BURKBURNETT, WICHITA COUNTY, TEXAS THURSDAY, SEPTEMBER, 19, 1935 NUMBER 5

## PERMIT GRANTED FOR THE PROTECTION OF OIL WELLS IN STRIKE AREA

### Bulldogs To Receive Test Friday Night

Tipton Team to Invade Local Stadium For Opening Game This Week

#### STARS TAKE SCRIMMAGE

The first severe test of the Burkburnett fighting Bulldogs will be the Tipton team on Friday night in the game that will blast the season for the local grid-gridders. The local fans are confident of the local team's ability to handle the Tipton team. The Bulldogs have plenty of fight, and they never let down, regardless of the score. In the initial scrimmage last Thursday night the heavy and experienced Bulldogs showed a surprising display of their force of weight and execution. The Stars crushed through the Bulldog defense, but they were able to live up to their boast and prevent a score on the part of the high school team.

**Bulldogs Attack**  
The game brought out the fact that the most dependable ground that the local team has is in the combination of Clifton and McKown to Rose, and in the smashes of Clifton or speed of McKown. Quarterback Finch that he was able to block a fair game.

and again Clifton brought a crowd of fans to their feet with a through the line that seemed to be a sure thing. McKown and Rose passed that added appreciation to the total gain of the Bulldog.

#### Thrilling Plays

The longest run of the game was back some of the memories of years team, when Sims dashed for a touchdown. However, the Bulldogs themselves promise some thrills. McKown's 37 yard return of a kickoff in the second, McKown's 26 yard pass to who snared the oval in the hands of a group of would be tackled Clifton pushing over the line for short touchdowns, all combined to make the evening a real basis for some hope for fans hearts.

forward wall was not without a Time after time the Bulldog dashed the punters and the crowd of the All-Stars until they were crowded. However, the Smith anderson and Smith to Ragsness combination made the All-attack dangerous.

#### Tipton Team

little is known here about the Tipton team. All that is known is that they play under Oklahoma rules that allow a couple of extra yards naturally they will be expected to bring seasoned and experienced men to Burkburnett.

fans of Burkburnett are prominent. The line up is uncertain it is probable that the same combination will prevail as was in the previous scrimmage with the All-

### Cotton Pickers

According to the announcement of H. D. Smith, director of FERA, the local cotton pickers have been urged to register with the local offices. The men who hire the cotton pickers of this area have asked, in so far as possible to use local men on the cotton fields. The business men are interested in keeping the money that is paid in wages here at home, and in order to do that the local people should be employed. Those who are imported to pick carry the majority of the money they receive away with them, and the local community receives no benefit from the workers. Many of the imported workers were relief cases before they left home, and they became stranded in the counties where they are located when the work runs out for the district. This would create an additional burden on an all-ready overburdened county and local relief treasury.

### Marion Boden And Lucille Kemp To Be Fair Royalty

Marion Boden and Lucille Kemp will be the Princess and Duchess of Burkburnett at the grand pageant at Iowa Park next week. The girls were chosen at the directors meeting of the Chamber of Commerce Wednesday night. The directors also voted to move the seats of the rodeo arena to the high school stadium in order to accommodate larger crowds at the athletic contests and to serve as community center during the summer.

### Excavation Made For Engine Base At Light Plant

Excavation started this week on the pits for the solid block of concrete to hold the two powerful diesel engines in the new municipal electric plant. The block will be 31x31x10 feet deep. The diesels will be two 520 horsepower machines, capable of producing the power necessary for Burkburnett municipal customers. The building is nearing completion this week as the roof was laid.

The walls and other features of the building have been completed and the finishing work will be under way in the near future. The pouring of the cement on the engine foundation will start as soon as the excavations are complete and the forms made. The foundations are strong to take care of the heavy vibration of the engines of such large power, and the construction of them has been postponed until a roof could be completed to prevent adverse weather conditions damaging the base.

### P.-T. A. Announcement

The Parent Teacher Association of the local school wishes to make the announcement that the food collected by the football fans for the purpose of feeding the boys at camp may be repossessed by those donating the groceries. The Owens-Brumley furniture store has every article at the present, and any one desiring the food to be returned should go to that store for it.

Adding Machine Ribbons, Star office

### HARVEST FESTIVAL SUCCESSFUL BEYOND HOPES OF PROMOTERS

#### Foster Death Trial Delayed For Month Defense Request

The murder trial of Ralph Foster of Burkburnett was delayed for one month last Thursday when the defense requested the delay due to the illness of C. C. McDonald, chief counsel. The trial was scheduled to start Sept. 16, in the 78th district court before Judge Irvin J. Vogel. It will start Wednesday, Oct. 16 before Judge Allen D. Montgomery in the 30th district court. McDonald is confined to his bed, and according to the report will not be able to be up for several days.

The special venire of 150 men that was called for the jury have been notified by the district clerk to appear on Oct. 16 for qualification in the court of trial.

One of the interesting developments of the trial has been the exhumation of the body of Mrs. Foster. The body was exhumed on Sept. 10 by the Owens Brumley funeral home at the order of the district attorney and the family. The body was examined by X-ray at the general hospital. No official report was given, but the unofficial report said that no fractured bones were discovered.

#### Wheat Prices Surge Upward In Greatest Gain In Over Year

Swinging upward to the highest price since the top of the 1929 boom prices the local wheat market touched \$1.07 in the Burkburnett market Tuesday morning. Oats also jumped to 25c. The local mills report that there was still a heavy amount of the grain out and that the local farmers would profit from the rapid gains in the market.

The crop shortage during the past season was advanced as the reason for the rapid mounting prices. Several weeks ago the price started upward, and since that time it has been gaining momentum from the reports that have filtered in from the Midwest.

When the wheat season opened in Burkburnett, the price was at 70c. At that time some of the farmers sold what grain that they were able to harvest. However, most of the grain growers were able to hold for a much higher rating. Since then several of the larger grain men have sold out, but enough has been held in the local supply to be an aid to the farmers and wheat buyers in this section.

### A Horror Tale That Tops 'Em All For Chills

Peter Lorre, amazing new personality to the American screen, makes his bow in his first picture in this country in "Mad Love," Metro-Goldwyn-Mayer's creepy mystery showing at the Palace Theatre Tuesday and Wednesday.

Star of "M" and other European sensations, he brings a bald, calculating murderer to the screen in the person of a mad surgeon in Paris Creepy thrills, weird surgical experiments, a glimpse of the Grand Guignol horror theatre, the guillotine and other fantastic diversissements surround a gripping drama.

Unmarried women as a rule are not in favor of taxing bachelors. They can think of a better way of punishing them.

### FALL FAIR BRINGS THOUSANDS TO BURKBURNETT

One of the most successful parties ever sponsored by Burkburnett ended last Saturday night when the firemen and band Harvest Festival closed after a two days madri gras on Main street. The fair brought to Burkburnett many thousands of visitors, and the crowds that swarmed through the streets surprised even the most optimistic backers of the gala celebration.

The celebration was originally scheduled for last week in connection with the agriculture exhibits, but after the death of Burk's leading citizen, Mrs. Mary C. Hardin the celebration part was called off for one week. However, in spite of the postponement to the date of Friday 13, the fair opened with a large crowd present Friday night.

The jinx that had followed the production seemed to be present when the heavy light wire at the Rodeo stadium burned from a crash of an auto against one of the lead posts. The crowd came near panic. However, the crowd settled when the band started playing the Eyes of Texas, and the crowd took up the song and carried it through.

The pageant presented the history and traditions in spite of the interruption and the grand climax came when the Mayor Oscar Kemp crowned the queen, Miss Mable Anderson, of Clara. The other contestants were Virgie Lee Skipwith, Cashion; Ada Marsh, Fairview; Monell Odum, Dewol; Ruth La Barre, Randlett; Ida Belle Day, Valley View; Estelle King, Rabbit Creek; and Pauline Gladden, Weeth.

The firemen and the band have expressed their appreciation for the work of these girls from the various communities. Others assisting in the production and exhibition were: J. W. Butz, W. A. Roberts, Herman Brown, M. S. Dean, Frank Kelly, E. L. Nichols and band, Butler Westerfield, J. R. Sullivan, Ray Allen Pevey, Mildred Kemp, Lee Clifton, H. D. Smith, Wid Phillips, Mrs. Phillips, Wendell Goins, Mike Begun, J. H. Brumley, H. R. Hays, R. J. Kelly, J. J. Blackstone, F. H. Hood, John Anderson, A. Montgomery, T. Guy Willis, G. C. Brashear, and Mr. Ray

### Burk Teachers Will Be Honored Tues. By Service Groups

Formal Banquet To Introduce Instructors to Burkburnett Citizens

#### REV. MONTGOMERY SPEAKER

In an elaborate program featuring the address of Rev. Montgomery, pastor of the Highland Heights Christian Church of Wichita Falls, the Rotary and Lions clubs of Burkburnett will introduce the teachers of the Burkburnett public school next Tuesday night. The program has become an annual tradition in this city, and the clubs will present one of the most interesting programs of the series this year.

