## Flower Show Said To Be One Of The Best

One of the most effectively displayed shows in the history of the annual Flower Show was held in the show rooms of the Burkburnett Motors Tuesday.

Entries were all displayed advantageously and lighting effects were better than ever before. Especially effective were the gorgeous chrysanthemums and fall roses which dominated the show.

Responsible for the complete success for the show which attracted many out-of-town visitors, were Mrs. F. H. Harwell and Mrs. Volney Hill, chairman and co-chairman of the general arrangements committee and the committees working with them.

Mrs. Harwell and Mrs. Hill both expressed themselves as being delighted with the response of the public and stated that they were gratified by the number of entries. Many who had never displayed before had entries in this year's show. Hope was expressed that interest in the show will continue to grow and that next year every person in the community who has flowers of any sort will be represented by at least one entry.

Mrs. R. C. Tevis and Mrs. Tom Boyd tied for sweepstakes prize with six firsts each.

## BHS Student's Arm Fractured Saturday

E. B. Whitehead, 16, son of Mr. and Mrs. C. E. Whitehead of the Evert community, suffered a fractured arm in an automobile accident on the Iowa Park road a few miles west of Wichita Falls Saturday night about 9 o'clock. He was taken to the Wichita General hospital for treatment. The car in which he was riding turned over.

The boy, who is a student at Burkburnett high school, was present for his classes Monday.

The Burkburnett Bulldogs will journey to Childress Friday for a conference game with the Childress Bobcats at night. The two teams are about evenly matched in weight and experience with Childress having the edge due to injuries to the Burkburnett team.

Glenn Wood, who was injured in the Vernon game will be out of the line-up, however, the Dogs will have a new back in the shape of Junior Boydston, who recently came out for the team. Kerner, who has been of very little service this year, due to injuries is able to be out for practice and will probably start as quarterback for the Dogs.

Bobcats Average 165  
The Burk starting team averages only 153 pounds to the man, while the Bobcats will push the scales around to nearly 165 pounds per man.

The Bulldogs have only three veterans from the 1939 team that won the class A district championship. The Bobcats have four of their 1939 starters.

Burk beat Electra 39-0 while the Cats were able to score but 32 points against the Tigers. But Childress won from Cisco, 19-13, while the Bulldogs dropped a 27-13 verdict to the Lobos.

Defeated in their past two starts by Graham and Wichita Falls the Bobcats are drilling hard, particularly on the offense, in an effort to get back into the victory column this week.

The Bulldogs have lost their last three games but with Lady Luck smiling just a little on them they could have won any of the games. They are playing bang-up football and just the team to take some school that is rated as championship timber.

## "Buddy Poppy" Day Saturday

Wives of exsoldiers who are members of the auxiliary of the American Legion will sell poppies here Saturday, which is also "Buddy Poppy" day, according to Mrs. M. W. Majors, chairman of the sales committee.

Headquarters will be at the Corner Drug Store and the assistance of the Campfire Girls has been enlisted to help with the sale.

The poppy was introduced to the American public in 1920 as a symbol of the sacrifices made by Americans in the world war. Its origin is traced to the famous blossoms of Flanders' fields that dotted the fields of France in spite of intensive shell fire.

Poppies to be sold Saturday were made in veterans' hospitals under government supervision. One-half of the proceeds goes to disabled veterans who make them and to the widows and orphans' home at Eaton Rapids, Mich. The other half goes into a fund for the relief of local disabled veterans and their widows and orphans. No one connected with the sales receives any money for his services.

The sale of poppies has the endorsement of President Roosevelt as well as the cooperation of the veterans' bureau of the United States.

## Please Notice!

Due to the continued rise in the price of newsprint the Burkburnett Star will have to abandon the practice of giving away old newspapers. They may be purchased at the rate of ten cents for 12 pounds.

The Star is also adopting the policy, already practiced by all newspapers, of charging extra for back issues of the Star. For example: If you want issues dated in the same month you are buying the papers they will be five cents each; for each month earlier than that five cents extra will be charged.

Papers dated August and purchased in November will cost 15c each; papers dated May and purchased in November will cost 30c each.

## University Chemists To Work On Cotton Surplus Problem

Austin, Nov. 6.—University of Texas chemists are out to help Texas farmers build up their share of the domestic cotton market as a stopgap for the partial loss of foreign trade.

To determine the exact limits of the short-staple Texas product for textiles, a complete physical and chemical testing laboratory is being set up here to experiment with cotton fiber. Plans are also being studied for the erection of spinning and weaving equipment to seek possible new textile fields adapted to Texas cotton.

The cotton fiber research will be directed by Dr. Simon Williams research assistant in the University's bureau of Industrial Chemistry.

Williams enumerated two aims of his project: (1) to find new uses for cotton, and (2) to help Texas get a fair share of the domestic market.

The cotton fiber research director recently returned from a 10-100-mile trip throughout the United States in which he visited the country's major cotton research laboratories, mills and textile machine manufacturers.

