Harvest Festival Is Big Success; Prize Winners Are Announced

"God Bless America" sang more than 1,000 school children from the Burkburnett schools Friday afternoon at 2 o'clock as they marched in the opening parade of the annual Harvest Festival. The chanting of the children set the theme for the celebration of a bountiful crop in the north Wichita county community.

They carried American flags or signs pledging unswerving allegiance to the nation as the climax of a historical pageant. The parade was the formal start of the fete, and it was a picture of industrial and agricultural progress for the county. From the old-fashioned covered wagons and buggies to modern trucks, tractors and automobiles, the growth of the community was illustrated in the line of march.

300 Horses In Line T. Guy Willis, parade marshal and his assistants, Wid Phillips and Clyde Elder, led the brigade of more than 300 horses. The city was filled with horsemen throughout the day. Bedecked in gay colored western clothes and galloping through the streets, the riders gave the community a western atmosphere. An informal barbecue dinner at the municipal light plant at noon entertained more than 200 pioneer residents of the area. In the morning session the principal interest was centered in bountiful

Pioneers Asked To Register

Contract Calls for 4,000-Foot Test

The Chambers, Simmons, Norwood deep oil test located two miles north of Burkburnett was spudded in the first of the week. The test well is located 330 feet from east line and 900 feet from north line of P. C. Chenault farm.

The Norwood Drilling Co. of Wichita Falls has the contract and Thursday afternoon they were down 150 feet and setting surface pipe. The rig is one of the best that has ever drilled a deep test in this community and is attracting people from far and near.

W. W. Chambers, local man interested in the test, stated the first contract called for 4000 feet unless oil or gas is encountered at a lesser depth. They expect to complete the well in approximately three weeks. Gains Test Springs Salt Water Leak

The F. G. Spicer No. 1 Gains which was drilled to a depth of 1868 feet when a heavy saturated oil sand was encountered was cemented several days ago and Thursday when they started to drill the plug they encountered from a busted casing above the oil sand. The busted casing is being cemented and the plug will be drilled in Saturday. According to Dr. Sims they were very fortunate in discovery of the salt water before the plug was drilled. He is confident that they have a good well as they have the heaviest oil sand ever encountered here.

Local Pastor Named Executive At Vernon Meet

The Rev. Pearce J. Burns, pastor of the local Central Christian church, was elected vice president of Disciples of Christ, District 12, in conference at Vernon, Monday, Sept. 23. District 12 comprises 18 counties.

Two hundred and eighteen delegates from the 18 counties registered for the convention. The Rev. Woodall of Seymour was elected president. The Rev. Amos Meyers of Breckenridge was made secretary-treasurer.

Notables on the program were E. M. Waits, president of T.C.U., Fort Worth, Patrick Henry of Fort Worth, president of the State Mission Board; Charles Marion Ross of Fort Worth, state chairman of religious education; L. O. Leet, minister of stewardship of East Dallas church and many others.

Mrs. Pearce J. Burns of Burkburnett was also presented on the program. Those representing the local church were the Rev. and Mrs. Pearce J. Burns; Messrs. and Mesdames R. P. Long, C. M. Sills; and Mesdames J. H. Cecil, Neal Hall and B. W. Poteat.

Golfers Met Wednesday Night

A handful of golfers met Wednesday night at the city hall to discuss the future plans for the Burkburnett Golf association. Glenn Howard, president, presided and the purchase of a new mower was discussed at length, but no definite decision was made. It was agreed to rent the Nocona club's mower this week-end and get the course in readiness for the local tournament which starts Sunday.

The idea of raising the dues from \$12 to \$24 was discussed at length and it was agreed that if the town is to continue to have a golf course the dues will have to be raised and a full-time keeper employed.

"Love One Another"

Hate thrives best when planted in the hearts of the young.

History bears this out. In a matter of record in the recent, ruthless attacks on creeds and races in foreign countries, that the leaders chose youth, instead of its elders, to be the aggressors in the assault.

But love thrives equally well when planted in the hearts of the young.

How important, then, to sow these seeds of kindness and cultivate them in this fertile soil. For as love toward each other grows, tolerance is the harvest. And upon tolerance a nation becomes happy and strong.—Burbank (Calif.) Review.

Chickenpox Highly Infectious

Austin, Sept. 10.—"Chickenpox is among the more prevalent childhood plagues. Because of this fact, many parents assume an attitude of indifference toward both treatment and spread. Indeed, there are those who mistakenly imagine that this disease is an inevitable affliction, and consequently believe that the sooner the child has experienced it, the quicker the trouble will be over. It scarcely need be said that such a view point is both unwise and risky," states Dr. Geo. W. Cox, state health officer.

"The period during which the disease develops after infection has been established varies from fourteen to sixteen days; in some cases the time may extend to three weeks. Symptoms, such as a slight rise in temperature, headache or backache, frequently precede the characteristic eruption. This eruption often is the first observable symptom. It rarely delays its appearance more than twenty-four hours after indications of illness.

"This disease is highly infectious. The family physician should be called immediately upon the suspicion that chickenpox is present, as intelligent medical care and nursing are essential to a satisfactory and prompt recovery. During epidemics or neighborhood outbreaks, which are more likely to occur during the fall and winter months than at other seasons of the year, parents should suspect all fever and aches as possible forerunners of chickenpox.

