

You know I've had a great problem taken off my mind lately. I had a big decision to make regarding my future in the news media.

As you know, the Presidents Press Secretary, or whatever title TerHorst had, resigned recently. I've been struggling in my mind trying to decide what answer I should give the President if he called me and asked me to serve in that position.

After all, if a man named TerHorst can write for the President, surely a man with a name like Greenwood could at least be considered for the position. But they would probably want me to get rid of my red pickup with its portable housing facility (dog house). Guess that would stand out a little among all of the limousines at the White House.

You have all heard the statement about being darned if you do and darned if you don't. I thought that applied last week when President Ford gave Nixon a full pardon. With approximately half of the country lined up on both sides of the issue.

Now he comes out and decides to compromise on another hot topic, amnesty for draft evaders, and finds that he has apparently pleased no one. Those for unconditional amnesty are violently against his proposal as many of the evaders in Canada and Sweden say they will not return to the United States under those circumstances.

Then another very vocal group are those against anything less than full punishment for the evaders.

To be honest with you, I haven't studied his proposal enough to know whether I agree with it all or not. Most of the part I heard on the news I'll buy. I guess what I'm trying to say is that we are all going to have to compromise and sacrifice some in order to get things back to what we at one time called normal.

This brings us to a problem that we have here at home.

As you know the United Way drive for the greater Wichita Falls-Burkburnett area is now underway. The drive is going a little slow to date, but it looks as if it will begin picking up steam in the days to come.

The United Way is not going to solve all the problems that we have as a community. But, as the local campaign chairman, Jack Aaron, so aptly stated, it isn't the solution to all our problems but we have to start somewhere and this is the best possible place we could begin--with the United Way.

I've heard several people remark how they would like to have a Boys Club or a Girls Club in Burkburnett. This could be achieved through the United Way. It might be four or five years, but there is the strong possibility that someday we might have a branch of those two Wichita Falls facilities here in Burkburnett.

Local organizations like our Boy Scout and Girl Scout troops would receive a great deal of help from the United Way. In addition to this, think of the help that could come to our Senior Citizens organization, and many other needy organizations.

Then too, there are several United Way agencies in Wichita Falls that local citizens are using that we could and should help support. Numerous people from here are employed at some of the agencies, not to mention those that receive vast amounts of help from the agencies.

No, the United Way is definitely not the solution to all our problems. If we are to ever conquer our problems we must all be willing to compromise a little and all pitch in and help a

## Chamber To Sponsor Decorations Contest For Local Businesses

The Burkburnett Chamber of Commerce will sponsor a Christmas decoration contest for local businesses, it was decided by the Chamber directors in their Thursday meeting.

Prizes of \$100, \$75, and \$50 will be given to the top businesses. The directors voted to not put up the decorations on the utility poles as was done in past years, due to the deteriorated condition of the present decorations. It was hoped that all businesses would decorate their stores for the Christmas season.

They also discussed earmarking money for the purchase of some new decorations for Christmas next year, and asking the City of Burkburnett as well as local civic clubs with help on obtaining money for the project.

C. J. Lippard, president of the Chamber, presided over the meeting and appointed retiring directors Walt Doerre, Loretta Hunt, Bob Carpenter, Bob Carter, and Gary Owen to the nomination committee. The outgoing directors traditionally serve as the nominating committee.

The committee will nominate 10 persons for the five vacancies on the chamber board. Following the current board's approval of the nominations, the chamber membership will select the five directors. Chamber directors serve three year terms.

Lippard also appointed the

1975 budget committee with Gary Owen as chairman. Other members of the committee include Bill Darland, Joe Gillespie, Mickey Cornelius and Harry Elliott.

The directors also voted to sponsor a bar-be-que for the Burkburnett Volunteer Firemen and their families in appreciation for the fine work done by the firemen. The event will be held sometime during National Fire Prevention Week which is Oct. 6-12.

Chamber members were urged to begin thinking of the installation banquet they would like to have this year. Suggestions can be sent to the chamber office.

## Bulldogs To Face Duncan After Last Week's Loss

"They had a little better offense than what we anticipated, but then again we knew they would be good" was the reply given by Bulldog Coach Pat Smiley when asked about last Friday night's loss to Gainesville.

He went on to relate that he thought Gainesville could very likely be the district champions of their district. "If it had not been for all our mistakes we could have beat them. We were ahead in the third quarter. We have several young players and we know they are going to make mistakes. We just hope that they have most of them behind them now," said Smiley.

The Bulldogs took the lead in Friday night's contest in the third quarter with two touchdowns that put them ahead 18-13. Bulldog fumbles at crucial times during the remaining minutes of play of the 3rd and

4th quarters gave the Gainesville Leopards excellent field position and enabled them to score two touchdowns.

Smiley, his staff, and the Bulldog team are trying to put the defeat behind them and get ready for a traditionally tough game with the Duncan Demons.

The Bulldogs will host the Duncan, Okla. team Friday night in the 8:00 clash.

## Police Looking For Missing Girl

Burkburnett police are asking area residents to be on the lookout for Ellen Higinbotham, age 14, of 616 E. Fourth Street who has been missing since Saturday night.

Her mother reported her missing late that night when she failed to return home from a local dance.

The 5'7", 130 lb. girl has brown hair, brown eyes and wears wire frame glasses. She was last seen at a city park trying to get a ride to Lawton, Okla.

Anyone knowing the whereabouts of the girl is asked to contact their nearest law enforcement officer.

Other police activity includes vandalism to an auto in the bowling alley parking lot Sunday night and a stolen bicycle from the David Wright residence at 621 E. 4th Saturday night.

Rodney Roberts reported Monday that he had two shotguns stolen from his pickup which was parked in front of his residence at 610 Park.

## TO GET ON BREAK-EVEN BASIS

# City To Increase Commercial Rates

Gary Bean, Burkburnett city manager, was given authority to begin working on a new commercial garbage rate for Burkburnett by the city commissioners in their regular meeting Monday night.

In the report concerning the rate increase it was noted that one third of all garbage collected is from the commercial establishments and that not enough money is being collected from that portion to pay for the operation of pickup from the commercial establishments.

"We're not trying to make money on this thing," stated Bean, "but we at least have to break even." He explained that currently the city truck on the commercial route is receiving what amounts to approximately \$8 per hour for its service. On this basis the City is losing some \$1,000 per month on commercial garbage collection.

It was noted that if an individual contractor was doing the collection that he would have to charge on the basis of \$20 per hour to amortize his equipment and for labor, etc.

"Our labor alone amounts to \$10.50 on each truck" related Bean. He then went on to explain that in addition to this there is the expense of maintaining the truck and one-third of the cost of burying the garbage in the sanitary land-fill.

Officials feel that the truck needs to earn about \$15 per hour in order for the commercial garbage rates to be on a break-even basis. "We currently take in about \$1,250 per month from our commercial accounts and we must raise that to some \$2,250," reported Bean. It was noted that the rates should have been raised years ago as some establishments will have their rates doubled or tripled in order to bring them in line with the new schedule. This is only a very few of the accounts, though, with the majority having to pay only a moderate increase.

The new commercial garbage rates are expected to be ready for council action at their October meeting.

The garbage rates for all residential areas will remain unchanged.

Bean reported to the councilmen that they seem to run into one stumbling block after another with the Texas Water Quality Board and the Environmental Protection Agency as Burkburnett tries to further construction plans on its new sewer plant.

The plant was to be built with the aid of some monies from those agencies, therefore certain guidelines must be met in the construction of the facility. The TWQB states that Burkburnett must have a population of 25,000 in the year 2,000 to justify the 1 1/2 million gallon plant the City is hoping to construct.

They only want us to build a 600,000 gallon plant, and that will be out of date within 10 years, stated Bean. They estimate that by 1995 we will only have 15,000 persons living in Burkburnett.

Bean went on to explain that Burkburnett's growth in the past year alone has equaled that for the prior four years, according to the number of new water connections. City officials had plans at first of building a 1 million gallon facility, but when PPG and its impact was felt, it was decided that the facility should be enlarged to one and 1/2 million gallons.

City officials will continue to work toward trying to get the TWQB and the EPA to reconsider the matter and agree at least to a one million gallon facility.

In other action, councilmen granted a blanket \$25 a month raise to all City employees. The raise will amount to about 5% overall increase in pay.

