Light And Water Depts. Show Big Increase

Light Plant In Best Condition In Years Credit Due Kincaid

Water Revenue Shows \$2,000 Gain Annually

Are you an active citizen or do you sit back and let the other fellow do the work? Do you have ideas for making your town better—and do you talk and act about these ideas?

Today, as never before in our history we must have active, alert, intelligent citizens imbued with the democratic way, if that is to endure.

Our city administration is trying to proceed on an even keel, free from some of the charges of mismanagement and extravagances. Do you know that the city has had less trouble with their finances during the past two years than in any two preceding years, and possibly in the history of Burkburnett. A large part of this credit goes to the city manager, Lynn Kincaid, who took office a little over two years ago. To the citizenship of Burkburnett the editor wishes to point out some of the things that have been accomplished during the administration of the city commissioners during the past two years.

Our light plant has spent \$12,500.00 in the last two years for construction (not maintenance) of needed equipment and extension of the distribution system. All of this expenditure is paid for.

This department is showing an increase of 229 new customers and the increase of \$769.90 monthly revenue.

In addition to all of this, the light department transferred \$5,000.00 to the General Fund to liquidate \$5,000.00 indebtedness.

Two Men Miraculously Escape Death As Car Turns Over Into Red River

Two men have run their car off the abutment to the free bridge over Red River and lived to tell the tale.

The two men, Wesley Holt and Oval Nunn, both of Randlett, Okla., were returning home about 1 o'clock Monday morning when their car left the road just before reaching the bridge and turned over several times, landing in the bed of the river. The drop was approximately 75 feet.

Mr. Holt managed to free himself and wandered into the Scruggs Cafe when found by Claud Bowman, night officer, who went to the scene of the accident.

Two Men Miraculously Escape Death As Car Turns Over Into Red River

Mr. Nunn was found about half way between Burkburnett and the bridge by two Burkburnett business men who were returning from a business trip to Oklahoma.

The two men were taken to the Russell Clinic where they were given first aid treatment. They were cut and bruised and a number of stitches were taken in their heads, face and arms.

They were returned to their homes Monday afternoon and reports Thursday stated Holt was improving. Nunn was admitted to the Wichita Falls Clinic hospital early Thursday morning.

The car, a Ford V-8 was completely demolished.

Lions Hear Talks On Politics And On Health

Joe Tunnell, instructor of History and Civics in Burkburnett high school, spoke to the Lions at their regular meeting Tuesday evening on the subject of "Present Day Politics."

He discussed in detail and from an unbiased viewpoint the political policies of both presidential candidates this year.

Dr. Hartford of Chicago, who is holding a clinic here with Dr. Lewis Shores, and Dr. Shores were both guests and Dr. Hartford spoke on "Our Health and What We Eat."

District Governor Frank Crippin and Miss Helen Ingle, both of Wichita Falls, were guests of the club. Miss Ingle was formerly "Club Sweetheart" of the local organization.

Deep Test North Of Town Abandoned

Burkburnett people who had been watching the deep test north of town with hopeful eyes were doomed to disappointment when the Chambers Simmons and Norwood No. 1 P. C. Chenault was abandoned last week in the Ellenberger lime at 3310 feet.

A wildcat, it is in block 78, Red River valley lands, one-half mile northwest of the townsite.

Palace To Show S. W. Conference Football Games

Buck Zimmerman, manager of the Palace Theatre, announced this week through the co-operation of the Barrow-Grace Chevrolet company the Palace will show this Friday and Saturday the complete movie of the Texas-Oklahoma football game which was played in Dallas last Saturday.

He also announced that the other Southwest conference games will be shown here on Monday and Tuesday of each week following their being played the Saturday before.

Morgan Circle Met At Mrs. Clark's

The Morgan Circle of the Baptist W.M.U. met with Mrs. O. L. Clark Monday afternoon. Mrs. C. B. Teague was leader.

New officers were appointed for the coming year.

Dainty refreshments were served to seven members.

The next meeting will be at the home of Mrs. J. T. England on Monday, Oct. 21.

Quota Falls Short Of Expectations

Men from all walks of life including oil field workers, WPA workers, white-collared boys between the ages of 21 and 35 began gathering as early as 6:30

Quannah Blanks Burk For First Time In History

Blocked Punt Proves Burk's Downfall

The Quannah Indians received revenge last Friday over Coach Hill and his Burk Bulldogs when they handed them a 19-0 defeat. This is the first time the Indians have ever beaten the Bulldogs or Coach Hill.

In five games when the schools were apart in different conferences, the Bulldogs won every contest. But the Indians grabbed the very first game with the chips on the line.

The teams sparred in a pitched defensive battle for the greater part of the first period, but the Indians blocked a punt near the last and scored.

Hugh Frank Brown sought to punt for Burkburnett, but Crawford, Quannah's right tackle, broke through to block the kick and scoop up the ball for a 15-yard sprint over the goal line.

In the second period the Indians got possession of the ball on the 39-yard line and marched straightway for another touchdown. Z. Henderson crashed the line for the last little bit of yardage that brought the score. He converted the extra point from placement.

Walters People Entertain At Rotary Club

A large and appreciative audience of Rotarians and guests heard a program from Walters, Okla., presented at the Rotary club Tuesday noon by Dr. Carl Morrison. He presented the "Rotary Roses," a Junior Girls Trio, composed of Misses Wanda Jean Bollinger, Margaret Huff and Rebecca Stevens, who sang two selections. Miss Wanda Jean Bollinger also entertained the club with two solos. They were accompanied on the piano by Mrs. Floyd Jackson, sister of Dr. Morrison.

Aged Devol Woman Died Heart Attack

Mrs. Mattie Stevens, 80, died at the home of a son, B. L. Stevens, Devol, Okla., Tuesday afternoon at 5:30 o'clock of a heart attack. She had been ill about one week.

Funeral services were held today from the First Baptist church in Peaster, Texas. Interment was in the Peaster cemetery under the direction of Owens and Brumley Funeral home of Burkburnett.

Son Of Mr. and Mrs. Paul Frieled Joins Medical Corps

Mr. and Mrs. Paul E. Frieled have just received word that their son, Rupert, has enlisted in the Medical and Pharmaceutical Air Corps at the government hospital, Ft. Sam Houston, San Antonio.

Young Frieled was graduated from Carlisle high school, Henderson, Texas, and from the Kilgore Junior college at Kilgore, Texas. He was a student at the State University at Austin at the time of his enlistment.

Turtles Have False Teeth

While they have powerful vise-like jaw muscles and some species hard, sharp saw-edged ridges in their mouths, all turtles are actually toothless.

Bulldogs to Olney For Game Friday

The Burk Bulldogs will play their third conference game Friday night when they invade the lair of the Olney Cubs.

The team will be after victory as they are still suffering under the 19-0 defeat handed them last Friday night by the Quannah Indians. However, they will enter the game as the underdogs, this being their first year in 2AA company and two of the star players are out with injuries.

According to Coach Hill, Melvin Kerner, back, is out for the season with a head injury, and Glen Wood, another back, who has played some wonderful ball in the first four games, is a doubtful starter, due to a leg injury. According to reports from Olney the Cubs are having their troubles, too, and the game is ranked as one of the thrillers for Friday night. Olney is smarting under the defeat handed them last Friday by Wichita Falls, as they were picked as the winners by most of the experts, and Burk's defeat at the hands of Quannah for the first time in history has made them fighting mad. So both teams will be out for a victory Friday night.

