JOHN PICKEREL SERIOUSLY BURNED IN KMA OIL WELL FIRE

Electric Light Bulb Explodes Causing Gas and Oil To Ignite

Johnnie Pickerel, 35, of Burkburnett, is in a serious condition at the Wichita Clinic hospital, caused by burns when the Texas Company well No. 23 on the First National Company land in the heart of the K. M. A. field caught fire about 3 o'clock this morning. Pickerel is suffering from severe secondary burns on his back and legs but his face is not burned.

Isaac Chandler, of Iowa Park, who was working with Pickerel, was less seriously hurt and was discharged after first-aid treatment.

L. T. (Bobby) Burns, who was drilling the well under contract for the Texas company, said the hole was flowing by heads when an electric light bulb exploded and gas and oil caught fire. The blaze was extinguished after the spudder had been practically destroyed.

Horse Thieves Caught By Chief Police Bill Stapp

The old West lives again in Burkburnett. Friday morning brought back memories of the old West and of the days when Burkburnett was part of the 6666 ranch, and Judge Bean's court was the only law "West of the Pecos."

Chief of Police Bill Stapp was notified that two young men were trying to dispose of a couple of horses. He investigated and decided that the horses were stolen. He placed the culprits in jail and later secured a confession from them. The horses were stolen near Lawton, Okla., and the boys rode them bare-back to Burkburnett.

Chief Stapp got in touch with the Oklahoma officers and they notified the man that his horses had been stolen. It was the first the man knew that his animals were missing.

Benefit Campaign For The Blind Is Declared Success

The American Brotherhood for the Blind conducted its first campaign here on Saturday, January 22. Nearly thirty school children from the sixth and seventh grades were engaged in selling flowers. Weather conditions were unfavorable and the children found that the organization was almost unknown locally, but despite these facts, the drive was comparatively successful. After expenses were paid, \$29.23 was sent to the head offices in Los Angeles.

The American Brotherhood for the Blind is a nationally known organization and has been in existence for many years. However, they have conducted campaigns in Texas for only the past three years. This year is the first time that this part of the state has been contacted, but the success of this year's drive assures us that from now on the flower sale for the benefit of the blind will be an annual affair in this community.

Funds thus raised are used in printing magazines and books in Braille and in furnishing other supplies for the blind. The organization sends its own representatives to each community where they organize the drive, select some local person to supervise the sale of the flowers, and make arrangements for the awarding of prizes to the children selling flowers. Local merchants are sometimes asked to donate these prizes, but in the event that this is impossible, the Institution awards the prizes. This is a worthy cause and has the endorsement of all religious and civic institutions.

Those serving on the local committee were: Mesdames A. R. Hill, C. J. Morrison, J. H. Brumley and Rev. H. M. Cowling and Rev. Miles B. Hayes. Mrs. Dorothy Gibson supervised the flower sale. The institution's representative to this district was Mrs. C. B. Freed.

Eight Reserve Letters Were Also Awarded Squad Members

Seventeen regular and eight reserve letters were awarded by Coach Volney Hill to members of the Burkburnett Bulldog squad Monday morning. The boys were named Friday by Hill but the awards awaited the report on grades.

Two members of the team, Tolly McKown and Kenneth "Pappy" Whitton received their fourth letter as members of the Bulldog football team. The two members started together four years ago as members of the squad when they were freshmen. Tolly McKown gave evidence that year that he was of star calibre and each season he developed more rapidly to become one of the greatest class B football players in the state.

While the letters and sweaters were awarded Monday the honorees will not have their annual banquet until Friday night. On that occasion Dutch Meyer of T. C. U. will speak. However, the squad members were guests of the pep squad Monday night in an informal banquet at the Rotary club hall.

The boys winning letters were: John Blair, Tom Spray, Orto Elliott, Webb Martin, Dorace Hageman, Kenneth Whitton, Harry Elliott, Jack McKown, Tolly McKown, Fred Brown, Bob Bates, Kenneth Willett, Murray Evans, Ross Martin, manager, Jack Kelly and Richard Johnson.

