BURKBURNETT, WICHITA COUNTY, TEXAS THURSDAY, SEPTEMBER 26, 1935

NUMBER 6

CITY APPLIES FOR \$47,000 WPA RELIEF PROJECT

Annual Trades Event Will End Successful Year Next Saturday

BURK MEETS CLASS A COMPETITION IN FOOTBALL GAME FRIDAY NIGHT

BULLDOG CLASH WILL ATTRACT WIDE INTEREST AT BOTH CONFERENCES

DOGGS DEFEAT TIPTON

One hearty diet on Tiger the form of a 31 to 0 victory Tipton, Okla., the Bulldogs try the same menu this year when they tackle the Electra. However, in spite of their performance last week in the victory, the Bulldogs are expected to have a much heavier battle Friday night.

An excellent performance last week created a lot of loyal fans who expected the Bulldogs to deal with this year. The game for Friday is expected to

be a continuation of the feud between Burk and the team. For several years two teams have fought it out in victory. So far Electra has distinct advantage, and have of the Class B team with regularity.

Bulldogs Chance

Bulldogs have one chance. They proved last Friday night that the little team representing the school battled from the whistle. The fact that all was still in good condition after the game was over proved they have been training during the week.

The same team works as hard as stubbornly as they did today this week might prove. However, in spite of all they will enter the fray with as underdogs. Coach Volney has in the past have had much more than the average team against A teams, and it is expected that he may continue this

Last Friday

The game last Friday uncovered that the main ground gain of the local team were Clifton Kown. Time after time these were used to batter the Tipton and smash around both ends and gains. The passes of the were one of the outstanding plays. Both Rose and Majgood jobs handling the end of the passing, and even was on the receiving end of passes. Blair and McKown handled the end of the attack. Most of the blocking was assigned to Finch. It was not necessary for him to kick. He averaged 36 1-4 yards on his Blair handled the kick-off. Finch's calling was excellent.

Day Program Thursday At Iowa Park Fair Planned

CITIZENS VISIT THURS. HEAD OF FRIDAY AT COUNTY FETE

PARADE PLANNED

An attempt to secure a delegation of more than 100 cars the C. of C. has appointed a committee this week to drive to Iowa Park and back in the afternoon. The band and parade will precede the registration. The committee is headed by Kelly, chairman; Herman W. A. Roberts, Henry Grace Cook.

The club in the city will have a parade to the city, and an attempt is being made to secure a delegation to the fair from all business institutions in the city. The business places have been requested to send a car to the city hall to drive with the

program was set up from Friday in order to prevent

NEW PASTOR HERE SUNDAY

L. N. MOODY ACCEPTS CALL OF CHURCH OF CHRIST AFTER KREAGER LEAVES BURK

WELCOMED BY CONGREGATION

Rev. L. N. Moody, Chairman minister, will preach his first sermon as the pastor of the Church of Christ next Sunday morning at the local church. The new pastor arrived with his family, Mrs. Moody and two children, Allen and Jeneace, early this week and were welcomed by the church. They were accompanied by Mr. and Mrs. Clyde Barbee of Ozona, who returned to the former pastorate Thursday.

The new pastor received his academic training at Freed-Hardem University in Tenn. The school which later became National Normal was the residence of the pastor for five years. He has also continued his advanced work in other schools during short courses.

He has been preaching for nine years, and held pastorates in Coolidge and Winters, Texas, for two years and in Ozona for the last five years. Returning recently from preaching tour, he touched all states of the midwest, including Missouri, Tenn., Texas, Arkansas, and other states.

Rev. Moody was raised in West Tenn., and is the only minister of his family. He started his connection with the ministry singing for church and special meetings. During his life he has taught school, kept books and worked at many other trades.

Franklin Accepted For Army Service

Clarence L. Franklin has just been enlisted here for three years service in the Field Artillery. This post, which is commanded by Brigadier General Henry W. Butner, is the home of the Field Artillery school and is one of the largest military posts in this section of the country.

C. OF C. GETS ANSWER FROM H. L. HOPKINS

The Burk Burnett Chamber of Commerce received a reply from Harry L. Hopkins of WPA on the objection sent by the local organization about the low allowable per man on the projects granted in this area. The organization felt that the amount allowed for wages in this area was too low and that the government projects should allow higher wages to the laboring men.

The reply from Hopkins was that the power had been transferred to the PWA under Ickes. The text is as follows: H. D. Smith, president of the Chamber of Commerce. All applications of public work administration to this office and pending determination procedure governing such projects have been returned to PWA administration (under Ickes) which will hence forth make final recommendations, Signed Harry L. Hopkins.

H. D. Smith also announced that

(Continued on page 4)

J. N. MOODY

J. N. Moody, recently elected pastor of the Church of Christ to succeed Willis Kreager. The new pastor will preach his first sermon in Burk Burnett next Sunday morning. He came to Burk from Ozona.

CAR STOLEN FROM CHEVY SALESMAN

A new 1935 demonstrator, belonging to one of the salesmen of the Barrow-Grace Chevrolet company was stolen from the East side of the company building, some time between 10 and 12 o'clock. The car had been parked after a demonstration and left. Some persons evidently had it spotted and drove off without protest or notice by any possible passers-by. The theft was reported to the chief of police at noon, but so far no trace has been found of the stolen vehicle.

New Store Opens In Burk Saturday

The formal opening of a new grocery store will be in Burk Saturday when the L and M Grocery owned by Lige and Marshall Chrestman will be ready for business in this city. The store will be located next door to the Elite dress shop, and will carry a complete line of staple and fancy groceries, fresh and cured meats and fresh vegetables in season. They will pay the highest market price for eggs, produce and similar products. They invite the citizens of the city to visit them at the location.

TEACHERS HONORED TUESDAY NIGHT BY BURK SERVICE CLUBS

More than 175 citizens of Burk Burnett and members of the Lions and Rotary clubs heard Judge Earnest Robertson of the 89th district court pay tribute to the instructors in the public schools at the annual banquet held at the First Methodist church last Tuesday night. Judge Robertson was substitute speaker for Rev. J. E. Montgomery who was called from the city shortly before the meeting.

Judge Robertson's tribute stated that the teachers had the greatest opportunity to serve of any single group and that it was appropriate that they should be honored by service clubs. He stated that they were bridge builders, constructing a bridge between youth and mature knowledge.

The assembly started with the song "America" and Rev. J. C. Cook delivered the invocation. During the dinner, Blanche Butler played the piano selections. The Lions and Rotary guests were introduced by Luther Caffee and Neeley Vaught.

Teachers Introduced
The teachers were introduced by

SUMMER PLAN FOR DRAWING INTEREST IN ENTIRE SEC- TION FOR SEVERAL MONTHS

THOUSANDS VISIT BURK

Ending a successful season of trades events that for several months has drawn huge crowds to Burk Burnett, the final Trades Day Saturday on Ave. C at 4:30 will be the climax of the most successful summer that the city has attempted in several years. Starting last spring as Treasures day, after thirteen weeks the event was changed to trades day and the new plan was inaugurated. Since that time it has grown steadily more popular with all the people of the area, and has added most of the merchants to its list.

It was initially undertaken in order that the loyal firm of the city might support a movement that would improve the community. The progressive and civic minded firm quickly backed the movement loyally.

Cowboy Band

During that time the event has drawn an average crowd of more than 5,000 each week to the little city. It was extended so that the merchants would receive the benefit and the crowds would enjoy the programs. One of the most loyal organizations through the summer has been the Cow Boy band under the direction of E. L. Nichols. Every week that the weather permitted this faithful group has kept the music entertainment feature going during the programs.

All of the civic clubs have cooperated with the events, and although it was directed by the local paper, these organizations have supported it. It has not been without a struggle that the events have been presented. Those who have not cooperated have attempted to block the move by objections that were as far fetched as possible to imagine. The now defunct NRA was involved to stop the civic program.

All together it has been a happy series of parties. Many people of this section have been made more loyal to the city, and have established the habit of trading here during the summer months. The people who have visited have learned of the courtesy of efficiency of the Burk Burnett firms.

For the last celebration of the year everybody has been invited. The entire citizenship of the area are sent cordial invitations to be the guests of the merchants and business men Saturday on Ave. C in front of the Star office at 4:30 in the afternoon.

7 ACCIDENTS IN ONE WEEK

BURKBURNETT AND AREA HAS SEIGE OF MISHAPS IN ONE WEEK

DEATH FOLLOWS CRASH

Burkburnett was in for another siege of mishaps during the past week when seven accidents from Sunday Sept. 15 to Sunday Sept. 22, took one life and injured 13 other people in all degrees of seriousness. The wounds inflicted in the crashes involving nine cars ranked all the way from a broken neck in Edwards case to a sprained thumb in one of the accidents.

The series started Sunday morning Sept. 15 when the car of H. R. Hays, allegedly stolen from Main street crashed into a light pole and the Bogart grocery taking the life of Leonard Edwards and seriously injuring Jack Hollis. The after effect of that accident was theft charge filed against Jack Hollis in the Wichita Falls courts.

