WPA EMPLOYMENT SHUT DOWN UNTIL FURTHER ALLOTMENT PROGRAM IS MADE FOR WORK

The Burkburnett and other Co.
WPA work has been completely
shut down July 1, and all work
suspended until further approp-
riation has been made for the
work. Up to the present time the
work has been carried out of the
state relief fund added to federal
government aid. The last
checks for the state were mailed
in the middle of June, and the
treasury has been exhausted,
according to the present status
the problem of care for the iden-
gated rested with the county and
city authorities.

Thirty five hundred Wichita
district WPA employees will be
thrown into idleness Wednesday
until an allotment has been re-
ceived from the state office for a
new program scheduled to pro-
long federal work relief after
June 30, the original deadline.

Definite instructions have not
been received from the state of-
fice, according to C. L. Martin,
director of this county, although
it has been announced the pro-
gram will be continued.

Not so certain are officials of
the Texas Relief commissions con-
cerning future operations of that
organization.

Miss Grace Sewell, district di-
rector, said Tuesday no orders
had been received from state of-
ficials in regard to the continua-
tion of the program.

Emergency Education
One department of the works
progress administration, that of
emergency education work under
the direction of Homer Massey,
will be continued without delay,
according to instructions received
recently from state headquarters.

H. A. Ziegler, director of the
NYA here, also is uncertain as to
what disposition will be made of
the program.

According to Miss Sewell, sur-
plus commodities will continue
to be given to the families on di-
rect relief, although no quotas
have been set for this distribution.

Old Age Assistance
Payment of old age pensions,
said Miss Sewell will take from
active relief rolls many of the
families that have been receiving
aid through TRC. The Wichita
county roll has declined from 233
clients to 57, she said.

It has become apparent also
that other causes have contrib-
uted to the decline in relief cases.
Many persons formerly on re-
lief have returned to work clas-
sifications, she said, and others
are now being supported by re-
latives.

Certification of persons eligible
for WPA employment, a former
duty of relief officials, has been
discontinued until another office
is established for this purpose.
No instructions have been re-
ceived on this score, officials indicate.

Pension Checks Mailed Wednesday

More than 40,000 checks were
mailed from Austin last Wednes-
day morning to the pensioners
all over the state of Texas. Out
of 169,000 applicants that number
qualified as the most needy in
the first payment. Subsequent
payments are expected to reach
65,000 in the next few months.

According to the county and
district workers, the average for
this area will be about 18 dollars
per month per person that is
qualifying. The maximum will be
25 dollars and the smallest pay-
ment will run about six dollars.
No checks had been received
here Wednesday afternoon, but
a few were expected early Thurs-
day or Friday mornings. It is
not known how many local peo-
ple had qualified for the checks.

MEETINGS

Mrs. O. L. Clark will be hostess
of the Young Matrons class of the
First Baptist church at her home
next Tuesday night.

The county association of the
Odd Fellows and Rebekahs will
meet with the local organization
at the Rotary club rooms next
Wednesday night.

Federated council meeting at
the home of Mrs. Wid Phillips
next Friday afternoon at 2:30.

The Methodist women will hold
a book review and tea at the
church Thursday afternoon at
3:30 o'clock.

Burkburnett Odd Fellows Celebrate Payment Of Debt

Lodge Closes Negotiations For
Completion Of Payment

Mike Begun, trustee of I. O.
O. F. Lodge No. 747, is wearing
the smile of satisfaction. A bur-
den close to his heart has been
rolled away. He has given his
best efforts for many years to
the cause of the odd fellows, but
has felt the weight of a debt
upon their home that exceeded
their capacity to pay.

The I.O.O.F. lodge bought the
Thomas Lumber Company prop-
erty several years ago consisting
of eight lots with buildings. The
notes became the property of the
First National Bank and have
been held by them for many
years with but meager payments
being made on them. In fact, the
total with interest amounted to
over \$4500.00, a staggering sum
for the few members of the local
order.

Mike Begun was worried and
began seeking a way out. He
wanted a home for the local
lodge and wanted the lodge freed
from the debt so that they could
become more active in their work
and build up the interest of the
members. He engineered a sale
of part of the property to Tom
L. Boyd for \$2,000.00 cash, leav-
ing them their home on the cor-
ner of Fourth and Ave. B. He
then asked the bank to accept
the cash and release their home
and give them their notes back.

The hard-hearted bank through
its officers, said "Mike, you are
a good citizen and a loyal Odd
Fellow. We are interested in you
and the Odd Fellows Lodge, so
let's wipe the slate clean and build
a better Burkburnett!"

Mike says a new day has dawn-
ed. We are on the road to better
days. The bank is satisfied, we
are satisfied, Tom L. Boyd is
satisfied and we have a home that
is free from debt. The Lodge
passed a resolution in a recent
meeting thanking the First Natl.
bank for their leniency and their
interest in the local Order. We
have been treated with under-
standing for many years and we
appreciate it. We expect to throw
a feed and a party pretty soon
at which time the notes will be
destroyed, and the officers of the
bank will be honor guests.

Mrs. Prinzing To Review Exile For Methodist Women

Mrs. H. W. Prinzing will re-
view the "Exile" by Pearl Buck
for the members of the Methodist
societies and their guests at a
tea at the church Thursday
afternoon at 3:30. The book is one
of the most interesting of the
popular novels written by the
writer. The work abandons the
unique archaic style of the former
work of the author, and adopts
a more excellent and understand-
able manner of presentation. The
book and review promises to be
very interesting for the ladies.

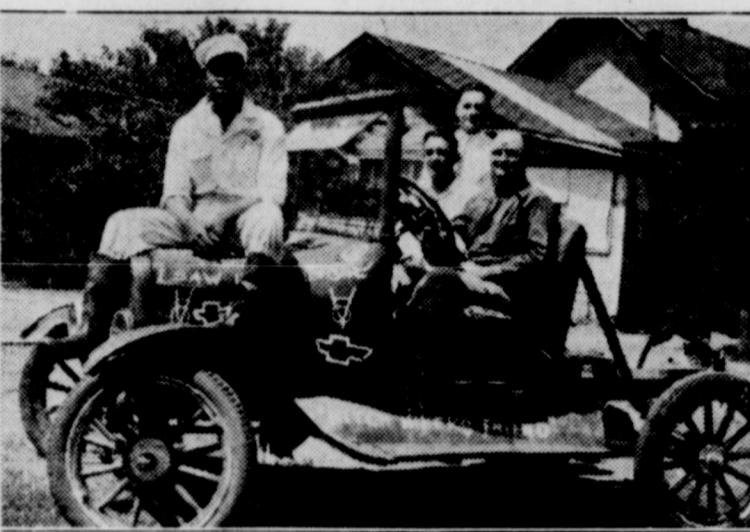

Elaborate preparation is being
made for the review. Guests from
Wichita Falls, Iowa Park and
Electra are expected to be at the
meeting. There will be an inter-
esting program to supplement the
review and tea will be served
with the refreshments.

Rookies Win From Wigley At Wichita

The Burkburnett Rookies under
the management of Riley Patter-
son, won from the Wichita Falls
team, one of the fastest teams
of the association. The game went
into an extra inning before the
local team smashed over a run
to win 10 to 9 in tenth frame.

The Burkburnett Rookies is a
team made of young girls that
can not qualify for the major
city league, and during the sum-
mer they have played several
games. At the present they are
looking for a good sponsor to
help them enter tournaments and
to make a wider schedule possi-
ble. The boys play an excellent
brand of ball.

SOFTBALL WAR SETTLED FRIDAY

The principals of the great auction that settled the softball
wars that threatened to break into active combat at several
times. The above picture shows "Jingle Hays" the slightly darkened
color represents that the picture was taken just as he changed
colors while stammering through his "apology", and in the seat is
Fred Flanagan, Charlie Grace and Jack Chatham, driving, the
purchaser of the famous car.

GENEROUS RESPONSE GIVEN TO LIBRARY CAMPAIGN COMMITTEE

The citizens of Burkburnett
gave a ready and generous re-
sponse to the members of the
library committee of the annual
campaign during the first day
of the drive, and the members
of the board hoped to be able
to go over the top in the goal
set within the next week by the
clean up campaign.

The drive that was set to
raise \$750.00 started with a break-
fast at the Unique cafe. After a
delicious breakfast the members
drew partners and received the
final instruction and list for the
campaign. The workers were as-
signed definite portions of the
city to cover, and the teams
started the contest for the largest
amount of money and pledges
turned in.

The campaign was under the
direction of Jack Kelly, chair-
man of the finance group, and
Mrs. Sylvan Hill, president of the
board. The workers who assisted
were Mesdames, S. B. Crissey,
M. W. Majors, Henry Porter, Carl
Morrison, Alvin Hill, J. W. Welch,
Al Lohoefer, and Messers Henry
Grace, Herman Brown, Jack
Kelly and Jack Brunley.

All-Stars Play Here Saturday

The Burkburnett All-Stars will
play the Kieth Produce of Wich-
ita Falls here next Saturday night
at 8:30. The game will be at the
Westernfield stadium, and the ad-
mission will be the regular league
price. The all-stars have made
a good record in their recent
games, and have played an excel-
lent brand of softball.

Tennyson Talks To Lions Club

Charles Tennyson, state repre-
sentative, spoke to the members
of the Burkburnett Lions Club
Tuesday night on the Texas Cen-
tennial. The speaker outlined the
real causes for the celebration.
He reviewed the early days of
the history of the republic, and
spoke of the heroism of the men
who wrote the declaration of in-
dependence and fought the first
battles. The heroism of the pio-
neers was the symbol represented
on the huge field of celebration
at Dalals and other cities.

Mr. Tennyson introduced the
speech with a series of humorous
stories relating to various sub-
jects. The reports for the con-
vention were made by A. B.
Sandler, Wylie Browning and C.
J. Duncan. The delegates reported
that the Cisco convention sur-
passed all others in preparation for
entertainment.

The club planned a picnic for
July 14. The meeting will be
held at the Water Works park
and Johnnie Anderson, Jack Kel-
ly and A. B. Sandler were ap-
pointed to arrange the meeting.

C Of C Endorses The \$20.00 School Aid From State

Special Train Dallas Centennial
Discussed By Directors At
Special Meeting

Registration Taken

The chamber of commerce di-
rectors met in a special called
meeting at the city hall Wednes-
day evening and voted to send a
letter to the state department
recommending that the school
apportionment be raised to \$20.
per scholastic for the next year.
The resolution was adopted in
view of the surplus that is in the
state school fund at the present
time. The need for the action
was emphasized in the resolution.
The directors also voted to
assist in the planning of a special
train to the centennial on August
12. The price for the round trip
will be \$3.22 per person. Those
who are interested have been
asked to register at Rexall Drug
store and at the chamber of com-
merce offices. If a large enough
number register, the train will
be scheduled.

Farmers Asked To Call For Wheat Checks On Crop

Farmers who are due checks
on 1935 wheat control and the last
part of the 1934 allotment have
been asked to call for their checks
at the county office by the agent,
G. R. McNeil. More than \$3,000.
was received this week as a final
shipment of the group. This re-
mitance covers the second part of
the '35 acreage control. More
than \$400. had been received on
the first checks of the same year
and \$175. on the last checks of
1934.

PORCH BLAZE LAST SATURDAY

The Burkburnett department
assisted in the extinguishing of a
porch fire at 501 East 5th Street
last Saturday at noon. The fire
started where the unburned por-
tion of a firecracker was left near
one of the sills. The blaze was
stopped before any serious dam-
age occurred. The run was the
second for the department within
the last week.

