Thursday, September 5

**NEW SOCIAL LAWS**

Many inquiries have come into this office on how the new legislation in regard to old age pensions and unemployment insurance operates. Before these two laws became a fact this paper attempted to explain the operation of the laws, and for the sake of those who have still a great deal of confusion, we repeat a portion of that explanation.

The social security bill passed by the national government is to encourage the state to setup the machinery to take care of its own problems. The government will bear the administrative expense. The insurance and old age pensions will be borne partly by the state and partly by the wage earner.

The wage earner will deposit in form of an assessment from one to three per cent of his wages. In case of his disability or unemployment, he will receive compensation for 16 weeks. In case of death or industrial accident, his children or widow will receive adequate compensation. These conditions require two years of employment before the party can benefit.

In the old age pension as it now stands, the state will take the burden to carry one half of the expenses and the national government the other half. Each government will give up to \$15.00 making the highest possible total of \$30.00 for the individual. Now not all people will receive that much. That is the maximum. However, the state machinery must be set up before that can operate, and the special session will not meet until Sept. 16. Then the National government has no money to act. Huey Long's filibuster killed the appropriation. So it may be a year or more before any one benefits. Later those earning wages now will find their deposits taking care of them in old age.

**VALUABLE ENEMIES**

Many of the Democrats are shaking with anger at the criticism which has been directed at our president and his administration. There has been more bitterness since the small Northeastern state went Republican in recent election. Sensible students of government learned a long time ago that the best guarantee of a good government was an active and powerful alert minority. When a political party gains power in government unit, that party tends to become arrogant of the people that placed it there.

While this paper has every sympathy possible for the president and his program, the paper is sensible enough to realize that no government can stand too much success in politics and survive. Like a heady wine, it inevitably stimulates the party until that party becomes careless and indifferent. The surest check on such an attitude in the presence of an active opposition group. The opposition has embarrassed the administration many times, and regardless of how partisan we are, we admit that their opposition is valuable.

That is why Walter Winchell once said "be nice to everyone you meet while you are going up the ladder, because you might meet them when you are coming down it." That is as true applied to political parties as to individuals. It behooves us while the party for which we have every loyalty is in power, to be courteous and considerate while we rise to power, because we might meet them coming down. Further more, we can't think of any thing that is as barbaric as the taking advantage of an enemy that we have defeated.

**TO OUR GUESTS**

Burkburnett will be proud to be the host of the people in the trade territory Friday and Saturday. For years these people have made our town possible. Their loyalty and steadiness have done more than all the civic movements and clubs combined to make the city the busiest center in North Texas. For that reason and many others the people of Burkburnett wish to express to these visitors this week the appreciation that we feel for your many years of loyalty to the town.

The program will not have a great number of features for your entertainment that rank of the professional. Every feature of the many courtesies that we extend come from our own local talent and ability. That is to show how much we appreciate your presence here. If there is any thing that we can do to help you enjoy the two days, just call on a Burk citizen.

**TO THE HOSTS**

This week Burkburnett will have a large number of people as our guests. Every possible preparation has been made to give these people a good time and a cordial reception. The rest depends on the citizens in Burk. We know that you are glad to help our visitors orientate themselves here. It is up to each of us to show every courtesy. We have invited these guests to our home. Play the part of a courteous host.

That involves little things more than the spectacular shows that demonstrate our power of wealth. A hand shake and a welcoming smile. A little insignificant treat of some sort, a cold drink or a slight courtesy will make an impression that will last a long time. We would suggest that the courtesy cars be ever present to help move the crowd along.

**News of Week**

**Belgian Rulers**

The superstitious will definitely say that the rulers of Belgium are born under an unlucky star after the death of princess Astrid, queen of Belgium. It is the third tragic death involving the rules of the noble little kingdom in the last two or three years. People all over the world remember the brilliant battles led by King Albert, and probably very few people were ever so universally mourned as he was after the fall from the mountain. Princess Astrid is a Swedish princess and is considered to be the partner in one of the few "love" matches of European nobility. Prince Leopold, King of the Belgians, has carried on the excellent work of his father whom he lost in the recent tragedy, now his wife is killed in auto accident.

**Proration**

California has some stubborn people in the oil business as well as Texas. A group of the oil companies have joined in an agreement to cut prices, and the state umpire there cut all production and new drilling immediately. It seems to the man on the street who is not acquainted with the technical aspects of the oil problems, that the silly producers who consistently violate all the laws of science would realize that in the long run they would gain by controlled production. The stubborn bunch of Donkeys don't seem to be able to learn that.

**Italy's Preparation**

Italy is doing everything possible to be ready for conflict. The most recent order is that all people owning cars, change the cars in order that they can use charcoal gas for running. England did the same thing during the world war, when Germany was cutting down her reserve by sinking ships.

At the same time bachelor tax, surplus tax and bond conversions are making Italy ready financially to thumb her nose at Britians demand for peace in the African territory. The French move 15,000 men to Morocco this week to prevent a Holy war.

**State Legislature**

The state is losing many thousands of dollars in revenue while the governor and legislature tries to find a solution for the mixup resulting from the recent election. Governor calls for three definite programs. To define the open saloon which is forbidden in the act, to enact laws regulating all phases of the liquor traffic, and to consider other problems related to old age pension.

**Two Conflicts**

There are two conflicts that the world has overlooked in its anxiety about Italy and Ethiopia. These two conflicts may mean international disturbance almost any moment. Bul-

garia and Turkey are making faces at each other over a border dispute, and Turkey is massing a large number of troops at the Bulgarian border. This may mean a conflict of war at almost any moment. Those Balkin states are always ready to fight at the drop of the hat.

The second conflict is developing between the Russians and the United States. United States claims that the activities of the U. S. S. R. is unwarranted in its campaign to bring about revolution in the America's. We have demanded an adjustment, and we may get a war. The world grows dizzier every passing moment.

**Republican-Democrat**

Roosevelt probably sounded the keynote of the Democrats for the next election last Saturday when he stated that the "old order" had not been so successful. The Republicans accepted the challenge and the next presidential fight probably will be fought out along the lines of preserving or remaking the constitution.

**Bulldogs Work Out Under Lights Last Friday At Stadium**

The 1935 group of Bulldogs worked out for the first time this season under the arcs at the football stadium Friday night on the turf. The All-Stars gathered an impromptu team for the drill. The high school griddler practice both offense and defense work. The squad proved that it was coming along fast when it crashed the Star line and completed several passes. On the defense the team was more stubborn than most of the fans present thought that the group could be. However, most of those present remembered that the spring season game ended 6 to 0 with the same group in the lineup.

**Current Literature**

Recently this column ran a notice that Sinclair Lewis would have a new book on the market. The publishers announced last week that it would be a story about "You Can't Do That Here." The prohibition theme. The advanced notices indicate that it will be as cuttingly satirical as "Main Street" and as brilliantly constructed as the "Work of Art." If that is true it ought to be a real masterpiece. This winner of the Noble prize for literature won the prize for his ability to create characters. Very few people realize the drudgery of his work. It is said that he gathered some 250,000 references from newspapers before he started "Main Street" even on paper plan. The present novel that he is writing takes a poke at the reformist attitude of the American people.

We are sure that several people here read the Writers Digest. If you did not read the August issue, be sure to get it and read the article "Why Editors gradually go Nuts." The author and editor of a widely circulated magazine tells the writers just how "honery" they can be most of the time. The editors of magazines are usually called hard boiled by amateur writers like you and me, but after all they are business men selling a publication to a public. We have the utmost sympathy for him. The strangest thing is that every person to whom we pointed out the article, said "Why only a nut would be an editor". We con-

sider that a personal "insult."

If we may divert to music for a while, we would like to suggest that something ought to be done about these so-called songs that are nothing but a lot of racket. The classics that have thrilled generations for ages are still pure exhausting works of art. But in the last four weeks we have seen dozens of people turn off a radio as soon as some of the really beautiful music started playing.

As an idea, we suggest that the national congress make it a penal offense to listen to good music. Possibly then the nation would rapidly become lovers of good music. When the composers has poured out his soul in creating a triumphant bit of sound that wraps up all the ecstasy and suffering of the race, he demands the sympathetic and appreciative ear of the whole race. We revert to savagery in our interpretations of jungle sound and insult the whole art by calling it music.

Those who have loved the Dot and Will stories of the American Magazine, by Fanny Kilbourne, will be glad to learn that the young married couple and the twins will carry on their domestic struggle over the NBC radio hook up.

"Fifty years a Surgeon" by Dr. Axel Munthe is rapidly becoming a best seller. The Dr. strikes a popular note without losing a sense of reality in this book.

The women are sometimes discouraged about their work ranking as novels and literature. One out of five of the successful novels written recently (last fifty years) have been by women.

Theodore Dreiser started writing for the old Hampton's magazine. He never thought that his work would some day become the center of the greatest literary interest in America. Every murder trial of the present day is written up-possibly-from the "American Tragedy" angle. The book of Dreiser's started a lot of newspaper men on journalistic careers of success.

### Rabbit Creek

September 1, 1935.

