely by the reigning world champion all around cowboy, Phill Lyne, George West, Texas, who has won \$3,784 so far this year.

In saddle bronc riding, rodeo's classic event, Doug Brown leads with \$2,567. Brown, Silverton, Ore., was the 1969 bull riding champion.

Another former champion, Gary Tucker, Carlsbad, N. Mex., leads in bareback riding with \$4,676. Tucker won the bareback title in 1969.

The bull riding leader is John Quintana, the 25-year-old cowboy from Eugene, Ore., who scored rodeo's highest marked ride, a 94, on a bull last year. Quintana's winnings amount to \$4,052.

Another Oklahoman, Richard Stowers, Madill, is in first place in calf roping with \$4,386. Stowers is a perennial qualifier in the event for the National Finals Rodeo.

Bussy Kaul, Hereford, Texas, the big money-winner at the recent National Western Stock Show rodeo in Denver, leads the steer wrestlers with \$5,223.

Gary Gast, Lakeside, Calif., is first in team roping with \$1,637.

Bob Berger of Norman, Okla., is in fourth place for All Around Cowboy. He has won \$1,264.

Clyde Vamvoras, Devol, Okla., is in third place in Bareback Bronc Riding. His winnings amount to \$2,305.

Quail Population Drop Blamed On Drought

The quail population is now lower than it has been for several years, reports Stanley Williams of the Soil Conservation Service. Several explanations have been offered. The blame has been placed on use of herbicides and insecticides, and hunting at one time or another.

Knowledgeable people say no, and the facts bear them out. Allen Vaughn, who is a biologist for the Soil Conservation Service says, "Herbicides usually affect quail only to the extent that their habitat may be deteriorated. Insecticides probably are not a significant factor either, since insects provide generally less than ten percent of a quail's food supply. The likely reason for the quail population decline is the drought. It is natural for the quail population to fluctuate, with a low following a year

with the critical March to August period being dry."

We all know that during 1971 this period was very dry. From March 1, 1971 to August 1, 1971 only 5.51 inches of rain fell. Normal for this period is 13.5 inches.

During the past, several ineffectual techniques have quail populations. One of the most commonly used techniques is to close the season and stop hunting quail. Two others are to stock with pen-reared quail and control predators.

Studies have indicated that none of the practices have any significant bearing on the quail population. Quail have a population turnover of about 80 per cent each year. This means that only twenty per cent of quail will go through more than one reproductive cycle. The number of predators or hunting does not significantly affect this percentage. A pasture that is hunted heavily will have just as many quail as one where hunting is prohibited.

The one important thing that all studies point to is quality of habitat. Quail will not thrive in a poor habitat. A

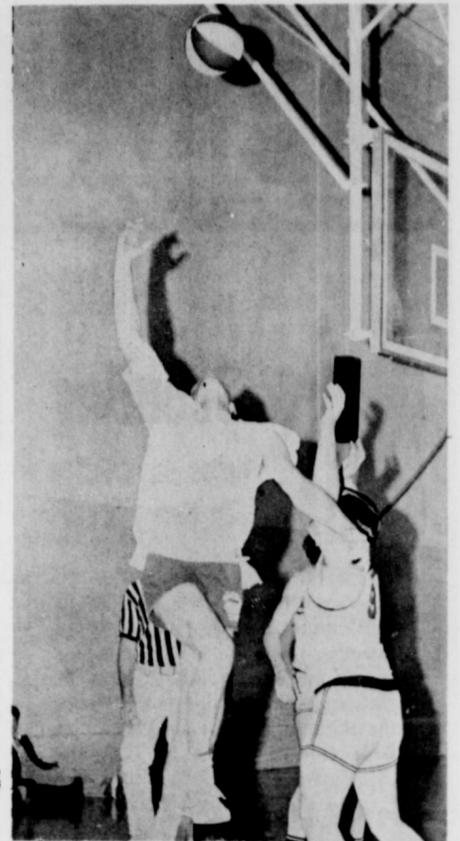

good habitat provides adequate cover and food. Several practices have proved to be very helpful in improving quail habitat. One simple operation is to disc small tracts of land, about one-fourth acre in areas of rangeland.

This encourages growth of annual forbs which provide most of a quail's food supply. Common weeds such as carelessness, ragweed, sunflower, broomweed and croton are important sources of food for quail.

