CHICKEN THIEF ARRESTED HERE

Bill Garland arrested a man who was charged with an alleged chicken theft or thefts, alleged to have taken place in Iowa Park, here this week. The arrested man that posed under various aliases such as L. B. Holcomb and A. J. Brooks was released Monday on a \$1,000 bond awaiting further investigation. He was identified by associates as Carl Holcomb. The man was caught in Burkburnett after he had sold the chickens here, and was attempting to cash the check amounting to more than \$23 at the Famous store.
After the arrest, the description of the chickens were broadcast and it was found that 19 barred rock hens and roosters belonged to E. L. Evans of Iowa Park and 20 White Rock hens and roosters belonged to E. C. Harris of Iowa Park. The arrested man had a long record on similar cases and he will be held in Wichita awaiting action by the grand jury. The check by the police department on the car license revealed the real identity of the man.

JACK EVERHEART TO WORK WITH GOVERNMENT

Thirty-five teachers, including the principals of the schools were announced by Butler Westerfield after the meeting of the school board last Thursday night. Mr. Westerfield is serving the second year on his present contract, so no election was necessary in his case. The election of Mr. H. Lee Clifton as principal of the grade school and C. J. Duncan as principal of the high school had been previously announced. The election of coach Volney Hill and Jack Everheart was also confirmed several weeks ago. However, it was announced this week that Mr. Everheart would not be back as agriculture administrator but would accept a position with the federal government in the department of soil conservation.

Chester Stradley Arrested Wednesday

Chester Stradley was arrested in Burkburnett Wednesday afternoon by Bill Garland, chief of police, charged with alleged rape. The arrested man was transported to Wichita Falls soon afterwards by a representative of the sheriff's department. Mr. Garland received instructions to arrest the young man on a complaint filed by the mother of a girl of this city in her teens. The complaint was filed on Monday, May 15th when the mother filed the charge of an alleged illegitimate relationship had existed between her daughter and the young man, it is stated.
The young man will be held in Wichita until further investigation has been made. It is probable that he may be held over for action by the grand jury. The preliminary examination had not occurred at the time of the press. The details of the charges made were not learned here.

Ross Reagan On Muny Program Vernon, Tuesday

Burkburnett was well represented at the meeting of the Municipal Utilities league that met at Vernon Monday and Tuesday, and Ross Reagan, city manager, was featured as one of the speakers on the program for Tuesday afternoon. Mr. Reagan's address was in the form of a report on the experiment that Burkburnett has made in municipal utilities during the last few years. Vernon, the city entertaining the league, is one of the cities of this territory that has municipal utilities, and the working of that system has been watched with interest by the advocates of the system in the state.
The visiting delegates were entertained at the initial meetings Monday. Meetings of a social nature, as well as the regular business session, were provided. The group was given a barbecue by the host city. Those attending from Burkburnett were: Mr. and Mrs. H. A. Howard, Mr. and Mrs. Ross Reagan and Miss Evelyn Hardeman.

Achieving a goal after four years of arduous toil 55 high-school seniors, 29 girls and 26 boys, will start the final week of celebration at the baccalaureate services that will be held at the First Baptist Church Sunday morning at 11 o'clock with Dr. J. D. Sandefer, president of Hardin-Simmons, delivering the sermon. On the following Thursday, May 23 providing that they will all get over the hurdle of final examinations and grade release, the same group will place finis on their high school career as they receive a diploma.
Both the baccalaureate and commencement service that are the climax of the first eleven years of study for the average student will be the most impressive ceremony that the students have participated in during their careers. Services that the students have participated in during their careers. Services that are simple and dignified to the point of impressiveness will usher the students into a new phase of activity.
The program Sunday morning will include the students Dorothy Hagard who will play the procession and recessional. Other Wheeler will sing E. L. Ashford dedicatory song "My Task" Rev. Willis Kreager, Church of Christ will pronounce the invocation and Rev. Miles B. Hays, First Baptist will pronounce the benediction. The feature of the program will be the address by Dr. Sandefer.

Kent Opens Dependent Station

The Kent opened the Kent N-D Service station at 312 Ave. week and is ready to serve with good grades of product excellent service on every car. Mr. Kent has been assisted with the Kent Bros. and products in Burkburnett for 10 years, and has been one of the progressive men of the city in business.
The new service station will sell good grade oil and gasoline station department, and will sell parts for Fords, Buicks and Plymouths, both new and used. They have also been appointed distributors of the Exide batteries. The LaSalle Kenko oils will be offered here by the independent merchant. Cylinder heads, motor gaskets, radiator hose for all cars offered at the garage.

Baptist Pastor Will Discuss Vital Topic

The pastor of the First Baptist Church announces a subject of vital interest for the Sunday Evening Service. The subject for this service will be "Shall We Know Our Loved Ones In Heaven?"
Death has come to nearly every home and taken from it some loved one, and hearts have been crushed and broken. There is within every such heart a longing to know whether or not they can hope to meet again, and recognize those whom they "have loved long since and lost awhile." It is for the benefit of all who have lost their loved ones the pastor announces this subject, and to every such one a most cordial invitation is extended to be present at the Sunday evening service. The evening service begins at eight o'clock.

Clara Graduates To Receive Final Certificates Fri.

The first school of the Burkburnett area that will finish the year work will be Clara High school, that will end the school year Friday night at the graduation of the senior high school class. Ten members of the class will be candidates for the certificates that will be awarded for the completion of the four years of work. The baccalaureate services were held last Sunday with Rev. Spurgeon McClung, Baptist pastor of Iowa Park preaching for the class.
Judge P. A. Martin, Wichita Falls will deliver the final address at the commencement exercises Friday. The class will honor its valedictory member, Rhea Johnston and the salutatory member, Frances Beaver. Each of these students will receive a special place on the school final program.
Superintendent McClendon announced that the candidates that are eligible are: Reba Johnston, Frances Beavers, Dorothy Briscoe, Nadine Murtz, Evelyn Redman, Velma Hall, Lorene Vanloh, Marion Sansom and Abel Anderson.

Jack Everheart Accepts Federal Soil Appointment

Jack Everheart, director of vocational agriculture in the local high school signified Wednesday that he had accepted an appointment from the Federal department of agriculture in the bureau of soil erosion service for next year. Mr. Everheart had been with the local school since last year and since that time he has made an excellent record in the school and in the Burkburnett area among the farmers.
The new bureau was recently created, and it will be a permanent part of the government machinery. The work will deal with conservation of the soil. The department will advocate the cropping method of the type that will be separately adapted to conserve the soil on a specific section of land. The methods that will be used will depend on the type of land.
Among the methods will be terracing, strip cropping, contouring, reforestation and all similar methods worked out by the department. Mr. Everheart was graduated from the State Agriculture and Mechanical college in 1930. Since that time he has served as a member of the faculty at Boyd, Texas, and of the Federal Agriculture department. He will be located at the Duck Creek project in Lindale, Texas, near Tyler, Texas.

On Thursday night, at the grand finale, Dr. J. F. Kimbell, executive secretary of the Baylor Medical Hospital of Dallas, will deliver the address, and the students will participate in the reception of their diplomas. The invocation will be by Rev. L. G. Hagard, pastor of the Methodist church. In addition to diplomas, the students that have qualified for the honor, will receive "Ad Astra" pins. These are honor lists that are awarded at graduation each year for excellent scholastic work. The senior class will present its gift to the school and Loyd Guinn has been appointed as president of the class to make the presentation.
The programs for the two events are:
Baccalaureate Sermon
First Baptist Church
Sunday, May 19, 1935
Processional, Dorothy Hagard.
Doxology, Congregation.
Invocation, Rev. Willis Kreager.

BASEBALL LEAGUE STARTS THIRD WEEK OF PLAY HERE MONDAY

Start Afternoon Play First Day Of Week

Baseball league swung into
week with the Mity Nice
Thaxton brothers teams still
stubbornly to their perfect
The Bell Oil and Gas team
reported as losing last week
really won that game, but
the Thaxton team Monday to
standing. The teams will
new plan of play starting
One of the games will be
the afternoon, starting at
a 6:30 forfeit time, and
game will be played at

was awarded a game via forfeit to
put them in the win column.

	STANDING				G	W	L	Pet
	G	W	L	Pet				
Thaxton	4	4	0	1000				
Mity Nice	3	3	0	1000				
Magnolia	4	3	1	750				
Bell	3	3	1	667				
Skelly	4	1	3	250				
Barrow-Grace	1	1	0	000				
Texas Co.	3	0	3	000				
Tucker	4	0	4	000				

Two games were played Tuesday afternoon. The Barrow-Grace found their stride and beat the Texas Co. team. The score gave the Barrow-Grace men a victory by a wide margin at the end of seven innings, but by mutual agreement the teams played two more frames, and the score ended 15 to 14 in favor of the garage men.
The stormiest game was the Mity Nice-Bell game. The Bell Oilers defeated the Bakers in a game full of protests. The Mity Nice company was at bat and Flannigan was being intentionally walked, according to witnesses, and the player was alleged to have violated a rule by stepping across the base to hit a ball and Bell won the decision. The game was played under protest from Mity Nice after a stormy discussion and the game was won by Bell 7 to 5.

These two games are not included in this weeks average. Only games played through Monday are in the standings.

Butler Studio To Give Recital May 27

Miss Blanche Butler will present her pupils and numerous guests artists at the annual recital of the studio at the high school auditorium Monday night, May 27th. The recital of this studio has for years been considered one of the high lights among the annual performances presented in the spring recitals, and it has always attracted the banner crowd of the recital season.

An added attraction of the program will be the presentation of the original Silver Moon Orchestra, one of the pioneer musical groups of this section. The orchestra was organized and directed by Miss Butler, and includes Ted Boden who was called from Central Texas for this recital, and Bill Heath and Ed Campbell of Kansas City, Elmer Hargis KGKO artist of Wichita Falls and Tom Gribble, talented musician.

The program for the local students includes piano solos and various intricate and interesting dances. The visiting talent includes pupils from Knickerbocker, Gross and Cato studios. Among the performers will be Leo Herzog who has won a wide reputation for his ability as a dancer.

The program released is a well balanced arrangement of the dance and musical numbers. All the members of the studio class will participate in the exercise in some form of activity. This will serve as the climax of the year's study.

Time of piano numbers will be approximately one hour and thirty-minutes.

Burk Police Dept. Arrest Boy For Theft

W. Y. Stalcup was arrested by Bill Garland Wednesday for the alleged theft of a coin machine at the Palm Garden. The machine was found earlier in the week near the city battered after it had been pilfered from the cafe Sunday. Mr. Garland found evidence that indicated the young man charged was involved in the affair, and he placed him under arrest here. The young man was carried to Wichita Falls to be held in the county jail awaiting further investigation. This was the third major arrest by the department this week.

Milford Remakes Worn Tires Here

The Milford Tire shop has installed a complete set of machinery for the retreading of worn tires at their shop here and are in a position to give excellent service on all types of tires. The machinery makes it possible to use the basic fabric of the old tire for a foundation, and in some cases the new rubber has been placed for the third time and still given satisfactory service. The process is interesting to watch and produces a beautiful tread on the remolded tire.

Firemen To Hold Memorial, May 26th

The Burkburnett fire department will hold their annual memorial services at the Presbyterian church May 26. The group is planning an elaborate service to honor the former members of the group. The church is making plans to entertain the men at their morning service at 11 o'clock.

Rainbow Girls To Meet Next Tues.

The Rainbow girls will meet at the Masonic Hall next Tuesday night for a meeting that will include an initiation ceremony. The organization plans an impressive service for the meeting. The club was recently reorganized and has had a continued success since the establishment of the new club.

LEGIONNAIRES PLAN AN ELABORATE CELEBRATION TO BE HELD MAY 26th 40 AND 8 TO ASSIST IN CEREMONY

Plans for the memorial service of the American Legion were made by the Oscar Frye Post of Burkburnett at their meeting Monday night at the hall of the organization. The Legion will hold the meeting at one of the local churches on Sunday afternoon, May 26, at 3 o'clock, and the 40 and 8 of Wichita Falls will assist in the ceremonies. The Wichita organization is one of the most efficient units in the district for services of this type and is in demand for such memorials.
The reputation of the group is expected to bring together one of the largest audiences that has ever assembled for the services of honor that the local society is sponsoring. The 40 and 8 have an impressive ceremony that will be presented on their visit here. After the ceremony at the church the Legion will march with the society to the cemetery for the decoration services.