Wednesday night a nice little shower over on this side which is a saver for a while on cotton feed stuff. What rain done good and those cool nights having is mighty fine on the cotton crop over on this side will be cut short better than a year, unless more bores are up till the 15th of this month.

Writer has been informed there is getting to be lots of fall through the cotton fields. Suffered by many cotton farmers and the cotton will be aten up by the Worm and Army Worm. Daily paper states that over 10 per cent in Texas including Wichita is being destroyed by the Worm eating up the cotton.

Ed Owens called on Mrs. Barre Sunday morning.

Big Baptist revival meeting has been carried on for over weeks by Rev. Bob Thornton lives with his family out in the woods, closed last Sunday night. Series of meetings proved to be great success. Twenty-seven converted during the revival were received by letter into Baptist church. The 27 were led late Sunday evening in the Luther Davis' big pond. Bob was assisted by Rev. Ed Owens, and Rev. Robert Hatcher, young ministers of the Baptist church. Those series of meetings has led to worlds of good to both burghoods, the Rabbit Creek and View.

Mr. Bridges is helping Mr. Hatcher to cut his fine lot of cotton on the halves this past week. About half of it cut and baled.

Anyone who attended the Big day Saturday over in Burk Burnett is a big crowd and every one had a fine time.

Mr. Kinnaird as was reported by a writer came very near losing his head of his cattle Saturday night. The rise which came down over Friday night. It was stated the cattle were cut off from and to get them to safety they had to swim them out on dry land.

Mr. Bridges was on the streets and late Saturday afternoon.

Mr. and Mrs. Henry Babers and daughter motored over to Burk Burnett late Saturday afternoon.

Dave Jones and her daughter with Mrs. Jones' sister and her-in-law Mr. and Mrs. John King, for Kingston, Okla., Mr. and Mrs. Barton's home. Mrs. Jones will be back home from visiting the next Sunday. Mr. and Mrs. Jones visited over a week with her.

Gain this neck of the woods received a 1-2 inch rain Sunday night and Monday morning and at writing 11:20 a. m. it's still raining and all indications is for all day rain. This big rain came to save the cotton and early feed stuff. The writer has been advised that there is lots of cotton seen in the river bottom cotton. If they come like they are expected to be in some counties down Texas it will be good by cotton.

Mr. and Mrs. Luther Bridges has very sick little girl with the whooping cough. She isn't any better at this writing.

HAWKEYE.

### Labor Day Passes Without Special Celebration Here

Labor day was a damp affair in Burk Burnett Monday with all the business and other business concerns closed for the long holiday lasting from Saturday night until Tuesday morning. There were no special meetings of any kind nor parades. The city sat back and enjoyed the rain that fell for almost 24 hours. The meeting of the laborers and the employers at the labor hall was in an attempt to make an adjustment between the demands of the labor organization and the desire of the men employing them in this territory. The local 258 of the affiliated Workers Union planned no special meeting other than the lead-

### Two Year Farming Offered In Burk High School Class

During the 1935-36 session both first and second year agriculture will be offered boys attending Burk Burnett High School under Morris Dean first year agriculture will consist of improvement practice such as selecting seeds, pruning, culling, terracing, etc.

Second year work will include feeding and caring for livestock and poultry, controlling disease of plants and producing a living at home.

Boys planning to take vocational agriculture should consult their parents about means of securing the projects and operating them.

### Mrs. Flanagan Hostess To Garden Club Thurs.

Mrs. F. R. Flanagan was hostess of the Burk Burnett Garden Club at her home Thursday afternoon, August 29 in an hours study of interesting subjects related to gardens and flowers. The discussion was under the direction of Mrs. Ross Reagan. Mrs. John Bostic spoke on "Noted Gardens" that have attracted world attention or made a place in horticultural history. Among these beautiful gardens, Mrs. Bostic visited this summer.

Mrs. Morrison discussed the beauty of the Iris and told how they should be planted and the season for planting and care of the delicate flower. The groups that were best suited for this part of the country served as the basis for part of her discussion. The meeting led to the revelation of many interesting and useful facts about local garden conditions.

Refreshments were served by the hostess to: Mesdames W. D. Bent, John Bostic, Paul Browning, Ray Hill, Carl Morrison, J. M. Pogue, Ross Reagan, A. B. Sandler, R. C. Tevis, Butler Westerfield, and visitors.

### Intermediate G. A.'s Meet Monday, Sept. 2

The Intermediate meeting of the girls of the First Baptist church at the church Monday afternoon studied the giving a part to the Lord, in a discussion led by Mrs. Davis and members of the society. The devotional was led by Harriet Chambers who took the reading from 1 Cor. 16: 1-2. Louise Kent spoke of being sympathetic in giving. Mary Francis Goins spoke on giving a part. Mildred Louise Milford talked on the subject of God's command to set aside a portion. The meeting was closed by sentence prayers led by Mrs. C. B. Beldon and closed by Mrs. Sam Davis. The visitors to the meeting were the Junior G. A.'s and the sponsor Mrs. C. B. Beldon.

It was easier to find a leader in the good old days when followers yelled "Hurrah" instead of "Gimme."

### Peggy Robertson Honoree At Party Tuesday Afternoon

Mrs. Brooks Robertson entertained at her home Tuesday afternoon in honor of the fifth birthday of Peggy Ruth Robertson, her daughter. The hostess was assisted in serving by Mrs. W. M. Franks, Andrew Suttles and Mrs. Paul West. Miss Modene Pinkston directed the games and contests that were played.

Those present were: Daisy Ann Nolen, Jean Coats, Virginia Lyles, Joan Sandler, Marian Sandler, Sonny Browning, Mamie Browning, Dorothy Browning, Joan Pennington, Glenda Franks, Vivian Suttles, Christine Suttles, Jessie Ruth Preston, Dorothy Kent, Wayne Ellis, Bennie Turner, Joan Duncan, Mary Frances Gamblin, Pete Jeffers, Mary Frances Brown, Beatrice England Junior Harwell, Deloma West of Breckenridge, Peggy Ruth Preston, Jack Robertson. Those sending presents were: Bryan Robertson, Irene Hullum, and Brooks Robertson.

### "Dr. JEKYLL-MR. HYDE"

When Robert Louis Stevenson wrote his famous story of a man's dual personality, "Dr. Jekyll and Mr. Hyde," he fashioned into words on paper the stuff of his neurotic dreams. But he never dreamed anything so fantastic as the thing that has actually occurred—the phenomenal success of his narrative in its play-form.

The history of "Dr. Jekyll and Mr. Hyde," the play, is a glamorous as the amazing progress of the theatre itself. Since 1887, this famous drama-romance has been before the public almost continuously, starting with its remarkable debut in the capable hands of Richard Mansfield, onward through the respective hey-days of the legitimate, the silent movies and now finally, the talkies, with Frederic March as the exponent of this latter-day play form in the Paramount production which comes to the Palace Theatre Saturday Midnight.

Some wives are happy and are treated like queens while others say "I wouldn't slave like that for any man."

Blessed is the housewife who is poor. She doesn't have to sit and suffer while a hired girl makes a mess of things.

The poor girl has one advantage when she is led to the altar she knows the man is doing it because he wants her.

Some people who go around looking for trouble don't seem to need any eyeglasses.

When people tell you that spanking makes children turn into fine citizens they mean to tell you that they were spanked.

### Baptist WMU Studies Stewardship At All Day Meeting Mon.

The Baptist W. M. U. studied "Lifting the Banner Through Stewardship" at the all-day meeting Monday afternoon when the Sallee circle of the Union acted as hostess at the luncheon. The morning session opened with the song "Fling out the Banner" and prayer was led by Mrs. Cheney. The devotional taken from Luke 10, 38 to 48 was led by Mrs. Salter. Mrs. Cheney had charge of the Royal service program. The discussions of the subject were given by Mesdames Davis, Buchanan, Beldon, Franks, and Davis. Mrs. Davis dismissed the morning session with prayer.

The delicious covered lunch was served in the dining room by the members of the Sallee circle. The afternoon session opened with the song "I love to tell the story." The devotional was by Mrs. Johnson. Mrs. Phillips dismissed after the reports from the chairman of the permanent committees and departments.

The circles of the association will meet next week at the homes of various hostesses. The Lockett circle will meet with Mrs. Hays at 2:45; the Sallee circle will meet with Mrs. Philips at 2:00 o'clock; the Morgan circle will meet at the home of Mrs. Salter at 2:00 o'clock. The societies will carry the program and business of the circle in the individual meetings.

We strive for perfection when it's so much easier to develop the swell-head and be satisfied with it.

The best part about spending that four billion dollars is that it isn't being spent in some foreign land.