Councilmen agreed that they would begin enforcing their

extra territorial jurisdiction rights and that developments in that area would have to come under the city's sub-divisional ordinance. The City's extra-territorial jurisdiction extends one mile outside of the city limits.

Along that same line councilmen learned that it will cost the JanLee Acre residents an estimated total of \$36,000 for sewer service. This figure represents \$800 per lot for the 45 lots in the addition. In addition to the \$800 cost, the home owner there will be responsible for the line from their home to the main sewer line.

The City's monthly reports showed expenses at anticipated levels with the month's accounts payable totaling \$19,071. Tax money will begin coming in again Oct. 1 for the year's taxes.

In discussion of the com-

munity center it was learned that during normal usage of the center, it has never met the minimum expenses of the facility.

Annie Bell Harris with the local Community Service Center presented the council with a summary of a typical week's work at the center. She told the group that a total of 89 persons participated this past week in the various programs at the center.

In other action, councilmen granted a drilling permit to Toss Brown to drill an oil well one location south of his present location near the KOA Campgrounds. Also, council members voted to delay action on filling the vacancy on the city council.

Municipal court collections for the month totaled \$725. There were 48 traffic citations given and 20 citations for other charges.

## A Woman Is Best Prognosticator

Entries in the Informer/Star football contest are still increasing and for the second straight week a female has taken top money.

Pearlene Italian, who is the daughter of last week's winner, Mrs. M. Nixon, won the contest this week with a total of 16 correct games.

Tied with Mrs. Italian were Leon Morrow and Kenneth Schroeder. Mrs. Italian was awarded first place and Morrow second due to their prediction of the tie-breaker game.

First place prize in the contest is \$15, second is \$10. Contest rules are listed on the football pages in this issue of the paper.

Numerous persons picked 14 correct games, but only one person picked the game that everybody else missed. Alex Koulovatos picked New England over Miami. No other entry thought that upset could occur.

Results of the games in last week's contest included: WFHS 7, Dallas Kimball 7 (tie); Lubbock Monterey 6, Rider 24; Mineral Wells 16, Weatherford 21; Graham 7, Breckenridge 6; Stephenville 3, Granbury 6;

Vernon 15, Altus 28; Olney 0, Bowie 21; Windthorst 19, Nocona 22; Archer City 14, Henrietta 36; Holliday 14, Electra 18; Dallas 24, Atlanta 0; Minnesota 32, Green Bay 17; Washington 13, N.Y. Giants 10; Baltimore 0, Pittsburgh 30; N.Y. Jets 16, Kansas City 24; Cleveland 7, Cincinnati 33; Crowell 22, Seymour 7; Knox City 40, Rule 0; Jacksboro 15, Crowley 6; Miami 24, New England 34; and the tie breaker was Burkburnett 18, Gainesville 29.

## Bob Bullock Campaigns Here

Bob Bullock, Democratic nominee for State Comptroller, was in Burkburnett last week to say "thank you" to the voters of Wichita County who gave him a 79.4 per cent majority in the May primary.

Bullock won the Democratic nomination with the largest percentage vote of any contested statewide race. He

**AUSTIN** — Gloomy predictions of increasing natural gas shortages during winter months were made to southern governors at their conference here last week.

Federal Power Commissioner Don S. Smith reported major pipeline operators expect natural gas supplies to fall 9.6 per cent below demand.

Smith forecast gas pipeline curtailments this winter will be 81 per cent greater than last year.

To sustain present levels of gas consumption would require discovery of "a new Alaska every year," the federal agency official told the governors.

FPC, according to Smith, has taken these steps to relieve impact of the shortage:

- Entered an order to allow 2,400 of the 3,900 smaller gas producing companies to sell interstate gas at 63 cents per thousand cubic feet, instead of the 42 cent wellhead rate permitted major producers.
- Reinstated emergency provisions to allow utilities to buy gas through pipelines for 60-day periods at market rates rather than lower, regulated interstate rates.

Texas Gov. Dolph Briscoe said the action would have little effect in Texas, where demands will keep prices far above the 63 cent rate.

**INFORMATION SOUGHT**—A Cleveland firm hired to survey tax values in 35 school districts sought tax appraisal and computer contracts with all 1,100 districts in the state.

Legislative Property Tax Committee Chairman Sen. H. J. Blanchard of Lubbock said the solicitation seemed "inappropriate" to him.

LPTC staff members expressed some concern that the firm would be reporting to the state on data paid for by the district. The firm is being paid \$382,000 by the state for its data on market

value of district properties.

Some LPTC members also complained about slowness in getting a recodification of property tax laws as a guide to legislative improvements.

**CRIME FIGHT MAPPED**—Atty. Gen. John Hill has called for establishment of a statewide grand jury and a central information bank as weapons in the fight on organized crime.

At a law enforcement conference, Hill said state and local law officers must cooperate to combat the increased threat of major crime.

Governor Briscoe, meanwhile, said he plans to propose to the legislature again in 1975 a law to permit wiretapping where ordered by a court to gather evidence of organized crime.

**DEPARTMENT SHAKEN**—Texas Department of Labor and Standards got its third assistant commissioner in a week's time.

Commissioner Jackie W. St. Clair named Kirby Suggs of the Houston regional office after (1) firing Tommy W. Smith and (2) temporarily elevating Bob Hubbard, son of AFL-CIO State President Harry Hubbard, to the post. Hubbard resumed his position as administrative assistant.

A total of 10 of the department's 40 employees were discharged at the same time by St. Clair, who pronounced their job performances "unsatisfactory."

**AG OPINIONS**—The secretary of state may use statistical samplings or other reasonable means of determining adequacy of political party petitions for places on the ballot, Attorney General Hill held.

In other recent opinions, the attorney general concluded:

- Laboratory reports on retail dairy products and ground beef are subject to disclosure.

• An unlicensed person can perform professional nursing acts under direct control or supervision of a physician.

• Child abuse case records revealing the identity of the complainant are excepted from disclosure requirements.

• A Senate sub-committee (consumer affairs) rule permitting executive sessions to get testimony or evidence or confer with counsel conflicts with the open meetings law.

• County commissioners may sell land belonging to the permanent school fund and distribute money to county school districts, but the districts may not pay back to the county funds to create a vocational school.

• Counties may contract for minor children's custodial care.

• City councils must call, within 60 days of a valid petition, an election under the firemen's and policemen's civil service act. Actual holding of the election must take place within a reasonable time.

**TEXAS AHEAD** — Texas leads the nation in the percentage increase of new business incorporations.

Secretary of State Mark White Jr. reported the number of business incorporations increased dramatically from 1,569 in May, 1973, to 2,513 in May, 1974. This is a 62 per cent increase for Texas, compared with a five per cent increase for the nation as a whole.

Coupled with the increase, however, is a rise in bankruptcies and business failures. There were 680 bankruptcy petitions filed during 1973 in the U.S. District Courts for the Western District of Texas — and 768 so far this year. May recorded an alltime peak of business failures—925—nationwide.

**APPOINTMENTS**—Speaker Price Daniel Jr. named Rep. Herman Lauhoff of Houston to House committees on revenue and taxation, natural resources and elections.

Daniel also named Rep. Chris Semos of Dallas to the House committee on appropriations, Rep. Phil Cates of Pampa to the committee on calendars and Rep. Jon Newton of Beeville to the committee on rules.

Susan Longley of Austin will manage Attorney General John Hill's campaign office.

Visiting every county in Texas during the primary, Bullock said he "prefers to talk to the people personally instead of hiding behind words and gimmicks ground out by clever public relations people."

The size of his victory shows the people support improvements and reforms he recommends for the Comptroller's Office, Bullock said.

Bullock, 45, gained statewide acclaim as Secretary of State. He also has served as Assistant Attorney General and a member of the House of Representatives. He is a veteran of the Korean Conflict and lives in Austin with his wife Amelia and son Bobby.

During the campaign Bullock has called for an end to faulty collection methods which he says cost the state millions of dollars a year by "fly-by-night" operators.

Bullock also has promised to cut down the amount of red tape facing businesses in handling and paying state taxes. Other reforms urged by Bullock have included quicker processing of city sales taxes by the state.

"I'm fully confident that the people are more than anxious to see that their hard-earned tax dollars are carefully collected and wisely spent," Bullock said.

