This fine group of people were on hand for the official ground breaking of OTASCO (Oklahoma Tire and Supply Company) Tuesday morning, July 24th at 10:00 a.m. Grasping the three-handled spade from left to right is Mavor T.M. Cornelius, Mike

Wishon, co-owner, Virgil Mills, building contractor, Lester Yates, Burk Chamber President, and Jerry Parker, co-owner. OTASCO owners Mike Wishon and Jerry Parker hope that the doors will be ready to open for business on or about October 1st.

At Burk Schools

ENROLLMENT SCHEDULED SOON

Activities to initiate the beginning of another new school year will get underway in Burk Burnett in just two short weeks. The summer has flown by again and another year of learning for the youngsters is at hand. The first actual school enrollment will begin on August 14 as all new Junior High and High School students will be registered.

August 14-17 are the days scheduled for enrollment of the new Hardin, Primary and Southside Elementary students. Also on August 17, Burk Seniors and the 8th grade students whose last name initial is from A to M, will enroll from 8:00 a.m. to 12 noon and from 1:00 p.m. to 3:00 p.m.

August 21 is the enrollment date of all Hardin, Primary and Southside Returning students and also the enrollment date of the new and returning Sheppard-Burk students. Enrollment time is from 9:00 a.m. to 12 noon and from 1:00 p.m. to 3 p.m.

August 22 is the enrollment date for Freshmen and Make-up of 6th, 7th and 8th grade students. Those with last name initials from A to M will enroll from 8:00 a.m. to 12 noon. Those with last name initials from N to Z will enroll from 1:00 to 3 p.m.

During the summer vacation for students, the school administration and workers have been working very hard in preparing for another school year. Major changes can be seen at Hardin Elementary School. New lighting, ceilings, and floors have been installed in the building to make it more appealing to students and creating a better atmosphere for studying.

A new addition is being added to Burk's Junior High Athletic field house. The new portion of the field house will house showers, and needed dressing room space.

Parents of kindergarten aged children are reminded to call the school administration office if you haven't already. The administration would like to pass along some information to you concerning kindergarten activities. Also you are reminded that kindergarten children need their birth certificates and immunization records.

48 Enter Putting Tournament

A total of 48 youths participated in the golf tournament which was sponsored by the Boomtown Lions Club. The tournament marked the conclusion of the 2-week Junior Golf Clinic provided by the Parks and Recreation Dept. SUMMER TENNIS PROGRAM Saturday night marked the end of this year's tennis program. A tournament was held last week to give those interested a chance to show their skills on the court. Individuals from Burk Burnett, Iowa Park, and Sheppard were entered in the week-long event. Medals were awarded to first and second place finishers in twelve divisions. The medals were donated by the Burk Burnett Bank, The First National Bank, and Texas Electric Service Company. A special plaque was presented to Spunk Jones for his dedicated service to

Burkburnett Tennis throughout the last five years. The plaque was presented by Bob Carpenter, Parks and Recreation Director, on behalf of the City. Medals were awarded to the following: MEN'S DOUBLES: 1st-Jeff Anderson, Dave Webb, 2nd-Chris Strobel, Mickey Battise. MEN'S SINGLES: 1st-Jeff Apperson, 2nd-Joe Bell. SWIM MEET The summer recreation program in cooperation with the Burk Swim Club will host a swim meet Monday, August 6. There will be three age divisions for boys and girls with five events scheduled for the meet. Events will include freestyle swimming, a special underwater distance swim, and diving competition. Trophies will be awarded to winners in each event for each division with ribbons going to the second and third place finishers. Age divisions will be divided after all entrants are entered. There will be no charge to enter the meet but a regular pool fee will be charged to all

those competing in the meet. The meet is only for the residents of Burk Burnett. This is an activity that is beyond the regular activity of the pool and requires that all participants pay pool fee (regardless of season ticket holders), observe safety rules of the pool, and maintain a high spirit of competitiveness. Those interested should sign the entry sheet at the Burk Swim Club and indicate which event or events they wish to compete in before Saturday, August 9th. A contestant may enter as many events as they wish to enter. Payment of pool fee will be taken care of on Monday, August 6th. Approximate time for the event will be 9:00 a.m. See Pictures, Page 2

June Bond Sales Reported

June sales of Series E and H United States Savings Bonds amounting to \$121,338 in Wichita County were reported today by County Bond Chairman J. W. Martin. Sales for the first six months totaled \$1,132,029 for 47% of the 1973 goal of \$2,410,000.

Sales in Texas during the month amounted to \$16,998,554, while sales for the first half of 1973 totaled \$19,984,282 with 55% of the yearly goal of \$216.6 million goal achieved.

American Bicycle Back In Style

The great American bicycle race is on. To the winners will go improved health and a moral victory in the war on pollution. To the losers will come death or injury in accidents.

Whether one wins or loses depends almost entirely on him or her--for research has shown that most bicycle accidents are the fault of the rider, one way or another.

The Department of Safety and Research of the Combined American Insurance Company of Dallas not only has made a special study of cycling mishaps but has started a campaign to encourage bicycle safety as a service to the outdoor-minded public.

