B. H. ALEXANDER

Alexander To Attend Insurance Convention

DALLAS, Texas, June 14—Agents of the Southwestern Life Insurance Company will meet for the first time in the Company's history beyond the borders of Texas when the 35th annual convention of the Southwestern Life Club is held in Colorado Springs, Colorado, June 15, 16 and 17, President C. F. Donnell announced today.

More than 300 agents and their wives, bringing the anticipated attendance to approximately 500, will attend. Southwestern Life representatives, by producing a specified volume of business during the previous year, win the right for themselves and their wives to attend the Company's annual conventions with all expenses paid. The Broadmoor hotel resort mecca of Colorado, will be convention headquarters.

B. H. Alexander, Burkburnett representative of the Southwestern Life and Mrs. Alexander will go to Colorado Springs for the convention.

W. W. Carroll of Lubbock will call the general convention of the Southwestern Life Club to order Thursday morning. Convention

Doctor Russell Does Revival Of His "Stork Act"

Rare is the life that is untouched by the drama of coincidence. However, this little story is even more appealing from the 'human interest' standpoint than the usual run of coincidences.

On June 8, 1915, Dr. I. D. Russell, now a prominent Burkburnett physician, delivered a son to Mr. and Mrs. Charlie Lewis in Petrolia. The child was called Clovis and is their only son.

On June 8, 1939, at his clinic here in Burkburnett, he officiated at the birth of Charles David, son of Mr. and Mrs. Clovis Lewis, who now live in Wichita Falls. Charles David is also an only son. He is named for his grandfather and for the doctor who delivered him and his father on the same date 24 years' apart.

Burk Man Goes To Venezuela For Two Years

H. L. Boman, who has been an employee of the Gulf Petroleum company here for six years, left Tuesday for Houston where he will sail for Venezuela this week.

Mr. Boman will be in South America two years, employed in the pipeline department of the Gulf Petroleum company, and will have charge of a native crew.

Mrs. Boman is to join him sometime this summer or early Fall.

First Community Night of Season To Be Presented Friday Night

NEW TEXAS SWEETHEART SOUGHT

Who will their successor be as Texas Sweetheart No. 1 for 1939 at Fort Worth's Casa Manana this summer? At the left is Fay Cotton of Berger, glamorous in a gold gown, and at right, Grey Downs of Temple, captivating in lovely flounces, furberlows and plumes. Lou Wolfson, executive director, and Lauretta Jefferson, dance director, will tour the State to seek Texas' most beautiful and talented girl. The huge musical show—featuring such stars as Bob Burns, Kenny Baker, Frances Langford, Russ Morgan and his orchestra—will open June 21 and run through Labor Day.

Buddie Morris Home Destroyed By Fire Sunday

FIRE OF UNKNOWN ORIGIN DESTROYS HOUSE AND CONTENTS

Fire of unknown origin destroyed the home and contents of Buddie Morris early Sunday morning.

The house was located a few miles northwest of the city and the family barely escaped with their lives. They were unable to save any of the furniture and only a few clothes. Several dollars in silver and currency along with some valuable jewelry also went up in the conflagration.

The house and furniture was partially covered by insurance.

Father's Day Services Men's Bible Class

The Men's Bible class of the First Baptist church has made arrangements for a special Father's Day program at their regular meeting Sunday morning.

Plans have been made to honor the oldest father present and a program of readings and special music will be presented. Little Jo Ella Morgan will sing.

Deputy Sheriff's Car Burns

Deputy Sheriff Roy Blancet had the misfortune the first of the week to lose his automobile by fire as he was making his rounds in the West Field.

Mr. Blancet stated that the cause of the fire is unknown but that it probably caught from defective wiring around the battery. The car was partially covered by insurance.

F. E. Engelmann Makes Record With Wheat Crop

One cheerful note in the prevailing gloom concerning the wheat harvest this year is the report from F. E. Engelmann who lives in the Clara community.

On 136 acres Mr. Engelmann has what is probably an all time record yield for a tract of that size. On thirty-six acres he harvested 1340 bushels of wheat which is an average of slightly better than 37 bushel to the acre. On the rest of the 136 acres he is averaging better than 25 bushels.

Mr. Engelmann states that he attributes the record yield to the fact that he harrowed the fields early in the summer and plowed them deeply last fall, thus conserving all the moisture.

John: "Wish I had a new radio, mine is ancient."
Oscar: "Mine is so old I still get Herbert Hoover."

Herman Engelmann announced Thursday that arrangements have been completed for the first Community Night program of the season to be held Friday evening, June 16, at 8 o'clock. An elevated platform is to be erected on Avenue C between the First National and the Farmer State Banks. Seats will be arranged to fill the space surrounding the platform.

The custom of presenting Community night programs here has endured for more than ten years and has always met with hearty response from citizens of this and surrounding communities. Local merchants are responsible for the entertainment, which is their way of expressing their appreciation to Burkburnett and this trade area for their continued patronage.

Leonard Mattingly, prominent local merchant, will act as master of ceremonies for the opening program. The school band, directed by Earl Woodall, will give a concert, beginning promptly at 8 o'clock, and will present several specialty numbers.

Chida Kildow of Iowa aPrk will present several of her pupils in specialty acts, which include a boys' trio singing "Three Little Fishes," which is said to be unusually good.

Miss Ethyle Virginia Allen will present her Hardin school sextette in a series of popular numbers. Miss Lela Mae Pinkston will play a violin solo and at least two more musical numbers will be presented.

Everyone is invited.

Roy Magers Is Found Guilty By Lions Club

Roy (alias Tater) Magers was tried by a jury of his peers at the last meeting of the Lions club and found guilty on a charge of forgery. Judge Fred Knauth will pass sentence at the next meeting.

Leonard Mattingly and Wiley Browning as prosecuting attorneys proved to be too much for the clever tactics of defense attorneys A. A. Hyde and K. C. Spell who dragged in a lot of hitherto unblemished names, leaving them slightly lustre-dimmed as a result, in their frantic efforts to prove their client not guilty.

The prosecution's key witness was H. W. Fillmore, F.B.I. agent, who dragged Roy's lurid past into the limelight to his complete undoing and to the consternation of his lawyers who found no defense for many of the accounts, especially certain colorful details of the defendant's career at Chico.