During brush control operation small clumps of brush can be left. Important species to leave are wild plum, gum elastic, skunk brush, hackberry, and oak, all of which provide food for quail.

Small patches of grain sorghum or millet can be left unharvested along shelter belts or other quail habitats. The use of russian olive as an introduced shrub is desirable.

It should be emphasized, however, that quail thrive best on their natural food. Attempts to supplemental feed can be considered at best only a temporary measure, and will not provide lasting results.

AGGE LAY-UP????????--This may or may not be the way Aggies make a lay-up shot in basketball but it sure 'nough is the way Ag teacher Jake Fite makes a hook shot as was evident in the Thursday night game of the Burkburnett High School Faculty and the KTRN Dribbling Drips. The Drips were defeated by one point.

NO APPOINTMENT NECESSARY

SHEPPARD AFB, TEXAS--TOP SENIOR NCO--MSgt. John C. Polulech, left, an instructor supervisor in the Department of Veterinary Medicine, U.S. Air Force School of Health Care Sciences at Sheppard AFB, teaches bone structure to Sgt. Hannah J. Williams, a student in the department. Sergeant Polulech has been nominated from Sheppard for the Air Training Command's Outstanding Senior Noncommissioned Officer of the Year for 1971. (OFFICIAL USAF PHOTO)

SHEPPARD AFB, TEXAS--NOMINATED--MSgt. Bobby H. Webb, left, an instructor in the Department of Aircraft Maintenance Training, 3750th Technical School at Sheppard AFB, demonstrates the proper use of a fire extinguisher to Ann. Jessie J. Harbert, a student in the department. Sergeant Webb is Sheppard's nomination for Air Training Command, Outstanding Noncommissioned Officer of the Year for 1971. (OFFICIAL USAF PHOTO)

SHEPPARD AIR FORCE BASE

SAFB Photo Lab Provides Wide Range Of Services

SHEPPARD AFB, TEXAS-- "We process about 20,000 units a month, serving not only Sheppard, but three other Air Force bases, the Wichita Falls Naval and Army Reserve and even Fort Sill in color print support." This is the comment of SMSgt. Ernie R. Locke, noncommissioned officer in charge of the base audio-visual laboratory, better known as the photo lab. Photo lab people provide a wide range of photographic support. In the past year the lab has replaced 90 percent of its equipment and now has a \$67,000 inventory of modern camera, processing and print units.

An enlarged program in color film work has been started recently. It includes copying of 35 mm slides, copying of art work up to 30 x 40 inches into 35 mm slides, and slide mounting at 60 slides per minute in plastic mounts. Also, new equipment allows lab technicians to make color prints up to 30 x 40 inches and processing of art work into 8 x 10 inch transparencies.

The lab has now been authorized by the Air Training Command to do all color work for Reese, Webb, and Vance Air Force Bases as well as assist local military units in their needs.

"The lab does not do just the processing, however," Sergeant Locke added. "We also provide many other services to on-base people."

These services include outside photographic services, studio photographs, reduction or enlargement of art work, enlargement of 35 mm black-and-white film to 11 inches wide, contact printing, and a photostat service for birth certificates and official documents processed through the Consolidated Base Personnel Office.

Lab photographers work through the Base Information Office in covering news and feature stories for local and national release. They also work with the base Security Police in photographing accidents or working on investigations that require photo evidence.

Studio work includes providing photos for passports, honor students, special assignments and official officer prints and special portraits.

The lab's copy camera can enlarge art work 300 percent or reduce it 23 percent. The contact printing unit can produce prints from 2x 2 to 30 x 30 inches.

Sergeant Locke came to the photo lab in September 1969 with a varied and diversified career in both the Army and the Air Force.

He served in the Army from May 1948 until December 1953, being discharged as a technical sergeant.

After two years of civilian life spent in Tennessee and Wyoming, Sergeant Locke re-enlisted in the service. This time he chose the Air Force and began as an airman first class in July 1955.

Sergeant Locke again worked his way up the ranks, and in June 1971 sewed on his senior master sergeant stripes.

Most of his 16 years in the Air Force were spent in the aircraft maintenance field where he served as crew chief and instructor among other duties.