Supt. Duncan states that the Corner Drug store, Heine Drug and Cannon Drug store have general admission tickets on sale for 50c and he urges all who are contemplating attending the game to get their ticket before leaving for the game to avoid congestion at the ticket windows in Olney.

Plans Laid For Greatest Xmas Seal Campaign

Plans for financing the most extensive year's program in the history of the Wichita County Tuberculosis association through a Christmas seal sale beginning Nov. 25 were laid at a meeting of committee members with Miss Frances Condit of Austin, state seal sales director, at the Wichita club last Friday morning at 10 o'clock.

The coming campaign will be the 34th annual drive by which consistent warfare upon tuberculosis is financed. Oral Jones, chairman of the drive, declared "there is a greater demand now than ever before for unlimited cooperation of every citizen and group in the county in this fight."

If tuberculosis is to be controlled in this county, Miss Condit said, there must be raised a larger fund than in the past for the association's work. Ever since the world war, she said, there has been an increase in tuberculosis in this country. It was stated that 36 persons died in Wichita county in 1939 from this disease. Miss Condit added that for every 250 patients who die from tuberculosis, seven additional persons become active patients by reason of earlier exposure.

The campaign will use speakers, booths, posters, aid of public school pupils and extensive advertising, Jones said.

Present for the meeting were Jones, Rev. Glen Clark of Iowa Park; Mrs. H. R. Hayes of Burkburnett; Miss Mary Quinn, executive secretary of the association; Dr. T. L. Hyde; Kindel Paulk, associational president; Mrs. Joelle Terrell Butler, Mrs. M. A. Beckman and Mrs. Hattie McLester.

Hill On Program At Randlett

Ray Hill, manager of the Burkburnett chamber of commerce, furnished part of the program for the Community Night held at Randlett Thursday evening.

Speakers were present from surrounding towns in Texas and Oklahoma and two string bands furnished music throughout the evening.

Mary Bell Terry had charge of the program.

1908 Bales Cotton Ginned Here

Latest reports from the two gins Thursday shows a total of 1908 bales of cotton ginned here since the first of the season.

Of this amount the Burkburnett Gin has turned out 487 bales and the Farmers' Cooperative has ginned 1,421 bales.

In the past week the Burkburnett Gin has ginned 97 bales and the Farmers' Cooperative Gin 377.

Census reports show that 2100 bales of cotton were ginned in Wichita county from the crop of 1940 prior to October 1, 1940, as compared with 2873 bales for the crop of 1939.

BURK REGISTERS 481 MEN WED. FOR COMPULSORY TRAINING

Wednesday morning for the compulsory enrollment for military training at the high school building here. Supt. Duncan had his corps of teachers on hand and the registration went off without a hitch.

Doyle Dee Dobson, age 28, a tank builder, working near Holliday, Texas, was the first one to register here. He is employed by a tank building firm with headquarters in Dallas. One young man whose residence is New York City, and who is a salesman for a firm in Los Angeles, Calif., registered here.

The final registration count here was 481 registered which fell short of the expected 600 to 700. Of the 481 registrants, 30 were colored.

Baptist Revival Drawing Large Attendance

The revival being conducted at the First Baptist church goes into the second week with increasing interest and attendance.

Services are being held daily at 10 and 11 o'clock in the morning, at 4 o'clock in the afternoon and at 7:30 and 8:45 in the evening.

Cottage prayer services are being held each afternoon at 3:00 o'clock and young people's prayer services are held each evening at 7 o'clock.

The Rev. Floyd Chaffin, pastor of the First Baptist church in Coleman, Texas, and J. C. Cohen, evangelistic singer, have charge of all services at the church.

Everyone in Burkburnett and neighboring towns is invited to attend.

McCraw Speaker For Armistice Day Celebration

Bill McCraw, former attorney general, will be the principal speaker at the Armistice day celebration in Wichita Falls, Nov. 11, it was announced Thursday afternoon.

Veterans from the cities of the area of which Wichita Falls is the center will be invited to participate in the celebration.

A parade, 11 o'clock ceremonies and a barbecue will be the features of the day's program, Sol Glickman, general chairman, reported.

All Veterans, National Guardsmen and Reserve Officers are Invited to Attend the Barbecue Held at the National Guard Armory. Only Stags will be Admitted. An Admission Card will be Mailed to All who will Attend.

A basket lunch at the Memorial auditorium and other entertainment has been planned for the wives and children.

The best patriotic float in the parade will receive a prize award Glickman said. Floats will be limited to civic, fraternal and school groups.

The following committee list was announced:

Aides to General Chairman—M. J. Carpenter, R. W. Oakey, D. M. Perkins, N. O. Holland and L. L. Kuntz.

Parade Grand Marshals—J. P. Tarry, Harry P. Schienberg, Oral Jones and commanders of each veterans organization.

Reception—P. B. Curd, J. L. Art, Fred Cone, Z. D. Allen, Pat Allen, Jim Robinson, Dr. G. M. Crutsinger, J. O. Dotson, W. S. Langford and W. R. Duke.

Negro Participation — W. S. Langford, Charles S. Hammond and W. R. Duke.

The parade will be arranged under the chairmanship of M. J. Carpenter while participation of national guardsmen will be under the direction of commanding officers of the units. Police Chief Sid A. Williams and Capt. John D. Reed of the state highway patrol are to direct policing arrangements. Oral Jones is to be in charge of the financing.

I Give You Texas

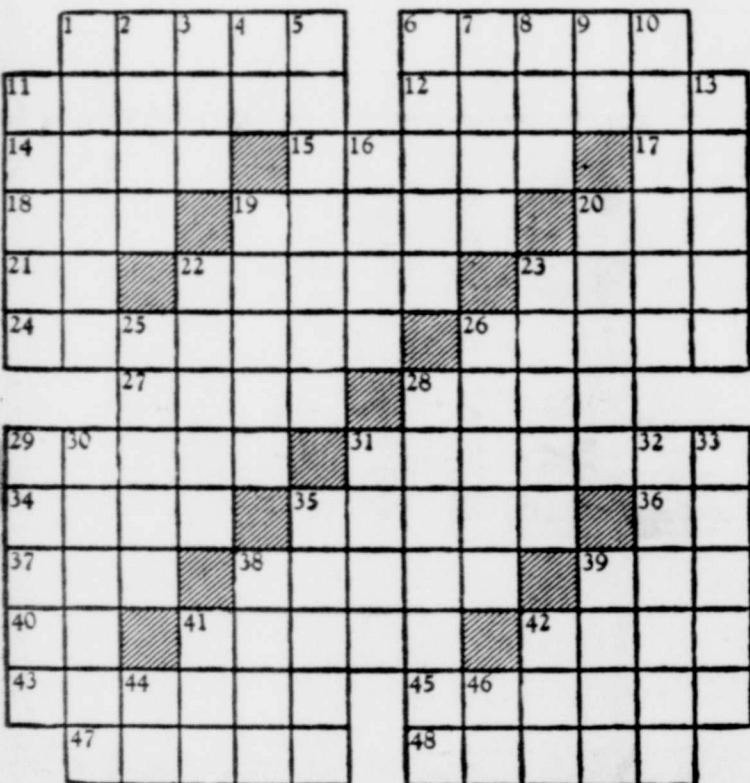

By Boyce House

When a man has given 35 years of whole-hearted and distinguished service to an institution, folks connected with the Fort Worth Star-Telegram feel that his birthday calls for a little celebration. So when James R. Record, managing editor, walked into the news room the other afternoon after his customary stroll around the block between editions, the eyes of the reserved

but genial editor widened as he saw 150 of his associates assembled and, as they broke into applause, the pink countenance of the modest editor grew pinker. Congratulatory telegrams were read; then Amon Carter the publisher made a talk of appreciation; and Record, as he saw the faces surrounding him beaming with affection, found it necessary to run his handkerchief over his

Burkburnett History

As revealed by the files of The Star 10 years ago.