### Mix This At Home With LEMON JUICE To Stop Agony of RHEUMATIC PAIN

If pains from Rheumatism or Neuritis are driving you crazy you can get relief with a simple remedy that you mix yourself, at home, with Lemon Juice. Simply go to your druggist and ask for a package of the REV PRESCRIPTION and mix it as directed, adding the juice of four lemons. You will then have a FULL QUART of the finest medicine money can buy for your pain. It costs only a few cents a day, and will often bring relief from pain in 48 hours. Hundreds of sufferers right in your own locality acclaim the glorious and amazing way it stops the pain. The REV PRESCRIPTION is pleasant and harmless to take, and you mix it right in your own home. No fuss, no bother, no cooking. Just add boiling water. Money back guarantee. Your druggist carries REV in stock or can get it for you from his jobber on short notice. Before you suffer a day longer or take a chance with "dope" or drugs, why not give this lemon juice treatment a chance? See your druggist today!

### Mrs. Sam Davis Is Hostess For G. A.'s.

Mrs. Sam Davis entertained the Intermediate G. A.'s of the First Baptist Church Tuesday night at her home, assisted by Mrs. R. W. Kent and Mrs. Wayne Bell. During the impromptu program of song late arrivals brought two new members, asking admittance to the society who furnished the entertainment for the evening. The two timid young ladies were admitted only after Mrs. R. W. Kent, young peoples leader, had informed them of the Star Ideals of the Girls Auxiliary to which every girl striving to excel in Bible study, prayer, giving and personal service, and soul winning.

After a number of contests and games, aprons were given to each guest and each was required to prepare a part of the menu. The recipes proved to be interesting and un-

sual, and Louise Kent was chosen as queen of the kitchen and selected to serve her recipe-tea.

However, the ladies of the Morgan circle of the WMU relieved the embarrassment of the members by bringing in cream and cake. The society planned to adopt the win one apron campaign for the Christmas season. Piano selections were played by Mary Ruth Cooper, Harriet Chambers and Louise Kent. Those present were: Claudie Mae Bowman, Rheba Chambers, Mary Ruth Cooper, Vera Mae Johnson, Louise Kent, Marie Mims, Hazel Pinkston, Bonnie Dell Smith, Margaret Turner, Rev. and Mrs. M. B. Hays, Mrs. R. W. Kent, Doty Kent, Mary Francis Kent, Mr. and Mrs. Wayne Bell, and Sam H. Davis.

The only thing that some men are willing to agree to is that they will disagree.

### DO YOU KNOW?

Winter is "just around the corner?" Cold mornings, stiff motors. Wonder if my car will start this morning. "Are you on the "Wonder List?" Prepare for cold weather by letting us check your motor and battery and make it ready for "sure starting." Replace that old battery with a new 17 plate U. S. L. Battery. Prices amazingly low. We also sell and install Hot Water Heaters.

### HOUSER'S GARAGE

Ford and Chevrolet Parts 311 Ave. D. U. S. L. Batteries

Burkburnett, Texas, September 6, 1935.

DEAR FRIEND:—

There's a lot of needless suffering in the world. A good deal of it is through illness and disease that people accept with resignation because usual methods have failed to achieve correction.

When usual methods fail, then it's time to try unusual.

The unusual methods are the kind I use. I'm probably a very different kind of doctor from those you are accustomed to, I prescribe no drugs, and I don't possess a single surgical instrument.

There are some types of cases I cannot benefit—and I don't try. Neither do I make a charge for telling a patient to go somewhere else. And my charges are moderate—you may think surprisingly so—for the types I can benefit.

I claim no unusual skill, but I do get results through the use of different, and natural methods.

The point is—if you are suffering, and the methods you've tried before have failed—then I want to see you, and I think that you want to see me.

An appointment for a consultation can be arranged and the consultation will cost you nothing.

If you don't need my services, you may know a friend or relative who might. In that case, pass this on.

There's a good deal of needless suffering in the world—let's cooperate to end some of it.

Yours for health,

LEWIS SHORES, D. C.

126 Avenue C  
Burkburnett, Texas.

*I looked up Satisfy and it says—*

SAT-IS-FY. Something that pleases, gives satisfaction; something that just suits. For example, you are pleased with a dress. As applied to cigarettes, it means one that is MILD—that is not harsh or bitter; one that TASTES just right.

Chesterfield... the cigarette that's MILDER  
Chesterfield... the cigarette that TASTES BETTER

# ... Notables and Civic Leaders of Wichita County, Texas.

## AUTO DEALER SALVAGE CO. PROVES ASSET TO WICHITA AREA

*This Company located in Wichita Falls, 1200 N. 10th St. has aided no small measure to the development of Wichita Falls and North Texas. Special attention is given to mail orders. L. O. BROWN, General Manager*

With a vision for greater city and community always in mind the Auto Dealers Salvage Company has become an important factor in the development of Wichita Falls great trading area.

While it has been their object to obtain a fair and honest profit from extensive dealings with the people in Burkburnett area the guiding influence of this company has always been the determination to furnish the highest quality of used auto parts so reasonable that the people may save from thirty to fifty percent on the cost of new parts, thereby the city and state could progress rapidly.

There is positively no company in this section of Texas that has a greater influence for the car owners. Many autoists have to come to know what ever their needs may be in

used car parts can be secured from this firm with the knowledge it will be the best parts obtainable.

Many people throughout the country classify an auto salvage with a junk company, but in stopping to realize many late models in Fords, Chevrolets and other makes have been disassembled because of wrecks and many parts are sold at a high discount.

Mr. Brown invites the people in their area to talk over their needs with him, as he has skillful men of long experience which enable them to furnish useful information plus unbiased advice.

They are personally interested in the progress of Burkburnett and area and having served the people for a number of years, our readers have found them a reputable institution.

## Quality of Taystee Bread Is Improving

*Nafziger Baking Company Located in Wichita Falls at 1501 Marsh Street is a Modern Baking Institution Featuring Taystee Bread Sold in all Leading Grocery Stores Over Wichita County. Ray Patton General Manager.*

Since our earliest known era, bread has been the most important part of the human food and, in recent years, physicians have endorsed it as a food of extreme value because of the high content of protein and carbohydrates which it possesses. Both of these are elements essential to the health and well-being of the human body.

The baking industry is practically as old as the discovery of fire, but the methods used in ancient times have greatly changed from the baking on a stone and in rudely constructed ovens. Today, it is quite different, and at the Nafziger Baking Company, only the latest style of machinery and ovens are used for the production of baking goods for the public.

In the great experience of life, there are none which recall more pleasant memories than the days of youth, when the boy or girl got into mother's bread box just after the bake. Times have changed today and one does not get the experience of that joy of life unless

they patronize an institution of this kind, which is often the nearest approach to the old family bread box in these days of complexity of civilization.

The Nafziger Baking Company has kept pace with the baking industry in both baking equipment and methods. From the time the mixers start until the bread is offered the public, every effort is made to supply the public with a product made under the most sanitary conditions possible.

This Baking Institution is always open for public inspection, and their business success can be traced directly to the reputation their products enjoy with the people in Wichita Falls trading area. Their business policy is one of co-operation with North Texas and Wichita county people, buying as they do their supplies in this area whenever possible, thereby, supporting home industry. The next time you go to your grocery be sure and demand Taystee Bread, for Taystee Bread is good Bread.

## D. W. Wiley & Son, Spot Cotton Brokers

This firm located 703 1/2 7th St., Wichita Falls, Texas, has for many years been a big asset to the farmers of Oklahoma and Texas and has played an important part in the development of this section. For this reason, the firm deserves the support of those interested in the continued progress of this area.

Cotton from practically every gin point in North Texas as well as from points in Oklahoma sells over their tables at prices in line with those paid in the biggest markets, being taken by buyers representing many Dallas, Houston and Galveston cotton shippers doing export business with all the foreign markets of the world as well as by buyers selecting cotton for use by mills in the Eastern manufacturing sections of the United States.

It is principally due to the fact that cotton of every grade and staple representative of Western Upland growths may be bought through this office that Wichita Falls is now known widely as one of the best

interior cotton markets of the cotton belt.

In addition to the regular brokerage activities of the firm, W. D. Wiley & Son, for the past two seasons have also handled government loan cotton and have rendered cotton producers a service unsurpassed in the territory for promptness and efficiency. Maintaining the office on a year round basis with regular market service, D. W. Wiley & Son have an office where cotton may be bought and sold every day in the year. Feeling that courtesy should be something more than just a word, they give you more than you pay for and are as glad to see you when you drop in for market information and a friendly chat as they are when you bring cotton to sell. Their growing business is proof that people appreciate the courteous treatment.

The Wiley's are boosters for North Texas and Southern Oklahoma and lend a helping hand to any endeavor that will promote the progress of this section.

## Wichita Tire And Rubber Co., Inc. An Asset To Autoist In Area

*In Wichita Falls at 620 Scott Is Distributors in this Part of the Country for Goodrich Tires and Batteries, and Renders A Most Complete Service. This Company is the Recognized Service Station for Tires and Batteries. Jim Bachman, Manager. Phone 2-1122.*

Wichita Tire & Rubber Co., Inc. is headquarters in this part of the country for Goodrich Tires, Tubes and Batteries. They render an efficient service.

Specializes in Goodrich Tires, Tubes and Batteries—being one of the most efficient establishments in this section, quoting attractive prices on battery repair work and furnishing new batteries.

