VOLUME 67

BURKBURNETT, WICHITA COUNTY, TEXAS 76354

THURSDAY, DECEMBER 12, 1974

NUMBER 15

There's national news across this great land of ours that few people are aware. What happens from Nov. to Jan. 1? Of course there's three holidays during that period but what is it referred to nationally? Holiday Season? Festive Season?

Although both are possibly correct there is one that is more correct (if there is such a term as more correct). That period of time is nationally known as National Indigestion Week. That's right, and its purpose is to promote baking soda as a relief during the indigestion season, which runs from Thanksgiving to New Years Day.

Who ever said the Informer/Star didn't carry earth shattering news!

I had a chance to watch a portion of an old movie on Saturday television called "It Happened Every Thursday". It was about a weekly newspaper and its editor and family. I've never seen such a true story concerning any profession.

One thing that stuck out the most was the part where a little old lady and her friend strolled into the newspaper's office. We're from the such and such garden club, she said, and we want you to know that none of our members liked what was in last week's edition of your paper. Here's the list of all our club members and we want you to cancel all our subscriptions! Then as she turned to walk away she remembered the second reason she had come to the newspaper. "Here's the report of our last club meeting. We want you to print that in this week's issue on the front page--and be sure that you spell my name right!"

Who ever wrote the script for the movie had to be a weekly editor at one time in his life.

There are great things happening in Burk during the next few days remaining until Christmas. Take special note of the times and places our local high school chorus will be performing. Also there are several drawings going on and good participation is hoped in all of them.

This probably won't make me too popular with some of our local students, but I've been asked to let parents know failing slips from the local high school will be sent out next week.

It's too bad that such a thing has to come to light just before Santa Claus comes!

Due to the extra large number of persons that live in Burk that are not native Texans, I feel they should take a brief course in "proper English."

A lesson in English, Texas style. That's right, we're going to teach you the proper meaning and pronunciation of words as they should be used by all good Texans!

YAWL--The pronoun of the second person plural. "Good to see Yawl."

WARD--A unit of language consisting of one or more spoken words. "Pardon me, could ah have a Ward with yawl?"

WATT--The lightest of colors. "You look Watt as a sheet."

RIOT--Correct or proper. "That's jes as Riot as rain."

OFTEN--So as to be no longer supported or attached. "Now stan still so

Directors Adopt New Budget For Chamber

The approval of the Burk Burnett Chamber of Commerce 1975 budget, and the approval of the '75 officers and directors were the main items on the agenda for the Chamber's directors as they met in their regular monthly session Thursday.

Directors voiced approval

to the new year's budget which totaled \$19,429.40. In breaking down the budget, some \$13,000 was appropriated for the salaries of the manager, secretary and for car expenses; over \$4,000 was slated for general office operating expense; and some \$1,500 was tabbed for the

expenses of the various Chamber committees.

A closer look of the committee appropriations revealed: Agri-Business Committee \$425; Industrial Development \$100; Retail Trade Promotion \$100; Special Affairs \$450; Military Affairs \$100; Boomtown Oil Park \$100; Tourist Promotion \$100; Special Projects \$100 and incurred Miscellaneous \$40.92.

The new budget was proposed by the budget committee consisting of Bill Darland, Mickey Cornelius, Joe Gillespie, Harry Elliott and Gary Owen, chairman of the committee.

Directors also approved the 1975 slate of officers which include Joe Gillespie as president; Loretta Hunt as 1st vice president and president-elect; Mickey Cornelius, 2nd vice-president; Bob Carter, treasurer; and Gary Owen, assistant treasurer.

The in-coming directors for a three-year term will be Jack Aaron, Joel Ellet, Ben Martin, Jackie Cornelius and Randall Hudson.

Directors discussed the upcoming Feb. 7, 1975 Chamber of Commerce membership banquet. Ticket prices were set at \$3.50 each and \$28 for a table of eight persons.

The new directors and officers will officially take office at that time. Awards for the outstanding man, woman, employee and senior citizen will also be given.

Local citizens who would like to nominate someone for those honors may do so by simply writing the Chamber of Commerce and stating who they would like to see receive the awards and why.

Directors were reminded of the Christmas Lighting Contest for Burk Burnett businessmen. The judging for the contest will be on Dec. 19 and 20 by out-of-town judges. A \$100 first prize, \$75 second place and \$50 third place prize will be awarded to the businessman with the best decorated building or window.

CHRISTMAS IS FUN, BUT SANTA IS SCARY--Little Samantha Morgan, daughter of Mr. and Mrs. Billy Morgan, became a little upset as she visited with Santa Claus at the Burk Burnett City's annual employee Christmas party held Monday night. Santa Claus, former city employee, and the local volunteer fire department members and their families were the special guests at the function. City employee Bob Bishop received his 5-year service pin from City Manager Gary Bean.

Bean praised the employees for their work and quoted a recent visiting labor board official as saying that the City of Burk Burnett had employees with the best morale, outlook on life, were the happiest and dedicated that he had seen in any city.

Thirteen-Year-Old Wins First Christmas Cash Drawing Sat.

Thirteen-year-old Curtis Pendley, II, is some \$75 dollars richer this week as he was the first place winner in the Chamber of Commerce-sponsored Christmas Cash

give-away program. Pendley's name was drawn Saturday during the first of three such drawings. Second place winner of a \$50 gift certificate was Helen D.

Schuman of 213 Laurel Lane. Tommy Thornton, son of Mr. and Mrs. Marion Thornton, of 607 Meadow won the third place \$25 gift certificate. Winners of \$20 in gift

Choirs To Present Christmas Concert For Public's Enjoyment

Some 180 young voices will be singing traditional pieces to the King as the combined choirs of Burk Burnett, Iowa Park and Vernon High Schools present a Christmas Concert Tuesday night.

Accompanied by a brass ensemble and pianists, the

choirs will join together for the opening parts of the program. Then each of the choirs will sing four selections of Christmas music. They will join together again for their final number which will be "Alleluia."

The Christmas Concert, sponsored by the Boomtown

Jaycees, will be held at 7:30 p.m. Tuesday, Dec. 17 in the Burk Burnett Community Center.

Following the concert, the Jaycees will be providing free coffee to those that would just like to stay around and visit for a while, according to Allen Hiles, chairman of the event.

The Jaycees, along with several youth groups from the various churches, will be picking up a bus load of patients from each of Burk's convalescent homes and taking them to the concert.

The public is urged to attend the free concert, and any senior citizen needing transportation to the event should contact Hiles at 569-0204. The concert will last for an hour and fifteen minutes.

In addition to this concert the local Burk Burnett High School choir will be performing Wednesday from 11:30-12:00 and 12:30-1:00 in the lobby of the Burk Burnett Bank.

Also the First Baptist Church choir will be presenting its Christmas cantata, "Alleluia" this Sunday at 6:30. The public is cordially invited to come to the dramatic musical production.

Request For Additional Coach Under Study By Board

Pat Smiley, athletic director at Burk Burnett High School, presented a request for an additional coach at a meeting of Burk Burnett Independent School Board Monday.

Principal Bill Darland explained the additional coach would also be required

to teach history. The reaction of the board was favorable and they agreed to place the request on the agenda of the January meeting for formal approval.