H. I. Johnson, who has been Justice of the Peace in Burkburnett for the past four years, tendered his resignation at the last regular meeting of the Commissioners court.

Mrs. V. L. Goodwin, grandmother of Harlace Goodwin of this city, died Wednesday in Hollis, Okla.

Mrs. J. D. Waldroup delightfully entertained Monday evening announcing the engagement of her daughter, Miss Winnie Jean Waldroup, to Mr. Sam C. Cox.

The party was given in the home of Dr. and Mrs. I. D. Russell.

L. E. Bundy is suffering from a severely mashed thumb sustained the first of the week when he was digging his truck out of a mud hole.

Mesdames J. M. Thomas and Ben L. McDonald spent several days in Dallas this week attending the Fair.

George Kent was taken to a Wichita Falls hospital Tuesday for an operation.

Let Us Save Our Civilization!

O. D. DIAL, Minister

(The writer is very happy after several weeks of Revival season, to resume the task of making a few serious suggestions through the columns of the Burkburnett Star. It is with an expression of gratefulness to the Editor and his entire staff, that we submit this column in the future.)

Today the world is filled with turmoil and strife, wars and rumors of war, destruction and misery. Here in America we are more appreciative than ever that we are Americans, and that we enjoy the freedom and the protection of the greatest and richest nation on earth. But while we rejoice in our security and protection, let us not forget the "source" of our priceless heritage. In Jas. 1:17, we read, "Every good and perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning." Thus it is evident that these great blessings and privileges, dearer than life itself, came from God.

Do you ever ask yourself why America is so great? Do you know that we enjoy the greatest civilization, the highest standard of living, the greatest in modes of travel, and in every way the happiest life of any people on earth? Do you think it is all in and of ourselves? Do you think it because we are a super-race of people, that we enjoy these superior blessings? If so, you are mistaken. We are great because God has made us great. Since the dawn of creation, it has ever been true that where God's people have lived, that nation has been the greatest on earth. When a nation is true to God and serves Him, that nation is great, but the moment that it turns from God and ceases to serve Him, it begins a moral decay, declines and falls. A study in the history of nations that have ever been, will prove this to be true.

Today there are more true New Testament Christians in America than in all the rest of the world combined. This has been true for a century or more. Thus it has been that during this time that God has blessed this nation from a few struggling colonies, struggling for their very lives, battling for their existence, to the greatest, most powerful, the richest, and the most advanced nation on earth. Its power and strength is respected and feared by every other power or combination of powers on earth. They covet our land, our riches, our way of life, and our peace and happiness.

The thing concerning our nation and civilization, that is fearful and dreadful is, that it is being threatened. It is on the brink of collapse and destruction. We are already beginning to weaken and crumble. It is not because of danger of attack from without. Nor is it so much the fear of the much talked about "fifth column." It is our spiritual and moral decline that threatens to undermine and overthrow us. The only true "barometer" of our strength and our ability to endure is our spirituality. On September 21, last, the writer received a personal letter from Hon. Ed Gossett, of 13th Dist. of Texas, in which he said, "We appear to be threatened with the same moral atrocity that destroyed the French republic. It seems to me that every sane person must admit our greatest problem is one of individual and collective righteousness, morality based upon, promoted, strengthened, by the Christian religion. Today it is more obvious than ever before that you are a general in the only army that can save civilization."

Thus our statesmen today, do not look to our great army, our mighty bombers, our powerful navy, and our big guns, for the salvation and preservation of our great nation and our civilization. They realize that our future as a nation depends upon our attitude and our disposition toward New Testament Christianity. God will be with us and protect us, He will continue to make us great, He will preserve our priceless

perspiring brow and, incidentally, over his eyes, too.

The publisher handed a basket of roses to the gracious and charming Mrs. Record, after which there were gifts for the veteran editor, among them a scroll signed by his co-workers and the margin was embellished with Record's favorite expressions. "How much rain was there?" (since rain is always the biggest news in West Texas); "Whose phone is that ringing?" and "Be sure to get both sides."

Called on for a speech, Record could only say, "I can't say anything except thank you." Bob Blake of the Taft Tribune found this somewhere: "If a feller's been a-straddle, Since he's big enough to ride, And has had to sling his saddle On most any colored hide,— Though it's nothin' they take pride in, Still most fellers I have knowed, If they ever done much ridin', Has at different times got throwed."

Ever hear of "rock wool"? This rambler never had until a few days ago when E. H. Whitehead, alert and capable manager of the Temple chamber of commerce, mentioned the material and added that a big plant was located right there in Temple. As the name indicates, the product is a wool-like substance and is manufactured from lime rock. It is an insulating material. S. R. Richards, president of the Edwards Insulation Company, remarked, paraphrasing Mark Twain: "Everybody talks about the weather—but we do something about it."

Placed inside the walls of homes and other buildings, rock wool make them cooler in summer and easier to heat in winter. A thickness of less than four inches is equal to 117 inches of concrete or 56 inches of brick wall so far as insulation is concerned. The fluffy, fine-spun material also is fireproof as Edwards demonstrated by holding a lighted match to a handful.

In many sections of the United States, almost all new homes are being insulated and existing houses, when remodeled, also are thus improved. The Temple plant—and Edwards, though, young, is a veteran of the industry and supervised the construction of the machinery)—employs 22 workmen besides the office personnel and the sales force; and this Texas industry is growing rapidly.

Here's a real antique for the "old joke" contest: A little boy who was having supper at a neighbor's house was asked, "will you have some molasses?" He replied, "How kin I have molasses when I ain't had no lasses yet?"

And my Cousin Frank's favorite (and only) joke is, was and (I fear) will be: I have a goat without a nose. How does he smell? He smells awful. (So does that joke.)

This-and-that: Who says that poetry is dead? Lark-in-May is the name of a Dallas grocery store . . . And the name of the school page of the Frost Enterprise is "the Frostbite" . . . Juke-box addicts are giving a big play to "New San Antonio Rose" . . . A soft-drink flavor has been given to a new kind of beer, the idea being that it won't leave the tell-tale aroma on the imbiber's breath . . . And now they've brought out tooth-picks in flavors—and in pretty colors, too.

Card Of Thanks

We wish to express our appreciation for the many words and acts of kindness which comforted us during the illness and death of our husband and father. We have no way of saying how much the floral offerings and all other expressions of friendship meant to us except to say we are very grateful.

heritage, if we continue to serve and obey Him.

