79 Crashes; 4 Killed; 45 Injured In Haskell County During 1965

The Texas Highway Patrol investigated eight accidents on rural highways in Haskell County during the month of December, according to Sgt. Frank Jirek, Highway Patrol supervisor of this area.

The rural traffic accident summary for this county for the calendar year of 1965 shows a total of 79 crashes resulting in four persons killed, 45 injured and an estimated property damage of \$57,840.00.

"Memories of 1965 are slipping quietly away for most people, but for those maimed in automobile accidents and the families of others who were killed during the year, 1965 will be remembered always with dread and sorrow," Jirek said.

Four of the 29 counties in the Texas Highway Patrol's Lubbock District had no traffic fatalities during 1965. These were Bailey, Kent, Terry and Throckmorton...but 77 persons were injured and property damage reached \$95,975 in automobile accidents in those four counties during the year, Sgt. Jirek pointed out.

"It is estimated when the final reports are tabulated, we will find that less people were killed in Texas traffic accidents during 1965 than in 1964," the Sergeant stated. The final count is expected to be about three percent less than the 1964 all-time high of 3,006 traffic deaths.

The patrol supervisor reminded all motorists to think about reducing the deaths even more in 1966 than in 1965. This reduction can be brought about by strict observance of traffic laws and defensive driving practices. Remember, every time you drive you have a motive, that is, drive to live.

Haskell Jaycees Sponsoring Poll Tax Drive

For the purpose of stimulating interest in the payment of poll taxes, the Haskell Jaycees are sponsoring a "poll tax payment drive," David Strickland, chairman of the project announced.

Co-workers on the project with Strickland are Lyndon Harris, Ben McGee and Bobby Cass.

On Saturday, January 29th, from the hours of 1:00 to 5:00 p. m., Jaycees will set up booths in Sagerton, Rule, Rochester, Weimert and Haskell, for the convenience of county residents in paying poll taxes.

"Since this is election year and many issues face citizens in balloting to come, we feel that everything we can do as an organization to step-up poll tax payments, will be well worth our time," Strickland said.

Haskell County Tax-Assessor-Collector, Norma Childress, said that poll tax payments are lagging, and that she believed the Jaycee drive would help "pep-up" payments.

At press time, Eldon Mahon, Abilene attorney, announced that he is a candidate for Congressman of the new 17th Congressional District, which includes Haskell County, and will issue his formal statement setting forth his platform within the next few days.

Mahon is a nephew of Cong. George Mahon, one of the most powerful figures in Washington, Chairman of the House Appropriation Committee.

Eldon Mahon has close personal ties with the western end of the district. He is former Mitchell County Attorney and was for some 16 years either district attorney or district judge in the court that serves Mitchell and Nolan counties, the 32nd Court. His judgeship, when he resigned the post, also included Fischer County.

Martindale To Visit Haskell Commandery

R. L. Stephenson, Commander, announced that the annual inspection of Haskell Commandery No. 49, K. T., by Sir Knight Aubrey C. Martindale, Grand Captain of the Guard, will be held Saturday, January 22.

Dinner will be served in the hall at 6:30 p. m.

The Commandery will open at 7:30 p. m. All Sir Knights are urged to be present.

Army PFC Long Participating In Field Training

Army PFC Larry D. Long, son of Mrs. Doris M. Long, 900 S. Second St. Haskell, is participating in a 15-day field training exercise in Germany, ending January 20.

Purposes of the exercise are to provide the 3d Armored Division intensive training in command and control procedures against an aggressor force, and to further train the division to support itself logistically. Approximately 22,000 troops are participating in SILVER TALON, including other units of the Seventh U. S. Army and the German Army.

The exercise is part of the year-round training program the 3d Armored Division conducts to insure maximum combat readiness.

Long, a tank gunner with Troop C, 3d Squadron of the division's 12th Cavalry, entered the Army in March, 1964, received basic training at Fort Polk, La., and was last stationed at Fort Knox, Ky.

Shotgun Blast Injures Carol Meeks, Age 17

Carol Meeks, age 17, son of Mr. and Mrs. Othor Meeks, 1400 North Third St., Haskell, received a painful, but not serious gunshot wound at noon Friday of last week.

The accident occurred in front of "Woody's", located just across the street from Haskell High School, at 12:15 p. m.

