Bill Stapp Completes Year Work In Burk

Reveal 185 Convictions
Year By Local
Police Department

ACCIDENTS LOW

Police, Bill Stapp completed the first year as the head of the Burk Burnett police department here Monday, and a year at the record revealed 185 arrests followed by 185 convictions. The cases were handled by Bill Stapp, N. H. Harris, Turner, members of the department. The cooperation of the three men have made the large number of

completion of the year. Stapp was re-elected to the low accident rate city limits. In spite of the unusually heavy traffic the past year only two have been received in one breaking the leg of a child near school, and resulting in the death of a West Pavement. The 3,500 population of the city is unusually low for an accident is about one below the national

average. Meeting the first year, Stapp told the reporter that had not been required to sue anyone in course of law to coerce peace, and part of his philosophy was to settle without the necessity of litigation. The case of the year the Stapp paid tribute to the late of the department to succeed Bill Garland. He was killed in the accident swept out the bridge three other Burk Burnett. Stapp came from Oklahoma, where he is a police officer for years.

Six Arrested In Fracus Sunday

The Burk Burnett police department arrested six persons after a charge of alleged disturbing peace had been made. The charges were varied from drunkenness, disturbing peace and interfering with an officer in act of duty. The arrests had been made in the city, and while the prisoners were being transferred to the city jail, two attempted to interfere with Jim Turner and Bill Stapp. The woman interfering was also arrested. The cases were held for city court and then transferred to the county court.

The arrests were made among those made during the week-end of the holidays. The officers also arrested several on charges of shooting fire crackers. Most of the celebrating fire cracker shooters were released after a lecture from the chief of police. The cases of interference and disturbing peace will be tried at the county court on the complaint of the chief of police.

Labor Hearing Is Set For July 15

Dr. Edwin A. Elliot announced Wednesday that the national labor relation board of this region had set July 15 as the date for the hearing of C. D. Jackson, and F. C. Fox against the Bohner Oil Corporation and C. J. Bohner et al. Dr. Elliot is the regional director for the national board. The hearing will start at 10 A. M. in the Federal Building in Wichita Falls.

The case of George Bebemeyer against Bell Oil and Gas Company, Reno Oil Company, and Burk Divide Company has been set for the same place and the same date. These cases originated in the dispute between the labor organizations and the companies mentioned growing out of the strike last fall.

Previously the national board had the cases and verified them in the particular instances where they were filed correctly. The present cases were reset on a technical error in the original filing. The contention of the labor organization is that the companies have discriminated against the labor organizations and its members.

The strike last fall lasted seven days and completely tied up the oil field activities in the North-west field. The work started after the intervention of Dr. Elliot in an arbitrary capacity. The seven men who were discharged immediately after the strike are the ones related in the case. Previously three men were ordered restored by the Natl. labor board and the Bell company refused the Orleans asking the court to enjoin the national board. That case will be heard in the fall.

IOOF Circle Will Meet In Burk For Degrees Tuesday

Representative of Seven Texas
And Oklahoma Towns
To Participate

Initiation Planned

For the purpose of initiation and degree work, members of seven Texas and Oklahoma towns will meet in Burk Burnett as the guests of the local club next Tuesday night. Approximately 200 guests are expected to gather at the Rotary club rooms during the meeting for the advanced work of the organizations. Burk Burnett, Electra, Vernon, Chillicothe, of Texas, and Elliot, Grandfield and Frederick, Oklahoma are expected to be represented at the meeting. Wichita Falls will be represented, although not by members.

The meeting will be under the direction of Mr. Walker of Vernon, circle chairman, and Harry Patterson, degree master. The interesting work of the meeting will be presented in the form of the regular lodge drills.

Special preparation is being made to take care of the large number of visiting Odd Fellows. The local organization, under J. H. Cecil, is attempting to make the welcome one that will be long remembered by the Texas

Five Boys Break Into Mill House

Five boys were questioned in connection with breaking into the Burk Burnett Milling company here Sunday by the county juvenile deputy, James McDonald, Monday afternoon. The boys were alleged to have climbed into the building from the roof. The police stated that several sacks of flour had been broken open, and that the boys probably were playing in the building. The examination revealed that two of the windows had been broken. The boys were warned against similar acts by the county deputy and told to keep in touch with the local police department. The boys of the city were warned to keep away from public buildings.

Holtzen - Stegall Wedding Wed.

Mrs. Lenora Stegall of Burk Burnett became the bride of Dave G. Holtzen, prominent retired farmer of this area, in a simple ceremony read at the Clara Lutheran church Wednesday night at 7:30. The ceremony was read by the Rev. Paul Kaiser, pastor of the church, in the presence of a few relatives and friends of the couple.

Both the bride and bride-groom are well known in Burk Burnett and have lived here many years. Mr. Holtzen has been a resident of the area for the last 35 years, and he is one of the prominent leaders in the farming community of that district. The couple will make their home here. Those who were present at the ceremony were Mrs. Alice Whitaker and Mrs. Paul Kaiser of Burk Burnett, and D. B. Herrin of Fletcher, Okla.

County IOOF And Rebeka's Guests Burkburnett Clubs

Interesting Program Presented at
Meeting Fraternal Orders at
Rotary Club Rooms

Large Crowd Attends

With a crowd of more than 100 guests, the local Rebekahs and Odd Fellows entertained the members of the Wichita County association at the Rotary rooms last Wednesday night in the regular meeting of the county group. The members visiting Burk Burnett were entertained in an interesting program that presented a variety of talent. The group was welcomed by the local organizations in a well balanced program and entertainment.

The program under the supervision of C. R. Chambers presented an array of local talent. The opening ceremony was the presentation of the flag by the Rain Bow girls. The girls were assisted by Mesdames R. D. Barnes and Leo Foster.

The address of welcome for the visiting members was given by Wade Bogy. The speaker expressed the appreciation of the local members for the visitors. The response for the welcome was given by Judge B. D. Sartin, member of the Wichita Falls organization. The responding address expressed the appreciation of the visitors for the program and entertainment.

Methodist Quartet

The Methodist male quartet presented the first musical feature. Messrs J. M. Thomas, Carl Morrison, M. C. Tucker and John Parker sang a series of selections. Harriett Chambers played a piano selection and Mary Frances Gambelin gave an interesting reading.

The Northcott brothers presented a series of attractive musical numbers. The Mays fiddle band struck a new note in entertainment for the club with several numbers. Lela Mae Pinkston presented a reading. Rufus Wilborn presented a guitar and vocal series.

The Thrift trio, Misses Stimpson, McClanney and Pharies sang. The visitors were representatives of Iowa Park, Electra and Wichita Falls. The members were served refreshments after the adjournment of the regular program.