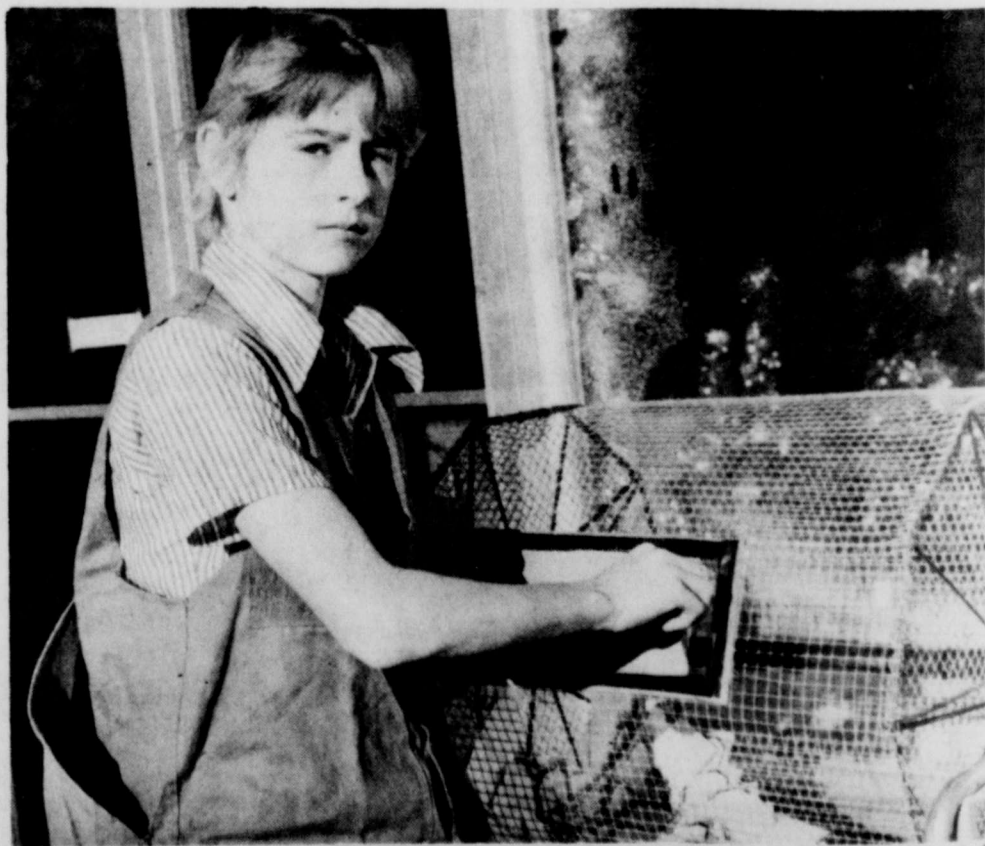

The board also discussed proposed new lighting required for the high school football field and additional wiring required at Sheppard-Burk Elementary School for installation of air conditioning units donated by the PTA. They recommended both items for further investigation and that bids be sought after the first of the year.

Norman Roberts of the building committee reported on sewage disposal facilities at the intended site of an additional junior high school

near Sheppard AFB.

Employment of Mrs. Harriet W. Kilpatrick as a remedial reading teacher at Burk Burnett Junior High School was approved and resignations of Mrs. Christolene Dizon as history teacher at Burk High School and Mrs. Irene Dunn, fourth

HOPES TO WIN SECOND \$75--Curtis Pendley, II, places what he hopes is the winning registration form into the Chamber of Commerce Christmas Cash ticket hopper. Curtis won last week's first place prize of \$75.

Santa Letters Due Now

Local youngsters that are planning on having their Letters to Santa published in the Informer/Star need to write today.

The Santa Letters will appear in next week's edition of the Informer/Star and children are urged to have them in as soon as possible. All letters must be in by Monday evening. It will be greatly appreciated however, if they could be turned in even earlier than that.

They may be mailed to Santa Claus, c/o the Burk Burnett Informer/Star, P.O. Box 906, or dropped by our office at 417 Ave. C.

Although letters not reaching our office by deadline time will not be published in the newspaper, little ones can be assured that their Letters to Santa will be forwarded to the North Pole and will reach their proper destination.

BHS CHOIR SWEETHEART--Robin Wampler, nearest camera, was recently named sweetheart of the Burk Burnett High School Choir. Robin is the daughter of Mr. and Mrs. Cliff Wampler and is the pianist for the choir. (See related story of the choir's upcoming performances).

GRAND OPENING: GRAND SUCCESS--Burkburnett Mayor T.M. Cornelius snipped the ribbon Sunday morning to mark the official beginning of the grand opening celebration of the new Piggly Wiggly store. Local store officials reported that the opening day was a huge success and the entire celebration is continuing on that same note. Standing to Cornelius' left is new store manager Richard Easter. Chamber officials Jim Lemley, holding left end of ribbon, and Dale Lewis with the right, are shown with Piggly Wiggly dignitaries that were on hand for the opening.

Police Have Light Week

Local police this week reported what has become a usual-type week for them, one burglary, two thefts, one breaking and entering and minor traffic accidents.

With this type activity occurring not only in Burkburnett, but nationally, citizens are again urged to secure their property when they are to be away from their residence even for a few minutes. As the Christmas

season approaches this will become increasingly more important, says local police chief Buck Abbott.

Wolfe Ford Co. reported last Wednesday the theft of five tires and wheels from a new Ranchero parked on their lot. Value of the goods was over \$550.

Thursday of last week, Mrs. Hassell of 605 S. Harwell reported the theft of two bicycles from her residence. Later that afternoon two school boys found the bikes in a vacant house and notified the local police.

Also that day a breaking and entering was reported by Earl Bodine at his residence at 411 Mistletoe. It was reported that as one of the family members came home they heard someone go out the back door and run across the alley. Nothing was apparently missing.

Gary Petty also reported Thursday that someone had stolen a cutting torch and gauges from one of his trucks parked in front of his business. Value of the goods was estimated at \$300.

Whites Auto Store reported Friday that an air pistol had been removed from a display case and taken from the store.

Police only investigated two minor traffic accidents this week. The first occurred Monday at 304 Avenue C. A 1970 Chevrolet driven by Jean V. West of 223 Buckner was in a collision with a 1974 Oldsmobile driven by Edyth S. Key of 819 Mimosa. Only light damage resulted to both cars.

Also that same day a light damage accident occurred in the drive into the parking lot at the high school. Involved were a 1970 Ford driven by Terry Austin of 506 Peach

and a 1969 Oldsmobile driven by Harry C. Greenway of 519 Sheppard Rd.

AUSTIN--With all the water in Texas, you'd think that Texans would know how to swim.

Such was not the case with 248 people who lost their lives while swimming during the months of January through September, 1974.

The grim statistics kept by the Texas Parks and Wildlife Department's Water Safety Section show that a total of 610 Texans have drowned thus far this year.

Texas is full of surprises. Like coal.

In certain areas of Texas there are sizeable deposits of a soft coal called lignite.

Several years ago Texas Electric, along with two other companies, began acquiring rights to some of this lignite because we saw that new supplies of natural gas and oil, our basic fuels, could become increasingly expensive and difficult to obtain.

Today, Texas Electric is using this lignite to generate electricity in our Big Brown plant near Fairfield. Two more lignite plants are under construction.

Using this lignite will help reduce our dependence on natural gas and oil. And one other advantage of using lignite for the generation of electricity is that it isn't being used extensively any other way.

But plants that use lignite cost a lot more than gasoil plants.

While this means electricity will have to cost more in the future, the cost won't be as much with lignite as it would be with natural gas and oil, even if we could get adequate new supplies.

At Texas Electric, we're continuing the orderly development of our power system so that you'll continue having the electricity you need.

2nd Annual Pecan Show Dates Set

The 2nd Annual Cotton County Pecan and Pecan Food Show is scheduled for Dec. 13 and 14.

We realize that Cotton County has a small pecan crop this year. From last year we know that Cotton County has superior quality pecans. Two of the 1973 exhibits were named Champions at the State Show.

This year's show will be sponsored by the Temple First National Bank. Exhibits must be in place at Temple

City Hall by 1:00 p.m., Friday, December 13.

The show will give Cotton County's superior cooks a chance to show off their workmanship at the Bake Show. Adults can enter pecan cakes, pecan pies, pecan cookies, pecan bread or rolls and pecan candies.

Youth can enter pecan candy, pecan cookies, and pecan bread or rolls. Premium list can be picked up at the Cotton County OSU Extension Center.

Cotton Harvest Delayed

The USDA Cotton Division Classing Office at Altus issued its first classing report of the season, showing 26,900 samples graded for the week ending December 6, and a season total of 46,500 samples classed. These totals indicate the cotton harvest is about a week and a half later than last year, and about three to four weeks later than normal. Last year at this date 89,900 samples had been graded.

Total classed from North Texas counties this year stood at 3,400 samples, compared with 10,800 at this date last year.

Grades on North Texas cotton classed during the week were 43 per cent White

and 52 per cent Light Spotted. Predominant grade was 42, accounting for 34 per cent. Only four per cent was reduced in grade because of Bark or Grass.