Meeks, Larry Sears and Jerry Stewart, High School students, had bought their lunch at Woody's, and had gotten into Meek's car parked in front of the cafe. Sears picked up the .12 gauge shotgun to move it out of the way. The gun discharged and the blast hit Meeks in the left shoulder, back side.

Meeks was taken to the Haskell County Hospital for treatment.

Meeks spent only one night in the hospital and was released Saturday.

Hot Haskell Indians Share 5-AA Lead

The rampaging heap-big, red-hot Haskell Indians are on the "warpath," and remained among the District 5-AA basketball leaders with a narrow 50-48 victory over the Colorado City Wolves at Colorado City, Tuesday night.

The Haskell win helped them to eliminate a four-way tie for the district lead. The Indians are now 4-1 in 5-AA play and the Wolves stand 3-2. Idle Winters is also 4-1.

Ronnie Josselot and Perry Turnbow led Haskell scoring with 18 and 16 points, respectively.

Colorado City won the B-team contest, 56-54 with Rusty Steakley hitting 15 for the winners and Chapman scoring 18 for Haskell.

Deadline Near For Taking Of School Census

If you have a child beginning school in the first grade next September, please contact the office of the school superintendent, H. T. Wilkinson. Phone number is 864-2860.

Only a few days remain during the month of January for the taking of the 1966-'67 School Census, and your cooperation will be appreciated.

Son-In-Law Of The Ed Fouts Is Named Bank Head

Wilton O. Davis, son-in-law of Mr. and Mrs. Ed Fouts, of Haskell, has been named president of Fair Park National Bank of Dallas. He had been executive vice-president of the bank since 1964.

Davis was formerly vice-president of the Citizens National Bank of Abilene and was an All-American football player while attending Hardin-Simmons University.

Davis' wife is the former Edie Bess Fouts, daughter of Mr. and Mrs. Ed Fouts.

Old Man Winter Finally Arrives In This Area

Old Man Winter finally arrived in this area, and Haskell Countians, as well as the rest of Texans, have been experiencing some frigid temperatures since the front moved in Sunday.

A stiff north wind which blew in early Sunday morning brought considerable dust and by Monday morning the thermometer had dropped to a chilly 25 degrees. A low of 23 was registered Tuesday morning by Sam Herren the U. S. Government weatherman.

A few flakes of snow began to fall about mid-morning, Monday, and by noon was coming down steadily, and continued most of the afternoon. Most of it melted as it fell.

Only .04 of an inch of moisture resulted from the one-half inch snow which fell Monday...but more was in store for Haskell Countians.

Two Inches Snow On Ground Wed. A. M.

When Haskellites crawled out of bed Wednesday morning, a 2-inch blanket of wet snow greeted them, and according to Sam Herren, "the weatherman," a total of .35 of an inch of moisture was gauged.

The much-needed moisture was greatly appreciated by farmers, ranchers, merchants, and will be of much benefit to the area, "crop-wise."

Dr. Sone Will Speak At Meth. Church, Sunday

The Rev. Dr. Hubert L. Sone, a Methodist missionary to China and Malaysia for 42 years, will speak at the Haskell First Methodist Church, Sunday, Jan. 23, Rev. J. V. Patterson, pastor, announced.

At 4:30 p. m., he will speak to the youth of the church, and at 6:00 p. m., he will bring the evening message.

A cordial invitation is extended everyone to hear Dr. Sone. Dr. Sone, who retired in 1962, is now living in Fort Worth, and speaking throughout the United States in behalf of missions.

Going out first as a missionary to China, Dr. Sone arrived in 1920, was assigned to teach in Soochow University, and later did evangelistic work in the city of Huchow. In 1933 he was appointed to the faculty of the union Nanking Theological Seminary as professor of Old Testament. He was also assigned to direct the seminary's program of training city pastors.

Dr. Sone served in Nanking until 1951, two years after the Communist takeover of Mainland China. In that year, he left China and was transferred to Singapore, Malaya (now a part of Malaysia). He was appointed to the faculty of the union Trinity Theological College in Singapore, where many Methodist ministers and church leaders in Malaya and the nations of Southeast Asia are trained. He taught and served as President of that college until his retirement.