"While complications are rare, they sometimes occur. Even with the great possibility that infection will run its usual course, it does not pay on that assumption to temporize. Among the complications may be erysipelas and other skin infections. "Infants under one year of age are rarely susceptible to chickenpox. It is during the run-about age, namely among the five and

six-year olds that opportunity to catch this disease is greatest. "Of course, there is no desire to disturb parents unduly about chickenpox. The fact that approximately 52 per cent of the adult population in America have had it argues the folly of becoming overly alarmed in the fact of an increased number of cases. On the other hand, it is well to appreciate that, in common with all illness (child or adult) the chances for a favorable and speedy outcome depend much upon early detection, medical attention, and intelligent bed-side care."

Christian Science Services

"Reality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, Sept. 29.

The Golden Text is: "Fear not little flock; for it is your Father's good pleasure to give you the kingdom." (Luke 12:32.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And when he was demanded of the Pharisees, when the kingdom of God should come, he answered them and said, the kingdom of God cometh not with observation: Neither shall they say, Lo here! or, lo there! for, behold, the kingdom of God is within you" (Luke 17:20, 21).

The Lesson-Sermon also includes the following passage from

the Christian Science by Science and Health with "Science and Health with to the Scriptures" by Mary Eddy: "Take heart, dear, for this reality of being appear sometime and in some When you read There will be no more all tears will be wiped When you read this Jesus' words, 'The kingdom is within you' This consciousness is therefore sent possibility" (page 570)

Javelina Caught In Traffic

Houstonians are still wondering just how a javelina, a native wild-hog, found its way onto the streets

of Houston recently. The javelina was dodging in and out of traffic during the morning rush hour when it was finally caught by F. L. Dotson. It was presented to the Houston zoo. Just where the wild hog came from is still a mystery. Most javelinas in Texas are found in the southwest portion of the state, a considerable distance from Houston.

CAMPFIRE NEWS

By Betty Jewel Mills
The City of Burkburnett should be very proud of the fact that it has a very active group of Campfire Girls.

The Campfire float won the first prize of \$15.00 in the Harvest Festival parade Friday and the organization plans to use the money for a worthy cause. This summer milk bottles were placed in various stores where people might drop their pennies and \$5.00 collected and turned over to the Red Cross.

A very attractive display of hand work was in a window of Major's Variety store during the Festival and is now on display at the fair.

The Campfire Girls will have charge of the P-T A. program in the Hardin school auditorium, October 14 at 8 p. m. The girls and their guardian, Miss Ethyle V. Allen, are very grateful for the use of the Shamburger Lumber truck during the parade, to Mr. J. D. Majors for the use of a show window and to the Famous and the Manhattan for displaying service and ceremonial gowns. They are also grateful to little Jon Hi Bear for the use of the tent which was so effective on the float.

They feel that they are indebted to these people for their help in winning first place in the parade. Members of the Campfire group are Gene Brookshear, Carol Lohofener, Valta Brookman, Betty Jewel Mills, Jonita Majors, Sadie Beth Tevis.
Miss Ethyle Virginia Allen is Campfire guardian.

New Methodist Organization Enrolls Fifty Charter Members

Fifty women signed their names to the roll as charter members of the Woman's Society of Christian Service, Methodist organization which succeeds the Woman's Missionary Society, in a meeting held at the church Monday afternoon at 4 o'clock.

Strikingly beautiful flower arrangements created by Mrs. J. H. Rigby and Mrs. W. R. Hill were used to effect in the meeting rooms where Mrs. R. H. Henry played the piano softly while the assembly gathered for the impressive ritual and installation ceremony.

"Faith of Our Fathers" was the opening hymn and the pastor, Rev. C. W. Thomas, called the meeting to order and acted as chairman until Mrs. H. W. Prinzing was elected temporary secretary.

Particularly impressive was Mrs. H. C. Gilbert's interpretation of "The New Day", which was followed by a prayer in unison led by Rev. Thomas.

Mrs. Prinzing then read a statement of the purpose and plan of the new organization. It was stated that the Methodist women have been organized for sixty-two years and that it is very important to lay a strong foundation for the work to be done by the new organization.

Mrs. M. W. Majors was presented as the only charter member of the first Burk Burnett auxiliary now living here and signed as a charter member of the new organization.

Mrs. B. M. Cropper conducted the inspiring enrollment ceremony, welcoming each member and charging her with her duties.

The women came forward by rows from their places in the assembly room to sign and to receive their charter certificates. Hymns led by Mrs. C. W. Thomas were sung by the rest of the gathering during the ceremony.

Following the ritual, officers were installed by the pastor and Mrs. O. E. Melton, new president, took the chair to preside over a short business session during which Mrs. R. L. Gragg, secretary, read the standing committees for the year and meeting dates were set.

Mrs. J. H. Rigby and Mrs. S. S. Reger were named circle leaders but it was announced that the original circles will meet as planned until January.

A delightful social hour followed and refreshments were served by the social committee: Mesdames J. L. Caffee, M. E. Prinzing, Sam Cope, J. D. Majors, and L. J. Lorang.