Only 3 Days Left To Pay Poll Tax

Various tax agencies in Burkburnett this week are appealing to the citizens of this city to pay their state, county and city poll taxes as soon as possible as the deadline is Monday, Jan. 31st. After that date penalties and interest will be added.

For the convenience of those who can not get to town by 5 o'clock the city hall and the chamber of commerce will remain open evenings until the deadline.

Loy Nichols, school tax collector, issued a special appeal this week asking that the school be remembered in the payment of assessments. The need for the year is very apparent and the organization of the school will be greatly handicapped unless there is a decided pick-up in the payment these last three days. His office at the high school building will also remain open evenings during the rest of this month.

Seeking a new, catchy name for its 40-acre Amusement Zone, the 1939 Golden Gate International Exposition is offering \$1000 cash for the best three-word suggestion.

crop on or general commercial crops in 1937 who did not file worksheets last fall began Monday at the office of G. R. McNeil, county farm agent.

Information received by McNeil from College Station indicated that a completed worksheet for 1937 must be filed before such farmers can qualify for payment of the cotton subsidy for last year.

The 1937 cotton adjustment plan provides for payment of three cents per pound on 65 per cent of the farm allotment of cotton to each farm. The worksheet, showing the number of acres devoted to the 1937 cotton crop and its productive capacity, is the basis of determining the "farm allotment" of cotton.

Forms for use in obtaining the new reports were being mailed Friday, McNeil was informed. Farmers who did not make out worksheets last year, and who grew either cotton or general commercial crops, or both, were urged by McNeil to come to his

office as early as possible. About 800 Wichita county farmers completed worksheets last fall for their 1937 activities. Several hundred more will be required to fill out the pending forms. McNeil estimated, to qualify for their cotton subsidy payments.

Former Burk Man Dies From Fumes

Ray Page Moved to Electra From
Burk 8 Years Ago

Ray H. Page, 39, was found dead in the rear seat of his automobile, which was parked in the family garage at Electra, about 5:45 o'clock Friday afternoon. Mr. Page's son-in-law, Raymond Riddell, heard the motor of the car running and upon investigation found Mr. Page in the car. The doors of the car were locked. He was rushed to a hospital by

Mr. Riddell and Mrs. Page, but physicians failed to revive him. Hospital attaches said death was caused by carbon monoxide poisoning.

Mr. Page had gone to the garage to do repair work on the family automobile, Mrs. Page told Officers Earl McGregor and A. D. Cooper who investigated.

For the last eight years Mr. and Mrs. Page have made their home in Electra, moving there from Burkburnett. Mr. Page was born in Ohio and had lived in Texas for 18 years. He was owner of a welding shop and during the last two weeks had been driving a taxi.

Survivors are his widow, a daughter, Mrs. Raymond Riddell, 16; one brother, Bert Page of Wink, Texas; two sisters, Mrs. Mae Berger of Trent, Texas and Mrs. Roy Oglesby of Ohio, and his father, Bert Page, Sr., Fort Worth.

ROTARY CLUB

Oscar Kemp, program chairman of the local Rotary club, had charge of the weekly program Tuesday noon. His subject was: "Rotary Magazine." He stated that every Rotarian should devote more time to the reading of the Rotarian, the Rotary club's official publication. He stated that if more men would read their Rotary magazine they would become better acquainted with Rotary and that Rotary would become more interesting.

The Rotary magazine is edited by some of the leading editors of magazines and newspapers of the country and they donate their writings free of charge.

Mr. Kemp further stated that the Rotarian was no longer a magazine for Rotarians alone but that some 6,000 libraries over the state subscribed for it, and that some 2,000 clubs over the United States subscribed for the magazine for the library of their schools.

President Brumley reminded the club members of the annual football banquet which will be held Friday night at the Methodist church.

