NUMBER 51

Centenarian Be Honored By Centennial Drama

Subject, 103, Will Be Named
Guest of Fair Next Year
At Dallas

92 YEARS IN TEXAS

Wilhoit, who has been a Texas for 92 years is one of the living persons of the state older than Texas, and he will be the next year at the Texas centennial celebration for his long life in the State and Republic. He has a glorious history that he has made, and the traditions he has aided in establishing for the present generation of the state of Texas.

Wilhoit came to Texas with his father in 1843 after a disastrous fire wiped out their home and he and two older brothers were facing a wilderness that was inhabited by Indians and wild animals. They started in answer to the call of the pioneer to build a new empire to the west.

Struggling young republic had just won its independence from the powerful Mexican Empire. The call for settlers had come through the United States. There were herds of freedom loving men, bandits, criminals, convicts, home seekers and men of good and bad citizens answered the call of the young

Settle In Red River
The friends and neighbors who accompanied the family to settle in Red River county, Texas was not successful. They were bothered by all Indians and bad crops. They moved west and finally settled in Hunt county.

in Hunt county that they met Elizabeth Brady who was his wife several years later. Their marriage which took place in 1860, the Civil War started. The men of Texas marched to defend the state. The state was a nation, and the men felt that they could just go and join the regiment "I" and fight all over the section of the state.

Indian Raid
At home the brave little wife was at the home of some in Erath county. The husband had agreed to meet her in Hunt county after the war. He thought that it would be only

Community Night
scores Hit With
Large Crowd Fri.

A crowd of approximately 100 people attended the community night program held Friday night at the stadium, and the enthusiastic response of the audience indicated that the program was in demand. The program, presented by the Chamber of Commerce, gave an opportunity for the amateur musicians of the city, and demonstrated the talents of the local talent.

The hit of the program was the performance of Jack Grant, the popular singer and dancer. Jack Grant has already convinced the local people of his unusual ability at piano, and gave a brilliant series of variations at the program. His original composition gave evidence of ability of technical skill and the understanding of that is more mature than conventional. The popular melody of the piece also captivated the

The Nichols brought a salvo of music with her masterfully executed acrobatics. Keeping a crowd in suspense with a display of technical acrobatics. The negro can beat in the typical rance and Hubert Ayers is a master of the dance. His timing, and intonations of a sympathetic and graceful nature were positively

The program for the evening was well balanced. Leona Reed and Billy Mamberly gave a read-in dance. Earnest Ayers danced the program ended with a song by Simon Jones who played himself on the guitar.

Games At 8 O'clock

The executive committee of the Softball association announced Thursday that all the night games played in the softball association will start at 8 o'clock instead of 8:15. The teams are given formal notice that the games will be forfeited 15 minutes later, and that each team must have a full team ready to play at exactly 8:15. The games have been delayed due to the lateness of sunset during the early summer months. The sun is setting early now and all games will be scheduled to start at the early hour of 8 p. m.

Burk Umpire Will Call 'Em At Pampa And Wichita Falls

Neeley Vaught, who has been called the most proficient umpire outside of professional baseball, will be the umpire in chief at the Pampa and Wichita Falls tournaments to be held this month. In a recent letter received by the Star from Pampa baseball organization, the president of that association expressed complete satisfaction at the efficiency

and general excellence of the Burk official.

Vaught has been calling balls and strikes in organized baseball since 1927, and during that time he has rapidly become the most widely known official in this district. Every team in the Wichita Falls area clamors for his open dates. At the present he is calling officially for the Red River Valley League, and for various softball organizations, including his duties as chief umpire of the Burkburnett association.

First Game
According to Vaught, the first game he called was during the days that he was a player. That was the Burk and Reagan high school game. Two of the members of the Reagan Battery were Jimmy Parker and Tank Horton. Both of these players have entered professional ball. Horton was at one time purchased by the Senators but was released when

(Continued on page 7)

Football Squad Holds First Meeting Sunday

The members of the football squad held the first meeting for the year at the high school Sunday afternoon. The coach called the meeting to find out how many members of the squad will be interested in the fall training campaign that will be held at Lake Kemp the last part of this month. This meeting is the formal start of the pig skin season. The coach will have a light and young squad to work with this year. The evidence of spring training however means that the present team will be one of the most enthusiastic that the team has ever had to work with in Burkburnett. The spirit and ambition of the squad goes a long way to make up for the lack of size and the inexperience of the squad.

Pres. Pastor Holds Anniversary Meet

Celebrating the third year as pastor of the local Presbyterian church, Rev. Cook will speak on the same text that he used in his original sermon in Burkburnett the second Sunday in August 1932. The service will complete the three years that the pastor has been in the community, and he will plan a special service at the morning meeting of the organization. All the members and former members of the church have been invited to come back to the service for the celebration.

AMENDMENT NO. 7 How To Vote

The submission of the amendment number 7 has been a mistake. It is submitted along with several other amendments, and is confusing in its content and we believe that the intention is, the obscure, not entirely fair. The amendment provides that a school, public or private shall receive free text books.

That would allow the schools that are not regulated by the state in the choice of teachers or course of instruction to receive the aid of the public funds. These schools have many rules that do not fit the public plans of social thinking. They are created for worth purposes, but they are strictly private or sectarian. For that reason, the institutions that create them should support them.

To give them the additional allowance that would be involved in the free text books would amount to giving a bounty of institutions that are outside of state regulations. It would place a premium on attendance to unregulated schools. This is not a criticism of these schools. They are fine, but we don't believe the public ought to have the burden of supporting them.

There is also a very dangerous provision of the amendment. One line provides that the state funds shall be distributed "as provided by law." That would make the present per capita ineffective. The legislatures could pass any sort of law regulating the division of the funds. This would make the larger population centers more powerful and give them an advantage in the distribution of the funds. The little towns like Burk might be left out in the cold.

So we suggest vote against it, in this manner:

"For the amendment to the constitution of the state of Texas permitting the furnishing of free text books to every child of scholastic age attending any school within this state."

"Against the amendment of the constitution of the State of Texas permitting the furnishing of Free Text books to every child of scholastic age attending any school within this state."

Trades Day Will Be Held At Ave. D And Main St.

Appreciation Event Will Be Near
Barrow-Grace and Burk
Motors Companies

The merchants and business men of Burkburnett will hold the trades day event in appreciation of citizens of the trade territory at Avenue D and Main street Saturday afternoon at 4:30 o'clock. This location lies between the Barrow-Grace and Burk Motors automobile companies, and is near to the Sinclair and Magnolia filling stations. All of these companies are among the large number of merchants that are members of the association that invite the people in the area to be guests that day.

The main event that has been drawing large crowds to the city during the past few weeks will again provide the climax of the program. The merchants of the city have been preparing this week to offer special inducement to the citizens of the area to attend the town. Special shopping bargains, and other actual features make the city an attractive Saturday center for the neighborhood.

The program for the afternoon includes a band concert by the Cowboy band under the direction of E. L. Nichols. This organization will provide a half an hour of music for the introduction of the program. The people from all over the territory, both in Texas and Oklahoma are enjoying the parties that the merchants are throwing for their benefit. The city has officially designated this day as a special feature for the courtesy to our visitors.

The main event will be at Ave. D and Main and will be at 4:30 o'clock.

New Relief Set-Up Keeps Executives Puzzled In County

The county and district relief set-up with the new administrator has the executives in this district guessing. All the county board in Wichita resigned with the exception of Butler Westerfield, superintendent of school in Burkburnett. Westerfield was at Austin at this time where he is attending school, and it was impossible to get a statement from him. The county board resigned when the state board failed to give recognition to Mr. Bundy in the new arrangements over the entire district.

The new administrator appointed was Bella Williams. Mr. Williams was in Burkburnett Tuesday afternoon, and at that time he made no statement about the local offices. There has been the rumor of a complete shake-up in the whole county, but that rumor was not verified.

Farmers and Ginners Divide Over Courts Decision On Tag Law

Federal Court Of Appeals Will
Hear Pleadings On Case
September 10

The Farmers and Ginners of Texas as divided into two sharply defined divisions in the state this week as the result of the injunction granted in the federal courts at Sherman. The decision prevents the government from requiring the gins to keep the records on the handling of the cotton on the Bankhead allotment law. Last year the ginners estimated that the enforcement of the law cost the organization in Texas about \$3,000,000.00 and they asked for a 50c handling fee from the government. This fee was refused.

The ginners association entered the courts and asked for the injunction that would deliver them from the book keeping system. This was demanded and granted. The government then retaliated with a notice that they would hold up all tags that had not been sent out by the government.