There is nothing more important to the development of the modern American community than a progressive establishment such as this one which is replete with a complete line of Goodrich Tires and supplies. From the very beginning this well known firm has been one of the popular establishments in this section by reason of the fact that the management left nothing undone in the effort to meet the demand of the public.

Repairing of batteries is a very important business and they are

equipped scientifically to do this work correctly. Their men are experts in the work and their prices are most attractive. They can be reached by phone, letter or personal call, and are known for their prompt and efficient work.

When it comes to tires, you will find this establishment complete and you will readily learn why it of quality and service. The best of quality, the highest class service and the most reasonable price possible are features that bring them an ever increasing patronage.

The management is in the hands of Mr. Jim Bachman, who is actively interested in home progress. We are pleased to compliment this well known and just establishment and to suggest to our readers that they take their tire and battery troubles to them, there you will find all of the other features of their service prompt and efficient to the highest degree.

## JOHN OECHSNER ELECTRIC CO SERVING PEOPLE N. TEXAS 27 YEARS

With offices and salesrooms in Wichita Falls at 809 Brooks street and known throughout the section as the foremost expert and comprehensive service electrical installation and supplies. We recommend the Oechsner service to all readers doing FHA home repair work. He features Fairbanks-Morse Suburban Light Plant and Water Pumps, Westinghouse electric refrigerators and wiring service that is approved by the National Board of Fire Underwriters. Estimates furnished. Phone 8116.

Mr. Oechsner, the capable proprietor, is recognized as one of the foremost electrical authorities and the public has learned that whatever he may advise in this line is authentic and highly satisfactory.

In this day of twentieth century efficiency no one wants an apprentice or firm of questionable ability, to do their work, but seek a service that gained the confidence of the public and has satisfactory records of achievement.

Superior to the majority of electric establishments and surpassed by none, either skilled workmanship or quality materials used, this outstanding firm of modern electrical contractors has continued its successful career.

They can furnish you with the latest improvements in lighting fixtures of all kinds and can install your wiring and lights with that modern soft built-in effect demanded in the well-planned and equipped home of office of today.

They will figure with you on your requirements and our readers who plan to do Federal loan repairing or remodeling will find it to their best interest to consult this capable firm. Their estimates always show savings of importance.

In this edition we wish to commend this efficient establishment upon their signal success and suggest that they take the Oechsner service into consideration when in need of electrical service or supplies.

## NORTH TEXAS COACH CO'S. CLEAN COMFORTABLE TRANSPORTATION

*With Offices at 817 Ohio St., Wichita Falls*

The motor coaches of this popular company are unique and exclusive of design. They are the latest and most approved containing all metal construction, making them fire-proof. The seat type is new and vastly comfortable. All of the interior appointments are in keeping with the quality of the coach.

The North Texas Coach Company provides good, clean and comfortable transportation at maximum safety. You have none of the annoying smoke and cinders nor the grinding squeaks of the brakes in stopping at every station as you often experience when traveling by railroad. They provide a through service between the large cities with extra large and comfortable coaches.

You have all the comfort of a pullman with none of the irritation.

The daily and local coaches provide not only a convenient and comfortable transportation but an economical one as well. You have no bother or worry of parking, no tire trouble, or any other of the many annoyances incident to driving your own car. You are rested, not tired out, when you reach your destination and all drivers know that with the present day traffic, driving ceases to be a pleasure and becomes labor.

The drivers of these popular motor coaches are skilled, adroit and dependable. They are veterans of the wheel who do nothing but drive. You will find them courteous and accommodating always. If you would travel in safety, travel in the motor coaches of the North Texas Coach Company.

## Wichita Marble & Granite Works A Modern Wichita Falls Institution

*Located at 406 Seventh Street. Dealers in Monuments of Granite and Marble. Every Grave Should Have A Marker. Phone 5440. A. G. Deatherage, Manager.*

Here will be found a large selection of finished work ready to letter, to make your selection from at bottom prices. This firm does their own work, selects the best grade of stock and has one of the best equipped shops in this section of the state.

Their plant is equipped with the latest inventions for producing work of this kind in the best and most economical manner, enabling them to finish and handle the products at a minimum expense. Lettering and carving produced by the latest method, which leaves the edge perfectly true without stuns or

flaws from cutting and which produces lettering of an artistic merit not heretofore attained.

The charges are always right, no matter if you get their price before or after they render service. You will not knowingly be taken advantage of.

When you want a monument or marker of any kind, it will pay you to drop in at the Wichita Marble Works, and they will be pleased to take the matter up with you. In this edition we are pleased to call our readers attention to this progressive business firm and their up-to-date establishment.

## SEND IT TO THE LAUNDRY; THEY DO IT SO MUCH BETTER

*The Pond Laundry, 600 Ohio Ave. and the Wichita Laundry, 600 Austin is two of the most modernly equipped Laundries in This Part of the State*

The Pond and Wichita laundries typifies modernism in the laundry trade as it offers scientific work, rapid service and its scope of activities include all phases of modern laundering.

Their plant is equipped with the very latest of machinery, which has been found out not only the best from the standpoint of the practical laundryman, but the kind that has been endorsed by leading institutes of scientific research in this line. They use the very best water and soaps that will not harm the most delicate fabrics. In their employ are people who thoroughly understand the various phases of the work they are called on to do and who handle all garments no matter how heavy, or how delicate, in the most painstaking way.

The service is the best that could be desired. In the city in which their plants is located they have auto delivery; in the surrounding towns they conduct agencies and whenever you don't find this service, you can get work done here by sending it in by parcel post.

The managers of each of the two laundries have made an extensive study of the laundry business from all its various angles and as quick as any new process has been approved by the trade they put it into force at their laundry. They understand the business both from a theoretical and critical standpoint.

We refer these two laundries to all our readers as a place well worth your patronage.

## Buy Your Parts From The Por-Boy Parts Co.

*Located at 404 Indiana in Wichita Falls. Phone 20380. Thousands have found Por-Boy Parts Co. Truly Metropolitan. Special attention given all mail orders. Under competent management of J. W. Duncan.*

When this well-known firm started in business they determined to handle auto replacement parts and is now considered one of the leading concerns of this kind in this section of the state, and their name is known far and wide for the quality of their merchandise and the service they render. They know their lines

thoroughly and arranged to offer only the best. But they did not stop here, for this firm was indeed wise in their business and appreciated the necessity of real automobile service. They equipped themselves to second to none and the success of their enterprise since they have been in business testifies to the wisdom of their course.

Because they sell reasonably makes it possible for the motorist to secure thru the garages not only what they have to have but also afford that which they would like to have for comfort and convenience, because of their reasonable prices.

## T. W. "TOM" McHam Wichita Co. Treasurer

The office of County Treasurer is not all a path of roses. It has its hills and sharp corners and few people would languish under its responsibilities. But Tom McHam, who so capably holds this office is one who loves responsibilities, arduous duties that must be performed, exigencies that must be met. It is all part of his work and sportingly and civic-spiritedly, he works harder to acquaint himself of these duties in an efficient and admirable manner, than were it his own personal business. Such people are true builders of a community and are to be duly appreciated. To a person of Tom McHam's type dollars are not to be com-

pared with the privilege of a public service that is constructive. That is because Mr. McHam's work seriously and the fact that he is so conscientious demonstrates easily that he is one of our most popular officials. He shows in his action that his earnest desire that will bring fame and credit to his community and the Wichita County is regarded as a noble effort of people like Mr. McHam whose desire is to make their outstanding and a credit to the community.

## J. T. Harrell President of City National Bank in Wichita Falls

Few banks in the country can lay claim to a record so extensive, for the same period of time as the City National Bank in Wichita Falls of which J. T. Harrell is president. It is an institution that has contributed as much to the growth and prosperity of the community as any other agency. In looking over the record of this bank, one can readily attribute its growth and expansion to its willingness to serve, offering every convenience compatible with the principles of sound banking. Its service has brought it new business in a volume which demonstrates the way the public feels toward an institution conducted along this plan.

This institution is splendidly equipped, including a large burglar and fire proof vault, with deposit boxes. The officers and directors are men who have been factors in Wichita Falls' growth and development and they are in this bank the same business management as they would exercise in the conduct of their own enterprises. Mr. Harrell, president, has shown a comprehensive knowledge of banking and business acumen and has a weather eye on the future as well as the present. He surely has placed in this feature of the bank's leadership and notables.

## Hon. John T. Young Mayor of Wichita Falls

Being the chief executive of a city like Wichita Falls is no sinecure. It requires a constructive trend of mind not everyone possesses. Hon. John T. Young takes his work seriously and feels that reward of seeing Wichita Falls constantly growing in population and financial importance is reward all sufficient. Mayor Young has come to the front in political life and municipal progress because of his level head, which he knows how to use without losing it. His uniformly square deal habit has made him a leader. His fulfillment of the arduous duties of the office has well proved his fitness, showing a

manner of doing things that is never by halves, a thoroughness that is characteristic of his executive. Young has not attained the highest pinnacle without reach of his abilities nor has he retained the full reward of his efforts. But he bides his time. His true example of loyal adherence to his friends. Meanwhile the currents of politics are new, rest, although they appear calmly on the surface. But a man who is true to his principles and his friends never need stand pat like Mayor Young. You may always know where to find him.