Big Day

The next series of crashes all happened Thursday night when ten persons were injured in three accidents involving five cars in and near Burk Burnett. The most serious of the group was the crash involving cars driven by H. J. Exley and Mr. O'Conner, near the Clara school house.

Both car drivers stated that they approached an open crossing of the county road and apparently did not see the danger until they were together. Exley was thrown from the car he was driving, and the others sustained minor injuries. Exley was at first reported to be seriously injured, but he was removed from the hospital Sunday and found to be in less dangerous condition that preliminary examination showed.

O'Conner suffered from chest bruises and possible injuries to his lungs. In his car was B. L. Conner of Iowa Park, M. L. Shipp of Wichita Falls, and T. A. Littigan of Burk Burnett. These three suffered

(Continued on page 5)

Baptist Pastor's Home Broken Into Wed.

When the pastor of the First Baptist Church, Rev. Miles B. Hays, and his family returned, they discovered that they had visitors—in fact standing room was at a premium in every room in the pastor's home. While the pastor and his family were detained after prayer meeting, the congregation had quietly assembled in their home and had taken with them many useful gifts

(Continued on last page)

Cotton Pickers Ask Fair Price For Work

A group of cotton pickers met in Burk Burnett Friday and discussed the cost of living and wish to make an appeal to the cotton raisers of this section for a fair price in cotton pulling and picking. The price that the pickers will ask is 65c for pulling and 90c for picking. The cotton pickers discussed at great length the fairness of using only local men for the gathering of the crop for this year. The committee maintains that the local men will assist the community by spending their money in Burk Burnett. The rumor is that many pickers are being imported, and the committee urges the farmers to cooperate with them.

(Continued on page 5)

CITY MANAGER DRAWING UP PLANS FOR PAVING 40 BLKS. OF BURK STREETS

PROVIDE EMPLOYMENT HERE

Planning to put a permanent all-weather surface on 40 blocks in Burk Burnett, Ross Reagan has completed the plans for the project calling for the application of \$47,694.00 from the WPA in improving the Burk Burnett city streets. The plans calls for the appropriation of \$34,144.00 by the federal government in the next few months, and the appropriation or supply of materials in the city that will be worth \$13,550 for Burks part of the project.

The paving will be a three inch layer of crushed concrete base for the foundation of the road. On the top of this will be placed a two inch parafine covering as a binder into the parafine for the finish of the roads. This will give the city a gravelly needed all weather road on 40 blocks that are now in bad condition.

Streets

The street that will be touched by the project are 1, 2, 5, 6, 7, F. E. and B. It will start at the Municipal plant where the rock crusher is now located and proceed south to the city limits near the Wichita paving. In the northern section of the city several areas that are now difficult to pass during bad weather will be opened up to all weather traffic and give the city a high average of lateral streets.

Provide Work

This area will face one of the most serious problems that any section has to face. The official report indicates that the direct relief from government will be cut off some time in the near future, and that all such relief must be carried on by local governments or by private charity associations.

In the mean time work will have to be found for every able bodied man in the district. This project will provide 960 man months of labor. The time will be distributed so that there will be a complete distribution of the work among all qualified by recent physical examination for work.

Two other projects are under way in this district. The widening of the pavement West of town has been asked for, and the precinct sanitation project lasting a year is in consideration at the present time. A tree fund for planting and care for trees is at the disposal of the precinct officers.

STRIKERS BACK ON JOB AFTER 7-DAY ABSENCE

Full operation of the Northwest production and refining operations were under way Thursday morning as the men from the various companies were gradually reporting back to work after a seven days strike. The first operations started last Saturday when the Bell Oil and Gas Co. started the pump at Bridgetown under the guard of the Texas Rangers, and the Bohner company returned the vacuum to their wells.

Thursday the preparations for full production were in progress. Some of the men started to work Wednesday at Tucker where the vacuum pressure was restored after agreement Tuesday night.

Men Discharged

The employees were required to apply at the office of the company for re-employment, and the Bell and

PEP SQUAD

Last week in an editorial about the football team, there was no mention of the pep squad. That was an oversight, because every one in the large group of fans in this territory appreciates the activities of the pep squad. There are about 50 girls in the group that drill hard to present something different each week in the sport pageant at the football stadium. There is not a single other community activity that is as wholesome and as full of real fun as this one. The girls will be out for the Electra game Friday night and each other game for the following home schedule. The girls and their sponsors are to be complimented for the zeal and hard work.

MORE THAN OUR SHARE

This editorial column has complained several times that Burkburnett has not received its share of the good things. However, there is one thing that is certain, we are having more than our share of the car accidents. Comparatively few people realize the automobiles deadly power. Over 1500 Texans have been killed each year for the last few years by what should be considered logically as a major recreational and useful mechanism.

In Burk for the last 20 days the average injury list has reached one person per day. Sunday's slight crash at the bridge on Red River was one of the many series that could have ended much more seriously. During that period one death has resulted from the accidents.

Therefore in addition to the pleasure and useful side, the car has a devastating factor also. This should not be over looked. There is no drug, serum nor quarantine procedure, nor effective mass control against the automobile's damaging power. When a man drives 60 miles an hour death rides with him. There beside him at the steering wheel the grim specter is always present.

What is to be done with such a problem puzzles the best brains of the state. France tries peripheral vision tests and secures appreciable decrease. Russia passes a death sentence clause, and temporarily secures a lull. Various states have tried licensing control with various results. None of these are completely successful. Some sort of nearly eternal fame awaits the man who suggests a sure remedy.

SOME ACTION NEEDED

Several weeks ago the officials of both Texas and Oklahoma made statements that the bridge that swept out the major spring tragedy would receive the first attention of both states highway board and the federal road agencies. A little over a third of a year has passed since those statements were made, and so far as it is possible to learn nothing definite except the engineering report, telling about the damage has been done about the situation.

It will take several months to rebuild the span under the very best conditions. This highway will be one of the most important in the state when the heavy traffic will be one of the most important in the state when the heavy traffic for 1936 starts. Thousands of people will pass this way, and to ask these people to enter the state during its birthday celebration over that temporary structure will be almost an insult at least a discourtesy that any host would like to offer.

There may be a lot of action behind the scenes that is not apparent at the present. However, it is possible that some sentiment erected in Burk might cause a more rapid movement in the plans to rebuild that bridge. If all the organizations in this city would let the state officials of both governments and the federal government know by wire or letter that Burk would like to see some action, it might help start things moving.

COUNTY FAIR

Iowa Park has done a wonderful job in keeping the fair going year after year. The citizens of Burkburnett after the recent harvest festival know what a lot of work and worry it is to produce such a show. The gala celebration held here was small compared to the show they are producing in the neighboring city. The success of the effort depends a great deal on how well the rest of the county cooperates.

As a matter of courtesy we should pay back the visit that they made to our celebration and all that they did to help us to a successful event. Beyond that we naturally feel a pride that the county fair is successful because it is part our own.

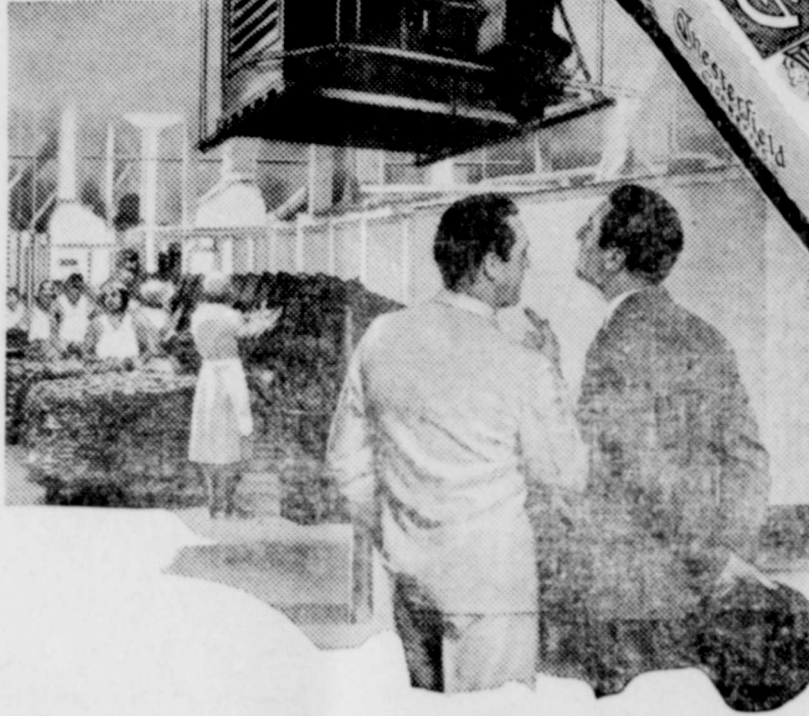

DON'T CUSS YOUR CAR . .

If it won't start on a cool morning or if your battery won't turn the motor, call us and let us diagnose the trouble. A check up on the car in time has saved lots of motorists many dollars. Yes! A good recharge has prolonged the life of many batteries. Come in and let us prove these facts to you.

HOUSER'S GARAGE

News of Week

Burkburnett again figures in the front pages of many nationally important papers. The oil field workers provided the motif for our touching the front page this time. For a little city this town has provided more news than most of its size. It seems to be a real center from both personal and general news. There are characters here that rank and situations here that are potential in new forces.