One hundred and fifty coffins were burned in a factory in Leith Scotland.

FORT WORTH FRONTIER CHARMERS

Under the masterful direction of Billy Rose, the Ft. Worth celebration of the Centennial will open next week, July 18, and among the attractions will be the fair deuce above that will serve as bridesmaids in the colorful stage wedding at the opening. The show will reproduce the famous "Jumbo" that startled cynical New Yorkers.

BURKBURNETT-LAWTON ROAD TO BE PAVED DURING THE NEXT YEAR

Banks To Close
1 p. m. Saturday

According to the announcement of the officials of the banks, W. R. Hill of the Farmers State and A. R. Hill of the First National, the banks in Burk Burnett will close at 1 p. m. each Saturday afternoon through July and August. The banks have announced the change in order that the merchants and business men might become prepared for the earlier closing hours through the hot months. Depositors have been warned of the change in hours.

County Dress Show Iowa Park Tuesday

On Tuesday, July 14 the Home Demonstration clubs of Wichita county will hold their county wide dress contest. The meeting will be an all day affair at the Iowa Park high school auditorium.

There are 15 womens clubs in the county and each have a wardrobe demonstrator. The rest of the club members are cooperators. There are different requirements for each of the groups. The demonstrators will have their record book, reports of what their cooperators have accomplished, pictures of their clothes closets before and after improvements and stories of their demonstration besides their foundation patterns dress and slips to be judged. The winners of the demonstration will be sent to the annual Farmers' Short Course at A. & M. College July 19 to 25 to represent the county in the State contest.

The meeting on Tuesday is to begin at 9:00 when the dresses will be inspected by the judge who is Miss Doris Leggett, Home Demonstration agent, Wilbarger county. The demonstrator dresses will be judged first and then the cooperators.

Every one attending the meeting is to bring a picnic lunch and at noon the crowd will go to the Chamber of Commerce Park, where tables will be provided. Besides the dress show, the county council of home demonstration clubs will have on display old and new quilts and bedspreads. A charge of 5c will be made to see this display.

According to a movie director, actresses "don't forget their lines as often as do men." Or—to judge by their gowns—let anyone else forget them.

"A New York couple is sacrificing everything for their prodigy son, whose relaxation is playing Bach." Yet some day he'll probably be playing half Bach.

A case of "bridge wrist" has shown up abroad. It is a new one to us, though we have heard of "bridge ankle."

Scott Ferris, Highway chairman for the state commissioners of Oklahoma, announced in Wichita Falls last week that the Lawton-Burkburnett road would be paved some time during the next year. The highway chairman promised that the project would be one of the main enterprises of the commission in its projects for the coming year.

Mr. Ferris stated that the pavement would not only provide a modern highway for the heavily traveled route, but it would provide an all weather travel between Fort Sill and Oklahoma City and Fort Sill and the San Antonio army forest.

The highway has been one of the cherished dreams of the people of Burk Burnett for several years, and every possible influence in both states has been used in order to keep it before the highway commission of the neighboring state.

The highway was recently designated as the state legion memorial highway of the state. The Burk Burnett Legion Post, Oscar Frye, recently secured what they considered a great victory in the temporary designation of the Texas to this city as the memorial for Texas. With a paved road running north, the highway system will be complete.

After the completion of the highway the reports indicate that complete all-weather travel will be possible from Burk Burnett to all northern cities. There are only a few small gaps existing in the system at the present time. With the elimination of the Lawton-Burkburnett gap, the finest all surface road system in the southwest will be completed.

Wheat Market Is Eccentric After Midwest Reports

Prices Jump Up And Down On
Base Of Drouth Prospects

Hits \$1.00 Thursday

The wheat market all over the nation behaved like a jumping bean this week with the reports of bullish and bearish activities in the various markets. On certain days the market climbed the limit and other days the friends of higher prices dumped for profit and the small grain price dropped.

However, the general level at the end of the week was twelve cents higher on the cash spot market than at the start of last week. Locally the farmers and wheat men were receiving 12 cents more for the grain, with the price at \$1.00 per bushel.

The unsteadiness was due to the diverse reports emanating from the Midwest. The terrific drouth affecting 22 states has caused teh crops of all types to be short. The reports indicate even a higher wheat price.

The local wheat market was near completion, and the harvest had produced about 40 per cent of the normal crop. How-

Money Alloted For WPA Work

The Wichita Falls WPA district has been given an allotment of \$176,600 for operations during July, according to an announcement Wednesday by C. L. Martin, district director.

Included in the notice of the allotment were instructions to resume projects stopped Thursday afternoon and to begin new projects where materials and labor are available.

Martin said work probably would resume Monday on all of the sewing rooms and many of the clerical projects which have been operated by the organization. All other work will be started as quickly as possible.

A new wage scale will be established under the new program. Security wages have prevailed during previous months but the workmen will receive the prevailing wage scale after operations are resumed. The scale will be established in the seate headquarters.

Curtis Jennings Death In Houston

Curtis Jennings, 17, died in Houston, Texas early this week, according to word received by his aunt, Mrs. Bill Shiver, Mrs. Bell Jennings, his mother, and the boy were well known in Burk Burnett. The boy had attended school here for several years. He took ill in Burk Burnett while visiting his aunt here four weeks ago, and returned to Houston, where he died early this week.

Fairview Teacher Moves To Austin

Charles Lewis Stone, instructor in vocational and industrial training at Fairview, has accepted an appointment to the Austin school system, where he will teach the same subject. Mr. Jones received the promotion after two years of efficient administration in his department at the school near Burk Burnett. He is a graduate of the Denton State Teachers college, and left that school with an excellent record. His duties will start in September. The new position is a distinct promotion for the former Fairview teacher.

New WPA Wage Schedules Set

District Supervisor Announces
Hours and Money to be on
Program Here

Pay For Actual Work

The new schedule for the wages of the PWA workers of this district were announced last Wednesday by the district supervisor in Wichita Falls. The program officials announced that the wage would range from \$21. to \$50. per month. The scale is based in the prevailing industrial wages for each county. Under the new system, approximately the same amount of money will be paid to workers as last year, but in some cases the hours will be decreased 60 per cent. Last year each workman received 140 hours a month.

In Wichita county under a new scale, the laborers will receive 30c per hour for 97 hours per month, intermediate workmen will receive 50c per hour and 86 hours per month, skilled and artisan laborers will receive one dollar per hour and 48 hours per month.

In other counties with the exception of Childress and Wilbarger, the range will be from 25c to 75c per hour. The payment will be made only for the actual time worked, but the men will be given greater opportunity for working. As in the first program the maximum number of hours per week will be 40.

