In each of the homes munity there are several e no longer in use, but e used to an advantage rary. The institution is day, and will be glad ectors after any book

### Football Call

All the boys that are interested in playing football this year have been asked to meet coach Hill at the high school Sunday afternoon at 4 o'clock. This includes all the boys who were out for spring training and all who will come out this year. The coach is expecting a large group to respond to the first call of the year, and the boys are urged to enroll as soon as possible with the squad in order that the plans for the training season may be facilitated.

### Burk Motors Take First Half Game In Smashing Win

Smooth Machine of League Leader Crushes Barrow-Grace Under Barrage

#### FLANAGAN GIVE 2 HITS

Combining a masterful pitching and a mighty barrage of hits against the defense of the Barrow-Grace team that faltered, the league leading Burkburnett Motors team won the championship of the first half with ease Wednesday night by the overwhelming score of 22 to 4. The lonesome two hits made by the Barrow-Grace company were a triple and a double gathered in by Herman Brown, star left field of the runners-up.

When the game started the pressure was intense and the Burk Motors defense faltered for a few minutes to allow the Knee Actions a two run lead, but in their half they came by to score three times and take the lead. After that the powerful team was never headed.

The Burk Motors proved that they were the "money team" of the league. Playing under the pressure they kept cool and played heads-up ball, while the Barrow-Grace defense was shattered and at times completely routed. They scored at least two or more runs in every inning to beat the Barrow-Grace. This victory came mighty close to assuring the Burk Motors the championship. They have a strangle hold on the last half of the league play.

#### Standing for the First Half

Burk Motors	17	14	3	828
Barrow-Grace	17	13	4	764
Burk Motors	326	335	x 34	10 22 3
Barrow Grace	211	000	0 27	4 2 9

### Rev. Kreager Resigns From Local Pastorate

Rev. Willis Kreager, pastor of the Church of Christ of Burkburnett recently announced his resignation from the local church after a service of nine years in this city. During his pastorate he, the pastor has seen a small organization grow into one of the most powerful religious organizations of the city. The pastor himself has made a name in this community as a interested and powerful worker in the city.

On his arrival at this city there was a small church meeting in an old house in the town, and at the present the church has a membership that has increased many times over the original membership and property that has valuation of more than \$30,000.00 that is debt free. The resignation will take effect in October and the destination of the pastor has not been announced.

### There Was Lots To Eat—Even Biscuits

Four favorite and frivolous sons of Burk visited the cook house of the Jess Ashton threshing gang for a square meal this week when E. Jeffers, Guy Willis, Frank Clements and Mr. Jack Cheatham raided the kitchen of the farm. A glorious time was had by all—except the threshing gang—that noticed an apparent shortage in the blackberry pie and peach cobbler after the visit of the prominent citizens. The rumor said Guy fell for the cooks, and E. Jeffers was positively quoted as saying he discovered some biscuits—and that his wife told him five years ago that biscuits were no longer made. Jeffers has been eating light bread—very sadly since that time.

### Old Time Revival In Progress Here Assembly Of God

With the rare combination of a printer-preacher, and still rarer combination of a successful woman evangelist, the Assembly of God, has started an interesting revival of Old Time Religion at their edifice with Sister Irene Manney of Amarillo preaching. Mrs. Manney is pastor at the church at Groom and her husband pastor at Herford, Texas, and both are engaged in the printing business in Amarillo, Texas where they have been for 15 years. The music under the direction of Eithel Browning presents a special program each evening. The services have interested the young people of the community, and the hour is 8:00. The church is located on Preston Ave. The pastor, Rev. H. M. Savage is acting as host for the meeting.

### Kieslings Open A Store On Main St.

W. C. and H. A. Kiesling will open a new hardwa raend furniture store in Burkburnett two doors west of the Farmers State Bank in the near future, according to announcements from these two business men. The place was formerly occupied by a confectionery, and has been completely remodeled for the new business enterprise. The Kieslings have been in business in Burkburnett for eight years and lived here since 1917. They have operated the Burk Tin and Tank shop on Ave. B during this time. Having always been progressive and cooperative business men, they promise to serve the city with an efficient and up-to-date business methods. The Tin and Tank shop will continue to operate in the present location for the time being.

### Vocational Program Presented By Local Rotary Club Memb'r

Pictures With Sound Effect Portray Vocational Service For Luncheon

Under the direction of Paul Browning the Rotary club presented a program of vocational service at the noon luncheon Tuesday at the First Methodist church. Mr. Browning is the chairman of the vocational service committee of the organization, and using the sound and picture apparatus of the Hamilton Motor Company of Wichita Falls, his committee produced an analysis of the automobile industry.

The apparatus was run by Mr. Weaver and Mrs. Ayers of the Wichita company, and it served to point out the service rendered by the industry in vocational training. The classification aspect of the program made an interesting review of the professional material. There were thirteen visitors from Wichita Falls to hear the program. They included: Joe Farabee, Harley Gould, Roy Hanks, Rev. Claude Beasley, Luther Hoffman, Herb Fillers, J. M. Isbell, Scotty Scott, Grady England and Ed Featherstone, guest of Grady England.

Lots of people who insist the world owes them a living also insist upon collecting it in their own sweet way.

### Trades Day Event To Be At Main St. And Ave. C Corner

Main Event Will Be At The Hour 4:30 Saturday Afternoon In Burk

All the patriotic and cooperative business house of the city of Burk have been issuing invitations to the people of the trade territory this week to attend the big celebration next Saturday on Trades Day. The meeting will be staged at the corner of Ave. C. and Main street near the Corner Drug store and nearby businesses. The growing popularity of the affair is drawing a mass of people to town each Saturday afternoon, and the merchants have become enthusiastic of the plans to continue the celebration.

There will be a special entertainment feature that ought to interest the whole crowd. There is expected to be crowded streets as has been evident the last few meetings of the organized merchants and citizens of the city. The usual band and musical feature will start the celebration. The time is 4:30 at Ave. C and Main street.

### Foundations Are Poured At Plant

The Municipal Light Plant progressed rapidly this week as the concrete foundations for all the building with the exception of the main engine bases were finished. The base for the building proper, the pump pits and similar parts were set Friday, and the workers released until the cement had set. A car load of brick arrived this week and has been unloaded by the workers for the walls and remainder of the building. With the foundations in the building will proceed rapidly and the service be available in the near future for the citizens of Burkburnett.

The building and landscaping is part of a federal project that was allowed by the government to increase the labor here in Burkburnett. This labor is being used to aid in the plant construction and similar work.

### Anti-Repeal Meet Held In Burk Wed.

With Dr. Spraggin, Methodist presiding elder speaking the anti-repeal forces met at the corner of Main and Ave. C in an attempt to create sentiment of vote against the repeal amendment that will be voted on in Texas August 24. Dr. Spraggin with characteristic Irish wit and brilliant speaking made an appeal to the Burkburnett folk to combine forces with the rest of the state and defeat the proposed amendment.

Elizabeth McGee of Wichita Falls also spoke. Her plea was that as a young citizen, she was unable to vote, but the young people asked the voters to set an example by smashing the repeal ballot. Rev. L. G. Hagard presided at the meeting and Rev. Miles B. Hays offered the opening prayer.

### Chamber Commerce Of Dallas Asks For Information Of Burk

Writers from all over the United States are asking for information about Texas, and one of the questions that is most asked is about Burkburnett. There never has been a single city in the United States that has received the amount of publicity good, bad, and indifferent as has Burk during the boom days. For that reason the city has played an important part in the making of the traditions in Texas.

Therefore the local organization is asking that any person possessing information that might be of interest to the writers of Texas history and tradition to get in touch with the office. Any interesting story or tradition about the town or territory will be welcomed and aid the state in celebrating its birthday. Pictures are especially welcome.

"Here comes the bride." Yes and tagging not far behind are a long procession of bills which the old man will have to foot.

### Mother Instinct

It is impossible to tell just to what ends the mother instincts in nature will go. There are often stories of how strong this power is, but last week two Burk children had a concrete example of the instinct. Naomi and Hudson, daughter and son of Mrs. Hudson Meadors, found two small rabbits in the yard of their home. The rabbits were so young that their eyes were still closed. They took the bunnies to a mother cat. The cat has adopted the strange children and cares for them as protectively as she would her own kittens. And that's a real believe it or not.

### Burglars Raid Safe Burkburnett Motors Company Sun Nite

Cash Box Looted of \$100.00 Over Last Week-end By Thugs

#### ENTERED BY WINDOW

Burglars entered the Browning Motor Company last Sunday night and pilfered the safe of the company of about \$100.00 cash. According to the investigation made by Bill Stapp who called O. A. Roberson and Ben Howell for assistance from the Sheriff's department, the burglars entered the back of the shop of the concern via a window that had been protected by an iron sheet.

After prizing the iron away, the pilferers entered the business part of the building and worked the combination of the safe. The cash estimated to have been missed was about the above mentioned sum. So far the police have not released any information relative to their investigation in the matter.

It is evident that the workman was skillful to be able to open the safe of the concern and leave no marks of damage on the property, and had secured the safe combination ahead of time. The investigations revealed no especial finger printing that would identify the person or persons that broke into the shop.

### Fairview Takes KMA In A 12 Inning Game

The Fairview Look-Outs took the KMA Blues for a 12 inning thriller at Fairview Sunday afternoon, and a crowd of 500 fanatics cheered at the well played game, with the score 5 to 4. From the very start of the affair there was a thrill in each inning, and the Fairview team finally pushed over the winning counter in the 12 frame. The winning pitcher for Fairview was James Zink. The game was one of a series of very interesting ones that the Fairview team has been playing during the last month. They have managed to win most of the games, even with the stronger teams in the circuit of the league.