Staples ranged from 29 through 35, but were predominantly 31 and 32. Forty-four per cent was 31 Staple, 22 per cent was 32, and the overall average was 31. Micronaire readings were in the 3.5 to 4.9 range on 80 per cent of the samples. Three per cent was low mike and 17 per cent high mike.

Pressley readings showed fiber strength mostly in the range 80,000 to 89,000 pounds per square inch, with the average being 84 thousand pounds.

COTTON HARVEST STOPPED--Mrs. A.G. Earp is shown as she weighs in a trailer of cotton earlier last week as the ginning season finally began to get underway again. The fair weather was short lived, however, as wet weather moved into the area completely halting the harvest for several days. A.G. Earp, local gin manager, reports a total of 874 bales ginned during mid-week last week. "We expect to gin some 1,250 bales this year," stated Earp. That compares with a normal year of 2,400 bales and last year's record crop of

4,200. Prices for cotton are less than half too. Strict low, lightspot, graded cotton is bringing 25 cents to 29 cents a pound. This compares with a market price of around 65 cents a pound for the same grade last year. To compound the farmers problems, this was by far the most expensive crop to harvest as fertilizer, fuel and other essentials to the farmer jumped as much as 300% in price.

The rush is on. From now until Christmas, parents, grandparents, aunts and uncles will be haunting toy departments to select gifts for youngsters.

Some will choose thoughtfully, keeping in mind the age, abilities and interests of each child. They will check the safety, durability and actual "PLAY VALUE" OF EACH TOY THEY SELECT. But others, less thoughtful, may base their choices on well-advertised "gimmicks" or on emotions. They may select something they always wanted as a child, or something they themselves would enjoy playing with, even though it is inappropriate for the child receiving it. They may give "things" in place of love and attention.

Toys can be expensive. Many people spend more on toys at Christmas than they can really afford.

Many expensive toys turn out to be a waste of money because they are seldom played with after the holidays. But a successful toy--one that is enjoyed by a child and played with often over a long period of time--meets certain guidelines. --It is right for his age and stage of development.

--It appeals to his special interests.

--The toy gives him something meaningful and fun to do, such as create a product, use his imagination, develop a skill, learn about his world, imitate grown-ups or socialize with playmates.

--The toy can be used in different ways.

--It is durable enough to last.

--It can be stored in a handy place.

An unsuccessful toy can be cute, colorful, elaborate, labeled educational, and so cleverly advertised that a child is sure it is exactly what he wants. This toy is a failure because it has no real play--it leaves nothing for the child to do. The toy, or its parts, are soon broken or the batteries are exhausted.

Perhaps the toy doesn't fit the child's interests or abilities. The child has no appropriate place to use the toy--or setting it up and taking it down are too much bother.

Care of wood finishes will be the subject of this week's "You Can Do It!" television program set for Saturday at 3:30 p.m. on KFDX-TV, Channel 3.

Sponsored locally by the Wichita County Family Living Committee and KFDX-TV, the 13-part educational series features hostess Cindy Kidwell.

"Extension home economists estimate that 80 per cent of all household repair and maintenance jobs are done by women," the agent said.

"In 1972, more than \$18 billion was spent on home repairs, expansion and maintenance in the United States. The do-it-yourself market was 20 million Americans spending \$9 billion the same year.

"The 'You Can Do It!' series of half-hour programs was designed to give homeowners the opportunity to learn skills for effective household repair and maintenance jobs," she added.

Texas boasts an abundance of agricultural products that will make excellent Christmas gifts. Gifts of meat, poultry, and dairy products can highlight the table fare during the Christmas season and lend a special note of cheer and good will during the holidays. Shoppers may decide on selecting actual products or may purchase special gift certificates of food from participating grocers. Texas agricultural products offer unique ideas and selections are unlimited.

For those gardening buffs on your Christmas list, visit your local nursery or garden center for a wide variety of gift ideas. Among excellent gift ideas are garden tools, terrariums, indoor and outdoor plants, books on gardening, a subscription to a gardening magazine, or yard accessories. A weather enthusiast might enjoy an outdoor thermometer, rain gauge or barometer. A gift certificate or garden center certificate is certain to please.

Using manure on cropland helps save energy needed in the manufacture and distribution of commercial fertilizers. About 4.4 million BTU's of energy can be saved per acre by using 10 tons of manure instead of a comparable amount of fertilizer (180-60-0). Refeeding manure in beef cattle rations

can also save energy. Refeeding one ton of manure would equal the amount of energy needed to produce one ton of alfalfa in the Texas High Plains. Manure, air and water can also be converted into hydrogen and nitrogen.

Use of artificial light can help poultrymen boost egg production especially during the fall and winter seasons when days are short and egg prices are generally the highest. Laying hens have a small gland directly behind the eye that regulates the egg forming hormones. This gland needs at least 14 hours of light per day to function properly. Research at Texas A&M University has shown that the regular incandescent light bulb does the best job in lighting layers. Bulbs must be cleaned and replaced regularly.

With the onset of cooler weather, livestock producers need to turn their thoughts to the problem of lice control. Generally lice problems are more severe in the northern United States, but sufficient numbers are often present in the Southwest to cause economic damage. Both bloodsucking and biting-lice attack cattle. Sucking lice pierce the animal's skin and draw blood while the chewing type feed on particles of hair, scales, scab, and skin exudations. Both types of lice increase in population starting in the fall

and reach a peak in late winter and early spring, then decline rapidly.

Low numbers of lice may be present on certain animals the year round. Since lice do not do well at high temperatures, reproduction nearly ceases in the spring, and lice migrate to the tips of the ears or tail of an animal to avoid excessive body heat. When cattle bunch or crowd up in cold weather, lice easily move from one animal to another. Heavy hair coats also offer more protection to the parasites.

Often the first signs of lice problems are signs of rubbing and intense irritation to the animals. Large patches of hair may be "rubbed off" and fences may be pushed down. Lousiness is generally first noticed on poor, weak and unthrifty animals. A resistance factor is present in many animals as some have heavy infestations every year while others seldom have a problem.

Waiting until the lice problem is too severe can result in large economic losses. Cattle that harbor lice often do not respond properly to feed and are more subject to diseases because of their weakened condition. Anemia may result from blood loss from sucking lice and calves may become stunted.

Cattle lice may be controlled in a variety of ways. One practice that will lessen lice problems is to eliminate the "carrier" animals that constantly harbour high populations of lice. Chemical treatment is effective, and self-treatment devices such as dust bags, back rubbers and chain oilers generally afford effective control at a low cost and with a minimum of labor. Location of these devices is important to insure adequate use. The old

4-H Horsepower On Increase

Nationwide, 4-H members are looking more and more to horsepower under the hood of a car, but the four legged kind. Those living, breathing animals which they like to ride, groom and show, and in which they take true pride.

With encouragement from Top Form Products Dept., Merck & Co. Inc., increasing numbers of boys and girls are enrolling in the 4-H horse program. Participants now total some 326,000, up 10 percent from last year and 45 percent from five years ago.

Merck & Co., provides awards at the national level including six scholarships of \$700 each, and expense-paid trips to National 4-H Congress in Chicago.

Locally and at the state level equally interested donors provide recognition in a variety of activities. In all

instances, the Cooperative Extension Service supervises the program and the selection of award recipients.

Why the increased interest in horses among 4-H members? The young people and their leaders tick off such reasons as—pride of ownership, the fun of working with a live animal and one that responds so well to training and the rider's commands. Other youths look to the numerous activities offered in the 4-H horse program—trailrides, horse shows, rodeos and just leisure enjoyment.

For G.B. Oliver III, 18, Alamogordo, N.M., the 4-H horse project is a natural undertaking. With 23 working horses on the family's White Sands Ranch, every-one needs to pitch in. He takes an active part in the operation from breaking

young colts to assisting with the shoeing and the herd's breeding program.

Across the country in Connecticut, June Fishman, 18, of Cheshire, enjoys the teaching of riding skills to other youths. Starting her 4-H project with a "borrowed" horse, she now owns two of her own and uses them in her teaching. Miss Fishman also is mighty proud of the 100 ribbons she has earned in a variety of horse show events.