These are the days when the candidates lend their voice to the cause without getting much interest.

In 1910 a Dutch flyer won a prize for flying from Paris to Brussels with a passenger in less than 36 hours—he made it in 13.2 hours.

Hunter Rally To Be Held In Burk Saturday, July 11

Judge Taylor of Wichita Falls
Promises Scathing Attack on
Governor's Administration

BAND TO PLAY

Judge R. E. Taylor, spokesman for Tom Hunter, candidate for nomination for governor of the state of Texas, promised a scathing attack from the records on the present state administration as he speaks in the favor of the candidacy of Hunter here next Saturday afternoon at 3 o'clock. In a long distance interview Wednesday, Judge Taylor stated that he would open his burning attack on the administration by discussing the life and record of Tom Hunter as contrasted with that of James V. Allred. He added that he would show the honesty and integrity of the candidate and would give the details of his platform.

In his scathing attack on the administration, the speaker stated that he would take his statistics and proof from records. The attack will include a rebuke against the governor for the delay in the old age pension, an attack on the lobbyists in Austin that block and influence legislation. Judge Taylor said he would discuss the much publicized \$20,000 suit involving the East Texas refinery. In addition he would point out the disagreement of his candidate on the governor's policy of leaving the state offices for so many public functions.

According to the interview with the reporter of the Star, the speaker plans to make one of the bitterest and most corrosive challenges of the administration that has been made by any political speaker in the campaign during the present race.

Plans have been made to make the rally one of the major functions of the week-end. The Hunter group has secured the services of the cowboy band to play an opening concert during the preliminaries of the afternoon. The speech will be at the corner of Ave. C and Main street where all such public rallies are held.

Fairview Wins First Game Of The Second Half

The Fairview and Grandfield battled in a hard fought contest for victory in the first game of the second half. The Fairview team won 6 to 4 in spite of the fact that they were out hit by the Oklahoma team 8 hits to 7. The game gave the Fairview team an optimistic start for the second half of the Texhoma league. Each team bobbled often with a total of six errors for the game. The batteries were, Fairview, Brantley and Hodges; Grandfield Young and Manning.

Delinquent Tax List To Be Pub- lished Next Week

The Burk Burnett Independent school district tax list will be published in next week's issue of the Star, according to Fred Flanagan, school tax collector and assessor.

For the past several weeks the local school has run an ad urging the delinquent tax payers to pay their taxes and avoid having to pay the extra penalty which will be added when the delinquent list is printed.

Mr. Flanagan stated that quite a number had taken advantage of the opportunity to pay their taxes and he was very grateful. He also stated that you can avoid having your name printed on the delinquent roll by paying your taxes before next Wednesday.

Because of the high rates for fishing rights on the river Wye, in England, it is estimated that it costs \$25 to catch a salmon.

In order to avoid the new high tariff on lumber imported into the United States, a freight carload of lumber from Canada was disguised (unsuccessfully) as a load of potatoes and turnips.

THURSDAY, JULY 9, 1936.

The Dallas court held recently passed the chain store tax as unconstitutional and granted the injunction restraining the enforcement of the collection law. Eventually the states will impose some sort of special tax on the chain store organizations, not because such a tax is especially just or fair, but because the tendency of the social pressure is toward resentment of that type of business organization.

The organizations have no one to blame but themselves. They have been independent of public feeling and inconsiderate of local community projects until the boom-erang of public opinion has turned against them. They have exerted a benevolent influence on the grocery trade. In matters of sanitation, lowered costs of living and in brighter stores, the chains have made a contribution to the industry.

However, the neglect of community pride that each individual community has in its own little achievements, may mean the eventual downfall of the organizations.

FOUR HUNDRED YEARS

In 1535 the first English Bible was put into print, and Coverdale, the earliest young English translator, made a contribution to printing that should never be forgotten by the newspapers or printers in all lines of the industry. However, the influence on the industry has created a wider influence which has touched the entire English speaking race. It is highly probable that the history of the English empire would have been radically different without that event.

Today, 401 years later, it is significant that we should pay tribute to the bold translator. Very few laymen realize the influence that the event has on our everyday lives. What would our expression be without phrases "Apple of his eye, labor of love, handwriting on the wall, widow's mite, we are the people, fat of the land, labor worthy of his hire, whited supulchres, all things to all men, a mess of pottage?" These phrases which seem never to become trite and which always retain a suggestive poignancy are quotations from the translation. Just think how handicapped the modern orator or politician would be without these and others like them taken from the English versions.

However, there are other influences that are not so apparent. The average laymen is not aware of the fact that printing was expanded and education disseminated in order that a larger number of people could read the Bible. The public schools system was founded in America primarily to give the New Englanders elementary training in religious education and to provide an informal ministry. Harvard, Yale and other great universities were formed for practically the same purposes.

The printer that established his shop to print sacred literature as a primary objective, found his business expanding. The wide spread of education made the political pamphlet, poetry, magazines, almanacs and book printing jobs that were profitable.

So today whether you are religious or whether you are indifferent or antagonistic to religion, it is a broad influence in your lives. The widening of the printers scope work has produced a unity between the people of the nation that would have been impossible otherwise. The early history of the nation would have been entirely different without the powerful impetus given by the press to the revolution and struggle for freedom.

INTELLIGENCE TEST FOR OFFICIALS

Nothing has ever seemed so boring as the present political campaigns. The contests seem to be merely tests as to who can call the other candidates the worst names and get away with it. How is the electorate to decide who is the best qualified when all we hear during the campaign is "Whoiz beats his wife" and "Whatshisname is a horse thief or a treasure raider."

Such a condition seems to call for a different method of choosing officials, and naturally the first idea to make the candidates enter competitive intelligence tests for the race. The only thing that prevents open sponsorship of such an idea, is that the paper is well aware of how silly competitive tests for civil service are. The editor of this paper once applied for a job as a mail carrier and the first question was about how deep the water is at Puget Sound.

We are tempted to find some method. Maybe we could get each candidate to run a foot race, or enter a boxing tournament with each other candidate, and award the office to the winner. Any method would seem better than the farce of pretensions we are making for retaining democracy.

TOWNSEND BILL

The Star is presenting a word for word quotation of the House of Representatives bill 7154, called the McGroarty act, or more popularly known as the Townsend bill, in this issue. Since the Townsend organization seems determined to make an issue of the idea, it is well that every person voting this July for representatives to the national congress should be informed about the bill. It is silly to assume that the bill will not have a definite bearing on the race. It is evident that the Townsend group is well organized, and will vote as a unit. Whether you are for or against the suggestion, read the bill and know what you are voting.