### Softball Schedule

(Final Schedule)

- August 5—Magnolia vs. Tucker Burk Motors vs. Skelly
- August 6—Thaxton vs. Texas Barrow Grace vs. Bell
- August 8—Tucker vs. Burk Motors Skelly vs. Barrow Grace.
- August 9—Bell vs. Thaxton Texas vs. Magnolia
- August 12—Magnolia vs. Burk Motors Barrow-Grace vs. Thaxton
- August 13—Tucker vs. Skelly. Bell vs. Texas
- August 15—Burk Motors vs. Barrow-Grace Thaxton vs. Magnolia.
- August 16—Texas vs. Tucker Skelly vs. Bell
- August 19—Magnolia vs. Skelly Thaxton vs. Tucker
- August 20—Burk Motors vs. Bell Barrow-Grace vs. Texas
- August 22—Tucker vs. Barrow-Grace Texas vs. Burk Motors.
- August 23—Bell vs. Magnolia Skelly vs. Thaxton.

### Interesting Program Will Be Presented By The Burk Chamber Of Commerce

After the close of the revival season, the Chamber of Commerce will present the series of community nights as originally planned at the beginning of the summer. The first of the series will be held Friday night at 8 o'clock at the rodeo stadium, and a program that will be as interesting as any presented this year will be given by the organization at that time. The program will include a series of clever songs and dance numbers and a wide variety of readings given by local talent and borrowed for the occasion.

The Cowboy Band will open the evenings entertainment with a series of band numbers. The numbers presented by this organization will include some of the specials that are being worked up for the fall fair.

The band and the fire department are planning to take a large part of the programs that are to be presented to the trade territory for the advertisement of the band and fire department festival. These programs will be presented by E. L. Nichols, band master. Community night has become an established institution in Burk, and for the past few years it has been presented regularly through out the summer season. The present series was postponed during the meetings held at the local churches.

### Burk Does Large Volume Business

Burkburnett did a surprisingly large volume of business during the month of July according to the check made by the Burkburnett Star. The Star has a method of checking the cash purchases during any given period, and for the past month they have an accurate check on at least a volume of \$35,000.00 of cash business transacted in the major business houses that was registered in amounts that were more than 50c each purchase.

Of course this amount is only a small portion of the actual business transacted for half a dollar or more. The safest estimate is that the actual cash purchases and the credit purchases combined will run close to more than five hundred thousand dollars for that period.

The concrete proof that the Star has in its possession represents only a small portion of the entire trade. The banks of the city pass in checks on an average of about 100,000 dollars per week, and these clearances involve the money that passes thru this territory in trade, rentals, salaries, cash vouchers, utility bills, and all other retail and wholesale expenses that involve the life of the people of this community. In addition to these estimates a large number of purchases have been made that average less than the minimum that checks for less than 50c per purchase.

This large series of transaction is unaccountable except for three factors. The government has emptied a large return of cotton and similar checks in the community. The price of wheat has been soaring, and the expenditures from federal and other relief sources have put into the market here a large amount of circulating cash.

The special trades days have also placed a large amount of cash in circulation that would not have entered the local markets. The system used by the local markets and stores has created a large demand for local markets and brought into the trade territory a large number of people each Saturday and during the entire week.

This has been in spite of much talk on part of the pessimist and now the city expects a continuous increase in the local markets through the fall and winter crops. There will be several projected construction and drilling projects that will also be under way. One of the drilling prospects is located across the river and will, if successful open up a new field for the Burk area.

### New Employee At Cannon Drug Store

J. T. Deckard, former resident of Burkburnett and recently returned here from Longview, has accepted a position with the Cannon Drug store. Mr. Deckard is a resident of Burkburnett, living at 630 East Main street and he invites all of his friends and former associates to see him at the store.

BURKBURNETT STAR, AUGUST 1, 1935

**A LESSON WE SKIPPED**

It seems that the whole scheme of nature has been to teach the individual its lessons by inflicting pain and suffering when that individual violates a natural rule. For instance when we place our hands on a hot stove, we are burned. The severe burn teaches us not to be so silly the next time we are near a stove. That is elemental and everyone thinks it is insane to point out that apparent truth. We say no man would be so crazy to place his hand deliberately on a hot stove the second time.

We are not so sure about that. It seems that 21 years ago last Sunday, the entire world placed its collective hands on a hot stove. That was the date that the World War was declared. Many things have happened since that important date, but no one will deny that the depression and most of the rest of our economic suffering has been the direct result of the extended spree of ours.

While intelligent men realize the terrific toll in pain, suffering, and heart aches that war always brings, we stand face to face with a situation today that might result in even a more serious conflict than the last maddened turmoil.

We personally don't believe it will be possible to achieve universal peace. But we are facing a mighty dangerous situation now that ought to be thought out carefully. This is how it stands.

Japan, China and parts of India, are ready to get revenge. The white race hasn't been very white in its treatment of the yellow men. Italy is stirring up the negro race. That may start a holy war. All Mohamedans would join—including Turks, Moroccans, and Sikhis. Russia is making faces at Japan. England pointing a finger of shame at Italy. France desperately watching Germany. The little Entente watching Hungary. Germany wanting revenge. Poland protecting her slim hold on the corridor.

United States is fortifying the Pacific. Japan is establishing 12 submarine bases on the Aleutian Islands. Now all that mixed up is going to blow off the top one of these days, and the world will find itself burned by the same old stove that caused it so much pain those 21 years ago. It seems that we skipped a lesson some where.

**KEEP THE BALL ROLLING**

Several weeks ago this editorial department wrote about the opportunity for a community house. It will be several months before we can achieve that project, but we do believe that the idea ought to be kept before the public. A lot of work will have to be done after the light plant moves out of the building. The work is going to cost money—hard cash.

Before we allow the time to pass, we believe that each club that expects to use the place ought to start raising money now for the project. A platform, some flooring and other remodeling will have to be done. The tendency in the average club that we have heard talk about, is to wait until the plant is empty before we start to work.

A much better plan would be to have a large part of the funds in hand and ready the day we will be allowed to move in. Some of the clubs can stage parties, contests, and sales, to start a fund for their part, and by the time the day arrives be ready to bear their portion of the burden.

**THE SOCIAL SECURITY BILL**

After the political fuss has all died down, probably the greatest and most beneficial achievement of the present administration will be the Social Security Bill. United States is the only major nation that doesn't have a similar bill. Germany, England, Denmark, Italy, France and most other nations are ahead of us by a quarter of a century.

The actual bill is not extravagant like the lunatic proposals of Long and Townsend. It is designed for joint operation between the state and nation. The state and federal governments will match appropriations up to \$15.00. On this basis up to \$30.00 a month will be paid to individuals by state and federal government.

At the present time about one million men and women over 65 are eligible. 700,000 of this group received emergency aid last year. Half are dependent on some one else. Obviously the best way for providing for these is the old age pension.

Unemployment insurance is provided. Even in best time about a million and a half people must be idle. Changes in industrial technique and varying market demands keep this number idle. The plans do not create a federal insurance. Rather by taxation and gifts it seeks to induce the states to establish unemployment insurance.

The federal will levy 1% tax on pay rolls in 1936; 2% during 1937 and 3% in 1938 and thereafter. If the state has a tax, up to 90% of this tax is exempt. Employees eligible will be taxed from 1 to 3%. This general outline is like the ministerial and teacher plan, and will be a real step forward.

**A SENSIBLE DECISION**

While we were sitting in on the committee meeting of the Harvest Festival, and one of the motions adopted was that there would be no professional carnival brought in for the celebration. In our way of thinking, it has always seemed that such organizations ruined the average fair that we have attended. They are so completely unfair and crooked, that they leave a bad taste in the mouth of any person. Aside from that we ought to make sure that we support our own professional entertainment places. The entertainments featured are a permanent part of the community, and are responsible for helping here. These fly-by-night affairs take more money out of town than any thing else.

**Current Literature**

M. R. Werner has struck a chord of reality in his treatment of the life of America's greatest ballyhoo specialist, P. T. Barnum, in his book entitled Barnum. There have lived very few men of the keenness and shrewdness of the famous circus promoter. He knew more about what the public wanted to be fooled about and what the public wanted than any man that ever lived. His only rival is the late Texas Richard who promoted Jack Dempsey.

The treatment of the relation between Barnum and Jenny Lind "The Swedish Nightingale" is about the best of the whole book. How Barnum made a public that was unwilling swallow some real artistic music is a marvel. The publicity campaign is one that is used as a model by press agents even today. Though Barnum's campaign was not intended to be philanthropic, he advanced the progress of music in U. S. many years by his sponsoring of Jenny Lind. And to think it all started over a bet by a disbelieving friend of Barnum's.

If you are discouraged, read "Adventures in Solitude" by David Grayson. He tells the story of "A man who is going to die." It is worth the time of any person, whether you appreciate the lack of significant style or not.

Whether or not you are a stamp collector, it is an interesting hobby. There is an article in Scribners last June that gives the best analysis of the hobby of any in contemporary magazines. For both the technical experts and the amateur or even the disinterested persons the article is exceedingly interesting.

The public library recently acquired a book that every person interested in crime and punishment ought to read. It is "Systematic Crime Reporting." The book has been issued in order to assist the police of the nation will unify their type of report. However, to the layman there is a lot of things that will be very interesting. There are so many things that the average citizens could do to make law enforcement more effective, but either ignorance or indifference prevents the assistance from being effective.

Read February Hill and Time Out of Mind, and Friends and Fiddlers. And at the same time read some Texas poetry. We will be interested in being able to brag about our literature, when our visitors from other states come to see us. There is so much of Texas poetry and literature that is worth reading, that no one has any excuse for not being able to quote a little of it in defense of the literary achievement of his state.

