Male Species More Deadly In Traffic

The male of the species is at least more deadly than a female when at the wheel of an automobile, a summary of traffic accidents by the Texas Department of Public Safety indicates.

Covering the last three months the report shows that of 556 drivers involved in fatal accidents reported in that period, 32 were women, with no report received on the sex of the drivers of the remaining 38.

Pedestrians must be God's chosen people. They are scattered all over the earth.

April 4th to 11th Proclaimed For Crippled Children

Dallas, April 5th—Heralded by an official proclamation by Governor James V. Allred, the sale of Easter Seals for Crippled Children commenced throughout Texas April 1st. The Governor, who bought the first Easter Seals, has proclaimed the week of April 4th to 11th as Crippled Children's Week in Texas.

Abe Goldberg, Port Arthur philanthropist, who is in charge of the state organization for the sale of seals, announces that more than 100 Texas counties have been fully organized and are ready for the campaign. The goal in Texas is \$50,000 to aid crippled children, and the campaign is under the auspices of the Texas Society for Crippled Children, of which Charles F.

Ashcroft of Sulphur Springs is president.

The proclamation of Governor Allred setting forth the purposes of the Texas Society is as follows:

"WHEREAS, the Texas Society for Crippled Children, whose voluntary unselfish service in behalf of the unfortunate crippled children of our State is one of the outstanding humanitarian movements of this decade; and

"WHEREAS, this fine organization is conducting its 5th annual sale of Easter Seals from April 1st to April 17th, 1938;

"NOW, therefore, I, James V. Allred, Governor of the State of Texas, do hereby proclaim the period from Monday morning, April 4th through Sunday night, April 10th, 1938, as Crippled Children's Week in Texas and call upon a generous public to give liberal support to this great humanitarian work through the purchase of Easter Seals."

Millions of Easter Seals, selling at a penny each in sheets of one hundred, have been distributed throughout the state to organizations and individuals interested. The seals this year are in yellow, blue and white, showing a crippled girl watering an Easter lily.

State Easter Seal sales headquarters are at 326 Wilson Building, Dallas, and any person wishing to buy or sell Easter Seals in counties not yet organized is asked to write them immediately.

Plants that grow in gold-bearing soil often contain gold in their tissues. In one recent study of this subject made in Czechoslovakia, a scientist extracted 610 grams of pure gold from one ton of horsetail ash.

Star Want Ads Bring Results

Cotton Long Way From Parity Price

"When a Texas farmer spent the money he received for a bale of cotton sold during February of this year, he came out of the store with just half the goods he would have gotten back in February of 1909-1914 from the sale of a like bale," Geo. Slaughter, Wharton, chairman of the Texas Agricultural Conservation Committee, pointed out in the course of a recent session of the committee at Texas A. & M. College.

"If cotton were selling at 16.2 cents a pound now, a bale of cotton would buy just about what it would have bought in 1909-1914," Slaughter said. "This is what is meant by parity price. The spot price of cotton in February was around 8.1 cents a pound."

Parity cotton payments, or cotton price adjustment payments of 3 cents a pound, which farmers who co-operate with the AAA program will receive on their '37 crop, will narrow the spread between the price they actually sold their cotton for and the parity price of 16.2 cents.

In February of 1937, the money for a bale of cotton bought three-fourths the amount of goods from a store that a like bale sold in 1909 to 1914 bought. The huge cotton crop of 1937 quickly reduced the things that a bale of cotton would buy at the present price level.

The new farm act contains the provisions for parity payments to narrow the gap between what a farmer should be able to buy when he sells a bale of cotton and what he can buy, Slaughter said. That provision, however,

Political Announcements

The Star is authorized to announce the following candidates for office, subject to the action of the Democratic Primary, Saturday July 23 1938.

For Congress, 13th District:
W. D. McFARLANE (Re-election)
ED GOSSETT
For Commissioner, Prec. 2:
FRED R KNAUTH (Re-election)
WILL TEAL
For District Clerk:
R. L. (BOB) SANDERFORD
I. A. FARRIS
For County Clerk:
JULIAN McFALL

Among the characters in famous stories and songs who actually lived under their own or some other name were: Little Lord Fauntleroy, Mother Goose, Annie Laurie, Falstaff, Dick Turpin, Danny Deever, Alice in Wonderland and d'Artagnan and The Three Musketeers.

What does it profit a boy to be known as the best dancer in the county if for lack of a trade he winds up in the poor house in old age.

Many of these people who try to give you the impression that they have a bigger bank account than yours also have bigger worries.

depends upon the funds to be provided by Congress. Whether this money will be provided through processing taxes on manufactured cotton goods or otherwise is being discussed at present by congressional committees.

Office Supplies at The Star.

Burkburnett . . . History

As revealed by the files of The Star 12 years ago.

Henry Pearlman of this city, owner of the Army Store here and the Manhattan Store at Electra, is in a critical condition in the Walker-Hargrave hospital at Wichita Falls as a result of an automobile accident Sunday on the Fort Worth road 15 miles from Wichita Falls. The car hit a rut in the road, causing the driver to lose control, and turned over, pinning Mr. Pearlman beneath the wreck of his large roadster.

A permanent injunction restraining the Texas Highway Commission from expending state funds in building a bridge across Red River at Burkburnett was granted by Judge George C. Calhoun of the 53rd district court. However, work will go ahead on the bridge as scheduled. Actual work will probably begin next week, it was stated.

An increase in acreage in oats and wheat is noted by a survey of Wichita county made recently by Guy R. Jones, county agricultural agent. The stand is excellent and indications at this time are that a bumper crop is

Reorganization
The Senate by a vote of 43, finally passed the Reorganization Bill and sent it to the House. The bill has been considered for several days. The House passed two bills for the reorganization of the Government during the session of this Congress. The Senate considered four titles under the bill, and the House took the bill and substituted their Senate Bill, and measures we are beginning general de-

bate on the Reorganization Bill last Thursday, and continued the same Friday and Saturday, and the debate is expected to continue throughout most of this week until the measure is finally passed. The same reactionary forces who have bitterly opposed the President on every major piece of legislation, are continuing their vicious attack of misrepresentation upon this measure. Because of the far-reaching effect of their propaganda, many friends of the Administration have been misled as to the intent and purpose of the Bill. Very few people writing and wiring the Members have read and considered the provisions of the Bill. Briefly stated, the Bill gives the President the power to reorganize, consolidate or abolish whatever Departments of Government are deemed advisable, in order to reduce expenditures and make the Government more efficient, exempting from these broad powers some sixteen Departments of Government, known as quasi judicial agencies including the following Commissions:

Interstate, Federal Trade, Federal Power, Securities and Exchange, Federal Communications, the National Labor Relations Board, the National Bituminous Coal, the United States Maritime, the Engineer Corps of the United States Army, the Coast Guard, the General Accounting Office and the United States Tariff Commission.

The principal objection raised against the bill, outside of the general propaganda phases of "Distasteful" etc., are:

1. Gives Executive too much power over Comptroller's Office.
2. Would require 2-3 vote to override the Executive Decree.
3. Centralizes power of Civil Service Law.

The Committee in charge of the bill, has agreed that amendments providing that an executive order may be disapproved by a majority vote of Congress, that the Educational Bureau and the Veterans Administration will be left in their present respective Departments, eliminate practically all of the legitimate complaints against the bill and the measure should now pass and go to conference without further trouble.

It is plain however, from the bitter propaganda circulated on this measure, that the enemies of the President expect to continue their bitter partisan oppo-

sition on any and all measures contained in the President's program throughout the remainder of this session.

TVA Investigation
The House considered TVA investigation last Wednesday and passed same after a spirited debate in which the opposition tried to eliminate the private power companies from investigation with their activities in trying to destroy TVA. The Senate quickly agreed to the House amendments, and the measure was sent to the White House.