Four eastern mills, he said, are already cooperating with the university in testing a treatment which appears to adapt short-staple Texas cottons for uses hitherto associated only with certain imported cottons.

Physical tests will be conducted with machines to determine tensile strength of cotton fibers as well as yarns and fabrics and to plot stress-strain curves automatically. Meanwhile Texas cottons will be treated with chemicals to supply properties which will enable them to compete successfully with other cottons and fibers in the U. S. domestic industry, Williams said.

Research assistants to Dr. Williams are W. T. Tonn, Texas graduate; Lewis Sellar and Edward Tonn, graduates of Purdue and Texas Tech, respectively.

Some men think it's their work that is burdensome, when it's the chip on their shoulder that's holding them down.

# I Give You Texas

By Boyce House

"The greatest gift of God to man is will-power." This was a favorite saying with D. A. C. Scott, Sr., founder of the internationally famous Scott & White Hospital and Clinic at Temple. And friends of the celebrated surgeon—whose death occurred a few days ago at the age of 75—say that his own chief characteristic was, having once made up his mind, he stuck to his purpose.

He graduated in medicine before he was 21, returned to his native town of Gainesville, to enter the practice and one of his first patients was a young lawyer, whose throat needed treatment every week-end after strenuous campaigning. The lawyer was running for congress and his name was Joe Bailey.

Dr. Scott was placed in charge of the Santa Fe railroad hospital, then newly established in Temple; built it up steadily; afterward, founded the King's Daughters Hospital, which has grown into one of the largest in the state; and then he and the late Dr. R. R. White started the hospital which bears their names, paying \$1,000 down on a former convent building, which left them with just \$100 in cash.

His studies in cancer and his philanthropies made Dr. Scott a truly great man. The hospital which he headed at the time of his death has 17 buildings of varying sizes, a staff of 54 physicians and to it annually come thousands from all parts of the South and Southwest and from Mexico, Central and South America. Back of it all was a quiet, modest, kindly man (this writer met him just a few weeks ago and will always treasure the experience) who never tired of working and studying.

Had a most interesting incident recently — for the first time I heard my own voice. Of course that's no novelty to my long-suffering friends. Beeman Fisher, assistant to the president of Texas Electric Service, and Paul Harmon, company publicist, invited me to be interviewed on a radio program by general Gene Arnold, singer, pianist, poet, lecturer, actor—that's all one man.

A recording was made of the program and I heard what sounded to me like a complete stranger saying the things I'd said. It's an

odd sensation; you'd never recognize your own voice.

Incidentally, it was only an hour and a half after we went off the air that the recording was ready, which calls to mind the story of a negro soldier in World War No. 1. He had just reached the front line trenches and, standing with head and shoulders exposed, he yelled, "Bring on dem Boches! Bring on dat war! I craves action!" Just then a bullet hit his steel helmet a glancing lick and knocked it into the trench. He jumped down and picked it up and said, "Brothah, dat's what I calls service!"

Joke of the month is about the young father who named his child Weather-strip—because it keeps him out of the draft.

Here's what the former Governor of Missouri once said, "The editor, in proportion to his means, does more for his home town than any other ten men, and in all fairness he ought to be supported—not because you like him or admire his writings but because the local paper is the best investment a community can make. The editors of the local paper do the most for the least of any people on earth."

"Ain't never been a hoss that ain't been rode;  
Ain't never been a rider that ain't been throwed."

Here and there—Bill Quinn, for a good while the editor of the Van Banner, is now editor also of the Grand Saline Sun. In his spare time, he probably will take up the study of Esperanto . . . The election of Dorman Nickels as Wharton county prosecuting attorney attracted interest as far away as Austin where Nickels earned money as a soda fountain attendant and in similar work to complete his education. He campaigned hard—made a speech at 10 o'clock the night before the election . . . O. O. McIntyre once wrote that the place to enjoy a cup of coffee was in the coffee shop of Hotel Texas in Fort Worth where a colored boy by the name of Abner has brewed the coffee since the hotel opened in 1922. They change the brand sometimes but keep Abner.

## Fewer First Year Failures At Texas

Austin, Nov. 6.—First-year "casualties" are diminishing at the University of Texas, according to a statistical report from the registrar's office.

Freshman withdrawals last year dropped to 15 per cent, lowest mark in six years and second lowest in a decade, statistics showed. Since 1934 trend of withdrawals—whether for financial, scholastic or health reasons—has steadily declined from a 19 per cent peak.

More students "busted out" last year in applied math than in any other subject—22 per cent—while 19.5 per cent failed to make the grade in drawing and 19.2 per cent in physics.

No failures were recorded in Portuguese or nursing education last year. Only 7 per cent failed Czech, while physical education listed 1.3 per cent failures.

## Christian Science Services

"Adam and Fallen Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, Nov. 10.