Everyone including the strikers and the operators are hoping that the present deadlock can be worked out some way without actual conflict between the two groups. Everybody feel that the whole community and area will be happier if it can be talked out over a table some where.

Britain-Italy

The Mediterranean sea has become the hot spot of the world news. England has found that in order to protect her interest in that section, she was required to leave home ports unprotected. That will mean that in the near future a huge building program of battle ships and small cruisers will be started. In the long run the United States will have to keep peace with England, and for every battle ship they build we will have to add one. Even if there is no war, we may soon find our selves building on a war time basis. It would mean several hundred millions of dollars poured out for steel and arms. To the unemployed that sounds like music, and very sweet music to their ears.

Texas Pension

The requirement for the applications for the Texas old age pension will be one of the strictest in the United States. There are four things involved in the requirements. Pensions will be denied to persons with more than \$360 per year. To persons who have more than \$4,000.00 worth of property. The applicant must show 1—Residence in Texas for the five of the past nine years, and one year preceding the application. 2—If married he or she has not deserted a spouse or minor children within the past three years. 3—No voluntary assignment of property to qualify for the pension.

The general agreement of the committee was under the direction appointed by the governor. The pensions will be paid to persons in private homes where the pensioner should need institutional treatment. Persons residing in fraternal homes would not be paid.

How Much For Cotton

The cotton farmers of the district will receive direct payment from the government for the difference that they are paid for their cotton and the 12c stabilized price. Therefore it is essential that the farmer keep a good record for the cotton and the price on the day that he sells

it. This amount will be made on the general average in the 12 most important cotton centers. The farmers ought to keep strict watch on the national prices since the amount that they will receive depends on this national average the day that they sell. Watch the papers for the daily average, and then get the absolute record for the bale that you sell—including date, price etc.

Congressional Race

The entrance of B. D. Sartin in the district congressional race has made it still more interesting. The five in the race now are: Gosset, Vernon; McFarlane, Graham; Wodford, DeCauter; O'Neal, Wichita Falls.

Borah

The whole nation is wondering what Borah, senator from Idaho has in his mind. He has attacked the president, and defending the constitution for several weeks. Most people seem to think that he is the best material that the Republicans have to offer for the presidential candidate next year. The world has never witnessed such a campaign as would be between Roosevelt and Borah. For the sake of interest that would be a real line-up.

Box Supper At Rabbit Creek Fri.

Rabbit Creek school will hold an old fashioned box supper at the school house next Friday night for the benefit of the school. There will be an interesting program that has been prepared by the teachers and the pupils of the school, and they have promised an hour of real entertainment for the crowd. The boxes will be auctioned by Wid Phillips of Burkburnett, according to the announcement of W. E. Monday, supt. of the school.

Colored Church Of Christ Starts Meet

The colored Church of Christ of Burkburnett started a meeting in

Burkburnett Monday night with Rev. D. A. Murray speaking services. The meeting is held at the colored Baptist church, and has not been definitely set, ever the meeting will continue out this week and probably the of next week. The singing and services promises real revival for the congregation.

INJURED IN RAIL FIGHT SAT.

Joe Matthews was injured and received treatment in Santa Falls hospital in a fight which took place in the city jail, according to the report of city officers. Matthews was placed in the cell with Martin of Randlett, and when officers found them he was completely damaged from the concussion. Owens-Brumley ambulance called and rushed Matthews to hospital for examination. There was evidence of serious injury to the head, and he was returned to the city immediately. Matthews was released and Martin held until morning by the city police department.

Believe Land Keeps Young With Its Pet Sports

Monday and Wednesday to the Palace Theatre

Hollywood, where earning power and fame are in inverse ratio, the land of make-believe that is the film capital of the world, its spirit of youth dominates the movement of every day in the life of the people who populate the

It's why the average film star works as hard as he works. For play is the right kind of play—puts the spirit on youth more effectively than anything else in the world. It keeps bodies young and vigorous, keeps complexions fresh and bright, keeps minds happy and active. Even if it weren't required for the industry, it would probably be indulged in, when you get right down to it, by all of us!

Hollywood stars choose various forms of exercise—and there isn't a single one that is so popular as you find in the land of make-believe. But other Americans, you'll find in Hollywoodites interested in major recreations—golf, tennis, swimming, and croquet.

Plans To Dedicate Special Plot At Cemetery

The American Legion is rapidly completing the memorial shaft and special memorial plot at the Burnett cemetery. The funds were made at the fair has made work possible. This shaft and plot will be dedicated in beautiful ceremonies on November 11. The date for the present remains indefinite but the general opinion is that the ceremony will be the elaborate ritual of a day dedicated to the ex-servicemen who have died, and especially will the memorial service be dedicated to veterans who passed away the last year.

B. F. Good Rites Held Here Monday

The last rites for B. F. Good, 74, former Burkburnett citizen for eight years were held from the Thomas funeral chapel Monday afternoon at 4 o'clock with Rev. H. A. Savage, pastor of the Assembly of God church officiating at the service. The pioneer resident died at his home in Borger, Texas, Sept. 20, and the remains were brought here to his former home for the services.

Mr. Good was a resident of Burkburnett for eight years, and died after a long illness. He is survived by his wife, Mrs. B. F. Good, and daughter, Mrs. Cole Williams, and son Guy Good of Longview, Texas. The interment was in the Burk cemetery.

Local Dentist Goes To Special School

Dr. Carl Morrison of Burkburnett attended the special session of the schools for experts in Wichita Falls this week. Monday and Tuesday he attended the class of Dr. H. A. Hiatt, of the New York research department of the Williams gold refining company to study a special technique on fixed bridge work. Then classes under Dr. J. M. Temple of the research department on pyorrhea in order to study the effects of the disease. The class was sponsored by the Ipecapac company.

Methodist Church

9:45, Sunday School promotion day.

11:00, "Life Promotions" will be the subject of the sermon for the morning worship by pastor.

7:30, Evening worship, "Stirring up the Gift Within," them of the sermon.

Rev. L. G. Hagard, Pastor.

Burk Day—

(Continued from page 1) conflict with the Burk-Electra game that will be presented in Burk Friday night. The organizers of the fair did not wish to take the large crowd from the Burk game.

The princess and duchess of the fair from Burkburnett were chosen last week. They were: Marian Boden and Lucille Kemp. These two candidates will appear in the pageant that was presented at the fair on Wednesday night.

C of C Gets—

(Continued from page 1) the cash allowable for this month had been exhausted and that all projects of the relief had been stopped Tuesday. However, the local plant received 24,500 pounds of flour that will be released 24 1/2 pounds for families up to six in number per month and twice that amount for families of more than that number. In addition to the flour veal and beef canned, powdered milk, peas, and beans from the relief garden are being allowed for the feeding of those on relief rolls.

Records Show Nation Off on Buying Jag As Retail Sales Increase \$150,000,000

With 51.6% more money in circulation than in midsummer 1933, savings banks overflowing, and dividends resumed, America is off on a buying jag. Stimulated by newspaper advertising gains in 52 cities of 14,270,211 lines in the first six months of 1935, over last year, retail sales in principal fields are up \$150,000,000 over 1934 figures. Marked increases in buyer traffic at the nation's commercial crossroads, Chicago's Merchandise Mart, prove 1935 merchants are seeking profitable lines. Above, Merchandise Mart, world's biggest building. Below, automobile factories hit peak production; inset, T. J. Reed, general manager of the Mart.

CHICAGO.—Green lights are blinking, semaphores are down and the American dollar express is roaring through the country. Blast-furnaces are bellowing and piercing the blackness over seething industrial regions. Faces of passersby are brighter and nickels are rattling on general store counters from Maine to California. America is off on a new buying jag.

In midsummer more than 15 billion dollars were skipping from wallet to wallet, 51.6% more money in circulation than at the end of July, 1933. Mutual savings banks showed a gain of \$249,674,048 in deposits during the twelve months ending July 1, 1935. During August, 1935, 674 corporations declared \$10,824,175 more in dividends than were laded out in the niggardly melon-cuttings of August, 1934.

Stimulated by newspaper advertising which in 52 leading cities gained 14,270,211 lines in the first six months of 1935 over the same period a year ago, sales

of commodities of every category are dancing on new ledger ceilings.

Indicative of better times is the graph of retail sales in the principal fields showing approximately \$150,000,000 increase in the first seven months of 1935 over the corresponding period of 1934. This briskness in the store business throughout the country is keyed by the new records being set in buyer traffic at the Merchandise Mart here, the world's biggest building and the country's No. 1 barometer of wholesale trade.

Converging from all sections of the country to view 5,000 lines of merchandise displayed by 600 tenants at the Mart, buyers with flowing fountain pens are rolling up to the door in shiny new cars at a rate of 9,500 a month. According to T. J. Reed, general manager of the huge trade stethoscope, this is an increase of 1,000 buyers a month and proves that 1935 merchants are actively seeking new profit-realizing lines instead of waiting for the drummers to come to them.

