BURKBURNETT CITIZENS TO BE REPRESENTED AT WTCC CONVENTION

CITIZENS ASKED TO SUPPORT "MISS BURKBURNETT" AT WTCC

Teams Return From Contests A. & M. College

M. S. Dean, instructor of Vocational Agriculture in the local High School, returned with his teams from the Texas State Judging Contests Tuesday. He announced that the team in Entomology, composed of Volus Bowman, Clovis Bowman, and Harlan Fulks, ranked 17th in the state. A report on the ranking of the Horticulture team has not yet been received.

Some idea of the standing that the boys have will be obtained from percentage rating, which is as follows: out of a possible 2350 points, the boys scored, as a team, 2015 1-2, which is close to 90 per cent. Volus Bowman was high point man on his team with a score of 710.

Some two thousand boys from all over the state entered the contests, and Mr. Dean is well pleased with the showing his boys made in the contest. This is an annual affair and it is the hope of everyone interested in this department of our school that Burkburnett High School will continue to be represented at the contests.

The following is Volus Bowman's impression of the trip and what it meant to the boys:

Our Trip to A. & M.
M. S. Dean, our Vocational Agricultural teacher, took us to A. & M. last week-end to participate in the State Judging Contest. By us, I mean Frank Clinch, Jack Foster, Truman Meaders, Clovis Bowman, Harlan Fulks and myself, Volus Bowman.

Sunday night after we arrived, we were entertained by exhibitions in fencing, boxing, and rope spinning, put on by students at A. & M.

After the entertainment, we drove to Navasota to find a cottage with running water (boy, did it rain!) and almost real bedbugs. Someone hit the wall and Frank Clinch remarked, "Look out, boys, Mr. Dean's got

Barbara Crissey Virginia Vaught Go To Convention

The Chamber of Commerce has pledged its support to the West Texas Chamber of Commerce Convention 100 per cent. Through the efforts of this organization, Burkburnett will be represented in all contests to be held at the convention, which opens next Monday.

Miss Barbara Crissey, talented and charming young daughter of Mr. and Mrs. Sherman Crissey, has been chosen Miss Burkburnett and will compete with representatives from other communities for the title of "Miss West Texas." The winner of this title will be decided Monday evening at the Municipal auditorium. The young lady fortunate enough to win the title, will be given a free trip, by way of the Braniff Air Lines, to Chicago.

Only those who have registration badges will be admitted to witness the contest and to cast ballots for their choice for "Miss West Texas." Miss Crissey is an excellent choice for our representative, since her experience and training have given her great poise for one so young. She has a sweet, natural charm that is worthy of our best support. It is the hope of the Chamber of Commerce that a sufficiently large delegation will attend the contest to elect her to this honor. Not only will it bring honor to her, but it will mean much to our community.

The registration fee is one dollar. This entitles the person who registers, to all the entertainments arranged by the convention; all contests, dances, etc. The Chamber of Commerce directors are registered 100 per cent. One hundred tickets have been sent to the Chamber of Commerce. See Herman Englemann as soon as possible and make your registration, since it is almost certain that the demand for these tickets will exceed the supply.

Virginia Vaught, daughter of Mr. and Mrs. Neeley Vaught, and well known as a public speaker, is our representative in the "My Home Town Contest." Great things are expected of this young lady, who is a senior in high school, and who has had much dramatic experience. She is a student of Miss Margaret Tanner, who is the instructor of Public

GUY C. PRYOR

McCraw Principal Speaker at Kutch-Manning Picnic

Newcastle, April 18—Attorney General William McCraw, Texas gubernatorial candidate, will address visitors to the annual Kutch-Manning Pioneer celebrations here May 17, program committees announced here today. For the first time since 1919, a candidate for the highest office in Texas will fill a speaking engagement here.

Mr. McCraw will fill the 1:30 p. m. hour, the committee said. Some time that morning or the day before, Senator Ben G. O'Neal of Wichita Falls will deliver the annual address to the Old Timers here. The Old Timers will have their day May 16, 69th anniversary of the last fight with the Indians on Little Salt Creek, east of here.

The Kutch-Manning Pioneer Reunion picnic will last through three days beginning on Monday, May 16, and closing May 18. Included in the program with the important state and national figures for the three days are forty Indians from an Oklahoma reservation, the committee has said. These red men will fill a big part in the program to give to the Pioneer Association the best celebration that it has had.

Col. Ernest O. Thompson has been invited to deliver his address to the gathering here but to date no acceptance has been secured from the orner member of the Texas Railroad Commission. Some announcement to that effect will be made later.

Fire Meeting Plans Mapped

The program for the semi-annual convention of the West Texas Firemen's association, which will be held here May 9, has been completed by the local organization. Representatives from 32 towns of West Texas and Oklahoma are expected. This is one of the most important events on the Spring Calendar and everyone in Burkburnett is urged to co-operate with the local Firemen and the Auxiliary to make the convention a success.

- The program is as follows:
 - 9:30—Registration, at the City Hall.
 - 10:00—Assemble at the Rotary Hall. Convention called to order by President Whitaker.
 - 10:15—Invocation by Rev. Miles B. Hays.
 - 10:20—Address of Welcome by Mayor A. R. Hill.
 - Response by T. E. (Red) Lewis.
 - 10:30—Address by Adkins Gay.
 - 11:00—Duet by Jo Ella Morgan and Lewis Fulks, accompanied by Blanche Butler.

 - 8:00—Dance at the Rotary Hall.
- The afternoon entertainment for visiting ladies is to be arranged by the Firemen's Auxiliary.

Heart Attack Fatal To J. E. Harrelson

J. E. Harrelson, 67, resident of Burkburnett for 10 years, died of a heart attack at the home of a daughter, Mrs. J. L. Stubblefield, Monday morning at 11:45 o'clock. He had been in ill health for two months, but was not in serious condition until the fatal attack Saturday night.

Funeral services were held from the Owens and Brumley chapel Tuesday afternoon at 3 o'clock with Rev. W. E. Rappy, pastor of the Church of God, officiating. Burial was in the Burkburnett cemetery.

Pallbearers were C. H. Brock, L. F. Jones, L. F. Miller, Sam Bethel, Leo Stubblefield and J. H. Stubblefield. Other survivors include a daughter, Mrs. W. L. Davis, St. Joseph, Mo.; three sons, LeRoy Harrelson, Jolly, Texas; Walter Harrelson, Kansas City, Mo.; and Curtis Harrelson, St. Joseph, Mo.

Governor Requests Suit Be Filed To Clear Wichita River Bed Title

Austin, April 20—Gov. James V. Allred today requested Atty. Gen. William McCraw to immediately file court proceedings to clear the state's title to a 10-mile Wichita river bed tract upon which Land Commissioner William H. McDonald had attempted to renew a lease to the Venmex Oil company. "I am advised by the railroad commission," the governor said in a letter to McCraw, "that the river bed had not been definitely proved as very productive from the deep sand in the KMA field. At the present time the state's riverbed is being drained by four completed oil wells within 330 feet; and there are approximately 2 additional drilling wells or locations within 333 feet of the river bed. Unquestionably, therefore, this lease is now much more valuable than it was even at the time I first demanded its cancellation. "Of course, the state mineral board cannot lease this land advantageously due to the cloud on its title caused by the attempted

renewal of the expired lease by the land commissioner. There is an absolute necessity for immediate development of this property. The only way it can be advantageously leased or developed with a clear title, therefore would be through the court. The impending disposition of the lawsuit."

Assistant Attorney General H. Grady Chandler, in charge of the case, said he had been working on it several days, having been informed of the possibility of drainage.

Chandler said he previously had notified attorneys of the Venmex Oil company that if steps were not taken promptly to protect the riverbed from possibility of drainage, the state would immediately institute necessary proceedings in the case now pending to fully protect the state's rights.

The assistant attorney general added he had given the company attorneys until the first of next week to take steps necessary to prevent possibility of drainage.

Seniors To Stage "New Fires" Fri.

Miss Ella Billingslea Will Direct School Play

At eight o'clock Friday night, the curtain will rise on the last play to be given by the members of this Senior class. The play, "New Fires," is the best written production that has ever been used in this high school. The cast is much the same as that of last year's success, "Her Incubator Husband," and the director, Miss Ella Billingslea, has a record of some of the "best plays in the school's history."

"New Fires," written by Chas. Quimby Burdette, is called the perfect high school play, and schools and colleges from coast to coast have hailed it as the best they have ever presented. The plot centers around the family of Stephen Santry, who has transplanted them from the mad rush of life in the city to a quiet farm in the Ozarks in order to give them a deeper appreciation of life. The individual reactions of his wife, his four children, and his sensible daughter-in-law, make the play food for thought as well as give it the humor people like.

