A \$21,000,000,000 CUSHION!

United States legal reserve life insurance companies are perhaps the greatest distributors of wealth the world has ever seen. For every hour during 1937, night and day, they paid \$333,333 into American homes. For the entire year these hourly payments footed up to the staggering total of \$3,000,000,000. Of this vast sum 60 per cent was paid to living policyholders, and the balance to beneficiaries.

Since 1930, the legal reserve life insurance companies have paid to American citizens \$21,000,000,000—a sum 12 times greater than the total war debts of all Europe at present in default and owing to the United States. In other words, life insurance furnished a \$21,000,000,000 cushion against the worst depression in history.

FIRE TRAP SCHOOLS

Again the North American continent has been the scene of a ghastly school fire—a small college in Montreal, in which the death list was more than a score. The hundred-odd pupils and students who were saved owe their lives to miraculously good fortune.

As many authorities have pointed out, the condition in thousands of American schools presents a constant hazard to their occupants. And this is true not only of old wooden buildings which were erected before much was known of fire-resistive construction. Many a relatively new school, though handsome and massive in appearance, is honeycombed with unnecessary hazards. Inadequate stairways, doors that open inward, poorly situated fire escapes—these are but a few of the dangers that can be found in schools built at great cost in recent years, as well as in the ramshackle buildings of yesteryear.

The school boards which have jurisdiction over these dangerous buildings didn't consciously approve hazardous design and construction. They simply didn't know any better. But here is a case where ignorance is no excuse—where, indeed, it is in the nature of a crime. No school should be built until qualified experts have examined and approved the blueprints. And every existing school—no matter how safe it may seem to the layman—should be inspected by experts in order to unearth and correct possible dangers.

Thousands of children have died in school fires that would not have occurred had the buildings been properly constructed. Every parent should demand fire-safe schools.

Burkburnett History

As revealed by the files of The Star 12 years ago.

The bid of the Austin Brothers Bridge Company of Dallas for \$239,000 for the construction of the proposed free bridge across Red River connecting Burkburnett and Randlett, Oklahoma, was accepted Tuesday evening at a joint meeting of the Oklahoma State Highway Commission and representatives of the commissioners' court of Wichita County.

W. G. (Pat) Morrison, formerly with Magnolia Petroleum Company, and F. C. (Pat) Crawford, formerly with the Burk Oil Jobbers and postal clerk in the local postoffice for a number of years, have accepted positions as car salesmen with Caro Motor Company.

The regular meeting of the Board of City Commissioners was held Monday night in the City Hall. As a result of the action of the commission at this time, twenty street lights will be added in the residential part of the city. The Wichita Falls Electric Company is extending their service to Glendale street, which has been without electric power connections.

The American Legion banquet held Thursday night was an enjoyable affair and was attended by a large number of members and guests. A splendid program accompanied a delicious dinner.

On last Monday night, the gro-

cery and auto accessory store of L. O. Campbell, located at the edge of town on the highway leading to the bridge, was robbed of about \$500 worth of goods.

Nathan Lynch, owner of The Toggery, announces that he is presenting "Robin Hood," one of Douglas Fairbanks' most popular pictures, at the Palace Theatre free of charge, on Friday, Feb. 12, from 10 a. m. to 4 p. m. He is giving the show during a special advertising campaign of Robin Hood shoes for children.

Mr. and Mrs. Charles Walling and family left this week for San Angelo, Texas, where they will make their future home.

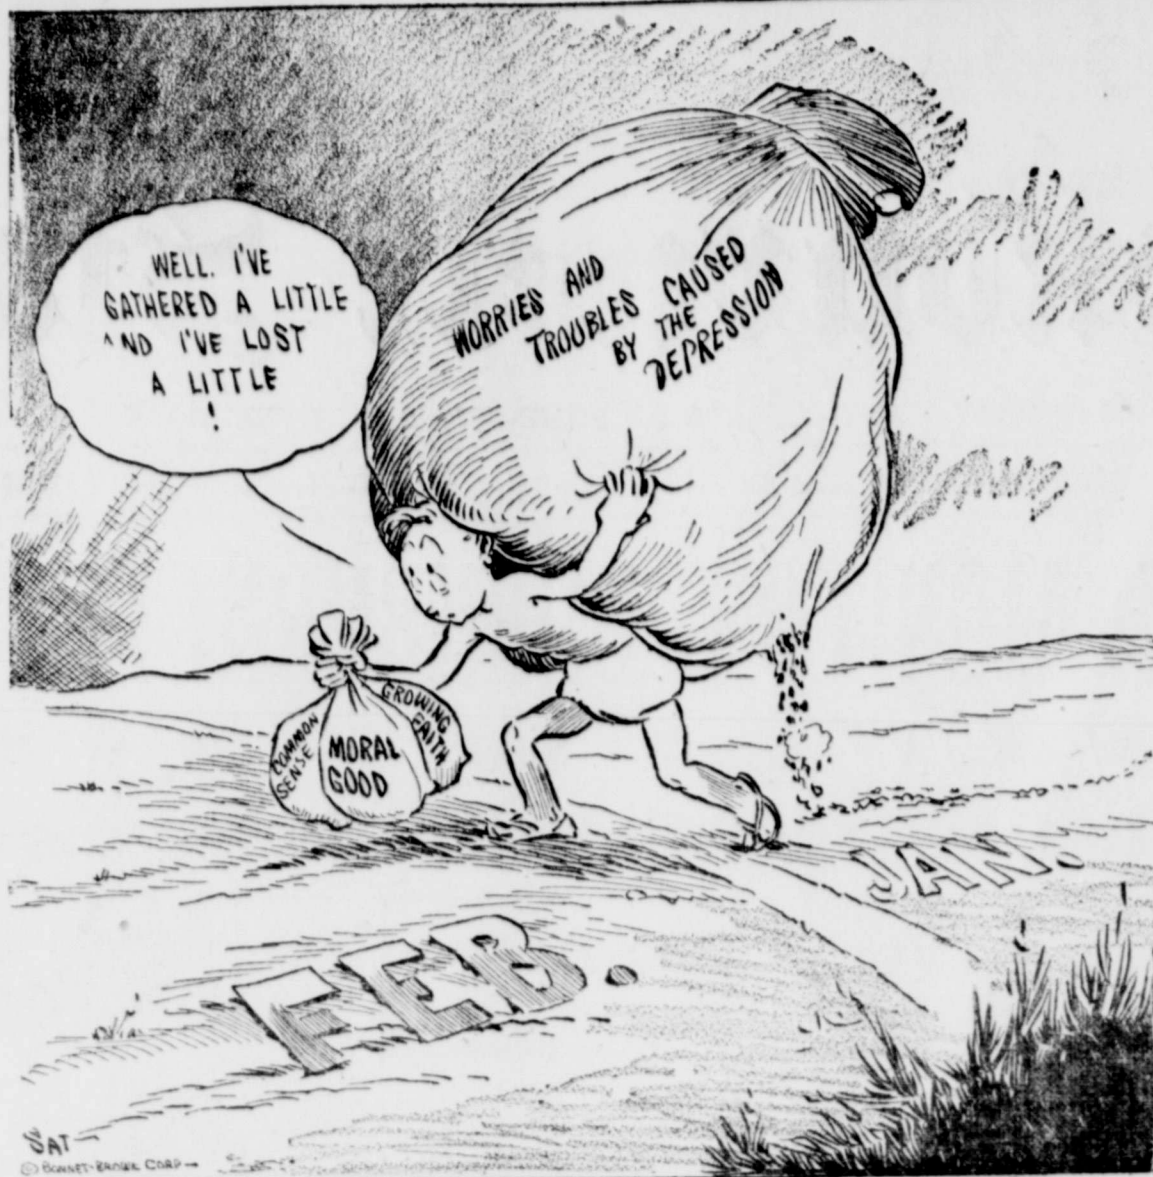

Mrs. John P. Wright has received her embalmer's license from the state of Oklahoma. This will permit Mrs. Wright to practice her profession in that state as well as in Texas.

