## BURKBURNETT WINS FIREMEN MEET OF PANHANDLE DISTRICT FOR 1936

### Delegates Are Named For Race In Harvest Popularity Contest

#### Delegates Offered For Sale By Festival Executive Committee

The representatives of the Burk Burnett firemen's clubs and committees in the area have listed the names of the highest feminine honorees of this district to be crowned as the most beautiful of all and she will be presented in a complete costume by the band the night that she is crowned.

Representatives have been chosen from the eight communities in their personal beauty and now they will represent the people of the city at the high honor.

Representatives who are aspiring to the throne, and challenging all the others include: King has been appointed as Rabbit Creek, and received from that committee will have the whole support of the place. Ada is the double advantage of representative of the Fairview school.

Representatives who are aspiring to the throne, and challenging all the others include: King has been appointed as Rabbit Creek, and received from that committee will have the whole support of the place. Ada is the double advantage of representative of the Fairview school.

#### Legion Commander

**J. D. MAJORS**  
Joe D. Majors, proprietor of the Majors Variety Store, was elected Commander of the American Legion Monday night at their regular meeting. Mr. Majors has been secretary-treasurer of the Legion for the past two years.

#### Past President

**J. J. BLACKSTONE**  
Mr. Blackstone, retiring president of the Panhandle Firemen's Association and Burk Burnett's fire marshal, has been a resident of Burk Burnett since 1926. Bill Foley of Plainview was elected to succeed Mr. Blackstone.

### VOTE UNANIMOUS, 300 MEN FROM 96 TOWNS PRESENT

#### J. D. Majors Chosen Commander Service Men Meeting Mon.

**American Legion Elects Delegates  
To State Convention At  
Dallas**

#### COMMITTEES ARE APPOINTED

J. D. Majors, head of the Majors Variety Store, was chosen by the Legionnaires as commander for the year 35-36 at the meeting of the organization Monday night. The officers of the group were chosen and will be inaugurated at a meeting in the near future. The remainder of the executive committee includes: Ralph Brookshier, adjutant; W. D. Bent, vice commander; A. J. Johnson, vice commander; J. G. Allison, vice commander; S. E. Marchand, historian; O. B. Duggins, sergeant at arms; Roy Magers, child welfare chairman; Fred Brookman, publicity.

Carrying out a campaign that forced every other contending town in the district out of the running the Burk Burnett volunteer fire department copped the prize meeting of the organization, the Panhandle firemen's convention to meet in Burk in 1936. The vote to meet as the guests of this city was unanimous when the ballot was taken, and next year about 300 men from 96 towns will visit this city during the two days of the meeting.

The Burk campaign at Plainview was directed by J. J. Blackstone, president of the Panhandle district and R. J. Kelly fire chief from Burk. Both of the Burk men directed an entergetic and intense program to capture the convention. The local civic clubs, Chamber of Commerce, Lions Club and Rotary Club sent telegrams to the convention the day of the balloting, and the C. of C. had sent invitations to each of the towns and cities in the district before the convention met.

The local firemen and Mayor attended with badges, tags, and banners. Almost every individual in the convention was contacted personally by the Burk group, and from the very first there was little doubt as to where the convention would go. The firemen from Burk Burnett were Oscar Kemp, Mayor; Walter Roberts, Jack Kelly, chief; George Brashar, John Musick, Mr. and Mrs. Neal Allen, Mr. and Mrs. J. J. Blackstone, marshal; and Jack Van Ness, mascot.

#### Water Teams Loses

The Burk water polo team lost the first battle to the winners of the meet. The falls were 2 and 1. The local team staged a merry fight for the water cup, and lost after a struggle.

The entire convention was one of the most interesting that has been presented by the organization. Every possible courtesy was shown by the plains city to the visiting firemen. The fights for the cup, the program, and features of entertainment and education balanced the convention to make it a successful meeting. J. J. Blackstone received much credit for his work during the past year as president.

It is the practice of the organization to rotate officers, and the first vice president, Bill Foley from Plainview was elected to succeed the Burk Marshall as active executive officer of the organization for 1935-36. Other officers elected were: Charles Stewart, Claude, vice president; Chief Sumpter, Lamesa, vice president; Quincy Wilson, Vernon, secretary-treasurer.

The country would gain a lot in horse power if the enthusiasm of suckers could be harassed to a good cause.

#### A New Shirt

The depression reached a new low, according to E. Jeffers this week, and he found necessity forcing him to wear a torn shirt. The pipe line and supply business just "ain't" any more, but Mike Begun, the big hearted and generous junk man of Burk Burnett could not stand to see his fellow man suffer, exposed to the intense heat wave old Sol is pouring out these days. So Mike started a campaign to buy Jeffers a shirt. The list of donors is as follows: Mike Begun 25c; Bill Stapp, 5c; John Ashton, 10c; Wid Phillips, 1c; Jim Turner, 5c; Jack Brumley, 1c; Mayor Kemp (God Bless Our Mayor) 1c; and anonymous, 1c. That totals 49c and Jeffers has the new shirt. Such generosity deserves mention, and the cynical old world just doesn't realize how willingly we help a person in need. Mike said that if Japan declares war on Italy so he can sell his junk, he'll buy another shirt so Jeffers won't have to go to bed while this one is being washed. It is reported 65c was raised but Mike kept the 16c as Jew percentage.

#### Electran Buys The Burk Feed & Gro.

C. P. Richard of Electra, Texas, has purchased the Burk Burnett Feed and Grocery from Lige and Marshall Chrestman, and took charge of the store Monday afternoon. The (Continued on last page)

#### Trades Event Will Be Held At Ave. B And Main Streets

**Huge Crowd Expected To Attend  
Party Given By Local  
Merchants**

#### CLIMAX OF WEEK

The people of the Burk Burnett area will gather in one huge crowd next Saturday for the regular weekly feature sponsored by the merchants of the city at Ave. B and Main streets near the Boyd's and Thaxton's store. The climax of the program will be at 4:30 when the surprise event of the week will draw the interest of every citizen of the area that have traded in Burk Burnett during the last few weeks.

As the courteous hosts of the visitors, the merchants have issued the formal invitations during this week to attend the party, and those stores and business men cooperating have made every possible preparation to induce the visitors to come back as guests.

The party will be held for the benefit of the people in appreciation of their patronage, but the merchants will offer special bargains in order to make the trip to the city a profitable and pleasant one for the visitors and citizens of Burk Burnett. Remember the main event at 4:30 on Main Street and Ave. B near

#### False Rumor Reports Body Found In River Tuesday Afternoon

Devol and Burk Burnett received a slight flurry of excitement Tuesday night when the report that a body had been found seeped into the towns. The report started when two boys found a root formation that closely resembled a mans arm, and the resemblance was so true that even after touching the limb, they rushed back to the city to report the finding of a body. The officials went out to investigate Tuesday night, but returned Wednesday morning to find that the reported body to be only the tree limb.

The report received wide credence in this area, and for a while it was believed that the body of Audrain was found. Several interesting rumors floated all over the town, and the reports conflicted in most details. Even the Wichita paper carried a story of the rumor.

#### Challenge

As the result of the outcome of the recently played All-Star-Burk Motors game, we have formed the opinion that the highly touted winners not only are an over-rated club, but that their being the leaders of our city league is a reflection on our local boys ability. Certain of victory, we, The Ramblers Boys team challenge Hayes and his crew any time convenient to the camps.

Will we whip them? We will spot them 5 points any day and guarantee a comfortable lead at the end of the game. We don't think that we are so hot, not half so hot as we really are, but the Burk Motors are just not so hot either and we believe that we can give them a drubbing any time, rub it in and make them like it.

(SIGNED) RAY LAWLER.