The program will be presented at the First Methodist church. The master of ceremonies will be Jack Brumley, member of the Rotary club. He will introduce the visitors and act as official host. The teachers will be introduced by Butler Westerfield, superintendent of the schools.

The welcoming address will be given by a member of the Lions club, and the response by the teachers will be Miss Pauline Miller, one of the new instructors. The musical feature will be by Maldeva Childress, violin instructor.

The committees appointed include: Decoration, Jack Kelly and Neeley Vaught; printed program, Curtis Cook; preliminary music, Oscar Kemp; music, Glenn Bear and Johnnie Anderson; speakers, members of the Lions club.

The club promises to provide a royal reception for the teachers. The attendance will probably rank close to 200 at the meeting. The wives of the members will be guests for the evening according to the annual tradition.

### Car Kills Burk Man As It Smashes Wall Of Bogart Grocery

L. Edwards Dead After Car Wreck Saturday Morning On The Wichita Highway

#### VAUGHN HOLLIS HELD

Smashing into the north end of the Bogart grocery building with an earth shaking jar, the 1934 Plymouth sedan belonging to H. R. Hays carried Leonard Edwards, son of Mrs. R. M. Bell, to his death Saturday night about 2:30. Edwards died at the General hospital several hours later from neck and head injuries that were received when the allegedly stolen car ran wild.

Vaughn (Jack) S. Hollis, formerly restaurant employee of Burkburnett, was removed from the car in an unconscious condition. After his return to consciousness he was held by the county authorities under the order of Bill Stapp, chief of Burkburnett police, for investigation on the alleged theft of the car.

#### Car Smashed

The Owens-Brumley ambulance rushed to the scene of the accident and carried the victims to the Burkburnett clinic for a preliminary examination. They were sent to Wichita Falls for treatment at the hospital, and Edwards died without recovering consciousness at the hospital. He was hurled from the car and found in a pool of blood on the floor of the building.

Hollis, son of W. C. Hollis of Randlett was not seriously injured. According to the hospital authorities at the general hospital, he was recovering chiefly from the effects of intoxicants Monday morning. However later reports indicates that he had a broken collar bone.

The automobile in which the two young men were driving was completely wrecked. It jumped a three foot ditch after serving a 12 inch light pole, then crashed through the wall of the building. It entered the

(Continued on page 4)

### Trades Day Event To Be Held At Ave D. and Main Street

Burk's weekly trades event will be held Saturday afternoon at 4:30 at the corner of Ave. D and Main street near the Burk Motors, Barrow-Grace Motor Company and the Sinclair and Magnolia Filling Stations. The Trades Day is the cooperative effort of the progressive merchants of the city and an expression of appreciation by those merchants for the loyalty of the citizens of the territory.

Last week during the Harvest Festival, one of the largest crowds of the season attended the main event of the entertainment. The feature comedian team of the Marvel show, Hamilton and Beard kept the crowd in an uproar of laughter with their antics and humor.

The event this week will have the pre-concert by the Cowboy Band and the same entertainers that appeared on the show last week in the public performance.

The merchants that are members have been issuing the invitation tickets to the customers all this week, and as hosts these merchants expect the banner crowd of the season for the show at Ave. D and Main at 4:30.

### Retail Merchants Credit Group To Be Organized Here

Fred Alexander, manager of the Northwest Finance company announced the virtual completion of the preliminary work for the organization of a Retail Merchants Credit Association in Burkburnett this week. The purpose of the organization will be to regulate and extend credit through proper channels in this city. Such an association was perfected several years ago, but it was dropped in recent years after many years of effective work. The association will check on all credit sources and keep an accurate record of the credit rating of the individuals in the city. The merchants are being approached to line up with the organization.

### Four Companies Ask Injunction

Damage Estimated By Operators To Exceed \$150,000 In The Field

#### NO VIOLENCE EVIDENT

The 89th District Court at Wichita Falls granted a temporary restraining order against the oil field workers union and some 20 leaders of the strikers in the Northwest field shortly after noon Thursday under Judge Eugene Robertson.

The order restrains the union members and the individuals named from going on certain leases, interfering with the wells or damaging the property in any way. A hearing on whether or not the injunction will be permanent will be on Oct. 10. Judge Robertson explained that his decision had nothing to do with the strike, but merely designed to protect the oil field property from damage.

The plaintiffs were Bell Oil and Gas, Reno Oil Company, Burk Divide, and Bohner Oil company.

Sheriff Pat Allen and an unidentified lawyer from Wichita Falls attempted to work out an agreement with the strikers Thursday evening in order that the vacuum could be resumed at the wells closed by the strike in the northwest field. However, the strikers were aware that the strongest weapon that they have at the present is in the closed vacuum. The operators estimate that the damage done by the closing of the vacuum process will amount to about \$150,000.00 during the strike.

The strike started Tuesday morning at 3 o'clock when about 250 of the members of the local No. 258 walked out after a majority vote. Sheriff Allen spent all Wednesday afternoon and most of the night trying to effect the compromise or agreement with the strikers. The strikers positively refused to consider the arrangement except the signing of the contract.

#### Desire 30 Days

The sheriff asked if the strikers would consider 30 days for walking out agreement. The strike committee answered that they had given more than 30 days warning before the strike was called and they had no contract.

In the meantime an injunction had been granted by the Frederick court restraining 27 workers and the union organization from entering the Bell property across the state line. Seven Tillman county officers were watching the property Wednesday night in two shifts.

Many wells that have been "on the pump" ever since the boom days of about 20 years ago ceased producing oil for the first time today, as union oil field workers of the Burk area pressed their demands for higher wages and a closed shop. The strike began officially at 3 a. m. Tuesday and affected approximately 250 members of the Oil Field, Gas Well and Refinery Workers' Union No. 259. The workers ordered the strike after operators, in reply to their demands, stated it was impossible to meet a requested 20 percent pay increase, and other conditions.

#### No Violence Reported

The strike had not taken a violent turn at Burkburnett or elsewhere in the field Tuesday night, peace officers reporting there had been no outbreaks. Precautions were being taken, however. Sheriff Pat Allen of Wichita county arrived here late today to survey the situation personally, and property of the five companies involved—the Burk Divide

(Continued on page 4)

### Primary Pupils

Principal Lee Clifton Monday announced that those parents who have primary or first year children that should enter school this year to send the pupils before the session of Monday, Sept. 23rd. Those students who are entering school for the first time this year will have difficulty in catching up with the other pupils unless they enter immediately. The child that stays out later than next Monday probably will be unable to ever make the necessary progress for promotion. Therefore the school has made the rule that such students must be in not later than that time.

### Big Rabbit Creek

Sept. 15, 1935

Fred LeBarre and her son attended the big trades day over in Burkburnett.

H. Martin made a business trip to Paris, Texas, Friday, returning home Sunday afternoon.

The writer has been informed that a 100-acre block of land is being set up South East of Randlett for the purpose of putting down a well. The writer is advised this oil lease calls for a 10 year contract, and the block of acreage will extend south to the

word yet has been received yet Luther Bridges regarding to his daughter Lorene is getting out in New Mexico where she has been a few weeks past for her

Mr. and Mrs. Hawkeye took in the big trades day over in Burkburnett Saturday, and believe me there was a largest crowd of people in the city that has ever been in the city. Hawkeye is a mighty close driver. He estimates that 5,000 people were in the city Saturday.

Hawkeye was going from one store to another he ran on to his old friends Mr. Jim Alexander and his sons big filling station which is known as Jim and Jack's place. Hawkeye was greatly surprised to see such a well stocked place of business, such as the year tires and tubes and one of the best auto oils that's made, Sin Clair's, and talk about washing and greasing cars they had their boys busy washing those cars. There was a bunch of dirty lined up out in the streets waiting their turn to be washed and waxed. Hawkeye asked Jim and Jack if the big rush was just on Trades Day, the answer from Jack was that it's an every day occurrence. Hawkeye says about 2 days is all he would care to own that place of business, as he would have enough to last him on a six months vacation.