The farmers became puzzled and indignant. They demanded that the gins withdraw their injunction. The gins that had not entered the suit also asked that additional tags be issued to gins that had not entered the combination for the suit. The other gins have maintained that the suit that will be taken on the 10th of next month will make it possible to clear the decision in time to handle this years crop without inconvenience to the farmer.

Knauth Announces Road Project For Burkburnett Area

F. R. Knauth secured the easements for the property on the widening of the highway from the river bridge to the city limits of Burkburnett, according to announcements received last week. The county commissioner has been working on the project for several months, and the actual work started on it early this week. The intention of the county commissioner was to prepare the highway in order that the visitors would have an adequate welcome when they enter the state for the celebration next year.

The state highway teams were granted to this portion of the county at the request of the local commissioner. They will widen the highways, rightway just as it has been widened between Burk and Wichita Falls. At the same time they will cut down the steep bank on the south side of the river so that north bound traffic will have a better view of the road during the trip. This view

HARVEST EXECUTIVE COMMITTEE ANNOUNCES PLANS FOR ELECTION OF QUEEN FOR BURKBURNETT FAIR

Help! Help!

Growing boys, especially boys taking a lot of exercise needs lots to eat, and coach Volney Hill is taking about 25 boys to Lake Kemp the 19th of this month. In order to satisfy the big demand for food, he has asked that the citizens that have a surplus of canned goods in their cellars to help the squad along. A committee of three have been appointed as responsible for the food gathering. R. D. Owens, Jingle Hayes, and Raymond Wallace are ready to receive any kind of canned foods. Corn, beans, peas, canned meats, pickles (beet and cucumber) and even some sweet foods like peaches and other fruits. Anyone that has any food that has been unused and in their cellar, just leave it at Owens-Brumley or see any of the committee.

Assault Charges Filed After Fight

Charges Dismissed in County Court
Monday by County Officers

After a fight in Burkburnett Saturday E. V. Thornton filed charges of aggravated assault in the County court against Arvin Dryden and Clifton Watson of Burkburnett and H. A. Stonecipher of Stringtown. According to the story of witnesses the accused taunted the Mr. Thornton and threatened to "whip him" for an alleged beating that one of the trio had received at Thornton's hands four or five years ago. Since that time he had been waiting to grow up in order to secure revenge.

Before the fight started the trio matched to see which one would start the fight. They seemed determined to finish the affair according to Thornton and other witnesses. After the melee had started the trio engaged in the combat, and during the fight a shovel and a peach tree limb was used.

Thornton was so severely battered that medical attention was necessary and he was carried to the Burkburnett Clinic where he received the attention of the medical staff there. After the fight Thornton first lodged a complaint in the local courts, and then not satisfied with the matter he carried his complaint to the county court in Wichita Falls.

The men engaged in the combat were arrested by the Burkburnett police Bill Stapp, Harris and Turner, and after examination released for report to the city court Monday. In the meantime the county complaint had been filed, and the Burk police re-arrested the two Burk men Sunday and turned them over to the county authorities.

Deputy Dick Chapman carried the prisoners to the Wichita Court Sunday afternoon. The third man had gone to Borger, and he will report back to the city court in Burkburnett as soon as he returns from the trucking trip. The two were reported to have filed cross charges against Thornton. Thornton lives east of Burkburnett and farms in that vicinity.

At the recommendations of the county attorney, Mike Anglin the assault charges were dismissed Monday afternoon in the county court. Dryden and Stonecipher were discharged.

\$100.00 In Prizes Offered For Fair

The farmers and citizens of the Burkburnett area will compete for \$100.00 in prizes at the exhibits at the Burkburnett Fair. The prizes will be offered for the best in poultry, cattle, horses and colts, agriculture products and the best balanced booth of the highest quality of a single farm. These prizes will be listed by the association in the near future.

The farmers of this district that wish to compete for the prizes have been urged to get in touch with the secretary of the local Chamber of Commerce, Herman Brown. The entries will be accepted up until the time of the fair, but the best demonstration space will be available for those who register early for the show.

Most Beautiful To Be Chosen By Popularity In Burk's Territory

Merchants Will Cooperate

History of Burkburnett Serve As Climax Of Celebration

Inviting all of the beautiful girls of the Burkburnett trade territory to participate in the popularity contest for the selection of a queen of Harvest for the fall fair, the executive committee of the celebration announced the plans for the event Thursday night in a meeting at the city hall with W. A. Roberts, chairman presiding. The queen committee, under the direction of Mayor Oscar Kemp, is issuing the bids to the people of the area.

In order to qualify the princesses must first secure a petition with 500 names on it, and for that petition they will receive a 1,000 votes for the popularity contest. After they have formally entered, they can enter the race by soliciting the votes from the people that trade in the city of Burkburnett. The merchants of the city will give the ballots to the people of the area, and the communities will back their entries by campaigning for the votes of the people of Burkburnett.

Merchants Cooperate

The merchants of the city of Burkburnett have announced that they are ready to assist in the plans that have been made. They are offering their services to the fair association. They have invited all the people of the area to enter as many princesses as possible in order to bring a large delegation of the royalty to the city for the celebration.

The winner of the popularity contest will be crowned the queen of Burkburnett on the final night of the fair, and she will be awarded a complete queens outfit for the gala celebration.

History of Burk

The coronation ceremony will be in the form of a pageant that will

(Continued on page 4)

Rotary and Lions Clubs To Play In Football Benefit

The Rotary club challenged the Lions to a Mother Hubbard game at the big benefit game to be played at the Stadium of the football field next Friday night, in a game that will be played for the benefit of the football squad. The members of the two clubs will play in dresses and the umpire will be one of the prominent club women of the city. This game will be the curtain raiser for

LET'S FIGHT

The Burk Motors Team challenged the whole area that the champion team as it stood could whip anything or any combination that the All-stars concocted. Now the All-Stars are objecting because the Burkburnett Motors teams have enlisted the aid of a Star pitcher. The smoke from the battle series is growing thicker and thicker. We'll match the winner with the winner of the Mayor-city manager squabble at Wichita Falls. Come out folks and see the big contest!

th evening of fun. All of the antics and gesture of the elaborate program will convince the public that a lot of talent has been lost by the softball league when they have overlooked so many of the staid business men of the club in choosing their teams.

The features of the evening, as previously announced will be the all star game that will be played between a team coached by Jingle Hayes and a team coached by R. D. Owens. These teams will draw their talent from the best of the city league. The lineups have not been announced, but each captain assures the anxiously waiting public that they will be the unbeatable teams.

Each will contact an unbeatable team, and the fans are very nervous about what will happen when two unbeatable combinations meet each other. The side liners are betting that there will be a very violent ex-

SOCIAL THINKING

Man's truest grandeur is attained when he transcends by his own power of mind, his most insistent human desires. He can stand free and unafraid, for his strength of soul is founded, not in an external world but in his own idea. When he becomes a creature, conscious of his natural endowment, he ceases to be a blind instrument of his nature and becomes a rational intelligent agent. For intelligence in the fundamental sense of the word consists of man's knowing what he is and what he can do.

We no longer think of our intellects as isolated units of independent existence, rather we think, or have come to believe, that our minds are important, and even vital, parts of a common medium. That medium is probably the universal mind, superimposed upon our fierce loneliness as an intricate fabric of mitigating circumstances or influences.

Therefore we have made our progress by the pooling of the concepts of our minds. This faculty of faith has made the present community in which we live a place fit to call home. We have tamed our selfishness long enough to think of the welfare of the whole rather than the unit.

That means social thinking. In this community, before very long the people will be called up to forget selfishness in a whole hearted cooperative movement. Some people will take advantage of the opportunity for selfish profit. For this selfishness we believe that they will inevitably pay a high price.

Since each of us is a member of the common unit of the universe, we must realize that any act of ours that violates the natural laws and ethics of that universe will some day react to harm us more than we ever gain. So think socially of your fellow citizen and community.

MUNICIPAL UTILITIES

Russia set an example for the world, when they placed the production of power into the hands of the government. Very few people who are experiencing a social phenomenon can understand what is taking place, and for that reason that ten men who gathered in the Vienna beer garden 25 years ago never thought that their ideas would some day determine the policy of a nation of 168 million people.

As soon as these men gained control of Russia under the Soviet regime, they seized the right, and sole right, to manufacture power. They did this because they had thought out the fact many years before, that the man or group of men in the modern industrial state, that controls the power sources, controls the state or nation. The most powerful weapon possible to place in the hands of any group is power. Under perfect conditions of control or monopoly, a group that controlled power could make society do anything that they wanted. A man refusing any order, would have his power sources shut off and his lubricating oil withdrawn. Then where would the machines and transportation units be?