The safety effort was suggested by W. Clement Stone, founder and chairman of Combined American's parent company, Combined Insurance Company of America, when he learned that Americans are now outpacing Europeans -- and that the bicycle accident rate is

Revenue Sharing Totals \$66,218

The City of Burk Burnett reports that the entitlement of revenue sharing has reached a total through the June 30 quarter of \$66,218. \$33,217 of this total has been applied toward street construction currently in progress and the balance has been pledged toward additional street improvements and new jail facilities needed in

Burkburnett Big League Baseball Team Competing In Baton Rouge

The Burk Burnett Big League Baseball Team loaded up for Baton Rouge, La. Monday morning to play in the national Big League tournament. The Big League is a division of the Little League, organized to give older boys a chance to play. The Burk team won its district title last week and then won sectionals by forfeit.

Other teams participating in the national tournament will be San Antonio, Baton Rouge and Houston. The meet began Wednesday and runs through Saturday night's finals. The Burk Burnett team was treated to a breakfast Monday morning before its departure, compliments of the Burk businessmen.

Members of the team are Head Coach John Larson, Benny Wilkinson, Chris Strayhorn, Phil January, Bambo Davis, David Todd, Zac Henderson, Billy Thaggard, Box Knox, Sonny Matthews, Johnny Hamilton, Jimmy Koulovas and Larry Walker. Assistant coaches are Thurman Allison and Chester Todd.

Burk Community Center Requests Citizens Help

The Burk Burnett Community Service Center would like to take this opportunity and means to make a request of the citizens of Burk. They are in desperate need of "back-to-school" clothes for all ages of children. Clothing, shoes and underwear that your children have outgrown but still have some wear left in them are welcome donations.

There are many families who are just barely able to keep food on their table, much less cloth themselves. With school starting soon, the children must have a few more things. Also any school supplies would be much appreciated. A NYC worker is on duty at the Center located on 7th Street every weekday from 8 a.m. to 5 p.m.

At a recent Evening Lion's Club meeting, Lion Dr. L. Ligon delivered a most interesting talk about the prospects of Mid-western Basketball team. Don Lawrence had as his guest Dr. Donald Smith from Connecticut.

DPS Now Accepting Patrolman Applications

AUSTIN--Colonel Wilson E. Speir, director of the Texas Department of Public Safety, announced today the DPS is accepting applications for the post of patrolman.

Applications selected as cadets will enter 18-weeks of training at the DPS Law Enforcement Academy in Austin in a class tentatively scheduled to begin September 25.

Speir said general qualifications for DPS patrolmen are: Applicants must be 20 through 35 years of age (inclusive); good moral character; excellent physical condition; height not less than 68 inches or more than 76 inches; weight not less than two pounds nor more than 3 1/2 pounds per inch of height; visual acuity no worse than 20/40 correctable to 20/20; and a citizen of the United States. Educational qualifications, which are now a minimum of 30 semester hours of college, will increase to 45 semester hours on September 1.

He pointed out that qualified female applicants are now being accepted for the uniformed services of the DPS, and that the department has been increasingly successful in recruiting persons from minority groups. During the training period, cadets participate in some 850 hours of law enforcement classes on a wide variety of subjects such as criminal and traffic law, human and community relations, and investigative techniques. The schooling includes rigorous physical training, marksmanship, and skills related to pursuit driving. Some of the classes are taught

under an agreement between DPS and St. Edward's University, and Academy graduates receive credit for six semester hours of college work.

After graduation, cadets will be commissioned as probationary patrolman I at a salary of \$719 monthly and assigned to the Highway Patrol, License & Weight Service, Motor Vehicle Inspection Service or Driver License Service according to the needs of DPS and consideration of personal preference. The salary automatically increases to \$743 per month after six months. Upon completion of 12 months commissioned service, probationary patrolmen are promoted to patrolman I at a salary of \$794 monthly. They become eligible for promotion to sergeant or positions in the DPS Criminal Law Enforcement Division after two years commissioned service.

Officers electing to remain in a non-supervisory uniformed position are eligible to compete for promotion to patrolman II after 60-months commissioned service. All DPS officers receive fringe benefits including hospitalization and life insurance, paid vacations and sick leave, and holidays as for all State employees. Uniforms, vehicles and equipment are furnished and patrolmen receive a uniform cleaning allowance. Expenses are paid when away from home station.

In addition, personnel are members of both the State Employees Retirement System and social security. Speir said prospective ap-

plicants should contact any DPS office or patrolman for application forms. The completed material should then be taken to the nearest regional, district or sub-district Department of Public Safety office where the competitive examination is given.

Arrangements will be made for a physical examination. A character investigation will also be conducted and applicants who are selected for the Academy will be notified prior to the start of the recruit school.

College Expenses Going Up Again

Families who are getting ready to pay college expenses this fall will find bigger bills in their mailbox.

The reason, to no one's surprise, is that college costs are going up again.

This year, basic charges in public colleges and universities across the country will increase an average of 5 percent. These charges, consisting of tuition, fees, room and board, have increased 26 percent in the last five years, according to a survey of public and private residential colleges by the Life Insurance Agency Management Association.

In dollars, parents will now pay an average of about \$380 more this year for a year of public college education than five years ago. For private colleges, the additional cost will be higher.

Football Practice Starts August 13th

Football season has arrived again. For those in the 9th grade on up, shoes will be checked out Wednesday, August 8th, beginning at 8:00 a.m.

Practice will begin Monday, August 13. Junior High workouts will begin when school starts.

"Burkburnett" Now On Sale

By FLORICE S. JEFFERS BURKBURNETT is the dramatic story of oil and what its discovery does to a town told in terms of people and the impact sudden wealth had on their lives. The events are a matter of record.