The county extension office has information on how young people may join this fast growing 4-H activity.

Truth is most a virtue when you know when to keep it to yourself.

You never get a second chance to make a good first impression.

USDA Proposes Increase In Food Stamp Purchase Requirement

Food stamp recipients would pay a standard 30 percent of net income for their food stamp allotment, effective March 1, under an amendment to food stamp regulations proposed today by the U.S. Department of Agriculture (USDA).

The intention to propose this increase was announced in President Ford's Budget Message of November 26.

The proposal would mean an increased purchase requirement for all households except (1) certain households of eight or more persons, which have been paying 30 percent of income and (2) those entitled to free food stamps under the law (one and two person households with net monthly income of less than \$20 and all other households with income of less than \$30).

For example, a four-person household with a monthly net income of \$150 after allowable deductions (e.g., taxes withheld, shelter costs over 30 percent of income, medical expenses over \$10, and child care expenses) now pays \$41 for \$150 in food stamps. Under the proposed formula, that household would pay \$45 for its food stamp allotment.

The proposal is in line with the provision of the Food Stamp Act specifying that the amount a household pays for its food stamps should represent a reasonable investment on the part of the household, not to exceed 30 percent of the household's income. Today's proposal is designed to remove the differentials in percentage of income paid for the food stamp allotment by providing

that every household with the same income pays the same purchase requirement.

The proposed amendment was published in the Federal Register of Friday, Dec. 6, 1974. Written comments should be mailed or delivered to P. Royal Shipp, Director, Food Stamp Division, Food and Nutrition Service, U.S. Department of Agriculture, Washington, D.C., 20250 so as to be received not later than December 27, 1974. Comments received will be open to public inspection.

Hogs have an excellent conversion ratio of grain to pork, said Agriculture Commissioner John C. White. The best animals produce a pound of meat with less than three pounds of grain.

Devol Doings

Miss Lisa Bledsoe became the bride of Darrell Glynn Adams Sunday evening, December 8, in the First Baptist Church. Rev. Carl Turner, minister of the Assembly of God, officiated at the double ring ceremony. Arrangements of white and pink gladioli and spiral tree candelabra entwined with greenery created the nuptial setting. The bride is the daughter of Mr. and Mrs. Luther F. Bledsoe of Burkburnett and the groom is the son of Mr. and Mrs. William Irvin Adams of Devol. Christy Cox of Burkburnett sang "Time In A Bottle". Mona Givens was organist. The bride, given in marriage by her father, wore

a formal white organza over white satin gown with an Empire waist and long sleeves. The gown also featured a long train of lace. The bride carried a bouquet of white carnations and baby's breath. Miss Shella Adams, sister of the groom, was Maid of Honor and Miss Becky Gum was bridesmaid. They wore pink and white floor-length gowns and carried long stem pink carnations and baby's breath. Matt Turner of Randlett served as best man. David Adams, cousin of the groom, was groomsman. Ushers were Terry Fisher of Randlett and Gayle Hopkins. Miss Cindy Egenbacker registered guests.

The mother of the bride chose for her daughters wedding a floor-length formal of pink and white double knit and wore a white corsage. The groom's mother wore a floor-length formal of purple and pink double knit and wore a white corsage. The bride is a senior at Burkburnett High School and plans to graduate this year. The groom is a graduate of Big Pasture High School and is employed at Washex. The couple will be at home near Devol. The bride's parents were hosts for a reception at the Community Center in Devol following the wedding. Floyd Utte was treated at the Henrietta Hospital last week and released Sunday. He is now at home and his condition much improved. David Anderson spent the weekend with his grandparents, Mr. and Mrs. Frank McClendon.

Mr. and Mrs. Frank McClendon were Sunday dinner guests of their daughter and family, Mr. and Mrs. Richard Anderson. Sunday visitors of Mr. and Mrs. A.J. Adams were his brother, Mr. and Mrs. L.P. Adams of Iowa Park and Mrs. Lorene Givins of Wichita Falls. Postmaster Beatrice McClendon suffered a sprained back last week. Her condition is said to be improving and she was able to return to work Monday. Rev. Laine Crow, who received injuries when he fell from a tree while deer hunting, is said to still be in great pain and there has not been much change in his condition.

A Must For Good Grass

Management is a must to get the best grass growth and maintaining an ample supply of grass. Grass to the Ranchers is a cash crop, the same as cotton and wheat is to Farmers. The more good grass produced per acre, the more pounds of beef is produced per acre. In grass management deferred grazing and proper range use are closely tied together in that deferred grazing helps to graze properly. The Soil Conservation Service has a rule they follow in judging proper range use. It is to take half and leave half, by weight, of the annual production of the grass. The reason for leaving half is to give the grass sufficient leaf surface to produce more grass. All rangeland should be deferred at least three months during the growing season each year. This gives the grass a chance to make seed, and to store food nutrients. Deferred grazing and proper stocking will help increase the better and more palatable grass, and with the end result of being able to stock more livestock because of more grass. Overstocking leads to loss of vigor in the better grasses, and the proper grasses and weeds will take over and you cannot carry the amount of cattle you should. The properly stocked rancher keeps his livestock in top shape. They bring more per pound and more pounds to sell. The overstocked rancher keeps his livestock in poor condition, would sell for less per pound, and would have less pounds to sell.

TWO NEW LIONS--Bob LaCoe and Raymond (Bill) Morris are shown with their Lion sponsors, Don Lawrence and Francis Raines, pledging to serve through the Burkburnett Lions Club.

NOBODY CARES

An eighteen-year-old student in his freshman year of college climbed the steel cables of the Brooklyn Bridge in New York. A lady passing by saw him dangling more than 120 feet above the pavement. Within minutes rescue units were there and climbed the bridge only to be eluded by the frightened student as he swung from one cable to the next screaming, "Nobody wants me! Nobody cares!"

Finally a minister who had known the boy came to the scene and called to him, "I am too old to come up there and get you. But if you will come down, I promise to help you." The distraught boy came down and found that someone did care and was able to help him.

How many lonely and distressed souls are there who feel that nobody on earth cares for them? They are frustrated and desolate and many resort to suicide. How sad... for there is One who cares and is able and anxious to help them.

The boy on the bridge came down to receive the care of his friend. We must come humbly to the Lord if we wish to receive His forgiveness and care. What a joy to know that "He careth for you."

Farm-facts

Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

IT'S TIME for the annual count-down on the farm about crops and livestock in Texas. About 75,000 Texas farmers and ranchers are receiving now the annual crop and livestock questionnaire from the Texas Crop and Livestock Reporting Service. This report is important. Therefore, it is important that these questionnaires be filled out as accurately as possible and returned as quickly as possible.

The estimates will be used in establishing a complete picture of Texas agriculture. It's as important for the producer as it is for the consumer.

The figures are also used in determining county by county agricultural statistics. Incidentally, the 1973 county-by-county farm statistics are now available for Texas.

Agricultural producers in Texas lead the nation in cooperation in this type of crop and livestock questionnaire response. These questionnaires now being mailed out should not be confused with the 1974 census of agriculture to be taken by mail early in 1975.

Walter Lee Brown and daughter of Ardmore, Okla., Mr. and Mrs. Sam England and son, and Mr. and Mrs. Joe Allen Brown and sons. Okla. and Mrs. Donald Baggs and children. Mr. and Mrs. Ray Kennedy and children of Burkburnett, formerly of Cheyenne, Wyoming, visited Mr. and Mrs. Lonnie Boles Saturday.

Sunday afternoon visitors of Mr. and Mrs. Freddie Davis and son were Mr. and Mrs. Cecil Baggs of Walters.

Weekly Health Tip

from Joe Gillespie

As people get older, the cornea of the eye tends to protrude into cone shape, rather than a flat curve -- called keratoconus. It can lead to blindness. Dr. Arthur A. Knapp, prescribing vitamin D and calcium, found "within 6 weeks a noticeable change. Every patient had improved eyesight, accompanied by a flattening of the corneal cone". The findings are that, "given sufficient vitamin D and calcium, the cornea loses fluid and actually shrinks". This treatment tends to correct myopia as well.

**Put Food On Gift List
White Tells Shoppers**

AUSTIN—A ham tied in red ribbon?