Only the strict censorship which governs newspaper publications in the United States prevents our printing what would undoubtedly keep many tongues wagging for days.

Temple Shell, Wichita Falls attorney, addressed the club on "The Lions' Code of Ethics."

Visitors included Judge Fillmore, Temple Shell, K. C. Spell, and Gordon Thomas of Wichita Falls; and Will Teal of Burkburnett.

Golf Meeting Friday Night At United Gas

President Roy Holt, of the local golf club, has called a meeting of the members for Friday night at 8 o'clock, in his office in the United Gas Corporation.

There are several important things to come before the body and several summer tournaments are to be planned.

Scrambled Eggs

Some Good—Some Bad
By Rusty

It is terrible to be broke and have to live like a millionaire to keep your creditors humble and quiet.

Ray Hill has finally found a job that fits him to a "T". He was appointed traffic cop last Saturday by Chief Stapp and from all reports he did a creditable job. Brooksheir and Harris take notice. After you have served twenty years in the banks here you may be able to get on the police force.

M. C. Tucker, local insurance agent, was confined to his bed Monday. During the hail storm he ran to put his car in the garage and a hail stone about the size of an egg hit him in the head. We wonder if he was afraid his company wouldn't pay the hail damage on his car.

If you want to get an idea of the unfulfilled wants of the people of this country, ask your wife to make a list of the things she'd like for herself, the children and the house.

Lots of Fried Chicken
The people of Burkburnett have been enjoying fried chicken for the past several days due to the heavy hail storm. Some have reported as many as 50 fryers killed by the hail. One party reported that the hail killed about thirty fryers for them but the family refused to eat them and they were thrown away. A lot of people would have enjoyed them. I know of one in particular.

Roy Blancet, deputy sheriff, had the misfortune to lose his car by fire the first of the week. It is reported by reliable sources that Roy could have saved his car but for the fact that he had several 45 shells in the compartment and was unable to open same. When last seen he was headin' for the river.

The city officials and police force have asked the Star to extend their appreciation to the public for their co-operation in enforcing the new parking and double parking law which went into effect last week. They deeply appreciate their attitude toward the new law.

What, No Street Dance
It looks like Burkburnett's first community night for this year will have to do without a street dance, as the committee in charge don't approve. Personally we can see no harm in a street dance. The committee last year sponsored a street dance and from all the reports it was the high-light of the program.

Dr. R. C. Campbell To Speak At First Baptist Church

Dr. R. C. Campbell, secretary of Missions for the Baptist General Convention of Texas, will speak at the First Baptist church Sunday morning, June 18. Dr. Campbell is one of the most forceful speakers among Texas Baptist preachers. He always has a message that interests and inspires his hearers and the members of the First Baptist church are looking forward to an unusual treat Sunday.

Sunday is Father's Day and Dr. Campbell has a reputation for appealing to men in his messages, so every father in Burkburnett, who does not plan to attend services at some other church is urged to hear him.

The general public is urged to take advantage of this opportunity to hear Dr. Campbell, an unusual preacher, with a great message.

TO A MOTHER ON FATHER'S DAY

Your son clings to you with the utmost assurance that all good things come from you. Instinctively he turns to you for comfort and protection, feeling in some part of his consciousness that the thread of his life is forever entwined with yours.

He trusts you and depends upon you to will his every need. He doesn't realize that there are needs above the flesh, but someday he will know and he will wonder why you failed him if you do not fill the cup extended to you now.

Too many mothers take a selfish, possessive attitude toward their children which crowds out the father. As babies they do not notice; as children, they realize that something is missing, but it is only when they are grown that they come to know fully what they have missed.

To, too often in these days of divorce we see the mother venting her spleen on the man who has proved such a disappointment as a husband by trying to turn the child against his father. As in all acts of blind, unreasoning passion, the injury is sustained, not by the object of her hatred, but by the last person on earth she would harm; her child.

For you cannot take a child's feeling for his father from him and leave him a normal person. He will go through life with a mark upon him. Perhaps the father is not worthy of love or respect, but is the mother, who once thought him worthy of her love and trust, to be the judge of that? Even if he is not, you cannot reach him with vengeance. Your every word and act falls upon the heart of the child and he grows into manhood with a secret shame inside of him that sometimes grows to unbelievable proportions.

And so, added to all the other burdens with which motherhood is charged, is one of seeing that her child's relationship with its father is healthy and a credit to her as a mother, keeping in mind always that your son didn't choose his father; you did.

Remember this: Your boy loves you, perhaps with a purer, better love than he will ever give anyone else, but it is his Daddy that he likes to boast about. If you take from him this inalienable right you have left only half a man.

Burkburnett . . . History

As revealed by the files of The Star 10 years ago.

Lynn Kincaid was elected active vice-president of the First National bank to succeed his brother, Glenn Kincaid, who has resigned to accept the active vice-presidency of the Security National Bank of Wichita Falls.

In the membership race between the American Legion Posts of Burkburnett and Vernon, Burkburnett was declared to be the winner by 14 memberships. The contest ended with the District convention meeting held at Vernon Friday and Saturday.

Frank Kelley and his family were riding in the automobile which collided with a motorcycle ridden by Clarence Clendenen of Thrift last Sunday evening. The accident occurred in Wichita Falls. No one was critically injured.

The first Community Night program of the summer season will be held Monday night on the corner of Avenue C and Main between Collier Brothers and the Corner Drug Store, according to a statement from Rex Smith, secretary of the Chamber of Commerce.

City Manager R. P. Regan stated that a test was under way to determine whether pure, soft water

in sufficient quantity can be found immediately across Red River to supply the city of Burkburnett.

A carbonator explosion at the Alcove Confectionary and News Stand in the new Liberty Theatre building set the town in excitement for a short time. No one was injured and very little damage was done to the building.

A Chevrolet sedan, property of the BarrowGrace Chevrolet Co., was stolen from the curb in front of the Star office Thursday night about 9:30, while the Star force was busy getting out the last run of the paper. The car was recovered Friday by Chief of Police Bill Garland across the river in Oklahoma. Every car stolen in Burkburnett this year has been recovered.

Dr. Carl Morrison returned to Burkburnett Sunday after a week's visit to Kansas City. He was accompanied by his brother, David Morrison, who will assist him in his office.