## FRED LOWER PRESIDENT OF WICHITA GAS ENGINE WORKS

Wichita Falls is famed for the sons that have served the city well, regardless of personal loss or gain.

Fred Lower is president of the Wichita Gas Engine Works and is one of the most representative citizens who are present among us to receive a little of the praise that is due him. Out of the large circle who are privileged to call him friend, there are but a few who know how big his actual accomplishments and achievements are. His success has come through his own hard earned efforts and not as the result of any "pull". After attaining to business

the straightway set about to do the most of that business. Not a sense of personal gain or aggrandizement but he made the most of the interests of the people. He has succeeded in well exemplifying the success that has attended efforts and the high esteem and confidence of the people he has achieved. The position he holds in the of the people did not come by accident. It is the direct result of having done so well by his own men of Mr. Lower's type in business, the entire community is fitted by his service.

## Arthur Howard Co. Tax Assessor & Collector

Holding public office is a peculiar position. So often one may be perfectly sincere and honest and meet with only criticism. Then again one may use the office for ulterior motive and be considered a star in the political firmament. But today the people are becoming better educated to the possibilities of administration and they are more careful and watchful than of yesteryears. Thus today, a man must be well near the mark of high standard to be able to attain to a good public office. Then if he succumbs to temptation, that is something else again. A refreshing example, however, who has always lived his life along lines of doing service to his fellowmen

and who has, by virtue of their past been placed in public office Arthur Howard who holds the position of Wichita County Tax Assessor and Collector. He goes the tenor of his way, is never spectacular and never makes extravagant claims; yet he is one of the thorough and efficient men who ever held public office. Regardless of partnership he administers his duties in a manner that shows kind of results that elicits the admiration of all concerned. He has a faithful adherence to the of his party and his constitution. It takes a tactful man to do and Mr. Howard well merits appreciation.

## Charles Tucker Pres. Tucker Oil Company

A constant policy of deep research and study has done much to make Chas. Tucker a bit more outstanding than the average—putting it mildly. And speaking of advancement, Chas. Tucker does not confine his efforts in this respect, to the oil business alone; for he is also deeply interested in the progress and welfare of Wichita Falls and he has on more than one occasion been prominently identified with local movements and activities that have had for their purpose local advancement and pro-

gress. In a word Mr. Tucker is type of man who never turns a ear to those calls which are upon the real citizen of any community. He is identified with various associations, civic and fraternal but aside from attending an occasional meeting in this respect, finds little time for other than care of his business. Mr. Tucker is a man who lives his life for his community, unselfishly and always working indefatigably.

## "Central Feeds" Get Results

*Offered by the Central Seed and Feed Store, Located at Corner of 5th and Indiana in Wichita Falls. Ira Miks, Manager.*

The business of farming profitable has in the past twenty years become a problem of no small consequence in every agricultural community. The successful farmer of

today has found it necessary to change his methods and adopt practices in almost every phase of farm activity.

This situation is particularly true in the growing and feeding of stock and poultry. In this respect, experiment and study on the part of manufacturers and state agricultural colleges has revealed that the use of either stock or poultry ration consist of something more than the grains if the most in profit is to be realized. Farm grains are especially when used as a base but should

### Magnolia Wins—

(Continued from page 1)

ular playing of each team kept the crowd gasping the two hours of the championship finals. The Burk Motors played nearly perfect to win the first game when they smashed the Magnolia by a score of 12 to 6. This victory put the Motors team in the race, and then the Magnolia staged their comeback by a score of 6 to 1 to end the series and win the championship.

The most spectacular play of the game could not be pointed out.

The members of each team played unbeatable ball in the game they won. There was some ragged playing in the games that were lost by each team. Carl Anderson lost the first game, and much of the credit of winning the championship rests with him. On his shoulders alone was the burden of the entire season's pitching. He won almost every game that the Magnolia team received credit for this year. Undoubtedly he ranks as the best and steadiest pitcher of the league.

The members of the teams were: Magnolia: Walkup, J. Anderson, White, Beavers, T. Jordan, Estes, Land, Ashman, O. Jordan and Carl Anderson; Burk Motors: Gifford, Jenkins, Christian, Francis, Hill, Morgan, Williamson, Calloway, Hodges, Clifton, and Flanagan.

Each team had won victories in the preliminaries of the series to enter the playoff finals. Barrow-Grace and Thaxton lost.

### City Assumes Garb For Festival Fair

The city of Burkburnett began early last week to assume the festivity garb as the stores and business places started the decoration of the windows and show rooms with harvest materials for the coming fair. Corn, wheat and other farm products found their way into the rooms of the local concerns, and the windows of all the buildings down town. Many of the windows boasted of elaborate signs inviting all the citizens of the territory to the celebration. Other windows had the agriculture display. The harvest motif of the week permeated the whole scheme, and the farmers have become enthusiastic about the contests that are being held.

Somebody says that staying at home will promote longevity. So will staying out of traffic.

### Lewallen Studio Opens Next Mon. For Fall Season

Mrs. Myrtle Stokes Lewallen will open her studio for violin and piano and harmony students at 323 E. 4th street Monday, September 9th. In training for music the instructor emphasizes that musical instruction is more than a training of the finer in mechanical perfection. It is the discipline of the mind and the achievement of a spiritual and mental progress.

The teacher of the school, Mrs. Lewallen is a student of Ethyl Allen Nelson and will take further instruction from Frank Renard. Both of these teachers are nationally recognized both as composers and teachers of unusual ability. They have established a wide reputation for their musical talent and they are capable of turning out students that are well trained and have understanding of the purpose and technique of music.

Many people have regretted that they did not learn to play the piano early, and the children of the period will later appreciate the instruction that they receive. The instructions here will be in violin, piano and harmony, and the studio is recognized as one of the best in Burkburnett.

### Gross Studio To Present Dancing At Palace Friday

Presenting both pupils and teachers in a series of excellent dances, the Gross Studio will hold a public reception at the Palace theatre Friday night. The school of the studio starts the classes of expression and dancing in Burkburnett Tuesday, September 10, and among those appearing on Friday's program will be Miss Lynette Brodnax, new teacher of the school. The new instructor has come to Burk with high recommendations, and is recognized as an excellent teacher and unusually good dancer. The addition of this instructor to the staff that is already more than competent, makes it possible for the Gross studio to offer the most attractive dancing instruction available in the area.

### Devol School Opens With 258 Students

Devol schools opened last Monday with 258 pupils enrolling the first day. The students included 173 in the grade schools and 85 in the high school for the first day. The later enrollment is expected to bring the total up to 300 before the end of this week. The school elected H. C. Powell formerly of Jackson and a graduate of the Central State school as the superintendent. For five years the teacher has served in

the former school. The other teachers include: G. J. Scott, high school principal and coach; Eve Hodges, Loleet Stinson high school; A. V. Dunham, principal Clayton Landes, Maxine Bishop, Francis Inman, and Opal Hale and Margurite O'Guinn grade school. The teachers expect the increase enrollment to surpass last years attendance.

You can tell by the sound whether it's Huey opposing the president or Coughlin supporting him.

### Mayors Proclamation

Whereas, the people of Burkburnett and the surrounding territory are joining in the celebration of the Harvest Festival sponsored by the Band and Fire Department, and

Whereas, every possible preparation has been made to make this celebration the peak of the year for all our guests and especially for the pioneers and farmers of the area, and

Whereas, the city of Burkburnett has officially adopted this celebration to show its courage and optimism,

Resolved that the city shall set aside the days the 6 and 7 of September to act as hosts, to show every courtesy possible to the visitors, to provide hospitable recreation, and friendly greeting.

OSCAR KEMP, Mayor.

### LATEST FLASH ON QUEENS VOTES FOR HARVEST FESTIVAL

The latest count made on the queen votes for the election for the Harvest queen stood with Miss Skipwith in the lead for Cashion with 42,830 votes. The next candidate was Mabel Anderson of Clara with 41,480 votes. The race became really interesting Thursday as the ballots poured in and the candidates worked hard for the lead. The lead changed several times.

The other candidates up to Thursday noon were as follows in order: Monell Odom of Devol, 31,690; Ada Marsh, Fairview, 23,630; Ida Bell Day, Valley View, 22,450; Ruth LaBarre, Randlett, 1,050; Estelle King, of Rabbit Creek 2,200; Pauline Gladden, Weeth 500.

When you flunk in the School of Experience there's no chance to do the work over. Somebody else does it.

## Roving Lions Are Caged In Jungles Near Burkburnett

Absentee Members of Lions Club Gathered From Sticks And Brushes

CLAUDE MILLER SPEAKS

For fear that the roving Lions might alarm the residents of Burkburnett, the members of the local Lions Clubs gathered up three members of the Cat family Tuesday evening and paraded them on Main street in a strong cage. The cage was constructed by members of the society in order to protect the local citizens from those Lions who wandered away from the beneficent influence of the organization.