Mr. and Mrs. Arch Fry were the honorees of a merry party Friday evening in celebration of their wedding anniversary at their home on East Main street.

Ed Peterson, vice-president of the McCarty Oil Company, is seriously ill at a hospital in Wichita Falls, following an operation for appendicitis.

Typewriter Ribbons, Star.

OVER THE FIRST MARK

Hints for the Household

Hints on Carving

The first thing that is needed for carving meats is a sharp knife, a firm hand and an appraising eye.

Rib or Sirloin Roast

Hold it firmly with the skin side up. Carve it from the crisp edge to the bone, in thin, parallel slices, and then slip the knife under the slices and cut the meat from the bones.

Filet or Beefs

Begin at the thick end and cut across diagonally. The slices should be half an inch thick at the most.

Beefsteak (Porterhouse)

Carve the steak in two pieces and then cut the tenderloin and sirloin from the middle bone. Cut in thick uniform slices.

Rump Steak

Cut with the grain of the meat in thin, parallel slices.

Leg of Lamb

With the round side up, place

the carving fork in the center of the roast, and cut in thin, parallel slices across grain to the bone.

Loin of Veal or Lamb

Cut the backbone of each rib before cooking. Cut the roast between ribs, serving one for a portion.

Crown of Lamb

Carve in the same manner as the Loin of Veal or Lamb.

Saddle of Mutton

Make the cuts parallel to the backbone, half to three-quarters inch apart, then cross-cuts at right angles to former, about two and a half inches long. Slip the knife beneath bone to the free meat.

Roast Turkey, Chicken, Capon or Guinea Hen

Place the bird on the back and insert the carving fork across the highest point of the breast-bone.

Cut through the skin between the second joint and body, close to the body. Pull back leg and second joint in one piece with knife, disjoint and then cut off the wing. Cut in thin, parallel slice the breast meat. Cut the second joints from drumsticks and carve them in slices. Carve one side completely before starting on the other side. Light meat, dark meat and stuffing should be included in each portion.

Broilers

Cut the broilers in half and then in half again, severing it at the joints. A quarter or half of a broiler should be served, according to the size of it.

Game Duck

Cut the breast meat from one side, then from the other. An individual portion is half a breast. As a rule the legs and wings are too tough for table use.

ROADSIDE DEBATE

It's okeh, boys, growl and snarl at each other. Remember, the best defense is a good offense, so just keep on giving each other "the works." These two gents act as if the caution light was the signal to throw caution to the four winds. Better wait until the green light actually flashes before starting across the highway. It's tough on your blood pressure to make yourself fly into a rage just to lead the other fellow to think that after all it's his fault, not yours.

Mild Weather Is Best for Pruning

Latter Part of the Dormant Season is Advised for Peach Trees

Although far-sighted fruit growers will take advantage of mild weather to prune their trees, it is sometimes advisable to wait until the latter part of the dormant season to prune peaches.

Pruning under favorable wea-

ther conditions is not only more comfortable than during extremely cold periods, but it also more economical as a worker can do more pruning in a day. Furthermore, an early start in pruning operations is some insurance that the entire orchard will be pruned and the brush removed before it is time to start spraying or cultivating.

It is suggested that apples be pruned first and peaches toward the end of the dormant season, since there is more danger of winter killing of peach buds than apple buds. Many fruit growers prefer to wait until some of the most severe winter weather is over before pruning their bearing peach trees.

This practice makes it possible to consider the amount of bud killing when cutting back or thinning out branches on which there are fruit buds. For example, fruit bud injury may be quite severe throughout the lower portion of the trees and light enough in the tops to insure at least a partial crop if the trees are not cut back too hard. Bud injury may also be more severe on some varieties than on others, thereby making some modification of the pruning practice desirable.

In general, however, the commercial fruit grower finds it necessary to start pruning early in the dormant season and to continue during the entire winter in order to complete the work in time to be ready for the early spring spraying operations.

Traffic Conditions In Texas to Be Subject of Broadcast by Hines

Harry Hines, former chairman and present member of the State Highway Commission, will broadcast over station WFAA Friday night, January 28th, from 9:45 to 10 p. m. on "Traffic Conditions in Texas."

Burk Bride-Elect Honored at Wichita

Miss Mildred Owens, teacher in the local schools, whose approaching marriage to Willard Dillard has been announced, was complimented with a lovely party and shower given Thursday evening at her home at 2014 Speedway, Wichita Falls. The hostess was assisted by Mesdames Herman Keesee, A. J.

OUR SERVICE KNOWS NO DISTANCE

We take full charge of the sacred duty of bringing loved ones from a distant point. In this, as in every case, it is our desire and our duty to assist to the utmost. This we gladly do. In time of need we stand ready to help . . . any place . . . anytime . . . anywhere.

OWENS & BRUMLEY FUNERAL HOME

Phone 121

Owens, and J. L. Powell, Jr. The party was an enjoyable addition to the pre-nuptial courtesies being extended Miss Owens, the bride-elect of Willard Dillard of Burkburnett. The wedding is to take place February 5, at the home of the bride's parents, Mr. and Mrs. Z. P. Owens of Ennis, Texas.

Miss Owens is a graduate of the Wichita Falls High School and Junior College. She holds a degree from North Texas State Teachers' College in Denton and has been a member of the faculty of the Burkburnett school system for the past two years.

Mr. Dillard is the son of Mrs. A. B. Dillard of Sulphur Springs. He is employed by the Mackay Trucking Company in Burkburnett, where the couple will make their home.

Thursday's party featured a floral background of delphinium, acacia, yellow daisies and calendula. The flowers were arranged in blue and gold bowls which are the chosen colors of the bride-elect. Golden tapers burning in blue candlesticks provided a soft illumination.

The entertainment for the evening consisted of two vocal selections by little Miss Gwendolyn Griffith. Informal games and a treasure hunt followed. The treasure hunt ended with the discovery of a collection of gifts for the honoree.

Refreshments were served to

the following:
Mesdames C. C. Owens, Owens, W. S. Gullaborn, Owens, W. A. Roberts, Powell, Grace Rollins, I. Sell, H. W. Conn, Ross E. ley, Phyllis Powell, Cleo Bud Ware, N. A. Ferguson, Worley, C. F. Coffey, J. ban, B. F. Owens, Clyde Olen Owens, Frank Hammes Dorothea Owens, Susan ing, Rosemary Catter, Fell, Jane Gray and Owens.