The A. T. & T. Investigation
The Federal Communications Commission last Friday made public their report of the American Telegraph and Telephone Company investigation which has been in progress for the past two years. The telephone industry has never had any Government agency to regulate its power. This report recommends that such power be given to the Federal Communications Commission to regulate the telephone industry, and the rates they charge the public. The 25-page summarized report, which briefly summarizes some 10,000 printed pages of testimony and exhibits, specifically points out how the telephone monopoly rates should and could be reduced at least 25 per cent without in any way hurting the efficiency of the company. The writer for the

Texas Rivers Plan Urged By Board

Orderless, uncoordinated treatment of Texas water problems, however natural and excusable it may have been under pioneer conditions, should no longer be tolerated, the Texas Planning Board says in a report made public on the "development of Texas Rivers."

The report, which contains comprehensive water plan for the state, points out that Texas has not "utilized its extensive water resources to as great an extent as have numerous other states." This fact, the report explains, may be fortunate for the state since the haphazard growth of water development in other states has complicated the formation of a comprehensive and integrated water plan.

The Planning Board's water plan is not a fixed plan. A fixed plan, the report says, is impos-

sible because future water requirements can seldom be predicted for more than a few years in advance. The plan, however, does provide a starting point.

Source To Mouth
In drawing up the plan, the planning board considered each drainage basin or watershed as a unit and took the water problems as they arose from the source to the mouth of the river. Where rivers or streams touch or influence other states, the planning board worked out the problems on these rivers and streams with the planning boards of the interested states and with the national resources committee.

Priorities
In discussing the numerous projects, the report says: "Since all projects in a comprehensive water plan cannot be undertaken simultaneously, a program involving priorities is necessary. In general, preference has been given in the present study to investigation projects designed to afford information indispensable for proper action later; to construction projects for which adequate and reliable data are available; to projects involving benefits that exceed costs in relatively high degree; to multipurpose projects having relatively high social values for comparatively large numbers of people; to projects of immediate, rather than prospective, urgency; to projects not likely to be delayed by legal and other non-technical complications; to projects which it is believed would fit properly into a comprehensive water plan when it shall have reached a later and more detailed stage; and to projects already authorized by the Congress or now under way."

Projects
Projects are grouped under three classifications, these which are ready for construction or study and which should be undertaken as soon as possible; those which are desirable for immediate construction or study but which involve questions of public policy; and those of an indeterminate character. Eight basins or watersheds are considered in the report, the Sabine-Neches river basin; the Trinity river basin; the Brazos and Colorado river basins; the Guadalupe river basin; the Nueces river basin; the lower Rio Grande and Pecos basins; the Red River basin, upper and lower; and the Canadian river basin. The problem of each basin is

presented along with a general description of the basin or watershed and the recommended plan for each basin and the list of projects.

Plans
Projects include soil erosion, irrigation, flood control, navigation, stream pollution, sewage disposal plants, drainage, wild life conservation, topographic mapping, ground water curves, measurements of stream flow, climatological data, water power, sanitation and disease control.

Costs
Projects total \$373,418,499 and cost of projects recommended for each basin are, Sabine and Neches basin, \$19,064,070; Trinity and San Jacinto basins, \$26,207,645; Brazos and Colorado basins, \$117,237,560; Guadalupe basin, \$10,305,614; Nueces basin, \$24,903,070; Rio Grande and Pecos basins, \$26,224,700; upper Red River basin, \$36,761,640; lower Red River basin, \$71,492,200; Canadian river basin, \$41,222,000.

The Planning Board's water plan was incorporated into the report on drainage and basin problems of the United States submitted to the President by the National Resources Committee.

Texas Is Next To California In Truck Acreage

Dallas, April 5th—Significant evidence of growing diversification in farm crops, highly desirable in the South to ease the shock of dwindling cotton markets, is seen by the All-South Development Council in the rise of Texas to second place, next to California, in acreage devoted to commercial vegetable crops.

The 271,550 acres of Texas land producing truck crops in 1937 was nearly eight times the 35,000 acres so utilized in the state in 1919, bringing the state from 12th place to second. The \$19,255,000 in cash income from such crops put the state in fourth place nationally, in that table, and was a large gain from the \$14,700,000 valuation in 1936.

California, which has been the leading state in both acreage and income for many years, was far out in front in valuation, with \$92,735,000. Florida and New York were second and third, with valuations of \$26,745,000 and \$25,180,000, respectively.

Other southern states, making vigorous efforts to "balance agriculture and industry" as well as to balance the different factors within agriculture and lessen their dependence upon cotton, have greatly increased their commercial vegetable acreage, too. The report cites a study by Gustave Burmeister, Department of Agriculture economist, showing that Louisiana's acreage last year was five times as great as in 1919; Alabama and Mississippi four times, and Georgia and Florida tripled their truck crop acreage in that period.

Spinach was Texas' principal truck crop in acreage last year, its 50,000 acres representing about two-thirds of the total in the nation, though marketing faults make the income to "winter garden" farmers uncertain. Acreages devoted to other leading crops were: tomatoes 46,000, watermelons 46,000, cabbage 36,000, onions 21,200, Irish potatoes 13,000, carrots 7,800, snap beans 7,300, green peas 6,000, cantaloupes 5,200, strawberries 2,100, green peppers 1,600, egg plant 500, and cauliflower 150.

Texas' progress in crop diversification is noted also in its substantial production of corn, wheat, oats, grain sorghums, grapefruit, peaches, pecans, peanuts and other staple and fruit crops not listed in truck lists. Increasingly better balance in agricultural pursuits will help to round out farm incomes and stabilize purchasing power, the council's report noted, improving the state's rating as an active consumer market and therefore as a magnet for new commercial and industrial enterprises.

Improved roads, making possible rapid transportation by trucks, and improved facilities for handling food products during the winter and early spring have been important factors in the growing commercialization of Texas vegetable crops, the report said. That there is room for con-

tinued expansion was shown, however, by the fact that one-third of all the vegetables unloaded in Dallas alone last year came from California, and that was four times the amount received in this city from Texas shippers.

Texas Gets Some New Industries

The building of additional oil refineries and the location in the State of concerns established to serve the oil industry account for the principal manufacturing activities in Texas during the month of February, Clara H. Lewis, editorial assistant in the University of Texas Bureau of Business Research, pointed out in her latest monthly survey of Texas manufacturing developments.

The Humble Oil and Refining Company has completed its new refinery at Bloomington, and the Amoco Refining Corporation has built an electrically operated plant at Corpus Christi.

The new industries include: Bakoring, Inc., Houston, manufacturing piston rings; C. F. Ryan Tool Company, Houston, reconditioning oil field tools; and the Ralph Pierce Sheet Metal Company, Dallas. Mrs. Lewis said.

Broadcasting
"Broadcasting Recordings, Inc., Dallas, which began operation in February is the only concern in the State producing electrical

transcriptions for radio broadcasting, according to our present information.

"Among other industries beginning operation during the past month are: Gilbert E. Olson Company, Houston, air conditioning equipment; Clyde E. Ponder, Dallas, commercial uniforms; Service Operating Company, Dallas, bakery; Morgan Brothers Planning Mill, Dallas, and the new plant of the Gulf Portland Cement Company at Houston.

New Canning Industry

"A total of twenty canning plants in the Lower Rio Grande Valley reported the sum of \$172,000 spent for citrus fruit to be used in canning during February. An additional \$14,000 was spent for vegetables by this group of canneries, most of which was paid to producers of spinach.

Besides the list of twelve new industries which began operation during February, others, including a new canning plant at Jacksonville and a packing house at Lufkin are reported under construction.