#### Thornton Denies He Ever Fought Before With Boys Of Burk

**Rabbit Creek Pastor Alleges That  
He Is Attack Because Of His  
Knowledge**

E. V. Thornton brought a signed statement to the office of the Burk Burnett Star emphatically denying that he had ever indulged in physical combat with the boys who were alleged to have attacked him last Saturday week. The statement included a complete history of Thornton's activities for the last five or six years demonstrating that he could not have indulged in the alleged combat.

Thornton stated that he stood

#### Palace Theatre Installs Sound Equipment Wed.

Elaborate new equipment that will give the local theatre-goers the best service available today was installed at the Palace Theatre this week. The equipment is called the Opera-dio Flexiton. It is generally conceded

(Continued On Last Page)

#### Projects Totalling \$25,000 Applied For By Local Work

**Commissioner Knauth Announces  
Two Improvements That Will Be  
Undertaken Here**

#### ROAD TO BE WIDENED

Two projects that will call for the expenditure of more than \$25,000.00 have been listed by the local county commissioner in recent applications, according to the announcements made Monday afternoon. The projects call for the expenditure of this entire sum in the Burk Burnett precinct. The first project listed is that of the sanitary improvement. This calls for the continuous expenditure of \$13,196.50 over a period of 12 months.

The sanitary project was once listed, and was withdrawn, but under the new arrangement it will be given under the PWA division. The project includes the improvements of every condition that endangers the health of the communities in the precinct. It will also pay a great deal of attention to the bringing about better conditions in the farmers areas of the district. The rural part of the project will receive special emphasis.

The second project will be the widening of the pavement west of the city of Burk Burnett for 1 and 1-2 miles at the expenditure of \$11,990 dollars. This will make it possible for the present concrete road to be widened from 16 to 20 feet. This project will be delayed until after the cotton picking season and probably will start about the first of December.

Mr. Knauth also announced that he still has in the CWA fund \$1,000 for the tree project, and that it will be expended to take care of the trees and to provide labor in this section. There is \$6,000 still in the road fund to provide for better roads in the Burk Burnett area. This fund is being expended by the commissioners to bring the road in the territory into better conditions and to maintain them for travel conditions.

#### Ralph Foster Given Release After Bond Is Made At Wichita

Ralph Foster of Burk Burnett was given release at the county court house Friday after a habeas corpus hearing on a bond set at \$5,000.00. Foster is charged by the grand jury for the death of his wife on June 23. The hearing was held before the court of Judge Irvin J. Vogel in the 78th district court. The defendant was represented by Earl Kuntz. The bond had been set at \$7,500, and the attorney introduced evidence at the hearing Friday to show that the bond was too large. The Judge concurred in the opinion and reduced the bond to \$5,000.00.

Mrs. Foster was found dead in the cellar of their home on June 23. After an investigation by the Burk Burnett officer, Nat Harris and the county officers the husband was released. On Tuesday following the discovery of the body, the police arrested Foster and charged him with the death of his wife. He was held over until the grand jury for July met. That grand jury indicted him for murder, and the trial was set for September hearing at the district court.

Foster has consistently denied that he killed his wife. He stated that he had attended a convention in Wichita Falls, and returned home the night before to have a quarrel with the woman. After the quarrel and fight they both retired, according to Foster's statement. The next morning the wife was missing, and a hunt was instigated to find her. Her body still warm from the shot was found in the cellar.

The police have contended that Foster had either shot or beaten to death his wife. This he has denied from the beginning. The trial will develop into one of the most sensational that Burk Burnett has ever known. The state and the defense will call a huge array of witnesses.

Ralph Foster has lived in Burk Burnett for many years. He has been a rural postman for about 10 or 12 years for the federal government. Since that time he has built the home in which the family lived at the time of the death.

#### Community Night Program Will Be Given Fri. Here

**Program For Randlett To Be  
Presented There August 30  
By C. of C.**

Starting the series of programs to be presented in the trade territory, the Chamber of Commerce will present a community program in Burk Burnett next Friday night, and will take a similar program to Randlett, Oklahoma, on the following Friday, August 30. These programs will be carried by the organization to other towns in the trade territory in order to acquaint the people of the area with the citizens of Burk Burnett.

The program that will be presented Friday will include a diverse form of entertainment. There will be readings, specialty comedy and dance numbers by some of the most talented performers of the city and surrounding neighborhood. The loud surrounding neighborhood. The loud speaking set will be set up for the presentation. Music for the hour will be started by the concert of the cowboy band. There will be piano, and vocal numbers. The programs that have been presented so far this year have been very successful and the crowds at the Rodeo stadium have been large.

The purpose of the series have been to spread good will throughout the territory. The Chamber of Commerce good will tours will emphasize the fall fair that will be held the first of next month.

**JUNIOR COLLEGE**

The people of Wichita County will face the serious question in the next few weeks of deciding whether or not they wish to support a county junior college. A few years ago a law was passed to make it possible to create junior college districts. Since that time only a few school districts have taken advantage of the new law. Most educators agree that the junior college is rapidly becoming a necessity.

The large state universities are unable to take care of the student properly. They are too crowded. They are unable to give the individual attention that the student needs in his first two years. Furthermore, the average high school graduate is so young these days that he doesn't know what it is all about. Two more years of training at or near home would do wonders for him.

Furthermore under the present system the junior college is required to raise too much money by taxation. If the tuition could be removed, many students would attend and graduate before they went on to the university. There could be established in every county a junior college that would be a feeder to the university.

In Wichita County the proposition will be voted on in the near future. The parents and tax payers will have to answer the question of whether or not we wish to adopt the county wide institution. If they don't some other provision will be made. The state will have to decentralize the huge university that has been established at Austin. It isn't fair to the state to have such a highly centralized system as we have. It isn't fair to the immature student to ask him to leave high school and enter college in such a mob.

**HAS BURK RECEIVED A FAIR DEAL?**

For several years it has been apparent that the state and county officials have discriminated against Burkburnett in the matter of allotment of the funds used in building roads. Only by the active and persistent efforts of the county commissioner, has this district received any attention at all. There isn't any district of the same area that has poured as much money into the county and state treasury as this district.

However, when the time came for bringing some recognition or money this little city and area was left out in the dark. With all the hundreds of millions of dollars that has been spent for highways, it does seem possible that the lateral highway between Burk and Vernon and Electra would get some attention. For an unpaved highway, it is kept in good condition, but it could be made one of the most important state highways.

Many thousands of cars and other road commerce would take the short cut, if it could be an all-weather and straight road. While so much money is being spent, why can't something that would be of permanent value be done. This is the same sort of deal that Burk received in the matter of designating Highway 66. While every possible logic pointed to Burk as the entry port, the memorial highway was taken out an unpaved section and across a toll bridge. So we are asking, can't something be done to give Burk a fair deal?

**A GOOD ACCIDENT**

It is not often that the public has a prayer of thanks when an accident happens, but the recent one that smashed the light pole at Ave. E and Main street caused many sighs of relief. The general public was not pleased because the unfortunate truck driver had smashed the city property, rather they were pleased because the slight mishap called the attention of the city officials to a hazard that existed.

We do not know just who the person or persons are that caused the huge block of cement to be placed in the middle of the town's busiest street. We are not intending to criticize them. However, we believe that whatever purpose that they may have served in the beginning has been outlived. They constitute a dangerous hazard. One has been removed.

Everyday we have been expecting summons to help try identify some unfortunate motorist that had crashed into the structure. The fact that it has been removed on the occasion of only a slight accident causes us to be very happy. We only hope that public opinion becomes so crystallized now that the remainder of the hazards will be taken away.