In September 1969 Sergeant Locke took up the challenge of moving into a new career field. He retrained into the photographic field and soon developed a plan that has now made Sheppard's photo lab one of the finest in the Air Force.

MSgt. Goforth Receives Medal

SHEPPARD AFB, TEXAS--MSgt. James Goforth, of the Department of Communications and Missile Training, 3750th Technical School at Sheppard AFB, was awarded the Air Force Commendation Medal in ceremonies here Monday morning.

Col. Amos H. Ross, commander of the department made the presentation. Sergeant Goforth earned the decoration for meritorious service as a technical instructor and course supervisor in the department from April 25, 1966, to Jan. 31, 1972.

The sergeant retired, effective Jan. 31, 1972 in Burkburnett, following 20 years of military service.

SAFB Publication Entered For Award

SHEPPARD AFB, TEXAS-- One of the Air Force's 10 entries for Department of Defense consideration in the annual Thomas Jefferson awards competition is Sheppard AFB's "The Air Force Is," special print media category. The competition is designed to promote excellence among armed forces informational publications and radio and television programs.

Entries this year are to be judged by Copely Newspapers.

Sergeants Polulech & Webb Nominated For ATC Honors

SHEPPARD AFB, TEXAS--Nominations for Air Training Command's Outstanding Senior Noncommissioned Officer (NCO) of the Year and Outstanding NCO of the Year for 1971 from Sheppard Air Force Base, were announced here recently.

They are MSgt. John C. Polulech, an instructor supervisor in the Department of Veterinary Medicine, U. S. Air Force School of Health Care Sciences, and MSgt. Bobby H. Webb, an instructor

in the Department of Aircraft Maintenance, 3750th Technical School.

Sergeant Polulech was nominated for his superior teaching techniques, his consistency in assuming more than his share of routine duties, and a thorough knowledge of his field that allowed him to revise a 60-hour block of instruction and aid in the planning and implementation of a unique 36-hour field training program.

A native of Cooperstown, N. Y., Sergeant Polulech joined the Air Force in July 1954. Prior to coming to Sheppard in May 1970, Sergeant Polulech was stationed at the 3750th Pilot Training Wing at Vance AFB, Okla.

Sergeant Polulech is chairman of human relations panel and visits airman students in their dormitories several times a week. He also provides transportation for the students to religious gatherings.

The sergeant, his wife, Doris, and their two children, Michael and Alyson, live in the Capehart housing area at Sheppard.

Sergeant Webb distinguished himself through his dynamic, enthusiastic and professional approach to instruction. He has also proven himself an active member of the local community.

After attending Danville High School in Danville, Ark., Sergeant Webb joined the Air Force in September 1955. He served at Shaw AFB, S.C., before coming to Sheppard in May 1969.

The sergeant has received the Air Training Command To Promote Safety (TOPS) Award, the Air Force Commendation Medal and the Meritorious Achievement Award.

Sergeant Webb was promoted from technical sergeant after Dec. 31, 1971, and is therefore eligible for competition, even though he is now a senior NCO.

Married to the former Tempy A. Willis of Wichita Falls, the couple has two children, Barbara Kay and Brenda Kay. The family now lives at 1033 Wesley Dr. in Wichita Falls.

MSgt. Jerry B. Paschall

Completes Course In Record Time

SHEPPARD AFB, TEXAS--MSgt. Jerry B. Paschall surprised his fellow workers at Sheppard AFB when he came to work a week after he left to attend a five-week two-day course at Lackland AFB, Tex.

He had already completed the 150-hour Instructional Programmer course there. It took him only 36 hours to finish the self-paced course. Sergeant Paschall explained that as he developed the material in the course he progressed to the next phase. He set a new record for the shortest time for anyone to complete the course.

Sergeant Paschall works in the Instructional systems development of the curriculum branch of the Aircraft Maintenance Training Department of 3750th Technical School at Sheppard.

The sergeant has been at Sheppard in this department since 1967. First he was an instructor in jet aircraft maintenance and then went to his present job in June 1971.

The majority of his 7 1/2 years in the Air Force has been spent as a flight line mechanic. He was at Johnson AB, Japan; Kincheloe AFB, Mich.; Amarillo and Sheppard AFBs, Tex., and Thailand. He first came to Sheppard in 1965 and spent a year before going to Thailand for one year.