The Golden Text is: "Unto thee will I cry, O Lord my rock . . . Save thy people, and bless thine inheritance: feed them also, and lift them up for ever" (Psalms 28:1-9).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Then he called his twelve disciples together, and gave them power and authority over all devils, and to cure diseases" (Luke 9:1).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When spiritual being is understood in all its perfection, continuity and might, then shall man be found in God's image" (page 325).

## Sixty Present For M. E. All Day Meeting

Sixty members and guests were present for the all day meeting of the Woman's Society of Christian Service held at the First Methodist church Monday.

The meeting was an observance of Week of Prayer. A sacrificial offering went to Scarritt college at Nashville, Tenn. A covered dish luncheon was served at noon.

The meeting was called to order by Mrs. O. E. Melton, president, and a welcome was extended to the Rev. and Mrs. Boyd I. Devore, new pastor and his wife, and other guests.

Mrs. C. E. Baker, leader of the morning program, presented a program which was inaugurated with quiet music by Mrs. M. C. Tucker. Mrs. F. L. Pilkenton read the scripture and Mrs. Baker read a poem.

Mrs. M. W. Majors led in prayer and Mrs. Sam Cope spoke on "What did St. Luke think of women?"

Mrs. P. A. Wiggins and Mrs. O. E. Melton sang a duet which was followed by a talk by Mrs. B. M. Cropper on "Adventuring on Untried Roads." Mrs. S. S. Reger's topic was "Scarritt Builds for the Future."

The morning session was closed with prayer by Mrs. H. W. Prinzing.

Mrs. J. D. Majors, leader for the afternoon, presented Mrs. H. W. Prinzing who brought the meditation on "Deepening Our Spiritual Lives by Prayer."

Mrs. C. J. Morrison spoke on "Scarritt and Tomorrow." Mrs. H. C. Gilbert spoke on "Scarritt's New Day."

Mrs. P. A. Wiggins and Mrs. O. E. Melton sang "Sweetest As The Years Go By." As they sang the offering for Scarritt college was taken and the meeting was dismissed with the missionary benediction.

Those present were Mesdames B. H. Alexander, W. W. Arrington, C. E. Baker, Wiley Bloxom, W. A. Browning, Blake Browning, J. L. Caffee, L. W. Chrestman, B. M. Cropper, Dale Cropper, R. M. ## Little Flower Club Meetings

The Little Flower club met in a called session at the home of Ramona Milford, president, Nov. 1, to discuss plans for the Flower Show.

Mrs. Tom Boyd read an article from the Southern Home and Garden on "Our Little Flower Club." She also spoke on "How To Keep Cut Flowers and How to Arrange Miniature Flowers." Dish gardens were also discussed. Twelve members and two visitors were present.

The club adjourned to meet with Mrs. Boyd on Saturday at which time members arranged their dish gardens for the Show. Ten entries were completed.

Each member brought a miniature flower arrangement. These were numbered and voted on. Miniature vases were presented to winners.

Refreshments were served to twelve members.

## Luncheon At Mrs. Harwell's

A one o'clock luncheon at the home of Mrs. I. E. Harwell on Tuesday was a courtesy planned by members of the two garden clubs to honor the judges who officiated during the Flower Show on that date.

The party rooms were made lovely with arrangements of roses and a great bowl of red roses on a reflector formed a charming centerpiece for the table. Corsages were presented to all members of the party. Covers were laid for eight.

## Broil Franks and Spaghetti

The popular quick meal of frankfurters and spaghetti has more appetite appeal when prepared in the broiler under the live flame; and it is practically effortless during the cooking period in the smokeless broiler of a modern gas range. Turn food once, that's all the attention needed.

Pre-heat the broiler and transfer the contents of a can of spaghetti in tomato sauce to the receiving tray of the broiler, as pictured. Pierce the frankfurters and wrap each with a strip of bacon, securing the ends with wooden picks. Arrange on broiler rack with halves of grapefruit, sprinkled with sugar and a few seedless raisins; dot with butter.

Broil the food just long enough for the bacon around the franks to cook on the top side; then turn and continue broiling until the bacon is browned. The rest of the food will be ready to serve at the same time.

## Junior Study Club To Sponsor Book Review

A regular meeting of the Junior University Study club was held Monday evening at the home of Mrs. H. D. Hurd.

Mrs. Paschall Kimbrew, president, presided over a business session during which final plans were made for the book review to be held in the basement of the First Methodist church, Nov. 20. Mrs. Grover C. Johnson, Wichita Falls, will review "How Green Was My Valley."

Committees were appointed to help with the Federated banquet on November 19.

An interesting program on Art and Poetry followed. Mrs. Dale Cropper gave an interesting paper on the "Classification of Paintings." Marian Ragsdale gave an illustrated talk on "Famous Paintings." Mrs. Fred Datson read a group of poems and discussed the "Life of Grace Noll Crowell."