At the cemetery this year, the Legion will dedicate the new plot that they have arranged for honoring service men. The plot has been set aside for them and a special memorial will be erected to the dead of the world war. The plans for completion of this memorial were made at the meeting Monday, and the report of the committee indicated that the work would be finished this week.
The Legion also authorized the building committee to proceed with the planning and construction of a house for the local Legionnaires. This project has been under way for several weeks, and the committee presented its completed plan Monday night. The committee is composed of Henry Pearlman, Luther Hatch, Burn Alexander and Ross Reagan. C. J. Johnson presided at the meeting.

VOLUME 1

BURKBURNETT, WICHITA COUNTY, TEXAS THURSDAY, MAY 15, 1935

NUMBER

Class Will

STATE OF TEXAS,

County of Wichita,
May 14, 1935.

We, the Senior class of Burkburnett High School of the year one thousand nine hundred and thirty-five, being of unsound mind, do hereby on this 14 day of May 1935 disagree this to be our last will and testament. In view of the fact that the above named class, has always been considered half demented, we ask that no dissection occur among the resulting heirs; that there be no attempt to unravel the mystery of this document until, at least, the unhappy remains of the above named class shall be resting in unquestionable decease.

As to such estate as it has pleased the fates and our own strong arms to give us we do dispose of the same by naming the unfortunate heirs as follows, to-wit:

We give and bequeath to Mr. Westerfield and Mr. Duncan restful nights and peaceful dreams. We promise them a rest from Thirty-five's petitions. No more will we be called upon to bend our haughty knee to supplicate; no more will they be pained to refuse. It has been hard to have our fondest wishes thwarted; it must have been hard for them to refuse so fair a pleader. They have done their duty, and they have their reward. But, oh! how much easier it would have been for them and for us if they had "Yes," especially to Colonial Tea Interclass meet.

To other faculty members we extend the pleasure of chasing the refractory Seniors of '35. The call of the wild is inborn you know. It is not all leaving this year.

We give to the freshman class the following advice, accepting which will lead them to glory; copy Thirty-five; learn to work if not to win; development comes through bearing failures than successes. It isn't fun, but still, look at Thirty-five and be encouraged. We also allow them to grow some more, provided they stop when they reach 6 feet.

To the Sophomore class we leave our splendid scholastic record as an example to follow through their remaining high school years. Also we leave them the task of doing all things that we have left undone such as not being absent or tardy and keeping the waste paper basket from being turned over in study hall 214.

We give and bequeath to our best beloved and cherished sister, the class of thirty-six, all the wealth of love and blessings she may want. She seems to be able to get everything else unaided. May our mantle fall completely on her shoulders. To her goes the honor of being the next to occupy Senior hall (room 214) after we have left it for bigger and better halls. We also leave her our good seats in assembly. Let every member of the class show his gratitude for the gift by being promptly in his seat at each assembly. And lastly to the Juniors because of their judgment, we hereby bequeath out title, unapproachable, sarcastic, and high-browed Seniors. We see you accept it fearfully all our toils, sorrows, disagreements, conflicts, disputes and fights we gleefully give you.

We can only pray that they will harrow your days and make your nights horrible nightmares, until to appease the haunting spirit of the class of '35, you make them burdensome as our own have been.

After a questionable and the usual disagreeing conference, the Senior class collectively and individually bequeath their personal property thus, to-wit:

Lloyd Guinn leaves, to all ambitious track lads in the Jr. class his ability to win at track meets.

Nedra Campbell leaves her fast "line" to Jerry Wiggins.

To Lucille Kemp, Beatrice Baumhardt leaves her ability to "juice" cows.

Lloyd Wolf leaves his ability to go with sweet little innocent girls to John Baptiste.

Frances Clark, class sec., wills her ability to collect money from the Senior class to Pauline Brown. We think she will need it.

Tex Allen, Fred Astaire of the Sr. class, leaves his dancing ability to Willie B. Grace, who is striving to master Tex's style.

Sadie Steiner leaves her place in Senordome to Geneva Minick.

John Garner wills his model T to Miles B. Hays.

Lorean Alvey wills all her extra pieces of chewing gum and her ability to chew it to Pauline Allen.

To Shelby Goodwin, Eugene Robertson leaves his "home boy" tactics.

Katie Mae Taylor leaves her ability to trifle and get by with it to Margarette Griffin.

To William Elder, Edie Young leaves all the love poems he has learned this year, so that if he ever gets tongue-tied in the presence of

an affectionate lady friend he can say it with poetry.

Gayle Preston leaves her place as Editor-in-chief on the Growl Staff to anyone who will take the job.

Quannah Nichols and Vinson Duvall will their "Freshman manners" to Thomas Lowery and Other Wheeler.

The Senior artists, Virgie Lee Skipwith and Corhine Morse, leave their pencils, pens and paint to Claudis Mae Brown and Angela Jacobs.

Bill Jeffers wills his ability to know all the answers to Jennings Willit.

To Ruth Jeffers, Almeta Hunt leaves her live for sports to Clifford Duke.

Howard Bentley, the ladies man of the Sr. Class, wills his lamb like ways to Clifford Duke.

I. V. Thornton and Neldon Hunt leave their usual intelligence to Imogene Snoddy and Ruth Coats.

Wade Goodlet wills his "crooning" ability to G. L. Shafer.

Valetta Smith and Grace Russel wills to Pauline Allen and Christine Graves their vanities and date books in order that they may not get their dates mixed.

Frances South, Maurine Browning, and Mildred Simmons leave their quite lady like manners to Grace Preston, Mary Lafon Alexander and Harriet Chambers.

Lewis Sims wills his dramatic ability to Paul Savages.

Ermoine Waits and Irilla Barton accord their places in public speaking class to Mildred Uselton and Irene Evans.

Eldon Andrews leaves his ability to be a great help to the girls at all times to J. R. Brock.

Marian Boden wills her sunny disposition to Billyjane Chatham.

Durward South and R. H. Morris leave their ability to do the wrong thing at the wrong time to Billie Shoestall and L. D. Holman.

Pauline Bowman, Margaret Coats and Marie Rainey will their ability to always know the latest gossip to Willie Etta Alexander, Modene Pinkston, and Ruby Louise Bishop.

Ray Lawler wills his football suit to Glen Goodlet.

Bernice McDonald leaves her interest for commercial subjects to Grace Preston.

Clark Jacobs, Lowell Foster, Maurice Coley and R. B. Faulkner will their desks in home room to John Baptiste, Clayton Shuffler and J. W. Kent.

Mildred Davis and Mayda Small leave their strong friendship to Myrtle Cheney and Geneva Minick.

Sam Brashier leaves his ability to lose his Sr. ring to L. D. Holman.

Katherine Day wills her walking shoes to Hazel Thorton.

Dalton Hask, and Vern Blance leave their ability to stay out of trouble to J. T. Clifton and Dick Hall.

Olena Cash leaves her place as Sr. beauty queen to all beauties in the Jr. class.

Bob Trask gives his dearly loved Spanish book to Other Wheeler.

Malene Baber leaves her ability to be a good "Ma" to Mildred Uselton.

Odis Hatcher wills his good aim in eraser throwing to Paul Savage.

Jacqueline Kirsh accords her ability to drive Suzabella to Margarette Griffin.

Hubert Gragg leaves to Travis Milligan all of his rules in love making.

Daisy Mathews wills her ability for extemporaneous speaking to Pauline Brown.

Miss Morgan wills her title "Hot Dog Queen" gained by good bones, hard work, to any faculty member who has the nerve to sponsor the class of '36.

Jacqueline Kirsh accords her ability to drive "Suzabella" to Margarette Griffin.

Time is passing, our strength is ebbing sure. What must be done must be done at once.

Our minds are wandering so hastily closing.

We ask requittal for all mistakes; We beg forgiveness for goodness sakes.

Whence Alho Oe, Whence you call, Does it over the waves and breakers fall.

And does it come with a hearty good bye

Glad to know you, glad you've been high.

To this we this day affix our seal.

And send it forth for o'er or weal,

For it's May time, Our May time, and we're going away

To a world that does welcome us, all happy and gay.

High School Library

The High School Library has received a copy of the 1935 Bronco, the "Old Grey Mare" edition of the annual published by the student body at Hardin-Simmons University at Abilene, Texas.

The library is especially proud of its copy of the 1935 Bronco because the book is dedicated to Mr. and Mrs. John G. Hardin of Burkburnett.

Sr. Class Prophecy

The history of the class has been lived; its will has been made; but its future remains unknown, for it is denied mortals to thus know.

However, a few morning ago as I was sitting in home room thinking of how short a time it is till the end of school and wondering what will become of the various members of the Senior Class of '35, I fell asleep and by means of a dream the veil of years was lifted and I was permitted to see the members of the class as they will be 10 years from now.

I saw the president of the Senior class, Lloyd Guinn, living at the edge of Roaring Springs, Arkansas on a large 2 acre farm. In the house preparing the evening meal was his charming wife, that recorder of money received, Frances Clark. They had 3 children and were very happily married.

I wandered to the city of Greenville, Missouri and attended a dinner given in my honor. The hostess was none other than Neldon Hunt married to a Missouri hill-billy.

I visited next in Oklahoma City where I encountered Malene Baber, safely married to Durward South, a soda jerker in one of the large drug stores there.

I journeyed on the dear old town of Burkburnett, Texas. Here I visited in the school system and found that I. V. Thornton was a teacher of Algebra and after many affairs was engaged to Maurice Coley, principal of Burk High School. The office girl in the school system was Jacqueline Kirsh who had given I. V. a little trouble with Maurice. I went to visit the Burkburnett Star and found that it was edited by none other than the Lawler family, Ray and his brilliant wife, Gayle Preston, former editor of the Bulldogs Growl.

I went to visit Wichita Falls and there was Virgie Skipwith owner of a beauty parlor and happily married

to Lowell Foster who was a cartoonist for a press association.

I journeyed on to Chicago and saw Corrine Morse, a well known artist living in a beautiful mansion.

I wandered down to California and saw Maurine Browning and Wade Goodlett married and owner of a large orange grove.

I went to Hollywood and saw Sadie Steiner, a well known movie actress. The Mae West of '35 had gone and Margaret Coats, member of the senior class, as the Mae West of '45.

In Arizona I found Valetta Smith safely married to a man who owned a group of cafes, John Garner.

While visiting in New Mexico I went to see Carlsbad Cavern, and noticed mummified figures: I looked closer and found that it was alive and were none other than Clark Jacobs and Verne Blancet trying to earn an honest living. I went on to Old Mexico to see the old Indian villages. I noticed one Indian looking man who spoke excellent English. He was a guide to our party and I found him to be Eugene Robertson.

I next decided to visit in Washington. The Representative from the State of Texas gave a dinner that evening and proved to be Bill Jeffers with his charming wife, Irilla Barton. I visited in the Senate and chanced to meet Howard Bentley, Senator from Oklahoma, with his friend Odis Hatcher. While shopping in the city I met Daisy Mathews who was looking for her husband, Howard. We finally found him at the Follies. I started to their home and met Mrs. Hatcher, the former Myda Small.

I journeyed to Bermuda and while on the boat went to see the captain who was Dalton Hask. I went on to Bermuda and as I was entering the hotel I noticed a love-sick couple in front of me who I found to be Almeta Hunt and Bob Trask who were on their honeymoon.

I went to Spain and while there attended a bull fight. The matador was a bright colored fellow by the name of Eddie Young. In the grand

stand, a beautiful lady threw a rose at him. It was that Spanish looking Katie Mae Taylor. I went on to Russia and attended an opera while there, the singer was none other than our own songstress Marian Boden. I had dinner at a Russian Inn and a dancer at the club was our graceful Marie Rainey.

I journeyed on to France and saw Sam Brashier, Eldon Andrews and R. H. Morse on a furlough from the Navy flirting with the French cuties. I went to see the French air service and one of the pilots was my own former classmate Bernice McDonald who had flew the Atlantic with her husband, R. B. Faulkner.

I went shopping in Paris and was surprised to see that one of the models was Lorene Alvey. She said she had left America to try to forget a certain boy in the Senior class.