**C. of C. Secretary Returns to Burk**

Herman Brown, secretary of the Chamber of Commerce returned to the local office after a weeks study at the Chamber of Commerce school conducted by the Dallas Chamber of Commerce at Dallas during the past week. Mr. Brown was elected to represent the local organization at the school. The institution that has become established, portion of the Southwest organizational program included five luncheons, demonstrating model types of social and business feature of the organization, classes every morning, and a grand finale banquet on the final night of the meeting. The local representative heard many speakers of national and regional importance.

**News of Week**

Every body is so concerned with the trouble in Ethiopia, that very few are concerned with what is happening in Mexico. There is one of the most interesting stories of the whole race back of the recent political changes that have taken place in that republic. If we trace the history of the nation we find that it is covered with tragedies and blood.

For the first time in four or five centuries, the people that make up the majority of the population are in control. Every since the conquistadors crushed the Indians of that nation, the peons who were once the leaders of the proudest race in the world, have been literal slaves. Making up about 68 per cent of the total population of the race, these people have been poorer than possible to imagine. While they have outwardly accepted the customs of the white race, deeply imbedded in their hearts have been the ideals and religion of the pagan days—and these are beautiful things. Now that they are in control, they are abandoning some of the things, such as gambling, etc., that the white man forced on them.

**Brilliant Race**  
These Indians are one of the most brilliant races in the world. Slavery has made them abject beings. But they develop the only perfect accounting system, and the best astronomical system several hundred years ago. All of this was lost in the white man's greed for gold.

**About Ethiopians**  
People will get tired of reading about the Italian-Ethiopian trouble. There is one thing we think that the public ought to disregard. Every day the Italian press is emphasizing some terrible atrocity committed by the Abyssinians. They are trying to enlist the sympathy of the rest of the world. But they will find that the sporting blood of the world will make the majority of people wish that the little nation whips the socks off of the proud arrogant Romans. People just naturally pull for the underdog in a game or in a war.

The newest development is England's sending a transport of troops to protect her nationals there. That is liable to bring the two big nations into a scrap. England has been sending ammunition and supplies to the country for a long time.

**New Argentine Law**  
So far as the newspapers are concerned, Argentina has passed the prize law. The constitution of that country guarantees the press the right to say what it wishes. In order to control the press, the country

requires each newspaper man to put up a \$5,000.00 bond for good behavior. Then if that man writes anything the government doesn't like they can claim he misbehaved on some trivial account, like getting drunk or getting in a street fight, and take the bond away from him. Nobody will give him further bond, so he can't write. Pretty clever.

**Insulted**  
Germany maintains that she has been insulted. That reminds of the story that one of the gangsters created during the bootleg days. He shot a man who said he had halitosis. That was an insult for a man that was a criminal in every type of law violation. Germany has violated about every code of decency since the start of the Nazi regime. Now they are getting insulted because they are taking a little of their own medicine. The communists in New York insulted them by booing at their flag and ship. The mayor of New York insulted them by not allowing one of their men a license in New York. Tut, tut, that's just too bad. The 4,000 people they have killed for daring to believe differently from the Nazi orders are not supposed to be insulted.

**The Bank Bill**  
There has been agitation for several years for a centrally controlled banking system in the United States similar to that one in England and Canada. The main argument for this law was that there were little or no failure of banks in those two countries during the depression. Therefore the system must be good, according to the sponsors of the recent bill. The bill has passed both

### Thaxton Hostess Party Here

The most charming social summer was at the home of Mrs. R. P. Thaxton, when Mrs. Thaxton, four nieces, Misses Virginia Barnwell of Majorie Culbertson and Denise Thaxton of a large group of young Thaxton home, and in diverse forms other features. The guests were served to the Misses Marion Boden, Ruth Willis, Jean Stanford of Mineral Marjetta Owens, Har- Reba Chambers, Barnes, Christine Fillik- Pauline Brown- Vaught, Majorie Cul- Virginia Barnwell, Kath- Denise Thaxton, and of Oklahoma City, and Henderson, Tex Allen, Eugene Roberson, Jack Al Ragsdale, Cortez Trask, Tommie Harms, and Dan Hofacket.

### Thaxton Hostess Wed. Fun Club

and their guests fully entertained by Thaxton at her home at Street Wednesday a session of bridge and features. After the in- hour the club was refreshments, and the afternoon was pre- Wayne Goodlett. The club were Misses Mil- Goodwin and Mrs.

### Local Farmers Are Puzzled By Cotton Decision Of Court

Ginners Say That Demands Of Government Are Unjust And Expense High Here

#### TAGS TIED UP IN STATE

A story, issued from Washington Monday stated that three fourths of the tags for the cotton in Texas would be held up until the decision of the Federal court of Appeals will be given on September 11. The case will reach the Supreme Court on that date and the final issue will be settled.

The local ginners state that the expense of handling the cost of collection of the tax makes the handling prohibitive, and that the threat of tying up the cotton tags is just a huge bluff. The ginners stated further that they did not believe that it was possible for the farmers to lose any money that they had contracted for with the United States government in the plow-up campaign.

The entire expense to the ginners last year for the administration of the processing tax was about \$3,000,000.00 and after the crop was entered, the ginners asked for an expense allowance of 50c per bale. This allowance was denied.

#### Enter Suit

After the denial of the government of the expense allowed the ginners entered suit for the demand that the ginners be released from the obligation of handling the clerical work and expense involved in the tagging process. The local ginners had an additional expense of about \$1,000.00 for the bonding and clerical bookkeeping in the matter.

The decision was given federal judge Randolph Bryant, granted the

injunction of the Texas Cotton Ginners Association. They asked that some other method be devised for the collection of the process tax for the national government.

If the government does carry out its threat to hold up the tags, then about 75 per cent of the cotton in Texas will have to be held in abeyance and not shipped. The opinion of most of the ginners is that the ginners continue to ship the cotton and go ahead just like they did before the laws was passed and the decision was given.

#### Test of Constitution

If the supreme court throws out the case and demands that the Bankhead bill is unconstitutional then there will be a mess in the state, and the farmer can grow all the cotton they desire. Should this happen it is highly probable that there will be a constitutional amendment submitted to give the central government power to carry out the program.

The local ginners point out the fact that 88 of the cotton producing counties of the state have received their full quota of cotton tags, and if the government intended to withhold the tags that they would not have issued these commitments.

The local ginners also point out that the local crop will not be tied up. In the first place if the tags are not issued then interims will be handed over to the ginners. Second there will be a decision handed down by the court by the time that the ginners are operating in the section of the state.

In either case, if the decision of the circuit court is sustained, then the ginners will be forced to hold to the program as it has been outlined. If the decision denies the government plea, then the whole processing program will be dismissed in time for the local crop to start moving.

While all this argument proceeds the farmer of the section is unable to decide what is happening. In simple terms, it merely means that no matter what happens, the farm-

### Junior G. A.'s To Meet Monday

All the Junior G. A.'s have been advised to be present at a special meeting of the society at the First Baptist church Monday afternoon at 5 o'clock. The purpose of the special meeting is to rehearse the playlet that will be given during the Focus week of the organization. The members are urged to be present.

er will be little affected. This is a contract between the ginners and the government, and the farmer will have little change in his program regardless of the decision.

### Star's Great Desire Job As Reporter

George O'Brien's fondest wish is to become a newspaper reporter!

When "The Cowboy Millionaire," coming Friday to the Palace Theatre was filmed, an interviewer asked him what his ambition was. The star said: "To be just what you are—a newspaper reporter!"

O'Brien has a desire to work on a newspaper because of stories on reporters and their work he gleaned from his father, ex-Police Chief of

San Francisco, who covered every important civil and criminal case for the twenty years he was on the force. It is a known fact that George O'Brien used to accompany his father on some of the most dangerous assignments.

In "The Cowboy Millionaire," O'Brien portrays a cowboy who experiences heartbreak and struggle, both in Arizona and in London, in attempt to retrieve a lost love and a lost fortune.

There's no danger in American noses growing larger as long as there are as many of them to the grindstone as at present.

# HERE'S THE EVIDENCE

Goodyear's high reputation for quality doesn't mean Goodyear Tires cost more money—it means you get more value at as low or lower prices!

Detective Faurot's famous investigation proved Goodyear's sensational "G-3" All-Weather delivers lowest-cost-per-mile service. And we can back that up with actual footprint records of "G-3's" driven right here in town: evidence of better than

43% LONGER NON-SKID MILEAGE AT NO EXTRA COST — ON THE SAME ROADS YOU DRIVE

### FOOTPRINTS THAT PROVE EXTRA MILEAGE

—These tread footprints made by "G-3" tires—after the long mileages shown—prove there's still lots of non-skid left in these treads for thousands more miles of safety.

## Dollar Wheat In Sight For Farmer

Wheat took another unaccountable rise this week and placed the local markets in striking distance of the dollar a bushel, when the top market price reached 92c. This is the highest price that this year's crop has experienced, and represents a 22c higher price than was paid over a period of four weeks.

During the last few days of June the wheat spurted to 74c and then dropped back to 70c a few days later. After that drop there has been a continuous gain for the heavy grain. There were three successive days during the month of July that the wheat market actually jumped the limit set by the national board for future trading.

These jumps were due to successive reports from the midwest that predicted the wheat crop of that section was practically ruined by excessive moisture.

Fortunately most of the local farmers have held their wheat where there was a great amount raised. Several of the larger farms have been able to realize a neat profit from holding for the top price that has been secured for the local wheat.