With this leap in buyers' activ-

ity, trends toward larger orders and a heart-warming demand for merchandise in the higher-grade brackets are being noted. One of the largest furniture manufacturers in the country, exhibiting at the Mart, reports a 75% increase in sales, and from a big shirt manufacturer comes news that production of shirts priced from \$5 up hums on a twenty-four hour schedule.

Other commodities are being hunted down with equal buyer relentlessness. The January-February market for house-furnishings had a registration of 6,700 buyers compared to 4,000 last year and the July-August market in the same division attracted 9,000 buyers compared to 7,500 in midsummer, 1934.

On almost every business front America's upswing is being noted. The automobile industry, for example, is riding the curve to a production of 3,525,000 cars and trucks for 1935, topping 3 1/2 million for the first time since 1930. And for the first time in history, gasoline consumption during the first six months of 1935 catapulted over the eight billion gallon mark

Big Rabbit Creek

For several days past there has been 4 or 5 oil promoters getting up oil leases for the purpose of drilling several deep oil tests in the Southern part of Cotton county in the Randlett and The Big Rabbit Creek territory. A Mr. Pace of Ringling, Okla., is getting up 15,000 acres this acreage will be located 2 miles south and east of Randlett. A Mr. D. W. Combs of Wichita Falls and Fort Worth is getting up 15,000 acres due south of Randlett in the Rabbit Creek neighborhood. Mr. Combs states that his Co. will drill a 4500 foot test and will start drilling as soon as the oil leases are signed up and as soon as the machinery can be placed on the test location. There is already 4,000 acres blocked in the Cookie Town territory, and the same amount is blocked up in the Devol neighborhood. Also 4,000 acres is blocked up in and around Taylor store. No doubt in the writer's mind but what real drilling will be in full sway by Jan. 1st, 1936.

Luther Bridges and his daughter Miss Ruby, arrived home Friday from New Mexico, where Mr. Bridges took his other daughter, Miss Lorene Bridges for her health a month ago, for lung trouble. Luther stated to the writer that his daughter was not doing very well as she was still having a high temperature every day.

John Owens called on Mr. Tobe Hardin and Mrs. Martha Nails and her son Charlie Sunday forenoon and spent several hours visiting with them.

Well again Hawkeye was on the busy streets of Burkburnett Saturday, Trades-Day. Say boy there were so many people in the city a fellow couldn't stir them around with a stick.

W. H. Martin and Ed Owens motored over to Temple, Okla., Sunday afternoon.

A very serious auto accident happened Saturday evening at 4:30 p. m. south of Temple, causing the death of one young lady about 19, and a young man about 20 years old, injuring 4 others, two very seriously. The other two just had minor injuries. The best account the

writer could obtain of the accident was that the young lady who was killed had only been under the wheel about twice before the accident. While coming to town from the South they met a truck, by doing so the young lady thought that the truck was going to strike the car and she stepped on the brakes,

going about 35 or 40 miles per hour. By putting the brakes on so quick it threw the car that the six young people was in across in front of the truck sideways, tearing away the left side of the car. All six people lived on farms near Temple and were farmers sons and daughters.

Burkburnett Garden Club Met Wednesday

The Burkburnett Garden club met Wednesday, Sept. 25 at the home of Mrs. A. B. Sandler, with a full attendance. Morris Dean director of vocational Agriculture spoke to the members on soil and fertilizer, and he stated that most people thought that soil was dead but that it is very much alive. The phosphorous is lacking in the local soil, and that in order to have good plants and prevent root rot treatment is essential. The root rot is the most common fault of the section. Mrs. Fred Flanagan spoke on plans for the flower show.

The club made plans for an informal show to be held at the home of Mrs. Reagan on the next meeting date. A lovely plate of cake with coffee was served with marigolds as favors by Joan Ann Sandler. Those present were: Mesdames J. C. Adams W. D. Bent, John Bostic, Paul Browning, D. Ellis, F. Flanagan, Ray Hill, A. H. Lohofener, M. W. Majors, Carl Morrison, Jim Pogue, Ross Reagan, W. P. Sims, R. C. Tevis, W. D. Utts, Butler Westerfield, and the hostess and Laura Louise Tevis.

Burk Firemen Win Prize At Megargel

Winning the cash prize of \$15.00 for first place in the water polo contest, the Burkburnett firemen brought home another honor. The team from Burk was John Musick, J. J. Blackstone, Robert Dunn, and won two out of three to get the decision in the championship finals. The team has won a long list of honors in actual competition. The convention was reported to have been an extremely successful one. Next meeting will be at Archer City in May.

Local Dealers Attend Pre-Show New Dodge

Paul Browning, Wylie Browning and Frank Clement of the Burkburnett Motors company attended the pre-show of the new 1936 Dodge at Dallas early this week at the Adolphus Hotel. They reported that the new car is more beautiful than ever, and that Chrysler has incorporated into the new car many attractive features of luxury and utility type. It will be a car that is outstanding in its class with appointments that will rank it with any car on the market. The dealers are enthusiastic about the prospects of the new automobile.

It has been said that what man has done he can do again. Yes, and many a man has been done whom you can do again, too.

W. H. Martin will start a big bunch of cotton pickers Monday morning picking his cotton. He thinks he will get about 18 bales off of 30 acres.

Mrs. Will Linksey and Mrs. S. Linksey called on Mrs. Ed Owens Sunday afternoon.

HAWKEYE.

Home Makers Club Meets Last Thursday

The Home Makers club met at the First Baptist church last Thursday, Sept. 19. The business and social meeting was held at 8 o'clock. The election of the officers for the business session. The social session was conducted by Mrs. H. A. Myrtle Mae White. A piano solo by Grace, reading by Mrs. H. A. Myrtle Mae White. A song sung by Mrs. Phegley and Mrs. Wood. Refreshments were served by the hostesses Mrs. Buchanan, Mrs. McMurtry to the Ladies Mesdames Hash, Day, Gibbons, Wood, Buchanan, Capi and Murtry.

Middle-age shouldn't be too of its righteousness. There is a lot in having lost your appetite.

More Thrills For Gallery In 1935 Football, Says Rice

Annual Guide Explains
 Rule Changes Which
 Speed Up The Game

"A GAME made to order for Mr. Average Fan" is how Grantland Rice characterizes football as it is played under 1935 rules. In this year's edition of his Football Guide, now being distributed free at all Cities Service service stations, the veteran sports commen- tator and writer points to the new freedom in passing as a bid for the interest of the rank and file of spectators who find their thrills in the more spectacular moments of play.

Citing the new opportunity of the ball carrier to pass to either side or rear at any time before being downed or before the whistle, Rice predicted that "the heretofore secondary defense will have to scatter

Keystone View Photos
 Dixie Howell, left, and Don Hutson, above, would run even wilder under 1935 rules.

to cover the prospective receivers and leave the line more or less on its own initiative." It's now a wide open game, he finds, and sees teams with passing and receiving combinations anything like Alabama's Dixie Howell-Don Hutson pair playing all over the lot many times each quarter. The famous writer's 1935 Guide carries its usual schedules of every major eleven in the country and illustrated analyses of yard-gaining plays by Andy Kerr, Tiny Thornhill, Pop Warner, Dana X. Bible and other nationally known coaches. For the first time, the booklet includes the schedule of the National Professional Football League.

"PARIS IN SPRING" COMING TO THE PALACE SAT. MIDNIGHT

New York has its Empire State, Pisa, has its leaning tower and Paris has its Eiffel. Each is a symbol of man's aspiration to the stars, but for the first time motion pictures brings the stars to the Eiffel Tower. This magnificent event occurs in Paramount's "Paris in Spring," which comes Saturday midnight to the Palace Theatre with Mary Ellis and Tullio Carminati heading the cast. The high spot of the film is the Eiffel Tower, which is appearing for its debut in a film drama. Just why it hasn't been given a screen "break" before, outside of a scenic or a news reel, no one knows exactly. The tower has been in Paris so long—it was built for the Exposition in the top-hat and bustle days of 1889—that it is regarded as a sort of natural wonder. The Parisians

are very fond of it. It is to Paris what Fujiyama is to Tokyo. It may not be sacred, but it is looked upon with affection. Time was when all natives of Paris and every visitor rushed to have a ride up to its top. Maiden aunts and visiting firemen were conveyed there with haste and pride, for it bulked as large in the civic consciousness as the Bronx Zoo, Grant's Tomb and the Etatue of Liberty did in New York. That was when the Eiffel Tower, run up as a stunt to compete for popularity with the Ferris Wheel, seemed just a temporary thing, to be torn down when the Exposition was over. Not so many people go up it nowadays, because everybody feels it is a permanent fixture, but they do plan vaguely to visit it next year or the year after that.

Devol Invitation Basket Ball Meet Starts Next Tues.

Devol high school will start a unique basket ball tournament next Tuesday night at the high school gymnasium in which the individuals are invited to enter for a fee of 25 cents, and a queen of basket ball will be elected. The individuals after entering the tournament will draw for team mates, and the games scheduled by the teams matched in drawing. Any person may be entered in the queen race with a deposit of 25c, and each 10 cent admission to the games while the tournament last will count as ten votes to the eligible contestants. The winner of the queen contest and the winning basket ball team will receive recognition on the finale night of the play.