I journeyed on to the Hawaiian Islands and met two newspaper reporters who were taking pictures of strikers on the island. They were Quannah Nichols and Vinson Duvall.

I landed in New York and had dinner at the Waldorf Astoria and noticed Olena Cash working as a waitress there.

I went to the Kentucky Derby and while there met two race horse owners, Hubert Gragg and Louis Sims. They were also professional gamblers.

I went to Florida to see the bathing beauties and among them were two of my class mates Ermoine Waits and Beatrice Baumhardt.

I read in a paper that Miss Kathryn Day was in Reno getting a divorce from her husband, Lloyd Wolfe. Lloyd had devoted his life to trying to master the art of shooting paper-wads straight.

Tex Allen was acclaimed champion paper-wad shooter and was very proud of it.

Suddenly the veil of the years dropped and I was not permitted to see further into the future for some one who could shoot straight, perhaps Tex, hit me with a paper wad causing me to awake.

Class History

One half score and one year ago our scholarly parents brought to this school a new class, conceived in mischief and dedicated to the proposition that all children have a will of their own. Now we're engaged in a great mental strife testing whether this class or any other class so conceived and so dedicated can long endure.

Turning through the ceaseless pages of the history of this class we may decide for ourselves the durability of its work and the unattainable heights of its ambitions.

Assuming that the class safely reached high school. A way back there in thirty-one this grand old class high school history was begun:

We know you were not there so we will tell you about it:

'Twas a bright Monday morning in September that our large plane came soaring down from the sky. Below a large crowd of people were waiting for us, with their arms outstretched. Four large banners were being waved through the air, bearing the names of "Seniors, Juniors, Sophomores, and The Faculty." Over the high school building one large banner was stretched, printed upon it was: "Freshmen, we welcome you."

Above the noise of joyful greetings and hilarious laughter we heard the tollings of the old grade school bell. It said Ding Dong Bell, and can you guess the reason why? It was time for school to start. There were signs of it everywhere. The throng of enthusiastic students swarmed toward the front door of the high school building.

The verdant shade so very prevalent among Freshmen classes certainly wasn't lacking in this one. The wide eyed wonder with which we beheld everything about us; the astonishment we felt when we saw how the upper classmen, especially the seniors took things into their own hands, the embarrassment we felt when by necessity—for that was the only time we'd undertaken it—we were compelled to cross the study hall floor; the awe with which we regarded our teachers; these were the characteristics which branded us as Freshmen.

Edna Cropper was our president and Miss Hays and Miss Kirby were sponsors. We started a happy term mixed with work and play. The outstanding social function of the year was the annual Freshman-Sophomore Halloween party. May came at last and we outgrew the nickname of "Fishies."

When we finally emerged from the chrysalis as Sophomores we thought the world held no greater zeal and enthusiasm knew no bounds our class spirit ran high and the other students began to realize our presence.

We elected Louis Sims as president and kept the same sponsors we had

the year before. We had a lot to feel more important by this cause we were not only in a grade but we had added our own sentatives to the football, basketball, and volley ball.

Our Junior year dawned and fair. Hubert Gragg was our class this, not only to victo also into class rivalry. With Kirby and Jess Johnson had us out of the fights, falling pushed us on to victory, for we were victorious.

We started this third year bang. Our first outing was at Lorean Alvey's, and then the Junior-Senior Halloween.

We elected and crowned Cash queen, defeating the senior queen who had worn over the Seniors of the year making us more victorious than ever.

The climax came when we Inter-Class meet, making us to fly our flag for one year.

Our Junior year ended with Junior-Senior banquet.

Last September we stamped to this building, determined and be our best.

During the first week of our flag began to fly on its pole, showing passers-by that we were really alive.

The following week we Lloyd Guinn as president and Morgan our sponsor.

Our Senior year has been ed and well spent. All the parties that have been given and for the Seniors during the year.

One which deserves special mention is the Junior-Senior banquet. This affair was certainly a table one and one which each will always remember.

And now as the time draws for us to bid you farewell which is very hard to do—to thank each of you for your kindness, your love, and your patience, that has made our school life possible.

As we leave, we will not come—in one large airplane each will act as the pilot of ship life, taking off determined live up to our motto: "Climb, rocks be rugged," and determine have our names mingled in the universal history of the future.

Home Economics

The girls in the home economics class and the Volley ball team planned a picnic and on Friday afternoon they went to the park. It did not rain. However, the girls are going to have a picnic lunch in the home rooms and play games.

Seventh Grade

The girls in the Physical Education classes are studying and practicing artificial respiration. They are studying the proper method which is the most effective of all the methods of giving artificial respiration to anyone who might be suffocated.

The girls in the Physical Education classes are studying and practicing artificial respiration. They are studying the proper method which is the most effective of all the methods of giving artificial respiration to anyone who might be suffocated.

Commencement Program, 1935, 8 o'clock. Processional, Dorothy Hays, Invocation, Class Song, Piano Solo, Naoma Melton, Salutatory, Valedictory, Speaker, Rev. L. G. Hays, Presentation of diplomas, awards, Supt. Westerfield.

BANQUET PROGRAM
Luther Guy Hagar, Toast, Reading, Doris Burkston, Class Prophecy, Ieta Preston, Invocation, Helen Justice, Piano Solo, Helen Justice, Speaker, Ross Reagan.

Notice To Parents Seniors

It is the present plan of the class to go to some near by school closes. This means to invite the parents of the members to accompany the children since the responsibility is so great for a class supper.

OVERCOME OBSTACLES . . .

No obstacle is ever too great to be surmounted. It requires only a will and a way, and brains to plan and execute.

Side stepping trouble is just an invitation for it to follow you.

NOW YOU CAN HAVE Air Conditioned REFRIGERATION

Fresh, pure air . . . constantly circulated at just the right temperature and humidity to keep your food in perfect condition. That's modern air-conditioned refrigeration with ice!

Odorless, Tasteless Refrigeration!

Odorless . . . because the constantly changing air freshens the interior of the modern ice refrigerator, thus removing strong odors. This air-conditioning process makes it possible to place, in open vessels, butter or milk, in the same storage space with onions, cabbage, or other foods with a distinctive odor. The air-washing effect of the melting ice carries all odors out of your refrigerator. Each food retains its own individual flavor. Ask your ice dealer to demonstrate this new method of refrigeration to you.

Use ICE for Air Conditioned Refrigeration.

FREE REFRIGERATORS!

Tune Every Monday, 8:30 P. M. **The ICE CARNIVAL OF THE AIR** WBAP-KPRC-WOAI

Each week a beautiful modern Refrigerator will be given absolutely free. The Ice Carnival of the Air brings full details. These programs are brought to you by your local ice dealer in co-operation with the Ice Industry of Texas.

News Of The Week

Pilsudski

The death of Josef Pilsudski has become one of the most disturbing factors in the European situation. Unlike most dictators, the Polish ruler, Pilsudski, whose death as a flu victim occurred Sunday, has ruled the turbulent nation of divided people with out warlike gesture and inflaming speeches. After the World War he faced the impossible task of reorganizing an empire that had been divided among the greedy nations for many years. Subtly and firmly he set about the task to win complete control. Paderewski, the pianist, did much to help him, although they were natural enemies. They combined their practical genius to establish a nation that had been almost atomized by the neighboring nations.

Cutting

At the same time United States was mourning the death of one of its progressive statesmen, Senator Cutting's death removed from public life, a man that had won the respect of his friends and enemies. He was the type of man that was liberal, but stubbornly honest.

Centennial

There will be a centennial in Texas in spite of all the prejudices and bitterness that caused the bill to be the hardest battle of the year at Austin. The act created an appropriation of \$3,000,000 for the celebration. The best part of the bill was the approval of a nine member commission to control the affair. The first bill had everybody in Texas and his dog on the commission. It was so clumsy in structure that it accomplished nothing but trouble.

The bill allocate the funds to be spent. Some money goes to the Alamo, some to San Jacinto and other historic places. It was this phrase that finally achieved a compromise and passage.

Law 25—Criminals

The death of Raymond Hamilton brought up the score of the law guardians. He had insolently defied the penalties. This leaves very few major criminals at large. The federal government and the state men have caught or killed 25 major offenders in the last 14 months. They will make law a fearful thing to the criminally inclined at that rate.

African Uprising

The negroes of the former territory of Germany in Africa have asserted a desire to return to German rule. One of Hitler's chief desires is to create a colonial empire. This resolution may be a planned product of propaganda, but nevertheless, it gives force to Hitler's demands as nothing else in the world could. The British have expressed a desire to let some one else manage their mandate over the troublesome natives of Tanganyika. The British have never received a thing but expense and trouble for their control in the former German province.

We have discovered that if you tell a man he talks too much the chances are ten to one he'll do more of it.

The motor car is a good customer of everybody..

"I foresee the time when industry shall no longer denude the forests which require generations to mature, nor use up the mines which were ages in making, but shall draw its raw material largely from the annual produce of the fields... I am convinced that we shall be able to get out of yearly crops most of the basic materials which we now get from forest and mine."

Henry Ford

THE map above tells only part of the story—the little-known story of the inter-relation of the Ford V-8 car and the farm.

The figures in the map are based on what will be used this year if the Ford Motor Company reaches its intended production of 1,000,000 cars and trucks.

WOOL goes into upholstery, floor coverings, lubricants and anti-rust preparations.

LEATHER goes into upholstery—and in addition, glues are made from cow hide, and from cow's milk... Other parts of cattle, through other processes, yield stearic acid, greases, glycerine (for shock absorbers and body enamel) and soap chips (used in washing machined parts and bodies before painting).

HOGS furnish lard oil, oleic acid and brush bristles.

GOAT'S HAIR (Mohair) goes into upholstery.

BEEWAX goes into electrical imbedding compounds.

COTTON goes into tires, batting, cloth, battery box, timing gears, brake linings and, not least important, into Safety Glass. (Every Ford V-8 car built this year will have Safety Glass in every window, at no extra cost to the car buyer... Cotton, in the form of cellulose acetate, is the central part between the two sheets of glass that make up every finished sheet of Safety Glass.)

CORN yields butyl alcohol (for enamel finishes and other purposes) and starch (for stiffening cotton linings).

LINSEED OIL is the basis for paint—is used in foundry cores—and is one of the ingredients of the beautiful, synthetic baked enamel finish on a Ford V-8.

SUGAR CANE yields molasses for solvents, antifreeze and shock absorber fluids.

CASTOR OIL goes into lacquers and artificial

leather suitable for rumble seats, where real leather would be damaged by exposure to the weather.

TUNG OIL is part of the top material used in Ford cars and is also used in brake linings.

TURPENTINE is used in paints, adhesives and solvents.

SOY BEANS are used in making cores for metal castings in our foundry and are also an important part of the baked enamel finish of a Ford V-8 and of the plastic knobs and buttons in the car's interior.

LUMBER is used for packing purposes. It is not used for any structural part of the Ford car, which has a welded, all-steel body, reinforced with steel, for maximum safety.

AUTHORIZED FORD DEALERS OF THE SOUTHWEST

WORS WIN PLAUSE FOR ANNUAL PLAY

High school seniors scored a triumph in their presentation of an appreciative auditorium last Friday night. The annual play of the class. Very few plays have been as well received by the audience as the last work of the play class, and since the favorable comment on the program has been heard above the powerful portrayal of the audience interest in the first act, and the acting evidence of excellent direction on the part of Frank B. Johnson, public school speaking director of the program was a hit of the program was a success. These two actors carried off with almost perfect ease and poise. The acting was well supported by the other members of the cast. It was important that the play was a success. The entire production was sold, and more of the balcony was filled. The seniors estimated that after the banquet was paid the play produced a \$75.00 profit.

Thorne Convention Meets Here

The association of the Methodist church met at the First Methodist church in Burkburnett Sunday afternoon for the monthly meeting. The Jimmie Thorne County Convention with more than 100 members most of whom were from the town present. The orator used the theme of Motherhood at the meeting and featured the speech of Mrs. Fletcher of Burkburnett as a mother speaking in charge of the arrangements and plan the convention. The group discussed the summary of the church. The S. M. U. in June and the conference at Craterville in June. A large number of people from this district. The meeting was held at the Wichita Falls Hotel and Holiday.