Born in Denton, Texas, Dr. Sone is a graduate of Southern Methodist University, Dallas, with the B. A., M. A., and B. D. degrees. He completed all residence work for the Ph.D. degree at the University of Chicago, and holds the honorary degree of Doctor of Divinity from John Brown University. Before going to the mission field, he was a school principal in Dumas, Texas, and a Young Men's Christian Association secretary in Houston, Texas. He was also an Army YMCA secretary, and a military aviator in World War I. While in China he was a member of the East China Annual Conference, and in Singapore a member of the Malaysia Chinese Annual Conference.

UNDERGOES SURGERY

Cotton Foster, who underwent surgery at the Methodist Hospital in Houston Thursday of last week had a rather rough day Sunday and Monday, but at press time was reported slightly improved.

Funds For Haskell School Are Approved

The Haskell Independent School District has received notice from Austin that the Texas Education Agency has approved its project application under Title I, of the Elementary and Secondary Education Act.

School Superintendent Hooper T. Wilkinson said that \$44,084.00 which had been approved will be used for the following: Two Remedial Reading teachers; Two pre-school teachers for 5-year-olds who will enter school for the '66 term; one nurse social worker and four teacher aids, plus equipment, etc., for setting-up remedial reading classes.

Supt. Wilkinson said that he hoped to have one of the remedial reading classes in operation by next week. The other classes will be set up as teachers are available.

Classes will be held in the Elementary school, Wilkinson said.

Lions View Film Of The Haskell Band

Members of the Lions Club were privileged to see color films of the Haskell High School marching band in the Region II Contests which were held at Midwestern University stadium, Wichita Falls.

Dr. Frank Cadenhead was in charge of the program and introduced Mr. Gideon, who in turn showed the film of the precision marching of the HHS Band.

Net \$188.00

Secretary Harold Spain announced that gate receipts from the Harlem Stars basketball game played in the high school gym last Saturday night totaled \$471.20, with the Lions Club netting \$188.00 from the ball game.

Guests noted at the meeting were: Robert Eastus Jr., of Abilene, Field Representative for the Salvation Army; Foy Allcorn of the Internal Revenue Service, Abilene; Mrs. Frank Cadenhead, Mrs. J. L. Toliver, Jr., and little Miss Sarah Cox, daughter of Lion Wallace Cox, Jr.

County Judge Jim Alvis Rotary Speaker

"Better supervision, confidence and trust in our young people are the best ways to overcome juvenile delinquency," Haskell County Judge Jim Alvis told members of the Rotary Club at last Thursday's noon luncheon meeting at Felker's Restaurant dining room.

Rotary president, H. V. Woodard presided over the meeting, and introduced the guest speaker.

"Out of 169 counties reporting to the Youth Council during 1964 there were 19,488 boys and 6,399 girls court cases handled," Judge Alvis said.

The general judge praised Cal Farley and the fine work he is doing at Boys Ranch. "This is a good example that trust, confidence and proper supervision of youth certainly pays off," Alvis said.

Haskell National Bank Elect Directors

Stockholders of the Haskell National Bank met Tuesday of last week for the purpose of electing a board of directors and transacting other business.

Elected to the board were Buford Cox, R. W. Herren, W. R. Johnson, R. C. Liles of Weiner, A. C. Pierson, chairman of the Board, G. W. Waldrop and Dr. T. W. Williams.

Officers (same as last year), include: A. C. Pierson, president; W. R. Johnson, active vice president; Abe Turner, cashier; Nettie McCollum, Paulene Couch and James Franklin, assistant cashiers.

Farm Electrification Course To Be Held At Paint Creek January 24-27

FOY PAGE

A Farm Electrification Short Course for adult farmers will be held January 24-27, under the sponsorship of the Paint Creek High School vocational agriculture department, according to H. P. Morrison, superintendent, and W. L. Medford, teacher of vocational agriculture.

Mr. Foy Page, Farm Electrification Specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Agricultural Engineering at Texas A&M University, will do the instructing in the course. He is headquartered at Texas A&M.

Mr. Page holds a Master's Degree in Agricultural Education and has taught vocational agriculture for 13 years prior to his present position. He taught Farm Electrification to

high school students, young and adult farmers, and participated in Farm Electrification Short Courses at Texas A&M and Austin. Recently he completed an intensified three-week short course in Farm Electrification at Texas A&M sponsored by the Texas Farm Electrification Committee.