Chevrolet Holding Nation-Wide Sale Of OK Used Cars

The Chevrolet Motor Company is conducting a nation-wide sale of unusual values in Guaranteed O. K. Used Cars. During the month of August an all-time high in retail sales for Chevrolet was reported. This record shows in this one month Chevrolet delivered 99,018 new passenger cars and trucks at retail, an outstanding performance that beats by 4,600 units the previous best August, which was in 1929. The fact that Chevrolet's volume increased so sharply over its total in July shows unmistakably that the country's buying power is increasing and that there is not only the ability but a universal willingness on the part of the public to buy. This record breaking sale of Chevrolet during the month of August materially increased the stock of good Used Cars to such an extent that a wide variety of all makes and models are now available at your local Chevrolet dealer and the guaranteed Red O. K. Tag assures you of a real Used car value.

Powell-Rainer At The Palace Sunday-Monday

Stars, romance, music, gayety, laughter and drama all mingle in a new and unique blend of screen entertainment in "Escapade," a new romance of Vienna that comes Sunday and Monday to the Palace Theatre. It captures Continental flavor and music, and puts them on the American screen in a story with unusual dramatic twists that keep the audience in a constant state of surprises. Through the deft handling of the story every entertainment value from laughs to tears, from drama to music, is packed into a single evening's divertimento. Robert Leonard Directed Directed by Robert Z. Leonard the New Metro-Goldwyn-Mayer picture, which stars William Powell and introduces Luise Rainer, brilliant Vienna stage star, to America audiences as his leading lady, has a notable cast. The story deals with a debonair and ionized artist, played by Powell, who falls in love, through complications over a painting of another man's wife, with the demure companion of a countess. With a jealous doctor, a former sweetheart and a flirtatious wife on his hands, he tries to balance the whole structure while progressing on a rocky road of true love. Through flirtation he paints an unconventional picture of the doctor's wife. Through mistake it goes to the publisher. He hunts a model to pass for the original as an alibi, falls in love with her, and a jealous former sweetheart interferes. Fish Fry Staged By Burk Group Mon. Frank Kelley, Ollie Thompson, Jobie Dunn, and Brooks Robertson, shared their huge catch of fish with a group of friends at the water works park Monday night. The fish were fried and accompanying coffee, onions and other such eatables completed the party. Many friends of the quartette, including the city officials gathered at the fry and assisted the men in the eating feature of the expedition.

DEVOLFLASHES

This has been a rather dull week for the students of the Devol high school. With the exception of some hikes and other attractions such as circuses and picture shows, things have been running along in the usual manner. In spite of this lull in affairs, basketball season holds its attraction for us. Let us look forward and not backward.

Fourteen New Books Bought By Library

Fourteen new books arrived this week at the Burk public library, according to the announcement of Mrs. Alvin Hill, president of the board. The books were purchased and placed on the shelves of the rental department on circulating department of the institution. Mrs. Hill also announced that the library would charge only two cents per day for all rental books in the future, and the money from the rental will be used to buy additional volumes for the organization. The new books include: "Heaven's My Destination," Wilber; "Pent House," Roche; "Code of the West," Grey; "How Like an Angel," McDaniel; "Coronet," Komroff; "Mag-

ic Valley," Houston; "Rapture Beyond," Burt; "Lights in August," Faulkner; "Week-end", Strong; "Oil From Lamps of China," and "Tom Jones," Fielding. On the children's shelf are: "Freckles", Comes Home", "A girl of the Limberlost", and "Huckleberry Finn."

Mrs. McKown Honored With Shower Wed.

Mrs. E. E. McKown was honored by a shower at the home of Mrs. J. H. Cecil last Wednesday afternoon. After the presentation of the gifts, several interesting contests were enjoyed by the guests. Refreshments were served to the following ladies: Mesdames J. W. Boyd, Tom Boyd, Pearl Outz, R. T. Todd, J. H. Moore, W. C. Keisling, J. G. Beard, Mm. Boyd, and Miss Minnie Todd of Burkburnett, and Mrs. E. A. Gosnell of Wichita Falls, the hostess and honoree. Those sending gifts were: Mrs. Fannie Glass and Mrs. C. W. Boyd.

One trouble with the disagreeable things people say about us is that a lot of them are true.

New Primary Teacher Added To Burk Staff

Miss Mildred Anderson of Wichita Falls has been employed to take the vacancy created by the resignation of Miss Kathleen Cameron. Miss Anderson studied in the Wichita Junior college and is a graduate of Mary Hardin Baylor of Belton Texas. She is recognized in this area as a capable musician of unusual talent at the piano. Frequently radio audiences have heard her broadcast from KGKO.

Lois Philpy Elected To A. C. C. Kitten Club

Thirty-four new members were selected by the Kitten Club, pep organization of Abilene Christian College at the meeting of the club held Tuesday, September 17. Among those elected was Miss Lois Philpy, freshman from Burkburnett. Sixty young ladies of the 600 students at the college make up the organization. At the business meeting of the club uniforms to be worn at college games and pep activities for the present school year were selected.

Chevrolet Trucks In Thrilling Tests Atop Pikes Peak

In the first formally observed and timed tests of motor trucks over the perilous hairpin turns and steep switchbacks of the Pikes Peak auto highway, near Colorado Springs, Chevrolet 1 1/2-ton and half-ton trucks demonstrated their power, endurance and efficiency over the course of the annual Labor Day hill climb contest, a distance of 12 miles, 2200 feet, with a rise of 4959 feet from the start to the summit, 14,109 feet above sea level. The upper illustrations show the 1 1/2-ton truck, driven by W. P. Bentrup, on its way to a record of 37 minutes, 52 1/2 seconds, with its full 3000-pound load (it made the run afterward, without load, in 26 minutes, 12 seconds), and the officials at the finish (left to right): Harry Hartz, technical advisor; Robert M. Ross, Detroit Times; Dan Kennedy, Colorado Springs Gazette and Telegraph; and John L. Jenkins, Chicago Daily News. The lower photos show the Chevrolet half-ton truck, which Harry Hartz drove to the summit in 25 minutes, 3 seconds, and the finish of the run of the 1 1/2-ton truck with full load.

Edited by the Students of Fairview School

ASSEMBLY PROGRAM

The program last Thursday consisted of two songs sung by the entire assembly, and a talk made by Brother L. S. White, minister of the Church of Christ at Wichita Falls. He chose for his subject "The Value of Time." Brother White said that one could only live one second at a time, and that there was a time for everything. He urged that every child in school spend his time usefully. If everyone in school would do this, probably this year would be the most successful year that Fairview has ever had.

SENIOR PARTY

Mrs. J. W. Zink entertained the seniors with a lovely class party at her home Friday evening, Sept. 20. Many games were enjoyed thru out the evening. Refreshments were served to the following guests: Bennie Spencer, Ruth Miller, Maxine and Marvadne Vines, Ann Drennan, Zella Graham and Mildred Bert of Electra; Lillian Pearl Zink, Lavern Beaver, Ruby Jewel Williamson, Anita Pharriss, H. B. Northcott, Scotty McCall, Albert and Elbert Zink, Charles White, James Sullivan, Mr. C. L. Jones, and Mr. and Mrs. J. W. Zink.

SOPHOMORE CLASS MEETING

The Sophomore class of 1935-36 was organized last week and officers were elected for the coming year. Mary Frances Goins, president. Dreda Miller, vice president. Naomi Banning, secretary. Rosalie McCall, reporter. Virginia Bayne, Jack Bryar, Hazel Todd, social committee. Thelda Seidlitz, Willma Edwards, Wilson Robison, program committee. Mr. Erwin Brand, sponsor.

INITIATION OF FRESHMEN

The members of the Freshmen class were initiated last Thursday by the upper classmen. The boys went through the belt line and the girls had to go without their shoes all afternoon.

THIRD GRADE

The Third Grade has elected the following officers: President, Leo Winkles. Vice president, Dicky Welch. Secretary, Betty J. Pollard. Reporter, Art Williams. P.-T. A. Mother, Mrs. R. Welch. Room Mother, Mrs. Den Winkles. Sponsor, Toby Baird.

HOME ECONOMICS CLUB

The Home Economics club met September 18 and elected the following officers: President, Lenora Podberger; vice president, Margaret Lee Bogy; reporter, Carrie Ruth Stonecipher. Various committees are to be selected later. Class mothers are: Mrs. Troy Miller and Mrs. J. M. Morrison.

HIKE and PICNIC

The Home Economics III class gave a hike and picnic as part of their class work. They hiked to the Riley tank. The class is composed of Carrie Ruth Stonecipher, Mildred Morrison, Marian Sopher, Dorothy Siber, Lenora Podberger and Iva Jim Banning and the teacher, Miss Armstrong. The guests were: Mrs. Troy Miller and Mrs. J. M. Morrison, Virginia Bayne, Marvadne Vines, Margaret Lee Bogy, Rosalie McCall, Anna Drennan, Mildred Seidlitz, Mr. and Mrs. Joe Podberger, Joan and J. L. Podberger.