Coming to the big Trades Day Burkburnett Saturday, Grandma was seen on the streets again. This time Grandma wasn't buying, but O Boy Grandma was sure enjoying her self by taking in all the fine entertainment.

Down the neck of the woods and down the river got a fine little rain 30 minutes or more, which will help the cotton crop. All of the farmers are complaining about the cotton being so slow in opening up.

Mr. and Mrs. John Ashton and daughters were shopping and taking in the big Trades Day over in Burkburnett Saturday.

Mr. Tobe Hardin and Mrs. Marjorie Nails and her son Charlie were in Burkburnett Saturday taking in the trades day and doing their shopping.

Mr. Tobe Hardin, Mrs. Martha Nails and her son Charlie spent several hours visiting with the Owens family Sunday afternoon.

Mr. W. H. Martin arrived late Sunday evening from his business trip to Bonham and Paris, Texas. He told the writer that the cotton crop around Bonham, and other points which he was at was simply taken up by the worms. He stated that every leaf and every limb was eaten off. Nothing was left only the stalk and a few bolls. He said 75 per cent of the cotton crop was destroyed by the worms.

HAWKEYE.

### Regular Fall Meet Of Valley League Held Thurs. Night

The members of the coaching and official staff of 15 high schools of the area will meet Thursday night at Okalunion Thursday night for the annual fall meeting of the Red River Valley League. The president, Randle Watkins called the meeting in order to make arrangements for the season play. The district championship was won last year by the Okalunion team after a play off with Geraldine high school which had won the East championship.

The teams that will be represented at the meeting are: Clara, Fairview, Cashion, Holliday, Valley View, Mankins, Harold, Geraldine, of the East half, and King High, Thalia, Medicine Mound, Okalunion, Odell, Five-in-one, and Margaret.

This league produces that fastest brand of ball that is played in this district. Last year the battle for the lead was an interesting one down to the finish. Fairview and Clara, two teams of the Burk area have a good chance at the championship this year.

Maybe about the time congress gets around to passing a "soak the rich" bill the rich won't have anything left to soak.

### Mrs. Keisling Honoree At Shower Last Thurs.

Mrs. W. C. Keisling was the honoree at a shower at the First Baptist church Thursday afternoon when a group of friends met to congratulate her. The hostess were: Mesdames John Brookman, Henry Grace, Chas. Grace, Artie Whitesides, Reggie Kent, Roy Magers, Loyd Marshall, and Benny Brummie. A clever program presented for the honoree included a reading by Mamie Brown, song by Mrs. Gregory, accompanied by Mrs. Leo Foster; piano numbers, Jack Grant, and a reading by La Nelle Kinney.

The climax of the program was the presentation of the gifts and the clever arrangement of the presentation surprised the honoree. Those present were Mesdames C. J. Duncan, La Nelle Kinney, John G. Allison, C. B. Keisling, E. H. Birkman, N. R. Allen, L. J. Foster, James Johnson, and Miss Eleanor Keisling, and Clara Keisling and hostesses.

Those sending gifts were: Mesdames Edna Marshall, Cooper, Pearl Beard, J. J. Blackstone, Wayne Chambers, Jobie Dunn, R. J. Kelly, J. D. Majors, Hubert Thompson, W. A. Roberts, Robert Dunn, Minnie

Todd, Volney Hill, J. H. Cecil, Lee Clifton, Tom Boyd, B. L. Turner, Billie Boyd, J. T. Dickson, H. A. Goodwin, Roy Majors, Loyd Morrell, Mae Mummie, Ruth Beldon, and Lewallen.

### Truck Sales Break All Records

A new all-time record for truck sales in a single month was set by Chevrolet in August, W. E. Fish, manager of the commercial car department of the Chevrolet Motor Company, announced yesterday.

There were 21,776 trucks delivered in the United States in August, Mr. Fish said. The best previous August was in 1928, when the total was 20,641. Last year, 16,748 trucks were delivered in August, so that the record just achieved is more than 30 per cent improvement over the corresponding month in 1934.

"Sales of these commercial vehicles," said Mr. Fish, "were a most important factor in the spectacular sales record which Chevrolet dealers established in August, during which month they delivered 99,180 units for a new all-time August record.

Increase in truck volume is doubly gratifying because in addition to returning profits it forecasts improved business for the future. Such a showing as was made last month is a reliable indication that commercial vehicles will be in demand right on through the fall."

### Current Literature Club Holds Meeting

Members of the Current Literature club held their first meeting of the fall and winter session in the home of Mrs. Roy Magers Thursday September 12. The program was devoted to a "Home Coming" theme under the direction of Mrs. N. R. Vaught. The members of the club devoted a period to the discussion of the plans for the year and the experience of the summer vacation. The first report was the story telling hour given for the children at the city park each summer. Mrs. M. W. Majors reported that several hundred children had been entertained, and that each child had been served ice cream during the story telling program. The club cooperated with the Federated Missionary society in the project.

Mrs. Majors also spoke on the

"Federated Clubs and their Missions." Mrs. Mrs. Magers greeted the club with the presidents message telling of the plans for the year and asking the cooperation of the club in carrying out the program. Mrs. Rex Kolter read the club woman's Creed and the reading was impressive to all the members present.

The hostess served an attractive plate to the following: Mesdames W. D. Bent, T. H. Boling, J. L. Caffee, F. R. Flanagan, B. F. Gilchrist, J. N. Hicks, F. A. Jameson, G. T.

Kimbell, Rex Kolter, Jack Land, A. H. Lohofener, M. W. Majors, J. R. Prince, Joy Sessums and N. R. Vaught.

MRS. HUDSON MEADOR  
Burkburnett, Texas

Shawnee and Arochae warriors encamped. Col McCoy, the screen most outstanding western star, will himself lead his congress of rough riders of the world in the main performance and in the wild west.

The greatest show on earth offers scores of foreign features new to America this year, including a Sharan racing caveran of acrobatic liberty camels and Touregs; a Moroccan sixty-horse liberty act; the largest aerial ballet ever produced, headed by the Annetta and Nelletta troupes of revolving flyers, the Jennies and the Lydias. Fresh from Europe are the Walkmirs, the Antaleks, the Buemrangs, the Romeos, the Maschinios, the Dementatis, the Willos, the Torrence-Dolores, Lauries, the Polis, the Rooneys, aerial novelty sensations. The loyal-Repenskis, the Rieffenachs, the Walters, famous bareback riding troupes; the two Guice aerial comedy troupes on the lofty bars; the two renowned Walenda troupes of high wire thrillers; the Otaris, who fly in mass sommersaults from an aerial cross; the Flying Concellos, with Antoinette, only girl to accomplish a two and a half mid air somersault to a hand-to-hand catch; the Flying Comics; the great Con Collenano, only artist ever to achieve a forward somersault on the tight wire; Dorothy Herbert, madcap rider of reinless jumping horses over fire hurdles, and Hugo and Mario, human projectiles who are fired from the mouth of a giant cannon across the upper reaches of the big top—these are some of the most prominent features of the superb 1935 Ringling Bros and Barnum and Bailey program, to say nothing of Mary, the famed rnoceros of the Tarzan motion picture, which is a newcomer to the rhino colony in the vast menagerie.

## Current Literature

The Incas and Aztec are always interesting people for the history minded people, and the mystery that is wrapped up in their origin and civilization would make fascinating reading for any person. Very few

people are aware of the great heights of civilization that these two nations or groups of nations reached in the prime. Even today every red blooded explorer, thrills at the possibility of finding some indisputable trace of the Incas civilization.

Dr. Frederick Wolheim has added some interesting research to this mass of data that has been collected by archeologists in the past few years. Every civilization usually follows a pattern in its designs, and this pattern follows throughout the art and architecture of the race. The learned doctors analysis of the art and motif goes beyond a technical analysis. It leads the erader into the customs and religious mysteries of the race of Incas. Much of his analysis is of speculative nature, but essentially sound in logic.

What few people do realize is that the Central and South Americans had a civilization that was in many respects higher than the one that we have achieved today. Their science of medicine and understanding of physics and psychology was in many fields far beyond our conceptions.

Edward J. O'Brien's annual Best Short Stories is really necessary. It is a backward glance to see what the work of letters in the short has accomplished during the past year. O'Brien says in his introduction "there is a new, a serious tendency on the part of critics and other writers to legislate politically on the subject matter of writers in a manner that can be described as Fascist." O'Brien states that the artist should not be made subservient to any political thesis.

It is a good collection however, and the familiar names found include Appel, Burnett, Callahan, Caldwell, Faulkner, Hogan and Wolfe. Among the new writers appeared the name of Allan Seager, Dorothy McCleary, and William Sarayan. These all wrote for the Story, a magazine that every student of literature ought to read.