Christianity is losing ground. Too many people are careless and indifferent about this most important matter of serving God as directed, in His Holy Word. Truly, as we decline spiritually, we decline as a nation and as a power. Let all true lovers of things Divine, and sacred, and every lover of our American democracy, and our institutions, think on these matters seriously and let us strive to protect them. Remember, the only army that can save them, is the Lord's army. If you are not a true soldier in this great army of the Lord, won't you enlist today, by becoming a Christian? If you are a member of the church and you have been neglecting your duty, won't you re-dedicate your life to the service of "The Captain of our Salvation."

Come to church of Christ each Lord's day. We will be glad to help you, and you can help us civilization.

More Required Of Modern Teachers

Lubbock, Oct. 16—Recent trends of supply and demand in the teaching profession are revealed in a report made by Dr. D. D. Jackson, director of the teacher placement bureau at Texas Technological college. The report is part of a study being made by the Texas State Teacher's association.

Almost without exception are teachers in all subjects required to be able to do something in the extra-curricular field, such as coaching playground sports, directing clubs or leading some type of musical work, the survey shows. Teachers are usually expected to teach a combination of subjects also, speech-English being the one in greatest demand. Practically all elementary teachers need to have a knowledge of public school music.

The bureau has received more requests for public school music and band directors and for athletic coaches than it could fill. An over-supply of high school English teachers was shown. Foreign language trends point definitely to Spanish. Eighteen requests were received for teachers in that subject, with only two asking for any other language.

Requirements for personal qualifications show that advanced age and marriage, especially when there are small children, are becoming great handicaps for employment. Men teachers are being employed increasingly in the elementary grades.

A total of 146 teachers were placed by the bureau between Jan. 1 and Aug. 28 this year, and 126 applications for positions are now on file. Home economics and vocational agriculture placements are made by those divisions. Over 30 of last year's graduates were placed in home economics department.

Rifle Club Helps Hunters

Members of the East Texas Rifle and Pistol club, near Kilgore, Texas, should wound fewer deer and make more sure kills next season than ever before. Regular shoots on deer targets are held by the club. The targets have a ten-inch circle around the heart shown on the deer form. A shot placed inside the circle counts five. Hits on the legs and neck count as misses. Running

deer targets and a spinning squirrel target are also used.

Such contests are one of the most effective ways to help in the conservation of game. Poor marksmanship causes the death of many deer each year which are not recovered by the hunter.

The East Texas club not only give much attention to teaching good marksmanship, but it also teaches its members conservation. Much attention is paid to the junior members of the club, according to Mr. Hugh P. Prince, of Gladewater, acting secretary of the organization.

Your Community Appreciates

GOOD CITIZENS

- The life of your community—every community—depends on the law-abiding, hard-working, neighborly people who make up its citizenry. That being true, this Company and associated Companies and their employes who live here are good citizens of your community—respectable, hard working, friendly.
- Our citizenship does not end, however, with that. We pay taxes to support local, state and national governments, maintain payrolls that are spent at home to help local business, spend thousands of dollars locally for materials and equipment, and take part in numberless civic and public enterprises! We have invested millions of dollars in leases, drilling equipment, gathering systems, transmission lines, compressor stations, natural gasoline extraction plants, and other costly facilities, to keep the service going.
- Our first duty as an organization is to provide dependable Natural Gas Service. This we do. Beyond this, like all good citizens, we do more, and are proud of it, just as you are proud of your good citizenship!

B.H.S. Subscribes For Magazines Of Vocations

In order to further vocational guidance in Burkburnett high school, arrangements have been made with Science Research Associates for the use of their Occupational Information System.

"Through cooperation with this organization we will be able to provide answers to practically all job questions which students raise," Mr. C. J. Duncan, superintendent said in commenting on the new service.

"Science Research Associates was set up by a group of prominent educators for the specific purpose of serving as a national clearing house for information on vocational trends and job opportunities for youth," Mr. Duncan explained. "It provides students with information helpful to them in selecting an occupation and getting a job. More than 8,000 of the more progressive schools providing vocational guidance for their young people are now using these new methods."

He called special attention to Vocational Trends, a monthly magazine which highlights new developments in job trends. Current articles feature the effects of the national defense program and war in Europe on jobs in America.

Vocational Trends, however, is but one of six methods to cover the field of occupations. In addition to the magazine a new monograph covering a particularly significant field is provided monthly. Newest of these monographs is one on Military Occupations which analyzes the training possibilities in the various branches of the defensive service.

The Vocational Guide, a third publication, lists all the significant literature on jobs as it is published. Reprints and Abstracts of the most important articles and books on vocations are furnished monthly. Ways and means of attacking the job problem effectively through school and community action are provided in the Basic Occupational Plans published quarterly. A Research Service through which requests by teachers and students for special information are filled, is also a feature of the service.

Mr. Duncan says that the use of this service is another step forward in the school's attempt to help young people with their most important problem—that of choosing and preparing for their life work.

Arthur Houser Accepts Position With M & K Motors

Arthur Houser, a well-known mechanic of Burkburnett who has been employed by the Packard Motor Co. of Wichita Falls for the past two years has returned to Burkburnett and accepted a position with the M. & K. Motor Co., local Pontiac dealers.

Mr. Houser has the reputation of being one of the best mechanics in this part of the country and owned a garage here for a number of years before moving to Wichita Falls.

Doe Battles Coyote

A battle between a doe deer, seeking to protect her young fawn, and a coyote, was witnessed by a cowboy on the McAllen ranch in northern Hidalgo county recently, it is reported to the game department by Mr. Argyle Allen, owner of the ranch.

The cowhand came upon the doe and coyote while the battle for the life of the fawn was in progress. Every time the coyote made a rush for the young deer, the doe struck out sharply with its hoofs and the fur flew from the coyote. The battle was interrupted when the cowboy made his presence known. The coyote ran into the brush, but the doe and her fawn took their time about leaving the scene of the skirmish. The doe was bleeding slightly.

Red Cross Aid To Families Of Draftees

To relatives and friends of men registered Wednesday for military training, Grover C. Bullington, chairman of the Wichita county Red Cross chapter, Tuesday extended assurance the Red Cross is making full preparation for expansion to deal with welfare problems of all men who enter service as well as their families at home.

Pointing out that the Red Cross is the government's official agency chartered to deal with personal or family problems of men of the army and navy, Bullington said the public will be asked for increased membership support during the organization's annual roll call, Nov. 11-30, that military, public health, first aid and other national defense responsibilities of the Red Cross may be met adequately.

"Increased staffs of chapter home service workers, and field representatives at training points" Bullington said, "will assist the men or their dependents in matters of illness, emergencies, material relief, obtaining of information needed by military authorities for furloughs or dependency discharges, advising in business difficulties, obtaining of employment for a member of the family, and other problems.

"Army hospitals have already cared for more than 4,000 Red Cross nurses to be on duty by next July. The first groups have been called, on Sept. 15 and another Tuesday. For convalescents, Red Cross "Gray Ladies" will write letters, read books, provide games and other amusements. Red Cross volunteers will make comfort items for hospitalized men.