Ah Me How Sad—I personally resent being misled in a news story; and when, by the request of some person who is a friend of mine and whom I trust, I give some cause or movement a little "pufflicity" it is disillusioning to see those very persons who posed as leaders in a civic enterprise act like a bunch of wild donkeys. I mean just as stubborn and foolish as the aforementioned animals. Last week this paper sponsored in all good faith a campaign that was meant to protect the property and life of the individuals of the community, and at the same time bring real financial benefit to the community. In expressing this desire to cooperate, the paper expected those who made the request to at least pretend a sympathy with the campaign. I suppose that Walter Winchell was right when he said that some people spend half of their time boasting that they are nobody's fool, and the other half proving that they are almost anybody's fool.

Sham—There are some people in the community who are frankly 'black sheep' in the social scheme. I admire them because they make no pretension of being anything else. They are frank about their sins, and have the tendency to be a little overly frank about them. That is all right. On the other extreme, those creatures that make sanctimonious pretense of being something or somebody, when everybody in the community knows that they are heading for a bitter "morning after" one of these bright summer days, give me a pain which modesty forbids my locating with any more exactness.

Dignity—These hair-brained fanatics that ride around with a load of dignity that gives them a sort of bow legs, just get under my skin. It isn't any wonder that God decided to drown the whole lousy bunch like a litter of pups. When I pick up the papers and read about the floods all over the country, I wonder some times if He isn't letting His temper slip a little bit and starting to drown 'em again.

Politics—What does this all have to do with politics? Oh, I don't know, but it is expressive of the temper that I get into when I think of some of the things that are happening in this district. All of the shady trickery, all of the low-down, skunky type of tactics that were thought up in the enter councils of the ward of politics are being brought out and brushed off this year in the present campaign. Talk about mud slinging and scandal, "You ain't seen nothin' yet, bretheren." Wait until the governor's, president's and ever county election gets in full swing during the next two weeks.

In Re-Governor—Speaking about the governor's race, this town seems to be very well divided between two camps. The only really organized group here is the one that is backing Allred for re-election. With officials in the local political and business groups are running him strong. And incidentally you never saw such complete faith in any person as 'Uncle' Tom Griffen has in the present governor. On the other hand, just ask a bunch of the older fellows what they think of the race, and see how strong an anti-Allred feeling has developed among those eligible for a pension. Regardless of whose fault it is that the delay in payment has come about, many of the old timers are blaming it on the state administration. That sentiment hasn't centered on any one candidate. Hunter, Fisher and Sandford will receive a little of the vote from the group.

Hunter Rally—Judge R. E. Taylor will be here next Saturday to speak for the Hunter rally. We ought to see some of the fireworks start with that meeting. So far we haven't had any governor speakers in our little town. The supporters of the other candidates will probably hold meetings soon afterwards.

News of the Week

In celebration of the 160 birthday of the nation, the people carried out the usual slaughter—400 dead. The Associated Press points out that it was a barbaric sacrifice of more than one and one half persons for each year of the nations independence. Of this number 199 were killed in automobile accidents. This was in spite of all the sermons, editorials, and radio speeches. In every story that came over the wires, there was indication that some one was careless or drunk. In every accident, there was the possibility that with a little more care, a little more sobriety, the accidents could have all been prevented. Reading the Press report for Monday morning in the daily papers calls attention to the fact that the first five accidents that took the lives of nine people in Texas were from head-on collisions. Too much speed, too much carelessness, or both.

Seven Lean Years
For seven years the midwest has felt the lack of the proper lack of rainfall. The continuous lack of rain has caused some authorities to start discussing the possibility of a permanent change in the climate. Other civilizations have fought the encroachments of the deserts. Not a single nation has ever been able to withstand the steady march of sand. Millions of dollars have been spent in shelter belt projects, dams, creeks, rivers, and similar projects, but relentlessly the drouth marches on with its burning power. Whether or not the change is permanent matters very little. The nation has paid a tremendous price for the stupidity and selfishness of the years when the forests and plants were burned away to make wheat lands.

Danzig Affair
The Nazis Germany has virtually demanded that Danzig be given to the German nation. The act has little significance as a fact, but it indicates that the league has the complete contempt of the German people. The weakness of the league in the Italo-Ethiopian affair gives encouragement to the Germans for complete restoration of the territories as they stood before the World War. It appears at the present that Russia, France and the middle European nations will be forced to fight their own battle with Germany without the aid of the league.

Futile Appeal
Dramatic and futile was the plea of Emperor Haile Selassie, disposed ruler of Ethiopia, to the league of nations. The Emperor violated the rules of good conduct by harassing the league with a direct challenge. Negus asked

To Make A LONG TAIL SHORT

you wouldn't want to see your wife doing the 'shimmy' would you? Did you ever watch the wheels on the car ahead of you 'shimmying'? A driver would be the last person to know his wheels 'shimmied' because he can't see them from the drivers seat. Even the best back seat driver can't see it! May we look yours over?

Barrow-Grace Chevrolet Company Burkburnett, Texas

for \$50,000,000 and the backing of the league in an attempt to restore his kingdom. He also asked for nonrecognition of the new kingdom set up under the Italian rule of iron. The dramatic and at the same moment bathetic league was the curtains for the picture. Starting in high moments of idealism in those turbulent days following the world war, the league has been strangled by France and England, the two nations that should have benefited most by its provisions. These two nations followed such a weak policy and blocked so many movements that would have strengthened the league that its fall was inevitable.

New Highway
The dedication of the new road to Mexico means more than just comfortable travel between the two nations. In the long run it will mean that the two nations will have more neighborliness than ever thought possible two generations ago. The 17 million dollars spent by the far sighted Mexican officials will be repaid in a few months by increased travel. Shopping U. S. tourists will pay back to the merchants and business men of the southern republic many times the cost of the highway. However, the greatest gain for the two nations will be the gain in common understanding of each other. The closer association will cause the discard of many prejudices and preconceived ideas. This state will eventually lead to a relationship that will be profitable to each nation.

Bonus Cash
There have been some general beliefs about the spending of the bonus funds that are as false as a public report can possibly be. The Washington bureau for the veterans has collected some statistics that are interesting. About three fourths of the bonds will be cashed. The remaining fourth will be kept in bonds until maturity. Only one half of one per cent has been spent on a "good time." Thirty and four hundred per cent (31.04 %) has been spent in clearing up old debts; 24 and five hundred per cent (24.05 %) has been spent in fixing up homes and farms; twelve and seven hundred per cent (12.07 %) spent on insurance and investments; eight per cent (8 %) education, seven and eight hundred (7.08 %) for household furnishings; seven and one hundred per cent (7.01 %) automobiles; seven per cent (7 %) new clothes. That is 99 1/2 %, and the rest is left for celebration.