Miss Evelyn Conley, bride-elect of Francis Felty, was honored with a lovely surprise shower Wednesday afternoon.

Big Rabbit Creek

June 10, 1939.

The high winds and hot winds that's been prevailing since Thursday are certainly playing havoc with the corn crops and gardens. It won't have to blow hot winds many more days before the corn crop is entirely blown up. So far, the corn crop in this part has been damaged 40%. At least, at this writing the hot puffs of wind are coming. A good rain is needed so bad to save the corn and gardens.

The cut worms are doing quite a lot of damage to cotton up and down the Rabbit Creek bottoms. In fact, in the whole part of the neighborhood, and what cotton the cut worms leave standing, Mr. Jack Rabbit, he comes along and finishes up the job.

Threshing and combining are in full force in the Big Rabbit Creek and Bird Creek communities. Fletcher Baber had his oats threshed Friday. As brother Fletcher informed Hawkeye Saturday that his oats made a little better than 50 bushels per acre, testing better than 32 pounds per bushel.

One of Bird Creek's most prosperous farmers, Ed Martin, who lives 3 miles east and 1 1/2 miles south of Randlett was unfortunate enough to lose his nice 8-room house by fire about 5:30 p. m. and all of their contents. Just one comfort and an armful of ironed clothes were all that was saved. The cause of the fire was that their oil stove exploded. Mrs. Ed Martin was all alone and was ironing on their kitchen table when the stove blew up. Mrs. Martin was too far from the stove to have been covered with oil. Brother Ed and his sons and little daughter, Sis, were over at Walters transacting business but got home just when it burned down. A small insurance was carried. The heartfelt sympathy of this neighborhood goes out to the Martin family in their loss.

Jess Kinnaird and wife and children motored over to Walters Friday to transact some business.

Dewey Austin called on the Owens family Sunday morning for just a short visit.

Lee Stanford and family, Mr. and Mrs. Harris and family dined in the home of Tobe Hardin and Mrs. Martha Nails and her son,

Charlie, Sunday; also spent all day visiting with Brother Tobe and Mrs. Nails.

All good readers of the Burkburnett Star, which is published in Our Friendly Little City every week, rain or shine please pay attention to this article:

The Burkburnett Fire Department has a crew of 12 men. Eight of those men are graduates of Artificial Respiration work. Please remember two weeks ago Saturday we had a fine young lady to lose her life by drowning. Those 8 men will go at all times, day or night, if you will just phone the Burkburnett Fire Station. When they are going to a drowned case or a gassed case they travel 60 miles per hour or better. Remember, it's all free, so if such a thing happens again, give the boys a trial. Be sure to phone them at once and don't wait around. It they can get to the case 55 or 65 minutes after it happens they will have a chance to save your loved one.

While Hawkeye was over in Our Friendly Little City Saturday his tummy began to get a little weak, so he knew at once just what it wanted. It wanted some of that fine barbecued fresh pork or beef, also chicken, which Roy Jackson barbecues in his own barbecue pit, which is located at the rear of his home. Brother Roy has things arranged now so that you can be served at the pit or down on the main drag at his up-to-date lunch and beer stand, so after Hawkeye got through eating a great big slab of that fine barbecued pork, in a second or so here came his old friend, Casey Logan, with enough wires and other equipment in his hand to wire up the good old Lone Star State, Texas. Hawkeye watched his friend Casey, go up overhead in front of the lunch room and watched Casey, the founder and inventor of the washed air cooling system, install one of those cooling systems for Brother Roy. When the installing is completed Brother Roy Jackson's eating place and beer drinking parlor will be the coolest place in the city to eat and drink and be merry in. Brother Casey is amongst the best electricians in the city.

You know, folks, that Hawkeye thinks that since the Highway has been made to go down Main street and no double parking is allowed any more, that it's just the ideal thing for Our Friendly Little City. We all know, folks, on our big trades day events Saturdays there are thousands of

people on the streets and in the big trading places and thousands of cars on the Main street parked long-ways and short-ways and every other way before the change came and it just left the out-of-town fellow in bad shape if he wanted to leave out quick after the big event was over so he could go home and juice old Bossie or Fannie, so he could get right back to the city and go to the movies—The Palace or the Tex. You know, I have seen it where the farmers would have to sit in their cars for 30 or 40 minutes before they could even start to back out and start home the old way of parking. Now, as the new parking system is installed, you can get in the car, back out, and go home and get back quick to the city.

You know, when Hawkeye left his home Saturday for the Friendly Little City, his better half says: "Ed, be sure and don't forget to bring home some bread for supper." So Hawkeye says, "All right, dear; the bread will sure be here," for Hawkeye knew good and well if he didn't bring home the bread he would just have to hot foot it back to the city and get it for you know, all of you old guys that are tied up to one woman as long as Hawkeye has been hitched to his good better half—32 years—, when they speak they speak they mean just what they say and they don't stutter, about it and I don't mean maybe, either. Anyhow, while Hawkeye was walking down on the south side of the main drag when he came in front of Grayson's Bakery where they make and bake that milk and honey bread, Hawkeye had a hunch again about the bread, so he went in and purchased 2 loaves of milk and honey bread. Say boy, that Grayson firm sure does bake as fine bread as Hawkeye ever ate. When I got home everything was all O. K. when the lady knew I had the bread.

The life saving rain for the crops did finally come. It started to rain at 2:35 a. m. Monday morning and it rained 1 1/2 inches of rain in 45 minutes in this part of the county. At this writing, Monday morning, it's still raining. It was a general rain and it was a God's blessing.
Hawkeye Owens.

veteran, including Confederate Veterans of the Civil War.

G. Is an honorably discharged war veteran eligible for the United States Flag to drape his casket at time of burial? Yes.

H. From what place is this flag secured? From the postmaster in the county seat town.

I. What is the proper form used in making application for a widow and minor children of a deceased war veteran? Form 534.

J. Is this form used for widows and minor children of a Spanish American War Veteran? Yes.

K. Are all widows of deceased World War Veterans eligible for a pension under the existing veterans' regulations? Yes, if the veteran at time of death had a service connected disability that rated him ten per cent or more, or was entitled to be rated at ten per cent or more at the time of his death.