"Among other preparedness measures being taken by the Red Cross, our chapters will be expected particularly to train more women and girls in home hygiene and prevention of disease as a civilian safety measure, train additional thousands of first aiders, in industries affected by war materials production, increase enrollment in the Red Cross nursing reserve corps. In addition, they must continue to produce garments and surgical dressings for use overseas and here at home. This expansion will take into account, also, the continuing need of domestic Red Cross peacetime services."

New Stadium To Seat More Fans

Many improvements are being made on the football stadium this year. First, a new modern dressing room for the home team is being built under the stands behind the auditorium. It will be made of brick, have fifty new steel lockers, have equipment rooms, and have six new showers which will accommodate six boys each.

Most wonderful of all the improvements is that the seating capacity of the stands is being enlarged. On the west side the stands will be solid from the ten yard line to the ten yard line. There will be eleven rows of seats which will be two feet wide and sixteen inches high. The old lumber on the west side will be replaced with new lumber and the west side stands will take care of seventeen hundred and sixty people.

East side stands will be enlarged in length and will be constructed of the old west side lumber. The stands will be solid and will seat one thousand people. All new stands will be built on stronger supports than the old stands.

After the football season the football field will be graded and shaped like a turtle back so that the center of the field will be higher than the west of the field, and the ends will be level but lower and the sides lower. Having the field shaped this way will help it drain better and no part of the field will be under water after a rain.

A new brick ticket office will be built about fifteen feet north of the west gate. The football fence will be painted and all grounds on the inside and outside of the football field will be graded and leveled.

The total cost of the improvements is seventeen thousand dollars. The government appropriated twelve thousand dollars, and the school gives the other five thousand dollars.

MA'S A DOPE

"Shooting craps, mother."
"That must stop. Those little things have as much right to live as you have."

Isn't it marvelous how quickly a crowd can pick to pieces the reputation of a successful man?

We worry about the things we want to do, but can't—in place of doing that which we could do—but don't.

THRIFT NEWS

By B. F. Jackson

Mr. and Mrs. Everett Wright visited Mr. and Mrs. Stanley Blackburn in Amarillo last weekend. Mrs. Blackburn is the former Miss Marion McClarney and lived in this community for several years until she moved to Amarillo last year.

Mr. and Mrs. Max Underwood and son, Ronald, visited relatives in Mabel, Texas, last week. His mother, Mrs. C. W. Underwood, who had been visiting there for several days returned home with them.

Johnny Gifford, a student at T.C.U., Fort Worth, was home last week-end for a visit with his parents.

The Men's Brotherhood of the local Baptist church met in regular bi-monthly meeting last Monday night with Pres. J. W. Zink in charge. The program committee took charge after a short business meeting. One of the Boy Scout troops from Burkburnett put on an interesting program which was enjoyed by the large group present. The meeting was open to everyone and a large group of women and children were among those present. Coffee and doughnuts were served at the conclusion of the meeting.

The home of Mr. and Mrs. G. D. Winkles was the scene of a lovely party last Friday night in honor of his young son, Leo, and a group of his young friends. Various games played by the group provided entertainment. Refreshments of hot chocolate and cookies were served to the following: Misses Katie Fink, Patricia Ann Browning, Harriett Wright, Jo Ella Morgan, Marie Hardcastle, Virginia Gifford; Messrs. Billy Estes, Paul Ray Roberts, Dickie Welch, Arliss Key, Hugh Key, James McDonald, Leo Winkles and Mr. and Mrs. D. G. Winkles.

Doyle F. Goodspeed, who is working in Dallas now, was home last week-end for a visit with his family.

Why Trees Don't Bear

By J. S. GORE

There are various causes for trees failing to bear fruit, but the two principal causes are climatic conditions and lack of proper pollination.

The U. S. department of agriculture and various state experiment stations agree that pollination is absolutely essential to secure a set of hardy normal fruit. Many varieties of fruit will not bear unless near other trees of that kind, but slightly different in flavor. The red Delicious bears best near Jonathan, Winesap or Golden Delicious; however, the Golden Delicious apple pollinizes very well and very good results have been obtained everywhere it has been given reasonable care. Most apricots, many varieties of cherries, some plums, a few of the budded or grafted peaches and many of the seedlings require pollination.

All fruit is much more perfect under proper pollination, and bees and other pollinating insects are very helpful under normal conditions, especially if trees are proper distance apart. Weather sometimes delays pollen tube growth, or a dry spring may even wither the flower organs, so that fertilization can not occur; however, that can be avoided in most small orchards by a reasonable amount of water being put in a circular basin over the feeder roots before the soil is allowed to get too dry, while trees are in bloom.

In a small orchard best results may be secured by selecting late blooming hardy varieties, having a very long blooming season.

Keeping trees in good condition, causing them to be healthy and vigorous will cause the buds to be much harder than if the tree is under-nourished, weak or badly scarred.

A few cases have been noticed where trees had been so well cultivated and fertilized, causing such rapid growth, that fruit would not set while young, but even that condition was not so bad after trees were very large.

All wounds over two inches in diameter should be treated to aid fruit bearing and exclude the air from the cracks which are caused by continued exposure, which will be described in a later article on tree surgery.

Harwell, L. Coats, Alby, Melvin
Ferrell, and the hostess.

The Sallee Circle of the First
Baptist church met Monday after-
noon at the home of Mrs. Artie
Whitesides.

Circle chairmen were elected
and sentence prayers offered for
the revival.

Mrs. C. B. Beldon was elected
Circle Chairman; Mrs. Whitesides,
co-chairman; and Mesdames Mur-
phy Dean, J. G. Cheney, Paul
Fields, A. L. Scott, Wid Phillips,
Frank Watkins, J. A. Suttle, S.
J. Woods, and Hal Goodlet were
named chairmen of various Circle
activities.

Mrs. A. C. Houser was named
secretary-treasurer.

Plans were discussed for pre-
paring the Buckner's Orphan
Home box which will be packed
sometime before Nov. 1.

Refreshments were served to
ten members.

The Busy Bee class of the Pres-
byterian Sunday school met in
regular session Wednesday after-
noon in the home of Mrs. J. M.
Patterson. Mrs. Ella Johnson
brought devotional on the Book of
Luke. Roll call was answered
with Bible quotations.

The lesson on Ezra was dis-
cussed by the president, Mrs. Rose
Hoffman. The Rev. A. A. Hyde
dismissed with prayer.

A lovely refreshment plate was
served to Mesdames H. M. Hood,
W. C. Gage, Judd Exley, George
Kerr, Ella Johnson, Hugh Jones,
the pastor, A. A. Hyde, and the
hostess.

An hour's informal discussion
ended the pleasant afternoon.
The next meeting will be on No-
vember 13 at the home of Mrs.
H. M. Hood.

Mrs. Tom Hunter of Wichita
Falls addressed members of the
Current Literature club at a regu-
lar meeting held last Thursday
at the home of Mrs. J. L. Caffee.

Mrs. E. Jeffers was program
leader and presented Mrs. Hunter,
who having accompanied her hus-
band on a hunting trip to Alaska,
discussed living conditions there,
plant and animal life native to
that country, told of the govern-
ment's experiments with vegeta-
bles and of the amazing part
that radio and the airplane play
in modern life in Alaska.

She and her husband made
moving pictures of their trip, in-
cluding shots of the game they
killed, and George Counter ran
the pictures to illustrate her lec-
ture.