The author tells a fictionalized story of men who took the gamble and won. He tells of the discovery of oil which set off the Burk Burnett boom and the effect the wild stampede had on the small town itself.

Population of the small farming and cattle community grew by thousands in weeks. A tent-city was set up. Some solid citizens changed overnight to cheats and crooks.

The story concerns the friendship of two men, Jack Merrrell, a new-come, and Al LaFave, cigar-chewing president of the First National Bank. The pair became business partners, and were successful in their gambles in oil leases.

Chauncey Logan, now deceased, spent his teen-age years, 1917-1924, in Burk Burnett. He was steeped in oil lore, and has

filled his book with perceptive portrayals of many characters, from a hellfire preacher to a fallen woman, operator of the richly furnished Crystal Palace, a hangout for men. She became an angel of mercy during the flu epidemic of 1917. Action is fast moving and gripping, revolving around the bank where fortunes were often made and lost overnight.

BURKBURNETT describes the growing pains of a boomtown. Events are historically sound, characters and story credible.

The book BURKBURNETT is for sale by the Current Literature Club to raise money for the many civic projects sponsored by the Club. In the early fall, the Club plans a reception for Mrs. Logan, widow of the author of BURKBURNETT, who has said that she will be happy to sign copies of the book at that time. Copies of BURKBURNETT may be secured from any club member. Mrs. Ralph White, president, finance committee; Mrs. C.M. Archer, Mrs. John Brookman and Mrs. Carl Hardaway.

Obituaries

James Walter Taylor

James Walter Taylor, 84, died July 18 in a Wichita Falls hospital. Taylor was born April 27, 1889. He had been a resident of Burkburnett 26 years. He was a retired farmer and a member of the Primitive Baptist Church.

Funeral services were conducted Friday afternoon in Owens & Brumley Chapel. The Rev. Berley Welch and Rev. Hansel Brown of Wichita Falls Primitive Baptist Church conducted the services. He was preceded in death by his wife, the former Effie Pearl Walker, who died in 1965. Survivors include two sons, Kelly Taylor and J. M. Taylor, both of Burkburnett; one daughter, Frances Taylor of Burkburnett; three brothers, Alvin A., Ledford, and Virgil, all of Fort Worth; 4 grandchildren and three great-grandchildren.

Wilbert 'Bill' Schnitker

Funeral services were conducted Saturday in Grace Lutheran Church for Wilbert "Bill" Schnitker, 54, an employee of National Weather Service for 30 years who died at his home Thursday. The Rev. Albert Lindemann, pastor, officiated.

Burial was in Burkburnett Cemetery under direction of Owens & Brumley Funeral Home.

Born March 9, 1919, in New Mexico, Schnitker attended school in Garden City, Kansas before joining the Army in 1940. He came to Burkburnett in 1961 after retiring from the Air Force and was employed by the National Weather Service.

A member of Grace Lutheran Church, he was church treasurer and a former elder and member of the board of stewards. He had also been a leader in Scouting and Little League organizations.

Survivors include his wife, Lella; four sons, Donnie of Wuchita Falls, Charles of Lawton, Okla., and Johathan and James, both of Burkburnett; two daughters, Mrs. Marilyn Patton of Abilene and Miss Valerie Schnitker of Burkburnett; four brothers, three sisters and one grandchild.

rising accordingly. Stone noted that "bikepower" was producing fringe benefits in helping to combat the pollution of the air caused by gasoline fumes and the noise pollution of tooting auto horns and roaring engines.

But considerable concern was expressed by Combined's safety researchers, who were informed by the Institute for Safer Living that there will be more than 1,000,000 bicycle-related accidents this year, nearly 50,000 of them involving collisions with automobiles.

According to the National Safety Council, nearly 1,000 riders, many of them children, are likely to be killed this year, as compared with only 490 in 1961, while nearly 50,000 cyclists will sustain serious injuries.

Bicycles are no longer toys. Stone cited statistics showing that in 1972 more bikes were sold for use by adults than by children. Moreover, he noted that last year for the first time since World War I, more bicycles than cars were bought by American consumers.

State Officials Attend Burkburnett Theta Rho Officer Installation Last Thursday

Pretty girls in formals was the scene at the I.O.O.F. Lodge Hall Thursday evening for the installation of officers.

Wichita Falls Theta Rho Club #49 was the Installing Staff. Installing officer was Sherri Newmon; Installing Marshal, Trena Roberts; Installing Vice-President, Pam McLean (Houston Sunshine Club #1); secretary and treasurer, Debbie Holden, and Installing Chaplain,

Terry McLean (Houston Sunshine Club #1).

Officers installed were: Past President, Jacque Harris; President, Georgianna Neal; Vice-President, Linda Stewart; Secretary, Theresa Sjolin; Treasurer, JoAnn Smith; R. S. Pres., Gayla Williams; R. S. Vice-President, Deborah Alexander; Chaplain, Cathy Willis; Conductor, Audrey Williams; Warden, Olga Podhirny; Mar-

shall, LaDonna Alexander; and Inside Guardian, Cindy Kemp.

President Georgianna Neal, daughter of Mr. and Mrs. Victor Neal, thanked the club for electing her and introduced her parents and her brother, Gregg Neal. Vice-President Linda Stewart also thanked the club for her election and introduced her mother, Mrs. Burt Stewart, who is assistant advisory officer for the club. Miss Stewart

is the daughter of Mr. and Mrs. Burt Stewart.