L. Where are death claims now adjudicated? Waco, Veterans Administration Office, for World War Veterans only if the veteran died subsequently to May 1, 1939; Spanish-American War Veterans and Peace-time veterans' death claims are still adjudicated in Washington, D. C. (Central Office).

M. What is the proper form to use in filing a claim for Gold

Star Mothers and Fathers? Form 535.

N. Are all Gold Star Mothers and Fathers entitled to a pension due to the death of their sons who were killed in World War Service, or died in the service in line of duty, or died as a result of a service connected disability since his discharge from his World War service? Yes, if the dependent parents are considered dependent at this time, within the meaning of the law.

O. Does this mean that the parents were dependent on their son when he entered the service during the World War? No, it means if they are dependent at this time.

P. Who is eligible to make application for a veterans' adjusted service credit if he died during his World War service, or died prior to 1925 before the Adjusted Compensation Act became a law? Only his dependents are eligible to make application for his adjusted service credit in this particular case. His dependents are: first, his unmarried widow; if no widow, then his children, in the event they are minors, (under eighteen years of age) at the time of his death. The next in line is his mother; if no mother, his father; brothers and sisters and other relatives are not eligible for the adjusted service credit. However, step-parents and foster parents are eligible in the event they stood in relation to the veteran at least one year before he entered the World War Service as that of a natural parent.

Q. When is Form P-22 used? Form P-22 is used in appointment of a service organization as a claimants representative. The Veterans State Service Officers are accredited representatives of all Veterans organizations. This gives the representative authority to represent the claimant before the rating agencies of the Veterans Administration for the purpose of establishing a claim for the claimant.

Creel-Boden Nuptials An Event Of Last Saturday, June 10

One of Burkburnett's loveliest and most charming young women, Miss Margaret Boden, daughter of Mr. and Mrs. Fred Boden, was wed in a pretty nuptial ceremony Saturday evening at 6 o'clock, in the First Baptist church. Miss Boden became the bride of Harry D. Creel of Tulsa, Okla., son of Mrs. S. W. Creel. Rev. Miles B. Hays, pastor of the First Baptist church read the vows.

The bridal couple stood before an altar decorated with white gladioli, fern and palms, and tapering candelabra.

A musical setting was given by Miss Louise Kent, who sang "At Dawning," accompanied by Miss Blanche Butler. During the taking of the vows, Miss Butler played the Bridal chorus from Lohengrin.

Bride

The beautiful bride was given in marriage by her father. She was gowned in an exquisite white net dress over white satin, a copy of a Patou model, made with a tight fitting basque and a full skirt. The floor length veil was held in place with seed pearls and orange blossoms. To carry out the bride's tradition of "something old, something new," the bride carried a handkerchief which belonged to her father's grandmother. For "something borrowed" she wore a strand of pearls which were purchased by her cousin, Miss Ellen Parker of Wichita Falls, on the Isle of Capri. The pearls have been worn by two other brides in the family. Her bridal bouquet was fashioned of sweetheart's roses, lilies of the valley, gardenias, and baby breath. Her gloves were of point lace.

Matron of honor was the bride's twin sister, Mrs. Marian Ragsdale, who wore a yellow net frock over satin. The dress was fashioned on lines similar to that of the bride's, having a tight waist a bouffant skirt and puff sleeves. She wore a deep yellow peony in her hair and carried a bouquet of spring flowers. Bridesmaids were Miss Mary Lafon Alexander of Burkburnett, and Mrs. Lewis Ryan of Wichita Falls. Their dresses followed the same lines as that worn by Mrs. Ragsdale and were of blue net. They wore orchid peonies in their hair.

Little Mary Ellen Bearden of Tulsa was flower girl. She wore blue organdy with a blue carnation in her hair. Richard Ragsdale, nephew of the bride, was ring bearer. He wore a suit of white silk linen.

S. P. Bearden of Tulsa was best man to Mr. Creel. J. T. Hanks of Tulsa and Ted Boden of Burkburnett were groomsmen.

Reception

Mr. and Mrs. Creel left for their wedding trip to Mexico City during the informal reception held immediately after the ceremony at the home of the bride's parents. For her going away costume, Mrs. Creel wore a black chiffon crepe with a fuchsia redingote and black patent accessories.

For the reception the Boden home was decorated with white gladioli and roses. Mrs. E. F. Miller of Shreveport, La., aunt of the bride, presided at the bride's cake. Mrs. Ted Boden took charge of the bride's book. In the house party were Mrs. J. T. Hanks, Mrs. S. P. Bearden, Mrs. Fred Boden, Miss Blanche Butler, Miss Mary Lafon Alexander, Miss Louise Kent, Mrs. L. D. Ryan, Mrs. R. E. Ebb, Jr., Mrs. Kathryn Campbell, and Miss Ellen Parker.

Among out-of-town guests were Mrs. E. F. Miller of Shreveport, Mrs. S. W. Creel, Mr. and Mrs. R. L. Partridge of Tulsa, Mrs. C. L. Ledwig and sons of Groom, Texas, Mr. and Mrs. Sam Harbour of Iowa Park, Dr. W. L. Parker of Wichita Falls, Mr. and Mrs. C. W. Polunbus, L. M. Galvin, John E. Seargeant, and H. R. Humphries all of Tulsa.

Mrs. Creel has been employed by the First National bank here since her graduation from the local high school. Mr. Creel obtained training in engineering from the University of Tulsa. He is a civil engineer for the Skelly Oil company, with headquarters in Tulsa, where he and his bride will make their home.

Burkburnett Girl Enrolls At Okla. U

Miss Mildred Milford, daughter of Mr. and Mrs. F. M. Milford, was one of sixteen girls who enrolled last week in the University of Oklahoma school of nursing.

Dr. and Mrs. J. M. F. Gill of Abilene were business visitors here Thursday.

Reception For Guest Artists Lewallen Recital

The home of Mrs. and Mrs. M. E. Lewallen on Fourth street was the scene of an informal reception immediately after Mrs. Lewallen's recital last Friday evening.

Guests included the members of the orchestra from the First Baptist church in Wichita Falls who took part on the program at the recital.

Assisting Mrs. Lewallen in her duties as hostess were Misses Margaret Mathews, Gladys, Pinkston, Claudia Mae Bowman, Pauline Allen and Emma Tom Yeary.