Pirtle Dogs Enter Nat'l. Course Meet

J. W. Pirtle leaves Saturday for Abilene, Kansas, to enter two dogs in the National Coursing Meet which is held there each year.

He will enter Inlander, six years old, in the Derby. This race is open to dogs of all ages. Black Temple, 17 months old, is entered for the Futurity, a race for dogs two years old and under.

Mr. Pirtle says that he feels certain that his dogs will run well and make a good showing, but Inlander is old for the grueling 8-day run and Black Temple will be making his first race in important competition. He will have slight chance against seasoned runners twenty-four months old.

Mr. Pirtle is famous in this area as a breeder and trainer of fine racing greyhounds. His Texas Tate was one of the best dogs ever bred in this state. He won the Futurity at the National Meet last year in brilliant style. His recent death was a great blow to the Pirtle kennels.

Mr. Pirtle has lost several valuable dogs this year, and his present entries are mostly unseasoned youngsters, but he is enthusiastic at their showing and says that by this fall he will have them ready for anything in the United States.

Local Lions Go Inter-City Meet At Iowa Park

Almost the entire membership of the local Lions club was present for the Inter-city meet held at Iowa Park Tuesday night.

The largest crowd that ever attended the meeting of the Inter-city Lions clubs organization cavorted on roller skates on the floor at the Iowa Park city auditorium as the climax of the record breaking event. Three hundred Lions, representing every club in district 2-E, were guests of the Iowa Park club, the smallest group in the organization.

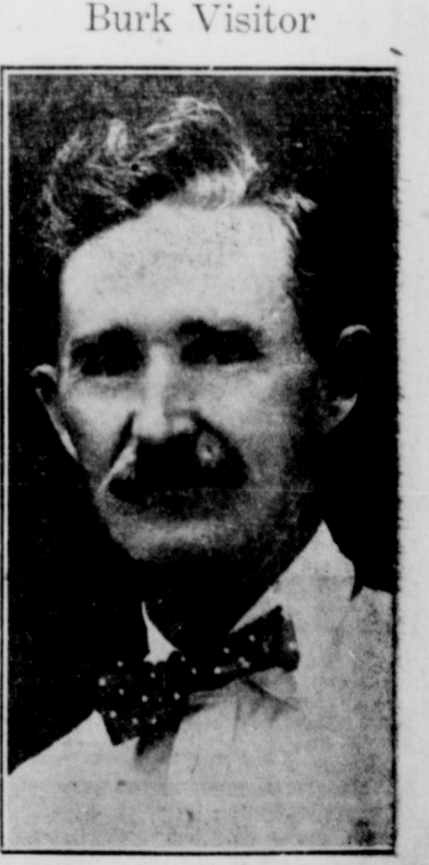

Tom Gillis of Fort Worth, governor of the district, made the principal address and invited the Lions to meet in Wichita Falls May 8 and 9 for the state convention. The master of ceremonies was C. C. Hudson of Iowa Park.

The musical feature of the meeting was a concert by the Melody Maidens, a 15-piece all girls orchestra of the Five-in-One school of Wilbarger county. Wirt Blackerby, winner of the Iowa Park home town contest and entrant into the convention contest in Wichita Falls next week, gave the winning speech. The presidents of the clubs represented were introduced.

The towns represented were: Wichita Falls, Olney, Bowie, Seymour, Vernon, Burkburnett, Nocona, Chillicothe, and Electra.

ANNOUNCEMENT

Jess Griffin, president of the soft-ball association, asks that all who are interested in soft-ball, players and sponsors, watch this paper for announcement of a meeting to take place in the near future.

Mr. and Mrs. W. J. Sides, former residents of Burkburnett, stopped at the Star office Wednesday afternoon for a few moments. Former residents of Burkburnett, they now live in Pottawatomie county. They were on their way to Tyler to visit their son, David, who will be remembered here. "Dave" is now in the employ of the Gulf and lives in Tyler.

SPRING'S A GOOD TIME TO STAY ALIVE!

Spring is a happy season, with old Mother Nature re-awakening. You can add to the joy by making a contribution to safety in your own home.

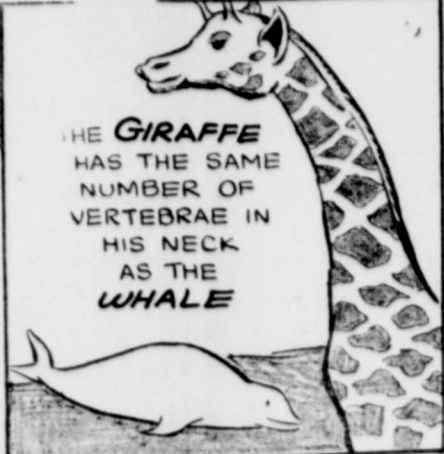

There is a real need for this after the long winter months, when many dangerous conditions develop. Now is the time to clear out all accumulations of papers and rubbish from attics and cellars, before they cause a serious fire.

When burning trash and papers outside, an incinerator should always be used. Field grass and papers should not be burned on windy days, and never without close supervision.

Now is also a good time to make a complete check-up of anything else that might cause fire. Look for such hazards as defective electrical equipment, frayed and worn wiring, pennies behind blown fuses, defective heating plants and chimneys, fireplaces without screens and hot ashes in wooden ash containers. Cleaning with gasoline is very dangerous.

After painting jobs, which many do in the spring, be sure to dispose of oil or paint soaked rags and clothing. A warning from the National Board of Fire Underwriters states that many homes are burned by spontaneous ignition fires from paint rags left in a heap.

Congressman W.D. McFarlane

Reorganization Bill
Last Friday the House by a vote of 204 to 196 recommitted the Reorganization Bill which probably means its defeat.

The 1932 Republican platform provides:

"Efficiency and economy demand reorganization of Government bureaus. The problem is nonpartisan and must be so treated if it is to be solved. As a result of years of study and personal contact with conflicting activities and wasteful duplication of effort the President is particularly fitted to direct measures to correct the situation. We favor legislation by Congress which will give him the required authority."

The Democratic platform carries a similar provision. This bill would carry out these platform demands, yet, we find every Republican and all the Anti-Roosevelt Democrats voting solidly against this measure, apparently because of the same propaganda circulated against all other new deal legislation.

Congress for many years has clearly demonstrated its inability, because of the tremendous organized blocs and groups, to abolish or consolidate any of the different Departments of Government. Certainly our expenses are growing along with the many different Departments. It seems imperative that some such legislation should be speedily enacted, which will not only consolidate or abolish the unnecessary Departments of Government, but in so doing, would eliminate many unnecessary expenses. The bill as amended gave Congress by a majority vote control of any actions of the President and other agreed amendments eliminated the other major objections raised.

Railroad Financing

Last week, the President sent Congress the information available regarding Railroad financing. The railroads, it seems, are always asking the Government for increased rates and larger subsidies. Something must be done to squeeze the water out of their financial structure to bring them back to earth, to see if they cannot operate under their own power.

Agricultural Appropriation

The House last Wednesday and Thursday debated the Agricultural appropriations bill and will resume consideration of same this week.

The Senate last week debated and passed the postmaster appointments bill which now goes to conference. On Tuesday the Senate finally passed the legislative supply bill which goes to conference. On Wednesday and Thursday the Senate debated and defeated a bill regarding political activities of minor federal employees and on Friday considered amendments to the Independent Offices Appropriations bill.

Worm From Egypt Rivals Boll Weevil

Egypt's gift to the American cotton grower—a destructive worm which devastates crops and reduced yields—was presented to a committee of cotton men in College Station last week as an international problem.

The worm is the pink boll worm, imported to America from Egypt in 1911, infecting long staple cotton in Mexico. J. E. McDonald, state commissioner of agriculture, and J. M. Del Curto, entomologist for the department, met with a state-wide cotton committee to discuss this and its sister pest, the boll weevil.

The committee is working on the problem of helping the farmer meet his economic problems by reducing the cost of production; and one of the chief costs of production in Texas, Del Curto explained, is the boll weevil. Unless adequately controlled, the pink bollworm will rival if not outstrip the other pest.

Today the pink bollworm is found in the Texas Big Bend country, in the Pecos Valley, in El Paso and Hudspeth counties occasionally on the plains north of the Big Bend, and in the Rio Grande Valley. There have been sporadic outbreaks elsewhere in the United States but all have been brought under control.