24 per cent of the cheese making. Thus the farmer deals with big business in things he needs to buy to operate his farm and is likely to be dealing again with big business when he sells his farm products.

Thus from the point of view of the farmer, the problem of farm income and purchasing is thus essentially the same as the problem of jobs and income for the industrial worker.

The Crop Production Loan bill providing \$34,000,000 was passed last week and signed by the President. These funds will be available until June 30, 1939.

Mr. C. M. Evans, Regional Director, Farm Security Administration of Texas, states that 146 loans will be made in Texas this year, an average of five or ten loans to the designated counties but the program is expected to be enlarged next July and each year thereafter.

Some few farmers up on the high lands have started cutting stalks and listing. Since our inch of rain came some few days past the wheat and oats crop has sure grown by leaps and bounds, but if those high winds don't stop blowing the moisture will soon be gone again.

A grand birthday dinner was given by Mrs. Dave Jones and other ladies of the Big Rabbit Creek neighborhood Sunday in honor of Miss Mary Catherine Barroom's 18th birthday. A long beautiful decorated table was laden with all kinds of fine food that could be cooked by the ladies, and they are all fine cooks.

Hawk Eye, for several days past, has been on the sick list with bronchial trouble by contracting a very bad cold. Hawk Eye was never bed-fast, but one half day, at this writing, he is all o. k.

Hawk Eye as usual was among the thousands of shoppers and sightseers which were on the streets of one of the finest cities in Northwest Texas, Burkburnett.

Hawk Eye always calls at the Star office and the C. of C. of the city before leaving the city. As he entered the C. of C. office

Lynching Bill. Last Thursday they voted 51 to 37 against the limiting debate on this measure, which probably means this bill will soon be laid aside and important legislation considered by the Senate.

Big Rabbit Creek

January 30, 1938 Well, sir, that thing they call a blue norther sure did come, at just 10 minutes till 2 a. m. Sunday morning.

Some few farmers up on the high lands have started cutting stalks and listing. Since our inch of rain came some few days past the wheat and oats crop has sure grown by leaps and bounds, but if those high winds don't stop blowing the moisture will soon be gone again.

A grand birthday dinner was given by Mrs. Dave Jones and other ladies of the Big Rabbit Creek neighborhood Sunday in honor of Miss Mary Catherine Barroom's 18th birthday.

Hawk Eye, for several days past, has been on the sick list with bronchial trouble by contracting a very bad cold. Hawk Eye was never bed-fast, but one half day, at this writing, he is all o. k.

Hawk Eye as usual was among the thousands of shoppers and sightseers which were on the streets of one of the finest cities in Northwest Texas, Burkburnett. Thousands upon thousands of dollars changed hands.

Hawk Eye always calls at the Star office and the C. of C. of the city before leaving the city. As he entered the C. of C. office

he had a time entering for men and women paying taxes to the Hon. Herman Engelman, manager and treasurer, and his lady assistant. They were receiving money and checks for property and poll taxes.

The whole Burkburnett Star staff was just as busy as hunting dogs. Mr. and Mrs. Fred Brookman were making out statements getting ready for the first of the month.

Randlett School News

Received Too Late for Last Week Sports-Boys

The boys who are out for basketball are looking for tough work-outs for the next few weeks. The reason for this speculation is that the coach is planning and is carrying out his plans to get all players in top shape for the tournaments that are to come.

The A boys defeated Faxon, last Friday night with a score of 16-23. Cullum was high scoring man with 14 points. Every man on the squad had a chance to show his stuff in this game.

The girls are going to attend the invitation tournament at Altus, the 27th, 28th and 29th of this month. The girls hope to win in their division at this tournament and will put up an excellent fight against any team if they play in the tournament as they have in matched games.

Walter Reeves, the stoutest Randlett Senior boy has happened on to a great discovery. It happened while he was in the bath tub. It is expected to revolutionize the soap industry and it also is a great time saver.

Ronald Blair, the jesting Soph has run across an idea that has changed the old familiar scene of the Greyhound Races. You probably remember if you have ever visited the races the little rabbit that goes on just ahead of the dogs. It was while Ronald was thinking over the bet and money he had lost on the races that he thought of this idea.

Seniors—Erma Jean Beavers, H. T. Bently, Ima Jean Hayes, Lucille Killingworth. Juniors—Juanita Ashton, June Griffin, No Ouida Jones, Opal King, Jewelle Pfeifer. Sophomores—Stella Alexander, Jean Brandon, Dale Killingworth, Virginia King, Warren Stanford, Orenthea Turner. Freshmen—Imogene Bridges, Marjorie Pirtle, Norma Stanford, E. W. Hatcher.

Planning For A Spring Garden

The soil should be broken in the fall not less than 8 inches deep. Another plowing in January is advisable to kill winter weeds and catch the spring rain. Garden soils should be harrowed until thoroughly pulverized and level for planting.

Before breaking garden land make a heavy application of well rotted barnyard manure at the rate of five to ten tons per one-half acre. As a substitute for manure or in combination with it use such high grade fertilizers as 6-12-6 or 6-10-7 at the rate of 5 to 6 pounds per 100 feet or row.

To grow an early garden it is necessary to start such crops as cabbage, cauliflower, tomatoes, egg plant, and peppers in a protected place, and then transplanted to the open garden. A hot bed is excellent for this purpose. To secure a good stand of vigorous vegetables, good seeds must be used. Old seed carried over from the previous year cannot be relied upon.

Quite a number of vegetable Texas Agricultural Experiment Station and these are the varieties that have given the best results as to yield and quality:

Asparagus (Mary Washington), planting date: March and April. Cabbage (Golden Ace, All Head Early, Early Jersey Wakefield, Copenhagen Market, Earliest Flat Dutch), planting date: December or January in a hotbed. Lettuce (Grand Rapids, Early Curled Simpson, loose-leaf, New York or Wonderful, Big Boston and Hansen, heading types), planting date: February and May. Parsley (Doubled Curled and Plain Leaf), planting date: March and April. Spinach (Bloomdale Savoy, Long Standing Prickley), planting date: March and April. Mustard (Southern Giant, Curled, Tender Green), planting date: February to May. Turnip (Seven Top, Shogoin), planting date: March and April. Chard (Lucullus), planting date: March and April. Collards (Southern and Georgia), planting date: March to May. Kale (Dwarf Curled), planting date: March to April. Rape (Dwarfed Essex, New Zealand spinach), planting date: January to May. Beets (Detroit dark-red, Crosby's Egyptian, Early Blood Turnip and Ohio Can-ner), planting date: March to September. Carrots (Chantenary, Danvers Half Long), planting date: March to May. Parsnip (Hollow Crown and Guernsey), planting date: March and April. Irish Potatoes (Irish Cobbler and Bliss Triumph), planting date: March 1-15. Radishes (Long Scarlet, White Icicle, French Breakfast), planting date: March to June. Turnips (Purple-top, White Globe, White Egg and Seven Top), planting date: March to April. Beans, bush (Bountiful, Giant Stringless, Burpee's Stringless Greenpod, Golden Wax), planting date: April to August. Pole Bean (Kentucky Wonder, Carolina or Lima), planting date:

April to August. Cantaloupes (Superfects and Hale's Best), planting date: April to July. Cucumbers (Early Fortune, Davis Perfect West India Gherkin), planting date: April to June. Egg-plant (Black Beauty, New York Spineless), planting date: April. Field Peas (Crowder, Cream, Blackeye), planting date: May to August. Okra (Dwarf Green, Land Pod, White Velvet), planting date: April and May. Peppers, sweet (California Wonder, Ruby King), planting date: February to April. Hot peppers (Tabasco, Long Red, Cayenne, Red Chili), planting date: same as for sweet peppers. Large pumpkins (Big Tom, and Kentucky Field), planting date: April and May. Small Pumpkin (Small Sugar and Striped Cushaw), planting date: April to August. Squash (Early White Bush), planting date: April to August, and (Fordhook and Winter), planting date: April in the winter. Sweet Corn (Honey Lane), planting date: March 25-30. Small Tomatoes (Spat, Red Cherry, Red Pear), planting date: February in a hotbed, April in a field. Large Tomatoes (Jones Pink, Break O'Day, Pritchard), planting date: same as small tomatoes.

to the already well equipped projection room. The box office is to be completely remodeled and equipped with new fixtures. All new equipment will be installed with the desire in the minds of the operators to give their customers the very latest and most efficient service.

Renovation of the theatre will probably not be complete for several weeks, during which time there will be no matinees except on Saturdays and Sundays, at which times they will follow their usual schedule. On week days, however, the theatre will be closed until 6:30 p. m. every day.

DEVOL CHILD DIES SUNDAY

Jimmie Dean Wilkinson, 3 year old son of Mr. and Mrs. J. V. Wilkinson, died of diphtheria at the farm home of his parents south of Devol, Okla., Sunday morning.

Funeral services were held Monday afternoon at 2 o'clock, from the home, with Rev. Traywick, pastor of the Baptist church at Devol, officiating. Interment was in the Randlett cemetery under the direction of Owens and Brumley Funeral Home of Burkburnett.

Survivors include the parents, three sisters, Majorie Ruth Gladys Marie, Viola Sue; and two brothers, Glenn and Billy Gene; and both grandfathers.

If front wheel leaves the road surface, do not jerk car back instantly. This caused many deaths in 1937.

Four per cent of the wages were paid to three companies, and 44 per cent of the wages were engaged in making and evaporated milk, employed by four companies. One-third of cotton seed oil and meal was handled by companies. Approximately half of the poultry killing done by four concerns, 27 per cent of sausage making and

250th Century Fund publishes that the farmers' power when measured by investment: 64% of the agricultural industry was in hands of four companies; 63% motor vehicle industry in hands of three companies; of rubber tires; 32 per cent petroleum refining; 25 per cent of all fertilizers, each in the hands of three companies. Thus the buying end the farmer is with concentration and concentration on the selling end is less frequent. Ninety nine per cent of the wage earners are in making tobacco into cigarettes are employed by four companies. Sixty-three per cent of the farm products were owned by three companies. Four per cent of the wages were paid to three companies. Four per cent of the wages were paid to three companies, and 44 per cent of the wages were engaged in making and evaporated milk, employed by four companies. One-third of cotton seed oil and meal was handled by companies. Approximately half of the poultry killing done by four concerns, 27 per cent of sausage making and

A Toast

(Tune—"Drink to Me Only With Thine Eyes") By Robert S. Ragsdale, H7-1 Here is a toast my trusty friend, And give a toast of thine. Take it, or leave it, like or deceive it, You'll find it is divine. The wine it's of, it is the best, It will always stand the test, So take it, or leave it, like or deceive it, You'll find it is the best.

So drink with me of this good wine, And I will drink of thine, In every sup, a stirrup cup. We pledge our troth divine. So all in all, both great and small, In sun or wintry weather, Let come what may, for ere a day We'll stand as friends together.

My Teacher

(Tune—"America") By Jonita Majors My teacher 'tis of thee That I speak so lovingly All through the years. All one thing have I forgot That she poked through my knot My eyes were wet with tears As you pulled my ears.

So drink with me of this good wine, And I will drink of thine, In every sup, a stirrup cup. We pledge our troth divine. So all in all, both great and small, In sun or wintry weather, Let come what may, for ere a day We'll stand as friends together.

CASHION NEWS

Mrs. C. F. Johnson

C. R. Clements and O. B. Clements of Vernon visited relatives at Marietta, Oklahoma, last week.

Mrs. Alva Shaw left Sunday for Davis, Oklahoma, where she will visit relatives.

Irene Evans, student at North Texas Teachers College at Denton spent the week end with her parents, Mr. and Mrs. W. J. Evans.

V. C. Skipwith has been on the sick list for the past few days.

Miss Ruby Fuqua visited with friends at Vernon over the weekend.

Rev and Mrs. Gerald Ward were week-end guests of Mr. and Mrs. D. S. Smith.

Mr. and Mrs. R. B. Rutledge and daughter Bernice visited relatives at Walters, Okla., Saturday.

Willard Mills has been absent from school this week on account of illness.

Mr. and Mrs. J. D. Cooper and Mr. and Mrs. Hugh Nesbit were dinner guests of Mr. and Mrs. W. P. Rogers Sunday.

Friends enjoyed a day of quilting at the home of Mrs. C. R. Clements Tuesday. A lovely covered dish luncheon was served at noon. Those present were: McDames D. S. Smith, Ira Thornton, Dawson Owen, W. J. Evans, C. F. Johnson and C. R. Clements, also Miss Opal Smith.

THRIFT NEWS

By B. F. JACKSON

Rev. and Mrs. E. G. Gregory, Jr., Mr. and Mrs. R. B. Jordan and Mrs. L. B. Herr attended the Workers' conference at the First Baptist church in Wichita Falls last Tuesday.

Mrs. Ellis Gatewood has gone to New Mexico to visit her sister who is ill of pneumonia, but at the present time, is reported to be better. Two of her children are also stricken with pneumonia, both of them being in a more serious condition than their mother.

Mrs. J. L. Welborn, who is in Dallas for her health, is reported to be improving and expects to return home soon.

Mr. and Mrs. I. F. Bogy and daughter, Margaret Lee, visited in Olney last Sunday.

Mr. and Mrs. Wade Bogy visited his sister in Olney last Sunday.

Charles White is home from school on a visit with his parents, Mr. and Mrs. B. L. MacDonald.

D. C. Williams and J. W. Boyd made a business trip to Oklahoma last week-end.

The W. M. U. met at the church Monday afternoon for their weekly business meeting.

Class B Tournament Won By Fairview

In a rough game at Iowa Park last Saturday night, Fairview won the Class B basketball tournament by defeating the Clara Greyhounds 28 to 19.

Clara defeated Valley View the previous night 23 to 21 to enter the finals against Fairview.