**DUE CREDIT**

The Burkburnett Star did not intend to leave the impression last week that the city of Burkburnett was solely responsible for the trees at the cemetery, but a re-reading of the article shows us clearly that such an impression is left. In reality the project was sponsored and promulgated by our county commissioner. The Chamber of Commerce furnished the trees, and the commissioner supervised the labor and secured the federal allowance. Since that time he has been able to secure further allowance to take care of the trees that have been planted, watering and trimming each tree. We are glad to give due credit and we think that Mr. Knauth has done something that will be of lasting value to our community. Better news is that probably a row of trees will be secured for each entrance in to the city.

**News of Week**

The first very definite victory of the Republicans since the 1932 landslide was in Rhode Island last week. There were three factors that determined the outcome of this election. First, it was an industrial section where the processing tax is unpopular. Second, the winner Risk stood for the soldiers bonus. Third, the farmers are not numerous in this area.

This is the first man that has run only almost a purely bonus ticket since the president vetoed the bonus bill last winter. The big vote that represented a 25 per cent charge may mean that every candidate that runs in the next two years will have to pledge to pay the bonus over the presidents veto.

**Ethiopia and Japan**

The most interesting development of the past week was the agreement between Japan and Ethiopia. Japan will furnish the small kingdom ammunition, arms, and supplies for the war with Italy. This treaty will bring Italy and Japan into conflict. It was inevitable that these two nations should bump into each other. Both of them have been striving to win the East African trade the last six years. They were bound to clash along the line somewhere. This provision of supplies may be the match that will light the powder. Should Japan and Italy fight it would provide an interesting test. The rest of the world is wondering just how strong Japan is, and for her to fight with Italy would let the anxious world know just how strong a battle the little Japs could put up.

**Record Cotton Crop**

According to the best estimates, Wichita County is in for the best cotton crop in the history of the county. The estimates are that there will be 25,000 bales in this county. This is part of the 11 million nation-a-crop. If the price holds up there should be a better condition in this town, Burkburnett, than there has been any fall in five or six years. The fall cotton crop makes a lot of difference in regard to the prosperity of Burk. Right now a little rain wouldn't hurt at all.

**Monkey Business**

When Dr. Ralph S. Willard of Los Angeles gave the monkey that had been killed a dose of three different medicines last week and revived him, he opened a door to a lot of speculation. There are many deaths from causes that do not harm the body structure in any manner. If this scientist has found a method of restoring life, it may be only a short step to the time when he can prolong life for indefinitely long periods. Imagine the romance of it. Let your body be frozen and placed in a refrigerator say for 10 or 20 days while some diseased part be-

comes quiescent or some burning fever is cooled. The accident and shock and gas victim may be revived.

**Social Security**

The act that has been passed and soon will be in effect will be a means of easing the burden of the worker and professional man. An illustration is as follows. If you are making \$25 a week and lose your job, for 16 weeks you will receive \$12.50. That isn't a whole lot, but it will be better than nothing while you are looking for a new job. However, you must have worked two years to be qualified for that compensation.

Another interesting part is this: If you have been a member for several years and you die your wife and children will receive dependent income that amounts to about \$2,000. Or if you reach 65 years of age, the federal government will give you \$15 a month and the state \$15 a month. All of these provisions make a huge relief roll like we have now possible.

**Texas' New Laws**

One hundred new laws went into effect last Saturday in Texas. Of these the most interesting was the new police set-up. The state now has a public safety commission with a centralized police system. District offices will be established with the most modern means of combating crime. There will be elaborate identification bureau, radio, and laboratories with the best of machinery. The Rangers will become "intelligence" officers.

Other interesting laws are: Jim Crow for busses, all political advertisements must be signed, licensing beauty parlors, keeping livestock off of highways, canceling large number of ad valorem taxes and requiring teachers to take oath of allegiance.

Another trouble with a vacation is that it is usually such a worry to your neighbors how you can afford it.

Contrary to general belief, no man can make a fool of himself without he uses a little effort.

Another think this world needs, is a pair of white pants that won't show grass stains.

Use only one level teaspoonful to a cup of flour for most recipes.

**Current Literature**

"The Paths to Glory" is rapidly gaining contemporary notice in spite of the fact that most people have been satisfied by war stories. In reading it, a person unconsciously compares the whole effect with the effect of "All Is Quiet." Following the phenomenal success of the German story, there was a flood of war stories on the market, but none of them compared favorably with the first of the group. Even the book by the same author never reached the high tone he set in the initial book.

Like the German book "Paths to Glory," analyzes the normal human being under abnormal circumstances of war. Depressing and realistic and at the same time fascinating enough to hold any reader in a semi-trance. To the uninitiated people, it seems impossible that humans, even under the stress of war and hatred should ever act as they are portrayed. There is one scene in the book that is unforgettable. Where the soldiers of the regiment are shot for failing to achieve an objective. No finer piece of literature has come out of the horror of the European mix-up than that. The French deny that it ever occurred, but too many verified sources have proved it to be true.

We have noticed some copies of "Hoodoo Fires in Hati" in Burkburnett, and it has set us wondering what the reaction of the reader is to this book. Most authorities on the subject have come to the agreement that the author, Loederer treated the subject too lightly. However, if that is so, we would not care for a more complete enlightenment on the subject.

The present religious service of the voodoo came from the deepest

miserly of the negro brought America. They celebrated at the ancient rituals, and added a fascinating horror to it was told that soldiers had to guard at the prisons not to wanted to live on the government. We learn that voodoo is a cult that has enmeshed the negro. The wood cuts prove the author an artist, but out them he has proven he can picture in words of form and light and taper off with some light and gay like "The Bo Martys."

We recently recommended something Texas. Now to be specific make it "The Texas Edition." This book was written published in our state. It is a personal experience by a man that ed through the early history story will throw some light on period that has been so wrapped in tradition that the truth is ed. After all the people that Texas were human beings--not so entirely saintly as we have them some times.

### Club Gives Watermelon Feed

At the water park Tuesday night, the lions club entertained ladies and visitors with a watermelon feed. The new president in California presided at the feast. Duncan, who has been president for the first time since the previous year, presided by proxy last July. The program for the evening was directed by Annie Anderson.

Games were played, including horse shoe pitching, golf, bowling, and basketball in various fashions. Ray Ruffner opened the program with an explanatory talk resembling a discussion of present governmental agencies, the talk was called "alph-

Ruffner also presented the president, initiating him with a speech to prove his worthiness to hold the office. The president received a letter of appreciation from the delegation from the city of Dallas. About 80 persons and visitors were present for the special meeting.

### On Dodd's Farm Burns Last Saturday

The Burk Fire Department made a trip to the acreage of the Dodd farm last Saturday to aid in the extinguishing of a fire that developed in the barn. The cause of the fire was not known, but the sheds were completely destroyed. The firemen using emergency pumps controlled the fire to prevent its spreading to the main buildings. The amount of loss had not been estimated. The farm is located south of Burk on the old Wichita road.

### Burk Motors Team Proves Superiority In Benefit Game

The Burk Burnett Motors team rallied in the ninth inning to overcome the lead of the All-Stars Friday night before a crowd of 500 fanatics to win 12 to 11 in the most exciting and turbulent contest played at the stadium this year. The victory for the Burk Burnett team came after the Rotary team had eked out a 4 to 3 victory over the Lions in a mother-hubbard contest. Both games included the whole range of laughter and tragedy. Each of them threatening to end in a battle royal.

The All-Star game started like an easy victory for the Owens team when they jumped out for a 7 run lead by tallying six in the 3rd and 3 in the 5th inning while the Burk Motors could make only 2 runs in the 1st. However, the climax of excitement came in the 7th. With two men on Hodges popped to short fielder and Smith and Francis crossed the plate. The crowd and the umpires had quit. When it looked like the winning run in Francis score had crossed the plate.