## Harvest Committee Asks Cooperation

There are many things that the Harvest Committee will need to know during the next few weeks, and they are requesting the people of Burkburnett and area to cooperate in suggestion whereby the celebration may be improved. The group will need advertising and historical information, and the only way that it can be secured is through the voluntary cooperation of the citizens.

Information will be needed relative to the dates of various events, special pictures, and contests that are to be held. If any person knows of a specially good specimen of agriculture or live stock that can be exhibited, but which has not been entered, they can get in touch with the Chamber of Commerce and list such information. Stores and other companies are asked to be on the look-out for exhibition that the customers may have.

The only pleasure some folks seem to get is denying themselves happiness.

A typical American is one who thinks doing good means running other peoples business's.

## Harvest Festival—

(Continued from page 1)

end of an elaborate pageant that will portray the history of Burkburnett.

## Burk Team Asked To Wichita Falls Ball Tournaments

The Junior Chamber of Commerce of Wichita Falls, Texas, will sponsor the Third Annual Southwestern Softball Championship Tournament to be held at Wichita Falls, Texas, September 7 to 14, 1935 with the following rules and regulations to govern the tournament play.

\$500.00 (five hundred dollars) in cash prizes will be distributed in the following manner among the Eight winning teams.

First place winner, \$150.00.

Runner-up \$100.00.

2 Semi-finalists (losers) \$75.00.

4 Quarter-finalists (losers) \$25.00.

Any team winning their first two games will participate in the prize money if not more than thirty-two teams enter the tournament. Loss of one game will eliminate any team from further tournament play.

Eligibility. Any softball team from any portion of the United States shall be eligible to enter the tournament upon payment of the entry fee of fifteen dollars (\$15.00).

No player shall be allowed to compete on more than one team. A list of players of each team must be handed to the tournament director before play starts.

The official ball for tournament play shall be the official (12") in-seam ball. Base lines shall be 60 feet and pitching distance shall be 40 feet. Rules governing the tournament may be found in the official rules as published by the joint rules committee of the National Softball Association and the Amateur Softball Association.

The examination of the ages of the team members last spring also revealed that the local team would be one of the youngest that will wear the same colors. The average age of the team was only slightly more than 15 years. Not a single member of the team has a full year's experience at the game on the high school squad. However, there are several members that were able to get into the game last year. The only members of the starting line up are Rose and Baptiste. These two veterans with McKown, Clifton, Majors, Finch, Cook, Whitten, Blain, Kent, Hall are among the new squad members.

## Football Camp Will Give Local Team A Start For The Year

The plans for the football camp that will be held by the local football squad are advancing, and the date set for August 19 will see the local team on its first preliminaries for the new season. The football field that has been in use for the past three months by the softball team will have to be worked over for the pig skin season. The local softball league erected the steel posts in order to secure the use of the field for the summer season of playing.

About 20 boys are expected to respond to the call of coach Hill in the original work outs. There have been no training during the summer months, but the boys are expected to be appreciably heavier than at the end of spring training last year. The team will be the lightest that ever wore the Bulldog colors.

The examination of the ages of the team members last spring also revealed that the local team would be one of the youngest that will wear the same colors. The average age of the team was only slightly more than 15 years. Not a single member of the team has a full year's experience at the game on the high school squad. However, there are several members that were able to get into the game last year. The only members of the starting line up are Rose and Baptiste. These two veterans with McKown, Clifton, Majors, Finch, Cook, Whitten, Blain, Kent, Hall are among the new squad members.

## Leo E. Castles Claimed By

Leo E. Castles, 26, of 22 S. died in a Wichita Falls at 5 o'clock Friday afternoon after an operation for stomach ailment.

Funeral services were held at 2 o'clock Sunday afternoon at Bell Street Baptist church.

Rev. Noel Snow, pastor of The Owens and Brumley home of Burkburnett directed the services in Riverside.

Mr. Castles was reared in this city and attended the Wichita Falls public schools. He was employed by the Ball Brothers Glass company and became ill.

The poor have one enemy. They don't have to worry of body kidnapping their children.

## FIREMEN HAVE A DRILL MEETING

The volunteer fire department had the regular drill meeting and routine business meeting at the city hall Friday night. J. J. Blackstone, fire marshal, who has been attending the meeting at College Station, gave the members some of the pointers at the first aid and fire fighting drill. The meeting according to Blackstone was one of the most successful that has ever been held at College Station. There were 207 towns and cities represented, and approximately 500 firemen present before the meeting closed. The drills, speeches, banquets and various other types of meetings were well attended and interesting to the firemen all over the state.

## Fire Damages The Oil Truck Sunday

Fire originating from spontaneous combustion of from the exhaust heat damaged the munny oil truck that is used to haul the fuel in the electric plant. The fire started in the afternoon, and when it was noticed the flames were running several feet high. The fire department, under J. J. Blackstone used the reserve pressure tank of the apparatus to control the blaze. The smoke led the crowd to think that severe damage had been done, but examination revealed that the upholstery and tire of the truck were destroyed, and the cause was apparently from heat of the exhaust system.

## Flood Losses Will Cause No Reduction Of Benefit Payments

College Station, July 29.—Loss through floods will cause no reduction in benefit payments to Texas signers of crop adjustment contracts, the Agricultural Adjustment Administration recently pointed out.

"In the case of cotton, contract signers will receive not only the usual rental payments and partity payments, but also their allotted quantity of Bankhead Act tax exemption certificates," A. L. Smith chairman of the State Cotton Allotment and Review Board, stated last week.

He also said that non-signers will get their quota of tax exemption certificates. Thus the adjustment programs of the AAA have crop insurance features which operate to some extent for any crop damage, whether from flood, drought, or other natural causes.

"The regulations also provide that producers may sell tax exemption certificates, in case they do not grow their full allotment of cotton covered by the certificates, through the Assistant in Cotton Adjustment or a national pool," Smith said.

Why is it that just because they haven't acquired the white man's pants, vices and diseases we call them heathens?

The people who deserve help are those who would not need it if they had a chance to help themselves.

## Four Through Bus Runs To Oklahoma

With four new yellow coaches of the most modern comfort, the Oklahoma Transportation company will start a service of four through bus schedules to Oklahoma City the 1st of August. All of these busses with the exception of the midnight run, leaving Burk at 12:25 a. m., will leave from the regular bus station. The midnight bus will leave from the Magnolia Filling station due to the closing hour of the Corner Drug station being at 11 p. m. Passengers are urged to get tickets at the Corner Drug store before closing time.

Each of the new coaches will be of the 30 passenger style, and the mid-night bus will have porter and pillow service for the customers convenience. The first local bus going south to Wichita Falls will leave Burk at 6:30 a. m. The remainder of the schedule will be given on request at the bus station at Corner Drug Store.

The four schedules that go through Burk to Oklahoma City with no bus change are: 12:25 a. m.; 7:45 a. m.; 1:45 p. m. and 6:10 p. m. The entire fleet of busses are equipped with reclining seats.

## Lions Club

With a preliminary report from the convention delegation given by Johnnie Anderson, the Lions club postponed the full conversation report until the next meeting of the club. Mr. Anderson told of the trip that the delegates made and the interesting sidelights of the tour. The convention delegates took the car to the Mexican border and entrained for the convention city. They were courteously received and given every possible sociable reception in the capital of the republic.

The convention was reported to be one of the most interesting that has ever been held by the international association. The delegates enjoyed the trip. Those representing Burk were: Johnnie Anderson, Wylie Browning, Luther Caffee, Clyde Bohner, Mr. and Mrs. Watkins and Mr. and Mrs. Paschall. These delegates will give a full report at the next meeting of the Burk club.

### Bebemeyer Is Honored For Work on National Paper

Women Receives Recognition for Excellent Research Work on Ritual

Emma Rose Cannon Auxiliary Editor

Ladies' Auxiliary Rituals have been forwarded to all Auxiliaries for many months of preparing, and correcting. Now the ritual is in the hands of the Auxiliary, special tribute paid to its originator, who spent untiring hours in research preparing this work. Too much credit cannot be given to Mrs. Bebemeyer for her work on the ritual. She spent several months in search of material to help the ritual that would serve as a guide to all Auxiliaries in their work. Personally, she spent many hours with the Burk Burnett Ladies' Auxiliary No. 258-A in preparing the ritual and installations so that it would prove workable and at the same time have an impressive weight that it should have.

In her work with the Burk Burnett Auxiliary she was able to fill spots in the ceremonies that had been left blank. These spots have been able to smooth these ceremonies so that the procedure would be understandable to all who take part in the work.

A special tribute should be paid to Mrs. Bebemeyer for her noble work. The ritual was written in such a way as to give as many parts as possible to each individual. The work is dressed in a like manner, but this is not imperative. The Auxiliary does wish to give a special installation ceremony in costume, and many Auxiliaries have already organized drill for such occasions, the prevailing color should be white.

### Federated Society Bars Montgomery On Prohibition

Urged To Vote For Temperance On Repeal Election August 24

#### CHRISTIAN ENTERTAIN

J. E. Montgomery, pastor of Highland Heights Christian Church, spoke to the Federated Missionary Society at the Central Church Monday afternoon in a analysis of the liquor situation in the State of Texas. The speaker is one of the most excellent speakers in the state, and he urged the women to cooperate with the temperance organizations in this city and in the county. He urged the audience the forces organized crime were backing the movement, and that there was another opportunity in the question for many years, the speaker demonstrated the proper viewpoint of the Federated Missionary Society. He urged the women to vote and use every possible influence to bring out a large vote on August 24. A meeting was held under the auspices of the women of the Highland Heights Christian Church.