The winner of the Class A tournament will play the Fairview Bears at Electra this week for the county championship. Fairview won the championship of the county last year and are out to repeat this year.

Enloe and Brown were high point men in the win over Clara.

The Fairview volley ball girls won over Valley View in two games out of three to win the right to play the winner of Class A for the county championship.

The Junior team of boys from Fairview also won Saturday night and are planning to win the county in the play-off against the Class A winner.

Wyoming leaders in the preparation of that state's exhibit at the 1939 Golden Gate International Exposition have suggested that WPA workers be given the assignment of getting the exhibit ready.

Yellow road signs mean danger—white signs are for information.

Before your accident the road sign told you the curve was there.

High School Has Excellent Reading For Recreation

It is the aim of the Burk Burnett high school library to provide "the best reading for the largest number at the least cost." Aside from the ordinary reference works, encyclopedias, dictionaries and atlases, the library keeps in stock a supply of fiction and prose books which are recommended by the State Department of Education as suitable for recreational reading for the average high school student in the library for each semester of English class work.

At The Churches GO TO CHURCH SUNDAY

FIRST METHODIST CHURCH Rev. H. M. Cowling, Pastor Sunday School meets promptly at 9:45. Morning services are at 11:00 o'clock. Epworth League meets at 6:00 p. m. Evening services at 7:00 o'clock. Our friends are cordially invited to attend.

FIRST BAPTIST CHURCH Rev. Miles B. Hays, Pastor Sunday School at 9:45. Morning services at 11 o'clock B. T. U. at 6:15 p. m. Evening services at 7:30. Everybody invited to attend all the services.

NAZARENE CHURCH Otto C. Perry, Pastor Regular services: Sunday School 9:45. Preaching at 11 o'clock. Evening services, N. Y. P. S. 6:30, preaching at 7:30. Midweek prayer meeting Wednesday at 7:30.

to the students for recreational reading, but they are representative of the general collection. The library is not limited to the modern and as yet untested new books. Many of the old classics are included in the "out-side reading" group. Among these are such well known favorites as the works of Shakespeare, Cooper, Dickens, Hugo, Scott and Stevenson. All in all, the library balances the old with the new and tries to offer suitable recreational reading for each student and his individual taste.

KNOW YOUR TEACHERS

Miss Katherine Lassetter graduated from the Snyder High School at Snyder, Oklahoma. She took her first two years' college work at Southwestern State College at Weatherford, Oklahoma. Later, she took her B. S. Degree in education, with teaching fields in Spanish and Latin. She was a member of a Spanish club at O. U.

Miss Lassetter taught in East Ward, Altus, Okla., prior to coming to Burk Burnett. She has taught second grade work since coming to Burk Burnett twelve years ago. She plans to attend the University of Michigan this summer and start work on her Master's Degree. Miss Lassetter plays tennis and is interested in school sports.

Card of Thanks

We wish to thank all of our friends and relatives for their kindness and sympathy at the death of our son and brother and nephew, also for the ladies who served the lunches and for the floral offerings. Mrs. John Pickerele Floyd Pickerele and family Mrs. Fred Lynch.

Florida Lions numbering 300 are already mapping their route to the 1939 Golden Gate International Exposition and the international convention of Lions to be held in San Francisco.

Louis Crillo, Spokane, Wash., restaurant owner, and a Detroit attorney, will operate together a \$25,000 restaurant at the 1939 Golden Gate International Exposition on Treasure Island in San Francisco Bay. If you get drowsy, stop your car. Get out and exercise. It may save your life.

For Bronchitis--Tough Old Coughs

It's different—it's faster in action—it's compounded on superior medical fact findings new in this country. BUCKLEY'S MIXTURE (triple acting) is the name of this prescription that "acts like a flash"—it's really wonderful to watch how speedily hard, lingering colds are put out of business. Right away that tightness begins to loosen up—coughing ceases—bronchial passages clear—you're on your toes again—happy and breathing easier. Get BUCKLEY'S today at any first-class drug store—a single sip tells why Buckley's out-sells all other Cough and Cold remedies in cold-wintery Canada.

Millions of users feel that they get quicker, more pleasant, more effective relief from ALKA-SELTZER than from old-fashioned unpalatable preparations. That's why ALKA-SELTZER is more in demand than almost any other single item in the average drug store.

We recommend ALKA-SELTZER for the relief of Gas on Stomach, Sour Stomach, Headache, Colds, "Morning After," Muscular Pains, and as a Gargle in Minor Throat Irritations.

We really mean it. Use ALKA-SELTZER for any or all of these discomforts. Your money back if it fails to relieve.

In addition to an analgesic (Acetyl-Salicylate of Soda), each glass of ALKA-SELTZER contains alkalis which help to correct those everyday ailments due to Hyper-Acidity.

In 30¢ and 60¢ packages at your drug store.

Alka-Seltzer

Texas On Parade

(Excerpts from the address given at the Universal Mills 16th Birthday Party, Fort Worth, Texas, January 13, 1938, by M. E. McMurray, manager of the Texas Cream Improvement Association. It is herewith reprinted for Universal Mills Dealers in every state because of the valuable information and inspiring new outlook it gives on the Dairy Industry in Texas. Other States undoubtedly have similar organizations and any bulletins of this nature sent to us by Dealers in our territory will be gratefully received. (Signed) Advertising Department)

The greatest Jersey cattle breeding area in the world—Jerseys everywhere—approximately 2,016,000 Jersey cattle on Texas farms!

Eighty percent of all the cows milked in this State last year—(1,120,000) were Jerseys. 896,000 heifers all ages, bulls, and bull calves saved for breeding purposes, go to make up the balance of the total.

Placing them in line—one behind the other—one animal for every 16 1/2 feet—320 for every mile—we would have a Jersey parade 6,300 miles long!

Starting the parade from El Paso—crossing New Mexico, Arizona, and California to Los Angeles—then up the Coast to San Francisco—from there East over the Rocky Mountains—through Denver and Omaha to Chicago—across Indiana and Ohio to Cleveland, and further East into New York City—then down the East Coast to Washington, D. C., and from there through Virginia, North Carolina and South Carolina to Jacksonville, Florida—then West across the entire South—back to Texas (adding 1,000 extra miles to make up for detours, etc.)—when the head of this parade entered East Texas, we would still have 15 Jerseys waiting to get in line at El Paso!

During the past year 128 Jersey calves were born in Texas every hour. Better than two every minute, day and night!

If we transported all these Jerseys to Iowa, there would be 67,200 carloads—it would require 1,344 locomotives to pull that many trains of 50 cars each—after they arrived, if they were divided equally, we could place ten Jerseys on each of Iowa's 212,000 farms—"Believe it or not."

Looking ahead—Texas is destined to become a great Jersey Empire. An examination of statistical reports issued by the United States Department of Agriculture for the year of 1935 shows—Texas ranked 10th among the States in the Union in total milk production—8th considering the gross income from the sale of milk—4th in the number of milk cows in farms but only 42nd in production per cow!

Texas now ranks 6th among the States in the production of cheese (having advanced from 10 to 6th place within the past two years)—8th in ice cream—14th in condensed milk—21st in evaporated milk—and 23rd in the production of dried milk. The manufacture of milk casein was started only last year.