For that reason the thinking people of the United States have watched with keen interest the president's program for control of Utilities. It would not be a wise thing to abolish all privately owned utilities, because that would place the dictatorial power in the hands of a government. As long as we had a beneficent government, that would be all right. However, we never know just when an evil man might get the control. If he did he would be in the strongest position in the world.

We do not think that there is much danger of such a thing happening under a democratic form of government, but the people who are experiencing the development of municipal and state owned electricity do not realize that they may be participating in a social change that will revise the world government units more than any war ever fought in the name of rebellion.

For that reason we would like to assume the role of a social philosopher and warn the municipal electric and utility units to keep their independence. The top heavy privately owned holding companies will fall one of these days, because it is too powerful for the democratic people of the United States to tolerate. Municipal utilities may some day be the best guarantee that we have for our political, social and financial independence.

TREES AT CEMETERY

Sunday afternoon the trees at the cemetery road from the Main highway appeared very beautiful. That is one of the most important things that our city has ever done. Under the direction of the highway committee of the local civic organizations, these trees were planted this summer. The time will come when we will be very proud of our thoughtfulness.

There is only one thing that can be done to improve the situation. If only by some means a row of trees could be secured for all of the entering highways of the city. It would be an expensive and hard job, but in years to come one that would pay dividends in beauty and utility that would be beyond calculation at the present time.

If there is one thing that the United States lacks, it is interest in re-forestation. Nearly all of the other countries in the world have laws regulating the planting of trees. Through the progressive policy of local citizens there has been a beautiful improvement in our city. But we have a lot to do yet, and we hope some one takes the responsibility of seeing that all our highways have trees by the time of the centennial next year.

Current Literature

This is the strangest period for literature reviewers that we have ever known. The public expects the reviewer to digest books so that they can talk about them without the necessity of having to read them. Some magazines have gained wide circulation because they give brief reviews of books. The people read the review and then pretend that they have read the book. That is the pertense that we resent. Real culture lies in appreciation of qualities of a book that you can't get from a brief review.

Further, the public expects review of only modern books. Some of the most delightful hours of our literary experience is in going back to spend a few hours with classics. We wish to devote this column this week to pointing out some of the old bits that have been neglected since out of high school or college days.

In the first place we believe that everyone ought to read a bit of philosophy occasionally. If you are tired of the regular routine try to absorb a chapter or two of Spinoza. He is great in any sense, but his philosophy will take a lot of our careless thinking out of our habits. The orderliness of his arguments based on math are like a fresh breeze in the jumble of modern writing.

There are a lot of people that neglected reading the Greek and Roman myths. These are more like books for children, but the average person would be surprised about how much real pleasure he can get out of the stories.

If you are religious inclined read the "Three Baskets" it will surprise you with a lot of beliefs that we thought belonged exclusively to the western world. Incidentally, among the most important parts of the teaching of the Nazarene are exactly word for word in the Zarathustra belief. Jesus must have come in contact with these people while he was rather young.

Most people will find that they like the old epic poems. There are twelve major epics in the world. The Persians, English, Greeks, Romans, French and Spanish as well as others have an epic poem resembling the English Beowulf. Each of these poems are the basis for real experience to the person that hasn't read them.

Our favorite poet is Keats. Probably it is because of his tragic life and early death that we are interested in him. But the exquisite beauty of his poetry has held us an abject worshipper for many years. If you wish sheer beauty and an exquisite song, read any of his poetry.

Thelma Hayes Becomes Bride of Roy Simmons

Miss Thelma Hayes of Wichita Falls became the bride of Roy Simmons of Burkburnett Wednesday in Wichita Falls. Both of the bridal couple are well known in Burkburnett and Wichita Falls, and they were married at the court house. Mr. Simmons has been a resident of Burkburnett for the past two months and previous to that time he lived for several years in Wichita Falls. The young couple returned to Burkburnett Saturday and they will make their home here. Mr. Simmons is connected with the C. H. Parker grocery in this city.

Five whites beat five Indians shooting bows and arrows. Probably because the depression reduced the white race to primitive practices.

News of Week

The "death sentence" for holding companies of the utility bill has probably met its defeat. Since it has been in office, the president has fought the utilities, especially power companies, from every possible angle. One of his most cherished ambitions was to dissolve the holding companies.

A holding company is one that owns or controls the majority of the stock in a given utility. Usually they own or control a large number of such companies. This controlling firm then establishes a bond company that finances by issuing bonds on the basis of the stock that they own to finance further spread of the system. By this process they develop a monopoly on the power sources. The monopoly makes their control of prices, service etc very strong. The president is demanding the abolition of the parasitic companies. Since the house refuses to pass the "death sentence clause" probably the legislation will be dropped until later session of congress.

Whispering Campaigns
Every man in public life is the victim of a "whispering campaign" sooner or later. President Wilson was accused of murdering his first wife. Harding was accused of taking an enormous bribe. Hoover was accused of stealing the gold from the treasury and depositing it in England. Now president Roosevelt is the victim of the same type of malicious and well managed whispering campaign. The thing that they are telling is that he is insane. Sooner or later every body expected some sort of story to make the rounds, but no one imagined that they would try to tell such a wild tale as that.

Futile Conferences
Italy was in the drivers seat at the meeting of the league of nations. She was asking for nothing—rather she was in a position to demand anything she wished. The result was that the two resolutions passed were victories for the Il Duce. The first allowed arbitration be postponed until late in September when Italy, France and England would thrash the matter out. The second removed the boundary delimitations from the dispute.

Cigar Boxes
Patton is ruined for politics as long as he lives. Whether that famous cigar box had cigars or something else, every time he runs for a public office, his opponent will make slightly and insinuating remarks about the cigar box and get the crowd laughing. That will be fatal for the politicians ambitions. It seems that some very trivial things defeat the plans of the strongest men.

Soak the Rich
The "soak the rich" tax measure passed this week in the house of the national congress. This bill is expected to bring in 250 million dol-

lars per year in an attempt to balance the huge expenditures that has been made for relief and recovery. If the bill passes the Senate, there will be the highest peace time tax that our nation has ever known. It has been bitterly fought, and is called one of the share the wealth parts of the program.

It is interesting to note that this tax on the incomes of the wealthy is enacted by a large majority. Some folks believe that the bonus measure will be added to it as a rider in the Senate.

Passing of Ranger
It is a sad thing to most Texans to see the old time Ranger pass from the scene. There is something essentially romantic about the man that got on his horse with two guns and went out to get his man. There are several stories of how these men went out alone to settle a war or a small revolution.

Now these men discard their hats and get in automobiles to meet the new machinery of crime. The reorganization was necessary. But the more romantically inclined could not help sighing for the good old days when the Ranger was a lone wolf that hunted his prey with two smoking guns.

PROPOSED AMENDMENTS TO THE TEXAS CONSTITUTION AUGUST 24

There have been a number of inquiries in the Star office about the constitutional election to be held August 24. This is a brief listing of the amendments. The election will be held at the city hall in Burkburnett August Lohoefer as

Proposed Amendment No. 1
PENSIONS
The proposition to be found on the August 24th election on Constitutional Amendment is the so-called Old-Age Pension Amendment.

The proposed amendment would give the legislature the power to pay these pensions to persons over the age of 65, who are unable to support themselves through their own industry or occupation. Those who are unable to support themselves through their own industry or occupation must have lived in Texas for a certain number of years, during the nine years preceding application for the pension. The legislature would have the authority to pass laws regulating local option elections.

Proposed Amendment No. 2
TEMPORARY COMMITMENT OF JURY
The proposition on the August 24th election ballot has to do with temporary commitment of jurors, preliminary to a trial.

The present constitution provides that everyone is guaranteed a trial by jury. It is impossible to commit a person to an institution or observation of a jury without the necessity of a jury. It has been pointed out that this is very inconvenient and that it is charged with a criminal offense. The amendment specifically sets the right trial by jury shall be preserved, but that in the case of insane persons a conviction may be had without a trial.

35,000 MOTORISTS KILLED
The year 1934 was an outstanding year for fatal motor car accidents. Statistics show that a large percent of car accidents were due to some mechanical failure. Avoid being one of these victims by driving careful and let us check your car for defects. We are equipped to make any kind of mechanical repairs. A trial convinces. Drive in.

finement period of ninety days for observation may be prescribed without the necessity of a jury trial. At the end of that time a jury would be had.

Proposed Amendment No. 3
REPEAL OF LIQUOR PROHIBITION

Probably chief interest in the August 24th election on the seven proposed constitutional amendments will center on proposition No. 3 on the ballot—the repeal of prohibition. The constitution, at present, prohibits the sale, manufacture and transportation of alcohol liquors (except 3.2 beer). This prohibition would be stricken out by adoption of the repeal amendment.