A dainty refreshment plate was served to Mesdames Carlos Baker, Dale Cropper, Ralph Davis, Francis Felty, John T. Foster, Truman Garland, George McClarty, Paschall Kimbrew, H. C. Sullivan, Carlton Royce, Jack Scott, Louis Sims, Harold Van Loh, Fred Datson and Marian Ragsdale and Ethyle Virginia Allen. The hostess had as her guest, a former member of the club, Mrs. Roy Wood.

## Sunday School Rummage Sale

All proceeds will go into the Division treasury, according to Mrs. Monroe Prinzing, superintendent who invites everyone to visit them during the sale.

## Burk Boy On Honor Roll At John Tarleton

Stephenville, Nov. 6—Being on the preliminary honor roll, Buster Jacobs of Burkburnett, has achieved a great distinction at John Tarleton college. Of the 1300 students at that institution, 115 were on the honor roll. Fewer than ten per cent of the students received this honor. To gain this rating, one must make at least 80 in every subject for that preliminary.

Dean J. Thomas Davis, head of Tarleton college, complimented these outstanding students in an assembly period recently. He cited statistics to show that success in college was an indication of success in after life.

"In all phases of activity there are some who rise above their associates by virtue of their ability and effort," the Dean said. "This habit acquired in school carries over into after life," he commented.

nett and which residence was built for us by Smith & Hatch Co., which firm is presided over by the knowing and obsequious H. D. Smith and him helped out powerfully by Luther Hatch; and I want you to know that this residence was superintended by H.D. Smith his ownself in person so it would be built exactly right and according to them plans and specifications and all painted up with them Pittsburgh paints inside and out and every convenience known to wimmin folks on that thar new bungalow.

Yes sir, and the whole shooting match is furnished in the most up to datest furniture. You bet ye.

I also want you to know that we bought all that fine and fitten furniture for our new home right thar in Burk from Garland & Goble Furniture Co. We shore did after we got acquainted with the obsequious manager who has been right thar in Burk for 21 years and totes the best stock of furniture in that section of Wichita county; and our bed stids is all fit out with the finest springs and also them Beautyrest mattresses. If you ever git pestered up so's you can't sleep, Fred, jest prance yerself out to our house and take a nap on one of them Beautyrest mattresses and more'n likely you wont even want to git up to eat them fine vittles Lucindy always set out (when we have company) and which same vittles she cooks up on our new Roper Gas range which she bought as soon as Smith & Hatch got the house finished and them knowin' electricians got busy wiring the house so's we could git that fine Frigidaire set up and Lucindy could git to freezing her own ice. Yessir, that shore is a fact.

Well, Fred, I guess you're dyin' to know how come me and Lucindy to migrate from such a furcive place as Van Zandt county, plum out hyar to Wichita county, so I aint agoin' to keep yer mind suspended any longer but will break right down hyar and tell you just how come.

You rickolect don't you last fall when ole Bill Smith diskivered us in the ditch down on the highway where we had driv our lizzie flivver and busted it up and Bill he hooked us onto his waggin and brung us into Burkburnett and later us a-tellin Bill as how we was seekin' another location so I could do considerable dairy and stock farming and let Lucindy raise enough chickens and eggs to support us if the ile well which busted loose on our Van Zandt county farm and made us plum suddenly rich was to go dry and leave us busted?

Well, Bill he jest said Wichita county was the finest county in Texas for raisin cattle and chickens an' corn and cotton er anything a body was a mind to try his hand at, providin' of course he'd do some figgerations with his head and use a little elbow grease and we'd be plum fools to pass up such a fine place as Wichita county. Well, bein's my niece Elviry Jones and Ezry had also migrated out of West Texas and settled in Wichita county, and had been aritin' me to come out and pay 'em a visit and look around for a farm nigh to them, and so one day me and Lucindy and Old Tige

set out from Van Zandt county a seeking another location (after me and her had several big spells arguin' because I didn't want to take her along and her being dead sot on going with me to help me find a new place and her finally outjawwin' me, women like) so we sot out after me a telling her it was my figgerations to first saunter down to Wichita county to see my niece Alviry Jones and Ezry Jones and their several children. They have now added the eighth boy in the form of a baby boy which they named Lee O'Daniel after the new governor.

Alviry she wanted me to come down and take a good look at little Lee which youngster she sez is the peartest baby in the whole world and getting more pearter every day.

Well sir, she speaks up and sez "Well reckon Alviry Jones is a foller the advice in the Scripture to multiply and replenish the earth and so she's out to do her share of sich, bein's she's got two sets of twins, Joe Bailey and Jack Garner, and Jim and Miriam Ferguson, besides them two twin girls Eleanor Roosevelt and Sarah Hughes, named after them two big female politicians and that thar little Jimmy Allred, and now you say she's done got another new baby by the name of Lee O'Daniel?"

Shore has, sez I, but she's done changed the name of Joe Bailey to Tom Connally and—"What fur?" sez she.

"Well, sez I, because she sez Tom Connally is a more go gittener feller than Joe Bailey and she wants them younguns to hern to be go gitters."