### Burk Girls Win At Electra Tues Nite

Burkburnett's Pal's the PTA team broke into the earned victory column Tuesday night when they defeated the Electra Business and professional women's team at Electra 15 to 10. The score was tied during the third inning after a three run rally by the Electra Ladies and the Burk girls then took charge. They scored 3 runs in the 4th, 4 in 5th, 3 in 6th and 2 in 7th to stack up the large score of 15. The Electra girls staged rallies in 5th and 6th innings, but they could not overcome the Burk lead.

The pals played the best game of the season, and they presented a strong entry to the Valley league. Fulks and Thornton pitched for Burk and Key and Miller caught. Stark caught for Electra and Blankenship pitched. The Burk team was: Bowden, Hanvey, Frith, Guthrie, Morrison, Shuffler, Stimpson, Foster, Key, Miller, E. Fulks and Thornton.

### Parked Vehicles Must Burn Lights

In a test case the Texas Supreme Court handed down a decision last Thursday that has an effect on this part of the state. It was in the case Ed Sproles et al vs. Mrs. Frank M. Rosen. The case started in Dallas, resulting over a case filed by the defendant for injuries received in a wreck caused by a parked truck.

The result of the decision of the justices of the court is that all cars private and trade must have lights on when parked on side of any state highway after dark. This law applies to cars parked within the corporate limits of any city, if the street has been designated as a highway by the state. If such car does not have lights on, there is no fine or punishment provided, but the owner of the car is liable for any damage inflicted by a resulting crash. In case of a crash, the owner has no defense in the court in case of suit.

The entire program was provided by that society. The devotional was by Mrs. Montgomery who spoke on courage. The meeting opened with the devotional song "Tell Me the Story." Mrs. Short of the Wichita church sang, accompanied by Mrs. Crouch. The final prayer was by Mrs. M. W. Majors.

Those present were: Presbyterian, Mrs. J. Exley; Baptist, Mrs. Jim Johnson; Methodist, Mesdames, M. W. Majors, Bertha Cropper, H. W. Prinzing, H. C. Gilbert, F. R. Knauth Christian, Mesdames Waits, Erma Waits, R. C. Tevis, Fred Flannigan, Gifford, Bain and Island.

The other missionary societies of the city adjourned their meetings to gather with the federated association. This is a practice of the societies to meet with the association each quarter on the fifth Monday.

### "Let 'Em Have It" Coming To Town

When the Reliance thriller, "Let 'Em Have It," comes to the Palace Theatre Sunday and Monday, audiences will have an opportunity to see at first hand the dramatic and fascinating activities of the world-renowned operatives of the United States Department of Justice in their current warfare on crime and criminals.

Richard Arlen, Virginia Bruce, Alice Brady and Bruce Cabot head the imposing all-star cast of the production, which Sam Wood directed from an original story by Joseph Moncure March and Elmer Harris. Prominent in the supporting cast are Harvey Stephens, Eric Linden, Gordon Jones, the sensational new football star-film "find", Dorothy Appleby, Barbara Pepper and others.

The romance is supplied by Virginia Bruce, who plays the society girl victim of Cabot's kidnap attempt, and Arlen, Eric Linden is seen as her young brother who meets death at the end of a gang gun, and Alice Brady plays her fatuous aunt who lends the comedy touch.

### Labor Ladies To Have Picnic Wed.

The members and their guests will have a picnic and kid party for the ladies auxiliary of the local Oil Field workers Union at the Water Works Park on Wednesday afternoon. There will be a lot of eats and a contest for the best costumes. The party will be one of the most interesting features of the summer social activities of the organization.

The society also announced that they will hold the auction of the pillow on Sept. 10 instead of the previously announced date. These pillows are being sold to raise funds for the interior decoration and furnishing of the new club rooms of the union and auxiliary.

### Burk Motors Keep League Lead Here

The Burk Motors kept their league lead intact this week when they took two games in a row. With the defeat of the Magnolia by the Thaxton team and only eight games to go, this lead looks almost unbeatable from this point; however, anything can happen and it almost always does in softball. A double loss by the Burk Motors would put the Magnolia back in the race.

The first victory of the fast moving motor team was when they took the game from the Bell Oil and Gas team. The Bell team played the best game that they have played this season and were in the lead until the last few innings. The Burk Motors forged ahead to cop the victory and protect their perfect standing for the season. The game left the Bell floundering in second division.

The best game of the week was the 7 to 6 victory of the Thaxton team over the Magnolia. The Thaxton team that lost its morale at the first half, had been having a hard time to win during the last half. The last three games they have showed a return to normal form. The Magnolia team was battling to stay in the race, but they allowed the hard-waremen to eke out the victory over them.

Bell forfeited to Skelley on Tuesday due to a conflict in the meeting dates of the Bell men. Magnolia took a game from Skelley for the week by submerging the Tucker crew to a tune of 12 to 4. Barrow Grace added a victory over the Texas company team.

The three games played Monday afternoon and night were as exciting as any of the others. The Barrow-Grace took both ends of a double header from Tucker, but each game was a battle. The score of the first was 9 to 6 and the second was 6 to 5. Each of these games were in doubt until the last ball of each game. There were all kinds of playing in the two games.

In the afternoon game the Burk Motors had to have a lot of luck to take the Texas team 7 to 6. It appeared for a while that the Texas company team would pull the biggest upset of the year. As usual the Burk Motors pulled out ahead to keep the record perfect.

The final schedule of the teams is printed in this weeks paper. There will be only 32 more games or six more games for each team. The climax of the next weeks play will be in the playing of strong and weak teams. If some of these teams pull an upset, it will be surprising to the whole league.

Team	G	W	L	Pct.
Burk Motors	9	9	0	1000
Magnolia	9	7	2	777
Barrow Grace	8	5	3	625
Skelley	8	3	5	375
Bell	9	3	6	333
Thaxton	9	3	6	333
Tucker	8	2	6	250
Texas	8	1	7	125

We can't understand how the experts know which two billion dollars will cause inflation.

### Tom Griffin Honored 81st Birthday Wed.

"Uncle" Tom Griffin, one of Burk Burnett's most beloved pioneers, was honored at a family reunion last Wednesday on the occasion of his 81st birthday. Many members of the family and friends of the Burk citizen congratulated him on the anniversary. With him was his wife, nee Mary Ann Smith, whom he married almost 61 years ago.

Mr. Griffin was born in Athens, Alabama, in 1854, and spent the majority of his youth in that strife torn area during the period of the civil war and the reconstruction days. He moved to Texas with his family in 1900 and settled at Farmersville, Texas. After spending several years there he moved to the Indian territory. In 1913 he moved to Burk Burnett and became the chief of police in this city.

In the capacity of guardian of the law, he served the city during the turbulent boom days, resigning in 1921 to enter the real estate business in Burk Burnett. While serving as chief, he was also superintendent of the water department. He had the honor of being the first supervisor of the Burk municipal water system, and read the meters, of the first system.

It is a coincident that on the same day he celebrated his birthday that his son, John Griffin, who was present last week celebrated his 55th birthday. John Griffin lives in Randall, Okla.

Uncle Tom is the most loyal supporter of Jimmy Allred, and the proudest moment of his life is the one where recently the governor posed with him for a newspaper picture. Uncle Tom says that he is proud because the mayor was in the picture, but the general public has the faint suspicion that he liked being with Jimmy.

The celebration was in the form of a dinner served at noon Wednesday. The children present were: Jim Ed, Walters, Okla.; John Griffin, Randall, Okla.; Mrs. Lora Houser, Dallas; Mrs. Russell Hall, Oklahoma City; and numerous grand children. There are 40 great grand children and 60 grand children and 10 children living, according to Uncle Tom.

### Legion Ladies Plan Election For Aug. 9

The American Legion Ladies Auxiliary met at the home of Mrs. Henry Porter last Friday afternoon to plan the election of officers that will take place at the home of the same hostess on August 9. A committee for the nomination of officers was appointed and includes Mesdames A. G. Johnson, M. W. Majors, and W. C. Gage. These members will submit a suggestive list for the approbation of the society at the meeting. There were three officers, six members and three visitors present at the meeting last Friday, and the officers urged all the local members to be present at the election meeting Friday, August 9th. The announcement was made by Mrs. H. R. Hayes, reporter for the society.

### Burk Will Benefit From Road Program

Part of the \$6,000,000.00 road grants that have been made by the federal government have included the widening and straightening of the road between Wichita Falls and Burk Burnett. This road will take its course over the new overpass at the end of Scott street and will divide from the Denver highway in the air. Then the wide road will proceed north and join the old highway at the top of the hill near the packing house.

According to the announcement received in Burk Burnett, the road from that point on to Burk Burnett will be widened until it reaches the city limits of the city. The work on the last part of the project is not completed, but according to the report is definitely included in the plans that have been worked out for this territory.

The special object for the widening

### Burk Milling Wishes To Buy More Wheat

The Burk Milling company has a demand for more wheat, and they have announced that they are paying the highest market price to the farmers in this section. They will either pay cash or exchange, which ever is desired by the farmers. This local business enterprise is rapidly increasing the demand for its products and naturally needs a larger amount of the grain than they have in the past. The farmers of the section are asked to submit a bid to the local mill for the grain supply.

Adding Machine Paper—Star Office

of this road was that the visitors of the centennial will enter the state in large numbers via this territory, and that the section ought to be able to present an adequate welcome for the visitors by making their entrance into the state pleasant.

## Should Your Son Play Football?

(By Coach Volney Hill)

I have been asked by one of our many fans to write this article. He wants an explanation to the mothers and fathers why should their sons play football, what benefits they receive for the great American game.

I am going to give to the mothers and fathers of Burk Burnett what every coach expects of his boys and let them be judge should their sons play football?