Vaught ruled no score on Smith's run and Smith was sent back to 3rd. The Burk lost the lead in the next inning, but scored two runs to tie and win in ninth inning, when the All-Stars center dropped the ball hit by Hodges. The Lion-Rotary contest ended when Vaught protested the decision of Hannah Dorothy Smith and shot Mrs. Smith. The Owens-Brumley Ambulance removed the remains from the field so that the All-Star game could be played.

The game added a little over \$50 to the camping fund of the football squad. The squad will leave next week for Lake Kemp.

### Wheat Holds Steady Above Ninety Cents

The local market on wheat holds steady above 90c with the market at the first of the week running about 91c. The other markets in oats and barley held comparatively the same price, and the high wheat will continue according to the reports from buying centers. The government estimates that the carry-over from last year was 165 million compared to a normal of 300 million. Every day of hot weather in the midwest has added to the smallness of the crop. The AAA officials announced this week that there would be no change in spite of the pressure that had been exerted to release some of the strict regulations in reference to wheat control. The storage will not inconvenience the nation as a whole due to the large amount of storage. Most of the farmers of this section were able to hold the wheat for the large rise in the market.

### Barrow-Grace Wins Employees Game Mon.

The Barrow-Grace Motor company won the employees game from the Burk Burnett Motors company Monday night by a score of 22 to 13. The bitter feud developed between the two teams after the regular league game recently, and the teams matched for a deciding game. The employees of each company gave a demonstration of how this game of softball ought not to be played. The crowded grandstands appreciated the humorous antics of the colored players on each team. The presence of these boys made up for the lack of finesse shown by the teams as a whole.

YOU CAN *See the Mileage* IN THESE FOOTPRINTS

AND WE CAN PROVE IT with actual footprint records of "G-3's" driven right here in town — local evidence of lowest cost per mile performance.

YOU DON'T HAVE TO "BREAK IN" THE FORD V-8

You can drive it 50 miles an hour the day you buy it

THE FORD V-8 is ready for normal driving when you buy it. There is no tedious period of breaking-in for 500 or 1000 miles. You can drive it up to 50 miles an hour the first day. And after the first hundred miles you can drive it as fast as you desire.

That means greater motoring enjoyment for every motorist. It is especially important to motorists who are thinking about a new car for a vacation trip — to physicians, salesmen and all those who use a car for business. Instead of dragging along at slow speeds for days, you can make good time from the start.

The reason for this is as important as the result. The Ford V-8 needs no breaking-in because of unusual accuracy in the manufacture of moving parts and the smoothness of bearing surfaces. Clearances are correct when you buy the car. It is not necessary to depend on a long wearing-in period to eliminate tightness and insure smooth running. Longer life, greater economy and better performance are bound to result from such precision methods. The Ford V-8 gives you fine-car construction, along with fine-car performance, comfort, safety and beauty.

### Technical Report On Burk Bridge Is Filed At Austin

Technical data concerning the condition of the local bridge was filed in Austin with the state highway commission, according to the engineer J. M. Isbell at Wichita Falls, and this report will be the basis of the bids for the reconstruction work. There were a series of pictures, tests of various kinds, and all types of examination made on the structure. The 120 foot break will be prepared some time in the next few months, but at the present the highway department was unable to announce just when the bidding would start on the project. It was first announced that the state, Oklahoma and Texas and the federal emergency relief agency under the PWA would rebuild the bridge. However, at this time the negotiations for the construction is incomplete.

The bridge was destroyed on the night of May 18 when a section was crashed into the river taking the lives of four Burk Burnett persons, including the chief of police, the

late Bill Garland. The damage on the bridge was not listed in the estimate, but the estimates for rebuilding will be submitted in the next few weeks. The excitement at the destruction ran higher than any event that has happened in Burk Burnett in many years. The temporary structure was completed during June. The local traffic was carried across a trolley until the bridge was completed. The trolley was swung by the city employees and operated by the C. of C.

### Brief Showers Break Heat Wave Mon. Nite

A series of showers that fell Monday night and Tuesday morning broke the intense heat wave for several hours this week. The prolonged series of hot days that pushed the reading above a 100 degree for more than a week had caused suffering in the farming district and discomfort to everybody. The short relief gave the people of the area a breathing spell. However, there were some reports of intense heat. In places that were exposed to direct sunrays and reflected light reported temperatures approaching

118, but the official reading never went higher than 108.

The dry spell has become a real problem to the local farmers. The cotton crop has given a good indication of being the best in many years, but at the present it needs a great deal of moisture for a complete crop. Most of the wheat has been gathered and a great deal of it has been shipped. Garden and truck crops have withered before the hot south winds the last few days. There has been no threat of a water shortage, but the municipal plant has been operating double time since the wave started.

### New Employee At Paragon Tailors

Ed Phillips of Bowie, Texas, has been employed at the Paragon Tailors as the alteration man and tailor. Mr. Phillips has about eight or nine years of experience as a workman in these lines, and he has been especially recommended for work on silks and such materials. He is employed with the promise of maintaining the same high standard of workmanship that has characterized the Paragon Tailors under the ownership of Mrs. Juanita Barron.

**Paschall Explains Amendments Tues. To Rotary Group**

Explaining the amendments that will be submitted to the voters of the state of Texas on August 24, Y. C. Paschall, superintendent of schools at Fairview, spoke to the Rotary club at the First Methodist church Tuesday noon. The speaker lined up with the major educators of Texas when he stated that it would be to the distinct disadvantage of the schools of this portion of the state to vote for the amendment number 7. This amendment provides that every child of scholastic age attending any school in Texas shall be given free text books. According to the speaker this would endanger the present financial arrangement of the schools.

Furthermore it would be distinctly unfair to the schools that have large enrollment of the scholastic population. What ought to be done according to Paschall is the strict enforcement of the compulsory attendance law.

Paschall also explained the advantages of the abolition of the fee system, one of the major amendments that will receive attention at the coming election. The speaker showed that Wichita county would be affected, and that the officers in large counties had unfair advantage under the present fee system. The remainder of the amendments were discussed in an excellent analysis by the educator, and he gave no definite opinion of the repeal amendment, merely suggesting that it was one that would receive the attention at that time.

The program was under the direction of Carl Morrison in the absence of the other presiding officers. The musical feature of the program was two songs, "Hand Me Down My Walking Cane" and "Halleluiah I'm A Bum" sung by Roy Jackson Jr. This young man captivated the members of the club with his singing.

The visitors included: J. P. Tarry, Edgar Mann, Charley Kirby, Luther Robertson, Scotty Scott, Barney Flynn, W. A. Rogers as guest of L. N. Peyton, from Wichita Falls, and Miss Harry B. Brumley, Dallas, and Gwinn Brumley guests of Jack Brumley, and Roy Jackson guest of the club.

**Announcement**

B. M. Taylor and singing evangelist J. E. Wheeler both of the city will begin a series of meetings for the Buchanan street Church of Christ, Wichita Falls, August 18, embracing the fourth Sunday and longer if interest demands.

**Wheeler-Woolsey's "Nitwits" Introduce 3 New Melodies**

"The Nitwits," Bert Wheeler and Robert Woolsey's newest starring comedy introduces three original tunes which have already caught the fancy of the American dancing, singing and whistling public.

The melodies are "Music in My Heart," "The Black Widow Will Get You If You Don't Watch Out," and "You Opened My Eyes."

"The Black Widow Will Get You If You Don't Watch Out" can be called the theme song of "The Nitwits," the production revolving around an extortionist known as the Black Widow. Woolsey, who made a specialty of comic song interpretations on the vaudeville stage, employs his talents on this number by Al Boasberg and Roy Webb.

The third time, "You Open My Eyes," comes from the pen and piano of L. Wolfe Gilbert and Felix Benard.