Ball League Changes Rules Sun.

Burkburnett softball league will make four important changes in its rules at the meeting of the league Sunday afternoon at the hotel. The meeting was called by the league as a whole to continue the present game rules, but allow the players to play one game at 6:15 p.m. and the second game at night for the remainder of the season, and to adopt the national softball rules complete, including pitcher box and 60' diameter.

The game schedule was studied in order to prevent a condensation of the games. In order to make some of the teams that were organized to play scheduled games. It was also recommended that the teams spend one of the diamond making necessary on the playing field. Heavy rains damaged the field to such an extent that new sod will be required.

Preston Entertains Fun Club Wed.

Old Preston entertained the Fun Club last Wednesday afternoon at a bridge party here. Three tables were set for the members of the club, their guests, and Mrs. Wayne Goodlet the secretary. The guest were Mrs. Jack and Miss Floy Holman. The party was served with a plate of food. The guests were: Mesdames Wayne Albert Buckner, Curtis Marshall Chrestman, Jack Wheeler, Hetsel Southworth and Guinn Brumley.

THURSDAY, MAY 16, 1935

THE END AND A BEGINNING

The students of the local high school are looking forward to the ceremonies this week that will mark the end of their high school work. To some of the students it will be the end of formal education. To other students it will be a pause before settling to serious professional or vocational training. There is nothing that we can say that would be more important than an emphasis on the necessity of these students doing everything that they possibly can to increase their academic training.

The last few years have been a period that discouraged the average student that contemplated further scholastic training. The students have seen many college graduates leave excellent schools with good records only to find no place for the eager ambitions in the badly adjusted commercial world. With hordes of people that are unemployed, the fresh inexperienced student seemed to have very little chance to secure a satisfactory job.

However, this additional training has not been wasted. If the educated man was in a bad position, the uneducated was in a still worse condition. The man or woman with a good general education may have found that his or her major field offered him little opportunity, but the width of his general training made it possible for him to fill positions that an uneducated person would have had no chance to secure. The admonition to the student is that he specialize in something that will make a good profession for him, but at the same time keep his training from being so narrow in order that another social and economic disturbance will not find him discarded.

A GOOD INVESTMENT

Dust storm or no dust storm, rain or dry, the garden must go on. Delaying its planting in the hope that more ideal weather is ahead is not the wisest thing to do. Mother Nature may appear to have jumped the track or slipped a cog—but don't let that fret you. She knows what she is doing, and it isn't on record that she has made many mistakes. Every Burkburnett family will live better if it boasts a good garden. Putting food-stuff on the pantry shelves for future use is just the same as putting money in the bank for that purpose. You reap your interest in the difference in the cost of canned goods, and you have the satisfaction of knowing that no matter if there is a shortage and price soar during the fall and winter months, you are protected. Any day in the year should be "canning season" for the woman who can find anything to can.

JUST CARELESSNESS

In a recent review of motor accidents for the first three months of 1935 the American Auto Association pointed out that there is an alarming increase in accidents resulting from changing tires on the highway. Such mishaps are especially numerous at night, when an oncoming driver cannot see the motorist stooping beside his car in the road. If this work must be done along the highway, and the car cannot be run off to the side of the road, then the motorist should protect himself in some way by having a light—a flashlight is ideal for such purposes—and placing it where it will serve as a signal. Or let a fellow passenger hold it. If there is no flashlight a handkerchief on a stick could be used as a signal. Several accidents of a serious nature springing from carelessness in changing tires on the highway have been reported around Burkburnett in the past. If motorists will keep the above suggestions in mind there will be no more of them in the future.

Our advice to Burk young men is not to marry a school teacher if they don't want to be treated like a kid when they act that way.

Most Burkburnett men started on the depression with shining faces and well-creased pants and they are winding it up with shining pants and well creased faces.

There's no question as to which is most important to a man; a wife or a pair of pants. There are places he can go without a wife.

If a man is simple enough to buy reducing pills, how did he ever get money enough to get fat?

Our idea of a good husband is the Burkburnett man who doesn't try to interfere with the way his wife spends his money.

COMMON CAUSE OF BALDNESS

One of the chief causes of premature grayness, falling hair and ultimate baldness is lack of circulation in the scalp. To overcome this and bring an abundant supply of blood to nourish the hair roots, massage scalp at night with Japanese Oil, the antiseptic counter-irritant. Thousands of men and women report amazing results in stopping falling hair, growing new hair on bald areas and in eliminating dandruff and itching scalp. Japanese Oil costs but 60c at any drug-gist. Economy size, \$1. FREE "The Truth About the Hair." Write Dept. 36. NATIONAL REMEDY CO., 66 West 46th Street, New York

Herman Engelmann And Leta Evert United In Beautiful Ceremony

Miss Leta Evert, daughter of Mr. and Mrs. A. A. Evert, became the bride of Herman Engelmann in an impressive ceremony at 8 o'clock Sunday evening at the Clara Lutheran church performed by Rev. Paul Kaiser, pastor. Prenuptial music opened with the selections on the organ played by Walter Cook, and "Here Comes the Bride" announced the approach of the bridal party, followed by a solo "I Love You Truly," sung by Miss Thelma Moss. Entering with the bride was her father, A. A. Evert, who gave her in marriage. She was gowned in a white satin dress and a short veil was made of net. Her bouquet was of white rose buds and sweet peas.

The vows were taken before an altar banked with roses and other spring flowers. Miss Cornelia Evert, sister of the bride, was maid of honor and Misses Letha Faye Minick, Sylvia Kaiser, and Lucille Ramm, bridesmaids, wore long pastel shade organdy dresses made along fitted lines with ruffles near the bottom of the skirts, forming short trains. J. P. Nolan of Wichita Falls, uncle of the bride, was best man. Walter Seiber, Hubert Holtzen and Arthur Ramm were ushers.

Mrs. Engelmann is one of the most popular members of the younger set in Burkburnett and a graduate of the Burkburnett high school. She was chosen as the representative beauty of the city last year to act as dutchess to the queen of Wichita county. Mr. Englemann is the son of Mr. and Mrs. F. E. Engelmann, pioneer residents of Clara where he attended school. He is connected with the Famous Store in this city.

Following the ceremony, a reception was held at the home of the brides parents, Mr. and Mrs. A. A. Evert. Members of the bridal party relatives and friends attended. The couple will make their home in Burkburnett when they return from a short honeymoon trip. And their host of friends in Burkburnett and the Clara community wish them much happiness.

Commencement—

(Continued from page 1)

Offertory and Announcements "My Task", E. L. Ashford, Othar Wheeler, Dorothy Magard, Accompanist.

Sermon, Dr. J. D. Sandefer, Benediction, Rev. Miles B. Hays. Recessional, Dorothy Hagard.

Commencement Program Burkburnett High School Thursday, May 23, 1935

Processional, Dorothy Hagard. Invocation, Rev. L. G. Hagard. Vocal Selection, Mr. Orville Medford. Address, Dr. J. F. Kimbell. Presentation of Diplomas, R. C. Tevis.

Awarding of Scholarships and Attendance Certificates, C. J. Duncan.

Awarding of Ad Astra Pins, Rotary Club.

Presentation of Gift to School, Lloyd Guinn.

Recessional, Dorothy Hagard.

The candidates that will receive diplomas on condition that they complete satisfactorily the work that they are now taking are:

- Allen, Tex William; Andrews, Eldon; Bentley, Howard; Blanscet, Vern; Brashears, Sam; Brittain, Norman; Coley, Maurice; Duvall, Vinson; Faulkner, R. B.; Foster, Lowell; Garner, John; Goodlett, Wade; Gragg, Hubert; Guinn, Lloyd; Hatcher, Odis; Hughes, Lester; Jeffers, Bill; Morse, R. H.; Nichols, Quannah; Robertson, Eugene; Sims, Louis; South, Durwood; Trask, Bob; Wolfe, Loyd; Young, Eddie; Lawler, Ray.

- Lorene Alvey, Malene Baber, Irdilla Barton, Beatrice Baumhardt, Marian Boden, Pauline Boman, Maurine Browning, Nedra Campbell, Frances Clark, Margaret Coats, Mildred Davis, Kathryn Day, Almata Hunt, Neldon Hunt, Jacqueline Kirsh, Bernice McDonald, Daisie Mathews, Corinne Morse, Gayle Preston, Marie Rainey, GGrace Russell, Mildred Simmons, Virgie Lee Skipwith, Valetta Smith, Frances South, Katie Mae Taylor, I.V. Thornton, Ermoine Waits, Mayda Small.

Rev. Kreager Visits Uncle In Amarillo

Rev. Willis Kreager, pastor of the Church of Christ, left Wednesday for Amarillo where he will visit his uncle, D. O. "Bub" Harrell who is seriously ill in the hospital there. While Rev. Kreager is in the city he may hold services at Lark, Texas, a nearby church where he has promised to assist in a meeting. There will be no services at the church Sunday morning. The church will adjourn for the graduation services to be held at the First Baptist church.

It is said that women have better eyes than men. Anyway, a man never can tell when a nose needs powdering.

Mrs Magers Hostess To Current Literature Club Thursday, May 9

Mrs. Roy Magers was hostess to the Current Literature Club at her home last Thursday afternoon, and presented Mrs. Jack Everheart, in a book review of the "Good Women". Mrs. Neeley Vaught directed the meeting, and Mrs. J. L. Caffee introduced the speaker. Mrs. J. R. Prince sang a solo.

The last meeting of the year will be held in the form of a luncheon at the home of Mrs. B. F. Gilchrist, and the new officers will be inaugurated at that meeting. Mrs. Magers served a lovely plate refreshment to Mesdames W. D. Bent, J. L. Caffee, T. H. Boling, F. A. Jameson, Jack Land, Jack Everheart, Geo. T. Kimbell, B. F. Gilchrist, J. N. Hicks, Joy Sessums, A. H. Lohofener, J. R. Prince, Rex Kolter and Mildred Simmons and Rubye Louise Bishop.

HEALTH CLINIC HELD MAY 22nd

Dr. G. W. Will of Macon, Mo., Manager of a national program of public chiropractic clinics, was in Burkburnett, and Wichita Falls Wednesday, conferring with Chiropractors relative to preparations for a series of public health clinics to be held in towns of Northwest Texas.

Dr. J. S. Sims of Burkburnett, has been placed in charge of arrangements, locally. The exact date will be set soon, probably in the week of May 20. This program will offer to folks of this community an opportunity to have free consultation and private examinations without cost by nationally known doctors of chiropractic, chosen for this national program of educational clinics.

The keynote of the whole program is to better inform the public how to preserve and maintain their present health or achieve better health through common sense applications of natural health measures. Details ining.

Wesley Bible Class Meets In Social Session

The Wesley Bible class of the First Methodist church met in a social and business meeting at the basement of the church Friday, May 2. Mrs. W. R. Hill called the meeting to order and the devotional was taken from the 46th Psalm. The prayer was led by Mrs. Henry Prinzing. After the business session the dramatic club of Miss Margaret Tanner presented the play of "Neighbors." The members of the cast were: Marilyn Harwell, Jack Kelly, Jacqueline Kirsh, Doris Barnes, Billy Wheeler, Pauline Browning, Willie Etta Alexander and Virginia Vaught.

Those present were: Mesdames H. W. Prinzing, G. L. Shafer, J. D. Russell, O. C. Wills, R. D. C. Clark, R. D. Coats, Lillie Green, O. R. Wood, W. D. Alexander, L. J. Lorany, Joe McKenzie, J. L. Caffee, J. D. Everheart, B. F. Taylor, L. G. Hagard, W. McKerr and Jack Kell. Mrs. Caffee and Mrs. Everheart were hostesses.

Things are looking up, and they say quite a few fellows around Burk who have job-hunted for five years are now afraid to risk it.

GRADE SCHOOL GRADUATES FRI.

The seventh grade graduating class of the local schools will start their graduating ceremonies at the banquet to be held Friday night for the seventy-five members of the class. On the following Friday night the members will receive their diplomas at the high school auditorium. At the banquet L. G. Hagard, Jr., will act as master of ceremonies and deliver the invocation. Doris Ferguson will give a reading, and Helen Justice will play a piano solo. The class prophecy will be by Ileta Freeman. The feature speaker of the evening is Ross Reagan, city manager.