A stocking stuffed with sour cream, fresh milk and butter?

Turkey or rib roast in place of three new Hawaiian print ties?

Agriculture Commissioner John C. White is encouraging Texans to "think food"—specifically meat, poultry and dairy products—this Christmas.

He announced that a Christmas gift promotion to help Texas agriculture producers hit hardest by the cost-price squeeze will begin in supermarkets and independent grocery stores around the state Dec. 1.

Gift certificates for meat, poultry and dairy products will be available at prices nearly everyone can afford. "There will be no limit—high or low—on what a person spends," said White. "Anything from the price of a single broiler to a side of beef will be accepted by participating stores."

This promotion is supported by the Texas Department of Agriculture (TDA), Texas Farm Bureau, Texas State Grange, Texas Agricultural Extension Service and seven other organizations and commodity groups.

Certificates being printed especially for the promotion will read, "Good for Texas Meats," Poultry and Dairy Products." White said some chains plan to use food certificates already in stock with a message stuffer urging recipients to buy the products being promoted.

All certificates will come with decorative envelopes. TDA and Farm Bureau

offices around the state will also have a supply of envelopes and stuffers on hand for people who prefer to send a check but want to suggest buying food with it.

"We are encouraging everyone to put some of their Christmas money into Texas agricultural products," White said. "They'll please people on their shopping list and help the farmers and ranchers who supply Texas with its daily food needs."

Letters to the Editor

DEPT. MR. GREENWOOD,

We want to thank you for your support of the County Extension program during 1974. We appreciate your writing news articles for the paper and publishing articles that were written by us.

This helps keep people informed on Agriculture, Home Economics and 4-H programs.

We hope you have a good year in 1975.

Yours sincerely,
B. T. Haws

Sheppard Notes

Cadet Receives Three Awards

Sheppard AFB, Texas - Aviation Cadet Nguyen Hieu Hoc received three of the five awards given during graduation ceremonies for the Security Assistance Training Undergraduate Pilot Training class Thursday night at Sheppard AFB, Texas.

He received the Air Training Command commander's trophy, outstanding flying achievement trophy and an outstanding graduate letter. The other awards went to Aviation Cadets Nghiem Trong Chinh, who received the outstanding academic trophy and Pham Cong Chien Thang, who received an outstanding graduate letter.

Christmas Plans Told

Sheppard AFB, Texas - Plans for December activities were discussed during the Sheppard Noncommissioned Officers Wives Club business meeting Thursday. The meeting was held in the Colonial Room of the NCO Open Mess.

The Christmas luncheon will be held in the Colonial Room of the NCO Club at 11:30 a.m. Dec. 19. An exchange of gifts of approximately \$2 in value will be held.

Reservations and cancellations should be made by Dec. 17 with Mesdames Anthony Smith or Eddie Perry, hostesses for the luncheon.

The annual NCO Wives husband and wife Christmas party will be held in the NCO Club Colonial Room beginning at 6:30 p.m. Dec. 14. Dinner will begin at 7:30 p.m. Gag gifts will be exchanged.

Reservations or cancellations should be made with Mrs. Anthony Smith or Mrs. Eddie Perry not later than Dec. 12.

Cards and workshop will be at 9:30 a.m. Dec. 12 in the Colonial Room. The Wives Club is preparing a Christmas basket for a needy family. The members are asked to bring canned goods for the basket.

Mesdames Joe Leonard and William Black were introduced as new members. Guests were Mesdames Frank Crisostomo and Don Hatley.

Hostesses were Mesdames Gideon Swedberg and Virginia Bainbridge. Door prize winners were Mesdames Bob Gates and William Yountz.

Receive Awards

Sheppard AFB, Texas - An Air Force Commendation Medal and Airman of the Month Award were presented to two men at Sheppard Air Force Base this week.

Sergeant John M. Payne was presented the Air Force Commendation Medal by Chaplain (Colonel) Omer T. Powell, center chaplain, Thursday.

Sergeant Payne received the medal for his work in the chaplain division at Sheppard from Oct. 10, 1971, to Dec. 9, 1974.

Sergeant Harvey C. Leach, contract administration specialist, was named Airman of the Month by the 3750th Maintenance and Supply Group.

Mrs. Allen Best Loser

Sheppard AFB, Texas - Mrs. Wayne Allen was named the best loser of the week of the TOPS (Take Off Pounds Sensibly) #410 meeting at Sheppard Air Force Base last week.

The KOPS (Keep Off Pounds Sensibly) loser was Mrs. Wayne Crockett.

Mrs. Maurice Gauthier was introduced as a new member. Mrs. William Penberthy attained KIW (KOPS-in-waiting) status.

Receiving charms for a 10-pound loss were Mesdames Tony Smith, Raymond Pettyjohn, Bill Lillis, Charles Hunter and Frank Van Hemert. Miss Robbie Scott also received this charm.

Phone pal charms were presented to Mesdames Wayne Allen, Raymond Pettyjohn, James Ramachek and Ronald Kimball.

Mrs. Ronald Duncan received a charm for 20 pounds lost.

**Bond Sales Reach
71% Of '74 Goal**

United States Savings Bond sales in Wichita County totaled \$172,178 during the month of October. Sales for the ten-month period were \$2,059,112 which represents 71% of the 1974 sales goal for the county, according to County Bond Chairman J.W. Martin.

October sales in Texas totaled \$21,154,479 compared to sales of \$16,634,914 during the same period of 1973—an increase of 27%. Total sales for the January-October 1974 period were \$195,016,443, representing 82% of the \$236.8 million goal for the year.

Just think of the number of times you jump in the car each week to go down to the corner drug store. The hardware store. The pizzeria. The dime store. Alone. In an automobile designed to carry at least four to five persons. Which burns up lots of gas probably costing you more than fifty cents a gallon. Doesn't it make sense to at least consider a better, less expensive, fuel-conserving means of picking up a loaf of bread or mailing a letter. Like a Tri-Sport economy transportation vehicle (ETV). Which will take you many miles on a gallon of gas (fuel consumption varies from 35-60 mpg from model to model). Safely and soundly for most in-town trips. And, riding a Tri-Sport is a barrel of fun in the bargain.

Ardmore Narrowly Escapes Bulldogs

by Greg Liffick
The Varsity basketball team traveled to Ardmore, Okla. December 2 to meet a one point defeat for their fifth game of the pre-district season. The Ardmore Tigers won the neck-and-neck bout in the final seconds of the game, 61 to 60.

The Bulldogs got off to a bad start the first quarter with 8 turnovers as compared with Ardmore's 2. Chris Berg scored all the points for the 'Dogs the first quarter to bring a 12 to 8 quarter score. The Varsity came back the second quarter to tie the game 28 to 28.

The third quarter proved disastrous for the Bulldogs as Ardmore jumped into the lead 46 to 37. But the 'Dogs settled down the last quarter to take the lead twice in the final seconds of the game. An outside shot by Ardmore's Ricky Mann gave the Tiger's the necessary edge to win the game.

Chris Berg led the team in total points with 27 and Jay Lippard was next high with 13 points. Paul Taylor was high rebounder with 15 rebounds.

JV's Lose By One

by Greg Liffick
Close game and one point victories and defeats seemed to plague the Junior Varsity team as they turned over to the Ardmore JV their first win of the season. The Ardmore cagers took the victory by a one point upset, 46 to 45.

The JV team could not seem to get it together in the first quarter as Rick McCracken scored the only point for the Burk cagers. Ardmore, however, totaled 12 points the first quarter to give them an early advantage in the game.

The JV made a fine comeback the second quarter to tie the score at 20 to 20. The third and fourth quarters were full of fast pacing action, with each team scoring again and again, allowing only a six point difference at any time of the game. With the score 46 to 43 and less than 9 seconds left to play, Kieth Pierce put the ball up to end the 'Dogs scoring and the game 46 to 45, Ardmore's favor.

Brett Patty scored the highest number of points for the JV with 14 and Randy Berg was second high with 9 points. The Junior Varsity now has a 2-3 record.

'Dogs Top Childress 61-54

by Joe Bryan
The Burkburnett Varsity basketball team gained revenge from an opening loss to Childress and edged the Bobcats 61-54.