The wild kittens caged Tuesday evening were Lee Clifton, Erwin Schwegler and Dick Helm. There were violent roars from the untamed

cats as they were placed in the cage and taken up and down the street, but Henry (Bringem back alive) Grace was never daunted. Aided and abetted by fellow Lions he kept up his courageous crusade to round up all the wandering Lions.

Miller Speaks

At the regular session, Claude Miller of Wichita Falls, spoke on Texas Legislature. He paid a high tribute to the work that has been done by Texas artists, and stated that every one of this city ought to be proud of the state's legislature. He read several selections from cowboy ballads to classic poems demonstrating their wide range of the Texas writing.

The club voted to hold the annual meeting of the teacher in connection with the Rotary club in the near future. The permanent program committee was appointed to have charge of the arrangements for the special meeting. The membership campaign and attendance contest will be continued until next week, and the winners will be entertained at the Water Park on the following Tuesday.

## Annual Teachers Banquet Planned By Service Clubs

The tentative plans for the annual teachers' banquet were started Tuesday by the Lions and Rotary club, when the committees for the banquet were appointed. The committee appointed for the Rotary Club was Glenn Bear, B. F. Gilchrist, and Oscar Kemp. The permanent program committee of the Lions club included: Curtis Cook, Johnny Anderson, and Frank Kelley, will represent the Lions club at the arrangements of the joint session.

Last year the banquet was arranged at the First Methodist church, and more than two hundred members and guests of the club were present at the meeting. The tentative plans call for a banquet some time during the next month. Definite plans will be announced this week.

## County Tax Rate Set At 60 Cents

According to information received in Burkburnett Wednesday the county tax rate was set at 60 cents by the commissioners court in Wichita Falls Tuesday. The rate represents an increase of six cents over the 54 cent rate of last year. The budget for the county for next year is 423,730 dollars, and represents the expenses of the central office and the four precincts of the county for that period. The hearing was held at 2 o'clock and no protesting delegations were present. The original budget was adopted.

## Attractive Prizes Draw Large Entry For Farm Exhibits

Individual Farm Booths to Win From 4 to 7 Dollar Cash Prizes

CHICKENS HOLD INTEREST

Farmers of the Burkburnett area have responded to the large prize list that will amount to more than \$100.00 cash and many ribbons for every class of agriculture products and live stock and are entering the exhibits for the fair rapidly. The entries promise that the exhibit building will hold one of the largest agriculture contests ever held in Burkburnett.

The greatest drawing card will be the individual farm booths. The farmers of this section will compete for prizes of \$7.00 and \$4.00 for first and second place for the best balanced and most attractively arranged booth of one farm, and the entries have been allowed to enter not less than 15 and not more than 30 articles.

Prize live stock and chickens will be one of the major features. The chickens have drawn a special interest. There will be some famous prize winning coops represented in the show. The fowls exhibited last year proved that the Burk section had some of the highest class chickens of the area. The high prizes and ribbons will draw an additional interest in the show. The competition will be keener than at any show ever given in Burkburnett.

The live stock part of the show will be exclusively Saturday. The special prize of \$5.00 for the best colt has caused the entry of several excellent young animals of this district. Dairy cows, Swine, Horses, Beef Cattle and Sheep will vie for the first place ribbons and money in the show.

## James Cagney's Success On Screen Due To Hands

Most film stars' faces are their fortunes. In the ugliness or beauty of their features, lies the explanation of their screen success.

Kay Francis' beauty won her a niche in the hall of film fame, while Joe E. Brown captured wealth and popularity because he's so utterly homely.

There are, of course, some few notable exceptions. Al Jolson sang his way to the top while Frank McHugh's crazy laugh put him across. Leon Erroll struggled to fame on a pair of rubber legs.

Jimmy Cagney's fortune, however lies in a pair of capable hands—capable in more ways than one. He talks with them. And he fights with them.

By no stretch of the imagination could Cagney be described as handsome. Neither is he homely. He's just like any one of twenty or thirty million other Americans, neither tall nor short. He is red headed and freckled faced. His voice is nothing to write home about.

But his hands have earned him a fortune in the last few years that would permit him to live comfortably the rest of his life even if he suddenly decided not to use them any more.

## "Calm Yourself" Satire On Advertising Racket

Robert Young and Madge Evans Head Cast in Story of Go-Getter Who Runs "Confidential Service" Agency and Gets Involved in Hilarious Complications.

Teamed in the leading roles of "Calm Yourself," Metro-Goldwyn-Mayer's sprightly new photoplay of a "confidential services" operator, which comes Tuesday to the Palace Theatre, are Robert Young and Madge Evans, distinguished as co-players in such recent pictures as "Death on the Diamond" and "Paris Interlude."

Besides these, Miss Evans recently appeared in M-G-M's great "David Copperfield," and Young in the sky epic, "West Point of the Air."

## Virgie Lee Skipwith Leading In Vote For Harvest Queen

Tuesday Count Brings Leader From Fourth to Leading Position In Single Jump

MARSH DROPS TO THIRD

With all the beauties of the race working for recognition, Miss Virgie Lee Skipwith went into the lead on the first count this week by a large margin. The leaders votes ranked 30,342 compared to 27,570 for the second place contestant Miss Mabel Anderson of Clara. Miss Skipwith is representing Cashion. The leader of last week, Miss Ada Marsh of Fairview dropped from first to third place with 23,350 votes.

The final ballots will be cast at noon Saturday, and all tickets must be in the box before the hour 12 o'clock. The identity of the winner will be kept secret until the presentation at the grand finale of the Festival, the historical pageant Saturday night.

The queen will be entertained in many features during the fair. They will be on the float of the grand parade Friday morning. They will be guest at the dance on Friday night. The group will all be in the style show produced by the Band Box. At the pageant each candidate will be brought before the huge crowd.

Ranking

The other candidates and their ranking is Monelle Odom, Devol 9920; Ida Belle Day, Valley View, Okla., 7870; Estelle King, Rabbit

Creek, 1700; Ruth La... lett, Okla., 940; and Pa... den, Weeth, 390.

The winner of the crown receive a full costume and crowned queen of the Burkburnett Kingdom by Oscar Kemp.

## Successful Work In Wardrobe Pattern In Wichita

Wardrobe work was most successful in Wichita County until this year. The first school instructions was held in January the sixteen demonstrators teen cooperators. Thirty-two demonstrators and their ers who attended the demonstration went back to their respective homes and a total of 215 patterns have been completed. The result of these efforts. These club women enrolled in sixteen of whom were demonstrators for the clubs of the county reports turned in by the clubs 2,332 garments made at a cost of \$342.31. The dresses sixty-six garments ready made cost \$861.50.

operators remodeled their close closets and twelve new. One hundred eighty operators kept family closets of clothing expanding. Ninety four cooperators saved half by doing one hundred twenty nine garments renovated by cooperators, cooperators was to make a pattern, then make a slip by it and exhibit at the

## You Are Invited

TO HEAR

BRO. WILLIS KREAGER'S LAST SERMON HERE SUNDAY, SEPTEMBER 8th

There will also be a community get-together meeting held at the church Monday night at 7:30. Everyone is invited to attend this party and bid Bro. Kreager farewell and wish him well in his new church duties in Colorado, Texas.

Bro. Kreager has been in the church work here for the past nine years and during that time between eight and nine hundred additions have been added to the church roll.

Bro. L. N. Moody, of Ozona, Texas, has been called here to replace Bro. Kreager. Bro. Moody has been pastor at Ozona for the past five years and comes to Burkburnett very highly recommended. He will assume his new duties the first Sunday in October.

## Farmers Must Chance Cotton Certificates

All of the farmers of this district have been urged to exchange the 1934 cotton certificates which they may have for the exemption certificates of 1935. The Bankhead bill requires that the surplus and unused portions of the last years crop be exchanged and that new ones issued this year be used. The farmers will receive in the exchange the same amount of surplus that they have for this time. If it is impossible for the grower to call at the district offices for the exchange, it is possible for them to mail the old certificates to the agent. The agents of the government are insistent that this exchange be made as soon as possible.

## Rain Last Week Improves Crops Prospects Here

The two and one half inch of rain that fell in Burkburnett and area last week did more than merely cool the inhabitants of the district, it improved the prospects of the cotton crop about 15 or 20 percent according to the estimates. The early and middle plantings will not be helped by the slow rain, but the crop that was planted later will be increased considerably. The estimates for the year run from 2000 up in this area. The ginning tags have been received in this district, but up until last Saturday the exemption tags had not been sent out from Wichita to the farmers. However, the report from the Wichita office indicated that these tags would be in the hands of the farmers some time this week.

A tidy housekeeper can't stand an insect in the house, unless it's the one she's married to.

### Big Team High Spirit Stirs Real Pep In Local Fans

and Improves Rapidly In Two Weeks of Fall Training Camp

#### BACKFIELD LIMITED

Fans have responded to the pep that prevails in the Bull. The local football squad determination this year that the fans forget the stubbers of previous years. The team has always been noted for its tenacity, and this year the young make up in wholehearted enthusiasm what ever they lack in technique. That fighting spirit has permeated the whole team and it has overflowed into the fan fold.