Mrs. Hunter stated that al-
though there are only two rail-
roads and a few thousand miles
of highway in Alaska, which is
one-fifth the size of the United
States, the airplane and the radio
keep the residents in constant
touch with the world. An air
route is laid out to touch even
the most remote corners of the
country and planes stop there
daily, hourly at some points.

She states that although the
growing season there is much
shorter than in the United States,
the government has found that
almost all vegetables can be
grown there.

She discussed in detail the Tot-
em poles which the United States
government has preserved in Na-
tional parks and museums and
told of the Golden Fisheries.

Fairview Home Makers Learn To Live-At-Home

The homemaking department of
Fairview high school, under the
direction of Miss Lillie Mae Arm-
strong, is emphasizing this year
a "Live-at-Home" program, ac-
cording to Frances Duncan who
has charge of publicity for the
department.

The girls are justly proud of
their frame garden, from which
they expect to gather fresh vegeta-
bles the winter through. As
they mature, other vegetables
of the same kind will be coming
on. Surplus vegetables will be
given to someone needing them at
that time or canned for later use.
Flowers will be grown in one end
of the garden.

The department has a large
store of fruits, meats and vegeta-
bles which have already been
canned and from which they often
plan balanced meals. Menus are
planned to include such items as
baked chicken, tomato juice, spin-
ach, beet pickles, jelly, pears,
peas, green beans, and pickles of
all sorts; roast beef and potatoes.

Expand Restocking Program

Trapping of deer, turkey, and antelope by the Texas game, fish and oyster commission will be on an even larger scale this year than it was last, when a new all-time high in trapping and restocking was reached in the Lone Star state. In addition, the game department, through the use of federal Pittman-Robertson funds, is preparing to trap quail, muskrats, raccoon and possibly several other kinds of game birds and animals, the executive secretary has announced.

Last year 257 antelope, 420 deer and 551 turkeys were trapped and transplanted on areas upon which the species of game suitable for the various areas once roamed. By the use of new and improved traps, the game department has high hopes of restocking twice as many deer, turkey and antelope areas this year as were replanted last year, when the deer trapping was doubled.

A new single deer trap has been perfected. Twenty-two of them used for a short time last season trapped nearly 100 deer. The department is now building 100 additional traps and will place them in use as soon as possible. The new trap captures deer without injuring them. Deer are trapped on areas which have become over-populated. It is the same with antelope and turkey. Many deer and turkey are trapped on state game preserves, areas set aside under agreement with the owner of the land. No hunting of any kind is allowed on the game preserves, of which Texas has 127.

An all net turkey trap built in octagon shape has proved the most successful of several tested the last few years. The game department will place two and possibly three turkey trapping crews in the field this year. It is be-

lieved more than 1,000 deer, as many turkeys and 500 antelope will be trapped during the winter months.

Fisherman Catches Alligator

How'd you like to snag a five-foot alligator with a mere linen line and an inch and a half fish hook. That's just what Ward Williams of Dilley, Texas, did recently. An alligator in the Nueces River about eighteen miles south of Cotulla, Texas, grabbed Williams' hook, which was baited with a crawdad. Mr. Williams gave the line a quick jerk and hooked the 'gator in the lower jaw. He battled the scaled reptile more than half an hour before being able to tow it into shallow water and then up the bank. Williams tied the line to a tree, cut a club and killed the alligator.

Plant Red Mulberry

After making extensive tests, biologists of the Texas game department are recommending that instead of planting black locust, catalpa, and other trees in eastern Texas for the growing of fence posts as a commercial crop that landowners plant red mulberry. That tree is just as durable as

the others and provides the best all-around game. The berry of the red tree is attractive to non-game birds, deer and raccoons.

Several pupils in our room went visiting this past week-end. Barbara Ray went to Devol, Cecil Jennings went to Grandfield, and Dorcas and Doris Andrews went to Electra. We will get our six-weeks report cards Thursday. We have some new readers in our room. The books are travel stories. (Miss Isbell).

In L6-1 we have 39 pupils in our room. There are 26 girls and 13 boys. Seven of the boys were absent during the first six weeks. Two of the boys were absent for only one-half day. Only ten of the girls were absent, with two of them out for only one-half day. The girls have the best attendance report. Are we going to try to have even a better report next time. For all 39 of us, we should have been here 1170 days and we were absent 32 1/2 days. (Miss Gibson)

Donald Mills visited in Ft. Hill Sunday. Several of the L7-1 girls took part in the volleyball game Saturday. Mary Frances Kelley was in Wichita Falls this week-end. The art students are to begin work this week on some decorations, programs, etc. for Halloween. The band boys will go to Olney Friday to play for the football game. The boy scouts went to Thrift Monday night where they were in a play. (Miss McSween).

Barbara Jo Perry and Le Roy Wheeler. (Mrs. Vann).

Barbara Ann Brooks spent the week-end in Oklahoma City. We are sorry that Vela Ray Sands has moved away. We are going to order some new books for our library table. (Miss Parris).

We are doing some interesting work in the first grade. This week each student will tell a story about "Pets." We enjoy the story hour very much. Agnes Bell and Louise West were absent last week and are back in school this morning and we are glad. (Mrs. Kimbrew).

These pupils had perfect spelling papers for five review lessons given last week: Charles Counter, Bobbie Miller, Nolan Miller, Barbara Ferguson, Sidney Gambler, Cherry Kolter, Veta Lassefer, Sylvia Neal, Betty Poole, and Lillia Ann Stradley. We are glad to report that eighteen children had perfect attendance the past six weeks. Row 2 is ahead in the cleanliness contest. Billy Gilbow brought two gifts for our room last week, a beautiful begonia plant and a gold fish in a large bowl. These make our new room more attractive. (Miss Lassetter)

We are sorry to learn that Audre Irene Hubbard has the whooping cough. Others that were absent last week were Benjie Sue Boswell, Norman Jean Turner, and Myrtle Hilbers. A new pupil, James Hicks entered our class Monday. (Miss Billingslea).

-BEAR TRACKS-

After a thrilling, soul warming, yet heartbreaking game with Five-in-One, the Fairview Bears retreated to their den to doctor their Coyote scratches.

The starting lineup was as follows: Wallace Robinson, RE; T. R. Adair, LE; Oscar Loveless, C; Grady Hancock, LH; Delmer Gullett, RH; Dickie Lennard, QB.

Early in the first quarter Fairview's Gullett got away for a touchdown. Quickly following it Five-in-One did the same, except the Coyotes' try for the extra point was successful making the score Fairview 6, Five-in-One 7. Dick Lennard did some very fine tackling for the Bears. He passed to Robison for Fairview's pay-dirt early in the second quarter. Knox also scored for the Bears, making the score at the half, Fairview 18 and Five-in-One 7.

Five-in-one scored once, Fairview made two touchdowns and one extra point in the third quarter. The score read Fairview 26, Five-in-One 14. In a smashing driving, rough fourth quarter Five-in-one scored twice tying the score. Then Fairview punted, one of the Bears accidentally interfered with the ball, a Coyote grabbed the ball and scored for Five-in-One. The final score read Fairview 26, Five-in-One 32.

Both teams displayed plenty of spirit, teamwork, and hard, smashing play.

The Bears will meet the Valley View Warriors, Thursday night, in Burk stadium, at 8:00 o'clock, for their 4th conference game of the season.

ceremony. All proceeds will go to the athletic fund.