Capra's "Mr. Deeds" Comes To Town; To Open At The Palace
Frank Capra is coming to town. Well, not exactly, though one of his productions, always eagerly awaited, is scheduled to open on Sunday at the Palace Theatre. Its title is "Mr. Deeds Goes To Town," and it stands a very good chance, according to reports that have preceded it, of rivaling "It Happened One Night" which Cap-

Kenneth Tucker In Regular Army

A hurried visitor to this city for the Fourth of July was Kenneth Tucker, 2nd Lieut. U. S. Infantry Reserve.

Lieut. Tucker was relieved on July 1st from duty as Camp Adjutant, Company 863, C. C. C., Camp F-6-A, Mormon Lake, at Flagstaff, Arizona, to accept an appointment for one year's training in the regular U. S. Army under the late amendment to the National Defense Act, said amendment being known as the Thompson Act. Lt. Tucker is to be congratulated since only 1,000 young officers were chosen from the nation's numbers of Reserve Officers. At the end of the one year's training, fifty of these officers will be transferred from the Reserve Corps to the Regular Army. Lt. Tucker has been assigned to the 20th Infantry at Ft. Frances E. Warren, Wyoming, effective July 5th. After spending a brief and pleasant fourth with his parents, Mr. and Mrs. M. C. Tucker, Lt. Tucker departed for his post of duty Sunday evening, July 5th. Tucker is a graduate of A. & M. of the class of '35.

Magnolia Loses First Ball Game
For the first time since the start of the softball season, the Magnolia team held a record less than perfect play when they were thrown from the perfect rating in two consecutive losses last week. The loss of the leaders, made the game play much more interesting and the Cooper and First National Bank teams closely trailed by the Gulf are back in the race for first place.

Magnolia was still ahead with 15 wins and two losses, and Cooper was second with 13 wins and 5 losses. The games placed the runners up two and one-half games behind the leaders.

The big game of the week will bring the Magnolia leaders and the Cooper runners up together

Friday night. These two teams are expected to produce a real battle at the softball stadium. With the slender margin endangered by the game, the two teams will play under pressure.

The curtain raiser for that night will be the Thaxton and Barrow Grace. The remainder of the games of the week will match the second division teams against the first division teams.

"Devil's Squadron" Opening At Palace
The test pilots, unsung heroes of aviation, are held up for the well-deserved pats on the back and recognition of their valorous deeds in a film that is scheduled to open for Friday and Saturday at the Palace Theatre. It is Columbia's roaring drama, "Devil's Squadron," and it stars the square jawed Richard Dix.

Dick Grace, one of the world's foremost aviators, who has come

into the limelight for his hazardous stunting and crashing of his plane for the movies, wrote the story. Grace, a test pilot himself, is in an ideal position to appreciate the men who are the first to fly new planes, who try them out so if there is any structural defects, the flying daredevils will be the first to come crashing to earth in them.

Test pilots do not take planes up for a gentle, level ride and then land easily. It is necessary for them to put the planes through the most difficult death-defying stunts—tail spins, rolls, power direv, etc.—so that every part of the plane is tested to the utmost. Featured with Dix in "Devil's Squadron" are Karen Moley, Lloyd Nolen, Billy Burrud, Shirley Ross, Henry Mollison, Gene Morgan, and Gordon Jones. Most of the players are either licensed or student pilots in real life.

According to the story, Dix Nolen, Two test pilots, fall in love with Miss Morley Dix, because of an unjust stigma attached to his name and because he refuses to hurt Nolen, superintendent of the airport, who gave Dix his chance to make good again, is unable to tell Miss Morley that he loves her. But close association with death amid flaming planes and strained nerves, changes much and the story goes on from its premise to a dramatic climax.

This is Dix's first American picture since "Transatlantic Tunnel" which he made in England in "The Littlest Rebel."

We Do Not Measure Success By Profits Alone

If, through careful service, we can help our patrons to greater prosperity, our business will take care of itself.

The growth of our business and any profit we may expect from it entirely depends upon the prosperity and growth of the community as a whole.

It is this thought that has guided our policy for many years and we are constantly on the lookout for new opportunities to render helpful services to our customers and friends.

What a Money-Saver My Dodge Is!

says "RUSS" OAKES, nationally known Baltimore sports writer

I was sold up to the hilt on the new 1936 Dodge long before I bought one. Now that I have one I am just bursting with enthusiasm about it.

For looks it's an eyeful... How it handles... and what a money-saver it is! I'm getting close to 21 miles to the gallon of gas... Use no oil between drains...

...and that Dodge is just packed with expensive-car features. Think of it! It sells for just a few dollars more than the lowest-priced cars... At the rate it's going it will eventually cost me less than my old small car... No wonder Dodge sells more automobiles than any other make with the exception of the three lowest-priced cars.

Comedy Full Of Fun and Thrills Booked by Palace

With Margaret Lindsey and Glenda Farrell teamed as a pair of young women lawyers, "The Law in Her Hands," the new first National comedy drama which comes to the Palace Theatre next Saturday at midnight, is gay with fun and vivid with swift and dramatic action.

The picture literally starts with a bang when a racketeer hurls a bomb into a restaurant where the two feminine lawyers are being photographed at luncheon by a news cameraman. This starts their career for they squash the gangster's alibi by producing the photograph which shows him just behind the two girls.

Their cleverness catches the attention of the boss racketeer who offers them a fat retainer to handle his business for him. The girls refuse until Warren Hull, who has the role of an assistant district attorney, and the lover of Miss Lindsey, makes the mistake of having her appointed to defend a criminal to whom he has already obtained a confession.

Furious at being framed, the women lawyers first win their case and then decide to fight the tricks with tricks. They accept the offer of the racketeer to handle his cases, and become famous as criminal lawyers, winning cases by tricks, not only clever, but hilariously funny.

Lyle Talbot has the part of the boss racketeer who overplays his hand when he poisons milk for babies to enforce his graft and murders witnesses to cover up his tracks.

CITATION BY PUBLICATION THE STATE OF TEXAS.