A meeting on farm buildings will be held on Tuesday night, September 24, beginning at 7:30 p.m. in the ASCS Office, Iowa Park. If you are planning on remodeling a building on your farm or ranch or building a new fence this fall or in 1975, you are invited to attend.

Bill Allen, Agriculture Engineer, Texas A&M University, will be the main speaker and he will have plans for farm buildings and fences that will be available free of charge.

The meeting is sponsored by the Wichita County Agricultural Extension Service and is provided free of charge to the general public. Both men and women are invited.

"Baby beef" offers an alternative to existing high beef prices. Baby beef is beef produced from young animals weighing 400 to 700 pounds. It is presently about 20 per cent cheaper than heavy beef of the same grade due to the high cost of feedgrains needed to finish out fat animals. Loin steaks from baby beef have less marbling and do not lend themselves to broiling as well as those from heavy beef. But baby beef is excellent for all other methods of cooking. It's unsurpassed for pan frying.

Many livestock producers are mulling over the question of whether or not to fertilize summer pastures for fall grazing as well as what to do about fertilizing winter pastures. Any decision about fertilization requires a close study of specific conditions involved.

Feed requirements of the class of livestock involved should be the key factor to consider. For example, dry cows, cows giving milk and weaned calves all have different nutritional requirements which can be met by a forage program. However, the quality and amount of forage needed by each group differs and can be controlled by fertilization. Before additional forage is produced by fertilization, the

need and ability to utilize it must be established. Summer grasses such as Coastal and common Bermudagrass can provide good quality late fall grazing if fertilized. Nitrogen is the major requirement; however, phosphorus and potassium can be applied now for next year. Fertilizing part of the grass now and overseeding part can essentially eliminate the need for hay and can provide forage needed for cows with fall calves or for putting gain on

market animals. Nitrogen fertilization of a winter forage such as gulf ryegrass overseeded in a Bermudagrass sod should be delayed until the ryegrass gets started. This is necessary to reduce competition from Bermuda, especially if there is a late fall such as last year. Additional nitrogen topdressing is needed for continuous grazing. For small grains and ryegrass planted in a clean seedbed,

apply fertilizer at seeding. Base the amount of phosphorus and potassium on a soil test plus apply 40 to 60 pounds of nitrogen per acre. With present high production costs in relation to cattle prices, fertilizer must be used efficiently. A soil test is important in determining lime, phosphorus and potassium requirements. Apply 20 to 30 pounds of nitrogen per acre per month to maintain high production from winter forages.

**COTTON BOOSTS CASH RECEIPTS**—Texas ranked third in 1973 cash receipts for crops and livestock, more than doubling its receipts for cotton, feed crops, food grains and vegetables. According to Agriculture Commissioner John C. White, cotton production alone amounted to more than \$914 million. Current reports indicate that this year's acreage for harvest will be down, mainly because of the High Plains drought. Grades of cotton harvested in the Lower Rio Grande Valley were reportedly higher than last year.

## Quality High But Cotton Prices Low

AUSTIN—Though cotton quality and yields from the Lower Rio Grande Valley harvest have been high, prices on uncontracted cotton remain lower than most farmers are willing to accept, according to Agriculture Commissioner John C. White.

Cotton is currently selling at 43-50 cents a pound and many growers appear to be holding back for better prices. About half the crop was contracted early in the Valley for an average of 65 cents.

Reports also indicate a sluggish market abroad where U.S. cotton is facing sharper competition this year. White said trading has been marked by a slowdown in demand and increased production and exportable supplies from other countries.

It is estimated that U.S. cotton exports could decline to between 5.2 and 4.7 million bales or lower compared with 6.2 million in 1973-74.

Cotton harvest has ended in the Valley and is in its final stages along the Coastal Bend. It has reached its peak in the Upper Coastal Bend and is progressing rapidly in Central Texas.

Sheila Boydston

## Sheila Boydston California Roundup Queen

Sheila Boydston, 17-year-old junior honor student at Hilmar High School reigned earlier this year as the 1974 Turlock, California Roundup Queen. The 5' 6 1/2" brunette, daughter of Mr. and Mrs. Bob Boydston of 23120 W. August Road, Hilmar, Calif., won out over six other candidates.

Miss Boydston's grandparents are Mr. and Mrs. Ernest Boydston of 508 Tidal Street, Burkburnett and Mrs. Florence Yorker of Costa Mesa, California.

In addition to being crowned queen, Sheila also topped the horsemanship competition on a horse which she trained.

Sheila, who has been competing and showing in horse events a number of years, also raises lambs and does leatherwork for an area firm. She formed and is president of the Hilmar Horseman's Youth Group. She plans to make a career in the veterinary field.

## Big Pasture Seniors Plan Sales Day

The Senior Class at Big Pasture High School will sponsor a garage sale and bake sale Saturday, September 28 beginning at 9:00 a.m.

The sale will be held at the Athens Marble Co. building (the old ice house). All proceeds from the event will go toward funding the senior trip.

## Cooper HD Club Meets With Mrs. Lucille Miller

Cooper Home Demonstration Club met for their regular meeting for the first time after the summer months Sept. 9 at the home of Mrs. Lucille Miller in the Thornberry Community.

President Mrs. Ralph Swinford opened the meeting with singing of one of the club songs, "Texas Our Texas". Mrs. Juanita Huddleston led in prayer.

Secretary Mrs. Lucille Roger read the minutes of the previous meeting and held roll call with 13 members and guests answering. A correspondence report was given by Mrs. Grace Bryant thanking the club for the flowers, card and food furnished during the illness and death of her brother.

Mrs. Ralph Swinford presented the members with their new year books. An article was read informing members on preparing wills and inheritance. Mrs. Swinford called on all committees to read their responsibilities for the year.

They were voted on and accepted. Recreation was directed by Mrs. Laura Creger with Mrs. Mattie Clayton and Mrs. Lucille Roger winning.

Refreshments were served to Mrs. Grace Bryant, Mattie Clayton, Laura Creger, Anna Mae Emmert, Frances George, Ella Gill, Juanita Huddleston, Lucille Miller, Dorisa Owen, Lucille Roger, Lola Volmer, P.S. Swinford, Ralph Swinford, and guests Sandra Miller, Mrs. Billy Mitchell and daughters Cynthia and Trena and Mrs. Dee James.

The next meeting will be Sept. 23 at 2 p.m. in the home of Mrs. Grace Bryant.

More than one billion pounds of frankfurters and wieners — an average of 80 hot dogs for each American — are produced under federal inspection in a year, according to Agriculture Commissioner John C. White.

## Workshop Deadline Re-Scheduled

"The deadline for registration in the Men's Knit Jacket Workshop has been reset to Tuesday, Sept. 24," said Janice Duncan, Home Economist.

The workshop, sponsored by the OSU Extension Center, is scheduled for Oct. 11, 18, 25

and Nov. 1. The workshop cannot be held unless a sufficient number register by Sept. 24. Cost of the workshop is \$20. For further information, contact the OSU Extension Center, Walters, 875-3136.

## Bogus Insurance Deals Swindling Elderly Texans

AUSTIN, Texas—State Insurance Board Chairman Joe Christie Friday said fast-talking, high-pressure operators are at work swindling elderly Texans through bogus insurance deals. Christie said a pre-trial hearing this week of two salesmen in Cuero refocused attention to false and deceptive sales practices and gimmicked-up schemes.

Raymond Kelsie Townsend, 47, of Hurst and John Lee Bradley, 49, of Fort Worth face charges in DeWitt County for felony theft.

Christie said Wiley Cheatham, the district attorney in DeWitt County, reported

Charles Anthony Smith, 24, of Fort Worth and Norman Paul Cowart, 32, also of Fort Worth, have been jailed on a total of five counts of felony theft.

Christie said the State Insurance Board would cooperate with law enforcement officials in providing technical assistance on insurance matters in the prosecution of criminal charges.

He said the Board would also take disciplinary action under the Texas Insurance Code for alleged violations of licensing and sales regulations.

"We are going to take a cold glance at the behind the scenes approaches of these smooth operators with corkscrew rhetoric and the companies they are supposed to represent."

Law enforcement officials in Victoria have also reported that two elderly residents were defrauded of more than \$1,500 in an insurance swindle.