Charter members of the Woman's Society of Christian Service, Burk Burnett auxiliary, are as follows: Mesdames M. W. Majors, M. L. Urban, Joe H. Davis, W. H. Lewis, D. A. Wesbrooks, R. L. Gragg, Scott Morris, W. W. Arrington, Paul Browning, Blake Browning, Lige Chrestman, C. E. Jones, F. R. Knauth, W. A. Browning, J. S. Mills, J. D. Majors, M. E. Prinzing, L. J. Lorang; Mesdames I. D. Russell, O. C. Wills, S. S. Reger, R. M. Gilchrist, J. L. Caffee, F. L. Pilkenton, C. E. Baker, P. G. Williamson, H. C. Gilbert, B. H. Alexander, Esther Ellis, P. A. Wiggins, H. C. Sullivan, W. R. Hill, J. L. Welch, A.

Teachers M. E. Sunday School Plan New Year

Teachers and officers of the children's division of the First Methodist church met with Miss Novena Gore on Wednesday, Sept. 18, for an all-day session.

Mrs. M. C. Tucker opened the meeting with a devotional. During the business session it was decided to divide the beginners and nursery children who are now in one class, taking the four and five year old children into classes.

This step will make a standard school and beginner age class. Children will have more advantages in smaller classes.

A program for promotion day, September 29, was discussed and plans were made for the awarding of attendance pins.

Officers for the coming year were elected as follows: Mrs. T. D. Oxley, president; Mrs. Tom Harms, vice president; Mrs. W. A. Hinnant, secretary; and Mrs. M. E. Prinzing, treasurer.

Those present for the meeting were Mesdames Oxley, Harms, Prinzing, Roderick, Hinnant, M. W. Majors, Tucker, the hostess and Mrs. J. S. Gore and Mrs. Dean Richmond, visitors.

Crowley-Rich Wedding In Dallas

Miss Lurene Rich, daughter of Mr. and Mrs. J. M. Rich of this city, became the bride of A. L. Crowley Wednesday evening, September 18, in a ceremony performed by Hugh McAlpine, justice of the peace, in Dallas, Texas. Attending the young people were Kenneth Ormon of Conchas Dam, N. M., and Miss Mary Alexander of Dallas.

The bride wore a lovely blue frock and black accessories.

Mrs. Crowley attended Burk Burnett high school and was graduated from that institution last spring.

Mr. Crowley is the son of Mr. and Mrs. I. M. Crowley of Borger, Texas, and was graduated from Borger high school in 1938. He is employed by the Gulf Oil company and the young couple will make their home here.

Mother Of Screen Star Visited Relatives Here

House guests of Mr. and Mrs. C. A. Purcell this week were Mrs. B. D. Morris and her sister, Miss Dala Fitzgerald, of Los Angeles California.

The ladies are cousins of Mr. Purcell and came here from Marlow, Okla., where they had visited other relatives.

Mrs. Morris is the mother of Wayne Morris, Warner Brothers star, who has been rapidly gaining in public favor since his first picture, "Kid Galahad", was released several years ago.

Mrs. Morris has lived in California for thirty years. Her husband is a publisher in Los Angeles and her two sons were born there.

She states that the question she is asked more often than any other is "How did your son become a movie star?"

The answer is that he went to dramatic school in Pasadena, did bit roles and got his big chance in "Kid Galahad" when producers were looking for a 'new face' and an engaging personality.

The younger brother, Richard, has not yet made up his mind just what he wants to do but his mother says he is Wayne's most ardent admirer and she wouldn't be at all surprised to see him following in his brother's footsteps.

Mrs. Morris said that to the average person what seems most amazing about a screen star's life is the way he has to 'hit the ball.' A lot of people have the idea that stars stand around in front of a camera a few hours three or four days a week and spend the rest of the time just leaving for or getting back from some very exciting place and that is about all there is to it.

However, Mrs. Morris says that being an actor is just a job like any other and that it is really a lot more exacting than most of them. Successful players have to rise at the crack of dawn, get on the set, work like a dog all day and a lot of times fail to get home in time for dinner.

Morris, who has just signed a new contract with Warner Brothers, has been loaned to Paramount for two pictures and was recently on location at San Antonio. He was quoted as saying that he enjoyed working in Texas very much.

Mrs. Tevis And Mrs. Pilkenton Entertain Club

Mrs. R. C. Tevis and Mrs. F. L. Pilkenton entertained members of the Burk Burnett Garden club at the former's home Wednesday afternoon.

During a short business meeting the following new members were introduced and welcomed: Mesdames Carlton Royce, Jess Hageman, C. A. Purcell, Monroe Prinzing, T. D. Oxley, O. E. Melton, and L. L. Harris.

Mrs. Brack Preston gave a very interesting talk on "Dependable Perennials," and Mrs. Carl Morrison read a paper which had been prepared by Mrs. E. Jeffers on "Drouth Resisting Plants."

Mrs. J. F. Gilbert of Lampasas, a guest of the club, gave a very interesting impromptu talk on outstanding work done by the Lampasas Garden club.

Mrs. Gilbert is visiting her sister, Mrs. Monroe Prinzing. The next meeting of the Burk Burnett Garden club will be at the home of Mrs. Carl Morrison on Oct. 23. Mrs. Glen Bear will serve as assistant hostess.