To the Sheriff or any constable of Wichita County, Greeting:

YOU ARE HEREBY COMMANDED to summon Herman E. Kiel, and his unknown heirs, by making publication of this citation one each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the 78th District Court of Wichita County, to be held at the Court House there- of in Wichita Falls, on the first Monday in September, A. D. 1936, the same being the 7th day of September, A. D. 1936 in a suit, numbered on the docket of said Court No. 30299-B, wherein

O. L. Kiel, Mae Johnson, joined herein by her husband, W. T. Johnson, Ernest L. Kiel acting herein by and through his duly qualified guardian, O. H. Kiel, are plaintiffs and Herman E. Kiel, and his unknown heirs, Eula Ruff and her husband A. D. Ruff, Marie Meyer and her husband Herbert Meyer, Minnie Hemme and her husband, G. H. Hemme, are defendants.

That the plaintiffs, O. L. Kiel, Ernest L. Kiel and Mae Johnson, and the defendants, Herman E. Kiel, Marie Meyer, Eula Ruff, and Minnie Hemme are all the surviving children and heirs at law of their father, Louis H. Kiel, deceased, and mother, Isabelle Kiel, deceased, and that their said mother, Isabelle Kiel, died intestate in Wichita County, Texas, on or about the 7th day of March, 1909, and that the community property of the said Isabelle Kiel and her surviving husband, Louis H. Kiel, after the death of the said Isabelle Kiel was never partitioned, but remained in the hands and possession and control of said Louis H. Kiel, until his death as heretofore alleged.

That the said plaintiffs, O. L. Kiel, Ernest L. Kiel, Mae Johnson, and the said defendants, Eula Ruff, Marie Meyer, Minnie Hemme and Herman E. Kiel are the surviving children and legal heirs at law of the said Louis H. Kiel, deceased, and Isabelle Kiel, also deceased, and they are all and the only surviving heirs at law of the said Louis H. Kiel and Isabelle Kiel, deceased, and that each and all of said plaintiffs and defendants are more than twenty-one years of age.

That the said plaintiff, Ernest L. Kiel, has heretofore been adjudged of unsound mind and is confined in the hospital at Little Rock, Arkansas, and that the plaintiff, O. L. Kiel, was on or about the 29th day of May, 1934, appointed by the County Court of Wichita County, Texas, guardian of the person and estate of the said Ernest L. Kiel, and is now the duly appointed, qualified and acting guardian of the said Ernest L. Kiel.

That the plaintiffs, O. L. Kiel and Mae Johnson, and the defendants, Eula Ruff and Marie Meyer, since about the 26th of February, 1934, have made diligent search and inquiry as to the whereabouts and residence of the defendant, Herman E. Kiel, and that they and each of them have been unable to ascertain any knowledge as to the residence of the said Herman E. Kiel; that the defendant, Herman E. Kiel, is more than twenty-five years of age, and to the best knowledge of said plaintiffs and defendants, is a single man and has never been married, and the plaintiffs represent to the Court that they do not know whether said defendant, Herman E. Kiel, is now living or dead, and that if he is dead they do not know of the residence of any of any of his unknown heirs.

Plaintiffs would further show to the Court, that their father, Louis H. Kiel, died intestate in Wichita County, Texas, on the 26th day of February, 1934; that after the death of the plaintiffs' and defendants' said mother, Isabelle Kiel, as above alleged, the said Louis H. Kiel never re-married, but lived a widower until his death on the 26th day of February, 1934; that the said Louis H. Kiel, deceased, at the time of his death, left an estate consisting of personal property and real estate, all of which was located and situated in Wichita County, Texas, and also left certain debts at the time of his death, which was a charge against said estate, and that the personal property belonging to his estate was used in paying the debts owing by said estate.

That the plaintiffs, O. L. Kiel, Ernest Kiel, and Mae Johnson, and the defendants, Marie Meyer, Eula Ruff, Minnie Hemme and Herman E. Kiel, are each and all the point owners of all the land, real estate and personal property belonging to the estate of Louis H. Kiel, deceased, each owning an individual one-seventh interest in and to said property as the lawful and legal and only heirs of Louis H. Kiel, deceased.

That there has been no administration of the said estate of Louis H. Kiel, deceased, and there

was no necessity for such administration since all debts against said estate have been paid, as above alleged.

That after all the debts and claims which the said Louis H. Kiel, deceased, owed at the time of his death, has been paid, as above alleged, each and all of the plaintiffs, and each and all of the defendants described in this petition, except Herman E. Kiel and his unknown heirs, made and entered into a written division and partition of all the real estate, land and property owned by the said Louis H. Kiel, deceased, at the time of his death. That said petition was consummated on the 31st day of December, 1934, by each and all of the plaintiffs and defendants, except Herman E. Kiel, executing and delivering to each, other special warranty deeds covering the respective tracts and parcels of land, which each of said heirs accepted as their respective share of said estate, as follows:

(a) The plaintiff, O. L. Kiel, accepted the following described tracts of land, to-wit:

(g) That all of the plaintiffs and defendants herein executed a special warranty deed to the defendant, Herman E. Kiel to the following tracts of land, as his share of said estate, to-wit: Situated in Wichita County, Texas, and being described as follows: Being the 101.57 acre tract out of the N. Dembriski Survey, Abstract No. 66, situated in Wichita County, Texas and described as follows: Beginning at a point in the center line public road and the East line of the said Dembriski Survey, 2551 feet South of the northeast corner of said survey; Thence South 89 deg. 46 min. West along fence line 3449 feet to a fence corner; Thence South 0 deg. 46 min. East along fence line 1283 feet to a stake; Thence North 89 deg. 46 min. East 3446 feet to a point in the center line of public road and the East line of the said Dembriski Survey; Thence North along the center line of said public road 1283 feet to the place of beginning and containing 101.57 acres.

Being a part of the G. C. & S. F. RR Co. Survey, Certificate No. 4805, Section No. 2 and known as the J. H. Lamb Survey, Abstract No. 814, situated in Wichita County, Texas, and described as follows: Beginning at the Northeast corner of the N. Dembriski Survey, same being the Northwest corner of the J. H. Lamb Survey and a point in the center lines of public roads; Thence South along the center line of public road and the East line of the said Dembriski Survey 2960.6 feet; Thence East 1283 feet to a stake in fence line and the East line of the J. H. Lamb Survey; Thence North 0 deg. 06 min. West along the East line of said survey 2960.6 feet to a point in the center line of a public road and the Northeast corner of the J. H. Lamb Survey; Thence West along the center line of public road and the North line of the said Lamb Survey 1277 feet to the place of beginning and containing 87 acres.

All of Lot No. 13 in Block No. 11 of the Southland Addition to the City of Wichita Falls, Wichita County, Texas, together with all improvements thereon situated. which land is of the value of \$4,500.00, and is described in deed

dated December 31st, 1934, and duly recorded in the deed records of Wichita County, Texas, invoice 338, p. 214, to which reference is here made.