Arrangements for the adult education short course in Farm Electrification and in other fields are made through Mr. Hulan Harris, area supervisor of Vocational Agriculture.

The short course at Paint Creek vocational-ag building is scheduled to begin at 6:30 p. m., Jan. 24. Other meetings in the series will be held Jan. 25, 26, and 27th. During the dates the course is in progress, Mr. Page will be available to assist farmers with individual problems, and to provide on-the-farm instruction, according to W. L. Medford, vocational-ag instructor.

Farmers interested in attending the course should write or call the Superintendent of Paint Creek Schools, H. P. Morrison, or Mr. W. L. Medford. An entry fee of \$3.00 will be charged.

Farm Electrification Short Course Certificates are to be presented to each farmer who attends all the training sessions.

Mr. Medford states that enrollees are invited to bring their families and that visitors are welcome to the first meeting of this short course. Mr. Page will cover "Safety in the Home" at this meeting, and if the past is any indication, men, women and children will find it interesting. All equipment used in this demonstration will be found in everyone's home.

Annual Salvation Army Campaign For Funds Gets Underway Here

The Annual Salvation Army campaign for funds, officially got underway here this morning, Thursday, with a "kick-off" breakfast at Felker's Restaurant.

Jim Sampson heads the fund drive, Tom Barfield, Salvation Army Service Unit chairman for Haskell County, announced.

Mr. Sampson has selected eight captains, Joe Williams, Buddy Lane, Jim Alvis, Barbara Elliott, E. J. Stewart, Luther Walker, Tom Barfield and C. O. Holt, and these workers will in turn select five campaign workers.

The Service Unit in Haskell County gave immediate help to a total of 311 distressed people last year. This aid included groceries, clothing, meals, lodging and transportation.

For the past several years, the Unit has been financed through the late Haskell United Fund that is now inactive.

The Salvation Army Service Unit committee in Haskell includes in addition to Chairman Barfield, Judge Jim Alvis, Buddy Lane, Harold Spain, Mrs. W. P. Trice and Mrs. Luther R. Burkett, of Haskell; W. D. Payne and Jim Norman, Rule; Sam Reed, of O'Brien; Rev. Gene Louder, of Rochester, and Fritz Stegemoller.

A goal of \$1,500 has been set for Haskell County in the fund-raising drive.

Robert Eastus, Jr., of Abilene, Field Representative for the Salvation Army, is assisting the campaign leadership with the drive.

GILMORE IMPLEMENT ANNUAL JOHN DEERE DAY SET JAN. 27

Farmers of this area will gather next Thursday, January 27, to take part in the annual John Deere Day which will be sponsored by the Gilmore Implement Company and at 7:30 p. m., a film will be shown at the Elementary School auditorium.

Adding emphasis to this year's program, Gilmore Implement will stage a tractor demonstration from 1:00 to 5:00 p. m. on the Carl Bailey farm just north of town on John Deere Day.

The full day's program is to be highlighted by a film presentation featuring the very latest in farm equipment shown under actual working conditions.

Your John Deere dealer at Haskell, Mr. Brax Gilmore, says: "Come on out John Deere Day and see all the cargo aboard Power Train '66 on film, featuring four new tractors and more than 30 loads of other equipment, all brand new for 1966. Special added attractions are also on tap. Bring the whole family and make a day

of it...John Deere Day, 1966." Burlington's chinese-red freight diesels are flashing up on hundreds of motion picture screens these days as John Deere dealers show the spectacular film, "Power Train '66" to farm families throughout the country.

To publicize its new line of farm equipment last June, the Deere firm chartered a special train of 48 flat cars. At Barstow, Deere workers loaded first models of various agriculture machines the company planned to introduce to the public.

It was virtually a secret operation because of the need to keep models from the eyes of Deere's competitors; and competition in the farm machinery field is not too unlike that in the automobile field.

We added two shiny SD-7 diesels and a gleaming steel caboose, and for 17 days the photo train rolled over our rails in the lush Illinois countryside between Barstow, Galesburg, Mendota and Danrock.

Months of preparation by Deere officials preceded the moviemaking, the largest project of its kind ever undertaken by the company, whose 164-man advertising department conducts aggressive campaigns annually.