Refreshments were served to Mesdames J. C. Adams, Glen Bear, Tom Boyd, Paul Browning, J. L. Caffee, D. C. Dodson, L. L. Harris, A. H. Lohofener, O. E. Melton, Carl Morrison, T. D. Oxley, J. M. Pogue, Brack Preston, Monroe Prinzing, C. A. Purcell, John Rigby, W. P. Sims, P. A. Wiggins, Jess Hageman, Carlton Royce, and the hostesses.

Mrs. Grover C. Johnson Addresses Local Club

Members of the Junior University Study club were privileged to hear Mrs. Grover C. Johnson, prominent Wichita Falls club woman and social worker, at their regular meeting Monday evening in the home of Mrs. Thurman Garland.

Mrs. Johnson gave a very interesting and instructive talk on Texas Federation of Women's clubs.

A program on parliamentary law preceded the address. Marian Ragsdale read the club constitution and Mrs. Ralph Davis, club parliamentarian, discussed the "Do's and Don'ts" of club procedure.

Mrs. Paschal Kimbrow presided during a brief business session at which time plans were discussed for raising money for the benefit fund.

Refreshment plates were served to Mesdames A. C. Auids, Dale Cropper, Ralph Davis, F. T. Felty, John Foster, H. D. Hurd, Paschal Kimbrow, George McClarty, Polk Robison, Carlton Royce, Jack Scott, Louis Sims, Harold Van Loh, H. C. Sullivan, Fred Datson, Marian Ragsdale, Miss Ethyle Virginia Allen and the hostess.

Pete Smith Short Gives Highlights Of 1939 Football

John Kimbrough's great performance for the Aggies against Tulane in the Sugar Bowl, Notre Dame's 20-19 hair-raiser over Southern Methodist, Johnny Butler's famous 57-yard run for Tennessee against Alabama, and "Sweet" Lalanne's one-man show for North Carolina against a big Penn squad are a few of the episodes in Pete Smith's 1940 edition of "Football Thrills".

Smith's latest opus is not only a reminder of the glories of last season, but an appetizer for the better enjoyment of the season ahead. Football Thrills of 1940 will be shown at the Palace Theatre in Burk Burnett, in the near future.

T.E.L. Social Thursday

Members of the T.E.L. Sunday school class of the First Baptist church met at the church last Thursday for their regular monthly social and business meeting.

Mrs. M. P. Keith led the opening song which was "Our Best." Mrs. A. H. Lohofener led in prayer. Mrs. J. W. Manning read the devotional from the 33rd Psalm.

Following a short business session, Mrs. Fred Lynch took charge of the program and presented Faye Lynch who sang, "When You Wish Upon A Star." Games were played and since this was the last meeting this year, at which Mrs. Lynch will act as program supervisor, she passed out little booklets in which each member wrote something to remember the old year by.

Announcement was made that officers will be installed Thursday evening, September 26.

Those present were Mesdames Cheney, Mowery, Hastings, Dean, Teague, Manning, Van Cleave, Watkins, Hudspeth, Davidson Chumley, and little daughters, Jackie and Carol, Morris Cheney, Fred Lynch, I. R. Berringer, Carl Miller, O. P. Brookover, Roy Blansett, M. P. Keith, G. T. England, C. D. Mullins, Lois Hinnant and daughter, Rosemary.

Hardin Club Meeting

Fifteen members of the Hardin Demonstration club met at the home of Mrs. M. R. Hewell Monday afternoon.

Miss Ruth Farquhar, county agent, was present and gave a demonstration on storage, discussing the storing of clothing, bedding and linen, kitchen storage, books, children's toys, etc.

Plans were made for the booth at the Fair where steps in making various garments were illustrated, laying particular stress on finishing. Hardin club won third place with this demonstration.

Claims Of Texas Schools

There'll be football squads in the University of Texas Inter-sports gets its 21st anniversary under way.

Teams in the runner's football roster for 1940 increased to 41 teams to a total of 104 teams.

The schoolboy circuit, Class A, with 291 teams, increased to 36 schools.

Six-man football, a Texas-pioneered sport, increased to 41 teams to a total of 104 teams.

Out of that of the high schools enrollment of 200 more, all but two of the football teams are not yet started.

In the list of students or more, are not yet started.

Counted four new District 10's Temple, Arlington, district 16, schools all played last year.

Competition, only Wells of San Antonio, completely new faces several other schools.

"B" competition from the Livingston back from "AA".

Listed 36 schools for the first time: Mansfield, McLeod, Roxton, (DeKalb), Miller Mount (Overton), (Longview), Cranford, Jewett, Salado, Cherokee, Pflugerville, Woodboro, Alvarado, Duncanville, Goddard, Venus, Red Oak, Indian (Brownwood), Sipe Sidney.

Mr. Willis died in 1907 and his wife lived until 1934.

Willis Family Takes Active Part County Celebrations

Any celebration in this county which calls for a registration of pioneers would be incomplete without a representative of the Willis family.

This year all members of the family, which is one of the oldest in the county, who are still living here are attempting to attend all county celebrations.

They were on hand for the Harvest Festival and were present for the opening day of the County Fair, dressed in costumes and participating in the parade, and they are making plans to be present at the Wichita Falls' Birthday celebration.