Just a word to let the mothers and fathers know that football is all right. There have been objections from some academic men that football is all wrong. They say that twenty two men playing a game of football does not help the muscles of the hundreds of students that gather to watch them play. However, I have noticed that in those schools where they have successful athletics that the entire student body takes more exercise, that a larger percentage go in for the minor sports, than in those schools where they have unsuccessful athletics. A man develops his mind, and the control of it, and discipline of it, in his academic work, but the athletic field is the big laboratory of experimentation where the man learns to discipline himself, and experiments with himself against other men, mentally, emotionally and physically. He learns lessons that cannot be taught in the classroom.

I will list the most important things that we ask the boys to follow and I will try to explain them to your satisfaction. They are as follows: Diet, sleep, tobacco, conduct, remarks in the dressing room.

### Diet

The athlete should observe strict regularity in his eating. He should eat three meals a day, eating enough at one meal to last until the next, never hurrying through a meal. There should be no eating or drinking, other than water between meals. There are certain foods that a man should eat but it is not necessary that I name them here.

If a man develops a desire for candy, it is all right for him to eat it at meal time, after he has eaten the staple foods.

### Sleep

An athlete should get as much sleep at night as he can and still keep up his studies. With a regular high school course, a boy can usually get most of his studying done, so that he can be in bed by ten or ten-thirty at the latest. The temptation to loiter around in some pool hall or other gathering places should be overcome and spare time during the day should be spent in studying.

Nervous athletes who have difficulty in going to sleep will often find a glass full of warm milk before retiring will induce sleep.

I don't like for my boys to hang around a pool hall because the air in such places is usually bad, and a few of his associates are not always of the best. There are always a certain number of men hanging around the pool-room who think it their duty to offer suggestions about various phases of the work done on the practice field, and these men can often do more harm in one hour than the coach can do good in three or four practice periods. A boy playing football does not need the exercise afforded by pool or billiard playing, which is a waste of time.

### Dancing

The athlete usually does not have to participate in dancing in order to keep up his social prestige. The objections I have against dancing are: First, it breaks in upon their sleeping and eating; second, it is a different form of exercise than the boy is used to and is tiring; third, there is danger of getting heated up and then cooling off too quickly; fourth, a midnight lunch is usually partook of, mostly because of the obligations to the girl; fifth, the boy usually does not feel like getting up the next morning for breakfast.

### Tobacco

Athletes and tobacco do not go together.

### Conduct

The conduct of a man while off the practice field is fully as important as his conduct on the field. There should be no rough-housing in the dressing room or in the home.

The ideal athlete is the boy who is a real gentleman at all times. He attends to his studies diligently and does not give his athletic work as an excuse for non-preparedness in the class room, and does not try to impress others with his importance. He has the attitude that he is doing something worth while, that he is indeed fortunate in possessing a body which allows him to engage with his fellow man in such strenuous and satisfaction-giving sport as football. He has the attitude that he is receiving far more than he is giving, and does not feel that the school owes him any more privileges than accorded the non-athlete. He realizes that he has room for improvement and should continually be striving with that view in mind.

The athlete has a circle of hero worshippers, usually among the younger boys, and because of this fact, and the effect on these boys, a good example should be set at all times.

### Remarks

A player should be very careful

about remarks he makes concerning his team mates. One of the lessons of football is to learn to give and take. There is not any swearing or telling of smutty stories in the dressing room.

Now I would like to give you the mental attitude of men that play football. I will finish this article with the ethics in football.

### Mental Attitude

A boy who participates in football should love the game. Without this strong desire to play, he will never become a real football star no matter how great are his physical qualifications. His strong or weak inclination to play will naturally determine the greatness of the other mental qualities so necessary in the successful player.

As a general rule boys who have to be coaxed to play seldom make good unless they soon develop a strong love of the game.

### Ambition

Ambition is a mental quality which must be possessed by every player sooner or later. A coach is always looking for the ambitious player and the other candidates soon learn that indifference is not a road to success. The enormous interest and spirit back of football creates ambition in the youthful aspirant.

### Determination

A successful football player must have determination. Little can be expected of a team unless each individual is inspired with a strong determination to win. The task of a football player is great and he can not weaken in his attitude and hope to be successful. Strong determination is a fine quality and many times accounts for the fact that boys, inferior physically, win out against superior weight and strength.

### Confidence

Confidence is another mental qualification which must be developed in football. The green, or inexperienced candidate usually possesses a "lack of confidence." The good player will have developed the right amount of confidence in himself. The player so dangerous to success of a team is one who has risen to a state of "Over-Confidence."

Athletics form one of the mediums for teaching fundamental principles of character, and no coach is deserving of a position who will not endeavor to develop in his players the fine qualities which can be derived from athletics.

1. Play the game hard, but always clean.  
2. It is better to lose a game than win a game by dirty play.  
3. Fair play is an underlying principle of fine character. A cheater has no standing among real men. Learn to play the game according to the rules.

Now in ending this article I want to leave it up to the mothers and fathers of the young men of Burk Burnett, to judge the benefits received from the game of football.

We try to develop the boy physically, mentally, and morally. To be a success among real men of today your son will have to have those three characteristics. We teach your son to eat the right foods, to sleep properly, and give him the right exercise. We try to develop his mentality so as to give him ambition, determination and confidence. We know that all mothers want their sons to be real men and football will go a long ways in doing that one thing.

We often wonder why some fellows insist on dragging out old pictures to show how good looking they were when they were young.

Adding Machine Paper--Star Office

## Sheriff Announces New Rules For The Visiting Of Jail

Starting immediately the Wichita County jail will have a new set of rules regulating visiting in order to comply with the federal requirements. The federal inspector recently visited the county jail and expressed the desire for the improvement of certain conditions existing in the schedule there. The sheriff immediately complied with the requests of the inspector and worked out the series of rules.

The first of these rules forbid any visiting on Saturday, Sunday and Monday. They provide visiting in four groups for the persons who are charged and in the jail. Each of these groups may be visited one day a week between 10 a. m. and noon, and 2 p. m. Except for this single day the prisoner can not be seen except through legal channels any other time.

The groups are: Tuesday, misdemeanor criminals of white race; Wednesday, negroes; Thursday felony prisoners; Friday, federal prisoners. The prisoners who had electric hot plates, crockery dishes and other luxuries were required to surrender them. These luxuries have been removed. These are intended to keep the growing confusion from interfering with the efficiency of the jailing system here. The strict requirement made by the federal government is the product of experience that has aided in the escape of the prisoners.

## Popular Burk Couple Wed Last Wednesday

Miss Mildred Simmons, daughter of Mr. and Mrs. Frank Simmons of Burk Burnett, became the bride of I. E. Riddles, son of Mr. and Mrs. W. E. Riddles of Burk Burnett, last Wednesday night at Grandfield, Oklahoma, in a ceremony read by M. A. Taylor. The bride was lovely in a pink and white ensemble, and was accompanied by her mother Mrs. Frank Simmons.

Both of the young couple are well known in Burk Burnett and have been residents of this city for many years. The bride is a graduate of the local high school and has been living in Burk Burnett for the last three years. She is a very popular member of the younger set of this city. The bride groom is a citizen of Burk Burnett, connected with a local oil service company and has been a resident of the city for about ten years.

The bridal party included Mrs. Frank Simmons, Mrs. W. Bogart, Miss Zelma Riddle, and Mrs. D. C. McCullough. The young couple will be at home in Burk Burnett in the near future. The bride has been the honoree at several parties given for the occasion.

## Rev. Hays Returns Here After Marietta Meeting

Rev. Miles B. Hays returned to Burk after an absence of two weeks while holding a meeting at Marietta, Okla. According to reports from the meeting the services were successful. During his absence special services have been arranged for the local church with speakers from nearby organizations. He will be back in the local pulpit next Sunday morning.

## Recent Bride Is Honored Monday

Mrs. I. E. Riddle, whose recent marriage was one of the social events of the summer season, was the honoree at a shower given for her on the occasion of her marriage by her sister, Mrs. D. C. McCullough at her home on East Fourth street Monday afternoon. There was a host of friends of the bride present, and the entertainment and decoration carried the color scheme of the brides costume in every detail.

The bride was surprised with a large basket of gifts that were decorated in pink and white, her chosen colors, and the rooms and tables were decorated similarly. The charming hostess met the guests and directed the entertainment for the party.

Those present were: Mesdames E. C. Oliver, W. T. Reese, John Harris, D. E. Woodward, Frank Simmons, Roy Carnes, William Carnes, and Misses Zelma Riddles, Evelyn Bogart, Pauline Bogart, Pauline Bennett, Ruth Warren, and Eloise Oliver, and the hostess. Those not present but sending gifts were: Ruby Louise Bishop, and Mrs. W. E. Riddles. The refreshments served were punch and cakes by the hostess Mrs. D. C. McCullough.

## Lightning Finds His Real Role In "Dog of Flanders"

"Lightning" the talented dog playing the title role in RKO-Radio's "A Dog of Flanders," featuring the talented Frankie Thomas, is turning handsprings and leaping over fences as a result of his role in this picture.

In "Born to Fight," a recent picture, he portrays an animal that was half wolf and half dog. In "The Case of the Howling Dog," he played a dual role, acting as a household pet and a ferocious watch dog. In "Wings in the Dark" he played the role of a guide for a blind man.

He is more at home in his current role, as it portrays the intimate part played in the domestic life of Flanders by many of his brothers and sisters—and that is one reason why "Lightning" is so happy in his role.

## Chevrolet Presents 'G' Men On The Air

The Chevrolet Motor Company is proud to announce the opening of a series of broadcasts of vital interest and concern to every citizen of the United States, according to Mr. H. C. Howard, zone manager of the Dallas Chevrolet zone.