A unique helicopter, the property of a firm owned by actor-singer Frank Sinatra, was used to take aerial photos of Power Train '66. The copter contained

One hundred and eighty-two tons of valuable soil came through the city of Haskell during a 6-day period, June 21-June 27, 1965. The channel of Spring Creek carried this soil with water as runoff resulting from summer rains. A sample of the muddy water taken from the creek was measured. It showed that possibly 182 tons of soil was lost.

This is not a serious loss of soil, but it must be remembered that water will always carry the lighter particles of soil away. This is where most of the fertility lies. The value of this amount of soil would be difficult to estimate. It went through town, it did not stop at the bank or a merchant's cash register. This wealth, whatever it may be, left our community, our town. It cannot be returned.

Early summer rains fall at a critical time when young crops are being cultivated. These young crops do not offer much protection to the soil. However, winter crops such as small grains, winter peas and vetch, offer excellent protection either in a growing state or as residues left on the land. Even though no serious soil loss results from most rain storms, the soil losses can be further reduced. Conservation practices such as the winter cover crops already mentioned, summer cover and soil improving crops, terracing, contour farming and crop residue management all help to reduce soil losses.

Grass is Nature's way to prevent erosion and soil loss. Although most of our present farming enterprise consists of cultivated crops, good use could be made of permanent grass along natural water courses and areas that are inconvenient for farming. Not only would the grassed areas be useful for livestock grazing or hay, but the property would be improved by the beautification as well as the wildlife potential.

Conservation is everybody's job, even townspeople and merchants who do not own farms. Anyone's lack of interest may result in more soil flowing through our town. The soil is our greatest asset. Its wise use directly affects the economy of our community, our town, our country, not only at the present but for years to come.

Harlem Stars Outlast The Faculty Fatties

The hilarious Harlem Stars, led by one-arm Boid Buie, outlasted the "Faculty Fatties," 63-49 in a bone-ticking basketball game played in the high school gym here Saturday night.

The "Faculty Fatties," under the tutorage of Sonny Everett, by no means were "slouches," as on a number of occasions they hit the basket with ease.

The continuously horsing-around Stars kept the gym-packed crowd in stitches, really hitting their stride in the fourth quarter with their razzle-dazzle ball handling, intricate pass patterns, trick shooting, marathon dribbling and impromptu comedy antics.

One arm Bue, owner-manager of the Stars, put on quite a show, and moving with ease, could hit the basket from any position on the court.

Seeing action for the "Faculty Fatties" were Royce Heller, Bill Tibbetts, O'Neal Weaver, Jim McDonald, Jerry Sorrells, Sammy Larned, Jack Medford, Ronnie Leach, Jim Browning, Bunny Bennett, David Middleton, Carlos Berry, Gerald McCoy and Sonny Everett.

The world famous Harlem Stars were brought to Haskell by the Haskell Lions Club to raise money for local worthwhile community projects.

Lions president Jim Sampson, expressed thanks to the players and to everyone who helped stage the ballgame.

Secretary Harold Spain said that gate receipts were \$471.20, with the Lions receiving 40 per cent and the Harlem Stars 60 per cent.

Cub Pack 36 Slate Meeting

Cub Scout Pack 36 will hold its first pack meeting of the new year, Monday, Jan. 24, at 7:00 p. m., in the Elementary School Cafeteria, announced Cub Master, E. W. Pruitt.

"All boys eight years of age are eligible to become Cubs and are especially invited," Pruitt said.

Parents are also asked to attend.

Education And The Golden Age

What should be the objectives of education...and of those who are education's recipients? A good answer to that comes from President Gerholz of the Chamber of Commerce of the United States.

As he sees it, America's Golden Age will arrive when education produces "scientists who are not ignorant of politics, politicians who are not ignorant of science and businessmen who can rejoice in a sunset or a sonata as well as in the chatter of a computer." Then, later, he said, "Education should be a philosophy. It should be our nation's way of life. Young people should aspire to knowledge for its own sake. Those who are deprived of worldly goods, and a good start in life, should look for enrichment of their minds as well as their pocketbooks. Those who have specialized in one branch of knowledge should branch out in other directions."

We live in a world and a time in which everything, one way or another, is related. Business, politics, the sciences, the arts... all touch and influence each other. The whole man, using that phrase in the classic Greek sense, must be concerned with them all and have a knowledge of them all.