The proposed amendment specifically prohibits the return of the open saloon—and it would be up to the legislature to define the term "open saloon."
No machinery is set up for the sale of liquor. The legislature would have the authority to determine just who and just how liquor is to be sold. This could be done by the state monopoly or through private channels. The legislature would have the authority to pass laws regulating local option elections.

Proposed Amendment No. 4
SUBMISSIONS OF AMENDMENTS AT SPECIAL SESSION OF LEGISLATURE

At present the legislature can submit proposed changes in the constitution only at regular sessions—held every two years.

Proposition No. 4 on the ballot for the August 24th election would revise the constitution to permit the submission of amendments at special sessions. It is pointed out that in emergency cases, particularly on relief matters, that it might be necessary for Texas voters to vote on an emergency measure at a time, when the regular session of the legislature is not in session.

Proposed Amendment No. 5
SUSPENDED SENTENCE OR PROBATION AMENDMENT

Proposition No. 5 on the ballot of

the August 24th special election reads: "For (and Against) the amendment to the state constitution authorizing the courts to place defendants on probation."

Proponents claim that is this amendment is passed, many who are now sent to the penitentiary for first offenses will be permitted to enjoy suspended sentences under restrictions of the court.

The only restriction under the present suspended sentence law is the fact that the defendant must not be convicted of a felony—that is a crime punishable by confinement in the penitentiary. The judge or court has no control nor can it set up or impose any other restrictions.

Proposed Amendment No. 6
ABOLITION OF THE FEE SYSTEM

Proposed Amendment No. 6 on the ballot provides that the fee system as a method of paying certain precinct, county and district officials shall be abolished in counties having 20,000 or more population according to the last Federal census. The legislature will, if the amendment is adopted set the salaries for officials now receiving fees in such counties of under 20,000 population the Commissioners Courts may put their county and precinct officials on a salary basis if they so desire. The amendment does not specifically state who shall set the salaries of such officials in this case.

If this amendment is adopted all district officers must be compensated on a salary basis.

For discussion of No. 7 see front page editorial.

GIRLS TO PLAY FREDERICK HERE

The Burkburnett Pals will play the Frederick Girls in Burkburnett next Wednesday night. This is one of the series of games that have been matched for the benefit of the PTA. For the last few weeks the local lassies have been improving rapidly. They have two wins to their credit and are playing a snappy game of softball. They will have their full strength out for the local game, and the fans are invited to attend the contest.

The recent victory over Electra at Electra and the fine game that the Burk girls played against Iowa Park has won the admiration of the fans of this district. At the present time this team is receiving the most loyal support from the fans.

No human should ever be called a hog. When a hog has all it wants it doesn't want any more.

OLD-FASHIONED SIMPLICITY

TELEPHONE SERVICE in this country is modern. It leads the world. Yet there is an old-fashioned simplicity about the Bell System. This applies to capital structure and financial methods as well as to the nation-wide plan of decentralized operation under centralized control.

The American Telephone and Telegraph Company has only one class of stock and that stock is not watered.

It has 675,000 stockholders living in every corner of the land. Their average holding is twenty-eight shares. No individual or organization owns as much as one per cent of the stock. There are no secret reserves or hidden assets.

This structure is not of recent origin, but dates back many years to the early days of the telephone. It has lived on because it is right and in the best interest of the public. It has been fundamental in making the Bell System a distinctive American business.

In the Bell System, the American Telephone & Telegraph Company is the parent company, and operates the long distance lines connecting the 24 regional Bell companies. Bell Laboratories carries on the research work; Western Electric manufactures, purchases, and distributes.

Without this specialized organization back of the men and women of the Southwestern Bell, telephone service might be possible. But it could not be service as uniformly good, as quietly accurate, as far reaching, and as inexpensive as the service you know today.

SOUTHWESTERN BELL TELEPHONE CO.

Young Matrons Class Entertain At Home Of Mrs. Gilchrist Tuesday

In a brilliant social affair at the home of Mrs. B. F. Gilchrist the Young Matrons Class entertained the members and visitors of the class Tuesday night. The joint hostesses were Mesdames J. B. Riley and Janet Riley, Hal Goodlett, George Parker, Ruby Finch and La Rue Finch. The meeting was the combined social, business and study meeting of the organization. The members of the class participated in the program and the entertainment.

The business session under the direction of Mrs. Gilchrist was opened with prayer by Rev. Hays, and Mrs. A. H. Lohoefer gave the devotional. The feature of the program was the talk by Rev. Hays who spoke on "The Building of a Good Sunday School Class." His talk was interesting and included many helpful suggestions for the work of the organization.

Juanita Carver and Lela Mae Pinkston gave a violin duet. Myrtle Mae White and Doris Francis Magers gave a series of readings. A number of interesting games were played by the members and visitors. The entire evening's program was well balanced and delighted the large crowd of persons present. The program was under the direction of Mrs. Kent. The party was held on the lawn at Mrs. Gilchrist's home.

The refreshments served were ice cold watermelon. Those present were: Mesdames B. F. Gilchrist, B. M. Gilchrist, Betty Jo Gilchrist, H. S. VanCleave, N. V. Ballard, H. B. Buckalew, J. H. Bently, C. R. Graham, H. C. Ellis, H. A. Goodwin, Ray Mills, Crowell, Murphy Dean, A. C. Harris, D. H. Gregory, Dot Busby, Raymond Hunt, Myrtle Lewallen, M. B. Hays, Glen Bear, H. L. e Clifton, A. H. Lohoefer, N. R. Vaught, Fred Brookman, Sam Davis, R. W. Kent, John Brookman, J. B. Riley, Hall Goodlett, George Parker, Ruby Finch, and Misses Edith Wagon, San Angelo, Doris Francis Magers, Juanita Carver, Myrtle Mae White, Lela Mae Pinkston, La Rue Finch, Janet Riley and Rev. Miles B. Hays.

Burk Firemen To Invite Meeting Here Next Year

Elaborate plans have been made by the Burkburnett Volunteer firemen to capture the convention for

Burkburnett next year. The convention for this session is meeting in Plainview next Monday, and the city will be well represented. The district includes all of the Northwest portion of the state, and several hundred firemen are expected to be at the association.

The plans for the convention has been under way for some time. The local organization will have floats banners and personal invitations before the convention during its entire session. The president of the district organization is J. J. Blackstone, fire marshal of Burkburnett. He will leave for the convention Sunday afternoon. There will be several others that will follow him on Monday. Frank Kelley, Jack Kelly, chief, John Musick, an several others have expressed intention of attending. The Burk Chamber of Commerce has sent invitations out to the fire departments all over the district asking for the convention for the next session.

If the convention is brought here it will bring several hundred firemen to this city on the days of the meet. The city will have to make provisions for the entertainment of a large host of people.

Burk Centenarian

(Continued from page 1)

a matter of a few months. While at the Erath farm an Indian raid scattered the colony and wiped out most of the population. Mrs. Wilhoit was left alone with her two children, two and a half and four months old. In order to return to her home she walked, carrying the two children with her. She caught a few rides and after many weary weeks was back at the place where she met her husband.

This couple moved on westward. They lived in Floyd, Young, Hill, counties, in Newhome, Texas and in New Mexico for a while. A few years ago they settled in Floydada, where they stayed until the death of Mrs. Wilhoit in 1933, Christmas.

Independent

These sturdy two pioneers would be an example to modern people. They lived under the most severe circumstances. They never asked the government for a dime. Until after Wilhoit was 100 years old he farmed his own land, and his wife kept house and cooked for her self.

That characteristic independence is what made the history of our state a glorious thing. They loved the new state, their home. They fought for it, lived for it, and would have been willing at any moment to die for it.

Now Mr. Wilhoit, still active and alert, sits in a rocking chair watching a dizzy world speed by. Probably he envies our opportunities, but we too envy the glorious part that he had in making all this possible for us.

There is one ambition that the pioneer has. That is to live and see his state celebrate the hundredth birthday. The whole city of Burkburnett joins in with him in the prayer that he will see that glorious day.

At the present Mr. Wilhoit lives near the three way filling station on the west pavement, with his son Mr. George Wilhoit. There are seven other children, 39 grandchildren, 40 great grandchildren, and two great-grandchildren.

When asked the cause for his long life, the pioneer said that it was nothing extra. They had just lived a normal life and had worked hard with plenty of good food. The fact that he hadn't even taken any coffee until recently might have helped. The mother of the centenarian lived to 110. He is of Dutch descent and of a hardy family.

