McFarlane Speaks At Burkburnett

Congressman W. D. McFarlane has taken his campaign into Burkburnett Tuesday evening, speaking to a receptive audience. He was introduced by J. R. Brock who praised his record of service in Congress. The Congressman immediately outlined the accomplishments of the past two years and pointed out the program enacted on farm, wage and hour, farm and home financing, and also pointed out that all postmasters had been placed under civil service for life, subject only to good behavior and efficient service.

After reviewing the legislative program and his platform, Mr. McFarlane answered the three-page attack made against him by his defeated opponent of two years ago, who attacked his character and standing among his colleagues in the House. Mr. McFarlane answered this attack by referring to the President's recent endorsement, along with that of Speaker Bankhead and Majority Leader Rayburn and many others. Mr. McFarlane referred to the eight-page scandal sheet recently issued by this same crowd and specifically pointed out the many false statements it contained, and challenged this critic to present any reputable evidence to support any of said charges.

Mr. McFarlane referred to legislation enacted which he had offered, including legislation giving Federal Courts jurisdiction over hi-jacking, bank robbing and kidnaping crimes and also legislation and information he had offered eliminating the right of large corporations to file consolidated income tax returns, thus placing back into the Treasury more than \$300,000,000 in revenue. He read a sworn statement from Preston W. Cox regarding a \$500.00 contribution from the Waggoner interests, and pointed out that the trip to Arlington Downs was made as a guest of the City of Electra.

Mr. McFarlane pointed out that the bill he introduced for representatives of the American Federation of Labor taxing automatic machinery, applied only to industrial machinery manufacturing for interstate commerce and that this measure was not pushed because of wage and hour legislation.

Regarding postal patronage machine, Mr. McFarlane pointed out that the utility and other special interests and church connections had been used two years ago, and now again by this desperate candidate in trying to ride into office on their coat tails.

Regarding the radio station at Wichita Falls, Mr. McFarlane read a letter published in the Wichita Falls Post by Judge Carrigan showing that reputable Wichita Falls Citizens were the owners of this station.

Mr. McFarlane branded as false the charge that he has received more than \$100,000 and has paid no income tax. Stated public records show that he has received less than 60 per cent of this amount and that all members of Congress paid income taxes under the law.

Mr. McFarlane's final rally will be held in Wichita Falls Friday night at 8:30 p. m. and will be broadcast over KGKO.

Attorney General Approves Bonds

Attorney General William McCraw today approved a \$3,373,000 Water Improvement Refunding Bond issue for Wichita county.

The issue, consisting of 3373 bonds of \$1000 each and bearing 4 1/4 per cent interest, was ordered by the Board of Directors of Wichita County Water Improvement District No. 1 on June 21, 1938 and is dated April 1, 1938. The bonds mature in groups of \$75,000 to \$203,000 April 1, 1939 to 1964 inclusive.

McCraw said his approval of the issue was based on the fact that the district has \$31,324 in taxable valuations on which a tax of 80 cents per \$100 has been levied to retire the issue.

Funeral of Burk Section Foreman Held Here Wed.

Last rites for W. W. Bilby, 49, section foreman for the Katy railway here for the last 12 years, were held from Owens & Brumley Funeral home Wednesday afternoon at 2:30 o'clock with Taylor Davis, minister of the Church of Christ, officiating.

Bilby had been in ill health about a year and a half and died in a Denison hospital Tuesday morning at 2 o'clock. Burial was in the Burkburnett cemetery.

Religious Fervor Cause Of A Little Blood-Shed Sat.

One of the highlights in the regular Saturday evening program of jammed streets, political backslappings and handshakings, traffic jams and loud talk, was an affair between two negroes, Sam Lawson and J. H. (Buddy Joe) English, on Main street in front of the Famous Store.

Spectators who jammed the sidewalk saw Sam riddle the fleeing Buddy Joe with a trusty and effective "frog-sticker." According to Police Chief Bill Stapp, who investigated the case and took Sam into custody, Buddy Joe has had a recent attack of "religionitis" and was reonstrating with Sam to "be a better nigger; join the church and turn over a new leaf, etc."

Sam, who resented the allegations that he wasn't already leading a circumspect life, banded a few words with Buddy Joe, who undertook to forcibly instill a little respect for the higher things of life into the recalcitrant Sam, but a few inches of shining steel dampened the ardor of the self-appointed evangelist, who fled from the field, a sadder, if not a wiser, man.

Buddy Joe, was patched up by local doctors and sent to the General Hospital in Wichita Falls. Sam is in the county jail awaiting indictment. His plea is self-defense, but Buddy Joe's back shows all the marks of the encounter.

Something of legendary fame is becoming attached to Buddy Joe who emerged bloody but still alive from what is only one of countless such engagements. Only a year ago, he was recuperating from a like affair in the County hospital. Word was sent to his wife that he was dead. She hurried to Wichita Falls to claim the body and found her "late" husband sitting up in bed eating an onion.

It is little wonder that he is becoming known as the "Colored Man With Nine Lives."

Lion Members Hear J. R. Brock And C. H. Peden

Members of the local Lions Club met for their regular weekly meeting at the usual hour Tuesday evening.

Frank Kelley and Wiley Brownning had charge of the program. J. R. Brock, a graduate of the High school in Burkburnett, now a student in the Law school at George Washington University in Washington, D. C. gave an informal talk on the "Happenings in Washington," interesting people he has met and places of interest he has visited in Washington.

Two visitors were present: C. H. Kitchell, who is in charge of construction of the new school building, and C. H. Peden, scout executive of this area from Wichita Falls, who gave an interesting talk on the "Importance of Scout Organizations" and the need for such an organization here.

Mrs. P. A. Wiggins and her daughters, Martha Beth and Josephine are visiting relatives in East Texas. They will be gone about two weeks.

"If you could spend an hour with me in the accident ward of the large hospital where I am stationed, you would understand why I don't see anything smart about speeding. Figures released by The Travelers Insurance Company indicate that nearly 37 per cent of all fatal accidents are caused by exceeding the speed limit. My experience has taught me something that these figures do not indicate—that the worst accidents, those involving almost hopeless injuries, nearly always result from accidents where high speed was a factor."

Encampment At Iowa Park for the Clubs of District

Wichita and Wilbarger home demonstration clubs are going to hold a joint encampment at the Fair Park Auditorium, Iowa Park, Tuesday, July 26, to Thursday, July 28. The first meeting will be Tuesday evening at 7:30 when a picnic supper will be held. The entire family of each club member is invited to attend this supper and the entertainment which will follow. Songs, dances, one act plays, and music will be given at the evening program.

Wednesday morning's program will be reports and demonstrations given by the women from each county that attended the Short Course at A. and M. College July 13 to 15. Some of these are Dairy Products on Parade and Light Refreshments for Summer entertainments.

The afternoon program will be songs and games directed by the women who attended the school of instruction at A. and M. There will also be a swimming party at Sand Beach Swimming Pool. After supper the crowd will be the guests of the Iowa Park Chamber of Commerce at the Park Theatre. Each woman is to pay 10c registration fee. This money is to be used in paying for cooks. Meal tickets will be sold to pay for the food instead of each woman bringing it from home. The meals for those who stay for the entire duration of the camp will be 50c and the meals Wednesday and Thursday are dinner 25c, supper and breakfast 10c each. The last meal will be breakfast Thursday morning. All children under 5 years of age do not have to pay.

Program and menu committees have been appointed by both County Councils. These committees met in Iowa Park Monday, July 18, and made these plans. Each woman is to bring her knife, fork, spoon, glass or cup, dish towel and bedding. Plates will be furnished.

No Official Report Chatham's Illness

Attending physicians have not issued definite reports for several hours as to the condition of Jack Chatham who is a patient at the General Hospital in Wichita Falls.

It is understood that Mr. Chatham's condition is serious; he suffers from complications arising from an old heart and circulatory condition. His physicians have not said whether there is yet any cause for alarm.

Mr. and Mrs. E. H. James and little son returned to their home in Vernon on Wednesday. Mr. James has been in Austin studying at the University; Mrs. James and son have been visiting in the home of her parents, Mr. and Mrs. J. W. Butz.