The graduation services will be Friday night, and the speaker for the commencement will be Rev. L. G. Hagard, pastor of the First Methodist church. The processional will be played by Dorothy Hagard. The program will include: class song, piano solo, Naomi Meador, salutary and valedictory speakers. The di-

plomas and awards will be presented by Butler Westerfield, president.

When You Make A DEPOSIT—

Somebody once said: "There are three American institutions upon which the stability of the nation depends—the Government, the Insurance Companies and the Banks."

Depositing money in a sound bank like the First National Bank is, indeed, similar in many ways to buying a treasury bond or an insurance policy. For in each case the money you turn over is safely reinvested in public works, in industries, in homes, in commercial enterprise. In a word, the instant you deposit them your funds become a part of the great river of credit that turns the mill wheels of the nation.

THE FIRST NATIONAL BANK

"Serving Burkburnett Since 1907"

Burkburnett, Texas

YOUR FAMILY BATHING IN THE 1890's?

Fizzing faucets... noisy taps... trickling water supply...

Those days should be gone forever. But many a home maker still suffers the inconvenience of a 1890 bathroom... still puts up with the daily annoyance of old-fashioned plumbing.

The design and workmanship of modern plumbing fixtures bring bathroom "luxuries" within the range of your pocketbook... tubs, showers, toilet basins and fixtures... planned and installed for modern comfort and modern living.

If your bathroom is out of date by half a century, give it the improvements that will make it up-to-date, attractive, and comfortable.

Home owners who haven't all the cash on hand to finance bathroom improvements may take advantage now of the benefits offered by the National Housing Act. You can arrange to borrow all the cash up to \$2,000 to pay for the kind of home your family deserves.

Modernize Your Bathroom

Any one of the firms listed below will gladly make an estimate and explain how you can enjoy a modern bathroom once, and pay for it out of your income in convenient monthly installments.

MISSIONARY SOCIETIES HAVE STUDY AND BUSINESS MEETINGS

Methodist And Baptist Meet Monday

Know The Lord Laid His Hand On Me," and "Lord I Want To Be A Christian." Mrs. L. G. Hagard sang, "Were You There?" Mrs. John Rigby led the prayer. Mrs. L. G. Hagard, Mrs. L. N. Peyton, and Mrs. Cropper read some of the poetry that was written by negroes. Those present were: Mesdames Bertha Cropper, L. G. Hagard, R. H. Henry, M. W. Majors, R. J. Kelly, Dutch Wolfe, F. R. Knauth, J. L. Caffee, L. N. Peyton, J. H. Rigby.

Sallee Circle

The Sallee Circle of the Baptist Missionary society met at the home of Mrs. Ferguson Monday afternoon for a business and social session. The meeting was opened with the song "Jesus Paid It All" and the order of business started with the approval of the minutes of the former session. The devotional was led by Mrs. M. E. Whiteside, who took as a basic text the 23rd Psalm for comment and consecration. The devotional prayer was led by Mrs. Cheney.

In the business session the society made the plans for the Junior G. A. banquet that was held Tuesday night. The banquet is an annual affair that is held to honor the mothers of the members and is called a mother-daughter banquet. The society planned the menu and service for the dinner.

The society will meet next week with the other circles of the missionary group at the church on Monday for the initial service of the week of prayer. The society celebrates the prayer week with special services.

Those present were Mesdames Suttles, Cheney, Whitesides, Ferguson, Grace, members and Mullins and Mimms as visitors.

Lockett

Mrs. James Johnson was hostess of the Lockett circle which met in her home for a mission study program Monday afternoon, May 13. The meeting was opened by the singing of "Sweet Hour of Prayer," and the devotional prayer was led by Mrs. Pinkston. The devotional for the study was presented by Mrs. John Brookman, who chose as a text to read the contemplation of the sixth chapter of Mathew, and gave an interesting service for the program motif in the study of missions.

The mission study of the society was led by Mrs. H. S. Vanleave who presented the topic taken from the book "Winning the Border." This discussion dealt with the problems and difficulties of the work among our transient immigrants of the region near our Southern neighbors. Mrs. James Johnson dismissed with prayer.

Those present were: Mesdames James Johnson, Billy Walker, John Brookman, Sam Davis, H. A. O'Neill, Pinkston, Smith, H. S. Vanleave, M. B. Hays, R. W. Kent, McMurtry and

M. Bundy. The group will meet with the rest of the circles at the Baptist church next Monday for the Bible study of the combined missionary societies and the meeting will be at 2 p. m.

Big Rabbit Creek

Everyone here in our neighborhood is looking for the time and date of the Big Rabbit Creek all day singing convention which will be held at the Rabbit Creek School House the last Sunday in this month, May 26th, so everybody wants to remember the date and day, and be sure to come. Free dinner will be served on the ground at 12 p. m., sharp. There will be singers out of Texas, Louisiana, Arkansas and Oklahoma, and they will be singers too, and the writer don't mean maybe.

Mr. and Mrs. H. C. Stiggins, the son and daughter-in-law of Mrs. W. S. Williams who is farming 5 miles West of Waurika motored up Sunday morning to spend the day visiting with H. C.'s Mother, Brothers, and sisters. H. C. informed Hawkeye that last Thursday night that 5 inches of rain fell over in the Waurika territory, but no hail fell.

The writer went over Saturday morning to Mr. Toke Hardin's and Mrs. Martha Nails home with Mrs. Nails son Charlie. He spent the forenoon visiting with his friends and when dinner time came Mrs. Nails announced dinner and believe old Hawkeye he was seated before a well laden table which was well prepared and Hawkeye sure did do justice to his part of the nice lot of food which was before him on the table. Young potatoes, green beans and most every thing that grows in the garden. After dinner the writer accompanied Mr. Hardin, Mrs. Nails and her son Charlie over to Burkburnett to attend the big drawing.

Mr. and Mrs. H. C. Stiggins stopped and visited with the Owens family Sunday evening enroute home after spending the day with his mother.

Randlett's 2nd baseball 9 crossed bats Sunday afternoon with the Walters baseball 9. The score was 6 to 5 in favor of Randlett.

Mr. Hardin and Mrs. Nails and her son attended the Randlett ball game Sunday afternoon. They motored by the Owens family residence and had the family to attend the ball game with them which was greatly appreciated.

Say boy, you just ought to see how fast the oats and wheat are growing over on this side. Two weeks ago the wheat and oats wasn't tall enough to hide a cotton tail rabbit in. Now it's knee high and better, and is headed out, and the heads are good and long. Nothing will keep this neck of the woods from making a fairly good grain crop. Only a big hail to come to beat it all in the ground.

Mrs. D. L. Alexander has been seriously ill for the past 100 days with pneumonia. Her attending physician, Dr. Russell, of Burkburnett, pronounced her some better this morning. Her many friends are wishing for her a speedy recovery.

The writer was down Sunday morning at the Jess Kinnard's little Red River Valley Store and believe me Jess was doing a good business. He and his brother Henry were as busy as two hunting bird dogs waiting on their customers. Mr. Kinnard has a good line of staple goods and his prices are in line with the Burkburnett groceries.

Mr. James Self of the Rabbit Creek neighborhood and a Mr. Whitley of Walters, Okla., was voted on and was elected by a large majority of votes to go to Washington, D. C., to represent Cotton Co. on the Bankhead Cotton Program bill. They left Walters Sunday for Oklahoma City to meet other delegates for their long journey to the White House.

The many friends of Mrs. John Ashton were very sorry indeed that Mrs. Ashton wasn't present over in Burk Saturday when her name and number was called for the \$15 prize for which she won. But Mrs. Ashton hadn't arrived home from her pleasant trip up to the mountains north of Lawton, Okla.

A good many acres of cotton was planted last week over on this side of the big pond, and many more acres will be planted this coming week. Some who planted just before the big rain will have to plant their cotton over, also their feed stuff.

Mrs. Fred LaBarre, her two sons, Clarence and Edward and Mrs. Ed Owens drove over to Burkburnett Saturday afternoon.

The writer was advised by Mrs. Dave Jones Saturday, that her son Keeble Jones was sent to Mineral Wells, Texas, for treatment of rheumatism some few weeks past. Mrs. Jones stated that Mr. Keeble was getting some better. It's hoped by his host of friends that it won't be

long until he will be able to come back home to his wife and children a well man.

HAWKEYE.

Work And Art Keep Standing Active, Happy

Sir Guy Standing, veteran English actor, follows his role in "The Lives of a Bengal Lancer" with a different type of portrayal in Paramount's "Car 99" coming Tuesday and Wednesday to the Palace Theatre.

In Paramount's "Car 99", a picture based on the true adventures of the Michigan State Police, Standing plays the leader of the State's most dangerous bank bandits. Just when he seems to have outwitted the entire department he is defeated by a young rookie and his loyal sweetheart. Fred MacMurray and Ann Sheridan are featured with Standing.

USE DOCTOR'S METHOD TO STOP DEAFNESS Head Noises, Catarrh

MANY hundreds of ear sufferers have reported relief from roaring, hissing sounds, pain, sensitive and tender ears, after using Dr. Elliott's ERBALM. This simple, economical prescription contains valuable herb and medicinal ingredients that strike at the cause. You may be a long time sufferer, and may have tried many remedies—but do not give up hope before you discover what this Doctor's private prescription can do for you.

Dr. Elliott says, "I have found that ear troubles, and even certain forms of deafness respond easily to ERBALM. It helps correct the cause of defective hearing, Head Noises and Catarrhal conditions which have been of long standing in many cases. Truly, it is a remarkable medicine." Victoria Comings of Illinois writes, "My entire family are chronic sufferers from ear troubles. The only remedy that gives quick relief is Dr. Elliott's ERBALM. The minister of our church first recommended it to us, and we are thankful for his advice."

Stop using expensive earphones, and buying expensive treatments. Let Dr. Elliott's ERBALM prove its worth in your own case. Make this ten day test: Before applying ERBALM see how far away you can hear your watch tick. Use ERBALM ten days and you will be surprised how much improvement there is in your hearing. Dr. Elliott's ERBALM is guaranteed to give satisfactory results, or your money will be refunded.

FAIRVIEW SCHOOL TO HOLD FINAL EXERCISES FRIDAY NIGHT, MAY

BACCALAUREATE SERVICES TO BE HELD SUNDAY MORNING

The Fairview school will hold the final service for graduation of the high school and grade school children next week. The baccalaureate services will be Sunday morning, and the grade school exercises Thursday night, May 23, with the high school graduation on Friday, May 24.

The school has arranged a series of interesting programs with prominent speakers and musicians on every public ceremony. Rev. Gregory will speak at the Sunday service that will be held in the auditorium of the school. This program will also include, Eloise Morgan of Wichita Falls, Marguerite Morgan, and Miss Thelma Moss as musicians. The commencement speaker Friday night will be O. R. Tipps of Wichita Falls. The salutary speaker, Clarence Bridges and the valedictory speaker Ruth Vogel will appear on the program. The seventh grade speaker will be Dr. Royal Ramey of Electra.

The high school candidates are: Virginia Bogy, Clarence Bridges, Harlan Boyd, Jessie Hearrell, Ford Hearrell, Simon Hanks, Ada Marsh, K. Miles, Marian McClarney, Charles Morrison, George T. Roberts, Geneva Seidlits, Elva Stimpson, Ruth Vogel, Bill Wells, Milton Winkles.

The grade school graduate candidates are: Gladys Alexander, Louis Bogy, Dail Boyd, Billie Bush, J. C. Cauthorn, E. W. Edwards, Mary Elizabeth Fink, Juanita Franklin, Johnnie Gifford, C. W. Goins, Odes-

sa Grizzle, Lovell Hancock, Luella Hennis, Francine Hill, Etta Mae Morse, Lorene Mowery, Marian Wayne Price, Billy J. Roberts, Lorene Rose, Doyle Rush, Dean Smith, Carter Thompson, Charles Vines, Wanda Williams, Alena Welborn, Thomas West, William Whigham, Adaline Whitley, Carl Winkles, Lillian Pearl Zink.

The Programs for the services:

Baccalaureate Program Fairview High School Auditorium May 19, 1935

Processional—"Grande Processional a Avignon"—James Frances Cook.

Miss Marguerite Morgan, Wichita Falls, Texas.