REVIVAL TO BE HELD BY BAPTIST

Rev. A. C. Mowery announced this week that he will start a revival at the Gulf Club house. This club is located one mile south of the Gulf tank and the location is very convenient to all the people in the district. The meeting will start Sunday night, and will last indefinitely. The preaching will be by Rev. Mowery, and the direction of the singing of the meeting will be by Mr. Dot Busby of the First Baptist Church of Burkburnett. The minister and the congregation have issued a special invitation to all the people in the area that are interested in religious meetings to attend. The cordial invitation was issued by the pastor.

Harvest Festival

(Continued from page 1)

depict the history of the city. This pageant is written and directed by Curtis Cook. There will be complete history as it is possible to present and at the same time hold the ceremony to a short period.

The pioneer scenes, the coming of the railroad, and the various developments that have added to the civic pride and beauty of the city will be portrayed in the drama. Among the interesting and unique angles to be presented will be the actual participation in the play of people that made the history of the city.

The members of the executive committee present were W. A. Roberts, Oscar Kemp, J. W. Butz, R. C. Tevis, Henry Prinzing, Herman Brown, E. L. Nichols, John Musick and M. D. Dean.

Additional committees appointed include J. W. Butz and M. C. Tucker on the committee with M. D. Dean and Jack Brumley to arrange the building for the fair. Frank Kelley was appointed as manager of the livestock division of the fair. The queen committee of Oscar Kemp, Jack Brumley and E. L. Nichols was given the authority to have the ballots made and distributed. Curtis Cook was appointed to arrange and cast the play of the history.

Herman Brown was appointed to secure the coops that will be used in the exhibition of the chickens. The coops will be borrowed from the county fair association of Iowa Park. The ballots for the fair will be at the Chamber of Commerce offices. Any person, club, church or group that wishes to enter a princess in the competition have been asked to get in touch with the secretary of that organization.

Thrilling Western Solves a Mystery

Tom Keene, dashing hero of RKO Pathe Westerns, and his director Fred Allen, maintain their high standard they set in "Freighters of Destiny," in "Partners," which manager Logan will present for Palace Theatre audiences Friday and Saturday. Telling a very human story that has more than its share of heart throbs and suspense, the picture moves swiftly, maintains interest at a high pitch and provides thoroughly enjoyable entertainment.

Dick Barstow, a young horse rancher, befriends Bud, the grandson of a traveling peddler, and makes the boy his partner. The peddler loans Dick the money to pay off a mortgage. When the old man is murdered, suspicion falls upon Dick because of his possession of the money. Dick escapes from the sheriff in a mad chase and a host of complications ensue in which comedy and thrills alternate as the hero aided by his kid partner, strives to solve the murder mystery.

A deer followed a Montana man home and his wife called the police even if it was a deer and not a deer that did the following.

Burk Motors And Barrow-Grace To Play Game Mon.

The employees of the Burkburnett Motors company and the Barrow-Grace Chevrolet company will play a game at the Softball stadium Monday night. The members of the two teams will include the negro employees of each company. The colored people of Burkburnett have been invited to attend the game and a section of the grandstand will be reserved for them. The negro players will add much color to the already interesting contest. Much rivalry has been worked up between the representatives of the two companies.

Barrow - Grace Salesmen Attend Wichita Meeting

Mr. C. B. Grace of the Barrow-Grace Chevrolet company was in Wichita Falls Thursday, August 1, where he and members of his selling staff have been attending a special mass meeting in connection with the "Ride America" demonstration campaign which the Chevrolet Motor Co. is staging during the month of August.

Plans for demonstrating the performance and exceptional riding qualities of the 1935 Chevrolet to millions of potential buyers were outlined at the meeting by John Stagner, Chevrolet representative. By maintenance of peak production in the Chevrolet plants, deliveries can now be made more promptly than at any time heretofore this year, it was announced at the meeting.

The assurance of prompt deliveries said Mr. Grace was certainly good news to us. As any model can now be obtained without delay, it is a logical time to put on a real demonstration drive. A ride in a Chevrolet is a revelation in smoothness, comfort, and ease of control, and an experience which no one considering a car can afford to miss. Add to this the economy and durability which our owners find so gratifying this year, and you have the explanation of the shortage which is only now beginning to abate.

Accompanying Mr. Grace were Will Teal, G. E. Nihart, Dave Revier, W. C. Hill, Earl Weaver, Bryan Crockett who will aid him in the local staging of the "Ride America" demonstration campaign.

Dr. Shores Returns To Burkburnett To Start His Practice

Dr. Lewis Shores, D. C., returned to Burkburnett this week to re-establish his practice here. He will be located at 126 Ave. C at the corner of First Street. The former Burkburnett Chiropractor invites his many friends and patients to visit his office. He returns here to the practice of chiropractic. Dr. Shores is also the certified and authorized distributor of Radio Active products and other health rejuvenation preparations, for Wichita County. The Schoenfeld Laboratories and the Radio Active products company, Southwestern district, Dallas Texas. These products can be obtained only from authorized and appointed representatives.

Whitesides To Conference At Methodist Church

Warren T. Whitesides, preacher of the Wichita Falls Methodist church will attend the quarterly conference of the church Sunday afternoon at 1 o'clock, according to the report of the pastor, Rev. J. M. Ward. The presiding elder at the morning service, will hold the quarterly meeting at 10 o'clock. The meeting is the most important business of the church organization for the three months period. The members of the conference are urged to attend. The services of the church will be regular during the week. The speaking at the evening service at the school and young people meeting will be held at regular intervals.

Rotary Club

Janice Butler presented and led two young artists of the club in the program before the club meeting at the base of the First Methodist church. The program was under the direction of C. P. Logan, and Miss Butler for the first time. Clara Mae Jenkins entertained the members of the club with a series of clever stunts. Miss Alexander sang a series of piano solos.

Labor Auxiliary Has Melon Feast

The members of the labor auxiliary of Burkburnett held a kid party and watermelon feast at the City Water park Wednesday afternoon. The prize for the best girls costume was won by Mrs. K. L. Knight and for best boy costume by Mrs. Hurchel "Speedy" Pierce. The judging was done by Mrs. M. W. Majors. Many games that carried out the motif of the "kid" theme of the party by the group. There was a large number of people present, and they enjoyed melons after the afternoon's entertainment.

Harvey Wins Game in America

Harvey, dubbed Europe's "Cocktail," who won the heart with her recent "I am Suzanne" and "My Love" is co-starred with the new lover, Tullio Carmichael, in Columbia's "Let's Live Tonight," which heads the program at the Palace Theatre Saturday midnight.

"Let's Live Tonight" she will be seen as an American girl, summering on the Rivera, who meets and falls in love with Carminat, a Don Juan of the Mediterranean with a decided disrespect for real love. Disheartened at his cold cynicism, Miss Harvey reluctantly accepts the ardent attention of another—only to discover that his is Tullio's brother. It is a touching predicament for our hero and heroine, but author Bradley King and senarist Gene Markey come to the rescue with a novel and interesting denouement.

Fred Fewin Ja. Is Honoree At Party

Freddy Fewin Jr. was the honor guest at a party given Tuesday afternoon by his mother Mrs. Fred Fewin. Following a number of games including a treasure hunt, rewarding all balloons, each guest presented an attractive gift to the small host. The occasion was the 6th birthday of Freddy Jr. The refreshments served on the lawn were to the following: Misses Wanda Ensey, Betty Lou, Jackie, Elsie, Bradshaw, Mary Ellena and Iva Joe Fields, Mable Colborn, Reva Johnson, Doty Kent, Gwynda Stevenson, and Masters W. C. Kiesling, H. C. Staggs, W. M. and Rayford Young, Hugh R. Fewin, Bobby Hayes, Raymond and Garland Johnson, Bobby Jene Colborn, Edward Bankhead Jr., Junior Ensey, Pete Jeffers, R. J. Fields, and E. W. Stevenson. Mrs. Andrew Bazell, Mrs. R. R. Johnson, sent gifts and presented Freddy with the birthday cake.

Lions Club Stage New Members Race

The members of the Lions club planned the race for attendance and new members at the meeting Tuesday night. Leonard Mattingly and RRay Ruffing were appointed to lead the groups of contestants. The attendance will start with one point, new members, five points; and visitors 1-2 point. The contest will run until the second Tuesday in September and the winners will be the guest of the losing team in a feed at the Water Park.

The Lions accepted the challenge to play the Mother-Hubbard game with the Rotary club at the benefit game Friday night. Frank Kelly was appointed to manage the players at the contest. Randle Watkins, Joe Majors and Roy Magers were appointed to arrange a coop for the transportation of consistently absent members to the meeting.