While the state has been successful in restricting the pest to these areas, Del Curto pointed to the history of the boll weevil. It, too, came into the United States through Texas, at Brownsville in 1898. In those days, control measures were unknown and the pest spread without check, at

the rate of about 500 miles a year in an ever-widening circle. Today the boll weevil is a wide problem.

Excepting the Big Bend and the new infestation in lower Rio Grande Valley, authorities have been checking the pink bollworm infestations along the coast in the Trinity and in other parts of the state for some years back without proclaiming non-control a period, until the bollworm moth died out.

But the Big Bend cannot be stamped out through co-operation with Mexico. Since the spread would mean the loss of the entire cotton growing area, it is a state problem; it is an international problem.

Stiff winds blowing from Rio Grande, across the area, and up the plains to other sections, carrying the trade—their sacks—the worm down into part of the state.

On the part of state inspectors alone has more rapid spread.

An Eye For THE FUTURE

"Overcrowded" Colleges Advertise For More Students

Stiff competition among the state supported colleges for students at the same time those colleges complain of inadequate appropriations to support their growing enrollments is the anomaly to which a state official called attention last week.

Within the past ten days, he pointed out, an official "release" from the University of Texas Press Bureau quoted Acting President J. W. Calhoun as saying that conditions were so ter-

rible that night classes might have to be installed; yet the University of Texas—along with 13 other state supported colleges—is an advertiser in a current magazine seeking the "summer trade" and urging prospects to send for catalogues.

Bluebonnet Garden Club

The Bluebonnet Garden club met at the home of Mrs. B. F. Gilchrist on April 12. Mrs. R. M. Gilchrist was co-hostess.

After a brief business session, the president welcomed guests. Roll call was answered with the names of vines. Mrs. Roy Magers had charge of the meeting.

Mrs. Carl Morrison, president of the Burkburnett Garden Club, told of her interesting trip to famous gardens of the South. She told of the beauty of great houses which were built in the seventh and eighteenth centuries and which have been in the same families for generations.

Mrs. Morrison gave a very interesting description of the flower show in New Orleans. The flowers were grouped in settings to form pictures and other novel arrangements, which were especially charming to those whose conception of flower shows follow the conventional idea of display.

She told of following the famous Azalea trail from its beginning in Mobile through the miles of beautiful blooms. After hearing her lecture, each one present was wishing to make the trip next year.

Mrs. H. R. Hayes gave a very interesting paper on the care of varieties of vines; blooming and non-blooming. She also told the meaning of the names of different vines.

The hostess served delicious refreshments to the following members and their guests: Mesdames B. Danforth, A. H. Bazell, H. R. Hayes, H. C. Gilbert, J. M. Patterson, Lily Green, George Kerr, Johnny Anderson, Carlton Roy, Roy Magers, Henry Porter, Wid Philips, D. A. Westbrook, P. G. Williamson and Mesdames A. H. Lohofener, Carl Morrison, Donald and C. Wichita Falls Ready to Entertain WTCC Convention

Wichita Falls, Texas, "the city that faith built", is ready to entertain the twentieth annual convention of the West Texas Chamber of Commerce, April 24 to 27. The conclave, to attract thousands of visitors, opens Sunday and will continue through Wednesday. On Tuesday afternoon, Mayor Fiorello LeGuardia, left, mayor of New York City, will address a convention assembly. On Wednesday morning, U. S. Senator Tom Connally, of Texas, will speak. Miss Elizabeth Huff, center, as "Miss Wichita Falls," will be the official WTCC convention hostess, and the host city's "Oil Queen."

Current Literature Club

The regular meeting of the Current Literature club was held in the home of Mrs. B. M. Cropper Thursday afternoon, of last week, for a program devoted to the study of the life of Edgar Allen Poe and various of his works.

Mrs. J. R. Prince was leader for the afternoon and a biography of the noted author was given by Mrs. B. F. Gilchrist. Mrs. George McClarty read and analyzed several poems, and a review of "The Black Cat", a short mystery story, was given by Mrs. J. R. Hicks.

During the business meeting, Mesdames Cropper and Gilchrist were named as delegates to the district federation meeting to be held in Fort Worth in May.

The hostess served a delicious refreshment plate, carrying out the Easter motif, to the following: Mesdames Glen Bear, J. L. Caffee D. C. Dodson, R. E. Ebbs, B. F. Gilchrist, J. N. Hicks, F. A. Jamieson, Rex Kolter, A. H. Lohofener, Roy Magers, M. W. Majors, George McClarty, J. R. Prince, Joy Sessums, T. H. Boling, Wylie Browning and Frank Riley.

Home Science Class Planned

County Authorizes WPA Training Project

Extensive training to a large number of Wichita county housewives in domestic science and domestic economy will be given under a county-wide WPA project authorized by the county commissioners court Monday.

Work is expected to begin about May 1, with perhaps 25 women participating. Headquarters for the present will be in the Memorial auditorium in Wichita Falls, where the city has provided space for the school. Women are to receive training in meal planning, budgeting, health, and clothing alteration.

Mrs. Estelle J. Brooks, supervisor of women's and professional projects in this WPA district, declared that similar work elsewhere has proved highly successful. The project has been approved by WPA officials, and \$10,067.60 has been set aside for its use.

The court declined to approve claims entered by Constables Fred K. Smith, J. W. Rowden and Homer Whisnand for \$134.77, for which defendants did not pay court costs, but served time in jail instead. Payment was denied, the court explained, pending further information as to the legality of such claims, and the legality of proposed payment from precinct road and bridge funds.

In an opinion from County Attorney Ned McDaniel, the constitutionality was upheld in regard to constables and McDaniel stated that such fees could be paid from portions of the precinct road and bridge funds derived from automobile license registrations.

Charlie School Girl Dies From Burns

Mattie Lee Wyatt Succumbs In Wichita Falls

Mattie Lee Wyatt, 17-year-old Charlie high school student, died in a Wichita Falls hospital Tuesday night at 8:30 from burns received Tuesday morning when an alcohol lamp in the biology laboratory at the Charlie school exploded. Blood transfusions were given Tuesday afternoon in a desperate attempt to save the girl's life, but she sank rapidly early in the evening.

The body was taken in charge by Owens Brumley funeral home of Burkburnett.

Willie May Morris, less seriously burned in the accident, was said to be in fair condition Tuesday night.

Clothes Caught Fire

The Wyatt girl ran from the building with her clothing a mass of flames when the explosion occurred. She suffered third degree burns, and little hope was held for her recovery from the first.

A. C. Rice, principal of the Charlie school, and Mrs. Walter Reynolds, primary teacher, rushed the girl to the hospital. The exact manner in which the explosion occurred was not determined. The girls were using the lamp in an experiment.

Th Morris girl suffered burns about her head and legs. Her condition was not considered serious.

Mattie Lee Wyatt was the daughter of Mr. and Mrs. Jack Wyatt who reside on a farm

Students To Begin Study of Highways

As one of their regular homework assignments, high school students in Wichita county are being asked to take part in a statewide highway planning survey now being made by the Texas State Highway Department, according to N. K. Woerner, a district supervisor for the Highway Planning Survey, who was in Burkburnett this week.

Mr. Woerner states that each student will be instructed how to interview his parents about the driving of the family car in order that reliable information can be obtained concerning the types of trips made and kinds of roads used during the previous year. Driving on each type of road will be considered. This will include state highways, county roads, city streets, and private roads.

The information assembled in Wichita county through the schools and through other sources is to be used in the preparation of a statewide rational and factual road plan for future use. With active co-operation indicated from state and local school officials, and particularly the teachers, parents will be requested to assist their children in preparing these assignments so as to increase the amount and reliability of data from Wichita county.

L. S. Sims, L. L. Ledger and J. A. Gordon, field instructors for the Highway Planning Survey, are expected to begin their work in Burkburnett High School next Tuesday. This work is purposely done through the schools for two reasons, according to Mr. Woerner. The students learn civic duty through helping their government and information hitherto unattainable may be collected and put into practical application at a very low cost.

Burial Rites Saturday Burkburnett Woman

Funeral services for Mrs. Josephine Goodall, 68, who died Thursday afternoon at 5:30 in a Wichita Falls hospital, were conducted from the Owens-Brumley Funeral home chapel in Burkburnett Saturday morning at 10:30 o'clock.

Rev. W. E. Rampy, pastor of the Church of God, officiated. Interment was in the Burkburnett cemetery.

Mrs. Goodall had resided in Burkburnett since 1919. She died following a long illness.