Fairview teachers are pleased to report that they have been included in the invitation extended to the Rural teachers of Wichita county to a banquet given by the Lions club of Iowa Park. The banquet was held Tuesday night, Oct. 15, and all the teachers were pleased to attend.

On Tuesday, Oct. 22, the Fairview high school Homemaking department plans to entertain the Burk Burnett Lions club. The girls in Home Ec. II will prepare the food and the men on the Fairview Faculty will have charge of the program. Entertainments of the past have proved so successful that a large attendance is expected.

The Junior social calendar has been approved by Mr. Paschall and will run as follows:

Oct. 31—Hallowe'en party.
Nov. 19—Skating party.
Dec. 20—Christmas party.
Jan. 24—Scavenger party.
Feb. 21—Backward party.
March 14—Hay ride.
April 18—Banquet.
May 9—Week-end trip.

The 5th grade has organized a health club. The meeting was called to order by the president. The roll was called and the minutes were read by the secretary. The good citizens of the week were elected. A program was prepared by the program chairman. The meeting was adjourned.

The Fairview P-T A. executive board met Thursday morning at 9 o'clock at the high school. Mrs. Williams presided. Plans for the year were discussed.

The prospects for a good Junior basketball team are poor this year. There are two veterans back from last year's team. Those reporting for practice are: Loyd Ray Ferguson, Tuffie Christian, Thomas Goins, Billy Cauthorn, Delmer Berry, Guy Joe Roberts, Leo Winkles, Gerald Lee Goins, Dickie Welch, Hugh Key, Jack Bennett, and Billy Estes. Grade schoolers, who are ineligible but who look like prospects for future years are: James McDonald, A. C. Todd, Ray Fletcher, Gene Donohoo, Walter Fletcher, and Billy Jack Brown.

Mr. Whittenburg is the coach of the team and it is in capable hands.

Miss Kathryn Goldsmith, girls' volley ball coach, announces the annual tournament to be held at Fairview December 6-7. Invitations have been extended to schools in six counties, and many of them are expected to attend.

The Athletic association of Fairview high school will sponsor a Hallowe'en carnival on the school lawn, Thursday, Oct. 31, beginning at 6:30 p. m.

Each class, the Home Ec. club, and the P-T A. will have a concession. There will be a picture gallery, a country store, fishing ponds, shooting gallery, doll rack, bingo, all sorts of things to eat, the crowning of a carnival queen and the drawing for a Thanksgiving turkey.

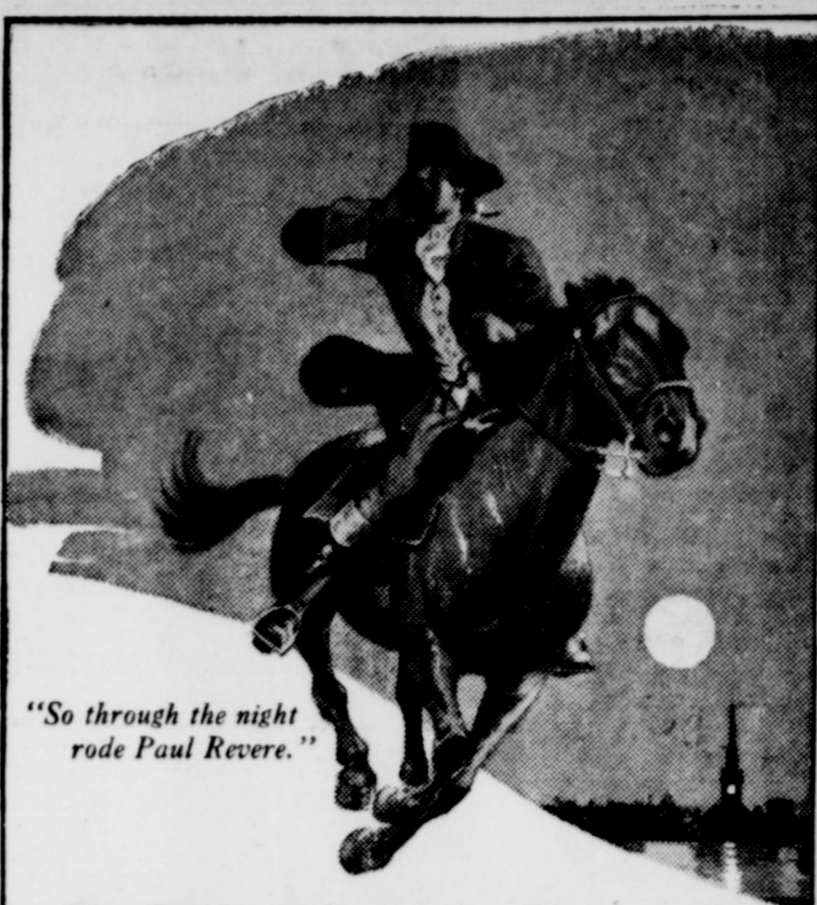

There is to be a carnival Queen. Each class is to have one representative. Each vote will cost a penny. The contest is to begin next week and will end about 9 p. m., on Oct. 31. The Queen will be crowned about 9:30. The turkey will be given away immediately following the coronation.

Honor roll for L3-2: Arlan Bills, Mary Butts, Donald Cejda, Della Duncan, Roso Lou Dodd, Charles Gist, Betty Houtchens, Virginia Millar, James Rogers and Joe Dale Simpson. (Miss Jackson).

The following pupils have had perfect attendance this six weeks: Theodora Kramer, Phyllis Hickman, Joe Duke, A. B. Andrews, Billie Reynolds, Elmer Wellington, Nathan Abbott, Billie Smith, Adrian Shoefstall, Edward Story, Norman Maney, R. J. Story, Roy Grozier, J. B. Church, Judson Caruthers, Lahoma Hobbs, and Jimmy Hill. Early Frazier moved Electra. Louis Fulks and Alice Millikin will sing at the I.O.O.F. hall Wednesday night. (Miss Allen)

The boys of the physical education classes did not play much football this past week because of six weeks exams. Play will begin again this week and there will probably be two noon period games on the high school field. They are eager to learn all about football and are picking it up nicely. (Mr. Burnett).

"So through the night rode Paul Revere."
Today, America depends on the Telephone
"One, if by land, and two, if by sea."

Waiting on the outskirts of Charlestown, Massachusetts, Paul Revere fixed his eyes on the moonlit tower of the Old North Church. Suddenly the light of a lantern pierced the darkness... then another. The white road echoed the pound of galloping hoofs as the midnight rider called the sleeping countryside to arms.

One hundred years later, in an attic only a few miles from the starting point of history's most famous ride, Alexander Graham Bell gave the nation a faster, better method of communication—the telephone.

Today America needs no midnight rides like Paul Revere's. For this country now is protected by a vast telephone system owned by more than 600,000 American people, employing nearly 300,000 skilled men and women, and used by Americans from coast to coast.

In emergencies today, Americans turn to the telephone, knowing they will receive fast, dependable service—a telephone service backed by the nation-wide resources of the Bell System.

First Baptist Announcements

Our revival began with good attendance, and with an evidence of real interest. The messages of the evangelist is bringing are some of the best we have ever heard and the song service under the direction of Johnny Cohen, a Christian Jew, are really inspiring.