Rookies Win In First Shut Out

The first shut-out of the Wich-
ita Valley girls league for the
first half race was turned in Sat-
urday night by Ruby Kennett,
of the Northwestern Supply com-
pany Rookies, as she blanked the
Iowa Park Leaguers with eight
scattered hits while coasting to
an easy 25 to 0 victory. It was the
20th straight victory without a
loss for the Rookies, and it was
Kennett's third victory, but the
first of the league race.

Kennett also supplied plenty
of hitting power for the night
with four safe blows in five trips
to the plate to tie with Audrey
McFall for hitting honors for the
night. Maxine Arbuckle, the Babe
Ruth of the league, slugged out
her tenth home run of the sea-
son in the big fourth inning of
the game with two mates on the
bases.

County Metting Odd Fellows To Be Here July 8th

Open House Meeting Will Be
Held For The County
Association

The Odd Fellows and Rebeka
association for Wichita county,
will meet in Burkburnett at the
Odd Fellows hall for an open
meeting next Wednesday night,
July 8th. The meeting will draw
visitors from Wichita Falls, Iowa
Park and Electra, and the general
public of Burkburnett has been
invited to attend the meeting. An
interesting program has been
planned for the members and
visitors. More than 100 out of
town guests are expected to at-
tend the meeting.

Fire Department Invokes Rule Of Attendance Fri.

Compulsory Attendance at Drills
Will be Asked By The
Members

Big Feed Planned

Members of the Burkburnett
fire department adopted a resolu-
tion to enforce the rules of com-
pulsory attendance at the meeting
last Friday night, according to
the statement of W. A. Roberts,
president. The state law requires
a fully attended drill meeting
twice a month, and the depart-
ment has warned all members
that they must be present or face
suspension from the department.
The rules state that three absen-
ces without legal excuse that is
defined by rules will be sufficient
to cause elimination from the de-
partment roster.

The drills held by the depart-
ment every two weeks have a
definite influence on the rating
of the city in insurance key rates.
By the active and persistent work
of the organization during the
last few years, the city has
achieved the highest possible rat-
ing for the premiums that are
paid in the city.

The department invokes the
rule to be effective at the next
regular meeting which will be
Friday, July 10. At that meeting
the members will be given a feed.
The plans for the occasion are
near completion, and the mem-
bers have been asked to register
attendance at the meeting.

The organization sent greetings
to J. J. Blackstone, fire mar-
shall, who has been at Hawkins,
Texas for several weeks. Mr.
Blackstone received a fractured
foot during a practice session re-
cently. He was sent greetings by
the department in congratulation
of his election to fourth vice pres-
ident of the state meet.

The First Baptist Church Announces Revival Services

Our many friends as well as
our own members, have repeat-
edly asked when we were to
our revival meeting, since our
spring revival had to be post-
poned on account of the illness
of the pastor. We are now glad
to be able to announce a date,
the third Sunday in August, and the
help for the meeting.

We have secured the services
of Rev. P. D. O'Brien of Colorado,
Texas, to do the preaching, and
Mr. George Reynolds, of Chil-
dress, Texas, to lead in the song
services. We are informed by
some of our members, who have
heard brother O'Brien, that he
is a strong gospel preacher, who
presents the gospel message in
a forceful and attractive way.
When you have heard him once,
you will not want to miss one of
his messages.

Mr. George Reynolds, who is
Educational Director of the First
Baptist church at Childress, is
an experienced song leader, and
worker with children and young
people.

It is not necessary for us to
argue that Burkburnett needs a
great Spiritual awakening. We
feel sure that every true Chris-
tian in our town and community
feels the need of such. Therefore,
we solicit the prayers of every
citizen in our city, and the com-
munities adjacent to Burkburnett,
to the end that every church in
our city may be greatly revived.

Miles B. Hays, Pastor.

Sunbeam Class Holds Picnic

Members of the Sunbeam class
of the First Baptist church with
their leader, Gladys Pinkston,
hiked to the Hardin park for a
picnic and recreation period last
Tuesday afternoon. After playing
games and enjoying themselves
on the swings, the group was
delicious refreshments.

Those enjoying the occasion
were Jessie Ruth Preston, Colleen
and Donald Howard, Billy Joe
Addele, Mary Frances Gamblin,
Sidney Gamblin, Given and Jack
Turner, Wayne, Ellis, Dittie and
Baby Kent, Mamie Browning,
Jousta Pruett, Betty Jo Pace,
Marie Mims, Gladys and Mary
Ruth Cooper.

THURSDAY, JULY 2, 1936

SPECIAL DELEGATION

Very few invasions by advertising groups have made the good impression that was made by the Mangum group that came to Burkburnett last Thursday afternoon. The trippers presented an interesting and varied program. The advertising was reduced to a minimum. The result was that a large number of Burkburnett people decided that they would attend the meeting in Mangum July 9 - 10th. The efficient management of the trip left an excellent idea in the minds of the local people. August 12 has been designated as Burkburnett day at Dallas. Even if every citizen of Burkburnett went to Dallas that day and carried along the cats and dogs it would not make too big an impression. However, if a straggling few attend it will leave a very bad impression about our city.

Whether or not a special train will be practicable, is something that will have to be worked out. This is July and only a few days over a month is left for preparation for the trip. If the city has anything less than 500 present at the convention, we ought to be ashamed.

WEEDS AND INSECTS

Annually we face the task of reminding the people that weeds are dangerous as well as ugly. The city government can do no more than keep down the rank growths on public property. There is little or nothing that can be done without elaborate court proceedings to force the people who own property or live on rented property to cut the weeds.

In each rank growth there is room for un-numbered millions of insects. Naturally such a condition is not conducive to healthful conditions. About the only thing that can be done is the creation of a strong public feeling. Such a feeling may be the result of organized effort. The late lamented clean-up campaign did not materialize, but some concerted effort should be made.

There is one danger that has not been noticed. Last week the fire department made a run to extinguish a fire west of the city. Although the fire started from a small building, the flames spread rapidly through a growth of weeds dried by the hot winds. Under more crowded conditions the small fire may have been dangerous.

LAW ENFORCEMENT

The recent book that was released as a technical guide for the members of the FBI G-men, warned the federal operators about the local police officials and the local politicians. During the last few years in which the activities of the Federal Bureau of Investigation has expanded its activities to clean up the major crimes, time after time that group has found itself handicapped by the betrayal at the hands of local officials.

Naturally local communities resent the high handed manner in which the FBI operates. Inherited fear of centralization of any governmental power, makes the average citizen look with slight disapproval on the practices. However, the FBI was born of an acute necessity.

Local politics and corruption was the initial cause of the disgraceful increase in major crimes. Protection, graft, inefficiency, political pull, cupidity, and often just absolute stupidity gave the criminals every advantage over the policemen.

During the next few weeks of campaigning, the voters will hear much about law enforcement. It will be the prime issue in several races that affect Burkburnett. During that time it would be an excellent thing for the voter to remember that protection from crime is achieved only when there is cooperation between the various units of the government. Even the FBI can be seriously handicapped without that essential cooperation.

Therefore when we select officers for this essential function of government, let us look at the record that they have for cooperation with each other. Petty jealousy and desire for personal publicity has no place in the race for justice and equity.

If society is to be protected, it must ostracise those elements which might sacrifice the welfare of the whole for personal glory or personal greed. Our town has not always been free of these elements. Things have happened here that would have been prevented or would have been of less disgraceful or which would have been met effectively and with dispatch, had local, state and county units of government cooperated.

Conditions which cause shame to the morally minded are not the result of any one person or group of persons fault. They are the result of the system that prevents that cooperation.

What is needed more than anything else is complete freedom on part of the officials to carry out the law. Handicapped by personal influence and admonition to "go easy", how in the world can a policeman or officer keep the respect of the public or the cooperation of the citizenship? When minor conditions which are a violation of the law are condoned, and when flagrant flaunting of decency and morality by so called leaders is only a matter of humor, when family and political influence are the cover of arrogant disregard for the social codes, the result always is a high rate of crime.

What young man or woman that is starting out to make a decent living can be free of the influence that such conditions create. The lousy part of the whole thing isn't that those who indulge are harmed, rather it is the permanent impression that is created in the minds of those who will be the leaders of tomorrow. Unconsciously we who are young pattern our activities by those who are in power today.

U. S. Senate—Joe Eagle and Morris Shephard for the U. S. Senate seat. Eagle, who has represented the Houston district in the house of representatives for several terms, and has had an impressive record on most issues that concern Texas. In his recent speech he surprised Dallas by declaring against the Trinity River project while making a speech at Dallas. That's just like asking a Baptist convention to endorse sprinkling. Morris doesn't have a particularly impressive record. He has been a "one issue man" most of the time that he has spent in the Upper House.

Prohibition—Shephard ran for the senate on a dry platform, and wrote the famed 18th amendment. He has done a fair job of representing the anti-saloon league. For that reason he will get a lot of votes. However, his record on labor and legion hasn't been as good as it could have been. He voted against the bonus and also against the Wagner labor bill. Even in the last session he introduced another prohibition bill. One thing may favor Eagle. In all the history of the state there has been only one man from the southern section of the state. Sam Houston once represented that section. With the exception of Houston, the portion has never had a representative in the national senate. All other sections have had a representative in the upper house.

Representative—Last week we mentioned 111 place 1, and never didn't mention the 111 place 2. In this race Charles Tennyson is asking for re-election with J. A. Minton as an opponent. All I know about Minton is that he is listed as an oil operator. Tennyson has a good record in the lower house at Austin. He is the only person that sponsored anti-utility legislation in the last session. He has been a school representative. Almost every bit of progressive legislation about schools in the past two years bears his signature. His chief difficulty will be the general disgust that people in this section seem to have for members of the recent legislation. That is unfair, but it is also inevitable.

They're Off—That national derby has started. May the best horse win—or should I say the best animal? Since it is a donkey and an elephant that are running this time. Roosevelt vs. Landon will be forgotten. It will be New Deal vs. ?. The Republicans are a little too vague to define exactly what they offer.

Daugherty—Last week I said that I would find out something about Daugherty, who is running in the race with Robinson and Howard. Daugherty came mighty near being left off of the ticket for failure to pay assessment on time. He is a printer in Wichita Falls, or was for several years. About 20 years ago he served in either the collectors or assessors office for the county. His name was ordered to be placed on the ticket by the district court.

Whispering Campaign—One of the candidates or his friends has started a "whispering campaign" against his opponents. Why such an unfair system was ever called "whispering" is more than I can understand. The system works this way. A man either starts out hired by a candidate and starts a story. By the time it circulates through the community, it assumes terrifying proportions. The second method is a little more elaborate. Two men start out. Every time they get in a crowd, one pretends to be a little "hard of hearing" and the other shouts the false report to him. The report usually cites some authoritative person.

This Campaign—The campaign that has started in this area is too definite. It can not possibly be spontaneous gossip. I am tracing each story to its source and will have some valuable information for you in two or three weeks. I am trying to get a word for word quotation of the "very interesting story" as well as its absolute source. I have heard a garbled version of it from three of four sources already.

Ethics—"All's fair in war and love—and politics", but for a man that has the slightest bit of decency, such tactics as the whispering campaign are extremely offensive. Recently a man received nation wide notice by admitting that he was an expert at such matters and had started reports circulating about various

MILE-A-MINUTE MARTY -by- BURKBURNETT MOTORS

1934 Plymouth Coupe \$375. Motor Overhauled And New Tires
1935 Ford Coupe, clean \$425

Here are used and reconditioned cars you owe it to your future motoring enjoyment to examine. Prices terms to fit every purse — and the kind of cars you'll be proud to drive.

presidents and presidential candidates. It appears to me that a complete exposure of such tactics would be the only effective means of meeting them, and so far as I am personally concerned, I will take every opportunity to do so.