Survivors include one son, Henry Matthews of Gladewater, and three daughters, Mrs. Willie Boren of Burkburnett, Mrs. Jack Simes of Kilgore, and Miss Thelma Goodall of Burkburnett.

Pallbearers were Earl Duvall, W. A. Roberts, L. F. Jones, L. W. Miller, L. F. Stuart, and W. D. Wilkins.

near Charlie. Besides the parents she is survived by a brother, James Wyatt, 12.

Funeral services were held from the Charlie Baptist church Wednesday afternoon at 4 o'clock. Rev. E. E. Burch, pastor of the Baptist church of Throckmorton and former pastor at Charlie, officiated.

The pallbearers were members of the high school class, including Weldon Wright, Miram Cherry, George Dowdy, Kenneth Burnett, Bobby Garner, Wilmer Lund and Curtis Sandefur. Six girls in the same class were flower girls. They were Mildred Wright, Willie Mae Morris, Merle Gist, Gladys Mae Varner, Helen Copher and Ozella Ferguson.

Burial was in Charlie cemetery under the direction of Owens-Brumley funeral home.

Methodist W. M. S.

CIRCLE NO. 1 of the Methodist church met Monday, April 18, in the home of Mrs. J. L. Caffee. Mrs. W. M. Ross was co-hostess. The meeting was in charge of Mrs. Carlos Baker. Burkburnett History

As revealed by the files of The Star 12 years ago.

J. S. Hart of Wichita Falls was seriously injured Sunday afternoon when he fell from a truck and a wheel passed over his body. The accident occurred at about 3 o'clock on the west pavement near Gloger's auto cemetery.

According to R. H. Henry, chairman of the building committee for the new Methodist church, the work on the main auditorium will resume as soon as the mill shipments of finishing lumber arrive. Painting and inside furnishing is now underway on the church.

At the regular initiation meeting of the B. P. O. Elks lodge Tuesday night, three doctors were initiated into the order: namely, Dr. S. J. Draper, Dr. W. P. Martin and Dr. W. P. Adams.

Among the improvements in the city is the expansion of the Church of Christ by adding two Sunday school rooms to the building. The increase in attendance and continual growth of the Sunday school department has

made it necessary to enlarge the building.

Mrs. J. M. F. Gill of Burkburnett, president of the Texas Woman's Press Association, presided over the thirty-third annual convention which opened at the St. Anthony Hotel in San Antonio, Tuesday.

The Texas State Highway Commission today announced its approval of the negotiations between the governor of Texas and the authorities of Oklahoma for the construction of the Burkburnett free bridge across Red River. After advertising for bids, the contract for construction of the bridge is to be awarded and work is to begin at the earliest possible moment.

Texas Auto plates in 1927 will be green plates with white numbers, it was determined today when the board of control, on recommendation of the state Highway Department, awarded the contract to S. G. Adams Stamp and Stationery Co., of St. Louis, for \$9.29 per hundred pair, in envelopes and delivered.

WTCC Convention To Present Varied Program Sunday

The West Texas Chamber of Commerce convention program, expected to attract thousands of visitors to Wichita Falls for the twentieth annual meeting of America's largest regional business organization, when the convalescence opens next Sunday to continue for four days, was completed today, after weeks of planning.

Mayor Fiorello H. LaGuardia, chief executive of New York City, who will come from the nation's No. 1 consumer center to address an assemblage in a ranking producing area for agriculture, live stock, and oil, and United States Senator Tom Connally, of Texas, will head a notable array of speakers on the three-day business sessions.

Mayor LaGuardia, on his first visit to Texas, and the Southwest, will speak before the first general session of the WTCC convention, on Tuesday afternoon, April 26.

Earlier, he will head the annual All West Texas convention parade, in which twenty-nine bands, from Texas and Oklahoma and scores of decorated floats and cars, will participate.

Senator Connally will address the final general assembly of the convention, on Wednesday morning.

Significance of the first visit into the Southwest for Mayor LaGuardia, twice victor over Tammany in New York mayoralty elections, and one of the country's most colorful public figures, was indicated today in

receipt of reservations for an accompanying delegation of New York and eastern newspapers.

Mayor LaGuardia will address an Old Settlers' Reunion, at Guthrie, Okla., on April 22, then come to Wichita Falls, with Mrs. LaGuardia, until the following Tuesday, to be the guest of Dr. and Mrs. O. B. Kiel.

Dr. Kiel and Mayor LaGuardia served on the Italian front in the World War, and the Wichita Falls physician is credited with having saved the life of today's New York mayor.

Opening service of the convention will be the civic religious program, to be held in Memorial Auditorium, WTCC convention hall, on next Sunday afternoon.

Rev. S. Stephen McKinney, pastor of St. Paul's Methodist church, in Houston, and former Wichitan, will speak. There will be special music, too, by a massed choir of 200 voices, giving selections from "The Messiah." St. Rev. Mngsr. Patrick J. F. O'Beirne, chairman of the convention's religious activities committee, said today.

On Monday afternoon, first business day of the convention, H. H. Williamson, director of the extension service at Texas A. & M. College, will preside over the agricultural and live stock group conference.

E. N. Holmgren, federal Agricultural Adjustment Act director for the state of Texas; Albert Mitchell, N. M., immediate past president of the National Cattle Raisers Association, Clifford B. Jones, past WTCC president of Spur, and Knox Pittard, of Anson, will speak.

Pittard, member of the WTCC agricultural commission, will announce particulars of the WTCC \$1000 soil and water conservation

contest, to be inaugurated as an annual event, in inter-county competition, that is expected to prove a constructive influence on topographical and erosion control in West Texas.

Tuesday morning, C. P. McGaha, of Wichita Falls, president of the Texas Mid-Continent Oil and Gas Association, will preside over the major oil and mineral group conference.

Judge J. C. Hunter, Abilene, president of the West Central Texas Oil and Gas Association; Harold B. Fell, Ardmore, Okla., executive vice-president of the Independent Petroleum Association, and W. G. Skelly, Tulsa, Okla., president of the Skelly Petroleum Corporation, are scheduled speakers at this session.

Oil industry legislation, taxation, and kindred subjects will be discussed at this session that is expected to attract oil men of the Southwest to Wichita Falls, center of the KMA deep oil field development, busiest center of activity in the national oil picture today.

Judge C. M. Caldwell, of Abilene, chairman of the "My Home Town" speech contest, predicts a near record entry in this traditional event, an annual feature since its inauguration at the Amarillo convention in 1926.

Three preliminary contests will be held this year, on Monday afternoon, at 2:30 o'clock, and on Tuesday, at 9:30 a. m. and at 7 p. m. Finalists will be heard before the concluding general assembly, Wednesday morning.

Entertainment high spot of the convention will be the Oil Festival Revue, on Monday and Tuesday nights. These will feature presentation of beauty queen nominees from West Tex-

as cities and towns, on Monday, and the coronation of Her Majesty, the Queen of All West Texas, Tuesday night.

West Texas colleges and universities will present a varied entertainment revue on both these nights, Miss Margaret Hall, special events director, said today. Walter D. Cline, past WTCC president, will be master of ceremonies, and Senator Connally will crown Miss West Texas.

Miss Inez Mayfield in Brownwood will reign as Miss Wichita Falls, and Miss Elizabeth Williams in Amarillo as the city's "Oil Queen." Wichita Falls, ready to entertain visitors, and will accommodations for Page, convention today.

Oh Man! What a Ham!

SEE the ham in the oven of that grand new automatic gas range? Do you know how easily it was baked? It was unwrapped, wiped with a damp cloth, then rewrapped in the printed wrapper in which it came from the market, and placed fat side up in the shallow roasting pan, without first boiling. The oven being preheated to 325 degrees Fahrenheit, the automatic heat control acted as temperature sentinel. Twenty minutes per pound were

allowed for baking this twelve pound ham; but if you have a ham weighing less, allow 23 minutes per pound. Then the paper was removed and the ham skinned. It was scored for decoration, sprinkled liberally with one cup of brown sugar mixed with two tablespoons flour, and trimmed with thin quarter slices of oranges stuck on with whole cloves. Next it was returned to the oven at a higher temperature of 350 degrees for 25 minutes.

Free Chest Clinic Here April 27th

Dr. W. S. McDaniel, a chest specialist of Houston will conduct a free clinic in Burkburnett, Wednesday afternoon, April 27, at the First Baptist church. Parents and children who have been exposed to an active case of tuberculosis are urged to register for a chest examination or the tuberculin skin test.

The most dangerous period for persons infected with tuberculosis comes when the strain and stress of life begin to fall heavily upon them. It is at the stage of the first infection of the disease that early diagnosis and well planned treatment are of greatest importance. Those who are wise will promptly seek and conscientiously follow competent medical advice.