Friends Honor Mrs. Malone On 70th Birthday

A number of friends of Mrs. S. E. Malone gathered at her home on the Wichita Highway Wednesday evening, June 14, for a surprise party and birthday dinner celebrating her 70th birthday.

The honoree was presented with many gifts and Mrs. R. B. Fox presented her with a lovely birthday cake which had the place of honor on the long table from which dinner was served. The party was closed with an hour of prayer and song.

Those present were Mr. and Mrs. O. R. Magee, Mr. and Mrs. W. F. Garrett, Mr. and Mrs. R. B. Fox, Mr. and Mrs. R. H. Cunningham, Miss Eunice Magee, Billie Magee, Dorothy and Mabel Fox, Kenneth and Harold Garrett, Mr. and Mrs. S. E. Malone, and Miss Ruby Malone.

IOOF And Rebekahs Joined In Memorial Services Sunday

Very impressive Memorial services were held by the local IOOF and the Rebekah lodges Sunday, June 11, at 3 p. m., in the IOOF hall. Each year a day is set aside on which memorial services are held throughout the nation in honor of the deceased members of those orders.

Approximately one hundred people attended the local services. The program consisted of a brief memorial message by Rev. Willis Nichols, pastor of the Calvary Baptist church and songs by a girls' trio composed of Misses Pauline Allen, Louise Kent, and Claudia Mae Bowman. They sang "The Old Rugged Cross," "Nearer, My God, To Thee," and "Rocked in the Arms of Jesus." They were accompanied at the piano by Miss Amy Ruth Cooper. A. R. Allen, Vice Grand-elect of the IOOF, acted as master of ceremonies.

Lewallen Recital Attracted Large Audience

A large crowd enjoyed the piano and violin recital presented by Mrs. W. E. Lewallen at the First Baptist church last Friday evening.

Guest artists from Wichita Falls who had parts on the program commended Mrs. Lewallen on the artistic manner in which her pupils played, especially mentioning the tone quality of renditions, the stage presence of performers and the manner in which the numbers were conducted.

Some comment was heard to the effect that each pupil played as "a little artist."

The orchestra from the First Baptist church in Wichita Falls, conducted by Arthur Davis, won the hearts of local people present for the recital. Many of those in the audience commented on the fact that each member of the orchestra fairly radiated happiness as he played.

Mr. Davis playing of "Hejre Kati" as a violin solo was favorably compared with Rubinoff's performance held recently in Wichita Falls.

It was the general opinion of those that heard the program that Burkburnett needs more such programs.

Devol Host To IOOF Wednesday

The Texas-Oklahoma Circle of the IOOF Lodge met in Devol, Oklahoma, Wednesday evening, June 14, with Mr. J. C. Dulaney vice president of the Devol lodge, officiating as president. This Circle is composed of lodges of the Independent Order of Odd Fellows in this section of North Texas and Southern Oklahoma.

A large crowd was present from many of the lodges in this district. The guests enjoyed one of the best programs of the year after which refreshments were served to all.

Shower Honors Victims Of Fire

Mrs. D. M. (Buddy) Morris and Mrs. Chris Morris, who lost their home and all their possessions in a fire Sunday morning, were honored with a miscellaneous shower at the First Methodist church Wednesday afternoon.

Hostesses were Mrs. Wiley Bloxom, Mrs. Ray Mills and ladies of the church.

Several songs opened the program and Mrs. Hut Busbee led in prayer. Mrs. H. W. Prinzing acted as spokesman for the hostess group and presented the honorees with the gifts.

Approximately two hundred attended the affair.

Ruth S S Class Notes

Miss Margaret Turner gave a very inspirational discussion of "The Christian's Solutions for Church Difficulties" at a regular meeting of the Ruth Sunday school class of the First Baptist church last Sunday morning.

Miss Louise Kent is to give the principal address at the meeting Sunday, June 18. She did not announce her topic, but as she is an able speaker, the class is assured of an interesting and effective discussion.

There are only 11 members now enrolled and 9 of that number were present last Sunday. It is the hope of Mrs. Carver, teacher of the class, and all the members, that all eleven members and as many visitors will be present for the next meeting.

Thelma Lawrence Shower Honoree

Miss Thelma Lawrence, bride-elect of Walter Allen of Gonzales, Texas, was complimented with a lovely miscellaneous shower at the home of Miss Margaret Russell Tuesday evening. Hostesses for the occasion were Mesdames Clarence Pool, N. H. Harris, and Miss Margaret Russell.

Miss Mary Ruth Cooper entertained with several musical numbers a sth guests were arriving and Miss Louise Kent sang.

Gifts were displayed in the dining room. Games were played and prizes were awarded Mrs. Jack Daniels and Miss Margaret Russell, who presented them to the honoree.

Miss Lawrence is the daughter of Mr. and Mrs. H. L. Lawrence of Grandfield, Oklahoma. She has been employed by the Brookshier Beauty shop here for some time.

Mr. Allen is the nephew of Mr. and Mrs. T. W. Hopper of Burkburnett. Immediately after their marriage, which is to take place within a short time, they will leave for Gonzales where Mr. Allen is employed and where he has recently completed a new home.

Those who attended the shower were Mesdames Jack Daniels, Loreta Thompson, W. T. Hopper, N. H. Harris, Ruth Bryant, S. E. Middleton, Clarence Pool, Lucy Bell Harris, J. A. Suttles, Ralph Brookshier, H. L. Lawrence and W. J. Clark of Grandfield.

Misses Leona Bungeles, Ellis May Oualine, Cordie McPherson, Louise Kent, Gladys Pinkston, Mary Ruth Cooper and Margaret Mathews.

Those who sent gifts were: Mrs. Gladys Peyton, Miss Connie Evert, Miss Martha Beth Utts, Mesdames W. A. Roberts, D. C. McNeil, Blake Browning, A. A. Jacobs, Jimmie Johnson, Lela Harwell, and Mr. Ralph Brookshier; Beatrice Clemmer and Mrs. Joe Pidsley of Grandfield, and Ruby Spruiell of Eldorado, Okla.

Doctor (to his daughter): "Did you tell the young man that I think he's no good?"

Daughter: "Yes, dad, but that didn't faze him. He said it wasn't the first wrong diagnosis you had made."