A Word To The Wise ALKA-SELTZERIZE

EVERYONE SEEMS TO BE USING ALKA-SELTZER THESE DAYS

I SHOULD THINK THEY WOULD... IT DOES WONDERS FOR ME

Millions of users feel that they get quicker, more pleasant, more effective relief from ALKA-SELTZER than from old-fashioned unpalatable preparations. That's why ALKA-SELTZER is more in demand than almost any other single item in the average drug store.

We recommend ALKA-SELTZER for the relief of Gas on Stomach, Sour Stomach, Headache, Colds, "Morning After," Muscular Pains, and as a Gargle in Minor Throat Irritations.

We really mean it.

Use ALKA-SELTZER for any or all of these discomforts. Your money back if it fails to relieve.

In addition to an analgesic (Acetyl-Salicylate of Soda), each glass of ALKA-SELTZER contains alkalizers which help to correct those everyday ailments due to Hyper-Acidity.

In 30c and 60c packages at your drug store.

Alka-Seltzer

An Eye For THE FUTURE

When citizens built the Hardin Municipal Light Plant in Burkburnett, they were looking for future benefits as well as immediate ones.

They were thinking of advantages to the city and its citizens in the months and years to come. They knew their children would reap the benefits of municipal ownership as well as they themselves would.

The establishment of a municipal light plant was an investment for all times. Share the dividends by patronizing it.

Best Average

completed standard-
s in Wichita county's

14 rural schools revealed the highest general average registered in any county in this area in the past five years, according to Warner Rasco, deputy school superintendent.

Standardization requires maintenance of seven grades, plus good building facilities, playground equipment and physical make-up. Aside from the 14 rural schools, there were two parochial

schools which also met the tests. County Line was high with 99.5 per cent; Barwise, second, 99.3 per cent, and City View, third, 99 per cent. Other standardized schools

are Rocky Point, Friberg, Pleasant Valley, Cashion, Fowlkes, Sunshine Hill, Enterprise, Howard, Prairie Cottage, Cobb, Alendale, St. Paul's, Wichita Falls Lutheran, Trinity, and Clara Lutheran.

Rasco, supervisor for 10 counties in this district, commended the "exceptional record" made in this county.

1ST FEDERAL SAVINGS & LOAN ASS'N.
A STRONG, WELL-DIRECTED FINANCIAL SERVICE

This popular financial institution is located in Wichita Falls at 908 Eighth Street, under the direction of well-known Wichita County boosters, J. J. Perkins, Pres.; W. P. Ferguson, V.-P.; N. H. Martin, V.-P.; D. A. Lundien, Sec. and Treas.; E. M. Mann, Att'y., and always is ready to serve you.

hands of men experienced in the commercial world; men the people know.

The Savings plan of this association is one that will meet every requirement of the most searching investigation.

This local home institution enables the people to save safely, and to receive a higher rate of interest on deposits which are fully insured.

They also enable the man who does not own a home to secure one through the association.

In this annual Wichita Falls Business Review, we are glad to point out the First Federal Savings and Loan Association and say it is a most valuable asset to this section. It is a service that helps and is operated by well known local people.

They pay a liberal four per cent rate of interest on savings which are fully insured up to \$5,000 by Federal Savings & Loan Insurance Deposit Corporation of Washington, D. C.

The First Federal Savings and Loan Ass'n. of Wichita Falls is an institution in which the people have every confidence, not only because the laws of Texas and nation make it a safe association to do business with, but also because its affairs are in the

AUTO DEALERS SALVAGE COMPANY
GOOD NEW & USED RADIATORS FOR ALL CARS

Located in Wichita Falls at 304 Scott Avenue, under the management of L. O. Brown, who is well liked by the many patrons.

If you have an old car that is too good for junk and yet you are not disposed to pay the price of new parts, come here and you will be glad to fix the old car up at the savings effected.

A wide selection of new and used parts for all makes and models of cars and trucks are stocked here at prices that will save you many dollars. Phone 3441.

The Auto Dealers Salvage company buys wrecked cars of new make and design so in many cases you're able to find excellent parts and radiators for new model cars at a tremendous saving.

In this review we are pleased to compliment the Auto Dealers and Salvage Company upon the great service they are giving the motorists of this section and to refer them to all of our readers as conducting a most accommodating business.

All parts are good or made good here. You are invited to look over a big yard filled with all kinds of tires, batteries, radiators and parts. You select just what you want and then you'll be delighted at the low price you will be quoted. In fact, you pay just what you are glad to give for the radiators, tires, batteries and parts you select.

THOMAS FUNERAL HOME
FEATURES SUPERIOR SERVICE

To serve the living in their time of need, is the supreme function of this organization. Located in Wichita Falls at 1210 Ninth street. Phone 2-2149.

the proper manner of conducting an interment service, the funerals which they conduct are impressive and convey a lasting feeling and dignity and righteousness that has caused people of this section to think of them during their time of grief.

The ability, equipment and the fairness of the Thomas Funeral Home is a matter of public record. Their personal service is available to families in all walks of life—the cost being moderated by their own wishes.

From the minute they are called until the final duties are performed not a single minute detail is overlooked, not the least semblance of confusion but a systematic smooth-running service is rendered that bespeaks of the deep thought and interest in the work of these professional men.

Clubs and civic organizations all over the United States are being urged to join officials in the campaign to eliminate reckless driving.

Guests of the club were: Barney Flynn, Edgar Mann, Frank Harrison, and Clarence Peden. Two members of the football team, Harry Elliott and John Duke were also present.

R-F FINANCE CORPORATION
IT PAYS TO FINANCE YOUR CAR THE R-F WAY

This modern and popular automobile finance concern is located in Wichita Falls at 718 Lamar Avenue where they are daily demonstrating to their many thousands of satisfied customers that "It costs no more to do business with home folks."

management it enjoys the fullest confidence of the public at large and its influence on the industrial and home life of the community has been marked indeed. Many who could never have raised sufficient cash to buy a new car are now enjoying payments through the aid of this concern.

Its organization was effected some 15 years ago in response to the demand for a sound and aggressive automobile finance service particularly equipped for handling dealers' paper arising from the sale of both new and used automobiles, as well as the advancing of money on a direct loan basis to worthy car owners.

The R-F Finance Company extends a friendly loan service wherein one may refinance his car, reduce and extend his payments or secure additional money for personal needs at new low rates.

Its management is composed of prominent and conservative men who have successfully guided its direction to the enviable standard of one of the best known and strongest automobile finance and loan companies in Texas.

Stop in and get acquainted with the R-F Finance folks in their new air conditioned quarters located adjacent to the Hamilton building at 718 Lamar Avenue in Wichita Falls where each day dozens of new customers are learning that "It pays to Finance your car the R-F Way."

Because of its low rates, square dealing and sound conservative

Wichita Falls Armature Shop
EXPERT REWINDING

Take your electrical problems to this well known Wichita Falls concern located at 810 Eleventh street.

farms, ranches, oil leases, city property, trades and exchanges. Phone 9719.

They are equipped to do all kinds of rewinding and rebuilding of motors and armatures. The men in charge are engineers of ability who understand all the little intricacies of this very scientific line of work.

J. L. Jackson & Son are known for two things—experience and reliability—the things that count most when it comes to dealing in insurance and real estate—experience in local conditions as to actual value and reliability of a known quantity.

The owners, H. V. Lindsey and J. H. Hallmark, will be glad to help you with your plans and give you an estimate on the cost of any work or supplies without obligation.

If you are contemplating selling your ranch, farm, etc., and wish to get what it is worth, it will pay you to consult them. Or if you have some money you wish to invest safely, you will find that Jackson's has some properties which at this time are very attractive buys.