WHO'S WHO

Martha Drennan is the new member of the Freshman class. She must have been received with open arms because she was elected president of the class. Martha left the village of Wichita

***BALD? Give Your Scalp a Chance**

Japanese Oil is the name of the remarkably successful preparation that thousands are using to get rid of loose dandruff, stop scalp itching and grow strong, healthy hair on thin and partially bald spots where hair roots are not dead. This famous antiseptic counter-irritant stimulates circulation in the scalp, brings an abundant supply of blood to nourish and feed starved hair roots—one of the chief causes of baldness. Get a bottle today at any drugist. The cost is trifling, 50c (Economy size, \$1). You have little to lose and much to gain. **FREE**, valuable book "The Truth About the Hair," if you write to National Remedy Co., 56 W. 45th St., N. Y.

JAPANESE OIL

Do You Know?

DO YOU KNOW THAT HEALTH IS THE FOUNDATION OF ALL ACHIEVEMENTS?

- Do you realize that a family, state, or nation that has not health will soon lose its position and power?
- Do you know that your body, in spite of illness, has within it, at all times, every element necessary to health?
- Do you realize that this is true, not only of you but every person?
- Do you know that the nervous system controls every organ and every function of the body?
- Do you realize that if the nervous system is free to function normally that it will restore other parts to health.
- Do you know that the brain is the dynamo that sends out every impulse that drives every tissue cell to action?
- Do you realize that the spine is the human switchboard from which all nerves are distributed?
- Do you know that subluxation in the spine can and does pinch nerves and impairs the function of organs that these nerves supply?
- Do you realize that the proper adjustment of the subluxation (displacement) in the spine will release these nerves and restore normal function in every part?
- Do you know that your body is the real house that you live in?
- Do you realize that the Creator has so wired that house, with its intricate nervous system, that it is all modern and needs no drug to make it function?
- Why, then, do you abuse your body with drugs and operations? Why do you put more trust in a spoonful of medicine or a knife than you do the force that animates the living world?
- Is it not time to do some thinking for yourself? And time to investigate more natural means of restoring health.
- See your chiropractor and let him guide you on the road to health.

LEWIS SHORES, D. C.

126 Avenue C

Burkburnett, Texas

New Operator At Kings Beauty Shop

Miss Lona York of Wichita Falls has accepted a position as operator in the Kings Beauty shop in Burkburnett. Miss York has worked in the Falls beauty shop in Wichita for several years and is an expert licensed operator, capable of excellent work in permanent waving, finger waving and other beauty treatments. This addition will give the local shop three efficient operators that will give the local customers a highly efficient service. Mrs. King will divide her time between the new shop which she has recently opened in Stamford, Texas and the Burkburnett shop. The dates that she will be here will be announced in the near future.

Lockett Circle Meets

The Lockett Circle of the Baptist Missionary Society met at the home of Mrs. Reggie Kent, Sept. 23 for a brief business session. The meeting was opened with the song "I Am Resolved" and the devotional prayer was led by Mrs. Phlegley. After a short business session the benediction was given. The following were present: Mesdames Pinkston, Phlegley, VanCleave, M. B. Hays, Johnson, Kent and Bundy.

Falls to live in the city of Thrift so that she might be a student of Fairview High school. The little brown haired lass wishes to be a stenographer after she has received her education.

Mary Frances Goins, president of the Sophomore class, is going out for volley ball this year for the first time. We hope she succeeds. She wishes to be a nurse-maid, I'm sure, because she is so patient and sweet.

Another good-natured girl of our school is Margaret Lee Bogy, president of the Junior class. For the past summer she has trained in beauty culture. That means she will be a beauty parlor operator, I suppose. Margaret Lee is an excellent student.

H. B. Northcott, president of the Senior class, and president of the "Nuts" club is very important in our school. In fact we couldn't get along without him. He likes to play the piano, but don't mention studying to him. Nevertheless H. B. makes an excellent president for the Sr. class and we really think he is O. K.

New Tires Purchased Now Guard Motorists Against Skid Danger

ALSO GIVE THIRTY PER CENT MORE MILEAGE WHEN OPERATED OVER COLD WINTER HIGHWAYS

The average motorist will be endangered by skidding seven times to every one time that he will be subjected to the hazard of accident from a blow-out according to Jim elAvander, local Goodyear dealer.

A recent survey by insurance companies, said Mr. Alexander ascertained that motorists are seven times more likely to be involved in accidents, or near-accidents, as the result of skidding on slippery streets, than as the result of blowouts.

The blowout hazard has been reduced to a minimum due to modern tire adn tube construction methods Mr. Alexander continued, but a car can skid at any speed if not provided with sufficient traction, and many traffic fatalities are caused as a result.

With the winter season approaching, protection against skidding increases in importance. Tires with a good, clear-cut tread are essential to safe winter driving. The Goodyear G-3 All Weather tires uses the famous diamond block tread that has been used for 27 years where maximum protection against skidding is needed.

This tire provides protection against skidding in any direction and will give traction in deep mud as well as on wet or icy hard surfaced highways.

An additional advantage in purchasing new tires for the winter season is the fact discovered by tire engineers that tires broken in during cold weather give approximately 30 per cent additional mileage, Mr. Alexander concluded.

Church-Christ Singing

The D street and Ave. E Church of Christ will begin their regular Friday night song drill Friday night, Sept. 27. You will hear some of as good singing as you can find anywhere. An hour or more will be devoted to song practice. Feel free to come and enjoy this fellowship in song.

B. M. TAYLOR.

Funeral Services Mrs. Wright Held

Funeral services will be held at 10 o'clock Saturday morning at the First Baptist church for Mrs. M. Wright, 56, who died Monday morning at 10:30 o'clock at the home of a daughter, Mrs. Leonard ell, 2102 Taft. Rev. A. C. pastor of the South Side church and Dr. O. L. Powell of the First Baptist church officiate. Interment will be at Lawton Saturday.

McDonald Rites In Devol T

Funeral services for Felt Donald, 42, who died Monday at his home east of Okla., were held at Devol church Tuesday at 2:30 p. m. in the Burkburnett under the direction of the Brumley Funeral home. Mr. McDonald, a Devol for 15 years, is survived by his mother and father, Mrs. J. W. McDonald, and two sisters of Wellington and Miss Bessie Mae McDonald.

Pallbearers included Ed Hopkins, J. D. Moore, Vernon Edwards and Hodges.

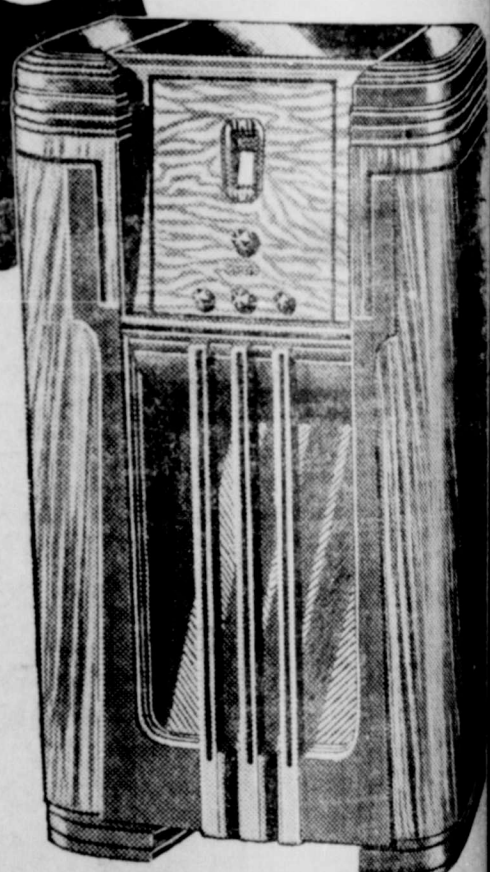

Watch Your Kidney

Be Sure They Properly Cleanse the Blood
YOUR kidneys are constantly filtering waste matter from your stream. But kidneys sometimes fail to do their work—do not act as intended—fail to remove impurities from the system when you are suffering from backache, dizziness, scanty or irregular urination, getting up at night, all upset.
Don't delay! Use Doan's are especially beneficial to kidney. They are recommended by grateful men all over. Get them from any drug store.

FARMERS ORGANIZED

and year boys in the F. F. organized Wednesday, Sept. 16 and elected the following officers:

President, Melvin Bills.
 President, Tollie McKown.
 Secretary, Othar Wheeler.
 Secretary, Harvey Bentley.
 Treasurer, Grady Lee Wigham.
 Treasurer, Dan to have a meeting the day in every month. The fee is one dollar for the year. Money for the record books, for other books and for other things that will be used during the year.

Spent studying different things such as: Beef Cattle, Dairy, and Dairy products. They could get a project in the future to get started to making the farmers of yesterday like the farmers of tomorrow.

SENIOR NEWS

An ideal crew, an excellent group of officers, and a fortunate economical pilot the seniors have launched for a successful 1935-36 school year.

The Juniors entered the year enthusiastically with Mr. Williamson as sponsor. At the school year they found the efforts of Mr. Wil-

son and the cooperation of each of the class, their Junior year certainly been a success.