These plaintiffs would further show the Court that all of the plaintiffs and all of the defendants, except Herman E. Kiel, immediately upon the execution and delivery of the respective deeds to each other in partitioning said estate as above alleged, accepted their respective tracts of land as their full share of said estate and went into immediate possession of same and are now in possession of same. That they each have rendered their respective tracts of land for taxes and have used, occupied and enjoyed the possession of same, and have each and all made valuable improvements upon their respective tracts of land.

These plaintiffs would further show the Court that said partition among the plaintiffs and defendants was and is a fair, just and equitable partition by and between all of the plaintiffs and defendants of the estate of Louis H. Kiel, deceased. That the defendant, Herman E. Kiel, by reason of the deed made and executed and delivered by all of the plaintiffs and other defendants herein, owns the same in fee simple title, as his full share of said estate, but that by reason of the plaintiffs and other defendants herein being unable to locate and find Herman E. Kiel, the said Herman E. Kiel still owns an undivided one-seventh interest in and to all of the land described in this petition as belonging to the plaintiffs and all of the other defendants herein, and that by reason thereof the title to all the plaintiffs' and other defendants' respective tracts of land herein is clouded, and the Court should render a judgement and decree upon the trial of this cause vesting out of the said Herman E. Kiel all of his right, title and interest in the above described tracts of land belonging to the plaintiffs and to each and all of the other defendants herein, as above alleged, and vesting his said title to said respective tracts of land in each of the plaintiffs and defendants herein, as the same has heretofore described and partitioned in said deeds, and as above alleged, and quiting the title to said plaintiffs' and defendants' tracts of land.

These plaintiffs would further show the court that the land and premises partitioned by these plaintiffs and defendants herein to the said defendant, Herman E. Kiel, as described in said deed of partition is a fair, just and equitable partition and share awarded to said defendant, Herman E. Kiel, and that the Court should enter a decree and judgement herein ratifying and confirming the share deeded and partitioned to said defendant, Herman E. Kiel, and partitioning the land and premises described in said deed to be a full, just and fair share for the defendant, Herman E. Kiel, out of the estate of Louis E. Kiel, deceased.

These plaintiffs would further show the Court that if upon the trial of this cause the Court should be of the opinion that the defendant, Herman E. Kiel, has not received a fair, just and equitable share in the partitioning of the estate of Louis E. Kiel, deceased, then and in that event, said Court should enter such judgement and decree against each and all of the plaintiffs and all of the other defendants herein, requiring them to respond in the payment of such an amount of money as may be necessary to make said share of the defendant Herman E. Kiel, equal to the shares of the plaintiffs and other defendants herein.

This suit is brought in trespass to try title, as well as for damages and for the purpose of removing a cloud from the title of the land belonging to plaintiffs and defendants, and for the purpose of partitioning the land belonging to the defendant, Herman E. Kiel, and his unknown heirs, out of the estate of Louis H. Kiel, deceased, and is for the benefit of the defendants, as well as the plaintiffs, and that all of the Court costs, including a reasonable attorneys' fee of \$150.00 for bringing this suit, should be taxed against the defendants as well as the plaintiffs in this suit.

WHEREFORE, premises considered, plaintiff prays the Court that citation issue to the defendant, Herman E. Kiel, and his unknown heirs, by publication, as is required and provided by law, and that citation issue to each and all of the other defendants herein, requiring each and all of said defendants to answer this petition, and that on a trial hereof of the plaintiffs and all of the other defendants herein have judgement against the defendant, Herman E. Kiel, vesting out of said Herman E. Kiel all of his rights, title and interest in and to the land described in this petition as belonging to respective plaintiffs and defendants, and vesting the title of said Herman E. Kiel in and to their respective tracts of land is described in

this petition, and quieting the title and removing cloud from each of the plaintiff's respective tracts of land and the other defendants' tracts of land heretofore described in this petition.

That the Court enter a judgement decreeing and petitioning to the defendant, Herman E. Kiel, all of the land described in plaintiff's petition as the share belonging to and set aside to the defendant, Herman E. Kiel, in the partition made by the plaintiffs and defendants, as alleged in this petition, and decreeing that said share so given to said Herman E. Kiel is a full, fair and equitable share belonging to him out of the estate of Louis H. Kiel, deceased.

That all costs in this suit, as well as a reasonable attorney's fee of \$150.00, be taxed against each and all of the plaintiffs and defendants in this cause in equal amounts, and for such other and further relief, general and special in law and equity, to which they may show themselves justly entitled.

Herein fail not, but have before said Court, at its next aforesaid regular term, this writ with your return thereon showing how you have executed the same.

Texans are seeing Texas during CENTENNIAL YEAR!

The big Centennial Central Exposition at Dallas is drawing millions of visitors from out of the state and over the state.

This successful event and the many equally interesting Texas celebrations are focusing the eyes of the nation on Texas. Texas may well be proud of its Centennial events.

But best of all, Texans are knowing Texas. East Texas is visiting West Texas! North Texans are going South! South Texans are traveling North, and West Texans are seeing the East!

Whatever your idea of a real vacation, you'll find them realized in Texas. Mountains, seashores, missions, foreign atmosphere, gay night life, fishing, golf, historic places. Most every attraction you can find anywhere—right here at home.

Make your plans to visit the Centennial Celebrations being held this month. Read the calendar at the right. If you want additional information, write the Chamber of Commerce at cities you are interested in. For a real vacation, SEE TEXAS!

The revolving old age pension was discussed at length by Sartin, who said he favored adequate pensions for the elderly people of the nation. Comparing his stand for Social Security to his stand and fight for the first free bridge over Red River, Sartin declared, "I am building a free bridge over the chasm of depression; one that will care for the aged people of our land and provide for the future of our young people." The candidate concluded his address with the reading of the poem, "The Bridge Builder."

Miss Miller is Wed to Mr. E. J. Tatum

Mr. and Mrs. Carl Miller of Burk Burnett, announce the marriage of their daughter, Miss Ora Lee Miller of Burk Burnett to E. J. Tatum of Brownwood, Texas, this week. The simple ceremony was read at the home of Rev. and Mrs. Miles B. Hays in the presence of relatives and friends last Monday afternoon at 4 o'clock.

Miss Miller is a popular member of the younger set in Burk Burnett and a student at Howard Payne College at Brownwood. Mr. Tatum was a student at Daniel Baker College in the same city, and he is associated with the Chevrolet sales service company in that city. The young couple will make their home in Brownwood after a wedding trip to Dallas and then to Mexico.

You and your family want safe brakes on your new motor car—brakes that will give you maximum stopping power—brakes that will be always equalized, always dependable—and that means New Perfected Hydraulic Brakes. Chevrolet is the only low-priced car that has them.