They will furnish service and make trouble calls anywhere at any time. Just telephone 6483 in Wichita Falls. Their service is most modern and no matter whether your business with them amounts to hundreds of dollars or just a small amount their patrons always receive the same courteous and efficient service.

This business review would be lacking in appreciation if it did not direct attention to these leaders in insurance and real estate, who through years of experience have built a reputation for honesty and efficient service second to none in this section.

In reviewing briefly the leading concerns of Wichita Falls and vicinity we are very glad to refer this company to all our readers as a vital factor in the up-building and further expansion of our territory.

Try the Burk Burnett Star for Job Printing.

Eliminations Held Here For Speakers

Elimination contests were held last week by the Public Speaking class at the local high school for a representative to enter the "My Home Town" contest which will be held at the West Texas Chamber of Commerce convention, to be held in Wichita Falls, April 26th.

Finals to determine who will represent Burk Burnett will be held Tuesday, April 12. The students who will compete in the finals are: J. C. Adams, Jr., Billy Walker, Virginia Vaught, Jean Thompson and May McClean. They have been coached by Miss Margaret Tanner, who is Public Speaking instructor.

ROTARY CLUB

Members of the Rotary Club especially enjoyed the talk given by Hammett Vance of the State Highway Patrol at their luncheon Tuesday. Officer Vance lectured on "Safety" particularly stressing the importance of abiding by all traffic regulations in the interest of public safety.

Clubs and civic organizations all over the United States are being urged to join officials in the campaign to eliminate reckless driving.

Guests of the club were: Barney Flynn, Edgar Mann, Frank Harrison, and Clarence Peden. Two members of the football team, Harry Elliott and John Duke were also present.

Junior University Study Club

The members of the Junior University Study Club met in the lobby of the Palace Theatre last Monday evening to attend the technical showing of "Gold Is Where You Find It."

After the show the group went to the Rexall Drug Store for a social hour.

Those enjoying the evening were: Mesdames John A. Wampler, guest; Walter Morris, Harold Van Loh, Truman Garland, Al Ragsdale, Dale Cropper, Victor Spearman, Carlton Royce, Carlos Baker, Francis Felty, John Foster; Misses Alice Wesbrooks and Gladys Wesbrooks.

Henry Hamilton, Inc. BARGAINS IN USED CARS

Located in Wichita Falls at 500 Scott Street has the best outdoor salesroom in West Texas and has the best used cars at the best prices.

Before you buy see this wide selection of bargains. Phone 7540.

One of the chief reasons for their success is that they have given the public credit for intelligence and have respected it in them by only offering good bargains for their money and only selling used cars in a way that will cause them to be highly spoken of by their customers.

Henry Hamilton, Inc., prices are fair—based on the actual resale worth of the car in question. And they will tell you the true condition of any car they offer for sale. They are always careful to guard their high reputation in the community.

The used car that serves you most satisfactorily—that gives you the most transportation for your money—naturally offers the greatest used car value, but when you see the low prices here you will see some real values.

We are more than glad to compliment Henry Hamilton, Inc., upon the position occupied in the industrial world of this section of the county and to assure the public that here they will always get courteous treatment and high grade goods.

The P-T. A. has been asked to give three numbers over KGKO this coming Friday morning on April 8 from 10:30 to 11:00 a. m. Louise Kent will sing, Mary Frances Gamblin will read "Neighbors," and the grade school sextet will sing "There's a Gold Mine in the Sky." This group is composed of Sadie Beth Tevis, Peggy Kemp, Wanda Lou Gragg, Delpha Finch, Derestine Moore, Joy McFarlane, and Dorothy Browning, accompanist.

Mrs. R. L. Mattingly and Mrs. Henry Brumme made a business trip to Dallas Tuesday, buying new merchandise for the Famous Department Store.

THRIFT NEWS

By B. F. JACKSON

Mrs. Max Underwood was honored last week with a lovely shower at the home of Mrs. D. G. Winkles.

Refreshments were served to the following guests: Mesdames J. O. Donohoo, J. V. Hill, Gus Winkles, L. A. Hodges, George Hodges, Henry Hodges, Irene Walker, G. T. Roberts, Troy Miller, Bud Ramsey, Ralph Culpepper, Ralph Davis, Burl Matthews, W. M. Lehman, L. W. Forgueran, Robert Sanders, E. B. Owen, J. L. Podreger, Y. C. Paschall, Harold Crommett, H. L. Dunn, Clyde Reed, A. C. Whigham, L. B. Horr, Edna Black, R. B. Jordan, C. H. Berry, W. H. Draper, R. A. Drennan. Those unable to attend but sending gifts were: Mesdames J. L. Greer, W. L. Watkins, Roy Wood, Herschell Pierce, O. H. Buzbee, R. S. Welch, J. W. Boyd and Waid Bogy.

Mesdames Tom Key and R. G. Hays assisted Mrs. D. G. Winkles in serving the guests.

Mrs. I. F. Bogy, Louis Joe Bogy and Miss Margaret Lee Bogy of Bridgeport, Texas, were guests of Mr. and Mrs. Waid Bogy this week.

Mr. and Mrs. E. B. Owen had as guests last week-end their nieces, Misses Bernice and Althea Wright of Devol, Okla.

Mrs. J. L. Welborn has returned home from Dallas after spending several weeks there for her health.

Funeral services were held Saturday afternoon at the Owens & Brumley funeral home for the infant daughter of Mr. and Mrs. Herschel Pierce. Interment was in the Burkburnett cemetery. The sympathies of the community are extended to the parents in their bereavement.

Rev. I. W. Fulgham of Graham, Texas, filled the pulpit at the local Baptist church at the morning service last Sunday and Rev. G. W. Bales of Wichita Falls preached at the night services.

Leslie Strickland of Ventura, California, visited Mr. and Mrs. C. D. Johnson last week-end. He also visited relatives and friends in Burkburnett before leaving Monday morning for California.

Mesdames L. A. Hodges, L. W. Forgueran, George Hodges and Mr. and Mrs. R. B. Jordan attended the Worker's Conference at the Thornberry church last Tuesday.

Waid Bogy made a business trip to Wichita Falls Tuesday.

Mr. and Mrs. G. D. Winkles, Mesdames Davis, Cook, Watkins and Hardcastle were called to Hamilton, Texas, last Saturday because of the death of their brother-in-law, Mr. Rufe Heds-peth. Funeral services were held there Sunday morning and interment was in the Hamilton cemetery.

The Fairview Senior Class put on their annual class play last Friday night in the high school auditorium. The play was well enjoyed by the large crowd present.

Mrs. Roy Wood and children spent last Sunday visiting her mother in Iowa Park.

Mrs. Jessie Belle Sorrells of Electra was the week-end guest of Mr. and Mrs. J. L. Greer.

Mr. and Mrs. Ralph Humble and grandchildren of Farwell, Texas, visited here during the week-end.

Miss Pauline Welsh has returned home after a visit of several months with relatives and friends in Kansas.

Magazine Service In School Library Up-to-the-Minute

Current literature forms an important part in the recreational reading of the high school student. It is the aim of the Burkburnett High School library to offer approved magazine and newspaper material to supplement the high school students' reading program. Although the supply of periodicals is limited, the variety offered is arranged to cover the various departments in the secondary school curriculum. Among the magazines furnishing a lighter type of literature are the "Boy's Life," "American," and "The Country Gentleman." Along with the "Readers' Digest," these magazines offer enough purely fictional material to supply the demand for such literature without encroaching upon the student's time set aside for study of classroom assignments.