Invocation—Rev. Mowery, Magnolia Baptist church.

Special Music—School chorus.

Violin Solo—"Adoration"—Felix Barowski, Mrs. Eloise Morgan, Wichita Falls, Texas.

Benediction, Rev. Curtis Cook.

Seventh Grade Graduation May 23—8 o'clock

Invocation, Jimmy Boyd.

Class song—

Salutatory and Valedictory addresses.

Address, Dr. Royal R. Ramey.

Awards and diplomas.

Benediction, Jimmy Boyd.

Fairview P. T. A. Ball Game Friday

The Parent-Teachers Association will sponsor two contests Friday night at the high school gymnasium by matching a men's volley ball game and a woman's basket ball game. An intense rivalry has been developed for the games, and the funds will be used to help buy the velvet curtains for the auditorium.

A full evening entertainment has been planned. A band and other features will be presented between the halves of the games. The admission for the game will be 10 cents and five cents. The P. T. A. also announced the final meeting of the organization for Monday night, May 20. The new officers of the association will be installed at the meeting.

Fairview School Re-Elects Teachers

The Fairview school board re-elected all the teachers in the present system for next years faculty, meeting last week. Y. C. Paschall was elected superintendent for the school system and R. D. Watkins and Erwin Brand the principals of the high school and grade school respectively. Watkins was also elected as the coach for the school athletics.

The teachers and their positions are as follows: Lois Thompson, English and commercial work; Mrs. R. D. Watkins, Spanish and public speaking; Lillie Mae Armstrong, Home Economics; C. L. Jones, mechanical drawing and shop work; Thelma Moss, public school music; Pattie Thompson, penmanship, art and health; Toby Baird, third grade. Mr. J. Q. Donehoo was elected janitor and engineer, and Dave Estes bus driver for the school district.

In the same session the board also ordered a new bus for the transportation of the children for next year. The bus was bought from the Coper McCree Motor Company of Burkburnett. It is a V-8 truck that will carry 60 students during the season. It will be painted blue and white, the school colors, and have a Wayne steel body and shatterproof glass. The cost of the bus was \$1657.30.

SCHOOL SPONSORS HEALTH CLINIC

The Fairview school has sponsored a health clinic for the students in the system, and each of the children have been given an opportunity to enroll in a tuberculin test group. The tests are made for a fee of \$1.00, and fifty of the children have enrolled. These candidates were brought to Burkburnett for the test and the doctor will attend a reading clinic at the school soon afterwards. The date set reading was Tuesday, May 14th. Many of the students have already taken the test, and the total number will give the school a high percentage.

JUNIOR-SENIOR BANQUET SUCCESS

K. C. Spell of Wichita Falls delivered the address as the feature of the Junior-Senior banquet at Fairview school Thursday night, May 9th. The program of the evening included Mr. Spell's talk which was one of the best balanced social features of the year and served as the climax of the activities of the two classes.

The toast mistress for the program was Lavern Beavers, and the response for the senior class was made by Ada Marsh, Thelma Moss, head of the music department of the school sang a series of songs and led the group in the singing of "Pop Eye The Sailor Man." This song served more or less as the theme song of the evening.

The table of the banquet was shaped like a steam boat, and all of

the decorations were nautical in motif. The mint cups and place cards carried out the colors of the school and the graduating class. Each of the guest were given sailor hats to wear, and the service was dressed nautical. There were 15 juniors in the class and 16 seniors, and the faculty were guests of the class.

Fairview Seniors Enjoy Turner Falls Trip

The Seniors met at 8 o'clock last Friday morning at the High School building with their blankets, pillows, sandwiches etc. to go to Turner Falls. They were expected to leave one hour late, however, and the three cars loaded with hilarious seniors left the school building at 9:30. Muddy roads and a washed out culvert delayed the group so that they did not graze on the falls, 17 miles north-west of Ardmore, Oklahoma until about 2 o'clock Friday afternoon.

Two picturesque cottages situated among the trees on a hill side off the highway were rented for the group. After unloading the food, extra clothes, and bed linens from the automobiles, the group went for a cold, refreshing swim in the nearby running spring.

About 5 o'clock Friday afternoon the seniors, refreshed by the swim, drove over to Turner Falls and climbed about the steep rocks encasing the falls. Fortunately no accidents occurred.

A supper of weiners roasted in the open, marshmallows, fruit, pickles, and buns was heartily enjoyed back at the cottages about 7 o'clock.

That night part of the group attended the dance at the beautiful lodge situated near the falls, some went to the theatre at a near-by town, and a few remained at the cottage. All reported a grand time except (Simon) our pessimist.

A game or three of pitch and forty-two at midnight brought the evening to a close and the boys and girls in their separate cottages, began to retire. Almost all were at least in bed (if not asleep) by 2 a. m.

6:30 a. m. Saturday morning saw the seniors up, washing faces and preparing for a delicious breakfast.

A drive to Sulphur Springs and a swim at Prices Falls occupied the morning.

The hungry seniors ate their lunch at the cottage, packed, and started back to Burk. About 2:30 Saturday afternoon. Five-thirty saw the group driving through Burkburnett.

Everyone felt tired, but it was a happy tired feeling, and all hated to see home loom into view.

Music may have charms the savage breast, but not the music that comes over the

The Treasure Day Club of Burkburnett is an organization of merchants and business men, working with the Chamber of Commerce and the Burkburnett Star, to sponsor better relations with the city's neighboring communities, and to share with them the benefits of trading at home. Each Saturday the Treasure Day Club presents programs of entertainment for visitors to the city, and the merchants who are members of the club offer special Treasure Day Bargains for Treasure Day only. Register at one of the Treasure Day Stores so that you may be kept informed of special Treasure Day attractions and share in the benefits. It does not cost a cent and you are not obligated in any way. Merchants who are members of Treasure Day Club are doing their part to show their appreciation of your patronage. Tell your neighbors and friends about it, and watch the ad and news stories in this newspaper for further information regarding the treasures that await you at the big Treasure Day parties.

Burkburnett Treasure Day Club

**ONLY MOST INTELLIGENT CAN
ACT INSANE, DIRECTOR SAYS**

There is a shortage of players in Hollywood who can't act crazy! This is the conclusion of Director Gregory La Cava, early in his selection of bit players for Paramount's "Private World's," starring Claudette Colbert and coming Friday and Saturday to the Palace Theatre.

The picture, laid in a hospital for the insane, required over one hundred actors to play the parts of inmates. But La Cava had to interview five hundred applicants before he could select the first half dozen players.

Explaining his difficulty in finding a cast La Cava said that while almost any player can enact a sane role, superior intelligence is required for the characterization of insanity. Without that quality such roles lose their entertainment value and become gruesome.

"Private World's," adapted from the novel by Phyllis Bottome, is a dramatic tale of the inhibitions and complexes that rule a woman who fears love. Its principals, Claudette Colbert, Charles Boyer, Joan Bennett and Joel McCrea, are the doctors in a hospital for the insane where their own life drama is played out.

**Mrs. Hicks Speaks
At Jr. University
Club Monday Nite**

Mrs. T. A. Hicks of Wichita Falls, Texas, district supervisor of Junior clubs, was the honor guest at the annual dinner given by the Junior University Study Club, Monday evening, May 13 at the Methodist church. A beautiful spring motif and the club colors of pink and white was carried out in the table decorations. The centerpiece of pink roses and white larkspur was flanked on each side by smaller bowls of roses and lighted candles. Place cards were in dainty pastel colors and the hand painted programs and rose buds at each plate further enhanced the beauty of the table.

Miss Pansy Mills, the retiring president, presided as toastmistress, and in a most charming manner introduced the numbers of the program: Invocation, Norene Kirby. Report of First District Convention of Women's Clubs, Margetta Purcell.

Piano Selection, Dorothy Hagard. Address, Mrs. T. A. Hicks. Reading, Mrs. Hugh Preston. Piano Selection, Dorothy Hagard. Miss Mills then introduced the following officers for the coming year:

First Vice President, Evelyn Felty; Second Vice President, Alice Westbrook; Corresponding Secretary, Bennie Lee Gates; Treasurer, Edna Hightower; Parliamentarian, Margetta Purcell; Historian, Maude Morrison; Reporter, Marion Everheart.

Another piano selection by Dorothy Hagard was heard and then Miss Mills introduced the incoming president, Miss Erna Schwegler, who responded with a few words and closed the dinner with the reading of the Club Woman's Creed.

LIONS CLUB

The Burkburnett Lions met at the Fairview High School Tuesday night as guests of the home economics department of the school. The Lions met in the science building and were served by the girls in the high school classes under the direction of Miss Lillie May Armstrong. The program was under the direction of Y. C. Paschall and was presented in the auditorium of the school.

Miss Thelma Moss, instructor in the school, sang "When I Grow to Old to Dream" and "The Isle of Capri." The club refused to allow her to stop singing until she encored with "Believe It Beloved," when the Moon Comes Over the Mountain," Black Eyed Susan Brown and It's A Long Long Night." The public speaking department presented a play, directed by Mrs. R. D. Watkins, "Little Chester." The actors were Milton Winkles, Bill Wells, Elva Stimpson and Marion Smith.

There were three visitors to the club, Bill Teal, Harry Dodson and K. C. Spell. The group took a straw vote for nomination of officers. The election will be next week.

**Hubbard Rites Held
Sunday Afternoon**

Funeral services were held for W. F. Hubbard from the Church of Christ in Wichita Falls, Sunday afternoon with Rev. L. S. White reading the ceremony. The burial was in the Rosemont cemetery with the Owens-Brumley funeral home directing the ceremony. Mr. Hubbard was a native of Illinois, and had resided in Wichita county for 11 years.

The pallbearers were: J. J. Pistocco, E. B. Turner, F. M. Hansen, H. E. Rosenthal, Luther Lesler, and J. E. Calhoun; and the survivors are: the widow, two sons, W. A. Hubbard and John Hubbard; one daughter, Mrs. John Byus of Phoenix, Ariz.

**Alexander Ser. Sta.
Has Agency For
Life-Guard Tube**

The last word in safety in event of a blowout while driving at high speed is now available to motorists in Burkburnett, according to Jim Alexander, local dealer for the Goodyear Tire and Rubber Co.

The new development is a tube for automobile tires that eliminates the danger of serious accidents following a blowout by changing the sudden blowout into a slow leak. "It is a known fact that a blowout at 60 miles per hour is twice as dangerous as one at 40 miles per hour, and at 80 miles per hour is four times as dangerous," Mr. Alexander explained. "With new cars having extremely high top speeds being placed on the market the need for such a tube is increasingly apparent."

"Goodyear engineers have been working on this safety insurance problem for several years and the new Goodyear Life Guard tube is the result. It is in reality a double tube, one inside the other and joined together at the base. The two air chambers are connected only by a single small vent hole which allows the air to pass from the inner chamber to the outer chamber.

"The outer tube is similar in appearance and function to an ordinary tube and fits inside the casing," Mr. Alexander continued. "The inside carcass is built up of two plies of fabric and when in service floats free without chafing. When a blowout occurs, air escapes from the outer chamber instantly but can escape from the inner carcass only through the single small vent hole, which allows it to seep out slowly.

"The tire then drops down slightly to ride on the inner carcass, allowing the driver to bring the car to a stop under perfect control. He can pull off to the side of the road without endangering himself, his car or the lives of other motorists.

"Police and fire department officials and heads of safety organizations who have seen the tube demonstrated are unanimous in the opinion it is one of the most important contributions to the safety of motoring that has been made in a decade," Mr. Alexander concluded.

**G. A.'s Give Mother-
Daughter Banquet**

The Junior G. A.'s of the First Baptist church held an elaborate service at the banquet Tuesday night honoring the mothers of the church and of the members of the society. The program included: G. A. song, auxiliary, prayer, Mrs. James Johnson; introduction of mothers; welcome, Calls Andrews, president; devotional, Emma Tom Yeary; prayer for mothers, Lela Mae Pinkston; song "Mother", auxiliary; Mother's Day, Peggy Busby; piano solo, Betty Jane Hill; My Good Fairy, Grace Wooten; violin and piano duet, Juanita Carver and Pearl Coper; Sammy's Sorrow, Martha Grace White; Piano solo, Geneal Gregory; quartet, Myrta Mae White, Majorie Lou Gilbert, Doris Frances Magers and Lela Pinkston; talk on mother, Rev. Miles B. Hays; grand march, Mrs. Gregory; invocation at dinner, Mrs. M. B. Hays; toasts to mother, Doris Francis Magers, to girls, Mrs. A. P. Yeary, to W. M. U. Dorothy Lee Garner, to Mrs. Kent, Marilyn Morris, to Mrs. and Mr. Hays, Wetona Phillips and Dorothy Beldon; benediction, Rev. Hays. The society thanked the W. M. U. and Y. W. A. for the service, and issued an invitation to other girls to join the society.