Georgianna presented her program for the coming term using Wings as her emblem and her motto "Be as busy as a Bee in '73". Her colors of blue and yellow were carried out in the decorations and accentuated by the use of her chosen flower, the rose.

Highlight of the evening was the presentation of several state

officers. Miss Cathy Willis of Burkburnett introduced the officers as follows: Debbie Holden, Jr. Past President; Terry McLean, State Assembly Theta Rho President; Jacque Harris, State Warden; Pam McLean, State Conductor; Trena Roberts, State R. S. President; Brenda Lovelace, State Musician; and JoAnn Smith, State Membership Com.

Miss Terry McLean, mak-

ing her official visit to the Burkburnett Club, gave her State President's Program, stressing the need to enlist more members statewide as her main goal during her year as President.

Gayle Williams and Georgianna Neal presented Miss McLean with a gift from the club and thanked her for attending the Burkburnett installation.

Mrs. Darold Williams, ad-

visory officer for the local club, concluded the program with a special thanks to all of those helping with the installation and especially to those who are helping with the Bicycle Rodeo, the club's community project for this month. She invited all of the parents, friends, visitors and Theta Rho Girls to enjoy refreshments following the meeting.

JIM HILL

Boom Country Report

by Kathy Jinkins
Well, we saw some new faces at BOOM COUNTRY JAMBOREE this past Saturday. And they were having a good time!

The stage show had some new eye pleasers too. We welcomed the Jerry Boren Trio and Dick Stucky along with the JAMBOREE regulars.

Music, in the best of country western tradition, was presented to a very receptive audience.

Adding notes of humor and witty comment to the program was and will be at future programs, KLUR-FM Disc Jockey Jim Hill.

Raised on a small farm outside of Chicago, Illinois, Hill admits readily he is a true horse lover. He was one of those kids who never wanted to get up in front of anybody to do or say anything.

In recalling his past, Jim revealed that his favorite job had been while in high school. He was grounds keeper for a cemetery, working there four years. Working at various jobs in construction, and then as a clothing salesman, Jim was still looking for the right niche in life. In 1960 he decided he wanted to be on T.V. While attending broadcasting school he was dubbed the "mello cello."

Hill went to work at a CBS affiliate in Champagne, Illinois as News Director, but decided that just wasn't it. Back to Chicago he went and to an FM station for eight years to follow.

Chicago's crowds and congestion made Jim determined to find some place with space and a place to ride his horse.

So after visiting Wichita Falls on a vacation, Hill decided this was it. Four years ago he loaded up wife, Evelyn and son, Jimmy and came to Red River country.

He worked for a rock 'n roll radio station and then Channel 6 TV before settling with KLUR-FM radio. "I always wanted to be a county D.J., I just love country music," Jim flatly states. "I'd love to be able to perform country music, but I can't so I do my part on the radio," he relates.

In talking about BOOM COUNTRY JAMBOREE, Jim

tells of what a real good thing it is, but expresses much surprise at the fact that more people don't take advantage of it. "You get two hours of live entertainment and there's nothing rated X. There have been some really talented performers presented to the citizens of Burkburnett at a really reasonable price, Hill expressed.

Let's all be out at BOOM COUNTRY JAMBOREE this Saturday night, 8 p.m. at the Park Civic Center. Jim Hill will be there along with Bozo Darnell, Greg Roberts, Robert Bradford and all the other JAMBOREE regulars.

Long Range Planning Subject Of Conference In Abilene August 7

Long-range land use planning is the subject of a day-long conference to be held in Abilene August 7.

City planners, state and local officials, conservationists, and others interested in sound land use are being urged to attend.

The conference is co-sponsored by the Texas Council of the Soil Conservation Society of America and the West Texas Chamber of Commerce. The meeting will be held in the McClothlin Student Center on the campus of Abilene Christian College from 9:00 a.m. to 4:00 p.m.

Speakers will include Congressman Omar Burleson; Land Commissioner Bob Armstrong; Emil Rassman, president of the West Texas Chamber of Commerce; A. B. Linford, president of the Soil Conservation Society of America; Doyle Hutcheson, president of the Texas Association of Soil and Water Conser-

vation Districts; and other officials.

Paul Larson of Abilene, president of the Texas Council of the Soil Conservation Society of America, will preside over the morning session. Bob Scott of Fort Worth, chairman of the water committee, West Texas Chamber of Commerce, will preside in the afternoon.

Massive urban and industrial growth, coupled with shrinking land resources, is causing many concerned citizens to debate the feasibility of controlling the use of land at some time in the future. They point to the construction of homes in floodplains or factories on prime agricultural land as examples of mis-use of land resources.

A total of 17 speakers - farmers, livestock producers, county and city government officials, are scheduled to discuss the advantages and disadvantages of land use planning from their viewpoint.

Seen every week on the BOOM COUNTRY JAMBOREE are Bozo Darnell (under the black hat), the Fabulous Finleys, Daryl Nichols and Pat Patterson.

Cheryl Hicks Places Third At Track Meet

Cheryl Hicks placed third in the 100-yard-dash at the State TAAF meet Saturday in Denton, Texas. She also won sixth in the long jump with a distance of 16 feet, 9 3/4 inches. In the preliminaries of the 100-yard-dash she ran the fastest time of her career, 10.9. Cheryl also won sixth in the Long Jump with a distance of 16 feet, 9 3/4 inches.