In the "Nitwits," a girl trio with Joey Ray and Joan Sanderson interprets the melody. Ray and Miss Sanderson are musical comedy stars and radio favorites, having appeared in Shubert, Earl Carroll, George White and Ziegfeld shows.

**Junior BYPU'S Have Picnic At Water Park**

The Junior BYPU members met at the Water Station Tuesday night for a picnic under the direction of Mrs. M. E. Lewallen, director of the division of the organization. The group played a series of picnic games and were served a lunch of sandwiches and lemonade. Those assisting the hostess were Roy Magers, superintendent of BYPU, Rev. Miles B. Hays and Mrs. Collins. There were a large number of the members of the society present, and the social was the monthly event for the organization.

**Bus Schedule**

There will be several changes in the local bus schedule to take effect August 16. This will be the final change for the new type of busses. The following are the seven busses, (those marked T are through) To Wichita Falls: 7:30 am.; 10 am.; 12 noon; 1:25 pm.; 4:05 pm.; 11:30 am.; 11:20 pm.; 12:30 pm. 7:45 pm. and 12:01 am.

**Colored Teams To Play Final Softball Game**

The fans of the Burkburnett softball league will see two dusky teams in action next Wednesday night, when two teams picked from the colored ball teams of Burkburnett will vie for the city championship at the softball stadium. There will be plenty of action and a spectacular game has been promised by the softball association.

Just about every other type of game has been played this season, including a mixed game. The girls and boys and mens teams have played some jam-up ball games. This will be the first time that two teams of color have met this year. The grandstand will have a special section set aside for the colored people of the city, and they have been especially invited to come out and see their teams play the big contest.

The personnel of the two teams has not been announced, but the teams will be arranged to give the fans

ought to be played. Since that first time in the history of the city that the teams have played arcs, there is expected to be a crowd out for the contest. The row-Grace and Burk Motors an employees game Monday with the porter of each competing for the field.

The colored teams from Burkburnett have been playing hard all this year, and they have several interesting and exciting games. The climax of the season their game in Burkburnett on 'teenth, when a large crowd of from all over the territory will be in the game. Most of this team main intact for the game, and other team will be chosen.

**Announcement**

Monday, August 19th, all members of the circle of the sionary union of the First church will meet at the church a Bible study directed by Rev. B. Hays. The meeting has been announced to meet at 2 o'clock afternoon, and the members urged to attend the interesting son by the pastor of the church.

**APPRECIATION----**

# In for Margaret Sullivan Mistaken For Star On "The Good Fairy" Set

She has a double. During the production of one of her pictures, Margaret Sullivan had her picture taken every day. Leila Godwin, Sullivan's "stand-in" during the filming of her latest Universal picture, "The Good Fairy", is so uncannily exact that she is often mistaken for the actual production of the company. She is constantly on the set, of ten times before they could get the picture which was which.

"Stand-in" before the filming scene, takes the positions to be occupied by the actual scene while the cameramen perform the work of arranging lights to get the star cool and fresh, and place before the camera. On several occasions visitors at the set approached Miss Godwin for her autograph, and she was addressing them. But the latter, as soon as she was completed, made a practice of turning into her little private room on the stage, where she was from prying eyes.

She came toward the end of the scene, when a magazine man who had previously met her approached her stand-in to ask her questions. She was old misapprehension, and she was chuckling while she caught sight of the man. She came on the stage, and she came on the stage, and she came on the stage.

# Softball Season To Close Next Week At End of Fri. Game

## Race Tightens Slightly With Games Of The Past Week In League Play

The softball race is rapidly drawing to a close, with only three games remaining on the schedule for the actual league play, discounting postponed schedules. At the present the Burk Motors team is in the lead with a good margin, and Magnolia is charging along behind with an interesting race with the Barrow-Grace for second place honors. Only a series of complete upsets can keep the Burk Motors out of at least a tie for the championship.

The Magnolia and Barrow-Grace have a toe-hold on the second place position with an interesting fight for the two positions. During the past week Barrow-Grace defeated Bell after a team had been borrowed for the game. Thaxton took the Texas company for a defeat.

Burkburnett Motors played one of the first shut-outs of the season, defeating the Tucker team 7 to 0. Skelly upset the dope bucket when they took the Barrow-Grace combination for a 14 to 12 defeat. Bell forfeited to the Thaxton Friday afternoon.

## Best Game of Season

The best game of the entire race was played Monday afternoon when the Magnolia and Burk Motors clashed in what had been scheduled as a possible championship game. If the Burk Motors had won, they would have had the championship sewed up. Their loss made it possible for the Magnolia to get into the race. The fact that Magnolia won was spectacular enough, but the manner in which they won the 1 to 0 contest is a vivid memory to most of the fans.

Two of the most evenly balanced teams in the league battled it out for the critical game. Each made two hits. Each made one error and each made possible plays to retire the batters in a crisis. The best fielding and pitching of the year was shown to the audience "no hit" Anderson and "two hit" Flanagan pitched a whale of a game. Only five men reached first base on each side. The winning run was tallied by Johnnie Anderson in the third inning.

Thaxton and Barrow-Grace produced an interesting game that Thaxton won in the last inning by nipping a Chevrolet rally with a double play when the bases were highly intoxicated. The score was 7 to 8.

Team	G	W	L	Pct
Burk Motors	13	11	2	846
Magnolia	13	10	3	769
Barrow-Grace	12	7	5	583
Thaxton	14	7	7	500
Skelly	12	6	6	500
Bell	12	5	7	416
Texas	11	3	8	272
Tucker	13	2	11	160

# Absentee Voting Will To Close Wednesday

According to the announcement received from the county clerk McFall, the absentee voting for Wichita County will close at 5 o'clock next Wednesday noon. This week only 24 persons had signified that they would be out of the city at the election date, August 24.

The small number of votes cast does not indicate a lack of interest in the election. The new regulations that make the voting more expensive and difficult and will cut the absentee ballots very low this year. Each voter is required to make an affidavit that he will be out of town and this requirement will add a cost of 25 cents to the use of the ballot. There is also the additional expense of certification.

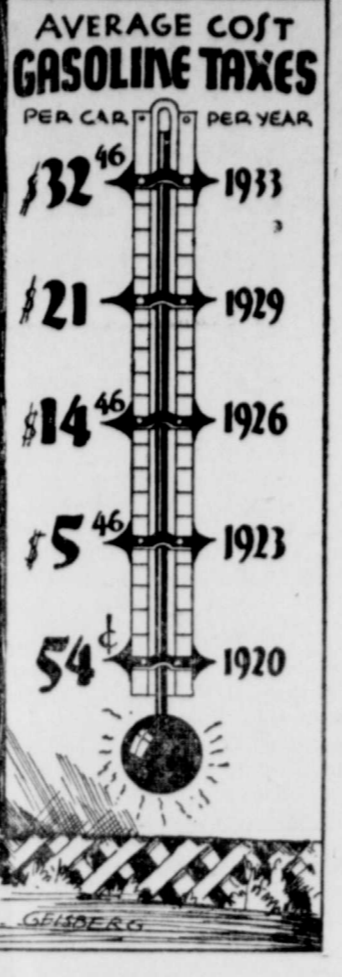

The absentee ballots are sealed and placed in the hands of the county clerk, and then saved until the day of the election. On that day they will be sent to the proper precinct and will be opened by the judges of the precinct and cast by the judges into the ballot box late in the afternoon.

The votes from this source is expected to be only about 20 percent of the normal absentee ballot. The added expense and the trouble of certifying absence will discourage many of the prospective voters. The election this year will be on seven proposed amendments. The main interest is centered around the repeal amendment that will be submitted.