Tolly McKown, high school senior, will be the guest of the club for the next six weeks. John Blair was the guest for the past six weeks.

Rotarians from Wichita Falls attending the meeting were: Leonard Albritton, Jack Bernard, E. M. Scarborough and Geo. Fox. Roy Holt was a guest of Stanley Gartside.

THRIFT NEWS

By B. F. JACKSON

After an illness of several months Mrs. Mattie D. West passed away at the home of her daughter, Mrs. W. L. Watkins last Saturday at 6:00 a. m.

Funeral services were held at the local Baptist church Sunday afternoon under the direction of the Owens-Brumley funeral home. Services were conducted by Rev. E. G. Gregory, Jr., pastor of the local church, assisted by Rev. Cash, pastor of the Primitive Baptist church of Charlie where Mrs. West had belonged for years.

Mrs. West was born May 13, 1861 in Memphis, Tenn., but had lived in Texas for many years. She married at the age of 22 and to this union was born seven children, six girls and one boy, all of whom survived her. All of the children were present at the funeral services with the exception of one daughter, Mrs. Hedgpath of Hamilton, Texas, who was sick and unable to attend.

Eight grandsons served as pallbearers at the funeral service.

The sympathy of the community is extended to the families in their time of sorrow.

The men's brotherhood of the local Baptist church met in regular session Monday night. After a brief business session the meeting was turned over to the program committee. Rev. Daniel Barron, pastor of the Methodist church of Iowa Park gave an interesting talk on values derived from fellowship with each other in the brotherhood.

Sandwiches and coffee were served to 24 men and boys.

Mrs. Jackie Robinson of Monahans is making an extended visit with her sister, Mrs. Burl Matthews.

Mr. and Mrs. Geo. Hodges are the proud parents of a son born to them last week. The boy weighed seven and one-half

pounds at birth. Mother and son are getting along fine. Jerry Leslie is the name of the new arrival.

The W. M. U. of the local Baptist church met in circles Monday afternoon for their weekly business meetings. Circle No. 1 met with Mrs. Hill. Circle No. 2 met with Mrs. J. L. Podbreger. Circle No. 3 met with Mrs. J. W. Stubblefield.

Mr. and Mrs. I. F. Bogs and daughter Margaret Lee have returned after a two weeks visit in Bridgeport, Texas.

The Fairview Bears went to Faxon, Okla., Tuesday night and defeated the Faxon boys in a basketball game 39 to 23.

The Bears will enter the class B basketball tournament at Iowa Park this week-end as top heavy favorites to win over Clara and Valley View. Clara and Valley View play the opening game Friday night and Fairview plays the winner Saturday night. If Fairview emerges as winner in the tournament they will play the winner of the class A tournament to be held in Electra a week later as the Bears won the class B round robin which saw Clara and Valley View wage a see-saw fight for second place.

The Fairview girls drew a bye in the volley ball drawing and will also play in the final game Saturday night against the winner of the Clara-Valley View game Friday night.

Maney Scores Again!

One of the greatest honors that has been bestowed upon a youth in this city, Leonard Maney, was elected mascot for the fire department on January 14, when he was chosen by the firemen. Leonard was chosen from all the grade school children in this position. He is a "reg'lar fireman" and will attend all fires, demonstrations, conventions, etc., with his fellow firemen. Leonard is an honor student in school work. He is a "football star" and also a member of the ball team. His chief interest is athletics, and he hopes some day to be a great football coach. Leonard is very popular with the students and teachers. When anyone sees a back head and two sparkling back eyes peep around the corner, he knows the firemen's "good luck mascot" is looking for fire hazards. Leonard is the son of Mr. and Mrs. Dillard Maney, 301 West 3rd Street.

Clara Greyhounds

Junior News

The Junior class has elected its representative for the annual and boy, oh boy, we have a swell cast. Mary Lois Ferguson is our most beautiful girl and John Osborn is our most representative boy. We Juniors don't want to wait long for those votes to flock in, so hurry, folks.