If you're thinking of buying a new sewing machine, comparison-shop just as you would for a car. Before shopping for a sewing machine, decide whether you want a cabinet or portable model. Then buy the type that fits your needs and pocketbook. You are wasting your money if you buy a machine that has features you'll never use.

A sewing machine may have straight-stitch, zig-zag stitch, or a combination of zig-zag and utility or decorative stitches. Shop around and try several before deciding which is needed. When checking a machine notice if it runs smoothly and quietly and is free from vibrations at all speeds. Does it have a choice of speeds? Does it operate as well at a slow speed as fast? Will it stop and start quickly?

Take several samples of fabric with you to check stitching. Two strips of fabric, of equal lengths and seamed, should be the same length after stitching. Also, stitches should be balanced and not drawn primarily to one side. Try threading the machine and winding a bobbin. It should be easy to do with accessible threading guides. The bobbin case should be easily removed and replaced.

Where is the light? Does it throw light on the work surface? Is it where it won't burn you? Does the light make threading easy?

Ask how to clean and care for the machine. Are all parts easy to get to for cleaning and oiling? Look at the instruction book. It should be easy to read and also contain illustrations. Does the book seem to have enough instructions?

Purchase your machine from a reputable dealer who will give reliable service. Also be sure you understand the guarantees offered by the manufacturer. After comparing machines and making your choice, read the fine print of your contract. Your sewing machine is a long-time investment. Make a wise choice.

MRS. RICHARD L. CLARK
(Miss Angela Hodge)

Hodge, Clark Nuptials Recited Friday

Miss Angela Hodge and Richard L. Clark were married Friday evening, July 27, in the First Baptist Church in Burkburnett. The ceremony was performed by Rev. Lamoin Champ, pastor.

The church was decorated with an ivy and flower-covered arch, centered with gold bells, baskets of white gladioli, candelabra, white flower covered topiaries and containers of greenery.

Parents of the couple are Mr. and Mrs. Frank Hodge, Sr. of Burkburnett and Mr. and Mrs. D. B. Clark of Thornberry Road, Wichita Falls.

The bride chose an original gown of ivory and white. The gown was of lined Miramist with Empire waist and sheer full sleeves banded with wide cuffs which were trimmed with pearl baby buttons. Double edged lace, centered with white ivory satin ribbon, attached with embroidered french knots, trimmed the neck and sleeves and decorated the front of the

gown in rows of uneven lengths. The ends of the rows of lace were attached by tiny satin bows. Her veil and chapel length train, which was decorated by hand with lace motifs, were attached to a caplet made to match the gown. The bride carried a bouquet of blue and white feathered carnations and baby white roses, centered with a white orchid and placed on a lace and satin covered bible belonging to the bride.

The music was provided by Miss Janet DiMarzio and Joel Graves.

Mrs. Jimmie Slayden of Burkburnett was matron of honor and Mrs. John Fryer of Fairfield, cousin of the bride, and Miss Joyce Lambert of Wichita Falls, were bridesmaids. Their matching gowns were long pinafore style dresses of white eyelet line with baby blue fabric. Their blue picture hats were trimmed with blue satin ribbon. They carried baskets of summer flowers and ivy, trimmed with

blue and white streamers. Rick Reasoner was best man. Mike Machen of Seymour and Jackie Slusher were groomsmen. Ushers were Steve Petty and Neil Cummings.

A reception was hosted by the bride's parents in Fellowship Hall of the church following the ceremony. Miss Janet Clark, sister of the groom, registered guests and distributed rice bags. Hostesses were Mrs. Gene Hodge, sister-in-law of the bride; Mrs. Boyd Munsch, Mrs. Phil Musick, and Misses Janet DiMarzio and Rhonda Edgman.

The rehearsal dinner was hosted by the grooms parents at Maurice's Steak House.

After a wedding trip to Dallas, the couple will live at the Highland Oaks Apts., Wichita Falls.

The couple are graduates of Burkburnett High School. The bride is employed by White's Home Office and the groom works for Town & Country Mobile Homes. He attended Texas

Tech University and will be a student at Midwestern University.

Out-of-town guests included Mr. and Mrs. Frank Hodges, Mr. and Mrs. Frank Hodge, Jr. and children Lori and Lee, Austin, Tex.; Mr. and Mrs. C. M. Corley and son Bill, Teague, Tex.; Mr. and Mrs. John Fryer, Fairfield, Texas, Mr. and Mrs. Jack Andrews and family, Patricia and Mark, Hobbs, New Mexico; Mrs. Jack Lewallen and daughter, Tamara of Springdale, Ark., Mr. and Mrs. L. E. Hodge, Sr., Butler, Okla., Mr. and Mrs. L. E. Hodge, Jr. and daughter, Susan, Hammon, Okla.; Mrs. Leslie Roper and son Justin, Hammon, Okla., Mr. and Mrs. R.V. 8 ways to save money on air conditioning.