Bluebonnet Garden Club Closed Year With Luncheon Tuesday

Members of the Bluebonnet Garden club met for the last time this club year at the home of Mrs. W. H. Cross, Tuesday. Mrs. R. D. Laney was assistant hostess.

A lovely one o'clock luncheon was served to members and their guests. The house was filled with bouquets of spring flowers.

Officers for the coming year were installed by retiring president, Mrs. P. G. Williamson, who expressed her appreciation to the club for their co-operation during the past year and what it had meant to her to serve the organization as president. In installing officers and addressing the members she likened them to plants which she was sowing in the garden of 1939-40.

Officers installed were Mrs. H. C. Gilbert, president; Mrs. Fred Brookman, first vice president; Mrs. R. M. Gilchrist, second vice president; Mrs. H. R. Hayes, treasurer. Mrs. Ray Mills was elected secretary to fill the vacancy left by Mrs. Carlton Royce's resignation.

Mrs. Brookman was appointed reporter and Mrs. P. G. Williamson was appointed parliamentarian.

Mrs. Gilbert, as new president, announced that a contest will be conducted next year for bouquets brought to each meeting by the members. She appointed judges as follows: Mesdames Williamson, A. H. Bazell, and Ray Mills.

Mrs. George Kerr has been named general chairman for the annual flower show in November. Her assistant will be Mrs. P. G. Williamson. Mrs. A. H. Bazell, Henry Porter, and R. D. Laney were appointed contact committee.

Mrs. C. W. Thomas sang two songs: "Love's Garden of Roses" and "I Love A Lassic." She was accompanied by Mrs. M. C. Tucker.

Mrs. Gilbert gave a very interesting discourse on "Legends of Texas Wildflowers." Legends chosen concerned Indian Paint Brush, Indian Blanket, and the Bluebonnet. She also told a negro legend about cotton.

Mrs. George Kerr gave a detailed report of the flower shows held at Chillicothe and at Graham.

Mrs. Clark Hostess To Morgan Circle

The Morgan circle met Monday afternoon at the home of Mrs. O. L. Clark. The meeting was opened with a song which was followed by devotional by Mrs. C. O. Walling. Mrs. Clark led in prayer. The business meeting was conducted by the chairman, Mrs. B. L. Turner.

Seven members were dismissed with prayer by Mrs. Turner. The meeting of June 25th will be with Mrs. A. C. Harris.

Margaret Brady Honored With Birthday Party

Little Miss Margaret Brady was honored with a birthday party at the home of her parents on June 12. She received many lovely gifts.

Refreshments were served to: Margaret Chambers, Judy Williamson, Jill Hucker, Betty Lee Billie Boyd, Jon Bullock, Ramona Milford, Jane Potec, Mary Frances Hrazdil, Carolyn Rose Boyd, Dorothy Ellen Boyd, Mary Ruth Clement of Gainesville, and Miss Lily Solomon, who is Margaret's teacher.

Those who sent gifts, but could not attend were: Jack Hucker and Kay Kincaid.

Blanche Butler Recital Will Be Event Of June 23

Miss Blanche Butler will present her pupils in recital at the High school auditorium Friday evening, June 23, at 8 o'clock.

Between forty and fifty pupils will be presented on the program, which is an annual affair and is considered one of the highlights in amateur presentations.

Miss Butler states that she is making arrangements for one of the most unusual recitals she has ever presented and that the numbers will follow each other in rapid rotation which will make the program shorter than usual.

Miss Clarine Fulks of Pampa, a young accordionist of note, will be presented as one of the guest artists. Miss Fulks is considered one of the most popular artists in her home town and has been presented on numerous programs there and in surrounding communities.

One of the outstanding numbers in the Butler recital will be the "Cavalcade of Hits" which will include every hit number for each year over a twenty-five year period. Billy Walker will act as master of ceremonies during the "Cavalcade." Seventy-five children will take parts in this number.

Several other specialty numbers have been arranged which Miss Butler promises will be different and completely entertaining. The public is invited to attend.

"It is easy to entertain egotists—just sit and listen."

Traveler: "At last! I have been waiting here a long time—didn't your master tell you how to recognize me?"

Chaffeur: "Yes, but there were several gentlemen with large stomachs and red noses."

Perhaps two of the most vital services performed today by the State Department of Education for the advancement of the future citizenship of Texas are:

first the Vocational Rehabilitation of physically handicapped people and, second, the care and hospitalization and rejuvenation of crippled children.

It is the purpose of the Vocational Rehabilitation Service to serve the physically handicapped people of the State in counseling them in the selection of a desirable vocation, and to see that the training for the occupation selected and agreed upon is given in such a manner that the trainee may later use the information gained to follow his chosen vocation. Effort is made to assist in proper placement upon completion of the training and to follow up this placement with careful, systematic regard for the ultimate success of each training person.

Vocational Rehabilitation is predicted upon the theory that it is better for the State to train its handicapped citizens for vocations in which they may be self-supporting and self-respecting citizens rather than recipients of public or private charity.

The Vocational Rehabilitation Service is administered under the direction of the State Department of Public Instruction and the State Board for Vocational Education, cooperating with the Federal Board for Vocational Education and the State Industrial Accident Board in order that all possible assistance may be given those people who are handicapped by physical ailments. In this way the services rendered toward rehabilitating Texans will be of maximum value. And the value received for the small expenditure of \$253,288 for the two years 1936-1938 has been almost incalculable.

The Act creating the Crippled Children's Division of the State Department of Education has as its purpose the creation of a division of the State Government which is to conduct diagnostic clinics, to designate hospitals for the care of crippled children, and to pay the hospitalization and medical care of indigent children who are eligible to participate under the law. In addition, the Crippled Children's Division of the State Department of Education has as its purpose the supervising of the entire state as related to the care of crippled children. In other words, the Division coordinates the efforts of local organizations thereby making possible a uniform program for the entire state. The crippled children's Division, as has been stated, has as its primary purpose the providing of medical care and hospitalization for crippled children. It also assumes as one of its obligations the educating and informing of the citizenship of Texas generally of crippled children's problems. In other words, intelligent publicity is one of the purposes of the Division and is a vital factor.