By way of report, we are glad to

note that the library has received the newly bound books back from the binders. There is nothing that pleases the casual reader as much as having a neat appearance to his books.

## Mar-O-Vel Show Is Winning Crowds By Unique Programs

The Marovel Medicine company sponsored by the local Fire Department who opened here last Monday night are attracting big crowds and are giving the people of Burkburnett a taste of good music, novelty circus acts, blackface acts, and one blackface comedian that can really dance, "Whiskers" Beard who is co-owner of the show. The Peeler family of musicians are identified with this organization presents both the old numbers and the modern tunes and are a clever combination accompanied by Miss Mercedes, the Spanish pianist who also does some clever numbers on the Piano Accordion. Assisting them in the show is a local young man, Wilbur Wilbourn who is going to school here, and under the proper directions will make his way in the show world. This is the first time that this boy has ever had a chance to see what he can do and the experience he will get while the show is in town will be well worth the effort.

The show is located at the corner of C Street and College and starts nightly at 7:45. The show is neat in appearance and tonight will feature a Flying and Balancing Trapeze act, presented by Mr. Hamilton and from the press of other places this act will be rated among the best.

## Second Theft Charge Filed Against Hollis

Jack Hollis of Burkburnett was charged with automobile theft in a second complaint filed Wednesday by Deputy Sheriff Dick Chapman. The defendant now held in the Wichita General hospital as the re-

sult of injuries sustained last day morning at Burkburnett, charged with having stolen a Buick coupe Sept. 9 from James A. Babin, 3201 Cumberland. The car was recovered at Waurika, Okla. and was announced.

Hollis was charged Monday with theft of the car in which he was riding about 3:30 a. m. Sunday when Edwards was fatally injured.

## C of C Asks Western Union To Keep Office In Burkburnett

Due to the report of the threatened moving of the Western Union office from Burkburnett, the Chamber of Commerce appointed a committee to confer with the office of the company this week. The committee plans to ask some other office of wire service in case the Western Union withdraws the office from Burkburnett. The first reports indicated that the office would be moved to the railway lines.

**WE CAN Save you money ON TIRES**

GOODRICH QUALITY

EXTRA MILEAGE

There is only one safe way to buy low-priced tires—stick to known quality. No matter how low the price of a tire may be—it is a waste of money if it starts to go to pieces after a few thousand miles. To protect you when buying low-priced tires, Goodrich, America's oldest tire manufacturer, has built the Goodrich Certified Commander. It has real Goodrich quality and mileage throughout. Yet the price is no more than many "Bargain-built" tires.

You can't go wrong on this extra-mileage, low-priced Commander. Let us show you how we can save you real money on these genuine Goodrich Tires that will still be giving you thousands of trouble-free miles after shoddy low-priced tires have gone to the junk heap. Come in today and let us prove to you that we mean what we say when we promise to save you money on tires.

## Strike—

(Continued from page 1)

vide, Reno Oil company, Tucker Oil company, Bell Oil and Gas, and the Clyde Bohner company—was being guarded.

The most harmful aspect of the strike so far was believed to be the danger of salt water flooding affected oil wells, all of which were taken off the vacuum when the plants were shut down. At release pressure, salt water invasion is a real danger and perhaps will affect a wide area of the field. In some cases the well may be ruined forever but in others at least some of the damage can be remedied, but at considerable expense.

An incident relating to the vacuum pumps was the closest the strike had come to violence Tuesday. After the pump at the Tucker Oil Company had been shut off at 3 a. m., it was turned back on by an unidentified person or group. Strikers hearing of the incident this afternoon rushed to the Tucker plant near Thrift again shut off the vacuum and warned several nearby persons to "leave it alone." Some threats were made but the incident ended peacefully.

## Arbitration Failed

The strike was ordered by the workers Sept. 3 after operators had refused to meet the conditions asked, but was postponed until today, pending the return from Washington of Dr. Edwin A. Elliott, member of the federal labor relations board. His attempt at arbitration failed and J. L. Coulter of Fort Worth, secretary of the International Oil Workers, assumed leadership of the workers in the northwest field.

Workers Thursday were peacefully playing "forty-two" or talking in various public places throughout the field, and most of them appeared confident the operators would "give in." The operators, however, although refusing to be quoted individually, said they will not meet the requested conditions.

The strike is the second of workers in this area. The same union struck for 15 days in August of '34 and obtained a favorable contract that expired Sept. 1 of this year.

## No Gas for Stoves

The strikers today and tonight gathered mainly in the Thrift community. The meetings of various groups was conducted in a quiet manner, and there even was indignation abroad over a published report that a stick of dynamite had been stolen from the Tucker warehouse. The workers denied there had been any pilaging and their statement was verified not only by Sheriff Allen, but by an official at the Tucker plant who said no dynamite had been stolen.

Social effects of the strike were felt immediately by residents of the northwest field area, for the closing of the plants cut off the gas supply to many homes. Residents of those sections depending on gas from the plants were forced to come to Burkburnett for food Tues. The Women's Auxiliary was handing out coffee and food to men the first three days.

## Car Kills Man—

(Continued from page 1)

store backwards. The neighbors reported that the attending noise sounded like an earth quake.

The small building was jarred by the impact of the rapidly moving car and the front end moved more than two feet from its foundation. Jingle Hayes missed the car and had started with Jim Turner and Roy Blanscett, police officers, in search for it when they heard the ambulance start the run for the scene.

## Services Tuesday

Funeral services for Edwards were held at the Burkburnett cemetery Monday afternoon at 3 o'clock. Rev. Miles B. Hays, pastor of the First Baptist church officiating at the services. The interment was under the direction of the Thomas funeral home.

The accident created a shudder of superstition in many Burkburnett people. There are many persons who live here now that remember the serious crash that ultimately took the lives of four Burk young men at the same corner about eight or nine years ago.

For a while some parties in Burk erected a reminder of the accident and tragedy, but it was removed later. The corner is one of the most dangerous in this section.

Bill Edwards, brother of the man that was killed Saturday night protested Monday to the representative of the county papers that his brother was driving the car. Edwards stated that his brother could not have driven, since he was unable to drive an automobile.

Edwards survivors were four brothers, Loyd and Delford, of California, Bluford Edwards of Raiding Springs, New Mexico, Earl Edwards of Burk and one sister Mrs. Minnie Tate of Burkburnett. His mother, Mrs. R. M. Bell of Burkburnett.

## All New Thrills With Huge Circus

Mighty Ringling Bros and Barnum & Bailey Combined Organizations Offer Among Vast Hosts of New Features Col. Tim McCoy, Screen's Great Western Star, His Indian Village and Mary, the Tarzan Rhinoceros.

With one hundred double length silverhued railroad cars, bearing 1600 people, seven herds of elephants 1009 menagerie animals and 700 horses the Ringling Bros. and Barnum & Bailey Combined Circus will arrive in Wichita Falls, Saturday, Sept. 21 for afternoon and nights exhibitions.

The big top seating 16000 persons, covers seven rings and stages, a huge hippodrome track and encircling grandstands, and is one of 31 great tents, among them the menagerie sheltering the world's largest traveling zoo. In its center this season will be seen Col. Tim McCoy's Indian Village, with Sioux, Crow,

## DETROIT AUTO PLANTS MAGNET FOR COLORFUL VACATIONING THRWINGS

## Retail Buyers From All Walks of Life Attracted by Driveaways

DETROIT (Special)—As though drawn by some invisible magnet, tall Texans in boots, Southampton society misses and sun-scorched plainsmen from Kansas and the Dakotas meet and mingle at the automobile factories here during the vacation months.

The magnet that attracts this complete cross-section of 20th Century American life is the retail customer driveaway. Trade authorities estimate conservatively that at least 5,000 motorists from all walks of life come here every month during the Summer to take personal delivery of their new cars, purchased through their home dealers.

Customer driveaways have increased materially this Summer with generally improved business conditions throughout the country. The driveaway waiting room at one large factory, the Plymouth plant, resembles the transfer station of a transcontinental railway with hundreds of travelers arriving and departing on time-table schedules.

## Driveaways Popular

Officials in charge assert that 4,000 motorists drove new Plymouths home from the factory during the first six months this year. They declare that the retail customer driveaways have climbed to an average of 1,500 units monthly this Summer as more and more tourists and vacationists take advantage of the opportunity to pick up their own cars at the factory.

With this increased business, the Plymouth factory has enlarged the department set-up to take care of

the retail buyers. The new car service department, where every car is given special servicing before it is turned over to the customer, has been increased in size.