Burk Dogies Gain Clear Lead In Oil Belt; Beat Cats 5-4

James Zink, Burk Hurler, Allows No Hits No Runs For Five Innings

The Burkburnett-Fairview Dogies regained their Oil Belt league leadership Sunday afternoon at Spudder Park by nosing out the Wichita Falls Cats, 5 to 4, in a 10-inning duel. The Cats came from behind twice to tie the ball game up in the late innings, but to no avail.

James Zink started for Burkburnett-Fairview and for five innings held the Cats hitless, and only on an error did the Cats get a man on base during this time. Zink weakened, however, in the sixth and was driven from the mound in the seventh.

Homer "Chesty" Lewis, the Wichita Falls mound ace, turned in a well-pitched game for the Cats, and in the pinches was at his best. Only two of the five runs off him were earned, and one of these came after Manager Hibbs and Elmer Ford had pulled the "Alphonso-Gaston" act under Zink's short fly to right and let it fall for a single.

The Cats passed up their greatest chance in the eighth inning when a bunting attack had filled the bases off Dave Brantley with none out. Brantley then forced the hard-hitting Satterwhite to pop to Hanvey. Mann hit to Potts and Hibbs was forced out at the plate. Parker was nicked with a pitched ball to force home Cunningham and tie the game, but Brantley pulled out by fanning Calf Evans.

After Lewis had whiffed Hanvey in the 10th, Potts bounced a high one past Satterwhite for a base hit, then stole second. O'Neal was walked, then Oxley drove home the winning runs with a single to center. Score: Burkburnett Ab R H E Halley, 2 1 1 0 0 Ray, 1 4 1 1 1 Hanvey, s 4 0 1 0 Potts, 3 5 2 1 2 O'Neal, c 4 0 2 0 Oxley, r 5 0 1 0 Curfman, 1 5 0 1 1 Willett, 1-2 5 0 1 0 C. CANDIDATES FOR PUBLIC OFFICES HELD BIG RALLY HERE MONDAY

West Texas Press Meets In Seymour August 12th-13th

Palo Pinto, July 20—Two nationally known speakers will appear on the annual program of the West Texas Press Association at Seymour August 12 and 13, reports Mary Whatley Dunbar, brunette president.

Mrs. Dunbar's announcement that Mrs. Walter Ferguson, nationally known columnist for Scripps-Howard newspapers, will be the outstanding woman on the program is expected to boost attendance, not only of newspaper men and women of West Texas, but also of other admirers of Mrs. Ferguson.

For the past 14 years Mrs. Ferguson has been writing her column, "One Woman's Viewpoint," for Scripps-Howard papers. Mrs. Ferguson's mother is the inspiration for Edna Ferber's book, "Cimarron," and the first part of the story is that of the Fergusons and their entrance into Oklahoma Territory.

Top speaker No. 2 is Vernon T. Sanford, secretary-manager of the Oklahoma Press Association, recognized as one of the country's most successful press association managers. His address will feature the new Oklahoma Press Association co-operative campaign for securing local and national advertising for member newspapers.

The program will also include merrymaking on beautiful Lake Kemp, old-fashioned dances, and breakfast sponsored by the West Texas Chamber of Commerce, fish fry, annual golf contest, annual awarding of loving cup for "Best Weekly Newspaper in the WTPA," several member speakers, a planned-in-advance roundtable discussion of newspaper problems, and a surprise contest to be announced just prior to the convention.

Boy Scouts Enjoy Picnic And Swim

Scoutmaster B. L. Turner and assistant Scoutmaster W. C. Kiesling accompanied a group of 19 boys from Burkburnett on a picnic and swimming party to Sandy Beach Tuesday evening.

Those who enjoyed the party were: Jim Tom Brookman, "Red" Hensley, Jack Willis, Willie Willis, Bobbie Paul McMurtry, F. M. McMurtry, Donald Hageman, Donald Weisinger, Clark and Clovis Farar, Gerald Hoffman, Gene Turner, B. H. Alexander, Harold Ray Garner, Brack Preston, Steve Marchand, and Junior Storey.

Naval officers from battleships of Great Britain in colorful full dress uniforms, are to attend a grand costume ball climaxing British Empire Day at the 1939 Golden Gate International Exposition.

In Bogalusa, Louisiana, about sixty negroes have learned to write their names due to efforts of the Employment Service. These negroes filed for unemployment benefits and signed "X". Interviewers asked them if they wanted to learn to write their names and, finding them eager, taught the negroes.

Musicians and dancers from all parts of the world will entertain visitors at the 1939 Golden Gate International Exposition. Mrs. J. P. Scruggs left for a several weeks' visit to Arkansas this week. She was accompanied by her son, Lloyd.

Lige Chrestman is visiting his son, Marshall, at Benavides, Texas.

With primary election less than a week away, candidates for precinct, county and district offices, made a last minute bid for votes before a crowd of approximately 800 persons here Monday night.

Presiding at the rally and acting as master of ceremonies was Court Judge Fillmore. He was assisted by Judge Irvin Vogel who timed the speakers, allowing them five minutes each.

The Shriners' Band from Wichita Falls furnished music for the occasion.

An unusual feature for political rallies, and probably an indication of the changing times, was the attitude of the crowd, which was quiet, orderly, listening to each speaker with the same degree of attention.

Speakers for the evening included "Dad" Sanders and Geo. Willingham, candidates for Constable in this precinct; Will Teal and F. R. Knauth, candidates for County Commissioner from this precinct; Pat Allen, George Garrett, and Fred K. Smith, all candidates for Sheriff of Wichita County; the present County Clerk—Julian McFall and those opposing him, R. D. Kennedy, Grover C. Johnson, and Davis Gomillion; County Attorney Ned McDaniel and his opponent, Mike Anglin; District Clerk R. L. (Bob) Sanderford, and his opponents, Glenn Haynes and I. A. Farris; Gene Sherrod, Z. D. Allen, and Howard Martin, all candidates for the office of District Attorney; George Moffett, candidate for State Senator; M. A. Bundy, Bert Derden and R. P. Donaghey, candidates for State Representative.

Representatives spoke in the interests of Charles Tennyson, candidate for State Senator, W. T. (Taz) Locke, and Allan D. Montgomery who oppose each other for the office of District Judge for the 30th District and who could not be present.

Ed Gossett and K. C. Spell who oppose W. D. McFarlane for Congress, were the last speakers on the program.

Burk Boy Listed On Honor Roll State University

W. Donald Roberts of Burkburnett was among the upperclassmen listed in Group 1 of the honor roll of the College of Pharmacy, University of Texas, for the second semester of 1937-38.

Mrs. H. A. O'Neill and daughter, Peggy, and little granddaughter, Ann Dalton Adams, of Wichita Falls, left Thursday for a visit of several weeks in Dallas, Houston, and Temple. Mike O'Neill, who is visiting in Houston, will return with his mother and sister.

Mary Louise Nixon, niece of Mrs. I. D. Russell, has returned to Nashville, Tennessee, where she is in Nurses' Training School, after a two weeks' visit with her aunt.

Mrs. I. D. Russell and daughter, Rubynelle, Misses Ethel Jo and Mary Louise Nixon spent two days last week in Quanah as guests of Mrs. Maud Hill, Mrs. Russell's sister.

Mrs. W. T. Vance was the guest of her son and his wife, Mr. and Mrs. Hammett Vance, on a trip to Dallas early this week. She spent a day last week at Craterville Park in Oklahoma.

Local Markets

The following market quotations were being made in Burkburnett Thursday: Cream, No. 1, lb. 21c Frys, lb. 12c Hens, over 4 lbs. 14c Hens, under 4 lbs. 11c Eggs, doz., mixed 14c Cocks, pound 6c Turkeys, No. 1 8c Turkeys, No. 2 6c Cow Hides, green 3c Wheat, 60 lbs. \$3.20 Cotton middling, \$7.00 to \$8.00 Oats, No. 2, bu., 32 lbs. 30c Barley, bushel 25c Maize, 100 lbs. \$1.00 Old white ear corn, 75 lbs. 65c Mixed ear corn 55c

THE PHASES OF ACCIDENT PREVENTION

The Fourth of July week-end has again focused public attention on America's ghastly highway problem. Over the holiday, more than 500 people lost their lives—the majority from automobile accidents.