"Well," sez she, "us pore down tred have to look out for ourselves if we git any square deal in this here cold cruel world," sez she. "I'll just wrop up a bottle of soothin syrup of my own make in yer linen duster and I'll also wrop up a jar of strawberry preserves in a yer blue shirt, bein's as you are going to see Alviry Jones new baby, Lee O'Daniel, and also a

bottle of soothin syrup for little Jimmy Allred bein's he's liable to be ailin' with the stummick ake a-right smart."

And I hollered back at her, No, durn ye; No. Yu ain't agoin to make no traveling drug store or grocery store out of me and that flivver for Alviry Jones is a livin' right thar close to Burkburnett whar she can git in her new car and git right in to the drug store and Prinzing & Hicks in no time.

We got started and never had no special blowouts till we got pretty nigh to Burkburnett, when I almost kilt a cow—Lucindy hollerin' and grabbin' my arm all the hull time, but it never done no good for the old cow never budged nary an inch from the road, jest took her time crossin and to keep from killin her, if I didn't drive right smack into a ditch and it with considerable water in it.

Well, ole Bill Smith the Coon Skin Crossing feller which I told you had immigrated out to Burkburnett several years ago when the ile busted loose out thar, he aint dead yet, but is jest about as lazy as ever so he come along on his way to Burkburnett with a big load of cotton he was hauling to the Farmers Cooperative gin, Society No. 1, to git it ginned and then either sold or stored in their big warehouse until prices rises to suit 'em, in which case they always pay the farmer a reasonable advance on his cotton so Bill he had that cotton on his wagon. And also settin on top of the cotton was them 7 children of his'n which he was hauling into Burkburnett to git 'em all shod up for the winter by the obsequious and knowin' Mr. Deckard thar at The Famous Store where he had orders from his ole woman, Mirandy, to git the whole shooting match shod up in them good stout shoes which she always gets at The Famous, that being headquarters for dry goods, men's and women's read-to-wear, clothes as well as hats and shoes for all the ter-

ritory surrounding Burkburnett, on account of the obsequious and friendly actin Leonard Mattingly who always holds out a friendly hand to folks and aint nary a bit "snooty", so says Bill. And after gettin them kids all shod up he had orders from Mirandy to take 'em all over to the Palace Theatre to see that picter which he had seen advertised in the Star, and by golly said them youngsters of his'n had pintedly laid down on him and pulled one of them settin down strikes and refused to pick ary boll of cotton or to feed ary hog or cow until he promised to take 'em in to see the picter. Yessir, that's what Bill said they done to him.

Yessir ree and he also had a big basket of eggs he was hauling into the Prinzing and Hicks grocery whar him and Mirandy had traded ever since they landed in Burkburnett and aint never got skunt out of ary nickel. Bill sez he had orders to trade them eggs for either groceries or cash, bein' Henry Prinzing always gives Mirandy the highest price for them fresh eggs of her'n laid special by them White Leghorn chickens of her'n for them hifalutin customers of Prinzing and Hicks, which customers is so finicky about their eatin, by golly, they wont eat no eggs except them from Mirandy Smith's chicken farm. Yessir.

But Bill goes on and sez he "Mirandy has tied several strings around my fingers before I left home on account of my forgetful memory and them strings is to remind be where to go to do my trading and what to fetch out and if I fetch them articles from the wrong store, by golly, she makes me take em right back" sez Bill.

So Bill he said he would take pleasure in haulin us around and introduce me to the mainest citizens and leadinist pillars of Burkburnett sich as the bankers and preachers, the storekeepers, big lumber and utility fellers, real estate and insurance fellers.

Well, I just told Bill that I shore wanted to get in with the

nobility of Burkburnett and thet I figgured to soshate more with nobility of Wichita county from now on out instid of with pore white trash and I shore would be more oblegged if he would haul me around and get me acquainted with the squar dealin' store keepers whar he done his tradin.

Well sez he, I'll do that jest as soon as I unload yer ole busted up lizzie flivver on a repair shop so's they kin git to work on her and then I'll haul you'ns to The Famous whar we do all our dry goods tradin and git the obleggin' young feller hisself to fit you out in some new Curlee britches with a coat to match and also one of them new Resistol hats and some Wichita brand shoe so's you'll look more fitten to git around 'mongst the nobility of Burkburnett bein I've got to go there anyway to git several pairs of them shoes which wears so well on kids and several suits of work clothes which washes and irons so well, never draws up and never fades and Mirandy sez to "Git em at the Famous."