Chris Berg hit the first basket for the Bulldogs as they pulled out to a quick 10-2 lead. The score was 22-12 after the first quarter.

The scrappy Bobcats pulled to within 34-31, though, by the half. It stayed close until the final two minutes of the game when, with the score of 52-49 Burk, Berg hit. Berg led all scorers with 27 points.

The Junior Varsity lost to Childress 57-56 on a shot with only nine seconds left in the game. Rick McCracken and Brett Patty led Bulldog scorers with 12 and 10 points respectively.

News From Hickory Elm

Ladies from the Cooper Home Demonstration Club brought large Christmas baskets to Mr. Joe Howard, Mr. and Mrs. O.J. Cooper, Sr., Mrs. Kate Kennedy and Mrs. Beulah Rutledge. Residents wish to thank them for this nice thought.

Charlotte Battista and Pat Brown brought two Bibles and a New Testament in the large print edition. They were gifts from the Adult I Bible Class of First Baptist Church and are greatly appreciated. Thanks also to Mrs. R.M. Flippen, who gave us two hand-knitted capes.

Volunteers for games on Wednesday were Edith Holland and Elsie Crosley. Our thanks to them. Many of our residents would be unable to participate without our volunteers.

Becky Gonzales has been giving her time to visit residents in their rooms. We welcome her as a new volunteer.

Employees are enjoying the delicious cakes brought to them by Madell Ellis, whose father, Mr. J.W. Gloger, is a resident here.

The Singing C.A.'s were here Tuesday evening and on Thursday Rev. Lindemann from Grace Lutheran Church conducted our evening service.

Our Christmas Party for the residents of Hickory Elm will be held Monday, Dec. 23 at 2 p.m. The public is invited to this event which all the residents look forward to each year.

The employee's Christmas Party will be held at Hickory Elm Dec. 20 at 7 p.m. with a covered dish supper and exchange of gifts.

We want to thank the Theta Epsilon Sorority for Christmas Decorations which were placed on the doors to each room at Hickory Elm.

Visiting Mrs. Littlejohn were Hugh N. Pool of Dustin, Oklahoma.

Visiting Celia Michna and Mary Blenor were Mary Jane and Helen Michna, Mr. and Mrs. R.C. Brown, Sara and Adam of Pampa, Texas.

Visiting Myrtle Audrain were Kay and James Schlabs (great)grandson of Graham, Texas.

There were 39 present for Sunday School December 8. Glen Epps brought the message. Thanks to Ruth Anderson, Jackie Bentley and Elvira Civiletto for their assistance during the morning service.

Mrs. Peggy Wineinger visited Mr. and Mrs. O.J. Cooper, Sr. Last Wednesday. Mrs. Elsie Opperman and daughter Ann took Mrs. Cooper to Waurika, Okla. for the day.

A large group from the Church of the Nazarene came Saturday night and presented a Christmas program to approximately 35 residents. The program was enjoyed very much.

TESTING FOR SWEETNESS—Before oranges or grapefruit move out of the Lower Rio Grande Valley, they must be tested for maturity, according to Agriculture Commissioner John C. White. Tests include checking the amount of juice, the amount of solids in the juice and the ratio of acid to sugar. Tests are handled scientifically by the Texas Department of Agriculture Regulatory Division of the Texas-Federal Inspection Service in San Juan.

Highlights AND Sidelights

by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — Agenda for the 1975 Texas Legislature already is getting stacked high. At the top of nearly everybody's things-to-do list is reform of the public school finance formulas to assure equal opportunities in rich and poor districts. Complicating the job is expected legislative balkiness toward placing any greater property tax burden on local land and homeowners. Property tax reform is considered an almost-inevitable prerequisite of effective revisions of the school aid system. A lot of lawmakers are conceding, too, that the fact they are confronted, for a

change, with a fat general revenue surplus is almost as big a problem as a modest shortage. If they spend all the mounting surplus in sight, fiscal realists warn, they will be assured of having to pass a nightmare tax bill of more than \$1 billion in 1977. Creation of a state utility commission is also on many priority lists, although the proposal is certain to set off some bitter opposition. Prison system reform is another widely-publicized objective. Reformers want to halt construction of large prison institutions and switch to community-based correc-

tional programs, with release of 40 per cent of inmates to the new-type facilities. In the wake of the 1974 Constitutional Convention's failure, legislators also are seeking a way to salvage some of this year's work and assure eventual revision. The list will grow longer and longer as January starting date for the 64th Legislature nears. JOB DATA SOUGHT—Texas Employment Commission has launched a new program to project future worker-skill requirements of Texas industries. The so-called "Occupational Employment Statistics Program" has sanction of the Governor's Office, Texas Education Agency and groups concerned with development and expansion of human resources. The three-year project is designed to assist both public and private educational and training programs, including vocational training, in becoming responsive to manpower needs. About 5,500 questionnaires

were mailed to Texas employers. JUSTICE GROUP CREATED—Gov. Dolph Briscoe announced creation of a new Criminal Justice Division Advisory Board to coordinate use of federal funds to improve law enforcement in Texas. Briscoe named 20 members of the board to assist in administration of \$36 million a year of Law Enforcement Assistance Administration (LEAA) and state funds to combat crime at every level, from prevention to rehabilitation. Chairman of the panel is L. O'Brien Thompson of Amarillo. Other members are W. J. Estelle of Huntsville, director of the Texas Department of Corrections; Dallas Police Chief Don Byrd, Sheriff P. L. Flores of Laredo, Dr. Edward Guinn of Fort Worth, Sheriff Robert Gladney of Angleton, Baytown City Manager Fritz Lanham, Department of Corrections Board Member Joe La Mantia Jr. of McAllen, Denton County District Attorney John Lawhon, Palestine Judge Wayne Lawrence; State Sen. - elect Frank Lombardino of San Antonio, Judge Granger Melhany of Wheeler, Court of Criminal Appeals Judge Truman Roberts, Nueces County District Clerk Oscar Soliz of Corpus Christi, Col. Wilson E. Speir of Austin, head of the Department of Public Safety, El Paso County Commissioner Richard Telles, Fred Toler of Austin, executive director of the Texas Commission on Law Enforcement Officer Standards and Education, Harris County District Attorney Carol Vance of Houston, Dallas District Attorney Henry Wade and Mrs. Ray Willoughby of San Antonio. AG OPIGIONS—The University of Texas at Austin can hold a liquor license for its campus, Atty. Gen. John Hill held. In other recent opinions, Hill concluded: —Texas Rehabilitation Commission does not have to advertise for formal bids on property leased for use by its handicapped clients. —Minors' trust funds invested under court order should be included in annual audits of county funds. —Counties don't owe taxes on lands they own in another county if the property is otherwise tax exempt. —The district judge of the 109th district court is entitled to an \$1800 salary supplement from Winkler County, but not to another \$1200 for county juvenile board chairmanship. —A city must disclose copies of its blank record and report forms on demand under the open records law. —A misdemeanor probationer may satisfy terms of the law by submitting an authenticated copy of his fingerprints or by making himself available to the sheriff for fingerprinting.