T. Guy Willis, Mrs. O. B. Wofford, Mrs. J. W. Allen and B. O. Willis are the only members of the family now living in Burk Burnett, A half-brother, Hi Willis, lives in Wichita Falls.

Of this group Guy Willis has established a record for continuous residence here. He came here as an infant with his family in 1890 and has lived here ever since.

Mr. and Mrs. A. J. Willis and their children came here from Illinois and settled on what was then known as the Hazard place. Mr. Willis had made a trip to country earlier in the year and was so impressed that he bought the farm, which adjoined the Burk Burnett place, and went back to Illinois to bring his family here.

He chartered three cars and brought a great deal of household furnishings and several prize animals from his stock farm in Illinois.

Their farm, which was in the Red River valley, had twenty-five acres in orchard, and Mrs. Wofford, who was the oldest child, recalls many instances when Indians would camp in great numbers near her home and would come there to buy fruit and vegetables.

She was the only member of the family, other than her father, who was not afraid of them and when he was away from home often had to 'dicker' with them. The redskins greatly admired her and called her that "brave little girl."

The Willises were neighbors and close friends to most of the pioneers of this region and recall days when families came from far and near to picnic together.

Mr. Willis died in 1907 and his wife lived until 1934.

Prinzing & Hicks Lease Holtzen Bldg.

Henry Prinzing and J. N. Hicks closed a deal this week for a lease on the Dave Holtzen building, located on Ave. C. The building which formerly housed the Ford Motor Co., is being completely remodeled and repaired and when completed will be the new home of the City Grocery & Market.

According to Mr. Hicks the building will be fluorescent lighted, air conditioned and all new bins, show cases and the latest refrigeration service for their meats and vegetables will be installed.

The firm expects to move into their new building about the first of November.

Brownings Bring Back New Dodge

Paul Browning, Wylie Browning, Frank Clement and John Clement attended the preview showing of the new 1941 Dodge which was held at the Adolphus hotel in Dallas Monday.

The Brownings are well pleased with the looks of the new car and are especially thrilled over the latest improvement—fluid drive. They have one on display in their show rooms.

next meeting will be on Monday evening, October 7th, at which time an interesting program will be given. A cordial invitation is extended to the men of this community to be present at that time.

In a practice game Thursday on the local field the Fairview football team played the All-Stars to a standstill; the final score being a tie at 25 all. Coach Norton says the team is shaping up well and he is expecting great things of the boys this year.

U. S. Civil Service Examinations

The United States Civil Service commission invites the attention of the public to an open competitive examination for Assistant Communication Operator, for filling the position of assistant communication operator or radio operator, at \$1620 a year, for employment in the 4th Region, bureau of federal airways, civil aeronautics authority, which has headquarters at Fort Worth.

The 4th region comprises the states of Arkansas, Louisiana, New Mexico, Oklahoma and Texas. Applications may be filed with the manager, Tenth U. S. Civil Service District, Customhouse, New Orleans, Louisiana, until further notice.

Applications will be rated as received and certification will be made as the needs of the service require. When sufficient eligibles have been obtained, the receipt of applications will close, at which time proper notice will be given.

Applicants for assistant communication operator must have had at least two years' experience as radio operator, and must be able to transmit and receive by radio telegraph (international Morse code) at a sustained speed of 30 words a minute, copying messages to typewriter. They must be able to write by touch system 35 words a minute on typewriter or 50 words a minute on regular typewriter. Applicants must have reached their 18th birthday but must not have passed their 50th birthday, except these age limits are waived for persons granted preference because of military or naval service.

In connection with the National defense program there is an urgent demand for instructors in air corps technical school of the war department. An insufficient number of eligibles resulted from an examination for filling these positions which closed on August 15, 1940. The United States Civil Service commission has therefore announced an examination to fill the following positions:

Instructor, air corps technical school, \$3,800 a year; also associate instructor, \$3,200; assistant instructor, \$2,600; and junior instructor, \$2,000 a year. The salaries are subject to a retirement deduction of 3 1/2 percent.

Applications will be rated as received at the Washington office of the U. S. Civil Service commission until further notice, and certification made as the needs of the service require.

Separate lists of eligibles will be established in the following optional branches of instruction in the aircraft field: Carburetion systems, engines, hydraulic systems, instruments, mechanics, propellers, fabric work, sheet-metal work, welding, heat treating, parachutes, and air corps fundamentals. Employment in these positions is in the Army Air Corps, and vacancies will be filled at Chanute Field, Rantoul, Ill.; Scott Field, Belleville, Ill.; and Lowry Field, Denver, Colo. Applicants must have completed at least 14 units of high school study and must have had certain experience as instructor in shop subjects or as shop supervisor.

The United States Civil Service Commission announces open competitive examinations for Construction Supervisor, General Construction \$2800 a year; inspector, general construction, \$2000 a year; assistant Inspector, General Construction, \$1800 a year; and General Foreman (construction labor), \$1860-2000 a year, for employment in the War and Navy departments, and in other services located throughout the Tenth U. S. Civil Service District, which comprises the states of Louisiana, and Texas. A vacancy exists at present in the position of Senior Inspector of Construction, \$2600 a year, at the Naval Air Station, Corpus Christi, Texas, which vacancy will be filled from the Senior Inspector, General Construction register.