Arrangements for the driveaways are made in advance through the dealers, so that the customers can obtain delivery within a short time after they call at the factory. As most of the travelers want to see how their cars are made, the department provides special trips through the factory to accommodate them.

The driveaway customers come here from every state in the Union. They arrive, bag and baggage, from Hollywood studios, Washington lumber mills, Florida cane brakes and New England hamlets, all seeking the same thing—a new car already ordered and paid for. The passing panorama presents a colorful, moving pageant. Some of the customers bring their pets—dogs, cats and even canaries.

The travelers ask every conceivable kind of question. They want to know all about their cars, how to get out of the city, the condition of the

roads back to their homes, what to do with their pets while they are going through the factory, whether they have any mail. Officials supervising the driveaways answer all of these inquiries and countless others as part of their day's work. They have established a postal service to handle the mass of mail arriving daily to be held for the driveaway motorists.

Adventure Abounds The driveaway waiting room teems with romance and adventure. Strangers meet, form hurried friendships and part for distant destinations. Others strike up acquaintances and discover they are from neighboring cities. Quite naturally, they plan their driveaways home together.

Famous and prominent motorists call for their cars at the plant along with average American families. The driveaway workers meet political dignitaries, business leaders and occasionally a Hollywood movie star. Sometimes they are called upon to help honeymooners starting their life together in a new car.

C. Cauthorn, Grade School.

er as PTA mother. Red and White are to be the class colors and the red rose the class flower. The motto of the class is "The elevator to success is not running; take the stairs."  
A second meeting of the Senior class was held Monday afternoon with the class president, H. B. Northcott presiding. An announcement concerning the Senior rings was made by the sponsor, Mr. C. L. Jones. Maxine Vines read the social calendar for the year. A party is planned for Monday night, Sept. 23, at the home of Elbert Zink. Another meeting was called for Monday.

## School Spirit

What is school spirit? School spirit is the attitude of the students toward the school, how they take interest in things and what they do for the school, whether it be in athletics or in their regular school work. To have school spirit you must cooperate whole-heartedly with the teachers and the students. Let it be your endeavor to do your best.

The 6th grade met Sept. 16 for the purpose of electing their officers for this year. The following were elected:  
Room Mother, Mrs. Morrison; P-T. A. mother, Mrs. Hays; president, Wanda Mae Goins; vice president, Roy Lee Bridges; secretary-treasurer, Faye Morrison; reporter, Faye Morrison; room sponsor, Mrs. Pat Thompson.

Does Fairview have this spirit? Yes, Fairview students this year are taking an interest in every sort of activity, whether it be athletics or class affairs. All the students are cooperating better than usual. Not only should the pupils have "school spirit" but the teachers should also Fairview has teachers that have that spirit too! So with the students and teachers cooperating, there has been formed a wonderful school spirit. Be loyal to your school and thus become an integral part of your school.

The class and sponsor discussed the nature of their social entertainments for the year and made plans for their class chapel program.

## Organization Jr. Class

The Junior class was organized September 11, 1935. Mrs. Randall Watkins was elected class sponsor, Mrs. J. L. Podberger, class mother; and Mrs. Jim Morrison the P-T. A. mother.

## The Fish

The eighth grade, better known as the Fish, elected Miss Lois Thompson as the class sponsor at the meeting held September 11, 1935. The following class officers were elected: President, Martha Drennan; vice president, Juanita Franklin; secretary, Wilma Wigham; reporter, Adaline Whitley.

## Sports

The basket ball boys practiced a little while last Wednesday afternoon, and after working up a right good appetite, they were served ice cold watermelon by their coach, Randall Watkins. That is treating us mighty fine, coach, we hope we can do as good to you by turning in a

lot of victories this year. The boys are training now by playing soccer. They hope to start their work-out proper in about two weeks.  
Mr. Watkins is going to Oklaunion Thursday night, September 19, to take charge of the meeting of the Red River-Wichita Valley League, of which he is the president. Games will be scheduled at that time.  
Twenty volley ball girls met Monday for their first work-out. Out of the twenty there are only five letter players back, but the new material is looking pretty good.  
In a few weeks a volley ball meeting will be held at Mankins for the purpose of discussing the organization of the Volley ball league.

## NEWS OF 7th GRADE

The 7th grade had a class meeting Monday and elected officers for the year. They were as follows: Glen Adair, president; J. L. Podberger, vice president.

The Fourth grade held their first class meeting September 11. The following officers were elected for the coming year: Room Mother, Mrs. B. N. Cauthorn; PTA mother, Mrs. L. B. Horn, president, Mary Francis Alexander; vice president, Mary Lee Horn; secretary-treasurer, Lafon Farrington; reporter, Mary Francis Alexander; room sponsor, Miss Pat Thompson.

## Fourth Grade News Spanish Club Organizes

The Spanish club met Monday, September 16, to elect officers. The following were elected: President, Elva Mills; vice president, Milbri Lu Hoffman; secretary, Helen Parker; reporter, Lavern Beaver; program committee, Anita Pharrries, Binnie Spencer, Lois Edwards.  
Social Committee, Lenore Podberger, Ruby Jewell Williamson, Mildred Morrison.  
The club will meet the third Monday of each Monday at 8:45 in room 13. The name of the club will be "Las Aguilas."

The purpose of this Spanish club is to create more interest in Spanish by learning of the customs of the Spanish speaking people.  
Mrs. Randall Watkins, the club sponsor, made a very interesting talk about Mexico and Spanish costumes.

A fly it is estimated, can lay 30 million eggs during its lifetime. The one consolation we have is that flies cant cackle.

## First Sunday Song Meeting At Charlie

The first Sunday singing meeting will be held at Charlie according to the announcement of C. A. Ellis. The local church of Christ on 2nd street will start next Friday with the singing and practicing. They have invited everybody that is interested or like to sing to meet with them here before the county meeting.

## New Books Arrive From Binder Tues.

The library received 97 books from the binders last Tuesday after they had been completely refinished by the Denver Binding company. The books were sent to the company several days ago, and were beautifully bound and refinished. The ends of the books were decorated in attractive color schemes. On the back of each binding there was placed an insignia to indicate the type of book. The mystery books had a question mark, western fiction had a cowboy and other books appropriate markings. By this means the readers of the books will be able to tell by a single glance the type of book while it is still in the shelf. The books have been catalogued and placed on the shelves at the Burk library by eBatrice McDonald, librarian.

## J. N. Jenkins Buy Interest In Burk Feed and Grocery

J. N. Jenkins, formerly resident of Electra recently bought half interest in the Burk Feed and Grocery from C. T. Richards, present owner. Mr. Jenkins has been a resident of Electra for the past 15 years, and he has had considerable experience in the grocery and filling station business. He is moving with his family to Burkburnett in the near future, and will be ready to extend a courteous reception to all the customers and friends of the store.

## Lynn Hotel Offers A Service That Means "A Home Away From Home"

Under competent management of Mr. J. G. Mansfield in Wichita Falls: Attractively furnished throughout is the Lynn Hotel, and because of the service rendered is growing in popularity constantly. It is thoroughly modern and up-to-date and operated at a reasonable rate.

There is no greater necessity than the modern hotel. With the ever increasing number of folks who, because of their business, are forced to make hotels their homes the modern hotel proprietor has realized that the public has learned much from these, as to what constitutes a modern and efficient hotel. Every community that can boast of such a hotel is sure of much recognition all over the surrounding territory.

We are glad to refer our readers to the Lynn Hotel, and point to it as a modern and up-to-date hotel that is increasing in popularity all the while. Mr. Mansfield takes special

pains to see that service by the entire staff of helpers is as nearly perfect as it is possible to make it. All rooms are comfortably furnished, with plenty of ventilation and with hot and cold water.

Unescorted ladies, while in Wichita Falls shopping, will receive courteous treatment at all times. They can go there without fear of hesitancy. Traveling men and farmers are extended a welcome to make this hotel their headquarters while in town. Tourists will find a haven of rest and are made to feel at home. This can well be spoken of as "a home away from home."

The rates of this hotel, which is run on the European plan, are very reasonable, and the service compares favorably with the best hotels in the country whose rates are much higher. It is in every respect a modern, high-grade hotel and we recommend it highly to all our readers. This hotel is located 708, 9th.

## HOUSTON COMPRESS COMPANY

The Houston Compress Co., located in Wichita Falls, just off of Henrietta highway will aid greatly in the up-building of this section, not only as regards civic progress, but also a most important factor in the industrial growth of Wichita Falls and vicinity. It is truly a twentieth century organization under the direction of competent and public spirited citizens.