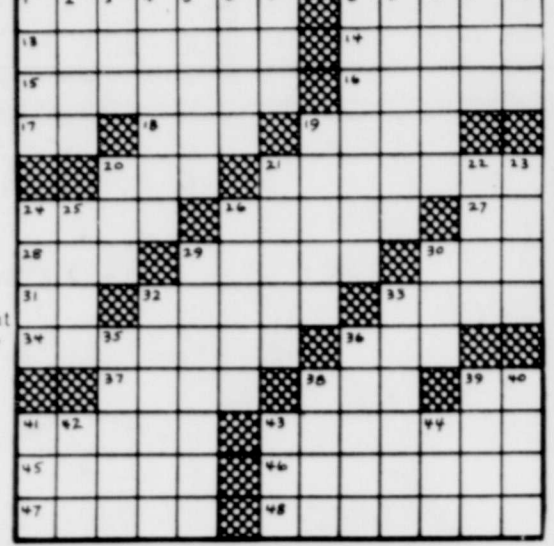

ANTI-FREEZE WARNING OUT—Agriculture Commissioner John C. White warned Texas motorists to beware of bogus anti-freeze peddlers who may be offering brine water and cake coloring to "protect" radiators against low temperatures. Anti-freezes must be registered in Texas with the State Department of Agriculture which oversees quality. White advised car owners to buy only well-known brands. He invited those who feel they may have been duped into buying a faulty product to contact his office. He noted prices are at a record high and supplies are short—a made-to-order situation for gyp promoters to offer cut-rate products. COURTS SPEAK—The Supreme Court agreed that three football players for the Dallas Cowboys had a legal right to sign with the World Football League before their present Cowboy contracts expired. The Court of Criminal Appeals reversed a marijuana conviction because the jury wasn't charged to take into consideration whether the convicted man knew the substance was located in his apartment. A Liberty Hill man won reversal of a libel conviction for painting a sign on a building calling an officer who arrested him for running a stop sign a liar. ASSISTANCE CENTERS SET UP—Citizens of nine Texas counties classified as major disaster areas because of adverse weather conditions received briefings on the rights to assistance. Anderson, Bell, Cooke, Denton, El Paso, Hopkins, McLennan, Parker and Williamson counties received the disaster classification. SHORT SNORTS Unemployment for September stood at 4.1 per cent in Texas, the same as August. David Kendall is new first assistant attorney general and Robert Heath is new head of attorney general's opinion division. Revenue from cigarette smoking declined more than \$1.1 million last month from November 1973 and \$2.8 million from October. John Knaggs succeeds Jimmy Banks as head of U.S. Sen. John Tower's Texas office in Austin. U.S. Sen. Lloyd Bentsen is writing Texas he feels he now has "a real chance" at getting the Democratic presidential nomination in 1976 and needs additional campaign funds. Texas construction re-orientation ed depressed during October and can anticipate partly cloudy skies in the near future, according to the University of Texas Bureau of Business Research.

DIRECT PLAYS—Play directors Jeri Grass, left, and Teri Bruce, right are shown with drama instructor Mrs. Ferne Bloodworth as the directors plan for the weekend performances of their casts.

BHS Dinner Theatre Offers Variety, Dec. 13, 14

A contrasting mixture of the new and old, this year's Dinner Theatre promises good food and entertainment at the same time. The two one-act plays this year are I.E. Clark's edition of "Gammer Gurton's Needle" and Jerome McDonough's "Fables". "Gammer Gurton's Needle" represents the old. In fact, it has been given credit as the second oldest comedy in English literature as it was probably written around 1550. "Fables" is a play copyrighted in 1974 and encompasses a number of small playlets with a central theme. They include "The Clowns," "The Genii," "The Glutton," "The Bogey," and "The Drums." Admission to the theatre, which is being performed in the BHS cafeteria, is \$3, two dollars of which covers the cost of the meal. Performance dates for the theatre are December 13 and 14. The plays are directed by Drama II students. Director for "Fables" is Teri Bruce. Assistant Director is Laurie Pearson, and the Stage Manager is John Humphries. For "Gammer Gurton's Needle", Director is Jeri Grass and Stage Manager is Joy Mathews. Cast and crews for the shows, who were chosen from tryouts open to the entire school are: "Gammer Gurton's Needle": Diccon Carol Hilton; Hodje: Steve Ransom; Tby: Janet Lax; Gammer: Maria Hilton; Cocke: Tim Avrit; Dame Chatte: Cathy Pittard; Doctor Rat: Terry Barte; Mayster Bayle: John Magaffan; Doll: Joy Mathews. For "Fables": Troupe of actors: Boys: Terry Claycamp, Paul Carr, Charles Smith and Kurt Fowler. Girls: Brenda Webb, Lolly Hatcher, Sandy Davis and Lorraine Van Wey. In charge of both plays are: House Manager: Bernie Holland; Publicity: Barbara Webb and Costume: Susan Hennis. Props are being handled by Joy Mathews, John Humphries, Debbie Lucia, Renee Tunnell and Patti Adkins. On makeup is Alan Mahaffey. The light crew is Robbie Pemberton and Ricky Stevens. The plays are presented by special arrangement with I.E. Clark, Schulenburg, Texas. Producer for the Dinner Theatre is drama coach Ferne Bloodworth.

Friendship Class Has Meeting

The Friendship Class of the First Baptist Church met in the home of Mrs. R.P. Thaxton with Group I as hostess. The president, Mrs. Thaxton, opened the meeting. Mrs. J.C. Christmas Party Held By Burkburnett Study Club

The beautifully decorated home of Mrs. P.A. Carpenter was the setting for the Christmas Party of the Burkburnett Study Club with Lt. Col. Jane Sewell (Ret.) serving as co-hostess with Mrs. Carpenter. The Lord's Prayer was repeated in unison by club members at the opening of a short business session.

The roll call was answered by relating facts about Christmas in Other Lands. Some of the facts were: In Russia, all Christmas decorations are wood carvings and Mrs. Carpenter displayed a wood carved figure from Russia. In England, Queen Victoria and Albert had the first Christmas tree. England still has the plum pudding and the roasted chestnuts as has been their custom through the years. In Poland, the people fast all Christmas Day and then have a feast after midnight. A vacant chair for the Holy Child always stands at the festive table. In Norway, the Yuletide season starts on St. Thomas Day, Dec. 21. A Norwegian Christmas pudding contains an almond. The people believe that the person who gets the almond in his portion will be the next to be married. In Finland,

the people give food to birds at Christmas because all the seeds, nuts, and insects are covered with snow. People leave grain for the birds in their yards on Christmas Eve. In Hawaii, the Hawaiian Christmas Tree is a palm and Santa is displayed on ski boards. In Holland, the young men dress in fantastic costumes and meet in the Square to lead a parade through the streets singing. In France, the Christ Child brings gifts to the children on Christmas, but the adults exchange gifts on New Year's Day.

A letter was read from Mrs. B.M. Sims of Wellington, Texas, speaker for the Federated Banquet last month, expressing her thanks to the clubs of Burkburnett.

Mrs. Glen Bear, Federation Councilor, asked that all clubs join in the fight against imperfect and dangerous toys.

Mrs. Francis Raines will assist Mrs. E.D. Potter in buying undergarments for the needy children to be distributed through the Community Center.

Mrs. E.D. Potter presented the program, "Jesus, My Son", a lyrical narrative

written by Helen Rayburn Carswell, known to be a gifted poet and artist of California. In a very impressive way she related the thoughts and feelings of Mary, the Mother of Jesus. In the poem, Mary speaks from the annunciation by the angel to her Sons' death and resurrection. In telling this story, Mary emerges as a very warm and human person. Thinking through the events in her Son's life, she relives the busy, happy boyhood years in Nazareth. And finally there is joy of the resurrection and knowledge that Jesus is not dead.

After the program, refreshments were served and club members opened Christmas gifts given by their Secret Pals.

Those present were Mesdames Francis Raines, Wesley Beard, E.D. Potter, Glen Bear, S.J. McBeath, Raymond Morse, M.E. Bean, F.T. Felty, J.M. Ellett, W.B. Gibbs, H.C. Preston, Helen Reasoner, Charles Skelton, Harold VanLoh, Truman Garland, Charles Bowles, Joe Gillespie, William Hicks, and the hostesses, Mrs. Carpenter, and Jane Sewell.

Mrs. Vernon Nelson Fournier

Miss Sossaman Becomes Bride Of Vernon Fournier

Teresa Lynn Sossaman and Vernon Nelson Fournier were united in marriage December 6 at Chapel 2, Tyndall Air Force Base, Florida. Chaplain Augie Kilpatrick officiated at the double-ring ceremony.

The bride is the daughter of MSgt. and Mrs. George R. Sossaman of Tyndall AFB, Florida. The bridegroom is the son of Mr. and Mrs. Dean Fournier of Iowa Park, Texas.

Church decorations included red and white Mums and Carnations, Holly and Pine. There were two 15-branch candelabra. The altar was decorated with flowers, a cross, and an open Bible.

Karen Sansbury was organist. The bride's mother sang "The Lord's Prayer" and the bride sang "Colour My World".