Applications should be filed with the manager, Tenth U. S. Civil Service District, Customhouse, New Orleans, La., before the close of business on October 15, 1940. Applications will be rated as received until this date, and certification made as the needs of the service require, except that if sufficient eligibles are obtained, the receipt of applications may be closed before the date specified, in which case due notice will be given.

The United States Civil Service commission has announced open competitive examinations to fill personnel technician positions in the Federal government. The examinations cover the following grades: Personal technician (tests and measurements), \$3,800 a year; also senior, \$4,600; associate, \$3,200; assistant, \$2,600; and junior, \$2,000. The salaries are subject to a retirement deduction of 3 1/2 percent.

Applications must be on file with the commission's Washington office not later than Oct. 7 if received from states east of Colorado, and not later than Oct. 10, if received from Colorado and states westward.

Applicants must have completed a 4-year college course with specified study in psychology. In addition, except for the junior grade, they must have had experience in research in the development and application of group psychological tests of aptitude and proficiency. For all grades the experience must have been of a standard appropriate for the grade of the position. Applicants for the junior grade must not have passed their thirty-fifth birthday; for the other grades they must not have passed their 53rd birthday.

Qualified persons are urged to file their applications immediately with the manager, Tenth U. S. Civil Service District, Customhouse, New Orleans, Louisiana. Additional information and application blanks for all the above examinations may be obtained from the secretary, U. S. Civil Service Board, postoffice, this city, or from the manager, Tenth U. S. Civil Service District, Customhouse, New Orleans, La.

Devol News

By Louise Mowery

Mr. Fulfs, 5th and 6th grade teacher of Devol went to Oklahoma City yast Wednesday on business.

The Baptist adult ladies had their class social in the home of Mrs. Ross Wright last Thursday night. They also surprised Mrs. A. C. Mowery with gifts for her birthday and 20th wedding anniversary. During the exciting games, Mrs. Mowery had to go 'fishing'; as she was fishing, a beautiful decorated wagon was brought in with many beautiful gifts in it. After gifts were opened prayers were given by Mrs. W. W. Reeves and Mrs. E. H. Tribble; the devotional, which was in Psalms, was read by Mrs. Wilbur Slabaugh. Lovely refreshments were served to Mesdames Anna Louis, William Nelson, W. W. Reeves, Wilbur Slabaugh, M. E. Charboneau, Joe Wright, H. D. Hall, Floyd Uthe, K. B. Uthe, M. E. Farmer, J. T. Compton, Bell Dean, A. C. Mowery, E. H. Tribble, Orville Weaver, and the hostesses, Mrs. Jane Trotter, Mrs. Bill Tarrant, and Mrs. Ross Wright. Those who sent gifts were Mesdames Inez Speare, J. C. Dillow, J. B. Stevens, S. L. Arnold, and May Pitcock.

Nettie Bee Bryant and Joe Hobzda from Kingfisher, Okla., spent the week-end with Miss Bryant's parents, Mr. and Mrs. Gene Watson and Donald Wayne. Miss Bryant is a teacher in Kingfisher, Okla.

A lovely Blue and Pink shower was given in honor of Mrs. Wilson north of Devol, in the home of Mrs. Vernon Speare last Thursday evening. Several interesting games were played and the lovely gifts were opened and shown to the ladies there. Delicious refreshments were served to Mesdames Melvin Croker, Grandma Croker, Vernon Lagron, Claire Baumhardt, Frank McClendon, Emma Short, Haris, Luelle O'Beron and hostess, Mrs. Vernon Speare. Those who sent gifts were Mrs. Edd Hopkins and Mrs. J. B. Stevens. Many other gifts will be bought later.

History Shows Texas Had Eight Capitals

Austin, Sept. 24— Any school boy can tell you Austin's the capital of Texas, but it was a different story 100 years ago, University of Texas records show.

In fact, the capital of the Republic of Texas was moved so frequently there were probably times when even some of the nation's officials couldn't lay hands on it. In the ten years before it joined the U. S., Texas had eight capitals, and juggled the honor between them eleven times.

The eight capitals, according to University of Texas records, were San Felipe, Washington, Harrisburg, Galveston, Velasco, Columbia, Houston and Austin, in that order. After Austin's "first term" as capital from 1839 to 1842, Houston and Washington each had the honor of a second time, but in 1845, when annexation took place, the capital of the new state was established at Austin, and a general election in 1872 made that site permanent.

It was at San Felipe that the settlers of Texas, under the leadership of Stephen F. Austin, set up their first independent government, and it was there that Sam Houston was made commander-in-chief of the regular army.

At Washington, on the Brazos River, the general convention, March 2, 1836, declared Texas "a free, sovereign and independent Republic." The Alamo fell four days later.

Harrisburg had probably the shortest reign of all, as well as the most hectic. During the month of March it was established as the capital, evacuated and burned by Mexicans who were so close on the heels of the flying government that they dropped cannon balls all around the boat which was carrying David G. Burnett, president of the provisional government, to Galveston.