"We have reports that men represented themselves as agents and sold hospitalization and medical insurance as well as an "Automobile warranty plan" which supposedly covers all repairs done to the victims auto for a number of years," Christie said.

He said, "salesmen have also conned victims into believing that they represented legitimate agricultural concerns with the use of picturesque, canned sales pitches describing potential insurance benefits to farmers

## White Says '73 Receipts Up \$3 Billion

AUSTIN—Agriculture Commissioner John C. White has announced that total cash receipts for 1973 crops and livestock amounted to \$6,467,923,000, an increase of nearly \$3 billion over 1972.

But figures for 1974 are expected to drop considerably because of the summer drought, White said.

"Despite a hectic year for agriculture which included a meat boycott, a price freeze and some bad weather, Texas managed to move ahead in most areas of agricultural production last year."

Texas ranks third in the U.S. in cash receipts. The state more than doubled its cash receipts in cotton, feed crops, food grains and vegetables. Production was off in fruits and nuts and rice, due mainly to a poor pecan and peach season and a hurricane damaged rice crop.

White said total livestock receipts amounted to \$3,673,825,000, a jump of more than \$1 billion over the previous year. Receipts for cattle and calves only were \$2.8 billion, placing Texas

first again in this area of production. The state ranked second behind Iowa in total livestock receipts.

Crop receipts jumped from \$1.3 billion in 1972 to \$2.7 billion, placing the state fourth in the U.S.

According to figures from the Texas Crop and Livestock Reporting Service, the value of other Texas agricultural products ran:

Dairy products, \$261 million; poultry and eggs, \$344 million; hogs, \$142.1 million; cotton, \$914.1 million; feed crops, \$926.6 million; food grains, \$501.8 million; vegetables, \$220.7 million, and fruits and nuts, \$46.1 million.

## Individuals Hold Most Farm Mortgages

Farming is still a business where individuals hold the biggest share of the mortgages.

Latest statistics released by the USDA's Economic Research Service show that individuals hold 43 percent of the total farm mortgage debt; federal land banks, 28 percent; life insurance companies, 15 percent; and banks, 13 percent.

### Texas is full of surprises. Like coal.

In certain areas of Texas there are sizeable deposits of a soft coal called lignite.

Several years ago Texas Electric, along with two other companies, began acquiring rights to some of this lignite because we saw that new supplies of natural gas and oil, our basic fuels, could become increasingly expensive and difficult to obtain.

Today, Texas Electric is using this lignite to generate electricity in our Big Brown plant near Fairfield. Two more lignite plants are under construction.

Using this lignite will help reduce our dependence on natural gas and oil. And one other advantage of using lignite for the generation of electricity is that it isn't being used extensively any other way.

But plants that use lignite cost a lot more than gas/oil plants.

While this means electricity will have to cost more in the future, the cost won't be as much with lignite as it would be with natural gas and oil, even if we could get adequate new supplies.

At Texas Electric, we're continuing the orderly development of our power system so that you'll continue having the electricity you need.

## Devol Doings

Mrs. Vera Mae King, 67, a former Devol resident and teacher in the school system here, died Thursday in Lawton following a short illness.

Funeral services were held Saturday, Sept. 14, in the Grantham Funeral Home Chapel in Duncan, with Rev. Wayne Vorhies, pastor of the Seventh Day Adventist Church officiating. Burial was in the Duncan Cemetery.

Survivors include three daughters, Mrs. Roger Thornton of Lawton, Mrs. Ray Hickox of Oakland, Calif., and Mrs. Gaines Carden of Knob Noster, Mo.; one son, Clay King of Dallas, Texas; a sister, Mrs. Joseph T. Sippel of Springfield, Va.; and one brother, James H. Hale of Kilgore, Texas.

Word has been received here of the death of Mr. Emerson Hyman of Leon, Okla. He died Sept. 14. Funeral services were conducted at the First Baptist Church in Leon and burial was in the Marietta Cemetery.

Mr. Hyman taught in the Big Pasture School System from 1958 to 1972, and was principal of the high school the last four years.

Those attending the funeral services from Devol were Mr. and Mrs. Noel McGill and Mr. and Mrs. Harvey Doty.

The First Baptist Church Men's Brotherhood group enjoyed an outing and fellowship last Friday and Saturday on Lake Diversion located on the Wagner Ranch near Wichita Falls. Those making the trip

were A.D. Green, Jr. Turner, Rev. Laine Crowe, Ronnie Hayse, Karroll Ingram and his son Jeff, Mike Powell and Jeff Powell.

Goldie Perry, a former resident of the community now living in Duncan, was admitted to the General Hospital in Wichita Falls where she underwent heart surgery last week.

Mr. and Mrs. A.D. Green visited Mrs. Perry Sunday in the hospital where she is in intensive care.

Fire of undetermined origin destroyed 60 acres of grass pasture on the A.D. Green farm last week. Fire departments from Devol and Temple fought the blaze with the volunteer help of neighbors, who plowed around the pasture preventing the spread to possible homes and other grass pasture.

Mr. and Mrs. Frank Germany and Mrs. Maggie Nelson visited

Mrs. Dollie Hardin Sunday.

In a business transaction last week between Mr. and Mrs. J.W. Adams and Mr. and Mrs. Bobby Green, the Gas and Grocery Station was sold to Mr. and Mrs. Green, who are the new proprietors and now open for business.

Mrs. Leon Head, who underwent surgery last week in the Bethania Hospital, is now able to be at home.

### Former Wild Plant Now Top Vegetable

A one-time wild plant with bitter poisonous juices—now in cultivated form—ranks as one of the nation's best-selling vegetables.

It's celery, a 17-million pound crop that's grown chiefly in California and Florida.

A recent study showed that, while retail prices for celery have increased more than 50 percent over the past decade, the grower's share of the price has remained fairly stable. It averaged 12 percent for the 10-year period.

to line up and run right at their opponents.

Leading their running attack is Jay Smith, a 177 lb. Senior tailback. Smith is a three-year starter for the Demons, has good speed and is known to run over tacklers instead of around them.

Also, light weight wingback Herbert Fisher at 140 lbs. is reportedly extra quick and picks up good yardage as well as their quarterback Brian Knott, a 158 lb. junior.

With the help of linemen like tackle Don Padgett, 235 lb. Senior and guard J.R. Carter, 170 lb. Senior, the Demons run a lot of power, option and trap plays.

Outstanding defensive players for Duncan include defensive end Steve Underwood, 170 lbs.; defensive tackle Gary Morgan, 225 lbs.; and two linebackers Jimmy Kidd and John Maier, both near 170 lbs. that are credited with good pursuit.

Duncan vs. Burkburnett is always a bone crunching football game. In 1972 Duncan beat the hosting Bulldogs 14-10 while last year Burkburnett won the contest 13-10.

Coach Smiley reports that end Jay Lippard is a doubtful starter for Friday night's action. Lippard was injured in a scrimmage earlier this year.

All other Bulldog players are expected to be ready to go. The Bulldogs starting line-up will remain the same for Friday night's contest with possibly a few minor changes in personnel during the game.

woman entered.

On September 9 Thomas Harrison reported the theft of a tachometer from his vehicle which was parked at his residence at 510 Tidal.

Also last week a local minor was charged with the unauthorized use of a vehicle. Police answered a call concerning a car on fire and found the auto unattended. Later the car was reported stolen.

Police investigated three accidents this past week, none too major in terms of damages.

Saturday Cruz Slavazar of 1108 Sheppard Rd. and Kenneth Benson of 800 E. College were involved in an accident at the intersection of Sheppard Rd. and the Oklahoma Cut-Off. Benson was cited for failure to yield right of way.

Friday James Wright, Jr. of 106 Caroly Lane, riding a motor cycle was in collision with Osa Bailey's auto at the intersection of S. Avenue D and Hayworth Streets. Wright was cited with an improper left turn.

Kriss Knight received only minor scratches when she ran out in front of a vehicle driven by Lester Graham of 406 W. 5th Street late Wednesday evening. Graham was traveling south on Avenue D at its intersection with College St. when the five-year-old girl ran out in front of him.

to line up and run right at their opponents.

Leading their running attack is Jay Smith, a 177 lb. Senior tailback. Smith is a three-year starter for the Demons, has good speed and is known to run over tacklers instead of around them.