In 1920 we imported 60 percent of all dairy products consumed within the State—today we are exporting these products. Since 1920 the production of creamery butter has increased 75 percent. Our production per cow is a disgrace—we are ashamed of our showing, and those responsible for the future of the industry intend to do something about it!

The Jerseys we have would double their production over night if they were properly fed and given the kind of care the Jersey cow deserves. Here we have our greatest opportunity!

The Jersey is naturally a docile and lovable animal—she responds to care, and her environment in Texas is ideal for greater production.

Land—thousands of acres going to waste—land which Texans ignore—land capable of growing grain, hay, pasture and ensilage for the production of milk—land as far as you can see—land already producing feed crops which are not conserved.

A land of plenty—with Jersey cows begging for care and feed! Through the press, which includes daily and weekly newspapers and farm magazines—through our Agriculture Colleges Extension Workers, County and Home Demonstration Agents—through thousands of business men—and, last, but not least, through cream buyers and route men, and through farmers themselves—let's put momentum behind a program which will take Texas Jerseys off a mere subsistence ration and place them on a high production basis.

During this campaign our slogan should be "Feed Those Cows!"

The framer who becomes convinced it is an honor and a priv-

—a business friend
—should be yours

—with an increasing certainty your account at this bank will daily reveal itself as a combination of accumulated dollars, plus a banking co-operation, plus that essential factor of financial prestige and established credit, thus serving as an active efficient workable force in all of your endeavors

"Financial Friends"
—of its depositors

ilege to be the owner of a herd of Jerseys—who, through becoming interested in the cow he milks, increases their production—will, at the same time become interested in the quality of the milk and cream produced. Interest in the one leads to interest in the other—increased production and quality improvement go hand in hand—right down the line!

The future of dairying in this State looks bright—the number of dairy cows is increasing—improvement work is putting more land back into pasture crops, which means more economical production and economic security for our future dairy farmer.

Approximately 7,000 were constructed this year, which brought the total number now in use to approximately 12,000—with an average capacity of 75 tons. Three tons a year per cow is sufficient in this territory—we therefore have ensilage on hand for 300,000 cows.

Our dairymen are beginning to realize the value of the silo for conserving feed crops—if the momentum behind this State's silo construction campaign continues, Jerseys will have feed—the kind of feed that increases production—economical feed that will cut the cost of production. "Contented Cows" producing a cash crop beats waiting a year with the uncertainties of cotton. Native Texans believe in the future of dairying in this territory which their ancestors dramatically carved out of a vast untamed wilderness—they are a proud and progressive people, living in a country which has a glamorous historic background, unequalled by any other section—they glory in the agricultural resources of this state—they revel in and enjoy the climate—they talk about our highways and beautiful scenery, our rivers and harbors, our oil, our cotton, our ranches, and our wide-open space and while spending millions pioneering other more fascinating and alluring developments, they failed to notice 2,016,000 humble Jerseys had already made Texas a great Dairy State.

APPRECIATION HELPS

MARY STARCK KERR

"I wish my children were" as willing to do things for me as some children are to do things for their mothers," said Mrs. Barnes to her neighbor one morning after her Edith and Roland had finished certain duties she had assigned to them, and had gone to their playyard. "My children whine about having to help with the dishes, and each tries to leave for the other the little errands to be done, so that it is really harder to get work done by them than it would be to do it myself. But Mrs. Strong's children always seem willing, and even eager, to do what she asks."

"I was thinking the same thing a few weeks ago," said Mrs. Broady. "I had noticed that when Mrs. Strong said, 'Who wants to do some work for Mother?' all three children would drop their play and come running to her to see what she wanted done, so that she either had to give the work to the first one who reached her, or, if possible, to divide the task among the three. "So when I was visiting in her home one day about two weeks

ago, I thought I would watch closely to see whether I could find out what methods she was using to get such willing service from her children, and I think I have discovered the secret. At any rate, I have been trying to follow her example, and can say that my children have improved wonderfully since I began doing so."

"Do tell me about it, Mrs. Broady; I may try it too," said Mrs. Barnes.

"I used to tell my children to do a certain thing, and when they had finished, if it was not done well, I would point out their mistakes, and sometimes scold them for their failure to do it better. If the task was well done, however, I usually took it as a matter of course, as being just what I expected of them, and said nothing about it.

"But I noticed that when Mrs. Strong's children did something for her, she always found some good point in what they had done and praised them for that; then, if the task on the whole had not been done as well as it should be, she suggested that they improve it in some particular way."

"I see!" exclaimed Mrs. Barnes. "My children have had nothing pleasurable to which to look forward—it has been rebuke or nothing—for I have been doing just as you said you had been doing. But Mrs. Strong's children know that they will receive praise for their work, and that their efforts will be appreciated, even if the results are not perfect."

"Yes," said Mrs. Broady. "Children as well as older folk are discouraged by criticism. They remember their past experiences, and those that have given them a feeling of happy satisfaction they like to repeat; those that have made them feel dissatisfied they avoid. So appreciation makes them willing workers and encourages them to do their best as well as to do it gladly. I see it clearly enough now; I'm sure I don't know why I didn't realize it before."

Waterless Cooking Demonstration Gas Office

Mrs. Carroll Miller, home economist for the United Gas Corporation, was sent by the home offices in Houston to the local office here last Friday to demonstrate the efficiency of new cooking methods developed by the manufacturers of gas ranges.

Mrs. Miller used one of the gas company's own ranges and cooked the whole meal, which was served buffet style, in the oven. No water was used in the process. She gave an interesting discussion of the efficiency of gas as the perfect fuel for cooking.

All local dealers and their employees, the staff from the local gas office, and the employees from the Wichita Falls office, together with Mr. R. W. Lindsay from that office, who is district manager for the corporation, were present for the demonstration.

Local dealers who sell modern gas ranges are: Erwin Daniels, Owens and Brumley, Thaxton, Boyd Brothers, and Kiesling Brothers.

San Francisco's big French colony will celebrate the fall of the Bastille during the 1939 Golden Gate International Exposition.

Construction of Treasure Island, 400-acre site of the Golden Gate International Exposition, has changed the tides in San Francisco Bay.

ETHEL GAMMILL'S COTTON QUEEN

Miss Ethel Gammill was chosen Queen of the Cotton Festival held at Frederick, January 27th. Her duties for the day was as follows:

10:00—She went to the Frederick Hotel and met the princesses and sponsors.

12:00—Luncheon at the Lions club.

3:00—Rehearsal at the Ramona Theatre.

5:00—Tea at Mrs. McGuire's home.

6:30—Attended the theatre.

8:30—Festival.

Miss Gammill was the eleventh person presented from the stage. She was dressed in a beautiful white satin dress with a white lace jacket and wore a white rosebud.

She was presented with a bouquet of carnations, a pass to the Ramona Theatre for a year, and twenty-five dollars in cash.

The community and the school are very proud of Ethel and congratulate her on her success.