Suggestions From 26 SAFB Personnel Approved By AF

SHEPPARD AFB, TEXAS--Due to suggestions recently approved at Sheppard Air Force Base, the Air Force stands to gain \$42,711.40 in addition to reaping the intangible benefits of improvements in daily operations.

Twenty-six people received awards in the program, 15 of them cash awards totaling \$2,592.50, while the remainder received certificates.

Of the \$42,711.40 total tangible benefits, \$8,925.15 were approved by the Resources Conservation Program (RECON) at Sheppard.

The largest cash award went to Barbara J. Tinker, 3750th Civil Engineering Squadron, 3750th Air Base Group in the amount \$820.

Following this was a cash award for \$530 to TSgt. A.J. Everett, Base Operations Training Division, Air Base Group; Eugene S. Szczepinski, and Bill Witherington, of the Maintenance Division, 3750th Maintenance and Supply Group, with \$330 and \$275 respectively.

Receiving lesser amounts were Freddy Waters of the CE Squadron, Air Base Group, with two awards totaling \$250; Capt. Richard L. Todd, controller, Air Base Group, with \$100; SSgt. Nancy Crawford, U. S. Air Force Regional Hospital, \$75; AIC Alan F. Kirchner, personnel branch, Air Base Group, with \$65; William R. Cowles, Department of Aircraft Maintenance Training, 3750th Technical School, with \$25.

Others are Dalton D. Holloway, Department of Comptroller Training, Tech School, with \$25; June R. Smith, Services Division, Air Base Group, with \$25; Aubrey L. Rodgers Jr., Aircraft Maintenance Training, and Edgar W. Fulcher, Department of Civil Engineering Training, Tech School, with \$25 and \$12.50 respectively.

Recipients of certificates were Maj. Ronald B. Morley, Department of Dentistry, and Capt. Bassel E. Bolton Jr., Training Operations Division, both of the U. S. Air Force

School of Health Care Sciences; Capt. Donald H. Voyles, operations, German Air Force/U.S. Air Force Pilot Training Squadron, 3630th Flying Training Wing; MSgt. William P. Riley, CE training Tech School and TSgt. Paul H. Barney, maintenance division, M&S Group.

Also William Fehr and Jack G. Davis, personnel, Air Base Group; TSgt. Billie W. Webb, SSgt. Ralph E. Davis, and TSgt. Wayne L. Barritt, all of the Department of Aircraft Maintenance Training, and Daniel E. Aldrich, Department of Communications and Missile Training, Tech School; Dane J. Rutherford, Operations Plans/Requisition Division, of the Wing.

By the use of a computer, FDEP automates the computation and transmission of flight plan and movement data between the Federal Aviation Administration's Air Route Traffic Control Centers and the control towers serving various airbases.

In addition to the quicker and simplified exchange of information, FDEP promises to virtually eliminate the possibility of human error.

SAFB To Be Site Of FDEP Installation

SHEPPARD AFB, TEXAS--Sheppard Air Force Base has been selected as one of the 18 locations by the Air Force Communications Service for installation of a Air Force Flight Data Entry and Print-out (FDEP) system.

The first of such systems, recently installed at Scott AFB, Ill., enables air traffic controllers to receive and transmit aircraft flight plan information automatically.

REDUCE YOUR TRASH
If the volume of your trash exceeds the bounds of good ecology, do something!
The usefulness of many every day refuse-bound items can be extended. Veterinarians and kennels welcome old newspapers. Hospitals and nursing homes never can get enough old magazines or paperbacks.
Use large economy-size cans of food whenever possible. There are 115 square inches of metal in a large 42-ounce can of a leading brand of tomato juice, compared to 224 square inches in 8 small cans that hold as much as the big one.
One multi-use product such as baking soda packaged in a recycled cardboard box can replace a multitude of specialized products in unrecycled containers. It also eliminates the clutter in your kitchen cabinet and outlay of cash for those other products.
Using baking soda makes good sense too, from a health standpoint, especially for cleaning areas that come in touch with food or babies. It's a baking ingredient so you know it's safe.
For general cleaning and sweetening, use a solution of three tablespoons of baking soda to the quart of water. For all your scouring and shining use soda dry on dampened sponge. And to make for easier sprinkling, fill a plastic container with