The major importance of the periodical division, however, is the use of that material for reference work involving current events and modern developments in the arts and sciences. Such reference work done by students supplements his daily textbook material and rounds out his classroom lecture in such a way as to give the student a more comprehensive view of the subject studied in a sometimes out-dated textbook. To be specific, the library offers for the use of both the Home Economics department and the Manual Training division such periodicals as the "American Home," "Good Housekeeping," "Pictorial Review," and "National Geographic" magazines. The last named is also used by the commercial geography class along with the "Fortune" magazine and the "Readers' Digest."

The "Hygeia" magazine serves both the Home Economics classes and the Physical Education department. This magazine also provides material for the Science department which also uses such periodicals as "Popular Mechanics," "Popular Science," and

"Fortune." The Social Science department, including the history, economics, and civics classes, is provided the lion's share of periodical materials. These classes use such magazines as the "Atlantic Monthly," "Current History," "Forum," "Literary Digest," "Scribner," and "Time."

Of course, the library furnishes daily newspapers for up-to-the-minute news, and the local paper for local news. These newspapers go hand in hand with the magazines to make up the current literature service of the library. These periodical materials can be checked out for home use after school each day but may be kept out one night only because of the constant demand for some titles. They are kept on reserve in the library for ready reference at any period during the day.

rent literature service of the library. These periodical materials can be checked out for home use after school each day but may be kept out one night only because of the constant demand for some titles. They are kept on reserve in the library for ready reference at any period during the day.

BOUGHT A GENERAL ELECTRIC REFRIGERATOR

SEE THE REFRIGERATOR THAT STARTED A NEW

'SAVE WAVE' IN AMERICA!

BE THRIFTIER! Get a Genuine G-E and Save More in More Ways! This First Choice of Millions now Popularly Priced!

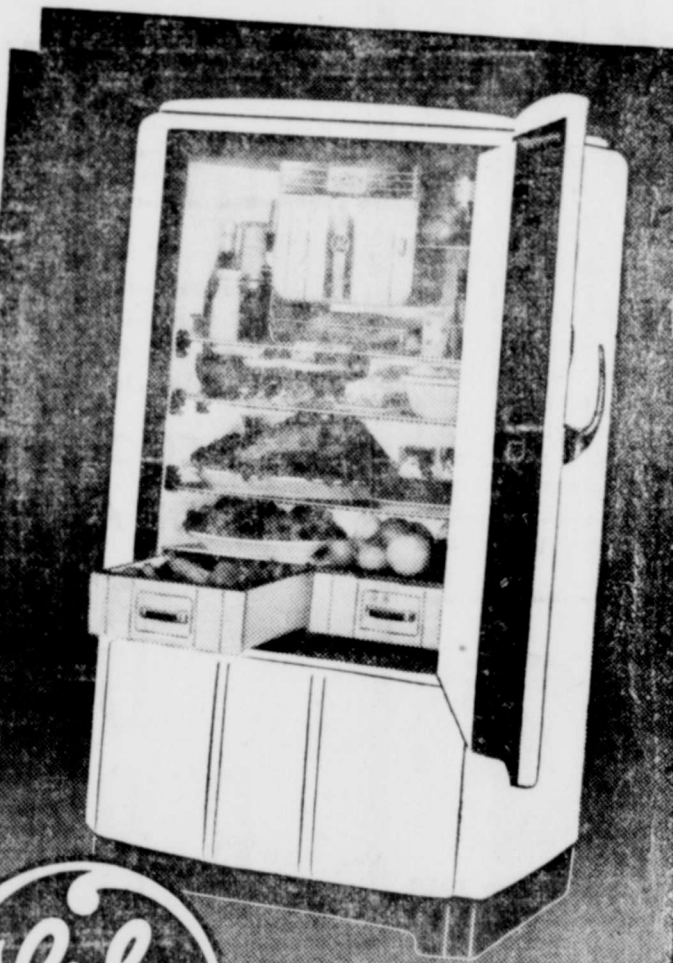

America's kitchens are going G-E! Join the thrift parade! See the big, roomy new General Electric Refrigerators now on display. These new economy models give you more convenience, more flexible storage space, freeze more ice and preserve more food longer with even less current than ever!

Never before could so little money buy so much in a General Electric as it does right now! And the new economies only start with the price tag.

Be Thriftier—Get a New G-E!

When you buy a General Electric your money is invested—not spent! And you are sure of getting a full dollar's worth for your money. For this is a product of the world's largest electrical manufacturing company—the originator of the simple, silent, sealed-in-steel mechanism and 5 years performance protection plan.

Save ALL Ways! Look at the price tags, compare values! Check the multiple savings of a new G-E in current, up-keep, long life, freezing of ice and desserts, preservation of food, and convenience. Note the matchless beauty of these modernly styled all-steel cabinets. We believe you will choose a General Electric!

Triple-Thrift REFRIGERATOR

Thrifty in Price! Thrifty in Current! Thrifty in Upkeep!

Remember, refrigerator values are not made by words and trick demonstrations. In actual home usage, no other refrigerator at any price can preserve more food, freeze more ice, produce more cold and give more convenience for the little current cost of a General Electric.

New 1938 G-E Models Climax a Smashing 12 Year Record of Ever Increasing Values!

Get a genuine General Electric for your home—the refrigerator that started a new "save wave" in America. Don't take a substitute. Any General Electric model can be purchased on the General Electric Contracts Corporation Easy Payment Plan.

ALL THE ICE you'll want—quick! New G-E Quick-Trays provide fast freezing for ice cubes and desserts, and permit easy release of two cubes or a trayful in seconds, without waste. Six tray models can freeze 480 big cubes, 48 lbs., in 24 hrs.

- All these features in the de luxe G-E cabinets:
- Sliding Shelves
 - Stainless Steel Super-Freezer
 - Temperature and Defrosting Control
 - Thermometer
 - Automatic Light
 - Vegetable Drawers
 - Food Containers

G-E's Triple-Thrift Cold Maker must be good for it has won the high compliment of widespread imitation. Don't let anyone tell you there is a thrifter, more dependable cold-maker than this simple, silent G-E Triple-Thrift Unit. The sealed mechanism was originated by General Electric. No other has had the benefit of 12 years manufacturing experience. Today's General Electric is far beyond the experimental stage—and thrifter than ever!

OIL COOLING, and constant improvement since the introduction of the famous General Electric Monitor Mechanism have

- Cut Current Cost 60%
- Increased Cold Capacity 56%
- Given 3 Times Faster Freezing
- Reduced Operating Sound 78%

Get the genuine—not the imitation! SAVE MORE IN MORE WAYS!

DUDLEY FEED & PRODUCE Gold Medal Feeds — Humreno Flour J. I. Case Farm Implements

Big Rabbit Creek

April 3, 1938

Last Friday night a big frost quite a lot of ice were seen in this neighborhood. It was caused by several of the farmers at the fruit had been killed, but a thorough investigation by several, it was decided that the fruit was safe. All spuds, beans

and what little corn that was up, were all nipped off to the ground.

Lots of corn will have to be planted next week in this country. After so much rain has fallen, it just covered it so deep it couldn't come up; therefore it rotted.

J. E. Wood ran his tractor all day Saturday in order to get his sudan grass land in a good stage

of cultivation to plant his sudan grass seed some time this week.

Wheat and oats are sure fine over on this side of the big pond. Some early sown oats have already started to head, so Hawkeye has been informed.

Of all the great mass of people that were seen over in our friendly little city, Burkburnett, over 6,000 people from far and near were in the city. Over 4,000 were down at the big \$105 cash drawing which, as usual, was held down at the old Rodeo grounds. First drawing was \$90.00; second for \$10; and the third was for \$5.00. Everyone was pleasant and sociable; that's the spirit of Burkburnett.

All of the big dry goods stores, the big grocery stores, such as Little Henry's and Hicks', the C. H. Parker's big store, the Boyd Brothers' big store, the L. & M. Food Store, were all busy as hunting dogs, waiting on their customers. Each of those large stores had from 4 to 6 extra clerks carrying out groceries to the parked cars at the curbs.