SOLID STEEL one-piece TURRET TOP

You want a safe roof over your head, too—a Solid Steel one-piece Turret Top. It gives complete overhead protection... is smarter looking... helps to keep passengers cooler in summer and warmer in winter... eliminates necessity for top repairs or re-dressing. Only Chevrolet offers it at low prices.

IMPROVED GLIDING KNEE-ACTION RIDE*

You also want the greater comfort and greater road stability of Chevrolet's Improved Gliding Knee-Action Ride*. Millions of Knee-Action users will tell you that this is the world's safest, smoothest ride. And, of course, it's exclusive to Chevrolet in the low-price range.

GENUINE FISHER NO DRAFT VENTILATION

You'll get a lot of comfort out of this feature, too. It gives each passenger individually controlled ventilation... "scoops in" refreshing breezes on hot days... eliminates drafts in cold weather... prevents clouding of the windshield. It's available only in this one low-priced car.

HIGH-COMPRESSION VALVE-IN-HEAD ENGINE

And for all-round performance with economy, there is nothing like Chevrolet's High-Compression Valve-in-Head Engine. It's the same type of engine that is used in record-holding airplanes, power boats and racing cars; it will save you money mile after mile; and it, too, is exclusive to Chevrolet in the low-price range.

SHOCKPROOF STEERING*

Also an outstanding advantage—also exclusive to this one low-priced car—is Shockproof Steering*. It eliminates steering wheel vibration—makes driving easier and safer than ever before. Visit your nearest Chevrolet dealer today and have a thorough demonstration of this only complete low-priced car.

ALL THESE FEATURES AT CHEVROLET'S LOW PRICES

"CASE HISTORY OF A CERTAIN CUSTOMER" or "You Get More for Less"

This story is a delightful and heartening one for summer reading. Although it is non-fiction and every incident is a fact, there is nothing boring in it for any reader, for he is privileged to experience what is set forth in it.

A certain citizen in Burkburnett in May, 1933, paid an electric bill of \$5.08, having consumed 71 KWH at his residence.

Came June, 1933, (as the story book would say) and the opening of a municipal light plant with accompanying lowered rates. The citizen moved to a larger house and used additional electrical equipment.

His bill for May 1936, showed a consumption of 99 KWH, and yet the bill was only \$3.00. He used 28 KWH more and yet his bill was eight cents lower. Had he used only the 71 KWH of 1933, his bill would have been only \$3.74.

A pleasant reading, is it not?

"Absolute Quiet" At Palace Tuesday

"The tempo of your work should match the tempo of your relaxation!"

That's the theory of Louis Hayward, noted stage and screen actor from England featured in "Absolute Quiet," to be shown Tuesday and Wednesday at the Palace.

"If I've had an exciting day at the studio, I find it impossible to home and settle down to some reading or writing," says Hayward. "Rather I like to take a long motor ride in the hills or perhaps, if it is a soft evening, I'll take my horse out for a canter."

"Then again, the day at the studio before the cameras may be an easy one. In that case I get my relaxation in an easy manner such as reading, attending the theatre or taking in a concert."

"It was this theory of mine that was indirectly responsible for my learning to fly a plane. I had just finished 'The Flame Within' with Ann Harding, and although the picture was a very pleasant one in which to work, at the same time it was exceedingly exciting and somewhat nerve-wracking."

"After the picture, I tried several types of sports, but I just couldn't get the needed relaxation until a friend of mine, knowing my trouble suggested that I take up flying. It worked like a charm. It was just the type of relaxation I needed to match the tempo of the picture I had just finished" concluded Hayward.

County Makes Saving Ey Feeding Prisoners

With the help of a check for \$909. from the federal government for the housing and feeding of federal prisoners in the Wichita County jail, this county was able during the past three months to show a daily net cost of less than eight cents each for feeding prisoners.

This information was given Wednesday by J. R. Jones, the county auditor, as pointing the economy resulting from the abolition of the state's old fee system. Feeding costs during the second quarter of 1936 were lower than those of the first quarter, the net cost per day dropping from 14.56 cents to 7.72 cents.

The total expenditure for the second quarter for 6,302 prisoners was \$1,395 while the first quarter showed a total of \$1,481.44 for 6,481 prisoner-days. The gross cost during the first three months of the year was 24.4 cents daily per prisoner, and for the second quarter 22.14 cents per day per man. The federal check

brought the net cost down to the low figures mentioned above.

According to Mr. Jones, the county saved \$2,058.53 during the past quarter by having discarded the old fee system.

Firemen To Hold Big Feed Friday

Members of the fire department will hold a big feed, with barbecued chicken providing the entertaining motif, at the city hall Friday night. The members of the department and their families will gather for the meeting at 8 p. m. The program that has been planned promises to be an interesting one. All of the members have been urged to be present and to bring the members of their family.

To The People Of The 13th Congressional District:

The Campaign for Congress is nearing its end. I have kept you advised of my activities, sending you copies of my speeches in your behalf. You have also had the newspapers to inform you. July 1936 "PLAIN TALK," a of national circulation, gives the votes of each congressman on all important legislation the last two years and shows that I am one of the four congressmen in the States of Texas, Montana, Missouri, Kentucky, Tennessee, Kansas and Virginia, who have voted RIGHT 100% in favor of the PERFORMANCE, NOT a promise. The National Economy League, and its satellites, The Electric Bond and Share Company of New York, the Texas Electric Service Company of Texas, the large income tax payers and grafting corporations selling equipment to the government, the exploiters of the farmers and other laborers would not agree with it.

YOUR DUTY TO YOURSELF, YOUR FAMILY AND THE NATION REQUIRES THAT YOU VOTE RIGHT. Four per cent of the people own ninety per cent of the property of the nation. One per cent owns 59 per cent of it and fewer than 1,000 of them own 25 per cent of it. They had practically controlled legislation for many, many years before 1933; their control is broken but they still own the property and are fighting bitterly to re-establish the control that enabled them to secure the property. Do you belong to the four per cent or the 96 per cent? Compare the conditions and prices of 1933 and those of today, go into the markets, read your newspaper headlines, they will tell you unmistakably. THEN ACE sensibly since you are vitally interested in the result. Be deaf to appeals of neighborliness, sympathy or grouches. The man who protects and defends your rights is your REAL friend. The President and his supporting Congress appeal to you. Do this and it will send a message of cheer to your leaders July 25th, 1936.

"SURELY THE CAPTAIN (President Roosevelt) MAY DEPEND ON ME THOUGH BUT AN ARMOUR BEARER I BE."