In May, the government moved from Galveston to Velasco, where the treaties with Santa Anna were signed.

mond Bradley are absent today. (Miss Parris.) Pupils in L5-1 had a very enjoyable time at the Harvest Festival. We were proud to take part in the patriotic parade and to carry our flag. Billy Bowman was absent from school Friday. Horace Mills spent Sunday hunting doves in Olney, Texas. He was visiting an Uncle. (Miss Goodwin)

The seventh grade penmanship class has written papers to be put on file until the end of the six weeks at which time more paper will be written using the same material and instructions. These two papers will then be compared to note the progress of each individual student. Dan Mills has returned to school after several days absence. We are proud to have perfect class attendance. Jack Blansett attended the circus in Wichita Falls Friday. Kenneth Gibson was in Electra Sunday. Donald Mills went dove hunting in Olney Sunday afternoon. Part of L7-1 students and L7-2 students took part in a Hickville band and rode on a float in the parade. They played "Put on Your Old Gray Bonnet" and "Come Sit By My Side Little Darling" on such instruments as wash tubs, combs, saws, etc. (Miss McSween.)

signed, and Texas was first recognized as an independent nation. By October, the capital was Columbia, in Brazoria county, and by May of 1837, Houston, which had just been laid out. There it remained until October, 1839, when it was moved to Austin.

When Mexico again invaded Texas, in March, 1842, President Houston moved the capital once again to Houston, and from there again to Washington in November, University library records show. But in 1845 it was returned to Austin permanently.

Slight Rise In Wages Of Texas

Austin, Sept. 25— Average wages for Texas workers rose slightly during August, as payrolls gained 4.3 per cent over August, 1939, compared with a 2.2 per cent gain in the number employed, University of Texas Bureau of Business Research officials report.

Both employment and payrolls remained about the same in July. Wages in manufacturing industries, however, failed to keep pace with the gain in workers over August a year ago. The Bureau estimated 134,339 workers were employed, 4.9 per cent more than a year earlier, while wages rose only 4.4 per cent.

Employment in non-agricultural business and government establishments is considerably higher than at the beginning of 1940, the Bureau estimates. Although the estimate for August is not yet available, this figure for July was 960,000 compared with 941,000 for January. The peak thus far occurred in May, when 967,000 workers were employed.

Fords For 1941 Larger, Beautiful And Softer Riding

The new Ford line will be released for public inspection, Saturday, Sept. 28, at the Dotson-Morgan Motor Co., Inc., located in the Casey Logan building. There has been a lot of advance discussion of changes. And changes there are, starting off with a considerable increase in size for the Ford V-8's, DeLuxe and Super DeLuxe.

Designers have taken full advantage of increased wheelbase and overall lengths to give added spaciousness, and Ford engineers have worked right up on bigger tires through to luxury seat cushions and new softer springs for the solid enhancement of riding comfort. A new four-cylinder truck and commercial car engine is part of the economy features included in the Ford working line.

The wheelbase of these big new DeLuxe and Super DeLuxe Ford V-8's is longer and the overall length greater. The designers have taken advantage of this extra overall to increase the inside body length both in foot room and seating width. In fact, the front seat of the sedan is seven inches wider than last year. The head room is greater and the window area, already large in previous Ford cars, is even larger this year.

Running boards have practically disappeared from sight, due to the width of the new bodies. But they are there to step off when the doors are opened. The 85 horse-power V-8 engine is still unique as it is the only eight cylinder car in the low price field. These new Fords have lower transmission gear ratios thus hiking up the "get-away."

In addition to beauty both inside and outside the Ford engineers emphasize the greatly improved ride in all 1941 models. This extra riding comfort starts with two inches longer wheelbase and a new electrically welded "X" type frame. This new frame is 100 per cent more rigid, making the body now mounted on big rubber cushions still quieter in service. The springs, front and rear, with their increased effective length, have a balanced action eliminating any "pitching" and give the easiest kind of ride. The rear seat cushions are two inches farther ahead of the rear spring and axle, which further improves the riding qualities.

The four lever-type hydraulic shock absorbers now have a more sensitive adjustment to match the new softer acting springs. The new improved ride stabilizer, connected by swinging shackles to the front axle, minimizes side sway and improves steering. Super DeLuxe cushions are unusually comfortable since luxury type individual coil springs are used. Over these is a thick pad of latex treated curled hair which gives a softness only associated with expensive cars in the past.

The new Fords have big 12-inch hydraulic brakes, for quick smooth action and long service. The emergency, or parking brake, is on the rear wheels and operated by steel cable. The brake lever is under the instrument panel, at the left of the driver. The new hood lock knob is located under the instrument panel near the brake lever. This protects the engine, battery and accessories from theft. An entirely new body design is included in the 1941 Super DeLuxe line—a sedan coupe. This coupe combines a close body design with comfortable seating for six. Also in the line there is a convertible club coupe, seating five, equipped with an electrically operated top that functions even when the engine is not running. It is operated by throwing an electric switch.

There are four body types in the DeLuxe line, six in the Super DeLuxe. There are three color choices for the DeLuxe and six in the Super DeLuxe line. Among the refinements which are new this year on all models are the speed lines on the side of both front and rear fenders, the new hidden gasoline filler cap, electric light on the luggage compartment which automatically lights whenever the lid is raised if the car lights are burning, ventilating front windows, a new wide tempered glass one-piece rear window, radio grilles in all cars, twin windshield wipers with speed control, twin sun visors, fender top parking lamps, and two-spoke, clear-vision comfort-type steering wheels. There is a center front license plate on the Super DeLuxe.