7th Grade News

The 7th grade who had planned their class party at Leatrice Watson's home, cancelled the party for Thursday night.

Valley Ball News

Although it seemed certain that the Greyhounds would win that last game with Burk, we were again disappointed. However, the game was the most exciting of the season.

If all of Clara's games could be played in the second game, we would have a championship team. In the game with Valley View, the first game was a walk over for Valley View, but in the second the Greyhounds put up a fight and won, and in the third they were defeated. Perhaps the team warms up in the first game, plays a hard game in the second, and rest in the third.

Freshman News

The Freshmen are in the race for election of a school beauty. After several class meetings and a lot of discussion, we nominated Marjorie Hieserman as our candidate.

3rd and 4th Grade News

Due to the illness of Miss Curtis, we were not able to have our Rhythm Band practices several days last week. We had two visitors in our room last Monday. They were Marvin and Jerry Klinkerman from the Barwise school.

Senior News

We have introduced all of our class members, and now we want to present the most important person of the Senior organization, our superintendent and sponsor, Mr. Ralph Davis. Everything that we have done and hope to do we owe to our sponsor; he has aided and encouraged us in every project that we have attempted and only through his support have some of them succeeded. We realize how fortunate we are in having such an interested sponsor, and we want to take this chance to thank Mr. Davis for his consideration.

The Seniors have chosen as their representative for the annual Georgia Mae Lamb, most popular girl, and Kenneth Ferguson, most all-around boy. We will appreciate the votes and backing you give them.

Home Economics News

You are now listening to the Home Economics club, and we give you the news of the week, Thursday, Jan. 20, at 8 o'clock, in the Home Economics laboratory, a formal dinner was given in honor of the faculty. The teachers were resplendent in glamorous evening attire. A five course meal was served, the main course being as follows: Veal bird, Mexican rice tembales with hot cheese sauce, asparagus, garnished with pimiento and havard beats. We now sign off.

Basketball News

The boys finally won a game Friday night from Burk, 25 to 20. We play Chillicothe Monday night, Valley View Tuesday night and Valley View Friday night at Iowa Park in the county tournament. We have high hopes of winning the tournament so all you fans come and watch us play.

The Junior boys played Fairview last week and believe it or not they won. They will play Fairview here again Wednesday at four o'clock. Mr. Davis drew for the county tournament and his juniors go into the finals without playing a game.

Sophomore News

This week the Sophs would like to tell you some of the characteristics of Trevelyn Miller. She has spent all her school years in Clara and is liked by all the students.

Nickname—"Trevelan."
Favorite saying—"Swab!"
Weakness—Raymond Van Loh.

Ambition—To make A in algebra.
Favorite subjects—English and History.
Usual occupation—Writing notes.

5th and 6th Grade News

Edgar Wetsel is absent because of illness.

Melbalene Nelson was out last week. The 5th grade is working on health booklets and the 6th grade is working on Texas History note books. We are making our covers for our books in art. Mildred Butts paid a visit to the dentist last week.

Let and 2nd Grades

We are sorry to have so many absent this morning and hope they are not ill. The Story Club will meet Monday afternoon at 2:45.

"The Shadow"

Unbelievable but true—Captain Jackson made three points in one ball game! A tan 1937 model Chevrolet on the north side of the teacherage means a test in English and Spanish.

The basketball coach sets a good example before the ball players by eating candy. Charles James missed a shot in a ball game, because he was standing in a corner counting the points that he had made.

It seems that when a student moves away from Clara they can not stay long. Our little Rex Alexander just couldn't stay so back he came and every Friday night he and Marilyn Ramming may be seen together at our ball games.

Cupid at Clara. What's the rumors I hear about—? Artie and Marjorie, Ima Gene and Kenneth, Mary Lois and George.