Some people have informed me that they disagree with me. Well that is anyone's privilege. I will be glad to publish letters of less than 100 words either for or against anything that I say in this column. All the letters that I have received so far have been too long winded. I didn't feel justified to cut them to pieces.

112 Floterial—The 112 district of the state legislature has generally been forfeited to the man from Wilbarger county who was able to convince his home folks that he ought to be elected. Walker has made a good legislator, and his program has been fairly excellent. However, he runs up against the same proposition that all other "ins" have on their hands. He will face the general tendency to scratch the present legislators. He has been in several years, and the public wants same fresh material in the lower and upper houses at Austin. There is a general feeling that some of the present group has been spoiled. Walker's fellow townsmen, Fred Newth, is making a very active campaign. He is a "hand shaker" of the first water.

News of the Week
The abolition of the two thirds rule was inevitable. For 12 years it has been headed for discard, and it was merely a matter of time until the rule was finally thrown out. The Philadelphia Demo convention adopted the rule for nomination by mere majority after the rule had stood 104 years. The nomination at several Democratic conventions would have changed had the rule been eliminated several years ago. It is probable that the Democrats would have presented a much stronger man in 1920 than Cox and in 1924 than Davis if the mere majority rule had been in use at that time. The South held a whip over the heads of the convention as long as she represented the controlling minority. The South's right to claim control has been changed with conditions during the last few years. The party is no longer sectional. The abolition of sectionalism led to inevitable abolition of the rule.

Platform
The Democratic platform is a document affirming the work of the administration and rather selfish in sentiment. The points are as follows: Trust control, social security, fair prices, rural electric program, federal housing, treatment of veterans and dependents, aid agriculture, labor right to bargain against cut-throat

business, aid for youth, destruction of monopoly, amendment if necessary to constitution, civil service extension, freedom of the speech and press, radio and assembly, sound currency, balanced budget, reciprocal trade program, good neighbor to foreign countries and protection against dumping.

New Deal
The policies represent the absolute endorsement of the new deal laws. The party is going to the polls on the issue that was challenged at the Cleveland convention.

Dardenelles
Russia is asking that with the refortification of the Dardenelles that the Russians be granted a free passage through the narrow strip of water. Russia is unfortunately located so that her ships can be bottled up in case of war unless Turkey and Germany is friendly. Neither of the latter nations can by any stretch of the imagination ever be considered friends of Russia. However, it seems to be a futile thing to sign a paper guaranteeing the Russians free passage. Hitler and Kemal have proved by rearming that treaties do not mean a thing to them. The warning from Russia can not be disregarded. It is a proposition that the international conference of the Dardenelles must consider and on which the Russians must be satisfied.

Spy Story
Every few month a spy story bobs up with the various nations getting alarmed in turn. Now the United States has arrested and indicted a man on the charge of espionage for the first time in years. Harry Thompson of the U. S. Navy and Miyazaki of the Japanese Navy have been indicted by the Los Angeles Grand jury of the federal court. The men hired divers, according to the charge to plot the plans of defense for the United States harbors. That sounds like somebody (Japan) is getting ready—just in case.

Higher Divided
The Westinghouse boasted the divided last week. The best news that could be written now is a boost in dividends, and almost every day comes the announcement that some company has

added dividends or increased the profit. The electrical companies increase has a wider significance than any other story for the last few weeks. Most outstanding authorities believe that the next boom will be the result of increased buying of electrical goods. About 14 billion dollars could be spent in the complete electrification of every American home. A wide spread program might result in a return of prosperity such as the automobile industry created several years ago. Electrical goods are made from material that would increase business in the line of almost every industry in America, glass, steel, copper, wool, asbestos, silicon, cotton, gold, silver, platinum and almost every other good is used.

Test Case
The case testing the strength of the law regulating and taxing chain stores is rapidly drawing to a close in Dallas. It will finally go to the supreme court. So far states have not had much luck in controlling chains. The supreme court has declared most such controls as unconstitutional. The grocers await for the information with keen interest. The result of the case will be either the elimination of the law or one of the strictest laws that has been attempted will control the store units. It appears to be a very important struggle.

Experiments at the University of Virginia show that injections of minute amounts of adrenal gland cortex extract more than doubles the endurance of dogs.

THOMAS Phone 66

CHIEF OF POLICE WARNS PUBLIC

Bill Stapp, Chief of Police of Burkburnett, authorized The Star to issue the following statement:
"The city ordinance June 29, 1930, provides for one participating in the city of fireworks in the city of burkburnett shall be guilty of a misdemeanor, and the persons found guilty shall be subject to fine of not less than \$5 dollars and not more than \$10 dollars. In addition the person discharged within 200 feet of a public building or business, or in disturbance of meeting or building, or in balance of public peace under the state law of the mayor, and subject to punishment of fine not more than \$100 term in jail at the discretion of the city judge or county judge."
In view of the fact that the charge of an explosion fire works constitutes a danger to the life and property within the city when uncontrolled, the people of burkburnett are urged to cooperate with the police department in enforcement of these city statutes." W. T. Stapp of Police.

Annares Plan Information Hut

Members of the American Annares plan to build an information hut for the convenience of interstate travelers during the annual year. The hut will be located near the Campbells and the Legion, and the assistance of the state department will arrange parking and resting places for the trip of the visitors.

The hut is participating in the local since the local was designated as the Memorial highway. The hut meets the 277 U. S. through Oklahoma as a highway for that

but similar to the one in Falls overpass will be information about high-traffic spots, road conditions and eating places. Celebrations will be held in the information hut.

Woodruff Speak Over KGKO Weekly

Friday, July 3rd, Deputy Woodruff of the 13th Congressional District will have a weekly radio broadcast on station KGKO at 7:45 a. m. to 8:00 p. m.

The feature of this program will be the announcements of rallies, picnics, trades and similar events for the week in the fifteen counties of the district. Committee members are invited to send them direct to the Burkburnett Independent School district, Wichita Falls, Tex.

The program will be on the air every Friday after the B & O program each Friday.

Services Held For Roy Miller

Ruby Lee Miller, 7-months-old daughter of Roy Miller, died at 7 o'clock Tuesday night in a Wichita Falls hospital after being ill with typhoid fever for only a few days.

Services will be held Thursday afternoon at the Full Gospel Mission, 1015 N. 1st St., officiating, interment at the Thornberry cemetery in the direction of the Brumley Funeral home.

The family include the mother, Mrs. Lee; one sister, Alta; and one brother, Alford.

New Runyan Hit Comes To Palace

"The Three Wise Guys" brings to the screen the latest from the pen of Damon Runyan, whose stories have supplied some of the finest picture material in recent years. The show comes to the Palace Theatre Sunday and Monday.

Originally published in a national magazine, "The Three Wise Guys" won a place in the "Blue Plate Special," an annual compilation of the best short stories of the year.

The peak of the featured cast is three-cornered, with Robert Young and Betty Furness romantically paired, and Bruce Cabot playing the role of a redeemed gangster.

Young comes to the picture from a six-months absence from the American screen. He recently returned from England where he was borrowed from M-G-M by a British studio for two pictures, "Calm Yourself" and "West Point of the Air" were his two most recent films.

Briefly, "The Three Wise Guys" tells the story of a spendthrift son and a daughter of the underworld who find redemption through love in spite of the machinations of "The Three Wise Guys."

Young is cast as the railroad executive's son who finds himself

cut off from an allowance when he decides to reform and marry the girl he loves. Miss Furness enacts the "front" for two crooks who runs into trouble when she steers the straight and narrow path.

Bruce Cabot is seen as 'Blackie' a young gangster with a split personality; Thurston Hall plays the father; Donald Meek is his frightened secretary; Raymond Walburn is "Doc," as crooked as he is philosophical; Hermon Bing is the witless philanthropist; and Harvey Stephens the escaped convict who has become an important industrialist.

Missionary Meet At Pres. Church

Members of the Federated Missionary society met at the Presbyterian church Monday afternoon with Mrs. A. K. Jarral of Wichita Falls as the speaker. Mrs. W. D. Bent, president, directed the meeting and carried the business session. Mrs. Henry Prinzing gave the devotional program with a beautiful speech on "Talents." Margie Nell Chambers played a piano solo. Mrs. A. K. Jarral of the First Presbyterian church of Wichita Falls spoke on World Missions. The speaker outlined the inspirational tasks that

are in the making for the members of the associated societies of the various churches.

The missionary societies and circles of the various churches adorned regular meetings to attend the general assembly. Refreshments were served to the visitors by the members of the ladies bible class of the Presbyterian church.

The executive board of the society will meet at the home of Mrs. F. R. Knauth Friday afternoon at 2:30. The president, Mrs. Bent, urged the members of the board to be present to discuss the plans of work for the association.

Doris Barnes On Rainbow Council

Eighteen Local Girls Attend The Meeting At Houston Of Grand Assembly

Miss Doris Ruth Barnes, daughter of Mr. and Mrs. R. D. Barnes of Burkburnett was appointed to the executive council of the Grand Assembly of the Rainbow Girls of Texas at the Houston convention of that organization last week. The Burkburnett member was installed in an impressive ceremony to the high office. The meeting, June

23 and 24, attracted 18 girls from Burkburnett who enjoyed the sessions of the convention.

Miss Barnes will attend the grand assembly in Fort Worth next June as representative of the executive board. The members who attended from Burkburnett had been making plans all throughout the year for the meeting, and they went to the convention city in a cavalcade of cars.

The society expressed appreciation to the following persons and firms for assistance in preparation for the meeting: Quality Grocery, J. C. Adams, J. E. Lohofener, J. E. Harwell, Barrow Grace, Manhattan, Burkburnett Hotel, Jim Alexander, City Beauty Shop, Oscar Kemp, R. C. Tevis, Goodwin Grocery, Ice Service, Kent Reger, J. D. Majors, J. H. Cecil, Cannon Drug and Burkburnett Gas Co.

Big Rabbit Creek

June 23, 1936.

Well folks, the big drouth undoubtedly must be on the way all of the early field corn is burning up. Its just a shame. Nice big fields of corn that 10 days ago looked as though it would make at least 50 or 60 bushels per acre, and now, at this writing, it is almost dry enough to burn if you set a match to it. But cotton is holding out fairly well. Of course the cotton on the uplands is hurting the worst than the Rabbit Creek and Red River bottom cotton. Some fields of cotton in the Rabbit Creek bottoms is loaded with squares, and will be blooming in the middle of this next week. Stock water is beginning to get very low in all of the stock ponds. A good rain is needed very bad.

Quite a few combines have been running in our neighborhood this week, both in wheat and oats. Wheat is averaging per acre about 5 bushels and oats about 7 1-2 bushels, so Hawkeye has been informed.

Tobe Hardin, Charlie Nails and a Mr. Jones called on the Owens family Sunday afternoon and spent part of the afternoon visiting with the family.

The writer has been informed that next Thursday night a box supper will be held at the Big Rabbit school house. Every one is cordially invited to come and to bring a box with them.

Tobe Hardin, Mrs. Martha Nails and Mrs. Nails' son, Charlie, chopped Mrs. Owens' cotton out Wednesday, Thursday and Friday of last week.