Early cases of tuberculosis ordinarily respond to proper medical care. In many instances right procedures result in cures and often avail to arrest the disease even in advanced cases. Active tuberculosis endangers others, because in this stage, tubercle germs escape from the lungs of diseased persons and are likely to infect those who come in contact in any degree with the patient.

Dr. McDaniel will give a talk to the High School students and show X-ray pictures of a normal chest and all types and stages of a diseased chest.

found out a lot of things about their life in the penitentiary. They make their own shoes, sugar and candies. They also make the state auto license plates. We looked at the electric chair while there. The guide told us that three men would be executed there on the night of April 21, at 12 o'clock.

We all enjoyed the trip, and it was perfect, except for one thing; we were hoping that we would have more room coming back after visiting the penitentiary.

The rest of the trip was sort of uneventful except for meeting some good-looking girls when we stopped for lunch and Truman Meaders' losing his bill-fold with four dollars in it. He got home with about four cents.

Everybody was ready to eat again when we got home. Just one thing happened to mar the pleasure of the trip; Mr. Dean's little girl was ill when he got home.

We feel that this trip was of great value to us; especially to those of us who are going to college, because we learned how to get around.

We are glad that we got to go through the prison, because now we know what the boys who go there have to do. We decided that we wouldn't like that place for a permanent home, even if there is plenty to eat.

**The SNAPSHOT GUILD
ACTION SNAPS**

What action! Must have taken a fast shutter to stop it! Well, no—don't tell anybody, but it was snapped at 1/25 second, approximately box-camera shutter speed. The athlete simply held still for a moment.

PRETTY soon the weather will be opening up, schools will start on their Spring athletic programs, small boys will be knocking battered baseballs around on vacant lots — and your youngster, very likely, will be among them.

These amateur athletics are excellent material for your camera, whether it is a box camera such as most of us have, or one of the new high-speed miniatures.

Of course, with a box camera, you cannot always expect to "stop" rapid action. That is the field of the cameras with high-speed lenses and shutters. But there's no reason why you can't picture action poses — some of them so realistic that people who see them would vow the pictures were high-speed "stop-action" snaps.

**G. A. Banquet
Honors Mothers**

The Girls Auxiliary of the Baptist church entertained with a Mother-Daughter banquet, Friday evening, April 15, on the occasion of the twenty-fifth anniversary of the organization of the Auxiliary.

The Mother-Daughter banquet is an annual affair with this organization and is usually given near Mothers' Day, but it was decided to celebrate the Silver Anniversary of the organization this year.

The basement of the Baptist church was beautifully and tastefully decorated in keeping with the nature of the celebration; all table decorations and programs featuring the silver motif. Silver streamers and silvered foliage blended with the bouquets of spring flowers and plate favors which were chosen to feature both the anniversary and the Easter season.

The meeting was opened with a song, after which each member introduced her mother and herself. The welcoming address was made by Mrs. C. B. Beldon. Mrs. Lela Pinkston led in prayer. Mamie Browning gave a charming Easter reading. Mrs. F. H. Watkins, W. M. U. president, presented "Silver Memories." Lela Mae Pinkston and Doris Frances Magers gave "Silver Melodies." "Silver Rays From a Star," was the presentation of Bobbie Jean England, Wanda June Harris, Mona June Cheney, Doris Mae Grace, and Alta Faye Spillers. "Silver Trails" featured Nelda Garrett, Virginia Andrews, and Dorothy Browning. Mrs. A. C. Harris spoke on "Shine On, Girls' Auxiliary." Mrs. D. M. McMurry told of "Twenty-Five Years of Silver Shining." A "History of the Local G. A." was given by Mrs. Clarence Lowery, who is a charter member of the local organization. Dorothy Browning presented "Silver Melody." Invocation was by Mrs. R. H. Watkins.

Members of the W. M. U. prepared and served the lovely banquet.

Big Spring, Sweetwater, and Abilene, in the order of their entry into the contest, are seeking to entertain the 1939 convention.

**University Study
Club**

Members of the University Study club met at the home of Mrs. P. G. Williamson Wednesday, April 20, where they enjoyed a luncheon. Spring flowers and charming arrangement of service made the affair one of the loveliest of the season.

An interesting program was given by the following members: Mrs. Walter Riley, "The World's Crossroads;" Mrs. O. R. Wood, "Why Go To Panama?"; Mrs. J. H. Rigby, "Geography of Salvador."

Those present were: Mesdames J. H. Davis, W. R. Hill, George Kerr, L. N. Peyton, J. M. Pogue, H. W. Prizing, R. P. Reagan, S. S. Reger, Walter Riley, J. H. Rigby, I. D. Russell, R. C. Tevis, P. A. Wiggins, O. C. Willis, P. G. Williamson, O. R. Wood, Jess Hageman, Willie Smith and the hostess, Mrs. P. G. Williamson.

Big Rabbit Creek

Easter Sunday, April 17, 1938
Easter Sunday has come again and it's a beautiful day, over head and under foot. It is the only real summer day of this spring. It's nice and warm, a day that will make gardens, vegetation and everything else grow. Especially corn that has been bit off at the ground from two to three times this Spring.

Hawkeye, the past week, has talked to several wheat and oat raisers regarding the damage that was wrought by the late freeze on wheat. It is very small but still, the wheat crop in bushels will be very small; 4 to 10 bushels, caused by the rapid growth of the wheat in early Spring. The wheat didn't stool and didn't spread over the ground thick enough; it's just too spindling to form much grain.

J. E. Wood, his wife and his mother-in-law, Mrs. J. W. Fowler accompanied by Hawkeye, all motored over to our friendly little city, Burkburnett, Saturday afternoon.

H. G. Duke motored down to Wichita Falls Saturday afternoon to bring back Louis, one of his sons, who was working in an implement store. He will stay with his parents over Sunday when he will return to his work Monday morning.

Archie Blair, our rural school bus driver out of Randlett, left Saturday afternoon at 2 p. m. with about 40 pupils for Lawton, Okla., to attend the big Easter Pageant, arriving back in Randlett late Sunday evening.

Mrs. Martha Nails was shopping over in the big oil city Saturday afternoon. It's the first time for over two weeks that Mrs. Nails has been to the city,

due to staying at home to care and look after her 100 Rhode Island Red chickens.

Folks, listen to what Hawkeye has to say about Old Man Weather. It doesn't rain some by 12 p. m. tonight (Sunday) look out for a long dry spell.

Folks, Hawkeye has got this to say about our friendly little city, Burkburnett. Anyone who hasn't had the chance to be in the city on one of those big cash trades days, when \$60.00 is given away every Saturday, just misses half of his life, as it's a powerful sight to see so many people together and everyone so sociable and friendly. That's why Hawkeye, over a year ago, gave the name of "Our Friendly Little City," to Burkburnett, Texas.

The oat crop over on this side is reported being fine, both in quality and quantity. It has been stated to Hawkeye that some oat fields, if hail don't catch it before threshing time, that 60 bushels or more per acre will be threshed out.

Since last Thursday night's big rain several farmers who had just finished planting their corn over for the second time will have to plant over again, as the hard rain washed so much dirt over it. It's just too bad.

Hawkeye investigated the dewberries, grapes, mulberries and peaches following damage by the freeze. Damage is as follows: the dewberries, 25 per cent; grapes, over 50 per cent; wild plums, over 50 per cent, and mulberries over 75 per cent. This is a very close investigation.

J. E. Wood, who is farming the Tom Lee farm on Big Rabbit Creek, for several days past has been helping Tom Lee construct a large barn over on Tom's farm near the Taylor Store. It will

take several days yet to complete the big barn.

Shower In Honor of Mrs. David Hooper

Mrs. David Hooper, formerly Justin Nichols, was honored with a lovely shower at the home of Mrs. W. G. Stripling last Friday evening.

Co-hostesses were: Mesdames E. L. Nichols, G. W. Hooper, L. J. Lorang and Floyd Milford.

Mrs. John Brookman gave a reading. A delightful refreshment plate was served to the following: Mesdames E. Jeffers, Sid Gamblin, R. J. Dice, J. C. Parker, J. D. Kilpatrick, S. J. Moreman, L. O. Campbell, H. C. Gilbert, C. A. Moreman, Chloe Williams, H. D. Hull, Poteet, Walter Duval, C. E. Riggins, Will Pirtle, John Brookman, R. H. Hanvey, D. A. Westbrook, Paul Hooper, Henry Stewart, Horace Chambers, George Kent, H. D. Smith, F. G. Jeffers, Odessa Yowell, Estell King, C. F. King, Rex Pfeifer, Glenn Howard, J. R. Kilgore, H. W. Liddell, G. W. Hooper, E. L. Nichols, M. F. Milford, L. J. Lorang, W. G. Stripling, and Miss Mildred Milford.