NO PRESIDENT'S BALL FOR BURKBURNETT

Burkburnett has achieved a distinction that no other town of its size in the United States has achieved. Even in Washington the national committee composed of prominent men and women are aware of this city—aware that it stands out in a manner that no other city of its size in the United States achieves.

It is the ONLY—not just one of a few—but the only city of its population class where some preparation has not been made for the celebration of the President's birthday.

If the day were the celebration of mere politicians anniversary, if it were a political move, if it only had social significance or was just a show, it would not be so noticeable that we have not lined up with the rest of the nation.

But it is more than all these things. In addition to being the day we do honor to a man that has won by sheer worth our respect, it is the occasion for aiding in one of the most worthy causes of the whole nation—the aid of crippled children.

It would be different if most of us did not believe in the type of entertainment. There would be some excuse if we had conscientious scruples against such a gathering. But every day we meet. Every day some part of the community indulges in similar activity.

So truly, Burkburnett has won nation-wide distinction—but not an enviable distinction.

FIRE IS EVERYBODY'S BUSINESS

Closed by fire!

At frequent intervals that happens to American factories and other places of business. Gutted buildings, empty windows, a litter of ash and rubbish—these are all that remain of a once-busy enterprise.

In all probability, the actual physical loss is wholly or largely covered by insurance. But that doesn't mean the "fire bill" is paid. Far from it—for the indirect costs of fire are several times as great as the direct costs.

When a business establishment is gutted, it no longer pays its normal taxes. Its employees are discharged. Their purchasing power is brought to an abrupt stop. They are no longer able to pay rent and bills. Many of them may leave town to search for employment elsewhere. Others become burdens of the community, looking to charity or relief for support. Every merchant, every professional man, every citizen feels the adverse effects of empty pay envelopes.

Thus a large fire touches us all. Its consequences extend throughout the entire community. In time, the building may be replaced, new machinery installed, and men again given jobs. But in the meanwhile, the community has suffered an irrevocable loss in wages, taxes and business turnover.

Fire is your business and everybody's business. If you think a blaze that destroys someone else's property doesn't hurt you, you were never more mistaken in your life. For all of us pay the bill for fire—and all of us reap the benefits when fire loss is reduced.

THE ROAD TO THE CEMETERY

When the final and official figures are tabulated, it will probably be found that the automobile death toll in 1937 reached a new all-time record, exceeding the 1936 slaughter with its 37,000 victims.

There is no reason for being surprised at the continued increase. Each year cars are made faster and more powerful—and a dangerous percentage of them become the property of drivers who couldn't be trusted to operate a bicycle safely. Roadways and surfaces are improved, thus offering a new temptation to excessive speed. And the number of accidents in which John Barleycorn is a factor tends to rise steadily.

This doesn't mean that the automobile accident toll cannot be reduced. It can be—but it is going to take action, not words. The individual responsibility of each motorist when he slides behind the wheel of a projectile weighing a ton or two and capable of doing eighty miles an hour, must be driven home. Law enforcement must be strengthened. The "fixer" of traffic violations must be eliminated. It must be realized that driving a car on the public highway is a privilege, not a right to be abused—and license laws must be more stringent. Finally, there must be swift and sure punishment for the reckless or drunken driver.

There are several hundred thousand graves in this country that constitute mute testimony to our past laxity in controlling the automobile. Unless public demand forces a change, you may fill one of the thousands of new graves that, figuratively speaking, will be dug by motorists in the years to come.

Burkburnett History

As revealed by the files of The Star 12 years ago.

Billy Sunday to Hold a Revival Campaign in This City

This campaign is to be a real community affair, and it will be organized with regard to the community rather than with regard to existing church organizations. His party consists of seven people.

The Texas League of American Women will present Mrs. J. F. Gill of Burkburnett, writer and the president of the Texas Woman's Press Association, in a program of original work at 3 p. m. Friday, Jan. 29, at Bambooand of the Adolphus Hotel, Dallas.