The operation of a modern and successful compress is an undertaking that requires the services of men of the best experience and a comprehensive knowledge. This can not be acquired in a day, but must come from long study and practical experience. This company does this work by experts; is a large concern with ample capital, organization and resources.

As the world's greatest authorities have approved the recent inventions in equipment they will be immediately adopted by this concern, and this coupled with the maintenance here of one of the most modern

plants, is responsible for the satisfactory service rendered.

The active operation of the plant of the Houston Compress Co., is in the hands and under the direction of C. T. Fugus Jr., who is so well known that any further remarks are unnecessary, but we cannot refrain from stating that this enterprise is fortunate in having for its active head men who are thoroughly familiar with all the details of the business and whose executive ability and familiarity with business conditions has kept the firm abreast of the times.

In conclusion we wish to state that the officials and assistants have taken a commendable interest in all propositions that furnish public improvement, and that they have been willing and anxious to aid in the growth and expansion of this section at all times. It is a progressive institution, setting the pace for the growth of this and surrounding sections.

## C. R. FENSTERMACHER FIRM PUSHES WICHITA FALLS FORWARD

In Wichita Falls the executives Fenstermacher firm are active in keeping Wichita's industrial nose pointed towards a goal of prosperity and in performing to the best of their ability in keeping their city ahead in this great battle which defeated this past international distress.

The payroll of the Fenstermacher firm is one of the incentives to mercantile activities and the taxes paid by this concern aid in making Wichita Falls the desirable place it is.

If a man's works are his monuments, no man in the vicinity of Wichita Falls has more substantial monuments than C. R. Fenstermacher. He has erected them himself as a routine part of his general contracting business and they are monuments of which we can all be proud of.

Those monuments tell something

else about Fenstermacher firm, not only by the best bidder but by a man with years of experience in this chosen field. Mr. Fenstermacher has many testimonials to his fine craftsmanship in the cementing of wells which he has cemented in Wichita county. He is a popular contractor and in his work he puts a skill he acquired after years of training. Mr. Fenstermacher has been a constant bidder and has been able to keep a large number of men employed even in these difficult times and his value to Wichita County can not be overestimated.

In Wichita County he is regarded as a first class booster and a firm believer in the territory which he so ably serves.

The writer of this article extends his best wishes for Mr. Fenstermacher's success.

## Hoffman-Wainscott Brake Service Popular In This Area

Located in Wichita Falls at 1003 Lamar. Featuring Brake Service. Specialist Hydraulic; Expert Service on all types; Jumbo Brakes Testing Machine. Phone 6383.

During the year of 1934, government statistics show that 500,000 motorists were killed in the United States, 66 percent due to faulty brakes, 250,000 more killed in autos than the loss of men in the World War.

In every community there should be a competent brake expert. An efficient man with the knowledge of adjusting brakes to that respective car. In Wichita Falls and her great trade area, we are fortunate in having the Hoffman-Wainscott Brake

service Co. This company is under the able direction of men who has had experience in this chosen field.

They employ only men with experience to insure satisfaction. Your brakes are tested free. And have them tested today, because tomorrow may be too late. Do it for your own safety as well as for others.

Messrs. Hoffman and Wainscott has the latest equipment installed. This coupled with the fact that only expert mechanics are employed insures the motorist of a perfect job at the least possible time, and cost.

This company offers a service on automobiles that can't be beat in repairing and servicing of your brakes. The writer extends his best wishes

## H. W. FILLMORE WICHITA CO. JUDGE

The office of County Judge is not all a path of roses. It has its hills and sharp corners and few people would languish under its responsibilities. But H. W. Fillmore, who so capably holds this office is one who loves responsibilities, arduous duties that must be performed, exigencies that must be met. It is all part of his work and sportingly and civic-spiritedly, he works harder to acquaint himself of these duties in an efficient and admirable manner, than were it his own personal business. Such people are true builders of a community and are to be duly appreciated. To a person of Judge Fillmore's type dollars are not be

compared with the privilege of doing a public service that is constructive. That is because Judge Fillmore takes his work seriously and the further fact that he is so conscientiously honest demonstrates easily why he is one of our most popular public officials. He shows in his every action that his earnest desire is to make the most of each opportunity that will bring fame and prestige to his community and the fact that Wichita County is regarded so favorably is due in a large measure to efforts of people like Judge Fillmore whose desire is to make their work outstanding and a credit to their community.

## GEORGE TAYLOR PRESIDENT OF WICHITA PLANING MILL

A constant policy of deep research and study has done much to make Geo. Taylor a bit more outstanding than the average—putting it mildly. And speaking of advancement, Geo. Taylor does not confine his efforts in this respect to the Planing Mill business alone; he is deeply interested in the progress and welfare of Wichita Falls and he has on more than one occasion been prominently identified with local movements and activities that have had for their

purpose local advancement and progress. In a word Mr. Taylor is the type of man who never turns a deaf ear to those calls which are made upon the real citizen of any community. He is identified with various associations, civic and fraternal but aside from attending an occasional meeting in this respect, he finds little time for other than the care of his business. Mr. Taylor is a man who lives his life for his community, unselfishly and always working indefatigably

## R. O. Harvey & Co., Spot Cotton Merchants

This firm located Harvey-Snyder building, Wichita Falls, has for many years been a big asset to the farmers of Oklahoma and Texas and has played an important part in the development of this section. For this reason, the firm deserves the support of those interested in the continued progress of this area. Members leading commodity exchange. Private wires to all principal stock and commodity markets. E. J. Killelea, manager.

Cotton from practically every gin point in North Texas as well as from points in Oklahoma sells over their tables at prices in line with those paid in the biggest markets, being taken by buyers representing many Dallas, Houston and Galveston cotton shippers doing export business with all the foreign markets of the world as well as by buyers selecting cotton for use by mills in the Eastern manufacturing sections of the United States.

It is principally due to the fact that cotton of every grade and staple representative of Western Upland

growths may be bought through this office that Wichita Falls is now known widely as one of the best interior cotton markets of the cotton belt.

In addition to the regular brokerage activities of the firm, R. O. Harvey, for the past two seasons have also handled government loan cotton and have rendered cotton producers a service unsurpassed in the territory for promptness and efficiency. Maintaining the office on a year round basis with regular market service, R. O. Harvey has an office where cotton may be bought and sold every day in the year. Feeling that courtesy should be something more than just a word, they give you more than you pay for and are as glad to see you when you drop in for market information and a friendly chat as they are when you bring cotton to sell. Their growing business is proof that people appreciate the courteous treatment. R. O. Harvey Spot Cotton office located at 910 1/2 Ohio is under the direction of R. O. Harvey Jr.

## Burk Sends Large Delegation School Graduate College

Hardin Simmons and Mary Hardin Baylor Receives Majority of Burk Scholars

The Burkburnett area sent a large number of students to the colleges in Texas and Oklahoma, with Hardin Simmons University and Mary Hardin Baylor securing the majority of the students of this city. The graduating class of last year made a wide selection of schools to attend. Various professional ambitions and religious affiliation entered into the choice of the school to attend.

Among the colleges chosen were Mary Hardin Baylor, Baylor University, Cameron College, Oklahoma City, Draughton Business College, John Tarleton, A & M University, N. T. S. T. C. at Denton, and Texas University.

Students to Cameron are: Molene Baber, Nedra Campbell.

To Hardin and Simmons are: Frances Clark, Gayle Preston, Tex Allen, Hubert Gregg, Louis Sims, and Loyd Wolfe of this year's class. To Mary Hardin Baylor are: Virgie Lee Skipwith, Katie Mae Taylor. To A & M Bill Jeffers, and Bob Trask. Oklahoma City, Mayda Small, John Tarleton, Norman Britain, Vincent Duval and John Garner.

Students who have started in previous years, graduating from the local high school class before 1935 are: Hardin Simmons, Martha Kate Alexander, Donald Roberts, Lev Hudspeh, Donald Cross, and John Ellis; Texas University, Shelby Roberts, Chester Roberts, Mathew Tucker; Mary Hardin Baylor, Maurine Goodwin, Ruth Jackson; and N. T. S. T. C. at Denton, Margaret Preston.

This year's class sent an unusually high average of students to the

other institutions of higher learning. The students are being taught that high school is merely the penetration or foundation for work in the universities.

## Dick Powell And Joan Blondell In Novel Musical

"Broadway Gondolier," Warner Bros., sensational new musical comedy, which reunites the popular stars of "Gold Diggers of 1933," Dick Powell and Joan Blondell, will be shown locally at the Palace Theatre for the first time on Sunday and Monday.