Those who sent gifts but were not present were: Mesdames Geo. McClarty, Ralph Brookshier, O. E. Melton, R. L. Gragg, J. D. Matjors, H. W. Prinzing, J. M. Patterson, W. H. Draper, H. E. Linn, Floyd Dawson, Carl Thompson, Ollie Matthews, Henson, J. P. McClarty, Maud Patterson, C. O. Wilson, Paul Schroeder, Lewis Maynard and Miss Mary Jo Henson.

The Pup's Bark

This week begins the last six weeks for this school term. There are many sighs—sighs for two reasons. There is the thought that soon summer will be here and Oh, the joy of sleeping late and not "having" to do anything. Then there is the thought that in order to accomplish this one must go through that period of last minute making up grades. This puts one in sort of an absent frame of mind, but maybe we'll live over it.

The Citizenship club of H4-1 had its weekly meeting last Friday. Besides enjoying a good program, we elected officers for the last six weeks. President, Kenneth Gibson; vice-president, Frances Kelley; secretary, Keith Jones; treasurer, Dale Wood and reporter, Lela Mae Backham.

Betty Jo Pace, formerly a member of H4-1 was a welcomed visitor in Burkburnett last week end. We as former classmates were very glad to see her.

Anna Grace Beasley has re-entered H4-1. We are glad to have her back with us.

The Ink Slingers met Wednesday, April 6th, for their regular monthly meeting. The program consisted of jokes and stories with surprise endings. There will be one more meeting this year which will be the first Wednesday in May.

Mary Nelson and Edsel Ford were chosen best citizens of H2-1 last week.

Paul Gene Smith was the best speller of H2-1 last week, as he made a perfect score on a list of 120 review words given during the week.

Yvonne Dudley of Mankins entered H2-1 Monday. Her father is owner of the carnival. She will be with us a week.

Best citizens of H3-2 last week were Iva Jo Fields, Tommie Sue

Spillers, and Lloyd Potts. W. B. Bennett entered H3-2 Monday. He came here from Holliday.

Johnny Turnbow has moved to Edin, Texas and H3-2 pupils are sorry to lose him.

Homer Dixon of H2-2 has moved to East Texas. We are sorry to have him leave us. H2-2 is welcoming two newcomers. Dewey Copher, Jr. comes to us from Charlie, and Leon Ethridge from Wichita Falls.

The pupils of H2-2 are glad to hear that Bobbie Nell Daulton is improving after her long illness. She was released from the hospital in Wichita Falls, Sunday. The H2-2 class had her an Easter shower last week.

Kenneth Gibson and Opal Lee Taylor were elected best citizens of H4-1 last week.

Juana Wadley of L5-1 is in receipt of a letter from the Interscholastic League in regard to her entrance in the County Meet.

To 11 per cent Spelling Contestants:

We take pleasure in informing you that your spelling paper which was sent to us by the Director of Spelling of your county has been graded 100 per cent in the State Office of the League, and that you are therefore entitled to a spelling certificate awarded to each contestant graded 100 per cent by the State Office graders. This certificate will be mailed to you in the near future.

We wish to congratulate you on your perfect paper, and on your successful participation in this contest, and to wish you the best of success in all future Interscholastic League contests that you may enter.

Yours very truly,
Roy Bedicheck

Sadie Beth Tevis and June Golden received the following letter from the Interscholastic League:

To Music Memory Contestants: We take pleasure in informing you that your music memory score sheet which was sent to us by the Director of Music Memory of your county has been graded 100 per cent in the State Office of the League, and that you are therefore entitled to a pin awarded to each contestant graded 100 per cent by the State Office graders. This pin will be mailed to you in the near future.

We wish to congratulate you on your perfect paper, and on your successful participation in this contest, and to wish you the best of success in all future Interscholastic League contest that you may engage in.

Yours very truly,
Roy Bedicheck, Director.

Dorothy Ann Preston, H4-1

Jackie Fay Dixon has moved to East Texas. H4-2 will miss her very much. We hope that she will enjoy her new home and new friends.

The Intermediate grades have missed Miss Allen very much and are eagerly looking forward to the time when she can be with us again.

The H3-1 class has two new members. They are: H. C. Parker and Dixie Fay Dudley.

Mrs. Tom Boyd gave all the children in H3-1 a lovely surprise Easter basket, and they wish to express their thanks to her.

Mr. Strong reports that the Inter-class track meet is progressing very nicely. There is a lot of class spirit being worked up and a lot of fun is being had by all. We will have something definite to report next week on these events as the final will have been run by that time.

Time For School

Local Man Speaks Grandfield, Okla.

J. S. Mills, member of the local Lions club, addressed the Lions club at Grandfield Monday evening on the subject of "Attendance."

Mr. Mills can speak as an authority on this subject, since he is the only club member in the United States with a perfect attendance record. He has been a member of the local organization since it was founded nearly sixteen years ago and in all that time has never missed a meeting. He has received national recognition for this record and further honors have been promised him.

Isn't this the real problem of Beer — and almost its only problem?

THERE ARE people, of course, who steadfastly and sincerely believe beer to be intoxicating, or its use sinful, harmful, or a first step toward use of "hard liquor."

Just as sincerely we hold that the weight of the evidence is overwhelmingly against them...that beer is a mild, wholesome food beverage...and that "there is nothing more promising to combat the evil of too much alcohol than the opportunity of drinking good beer."

No...it is not in beer itself, we believe, that its gravest problem lies, but in those conditions, undesirable to us all, which sometimes surround its sale.

How should that problem be handled... by brewers, by retailers, by consumers, and by the public authorities? On its handling, we believe, depends the ultimate success or failure of the art and science of brewing, with all its manifold contributions to human pleasure and happiness and to the farm and industrial welfare of this country.

In that belief, a short time ago the Brewers Foundation was organized... to align the brewing industry with forces working for the public good in this country.

Our underlying motive... to perpetuate and promote our industry... is of course obvious. But equally obvious, we hope, is the fact that our interests coincide with the public interest.

Important progress has been made. Brewer-members of the Foundation already represent nearly half the production of beer and ale in the United States; and these members are

pledged, individually and collectively, to the Brewers Code, one significant clause of which is as follows:

"We pledge our support to the duly constituted authorities for the elimination of anti-social conditions wherever they may surround the sale of beer to the consumer."

Being practical men, we promise no miracles. We cannot immediately or effectively "police" the quarter-million points where beer is sold (nor, to be fair, have we legal authority in many cases to do so). Nor can we, immediately, bring about full compliance with the law among all retailers, nor honest enforcement by all authorities.

But a beginning has been made...and we do promise that you will see results from it.

How far we can go, and how soon, depends very much on ourselves...but partly also on you.

Public opinion, once aroused, can operate to bring about honest enforcement of existing laws. Restriction of your patronage only to legal, respectable retail outlets can and will operate to raise retailing standards. Public preference for the products of Foundation members* will bear witness of your approval both to members and to cooperating retailers, and will encourage them to renewed efforts.

This is, therefore, at once a statement of our objectives and an appeal for your support, without which we must fall short of our high hopes. We urgently invite your full and sympathetic cooperation.

Alexander-McCrary Clara School News

Easter Sunday was chosen as the wedding day for Miss Ida Mae McCrary of Wichita Falls and Jack Alexander, who were married in Sayre, Okla., on that day. The ceremony was read at 2:30 p. m. in the Methodist church of Sayre, with the groom's uncle, Rev. J. W. Trevette, officiating. Friends and relatives of the young couple were present. The bride wore a navy blue sheer suit with accessories of navy and white. Her corsage was fashioned of gardenias. Both young people are well known in this vicinity. The bride is the daughter of Mr. and Mrs. P. B. McCrary of Bellevue and the sister of Mrs. Claude Nolan of Burkburnett. She has been employed in the county agent's office in Wichita Falls. She is a graduate of Bellevue high school and of a Wichita Falls business college.

Mr. Alexander is the son of Mr. and Mrs. J. W. Alexander of this city. He attended the local high school and is well known in this area as an amateur baseball player. At present he is in the employ of his father who operates a service station. Following a wedding trip to South Texas, the young couple will make their home in Burkburnett.

Out-of-town guests for the wedding included Mr. and Mrs. Wayne Mower of Wichita Falls.