As highway experts point out, there are three definite primary phases that must be considered and covered in any accident campaign that is to produce results. These are: Standardization of traffic laws and devices in the various states; elimination of accident-prone roads and intersections; education of the individual driver.

At the present time, driving practices that are legal in one state are illegal across the border. Dozens of types of warning signals, lights and signs are in use, and constitute a constant bewilderment to the motorist who drives any distance away from his home town. Some state motor patrols are known to be strict in enforcing the law; others are lax. The result is a legislative and administrative chaos, that breeds accidents.

Eliminating the accident-prone location is strictly an engineering problem. A wide, smooth-surfaced road is not necessarily a safe road. And a large collection of control signals and signs at a corner does not necessarily make for safety either. Safety engineers have designed highways and intersections which make it impossible for cars to cross each other's path, which obviate the chance of head-on collisions by the use of lane separators of one kind or another, and which eliminate other hazards. Practice has

proven that this work will cut the accident rate astonishingly. Here is where government, federal, state and local, can do an invaluable work which will benefit all the people.

As for education, the thing to be kept in mind is that sporadic campaigns are useless, and that continuity of effort is all-important. The great responsibility that falls upon anyone when he takes the wheel of a car must be constantly drummed into the public. Engineers, law enforcement authorities, educators and the general public must work together. Only then will the growing toll of highway deaths and injuries be lessened.

W. D. McFarlane Endorsed By Nat'l. Farmers Union

Statement by Edward E. Kennedy
Farmers' Union Washington Representative

Congressman W. D. McFarlane of Texas is a friend of the farmer. His record as a member of Congress in support of farm legislation is 100 per cent.

Those of us who are privileged to represent the farmer at the Nation's Capital have found W. D. McFarlane to be intelligently liberal in his capacity as Representative in the Congress from the State of Texas. He is possessed with independence of thought and action—rare in Washington—that has won him the respect and confidence of friend and opponent.

Last year Congressman W. D. McFarlane advocated and voted for the 3 1-2 per cent Federal Land Bank Interest Rate Bill and which provided for a reduction of interest on Land Bank Commissioner Loans from 5 to 4 per cent. This year Congressman McFarlane supported the bill to extend these rates of interest to farmers for another two years beginning July of this year. This bill was passed by both Houses. Congressman McFarlane in supporting these measures and in supporting the Frazier-Lemke Refinancing Bill has given support and leadership to the demand of Texas farmers for interest rates consistent with their better security—the last best hope of earth: The Land.

The other side of the Farm Problem from the standpoint of Government, is to provide the opportunity for the farmer to secure the cost of production for his production needed for the home market. Congressman McFarlane advocated and supported the McAdoo-Massingale-Eichor "Cost of Production" Bill. This justifies the statement that his judgment

is sound—that he is a sincere legislator—and that he is a genuine friend of the farmer.

Congressman McFarlane has rendered invaluable service to the farmers of the Nation as a member of the powerful and influential House Appropriations Committee, which handles the Agricultural Appropriations thru the sub-committee of which Congressman McFarlane is a worthy member.

Congressman McFarlane has

consistently supported and voted for liberal and constructive monetary legislation which would raise and restore agricultural prices sufficiently to cover the farmers' cost of production as the basis of a sound prosperity for the Nation as a whole.

W. D. McFarlane's straightforward Farm record in Congress proves that he is eminently qualified to continue in the service of his people as Representative in the Congress from the thirteenth District of Texas.

The United States ranks third in sheep production, with a total of 53,000,000 head. Australia ranks first, with Russia second, and Argentina ranks 4th. Australia has a total of 108,000,000 sheep, twice as many as the United States and Russia has 65,000,000.

OIL PERFORMS 'MIRACLES' FOR RURAL DWELLERS

Modern Rural Kitchen — Range and Refrigerator Burn Oil

Farmers generally are beginning to realize that for a large majority of them electrification is a long way off, and in millions of cases permanently beyond their reach, because of the prohibitive cost of line construction and service where there are not three or more homes to the mile. However, that such homes need not lack modern conveniences is indicated by this photograph showing a modern rural kitchen with oil burning equipment.

Both the range and the refrigerator use kerosene for fuel. Seeing them and learning about their performance impresses one with the thought that petroleum is a modern "miracle" fuel, for it also supplies power for many uses, not the least of which is to bring

those who live in even the most remote homes within a few minutes of town or city, by means of the modern automobile.

Because it brings the convenience of modern refrigeration to even the most isolated farm home, where the need is greatest, the oil burning refrigerator is generally regarded as one of the greatest labor-savers made available to rural homes in recent years. Strange as using heat to create refrigeration may seem, even more surprising is the fact that the burners of this refrigerator do 24 hours' work in two hours. The burners go out automatically after the required amount of oil has been burned, but refrigeration and the freezing of ice cubes goes on continuously.

MIKE ANGLIN

MIKE ANGLIN

Asks For A Second Term As County Attorney

MY OPPONENT AND I EACH HAVE SERVED ONE TERM ---
WHOSE RECORD SHOWS THAT A SECOND TERM IS EARNED?

MY RECORD

I closed all the roadhouses in the county including the swanky Belvedere.

My two assistants whom he claimed were incompetent two years ago tried 80 contested criminal cases in county Court during the first 18 months and convicted 40.

Kept my office at the court house.

Enforced the regulatory laws, as well as the prohibitory laws.

Was the lawyer in all cases in which Wichita County was involved.

You may judge the sincerity of a man's promises by the manner in which he keeps those promises. If you think I have earned a second term I shall do my very best to fulfill the office.

We need a change in the County Attorney's Office. Put in a man who kept his political promises—who can and will spend his time prosecuting and will stay at the Court House. Let's elect MIKE ANGLIN.

HIS RECORD

He says he closed one beer joint but over 100 have opened during his administration.

Has helped try 14 of the total of 36 contested criminal cases tried in 18 months in county court, and only convicted 16 out of 36. Two of these were set aside by the higher court.

He has dismissed over 1000 criminal cases.

Maintains a private office in the Harvey Snider Building. His assistant has a private office in the Staley Building.

? ? ? ? ?

Outside lawyers were hired in every case in which County was involved.

Mike Anglin Pledges:

1. Strict and sensible enforcement of all laws.
2. Special attention to liquor law violations.
3. If the County goes "dry"—stiff prosecution of bootleggers.
4. If the County goes "wet"—regulate or close road-houses and honky-tonks.
5. Hard prosecution of "hot check artists" and swindlers. Make the merchant safe.

6. Remove the root of Drunken Driving by closing "joints" that gets the motorist drunk in the hours of night.
7. He will not maintain a private office for private practice as does both his opponent and his opponent's assistant.

State Founders In Texas Granite

Southwestern artists are participating to select a suitable design for the memorial. This contest will close on July 15th, at which time the monument which is to be constructed of Texas granite will be ordered and plans will get underway to arrange a program for the unveiling ceremonies on the opening day of the Golden Jubilee Celebration.

of Texas will be placed on another tablet. Another tablet will contain the names of all treasurers and secretaries and still a third will have the names of every man who has served as a director since the State Fair was organized.

Judge J. J. Eckford and E. J. Kiest, two of the oldest directors on the State Fair Board in point of service, have been named as an advisory committee to select the names which shall be placed on the memorial.

Payments To Be Made Soon On '37 Cotton

Farmers who certify that they have not knowingly overplanted their cotton acreage allotments and who agree in writing to refund the payment if it is later found that they have failed to meet the requirements, will receive the cotton price adjustment payment on their 1937 crop as soon as forms and instructions are received and issued and application is made. E. N. Holmgreen, administrative officer in charge of the state AAA office at Texas A. and M. College, has announced.

All acreage is now being measured, Holmgreen said, but compliance will not be required of farmers who produced cotton in 1937 but not in 1938.

The recent amending act passed by Congress for speeding up these payments also specified that cotton produced in 1937 but not sold prior to September 10, 1937, will be eligible for a flat payment rate of 3 cents per lb. on the amount eligible.