Also, light weight wingback Herbert Fisher at 140 lbs. is reportedly extra quick and picks up good yardage as well as their quarterback Brian Knott, a 158 lb. junior.

With the help of linemen like tackle Don Padgett, 235 lb. Senior and guard J.R. Carter, 170 lb. Senior, the Demons run a lot of power, option and trap plays.

Outstanding defensive players for Duncan include defensive end Steve Underwood, 170 lbs.; defensive tackle Gary Morgan, 225 lbs.; and two linebackers Jimmy Kidd and John Maier, both near 170 lbs. that are credited with good pursuit.

Duncan vs. Burkburnett is always a bone crunching football game. In 1972 Duncan beat the hosting Bulldogs 14-10 while last year Burkburnett won the contest 13-10.

Coach Smiley reports that end Jay Lippard is a doubtful starter for Friday night's action. Lippard was injured in a scrimmage earlier this year.

All other Bulldog players are expected to be ready to go. The Bulldogs starting line-up will remain the same for Friday night's contest with possibly a few minor changes in personnel during the game.

woman entered.

On September 9 Thomas Harrison reported the theft of a tachometer from his vehicle which was parked at his residence at 510 Tidal.

Also last week a local minor was charged with the unauthorized use of a vehicle. Police answered a call concerning a car on fire and found the auto unattended. Later the car was reported stolen.

Police investigated three accidents this past week, none too major in terms of damages.

Saturday Cruz Slavazar of 1108 Sheppard Rd. and Kenneth Benson of 800 E. College were involved in an accident at the intersection of Sheppard Rd. and the Oklahoma Cut-Off. Benson was cited for failure to yield right of way.

Friday James Wright, Jr. of 106 Caroly Lane, riding a motor cycle was in collision with Osa Bailey's auto at the intersection of S. Avenue D and Hayworth Streets. Wright was cited with an improper left turn.

Kriss Knight received only minor scratches when she ran out in front of a vehicle driven by Lester Graham of 406 W. 5th Street late Wednesday evening. Graham was traveling south on Avenue D at its intersection with College St. when the five-year-old girl ran out in front of him.

little. Above all, to get anything done, you must start someplace, and it appears that the United Way is the best place for us to begin.

Consider this when you are asked to give.

I knew it would happen, but I just didn't know how long it would be before there would be an Aggie joke out about Evel Knievel.

It seems down in Aggie land there is a lad named Aggie Knievel that has attempted to jump three motorcycles with a tractor!

by Artie Mullins  
Mrs. Myrtice Evans of Electra visited her sister, Winnie Austin Sunday.

Visiting relatives for the weekend were Mrs. Mayse, who spent some time with her son, Howard Mayse and family; Saddle Johnson who visited her family in Wichita Falls; Bea Burrows who visited her sister, Ruth Beldon; and Tennessee Bentley who visited her son and family.

Mr. Ramsey visited Jessie Kilgo Sunday.

We had 20 in Sunday School. Mr. Wortham brought a good lesson. Mr. West sang several songs with Mrs. West at the piano. The afternoon services were conducted by Cashion Baptist Church.

We have two new residents: Mr. Willis Moon and Mr. Pogue. We welcome them and hope they enjoy their stay.

Fannie Baker, a nurse that worked here, is in Wichita General Hospital, and is reportedly improving.

We want to extend our sympathy and love to the families of Walter Prechel and Bertha McCafferty, in their bereavement. Thank you for the lovely flower arrangements sent from each of the families.

Visiting Mr. and Mrs. C.D. Mullins were R.W. Germany from Pampa, Texas and J.A. Thompson from Fort Worth.

Also visiting were Mr. and Mrs. Teague from Arlington.

We still have our games on Tuesday and Friday afternoons. Carlie Shelton has charge of the games and is assisted by several nurses aides. The patients look forward to the games.

Social hour is held each week day with Mrs. Shelton, activity director, in charge. Attendance is increasing daily.

Mr. and Mrs. George Hill of Wichita Falls visited his mother, Minnie Hill.

Mr. and Mrs. George Warren of DeVol, Okla. visited Mr. and Mrs. Floyd Dickson and Addie Dickson.

Several residents attended Senior Citizens Thursday and they all enjoyed the lunch and program.

Mr. and Mrs. Doyle Rush of Dallas visited his parents, Mr.

and Mrs. B.F. Rush.

Visiting their mother, Mrs. Edna Pruett were Gladis Hill of Wichita Falls, Artie Ward of Floydada, Texas and Houston Turner of Lubbock; and Mr. and Mrs. Keeble Jones of Duncan, Okla.

Rev. Carl Turner of Randlett and his wife visited Mrs. Pruett Sunday.

The patients enjoy the singing and devotionals presented each Monday night by the Assembly of God Church.

**Waste Recovery Helps  
Ease Energy Shortage**

Resource recovery—or re-processing refuse—takes on top priority in St. Louis, New Orleans, Baltimore, San Diego County, Charleston, W. Va., and several other areas.

The St. Louis project, involving the Environmental Protection Agency, the steel industry and Union Electric Power Co. has been so successful that the power firm is now planning to build a \$70 million plant that will process all refuse in the metropolitan area.

According to a recent survey by Opinion Research Corporation of Princeton, N.J., some 70 per cent of the American voting-age public—95 million people—favor voluntary unionism, curbs on union political spending, and think union officials already have far too much power.

# Mistakes Stop Bulldogs; Gainesville Wins 29-18

	Burkburnett	Gainesville
First downs	10	13
Yards rushing	136	174
Yards passing	44	40
Passes	412	348
Passes intercepted by	0	0
Punts	5-33	5-36
Fumbles lost	5	3
Yards penalized	30	70

A stingy Gainesville defensive unit and five Bulldog fumbles proved to be too much as the Burkburnett Bulldogs were defeated in their second game of the season Friday night by a score of 29-18.

Burkburnett received the opening kickoff, but was able to make only eight yards in their initial series of downs.

Gainesville then took possession of the ball on their own 43-yard line following Burk's punt. The Leopards, behind their brilliant running of their tailback, quarterback, and fullback romped to the Burkburnett

20 yard line before being held by the Burk defensive unit. Defensive players Curtis Williams, Larry Lamar, Phil January, Doug Garrison and Tommy Rushing were given credit for most of the tackles that stopped the Leopards drive.

After an illegal procedure penalty Burk set up on their own 15 yard line with over 6 minutes left in the first quarter. Burkburnett's quarterback Jimmy Koulovasos faked one way and they kept up the middle and managed to out run Leopard defenders for 85 yards and the first touchdown of the game. A Burkburnett player held up three defensive men near the 50 yard line just long enough for Koulovasos to get by the defenders.

The PAT failed.

The Leopards quickly re-

tailed by advancing the kickoff to the 35 yard line. Five plays later their big running back, Overstreet, rambled for 34 yards and six points. The kick was good.

Two series of downs later Burkburnett got its first big break of the night as Doug Garrison recovered a Gainesville fumble on their 39 yard line.

The good luck was short lived however, as Burk fumbled on the first play of downs and Gainesville recovered.

It took Gainesville 13 plays to cover the 60 yards needed for their second score of the night. Burkburnett again fumbled on the first play of downs and Gainesville recovered on the Burkburnett 42.

Gainesville rolled to the Burkburnett 14 yard line before

having to give the ball up on downs.

The second half appeared to be all Burkburnett as the Bulldogs drove for 60 yards after the second-half kickoff for their second touchdown of the night. On a fourth and nine situation on the 19 yard line, Koulovasos found running back Tommy Rushing at the goal line for a short pass and six points. A pass for the point after fell incomplete.

The tough Bulldog defense held the Leopards for a net gain following the punt from Gainesville.