As Saturday afternoon was a real Spring afternoon, the biggest and best ice cream store in northwest Texas was chuck full with old and young, even to babes in arms, eating that fine flavored and delicious ice cream, which little Jimmie Henderson, manager of the big ice cream store, caters to the public.

Before Hawkeye was in town long, he walked over to the Star office to see if everyone of the Star force was at their post working. Yes, they were all at work. Mrs. Dorothy Gibson, head bookkeeper, was making out statements; a little further down the aisle he found the head squeeze, Fred Brookman, checking up accounts and just a short distance away, he found their new man, a Mr. Hanna, who filled the vacancy left by Bro. John Brookman, sitting down punching holes in calendars printed for the biggest picture house in northwest Texas. Away down at the rear end of the Star office building, he found Harry Dodson working the big printing machine so fast that a stream of lettered slugs were coming out so fast that half of the time you couldn't see Bro. Harry.

Oklahoma was well represented over to our friendly little city of Burkburnett Saturday. Several families from Walters were in the city, shopping. Hawkeye met several from Temple who had come to Burkburnett Saturday to line up on Burkburnett prices in general. They told Hawkeye that they were greatly surprised to see merchandise so cheap, especially along the grocery line. One of Hawkeye's old time friends had bought over \$15.00 worth of groceries from the different big grocery stores in Burkburnett. This same friend of Hawkeye's told him that he saved \$3.50 on that bill over what he would have paid on the same groceries at Walters or Temple, Okla. I just say this much, in Hawkeye's estimation, that speaks mighty

well for the grocery business in the oil city. We all know, generally speaking, everything is very high in an oil city, but it isn't that way in Burkburnett, as every business man's motto is "Live and Let Live," even to the shoe repair shops and shoe and boot shiners in our nice and quiet little city, Burkburnett.

Mr. and Mrs. W. H. Martin and their little daughter, Margaret, departed last Monday evening from the Owens family home for their future home, Hobbs, New Mexico. They came back on some business three weeks ago and stayed with the Owens family until their departure.

Edward LeBarre and Walker Hatcher attended the big cash drawing over in Burkburnett Saturday, also they transacted some business before leaving the city.

Mrs. Martha Nails last Monday purchased 100 one day old baby chicks from the Kelley hatchery in Burkburnett. Mrs. Nails purchased the full blood Rhode Island Reds. Believe me, folks, they are sure Reds and Hawkeye don't mean maybe.

Yours very truly,
HAWKEYE, By Ed Owens.

Clara School News

Georgia Lamb, Editor-in-Chief Laverne Mitchell, Ass't. Editor Charles James and Mary Lois Ferguson, Sports Editors Frances Ramming, Society Editor

1st and 2nd Grade News
We are sorry Bertie Sue Wetzel is sick today.
The Story Club will meet next Tuesday afternoon at 2:45.

3rd and 4th Grade News
We have made some "jumping" dolls in art class. All the other boys and girls in school liked them almost as well as we did. We had lots of fun making them and playing with them after

they were finished.
We have had excellent room attendance for the past several weeks, in spite of rain and some cold weather. None of the boys and girls in our room have been ill for a long time. We think this is a good record.

5th and 6th Grade News
We are working hard trying to make good grades for this six weeks. Since County Meet is over we have surely had to work. Two of our gold fish died this week. We have had them for six months.

We are using Friday of this week in separating our work. We will save the best work for next year's fair.

7th Grade News
We, the 7th grade had to postpone our party until this Friday.

We are very proud that Mary Frances Pearson won first place in Essay Writing.

Freshmen News
The Freshmen celebrated April Fool's night by a scavenger hunt. They met at the Hieserman home at 7:00 o'clock. The hunt was fully enjoyed by all who took part and proved to be a good April Fool's "joke."

Soph News
The Sophomores are indeed proud to have such an extraordinary athletic scholar in their class. Johnny Pounds won 1st, 2nd, 3rd, and 4th places. Let us all congratulate him.

Junior News
Frances Ramming entertained the Junior class with a class party Monday night. Prize games were enjoyed, especially by the lucky ones. Our schedule for a party was Friday, April 1, but since the track meet occurred, Saturday, we thought it best to postpone it. Incidentally, a party on April 1 doesn't suit the Juniors.

Shadow News
Has Mary Lois been holding out

on us? In the grandstand at track meet we learned that flashy gold shorts were probably made from his sister's costume."

Where was Miss Kline wanting to go, Saturday? It seemed like the Home Economics girls interfered.

Why was Mickey feeling good Monday? Did he celebrate Saturday night with his girl? Who is the lady "in red" he was singing about in typing class? Don, why wouldn't you riding with Tore and Bonnie Sunday afternoon. We know he was not with them.

Vivian Allred, who is this X you are keeping up with? Alright, Irene Welborn, know you have been making out at George, don't you know he is Virginia Roger's boy friend? Oscar wanted Vivian to give party Sunday night and Connie Watson, but we would stand Oscar.

Connie, you can't fool Shaw, we saw you go to meet D. Stoneshaffer Saturday morning across your wheat field. You had better watch her, George. Georgia Mae, where was Willie Meek while you and Johnny Pounds went horse back riding Sunday afternoon?

Dick, I heard you and Bobbie were really having a time at the Freshman party Friday night. We wonder where Oscar Lovell was?

Kenneth Ferguson likes Dent, Oklahoma; maybe not the best, but the girls.
George Grozier's favorite pastime, is planning his future date. Dorothy, you should have come to the party Friday night. Connie almost beat your time with Rex.

Lena wasn't it a shame Lloyd couldn't get his car to take you to the track meet Saturday?

• GAS IS YOUR QUICK, CLEAN, ECONOMICAL SERVANT •

ADVICE TO WIVES WHO SPEND TOO MUCH TIME AT Cooking..

Don't spend unhappy hours in your kitchen when you would like to be doing other things. Get rid of that old model cook stove.

COOK WITH GAS ON A NEW 1938

GAS RANGE

IT'S THE MODERN THING TO DO....

The new features and improved operation of the modern Gas Range will enable you to enjoy the newer, finer art of modern cookery the easy way. High speed, pull-out, smokeless broilers are so convenient and give so much better results that you can enjoy "sizzling" steaks with all the flavor obtained by the best chefs. The new speed ovens save time and can be uniformly controlled to the exceedingly low temperature of

250° now used in roasting many cuts of meats.

The new 1938 Gas Ranges are easiest to keep clean of any type of range—just as easy as your prettiest china dish.

There are many other features of the new Gas Ranges that will thrill you. Completely insulated ovens, which means less heat in the kitchen; easy to clean and keep clean, and they are the most beautiful Ranges you have ever seen.

BUY FROM YOUR DEALER NOW

When you decide to give up that old cooking stove, go to your Dealer and find out how little a new Gas Range will cost. You may purchase a new Gas Range on your Dealer's easy terms plan. See about it now!

UNITED GAS CORPORATION

Beans Are Practical For Hopper Control

bean plants are not over to the farmers' prayer, says R. R. Reppert, entomologist of the Texas College Extension Service. His statement on reformation from the U. S. Department of Agriculture. "The

tests on effect of castor bean plants on grasshoppers have not gone far enough to find out whether the alkaloid ricin contained in the plants is as poisonous to grasshoppers as it is to man and the higher animals," he said.

"Even if it is, castor bean planting is impractical for hopper control. It would be impossible to raise the plants early enough to kill the insects before they spread. And the seed is pretty high, so it would cost a good deal to plant enough to do any good. Even if the seed were planted, and early enough for the first hoppers, the chances are

that the insects would eat all the cultivated crops before beginning on the castor beans.