One of Big Rabbit Creek's esteemed farmers, Mr. and Mrs. James Self's married daughters, who lives in the city of Walters, was visited in their home by the stork one day of last week and the stork left them a big fine baby girl. The last reports from the mother and daughter said they were doing just fine.

Mr. John Ashton, who is taking treatments from a doctor at Duncan, Okla., is just doing fine. It won't be but a few weeks before Bro. John will be cured and won't have to take any more treatments. Bro. John's horse fell with him several months ago and hurt his neck and back.

Well as usual Hawkeye was over in the big money city of Burkburnett Saturday and believe me everybody was there, babies and all, and all business places were just jammed with shoppers, especially the big Boyd Bros. wholesale and retail store. Hawkeye had to just push himself through the crowd to get back to the shoe department which a Mr. Coats is general manager. Mr. Coats had five clerks besides himself to wait on the vast crowd that was buying shoes, getting ready for the big 4th of July celebrations at different places. Hawkeye went in to get a pair of shoes but he just couldn't wait till his time to be waited on so he just had to come home without his new shoes.

The next place Hawkeye visited was the big grocery store and meat market of little Henry and big Hicks. Hawkeye went to get a good steag for his supper. Say boy about 20 feet away from the meat counter was as close as he could get to his old friend, Roy Stuckey the meat cutter, so he hollered over to Roy and told him what he wanted in the meat line and in a jiffy Roy tossed the package over the heads of the customers. Hawkeye caught it and squeezed through the big crowd and got out on the street to where he could get a little breath. He went from there up to where you can certainly get cooled off, the ice cream store, where that little fellow, Jimmie Henderson works, who will give you an ice cream cone 6 inches long and punch the ice cream down in the cone with his fist, all for just a little old nickle. After Hawkeye had consumed two or three of those big ice cream cones, he was ready to go back to Boyd Bros. big store after his shoes.

The next place Hawkeye started to go into was Joe Majors' 5 & 25c store. Say folks, you can believe it or not, they were lined up two abreast, clear out on the

BEFORE THE SHOW

SARTIN
of Wichita Falls,

Candidate for Congress from 13th District, will speak at the CORNER Drug Store corner

Tonight, Thursday, July 2, at 8:00 P. M.

Come and hear the truth about the utility fight, the Old Age Pension, the Labor, Farm and Education problems and the problem of Peace vs. War.

A student speaker from Hardin Junior College will speak briefly of Judge Sartin's Educational Program.

Everyone is invited to hear both speakers

side walk trying to get inside to take advantage of his big trades day and cash sale day, so Hawkeye wouldn't and didn't attempt to go in. Folks, everyone's aunts, uncles, cousins and nephews go to Burkburnett on Saturdays.

The hot winds have been blowing in this part of the county at intervals since the middle of the week and its just so hot a fellow can't spit clear of his chin.

The writer was advised Saturday that up and around Taylor store the webb worms had begun to show up and in several fields of cotton the damage was heavy, but Hawkeye can't and won't vouch for the above news to be true.

The first part of last week it was reported to Hawkeye that Randlett and vicinity had a real good cotton shower.

Say, all of you office seekers, why don't you come around so we old farmers who put you in your office so we can see who we are voting for.

Yours truly,
Hawkeye

Mrs. Morris Back In Her Burk Home

Mrs. Joe Morris was moved back to her home in Burkburnett the last of the week, and is reported doing satisfactorily, according to latest reports. She is expected to make complete recovery in the near future. Mrs. Morris received a dangerous wound in a recent quarrel in which her husband took his own life.

S. M. DANIEL OF BURKBURNETT DIES AT AGE 85

Pioneer of Wichita County And A Resident Succumbs At His Home Sunday

Rites At 4 Monday

Failing Heart Takes The Life Of Prominent Farmer And Landowner

Death claimed one of the best known of Wichita county pioneers when S. M. (Uncle Pink) Daniel, 85, died about 7 o'clock Sunday morning at his home, four miles southeast of Burkburnett, where he had lived since 1902.

Funeral services were conducted from the residence at 4 o'clock Monday afternoon with burial in the Burkburnett cemetery. Pallbearers were Merle Waggoner, Robert Basham, Floyd Randel, E. C. Hall, D. L. Fritz and Grover C. Bullington.

Heart Fails

Mr. Daniel, a successful dry land farmer in the Burkburnett community from 1888 to 1919, had been in feeble health for more than a year, but had remained active. He arose early Sunday morning as usual, and was outside the house for a considerable time. After walking back into the house shortly before 7 o'clock, he collapsed quietly from a failing heart and death ensued.

Mr. Daniel was born April 7, 1851, in Coffee county, Tenn. At the age of 17 he left home to engage in railroad grading work in the era of tremendous rail expansion which followed the war between the states. A few years later he came to Texas and became a grading contractor on the Houston-Texas Central railway between Fort Worth and Austin. When the Fort Worth and Denver railway began building its lines into Wichita Falls, Mr. Daniel came to this part of Texas to continue his work as grading contractor. He worked on the Denver lines as far north as Texitine.

Important Oil Tracts

Retiring from the railroad grading business, he settled at Nester-ville, near the present site of Burkburnett, in 1888. Fourteen years later, in 1902, he bought 200 acres of land where the Daniel home now is located and continued farming. Eventually he increased his holdings there to 1,000 acres.

The Daniel farm played a conspicuous part in the development of the oil industry in this county. It was upon his lands that extensive exploration of the 1280-foot sand was begun by the old Texhoma Oil company, and carried to a sensational success. Practically all of the 1,000 acres comprising the Daniel tract has been commanded by oil production since 1918.

Lived Quietly

Mr. Daniel was noted among his many associates for magnanimity and his unflinching espousal of a "square deal" for everyone. Living quietly at home throughout his long residence in the Burkburnett section and avoiding public notice, he was known to

have exercised extensive personal charity. In recent years he had taken particular pleasure in giving to local charity organizations loads of chickens which he had grown and brought in by his own effort.

Mr. Daniel was married Nov. 23, 1890 to Miss Hattie Bennett, who survives him. Other survivors are two sons, Charles R. and S. B. Daniel of Wichita Falls; three brothers, Charles and Polk Daniel of Melbourne, Washington, and Will Daniel of Tennessee; and three half brothers, Lige and Willis Daniel of Tenn., and Mart Daniel of Washington.

Mr. Daniel joined the Methodist church during his youth in Tennessee.

Chatham Buys Ford At Soft Ball Game

War Averted as Auction Provides Highlight of Contest; Hays 'Apologizes'

Jack Chatham plunked down 20 dollars last Friday night, and the sale ended the bitterly waged dispute, as the auction of the model T Ford completed the order of the executive committee of the softball league. Before a crowd that packed the grand stands, Wid Phillips yelled "going, going, gone" and brought down the hammer of sale that delivered one nice mechanical apparatus to the prominent Burkburnett banker.

The sale was ordered when Fred Flanagan was traded to the Barrow Grace Chevrolet company for the price of the Ford, and Jingle Hays made his public apology. The fuss started last week when the teams of the league objected to the original trade between the Bank and Thaxton teams. The dispute flared into near combat as first one team and then another entered protest.

Hays' apology was a masterpiece. It was sincere, and at the

same time filled with satire and irony as he took first one "dig" and then another at different protesting factions in the league. Chatham mounted his worthy chariot and drove it off of the field accompanied by a host of urchins providing the motive power. The crowd appreciated the fire works of temper that filled the softball air for several weeks. They cheered and booed in good spirits.

Sportsmanship

Most apparent of all was the ready response of the crowd to the sportsmanship of the two men participating in the program. The entire crowd was won by the willingness of the two managers, Flanagan and Hays to provide the motif of the big display. Each were to be complimented for their readiness to line up in the plan. Instead of humiliation they carried off the honors of the evening.

Chevrolets Set New Sales Record

W. E. Holler, vice president and general sales manager of Chevrolet Motor Co., announced that on June 12, the company's sales this year had surpassed 582,964 units, a figure that has stood since 1928 as the company's all-time record for the first half of any year. By the end of June, said Mr. Holler, 1936 sales will have exceeded any previous record for the first six months by approximately 80,000 units.

Sales in the first half of last year were 436,669, a total that was passed this year before May 10. This figure will be exceeded by 50 per cent, it is estimated, during the same period this year.

Sinus infection, asthma, hay fever and tonsillitis are all caused by persistent head colds, according to Dr. T. A. Poole, of Washington, D. C.

Randlett Rabbits Win First Half Of Texahoma League

Average Indicates The Excellence Of Team Sponsored By Oklahoma Town

Randlett won the first half of the Texahoma league with ease as they dropped only one of the first 11 games of the league play. The team has battled its way through the entire opposition in a double round robin and carried off first place honors.

The averages of the team indicate that the team has an excellent chance to repeat the last half of the championship drive. The entire team averaged at bat 318 points. This average includes the men who appeared in only a game or two and never registered a hit for the team.

In 360 times at bat the team compiled a total of 138 hits in the ten games. They made an average of 13 hits and 10 runs per game throughout the entire season. That average is good in any type of organized baseball.

In the pitching department, Jordan led with 8 wins and no losses for a perfect record. Reid also won a single game with no losses. The single loss is charged against Lancaster.

The averages were as follows:

Players	AB	R	H	Pct.
Hall	39	14	16	410
O. Owen	40	15	19	475
Oxley	44	12	18	386
Potts	47	13	20	424
Jordan	41	11	17	410
Quinn	36	11	15	422
Graham	38	9	12	316
Griffin	30	7	8	266
D. Owen	26	8	10	384
Lancaster	7	1	1	142
Reid	4	0	0	000
Lewis	4	0	0	000
Hill	4	1	2	500

Singing Convention To Hold Here July 5

The singing convention will meet in Burkburnett as guests of the Church of Christ at 2nd street and Ave. E, one block South of the Ice Company next Sunday afternoon July 5th. The church invites everybody interested in Gospel singing to attend the meeting. Singers from Holiday, Archer City and Wichita Falls have indicated that they will attend the meeting. There will be special of every type used in church music on the program.

Give Child Chance Enjoy Summer

AUSTIN, Texas, July 2—The schools are closed for the summer all over the State, and citizens interested in the welfare of the future generation are confronted with the fact that a vast amount of energy and ability may go to waste if skill and patience are not employed in directing growing children in this play time season, according to Dr. John W. Brown, State Health Officer.

"The civic, moral and educational value of developing the natural interests of each child," Dr. Brown said, "has a far reaching influence on the health, character and knowledge of the future men and women of this State. The child need not be directed in each little act that he performs. Let the summer vacation season be the time when the child has a chance to develop his own individuality. Many an artist, statesman or competent executive has come from humble surroundings. But looking back of this, we probably will find that this outstanding individual had a chance to develop his natural talent.

"It has been observed that children grow faster during the summer months than at any other time. This is explainable, perhaps, because it is then that they are out in the sunshine and fresh air. Good health is essential to physical and mental growth. The prime factors of good health are care of the body, nourishing food of the right kind, regular habits, sufficient sleep, rest and play and a happy state of mind.

"Of course, where the child lives and under what conditions means a great deal as to the type of recreation he will find during the summer. The city child will look forward to trips to the country or hours spent in the playgrounds and swimming pools. The child living in the country will have many things to do that will keep him in the sunshine most of the time.

"Lot of us work toward the end that each child may feel at the end of summer that he has worked out some of his own ideas and dreams, and still developed his physical and mental capacities during these few months of play."

The pear-shaped varieties of grapefruit are known as shadocks.