Track Notes
Five of our thinny clads went to the District track meet held last Saturday (April 16) at Wichita Falls. Three of them placed in some event. Those winning ribbons were: Charles James—second in the 220 yard dash and third in the 100 yard dash; Kenneth Ferguson, second in the mile run, and Lloyd Morris, second in the 440 yard dash. These three boys, together with Norman Jackson and Don Peed are anxiously waiting for the State meet to be held.

Shadow News
We wonder why Georgia Mae came to the school house to the Junior play practice?
We wonder why Johnnie Pounds has such an interest in Don's car?
We wonder why Don never wears his Junior pin?
Clara Meek, who was the young boy you were with Saturday night who was learning to smoke a cigar? Don't forget, the Shadow is watching you.
Nora, you don't need to go to the extreme in talking to Oscar Goetze.
Hubert, how much did the roses and box of candy cost that you bought Marjorie?
Robert Butts went to sleep in Health class, and while he was asleep he had a smile on his face for he was dreaming of his new girl.

University Study Club
In one of the loveliest parties of the Easter season, members of the University Study Club entertained their daughter club, the Junior University Study Club, Thursday evening, April 14th, at the home of Mrs. I. D. Russell. Red and pink roses and blue larkspur decorated the rooms. Mesdames I. D. Russell and O. C. Wills welcomed the guests. Mrs. R. P. Reagan, president of the club, introduced the program. Miss Louise Kent sang "Make Believe." She was accompanied at the piano by Mrs. M. C. Tucker.

Mrs. Freda Van Emden of Wichita Falls entertained the two clubs with a vivid account of her trip to Europe, including her stay in Paris and her visit to Holland, which is her homeland. She impressed her listeners with her description of a trip through the several American cemeteries in France, and of the mausoleum

which holds the bodies of American aviators killed in the war. Their ages were all between 17 and 23 years. She also recounted many humorous incidents which occurred during her tour. Mrs. Van Emden illustrated her talk with pictures she had taken in France and Holland. Big Rabbit Creek

Easter Sunday, April 17, 1938
Easter Sunday has come again and it's a beautiful day, over head and under foot. It is the only real summer day of this spring. It's nice and warm, a day that will make gardens, vegetation and everything else grow. Especially corn that has been bit off at the ground from two to three times this Spring.

Hawkeye, the past week, has talked to several wheat and oat raisers regarding the damage that was wrought by the late freeze on wheat. It is very small but still, the wheat crop in bushels will be very small; 4 to 10 bushels, caused by the rapid growth of the wheat in early Spring. The wheat didn't stool and didn't spread over the ground thick enough; it's just too spindling to form much grain.

J. E. Wood, his wife and his mother-in-law, Mrs. J. W. Fowler accompanied by Hawkeye, all motored over to our friendly little city, Burkburnett, Saturday afternoon.

H. G. Duke motored down to Wichita Falls Saturday afternoon to bring back Louis, one of his sons, who was working in an implement store. He will stay with his parents over Sunday when he will return to his work Monday morning.

Archie Blair, our rural school bus driver out of Randlett, left Saturday afternoon at 2 p. m. with about 40 pupils for Lawton, Okla., to attend the big Easter Pageant, arriving back in Randlett late Sunday evening.

Mrs. Martha Nails was shopping over in the big oil city Saturday afternoon. It's the first time for over two weeks that Mrs. Nails has been to the city,

due to staying at home to care and look after her 100 Rhode Island Red chickens.

Folks, listen to what Hawkeye has to say about Old Man Weather. If it doesn't rain some by 12 p. m. tonight (Sunday) look out for a long dry spell.

Folks, Hawkeye has got this to say about our friendly little city, Burkburnett. Anyone who hasn't had the chance to be in the city on one of those big cash trades days, when \$60.00 is given away every Saturday, just misses half of his life, as it's a powerful sight to see so many people together and everyone so sociable and friendly. That's why Hawkeye, over a year ago, gave the name of "Our Friendly Little City," to Burkburnett, Texas.

The oat crop over on this side is reported being fine, both in quality and quantity. It has been stated to Hawkeye that some oat fields, if hail don't catch it before threshing time, that 60 bushels or more per acre will be threshed out.

Since last Thursday night's big rain several farmers who had just finished planting their corn over for the second time will have to plant over again, as the hard rain washed so much dirt over it. It's just too bad.

Hawkeye investigated the dewberries, grapes, mulberries and peaches following damage by the freeze. Damage is as follows: the dewberries, 25 per cent; grapes, over 50 per cent; wild plums, over 50 per cent, and mulberries over 75 per cent. This is a very close investigation.

J. E. Wood, who is farming the Tom Lee farm on Big Rabbit Creek, for several days past has been helping Tom Lee construct a large barn over on Tom's farm near the Taylor Store. It will

take several days yet to complete the big barn.

Shower in Honor of Mrs. David Hooper

Mrs. David Hooper, formerly Justin Nichols, was honored with a lovely shower at the home of Mrs. W. G. Stripling last Friday evening.

Co-hostesses were: Mesdames E. L. Nichols, G. W. Hooper, L. J. Lorang and Floyd Milford. Mrs. John Brookman gave a reading. A delightful refreshment plate was served to the following: Mesdames E. Jeffers, Sid Gamblin, R. J. Dice, J. C. Parker, J. D. Kilpatrick, S. J. Moreman, L. O. Campbell, H. C. Gilbert, C. A. Moreman, Chloe Williams, H. D. Hull, Poteet, Walter Duval, C. E. Riggins, Will Pirtle, John Brookman, R. H. Hanvey, D. A. Wesbrooks, Paul Hooper, Henry Stewart, Horace Chambers, George Kent, H. D. Smith, F. G. Jeffers, Odessa Yowell, Estell King, C. F. King, Rex Pfeiffer, Glenn Howard, J. R. Kilgore, H. W. Liddell, G. W. Hooper, E. L. Nichols, M. F. Milford, L. J. Lorang, W. G. Stripling, and Miss Mildred Milford.

Those who sent gifts but were not present were: Mesdames Geo. McClarty, Ralph Brookshier, O. E. Melton, R. L. Gragg, J. D. Majors, H. W. Prinzing, J. M. Patterson, W. H. Draper, H. E. Linn, Floyd Dawson, Carl Thompson, Ollie Matthews, Henson, J. P. McClarty, Maud Patterson, C. O. Wilson, Paul Schroeder, Lewis Maynard and Miss Mary Jo Henson.

The Pup's Bark

This week begins the last six weeks for this school term. There are many sighs—sighs for two reasons. There is the thought that soon summer will be here and Oh, the joy of sleeping late and not "having" to do anything. Then there is the thought that in order to accomplish this one must go through that period of last minute making up grades. This puts one in sort of an absent frame of mind, but maybe we'll live over it.

The Citizenship club of H4-1 had its weekly meeting last Friday. Besides enjoying a good program, we elected officers for the last six weeks. President, Kenneth Gibson; vice-president, Frances Kelley; secretary, Keith Jones; treasurer, Dale Wood and reporter, Lela Mae Backham.

Betty Jo Pace, formerly a member of H4-1 was a welcomed visitor in Burkburnett last week end. We as former classmates were very glad to see her.

Anna Grace Beasley has re-entered H4-1. We are glad to have her back with us.

The Ink Slingers met Wednesday, April 6th, for their regular monthly meeting. The program consisted of jokes and stories with surprise endings. There will be one more meeting this year which will be the first Wednesday in May.

Mary Nelson and Edsel Ford were chosen best citizens of H2-1 last week.

Paul Gene Smith was the best speller of H2-1 last week, as he made a perfect score on a list of 120 review words given during the week.

Yvonne Dudley of Mankins entered H2-1 Monday. Her father is owner of the carnival. She will be with us a week.

Best citizens of H3-2 last week were Iva Jo Fields, Tommie Sue

Spillers, and Lloyd Potts. W. B. Bennett entered H3-2 Monday. He came here from Holliday.

Johnny Turnbow has moved to Edin, Texas and H3-2 pupils are sorry to lose him.

Homer Dixon of H2-2 has moved to East Texas. We are sorry to have him leave us.

H2-2 is welcoming two newcomers. Dewey Copher, Jr. comes to us from Charlie, and Leon Ethridge from Wichita Falls.

The pupils of H2-2 are glad to hear that Bobbie Nell Daulton is improving after her long illness. She was released from the hospital in Wichita Falls, Sunday. The H2-2 class had her an Easter shower last week.

Kenneth Gibson and Opal Lee Taylor were elected best citizens of H4-1 last week.