The hardest schedule that the team has had in many years expect this bunch of players to give a good account of themselves in every contest. The brief spell last week of football blood of the city to the first time this year.

#### Backfield

The chief problem seems to be the lack of backfield talent. The years squad of regulars, though individual has returned to a regular. It is possible to play almost as much as the individual on the present line. Substituting for Wheeler, spent just about as much of the game as the regular

time he made some slashes that gave promise of development into Burk all time star. did not have the weight of a regular, his thrusts carried power and more speed of present member of the backfield is Avis Finch. at quarter, this sparkplug hole outfit leads the parade. played center last year. The using thing of the season was him work. For him to blows weighing almost twice that appeared slightly ludicrous never has been a harder and a steady more scientist in the camp. He added weight this year, and will be as any man on the squad. McKown is remembered by as the boy who made 77 trying the ball every time Chillicothe game last year. Starting on his hard line in 11 straight tried the ball across the A penalty of 25 yards was his burden. McKown is deceptive. At the other half the inexperienced man is Marshall Teal has never been in the fire, but the camp has a trainer. If training and efforts, a steady berth is open

#### Linemen

He has one real veteran. He made a letter and started the team. He is one of the able performers in the district. He may not make it, but he will make the team do win that honor hump. On the other end, Marks is hard. The fact that he creates a real problem. No man in the camp can handle Majors. This pair of tackles are the enigma of the right tackle J. W. Kent has been what ever. He is heavy and in good condition. Next to Bruce Blair at right guard. as one of the slowest in training, but he is one of the best learning at the present. pass, but he seems to have a job. At center Luther Grace will, but after the pass he will

have to learn to take 'em out. Tough in playing he has made a valuable contribution to the line. His competitor is Tom Lowery. Tom studies hard and will be in the running for the position. The weakest link in the line is the left tackle. Several candidates have tried for it but no one ranks regular now.

The fast development of the team gives the fans a lot of pep, and in the first game here with Tipton the fans will see how far hard work and hard training can carry a team. Tipton, playing under Oklahoma rules will have a big, experienced and old team.

### MKT Changes Train Schedule On Local Trains Wed., Sept. 4

According to the announcement of the local Katy agents, the train schedule on the MKT running thru Burkburnett was changed Wednesday. The North bound morning train that has been scheduled to go thru Burk at 7:45 will pass through here at 5:55 a. m. This is train 54. The evening train headed south to Wichita Falls and other points that was formerly scheduled to leave at 7:03 will leave at 8:03.

The changes have been arranged to correspond with the schedule of the other trains met at various other points. Connection will be made with the Frisco trains at Frederick and Altus and from Oklahoma City, at Elk City with Rock Island and at Woodward with the Santa Fe. The effective schedule will make it possible for the patrons of the MKT in Burkburnett to make much better traveling and shipping at all points of contact.

The post office officials also announced that the close out on the mail may be altered to correspond with the new trains. The evening mail that has been closed out at 6:30 will be closed out at 7:30 p. m. This will give the business and private correspondence an additional hour in preparation for mailing.

The MKT has made these adjustments in order to be able to give better shipping and passenger service to the people of Burkburnett and along the line of the railroad. For many years the organization has served this area. It was first established as the Kell railroad by Frank Kell of Wichita Falls, and later purchased by the Katy interests.

### Announcements

The Jolly Workers Club will hold the first meeting of the fall season next Tuesday at the home of Mrs. W. C. Kiesling at 310 Hayworth street. The meeting on Sept. 10 will plan the work for the year and get started on the regular program.

The Hardin Demonstration club will meet for the first fall meeting next Wednesday afternoon at 2:30. The meeting has continued throughout the summer.

The Methodist Missionary Society will hold its first meeting after the summer adjournment next Monday afternoon at the Methodist church. The society will continue the study and social activities.

The Junior University Study club will meet next Monday for the first fall meeting. Through out the fall and winter this club will meet on the 2nd and 3rd Monday's of each month.

The school cafeteria will be open Monday for the benefit of the parents wishing to make arrangements for the children during the coming semester. Plate lunches will be five and ten cents as they were last year. The cafeteria will also serve breakfast for the teachers who wish to eat there. The serving will not start until Tuesday.

### Veteran Baptist Preacher Dies At Charlie Thursday

The Rev. H. C. Curington, died suddenly Wednesday morning at 10:45 o'clock at the home of Claude Warnick here. Mr. Curington was one of the pioneers of Clay county, settling here in 1898.

When Mr. Curington first came to this county from Tennessee, he lived in Buffalo Springs. Six years later he moved to Charlie, where he has been in the mercantile business and a pastor of the Primitive Baptist church for the last 30 years. Funerals services were held Friday afternoon at 2:30 o'clock from the Charlie Baptist church with the Rev. Henry Cash of Charlie officiating. Burial in the Charlie cemetery was in charge of the Owens & Brumley Funeral home of Burkburnett.

Mr. Curington had gone to Warnick's house to discuss business matters when death came.

### Martin Bros Receive Decoration Contract

The Martin Brothers decorating company received the contract for the decorating of the streets and business houses of Burk during the Harvest Festival for this week-end. The decoration company has worked in Burkburnett several times before during the conventions and fairs that have been held here during the last few years. The company also won the decorating for the county fair that will be held in Iowa Park. They will dress up the stores and the private business concerns and the streets of the city during the festival.

### Y. W. A's. Meet At Home Mrs. Kent Mon.

The members of the Baptist YWA met at the home of Mrs. Reggie Kent Monday afternoon, September 2, for the weekly meeting of the association. The meeting was opened with two songs "Trust, Try, and Prove Me," and Mrs. Miles B. Hays led in the devotional prayer. The devotional was read by Marie England. The program was presented by the members of the society. Those present were Moden Pinkston, Gladys Pinkston, Edna Styles, Marie England, Lorene Alvey, Irlia Barton, Mrs. Reggie Kent and Mrs. Miles B. Hays.

Wall Street wants to know why people are still afraid of stocks. Well, brother, it takes a long time to get a new shirt.

### Mrs. Lewallen Is Hostess At Piano Demonstration Fri.

Mrs. Ed Lewallen was the hostess at her home Friday night presenting in a demonstration recital the widely known teachers of St. Louis Mo., Mr. and Mrs. R. W. Welch. The visitors are instructors in the progressive school of music in the conservatory in St. Louis. Several students of the hostess assisted in the presentation including Billy Franks, Clara Mae Parker, Margie Russel and Jack Grant on the piano and Lela Mae Pinkston in violin solo.

Mrs. Welch told of her trip to Europe after winning a scholarship on study and teaching in the progressive institute. In speaking of music, Mrs. Welch stated that it was the best mind trainer that there was, and that the English believe their

low crime rate due to extensive teaching of music.

The speaker demonstrated the teaching under the progressive system and told of the trip to other European centers. Playing in solo the teacher presented the Impromptu in A flat by Schubert.

Those present for the recital and demonstration were: Mesdames Roy Stuckey, Martha Pinkston, O. B. Wofford, W. P. Russel, J. L. Anderson, J. C. Parker, and Mr. J. C. Parker, O. B. Wofford, Mrs. C. L. Anderson, H. L. Stagg, Lela Mae Pinkston, Charlie Andrews, Myrtle Mae West, Mayda Small, Mary June Staggs, Dollie Reynolds, Billie Reynolds, Billie Franks, Jack Grant, Gladys Small, Clara Mae Parker, Margie Russel, R. W. Welch, Dorothy Welch Roy Stuckey and the host and hostess.

Maybe the reason the jobless get less sympathy in summer time is because it's warm enough then to sleep along the creek.

**A NATIONAL ORGANIZATION**

## WE QUOTE AGAIN-----

In pointing out excessive rates charged by private electric utilities, the Hon. W. D. McFarlane, a Texas member of the United States House of Representatives, said in a speech delivered July 1, 1935, that "... We are being charged about \$25,000,000 a year in excessive rates in Texas beyond what would be considered a fair rate based on information disclosed by the Federal Trade Commission."

Such an abuse is being corrected in many communities by the building of municipal light plants. Along with the satisfaction of lowered rates by municipal utilities, comes the satisfaction of keeping your money at home. Heretofore such revenue was sent to the big financial centers of the country without the local communities receiving any benefit from it.

Build a better community by owning your own at Home.

## Personal Mention

Mrs. W. C. Reese was returned to Burkburnett via Thomas ambulance Tuesday.

Miss Agnes Crowley visited relatives in Archer City and Ft. Worth over the week-end.

J. C. McDonald of Wichita Falls visited in Burkburnett Thursday afternoon.

Mrs. Clinton Barker who was formerly Miss Elma Finch will be employed at the City Beauty shop.

Mrs. O. C. Wills and infant son were carried from Wichita Clinic in a Thomas ambulance Tuesday.

Mrs. W. C. Reese was carried from her home on West College last Wednesday in a Thomas ambulance.