Farmers who put their cotton under the 9 cent government loan may receive cotton price adjustment payments on that part of the loan cotton that is eligible for payment without transferring or selling the cotton.

The appropriation for the pay-

Funeral Tues. For Aged Burk Man

Funeral services for W. B. Aigler, 80, Burkburnett, were held from Owens & Brumley Funeral chapel here Tuesday morning at 10 o'clock with Taylor Davis, pastor of the Burkburnett

Church of Christ, officiating. Haigler died in a Wichita Falls hospital Monday morning. Haigler had been a resident of Burkburnett for five years and had been in ill health for about a year. Burial was in the Burkburnett cemetery.

Survivors include a daughter, Mrs. Eula Blair, and a granddaughter, Mrs. Catherine Lowe, both of Burkburnett, a sister and a brother.

Big Rabbit Creek

July 16, 1938

Well, again the Big Rabbit Creek vicinity was visited with about 1-2 inch of rain Friday night; also, a slow rain for over one hour fell between the hours of 2 and 2:30 a. m. Sunday.

Hawkeye says that he hates to see those rains come so often; that it is bound to turn all those big ears of corn into little old knotty nubbins.

Tobe Hardin, Mrs. Martha Nails, her son Charlie, served ice cream Saturday night in the home of Mr. and Mrs. Lee Stafford and family.

As the harvest is just about over, just a few more days, 98 per cent of the Big Rabbit Creek neighborhood was shopping and on the streets of Our Friendly Little City, Burkburnett, the leading little city of northwest Texas.

Well, as the election for Oklahoma has come and gone it left more candidates in tears than it left in smiles. Mr. Bart Nelson was re-elected as our commissioner for District 3. Mr. Campbell defeated Charlie Dunn for County Attorney and Clarence Jackson defeated F. T. Wagner of Walters, Okla., for Court Clerk.

Quite a few cotton farmers have their cotton just about laid by and will take a little vacation during the next month, August, by visiting their wives' relations, or some uncle or aunt.

A record breaking corn crop for Cotton County is a sure thing, since those two rains fell; first, July 7th, then July 15th, and a light rain the morning of July 17th.

Soon after the arrival of Hawkeye in the Friendly Little City, Burkburnett, Saturday, he dropped around to the Star office to say "Hello" to the boys and the ladies. He found everyone at their posts and in work up to their necks.

If you Burkburnett folks don't think it's some hot at this writing, you fellows just drop down on Big Rabbit Creek some of these days. Just now, at this writing, it's 101 1-2 in the shade (house) at 3:21 p. m.

The great multitude of human beings was on the very busy streets and in all the business places all day Saturday, and at 4 p. m. sharp down at the cash drawing grounds. Over 3,000 people were there ready for the big cash drawing of \$60.00.

Prof. Killingsworth and his wife will teach the Big Rabbit Creek school for the term of 1939. The Prof. and his wife have taught the Valley View school in the Valley View community for more than five years. They gave the best of satisfaction at the Valley View school.

Tobe Hardin and Charlie Nails and Charlie's mother, Mrs. Martha Nails, have a job of chopping out 80 acres of cotton for Howard Bentley this coming week at \$1.25 per day.

Saturday afternoon Hawkeye walked in his old friend's place of business—Casey Logan—and as Hawkeye entered, he noticed a great big smile on his friend's face, and at the same time he saw Casey wrapping up something. He came to find out that it was a big six pound blue catfish that a friend of Casey's had caught out of Lake Kemp and had brought to Casey for a big Saturday night's supper. Later this big blue cat was sent down to the up-to-date City Meat Market to be dressed, ready for the frying pan. Before you could turn around, Roy, the meat cutter at the City Grocery and Market, had it dressed and ready for the frying pan.

Mrs. Martha Nails is in the home of Mr. and Mrs. Harris, who live north of Randlett, canning corn and blackeyed peas. As Mrs. Nails is an expert canner, she receives \$1.25 per day.

Yours truly,
Hawkeye Owens

THRIFT NEWS

By B. F. Jackson

Mr. and Mrs. F. G. Spicer and daughter, Pauline, have returned home from a two weeks' visit with friends and relatives in Illinois.

Miss Marian McClarney is home again after a visit of several days with friends in Breckenridge.

Mr. and Mrs. Tom F. Gifford

and family visited relatives in Melissa, Texas, last week.

Mrs. Clyde Reed, who has been on the sick list, has recovered from her illness and is able to be up again.

L. B. Horr made a business trip to Fort Worth last Friday.

Misses Arletta and Pauline Blackwell returned home last Sunday from a fifteen day visit with relatives and friends in Oklahoma.

Robert Netherlain, who recently received his discharge from the Army post at Fort Sill, is home for a visit with his parents, Mr. and Mrs. L. C. Netherlain.

Mrs. A. C. Whigham and children visited their relatives at Sunset last Friday.

Miss Odessa Grizzle returned home last Friday after spending several days in Fort Worth visiting with friends.

Mr. and Mrs. Waid Bogy spent last week-end with his parents, Mr. and Mrs. I. F. Bogy, at Bridgeport.

Rev. and Mrs. G. W. Bales and daughter, Glenda Sue, visited relatives and friends in Oklahoma this week.

L. B. Horr and A. C. Whigham made a business trip to Sherman last Tuesday.

Mr. and Mrs. Jimmie Doneho and son, Gene, are visiting relatives and friends in Oklahoma City this week.

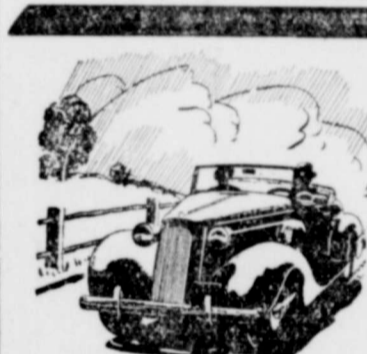

Announcement of Marriage Is Surprise to Friends

The announcement last Monday of the marriage of the former Miss Laverne (Shorty) Beavers to Wayne Whitton, which took place in Waurika, Okla., on June 24th of this year, came as a complete surprise to the many friends of the couple.

Mrs. Whitton is the daughter of Mr. and Mrs. W. A. Beavers of this community, a popular member of the younger set, and a graduate of the Fairview High school.

The happy couple are making their home in Thrift at the present time.

Their many friends wish for them a long and happy married life.

No evening services during July.

MORGAN CIRCLE MET WITH MRS. SALTER

The Morgan Circle met with Mrs. A. W. Salter Monday afternoon for their regular monthly Bible study.

The meeting was called to order by singing "His Promise to Me". Mrs. M. P. Keith led in prayer. Mrs. H. C. Hash gave an interesting lesson from the 2nd chapter of Colossians. Mrs. A. H. Lohofener dismissed with prayer.

Delicious refreshments were served to the following: Mesdames M. P. Keith, Dick Ellis, Carl Miller, Murphy Dean, H. C. Hash, A. H. Lohofener, O. P. Brookover, and the hostess, Mrs. A. W. Salter.

SHOWER IN HONOR OF MRS. W. MILLER

Mrs. P. A. Browning and Mrs. Will Teal entertained at Mrs. Browning's home on Monday evening, July 18, in honor of Mrs. Walter Miller whose recent marriage has been announced.

A short program was rendered as follows: Reading by Grace Preston; Piano Solo by Doris Frances Magers; Reading by Leila Mae Pinkston.

Following the program, the honoree was led to the dining room where an umbrella had been arranged over the table with streamers from it with instructions for a treasure hunt which, when found, proved to be an assortment of beautiful gifts.

Mrs. Miller is the former Miss Beatrice Morton, daughter of Mrs. Nethie Morton. The marriage took place in Colorado Springs July 5th.