The story concerns the romance of a New York taxicab driver, who aspires to be a singer, and the secretary of a big broadcasting concern, who falls in love with him and arranges an audition.

A series of mix-ups prevents his appearance, and his teacher, a former singer and improvised Italian aristocrat, sings for him. But his voice has gone sour and the taxi driver loses out. It is not until he gets to Venice that he makes good, first as a singing gondolier, and later in opera. He returns to New York and success in one of the most unusual climaxes imaginable.

Adolphe Menjou has the role of Dick's teacher, and the actor said to be the best dressed man of the screen appears in the worst clothes he has ever worn.

Louise Fazenda has a strong comedy role and Grant Mitchell is the radio manager.

There are many novelty features in the picture. One is a complete broadcasting station in which Powell, Blondell and Menjou sing. The four Mills brothers also do their act and Ted Fio Rito and his famous orchestra play.

## School Attendance Reaches 1100 Mark

Butler Westerfield announced Monday that the registration at the Burk schools reached 1113 Monday by the latest check on the attendance. This number represents an increase of 11 over the same day of last year. The students registered slightly over 1000 the first day, and the gain for the week is almost 100. The largest registration in the primary department increased the classes so rapidly that the addition of a new teacher to the first grade was necessary. The new teacher employed is Miss Kathleen Cameron of Stephenville, Texas, and a graduate of N. T. S. T. C. at Denton, Texas.

There will be further enrollment in the next few days, and Lee Clifton, principal of the grade school has asked the parents to have the primary student in by next Monday. To enter a first grade child later than that would make it impossible for the child to catch up with the class.

## PTA Entertains Teachers

The Parent-Teacher Association entertained the teachers formal meeting at the school Monday night when a hot dog feed. The meeting was welcomed by the president, Mrs. G. A. Reaves Jr. and the superintendent of schools, Butler Westerfield, master of ceremonies and the instructors.

As each teacher was welcomed, the audience in the stands. After the introductions, the teachers were fed and while the men, Ross E. Brumley, Oscar Kemp, Phillips acted as waiters, was furnished by the PTA was served.

It doesn't matter what a fish or a whale that Jonah. The important thing there was mutual assistance.

### EDITORIAL

Some doubt in the minds of the pupils at the school whether the high school of the past years, would be the new faculty. But has brought a fine group of teachers to our school and to a strong school spirit that has been built up.

They go forward with a determination to make this year possible.

local talent were equally as good. The singing school proved to be a successful project to the Devol community.

### Freshman

The ninth grade class enrollment is 22. There are eight transferred from Rocky Ford district, one from Banner, and two from Lone Star. These new students seem to be making very good progress in their new environment.

## Pinkie Tomlin Bought Movie Fame For \$50.00

Pinkie Tomlin, who is featured in a straight dramatic role in "Smart Girl," the new Paramount film showing at the Palace Theatre, with Ida Lupino, Kent Taylor, Gail Patrick, Sidney Blackner and Joseph Cawthorn, revealed recently that he brought Hollywood fame for \$50 and then didn't have to pay the bill.

Success came to Pinkie, country-boy composer-singer from the South almost immediately following his arrival in Hollywood. Confident that only a chance stood between him and fortune Pinkie approached Jimmie Grier, well-known band leader who at the time was appearing with his orchestra at the Biltmore Bowl.

"Give me a chance," said Pinkie. "Why?" queried Grier.

"I'll pay my own first week's salary, \$50, of you will," said Pinkie.

"Then if I flop you can tie the can to me and forget."

Thus was Pinkie's debut arranged. There were 12 encores, several movie offers, several radio bids and several bids from phonograph record concerns.

Since then Pinkie has made a fortune with five successive hit songs, including the "Object of my Affection" and "What's the Reason" motion picture appearances, theatre engagements and night club dates.

"Smart Girl" is a romantic comedy drama of two rich little poor sisters whose luck commences when they lose their huge fortunes. A three-cornered romantic mix-up develops when the girls both fall in love with the poor chap, and one of them marries him. What happens is told in an entertaining climax.

Anyway it's a good thing that the dollar didn't do its shrinking back in the days when people had more of them.

Adding Machine Ribbons.—Star.

## Bill Dollar Tells Lions Club Of Gain In Supporting Burk

Bill Dollar was the guest of the Lions club Tuesday night at the picnic at the Water Park, and he spoke to the group of the advantages of trading with the home town merchants. The speaker presented one of the cleverest and most humorous talks that has appeared on the service club program this year. His plea for the citizens to patronize the home town business men was sprinkled with wit and sly humor.

The origin of the name Bill Dollar was interesting to the group. The speaker had released several hundred dollar bills with a paper attached and asked every spender to endorse the bills before spending it. The average town found that fifty persons endorsed the bill before it passed out of circulation. That illustrated what a large circulation is achieved by the average dollar spent at home.

The speaker advised against the patronizing of mail order houses and firms that locate elsewhere. But advised the club to make a concerted effort to boost the merchant, and make an individual effort to help him.

The invocation for the meeting was given by Carl Pommerening, and Bill Dollar was introduced by J. L. Nikkel of Wichita Falls. Henry Grace had charge of the games and contests.

The party was given as the result of a contest in the club on membership and attendance. The side directed by Leonard Mattingly won and were the guests of the losers, under the direction of Paul Ruffner. The contest ended with only a point or two dividing the winner and loser.

The club announced the teacher banquet for next Tuesday night when the organization will meet jointly with the Rotary club to honor the instructors.

## Rotary Club Plans Teachers Banquet

Members of the Rotary club devoted the luncheon hour Tuesday to the completion of the plans for the teachers banquet that will be held in joint meeting with the Lions next Tuesday night at the First Methodist church. Glenn Bear, chairman of the Rotary arrangements committee reported that the plans for the banquet were developing rapidly, and that the Rotary club should appoint the master of ceremonies. Jack Brumley was appointed as presiding officer for the Rotary club.

The musical feature of the program was two violin solos by Valdeva Childress, violin instructor, accompanied by Mrs. Smith both of Wichita Falls. The visitors from Wichita were George Merkle, Scotty Scott, A. H. Britain, and Edwin Bebbs.

Girls used to blush when they were ashamed. Now they are ashamed when they blush.

Far too many men stand up and talk when they should sit down and listen.

## Fairview Students Attend College In Texas and Okla.

Ten students of the Fairview High school, graduating last year and previous years will attend college in Texas and Oklahoma this year. The graduates for last year include Texas State Teachers College at Denton, Clarence Bridges and Milton Winkles; Abilene Christian College, Harlan Boyd; CIA Ruth Vogel; Cameron, Junior College; Chick Morrison, Colorado A & M; Bill Wells; Oklahoma Womens College, Elva Stimpson; Wichita Junior College, Marion McClarney, Y. C. Paschall has enrolled at Texas Tech, after attending Junior College the last two years. Winfred Mills returned to Texas A & M where he is a Sophomore this year.

## Rev. Miles B. Hays Honored By Baptists

Rev. Miles B. Hays, pastor of the First Baptist church of Burkburnett, was elected moderator of the Wichita-Archer counties Baptist association last Thursday at Wichita Falls. Hays appeared on the program of the meeting several times during the session that registered over 200 delegates from this section of the church. The new moderator spoke on Missions in the Friday morning session and assisted in the experience meeting held that night by the organization.

The election is a distinct honor

for the church in Burk and its pastor and the recognition is an achievement. Other Burk speakers appearing on the program included O. L. Clark also of the First Baptist church here. The annual sermon was delivered by Rev. Lum Hall of Electra and recent visitor in Burk.

**SAVING MONEY THAT YOU SPEND**

Such proposition sounds absurd on first thought, doesn't it? However, if you stop to think the situation over, you know that you are saving every cent you spend with your municipal light plant.

Revenue paid into your light plant is payment for your bills. Yet you are saving that amount in that it is possible for you to have lower rates and at the same time more kilowatt hours per dollar.

Again you are saving that amount by receiving direct benefits from its expenditure. Improvement and extension mean greater saving for you, rather than increased rates.

Again you save by having the revenue remain in your home town for home town use. It is not transferred to financial centers far removed from here to benefit the already prosperous heads of holding companies.

By patronizing your municipal light plant you are actually saving the money you spend.

**Personal Mention**

Howard Martin, assistant district attorney, was in Burkburnett visiting officials Tuesday morning.

Mr. and Mrs. P. A. Wheeler of Kilgore and T. P. Hamilton Jr., visited in Burkburnett over the week-end. Mrs. Wheeler will remain here for two weeks.