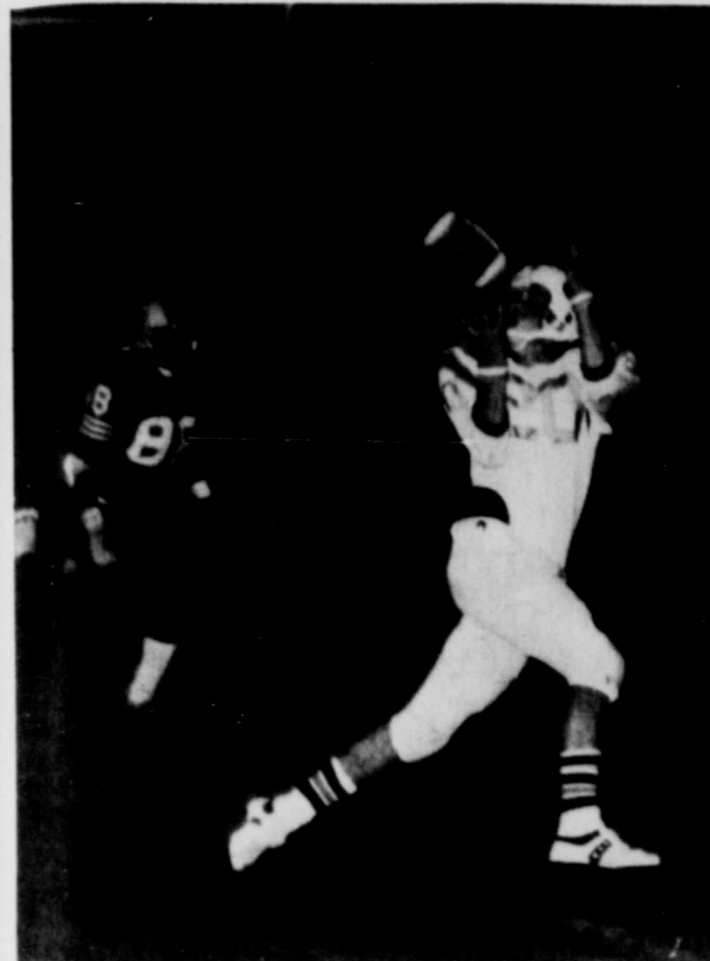

Then it was Tommy Rushing for two yards, David Ray for 6, Doug Garrison for no gain. On a 4th and 2 situation Tommy Rushing sprinted 45 yards for a touchdown. Rushing was stopped twice on the run, each time spinning off and regaining his balance and heading for the goal line. The pass for the extra point fell incomplete.

That was the last time in the game that Burkburnett would lead as busted plays and fumbles plagued the Bulldogs the rest of the night.

Burkburnett fumbled on their own 35 yard line. Gainesville recovered and in four plays ran it over for 6 points.

On Burkburnett's next possession of play they again fumbled and Gainesville recovered on the 48.

With only a minute left in the game, Burkburnett fumbled a punt on their own 10 yard line and Gainesville recovered. With 11 seconds on the clock, Gainesville made their final touchdown of the night.

TOMMY RUSHING hauls in a 19 yard pass from Jimmy Koulovasos for a TD.

## Local Oilers Win In Midget League Action

The Red Skins of Wichita Falls returned home without anything to show on the score board Monday night as the Burkburnett Oilers completely dominated the games at Hayes Field.

In American League action, the Oilers scored on first possession of the ball with Dowling going over for the touchdown. Dowling also scored for another 6 points later in the game with the Oilers taking it 12-0.

In National League action, Joe Deutsch scored from 40 yards out and 14 yards respectively to get the edge on the Red Skins and to cap off the game with the longest run of the day. Sam Chambers ran for 50 yards to make its Oilers 22, Red Skins 0.

The Oilers play the Jets at Sheppard Field and all parents are invited.

The American Eagles fought to a 6-6 tie with the Wichita Falls Red Birds last Wednesday night as the Red Birds score was made on their first possession. The Eagle Defense held the remainder of the game to put on a good exhibition of defensive football.

Late in the fourth quarter, with 3 minutes left in the game, Eagle quarterback Robert Nixon ran the quarterback sweep for a gain of 35 yards setting the ball up on the one yard line. Two plays later, Nixon went through the middle for the tying score.

When it appeared the Red Birds might pull it out for them with only seconds left on the clock, Billy Luke intercepted to end the game.

The Oilers 8-year-old team coached by Ed Chavis played a double-header Saturday at Jaycee Park in Wichita Falls.

The first game ended with an impressive victory over the Missiles by a score of 16-0. The second game ended with another victory when they defeated the Leather Necks of Wichita Falls 8-6.

The eight-year-old games are usually played on Saturday mornings. All parents are cordially invited to attend.

## Early Teal Season

AUSTIN—Recent cool spells which brought rains to the parched Texas Panhandle have also pushed the season's first migrant teal and pintails into the state.

The pintails won't be legal for a while but an early teal-only season is set for Sept. 14-22 across the state.

Texas has a resident population of teal which produces some young each year.

Texas Parks and Wildlife Department biologist Bob West of Canyon in the Panhandle says that most of the resident birds in his area are cinnamon teal and despite dry conditions this spring and summer, some of the more stable playa lakes in the area did host local teal and their brood.

"We had a fair crop of young this year," said West, "and I look to a good season."

"But with all the rain lately the birds will be scattered. Already some bluewings have moved in with the first wave of pintails."

## News From Hickory Elm

Central Baptist Church speaker for Sunday School Sept. 15 was Gene Breeden, with 31 present. Song leaders were Mrs. L.H. Bryant and Frank A. Mallory with Ruth Anderson at the piano. Special singing was by Lou Harris' Primary 1, 2 and 3 Dept. with 17 children and 5 adults from Central Baptist Church.

We were saddened at the loss of a resident, Mrs. Thelma Childress. Our sympathy goes to the family.

We have two new employees: Wanda Pendley and Terri Hudson.

Last Wednesday Theta Epsilon donated gifts for prizes and three members helped with the games: Clodella Bridges, Kathleen Brammer and Shirley Spinks. They were assisted by Wanda Cox and Mary Wilson.

On Thursday, Mr. Bruner, Mr. Howard, Edna Walsh and Opal Hobbs attended a meeting of the Burkburnett Senior Citizens. Thursday evening, residents enjoyed singing by a youth group from the Church of Christ.

Mrs. Opal Matthews visited Mr. and Mrs. O.J. Cooper, Sr. and presented them with a delicious cake, which they shared with others. Mr. Cooper's sister and her husband, Mr. and Mrs. Dutton, visited from Portalis, New Mexico. Other visitors of the Coopers were Mr. and Mrs. Wendell Hale, O.J. and Janey Cooper.

Carrie Posey was visited by

Orben and Verlon Johnson of Vernon.

Mrs. Annie Pannell was visited by Henry Day of San Antonio on Sunday.

Mr. Minton's son and daughter-in-law, Mr. and Mrs. R.A. Minton, visited him from Oklahoma City.

Mrs. Jeff Kennedy's daughter Frankie and her husband Claude D. Hayes, were here over the weekend to see her from Bentonville, Ark. Mrs. L. Foster visited Mrs. Kennedy and Mrs. O.J. Cooper, Sr.

Mrs. Lester Howard visited Joe Howard on Monday.

Mr. Streber had visitors from Oklahoma City on Saturday. Visiting were his son and daughter-in-law, Mr. and Mrs. Loman Streber and his daughter Jewel Sweet.

Mrs. Carswell visited Mrs. Kennedy and Mrs. Bundy.

Mrs. Swan was visited by Mr. and Mrs. W.A. Tole of Wichita Falls.

On Saturday, Lucy Pirtle was honored with a birthday cake baked by Mrs. Lois Malone and enjoyed by many of the residents.

Three-fourths of the U.S. farm exports last year went to 15 countries, reports the Gibson Gazette of Sibley County, Minn. Japan was the top export market, then West Germany, U.S.S.R. and Canada. Total exports were \$112.9 billion.

LIONS HEAR UNITED WAY EXECUTIVE—Bill Link, executive of the greater Wichita Falls-Burkburnett United Way center, spoke to the local Evening Lions Club at their regular meeting last Tuesday. Link presented a film and answered questions on the functions of the United Way and why it is needed in Burkburnett. Shaking hands with Link is Jim Fry, who was in charge of the program. Also shown is Jim Lemley, local chamber of commerce manager, who introduced Link.

**LETTERS to the EDITOR**

Dear Raymond:

It was certainly my pleasure to see and visit with you. Unfortunately, campaign schedules in a statewide race make it impossible to sit down and have a long talk.

I owe a debt of gratitude to you and all the news media for informing the people of the importance of the Comptroller's Office and the goals I have for it.

Thank you for the coverage you have given me in the past, and if I may be of assistance to you in your work, please don't hesitate to call on me.