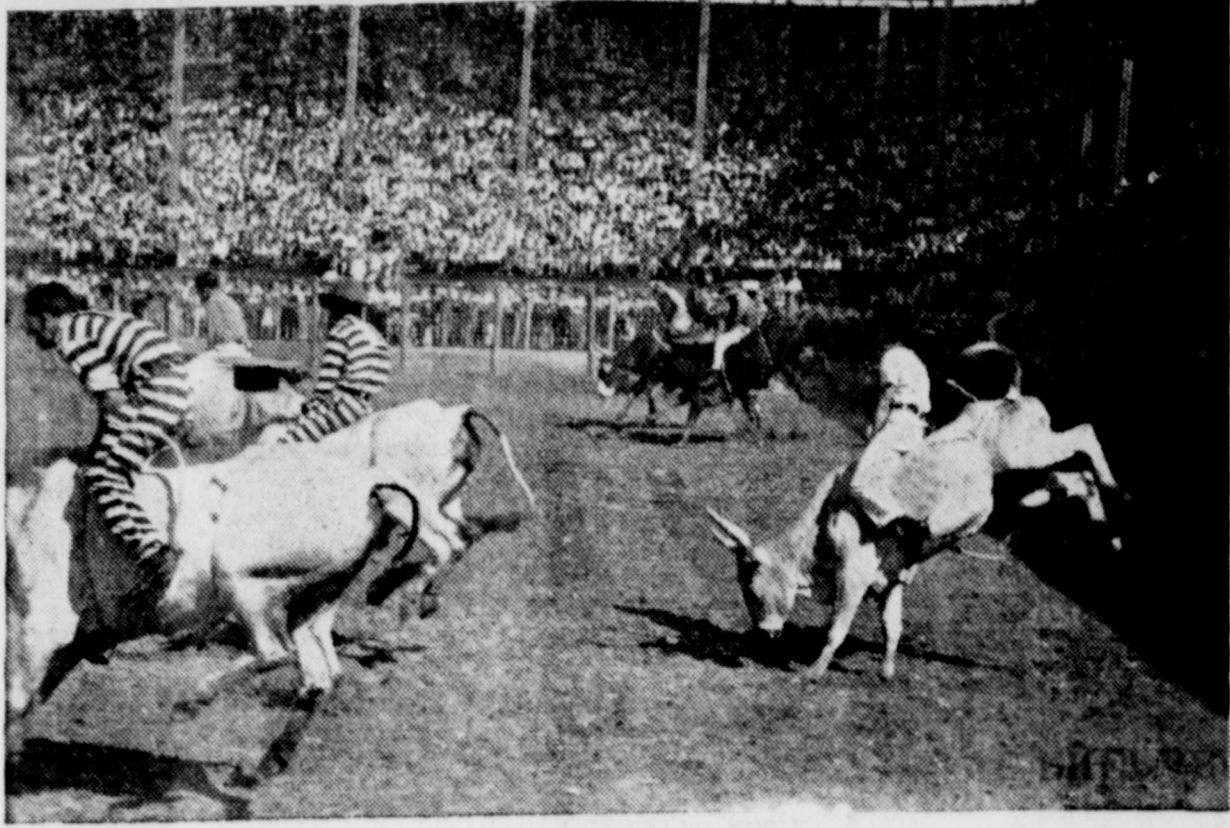

We welcome the new members to our congregation and the visitors to our Sunday school, and those who have and are visiting in the services of our revival.

Sunday is Rally Day in our Sunday school and we are looking forward to having an unusually large crowd Sunday morning in every class department.

Services of the revival are as follows:

Morning service—10:00-11:00 a. m., evening—7:30 p. m.
Boys and girls meet at 4:00 p. m., Young People at 7:00 p. m.
Jack W. Manning, pastor.

Opening Event Of Prison Rodeo, Huntsville, Oct. 13th

That the "Mad Scramble" is a spine-tingling, furiously fast opening event of the Texas Prison Rodeo can easily be detected in the above high-speed camera shot, taken at the October 13 performance. In of the biggest and meanest Brahma bulls in the "salty" prison herd, each with an inmate rider on its furiously writhing back, burst and bolted from the green chutes like molten lava from an erupting volcano... and the mad action is on! Raymond Cameron, an Eastland wad-

die won first prize in this event. This exciting event, and 21 others was witnessed by more than 35,000 avid spectators, among whom were over 300 newspaper folk from every section of the state, who were the special guests of General Manager O. J. S. Elington and the Huntsville Chamber of Commerce, for the first "Press Day" ever to be held in conjunction with the Prison Rodeo. The huge crowd was electrified as one sparkling performance after another was unreeled in the big arena as Buster Bishop won first place in the Saddle Bronc Riding, L. W. Vaughn brought down first money in the Bareback Riding event, D. F. "Cowboy" Ford, the 17-year-old West Texas youngster, won first place in the highly dangerous Bull Riding event.

Only two performance remain during the Greater Tenth Annual Texas Prison System Rodeo, Sunday, October 20 and 27th.

THE LIGHT PLANT
(Continued from page one)

made in that department during the years 1930, 1931 and 1932.

The City has purchased \$1700.00 worth of fire equipment during the last twenty-four months and it is all paid for. This investment alone is saving the property owners of our City \$500.00 annually on fire insurance premiums. This is the first fire fighting equipment of any consequence the City has purchased for twenty years.

Take a look at your City property from the water station to the light plant and you will see it all painted and in a good state of repair. This repair cost a lot of money, but at the same time it is all paid for.

Your water department has an increase of fifty new customers the past two years. Consequently the revenue has increased \$2,000.00 annually in this department. In the past six months the City has acquired a new water supply, laid a mile and a half of six-inch water main, and built

two miles of electric line in addition to digging and equipping four new wells with electric motor equipment. These wells are producing fifty gallons of water each per minute. All of this has been done and paid for without a bond issue.

Look up and down your alley and at the vacant lots in town and you will see less tin cans and rubbish of all kinds than at any time since the boom period, which left our city in a bad state of repair.

Our city streets are in a better condition than at any time in our history. The city completed a thirty block paving job one year ago at a cost of \$7,503.38 for the city's part. This was all paid for when the job was completed, and was done without a bond issue.

At the present time, the city is building a community hall, at a cost of five or six thousand dollars for the city's part. This, too, will be financed and paid for without a bond issue. This building, when completed, will be an auditorium about thirty-six feet by ninety-six feet, equipped with dressing rooms, rest rooms, kitchen

and stage. This building will be one that every organization and every citizen of Burkburnett will be proud of, and you will wonder how the community has gotten along all these years without a community center of this kind, for you know that a community hall has gotten to be almost a necessity.

People working together can accomplish many things. Boost for the home town. That is one of the things that cost you less and pays the most.

Scout Troop 35 On Hike

Members of Boy Scout Troop No. 35 enjoyed a hike to Station last Thursday. Don Hageman and Steve Man passed cooking and passed fire building. The boys cooked the over the campfire and games until 12 o'clock returned to their homes. At a regular meeting evening the boys made a house-to-house campaign second hand shoes for underprivileged children.

Those who went on were Don Hageman, Steve and Leroy Story, Donald Lynn Schroeder and Yuley and Bill Estes, assistant master and scoutmaster.