"Grasshoppers are beginning to hatch out in the southernmost of the 104 Texas counties that are threatened by the worst hopper infestation in many years," Reppert said. Plans have been made to combat the infestation before the insects have a chance to multiply and spread.

The method used in Texas last year, which saved Texas farmers over six million dollars and returned more than a hundred dollars for every dollar spent will be used again this year. This consists of spreading a mash of

bran, sodium arsenite, and sometimes sawdust on the areas where the hoppers hatch out.

Scattered thinly at the rate of 10 to 20 pounds an acre as recommended by county agricultural agents, this bait is harmless to man and to domestic animals. The only danger is from using lumpy bait, spreading it too thickly, or leaving it in piles or containers easily reached, Reppert pointed out.

BURKBURNETT STAR

BURKBURNETT

Surplus Products Of Texas Farms Bought By FSCC

"More than 98 million pounds of food products were purchased in Texas and removed from overburdened agricultural markets during 1937, by the Federal Surplus Commodities Corporation in co-operation with the Triple A," according to E. N. Holmgren, administrative officer of the Texas AAA office at Texas

A. and M. College. Surplus agricultural commodities bought in Texas last year included 81,637,440 pounds of grapefruit; 9,129,000 pounds of onions; 6,150,000 pounds of rice; 267,000 dozen eggs, and 534,000 pounds of cottonseed oil which was converted into shortening.

The corporation also purchased 619,064 cases of grapefruit juice during the year in a supplemented program to stabilize the market for citrus growers.

The primary object of the purchase operations was to remove surpluses, stabilize markets, and protect growers. The food bought was distributed by relief and welfare agencies in various states.

Local Agent Goes To Insurance Meet In San Antonio

San Antonio, Texas, April 7th—Mr. and Mrs. B. H. Alexander of Burkburnett are in San Antonio attending the thirty-fourth annual convention of Southwestern Life Insurance Company which he represents.

The convention got under way this morning when Harvey L. Hays, Abilene agent and president of the Southwestern Club, opened the first business session. Arthur E. Baird of San Antonio welcomed the visitors from all parts of Texas and J. S. Bane, Beaumont agent of the company, responded for the visitors.

C. F. O'Donnell, president, stated that more than 500 Texans were attending this meeting as the guests of Southwestern Life Insurance Company, which gives the trips to agents who produce a specified volume of business during the year. Mr. O'Donnell told those present that the total life insurance written by them during 1937 was approximately 12 per cent greater than the amount produced by those in attendance at the last convention in Dallas, which reflects the excellent progress made by the Company during the past year.

At noon today Arthur C. Curn, vice-president of the firm, made his annual address following a luncheon in the ballroom of the Gunter Hotel, which is the convention headquarters. This afternoon the visitors will tour the interesting city of San Antonio which is now preparing for its Fiesta de la San Jacinto. Tonight there will be a get-together dinner on the open air roof of the convention hotel after which a floor show will be presented, with bridge and dancing following.

The high light of the convention will be Friday night at the annual banquet in the Gunter Hotel Ballroom when addresses will be made by R. L. Daniel, chairman of the Board of Insurance Commissioners of Texas, and Walter P. Napier, president of the Alamo National Bank of San Antonio. During this banquet, President O'Donnell will present the awards to various agents for outstanding accomplishments during the previous year.

The Southwestern Life's main office is in Dallas. It is a Texas company confining its operations entirely to this state.

Development The Southwest Needs

If the industrial growth which C. J. Crampton of the Dallas Chamber of Commerce forecasts for the Southwest, takes place, the future of this area is secure.

World conditions no longer justify any section of this country in depending upon the production and sale of raw materials alone. Every section, to enjoy stable prosperity, must have factories and processing plants.

The three major materials of the Southwest are cotton, oil and cattle. Texas produces a surplus of each of these commodities and of a number of others that are of great importance.

As long as an unlimited market for these materials existed, Texas continued to grow rapidly. But, throughout the world, production of almost every variety of raw material has increased. To meet this changed condition, the Southwest must have factories for turning its raw products into consumer goods.

Other states which specialize too extensively do not relish competition with the Southwest, but they also should diversify. Every region must strive for a more balanced economy, if the nation as a whole is to be uniformly prosperous. The enactment by the Texas legislature of any measure that penalizes the industries we have tends to keep new industry out of the state constitutes a hindrance to future prosperity.

—Dallas Times-Herald.

of the obligation was immaterial. In one Pennsylvania penitentiary in 1829, almost a hundred men were serving sentences for owing less than one dollar each.

A cubic inch of water makes approximately one cubic foot of steam.

The carrion lily depends upon flies, instead of bees, for pollination, and it has developed the odor of carrion for this purpose. It has the color and texture of liver or overripe beefsteak and is nauseating to human nostrils.

Charles I governed England for 11 years without a Parliament.

Georgia Lamb, Editor-in-Chief Laverne Mitchell, Asst. Editor Charles James and Mary Lois Ferguson, Sports Editors Frances Ramming, Society Editor

Continued From Page One

Dick doesn't even make a good substitute, does he Connie? Norman, what were some of those conversations between you and Frances? You had better watch your step the Shadow always has its ears open. Oscar, don't you know that Mickey will get mad at you if you don't quit taking Irene to parties?

A new romance has begun to peep through the first days of April. The red headed seventh grader (Leatrice Watson) sure likes Hubert. I wonder what his opinion is.

Norman said he had to stay home Sunday night because he knew Vivian Martin was coming to see him.

Wayne, you had better watch Leatrice, because Hubert Butts really likes her.

We wonder why Ruby Nell is staying at Martin's so much.

We wonder where Virginia Rogers went Saturday? She always says, “We went everywhere.” Who is this “we?”

Connie, what is this we hear about you and Cloud at the Freshman party? You can't escape the Shadow.

We hear Imogene says, she wishes her part of the play would come true.

What was Mickey saying to Laverne? I thought it was “Hello, cutie.”

We wonder why Charles asked “With Virginia?” when I told him the Shadow saw him this week-end.

NOTICE!!!

Election was held Saturday in the auditorium of Clara High School. R. G. Redman, R. R. Johnson and J. C. Muller, were elected back as trustees for our school.

Card of Thanks

We wish to thank all our relatives and friends for their kindness and sympathy at the death of our son and brother, Archie Laten, and especially do we wish to thank Miss Leona Gerard for accompanying the body from Chicago.

Mr. and Mrs. W. M. Goins
Mr. and Mrs. Roscoe Laten.

Congressman W. D. McFarlane

Continued From Page One
past several years has spoken and pointed out many of the existing evils of the A. T. & T. and other large corporations engaged in their monopolistic practices and has recommended the elimination of these evils.

The Calendar

The House last Monday and Tuesday considered and finally passed the War Department appropriations bill, on Wednesday the TVA investigation, and on Thursday as above stated, began consideration of the Reorganization Bill.

The Senate on last Monday finally passed the Reorganization bill and sent it to the House and on Tuesday passed the State, Justice, Commerce and Labor Appropriations Bill. On Wednesday they passed the Naval Appropriations Bill and measures creating additional Federal Judges. On Thursday the Senate passed numerous private bills and debated the confirmation of E. K. Burelew as Assistant Secretary of the Interior. On Friday the Senate passed the Glass Commodity Loan Bill, the Walsh Customs Bill and resumed consideration of the confirmation of Mr. Burelew. This week, the Senate will consider the Tax bill while the House considers the Reorganization Bill.

Personal Mention

Dave Barrow and Mr. and Mrs. Bob Edwards of Denton were visitors here last week-end.