BRING BACK BEST LOVED ROGERS FILM

When America's most beloved comedian contributes his greatest performance to a filmization of a masterpiece of humor, the result is bound to be a picture that lingers long in your memory, one that you will want to see time and again. In other words, Will Rogers' "A Connecticut Yankee," Reissued by 20th Century Fox in response to demand, the picture opens Friday at the Palace Theatre, to bring back Rogers in the picturization of Mark Twain's great comedy, as the Yankee who put the finishing touches on King Arthur's court.

It is all a glorious melody of fact and fancy, tailored to Rogers' lovable brand of humor. The story, which ties in neatly with present times, carries him back to somewhere in the sixth century, and the fun Rogers has in bam-

boozing and mystifying the knights of those days you will share in watching him.

Myra Loy and Maureen O'Sullivan play the feminine leads, with William Farnum and Frank Albertson heading the supporting cast of five thousand. An adaptation by William Conselman and gifted direction by David Butler contribute considerably to your enjoyment.

"Two In Revolt" At Palace Theatre

Twin themes of contrasting nature run through "Two In Revolt," RKO Radio's new drama of the outdoors, which shows at the Tex Theatre next Tuesday and Wednesday. A comradeship between a blooded stallion and a wolf-dog is a complimentary plot woven into the romance between a young horse trainer and his employer's daughter. Unraveling against a panoramic background of Montana's meadows and mountains, "Two In Revolt" is said

to be something brand modern film fare, thanks to the remarkable interplay of its animal players and and Warrior.

Lightening, a grand famous Strongheart, also canine star, is rated as a trained police dog in the day, while his equine partner who has an impressive variety, is the only thoroughbred featured on the screen from the noted Carlisle stables.

The colt develops into an animal. When his owner stolen by a clique of the blers. He flees from the into the mountains. The of the horse and the dog desperate battles for freedom before the climax of the its exciting race-track

**Mrs. Stubblefield Is
Honored At Shower**

Mrs. Buddie Stubblefield was honored at a surprise shower at the home of Mrs. Will Boydston, grandmother, on the occasion of Mrs. Stubblefield's recent marriage. Miss Lucile Jennings and Buddie Stubblefield were married June 14th at Wichita Falls in the presence of a few friends. A large group of friends and relatives gathered last Thursday to honor the young couple.

Among those present were Mesdames, H. A. Bryant, W. A. Jennings, Oma Bruner, G. L. Boydston, Mamie Kelly, Frances Johnson, Hazel Potts, Claude Champion, John Burleson, Maudie Surrwant, Mamie Courley, R. T. Henricks, H. N. Marshall, J. W. Stubblefield, J. W. Sanders, Clara Ainsworth, Lee Beckman, Effie Mae Burleson, Etta Cox, M. W. Majors, Dollay Sanders, J. R. Berringer, Lou Anna Cash, Howard Jennings, Mildred Kinnett, Ada Plank, Birdie Walding, Pattie Bakus and Misses Maxine Gentry, Lorene Stubblefield, Doris Burleson, Eline Jennings, Ida Mae Colley, Doris, George Spillers, Olena Cash, Louise Spillers, May Moore, Katherine Beckam, June Beckam, and Ida Frances Crabtree.

Those sending gifts were Mesdames Hugh Jones, J. W. Gentry, Biddie Smith, Tom Neeley, Lee Hicks, Luther Bundy King, Majors, Gladys Vaughn, W. E. Boydston, Orville Bennett, Linnie Bruner, W. A. Jennings, Junior Boydston and Jimmy Backus.

**Gene Autry, Veteran
Of The Wagon Trails**

Covered wagons are no novelty to Gene Autry, star in Republic's "Singing Vagabond," which will play at the Tex Theatre next Friday and Saturday.

When only six years old, his family moved from Texas to Oklahoma—a distance of about two-hundred miles. It took them five days to make the trip; a distance that a fast car today can make in as many hours. They crossed the Red River at a place called Willows Ferry and the river at that time was so low that instead of being ferried across, they forded the same place.

Another trip Autry recalled making was one with his father in a covered wagon from Oklahoma to Amarillo, Texas.

Covered wagons are an important part of this action-filled musical western. Ann Rutherford is the leading lady in this production with Barbara Pepper and Smiley Burnette in featured roles. Others in the cast include Niles Welch, Grace Goodall, Frank LaRue, Allen Sears, Warner Richmond Henry Roquemore, Tom Brower, Ray Burns, and Chief Thundercloud.

Carl Pearson directed under the supervision of Armand Schaefer. Oliver Drake wrote the original story.

A fortress in the Vannic kingdom which flourished 3,000 years ago was recently dug up by Harvard archeologists in east Turkey.

A LOAD OF CARS

The above is the picture of three car-loads of Chevrolets which were unloaded at the M-K-T depot recently.

**"Witness Chair"
Noted Trial Drama**

"The Witness Chair," starring Ann Harding, promises to take its place among such noted courtroom drama successes as "Madam X" and "The Trial of Mary Dugan."

Miss Harding incidentally plays the leading role in "The Trial of Mary Dugan," which enjoyed a phenomenal stage run throughout the United States.

Her splendid performance in the play caught the attention of motion picture producers, and now, after a prolonged success in Hollywood, she is again cast in a photoplay of similar theme to her outstanding stage triumph.

Adapted from a short novel by Rita Weiman that appeared in the Cosmopolitan magazine, "The Witness Chair," which comes to the Tex Sunday and Monday, projects Miss Hardin as the chief witness at a trial in which her lover is accused of a crime she committed. Forced by a series of occurrences to let him stand trial, she finally comes forth with the

truth in a drama packed climax to save the defendant's daughter's reputation, and offset the proximity of a death for her lover that is demanded by the law.

Departing from the current trend in motion pictures, which offers a series of resplendent photographic backgrounds before a film audience, "The Witness Chair" has fewer settings than the average screenplay. It relies on tense situations and excellent histrionics for its myriad moments of dramatic entertainment. Practically all of the action takes place in a big city courtroom, but flash-backs denoting past action offer visual variety. These contrasting locales include the office of a large corporation, a business executive's private chamber and locations in an office building.

Washington, D. C. has more telephones in proportion to population than any other city in the world.

To harvest kelp from the sea, one California company uses a special mowing machine towed by a barge.

Of the estimated 21,230 wells drilled last year, 14,960 yielded oil, 1,390 produced natural gas, and 4,880 were dry.

Hands and fingers are injured more frequently than any other part of the body, judging by New York State's industrial accidents involving compensation.

**Barrow Grace Co.
Breaks 10 Years
Car Sales Record**

The Barrow Grace Chevrolet company has sold over three hundred Chevrolets this year to set a new record. This record stands as 20 more car loads than were sold during the entire year last year. Mr. Grace states that the great demand is due to the fact that the car is the smoothest, most economical and powerful.

The Chevrolet represents 75 car loads that were all shipped over the MKT railway. Mr. Grace expects to receive 4 or 5 more loads as are indicated in the picture, before the new models make their appearance. The load pictured above was represented at the local office last week.

The world-renowned wild life sanctuaries of Louisiana cover 400,000 acres.

Both G-E Monitor Top and
G-E Flatop models give you
the G-E Sealed-in-Steel
THRIFT UNIT
that saves electric current!

This is the only refrigerator
mechanism that has forced-feed
lubrication and oil cooling...
exclusive General Electric features
that give you quieter operation,
longer life and lower operating cost.

The General Electric THRIFT
UNIT set new low cost standards
when first introduced in 1927.
Today it cuts costs still further for
now it produces double the cold
with even less current than ever.

5 Years
Performance Protection

You want a refrigerator
with a sealed mechanism
today—for eventually all
electric refrigerators will
undoubtedly follow G-E's
lead. No other cold-
making mechanism has
ever been invented that
has a record to compare
with the General Electric
THRIFT UNIT in dependability and economy. Ask your neighbor.

**FORMER BURKBURNETT MAN
KILLED IN TRUCK CRASH MON.**

Perry R. Moore, 52, injured in the truck wreck in which little Bessie Pauline Parks was killed early Monday morning, died last Wednesday afternoon of a fractured skull in a Wichita Falls hospital.

Mr. Moore had lived in Wichita Falls for 12 years, moving there from Burkburnett. His home was at 300 Swallow Street. At the time he was injured he was driving the truck in which C. O. Parks and his family were riding when it collided with another

truck driven by O. N. Holland. Funeral services will be held at 3 o'clock Thursday afternoon from the Lamar Ave. Baptist church with the Rev. S. F. Martin, pastor, officiating. Interment will be in the Burkburnett cemetery under the direction of the Owens and Brumley Funeral home of Burkburnett.

Survivors are his widow; four sons, A. L., H. D., H. V., and R. A. Moore, all of Wichita Falls; and two sisters, Mrs. H. S. Roberts of Granite, Oklahoma, and Mrs. M. C. Davis of Sweetwater.

CITATION BY PUBLICATION THE STATE OF TEXAS.

To the Sheriff or any constable of Wichita County, Greeting:

YOU ARE HEREBY COMMANDED to summon Herman E. Kiel, and his unknown heirs, by making publication of this citation one each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the 78th District Court of Wichita County, to be holden at the Court House there-

in Wichita Falls, on the first Monday in September, A. D. 1936, the same being the 7th day of September, A. D. 1936 in a suit, numbered on the docket of said Court No. 30299-B, wherein O. L. Kiel, Mae Johnson, joined herein by her husband, W. T. Johnson, Ernest L. Kiel acting herein by and through his duly qualified guardian, O. H. Kiel, are plaintiffs and Herman E. Kiel, and his unknown heirs, Eula Ruff and her husband A. D. Ruff, Marie Meyer and her husband Herbert Meyer, Minnie Hemme and her husband, G. H. Hemme, are defendants.

That the plaintiffs, O. L. Kiel, Ernest L. Kiel and Mae Johnson, and the defendants, Herman E. Kiel, Marie Meyer, Eula Ruff, and Minnie Hemme are all the surviving children and heirs at law of their father, Louis H. Kiel, deceased, and that their said mother, Isabelle Kiel, died intestate in Wichita County, Texas, on or about the 7th day of March, 1909, and that the community property of the said Isabelle Kiel and her surviving husband, Louis H. Kiel, after the death of the said Isabelle Kiel was never partitioned, but remained in the hands and possession and control of said Louis H. Kiel, until his death as heretofore alleged.

That the said plaintiffs, O. L. Kiel, Ernest L. Kiel, Mae Johnson, and the said defendants, Eula Ruff, Marie Meyer, Minnie Hemme and Herman E. Kiel are the surviving children and legal heirs at law of the said Louis H. Kiel, deceased, and Isabelle Kiel, also deceased, and they are all and the only surviving heirs at law of the said Louis H. Kiel and Isabelle Kiel, deceased, and that each and all of said plaintiffs and defendants are more than twenty-one years of age.

That the said plaintiff, Ernest L. Kiel, has heretofore been adjudged of unsound mind and is confined in the hospital at Little Rock, Arkansas, and that the plaintiff, O. L. Kiel, was on or about the 29th day of May, 1934, appointed by the County Court of Wichita County, Texas, guardian of the person and estate of the said Ernest L. Kiel, and is now the duly appointed, qualified and acting guardian of the said Ernest L. Kiel.