Mr. Williamson received his B. S. degree from Teachers College at Commerce, Texas. He also received his M. A. degree from S. M. U. at Dallas, Texas. He taught two years in Ellis county before he came to Burkburnett, where he has taught for eight years.

FRESHMAN CLASS

The Freshman class met Tuesday, September 24, 1935 and elected officers: President, Luther Guy Hag-

ard; vice president, Allen Riddle; reporter, Ielta Fereman. Due to lack of time the class did not finish the election but will finish next week.

Our two sponsors are: Miss Kirby, and Miss Morgan. The class is proud of its sponsors and with cooperation the freshman year will be a success.

SOPHOMORES

The three classes of the Sophomores met Tuesday, Sept. 24 to elect the class officers. The officers are: President, Marshall Alexander; vice president, Dile Rike Peevey; secretary and treasurer, Polly Hall; reporter, June Gore.

TO FOOTBALL FANS

want a good seat Friday night will have to come early. The Bulldogs are going to have a fight that fans the seating as well as the capacity; so don't be late.

time to have lunch at the Seniors will be just in time to visit the Senior stand last Friday night.

missed some of the activity, so Friday you enter the gates of the school to see the Bulldogs.

their second victory of the year. Don't fail to purchase some of the high-powered hotdogs, pies, candies and everything to eat.

SCHOOL LIBRARY

22 books which were sent by Peter Bookbinding Company have been returned in colored new bindings. As they have been prepared for use, these rebound books are charged out to the students of the High School.

The High School Library is the owner of a new set of the Encyclopedia Americana. The reference consists of 29 volumes.

Additional volume containing a classified index. This thorough encyclopedia was copy righted in 1932 and gives the latest figures.

Special features of the encyclopedia are: Its scientific articles, its history of the centuries, its geography, and its long account of the World War.

PEP SQUAD NEWS

Pep Squad girls were present at the game Friday night, back-

the accident Jimmy Rankin happened to, which ended up with Jimmy having a broken arm. He will have to be absent from school for several days.

L-3-2 is glad to welcome two new members to its enrollment. These two members makes a total of 36 in L-3-2.

The grade school music dept. has received some new music books.

Miss Kathryn Cameron, teacher of first grade, is being replaced by Miss Mildred Anderson of Wichita Falls. Miss Anderson has her degree from Baylor-Belton.

Say Everyone, how about seeing the L-6-1's exhibit of Texas History in the window of the Rexall Drug store.

Let's give three cheers for Mr. Pommerening and his Jr. baseball girls who have started their practice. These girls and Mr. Pommerening are planning a play to raise money to buy their uniforms.

PEP RALLY

Thursday Night, Sept. 18, 1935

If anybody noticed the Pep Squad girls playing alley-rat Thursday afternoon, think nothing of it, they were merely gathering boxes, papers etc., to make the bonfire for the pep rally Thursday night.

By the way, doesn't everyone think the girls have some pretty healthy lungs, and strong vocal cords. If you don't think they do, get out and try some of their songs and yells yourself, you'll soon find out. They're really got the opening and the power behind it!

Their songs and yells up town almost cracked the sidewalks and the unformed part of town thought a cyclone struck.

If you want, or if you don't want, to hear them yell some more, come to the football games.

PEP SQUAD OFFICERS

Last May the 1934 pep squad girls elected Blillejane Chatham as head leader and Willie Etta Alexander as assistant leader.

When the 1935 pep squad girls met in September 1935, Pauline Browning was elected as second assistant leader, Ruby Louise Bishop, president; Doris Ruth Barnes, vice president; Claudia Mae Bowman, assistant reporter and Bobby Lou Westerfield, Clara Mae Jenkins and Peggy Kemp were elected as mascots. The sponsors of the pep squad are Miss Corley and Miss Giddeon from the grade school.

The following girls are a member of the Pep Squad:

Doris Bogwell, Mary Margaret Browning, Pauline Dixon, Leota Dudley, Helen Barnes, La Nelle Elder, Emma June Garland, Betty

Dove Season Open For This Section

HUNTERS REPORT BIRDS ARE NOT NUMEROUS

The dove season for this section for mourning doves opened last Saturday morning at seven o'clock, but the hunters of this section were not as excited about the bird sport as they have been in the past. The universal experience of the hunters indicated that this would not be a very successful year for local gun men. The law written by the federal government inflicts an unnecessary penalty on local sportsmen.

The postponement of the season 21 days more than the other federal regulations, was felt in this area. Although there has been very little cool weather, some of the observers report that the birds are scarce, having flown south. A few reports were more optimistic.

The federal regulation making it illegal to hunt with more than three shells, one in the barrel and two in the magazine, hampered the free shooters. Hunters armed with auto loading or repeating shot guns, were forced to plug their guns before use. Doves may not be hunted between sunset and 7 a. m. The daily bag limit is fifteen.

State Law Remain

State laws have not been changed There was pressure exerted for license law change, but hunters going outside their county, must pay state tax of \$2. This applies to all hunters, male or female over 16 years. Shooting will be allowed to continue in this zone throughout October until Oct. 31. The suffering will be more intense in south zone where hunters must wait until December 31.

Rev. W. Van Dyke, pastor of the East side Presbyterian Church of Wichita Falls, visited J. C. Cook in Burkburnett Tuesday. The two ministers will exchange pulpits next Sunday.

Joe Gilchrist, Mary Bess Green, Marilyn Harwell, Nadine Henderson, Mary Jo Henson, Betty Jane Hill, Francine Hill, Jackie Jackson, Helen Justice, Mildred Kemp, Lucille Kemp, Neoma Meador, Geneva Minick, Marilyn Morris, Pauline McGinnis, Marjetta Owens, Peggy O'Neal, Norma Jane Pace, Georgie Parker, Modine Pinkston, Hazel Pinkston, Virginia Rich, Lorene Rose, La Verne Shyver, Erlma Strickland, Margaret Turner, Virginia Vaught, Dorothy Wallace, Fonda Willis, Polly Wiggins, Mildred Bryan, Bernice Berringer.

Mrs. Holland Honoree At Shower Thursday

Mrs. Raymond Holland was the honoree at a lovely shower at the home of Mrs. Tom Harms last Thursday afternoon. The joint hostesses were Mrs. B. N. Cauthorn and Mrs. Hut Buzbee. Mrs. D. M. Morris and Mrs. Willie Bloxom had charge of the program, and several interesting contests were enjoyed by the group. Mrs. Donohoe and Mrs. Morrison won the prizes which they presented to the honoree. Many other gifts were given to Mrs. Holland.

Refreshments were served to Mrs. McKinzie, Key, Beldon, Hagerman, Vance, Cox, Morrison, Jordan, Donohoe, Bloxom, Thompson, Morris, Bunstine and Jones, and Misses Thompson, Pettyjohn and the hostesses. Those sending gifts were Mesdames Minter, Wolfe, Wiltshire, Jordan and Northcott.

Firemen Attend Meet At Megargel Tuesday

Five members of the Burkburnett volunteer fire department attended the district convention of the fire department at Megargel Tuesday. The delegates from Burkburnett included John Musick, Arden Bailey, George Brashear, J. J. Blackstone, and Robert Dunn. The members were entertained by the social and business session that included speakers and entertainment and contest of interest.

Bonath Class Elects Officers At Meeting

Members of the Bonath class of the First Baptist church elected the officers for the winter season in an all day meeting at the home of Mrs. Jessie Rice this week. The president of the class chosen by the group

will be Margaret Russel. The election was held in connection with the short business session. The girls of the class presented the teacher with a shower of lovely hankerchiefs.

The other officers chosen were: Mrs. Jessie Rice, teacher; Mrs. Mae Brumme, supply teacher; Marie Hewell, assistant teacher; Mrs. Mildred Outz, vice president; Mrs. Lorene Carnes, secretary; Bertie Jacobs, assistant secretary; Mrs. Minnie Cower, reporter. Those present were: Mesdames Mildred Outz, Lorene Carnes, Minnie Carver, G. T. England, Johnny Jones, and son, and Misses Bertie Jacobs, Marie England, Marie Hewell, Sybil Lassetter, Mr. and Mrs. Jessie Rice and Lois Rice. Those sending presents were: Grace and Margaret Russell.

Read How This Tire Cuts Costs - Increases Mileage

We expected a big demand for this tire but never dreamed tire buyers would be so enthusiastic! Yet, is it surprising when you think of the real, honest value Goodrich has packed into the big, husky Cavalier?

Tough All the Way Through

To increase your tire mileage, and give you more trouble-free service, every Cavalier is double-cured. That means it's tough all the way through. Cavaliers can stand hard punishment and still roll up the miles—still save you money. Isn't that the kind of tire you want—especially when it costs not a penny more than ordinary "single-cured" tires? Come in and let us show you how you can save tire dollars by buying Goodrich "Double-Cured" Cavaliers. And, remember, now is the time to take advantage of our low prices.

Baptist Pastor—

(Continued from page 1)

to form an "old fashioned pounding" The occasion for the event was the close of the pastors eight years in the local church.

Interesting numbers, under the direction of O. L. Clark, in which each department of the church was represented made the program for the event. The pastor and Mrs. Hays responded to the talks. The occasion was a happy one for both the minister and this family and the members of the church.