There are several problems now confronting the Crippled Children's Division which were not in the beginning of major importance. One of the problems which has become of major importance is that of providing transportation for children to and from hospitals. It is easily seen that transportation would be a small item during the initial period of growth of the Division when only a few children were being hospitalized; however it can be seen that it would become of major importance when the Division had grown as to provide hospitalization for approximately 2,000 children during the period of one year.

A second problem is that of providing care for those crippled children who are in reality in need of constitutional care. This has particular reference to those children suffering from spastic paralysis and similar disabilities. These children are burdens upon their parents, and many of them are eligible for help from the State Agency; however, they cannot be benefited in many cases through medical care and hospitalization, and, of course, indefinite institutional care cannot be provided through state funds.

Still another problem is that of assisting, in every way possible, local communities and organizations on providing special educational opportunities to crippled children. At present there is no state provision for the opportunities to crippled children. This means that many children, unable to attend the public schools of Texas because of their disabilities, are deprived of the education which they should be receiving. The problem of the Director is to stimulate the efforts of local agencies and public school officials in the interest of making

To Perform At Craterville Rodeo July 2-3-4

Another problem is that incidental to the adherence to that section of the State law which says that only these children of normal mentality are to be given hospitalization and medical care. This difficulty has arisen due to the fact that parents of sub-normal children are not satisfied the benefit of an examination by a specialist, although a general practitioner may very intelligently advise that the child is definitely of sub-normal mentality. Examinations by specialists of course, mean an expenditure of State funds.

Another of the problems which the Crippled Children's Division has to deal with is the lack of adequate funds to carry on the work in the state properly. There are now in the files of the State Department of Education and State Agency applications for the care of 67 children, all of whom are eligible under the State law for medical care and hospitalization through state funds. It also should be emphasized that the number now on the waiting list, 616, represents almost as many as can be authorized for treatment during the period of one year. That is, during the past year 933 children were accepted for care who had previously not been assisted by the Division. This means that the number of those who have been cared for and for whom further hospitalization will be needed is cumulative and ever-increasing. And it should be noted that during the years of 1936-1938 there were 617 individuals rehabilitated and made useful Texans and citizens, and 1847 crippled children were taken care of and hospitalized. This is truly a great work of the department.

MONKEY BUSINESS

On a lovely little island In the sunny southern sea, Lived a chattering tribe of monkeys; They were happy as could be.

They lived on nuts and foliage, And each one had his share; There was enough to go around, And often some to spare.

While some of them were happy, There were some who seemed to feel That if they had a leader, They would get a better deal.

So they had a big election And did the thing up grand; They chose a great big monkey, The smartest of the band.

Hemade a great acceptance speech; He said, "My Friends, I guess You have named the proper monkey To straighten out this mess."

He said: "If you would prosper, Now I can plainly see We must take half the coconuts And throw them in the sea.

And then a little later, When peanuts start to grow, We'll have to work together— Dig up every row."

And so they dug up peanuts; They worked for days and days, For he promised them a profit For the ones they didn't raise.

But later in the season, In the leader's first report, They found the crop of coconuts Was very very short.

Now the little baby monkeys With hair as soft as silk, Depend upon the coconuts For their supply of milk.

And before the common monkeys Knew what is was about, The smart ones cornered all the food, And they were lift without.

And the stronger ones are hungry And the weaker ones are dead, And the scheme to help the country Is sadly in the red.

Of course, it's monkey business; We shouldn't make a fuss. But what if some big ape should try A stunt like that on us.

-O. S. Wilson, Devol, Okla.

Pueblo, Mexico, was the scene of the victory of 2,000 Mexicans over 6,000 Frenchmen on Cinco de Mayo and it also recently was the Waterloo of Julien C. Hyer of Fort Worth, past International Lions' president who led a pilgrimage of Lions into Mexico. Famous as an orator and conversationalist, Hyer met his downfall, ironically enough at the hands of a street vendor.

A group of the Americans were sitting in Pueblo's dreamy central park and Hyer was in the midst of a monologue when a native silently displayed a serape.

"No," said Hyer, and attempted to resume his discourse but the street salesman held his ground. "No, no, señor," Hyer exclaimed but still the Mexican stood there like the boy on the burning deck or the unwelcome raven perched above Poe's chamber door.

"How do you say 'Seram' in

Spanish?" Hyer appealed to his fellow travelers.

Up to this point, the native had said nothing. Now he said in excellent English, "If you wish me to leave, you should say, 'No quiero comprar nada.' And then the serape-vendor moved serenely on.

A deep silence descended except for the wind rippling through the trees and—will you believe it?—the sound the wind made was very much like a chuckle.

United States Marshal Guy McNamara of Waco, in conversation in Austin recently, called to mind an old-time political campaign in which one candidate accused his opponent of inconsistency quoting a jingle about "the big snake that went through the county":

"He wobbled in and he wobbled out;

He kept the people all in doubt

As to whether the snake that made the track

Was coming in or going back."

Passing by a Dallas garage recently, the observer saw a car, or what had once been a car. The front wheels had been ripped off, the hood had been crumpled into a shapeless mass and the top had been crushed in. The thought of being inside such a bullet when it crashed at 90 miles an hour made one break out in a cold sweat.

A young immigrant from Italy decided that citizens of Italian birth and descent in the Southwest ought to have a constructive newspaper of their own. So Charles S. Papa, who arrived in Dallas in 1908 to establish a fruit and produce business, started La Tribuna Italiana a few years later and will commemorate the twenty-fifth anniversary on June 20 with a special edition. The newspaper has subscribers in 33 states and its articles on opportunities offered in Texas have been frequently reproduced in Italy. At first, La Tribuna Italiana was entirely in Italian but now four-fifths of the contents are in English. The newspaper cooperates with civic organizations more especially those of course in Texas cities having a large number of Americans of Italian descent.

Eight members of Boy Scout Troop No. 36, with their leader, L. R. Todd, are at Camp Boulder in the Wichita mountains near Lawton this week. Dave Gay and Waid Bogy helped to furnish transportation to the camp for the scouts. Those making the trip are Wayne Gay, Garland Johnston, Hubert Butts, Tommy Goins, Billy Cauthorn, Robert Todd, Norman Beaver, Guy Joe Roberts, and their leader, L. R. Todd.