That the plaintiffs, O. L. Kiel and Mae Johnson, and the defendants, Eula Ruff and Marie Meyer, since about the 26th of February, 1934, have made diligent search and inquiry as to the whereabouts and residence of the defendant, Herman E. Kiel, and that they and each of them have been unable to ascertain any knowledge as to the residence of the said Herman E. Kiel; that the defendant, Herman E. Kiel, is more than twenty-five years of age, and to the best knowledge of said plaintiffs and defendants, is a single man and has never been married, and the plaintiffs represent to the Court that they do not know whether said defendant, Herman E. Kiel, is now living or dead, and that if he is dead they do not know of the residence of any of his unknown heirs.

That the plaintiffs, O. L. Kiel, Ernest Kiel, and Mae Johnson, on the 26th day of February, 1934, that after the death of the plaintiffs' and defendants' said mother, Isabelle Kiel, as above alleged, the said Louis H. Kiel never remarried, but lived a widower until his death on the 26th day of February, 1934; that the said Louis H. Kiel, deceased, at the time of his death, left an estate consisting of personal property and real estate, all of which was located and situated in Wichita County, Texas, and also left certain debts at the time of his death, which was a charge against said estate, and that the personal property belonging to his estate was used in paying the debts owing by said estate.

That the plaintiffs, O. L. Kiel, Ernest Kiel, and Mae Johnson, and the defendants, Marie Meyer, Eula Ruff, Minnie Hemme and Herman E. Kiel, are each and all the point owners of all the land, real estate and personal property belonging to the estate of Louis H. Kiel, deceased, each owning an individual one-seventh interest in and to said property as the lawful and legal and only heirs of Louis H. Kiel, deceased.

That there has been no administration of the said estate of Louis H. Kiel, deceased, and there

was no necessity for such administration since all debts against said estate have been paid, as above alleged.

That after all the debts and claims which the said Louis H. Kiel, deceased, owed at the time of his death, has been paid, as above alleged, each and all of the plaintiffs, and each and all of the defendants described in this petition, except Herman E. Kiel and his unknown heirs, made and entered into a written division and petition of all the real estate, land and property owned by the said Louis H. Kiel, deceased, at the time of his death. That said petition was consummated on the 31st day of December, 1934, by each and all of the plaintiffs and defendants, except Herman E. Kiel, executing and delivering to each, other special warranty deeds covering the respective tracts and parcels of land, which each of said heirs accepted as their respective share of said estate, as follows:

(a) The plaintiff, O. L. Kiel, accepted the following described tracts of land, to-wit:

Situated in Wichita County, Texas and being described as follows, to-wit: All that certain 151.64 acres tract of land out of the N. Dembriski Survey, Abstract No. 66; Certificate No. 875, Patent No. 68, described by metes and bounds as follows: Beginning at a point in the center line of public road and the east line of the said Dembriski Survey, 3834 feet South of the Northeast corner of said survey; Thence South 89 deg. 46 min. West 3446 feet to a stake in fence line; Thence South 0 deg. 08 min East along fence line 2545.6 feet to a stake; Thence East 1724 feet to a stake; Thence North 89 deg. 46 min. East 1716 feet to a point in the center line of public road 1285 feet to the place of beginning and containing 151.64 acres.

All of lot No. 13, in Block No. 11 of the Floral Heights Addition to the city of Wichita Falls, Wichita County, Texas, together with all improvements thereon situated.

All of the above land being of the value of \$4,500.00, and which land is described in deed dated December 31st, 1934, and duly recorded in the deed records of Wichita County, Texas, to which reference is here made.

(b) The plaintiff, Ernest L. Kiel, accepted the following described tracts of land, to-wit: Situated in Wichita County, Tex., and being described as follows: Being a part of the CCSD & R GNG RR Co. Survey No. 2, certificate No. 1228, and known as the Ed Wilson Survey, Abstract No. 591, and described as follows: Beginning at a point in the center of public road at the Southeast corner of the N. Dembriski Survey and an ell corner of the Ed Wilson Survey; Thence North 89 deg. 51 min. West along the center lines of public road 964 feet to a point in the center of said road, being the northeast corner of the G. W. Scott Survey; Thence south 0 deg. 12 min. west with the east line of the said Scott Survey and the center line of public road, 1550 feet to a point in line with the center of public road running east; Thence north 89 deg. 50 min. East along the center line of said road 2291.2 feet to a point in fence line of the said Ed Wilson Survey; Thence north 0 deg. 24 min. West with the East line of the said Ed Wilson Survey at 1537.6 feet a fence corner in all 4915.6 feet to a point which is 1018.2 feet South of the Northeast corner of the said Ed Wilson Survey; Thence West 1228 feet to a point in the center line of public road and the East line of the N. Dembriski Survey; Thence South along the center line of said public road 3374.8 feet to the place of beginning and containing 181.76 acres.

All of lot No. 2 in Block No. 31 of the Southland Addition to the City of Wichita Falls, Wichita County, Texas, together with all improvements thereon situated, all of the above land being of the value of \$4,500.00, and which land is duly recorded in deed dated December 31st, 1934, and duly recorded in the deed records of Wichita County, Texas, to which reference is here made.

(c) That the plaintiff, Mae Johnson, accepted the following described tract of land, to-wit: Situated in Wichita County, Tex., and being described as follows: Being 87.56 acres out of Thos. Revis Survey, Abstract 253, described as follows: Beginning at the Northeast corner of a certain 174.14 acre tract, deeded to Louis H. Kiel out of the Thomas Revis Survey, Abstract No. 253, for the Northeast corner of this tract; Thence South 89 deg. 33 min. West along the North line of said 174.14 acre tract 37 feet; Thence South 40 feet to a stake; Thence South 839.4 feet to a stake in fence line; Thence North 77 deg. 09 min. East 488 feet to a stake; Thence South 1391.2 feet to a stake; Thence West 1229.5 feet to a stake; Thence South 80 deg. 56 1/2 min. West 1316 feet to a point in the center line of public road and in the West line of the Thomas

Revis Survey; Thence South with the center line of said road 1120 feet to the Northwest corner of a 20-acre tract heretofore deeded by Louis H. Kiel to O. L. Kiel; Thence South 89 deg. 40 min. East along the North line of said 20-acre tract 1320 feet to the Northeast corner of same; Thence South along the East line of said 20 acre tract 640 feet to a point in the center line of public road; Thence Easterly along the center line of said road with a 6 deg. curve to the left 70.2 feet to the PT of said curve; Thence North 63 deg. East with the center line of said road 500.1 feet to the PC of a 12 deg. curve to the right; Thence following the center line of said road along curve 444.9 feet to the PT of said curve; Thence South 63 deg. 37 min. East along the center line of said road 411.3 feet to a point in the East line of the Thomas Revis Survey; Thence North with the East line of said Revis Survey 3647.5 feet to the place of beginning, and containing 87.56 acres.

All of Lot No. 14, in Block 8, of the Floral Heights Addition to the City of Wichita Falls, Wichita County, Texas, together with all improvements thereon situated.

All of the above land being of the value of \$4,500.00, and which land is described in deed dated December 31st, 1934, and duly recorded in the deed records of Wichita County, Texas, to which reference is here made.

(d) That the defendant, Marie Meyer, accepted the following described tract of land, to-wit: Situated in Wichita County, Tex., and being described as follows, to-wit: Being the South 10 acres of the G. C. & S. F. RR Co. Survey No. 2, Certificate No. 4805, and known as the J. H. Lamb Survey, Abstract No. 814, and the N. 30 acres of the G C S D & R F N G RR Co. Survey No. 2, Certificate No. 1228, and known as the Ed Wilson Survey, Abstract No. 591, and which said tracts of land are described by metes and bonds as follows: Beginning at a point in the center line of public road and the East line of the N. Dembriski Survey 2960 feet South of the Northeast corner of said survey; Thence South along the center line of public road 1339.4 feet pass to Southwest corner of the J. H. Lamb Survey, and the North west corner of the Ed Wilson Survey, in all 1357.6 feet to a point which is 3374.8 feet North of the Southeast corner of the N. Dembriski Survey; Thence East 1228 feet to a stake in fence line and in the East line of the Ed Wilson Survey; Thence North 0 deg. 24 min. West along the East line of the Ed Wilson Survey 1018.2 feet to the Northwest corner of same, and the Southeast corner of the J. H. Lamb Survey; Thence North 0 deg. 06 min. West along the East line of the said J. H. Lamb Survey; 339.4 feet to a stake in fence line; Thence West 1283 feet to the place of beginning and containing 40 acres.

Being a part of the CCSD & R GNG RR Co. Survey No. 2, certificate No. 1228, and known as the Ed Wilson Survey, Abstract No. 591, and described as follows: Beginning at a point in the center line of public road and the East line of the C. W. Scott Survey, 1550 feet South of the Northeast corner of said Scott Survey; Thence South 0 deg. 12 min. West with the center line of said road 1963 feet to the Southwest corner of the said Ed Wilson Survey; Thence South 89 deg. 52 min. East along the fence line 2001 feet to a fence corner; Thence North 89 deg. 40 min. East along fence line 325 feet to a point in line with the East line of a public road running North; Thence North 0 deg. 24 min. West along the East line with the center of public road, running West; Thence South 89 deg. 50 min. West along the center line of public road 2291.2 feet to the place of beginning and containing 94.24 acres.

All of Lot 11 in Block 35 of the Southland Addition to the City of Wichita Falls, Wichita County, Texas, together with all improvements thereon situated.

All of the above described land being of the value of \$4,500.00, and which land is described in deed dated December 31st, 1934, and duly recorded in the deed records of Wichita County, Texas, to which reference is here made.

(e) That the defendant Eula Ruff, accepted the following described tracts of land, to-wit: Situated in Wichita County, Tex., and being described as follows: Same being 159.29 acres out of the N. Dembriski Survey, Abstract No. 66, Certificate No. 875, Patent No. 68, described by metes and bounds as follows: Beginning at a point in the center line of public road and the East line of the said Dembriski Survey, 5119 feet South of the Northeast corner of said survey; Thence South 89 deg. 46 min. West 1716 feet to a stake; Thence South 1267.6 feet to a stake; Thence West 1724 feet to a stake in fence line; Thence South 0 deg. 08 min. East along fence line

1290.4 feet to a point in the center line of public road, and the South line of the N. Dembriski Survey; Thence South 89 deg. 51 min. East along the center line of said survey 3437 feet to the Southwest corner of the said Dembriski Survey; Thence North with the East line of said Dembriski Survey and the center line of public road 2574 feet to the place of beginning and containing 29 acres.

All of the above land being of the value of \$4,500.00, and which land is described in deed dated December 31st, 1934, and duly recorded in the deed records of Wichita County, Texas, to which reference is here made.

(f) That the defendant, Minnie Hemme, accepted the following described tracts of land, to-wit: Situated in Wichita County, Texas, and being described as follows: All of that certain tract of land out of the Thomas Revis Survey, Abstract 253, situated in Wichita County, Texas containing 86.58 acres, described by metes and bounds as follows: Beginning at the Northeast corner of said 174.14 acre tract, deeded to Louis H. Kiel, out of the Thomas Revis Survey, Abstract No. 253, situated in Wichita County, Texas; Thence South 89 deg. 33 min. West along the North line of said 174.14 acre tract 37 feet to a point for the beginning corner of this tract; Thence South 40 feet to a stake; Thence South 89 deg. 33 min. West 519 feet to a stake; Thence South 839.4 feet to a stake in fence line; Thence North 77 deg. 09 min. East 488 feet to a stake; Thence South 1391.2 feet to a stake; Thence West 1229.5 feet to a stake; Thence North 191.8 feet to a stake; Thence South 89 deg. 56 1/2 min. to a point in the center line of the public road and in the West line of the Thomas Revis Survey; Thence North with the center line of said road 1120 feet to the Southwest corner of a 15-acre tract, heretofore deeded to E. B. Alexander by Louis H. Kiel; Thence North 89 deg. 33 min. East with the south line of said 15-acre tract 1316 feet to the Southeast corner of same; Thence North to the East line of said tract 825.3 feet to the Northeast corner of same, and a point in the North line of the 174.14 acre tract above referred to; Thence North 89 deg. 33 min. East along the North line of said 174.14 acre tract 1272.5 feet to the place of beginning, containing 86.58 acres.