Devot Enters Tournament

The Coyote boys and girls entered the Invitation Tournament at Altus, Thursday, and came out victorious. Both teams were defeated on Friday by one point each.

Sixty-three teams entered the tournament. Estelle Arnold was picked as an all-star guard.

Out of all the teams that entered, the girls' team was chosen as the team showing the best sportsmanship. Elmege Pannell was awarded a gold basket ball for being the best sport on the Devot team.

School Men Join Odd Fellows

Mr. Durham, Mr. Landes and Mr. Crouch, all members of the faculty of the Devot public school, were elected to membership in the I. O. O. F., receiving the initiatory degree January 26.

Girls' Sport News

After four hard fought games, the girls came out victorious at the Invitation Basketball Tournament held at Altus, the 27, 28, and 29 of January. The girls beat La Homa in the first game by a margin of 15 points. In the second game with Arnett, Randlett came back strong in the last half to eliminate the Arnett girls by 13 points. In the semi-final game with the Ozark girls, a score of 23 to 33 was the run up. This game seemed to be the hardest of all the games we played. In the final game with Lincoln, Randlett girls were the victors by a margin of 12 points.

The school, in honor of the girls' team, will be presented with a trophy from Altus. The principal of the Altus high school will present the trophy.

On the all-star tournament team from Randlett were: Idella Lee, forward; Lorene Watts, guard.

Idella Lee was awarded a medal for being selected as Queen of the Tournament. June Griffin and Margie Le Barre were considered for the Queenship.

Due to the fact that one of our regular guards, Wilda Nason, was ineligible because of having played in the Junior-High Tournament, three nice discoveries were made in the guarding ability of Imogene Myers, Erma Jean Beavers and Juanita Ashton.

Nationally famous sports leaders are members of committees working toward presentation of the world's most spectacular sports at the 1939 Golden Gate International Exposition.

Committee members who are civic leaders in San Francisco have been meeting weekly for more than a year to further plans for the 1939 Golden Gate International Exposition on Treasure Island.

1-MINUTE SAFETY TALK

By Don Herold

Motoring Humility

The hardest thing in this world to "sell" is humility.

I mean the hardest thing to impart to anybody else is humility.

The very act of trying to give somebody else humility about anything arouses everything else in him BUT HUMILITY.

We are all inclined to shun HUMILITY because it is a virtue that is so close to the weaknesses of cowardice and craven submissiveness. We are all so scared somebody will get a little the better of us, if we give them an inch.

Yet HUMILITY is exactly the quality that humans need a whole lot of, to solve a whole lot of their problems.

We have it in golf and in other sports. We yield. We give the other player the benefit of doubts. We praise his poor shots and discount our own good shots. In other words, we are not scared to be gentlemen.

But when we climb into an automobile, we put a chip on our shoulder and a feather in our cap. We are not going to let anybody slip anything over us on the road. Well, who

does that so-and-so think he is to beat me to the crossing? Nor do we admit that we may have our driving skills, but we concede that the ability that we MIGHT have is the cause of an accident.

No, we are the exceptional ones. We are the person who but drives well. Only smashes.

The sooner we all humbleness and deference at the steering wheel of our car, and the sooner that, even in our hands, is an instrument capable of death and disaster if carelessly or cockily, or instant, the sooner we humiliate ourselves towards wards Fate, and towards momentum and centrifugal force, sooner will we cut our car's annual American according to The Traffic Company, is 36,500 killed and injured.

The automobile is a dangerous one. Driving humility in your heart.

KIESLING BROTHERS TO BRING HOLLYWOOD PICTURE TO BURKBURNETT

"Friendly Valley" to be Farmers Pro-
Feb. 10., 1:30
at Lions Club
Under Auspices
of the Local John
Deere Dealer, Kies-
ling Bros.

prehensive portrayal of the most modern farming methods; and a short news reel showing new developments in agricultural equipment.

farmer, every farmer's wife, and every farm boy in this area to attend this big day of entertainment and education.

experiences in their own farming operations. Many new ideas will be presented during the day which will be valuable to every one present.

are known as a paralytic, enduring a change of structure called arteriosclerosis.

of Lake Worth, Florida. Fish boated were: 29 King fish, weighing from 6 to 20 pounds; a blue runner, a grouper and 2 sail fish, both measuring over 7 feet. The boat left the Singer Inlet dock at 1 o'clock and returned at 5 o'clock.

business meeting of the year. New officers were installed as follows: Mesdames Robert Dunn, president; Henry Stewart, vice-president; N. R. Allen, secretary-treasurer; W. C. Kiesling, chairman; J. J. Blackstone, historian; J. G. Allison, reporter.

ing Bros. Hardware, local Deere dealer, is putting on a big John Deere Day Program for farmers and their families.

"Friendly Valley," an all-Hollywood picture, will be the feature of the all-day entertainment and educational program. Packed with human interest, good music and homely comedy, this all-talking picture promises to be a real treat for everyone who sees it. In the cast of Hollywood entertainers are Frank Darien, Edward Paul Barrett, Lenita Lane, Keaton and many others. The story portrays the loyalty of a rural community to the owned radio station that that community—loyalty is typical of a small town rural people. It shows how the people of "Friendly Valley" support of Marjorie and WTV; and how Jim-Jadger brings Marjorie and into the Badger network. In addition to the feature pictures, they include "Educational Days," an instructive educational picture on tractor and tractor design; "Picnics on Parade," a com-

mission will be made by ticket only, and any farmer who has not received tickets can get them for the asking at his store any time before the show.

left lobe of the brain will cause paralysis of the right side of the body, and vice versa.

tion of years as well as mineral salts which deposit themselves (mostly lime) in the walls of the blood vessels, especially the arteries, whereby their elastic function assumes the nature of "old rubber," inasmuch as any exertion may produce a crack or break in its structure. The resulting hemorrhage inhibits the nerve impulse to the extent that your case is recognized as complete or partial paralysis. You

Grow Old Gracefully

Additional years bring about additional deposits. Additional energy adds additional hazards to your wellbeing. The times you "ran" to make a close connection are over; you are at the stage of life when you had best assume the ways and habits of one gone into retirement. It is well that you now let the younger generation "carry on." Take on the role of an able advisor. You may do the "bossing" but let the other fellow do the work. Hardening of the arteries is an old person's disease, while anybody may have high blood pressure. The treatment is complete repose—look carefully after your bodily hygiene and try not to be a nuisance about the house. It is possible to "grow old gracefully," sweetly and respectfully. Your generation might help to smooth the "down hill" flowery pathway of your declining years. At least be cheerful!

Birthday Party

Bobby Ray Boydston was honored Sunday afternoon by his mother, Mrs. W. E. Boydston, who gave him a party on the occasion of his second birthday.

The little boy received presents from his guests and refreshments of cake and cocoa were served to the following: Cecil Jennings, Billie Bruner, Mary Gene Henderson, E. W. Henderson, Annie Anita Boydston, Betty Jo Bell, Agnes Bell, Allene Bell, Della Fay and Ella Ray Duncan, Junior Boydston. Those sending gifts but not present were: Josephine Morgan, Leona Stephenson, Annie Capps and Grandmother Boydston.