- 1 Set thermostat no lower than necessary for comfort - the lower the setting the more electricity the unit uses.
- 2 Replace disposable or clean permanent type filters as required-clogged filters make the unit work harder and use more electricity.
- 3 Provide adequate attic ventilation - helps reduce heat buildup.
- 4 Install proper duct, ceiling and wall insulation and weatherstrip windows and doors - keep hot air out, cool air in. (Helps reduce winter heating costs too!)
- 5 Keep the outdoor unit free of grass or other obstruction.
- 6 Keep windows and fireplace dampers closed - prevents excessive loss of cool air and infiltration of hot air.
- 7 Shade windows from direct sunlight with awnings, blinds or draperies - it will reduce the load on the unit.
- 8 Have the unit checked by a qualified air conditioning serviceman. Do this in the spring, prior to your need for cooling.

Get our free booklet, "Tips to help you use electricity more efficiently throughout your home." Copies are available in our office, or you can request one on the comment portion of your electric service bill.

Guidelines of Life

by Ed Morris, Minister, Church of Christ
MAYBE YOUR "WANT TO" NEEDS WORKING ON

We have heard people say, "We do just about what we want to do." True but true. We excuse our failures in Christianity by saying that we lack time, health, opportunity, money, etc., and then go about finding just the right amount of the just mentioned resources to do earthly things and provide a moment of pleasure or temporary satisfaction.

The preacher makes a plea for funds to help the missionary preach the Gospel to lost and dying millions in India and Mr. Christian says, "I ain't got it to spare." He is either TOO BUSY, TOO BUSHED or TOO BROKE. But when a chance comes up to buy a new boat at "a steal" (and the devil knows all about that) he "digs down" and "comes up" with what it takes.

THIS APPARENT CONTRADICTION IS EVIDENT THAT HE NEEDS HIS "WANT TO" WORKED ON! THE BIG QUESTION IS: WHAT DO I REALLY WANT TO DO?"

Mr. and Mrs. Leo Foster and daughter Nathalie spent Sunday in Oklahoma City visiting Mrs. Foster's nephew and wife, Mr. and Mrs. Don Dyson and other relatives.

Kim Ludeke Vacations In S. America

Mr. and Mrs. James M. Ludeke received a letter from their son, Kim Ludeke, who is vacationing in South America. He has traveled by bus and launch from San Pedro de Atitlan to El Salvador visiting seven cities on the way. Kim said that he was impressed with the beauty of all the scenery, especially Lake Atitlan. Kim said, "This is considered one of the most beautiful lakes in the world and it would be hard to beat. It is in a mountain basin with two obvious though dormant volcanoes on the rim. The water changes colors dramatically. It was a brilliant blue when I first glimpsed the lake coming over the mountain. It changed mono color metallic grey like the sky and land as a rainstorm moved in. We took a launch across the lake to San Pedro. Tonight the calm, crystalline water was a soft grey with mist rising from it. There were fleecy white puffs of clouds around the tops of the hills." Kim also stated that he had seen cars from Pennsylvania, New York, Washington, California, Texas and Connecticut. Kim is expected home in late January.

"During the night, a man was bothered by mosquitos. Without turning on the light, he picked up what he thought was the insecticide spray bomb. The next morning he discovered he had sprayed the walls and ceiling with red lacquer. Would an 'all risk' Homeowner Policy cover this loss while a 'broad form' policy would not?"

**BENT HOOKS,
MISSED SHOTS
and OTHER TALES**

by Jim Alexander

Seems like everyone I know went fishing last weekend, so I have some good reports, some bad ones. Jim Smith, Perry Clark and C.L. Brownlee fished Lake Texoma on Sunday. The trio caught only a few loads and spent most of their time hunting Mr. Black Bass.

Texoma is huge compared to most of our area lakes, and this makes it hard for the water wagon and floater boys. John Puits and wife, Rommie, fished Lake Nocona, and did real good trolling. John reported catches of channel cat up to 12 pounds, and 19 inches between the eyes. Sounds incredible, doesn't it? John's fish stories always weigh more than the actual fish. The actual fish were caught on large marshmallows. Try them, you may like them.

Ray Hollenchock weighed in good channel cat catches from Lake Wichita. Mr. Catfish was caught by drifting, and worms and shrimp were used for bait. One day's catch netted over 47 pounds.

Good catches of channel cat reported at Lake Kickapoo by Ed Ed Neal. Ed tells us the fish are being caught in the creek on worms. Bill Naylor and Ed Oglesby fished two days at Lake Hubbard Creek near Breckenridge, and brought home five bass. Oglesby probably is the world's worst loser. He bet Naylor two gallons of red soda pop that he would out-fish him in a floater. Naylor, who has a four thousand dollar bass boat, a lure box weighing 35 pounds, and worth two hundred dollars readily accepted the bet. Naylor won the bet for the first time in 25 years, and Oglesby is screaming foul play. Ed claims he was not allowed to weigh and count his big fish. Naylor claims the fish was dead, and Oglesby picked it up off the bank. The way it now stands, Naylor won the bet with three fish, and Oglesby

had two. I wish I had gone on that trip. I bet it was a dandy!

The two lakes that seem to be the hottest for bass fishing are Lake Stoneberg at Bowie, and Stamford Lake south of here. Perry Clark, Bill Greenrold, and others have been taking bass from 6 to 8 pounds from Stoneberg on black jigs and eels. Paul Clayton reported near-limit catches of 2 to 4 pound bass at Lake Stamford on 6 inch creme worms in about three foot of water near the cattails.