The members of the delegation to Mexico city convention gave reports.

Luther Caffee reporting on the convention proper and told of the working of the convention program including the stunt night, flag ceremony, singing and speeches. Wylie Browning gave some sidelights on the program and entertainment. He spoke of the impressive memorial services.

Randle Watkins told of the bull fight that was held, and said that the fighters were the most graceful athletes that he had ever seen anywhere. Johnnie Anderson had given a report previously on the trip to

the city of the convention. All of the delegates said that the convention emphasized international relations. That the people who attended such meetings would find it easier to understand the Mexicans and to keep peace with them. The Mexicans were considered the most courteous people that they had ever met.

Hepburn and Boyer Tense Romance In "Break of Hearts"

Really soul-stirring love scenes have been enacted for the camera between Katharine Hepburn and Charles Boyer in "Break of Hearts" which comes to the Palace Sunday and Monday.

While Boyer, idol of the French stage and screen, has been hailed as one of the great lovers of films, Hepburn never before has been cast in a role that offered her so great an opportunity to display her talent for romantic love.

"Break of Hearts" tells the story of a young composer who marries a famous maestro but leaves him when she believes that her love is no longer necessary to him. His plunge to the depths of despair and his regeneration through her love make an enthralling picture.

A woman is a person who thinks you should forgive her because she isn't mad any more.

"Love may be blind", but it seems perfectly able to see the dollar mark.

They say children of the poor develop faster. Of course. What rich kid of 18 months can hold his own hotdog.

Times surely must be getting better. Fewer men are spending their time telling what the country needs.

Burk Motors Can Cinch Tie Soft-Ball By Two Wins

May Win Championship This Week By Taking Both Games On Schedule

The fast moving Burk Motors may win the pennant of the softball league and sew up the championship of the whole season by winning two of their remaining games. With a 3 1-2 game lead and only five more games to go the first half championship is in a good position to make certain a tie and possibly a championship by a double victory this week. The champions won the first half when they played for fifteen wins and three losses to tie with the Barrow-Grace Motor Company.

Then in the single play-off they crushed the Knee-action team by a huge score to win the championship. There is one game in the second half that is under protest. The last game with the Thaxton team that ended in a 33 to 10 squabble was played under the protest of the eligibility of a player on the Burk Motors. The executive committee of the league has the protest under advisement.

The upset of the week was the victory of the Bell Oil and Gas team over the Magnolia on Monday. This game ended like many of the Magnolia games with the Bell eking out a victory in the last inning. This last inning jinx of the Magnolia continued when the Barrow-Grace won the game this week from them 12 to 11. The Barrow-Grace came from behind to win and take the important contest after the two teams had seen-sawed for several innings.

Big Game

Magnolia and Burk Motors meet for the big game of the week next Monday when they play in the afternoon. These two will either solve the championship puzzle or postpone it a few days. The slaughter of the Thaxton by Burk Motors 33 to 10 was the most insane game played at the park this season. The game was a flop so far as producing an interesting ball game, but it made up in laughs what it lacked in ball playing.

Bell took the second game of the week, and Skelly broke into the win column again by defeating Texas company. Thaxton defeated Skelly and Barrow-Grace moved up close to fight it out with Magnolia for the second place in the league. These two teams have a chance to tie for second place.

Magnolia took a game via the forfeit route Monday afternoon when the Tucker crew failed to gather a full squad for the game. However, the group played an informal game. The second forfeit of the same day, and the first double forfeit of the year came Monday night when Burk Motors failed to gather a squad for the play. After the forfeit an unofficial game was played. This was the first loss that credited to the Burk Motors. It tightened the race slightly, and caused the Magnolia to gain a full game, but it did not appreciably affect the race. However the loss made it possible for both the Magnolia and Barrow-Grace to stay in the race and have a slim mathematical chance to win.

Standing	G	W	L	Pct
Burk Motors	11	10	1	.909
Magnolia	12	8	4	.667
Barrow Grace	9	6	3	.667
Bell	10	5	5	.500
Skelly	11	5	6	.454
Thaxton	11	4	7	.363
Texas	10	3	7	.300
Tucker	11	2	10	.181

Wolf To Confer Degree In Masonry In Burkburnett Mon.

M. W. (West) Wolfe, former resident of Burkburnett will be on the special program here Monday night August 12, that will feature the conferring of a degree in masonry at the hall of the organization. The meeting will be at the lodge 1027. Mr. Wolfe has expressed a desire to meet all of his old friends in Burkburnett and they have been issued a special invitation for this meeting. Mr. Wolfe was a resident of Burkburnett for about 20 years, and at the present he lives in New Mexico.

Burk Ramblers Upset Wichita Team

The Burkburnett Ramblers kept the honor of this city clean last Wednesday night when they upset the touted Perkins-Timberlake team of Wichita Falls by a 10 to 3 victory. The Burkburnett boys played the famed "No-Hit" Marris. Harris is the only pitcher of the big league of Wichita that has pitched a no-hit no-run game at Wichita this year, but the Burk boys hopped on him and batted the ball all over the lot for 13 hits and 10 runs.

The local boys played a jam-up ball game to win the contest. They played by far the best game of the season. The crowd approved of the game heartily.

Relief Clients Must Be Examined In Burk For PWA By Doctors

All of the relief clients have been given notice by the federal government that they must appear at the local relief headquarters during the next week for physical examination by the local doctors. The government is requiring medical certification on the ability of every relief client, according to H. D. Smith. Mr. Smith received word this week that he would have to list all of the local men and women with the government appointed doctors.

The clients have been asked to appear, and they will be given certificate to some local doctor. The doctor will return the notice to the government about their physical condition and this list will be turned over to the NRS. The NRS WILL TURN TO PWA all the men and women that are able to work. These that are physically able will be placed on some of the federal projects.

The patients will be classified according to three classes. A—Those able to do heavy manual labor. B—Those able to do light manual labor. C—Those able to work, but manual labor. D—Those able to do no work or physically unable to work at all.

Boys Team Wishes A Sponsor Of Games

The boys team called the Ramblers wishes a sponsor for the remainder of the year. This team has been playing some very fast softball, and they include the victory over the touted Wichita team among their victories. If there is any person on group that wishes to sponsor them, they have been asked to get in touch with the members of the team some time in the near future. The team has on schedule several interesting games both in and out of town during the rest of the season.

Library Sends 100 Books To Binders

One hundred old volumes were sent to the binders in Denver, Colo., this week by the library of Burkburnett. These books are mostly of the volumes that were donated by club individuals, and they have seen service long enough to become loose. They will be ready for shelves in a few days. The library appreciates all of the books that have been given by individuals, and they will put them in good binding so that they can be issued to the public.

YWA Meets Monday At Baptist Church

The YWA's met at the First Baptist church Monday night for the regular program of the society. The meeting was opened by the singing of "Rescue the Perishing". Devotional prayer was led by Bernice Smith. The president directed the service. The interesting program was presented concerning the subject "Women of the World" by the members of the society. The closing prayer was by Mrs. Miles B. Hays.

Watermelon was served to the following: Bernice Smith, Gladys Pinkston, Fern McCaig, Gladys Smith, Thelma McCaig, Katie Mae Taylor, Modene Pinkston, Goldie McCaig, Bonnie Dell Smith, Irilla Barton, Georgia Parker, Mrs. Hays, Mrs. Kent and Mr. Jackson.

Legion To Hold Annual Election Mon. Aug. 12

According to the announcement of Adge Johnson, commander, the American Legion of the Oscar Frye Post of Burkburnett will hold the annual election of officers at the Legion hall Monday night, August 12. The officers have urged that all members to be present as there will be a regular business session in connection with the meeting that will present several important business matters for the consideration of the organization.

Fist Fight Causes Arrests Saturday

The second fist fight of the weekend culminated in the arrest of two combatants on Main street and Ave. B Saturday night. The quarrel started when a collection agent from Wichita Falls challenged one of his clients in Burkburnett. The son of the client took up the fuss and a merry battle followed. The men were separated and arrested. Afterwards they were released on bond to appear in the justice peace court Friday morning.

Paul Ruffner Is Promoted In Houston

Paul Ruffner, formerly of Burkburnett, the son of Ray Ruffner has received a promotion with the Duncan Coffee Company in Houston, Texas. According to word received here Ruffner has been working for the company for a little over a year, and now has been placed in charge of the green coffee. This is a serious responsibility, and he will have the duty of receiving and cupping all of the shipments from the south. Ruffner graduated from Fairview school last year.