**Washout Delays
Burk Train Friday**

A washout that swept away 40 feet of fill on the Wichita-Northwestern followed a six inch water spout near Devol, Okla., Friday morning. The rain fell in sheets over a period of two hours accompanied by a heavy electrical storm and a sprinkling of hail. The water tore out three of the culverts and delayed the morning train several hours. The train left Burk on scheduled time, but it was necessary for the crew to bring the unit back to the city so that the wrecker, sent out from Wichita, could construct a temporary bridge for the track.

The ditchers started to work at the scene one mile south of Devol Sunday, and will spend several days on the work. The rain was described by the residents of the section as the heaviest in history, and it was the heaviest that had fallen in so short a time since the rail road was built through that section. All of the streams in the neighborhood were over their banks Saturday and most of Sunday.

The trouble with a lot of fellows around Burkburnett who claim that the world owes them a living is they want to be paid in advance for doing nothing.

JUST A TRUNKFUL!

THREE smiling young stowaways demonstrate the ample space available for luggage, golf clubs or trophies of a shopping expedition, found in the trunk compartment of the new Ford V-8 Touring Sedans, two of the new de luxe types recently announced by the Ford Motor Company. The trunk compartment—with 13 cubic feet of space—is an inherent part of the design of the Tudor and Fordor Touring Sedan body types. All the space is used for luggage, the spare tire being carried conventionally at the rear, while an inner compartment under the floor provides space for tools. The trunk compartments may be locked with the same key that fits the tire lock. The new touring sedan were designed to provide ample luggage carrying facilities for families doing extensive traveling who wish to utilize the car interior for passengers. They have proved thus far to be among the most popular Ford body types.

Soft Ball Schedule

Burk Inter-City Games

- May 22 at Graham.
- May 29 at Wichita.
- June 5, Archer City at Burk.
- June 12 at Olney.
- June 19 at Jacksboro.
- June 26, Graham at Burk.
- July 3 Wichita Falls at Burk.
- July 10 Archer City at Burk.
- July 17 at Olney.
- July 24 Jacksboro at Burk.
- July 31 at Graham.
- August 7 at Wichita.

**Inter-City Adopts
New Rulings Sun.**

Fred Flanagan represented the local organization at the inter-city meet at Olney Sunday. All the teams of the league were represented in the discussion meeting. The two most important rules concerned batted balls. On infield fly the national rule was interpreted to leave the judging of the batted ball to the umpire and all balls called fieldable by infield were declared infield outs or flies.

On balls accidentally hitting the bat of a player the ball shall be ruled a strike. These two rules were made after some difference of opinion on the rulings at various city games.

**Demo Council Meets
At Wichita Saturday**

The Wichita County Home Demonstration Council will meet at the county agents office in Wichita Falls Saturday afternoon at 2 p. m. The plans for the annual encampment will be made at the meeting and the discussion of the short course for Farmers will be held. The girls 4-H council will hold their meeting one hour before at the same place.

**Texas C. C. C.
Quota Doubled In
New Program**

AUSTIN, May 9.—Texas' quota of young men to join the Civilian Conservation Corps has been nearly doubled by an increase from 14,200 under the old program to 26,800 under a new program, it was announced last week by Neal Guy, enrollment supervisor for Texas. The six boys recently enlisting in Burkburnett have been established in, Arizona camps.

Enrollment under the new quota will take place between June 15 and August 31, Guy stated, at which time county relief administrators will receive applications from Texans desiring to go to civilian conservation camps. Heretofore, applicants have had to be between the ages of 18 and 25, which has now been stretched to a ten year bracket of from 18 to 28. Part of the men accepted will be sent to camps in nearby states, the rest to camps in Texas. "Application should be made to the county administrators," Guy instructed applicants, and not to the Texas Relief Commission. The administrator is the selecting agent for his county's quota, and the delay entailed in making application through this office invariably lessens the applicant's chances of acceptance."

Increase of Texas' quota follows President Roosevelt's authorization to increase the national quota from 300,000 to 600,000. It will enable Texas officials to bring the old quota up to full strength and take in from 10,000 to 12,000 new men.

**Burk Methodists
Attend Meeting At
Henrietta Thurs.**

The members of the Burkburnett Methodist Missionary Society attended the district women's meeting at Henrietta last Thursday for the business session and inspiration service. The meeting represents the societies of Wichita, Archer and Jack counties, and members from all the district were present. The feature of the program was the report of Mrs. W. H. Johnson visiting delegate. Mrs. W. W. Cook of Wichita was presented a picture on her retirement as secretary of the district.

The new secretary is Mrs. O. A. Basham of Iowa Park. The consecration service was directed by Mrs. Austin F. Leach of Wichita Falls. Those attending from Burk were: Mesdames H. W. Prinzing, R. J. Kelly, Berta Cropper, M. A. Oyler, W. R. Hill, Dutch Wolfe, F. R. Knauth, M. W. Majors, Rigby and Rev. and Mrs. Hagard.

Rotary Club

A report of the Midland convention of the 41st district of the Rotary International by Alvin Hill featured the program of the Rotary club Tuesday noon in the meeting at the First Methodist church. Mr. Hill and Mr. Kemp told of their experiences at the meeting and of the business and social features of the association. The delegates reported that they had been royally entertained by the West Texans, and that the convention had been a success from every viewpoint.

Luke McCrory, newly elected president of the Wichita Falls Rotary club, was a special guest of the club. Other Wichitians present were: John Kilgore, Ted Khron, Russel Morgan and J. W. Culbertson. Geo. Backus of Vernon was present. Francis Felty, past secretary who has been on the leave of absence list for several weeks was visiting as a guest of Oscar Kemp.

Home For Mothers Day

Mr. and Mrs. H. R. Garrett entertained their children at their home on East Glendale street Mothers Day. Those that enjoyed the occasion were Mrs. Ray Mills and children of Crowell, Mr. and Mrs. J. B. Garrett of Archer City, Mr. and Mrs. R. J. Elliott of Holiday, Mrs. Rost Garrett of Archer City, Mr. Harvey Garrett of Crowell, Miss Alma Garrett and Homer, Elmer, and Nela Viola Garrett of Burkburnett.

**Neeley Vaught To
Umpire Pampa Games**

Postmaster Neely Vaught received information this week that he had been chosen as umpire-in-chief of

the annual Pampa baseball tournament, that will be played next August and September officiated at the tournament year and was feted by the social organizations of the city. It is a distinct compliment to have asked him to come next year. In order to be sure he would not be booked, they sent him several months ago scheduled time.

In asking Vaught to officiate, "Your work in years tournament was done by this organization, and all expressed the wish that possible for you to be here next year, that our tournament a success in that department."

GAME LLS FANS

Burkburnett were result of the final football training night as they bunch of recruits experienced and team to the score training at its interrupted grind, but XVII al drudgery that team. The game distinct compliment staff that has had group of raw ma-

terial with little experience.

PASS WINS

The spectacular pass that won the game came in the last six minutes of play when Sims backed up, surrounded by a swarm of would be tacklers, to toss a pass into the arms of Henderson, who was running at top speed. Henderson never slowed his gallop and traversed the remaining 30 yards untouched.

Until that play brought the crowd to its feet, neither team was able to gain an advantage. Both teams had seven first downs and each had two twenty yard penetrations. However, the game was a valuable experience to the youngsters on the Bulldog squad. Coach Volney Hill kept a stream of substitutes going into the game and almost every man on the squad received some service.

Only two players, Baptiste and Rose, were on last years starting line-up. The whole squad performed with an enthusiasm that seemed to justify the interest of the fans. However, there were some glaring omissions in their play. The tendency to fumble in a tight place and a little lack of drive and sureness on tackle showed up periodically.

TEAM IMPROVES

These were weaknesses of immaturity, and can be corrected. The team has made almost unbelievable progress, and next year the coach

will find his hands full ironing out the roughness that appeared in the night game.

Clifton, McKown and Rudd seemed to be almost consistent ground gainers. On one occasion in the first quarter McKown flashed on two successive gains of 20 yards. Rudd, a freshman next year, manned the quarter for a while, and he showed evidence of becoming an excellent signal caller some day. Given a little age and a lot of experience, his generalship may develop into a valuable asset for the team.

Starting line-up:

All-Stars (6)	Bulldogs (0)
McNeill	Johnson
M. Moore	LT Whitten
Bently	LG Teal
Andrews	C Blair
Garland	RG Kent
Henderson	RT Rose
Goodlett	RE Baptiste
Sims	QB McKown
Ragsdale	LH Hall
Wheeler	RH Clifton

Current Literature

J. C. C.

Nearly everyone that we meet sooner or later makes some remark about once having journalistic ambitions. News work is some sort of an incurable disease that very few ever survive. However, whether you ever had such ambitions or not you will enjoy reading Stanley Walker's "City Editor." This book is the most complete and most scholarly written book on the profession that we have ever seen. With surgical exactness the editor carves his way into the subject and holds the results up to the amazed public. If you wish to protect those illusions that you have gained at the movies, we warn you not to read the book. However, if it is a truthful analysis that you wish you will enjoy it.

More people than we suspect have the hobby of reading mystery stories. To this group of the intelligentsia, we recommend very highly "Out Went the Taper." Layed in an English background with castles, ghosts and all kinds of spirits, every line has a horrible thrill. It is on the rental shelf at the Burk library.

Lester's analysis of the Lindbergh case is the most intelligent and unemotional that we have read so far. Walter Winchell suggested that Edgar Lee Masters is living obscure in a small room in New York. We laugh at the men who disregarded Keats, Byron, and such men while they lived, yet we are making life hard for one out of our own genus.

The readers of pulp literature do not realize that they may be helping the budding genius. A recent survey, revealed that over 85 per cent famed literature talent secured its first publication in the pulp. It is hard for a beginner to lower his dignity or discard some of his ideals and submit sacred manuscripts to the trash, but it is the surest way to start and incidentally fairly good pay for starters. Sinclair Lewis, Jack London, Cohen, and many others as good and bad started in the wood.

The old customs were better—Nobody made you take to the ditch because his wagon was heavier than yours.

Hotels can recognize a bachelor. He thinks he isn't getting his money worth if he doesn't leave his room in a mess.

About the only thing the average man won't swallow for a bad cold is sensible advice.

ECONOMY OF FAMOUS AMERICAN CAR WINS FOREIGN MARKETS

"New Dodge saves money every mile it travels"

IN foreign markets, the high cost of petrol (gas) is one of a number of reasons for Dodge increased popularity.

American sales of the New-Value Dodge are humming, too—setting new high records—as thousands of owners spread the news of its amazing economy in gas, oil and upkeep.

Mr. W. E. Flook, of Olathe, Kansas, writes, "My new 1935 Dodge saves me money every mile it travels. It has big-car luxury, comfort, and performance—yet I am getting 20 miles to the gallon of gas. That's economy!"

Who can afford to overlook a car that gets 3 to 5 more miles per gallon than even the smaller, competitive makes? Big, roomy, luxurious—with the safety of all-steel bodies and perfected, dual-cylinder hydraulic brakes—vibrationless power from the Dodge "Red Ram" engine with patented Floating Power engine mountings. Drive a Dodge. See what a remarkable automobile you can have for only a few dollars more than lowest-priced cars. Now... \$645 and up, f. o. b. factory, Detroit. DODGE DIVISION—CHRYSLER MOTORS

Former Burk Pastor Makes A Brilliant School Record

REV. R. GRADY SNUGGS SPEAKS HERE MONDAY

Rev. R. Grady Snuggs, formerly pastor-supply under the late Rev. Bone of the Burkburnett Presbyterian Church, will return here to speak at the local church Monday night, May 20. After a brilliant career of study in Europe Rev. Snuggs will give an illustrated lecture on some of his travels and school work in England and Spain. The minister made many friends in this city when he worked here as a student pastor at the time that he was a student at Trinity University.