Ray Mills, superintendent of the Texas Gasoline Plant west of the city, is reported sick with pneumonia this week. His friends

hope for him a speedy recovery.

The wedding of Miss Erna Obenhaus and Arnold Holtzen was solemnized last Sunday evening at six o'clock at the Trinity Lutheran church, Clara, Texas. The Rev. Paul Kaiser officiated, using the ring ceremony.

The suffering incident to the present blizzard has been unparalleled in the city. At a mass meeting at the First Baptist church next Sunday night, Rev. M. L. Hamilton, pastor of the First Methodist church, will speak and the officers of the United Charities will be reorganized. A campaign for a fund to last for the next twelve months will be put on. The laws against vagrant beggars will be invoked.

A complete two-plateon fire department, stationed on Treasure Island, will guard the 1939 Golden Gate International Exposition.

Opal Thompson Named Honoree Pretty Shower

Honoring Miss Opal Thompson, bride-elect of Sam Keith, Mrs. A. R. Bunstine entertained at her home with an informal party and miscellaneous shower Thursday afternoon. The Missionary Society of the Stringtown church assisted Mrs. Bunstine as hostess.

A motif of red and white was observed in the decorations throughout the reception suite. During the afternoon, Dreda Miller and Frances Goins were presented in a vocal solo. Donna Browning gave a clever reading. Recipe file cards were passed out and each guest was asked to write their favorite recipe for the bride's future meal planning. Mrs. Marie Hinkle presided at the blue and gold register.

Gifts for the honoree were presented by little Bobeta Holland in a red and white decorated wagon.

Guests for the party were served lovely refreshments by the hostess group to Mesdames F. R. Knauth, Fred Minick, M. R. Hewell, Hubert Thompson, G. D. Stacy, J. C. Hinkle, Bill N. Cauthorn, A. R. Juniors Are Selling Subscriptions For Hollands Magazine

Members of the Junior class are now selling subscriptions to the Holland's magazine. The price of one subscription for three years is one dollar. It is the aim of every Junior to sell at least one subscription.

The class is to receive fifty per cent of the sales. That percentage will be used to help finance the banquet that the Juniors plan to give the Seniors in the spring.

Rabbit Creek

January 23, 1938
 and news came to this neighborhood Saturday afternoon of the passing of the big pasture pioneer, Woods, who at the time of his death last Thursday was at the age of 84. Bud, as he was known by his host of friends, lived near Randlett for many years. He was loved by all who knew him, he was a good husband and a good father.

His many friends in the Big Rabbit Creek community send their heart felt sympathy to his loved ones and relations to whom he has left behind.

At last the big slow rain finally did come in plenty of time to save the grain crop all over the county, as it was a general rain. It started to rain at 8:15 p. m. and stopped Sunday morning at 6:10. An inch of rain fell.

Tobe Hardin, Mrs. Martha Nails, spent Saturday night with

the Owens family.

Mrs. Martha Nails and son Charlie and Edgar Harris left by auto one day last week to visit relations and friends over in Eastern Oklahoma, around Melburn and Atoka. They will be gone several weeks.

Thousands of people were in the friendly little city Saturday to be at the big Coupon Book drawing. Those coupon books represent the hard old cash.

John Ashton and family were shopping over in Burkburnett Saturday.

James Day, the son of W. D. Day, a few days past had a narrow escape of losing a span of

his fine mares as Jim stated to Hawk Eye. He was down in his pasture and missed his mares about 5 p. m., so he found their tracks in the sand and he followed them for a half a mile up the river in the sand hills. Finally he came up on them tied together and were partly hidden in a big plum thicket. When Jim got closer he saw a guy sitting down in the thicket holding the two mares, waiting till it got dark so he could get them out to some big truck waiting to be loaded up. Jim hollered at the guy and he jumped up and started running for the river and Jim right close behind but not close enough to catch the guy. So the guy waded the river and finally made his get-away. Jim took his mares on home.