Sincerely,

**TRY PEANUT PIE**—Peanuts have always been a popular snack food. Now Texas Department of Agriculture home economists have devised a new way to eat the high-protein favorite—in a pie. For additional recipes write Agriculture Commissioner John C. White, Texas Department of Agriculture, P.O. Box 12847, Austin, Tex. 78711.

#### TEXAS PEANUT PIE

- |                       |                            |
|-----------------------|----------------------------|
| 2 Tbsp. flour         | 3 eggs                     |
| 1/2 cup sugar         | 2 Tbsp. butter             |
| 1/2 tsp. salt         | 1 cup salted peanuts       |
| 1/2 cup cold water    | 1/2 cup coconut            |
| 1 cup dark corn syrup | 1 unbaked 9-inch pie shell |

Combine flour, sugar and salt. Add water and syrup, blending well and boiling gently 3-5 minutes. Slowly pour mixture into slightly beaten eggs, stirring continuously. Add butter. Spread peanuts and coconut over bottom of pie shell. Pour filling into crust. Bake at 425 degrees 10 minutes. Reduce heat and bake at 350 degrees 20 minutes.

For additional recipes write Commissioner John C. White, Texas Department of Agriculture, P.O. Box 12847, Austin, Tex. 78711.

### Garden Club Holds First Years Meet

The Bluebonnet Garden Club opened the 1974-75 year with a morning coffee held Sept. 10 in the home of Mrs. Floyd Landers. Co-hostess was Mrs. J.T. Brady.

Club collect was given by members. The business session was conducted by the president, Mrs. H.K. Landes. Mrs. A.C. Houser read the minutes and Mrs. J.T. Brady gave the treasurer's report. The resignation of Mrs. James Taylor was accepted with regrets. One new member was voted into the club.

Roll call was read and answered with each members favorite song naming a flower. Mrs. H.K. Landes presented the president's message and Mrs. E.L. Neal gave a resume of the year books. Mrs. A.C. Houser spoke on "Bringing Your Plants Inside". Lovely arrangements of Spider Lillies made by the hostess were displayed. The meeting was adjourned by repeating Psalms 19:14. The first two sessions will be held at Floral Heights United Methodist Church from 8:45 a.m. and will continue to 11:30 a.m. The last session will be held at Harrell Park and will begin at 9:00 a.m. and continue until 1:00 p.m. Adult members of Camp Fire Girls will be instructed in various levels of the Camp Fire Girls program.

Norman Adams, president of the board of directors of Camp Fire Girls, will address the group on Tuesday morning. Mrs. Bettye Ricks, executive director, will introduce staff members. Mrs. Carl Hall, training chairman, will welcome the group. Blue Bird and Camp Fire Leaders will then divide into separate groups. Mrs. Jane Ann Brandt will address Blue Bird leaders and Mrs. Chris Proctor will address Camp Fire leaders.

Tuesday's agenda will include How to Plan a Blue Bird Meeting by Mrs. Margaret Soell of Iowa Park; Blue Bird Recreation by Miss Nikkie Eoff, teacher at Midwestern University; The Three Blue Bird Books by Mrs. Joyce Lauck, former executive director of Camp Fire Girls; and singing which will be instructed by Miss Kay Mascari, staff member.

On Tuesday, Camp Fire leaders will be instructed by Mrs. Martha Hall on Planning a Camp Fire Meeting, Action Crafts and Try-Ads by Mrs.

Joan Schaffner of Henrietta, Texas and Symbolism by Mrs. Winnie Kajs.

Wednesday's sessions will include Calendar events by Mrs. Jane Ann Brandt, Camping by Mrs. Bettye Ricks and Kay Mascari, and the Blue Bird Program by Mrs. Nancy Padgett of Iowa Park. Camp Fire leaders will be instructed in Calendar events by Mrs. Chris Proctor; How to Plan a Ceremonial by Mrs. Nan Park of Bowie, Texas; Three Grade Levels by Mrs. Edie Jordan, Mary Scott and Martha Hall.

Thursday's session will be held at Harrell Park Lodge. Leaders will be instructed by Mrs. Delores Smith on Safety and First Aid. Adults will prepare their own lunches on open fires and be instructed in outdoor cooking skills. Cook-out captains will be Mmes. Mary Body, Joan Schaffner, Martha Hall and Shirley Gill. Other adults assisting with Outdoor Training will be Mrs. Maurice Crawford, Mrs. Joan Gonzales and Mrs. Torch Canaday.

A nursery will be provided at the Floral Heights United Methodist Church for all three days of training. Mrs. Dorothy Wilson, Registrar, will be present on Tuesday and Wednesday mornings in order that leaders may register their Blue Bird and Camp Fire groups.

Leaders attending Fall Training will include adults from Archer City, Bowie, Burk Burnett, Electra, Henrietta, Iowa Park, Nocona and Olney.

### ABWA Hears Program On Lapidary

The Boomtown Chapter of ABWA met Monday, Sept. 16 at 7:00 p.m. in the Community Center. President Juddie Morrow presided.

Zell Schmidt, Vocational Office Education Teacher at Burk Burnett High School, gave the vocational. She showed a slide film of a day in the life of a typical V.O.E. student, Marilyn Koller, to show her duties and what the program is accomplishing.

Mila Braden, program chairman introduced Mr. Leo Evans, an employee at Sheppard Air Force Base, and Mrs. Charles (Ruth) Horsley, antique dealer and newspaper woman, who is also a past ABWA Woman of the Year. They are members of

the North Texas Gem & Mineral Society. Their hobby is known as lapidary or the study and cutting or polishing of rocks or stones. Mr. Evans carved a small animal while Mrs. Horsley told the origin and some interesting history of several pieces on display. She said, "Some very beautiful things can be made from very ordinary rock with inexpensive equipment, or it can also be a very costly hobby."

Three new members were installed. They are Mrs. Richard (Carol) Northrip, Mrs. Dean (Susan) Blackburn and Mrs. E.E. (Helen) Stine.

Lila Schnitker will present next month's program on nutrition and your budget.

### Wichita Area ESA Meets

No anti-biotic or other drug can halt a full-blown case of tetanus — about 60% of those afflicted die. Yet 3/4 of our adults are not immunized. In a free-bleeding cut, tetanus spores are usually washed out. The deep puncture, such as from a nail — or a scrape or cut with dirt imbedded, is most prone to tetanus. Make a doctor appointment to immunize your family against tetanus.

**POINT SOMEONE TOWARD GOD**

A young man, pushing a grocery cart containing a screaming baby through a supermarket, was heard muttering to himself, "Keep calm, Mike," and "don't get excited, Mike."

A woman, overhearing, remarked, "Can't you do more for little Mike than just talk to him?" "Lady," the harried man said, "I'm Mike!"

So our fellow man seeks to maintain a grip upon his sanity in a world gone mad and we say senseless things to him, like:

"Keep your chin up" or  
"Don't give up the ship" or  
"It's not the end of the world."

Actually what we say to others, no matter how well intentioned, can just as widely miss the mark.

Our safest and wisest course, in dealing with troubled men and women is to point them to God. Say all you want to anybody and know you are helping if you are influencing them to pray.

"Lady, I'm Mike. I'm the one who needs help."

## PPG Ships First Glass From Wichita Falls Plant

WICHITA FALLS, Tex.--PPG Industries announced it has begun shipments of flat glass from its new Wichita Falls manufacturing plant.

The first truckloads of commercial quality glass left the PPG plant on Aug. 15 from Mercer Industries, Inc., of Portland, Ore., manufacturers of insulating windows and doors and Willard Mirror Company of Fort Smith, Ark.

The first of two flat glass lines at the Wichita Falls plant began production on July 30, and was

producing high quality flat glass for customer orders within a few days, according to Frank V. Breeze, vice president and general manager of PPG's Glass Division.

"Production of quality glass in this short time is an exceptional achievement, and reflects the dedication and skills of the many plant people and Willard Mirror Company of Fort Smith, Ark."

The ultramodern, highly computerized facility -- with about 28 acres under roof--will furnish flat glass for a variety of markets and regions. Much of the plant's glass output will go to the commercial and residential construction industries in the West and Southwest.

Final preparation for flat glass production began on July 2, when fires were ignited in the plant's first glass melting furnace. This began a complex, month-long heating process for the huge melting tank and other glassmaking units.

Ground was broken for the Wichita Falls plant--PPG's largest glass manufacturing facility--in May 1973.