"Yes, and she told me to be shore and git some cash for them cotton seers after them obleggin' Farmers Cooperative gin fellers had done ginned this here cotton so's I kin go around to Prinzing and Hicks grocery and pay for our last vittles, which we have done at up, and lay in another supply, fer we don't want to git shut off of our vittles a trick which them boys aint never done to us yet and we been tradin thar for nigh onto fifteen year; but Mirandy, she shore is particklar about keepin her debts paid up

### More Deer And Turkey

Not only will hunters have more deer and turkey to hunt in the sections which have been popular for years, but should the Texas game, fish and oyster commission continue to get as good results the next few years as have been attained this season on eleven deer and turkey areas set up as Pittman-Robertson game restoration projects, Lone Star state nimrods will have more section in which to shoot gobblers and bucks.  
Reports reaching the executive secretary of the game department indicate a larger crop and deer and turkey throughout all the ranges in the state. Ideal weather during the spring and early summer months made possible the survival of more young turkeys and deer. Nesting in South Texas was more than a month late due to the continued drouth through the early months of 1940, but that section will also have a large crop of young deer and turkey.  
The game department has obtained under lease or co-operative agreement eleven large areas of land, totaling more than 150,000 acres. They are scattered throughout the state. Deer and turkey or turkey and deer, in some instances, were planted and have thrived. Game managers report large increases in game on practically all of the areas and an increase on each of them.  
The areas include sections planted with grains and other plants upon which deer and turkey thrive. Area keepers hold the predators at a low level.  
From these areas game is expected to spread and it is considered likely that more than 500,000 acres of Texas land will be restocked as a result of deer and turkey moving in. Turkeys have been found as far as eight miles away from the point where they were released.

The volleyball team this year will be composed from the following girls: Opal Taylor, Mary Gambin, Mary Kelley, Phyllis Hickman, Margaret Ferguson, Jean Boyd, Joy Rankin, Betsy Ball Ramona Milford, Mary Cantrell, Dora Trout and Anice Taylor. (Miss Doty.)

The winning football team of Hardin grade will be given a trophy which will be presented at the next chapel program and will be kept in the home room of the winning class. There are seven teams and each one will have to play all the other teams before the winner can be determined. The games played started as follows: L6-3 is leading now having won all three games played. Beating L7-1, 6-0; L-53, 12-0; and L6-2, 6-0. (Mr. Burnett.)

Most everything we did last week centered around Hallowe'en; our number work, spelling, reading, and art. We read some delightful Hallowe'en stories. In art, we made witches, black cats, owls, bats, and many other things. Bessie Turner brought a real jack-o-lantern to school. We had a surprise when we returned from assembly Friday afternoon. Lorene Evans and Barbara Perry acted as hostesses and gave each of us candy. Then we all made a jolly looking cut pumpkin that could really roll its eyes. Mike Harms best one won the prize in making the best pumpkin. Both of our room mothers were at school during the afternoon but neither could stay for the games. Our room contributed its part to the Junior Red Cross. L2-2 is very proud of its spelling scores for the week. All of the pupils with the exception of five made a perfect score over their Friday's test. Three of these were G-. (Mrs. Vann.)

The pupils of L3-2 are making designs to go on paper plates. Pupils making the honor roll in spelling this week are: Jarvis Rogers, Rex Shuffler, Betty Trout, Mary Moore, Joe Reece, Ronnie Marvis, Donnie Cejda, Juanita Shaffer, Rosa Dodd, J. D. Dixon, Charles Gest, Peggy Turnbow. (Miss Jackson.)

The 5th grade enjoyed the study of cotton last week. Some of the children brought stalks of cotton with both green and open bolls. Picking cotton was explained by some of the children who had had experience in picking cotton. Spinning, weaving and dying was the most interesting part of our lessons. Emily Hrazdil brought a miniature spinning wheel and Cora Lee Champion a miniature bale of cotton. (Miss McGinnis.)

We have organized a citizenship club in our room. We named it the "A.C. club." Willis Bartley is club president. Dorcas Andrews is vice president and Dorcas Andrews is secretary. The club is organized to help us save, to keep us from being careless, to teach ourselves better manners, and to help us become better citizens. (Miss Isbell.)

On Friday afternoon at two thirty o'clock, Nov. 15, Mr. Ralph DeShong will give a performance in Harding grade school auditorium. Mr. DeShong gave two successful entertainments last year and we are glad to have him come again. A part of his program will be magic tricks and he will also bring his "dummy", Tommy. The admission will be 10 cents for all school children, and adults 25c. Remember the date, Nov. 15. Har-

din grade school auditorium. (Miss Gibson.)

The boys and girls of L1-1 enjoyed their Hallowe'en party Thursday afternoon. Mrs. Kelley and Mrs. Lundberg came with gifts for all of the class. Wylie Browning and Nathalie Foster won prizes on their freehand drawing of a cat. Patricia Lundberg and Joy Blair won prizes on freehand cutting of jack-o-lanterns, and Odie Foster and Carlton Gibson for doing the best coloring. James Hicks and Norma Turner were absent Friday on account of illness. (Miss Billingslea.)