With hot weather, Watergate, frozen meat prices, and \$6.00 per hundred dog food, everything seems to be bleak. One bargain I can recommend is the Hunter's Safety Course scheduled for the week of August 12. The course will be sponsored by the North West Texas Field & Stream Association. A one dollar fee will be charged by the state, and it is open to the public for everyone over 12 years old. Anyone going out of state deer hunting this year under 21 years of age would be wise to enroll in the course. Frank Brandeberry is in charge and you may register by calling Mrs. Neeley at 692-1141 in the afternoon.

A lot of new changes will be made this year in the Parks & Wildlife Department that can affect you. A price increase in hunting and fishing licenses and for the first time in history, you may purchase a combination license. Wichita Co. has a new game warden, and soon will be having a new information officer. A deputy game warden program will be installed. A program similar to this was in effect several years ago, and if the deputies the Department chooses will work and not carry their badges in their pockets, it will be a good program. These are some of the items we will be bringing you up to date on in the future.

The missed shot column for

this week has a smoking gun barrel. Howard Ragland, president of the Field & Stream Gun Club has informed me of a new trap shooting league that will be starting in the near future. The Gun Club has a fabulous building and facilities for the entire family. You may call Howard at 322-8257 for details. The rifle range of the F&S will have a new look this week. A new canopy is being built for rifle shooters to get in out of the weather. The range is open daily and the existing facilities is the best in the southwest. Sight-in time is just around the corner and if you use the range, your cooperation is needed in both safety and litter.

We had a story earlier about my bird dog being killed. Well, I am the proud owner of two pointer bird dogs at this printing. My thanks to Joe Foster and Bill Naylor. Joe tells me that the dog I received from him may make a dog, and may not. Bill tells me that the dog I received from his is a self taught bird finder. I am proud of both pups, but at the present time, I am inclined to believe Joe. You see, I have been fishing with Mr. Naylor and am well acquainted with his fish stories. I have a feeling this may be something similar.

Until next week, keep your hook baited, your gun on safety, and above all, stay in good graces with your wife. Hunting season is only one month away.

The third annual Texas 4-H Dog Show will be held August 11, at the 4-H Center in Wichita Falls. Judges approved by the American Kennel Club will evaluate breed entries according to conformation, obedience and showmanship. The first six classes to be judged beginning at 11 a.m. include sporting dogs, hounds, working dogs, terriers, toy dogs and non-sporting dogs. Any 4-H youth may enter through the local County Extension Office.

Sorghum midge populations are now present in many grain sorghum fields in Wichita County. When sorghum is blooming and midge number more than two per head, reduce yields will result and infestations can cause a complete crop failure. To prevent a reduction in yields, producers should begin inspecting sorghum plants daily after heads emerge from the boot. Sorghum must be blooming for midge to deposit eggs into the developing florets. Sevin, Trithion, Diazinon, ethion, paration, and malathion are all effective in controlling sorghum midge.

If you are having problems with insects and diseases on shrubs, flowers, trees, lawn, or field crops, you might want to take advantage of a clinic to be held in Wichita County on August 2. Bring a problem plant specimen to the clinic. The clinic will be held in one of the following places:

- 9:30-10:30: Webb Landscape, Wichita Falls.
- 11:00-12:00: Foster Nursery, Wichita Falls.
- 1:30-2:00: Berend Brothers, Burkburnett.
- 2:20-3:00: K & K Grain Elevator, Electra.
- 4:00-4:30: Iowa Park Experiment Station.

Dr. Norman L. McCoy and Emory Boring, Specialists in this field, will be on hand to help with your problem, and answer your questions.

Co. Agri. Agents To Hold Annual Meet Aug. 5-7

AUSTIN--A large number of the 366 county agricultural agents of the Texas Agricultural Extension Service will be journeying to Austin for the annual meeting of the Texas County Agricultural Agents Association August 5-7.

Headquarters for the event is the Villa Capri Hotel. Registration will begin at 1 p.m. on Sunday, August 5, announces Oliver F. Werst, Glasscock County agent and association president.

The state meeting officially gets under way at 8:30 a.m. on August 6. Travis County Judge J. H. Watson will welcome the group at a general assembly.

The morning program will feature a presentation on current space program efforts as they involve agriculture. The speaker will be Gary Graybeal with the Johnson Space Center in Houston.

The annual awards banquet at 7 p.m. Tuesday will be the highlight of the three-day meeting.

Six outstanding agricultural leaders in the state will be honored as "Men of the Year in Texas Agriculture." Seven county agents will also be recognized as recipients of the Distinguished Service Award, the highest award bestowed by the National Association of County Agricultural Agents.

State Senator R. A. (Babe) Schwartz of Galveston will be the featured banquet speaker.

Other activities Sunday afternoon will be a board of directors meeting and a special reception for retired agents and their families at 4 p.m. A memorial service will be conducted at 5 o'clock.

A barbecue is scheduled Monday evening at 6:30 at Zilker Park and will be followed by a performance by the Austin Symphony Choral Group.

Committee meetings, special reports and a business meeting are slated on Tuesday's agenda followed by installation of new officers.

Tours and special programs are scheduled for the ladies and children throughout the three-day event.

Officers of the association in addition to Werst, are Frank M. Stockton, Gonzales County, vice president; Mark A. Geeslin, Kent County, secretary-treasurer; and B. T. Haws, Wichita County, past president.

Discussions at the Combined Beef Cattle and Pasture-Forage Short Course at Texas A&M University, August 20-21, will center on the most economic methods of feeding beef cattle to maximize reproduction and income. The event will begin with registration at 7:45 a.m. on August 20 at the Ramada Inn in College Station.