Mr. and Mrs. R. B. Gordon and family of New London, Texas, are here this week visiting relatives and friends.

This community was visited Monday morning by one of the worst hail storms in years. The storm hit about 7:30 a. m. and lasted about fifteen minutes, doing great damage in that short time. Fairview school had over 150 window panes demolished by the hail stones, which according to many, were the largest they had ever seen fall. Many chickens were killed; roofs were damaged and several car tops were torn up by the hail. The local Baptist church had many window panes ruined on the east side of the building.

D. M. (Buddy) Morris had the misfortune to lose his house by a fire of undetermined origin last Sunday morning. House and contents were completely destroyed by the fire.

Dogies Beat Kamay, 8 To 4

The Burkburnett Dogies came from behind here Sunday afternoon to win an 8 to 4 verdict over the Kamay Clowns when the Clowns "blowed" their lead in the sixth inning. David "Gunny" Brantley was the hero of the battle after replacing Zink on the rubber in the second inning.

Brantley limited the Clowns to five hits for the last seven and two-third innings and clouted a long home run in the fifth inning with none on.

Is the universe, including Man, Evolved by Atomic Force?" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 18.
The Golden Text is: "To us there is but one God, the Father, of whom are all things, and we in him" (1 Corinthians 8:6).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty; thine is the kingdom O Lord, and thou art exalted as head above all" (1 Chronicles 29:11).
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "For right reasoning there should be but one fact before the thought, namely, spiritual existence. In reality there is no other existence, since Life cannot be united to its unlikeness, mortality" (page 492).

Mr. and Mrs. N. P. Sanders are visiting at Stovall Wells, Texas.

Mrs. L. E. Bundy, who was called to Oakland, Ark., by the illness and death of her mother, Mrs. Coventon, will return to her home here Tuesday.

After a week of highbrow production the theatre manager consulted the colored doorman. "Well, Ben, how is it going?" "Better and better, sah! Fewer and fewer of the folks what comes in is leaving the theatre before the end of the show."

The SNAPSHOT GUILD

PICTURING OUTINGS

On an outing, watch for amusing incidents, informal moments. Avoid stiff, posed shots.

SUMMER picnics and outings are fun—and the fun can last, if you bring back a collection of snapshots that really tells the story of the day's activities.

Getting such snapshots isn't difficult when you keep your eyes open for incidents and details that truly explain the "what, where, and how" of the picnic.

Don't bother with stiff, posed group snapshots. Make "story" pictures. Get a shot of someone coming down the steps with a heavy picnic hamper... putting it in the car... a picture through the windshield showing the picnic grove as you arrive. Snap a series of shots which show the spreading of the cloth... the setting out of pickles, cake, and sandwiches... cutting the cake... "close-ups" of individuals munching away... sports or games after lunch... the girl friend getting her skirt caught on a barbed-wire fence. If the picnic lasts into the evening, take a time exposure of the group gathered around the campfire, singing or telling stories. They'll have to hold still for this one, and the camera must be firmly supported on a handy post or table—but it's a worth-while picture.

When you make a series of "story-telling" snapshots along this line, you have something that gives far more satisfaction than a few scattered, random snapshots. And it's no trouble. Most of the pictures you can capture when your subjects are "off-guard"—not even aware a picture is being taken. Other pictures may require a little posing, but as long as you make the picture show some incident, something going on, it won't have that stiff, "posey" look.

Try making a series of related, "story-telling" snapshots on your next picnic or holiday outing. You'll quickly decide that's the way all your pictures will be taken on such occasions in the future.

Heinz Dome at New York World's Presents Spectacular Interior

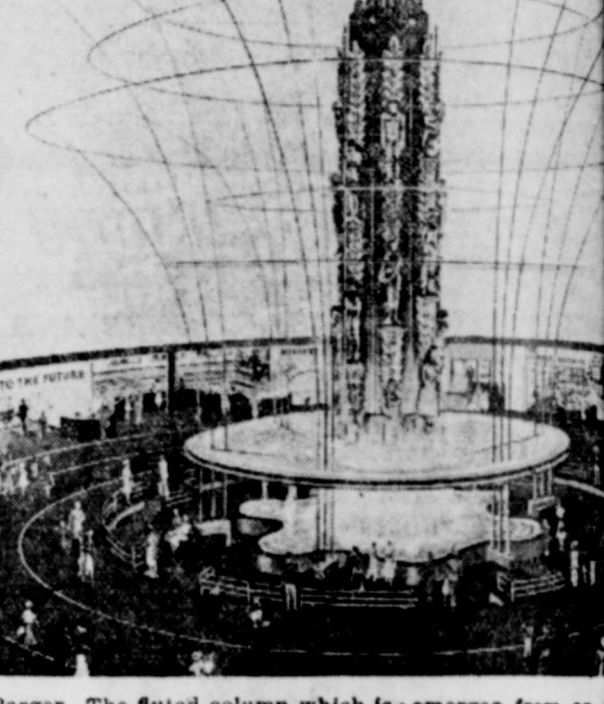

The largest sculptural group, pictured at right, at the New York World's Fair rises within the center of the Heinz Dome. The column, which is 65 feet tall, is crowned by the Goddess of Perfection, a large allegorical figure who holds a luminous sphere—the symbol of perfection.

Decorating the exterior of the 100 foot dome is the Mural of Harvest done in bas-relief by Domenico Mortellito. One side of the mural depicts the gathering of raw materials and winnowing of spices in the Eastern Hemisphere. The other side dramatizes agricultural activities of the Western World.

The interior of the dome provides 20,000 square feet of exhibit space with a dramatic center-piece, the largest sculptural group at the Fair, and the work of Raymond G. Barger. The fluted column which is 65 feet tall is crowned with the "Goddess of Perfection," a large allegorical figure in kneeling position who holds in her hand a luminous sphere, the symbol of "perfection."

Twenty-two eight foot golden sculptured figures spiraling the column represent contributions of various lands to the making of Heinz 57 famous Varieties. This tremendous sculptured group rises from a sunken pool and emerges from an ornate fall which flows over measuring 36 feet. Visitors may walk on the waterfalls and view the Goddess of Perfection through colored lights.

While only a part may be viewed directly visible glass window system of periscopes enables passersby to see that goes on inside those inside may look