THE HEALTH OF THE DOLLAR

In October, 1965, government sources recently revealed the cost of living in this country reached a record high. According to the Labor Department's consumer price index, it then cost \$11.04 to purchase a representative list of items in general family use as against \$10 in the 1957-59 base period. An Associated Press news item, reporting this development, said: "But despite the most rapid rise in some five years, federal officials in announcing the October figures...still shied away from the so-called word of 'inflation'."

It is one thing to avoid a word...it is a very different thing to avoid a fact. And the fact is that the danger of renewed inflation on a steadily increasing scale is very much a reality now. This was highlighted by the action of the Federal Reserve Board in raising the bank discount rate in order to tighten up on credit. Without going into the complexities of the action, or debating the pros and cons, it is essentially an anti-inflationary move. It is designed, among other things, as the Board said, to prevent inflationary excesses from damaging the economy and to demonstrate anew this country's determination to maintain the international strength of the dollar.

What will come of this remains to be seen. But, as every consumer knows, the value of the dollar has been going steadily down and many authorities feel that further erosion lies ahead. A primary reason for that is continued deficit spending in a time of unprecedented prosperity...largely for welfare state purposes.

A FEAR RETURNS

Fear of inflation has returned to Washington and well it should. Most prices are up, some sharply. The commodity-price index is up 2.1 per cent over a year ago after many years of relative stability. A brief item in National Review by a writer who signs himself CATO, observes that there seems to be little inclination in top government circles to stabilize the economy by stopping the multi-billion dollar programs which are the root cause of inflation. So, he concludes, the intention is to blame "...every price increase and every jump in the cost of living index on business. Now and then, labor will be slapped across the wrist...but not too often."

If this turns out to be the case, one of the businesses which will be on the firing line is retailing. The reason for that is obvious...it is in the retail store that the consumer buys his merchandise, and it is in the retail store that he sees the price tags boosted. So the retailer is the easiest and most accessible of targets.

Yet, natural and even inevitable as this situation may be... it is an example of a gross injustice. The retailer is a victim of inflation, not a cause of it. American mass merchandising is one of the most efficient and cost-conscious of all enterprises. It operates on almost unbelievable low profit margins. The food stores, for instance, commonly earn, as net profit, as little as a cent or a cent and a fraction on each dollar of sales. Margins like these provide no room at all for absorbing price increases which are totally beyond the sellers' control.

Unbridled government spending, continued deficits, excessive wage costs, the cult of welfare statism and the countless giveaway programs here and abroad are forces that degrade the dollar. And every citizen, looking nervously toward an uncertain future, should know that.

COMPLETES COURSE

Pvt. Johnny W. McGuire, son of Mr. and Mrs. Ocie McGuire, Rochester, completed an aircraft maintenance course at the Army Aviation School, Fort Rucker, Ala., January 13.

During the five-week course, McGuire was trained in the repair and maintenance of Army helicopters and airplanes. He also learned the fundamentals of Army airfield operations.

The 22-year-old soldier entered the Army in September 1965 and completed basic combat training at Fort Polk, La.

He is a 1961 graduate of Rochester High School and attended Abilene Christian College, Abilene, Texas.

Membership in the Haskell Cemetery Association has grown to about 800 families now holding endowments, but only about 100 are paying dues, officers of the Association said this week.

"The membership should be about 2,000, but it is not," the officials pointed out. "This means that only one out of three or four is shouldering the load for the Cemetery care."

Although enrollment continues gaining, which is most encouraging, an Association spokesman said, some dues payments are in arrears. An urgent request has been made for patrons to take out the endowment.

Amplifying his statement, the Association official declared: "We ask you to make a visit to the Cemetery and take note of the clean appearance that you will find. When Springtime comes, this cannot continue as the paying members we have are not able to contribute enough to care for 2,000 lots that are in use."

"We urge you to take out the endowment at once so as to get an even start with the year we are just entering. When the endowment reaches \$100,000, one half of the Cemetery can be kept in order the year around. But we must get another \$100,000 or double the amount we almost have, so that full coverage can be given to this work. We feel that you would like to do your part, so please do so."

"In the event you cannot take the endowment, please pay your dues this month so that our records can be made for the year."