Mesdames Henry Grace, Brack Preston, J. W. Alexander and Will Teal visited in Abilene last week-end. While there, Mrs. Teal was the guest of Mr. and Mrs. Howard, who are former residents of Burkburnett. The other ladies visited their children who are students in Hardin-Simmons. Mary Lafon Alexander and Luther Grace came home with their mothers for the week-end.

Mrs. Claude Gilchrist of Wichita Falls and her sister, Mrs. Charles Traylor of Mercedes, Texas, are guests this week of Mrs. Minnie Blum. Mrs. Traylor will be remembered as Miss Bess Fowler.

Mrs. A. L. McNew and Mrs. J. F. Robertson were week-end guests of Mrs. Minnie Blum last week.

Mr. and Mrs. J. M. Hayworth of Dallas were here on business last week.

Friends of Mrs. Minnie Blum will be interested in knowing that she is steadily improving. Mrs. Blum suffered a stroke some weeks ago.

Mr. and Mrs. Roscoe Laten returned to Russel, Kansas, Sunday after a week's stay with Mr. and Mrs. W. M. Goins. They were accompanied by Leona Gerard who went from there to Chicago.

Clarence Bridges, student at N. T. S. T. C. at Denton, spent last week-end visiting his parents and Miss Clodella Posey.

Mrs. Annie Miller of Wichita Falls visited her daughter, Mrs. R. S. Ragsdale, Monday.

Mrs. N. L. Roe and son, Ralph of Gladewater were guests of Mrs. Neal Hall last week. The Roes are former residents of Burkburnett.

Douglas Smyth of Iowa Park visited friends in Burkburnett Wednesday and Thursday.

OPAL has new Easter Hats. See them. 34-1tc

Mrs. W. J. Powers of Gladewater was the guest of her daughter, Mrs. B. W. Potet, last week. She was accompanied by her daughters, Melva Lee and Bobbie Jo.

Jack Chatham returned to his home this week from South Texas.

Mr. and Mrs. Charley Awalt of Dallas are guests this week of Mrs. Awalt's parents, Mr. and Mrs. R. H. Henry.

Mr. and Mrs. Andrew Willis of Ryan, Okla., were here Monday.

Mr. and Mrs. R. E. Fisher of Fort Worth were in town Monday. Mr. and Mrs. Fisher are former residents of Burkburnett.

Mrs. Al Ragsdale, Miss Margaret Boden and Robert Hall spent Sunday in Oklahoma City.

Ben Scott of Arizona is visiting his brother-in-law, Wylie Bloxom this week.

Chiffon blouses, frilled or tailored, at OPAL'S \$2.95. 34-1tc

Mrs. Herman Engelmann, who has been critically ill at the Bethania Hospital in Wichita Falls, was returned to her home in an Owens & Brumley ambulance Monday afternoon.

Blanche Butler and Frank Clements visited in Gladewater over the week-end.

C. T. Coats of Cleveland, Okla., and Mr. and Mrs. Duane Wallace of Oklahoma City, were week-end guests of Mrs. Hattie Buchanan.

Jess Griffin and son, James, went to Snyder, Oklahoma last Sunday.

Travis Gragg of Lawton visited friends and relatives here Monday.

Lester Graves of Electra was a business visitor here Monday.

Mr. and Mrs. Vernon Cooper of Archer City were week-end guests of Mr. and Mrs. Curtis Cook.

Mrs. W. N. Moore is visiting relatives in Duncan, Okla., this week.

Miss Mary Frances Clark, a daughter of Mr. and Mrs. O. L. Clark, was presented in a student recital at Mary Hardin-Baylor College Tuesday. Miss Clark, a student of Miss Erma Rose Wilson, head of the voice department, sang “My Mother Bids Me Bind My Hair,” by Haydn.

Carlton Gibson, son of Dorothy Gibson, is visiting his grandparents, Mr. and Mrs. E. L. Gibson of Longview.

Mr. and Mrs. B. L. Turner and children visited in Anson, Texas, Sunday.

Mrs. George Brashear and daughter, Margery, of Grandfield, Okla., visited here Friday. They are contemplating removing to Burkburnett at the close of the present school term.

Henry Grace, Charley Grace, Tex Willis and Bill Teal attended a business session of the Chevrolet Motor Co. in Dallas Wednesday.

Mr. and Mrs. W. T. Vance and Mike Harms accompanied Highway Patrolman Hammett Vance to Vernon on a business trip Tuesday.

Luther Lee Grace, son of Mr. and Mrs. Henry Grace, visited here over the week-end. He is a student at Hardin-Simmons in Abilene.

Mrs. Artie Whitesides and son, Ed Richard, visited with friends in Electra Sunday.

Herman Brown and family of Quanah, Texas, spent Sunday visiting with relatives and friends here.

Mr. and Mrs. W. C. Wright of Overton, Texas, were business visitors in Burkburnett Sunday.

Mrs. Clarence Poole spent last week-end visiting with relatives and friends in Hollis, Okla.

Mrs. H. S. Grace and Mrs. J. B. Grace are spending a few days visiting with relatives and friends in Blum, Texas.

Henry Grace was a business visitor to Denton, the first of the week.

Mrs. Charles Kirsch left Tuesday to visit her daughter, Jacqueline, who is in the Nurses' Training School at John Sealy in Galveston. She was accompanied by her daughter, Mrs. G. A. Reeves, of Wichita Falls.

DODSON OPENS

Continued From Page One
months, their business had increased to the extent that it was necessary to build an annex to their store.

It has always been Mr. Dodson's policy to keep his stock up to a particularly high standard, and when questioned as to what he believed was responsible for his increasing success, said, “We are growing because we offer better values.”

Mr. Dodson invites everyone to visit his new store. You will find him eager to serve you with courtesy and efficiency.

Mrs. Claude Bowman is head of the piece goods and ready-to-wear department. She has had years of experience in this line of work and customers will find her always courteous and diligent in her efforts to please.

Surprise Party

Friends of Mrs. Ray Mills, who is confined to her home where she is recovering from injuries sustained in a bad fall several weeks ago, surprised her with a party Tuesday afternoon.

The ladies assembled at Mrs. Mills' home at 2:30, each of them bringing a tea towel which she worked her name while there. The towels were presented to Mrs. Mills when they were finished.

An Easter Rabbit Contest was played and Mrs. D. D. Brown won first place. Each person related her most embarrassing moment. Mrs. W. A. Roberts was assisted by Mrs. H. C. Gilbert and Miss Bess McGinnis in preparing refreshments.

Several beautiful bouquets of flowers were presented to Mrs. Mills and gifts were sent by Mesdames Raymond Wallace, Lottie Young, H. A. Goodwin and Miss Bess McGinnis, who could not be present.

Those present were: Mesdames Henry Grace, Will Teal, W. A. Roberts, J. C. Adams, C. B. Grace, C. E. Ray, Fred Brookman, Delmar Brown, H. R. Garrett, D. M. Morris, Wiley Bloxom, J. M. Patterson, D. R. Peevey and the honoree, Mrs. Ray Mills.

LIONS CLUB

Members of the Lions Club were guests of the Economics department of the view High School last evening.

The girls served a meal and presented a singing program. The girls composed of Dreda McCall, Rosalie McCall, numbers, and a one-act presented by members class.

President Frank E. Hunsinger announced that preparations were under way to make the Hunt this year one of the ever staged in this city. Watch for further announcements concerning it.

Card of Thanks

I wish to take this opportunity to thank my friends who worked and voted for me in a Longhorn Texas contest, and I believe in making it.

Must 20,000,000 Working girls go without romance?

The men they want to marry don't pick wares out of shirt factories and tenement flats!
"Jessie Cassidy" (Joan Crawford) declared that life would have to give her the things she wanted most!
A girl born with a TIN spoon in her mouth tells you the way she can!