Juana Wadley of L5-1 is in receipt of a letter from the Interscholastic League in regard to her entrance in the County Meet:

To 11 per cent Spelling Contestants: We take pleasure in informing you that your spelling paper which was sent to us by the Director of Spelling of your county has been graded 100 per cent in the State Office of the League, and that you are therefore entitled to a spelling certificate awarded to each contestant graded 100 per cent by the State Office graders. This certificate will be mailed to you in the near future.

We wish to congratulate you on your perfect paper, and on your successful participation in this contest, and to wish you the best of success in all future Interscholastic League contests that you may enter.

Yours very truly,
Roy Bedicheck
Sadie Beth Tevis and June Golden received the following letter from the Interscholastic League:

To Music Memory Contestants: We take pleasure in informing you that your music memory score sheet which was sent to us by the Director of Music Memory of your county has been graded 100 per cent in the State Office of the League, and that you are therefore entitled to a pin awarded to each contestant graded 100 per cent by the State Office graders. This pin will be mailed to you in the near future.

We wish to congratulate you on your perfect paper, and on your successful participation in this contest, and to wish you the best of success in all future Interscholastic League contests that you may engage in.

Yours very truly,
Roy Bedicheck, Director.

Fluffy little balls,
Our little chicks,
They come when mother calls,

Dorothy Ann Preston, H4-1

Jackie Fay Dixon has moved to East Texas. H4-2 will miss her very much. We hope that she will enjoy her new home and new friends.

The Intermediate grades have missed Miss Allen very much and are eagerly looking forward to the time when she can be with us again.

The H3-1 class has two new members. They are: H. C. Parker and Dixie Fay Dudley.

Mrs. Tom Boyd gave all the children in H3-1 a lovely surprise Easter basket, and they wish to express their thanks to her.

Mr. Strong reports that the Inter-class track meet is progressing very nicely. There is a lot of class spirit being worked up and a lot of fun is being had by all. We will have something definite to report next week on these events as the final will have been run by that time.

Time For School
When it's time to go to school,
And I'm in such a rush,
And when I don't get ready just in time,
Ma spanks me with the brush.

Local Man Speaks Grandfield, Okla.

J. S. Mills, member of the local Lions club, addressed the Lions club at Grandfield Monday evening on the subject of "Attendance."

Mr. Mills can speak as an authority on this subject, since he is the only club member in the United States with a perfect attendance record. He has been a member of the local organization since it was founded nearly sixteen years ago and in all that time has never missed a meeting. He has received national recognition for this record and further honors have been promised him.

If Stalin has regimented the Russian women—which we seriously doubt—he's the greatest man of all time.

Isn't this the real problem of Beer

—and almost its only problem?

THERE ARE people, of course, who steadfastly and sincerely believe beer to be intoxicating, or its use sinful, harmful, or a first step toward use of "hard liquor."

Just as sincerely we hold that the weight of the evidence is overwhelmingly against them...that beer is a mild, wholesome food beverage...and that "there is nothing more promising to combat the evil of too much alcohol than the opportunity of drinking good beer."

No...it is not in beer itself, we believe, that its gravest problem lies, but in those conditions, undesirable to us all, which sometimes surround its sale.

How should that problem be handled...by brewers, by retailers, by consumers, and by the public authorities? On its handling, we believe, depends the ultimate success or failure of the art and science of brewing, with all its manifold contributions to human pleasure and happiness and to the farm and industrial welfare of this country.

In that belief, a short time ago the Brewers Foundation was organized...to align the brewing industry with forces working for the public good in this country.

Our underlying motive...to perpetuate and promote our industry...is of course obvious. But equally obvious, we hope, is the fact that our interests coincide with the public interest.

Important progress has been made. Brewer-members of the Foundation already represent nearly half the production of beer and ale in the United States; and these members are

pledged, individually and collectively, to the Brewers Code, one significant clause of which is as follows:

"We pledge our support to the duly constituted authorities for the elimination of anti-social conditions wherever they may surround the sale of beer to the consumer."

Being practical men, we promise no miracles. We cannot immediately or effectively "police" the quarter-million points where beer is sold (nor, to be fair, have we legal authority in many cases to do so). Nor can we, immediately, bring about full compliance with the law among all retailers, nor honest enforcement by all authorities.

But a beginning has been made...and we do promise that you will see results from it.

How far we can go, and how soon, depends very much on ourselves...but partly also on you.

Public opinion, once aroused, can operate to bring about honest enforcement of existing laws. Restriction of your patronage only to legal, respectable retail outlets can and will operate to raise retailing standards. Public preference for the products of Foundation members* will bear witness of your approval both to members and to cooperating retailers, and will encourage them to renewed efforts.

This is, therefore, at once a statement of our objectives and an appeal for your support, without which we must fall short of our high hopes. We urgently invite your full and sympathetic cooperation.

Alexander-McCrary

Easter Sunday was chosen as the wedding day for Miss Ida Mae McCrary of Wichita Falls and Jack Alexander, who were married in Sayre, Okla., on that day. The ceremony was read at 2:30 p. m. in the Methodist church of Sayre, with the groom's uncle, Rev. J. W. Trevette, officiating. Friends and relatives of the young couple were present. The bride wore a navy blue sheer suit with accessories of navy and white. Her corsage was fashioned of gardenias.

Both young people are well known in this vicinity. The bride is the daughter of Mr. and Mrs. P. B. McCrary of Bellevue and the sister of Mrs. Claude Nolan of Burkburnett. She has been employed in the county agent's office in Wichita Falls. She is a graduate of Bellevue high school and of a Wichita Falls business college.

Mr. Alexander is the son of Mr. and Mrs. J. W. Alexander of this city. He attended the local high school and is well known in this area as an amateur baseball player. At present he is in the employ of his father who operates a service station.

Following a wedding trip to South Texas, the young couple will make their home in Burkburnett.

Out-of-town guests for the wedding included Mr. and Mrs. Wayne Mower of Wichita Falls.

University Study Club

In one of the loveliest parties of the Easter season, members of the University Study Club entertained their daughter club, the Junior University Study Club, Thursday evening, April 14th, at the home of Mrs. I. D. Russell.

Red and pink roses and blue larkspur decorated the rooms. Mesdames I. D. Russell and O. C. Wills welcomed the guests. Mrs. R. P. Reagan, president of the club, introduced the program.

Miss Louise Kent sang "Make Believe." She was accompanied at the piano by Mrs. M. C. Tucker.

Mrs. Freda Van Emden of Wichita Falls entertained the two clubs with a vivid account of her trip to Europe, including her stay in Paris and her visit to Holland, which is her homeland. She impressed her listeners with her description of a trip through the several American cemeteries in France, and of the mausoleum

which holds the bodies of American aviators killed in the war. Their ages were all between 17 and 23 years. She also recounted many humorous incidents which occurred during her tour.

Mrs. Van Emden illustrated her talk with pictures she had taken in France and Holland.

Refreshment plates carrying out the Easter motif were served to Mesdames Harold Van Loh, Johnny Foster, Carlos Baker, Francis Felty, Carl Morrison, M. Strong, Polk Robison, P. Kimbrew, Carlton Royce, Truman Garland, Dale Cropper, Al Ragsdale, Victor Spearman, Walter Morris, Misses Bennie Lee Gates,

Gladys and Alice Westbrook, Mesdames O. R. Wood, Joe Davis, L. N. Peyton, J. M. Pogue, C. J. Duncan, Jess Hageman, George Kerr, P. G. Williamson, O. C. Wills, I. D. Russell, R. P. Reagan, S. S. Reger, W. R. Hill, H. W. Prizing, Mrs. Chism of Grandfield, Okla., and Mrs. Van Emden of Wichita Falls.

Stanley Gartside Goes Overboard In A Huge Way

What is it that Stanley Gartside won't do to advertise a picture?

His latest stunt is a parachute jump! That is, he's in the mood for a jump, but it seems that there is a lot of 'red tape' involved in one of these things. Can you imagine? We thought you just shut your eyes and jumped out, but according to Stanley, he must get permission before he makes the leap.

(The odds are being given 10 to 1 that he won't have any trouble getting permission.)

Well, what is all this about? In case you didn't know, a new serial opens at the Tex next week-end. Captain Frank Hawks is starring in "The Mysterious Pilot." Advance notices on the picture say that it is one of the most thrilling serials ever filmed.

Whether Stanley makes his jump or not, there will positively be a lot of excitement on Saturday when a plane will circle over the city and fifty free passes to the Tex will be dropped.

Watch this paper for further details about the parachute jump.