All of lot No. 6 in Block 76 of the Floral Heights Addition to the City of Wichita Falls, Wichita County, Texas, together with all improvements thereon situated.

All of the above land being of the value of \$4,500.00, and which land is described in deed dated December 31st, 1934, and duly recorded in the deed records of Wichita County, Texas, to which reference is here made.

(g) That all of the plaintiffs and defendants herein executed a special warranty deed to the defendant, Herman E. Kiel, of the following tracts of land, as his share of said estate, to-wit:

Situated in Wichita County, Texas, and being described as follows: Being the 101.57 acre tract out of the N. Dembriski Survey, Abstract No. 66, situated in Wichita County, Texas and described as follows: Beginning at a point in the center line public road and the East line of the said Dembriski Survey, 2551 feet South of the northeast corner of said survey; Thence South 89 deg. 46 min. West along fence line 3449 feet to a fence corner; Thence South 0 deg. 46 min. East along fence line 1283 feet to a stake; Thence North 89 deg. 46 min. East 3446 feet to a point in the center line of public road and the East line of the said Dembriski Survey; Thence North along the center line of said public road 1283 feet to the place of beginning and containing 101.57 acres.

Being a part of the G C & S F RR Co. Survey, Certificate No. 4805, Section No. 2 and known as the J. H. Lamb Survey, Abstract No. 814, situated in Wichita County, Texas, and described as follows: Beginning at the Northeast corner of the N. Dembriski Survey, same being the Northwest corner of the J. H. Lamb Survey and a point in the center lines of public roads; Thence South along the center line of public road and the East line of the said Dembriski Survey 2960.6 feet; Thence East 1283 feet to a stake in fence line and the East line of the J. H. Lamb Survey; Thence North 0 deg. 06 min. West along the East line of said survey 2960.6 feet to a point in the center line of a public road and the Northeast corner of the J. H. Lamb Survey; Thence West along the center line of public road and the North line of the said Lamb Survey 1277 feet to the place of beginning and containing 87 acres.

All of Lot No. 13 in Block No. 11 of the Southland Addition to the City of Wichita Falls, Wichita County, Texas, together with all improvements thereon situated, which land is of the value of \$4,500.00, and is described in deed

dated December 31st, 1934, and duly recorded in the deed records of Wichita County, Texas, in volume 338, p. 214, to which reference is here made.

These plaintiffs would further show the Court that all of the plaintiffs and all of the defendants, except Herman E. Kiel, immediately upon the execution and delivery of the respective deeds to each other in partitioning said estate as above alleged, accepted their respective tracts of land as their full share of said estate and went into immediate possession of same and are now in possession of same. That they each have rendered their respective tracts of land for taxes and have used, occupied and enjoyed the possession of same, and have each and all made valuable improvements upon their respective tracts of land.

These plaintiffs would further show the Court that said partition among the plaintiffs and defendants was and is a fair, just and equitable partition by and between all of the plaintiffs and defendants of the estate of Louis H. Kiel, deceased. That the defendant, Herman E. Kiel, by reason of the deed made and executed and delivered by all of the plaintiffs and other defendants herein, owns the same in fee simple title, as his full share of said estate, but that by reason of the plaintiffs and other defendants herein being unable to locate and find Herman E. Kiel, the said Herman E. Kiel still owns an undivided one-seventh interest in and to all of the land described in this petition as belonging to the plaintiffs and all of the other defendants herein, and that by reason thereof the title to all the plaintiffs' and other defendants' respective tracts of land herein is clouded, and the Court should render a judgement and decree upon the trial of this cause divesting out of the said Herman E. Kiel all of his right, title and interest in the above described tracts of land belonging to the plaintiffs and to each and all of the other defendants herein, as above alleged, and vesting his said title to said respective tracts of land in each of the plaintiffs and defendants herein, as the same has heretofore described and partition in said deeds, and as above alleged, and quieting the title to said plaintiffs' and defendants' tracts of land.

These plaintiffs would further show the court that the land and premises partitioned by these plaintiffs and defendants herein to the said defendant, Herman E. Kiel, as described in said deed of partition is a fair, just and equitable partition and share awarded to said defendant, Herman E. Kiel, and that the Court should enter a decree and judgement herein ratifying and confirming the share deeded and partitioned to said defendant, Herman E. Kiel, and partitioning the land and premises described in said deed to be a full, just and fair share for the defendant, Herman E. Kiel, out of the estate of Louis E. Kiel, deceased.

These plaintiffs would further show the Court that if upon the trial of this cause the Court should be of the opinion that said defendant, Herman E. Kiel, has not received a fair, just and equitable share in the partitioning of the estate of Louis E. Kiel, deceased, then and in that event, said Court should enter such judgement and decree against each and all of the plaintiffs and all of the other defendants herein, requiring them to respond in the payment of such an amount of money as may be necessary to make said share of the defendant Herman E. Kiel, equal to the shares of the plaintiffs and other defendants herein.

This suit is brought in trespass to try title, as well as for damages and for the purpose of removing a cloud from the title of the land belonging to plaintiffs and defendants, and for the purpose of partitioning the land belonging to the defendant, Herman E. Kiel, and his unknown heirs, out of the estate of Louis H. Kiel, deceased, and is for the benefit of the defendants, as well as the plaintiffs, and that all of the Court costs, including a reasonable attorneys' fee of \$150.00 for bringing this suit, should be taxed against the defendants as well as the plaintiffs in this suit.

WHEREFORE, premises considered, plaintiff prays the Court that citation issue to the defendant, Herman E. Kiel, and his unknown heirs, by publication, as is required and provided by law, and that citation issue to each and all of the other defendants herein, requiring each and all of said defendants to answer this petition, and that on a trial hereof of the plaintiffs and all of the other defendants herein have judgement against the defendant, Herman E. Kiel, divesting out of said Herman E. Kiel all of his rights, title and interest in and to the land described in this petition as belonging to respective plaintiffs and defendants, and vesting the title of said Herman E. Kiel in and to their respective tracts of land is described in

Mangum To Hold Rodeo July 9th

MANGUM, Okla., July 2. (Special)—With a full two-day program of colorful parades, picturesque gatherings of friends of bygone years, entrancing music and spectacular rodeo performances, the Old Greer County Pioneers Reunion here July 9 and 10th promises to excel the mammoth celebration of 1934 and 35, which attracted crowds of over 50,000 people each year.

Combined with the Pioneers Reunion will be the first annual meeting of the Oklahoma Cowboys' Association.—A newly organized statewide group chartered by the state as a non-profit organization to sponsor and keep alive the fine traditions of the vanishing fraternity of cowboys who once constituted an important element in the citizenship of Oklahoma and Texas.

The Pioneers Reunion is of special significance this year in that the golden anniversary of the organization of the County Government of Green will be observed on July 10,—second day of the Reunion.

The celebration will open the night of July 8, with a concert at the Municipal auditorium by the world-famous Cowboy Band of Hardin-Simmons University at Abilene, Texas, and the Yoeman Keltie Band of Oklahoma City. These two famous music organizations, together with the Mangum, Altus, Hollis and Granite Reformatory bands will provide music during the two-day reunion.

Colorful parades will be staged each morning of the Reunion. Numerous prizes will be awarded for winning entries in the parades including the most artistic float, best dressed pioneer couple, the most typical old time cowboy, most typical pioneer woman riding horseback, flashiest druggstore cowboy, best horse drawn chuck wagon, best covered or old time farm wagon, most typical junior cowboy under 12, most typical junior cowgirl under 12, most beautiful horse in parade, most comical entry, the cowhand who can yell the loudest.

This petition, and quieting the title and removing cloud from each of the plaintiffs' respective tracts of land and the other defendants' tracts of land heretofore described in this petition.

That the Court enter a judgement decreeing and petitioning to the defendane, Herman E. Kiel, all of the land described in plaintiff's petition as the share belonging to and set aside to the defendant, Herman E. Kiel, in the partition made by the plaintiffs and defendants, as alleged in this petition, and decreeing that said share so given to said Herman E. Kiel is a full, fair and equitable share belonging to him out of the estate of Louis H. Kiel, deceased.

That all costs in this suit, as well as a reasonable attorney's fee of \$150.00, be taxed against each and all of the plaintiffs and defendants in this cause in equal amounts, and for such other and further relief, general and special in law and equity, to which they may show themselves justly entitled.

Herein fail not, but have before said Court, at its next aforesaid regular term, this writ with your return thereon showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Wichita Falls, Texas, this 15th day of June, A. D. 1936.

R. L. SANNDERFORD, Clerk of the District Courts, Wichita County, Texas. By Edna Bumer, Deputy. 44-4tc

The nation's premier rodeo testants will be here to compete in the various events which \$2,500 in premiums awarded. Events will include roping, steer roping, cutting, wild horse riding, and bronc riding, steer riding, and steer riding contest on steers.

4th To Be Celebrated In Burk Burnett

No Trades Day Event Saturday Will Be Held Stores All Closed

Following a precedent several years, Burk Burnett celebrates the 160th birthday of the nation very quietly. The stores and all other places will be closed, and a number of local people will observe the centennial celebration in Las and Ft. Worth.

The closing of all stores and business places will be the postposition of the trades day event. The day of commerce announced a larger event, with even more attractive features would be the following Saturday. Persons who are qualified to participate have been asked to the invitations until the week-end.

The precedent to a celebration was set several years ago since that time no large celebration have been planned. This year here join the celebration and invite the neighbors to visit here during the week-end.

Traffic Warnings The state highway department has asked the local papers and officials to caution those on trips to take every precaution. During the holiday season, the possibility of an accident is increased. The state highway department is urging the caution of the public.

Various other safety warnings have been issued by the state and the members of various organizations. The hope is that accidents is expected to be evident with a double celebration this year.

To Make LONG TRIP SHORT

there are probably as many accidents from faulty brakes as from any other cause—more. Poor brakes and steering gear makes it dangerous to drive because anything can happen at any time. Have your brakes inspected lately? Better say NOW if it's sary? Better say NOW if it's sary? Better say NOW if it's sary? Better say NOW if it's sary?

OF EAST TEXAS SOIL CREATES RARE ROSE BEAUTY

Festival To Be Held at Magnolia Oct. 8-11

The importation to the city of the magnificent 15th and 16th century roses has become a very important feature of the centennial celebration. The early Roman church found expression in the roses which they planted. The semi-tropic parts of Italy and Spain the roses were introduced to the soil of the East Texas state. On Oct. 8th the roses will show with justly deserved prominence the progress of a scientific knowledge of black soil, and a true beauty of the flowers to the United States. Visitors to the state in the union will be glad to see a quality closely resembling the roses of the East.

awaiting them this picture of the transformed beauty.

Rose Garden
 The city has appropriately become by common consent to be called the "Rose Garden of America." From its fertile garden are shipped more than half of the supply of the nation's flowers.

Unnumbered millions of blossoms will greet the visitors. In one single garden of 45 acres belonging to John L. Tyler, it is estimated that more than 7 million roses will be in bloom.