The bride was given in marriage by her father. In following with tradition, she wore her mother's bridal gown. The neckline was V-shaped and scalloped in tulle. The bodice and fingertip sleeves were of bridal satin with an overlay of chantilly lace and the skirt formed a chapel train. The elbow-length illusion veil fell from a Juliet cap of chantilly lace. The bride carried her youngest sister's white Bible topped with white Roses and baby's breath.

Mrs. Bradley Mann of Jacksonville, Florida was Matron of Honor. The traditional theme of the wedding was carried out in the Matron of Honor's dress of blue polyester knit. The empire gown featured a high old-fashioned neckline of being lace. She carried a bouquet of red Roses and baby's breath.

Miss Jan Sims of Panama City and Cynthia Sossaman, sister of the bride, served as bridesmaids. They wore blue empire gowns which featured scoop necklines and short puff sleeves. The bridesmaids carried red Roses and baby's breath.

Best Man was Dan P. Moore of Mobile, Alabama and ushers were SMSgt. Rock and John Huey. David

Carrol Jones' Making Home In Wichita Falls

Mr. and Mrs. Carrol Duane Jones, who were married November 27, are making their home at 2163 1/2 Avenue G, Wichita Falls.

Mrs. Jones is the former Miss Linda Sue Cokendolpher, daughter of Mr. and Mrs. Loyd H. Cokendolpher. James is the son of Mr. and Mrs. Macele Spunk Jones, all of Burkburnett.

Ed Morris, minister of the Church of Christ, officiated for the noon ceremony.

Mr. and Mrs. Joe Lynn Tigert of Oklahoma City were attendants for the couple.

Mrs. Jones attended Burkburnett schools and both newlyweds are graduates of Midwestern University. She is employed by Humphrey Printing Co. and he is to continue graduate studies at Midwestern.

Miss Jan Lindsey Honored With Bridal Shower

Miss Janice Lynette Lindsey, bride-elect of Michael Harold Hume of Walsh, Colorado, was honored with a miscellaneous bridal shower Tuesday, November 19, in the National Room of the First National Bank. Mrs. Harold Lindsey, mother of the bride-to-be, was special guest.

The refreshment table was decorated in the future-bride's chosen colors of pink and burgandy and held a centerpiece of fresh pink and burgundy mums, arranged in a crystal basket. Punch and small cookies were served from silver and crystal accessories. Assisting at the refreshment table were Miss Lindsey's chosen bridal attendants: Mrs. Glenn Taylor and Misses Kim Aaron, Patti Scobee and Kim Ridgway.

Miss Patti Scobee registered the guests.

Hostesses for the occasion

were Mesdames Frank Scobee, Paul Bohnstedt, Roy L. Bridges, Ira Schroeder, W.H. Gilbow, Tom Brumfield, Harold Darter, and Lillie Cashweeler.

PERSONAL

Mr. and Mrs. Ted Randall just returned from a trip to Long Beach, Calif. where they visited their son and family, Mr. and Mrs. P.W. Randall. They also visited with Mrs. Allie White, Mrs. Lorene Michael and Mrs. Myrtle Barrett.

They report the weather was beautiful and they had a very lovely time.

Mr. and Mrs. James Mason went to Hale Center, Texas for a meeting of Myasthenia Gravis Clinic. They will return Friday night.

Eastern Star Has Covered Dish Dinner

The Past Matrons and Patrons of Burkburnett Chapter No. 655, Order of the Eastern Star, held their December meeting last Friday evening at the Texas Electric Reddy Room. A delicious "covered dish dinner" was served buffet style.

New officers installed for 1975 were: Mrs. Bertie Smith, President; Mrs. Helen Turner, Vice-President; R.W. "Bob" Morine, Secretary and Mrs. Lorene Eidson, Treasurer. The officers for the ensuing year were installed by Mrs. Gladys Anderson.

Mrs. Lilly Tyler, the

retiring President, presided for the business meeting. Mrs. Elsie Crossley gave the Devotional. Mrs. Adah Lois Burnett gave the Treasurer's report and Mrs. Mabel Johnson read correspondence. "Dollars" were pinned on the Christmas tree to be used for a worthy Christmas project.

The decorated tables featured a Christmas motif with candles. Hosts for the evening were Mrs. Lilly Tyler, Mrs. Mary West and Robert L. Keene.

Several tables of "forty-two" were enjoyed by all after the meeting was closed. Twenty-three club members and three guests were present for the occasion.

Grace Lutheran To Improve, Expand Facilities

The Grace Lutheran Church has undertaken a project that will be an asset to the church and the community. The church recently purchased the property east of Avenue E, across the street from the main church buildings. The structures that were on this property have been removed and they are now in the process of clearing the lot. Forthcoming plans are to use the property as a parking lot and possibly a youth building in the future. The members of the church have worked many hours and will be working many more toward improving this area, which they hope will be useful and appealing to the community.

PRESENTED LENGTH OF SERVICE PINS—Six employees of the Burk Burnett Bank were presented length of service pins at the Bank's annual stockholders Christmas party held Saturday night. Weldon Nix, left, chairman of the board, presented pins to L.O. Landers, custodian; Jack Aaron, president; Rita Hudson, assistant cashier; Wendlyn Cornstubble, assistant cashier; Sonya Landers, teller; and Paula Avrit, bookkeeper.

H.D. Club Meets In Goins' Home

The Friendly Hardin H.D. Club met in the home of Mrs. Jewel Goins with Mrs. Vada Bolin as co-hostess for their annual Christmas luncheon. Mrs. Goins' home was decorated in the Christmas motif. Invocation was given by Mattie Cheney. After the delicious meal, gifts were exchanged.

Those present were Jane Latour, Pearl Draper, Ruth McBride, Nellie Askins, Mattie Cheney, Mrs. Vernon, Nora Williams, and the hostess and co-hostess, Jewel Goins and Vada Bolin.

The County Council Christmas Luncheon was held Dec. 11 at Furr's Cafeteria in Wichita Falls. The next meeting of the club will be in January.

TESCO Sells \$60 Million In Bonds For Construction

TESCO last week sold \$60 million in 30-year first mortgage bonds at an interest rate of 9½%. Purchase of the bonds was handled by a group of underwriters headed by Blyth Eastman Dillon & Company; Merrell Lynch, Pierce, Fenner & Smith; and Paine, Webber, Jackson &

Curtis. Texas Electric president Burl B. Hulsey Jr. said that proceeds from the sale of the bonds, along with other company funds, will be used to help pay for the company's construction program and to retire \$18 million of 2¾% first mortgage bonds due March 1, 1975.

Emergency Loans Easier To Obtain

AUSTIN—The Emergency Livestock loan program has been changed to make assistance available to more family farmers and ranchers while retaining certain restrictions on other livestock operators.

Agriculture Commissioner John C. White said the federal program will now permit an individual farmer to qualify if he derives a majority of gross income or devotes most of his time to his livestock or poultry operation.

Formerly, individual farmers had to do both to qualify. Partnerships or corporations must still satisfy both requirements to get loan guarantees.

The law was passed July 25 and permits the Farmers Home Administration, a rural credit service of the U. S. Department of Agriculture, to guarantee up to 80 percent of losses on

loans made by private lending institutions to persons involved in the livestock or poultry industry.

As of mid-October, Texas led states in the program with 68 guarantees.

"The law revision will make it easier for farmers and ranchers caught in the pinch between rising costs and falling prices to get assistance," White said.

The productivity of the American farmer increased six percent during the 1960s compared with a three percent increase for non-agricultural workers, according to Agriculture Commissioner John C. White. However, the farmer's share of the total market basket of food is less than it was 25 years ago.

Hightower Reception Honoree

The legislative Affairs Committee of the Amarillo Chamber of Commerce will hold a reception for newly elected 13th Congressional District Representative, Jack Hightower, on Friday, December 20th.

All citizens of the district are invited and urged to meet and greet Mr. Hightower from the hours of 5:00 p.m. until 7:30 p.m. in the lobby of the Auditorium, West side, Amarillo Civic Center. Both North and West Doors of the Civic Center may be utilized.

According to Committee Chairman, Sharon Brown, a brief program will take place from 6:00 p.m. until 6:20 p.m.

The reception is planned as a get acquainted session between Mr. Hightower and his constituency before he departs for Washington.