Parents and Other Dependents Secure Veteran Benefits

According to a story released by the commander of the Oscar Frye Legion Post, the parents and dependents of men killed in action are due benefits from the U. S. Government. There are many people who should justly receive these benefits and are not aware of the fact that they could receive them. The government is willing to pay when proper application is made, and Adge Johnson has announced that his organization is willing to examine the claims that any one may have, and assist in the application for the benefit.

Mr. Johnson noticed the following clipping in the Austin paper that illustrates how many persons are not aware of the claims that they have: Mr. and Mrs. John Creaton of 306 East 11th street, learned in late August, 1918, that their only son, Leroy Bats Creaton, had been killed in action at Hill 212 in France. They have been receiving monthly payments from his insurance in recent years, but only Thursday learned they might receive also a federal benefit amounting to \$35 a month, simply by applying for it.

Meanwhile life has been hard for the Creatons, who are 80 and 72 years of age. They own their home, but getting along, even for old folks, on a limited insurance income isn't easy.

Wynn Goode, State Service Officer of the American Legion, who has his office on the first floor of the State Land Office Building, Thursday filled out the application which will make life a bit easier for them. Mr. Goode, has been doing this for six years, as State Service Officer, and his predecessors in office have been on the job since 1924.

Any widow or orphan of a World War veteran killed in action or who

dies as a result of war injuries or any dependent parent of such a veteran is entitled to a monthly benefit payment upon making application, Mr. Goode said. Though this fact has been widely advertised there are yet many like the Creatons of Austin who do not yet know about the service, he said.

Dance At Elks Club Thursday Night 9 p. m.

A special dance featuring the music of Wilson syncopators will be given at the Elks Club hall in Burkburnett Thursday night, August 8. The dance will start at 9 o'clock and last until the crowd is content. There will also be a dance on Saturday night, August 10, starting at the same hour. These two dances are featuring excellent orchestras and special musicians.

Booths Offered By Festival Comm.

The festival committee announced Tuesday that they were renting the booths in the fair building to the advertisers and business concerns of this district. Booths will be placed in the building at the fair that will be the old Chevrolet building. There will be only a limited number of booths and will be sold for \$25 each. Those companies interested have been asked to contact J. W. Butz, chairman of the festival committee.

The committee also announced that the booths for the agricultural department would be built from the material donated by the Katy railroad. There have been offered by the representative of that company

What is the yardstick for a cigarette...

Take mildness for one thing—how does it measure up for mildness?

Chesterfields are *milder*—not flat or insipid, of course, but with a pleasing flavor.

Then take taste for another thing—does it have *plenty* of taste?

Chesterfields taste *better*—not strong but just right.

In other words, They Satisfy—*that's my yardstick for a cigarette.*

Chesterfield... the cigarette that's *MILDER*
Chesterfield... the cigarette that *TASTES BETTER*

Big Rabbit Creek

August 4, 1935

Last Sunday a fine birthday dinner was given in honor of Mr. Jess Kinnard. The fine dinner was served at their home. Everything was on the table to eat that the heart could wish. All of Jess' brothers and their families were present. Mr. and Mrs. Lee and family and Raymond Flowers the eldest son of Mr. and Mrs. Edith Flowers attended the birthday dinner. Everyone remained until a late hour, and as each one departed for their homes they wished Jess many more birthday dinners.

We farmers, have been for several days having some hot winds and some awful hot and dry weather. Believe me, this hot, dry weather is sure telling on the cotton all up on the high lands, but down on the river the cotton is looking fine and all feed stuff is heading out.

Mrs. Ed Owens accompanied Ed

down to visit Mr. W. H. Martin Sunday morning.

Charlie Nails and his boy friend Edgar Harris called on the Owens family Sunday.

Mrs. Jess Kinnard and children left Friday for Duncan, Okla., to visit with her sister and family for ten days or so.

Mr. and Mrs. John Ashton and daughter motored over to Madill, Okla., Sunday to spend the day visiting with relatives and friends.

Mr. Bob Williams' sister who lives out in California is visiting her brother Bob and family.

It seems as tho birthday dinners are getting to be the leading thing as Mr. Jack Williams who lives in Randlett and who is a brother of Bob Williams was given in his honor Sunday a fine birthday dinner. Over fifty relatives and friends attended the big dinner.

Mr. and Mrs. Bridges and family were shopping over in Burkburnett Saturday. They reported a big crowd in the city and lots of business was handled by all business firms in the city.

To all of you Burkburnett nimrods and sports. Fishing is getting good over on this side of the big pond, as Mr. Ben Eiter and several others who lives up in Randlett went fishing one day of last week and captured a 66 pound yellow cat fish.

The writer has been informed that Mr. and Mrs. Fred Hooper, the daughter and son-in-law of Mrs. W. H. Martin have purchased a new Buick car, a roadster.

Mrs. D. C. Jones and her daughter, No Quida, was shopping over in Burk Saturday.

Hawkeye wishes to state that some Saturday before long he and his brother John are coming over to Burk. They will come with the in-

tention of taking in the city regardless of their big law (the chief), as it has been a long time since they have seen their old friend (Bill.)

HAWKEYE.

Baptist Missionary Societies Study The Problems Of Japan

The members of the Women's Missionary Societies of the First Baptist church studied the topic "Lifting the Banner in the Land of the Rising Sun" at the meeting of the combined circles in an all-day meeting at the church Monday. The morning session was opened by the song "Fling Out the Banner," and Rev. Miles B. Hays gave the devotional from 1 Cor. 5, 1-8. The pastor also led the devotional prayer. A series of interesting talks by the members of the society were given. Those speaking included Mesdames Cheney, Craig, Teal, Davis, McMurtry, Robertson, Walker and Whitesides. A delightful luncheon was served

by the Morgan circle. This circle was hostess to the remaining members of the society. They presented a lovely luncheon served in the church basement.

The afternoon session was opened by a devotional lesson from the 1st Psalm led by Mrs. Carnes who also led in the devotional prayer. The session was devoted to the routine business of the organization. The reports from the general chairman of the society and from the associate committees completed the business.