Literature Club Given Luncheon

Members of the Current Literature Club of Burk Burnett were guests at a delightful Mexican luncheon at the Mexican Inn in Wichita Falls Thursday.

Following the three-course luncheon, the group assembled at the home of Mrs. T. H. Bolling, of Wichita Falls. A trio of Mexican children sang a group of songs for the guests.

Mrs. Lewis Ryan was the guest speaker for the afternoon. She gave an interesting travelogue of Old Mexico, describing a trip made to that country by automobile and the return to the United States by rail.

Guests of the Club included Mesdames Lewis Ryan, I. D. Russell, R. M. Gilchrist and C. J. Morrison. Members present were: Mesdames Glen Bear, J. L. Caffee, F. M. Cropper, D. C. Dodson, R. E. Ebbs, B. F. Gilchrist, A. M. Leboeuf, R. L. Mattingly, Roy Magers, J. R. Prince, Joy Sessums, Frank Riley, and the hostess.

Church of Christ Revival a Success

The revival being conducted at the Church of Christ closes on Friday of this week, having completed a very successful meeting. Willis Kreeger, former pastor of the local church, and now of Rt. 1, Henderson, Texas, has conducted the services. He will be remembered as one of the most popular ministers ever to live here, and a great deal of the success of this revival is due to Rev. Kreeger for his tireless efforts and his boundless enthusiasm.

All the services have been well attended and much interest has been shown in sermons delivered. At the present time, seventeen new members have been added to the enrollment of the church, and additional memberships are anticipated.

Everyone is invited to attend the closing services. The time is 7:15 p. m.

LIONS CLUB

Members of the Lions Club especially enjoyed the address of Dr. Bart Dorbandt, superintendent of the State Hospital at Wichita Falls, Tuesday evening.

Dr. Dorbandt discussed recently developed methods in the treatment of mental disorders. He stated that all psychiatrists now agree that kindness and understanding will go much farther in effecting cures than old methods of incarceration and punishment. He brought out definitely that the old ideas of adjudging such unfortunates as insane are often very injurious; such people should be regarded as simply being ill, the affliction being of the mind rather than of the body. Many cases respond to correct treatment.

Dr. Dorbandt came to the Hospital several months ago from San Antonio. He is an effective and very popular speaker.

Little Miss Mary Frances Gambelin was also presented on the program. She gave a reading.

The club had a report on the football banquet.

HOME BUILDERS CLASS

Members of the Home Builders Class of the First Methodist church met February 2 in the home of Mrs. Homer Gilbert for their regular monthly meeting.

The meeting was directed by the class president, Mrs. Bertha Cropper. The program was: song, by the class; devotional by Mrs. Homer Gilbert; prayer, Mrs. M. W. Majors.

Mrs. Andy Key, who had been absent from the class for two years, was welcomed back by all the members.

Announcement was made that the next meeting, which will be an all day meeting, will be at the home of Mrs. F. R. Knauth.

Refreshments were served to Mesdames Bertha Cropper, A. W. Butz, D. A. Westbrooks, J. C.

Parker, W. T. Vance, M. C. Tucker, M. L. Urban, F. R. Knauth, W. A. Browning, Andy Key, Judd Exley, Brown, C. J. Morman, G. D. Stacy and hostesses Mesdames Homer Gilbert and J. M. Patterson. Guests of the class were: Mesdames M. W. Majors, W. W. Gilbert and Schribes.

County Council P.-T. A. to Meet At Valley View

An interesting and informative program has been planned for the February meeting of County Council which will meet on Feb. 9 at Valley View. Mrs. G. C. Hathaway has announced that registration will begin at 9:30, with a sing-song immediately following and with A. H. Breezeale giving the invocation. Greetings from the hostess unit will be extended by Mrs. Roy Lakey, president of the Valley View unit, with Mrs. George Turner of City View making the response.

The morning session will have for its feature, a talk entitled "Parents and Children in Foreign Lands," given by Mrs. H. P. Dunlop of Wichita Falls. Mrs. T. R. Odell of Haskell, president of Thirteenth District will also deliver her message to the council when she talks on "The P.-T. A. Serves." Included also in the morning session will be the roll call of associations, the treasurer's report and various committee reports.

Mrs. O. F. Bagwell of Wichita Falls will report on the extension in this county. Mrs. Frank Bone will discuss education. Mrs. Herman Lange will report on Health. Mrs. E. A. Palm on Goals. J. A. McDonald on Juvenile work. Mrs. R. L. Proud on Motion Pictures. Mrs. E. W. Pohlman on Safety. Mrs. R. E. Van Horn on Publicity. Mrs. Luke Warren on Publications, and J. B. Golden on Legislation. Just before noon Mrs. T. M. Black will report on the endowment fund for the county, and Bennett Cooksey will lead the group in a period of recreation.

Mrs. O. F. Bagwell, chairman

Mrs. V. C. Miller and Mrs. R. J. Elliot of Holliday visited their mother, Mrs. H. R. Garrett, and their sister, Mrs. Ray Mills, Wednesday.

Keith-Thompson

Of great interest to local readers was the marriage of Miss Opal Thompson and Mr. Sam Keith, which took place Monday afternoon at 5 o'clock. The ceremony was performed at the Methodist parsonage with Rev. H. M. Cowling officiating.

Present for the ceremony were Mr. and Mrs. H. C. Thompson, parents of the bride, Bobby Jo and Carter Thompson, sister and brother of the bride, and Mr. and Mrs. A. A. Jacobs.

The bride wore a navy blue crepe dress with a bolero jacket, a blue hat with veil, and blue shoes. Mr. and Mrs. Keith left immediately after the ceremony for Breckenridge, where they will be guests of Mr. Keith's parents.

Both young people are well known in this community. Mr. Keith has been an employe of the Magnolia Company here for several years. Mrs. Keith's parents are prominent citizens in this locality, having made their home at Stringtown for many years.

Following a short wedding trip, the young couple will return to Burk Burnett, where they will be at home in an apartment at H. W. Prinzing's, on Second street.

NAZARENE NOTES

We are looking forward to a great revival with Rev. Murphy. Come early in the meeting, then you will continue to come. If you like good special singing, hear him, and good preaching, too.

Next Sunday closes our contest to see who wins the Bibles and the New Testament, for bringing the greatest number to each Sunday School class. We are pulling for 100, help us reach it. Thank you!

The Missionary Society meets

in the home of Mrs. A. D. Small Thursday afternoon. The time will be spent in prayer. Do you believe in prayer? Help us raise the spiritual moral condition and activities of this town.

Our regular services will be at the same time as announced before. Sunday School 9:45, preaching 11:00 o'clock, young people's society meets 7 p. m., preaching 8 o'clock. You are welcome.

Demonstrating how to do the "Hop," "Skip," and "Swing" movements of the popular SHAG DANCE.

The Shag, the dance that is sweeping the country, is simple in its fundamental steps, but the variations that can be worked out by the individual are without limit. The basic steps are taught by the world-famous dancing teacher, Arthur Murray, and some elaborate variations are illustrated by his Shag Dancers, in the short film novelty, "How to Dance the Shag." Be sure and see it!