Randlett Saturday morning a remnant of cotton bales and got \$1.35 per 100 lbs. for same.

At this writing the clouds are very heavy with all indications of more rain for tonight. The rain which fell Friday and Saturday night is worth many thousands of dollars.

Ed LaBarre was transacting business and shopping in Burkburnett Saturday.

Mrs. Ed Martin left last week for Oklahoma City where she is visiting with her son and daughter-in-law.

Yours truly,

FORD OFFERS TWO NEW CARS and keeps their PRICES LOW

There are two new Ford cars for 1938—the De Luxe and the Standard—differing in appearance, appointments and price—but built on the same dependable Ford chassis.

Both bring you the basic advantages of a V-type 8-cylinder power-plant—smooth performance and compact design. The De Luxe Ford has the 85-horsepower engine. The Standard Ford provides a choice of 85 or 60 horsepower. Both new cars are economical to operate. The Standard, with thrifty "60"

engine, costs less to run than any other Ford car ever built.

And both new cars are priced low. Low price, like economy, is a Ford tradition. Ford founded the low-price field 30 years ago and keeps Ford prices low.

The De Luxe Ford costs slightly more than the Standard Ford, but provides more style with extra room in the closed sedans. Both cars, in proportion to price, represent unusual values. Both are built to the same high standard of mechanical excellence. There's a dealer near you.

LIONS CLUB

Herbert Kiesling and Barney Lorang had charge of the Lions club program Tuesday night and presented Rev. Gregory, pastor of the Highland Heights church of Wichita Falls, who took as his subject "The Value of Man." He valued man from a chemical standpoint, socially, financially and morally. He stated there were enough chemical elements in man to produce 25 pounds of tallow candles, enough carbon to make 8000 pounds and enough phosphorus to make 600,000 matches and enough iron to make a ten-penny nail.

He further stated there were 2,500,000 criminals in the United States, half the population of Texas. There was \$376,000 spent for the betterment of the livestock industry and only \$14,000 spent on child welfare. Little Miss Dorothy Lorang favored the members and guests with a delightful piano solo.

Texans and Oklahomans Enjoy Real Barbecue Sunday

A number of friends of Howard Bentley and Geo. Byerly enjoyed a real treat Sunday in the form of a barbecue with all the trimmings. The feed consisted of barbecued goat and was barbecued by the "king of all barbecuers," Geo. Byerly.

The guests began gathering about 2 o'clock at the Bentley farm, just across the river in Oklahoma, and after Wid Phillips had told his usual number of stories everyone got down to the real issue of the day, that of seeing who could eat the most goat.

The following men from Texas and Oklahoma were doing a lot of bah, bah, Monday: H. D. Smith, Harry Farris, Jack Hatcher, Jim Pirtle, W. N. Wadley, Joe Kilgore, Roy Brock, Cecil Brock, Wid Phillips, Jess Ashton, Henry Grace, Charley Grace, Bill Bryant, Clarence Poole, Roy Jackson, Stanley Gartside, Beane Garland, Hubert Gregg, Alvin "Bojaj" Caddell, Pop Ivey, Tex Willis, John Brookman, E. Appropriation Bills

Last Tuesday, the House passed the Treasury and Post Office Appropriation bill and began the consideration of the Naval Appropriation bill. The Naval Appropriation bill was debated the remainder of the week and finally passed on Friday. This makes the third of the ten major appropriation bills passed by the House and sent to the Senate.

The President in last Friday's press conference made clear the following five-point program regarding the elimination of all holding companies:

1. The Administration can never agree to a modification of the 'death sentence' requiring dissolution of all but first degree utility holding companies except under certain conditions.

2. The situation is not to be tolerated wherein utility holding companies with \$600,000,000 of assets can control \$13,000,000,000 of utility capital. This amounts to a four inch tail wagging a ninety-six inch dog and the Administration's plan is to cut the