The guest list for the shower in her honor included the following: Mesdames Nat Harris, Joe Matthews, Lewis Shores, Ralph Brookshier, Al Lohofener, Henry Grace, Carl Morrison, Charlie Grace, Travis Fields, Charles Hall, Roy Magers, Jack Deines, Paul Schroeder, Morris Bookbinder, C. C. Gilbert, Nancy Hinkle, Jack Chatham, Lewis Sims, Imogene McLean, Blake Browning, Grady Lawerance, Robert Browning, Earle McCreary, Mabel Forqueran, Wylie Browning, Clarence Poole, Glen Bear, J. J. Blackstone, O. C. Wills, Lowery Minor, Ed Stevenson, Andrew Browning, Chloe Williams, Mrs. Butler Westerfield of Wichita Falls, and Mesdames Leslie Abbott, Ray Miller, Bob Ward and John Miller of Grandfield, Okla., Misses Euda Fields, Pearl Hensley, Nina Williams and Aline Musick.

Hundreds of visitors go to Treasure Island each week for luncheon and to preview the site of the 1939 Golden Gate International Exposition.

"The Gayest Time Since Forty-Nine" was the slogan describing the Gateway of the 1939 Golden Gate International Exposition which won a \$1,000 prize.

Pay Raises For WPA Workers

With payroll periods beginning July 15th monthly purchasing power of 70,000 unskilled workers on WPA projects in Texas will be increased by \$365,708, it was reported last week by Stearns S. Tucker, deputy State Administrator.

Authorized by the 1938 Appropriation Act, pay increases averaging approximately \$5 per month are being made for all labor performed on WPA projects by workers who are classified as unskilled. Workers whose compensation is affected are now receiving wages ranging from \$21 to \$35 per month, Tucker said.

More than \$400,000 is being spent for the water supply system of the World's Fair of the West which opens next February 18 on Treasure Island in San Francisco Bay.

The American Newspaper Guild will hold its 1939 convention at the Golden Gate International Exposition.

Located on the first floor of the Administration Building, the Treasure Island hospital will have three wards and ten beds.

VOTE FOR Chas. H. Tennyson

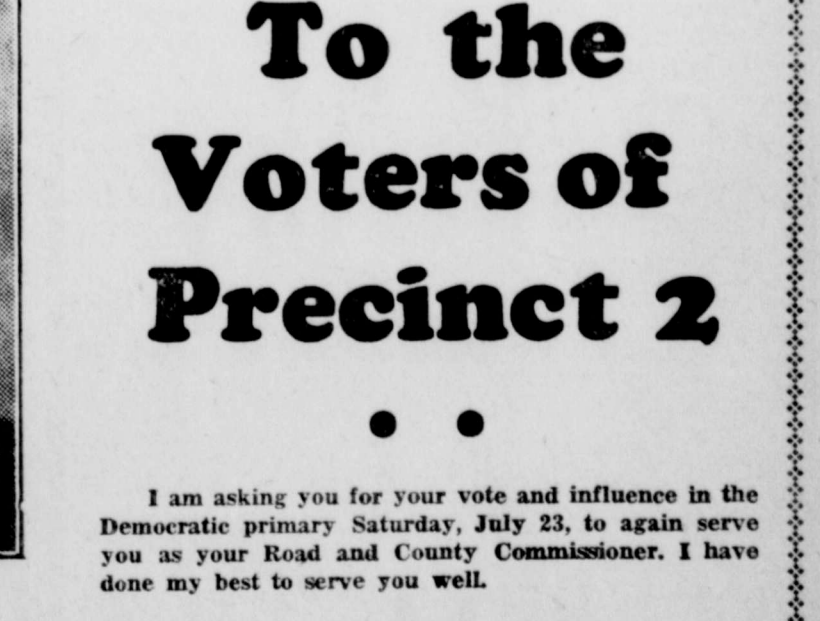

A Wichita County Man For State Senator

We have an opportunity to place in the Senate of Texas, a former citizen of Burk Burnett, a man who has represented Wichita County ably for the past six years in the House of Representatives. He has always been found at his post of duty fighting for the best interests of North Texas and the State as a whole.

LET'S PROMOTE CHARLES H. TENNYSON OF WICHITA COUNTY TO THE TEXAS SENATE!

(Political Advertisement Paid for by Friends)

To the Voters of Precinct 2

I am asking you for your vote and influence in the Democratic primary Saturday, July 23, to again serve you as your Road and County Commissioner. I have done my best to serve you well.

The road and bridge fund is the only fund that each Commissioner has absolute control over at this time in the respective precinct that he represents. I have always managed to keep a nice balance in our fund and, at the same time, keep our roads and bridges second to none in the County.

I have seen to it for years that there has always been a project in operation under the CWA and the WPA, where all eligible men, that are out of work (and there are many), have been employed, which, in turn means a nice payroll to be spent with the merchants of our town.

If re-elected, I shall continue to serve all you people, rich and poor alike, as I have done in the past and will continue to give you a business administration, regardless of any special or selfish interests.

Thanking you in advance for your vote, July 23rd, I am
Your Commissioner,
F. R. KNAUTH

Texas Producers Reaping Rewards

Recounting untold benefits accruing to Texas producers as a result of the centennial celebration in 1936, more than 100 members of the Texas Retail Grocers Association who attended the National Association of Retail Grocers in Cincinnati, returned home to renew their efforts for wider distribution of Texas-grown products.

It will be recalled that Texas

independent grocers were hosts to the National Association during the great centennial exposition in 1936. That was the occasion for the first meeting of the National convention South of the Mason-Dixon line in twenty-five years. Thousands of food distributors who had never before visited in Texas, came to the Lone Star State for that meeting not only to make their contribution to the success of the centennial but to gather first hand, valuable information about this commonwealth.

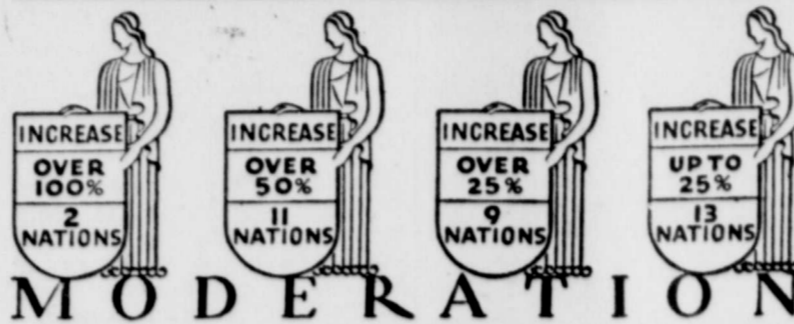

Texas was widely advertised at the recent Cincinnati convention and much concern was exhibited about this State by scores of grocers who were visitors here in 1936. Delegates to the Cincinnati meeting, representing all parts of the nation, cognizant of the splendid business conditions prevailing over this area in bold contrast to the slump in other areas, made constant inquiry about the fruit, vegetables, meat and other crops for which the State is famous.

The improved business conditions in Texas at this time of year is due to the nationwide distribution of her farm, ranch, or

World-Wide Moderation Growth Shown By Brewing Statistics

International reports show that 35 nations have increased production of beer and ale since 1933, in the wake of world-wide developments favoring beer as the beverage of moderation.

WORLD-WIDE increase in beer and ale consumption has kept pace with temperance education advocating use of the beverage of moderation and sobriety, according to the latest international production figures obtained from European sources by the United Brewers Industrial Foundation. The official figures, after a final checkup, will be published by the League of Nations. The greatest increases have been recorded in those countries where the promotion of beer's temperate qualities has been most wide-spread and effective. This is particularly true in the United States and European countries, especially the British Isles, where a rise of more than 5,600,000 barrels was reported for 1937 over 1933. Soviet Russia, which has fought for temperance on a broad scale in recent years, increased its beer production by 72 per cent in four years and Mexico, engaging in similar effort, added 128 per cent to beer production in five years.

Two countries — Palestine and Mexico—increased production over

100 per cent since 1933. Countries that increased production over 50 per cent included the United States (since 1934), Finland, Canada, Soviet Russia, Brazil, Lithuania, Latvia, Greece, Guatemala, Chile and Peru.

Countries with over 25 per cent increase were Argentina, Australia, New Zealand, Italy, Hungary, Estonia, Poland, Union of South Africa and Belgian Congo. Countries that increased output up to 25 per cent were United Kingdom, Germany, Denmark, Ireland, Norway, Sweden, Japan, Portugal, Bulgaria, Luxembourg, Uruguay, Egypt and Czechoslovakia.