Amendment No. seven requiring text books for all pupils and the abolition of the fee system will receive a lot of discussion. These three and the old age pension will draw a large vote.

Slowly but surely, asserts the American citizens are learning that the best way to get anything is to work for it.

# Another Relief Problem!

# Cotton Tax Pool Closes Sept. 1st

County farm agent G. D. Everett announced Tuesday that the farmers of the Burk district should take notice that the cotton tax pool for the entering the 1934 surplus tax exemption certificates would be closed September 1. This pool is being formed for the purpose of entering the certificates in a pool that is now being formed at Washington for early sale of the tickets. The surplus tags from last years supply are to be sold on the basis of 5 cents per pound. This transfer from one community to another is the AAA's method of offsetting low production in some areas.

As soon as the poll of tags for last year is closed a new pool for the surplus tags for this year will be opened. There will be uneven sections all over the country that will balance the production.

The tax exemption certificate will permit the farmers of Burkburnett to sell their 1935 cotton free of the six cents per pound tax imposed by the government on cotton unaccompanied by the certificate. The certificates left over from 1934 may be placed in the pool or used on this years crops. The farmer has his choice. If he thinks that there will be a bumper crop on his acreage this year he should save the certificate for his own use. The report from the county administrators office showed that the farmers of this district had pooled 84,232 pounds of the certificates, and had retained 43,960 pounds for certificates for their own use in this years crops.

The government is rapidly sending out the instruction to the farmers in this section. These instructions will be delivered in the near future. The farmer will find the county agent willing to explain the details of the plan at his office.

# Football Camp To Start Monday

About 20 husky lads will start out on the routine grind of football season Monday morning August 19th when coach Hill will gather his preliminary squad for the first training session of the year. The squad will face the task of building an aggregation that will equal or surpass the record that was made last year by Hill's first Burk team.

The Bulldogs are raring to go, and they have started the season with the unqualified support of the entire town. The largest crowd to gather here this season was to stage the benefit for their training camp fund last week. The unofficial organization of backers have been busy this week making preparations for the active season.

There will be new faces to man almost every position on the team. The coach will have the task of rebuilding his entire team from material that has had very little actual game experience.

The place for the pre-season training school has not been definitely set as yet. At first the plans were set to attend the camp at Lake Kemp, but these plans have been held under consideration the last few days and there is a possibility of some change in the scheme.

The boys will play in a new camp this year. The field that has been re-constructed. The softball association has erected ten new steel light poles that are about the best in the district. The school has rebuilt the field, adding several feet to the length of the stadium. At the present there are plans under consideration for enlarging the seating capacity.

# Rites Held Thursday For Mattie Clairborn

The last rite for Miss Mattie Clairborn will be held from the home of her mother, Mrs. Georgia Gordon Thursday afternoon at 1:05 Lee St. Wichita Falls under the direction of the Owens-Brumley Funeral Home. Miss Clairborn died at a Wichita Falls hospital Wednesday night, and her home in Wichita was 605 Seymour. The interment will be at the Riverside cemetery. The survivors are: mother, Mrs. Georgia Gordon; three brothers, Ollie Dewitt, and Philli Clairborn, all of Wichita Falls.

The old-fashioned fathers around Burk who used to work their way through life now have sons who try to honk their way through.

# Cooper McCreary Hold Celebration

With the largest crowd of the season passing through the show rooms of the Cooper McCreary Motor Co., the organization staged a demonstration and free show Wednesday night in Burk. There were about 2000 people present at the peak of attendance when the show and car were being run. During the day more than 4,000 persons passed through the rooms of the agency to see the cut-a-way car. This car showed the working parts of the Ford.

There was also a free show that gave a complete picture of the San Diego exposition, and the company gave this show for the benefit of the people of the area. Lester H. Dixon who lives on West Main street received the six cylinder Dodge sedan as the attendance prize that was given by the company.

# Car Sales Indicate Business Pick-up

One of the best indications of the return of better business conditions over the whole United States, according to the economic commentators has been the rapid increase in auto sales. In Burkburnett this same condition is reflected in the large volume of sales during the first 13 days of August. The sales according to the report of Herman Brown, secretary of Chamber of Commerce, has been 35 registered vehicles. This number already matches the sales of almost any month for several years, and is far above the amount for the same number of days in any period recorded here. The sales include 34 passenger cars and one truck registered on the local market. The local sales rooms have sold many more cars than this that have been registered outside of the Burk precinct and are not shown on the local records.

Some people who marry are badly fooled and others have seen one another in the early morning.

# Experts Estimate Large Cotton Crop For Burkburnett

Estimating that there will be between 4,000 and 5,000 bales of cotton brought into this area to the city of Burkburnett during the fall picking season, the experts agree that with slight amount of rain that Burk will have a large crop this fall. The peak of the area was reached in 1933 when over 8,000 bales were brought to the local market. Last year due to the drought there were slightly less than two thousand bales in the area.

The short crop last year was due to the severe drought and the almost equally severe reduction under the Bankhead plan. There will be one advantage during this crop, the government has announced that cotton will be pegged at 12c. With that announcement the farmers are assured a fairly good income. The crop is of vital interest to the city and merchants of Burkburnett. Much of the fall trade in this city will depend on the price and amount of cotton. A five thousand bale crop would dump \$300,000 into the markets of Burkburnett within a period of a few weeks. In addition to this amount, the farmers of this section will receive during the winter the pro-rata from the government for the acreage cut.

The total estimate for Wichita county has been set by the officials for this district for 25,000 bales. According to some farmers of the section this estimate is high, but the most conservative say that there will be 20,000 produced in the section.

Relief cases in New Jersey refuse to go off relief rolls to take jobs picking berries. It is so much easier plucking plums.

It takes only one-fortieth of a second to wink the eye, which makes this the quickest known way to get in trouble.

The trouble with pausing to think before you start to talk is that someone may change the subject.

# "Love Me Forever"

Music takes flight on the wings of song to inspire a great love in Columbia's "Love Me Forever," starring Grace Moore, coming to the Palace Sunday.

The magic in the voice of a lovely top-hat daughter of luxury starts the flame of romance burning in the heart of a man who can never have her. He faces disaster with a smile for he cherishes an ideal—an ideal that will never die.

Thrilling drama, coupled with the glorious singing of Grace Moore, makes of "Love Me Forever" the record breaking entertainment it is.

## Canned Goods Will Be Ticket To Burk Motors-Texas Game

District Texaco Team To Play Champions Of Burkburnett Here Saturday Night

### BENEFIT OF FOOTBALL

Everybody that has a can of beans or spinach, or any other eatables, can see the best game ever staged in Burkburnett Saturday night when the Texaco district team challenges the Burk Motors team. Ray Newman and Harry Van Emden of Wichita Falls have gathered the best players working for the Texas Co. in the entire Wichita Falls district, and they will bring the aggregation of stars to Burk to whip the ears of the local motors team.

The Motors team has heard a lot of bragging so far, and no one has been able to stop them. The only real defeat charged against them in the last half was a spectacular defeat at the hands of the Magnolia team. Otherwise they are unbeaten, and they even downed an All-Star team made of the finest players in the local league.

The game Saturday will be sponsored by the Plymouth and Dodge company of Burk. That company will underwrite the incidental expenses for the game, and will act as hosts to the visiting team. The visitors have become very excited about the game and they are determined to take away a victory.

## Street Light Pole At Main and E St. Smashed Last Week

Smashed by a truck backing to turn around, the light pole at Main street and Ave. E was broken from the cement base about dawn Friday morning. The pole is at the entrance from the interstate highway, and it has been unlit except for danger lights for several nights. The bulbs required for the light have to be ordered special and had not arrived. The truck was accompanying another truck, and in making the corner reversed to turn. The rear end of the truck smashed the cast iron pole that supports the bulb. At first the general public thought that there had been a severe accident, but investigation showed that no one had been injured. The scattered glass resulted from the breaking of the shade and bulb.