Chevrolet is proud, too, of the fact that the United States Department of Justice has made it possible for them to offer the first authentic broadcast covering the remarkable exploits of the Federal Bureau of Investigation in its war on crime.

Chevrolet, in setting out earnestly and resolutely to dissipate the false glamour that has surrounded enemies of the public, feels that it is performing a public service. Here are its purposes, as outlined by Mr. Howard.

To bring assurance to law-abiding citizens that the country is being made safe for them to live in.

To aid the Department of Justice by letting the public know how it operates and how the public may co-operate with it in its war on crime.

To deter the commission of crime by showing potential criminals the utter uselessness of pitting their own misguided ingenuity against the organized intelligence and the scientific methods of the Bureau of Investigation.

"Each of these Saturday evening broadcasts" said Mr. Howard, will be a complete episode in itself, based on the actual records of the Federal Bureau of Investigation, and covering actual case that many listeners will recognize.

"In each broadcast the listener will be taken behind the scenes as if he were a G-Man himself, to learn how, step by step, the Federal operators work, both in the locality of the crime and in the Washington lab-

## Stirring Drama Of Smitten Reneged

Produced by the same staff that made film history "Lost Patrol," and presenting McLaglen, the same star, "Lone Informer," comes to the screen a John Ford production for Raido.

Accounted one of the great character studies and most stirring stories known to literature, "Informer" affords McLaglen he considers the finest role of his career. While the drama deals closely about one character, the extraordinary power and the qualities are carried by the Graham, Preston Foster, Hal Angel, Wallace Ford, Una O'Connell, J. M. Kerrigan, Joseph Sawyer, Fitzgerald, May Boley, George Harvey, Donald Meek and members of the large supporting cast.

With 20 pounds in his pocket the worst crime known to his patriots on his conscience, Gyp comes a man relentlessly driven by fate. Alternately lifted to the heights of grandeur and tortured by mad fear, torn by remorse, and harried by superstitious he is carried from one dramatic situation to another.

Reading that a Vermont hen an egg five inches long—They have had to cut an awful big of ham for that one.

If you wish to know how voters support a principle, learn many expect it to fill their pockets.

## UNUSUAL FACTS REVEALED

—by "Movie Spotlight"

As George Murphy was about to remove his makeup for a scene in "After the Dance" a youngster asked him for a strand of hair. The souvenir was pasted in an autograph book, and George scrawled his name across it.

From least to richest! Nancy Carroll, Columbia star, owes her theatrical start to her lovely pedal extremities which were much too pretty to be kept from the multitude.

Thelma Todd believes every girl should have an assortment of wigs on hand to induce a change of mood and personality. Feeling angelic?—A blond wig! Exotic? Brunette wig! Devilish?—Red wig!

### Properly Stowed Bags Add to Comfort

Comfort, pleasure, and safety on a tour depend largely on efficient loading of the luggage, and modern body designs have done much to ease the problem, as these views of Chevrolet models reveal. In the upper left view, the suitcases have been fitted in snugly, the adjustable front seat having been moved forward to allow extra leeway, and the driver now pushing back the seat to clamp the bags in place for the day. Upper right, the tourist is utilizing the baggage rack back of the rear seat. The two lower pictures show the loading of a coupe compartment and a sedan trunk.

### Mrs. Gilchrist To Entertain Matrons Class Next Tues.

Mrs. B. F. Gilchrist will entertain the Young Matrons Bible class of the First Baptist church next Tuesday night at her home at 301 Hayworth. The meeting will be the regular monthly social and business session of the society, and the officers have issued an invitation to all the members to be present. The business session will present several important matters for the consideration of the association, and the members who have been on vacation and visits are urged to be present at the meeting. Aside from the business session a delightful social hour has been planned by the hostess, Mrs. Gilchrist. The combination of the two sessions will present an interesting evening for all the class.

### Deadline For School Transfers Last Wed.

The date for the final transfers from one school district to another was last Wednesday, and all of the students that are transferred hereafter will not receive pro-rata of state aid in the district where they attend school. The state law provides that all of the transfers that are made up to and including July a portion of the state aid that would have gone to the original district be transferred to the new district.

The school registrations for last year in Burkburnett for students living in the district and in school age ran slightly lower than the final registrations for the previous year, but the transfers are expected to bring the total above the previous total of last year. The state apportionment this year will be higher than usual for the whole state. For the first time in the history of the state the school fund has a surplus, and there probably will be a reduction in the state school tax for the following year or a rise in the state apportionment.

### Baptist YWA Have Lawn Party Mon.

The Y. W. A. met for their regular meeting Monday night at the home of Mrs. Miles B. Hays for a lawn party. The visitors were introduced by the president Marie England. The president then took charge of the business session. A committee of three was selected to choose the officers for the next six weeks.

Mrs. James Johnson, president of the W. M. U. brought the devotional on courage, which was very interesting. The devotional prayer was led by Mrs. Johnson. After the program the meeting was turned into a lawn party, where games of croquet and many similar games were played. Refreshments were served to the following: Hazel Pinkston, Ruby Louise Bishop, Justine Nichols, Edna Styles, Modene Pinkston, Katie Mae Taylor, Fern McCaig, Gladys Pinkston, Marie England, Golide McCaig, Mildred Simmons, Zelma Riddles, Mrs. Miles B. Hays, and several visitors including Vera Mae Johnson, Evelyn Bogart, Mesdames Brookman, Johnson, and Brooks Robertson, Misses Peggy Ruth and Patsy

Jo Ann Robertson, Mrs. Reggie Kent Doris Lee, Mrs. Collins and Doris Roberts.

### Rabbit Creek

July 28, 1935

Owens family and Mrs. Nails served an ice cream and watermelon feast Saturday at the Owens family home. They had as their honor Miss No Quida Jones, her sister D. C. Jones and her sister Miss No Quida Jones. A supper was served. There were watermelons made. Cream, watermelon were served for an hour. Mrs. D. C. Jones, her sister Miss No Quida Jones, Mr. Hardin, Mrs. Martha Nails, Mrs. Nails and Mrs. Grady attended the supper. Every one enjoyed themselves fine and all of the cream and cake watermelon they could eat. The occasion was in honor of Miss Jones and Mr. Nails birth-

matism. It is hoped by his host of friends that he will soon regain back his health.

Mr. and Mrs. Beavers and family spent part of Sunday afternoon visiting with the Owens family.

One among the best stock buyers that lives in Wichita county, Texas, Guy Willis, was buying up cattle and hogs in the Rabbit Creek neighborhood one day of last week. Guy always gets his truck full soon after arriving over on this side as he is a buyer who always pays the high dollar for every thing he buys. He likes to see the old Nesters get full value from everything he's got to sell.

#### A Big Family Reunion

Well, folks, Hawkeye is reporting one of the largest family reunions that has ever been given for many moons in the state of Texas. This big reunion feast was given by Mrs. J. M. Buck, at Hardy, Texas, Sunday, July 28, 1935. This great gathering was given in honor of Mrs. Buck's children and the families and relatives and friends. Between 82 and 84 blood relatives and distant relatives attended and over 100 served dinner at high noon. Several long tables were prepared to seat the multitude. It took a score or more waiters to wait on them. Well laden tables with everything that the heart could desire to eat. After the big reunion feast was over and all of the 100 who partook of this great dinner, there was enough food left to feed that many more. It was one reunion that will be remembered by several generations yet to come. Mrs. Buck's children and their fami-

lies came from far and near in order to be at this great reunion. It was an ideal day for the occasion and everyone enjoyed the time of their life. At the departing hour for the far-off one to leave for their homes, especially Mrs. Buck's children they wished to be with their mother many more family reunions. The following names of Mrs. Buck's children are as follows:

- Mr. and Mrs. C. A. Wauman, Wichita Falls, Texas.
- Mr. and Mrs. E. F. Buck and family, Nocona, Texas.
- Mr. and Mrs. B. E. Buck and family, Hardy, Texas.
- Mr. and Mrs. R. I. Buck and family, St. Joe, Texas.
- Mr. and Mrs. J. L. Buck and family, Nocona, Texas.
- Mr. and Mrs. Joe King and family, Hardy, Texas.
- Mr. and Mrs. J. W. Hoggaan, Hardy, Texas.
- Mr. and Mrs. E. U. Buck and family, Nocona, Texas.
- Mrs. J. C. Fletcher, Buffalo Springs, Texas.
- Mr. and Mrs. Sewell Stoffle, Hardy, Texas.
- Mr. and Mrs. C. W. Worley and family, Hardy, Texas.
- Relatives**
- Mr. and Mrs. P. D. Buck, Denison, Texas.
- Mr. and Mrs. R. F. Selodgs, Henrietta, Texas.
- Josephine Butler, Howe, Texas.
- Mr. and Mrs. Roy Waumann, Burkburnett, Texas.
- Mr. and Mrs. Leo Onman and family, Buffalo Springs, Texas.
- Mrs. Joe Birdsong, Lubbock, Tex.
- Mrs. R. L. Scott, Walters, Okla.
- Mr. and Mrs. J. J. Thurman, Randlett, Okla.

Chesterfields "go to town"  
They Satisfy

—that's just the 1935 way of saying what Chesterfields have been saying for years . . .

Chesterfields do about everything a cigarette ought to do. Chesterfields have TASTE—yes plenty of it. But not too strong. And Chesterfields are MILD—but they're not insipid or flat.

Chesterfields "go to town"

## WITH FLAGS FLYING HIGH....

Citizens of Burkburnett may read with satisfaction a copy of a report recently released by the Federal Government in which rates for electricity are compared.

Burkburnett ranks third in the entire State (for towns with populations from 2500-5000) on its rate for the small consumer of electricity, University Park coming first and Alamo Heights, second.