Haskell Indians Chill Winters Blizzards 47-42

The Haskell Indians dumped the league leading Winters Blizzards from the unbeaten ranks here Friday night with a thrilling 47-42 District 3-AA victory which threw the league race into a confused state.

Winters came into the game with a perfect 4-0 district record, while the surprising Indians improved their record 3-1 with the important victory.

Ronnie Jowaleit was instrumental in carrying the Indians as he tallied 22 points. Johnny Beck hit 14 for the Blizzards.

In the boys' B game, Haskell pulled out a 30-37 victory over the Winters B.

Jennabeth Pitman led the Haskell girls to a 44-39 win in the preliminary game. Ida Martin hit 20 for Winters.

Winters (42): Beck 7 2 16; Jones 1 3 2; Davis 1 3 9; Henley 4 1 9; Cathey 1 1 5; Killough 0 1 1; Totals 16 10 42.

Haskell (47): Turnbow 7 4 18; Jowaleit 10 2 22; Herren 2 1 5; Everett 0 1 1; Gilmore 0 1 1; Totals 19 3 47.

It is school census time again
and this year we are asking
for the names and birthdays of
pre-school children, too, so the
school can estimate their needs
for the next 3 or 4 years. These
will not be placed on a census
blank, but just on a piece of
paper that will be given to you
with the census blank. It is for
the school's files, and not to be
sent to Austin. I will start with
the Rockdale and Cobb ranch
country next week and work this
way with Plainview community
last. I hope I don't have to
make more than one trip to the
ranches. If I miss someone,
phone the school, 864-2471, or
864-2886 on the Haskell line, and
I'll come for the census. And
if any dogs bite me, I'll sue.

Mrs. Alma Baldwin of Valejo,

los had just returned from an
IBM school in Los Angeles, Jan.
2nd. He left for his last school
which is the instruction in sell-
ing. This one is in San Jose,
Calif., and is for 3 weeks.
Mr. and Mrs. Bruce McCain
of Roby spent the weekend at
their ranch at the lake and at-
tended the Paint Creek Metho-
dist Church.

Stacy Lackey of Muleshoe
visited with the Gene Overtons
Sunday, Jan. 2. Their son, Mike,
returned to A&M with Stacy.

Wallar Overton spent last
week in College Station and
Austin, visiting his brother,
Mike, Bonine and Joe Breed,
who attend the University of
Texas.

Mr. and Mrs. Allen Isbell and
Danny were in Dallas Friday
and Saturday for Danny's
check-up. He had appointments
with all four of his doctors.
Jeannine stayed with Mr. and
Mrs. Willie Lee Medford and
Janice with Janay Morrison.

Scoutmaster Wallar Overton
has been giving a good nylon
rope to the scout who can win
in knot tying at the weekly
meetings. Kenny Cockrell won
it week before last, and Joe
Mickler won it last Saturday.

Two Paint Creek graduates
will receive their college de-

FARM OUTLOOK IS GOOD FOR 1966, SAYS ECONOMIST

Agriculture fared well in 1965
and should do even better in
the year ahead, John G. Mc-
Haney, Extension economist at
Texas A&M University, said that
realized net farm income
in 1965 reached the highest to-
tal since 1952 and may be up
another quarter to a half bil-
lion dollars in 1966.

The nation's realized net farm
income for 1965 is now estimat-
ed at \$14 billion. Realized net
income, explains the economist,
is income above production
costs.

Three factors are listed by
McHaney for the bright outlook
for 1966. The production and
price outlook looks favorable for
livestock producers; the new
food and agricultural act of
1965 will provide some in-
creases, especially for crop far-
mers and he expects the do-
mestic demands for farm prod-
ucts and exports to continue
their expansion.

A growing economy, rising in-
comes and population gains will
result in increased consumer
expenditures for food. However,
he does not expect the increase
to equal the six percent gain
of 1965. Commercial food pur-
chases in 1966 will again be
supplemented by such pro-
grams as national school lunch,
special milk, direct distribu-
tion and food stamp. The per
capita food use is expected to
hold near the 1965 figure but
there'll be more people to feed,
he said.