## Fun Clubs Honors Mrs. Harold Preston

The Fun Club met at the home of Mrs. Robert Dunn last Wednesday to give a surprise shower of lovely gifts to Mrs. Harold Preston. Mrs. Dunn was hostess at the well planned party, and entertained the members and honoree. Refreshments of ice cream and cookies were served to the following: Mesdames Joe Coffee, Carlos Baker, Volney Hill, Marshall Christman, P. A. Johnston, Jack Lind, Cecil Wheeler, Alex Harrington, Horace Hinkle and Miss Gwinn Brumley.

## Mrs. Marchand Elected President Of Auxiliary Of American Legion

Mrs. Steve Marchand was elected president of the American Legion Auxiliary of the local organization last Friday at the meeting held at the home of Mrs. Henry Porter, retiring president. Mrs. M. W. Majors was elected first vice president; W. C. Gage, second vice president, Mrs. Edna Marshall, treasurer and Mrs. Andrew Bazell, secretary.

The organization will meet in the near future to appoint the committee heads, and the plans for the activities for the next year will be made at the meeting. The organization congratulated Mrs. Porter for her successful direction of the organization during that past year.

## Hammett Vance Saves Life State Officer

Hammett Vance, son of Judge and Mrs. W. T. Vance of Burkburnett saved the life of a colleague of the state patrol Friday after an accident near Round Rock, Texas, by applying a tourniquet. The accident happened when the motorcycle of Hilton Horton, state patrolman struck a rock and blinded against the car of Vance. The leg of the patrolman was ground from his body, and he appeared to be bleeding to death. Vance quickly applied the bandage that stopped the blood flow.

Horton was then carried to the hospital in Austin, Texas, where he was given a blood transfusion, and he probably will recover if no complications develop. Vance is a graduate of the Burkburnett schools and lived here most of his life. He was recently employed in Wichita Falls. His father has been justice of the peace of the Burkburnett precinct for many years. Vance was returning to duty as a member of the state highway patrol after a vacation. The young man was accompanied by his wife at the time of the accident, and they had been on a visit to her home. Vance was appointed to the state police system recently by the governor. Neither he nor his wife were injured in the accident.

## RUPTURE

**SHIELD EXPERT HERE**  
H. M. SHEVNAN, widely known expert of Chicago, will personally be at the Kemp Hotel, Wichita Falls, Sunday and Monday only, August 18 and 19 from 9 a. m. to 5 p. m.

Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly but increase the circulation, strengthens the weakened parts, thereby closes the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume no matter the size of location. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicine or medical treatments.

Mr. Shevnan will be glad to demonstrate without charge or fit them if desired.  
Add 6538 N. Talman Ave., Chicago.  
For 15 years assistant to F. H. Seeley famous rupture expert of Chicago. 52-1tp

## Big Rabbit Creek

August 10, 1935.

One day the first of last week Mrs. Dave Jones came very near getting her car burned up. Mr. Frank Williams was driving the car for Mrs. Jones as they were taking Frank's mother home, Mrs. W. H. Williams who had been visiting Mrs. Jones and her daughter. Before they got to Mrs. Williams home they stopped at Jess Kinnaids filling station to get gas, so when Frank stopped he never stopped the motor and in filling the gas tank it ran over and set fire to the car. It burned off all the wires and came very near burning up the car before the fire was put out. Frank's hands and arms were burned, but not seriously.

Mr. W. H. Martin who owns a fine Red River bottom farm near the mouth of Big Rabbit Creek departed Wednesday morning for a 10 day vacation trip out in New Mexico. Mr. Martin while he is in New Mexico will look after his oil interest which he holds out there. His stepdaughter and her husband, Mr. and Mrs. Fred Hooper and Mr. Martin's little daughter accompanied Mr. Martin on his trip.

Miss Lorene Bridges, daughter of Mr. and Mrs. Luther Bridges was real sick Thursday and Friday of this week, but is some better at this writing.

Mr. and Mrs. Luther Bridges motored down to Bowie, Texas, with their daughter Lorene, who is taking treatment from that Lady Doctor in Bowie.

Clarence LaBarre for the past ten days has been on the sick list with a bad rising in his head, but is better at this writing.

Well old Sol is still sending his heat upon us again at this writing. It's 101 1-2 at 10:25 a. m. It's no telling what the temperature will be by 4 or 5 p. m.

Hawkeye motored over to Burkburnett Saturday with his neighbors. It's the first visit to the city since some time in May. When he arrived about the first old time friend he met was the big Chief of Police, Mr. Will Stapp. Bro. Bill still had that welcome smile on his face, as he always has. The next place Hawkeye visited was the Star office. Those old boys have always got that welcome smile on their faces. While on duty or on the streets. The next place that was visited was the Grace and Barrow Motor Co. Hawkeye was welcomed by the Motor Co. and while he was with them in their big Motor Co. business he enjoyed himself just fine, as he felt as the was at home. As Hawkeye has stated several times before that there isn't a city or town in the great State of Texas, big or small that you will find a nicer and more courteous set of people, and more quicker and ready to accommodate a fellow, and more sociable class of people, business men

and all as you will find in Burkburnett, Texas. This statement includes the ladies young and old. For over an hour Hawkeye got mixed up among those 3000 people that attended the big trades day. He got lost and for a while he thought he would have to send for the Chief of Police to pilot him back to the Star office. You know, Hawkeye don't visit very often and when he gets into town among such vast crowds, it gets him excited and he wishes that he was at home and that his Brother John was there instead. But a good samaritan came along and took Hawkeye to the Star office, where he was safe.

Mr. Tobe Hardin and Mrs. Martha Nails for the past week have been real sick, but at this writing they are some better.

Charlie Nails was a pleasant caller at the Owens family home Friday morning.

Mr. and Mrs. John Ashton and daughters were among the thousands that attended the big trades day at Burkburnett Saturday.

W. H. Martin was delayed leaving for New Mexico last Wednesday to look after his oil holdings in Mexico. He will leave Monday to be gone about 10 days.

The writer has been advised that Mrs. Maud Owens has rented one of the best Red River farms in Cotton county and will move with her two farm hands to the new home January 1st, 1936. This little farm is well improved, fine bottom land, and shade galore. The writer is afraid that Mrs. Owens will do a wrong thing by moving down where all those beautiful shade trees are. Hawkeye was heard to say that when cotton chopping came around next year, that Mrs. Owens will have to bring the cotton to him in the shade before he will chop any, and it will have to look just right then.

Mrs. John Mouser, parents Mr. and Mrs. J. H. Turner and family who lives south of Cement, Okla., arrived Sunday afternoon to visit their daughter, and son-in-law and family. Their visit will last about 10 days or so. Mrs. Turner advised the writer that all crops were looking fine up and around Cement.

The Owens family called on Mr. and Mrs. Will Linksey Sunday evening and visited them till nearly bed time.

My old time friend, Jim Day, who owns and controls a nice little filling station a short distance from the north end of the Burkburnett bridge on the highway is sure doing a fine business. Jim is a mighty fine old boy, and he has a fine family. Jim's motto is to shoot fair with everyone. He has a score of friends over on this side. He was raised in this part of the country and he comes from good stock before him. He had three assistants waiting on his customers Saturday afternoon.  
HAWKEYE.

## Hardin Club Makes Plans For Summer Outing

Members of the Hardin Demonstration club met in a called meeting at the home of Mrs. Fred Brookman Tuesday afternoon. Mrs. W. D. Bent gave a very interesting report on the short course at A. & M. where she was sent as a representative of the club. Plans were also made for the annual women's encampment to be held at the Diversion dam August 20-21.