After graduation from Wichita Falls Junior College the pastor attended the church school at Waxahachie where he graduated with one of the most brilliant records ever made at the institution. After that he attended the Presbyterian Theological Seminary at Chicago (Old McCormick) and secured his M. A. As a student his aptitude in Greek won him the most prized scholarship offered by the school, and a three year study course in Edinburgh University in Scotland. In Edinburgh, Grady continued his excellent work, winning an additional scholarship in the University of Salamanca, Spain. At the Spanish University, he studied under the professor, famed for his philosophy and theology, that started and contributed more than any other person in Spain to the recent revolution that dethroned King Alfonso.

Rev. Snuggs will receive his doctors degree this summer and has been appointed as the head of the department of Bible at the Westminster Presbyterian college in Salt Lake city. At the same time he will serve as pastor of the 3rd Presbyterian church of that city.

Cooper-McCreary Feature Square Deal Used Cars

In cooperation with all Ford dealers in the Dallas branch territory, Cooper-McCreary Motor Co. has been busily engaged in improving used cars, which will be featured as a part of the "Square Deal" Used Car project of all Authorized Ford Dealers in this territory.

Behind the idea of the "Square Deal" slogan identifying authorized Ford dealers' used car activities is the many years of reputable dealing in both new and used cars. The motor and electrical system of every Square Deal Ford Dealer Used Car will be analyzed by the Ford Laboratory test set, the mechanical stethoscope which is positively uncanny in the elimination of guess work in mechanical diagnosis. Reconditioning will be done which is necessary to place the car in A-1 condition with regard to price asked and the future unused mileage of the car in terms of transportation value.

Extensive advertising in newspaper and other mediums will be used to familiarize the general public with the fact that the Authorized Ford Dealer is the first place to look when seeking a used car, inasmuch as improvements in riding qualities, such as the new spring suspension of the new Ford V-8 cars for 1935, have provided low-price cars with riding ease that is comparable with that formerly available only in large and expensive automobiles. This fact, coupled with the necessity for the average motorist of today to keep closer watch on motoring costs than formerly, has resulted in the trading-in of many

cars of all makes and sizes that are still in good condition. Cooper-McCreary Motor Co. invites everyone to inspect the values offered in unusual used cars and gives assurance of a Square Deal in price, condition, and terms.

We often thought that the best way to keep political orators from talking so much would be to tie their hands behind their backs.

Before you suffer a day longer or take a chance with "dope" or drugs, why not give this lemon juice treatment a chance? See your druggist today!

Your wife will know why we buy from Western Electric

As the world's best purchasing agent, she applies the same rules of thrifty buying used by the Bell System.

A special study based on 3,000 separate items of telephone equipment and supplies indicates this fact: Western Electric, as supply unit of the Bell System, sells to Bell operating companies for a fourth less, on the average, than the lowest price offered by independent supply firms.

This of course does not mean a saving of a fourth on every item bought from Western Electric. Some supplies . . . paper, paints, poles, for example . . . range from 5 to 17 per cent under usual market prices. Others, such as telephones, cables and

switchboards, show similar variations in the amount saved.

But the important point, clearly indicated, is that Western's prices are appreciably lower to us than open market prices.

As one of the 24 associated companies of the Bell System, we buy most of our equipment and much of our supplies from Western because we get bargains there, because we get uniform quality and the assurance of exact performance . . . and because Western Electric parts are so designed that future improvements and developments will fit into and work with equipment already in use.

These factors help us materially in achieving the Bell System policy of good telephone service at fair cost to the user.

NEW 'SCANDALS' OUTSHINE ANY BROADWAY MUSICAL

Red letter this event on your calendar!

The outstanding screen news is that America's master showman, George White, who has sponsored fifteen musical hits on Broadway, has created a richer, more gorgeous edition of his popular screen "Scandals."

"George Whites' 1935 Scandals," setting new standards in scintillating entertainment comes Saturday Mid-night to the Palace Theatre.

The picture holds a strong story that could alone sustain interest with its romantic element drawn from small town Americans lured by the siren calls of Broadway and Hollywood.

Suspense, excitement, and pathos pulse through the plot.

Dr. Dave Morrison, formerly of Burk, was here to visit his brother, Dr. Carl Morrison, Sunday. Dr. Dave is now in Gladewater.

Mrs. W. S. Boyd and son, Billie, and Miss Ruth Bryarly visited the J. S. Riddles in Byers, last Wednesday.

Mrs. E. E. Hughes and infant son were carried from the Russel Clinic to their home at Thrift last Saturday in an Owens and Brumley ambulance.

Mr. and Mrs. John H. Rigby and Mr. and Mrs. Lavern Rigby spent Sunday in Grandview visiting relatives Mother's Day.

Miss Lilly Maud Musick returned from a two weeks vacation in Ranger, where she visited Mr. and Mrs. R. V. Miller.

Mrs. H. R. Brock and Mrs. Will Linskey of Randlett, Okla., were in the Star office while visiting Burkburnett Saturday.

Mr. Jake Williams, formerly Burk oil man was in the city Saturday. Mr. Williams is a teacher in the Wichita Falls schools.

Fred Flanagan, secretary of the school board, represented the local softball league at the inter-city meeting at Olney Sunday.

R. Grady Snuggs was in the Star office Thursday. Rev. Snuggs was formerly a news man in Burkburnett.

Mr. and Mrs. Earl Reader were in Burkburnett Sunday visiting with Mr. and Mrs. Neeley Vaught. They were accompanied by little Rae.

Mr. and Mrs. C. D. Moss of Anson, Texas, were here for mothers day visiting Mrs. Moss's parents, Mr. and Mrs. J. D. Barron.

Ed Riley, one of the pioneer residents of Burkburnett was in Burkburnett this week. Mr. Riley lives at Santa Rosa, New Mexico, and still has property here.

Mr. and Mrs. J. D. Florence and two children, Johnnie Wayne and Kenneth Paul, spent last week-end visiting in the home of Mr. and Mrs. W. S. Bryarly.

Charlie Grace and family moved back to Burkburnett Saturday from their sojourn in Denton. Mr. Grace is salesman for the Barrow-Grace Chevrolet Co. We welcome them back to Burkburnett.

Miss Betty Jane Richardson of Mineral Wells and formerly of Burkburnett was a guest of Miss Grace daughter of Mr. and Mrs. Henry Grace, last week-end.

Francis Felty was in the city on a brief visit Tuesday.

Mr. and Mrs. Floyd Jackson of Walters, Okla., were here Sunday.

Glenn (Pete) Nihart, of Randlett, Okla., has accepted a position as salesman with the Barrow-Grace Chevrolet Co. Mr. Nihart is well known in Burkburnett and its trade territory and his many friends wish him success in his new position.

Lessie Lois Brannon, formerly of Burkburnett, was here over the week-end to spend Mothers Day with her aunt Mrs. McCullough. Miss Brannon is a graduate of the local high school and now lives in Pampa Texas.

Harold White and Mr. Wise of the district office of the Inter-City soft ball league were in the Star office Saturday. Mr. White said that they were scouting for good girl players.

The city manager was on the city utilities program at Vernon. Ross Reagan and Mrs. Reagan, Mr. and Mrs. A. H. Howard and Evelyn Hardeman attended the meeting of the Municipal Utilities League, Monday, May 13.

Miss Letha Faye Minick of this city and her aunt, Mrs. J. R. Johnson of Wichita Falls, have opened the Ideal Dining room at 1016 Scott street, Wichita Falls.

The Clara Lutheran church members are holding their annual church picnic at the Road Camp Park west of town Friday.

Mrs. Pat Crawford of Pampa, who has been visiting with her parents, Mr. and Mrs. Wid Philips here for the last five weeks will return to Pampa Saturday.

Mr. and Mrs. John Young and daughter Lillian of Orando, Okla., visited relatives here and in Wichita Falls Sunday and attended the wedding of their niece Miss Leta Evert Sunday evening.

Mrs. I. D. Russell's shower for Mrs. O. C. Wills was held last Wednesday as a delightful surprise to the honoree.

Mrs. A. L. Gregg of Lawton, Okla., formerly of Burkburnett is a patient at the Burkburnett Clinic.

Sales Right For Electrolux Granted Household Appliance

Sales rights for the 1935 Electrolux gas operated refrigerator in Burkburnett, Texas and vicinity have been granted to the Household Appliance Company, Coyle Francis manager of this city, according to an announcement received here by F. E. Sellman, vice president in charge of distribution of Servel, Inc., from the company's eastern office, 51 East 42nd St., New York City.

Under the terms of its franchise, The Household Appliance Company will merchandise the new 1935 Electrolux which embodies the latest artistic ideas in design along with new improvements that make the 1935 model conform to the highest standards of refrigerator construction from the standpoint of usefulness as well as of attractiveness in appearance.

The 1935 Electrolux cabinets had the approval of hundreds of representative women throughout the country before the design was adopted by Servel engineers and artists.

Extraordinary precautions have been taken to give durability to the glistening white surfaces of Electrolux cabinets through improved enameling processes. Another new feature is the semi-concealed snap-action door latch that can be opened with one finger.

The new models contain all the up-to-date conveniences demanded by housewives who are in the market for the latest type of household refrigerator, such as split shelves, rubber ice tray grids, a trigger ice ice-cube release, an extension top shelf for keeping bottles close to the cooling unit, an extra glass tray for storing ice-cubes, a utility basket for the storage of bottles, an egg and fruit rack, and vegetable freshener.

Other important features of the 1935 Electrolux are the temperature regulator and the automatic defrosting device whereby the housewife can turn the thermostat to "defrosting" and then forget it as the refrigerator will resume operation automatically after defrosting has taken place.

Electrolux continues to maintain a dominant position in the modern household refrigeration field because of its silence, its economy of operation, its long life and comparative freedom from repair due to the fact that it has no moving parts. The refrigeration is caused by a tiny flame.

Historical Exhibit Fairview School

The History department of Fairview High School has had the pleasure and privilege of having another Historical Exhibit on display this week. The last exhibit was on the World War. This exhibit proved to be the greatest aid in teaching the students just how trying and severe the recent war was to our men and to our country.

This was the third exhibit that has been furnished Fairview School this year through the courtesy of The Texas Museum, North Texas State Teachers College, Denton, Texas, of which Dr. J. L. Kingsbury is curator. The first exhibit was in Colonial Days; second, The Civil War; and the third being the World War which was used very successfully by the entire department.

"The students seem to think more about the material presented due to the fact, some of the students were small children at the time Armistice was signed and feel as if they were part of it, more than any other period in history. Too, some of the students and fathers, brothers, and uncles who were soldiers at that time. When the exhibit was placed before the classes, they raved throughout with the very keenest interest. Important questions were asked that had been slighted heretofore. "Seeing, handling, and studying this World's War collections has helped my classes very much," says Mr. Brand of the history department.

SQUARE DEAL USED CARS COOPER-M'CREARY MOTOR S. A. M. COOPER, Manager

NOVEL THEME FEATURES "ONE MORE SPRING"

A woman's eager pursuit of the glamor of romance is said to be the theme of the latest Janet Gaynor and Warner Baxter co-starring vehicle, "One More Spring," scheduled to come to the Palace Theatre for a two day engagement next Sunday and Monday as the feature attraction.

The locale is a large city park during the rigors of winter and the promise of spring.

Into this setting drift, separately a number of strange types, each original, each reduced by circumstances to near destination. They include a girl out of work, a ruined auctioneer, a starving violinist, a suicide-courting banker, a white-wing worker, a cop, and a lion tamer.

SKELLY CLUB

The Skelly Recreation Club met last Wednesday at the home of Mr. and Mrs. O. J. Eusey. The group of guests played forty-two for the evening, and refreshments were served to 18 persons. The high prize was won by Mrs. Fewin and Mrs. Bazell received second for women. The high prize for men were won by Ivan Fields and R. D. Barnes. The floating prize was awarded to John Self. Those present were: Messrs. and Mesdames R. D. Barnes, A. H. Bazell, M. O. Harrison, Edward Stevenson, Fred Fewin, Ivon Fields, John Self, and the host and hostess.