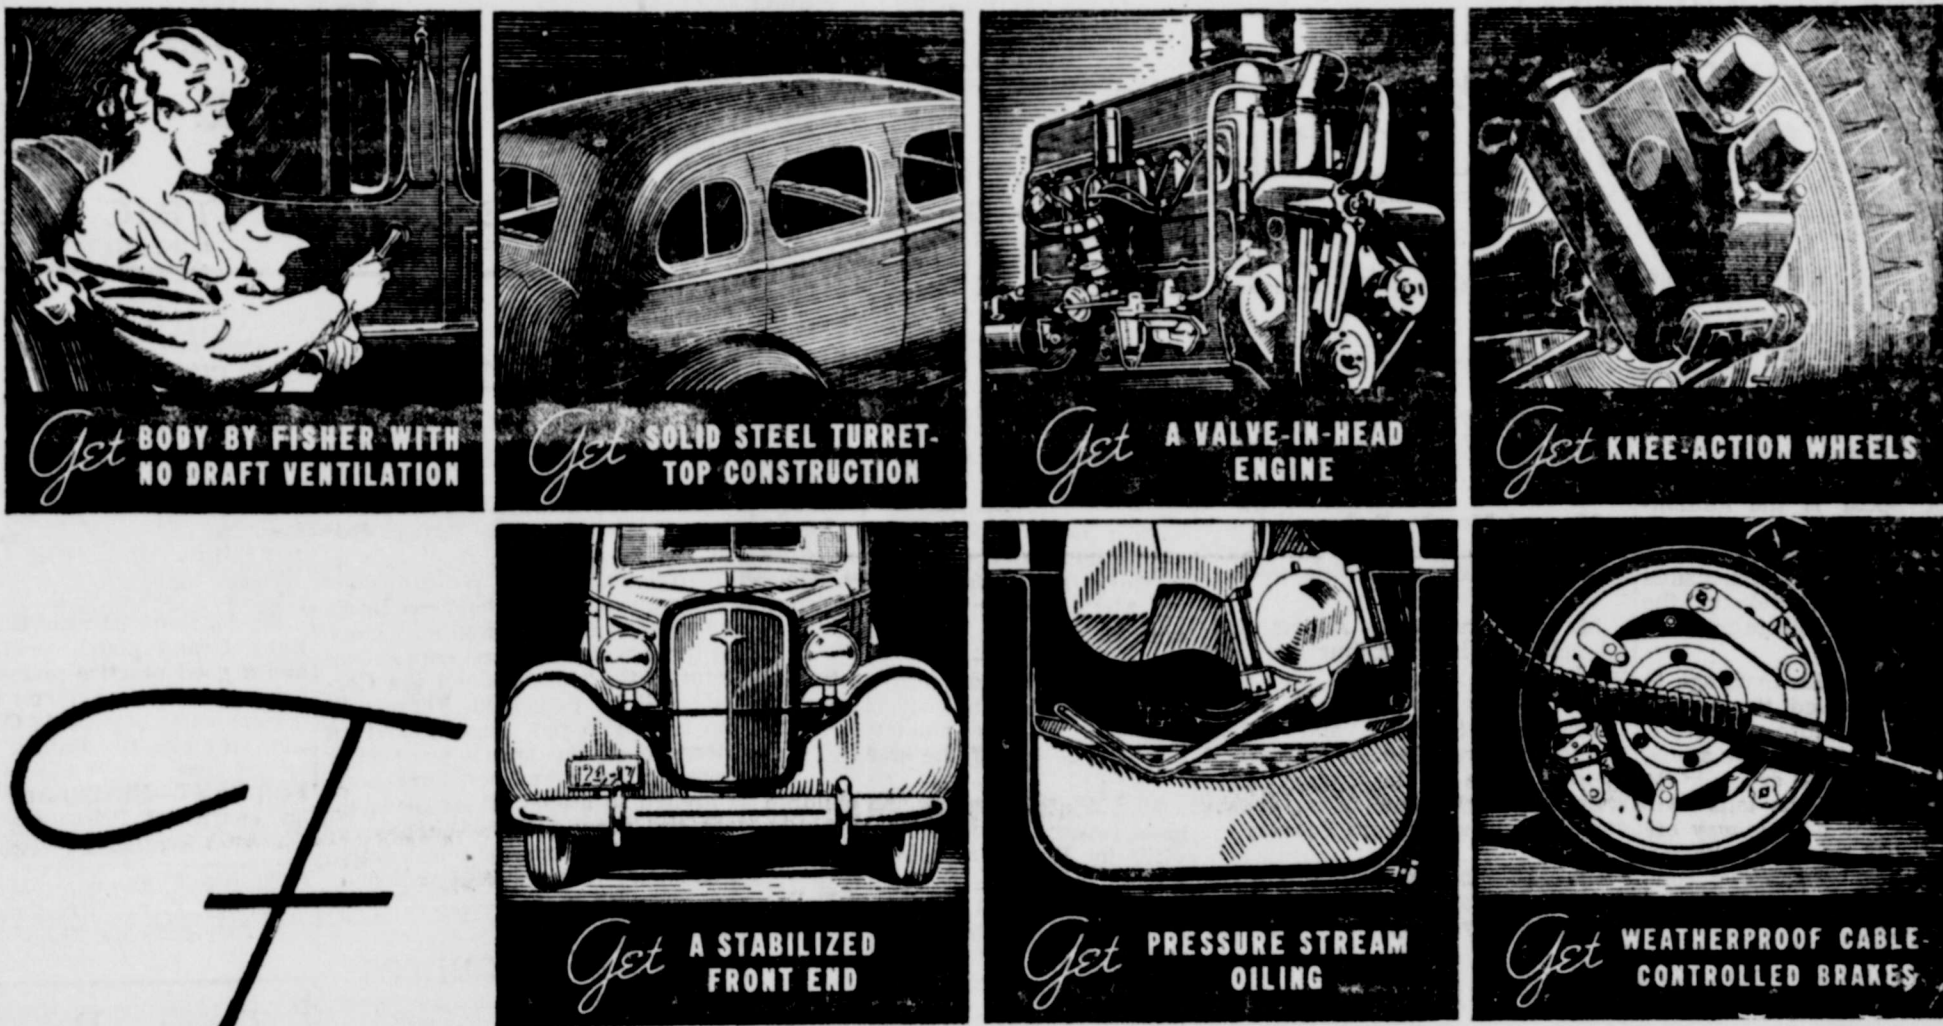

Fire Truck Makes Call Friday Morning

The city fire truck made a hurried call to West Main Friday morning to the scene of an automobile fire. The fire was caused by a short in the battery wiring and was extinguished before a large amount of damage could be done. The chemical apparatus of the unit was used in the call. There was practically no damage in the blaze.

Take A Look At This---

Citizens may derive satisfaction by comparing electrical rates of the Hardin Municipal Light Plant with those of other communities.

Rates of fifteen towns in this section of the State (Iowa Park, Electra, Wichita Falls, Archer City, Olney, Henrietta, Bowie, Seymour, Jacksboro, Graham, New Castle, Megargel, Nocona, Vernon, and Chillicothe) with an average population of 5687 were averaged, and a comparison of these averages with the rates here are highly gratifying. Burk Burnett's population is 3281.

Such rates as apply locally have been made possible by the erection of a municipal light and power plant. The comparison follows:

Burkburnett:

Min.	13KW	15KW	25KW	40KW	100KW
	\$1.00	\$1.08	\$1.67	\$2.34	\$5.04

Average

Min.	10KW	15KW	25KW	40KW	100KW
	\$1.25	\$1.64	\$2.32	\$3.13	\$5.51

"WE OWN OUR OWN AT HOME"

ROBERT YOUNG, EVELYN VENABLE SCORE LAUGHS IN UPROARIOUS COMEDY

To his dignified father and brother, Tony Spear was an embarrassing responsibility. To Josephine Spiggins, the brother's fiancée, he was a delightful companion. This is the gist of the riotously funny plot of "Vagabond Lady," the Hal Roach-M-G-M production playing at the Palace Theatre Tuesday and Wednesday.

Dignity, His Motto

The elder Spear is the millionaire owner of a department store, whose motto is "Dignity—Always." Josephine's father an irresponsible character, is Head Janitor of the store, and a former college mate of his boss.

John, in planning his marriage to Josephine, has stressed the importance of dignity, culture and poise. But when Tony arrives on the scene, after a round-the-world cruise in an ancient sailing vessel, he tells "Jo" that "tomorrow" is a long way off so "today" should be enjoyed to the fullest. The result of the two conflicting philosophies is humorous—at times dramatic.

At any rate, it results in complications. Especially so, when "Jo" and Tony discover that they love one another. Further grief results when some boisterous companions and Tony's drunken Man Friday, a sailor named "Corky" upset the applecart and put Tony in a bad light with "Jo."

The situation is finally straightened out when Jo's habit of chewing gum drops upsets the wedding ceremony, driving John frantic. Tony finds it easy to talk John out of the marriage idea and then proceeds to annex Jo for himself.

Personal Mention

HAIR CUTTING, 25c by a licensed operator at Mrs. King's Beauty Shop. 51-1tc

Billie Adams of Wichita Falls visited in Burk Burnett Tuesday.

Mrs. Floyd Jackson of Walters was visiting in Burk Burnett Wednesday.

Owens-Brumley Give Free Show Friday

The Owens-Brumley company will give a free show at the Palace Theatre, Friday afternoon from 2:30 to 6:30 o'clock. A \$9.50 pull-up chair will be given as the attendance prize, and a well balanced program including three reel drama and educational picture title "Just Around the Corner" will be presented. There will also be a two reel comedy, and an afternoon of fun and instruction is promised to everyone. Everybody is invited to attend. The firm sponsors the show for the purpose of bringing wholesome and instructive entertainment to the local audiences.

Knauth Announces

(Continued from page 1)

will probably make the road much safer during the centennial rush.

The city also will announce the completion of the project that will bring the highway into the city as far as the Campbell filling station. The easements for this widening will be secured in the near future. This will give the city a much more beautiful approach than it has at the present time.

The rightaway will be about 100 feet wide. The steep banks cut and smoothed, and the danger from driving off the pavement lessened to a great extent. The care for the highway after it is widened will be under the direction of the department.

Electra Defeats Burk Burnett Girls

The Electra girls gained a sweet revenge by taking the Burk Pals for a 16 to 8 whipping in Burk Burnett Wednesday night. Last week the Burk Burnett girls went to Electra to bring home a victory, and they were proud of their first official win of the year. That victory made the Electra girls determined to reverse the matter at Burk Burnett, and they did it in a big way. In the first inning the score was tied, but in the second the Burk team went to pieces as the Electra team made 8 runs before they could be retired. In that disastrous inning they batted around completely and a few over. The Burk Burnett girls then scored steadily until the last of the game. In the last inning the Electra team ran in 3 more tallies to add up the large score.

The fielding and pitching of both teams was erratic. The defeat for the Burk team might be charged directly by failure to play a steady game by the fielders. The Burk team was charged with eight errors, and every one of them were costly in scores. The batteries were: Electra, Blankenship and Flusche; Burk Burnett Pals, Faulk and Key.