All members planning to attend the encampment should leave home in time to arrive at Diversion by 10:30 a. m., August 20. Each member present pledged their support in having a booth at the Harvest Festival to be held the 6 and 7 of September to raise funds for the club. The president is expected to get behind the entire movement. Refreshments were served by Mesdames D. A. Westbrook, Edith Goodlett, H. C. Press Smith, W. D. Bent, Art Sides, J. C. Muller, and Brookman.

To cool off a man's anger to talk. The danger is all when the thunder begins.

Suppose a man is as honest as day is long, that would be 24 hours.

A lot of politicians never had any capital did much labor.

### American Boy Magazine Is Loaded With Adventure

"We try to make a subscription to The American Boy," states Griffith Ogden Ellis, editor, "a round trip ticket to the world-wide adventure cruise.

"Most boys cannot afford the luxury of travel but they can afford to settle down under a reading lamp and take an imaginative trip to foreign lands in American Boy stories.

American Boy stories, during the coming year, will take erasers to the atolls of the South Seas in a trading schooner, to the polar wastes behind a dog team, into the Canadian wilderness with the Mounted Police, through the Caribbean with the U. S. Navy, even to the far-away planet of Mars in a space ship!

There will be true adventures among the lions and chimpanzees of Africa with Captain Carl von Hoffman, famous explorer and ethnologist. In addition there will be stories about the favorite characters of a million boys—Bonehead Jim Tier-

ney, detective; Square Jaw Davis, engineer; Hide Rack, the red and gold collie; Connie Morgan and Douglas Renfrew.

There'll be vocational stories that will help the reader select his life work, advice on hobbies, sports tips from famous coaches and players, money earning suggestions, vacation hints, and worthwhile contests.

The American Boy costs only \$1.00 a year, or \$2 for three years, foreign subscriptions 50 cents a year extra. Send your name, address and remittance to The American Boy, 7430 Second Blvd., Detroit, Mich. Service will start with the issue you specify. On newsstands, 10c a copy.

### Sullivan Attends Family Reunion

James Sullivan and family attended the huge gathering of the Sullivan family and relatives at Denton last Saturday week. The family and relatives present numbered about 75, and many visitors attended the celebration. The family was one of the first that moved into Denton county. They moved there in 1852,

and settled to help build the state during the pioneering days. This family came to America in 1620 on the Mayflower.

The celebration was the first of a series that will be held each year. The plans were made at this gathering for a larger representation for the next event. The gathering were entertained with various courtesies at that time. The gathering of the family history has been left to the local representative of the family, James Sullivan.

### Kenko Plays Electra Here Friday Night

The Kenko boy team will play the Electra team at Burk Burnett next Friday the second game of the schedule. The two teams met last week, and the Electra won by a last inning rally. The score was 7 to 6. The boys team has had a fair record so far this year. They have won three out of the four games that they have played recently, and at the present are moving at a fast pace. The game will be played under the auspices of the softball league.

### What About Repeal Theme At Methodist Church Sunday Nite

Rev. L. G. Hagard will speak Sunday night at the regular service hour 8:15 at the First Methodist church on the theme "What About Repeal". The pastor has announced that all of the members and friends of the church have been cordially invited to hear the address. The subject will be discussed in light of the election to be held on the amendment submitted to Texans August 24.

Sunday school and morning service will be at 9:45 a. m. and 11 a. m. respectively.

### Relief Officers Are Undecided About The Changes In Personnel

Bala Williams announced Monday afternoon that he had not decided about the changes that would be made in the administration offices

in Wichita county. The new director has reorganized the work in seven of the nine counties in the district, and at the present he has made no announcement about the 30 or more workers in this portion of the territory. It is generally understood that there will be a reduction of the present staff. However, no official cognizance has been taken of the rumors to that affect.

Adding Machine Ribbons.—Star.

### COMMON CAUSE OF BALDNESS

One of the chief causes of premature grayness, falling hair and ultimate baldness is lack of circulation in the scalp. To overcome this and bring an abundant supply of blood to nourish the hair roots, massage scalp at night with Japanese Oil, the antiseptic counter-irritant. Thousands of men and women report amazing results in stopping falling hair, growing new hair on bald areas and in eliminating dandruff and itching scalp. Japanese Oil costs but 60c at any drug-gist. Economy size \$1. FREE "The Truth About the Hair." Write Dept. 36. NATIONAL REMEDY CO. 26 West 45th Street, New York

#### Lockett Circle Meets At Home Mrs. Bundy

In a meeting to study the lesson "Winning the Border," the Lockett Circle met at the home of Mrs. L. E. Bundy Monday afternoon, August 12. The devotional for the program was by Mrs. Walker who read from John 15 for a basic text. The devotional prayer was by Mrs. VanCleave. The lesson on the book was taught by Mrs. VanCleave. The dismissal prayer was by Mrs. McMurry. The Lockett circle will meet in the home of Mrs. VanCleave Thursday, August 22 for an all day meeting to finish the book that was studied at the meeting Monday. Each person member of the society is requested to be present and to bring one covered dish at 10 o'clock in the morning. The entire group of circles will meet at the Baptist church Monday afternoon for a Bible study directed by Rev. Miles B. Hays.

to be the most efficient apparatus that is on the market today. The patrons of the theatre will notice a distinct improvement in the sound effects produced by the shows that are given.

The average individual is not interested in the technical details, but the machine introduces the principle of co-ordinating all of the sound cycles by use of a double system of microphones. The two microphones are arranged to catch the different ranges of tone. One operates for the sound of lower vibration cycle and the other for higher ranges.

This co-ordinated sound gives the widest possible range of tone without the blurred effect that is apparent in many systems. There will be three amplifiers to carry the reproduced sound to the audience. The correct functioning of the new apparatus will give the local theatre a sound reproduction that can not be surpassed.

### Steele Recalls Boyhood Aims

Many a youth on manhood threshold will feel the touch of sympathy which makes two souls akin, while watching Bob Steele's performance as the athletic lad who is the hero of the latest A. W. Hackel Western "The Brand of Hate," Friday and Saturday playing at the Palace Theatre. For here is a youngster who is a man in stature, strength and bravery, yet declined to assert himself for fear of ridicule by his elders who persist in still regarding him as a mere boy.

They say I put a lot of realism into the part of young Rod Camp, said the star, when discussing the film with a visiting newspaper man. Well if I do, it's mainly because I sympathize strongly with an overgrown kid's aspirations, seeing that I was once in much the same fix myself. I can remember how I hated to be referred to as just a boy, sometimes by men that weighed less than I did, and whom I knew I could rough-house to the limit, if it came to a question of scrapping. Usually, however, I put up with it and said nothing. I was bound to break loose some time, though and the break came one day, when a horse-dealer who was doing some business with my father deliberately shoved me on one side, as he passed me on his way to the stables, without excusing himself.

I staggered back a pace, and for a moment after him, grabbed him by the shoulder and twisted him around I was so mad I couldn't speak, and for want of words, I simply swatted him, and down he went.

When you're making money you haven't time to spend it, and when you retire you lose the knack of enjoying it.

### Theatre Program

### "Thunder in East" At Local Theatre

The most spectacular sea battle ever flashed upon a motion picture screen is featured in "Thunder in the East", the Leon Carganoff production formerly known as "The Battle," which shows at the Palace Theatre Thursday.

These scenes come as the breathtaking climax to the seething conflict in the lives of three people—Marquis Yorisaka, the Japanese naval commander, played by Chas. Boyer, who loves his country more than honor; Mitsuka, his lovely Westernized wife, played by Merle Oberon; and Fergan, the handsome young English naval officer into whose arms Yorisaka pushes her in order to learn secrets of British naval strategy.