Bulldogs Yield To Lobo Drive

The Burkburnett Bulldogs showed up very creditably against the vaunted Cisco Lobos here last Friday evening yielding a 27-13 victory which was by no means an easy one for the Cisco eleven. Coy Warren, Lobo quarterback and considered the best back in the district this year, kept the Bulldogs on their toes with slashing runs and a deadly aerial attack. Melvin Kerner, Burkburnett halfback, did a very nice job himself and is right now on top of the heap of 2-AA players with two touchdowns and two extra points to his credit in the scoring race.

Burkburnett held Cisco well in check the first time the vaunted Lobo attack got the ball. Kerner took Warren's kick on his own 40-yard line and galloped to the Cisco 41-yard line. Todd picked up 3 yards at tackle, then Kerner slashed over his own left tackle, twisted free from a couple of tacklers and romped across the goal line. Kerner added the extra

point to give Burkburnett a 7-0 lead.

Taylor took the next kickoff on his own 35-yard line and ran to the Cisco 49-yard line. Warren faded back and rifled a long pass to Qualls for a touchdown. Qualls tied the count with a perfect kick from placement.

Three plays later, Warren intercepted Kerner's long pass on the Cisco 38-yard line. Warren and Taylor picked up a first down on three plays at the line to place the ball on the 50-yard line. Donovan drove to the Burkburnett 45-yard line. Warren then opened his brilliant broken field running to sneak through the line and romp 45 yards to a touchdown.

There was no more scoring until the second half, when Cisco scored before the fans could get resettled in their seats. Todd fumbled a punt and Lassetter recovered for Cisco on the Burkburnett 41-yard line. Two plays turned in another touchdown.

Burkburnett then bounded back to start a drive from the next kickoff that ended in a score. The kick was short and put in play on the 50-yard line. With Woods running with the ball and tossing passes into the waiting arms of his mates, Burk scored with Kerner skirting end for the yard play to score standing up.

In the fourth quarter, Warren intercepted a pass on the Burkburnett 27-yard line. Qualls stepped off 18 yards on a wide sweeping end run on the enr around play to set the ball up on the 6-yard line.

... HAWKEYE'S NEWS ...

From Liberty Hill Community

The finest thing that's happened in several weeks came Saturday night. A nice rain started falling and continued to fall all night up till Sunday morning. 1.48 inches of rain was the amount that fell. Nearly all of our good farmers, especially the grain raisers, in our neighborhood, had their grain land plowed and ready to receive this fine rain so by the time the ground settles early wheat and oat sowing will start. This fine rain has added many thousands of dollars to this part of Cotton county.

Hawkeye's family's old friend, Tobe Hardin, Mrs. Martha Nails and her son Charlie, who are farming over in Texas near Byers, came by Saturday morning going over to Burkburnett. They reported that cotton was suffering very bad for the want of a good rain. Since this fine rain has come the Texas cotton crop should be benefitted. The Owens family was very glad to see their friends.

You know, folks, that Hawkeye is a great believer in signs, as when he and his family is farming and 3/4 of his crops which he plants each year he plants by the moon and stars and they always raise good crops if any rain falls. So, if any of you good readers were out late enough Wednesday and Thursday nights I know that you noticed our lovely moon. It had a large circle plumb around it and inside of this circle it had just two stars. Hawkeye and family knew it would rain by Saturday night and sure enough it did, so when you see this circle around the moon and as many stars that's inside of the circle it will be just that many days until it storms or rains. Watch it.

Cotton picking is in full force in our communities, Liberty Hill and Needler. A hundred bales of cotton have been pulled out this past week in this neck of the woods and hauled to the three big gins in Temple.

Hawkeye and family this past week picked cotton for L. B. Keeter, just across the fence from where Hawkeye lives. L. B. had 85 acres and believe me, it was fine picking. Mr. and Mrs. Keeter had around 30 pullers in the 85 acres. They had a few that pulled 800 pounds a day. L. B.'s better half stayed at the scales to see that each sack full was weighed correctly and she also keeps books and all weights. Believe me, she is an expert bookkeeper. The last of the 17 bales was pulled out 15 minutes after 5 o'clock Friday evening and in ten minutes the last sack was weighed and emptied. The weights were so correctly figured that in just a few minutes every picker had his check which was figured out just right. Hawkeye told sister Keeter that she sure wanted to get that cotton out as it would be raining by Saturday evening or night on account of the two stars inside the moon's circle and Mrs. Keeter just laughed as though she didn't think that those stars had anything to do with it raining but they did and we got her 17 bales out before it rained, so hereafter everyone pay more attention to your moon and stars and you will be better off.

Edward LeBarre, who lives down south of Randlett on Big Rabbit creek and who is the eldest son of Mrs. Fred Le Barre, was transacting business in Temple Saturday morning. Brother Ed advised Hawkeye that crops are sure fine down on Big Rabbit creek, especially the corn crop.

At this writing the clouds are very heavy laden with rain. All indications are very favorable for more rain by night fall and this rain that has come will stop cotton picking for several days unless it fairs up and the sun comes out nice and bright. Hawkeye says he would like to see it fair up at once so he could pick 500 or 600 pounds of cotton next week, more or less. His better half says it will be a lot less.