The figures published by the Brewers Foundation show that the United States, re-established as the world's largest producer and consumer of beer following re-legalization in 1933, is steadily expanding its position, producing 58,748,987 barrels for the reporting period 1937. The next largest producers and consumers of beer were (in order) Germany, United Kingdom, Belgium and France.

chard, dairy and other similar crops, is well known to all observers. Also, the nationwide demand for these products has resulted largely from the gathering of independent grocers in Dallas two years ago, as was indicated at the recent national meeting. Texas growers are in line to receive even larger benefits through wider distribution of their products, thus insuring a steady and in many cases increased profits. Members of the Texas Retail Grocers Association did not fail to "boost" Texas products at every opportunity.

Typhoid Takes Toll In Texas Every Year

Dr. George W. Cox, State Health Officer, estimates that the State of Texas suffers an economic loss of one-half million dollars annually from typhoid fever, a preventable disease.

Last year 378 Texans died of typhoid and approximately 4,000 were ill with the disease. The average duration of the illness is from six to eight weeks plus a convalescent period of about six weeks. This means that typhoid is responsible for the loss of approximately 200,000 work days each year in Texas, with the attendant loss of income over a several months period.

Early fall and late summer each year sees a tremendous increase in the prevalence of typhoid in Texas, due to vacation travel and the hazards brought to the local population by itinerant labor.

Typhoid is particularly prevalent in those sections where there is seasonal employment bringing into the area great numbers of laborers who live in tents, shacks and trailers without adequate sanitation.

The local communities have the problem of dealing with this shifting population put squarely on their own shoulders. Insofar as is feasible, the itinerant population should be immunized against typhoid and should be made to conform with sanitary regulations (particularly with regard to disposal of waste) as a protective measure to the permanent community population.

Typhoid fever can be controlled by the use of pure water, pasteurized milk or clean milk, clean foods, proper disposal of sewage, screening against the fly and destroying its breeding places, by search for and care of human carriers, and by general practice of immunization.

In selecting a place for a vacation, choose one where you know that the water and milk supply is pure. Be sure that the kitchen and dining room are screened to protect the food from flies. When camping it is best to boil water used for drinking, unless you know that it is pure. Clear, sparkling, spring water is often nevertheless polluted.

Treasure Island, 400-acre site of the 1939 Golden Gate International Exposition in San Francisco Bay, will become a \$7,000,000 municipal airport as soon as the World's Fair is over.

American Farmers Need Much Larger Foreign Markets

"A century ago agricultural products normally accounted for four out of every five dollars' worth of exports that the United States sent to foreign countries," states W. E. Morgan, economist of the Texas A. and M. College Extension Service.

"Last year, however, only one dollar's worth of agricultural products was exported for every three dollars' worth of non-agricultural commodities.

"This situation did not come about over night—it is the kind of thing one would normally expect in a country that started out as a producer of raw materials and then developed into an important manufacturing nation."

The importance of agricultural products in our foreign trade has declined steadily for over half a century, Morgan explained. After the Civil War American manufacturers began to export large amounts of their goods.

This was possible because many of our industries are efficient enough to produce commodities cheaper than they can be made elsewhere in spite of the fact that the prices paid here for many raw materials, such as steel and aluminum, are unduly high because this material is tariff protected.

"This increasing share of industrial products in the dollar value of our exports is important to American farmers because the total amount of money that foreigners are able to spend here is held down by mandates imposed by many foreign governments. The tariff policy of our own government has aggravated the situation. Declining exports make it doubly hard on farmers," Morgan pointed out.

"To put it another way, farmers have more reason than ever to push for an expansion of foreign trade."

Salt Deficiency Listed As Cause Heat Prostration

If your work is such that it causes excessive perspiration, add a pinch of ordinary table salt to each drink of water you take to help prevent heat cramps. This is advised by Dr. Geo. W. Cox, State Health Officer, to prevent a possible increase in the number of heat victims as the Texas thermometer hits 95 degrees and above.

Laborers, mechanics, farmers and white collar workers whose work causes them to sweat profusely, are in danger of having their body salt content become deficient with resulting heat cramps or heat fag. Salt is a prominent constituent of sweat; the body may lose as high as 40 to 50 grams of salt during hot days.

In industry, a method of preventing heat cramps is to take a tablet of pure salt or a mixture of salt and dextrose with each drink of water. Workmen whose duties require muscular exertion should be especially careful to add more than the usual amount of salt to what they eat and drink.

Salt deficiency may be prevented by taking salt in various ways. Where prepared tablets are not available, table salt may be added to each drink of water. Milk is a source of salt and will help to make up for the deficiency caused

by sweating. Alcoholic drinks should be avoided.

Heat cramps is characterized by pains (cramps) in the abdominal region, headache, and in severe cases, by nausea and vomiting. The body temperature remains about normal, likewise the pulse rate. Body salt losses occur without the knowledge of the individual until there is a deficiency; then the abdominal muscles begin to cramp.

Approximately 18,744,000 workers are covered by Unemployment insurance in the 28 states now paying Unemployment compensation benefits. The three states which began to pay benefits on July 1st (Iowa, Michigan, and South Carolina) brought in approximately 2,000,000 of these covered workers.

Dr. Samuel Johnson wrote his famous "Rasselas" in the evenings of a single week, to meet the expenses of his mother's funeral.

Bring Your Steering Troubles To Us

Morgan's Garage

211 Avenue D

Burkburnett, Texas

Like a Crossword Puzzle, It Fits In the Pattern of Community Life

Your municipal light plant fits well in the community plan, spelling low rates, personalized service, revenue retained at home, and civic improvement.

When rates were established for the local light plant, the welfare of the citizen was given first consideration. As a result, Burkburnett has the third lowest electric rate in the State of Texas, the two lower rates being those in suburbs of large cities.

A residence may consume 50 KWH for the extremely low rate of \$2.79 in Burkburnett. Give credit where credit is due and support your municipal light and power plant.

WICHITA COUNTY

CAN'T AFFORD A "SELF-IMPOSED DEPRESSION"

A Statement of Facts

As a citizen and taxpayer of Wichita County, you should be tremendously interested in the outcome of Saturday's election. The issue to be voted upon is whether or not the sale of all alcoholic beverages will be prohibited.

As a matter of fact, more is involved than this simple issue would indicate. The future of Wichita County is at stake. That prohibition adversely affects business conditions is a fact which cannot be denied.

You, as a taxpayer, struggling to pay and hoping that your tax burdens will be lightened, should take a look at the record and consider the facts before you go to the polls. The record shows that a total of \$30,057.21 was collected from license fees alone in Wichita County during the year 1937. Of this amount, \$15,602.64 was paid into the State treasury and the remaining \$14,454.57 was retained by the County and City Governments.

These items, however, represent only a minor part of the income from alcoholic beverages legally sold in Wichita County. In addition to these license fees, the State of Texas and the Federal government levied taxes on the actual amount of beer, wine, and other alcoholic beverages sold within the county. The State tax thus levied and collected during twelve months amounted to \$79,321.42 while the Federal government, for a like period, collected \$198,747.85. By adding the amounts collected from both taxes and license fees, we find the actual total collected to be \$308,126.48. (Note—those sponsoring "Prohibition" frequently quote license fees as being the only income, without making mention of the TAXES collected!)

BUSINESS Losses

In addition to the loss of these revenues, if prohibition is permitted to carry, Wichita County will suffer in a more direct way. Those establishments now licensed by the State to sell alcoholic beverages will be forced to close their doors and go out of business. Their employees will be thrown out of work and the dependents of both employers and employees will be made to suffer.

Since February 1, 1938, the sale of alcoholic beverages has been legalized in a number of counties and cities in the State of Texas, after a brief trial of prohibition. The change of sentiment in each of these instances was brought about by the business men who realized that they had made a mistake in permitting so-called prohibition to carry. Some indication of the effect prohibition had in these areas may be gathered from the following statements which were issued by business men during these recent campaigns.