Throughout the report Burkburnett is among the foremost in its low rates, a direct result of its municipal light plant. With its establishment here rates were lowered 20-25 per cent, and differing rate schedules abolished.

Municipal plants throughout the State make excellent showings in the report also. This is especially true when tax rates are taken into consideration.

### Personal Mention

Mr. and Mrs. H. C. Gilbert spent Sunday in Walters, Okla.

Rike Peevey is visiting in Tulsa, Okla., this week with relatives.

A. R. Hill and family left this week for a vacation trip in Col.

Spec Roberson and Ben Howell were in Burkburnett Monday on business investigations.

Jack Brumley and W. A. Roberts returned Saturday from a business trip in Austin, Texas.

Mr. and Mrs. F. O. Minick and family returned this week after a visit to Corpus Christi.

Mrs. Newt Anthony is visiting her daughter Mrs. Alex Harrington in East Texas, this week.

Mrs. J. M. Thomas and Mrs. H. C. Gilbert attended the dedication of Lake Sheon in Holiday Tuesday.

A. H. Howard attended the ceremonies at Lake Sheon in Holiday Tuesday.

Mr. Smith was carried from the hospital to his home on Park street Monday in a Thomas ambulance.

Paul Woods was taken from his home on Ave. F. to the hospital Tuesday in a Thomas ambulance.

Mr. and Mrs. Gordon Thomas of Walters, Okla., were visitors in Burkburnett, Sunday.

Tom Boyd and family have gone to Kansas City where they will visit for several days while Mr. Boyd buys the fall supplies for the local store.

Mrs. W. D. Bent left Sunday for a short course at College Station. As winner of the precinct contest she won the right to represent this district.

Ed Griffin, John Griffin, Mrs. Hall and Mrs. Houser, children of Uncle Tom Griffin and Mrs. Griffin were visitors in Burkburnett last week to help Mr. Griffin celebrate his birthday.

Mr. and Mrs. Thomas of Holiday and their daughter Patsy and Mr. and Mrs. J. C. Thomas Jr., were the dinner guests of Mr. and Mrs. H. C. Gilbert this week.

Mrs. H. J. Brown and daughter, Pauline, Mr. and Mrs. A. J. Gardner and two children returned Tuesday from a ten days visit with friends and relatives in Fort Worth, Waco and farther south.

Miss Betty Burkes of Marlow, Okla., was the guest of Mrs. H. C. Gilbert this week. Mrs. O. O. Gilbert and daughters of Wichita Falls, and Mrs. Ura Griffin and Betty Sue Green were visitors also.

Rev. and Mrs. Mowery are the proud parents of a fine baby girl. Mother and daughter were carried from the Burkburnett Clinic to their home in Stringtown in an Owens-Brumley ambulance Monday.

### G. A.'s To Present Special Week Here For Focus Service

With an elaborate program that will bring the G. A.'s of the church together in a consecration and educational series of activities the week of August 12, the First Baptist church will present what is designated as Focus week for the benefit of the girls of the church. The program will include a visit to the W. M. U. circle on Monday afternoon. On Tuesday the girls will visit the shut-ins of the church and try to bring a moment of cheer and love to the unfortunate.

The climax of the program will be a play presented on Wednesday night at the prayer meeting hour of the church services. This is a clever playlet that is being prepared by the members and will serve as an inspirational feature of the celebration.

There will also be a picnic and a practice program devoted to the rehearsal of the "forward steps." The church has announced that they are counting on the G. A. to meet each day and help carry out the program that has been outlined. The first meeting will be on August 12. Every girl of the organization is expected to be present and invited to participate in the rituals.

The full program is as follows: Monday afternoon attend W. M. U. Tuesday visit the shut-ins. Wednesday playlet at prayer service. Thursday picnic announced later. Friday, practice of forward steps. The sponsors of the meeting will be Mesdames Yeary, Dean and Beldon.

### Baptist Pastor Will Preach Here at Both Services Sunday

The pastor of the First Baptist church has returned from Marietta, Okla., where he has been conducting a series of revival services, and will fill the pulpit at both services Sunday. At the morning service, the pastor will speak on the subject: "Hidden and Unused Possibilities," and at the evening service the subject will be "Five Great Powers of Life."

This church has been carrying on a very successful campaign against "Old Summer Slump" during the summer months, and the attendance at all the services, and the contributions to the financial program of the church, have been very gratifying. Every member of the church is urged to be in his place Sunday; in the Teaching Service, the Preaching Service, and in the Training Service.

The evening service of this church is held on the church lawn, where every attention has been given to the comfort and convenience of those who attend the service. The public is given a most cordial invitation to worship with the First Baptist church.

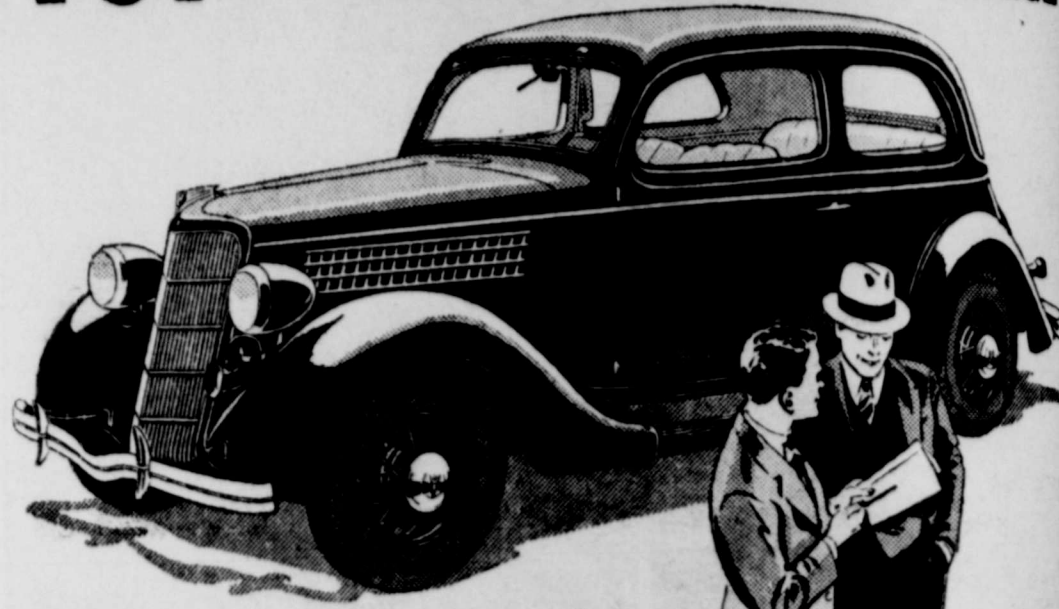

### Whitte Services Held Last Sat., June 27

Funeral services for F. D. White, 1295 Twentieth street, were held Saturday afternoon at 2:30 o'clock from the South Side Baptist church. The Rev. T. C. Jordan, pastor, officiated. Burial was in Riverside, directed by the Owens and Brumley Funeral home of Burkburnett.

Mr. White, who was an employe of the Fort Worth and Denver City railway, died Thursday night in a Wichita Falls Hospital. Survivors include the wife, six daughters, one son and two brothers.

### All-Star Game For Benefit Of Football Squad

A battle of the giants will take place in Burkburnett Friday night, August 9, when the two all-star teams made up of the teams of the city's softball association meet at the football stadium for the benefit of the football team. The local pigskin squad is preparing to move to Lake Kemp for the preliminary training season, and in order to carry out the program they will need a cash fund.

The big game will be played for the benefit of that fund. All the citizens of Burkburnett have been asked this week to call Coach Hill if they have canned goods to spare for the training camp. The football boys are noted for their ability to eat, and the squad can and will use anything in the way of eating materials.

Jingle Hayes will defend the honor of one of the All-Star groups as manager and prime instigator of the team. R. D. Owens will direct the destinies of the second softball team.

The teams will be organized early next week and be ready for the battle for all star championship of the entire city. The line up of neither team is ready for announcement at this anxiously awaiting public that this time, but each manager assures the teams will be the best that is available from the talent that is in the city league.

H. D. Smith will assume the responsibility of organizing and directing the affair. He will direct the advertising and other game organization for the night. The umpires will be chosen by the head umpire Neeley Vaught.

The public of Burkburnett will have an opportunity to see a game that will demonstrate just how this game of softball ought to be played. Every player will be on his toes to present a real spectacular show for the night. The public that is interested in the football team and interested in seeing a brand of good softball played are urged to be present for the game.

### First Sunday Singing

The regular first Sunday singing sponsored by the various churches of Christ of Wichita county and adjoining counties, will be held at the Buchanan Street Church of Christ in Wichita Falls next Sunday at 3 p. m. to 5 p. m. The minister for the congregation, B. M. Taylor, who resides in Burkburnett urges all lovers of real Gospel singing to attend. There will be some of the best singers of the state attend this singing.

Maybe the reason people stayed closer to home in the old days was because there were fewer places to go.

### Conference Head Opposes Adoption Of Texas Amendment

Adoption of the proposed old age pension amendment of the Texas constitution, upon which the voters will pass Aug. 24, would bring about a "tremendous increase" in taxes, with the burden falling upon those whose earnings are now below the tax level of the federal government, C. A. Jay, executive vice president of the industrial, commercial and agricultural conference, said Saturday.

He pointed out that the total combined net income for individuals and corporations in Texas in 1932 was \$320,391,000, and that the cost of operating state and local governments in the state was \$311,104,000 in that year. While the difference between these figures is but \$9,000,000, the cost of the proposed pension would be \$40,000,000 per year, thus putting the main part of the burden upon those not now taxed by the federal government, he pointed out.