Betty Lou Duke went with her father last week to Carrollton, Georgia to be at the bedside of her grandmother. Row 5 won in the health campaign for the last two weeks. Pupils on row 5 are W. L. Gibson, Scranton Peevey, Opal Brownlee, Claudine Wise, Billy Heins, Hazel Beckham, and Gwenda Stevenson. W. L. Gibson visited in Quannah Sunday. Betty Casey was out of school Wednesday, Thursday and Friday after having her tonsils removed. We hope Betty Ann will soon be with us again. (Miss Loree Smith.)

All pupils in the English department will write letters this week to the companies that donated book covers to the school. Fifth grade pupils will give their favorite poems and then become poets. They expect to write poems of their own. Joy Lee Cassell visited Faxon, Okla. Joan Duncan and Verna Pogue had an enjoyable time at Medicine Park this week-end. Horace Mills went to the Wichita mountains Sunday. (Miss Goodwin.)

The band is still adding new members. Horace Mills joined last week as a drummer. Several new music stands were ordered and received so the band now has enough stands for the year. Everyone is working so the band is improving rapidly. Get a horn and join us. (Mr. Reed.)

Fourteen pupils in our group will begin reading the Spot Primer this week. The remainder of the group will continue chart work. We're making a Scrapbook in our room. We will put our best work in it. (Mrs. Kimbrew.)

We are very glad to welcome a new pupil to our room, Irvan DeVore. Barbara Ann Brooks spent the week-end in Dallas. Wilda Miller spent the week-end in Antelope. (Miss Parris.)

The L7-1 class has been working on compositions in art which they will later put on cloth. These designs are composed of pottery, dishes, flowers, and fruit and are colored with crayons. The design is then ready to be transferred to the cloth. After it is colored heavily on the cloth a piece of brown wrapping paper is laid on it and then pressed with a hot iron. (Miss McSween.)

Pupils of the second row in our room won the cleanliness contest for the months of September and October. We hope that the other two rows try harder the next two months. We enjoyed the Hallowe'en games Thursday afternoon and especially the candy that one of our room mothers, Mrs. Sid Gambin, passed to us at the close of our party. Our class is hoping to have a large number of mothers join the P.T.A. this month. Through the efforts of our room mothers, Mrs. Fred Datson and Mrs. Sid Gambin, each parent has been invited to join before the membership contest closes. We are glad to have a new pupil in our class, Joanne Williams, who comes to us from Fairview school. (Miss Lassetter.)

We have been studying paragraph language. We have learned that a paragraph has three main parts, a good beginning, a body stating several facts about the subject, and a good closing sentence. We have selected these par-

## THE QUESTION BOX

O. D. DIAL, Minister

What should our attitude be, after the election?

Now that elections are over, many of us are wondering what the subject for conversation will be. But the pre-election days did one thing for us. It taught us that we can talk about something other than our neighbors. It also demonstrated to the whole world that Democracy is still very much alive. We have proven that Democracy can, and is, functioning. These same pre-election days have shown us the advantages and the advisability of two (only two) political parties. The political ordeal that we have just passed through has been a great blessing to us. It has helped us get our minds off foreign conflicts long enough to see, and think of, our own problems and needs. It has given all of us a true picture of our own defenses, power and strength. It has shown the world that there is still some "fight" in us.

But the real demonstration of strength, is yet to come. Our power of offense, solidarity of determination, and unity of purpose, is yet to be shown. Our faith in American Democracy will be shown. And we will now begin to show it. We will show the world how quickly, after the skirmish of political election is over, we can all get into one huddle, call our signals, and then form quickly into one line of defense, facing the enemy. We will show the world that though we may put up a good fight in the political skirmish, that this is strictly "our" affair, and that they must stay on the other side of the fence. We will show them that now, since the skirmishes are over, we have a united front, and that they had better think twice before chal-

lenging us, for a test of strength.

No, we will not permit the fact, that some of us did not get the Governor that we wanted, or the President that we wanted, to keep us from being Americans. We are all true Americans, though we may be Republicans, Democrats, Third-Termers, or Anti-Third-Termers, or even if we are neutral, so far as political parties are concerned. And as Americans we represent one common front. Let no foreign power, fifth-columnist, or alarmist, think for a moment, that our political battle of words, is a sign of weakness. It is in reality a sign of strength. It represents a way of life and government, that we hold sacred, and we will fight if need be, to preserve it.

Let us then, especially in these times of world conflict, and war on Democracy, and Democratic principals and ideals, show to the world, as never before, our united front and determination to preserve our sacred institutions, and our Democratic way of life.

Let us hold our "pep rally" and let the dictators hear our "war cry" and see our determination to defend our sacred and priceless heritage. We are proud to be Americans! Let us united stand!

(Remember, we invite your questions. Send them to O. D. Dial, box 582, Burkburnett, Texas. Remember too, that we welcome you to each and every service at the Church of Christ. Come and worship with us.)