One prominent grocer in Mineral Wells said: "A number of customers whose accounts amounted to as high as \$50.00 per week prior to prohibition are now spending less than \$10.00 per week in my place of business. Other customers have quit buying completely."

An Eastland cafe proprietor reported: "Never a week passes but what several groups of diners get up and leave my tables and cancel their orders for meals when they find that they cannot purchase a bottle of beer before they eat."

The manager of a clothing firm in Mt. Pleasant said: "Our sales of men's suits have fallen off noticeably since prohibition. Other articles are affected in proportion, since the buying power of many of our customers has been cut."

One furniture store owner in Palo Pinto County stated: "We have been forced to repossess two suites of furniture from persons who lost their jobs because of prohibition, and were unable to keep up their payments."

A Ranger lumberman stated: "I lost the sale of a number of bills of lumber which were to be used in making additions to existing buildings and in the erection of new buildings when owners were forced to curtail their activities because of prohibition."

A Titus County druggist stated: "Strange to say, our business has fallen off quite a bit since prohibition. No doubt, the fact that other businesses are being affected in turn hurts us."

To illustrate how quickly some of these counties realized their mistakes, attention is called to the fact that Eastland County went dry in 1937 by more than 200 votes, then on March 12th, 1938, voted for legalization by more than 200 votes. Palo Pinto County voted dry on October 2nd, 1937, by a majority of 151, then on February 22nd, 1938, voted legalization by a majority of 345. Titus County went dry on December 11th, 1937, by 14 votes, then on March 5th, 1938, voted for legalization

by a majority of 736.

These are but a few of the actual cases on record.

Old Age Pension Threatened

In May, 1937, 127,769 aged citizens received pensions in the State of Texas. Because of lack of funds this number had been reduced until last month there were less than 113,000 according to a statement issued by the Texas Old Age Assistance Commission.

Getting a little closer to home, let's take a look at what happened right here in Wichita County. The records in the County Clerk's office show that in that same month of May, 1937, 1239 Wichita County citizens received payments amounting to \$17,205. In May, 1938, there were only 995 pensioners and the total amount had been reduced to \$13,724.

In discussing the outlook for Saturday's election, one old age pensioner in Wichita County had the following to say:

"I know that the State is committed to a policy of paying old age assistance, but I also have sense enough to know that the State cannot pay these pensions when it does not have the money in the treasury. The fact that the State has not had the money is responsible for cutting off thousands and thousands of pensioners from the rolls during the last year. It is reasonable to believe that further cuts will be made if we reduce the revenue which goes to the Old Age Pension Fund."

The State Auditor's report shows that 48 per cent of all the State's money for old age pensions is derived from license fees and taxes on alcoholic beverages. The annual report of the Texas Liquor Control Board shows that revenues for 1937 amounted to \$6,971,238.14. These are public records, and the accuracy of these figures may be checked.

Under the laws and the Constitution of the State of Texas, taxes on alcoholic beverages are allocated three-fourths to the Old Age Assistance Fund, and one-fourth to the School Fund.

In addition to the taxes and license fees collected by the State, County and City governments, more than \$16,000,000.00 was collected by the Federal government from alcoholic beverages in Texas. Most of this returned to Texas in one of the various forms of Federal aid.

Texas Now Has a new Liquor control act

It makes provision for absolutely eliminating objectionable joints. Under this new law, any establishment may have its license absolutely cancelled if it sells to any person under twenty-one years of age, OR if it sells to any person showing evidence of intoxication. OR if it permits at its place of business any conduct by any person whatsoever that is lewd, immoral, or offensive to public decency.

In counties where advocates of true temperance lend their support to the enforcement of this law, conditions are much better than they are in counties where these efforts are given toward so-called prohibition.

Do you want a self-imposed depression?

For the last few years times have been hard and taxes have proven burdensome and we have used every possible means to try to improve conditions rather than let them get worse. Located as we are, adjoining the State of Oklahoma, we cannot hope to attract visitors or new enterprises to our county if prohibition is permitted to carry. Neither can we hope to prevent the purchase and consumption of alcoholic beverages. So-called prohibition will not stop the sale of liquor. It will simply put it in the hands of bootleggers who pay no license fee and who operate tax free.

Another fact to be considered is that there are, at the present time, more than 1000 citizens employed in those establishments licensed to sell alcoholic beverages. If we cut off the earning power of this many citizens, it will certainly affect every other line of business in Wichita County.

Dry counties are almost universally DEAD counties. We cannot afford a "self-imposed depression." A vote AGAINST prohibition is a vote for better business.

T. D. J.
Betty Jane Hill, daughter of Mr. and Mrs. A. R. Hill left Sunday for a two weeks' camping trip to Camp Letoli on Lake Murray near Ardmore, Oklahoma. The beautiful camp, which has been open only two seasons, was built by the government and is open only to members of the Y. W. C. A. and Campfire Girls and their guests. Miss Hill is the guest of friends.

HARDIN CLUB MEETS WITH MRS. BROOKMAN
Mrs. Fred Brookman was hostess to members of the Hardin Demonstration Club at her home last Wednesday afternoon. Mrs. F. O. Minick presided in

who is attending the Short Course at College Station. Following a short business meeting, the following papers were read and discussed: Enlightening the Public—Mrs. J. C. Muller. Test for the Plague—Mrs. J. J. Blackstone. Transmittal of the Plague—Mrs. Fred Brookman. Mrs. A. A. Evert gave a report of the preparations made by appointed committees for the encampment to be held at the Fair Grounds at Iowa Park the 26, 27, and 28 of this month. All members are especially urged to attend the encampment.

Those present for the meeting were: Mesdames J. C. Muller, J. J. Blackstone, A. A. Evert, S. E. Askins, Fred Minick, D. A. Westbrook, Fred Brookman, and Misses Clara and Millie Kiesling.

CLODELLA POSEY BECOMES BRIDE OF CLARENCE BRIDGES

In a lovely, quiet ceremony, performed at the home of her parents, Miss Clodella Posey became the bride of Clarence Bridges at 2:30 Sunday afternoon. Willis Kreager, pastor, performed the ceremony.

The young couple was attended by Jack Harris and Miss Musette Perkins, both of Lazare, Texas, as best man and bride's maid.

Mrs. Bridges is the daughter of Mr. and Mrs. G. C. Posey. Mr. Bridges is the son of Mr. and Mrs. L. E. Bridges and is a student at N. T. S. T. C. at Denton, where he will finish his 4th year the next school term.

Those present for the wedding were: Jack Harris, Miss Musette Perkins, Mr. and Mrs. G. C. Posey, Mr. and Mrs. L. E. Bridges, Mr. and Mrs. D. C. McNeil, Mr. and Mrs. Willis Kreager, Roy Lee Bridges, Virginia Mae Bridges, Zelma Bridges, Willis Kreager, Jr., Grover Posey, Tommy and David McNeil.

The British purchased the island of Singapore from the sultan of Johore in 1824.

District Clerk's Office Has Envious Record

During the past few years many businesses have gone thru a period of recession. Not so with the District Clerk's office of this District where, under the able direction of R. L. (Bob) Sanderford, the most distinguished record in the history of the office was established.

But a few figures of Sanderford's administration are the following: Over 4,000 civil cases have been handled efficiently and with dispatch. One thousand five hundred delinquent tax suits, 1,000 felony criminal cases, 100 juvenile delinquency and dependency cases and 400 contested jury cases have been handled with complete lack of red tape or political favoritism.

During this time the District Clerks' office has summoned, supervised and paid 4,200 grand and petit jurors and has prepared transcripts and records for the appeal of 350 cases. Over one quarter of a million dollars has been collected and disbursed to the county, to officers, litigants, jurors, witnesses, etc., during Sanderford's administration as District Clerk.

This volume of business exceeded by far that handled by the District Clerk's office during the same period at any time since the office's creation.

Bob Sanderford and his friends ask you to return him to office solely on the record of the District Clerk's office. When you vote for Bob Sanderford for District Clerk you are voting for a known record. You know that that office will continue in efficient, fearless, honest and hardworking hands.

No conscientious citizen can ask more. When you go to the polls on July 23rd, vote to continue R. L. (Bob) Sanderford as your District Clerk.