As the members of the church left they expressed the wish that the pastor and his family might be with them many more years to lead them and serve Burkburnett town and community.

The Baptist pastor will begin his ninth year as pastor of the First Baptist church with the first Sunday in October. The work of this minister is widely recognized. Over the whole area he is noted as one of the most efficient ministers and excellent preachers of the territory. His work in the church has been uniformly successful in every department of the church.

Personal Mention

Judge Earnest Robertson of Wichita Falls visited in Burk Tuesday.

Dr. Edwin A. Elliott of Washington D. C., visited the oil field Tuesday.

Mr. and Mrs. Jack Jones of Royalty, Texas, spent this week visiting Mrs. Myrtice Booth.

H. J. Exley was reported as recovering rapidly from injuries of the accident last week.

Joe Utz and Mrs. A. H. Mahaffey of Wichita Falls were in Burk for the banquet Tuesday.

Rev. and Mrs. Hogan of Gotebo, Okla., visited with their daughter and Mrs. Stapp in Burkburnett last week-end.

Mrs. Jack Jones of Royalty visited friends and relatives in Burkburnett last week.

Mrs. Ralph Spencer spent several days with her sister Mrs. H. C. Holcomb in Wichita Falls this week.

Mrs. M. W. Majors attended the Archer county federation of women's clubs at Archer City last week-end.

C. L. Coulter, international secretary of the union will be in Burk and Wichita until the strike is settled.

Mr. Dunaway was carried from Wichita hospital to his home in Burkburnett in a Thomas ambulance Friday.

Mrs. George Cox was carried from her home on the Tucker lease to Wichita hospital Monday in an Owens-Brumley ambulance.

M. W. and C. H. Wolfe returned to New Mexico this week after a visit with Dutch Wolfe of Burkburnett.

Mr. and Mrs. Frank Clement and children returned last Friday from a two weeks vacation trip spent in South Texas and Old Mexico.

Mrs. J. W. Blackwell and infant son, Donald Ray, were carried from the Burkburnett clinic to their home near Thrift in an Owens-Brumley ambulance, Monday.

Mrs. Nugent was carried to Wichita hospital Sunday and returned to her home at Midway in a Thomas ambulance Monday.

Mrs. J. M. Betts, grandmother of Mrs. Myrtice Jones, is visiting here this week. This is Mrs. Betts first visit here since the boom days. She stated the town had certainly improved in appearance but everything sure was quiet.

Ralph Holman of Joinerville, Texas, was a business visitor in Burkburnett this week. Mr. Holman is superintendent of the Jenkins Oil Co. While here he came in and paid his subscription to the Star as he likes to keep up with the happenings of the "old home town."

John Rigby, funeral director of the Owens-Brumley home has been indisposed due to infection of the left foot. He will be able to resume full schedule of work in the near future.

Dorothy Brown was carried from Burkburnett to the hospital in a Thomas ambulance Wednesday. Miss Brown was returned to Burk in the ambulance Thursday.

The Young Matrons class will meet at the First Baptist church in the church parlour next Tuesday night at 7:30. All of the service members of the class are urged to be present with the other members.

A. M. Hayworth of Missouri visited his brother R. M. Hayworth for the first time in 47 years in Burkburnett Thursday. Alfred Hayworth had been to south Texas to see his daughter.

C. B. Kiesling, a prosperous farmer of the Clara community, was a pleasant caller at the Star office Tuesday. Come again, Mr. Kiesling.

Youth is that indefinite period when the only tool needed to eat watermelon is the face.

Strikers Back—

(Continued from page 1)

Bohner were interviewing the returning men.

The strikers agreed after seven days through intermediation of Elliott, to resume former status on condition that all the men be accepted for employment without discrimination. However, seven men were discharged for what the companies said was "Unsatisfactory service."

Immediately the discharged men started the preparation of a case to be presented to the FLRB under the Wagner labor bill. If the case is presented the open hearing will be held in Wichita Falls.

The strike started Tuesday morning Sept. 17 at 3 o'clock and about 250 men walked out of the plants and from the lease. In the entire week the picketing was orderly, and every lease in the whole field was guarded by the strikers in order to prevent physical violence and damage.

Elliott Called

The leader of the strikers, J. L. Coulter called Dr. Edwin A. Elliott to assist in the settlement. Dr. Elliott arrived Monday from El Paso where he had been engaged in strike settlement of power walk-out.

By his persistent work the agreement was reached between workers and the operators. The operators agreed to assume workers and the operators agreed to assume former status and not discriminate. The strikers agreed to work on condition they be allowed to do so without being discharged from union activities.

The Texas Rangers came into the field after the 89th district court of Wichita Falls granted the injunction last week. The strikers did not resist the Rangers, but their leaders and members both agreed that they thought them unnecessary, and that every thing was peaceful.

Coulter Statement

J. L. Coulter, international secretary of the union stated in Burkburnett Thursday that he did not think the strike a failure. His full statement was: "We secured a written agreement from the Tucker company to the effect that the men would be re-employed with no change in hours or wages. That after the wells were back to normal, negotiations with men would be resumed for the purpose of working out a contract. The union is pushing as rapidly as possible their complaint against the Bell and Bohner company under the Wagner Bill, seeking re-employment and full compensation with men affected."

"The union claims that the statement that the strike is a failure is erroneous, and much good will prove from the facts brought about by reason of the shut down."

Operators Statements

Officials of both the Bohner and Bell companies had issued statements earlier in the week pointing out that they only waited full operation until given guard by officials. The arrival of Elliott delayed the operations. Both companies claimed damage had been done in the fields by shut-off of pumps and vacuum.

On the Oklahoma side another injunction was secured to check the approach of the property by strikers and members of the union and deputies from the Tillman county were sent to guard the property.

The whole strike was carried from start to finish without any violence. The Rangers came and locked up guns and sat down to play dominos with pickets. The special deputies found everything orderly.

Current Literature

Some of the older generation will be glad to learn that Alice McGuffey, grandniece of William Holmes McGuffey, author of McGuffey readers, has published a book "A Daughter of the McGuffey's." The book is a memoirs of her mother, and many of the people who were required to study from the readers will be fascinated by the account of the life from the viewpoint of the daughter of the noted authority and educator.

The recent release "White Ladies" by Francis Brett Young has been published in America by Harper Brothers. It is one of the series of books that is using for the background industrialism in the Midlands of North England. The same old theme of the generations of the newly rich rebelling against the commercialism of the parents that make their aesthetic interests possible. The story is of a young lady who acquired a house after an unhappy love affair with the son of a strict English family. The remainder of the 700 pages tells about her adventure in occupying the house. Brett Young is a master so far as his background is concerned. His scenes of the manufacturer of bricks, and finding coal and making steel seem so positively real that you feel the experience your self. However, the characters are slightly mechanical, and their artificial reaction to fates decrees make them seem absurd at times.

Made in Japan is an interesting defense of the Japanese world trade market. The thesis of the book is that the world has gained as much as it lost in the campaign of the little men. The rapid pickup in Japan's industry may have thrown many people out of work in the manufacturing states. However, the demand for raw materials has caused an equal increase in the other parts of the world. Where England lost her markets in Africa and Southern Asia, the Australian colony picked up in wool and cotton and other raw material trade. It balances rather well in the long run.

The fact that one of our neighbors Mrs. Fay Yauger of Wichita Falls won the prize for the best volume of unpublished poems on a national contest is a clear compliment to this section. Just a few years before, Pat Moreland won the same prize. There are very few people that realize what a real distinction

Theatre Program

UNUSUAL FACTS REVEALED

—by "Movie Spotlight"

LOIS LINDSEY
Columbia player was adjudged the most beautiful dancer among Busby Berkeley's girls.

THE THREE STOOGES
preparing for a motor trip across the country, supplied themselves with a row boat in case of floods, gas masks (for dust storms), a goat, life preservers, and a ton of what-nots just in case.

"Slow motion" pictures require cameras to grind 8 times faster than ordinary films. In making a special slow motion shot of a "News World" of Sports reel, cameras were sped up from 24 to 92 frames per second.

L & M Food Store

Lige and Marshall Chrestman, Props.

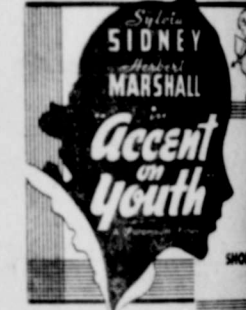

BRING US YOUR PRODUCE

this honor is. For it to be won twice by the same city, in the same decade, is considered rather impossible.

The writer of this column remembers distinct the trails that both Moreland and Yauger had for recognition when they first started writing. The crudeness and lack of technique discouraged them only about six or eight years ago. When we used to gather in small groups with other aspiring writers, we talked over the difficulties, over a cup of coffee or tea. Not a one of the group ever thought that two of the number would win national recognition. Now each of us are proud to say "I knew them when--"

It embarrasses some Burk people to buy from a merchant they owe, so they spend their cash somewhere else.

When a caveman wanted used to knock her senseless, what he'd do to some of our errn girls if he wanted them