Mrs. Eliza Frants of Ft. Worth visited her niece, Mrs. J. M. Patterson of Burkburnett last Friday.

Mr. J. M. Patterson and Riley Patterson left for Kansas Tuesday at noon. They will be gone several days.

Mr. and Mrs. Jess Griffin and Margaret and James visited Mrs. Griffin's parents Mr. and Mrs. Jim Blanton at Sayre Sunday.

Mrs. J. L. Stamps was carried to her home on Ave. B in Thomas ambulance from a Wichita hospital last Friday.

Mr. and Mrs. J. C. Adams and J. C. Jr. returned Friday after an extended tour of the Colorado and other Western states.

John Philpy stationed in the U. S. Navy at San Pedro visited his parents Mr. and Mrs. George Philpy in Burkburnett last week. John was formerly a student in the Burk High school.

Miss Margaret Tanner has returned to Burkburnett to resume her work as expression teacher in the high school building where she has taught for the past few years.

Roberta June is a new arrival in the home of Mr. and Mrs. G. A. Jackson. The mother and child were carried to their home south of Randlett in an Owens & Brumley ambulance Wednesday.

Miss Wilborn was carried from her home to a Wichita hospital Saturday in a Thomas ambulance.

Representative Charles Tennyson was in Burk Friday. The representative of this district announced that the legislature would probably be a stormy session this time.

Miss Edna Hightower who has taught in the Burkburnett schools for several years will teach home economics in Chillicothe this year. Miss Hightower visited Mrs. Henson of Burk last Friday and Saturday.

Reginal Edward was the new arrival at the home of Mr. and Mrs. F. J. Dodd last week. The mother and infant son were carried from Burk Clinic to home on E. College by an Owens-Brumley ambulance.

## Women's Clubs Will Start Meetings During This Month

The clubs of the city that adjourned the session for the summer will resume their social and cultural activities during the months of Sept. Most of the clubs, with exception of Garden and Demonstration clubs adjourned for the summer months while the members were on vacation or doing work that kept them from social activities. The Garden club has met regularly and has studied interesting series of subjects that are apparent in the better yards and gardens of the city.

The only religious organization that kept its activities going was the

Friday and Saturday, "Riding Through," Tom Tyler.

Saturday Midnight, "Dr. Jekyll and Mr. Hyde," Fredric March.

Sunday and Monday, "The Irish in Us," James Cagney Pat O'Brien.

Tuesday and Wednesday, "Calm Yourself," Robert Young Madge Evans.

WMU of the Baptist church. This society will continue its program of service and study during the winter months. Meeting once a month the society will hold all-day session. The rest of the Monday meeting will be devoted to study in circles.

The Methodist church ladies adjourned for the summer. They will start their meeting on the next Monday at the church.

The Fun Club and the Swastikas were not ready to announce plans of definite reorganization. The Current Literature, and University Study club will open the season with excellent plans of study for the entire winter.

The Junior University Study club will meet next Monday and meet on the first and third Mondays of each month. The club will undertake to carry on in the high tone of cultural and social work that has characterized its programs the last few years. The Jolly Workers club will meet next Tuesday to start the year work. The PTA will have the first meeting early this month at some date when the executives can agree to meet the parents and teachers. The Hardin Demonstration club has met through the summer.

This Demonstration club has won some signal honors. The members visited the annual camp at Lake Kemp and were well represented at the conference and school at College Station. The Culture and other clubs will announce meetings in the near future.

## First Hammer Used In Burk Oil Field To Be Used In Play

The very same miners hammer that was used to drive the original stobs for the first oil well will be used in the play that will portray that scene of that event. The well was located by Mr. Sullivan a Burkburnett pioneer, and the miners hammer was used by him to locate that well. The pioneer will be in the play Saturday night and he will drive the stobs for the location just as he drove them over 20 years ago. The same instruments used in the location and surveying will be present. Many of the other scenes will have the same people and the same materials as made the history of the city.

## THE STAR SNAPSHOTS

THE SPRITE IN THE SUNLIGHT—turns out to be Carole Lombard, wearing a bathing suit of navy satin and an astonishing pair of navy and white sandals as she combines exercise with her sunbathing.

"KITCHEN OF THE FUTURE"—Will help to revive building activity. Kitchen cabinet, sink, dish washing machine and refrigerator at the right are examples of drawn metal construction making possible any color or combination desired. In foreground is a round electric stove on casters permitting cooking from any angle. Created by Briggs designers as a suggestion to the industry.

AND POLL SAYS TO FIDO—???

HOUSE COMMITTEE ON NEUTRALITY—These men worked out the compromise on the bill which had been passed by the Senate. From left to right, Rep. Sol Bloom, ranking Democrat, of N. Y., Rep. McKeynolds, Chairman, and Rep. Johnson of Texas.

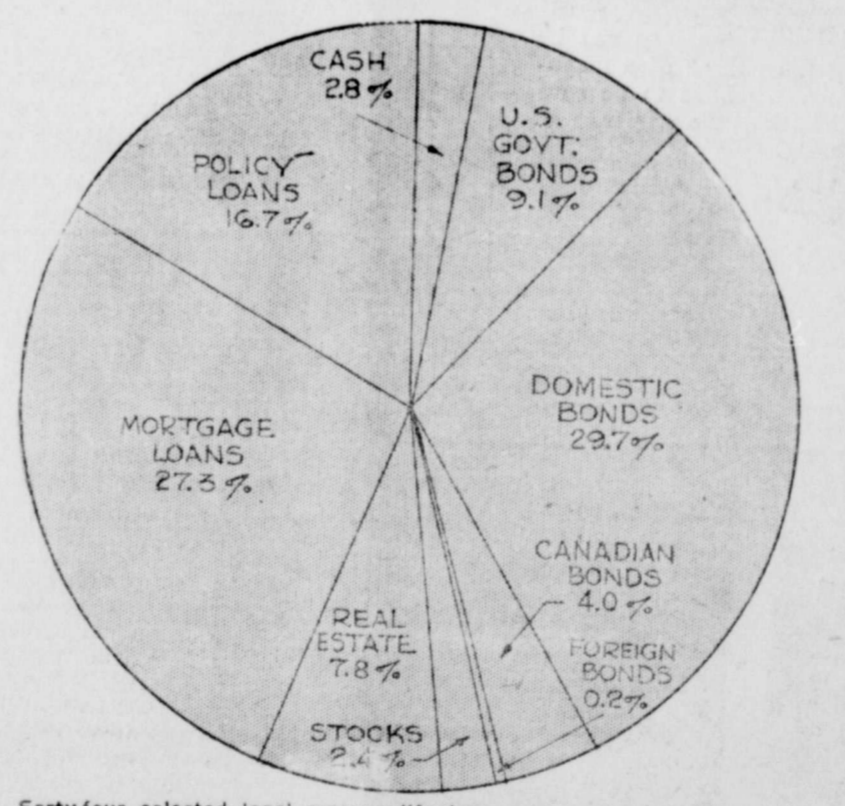

Meet "Stubby," newest addition to the beer bottle family. Although 31 per cent shorter than the standard size beer bottle, his capacity is the customary 12 ounces. He has been introduced by Owens-Illinois Glass Co., as the ideal one-trip, no-deposit beer bottle.

AS ONE CHAMP TO ANOTHER—Jack Dempsey swaps experiences with Harry E. Wilken, Sr. who has produced 380,000,000 gallons of whiskey, more than any living person—and more "rounds" than even Jack can boast of.

## Insurance Companies Earn 3.90 Percent

Forty-four selected legal reserve life insurance companies earned approximately four per cent on \$19,000,000,000 of invested assets it is shown by the Davis Life Insurance Annual. The chart gives the major items in the combined investment portfolio of the companies.

CHICAGO—Despite the preponderance of low yield equities in the field of investment, 44 selected United States and Canadian legal reserve life insurance companies were able to earn an average of 3.90 per cent on \$19,071,000,000 of invested funds in 1934, it is shown by the current edition of the Davis Life Insurance Annual. This comparatively good return is an example of scientific investment management, and demonstrates the value of wide diversification of risk, it was stated by H. A. Davis, Chicago, independent life insurance analyst and author of the annual.

These companies have \$30,100,000,000 of life insurance in force, or approximately 82 per cent of the total for the entire industry, Mr. Davis said.

Domestic bonds represent the largest single item in this combined investment portfolio. Of the \$19,071,000,000 29.7 per cent is in domestic bonds. Mortgage loans on real estate rank next with 27.3 per cent. Other investments items are policy loans, 16.7 per cent; U. S. government bonds, 9.1 per cent; real estate, 7.8 per cent; Canadian bonds, 4 per cent; cash, 2.8 per cent; stocks, largely preferred and guaranteed, 2.4 per cent, and foreign bonds, excluding Canadian, only two-tenths of one per cent.

"It is decidedly interesting to note that these companies earned nearly four per cent on their invested funds in the face of the exceedingly poor investment opportunities," Mr. Davis declared. "Another item of interest is the very small percentage invested in foreign bonds, other than Canadian equities."