President Endorses Congressman McFARLANE

Above is a picture of Congressman W. D. McFarlane on President Roosevelt's Special Car by invitation of the President at Wichita Falls last week, where the Graham Congressman was master of ceremonies.

On the President's recent visit at Wichita Falls on July 11th, the President endorsed our Congressman in the following friendly words in his speech: "My friends of Wichita Falls, I am glad to come here. My old friend, Congressman McFarlane, has told me much about the 'City That Faith Built.' That is the finest name that any city in the Nation could have." * * * "And, incidentally, I have kept in pretty close touch with all the fine things that you have been doing in recent years. Congressman McFarlane has told me of your reclamation projects, of your subsistence homesteads, of your power developments, and I am glad that the Federal Government knows that you people are on the map."

Newspaper Reports of President Roosevelt's Visit to Texas

Friend McFarlane

WICHITA FALLS POST, July 11, 1938—The President made no direct reference to the Congressional race here; he gave tacit approval to McFarlane, referring to him as 'MY FRIEND CONGRESSMAN McFARLANE.'

"My friend McFarlane has told me of the 'City That Faith Built' and I can think of no finer name for any city," began the Chief Executive.

"My friend McFarlane has told me of the reclamation projects, the subsistence homesteads and the power developments of this area, and I am glad the federal government knows you people are on the map."

WICHITA FALLS POST, July 12, 1938—WANTS McFARLANE RE-ELECTED—In a speech last night at Amarillo, Texas, Mr. Roosevelt mentioned the names of several of the Lone Star State's Congressional delegation as the type that HE PREFERRED TO BE IN WASHINGTON. He called the names of Representatives Maury Maverick, Marvin Jones, W. D. McFarlane and Lyndon W. Johnson, all of whom were on board the President's special train as it sped across Texas.

DALLAS MORNING NEWS, July 12, 1938—"McFARLANE GIVEN NOD—Congressman W. D. McFarlane, Graham, representing the Thirteenth District, received in Wichita Falls the presidential nod he had been waiting for. Roosevelt mentioned McFarlane several times as the Congressman stood by his side. The Congressman introduced Allred who was lustily cheered, and the Governor presented the President.

FORT WORTH STAR-TELEGRAM, July 12, 1938—"McFARLANE COMPLIMENTED—At Wichita Falls Roosevelt complimented Congressman W. D. McFarlane

of Graham. At Chillicothe, McFarlane introduced the President as 'The Greatest Humanitarian the country has ever known.'

DALLAS MORNING NEWS, July 16, 1938, written by Mark L. Goodwin, Washington Reporter.

"The primary election of July 23 will mean much to Texas, its standing in the legislative affairs of the country, and whether Texas influence in Congress is to be continued." * * * * *

"Committee assignments are ruled by seniority. States that keep their members here get the plums. New members have to go to the foot of the list and work up. If Texas changes its line-up in the House of Representatives it will be another twenty years getting back to where it is now." * * * * *

"The President also took occasion to give Representative William McFarlane, in which district Wichita Falls is located, a friendly pat on the back. He referred to the Congressman, who is facing a stiff fight for renomination, as 'my old friend.' And that means the Rooseveltian blessing."—(Washington Times.)

The Speaker of The House of Representatives

Honorable William B. Bankhead writes, "It has been a very genuine personal satisfaction for me to have served with you in the House and no one is in better position than I to have observed the fidelity, diligence and ability with which you have performed the duties of your office as Representative of your District, and I congratulate you upon the high character of public service you have rendered."

Many other important members of Congress and the representatives of the agricultural, labor, oil and livestock interests, all commend and endorse the services of Congressman McFarlane. We know our Congressman is honest, efficient and well qualified to represent us as shown by his record of 100% in keeping faith with his platform and the support of the President's recovery program. We approve the recognition given our Congressman by the President and all those with whom he has worked. We recognize that only through seniority and honest, faithful service can our representative have the opportunity to reach the heights as others from Texas have done.

Let us return this tried and true friend of the masses and thus express our appreciation of his services and approve the endorsement given him by the President and the leaders of Congress who know him best.

Tune in on KGKO Friday, July 22, 1938-8:30 to 9:30 p. m.

BURKBURNETT, TEXAS
Grace and Mattingly, Owners

:-: About People You Know :-:

Mrs. Ray Mills returned from Dallas Saturday where she was examined by Dr. Carrell, bone specialist, who told her she would have to undergo an operation soon. Following the operation, she will have her foot and ankle in a cast for several months.

Mr. and Mrs. Louis Rosenstein and two sons of Fort Worth were in Burkburnett Saturday greeting old friends. Mr. Rosenstein was manager of Saul's Store here several years ago.

Hammett Vance and his wife spent a few days last week with his parents, Mr. and Mrs. W. T. Vance, before they returned to their home in Wichita Falls following a two weeks' vacation in Colorado.

Herman Engelmann is attending the Chamber of Commerce School in Dallas this week. He will return Friday.

J. J. Blackstone left last week for College Station where he will serve as an instructor at the summer Short Course for Firemen.

Glendon Alexander left Saturday for McLean, Texas, where he will spend a week's vacation with relatives. He is employed by the Palace Theatre here.

James and Martha Walling have returned from a two weeks' vacation to McCamey where they were guests of their brother, Charles Walling, Jr.

Margetta Purcell of Wichita Falls spent last week-end as the guest of Mrs. Francis Felty.

Mary Lafon Alexander is visiting in Abilene, Texas.

Mr. and Mrs. J. W. Alexander are spending this week in New Mexico.

Marilyn Harwell returned Monday from Camp Waldemar at Kerville, Texas.

Bernice McDonald has returned to Nashville, Tennessee, after a visit with friends and relatives.

Gayle Preston enrolled last week at Hardin-Simmons University at Abilene for a six weeks' summer course.

Herman Brown, former secretary of the Chamber of Commerce here, now living in Quanah, was in town Tuesday, greeting old friends.

Marilyn and Jimmie Roy Morris returned to Burkburnett Saturday night after a visit with relatives in San Antonio and Ft. Worth. They were accompanied here by their uncle, Claude Matthews. While in San Antonio, where they were guests of their grandmother, Mrs. Lula Matthews and their aunts, Daisy and Margaret Matthews, they also visited Mr. and Mrs. John Knox and Mr. and Mrs. J. C. Kubitz, formerly of Burkburnett.

Leona Hunt has returned from her vacation.

Mr. and Mrs. Jimmie Boyd announce the arrival of a baby daughter on Thursday, July 14, at the Burkburnett Clinic.

Harlen Boyd and Dorace Hageman spent last week-end in Lubbock.

Roy Magers attended a Buffalo Barbecue at the Kemp Hotel in Wichita Falls Wednesday evening in honor of representatives of the Great Southern Insurance Company in this district and several other officials from the home office.

Mr. and Mrs. L. N. Peyton and Elizabeth Johnston will spend this week-end in Goree, Texas, where they will visit relatives.

Mr. and Mrs. A. C. Houser visited their daughter, Kathryn, in Lubbock last Sunday.

TO THE VOTERS OF PRECINCT 2

I am seeking your support and influence because I feel that I am capable of protecting the road and bridge fund as efficiently in the future as it has been looked after in the past, and I further bind myself (if elected) to buy all of the County supplies from local dealers. I mean HOME TOWN MERCHANTS.

The present incumbent has had the office for the past sixteen years and has received approximately fifty thousand dollars (\$50,000.00) of the taxpayers money for his salary during that time.

If and when elected, I further promise to build and repair all needed roads at my first opportunity and not neglect them till the last four months of my administration.

Now on July 23rd when you go to the polls to cast your vote for County Commissioner, please take into consideration the length of time my opponent has held this office, the amount of money (approximately \$50,000) he has received from it, and last but not least, I have been a citizen of our community for the past 20 years and have patronized my home town merchants 100 per cent and I assure you (if elected) I will devote my entire time to this office and conscientiously discharge my duties to every citizen regardless of his status in life.

Thanking you to give this matter your careful consideration on July 23rd, I earnestly solicit your vote.

Sincerely yours,
Will Teal