A program concerned with reducing supplemental feed costs is certainly timely. The short courses designed around pastures, ranges, harvested forages, and supplemental feeding. Emphasis will be given to selection, production, and feeding value of improved forages, high intensity - low frequency grazing systems for harvesting rangeland, protein supplement alternatives, mineral supplements, and methods of combining various forages for year round grazing systems.

A number of Texas A&M officials will appear on the program and be on hand to answer personal questions. A harvesting equipment display and a tour of pasture and forage research work will supplement the program.

Some 500 cattlemen and others with interests in the livestock industry are expected to attend the two-day event. All livestock producers from Wichita County who are interested are urged to attend if possible.

Feeding Crisis

Likely Due To Wire Shortage

WACO--Texas Farm Bureau President J.T. (Red) Woodson said that a shortage of baling wire for hay could lead to a livestock feeding crisis this winter.

The farm leader said there are also shortages of fencing wire and cotton bale ties.

Woodson said Farm Bureau is encouraging steel mills to give high priorities to production and distribution of steel products necessary in the production of food and fiber.

A Weekly Report Of Agri-Business News

Farmcast

Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

Milk Production Declines As Predicted . . . Broilers, Eggs Also Show Declines . . . Citrus Tree Plantings Increase . . . Cattle Feeding Increases.

Milk Production in Texas as well as the nation is following a year-long pattern of declines, which has been predicted by dairy group spokesmen. Texas milk production for June is 5 per cent below the previous month's production, although it is slightly above June of a year ago.

Nationwide, milk producing is 2.5 per cent less than a year earlier. Production during the first half of this year is running 2 per cent under 1972. The number of milk cows, nationwide, also has declined by 2 per cent.

The cost price squeeze in the dairy industry is also dramatized in the milk-feed price ratio. That ratio is down 27 per cent from a year ago. It is also the lowest June ratio since 1955.

EGG production in Texas during June is down 4 per cent from a year ago and 5 per cent under last month. Nationwide, a decrease of 5 per cent is noted from the same month a year ago.

Broiler chick hatch in Texas during June is down 7 per cent from a year ago and 10 per cent under the preceding month.

The turkey poult hatch for Texas during June is up 19 per cent from a year ago, but is 9 per cent under a month ago.

The June hatch of egg-type chicks in Texas is up 34 per cent from a month ago and 3 per cent above a month earlier.

CITRUS tree plantings are on the increase in the Lower Rio Grande Valley. Licensed citrus nurserymen and private citrus nurserymen in the Valley reported 230,000 citrus moved from nurseries to groves during the period July 1, 1972 to June 30, 1973.

This is 12 per cent above the previous year when 206,000 trees were set out; these totals reflect new plantings in commercial groves.

Of the total, about 98 per cent are grapefruit; about 2 per cent oranges; less than 1 per cent lemons, limes, tangerines and tangels.

The number of grapefruit trees planted was up 15 per cent from the previous year. More than half of the 1972-73 plantings were of the Star Ruby variety.

Movement of orange trees to groves continues to decline. Plantings at 4,000 trees were down 50 per cent from the previous season and far below the planting rate of prior years.

CATTLE on feed in Texas and the nation continues to increase. As of July 1, a total of 2,335,000 head of cattle and calves were on feed in Texas. This is 10 per cent above a year ago, 4 per cent above June 1, and 3 per cent above April 1.

Large feedlots--those with 1,000 plus capacity--numbered 234. Steers accounted for 1,513,000 head of the cattle on feed.

Cattle placements on feed in Texas feedlots from April 1 to July 1 were down 11 per cent compared to a year ago. Cattle marketed out of Texas feedlots is 4 per cent above marketings compared to the same period of a year ago.

Feedlot operators intend to market 1,238,000 cattle between now and September 30. This would be 6 per cent more than marketed during the same quarter last year.

Nationwide, cattle and calves on feed is up 2 per cent from a year ago. Cattle feeders plan to market about 1 per cent more than those actually sold during the July to September period of a year ago.

Teachers Tour Improvement Projects

Forty-seven school teachers took a day off from classroom studies at Midwestern University recently to tour conservation and other environmental improvement projects in Wichita County.

The field trip was part of a conservation education workshop designed to prepare teachers for environmental instruction in grades kindergarten through twelve, beginning this fall.

Stops included the Texas A&M Experiment Station, sanitary landfill, and sewage treatment plant near Iowa Park.

The teachers also visited the Hill Brothers Farm north of

Iowa Park and the oil fields near Burkburnett.

In charge of the tour was Dr. Harlan Steph, Professor of Education at Midwestern. He was assisted by Gary Batte, District Conservationist with the Soil Conservation Service.

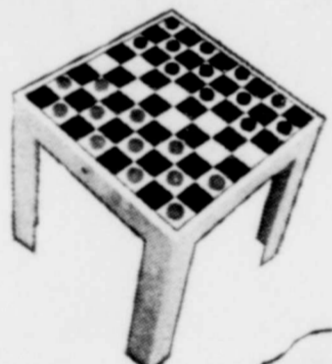

Steph said the field trip was part of a two week summer course in Conservation Education being offered for the first time at Midwestern.

Participating were teachers from schools in a seven county area of North Texas.

The field trip was co-sponsored by the Wichita Soil and Water Conservation District.