## Frank Winn Finalist In Merit Scholarship Competition

Principal Bill Darland has announced that a student at Burkburnett High School has been named a Semifinalist in the competition for about 3,400 Merit Scholarships to be awarded in 1975.

The student is Frank Winn, son of General and Mrs. David Winn.

The Merit Program Semifinalists were the highest scorers in each state on the 1973 Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT), administered to over one million students in about 17,000 schools nationwide. The Semifinalists, most of whom will complete high school and enter college in 1975, will be identified to regionally accredited U.S. colleges and universities. Many Semifinalists find this recognition useful in gaining admission to the college of their choice and in obtaining financial aid.

According to Edward C. Smith, president of the National Merit Scholarship Corporation (NMSC). "The approximately 15,000 Semifinalists represent the top one-half of one percent of the nation's most academically talented young people. The students bring honor to themselves, their families, their teachers, and their communities. Many of these students, those who make the best use of their ability to become productive at the high intellectual levels of which they are capable, will be future leaders in business, industry, and the professions."

Semifinalists must qualify as

### Auxiliary Unit

### Holds Meeting

The American Legion Auxiliary Unit 264 held their regular meeting Monday night with the new president, Dorothy Hinote, presiding.

Lou Glover presided as secretary in the absence of Sandy Hubbard. There were 24 members present.

It was reported that it is time to renew memberships for 1974-75.

Meetings are held the first and third Mondays at the Legion Hall at 8:00 p.m.

Finalists to advance in the competition for Merit Scholarships. To become Merit Program Finalists, the Semifinalists must be endorsed by their schools and recommended for scholarship consideration, confirm their high PSAT/NMSQT scores with equivalent performance on a second examination (the SAT), provide evidence of high academic performance, and supply information about their other accomplishments. Over 90 percent of the Semifinalists are expected to become Finalists; each Finalist will be considered for Merit Scholarships and will receive a Certificate of Merit in recognition of distinguished performance in the competition.

Every Finalist competes for one of the National Merit \$1000 Scholarships, allocated on a state basis according to each state's percentage of the total U.S. graduating high school seniors. These National Merit \$1000 Scholarships are one-time awards supported by business and industrial sponsors and by NMSC's own funds. Winners will receive a single payment of \$1,000 next fall after enrolling as full-time college undergraduates. A Selection Committee of experienced college admissions officers and secondary school guidance counselors will be convened to select the 1,000 winners nationwide. The Committee will judge in combination all information about each Finalist--his high school academic record, accomplishments, extracurricular activities, and test scores.

Many of the Finalists will also be considered for an estimated total of 2,400 four-year renewable Merit Scholarships financed by some 550 sponsors, including corporations, foundations, professional associations, colleges, unions, and trusts. Winners of renewable Merit Scholarships receive up to \$1,500 (or more) during each of the four college undergraduate years, depending on the award. In the nineteen annual Merit Programs completed to date, over 38,000 students have won Merit Scholarships valued at more than \$104 million.

NMSC will release the names of Merit Scholarship winners through the news media in three public announcements in 1975: winners of corporate-sponsored four-year Merit Scholarships will be announced on April 9; winners of one-time National Merit \$1000 Scholarships will be

named on April 23; the announcement of college-sponsored four-year Merit Scholarship winners will be made on April 30.

## Den Mothers Introduced At Pack 155 Meeting

Cub Scout Pack 155 held a Pack Meeting September 11 at the Burkburnett Civic Center.

## Art Show Set In W.F. For Oct. 5

Traditionally sponsored by the Wichita Falls Art Association of the Woman's Forum on the first Saturday in October, the 27th Top O'Texas Sidewalk Art Show on October 5 will attract artists and craftsmen from North Texas and Southern Oklahoma. Mrs. Chester F. Miller is the show director (No. 4 Merryhill Circle, Phone 692-6980).

Headquarters will be at the four corners of Tenth and Scott intersection, downtown Wichita Falls. Work should be entered from 8 a.m. to 10 a.m. and no late entries will be judged. Entries for sale must be priced. Display props will not be furnished.

Categories are oil and acrylics, water color, pastel and mixed media, both representational and abstract; graphics, sculpture, ceramics and crafts.

The W.F. Art Association gives a \$100 award for Best of Show. Purchase prizes donated by merchants include a number for \$200, \$100 and \$50. The Art Association receives 10% fee on sales other than purchase awards. A nominal entrance fee will be charged.

Ribbon awards, first through honorable mention, will be given. Judged pictures should be framed. Judges for the show

## MU Has Burns-Lights Contribution Box

Wichita Falls - Midwestern University has installed a red container to enable citizens to make contributions from their autos on Taft Boulevard for the MU-Burns Fantasy of Lights project.

Among the first to make use of the newly installed drive-by container were Melissa (Missy) and Patrick, children of Mr. and Mrs. Al Guinn. Guinn is a 1953 graduate of Midwestern, and the children can remember the Burns displays and stopped off on their way home from School Wednesday.

The goal of \$17,500 has been set by the committee which is headed by Warren Silver of KFDX-TV and composed of Wichita Falls and Archer City people and university personnel. The funds must be collected by Oct. 1 to allow the erection on the MU campus during Christmas season of the displays furnished by Mrs. Burns during the holidays for many years.

Anyone desiring further information may call Silver or the university affairs office at MU. To make a contribution either place it in the contribution box on Taft or mail to MU-Burns Lights, P.O. Box 447, Wichita Falls, 76307 or to University Affairs at MU, 76308.

The contribution box is located on Taft at the southern most corner of the campus in front of Hardin Administration Building and close to Moffett Library. It may be used without getting out of automobiles.

Pack meetings will be held the second Thursday of each month at 7 p.m. in the Civic Center.

## Burk 7th Grade Team Romps I. P.

The Burkburnett 7th grade team got the 1974 season off to a good start last week as they bopped the Iowa Park team 14-0.

Coaches Alan Willett and Richard Owen reported their boys played very well with only a few errors.

Offensive standouts of the 'Dogs included Bryan Patterson, who scored on a 15 yard run and carried the football for 44 yards on only 3 carries; also fullback Jay LaBrie who

scored on a 40 yard run and Jimmy Rowe who rushed for 90 yards.

Defensively Rowe had 11 unassisted tackles and LaBrie and Marty Schmidt had four each.

### Notable Quote

"We are reaching the point that every time a businessman tries to make a move to hire a new employee, develop a new product, market a new product, expand his plant, move into a new city, merge with another company, negotiate a labor contract, ship his goods, or raise new capital, he is confronted by a regulation that says he cannot do it unless a federal agency approves."

—Rep. James M. Collins (D-Tex.)

## Women Get 2nd Chance To Use Bill

Many women veterans who did not use their GI Bill after the Korean Conflict now have a second chance at Veterans Administration financial help for a college education or other training, under a new law, Jack Coker, VA Regional Office Director, said today.

When eligibility for this veteran's benefit was recently extended two more years for all veterans discharged after January 31, 1955, it had a special significance for women veterans whose children are reaching ages that allow them more free time.

The deadline for completion of training is now May 31, 1976, or ten years from the veteran's date of discharge, whichever is later.

Of the some 160,000 women veterans eligible for current GI Bill school benefits, about 54,000 have trained under this program.

This spring, nearly 21,000 were in training, mostly in college. Only 209 were on-the-job trainees.

Below college level training is available in a wide range of occupations such as hotel or motel manager, specialty shop or store manager, and hairdresser, plus other programs also open to men.

Women veterans of the Air Force lead in GI Bill training, with 15,672 having trained. Army is running second with 15,361.

In addition to veterans, 3,909 servicewomen have trained under the current GI Bill, of whom 842 were in training in April.

### Lift Off Nearing In Birdman Contest

A \$30,000 prize awaits the first successful attempt to pedal an aluminum bike in the sky.

While not a practical solution to the energy crisis, the winner will surely make history. Spurred on by prize money donated in 1957 by British industrialist Henry Kremer, some half-dozen groups around the world today are working seriously on the first muscle-powered craft that can stay aloft at least 10 feet above the ground in a figure eight course around two markers 880 yards apart.

According to ALCANEWS, Alcan Canada Products Ltd., the Ottawa Man-Powered Flight Group believes it has developed the winning design. Now—for a pilot!