Fairview Lost To Oklaunion

In a game which was better than the score indicates, Fairview lost to Oklaunion last Friday night at Oklaunion, by a score of 33 to 12. Oklaunion scored first and held the upper hand all the way. Fairview's passing game was off and the team failed to click as they had in previous games. This defeat dropped Fairview below the 500 class as they now have lost three games and won two. Roll Call Drive Starts Nov. 11th

The American Red Cross on November 11 will embark on its greatest membership roll call since the days of the first World War, announced A. H. Lohofener, chairman of the Roll Call for Burkburnett and vicinity.

The Red Cross committee here has set a goal of 354 memberships as Burkburnett's share in strengthening the services of both the Wichita County Chapter and the National organization. 5,900 memberships for the county is the total goal, according to word received from Pat Hardage, general county roll call chairman.

The generous response to the war relief appeal made by the Red Cross in May indicates that people are interested in the Red Cross, Lohofener said. But this fund is used exclusively for War Relief, and in no way supports the general domestic program of the Red Cross. The funds realized at Roll Call time, he explained, will not be used for War Relief, but to enable the Red Cross to continue its day-to-day operations in disaster relief, first aid, life saving, nursing, and its assistance to the United States military and other programs.

Appealing for greater memberships, Lohofener indicated that the success of the national enrollment of members will hinge upon the individual success of Chapters in attaining their membership goals. He urged every person who can to become a Red Cross member to insure the Wichita Chapter in meeting its share.

"Secrets of a Model" Dares to Show New Side of Hollywood

When a motion picture is packed with a terrific dramatic wallop a sensational story and still is down to earth every day life—that's entertainment!

And that is exactly what the patrons will find when the sensational new picture, "Secrets of a Model" opens Monday at the Tex theatre.

It takes you to the side of life in Hollywood you've heard about, read about, talked about, but until now have never seen. Girls by the thousands pour into Hollywood each year from every hamlet trying to exist in the movie face and body, but only a few can find places in the studios. What do the others do to live? What is their social life? The answers to these questions are graphically answered in this picture that has the movie industry closely watching the public's reaction.

"Secrets of a Model" will take you on a breath-taking trip through the Hollywood that few people have ever seen. Right into the furnished rooms of girls who are trying to exist in the movie capital. It will show you where they work, where they drink, where they love—yes and where they cry.

To make a long story short, "Secrets of a Model" is entertainment with a capital "E", but it is strong, virile and unafraid to tell the truth.—At the Tex Theatre, Burkburnett, Monday.

First Baptist Announcements

Next Sunday, November 10, is Forward Young People's Day in our church and they will have a large part in the services. This past Sunday the Young People's department had unusually good attendance and reports in both Sunday school and Training union.

The Ministerial Alliance of Burkburnett is asking that we have a Union Thanksgiving service at the First Baptist church on the night of Nov. 20, with the new Methodist pastor bringing the principal message. Seven churches have indicated that they would cooperate in such a service.

The pastor will begin a series of sermons on Prophecy on this next Sunday night to continue for several Sunday nights. The Hardin-Simmons A Capella Choir will present a concert at the First Baptist church on Friday night, Nov. 15 at 7:30, and every one has a cordial invitation to attend this concert, and there is no admission charge for this program which will be of the very highest type.

Jack W. Manning, pastor.

Christmas is the only time in the year when the Wichita county Tuberculosis Association raises money. But the work of the organization goes on the year round.

Roosevelt Elected

(Continued from page one)

preceding elections when 87 per cent of the voters supported Roosevelt.

Governor O'Daniel and the rest of the state Democratic ticket ran ahead of Mr. Roosevelt in this county, but Willkie also ran far ahead of the Republican state ticket. It was apparent that many Willkie voters scratched both Democratic and Republican state tickets.

Fully two-thirds of the voters ignored the four constitutional amendments on the ballot. All four received majorities from those who did vote.

The banner Republican box in the county was Clara, which voted 48 for Roosevelt, 35 for Willkie, the G.O.P. nominee receiving 42 per cent of the total vote in that precinct.

OKLAHOMA GOES FOR ROOSEVELT

Oklahoma City, Nov. 6—Wide majorities settled every statewide contest in the general election, nearly complete unofficial returns representing votes of more than 810,000 Oklahomans showed tonight.

President Roosevelt took a better than 125,000 lead over Wendell L. Willkie for the state's 11 electoral votes with 3,560 precincts out of 3,613 balloting 468,316 to 342,587. Mr. Roosevelt carried 58 of the 77 counties.

The voters also approved a graduated land tax measure and defeated five state questions, including a proposal to permit the manufacture and sale of liquor. The "silent" vote beat the other four questions.

Elected Democrats to the five major state offices at stake. Chose eight Democratic congressmen to succeed themselves and named Ross Rizley, Republican, as representative for the 8th district, succeeding Phil Ferguson Democratic incumbent.

The Democratic congressmen reelected won thumping majorities. Rizley's margin, by which his district returned to its place in the Republican column after eight years, was 7,706 in 478 precincts out of 494. Willkie's support also was strong there.