J. L. Coulter, secretary of the oil field workers union has been a guest in Burkburnett this week.

Mrs. George Kerr and her mother Mrs. Lillie Green returned this week after a six weeks visit in Ohio.

Mrs. McNamara and Genevieve McNamara of Olney and Mrs. Ringold were guests of Mrs. George Kerr and Mrs. Lillie Green in Burkburnett Tuesday.

Mayor Young of Wichita Falls visited Burkburnett during the Harvest Festival. He and Mayor Kemp of Burkburnett exchanged greetings.

Palmer Shores will enroll in Abilene high school in the near future.

Miss Katie Mae Taylor and Maurine Goodwin left Sunday to enroll in Mary Hardin Baylor at Belton, Texas.

Shelby Roberts is returning to Austin to attend school during the next session.

Miss Marion Proctor and her mother were visiting friends in Burkburnett Friday night.

J. E. Wheeler will preach at the new Church at Ave. E and East 2nd next Sunday.

Miss Oma Van Cleave was accompanied home Saturday by her sister, Mrs. Armstrong, after spending three weeks in the home of her sister, Mrs. Clayton Foster, and Mrs. Armstrong in Ft. Worth.

Mrs. Lela King returned Wednesday night after a business visit to Dallas and Stamford, Texas.

Mrs. L. A. Wilkins and Mrs. John Hoes visited in Oklahoma City Saturday and Sunday. Mrs. Wilkins' niece was subject to an emergency operation in the hospital there.

Bob Sanderfer of Wichita Falls was in Burk on county business Wednesday and spent a short time at the Star office.

Mrs. F. G. Sights and infant son were carried to their home in an Owens-Brumley ambulance Tuesday.

Mrs. A. C. Long was carried to a Wichita Falls hospital from her home in Devol Tuesday in an Owens-Brumley ambulance.

J. C. Estes was carried to a Wichita hospital in an Owens-Brumley ambulance from Randlett, Okla., Monday.

The funeral services of the infant son of Mr. and Mrs. R. R. Johnson were held at the Burk cemetery Tuesday. The interment was under the direction of Owens-Brumley funeral home.

Last Friday night the following members of the D street and Ave E Church of Christ visited the revival conducted by Evangelist Tillet S. Teddlie of Electra Church of Christ and singing evangelist W. H. Woods of Burk being held at Grandfield, Okla. J. E. Wheeler, Mr. and Mrs. R. S. Rose and daughter Juanita, Mrs. W. H. Wood, Mr. and Mrs. Charley Ellis, Mr. and Mrs. Ira Coley and Evangelist B. M. Taylor and family.

Butler Westerfield is serving 5th year and Charlie Mason 6th year with class.

**Soda Beldon Honoree At Surprise Party**

C. B. (Soda) Beldon was the honoree at a surprise birthday party Monday night at his home here. Mr. Beldon had been hunting during the evening and when he returned home much to his surprise he found the home packed with guests shouting birthday greetings. The evening of entertainment that followed honored Beldon, and the hostess served refreshments to the following: Mr. and Mrs. Frank Tims, Mrs. Juanita Burrows, Mr. and Mrs. Wm. Burrows, Mr. and Mrs. John Brookman, Mr. and Mrs. Raymond Hunt, Misses Beatrice Burrows, Leona Hunt, Ollie Fay Mathews, and Mr. and Mrs. Beldon, Dorothy Beldon, Chester Burrows, and Mavis Hanvey.

**Aged Ladies Division Arranged At Iowa Park**

Mrs. R. C. Acuff, superintendent of the Aged Ladies Division of the Wichita County Fair, and her committee are making calls on those interested in this division. Members of this committee are: Mesdames L. N. Lockridge, Joe Penn, W. H. Caylor, C. E. Russell, R. R. Brubaker, R. C. Bouleware and Mamie Dale. This display has always been one of the most interesting and popular of the exhibits in the Women's building. Included in this display will be, best hand pieced cotton quilt, best hand quilted cotton quilt or top, best silk wool or velvet quilt, best bedspread, best specimen of knitting, best specimen of crocheting, best crochet rug, best braided rug, best hand made article, best specimen of machine sewing, and awards of \$50 and \$75 will be made for first place winners with ribbons going to second and third place winners.

Mrs. Acuff states that she is finding much interest in this division and is expecting one of the largest entry lists in fair history. Persons interest in exhibiting quilts, rugs, and other articles in this division should communicate with Mrs. Acuff and also bear in mind that all work in this division shall be the work of the exhibitor, if it is to compete for premiums; and that all exhibits shall be in the hands of Mrs. Acuff or her committee by 5 p. m. on Tuesday, Sept. 24, or be barred from premium competition. There are no entry fees in this division.

**Meeting At Thrift Church Of Christ**

The Thrift Church of Christ announced this week that the public was cordially invited to attend the gospel meeting held at the church located across the street from the Fairview school teacherage. The preaching is by Dr. L. S. White, pastor of the Church of Christ of Wichita Falls. The interest in the meeting has been increased rapidly since the meeting started last Monday, and the preacher has delivered some wonderful messages.

The singing starts at 7:45 and the preaching is at 8 o'clock. The services will continue until Thursday, Sept. 26. The church is extending the invitation to the general public.

**Men's Bible Class Elects Officers Sun.**

The Men's Bible class of the First Methodist church elected the officers for the year at the session of the class last Sunday morning. The officers chosen by the group included: Paul Browning, president; S. S. Reger, vice president; Charlie Maschner, secretary; Butler Westerfield, teacher. These officers will be installed at the meeting next Sunday morning. They will serve for the next year.

Richard Muller, Jr. left last Thursday for Denton, Texas, where he will enter school for his second term.

**Sixty-Eight Bales Of Cotton Ginned In Burkburnett**

Up till noon Thursday 68 bales of cotton had been ginned in Burkburnett by the Farmers Cooperative Gin. The two gins reported that the farmers had started bringing in the lint rapidly the last few days, and that picking and ginning would be under full sway in the next few days. The production in this area looks much better at this time than it did a few weeks back. The extended dry spell caused considerable damage in the local area. However, the recent rains have caused a large part of the acreage to respond favorably, and the result has been that the farmers are much more encouraged.

The demand for pickers became apparent Thursday and even earlier in the week. The farmers called in Burkburnett for additional hands. The farmers were urged in so far as possible to employ the men of Burkburnett instead of imported labor for the picking season.

**County PTA Board To Meet Next Sat.**

The Executive Board of the Coun-

**Mrs. Klinkerman Demo Work Proves Successful**

"I have canned all the culled birds of my flock" reports Mrs. L. H. Klinkerman, poultry demonstrator of the Barwise Home Demonstration Club. "The two products canned are ground chicken and boned chicken. These will be excellent for my children and will save much time in preparing them" continues Mrs. Klinkerman, as she showed her display of canned chicken at the Home Industry Achievement Event of her club. To date Mrs. Klinkerman is running a close race in the contest for the fifty pound cotton mattress which is being given by the Home Demonstration County Council of Wichita County.

**History Class Holds Exhibits At Rexall's**

The low sixth class of the history department of the local school studying Texas History under the direction of Carl Pommerening placed a clever history exhibit in the window of the Rexall drug store this week. The class is planning to have an exhibit changed every week as the course progresses. At the present the class is studying the earliest traces of history in the Mexican and American states, and the result is a clever arrangement of the two famous pyramids of Mexico.

The traditions around Tonacachtli, sun, and Tezcatlipoca, of the moon, are among the most interesting of history. The two pyramids were temples of worship honoring the spirits of the representative deities. The class molded and arranged the exhibits to show the background of their class work. This constructive project will make it possible for the students to visualize their work throughout the year.

A successful man is one who makes more than his wife can spend and a successful woman is one who lands such a man.

The PTA will meet at the Christian Church at Iowa Park, at 9:30 a. m., Saturday, Sept. 21. Mrs. G. C. Hatchway will preside at this the first meeting of the year. All the officers of the council and all presidents of the local association are urged to be present.

**Catherine Martin Becomes Bride Of Glenn Cox Thurs.**

Miss Catherine Martin became the bride of Glenn Cox at her home Thursday morning at 8 o'clock in a ceremony read by Rev. L. G. Haggard, pastor of the First Methodist church. The bride was accompanied by a few intimate friends and neighbors, and the lovely ceremony read in the presence of members of the family and friends.

We've often read of persons falling off of haystacks, but what we've always wondered is how anybody can stay on one.

Another trouble with most of the charity that begins at home is that it usually stays there.