With the background of beauty of the courteous hospitality of the South has been added. The people of Tyler have provided a series of entertainments that will leave nothing undone for the comfort and recreation of the visitors. To climax this affair will be the historical pageant that will present a cast of 750 in a review of the history of the state. This play has been ranked 4th in importance of all the state's pageants. Football, parties, carnival features, the crowning of the queen will make the festival resemble a "Madri Gras" at its best.

The serious exhibition of the technique of flower growing makes an interesting feature of the show for those who are interested in the processes for achieving the magic that Tyler seems to have.

More than 150,000 visitors will be guests of the city. The famed roses, including the Texas centennial rose, the Hoover, the tall-man, and many others that have been praised all over the nation will be the center of interest. These exquisite buds will be on public demonstration for the visitors.

'BRIDES ARE LIKE THAT' AT PALACE

The picture "Brides are Like That," which shows Saturday at Midnight at the Palace, is one of the most hilarious screen productions of the year and abounds in riotous situations, unique episodes and a most unusual plot, that stirred the risibilities of everyone in the crowded house.

In addition to its comedy angle, the picture carries a fascinating romance and a touch of drama. It is based on the play "Apple-auce," by Barrie Connors, which was one of the hits of the stage. The motion picture retains all the humorous angles of the original stage production and has added some more for good measure.

Ross Alexander and Anita Louise have the romantic roles, the former playing the part of a ne'er-do-well with a great gift for flattery by which he is enabled to work his way into the good graces of his townfolk, although it also gets him into plenty of trouble.

Alexander handles his part with the same great competence that has characterized all his roles since he recently deserted the Broadway stage for Hollywood.

Joseph Cawthorn gives an outstanding performance in the comedy role as the uncle of the ne'er-do-well who is constantly harassed by the shortcomings of his nephew, as also do Gene and Kathleen Lockhart as the parents of the girl.

There is a smashing climax to the story in which the youth who refuses to work makes a great invention which wins him the plaudits of both his uncle and the parent of the girl, whose affections he finally wrests from his rival in a most unusual situation.

Battles Of Big Teams This Week

Softball Contests Bring Together Four First Division Teams

Four first division teams will play each other in a suicide schedule next week for the honors in the softball league. The first two teams to meet will be the First National bank and the Magnolia who will play Friday night at the stadium to start the fireworks. Thaxton and City Grocery will open the program that night.

On Wednesday night two of the other first division teams meet when the Magnolia plays the Gulf Service. These two teams have worked up a rivalry and sparks will fly when they meet. First National and Cooper McCreary will meet the same night. The double header will offer the best program offered by the league this year.

Thursday night Gulf service and the First National will play for the fifth big game of the week. Everyone in the game is expected to draw exceptional interest. Cooper and Magnolia will end the week by playing Friday night. Magnolia will have a hard time keeping their perfect record unmarred this week. They will face tough opposition, and some team may act as a giant killer.

Team	G	W	L	Pct.
Magnolia	14	14	0	1000
Cooper	16	11	5	687
First Natl.	16	11	5	687

ROOKIES JOIN NORTH TEXAS SOFTBALL WAR

The North Texas Softball league will return to Wichita county again this week with the Wichita Falls All-Stars and the North-western Supply company Rookies stepping into the fold. The Wichita Falls boys team will take the place of the Throckmorton club which dropped out last week.

The Rookies come into the girls division of the league which will be something new for North Texas softball goers. With each club in the league having girls teams in their own towns, State softball director, Harold White, has planned the girls league to play the same schedule as the all-star boys clubs from each respective city.

The Wichita Falls club is yet without a sponsor but has been placed under the management of "Sign Painter" Dixon, a veteran baseball manager of Wichita Falls and one of the most colorful figures of the sport of that City. The Rookies may be strengthened for the North Texas League, but will remain under the guiding hands of Paul Whately and Mack Turner and with their present strength and record will enter the new league as one of the favorites.

McKee Attacks All Classes In Speech For Congress Here

Candidate Boasts of Radical Ideas In His Appeal for Local Vote

Thomas Hudson McKee started his "Poverty Marches On" campaign in Burkburnett Monday with a ringing challenge to his opponents for definite platform promises. The speaker bitterly denounced the tactics of the other candidates and boasted of the radicalism of the proposals in his own platform. In reference to the radical planks, the speaker stated that every progressive move was once a radical idea.

The speaker pointed out that the challenge that he made had not been accepted by some of the candidates but that the opposition evaded the issues. In his platform, he definitely committed himself for the Frazier-Lemke bill which was in congress the last session, but defeated by a small majority.

The candidate advocated the repeal of laws relating to tax exempt bonds. He stated that if the bonds were forced out of the banks and the money issued into circulation that business would increase. He asked for a raise in the standards of relief wages and relief programs.

In reference to the platform that others had made the speaker stated that they were too vague and that the opposition had been bought or threatened off of any definite commitment on major points.

The speech was a typical vote getting series of political propositions. Every promise of the speaker's platform had a wide appeal to the element to which he was speaking.

Although speaking in the shade of a bank, the speaker bitterly denounced all private banking enterprises. He suggested that the banks become government owned and controlled, and that the government have complete control of money matters in loans and grants.

In a strange contrast to his platform plank, the speaker suggested taking the government out of private businesses. The conflict of program was apparent.

Rotarians Hear Centennial Talks

Two talks on the centennial featured the program of the Rotary club at noon Tuesday in the hall of the organization. The first speaker was L. G. Hagard who gave some descriptions of the features of the celebration. Butler Westerfield followed with a speech on the "Inside of the Centennial Celebration."

The program was arranged by Glen Bear and Jim Alexander. The trio of Westerfield, Morrison and Tucker sang th never to be forgotten "Man on the Flying Trapeze" and "Home on the Range." The visitors were Frank Harrison, Carl Woodward, Luther Robinson and Scotty Scott.

No trace of cancer or diabetes were found in an examination of many Eskimos.

Sartin To Speak Here Thursday

Judge B. D. Sartin, candidate for Congress, will speak in Burkburnett next Thursday night in reference to his race for the house of representatives from the 13th district. The speaker will hold the meeting on the corner of Ave. C. and Main Street. A loud speaking arrangement will be set up for the meeting.

Garden Club Studies Pests And Fertilizer

Members of the Garden Club met with Mrs. Carl Morrison last Wednesday, June 24, to study the subjects Pests and Summer Fertilizers. The program was under the direction of Mrs. Ray Hill. The feature discussion was led by Mrs. J. C. Adams. In the talk Mrs. Adams pointed out the use of sprays for pests. She spoke of the sucking, biting and scale insects and advised the club members to use a single spray for all of the types of plant insects. In regard to fertilizer, the speaker stated that leaf mold should be used in the summer to enrich the soils and to aid in the retaining of moisture during the summer months.

Mrs. J. M. Pogue pointed out the aid of birds in the control of insects in the gardens. The speaker gave an interesting paper in the treatment of the subject.

The club accepted an invitation to meet with Mrs. George Kimbell in Wichita Falls July 22nd for a picnic luncheon. Lovely refreshments were served to the following: Mesdames, J. C. Adam, Fred Flanagan, Ray Hill, George Kimbell, Al Lohofener, J. M. Pogue, Ross Reagan, A. B. Sandler, R. C. Tevis, Raymond Wallace and three guests, Mesdames Glen Bear, B. F. Gilchrist, and Miss Erna Schwieger.

Hornets Lose To Red Jackets Mon.

A badly crippled team of Burkburnett Hornets went down 8 to 3 before the Wichita Falls Red Jackets Monday night at Wichita Falls in a Wichita Valley League game. It was the last game in the first half for the Burkburnett club. The club fared none too well in the first half race, but have much brighter prospects for the second half race which will start in the next few days.

In spite of announcements to the contrary, it was the Burkburnett club for which Elizabeth Fulks hurled Monday night and turned in a neat job of chucking. A patched up infield behind her made many miscues in the field but the scrapping Hornets kept the score low all the way and gave the Red Jackets a much harder battle than the score would indicate.

Elizabeth Malberry was on the hill for the Red Jackets and allowed only four bingles in turning in one of the best pitching jobs done this year by a Red Jacket moundster.

Fielding gems of the night were turned in by Mildred Shuffler and Doris Bowden, of the Hornets, while Ruth Miller, new 1st base find of the Hornets, slammed out three of the local girls four safe knocks.

An American manufacturer has developed glass building blocks which are said to have many advantages over other building materials for some purposes

Grady Woodruff Outlines Plans In A Speech Here

Congressional Candidate Smashes Townsend Plan In A Brief Summary

Farm Plans Talked

In his second appearance here in the interest of his candidacy for Congress from the 13th District, Senator Grady Woodruff spoke to an enthusiastic audience last Friday night. In addition to local citizens a delegation of several carloads of his friends from Randlett were in the audience. Senator Woodruff lived for years between Burkburnett and Randlett.

Advocating a systematized farmers' aid plan which would eliminate the conflicts in the existing soil conservation statutes, Senator Woodruff brought forth his "Five Point Plan" for American agriculture:

1. The present policy of soil conservation should be continued with certain modifications. For example, where one agency of the government operates to increase production and another operates to decrease it, as is the case now, the two should be coordinated to eliminate this conflict.
 2. The domestic market should be closed to agricultural products of foreign origin until stability has been achieved in the home markets.
 3. The government should be authorized and encouraged to find new outlets for farm products in industry to establish a new money crop for cotton formers and others.
 4. When trade agreements are being negotiated with foreign countries, preference should be given to our own farm products instead of manufactured goods as is the case at present.
 5. Means must be found to make the farmers dollar worth as much as industry's dollar. In other words, if a farmer has to sell in the open markets of the world and buy manufactured products in a tariff-protected market, means must be found to render this situation more equitable by parity payments to the farmers to make up the difference.
- Senator Woodruff summed up his efforts in behalf of a workable old age pension play, but

Panel Ready For Fort Worth Fair

The panel of the Burkburnett chamber of commerce has been completed for exhibition at the Ft. Worth Frontier centennial show starting in the near future. The panel has the picture of Miss Virginia Gildwell with the nomination "Hospitality awaits you" The scenes picture the bridge at Red River with a beautiful curving highway and a scene of an oil well in the drilling process.

The plaque will be entered in the general West Texas exhibit at Ft. Worth with the other communities represented in this section. The panels will be of uniform size, and all the communities that are a member of the organization will be placed in a single grouping.

stated that the Townsend plan would not work, and that the 2 per cent transaction tax on every business transaction would raise the cost of living 50 per cent and stifle industry and agriculture.

... And That's What 15,000 House-wives Are Saying!
More than 15 million homes use ice refrigeration because in these homes they "like ice best"! That's because these women KNOW that ice preserves food better, is less trouble and is most economical. Use REAL ice in a modern ice refrigerator for perfect refrigeration!

THE KEYHOLE
(Walter Wontehell, Editor)

Howdy Folks: - Picnics should be reserved for the deaf and dumb. They could talk and keep the flies off at the same time.

A medical authority says that if you must kiss a baby the back of the neck is the place.

We mentioned that to Ray Hill and he said that he thought that was the place where you grabbed them when you picked them up.

Be that as it may, here are some things that we can guarantee: General Electric Refrigerators, Lane Cedar Chests, Nesco Oil Stoves and Mohawk Rugs.

Maud Muffins thinks that every busy man should have a wife so that he wouldn't waste so much time making up his mind.

Why waste money on a Turkish bath when you can obtain the same results by spending ten minutes in a phone booth on a hot day.

And why waste money on untried merchandise when our nationally advertised lines have stood the test of time.