Exports have played an in-
creasingly important role in
American agriculture over the
past 15 years and sales abroad
in '64-'65 amounted to \$6.3 billion.
While the value of exports may
be up only moderately in 1966,

McHaney expects the volume
to increase by four or five per-
cent. Larger exports are ex-
pected for Texas feed grains
and wheat but smaller for cot-
ton.

Cotton farmers, he said, will
get much of the increase in
government payments, about \$1
billion, to offset the income ef-
fect from the reduction in price-
support loan rates to competi-
tive world price levels. Some
increase to wheat farmers will
result from the new legislation
and the new Cropland Adjust-
ment program will also add to
increased farm income in 1966.

The economist expects pro-
duction expenses to continue
their upward trend and to offset
much of the indicated gain in
gross farm income. Prices paid
for commodities, interest, taxes,
and wages are expected to in-
crease but the rise will be less

than the increase from 1964-65.
Net income per farm in the
nation in 1965 is now estimated
at over \$4,000—10 percent above
1964 and 40 percent above 1960
and the best in over a decade.
With the continuing decline in
farm numbers and farm peo-
ple, per farm and per capita in-
comes of farmers should reach
new highs in 1966.

The total value of farm as-
sets continue to rise with most
of the increase due to higher
farm real estate values. Farm
debts rose sharply in 1965 and
will probably increase more in
1966, but the dollar increase
in debt will be much less than
gains in farm assets, the econ-
omist said.

And finally, McHaney said
farm equities rose in 1965 and
prospects are good for a fur-
ther improvement in the finan-
cial position of farmers in the
year ahead.

Christian Church Missionary Society Holds Meeting

The Ladies' Christian Missionary Society of the Haskell Christian Church held their January meeting in the home of Mrs. Lynn Pace Jr. The meeting was opened with prayer by the president, Mrs. Travis Clifton. The ladies joined in singing two songs. They also read responsively, the True Vine and the Branches from John 15:1-12.

Mrs. Royce Wood presented the lesson on What the Missionary Society is and what it should mean to the individual. The scripture for the lesson was Matt. 28:19-20. The lesson ended with a "Faggot Service." The meeting was dismissed

with the Missionary Benediction. Refreshments were served by the hostess to the following ladies: Mrs. C. O. Holt, Mrs. Edna Dunton, Mrs. Travis Clifton, Mrs. Stella Glass, Mrs. Helen Dean, Mrs. Virgil Messadors and Mrs. Royce Wood.

Progressive Study Club Will Meet Tonight, Thursday

"Soviet Union... Friend or Foe" will be the theme of the Progressive Study Club meeting tonight, Thurs., Jan. 29, at 7:30 in the Community Room, Haskell National Bank. A panel discussion of Russia today will be given by Mrs. David Middleton, Mrs. A. C. Richardson and Mrs. Bud Lane.

Weinert Matrons Club Elect Officers; Outstanding Members Are Recognized

New officers for the year were elected at a meeting of Weinert Matrons' Club in the home of Mrs. P. F. Weinert. Theme of the program was "Be Enthusiastic in Local Clubwork." Roll call was answered with "number of years I have been a club member."

New officers are: President, Mrs. E. W. Raynes; first vice-president, Mrs. M. W. Phemister; 2nd vice-president, Mrs. H. W. Smith; secretary, Mrs. Russell Rainey; treasurer, Mrs. H. W. Libes; parliamentarian, Mrs. Fred Monke; Mrs. W. B. Guess and Mrs. Henry Vojvodica were elected to the Executive Board.

The Diamond Jubilee of the General Federation of Women's Clubs was emphasized. Mrs. M. W. Phemister recognized the three outstanding club women of the Weinert Matrons' Club, and announced the number of years they have been in the club and the offices they have held as follows: Mrs. P. F. Weinert, 43 years, and held offices 21 of those years; Mrs. Fred Monke, 22 years and held offices 17 years; Mrs. J. W. Libes, 31 years and held offices 12 of those years.

Mrs. Phemister outlined some of the "good points" on Federation and read a poem, "Touch Shoulders With You." Mrs. W. A. King read the scripture and Mrs. Russell Rainey gave the collect.

Refreshments were served by the hostess, Mrs. H. W. Smith. The club will meet today, Thursday, January 29, in the home of Mrs. H. W. Libes.

Mrs. Joyce Davis Reads Mattson H. D. Club

The Mattson Home Demonstration Club held its monthly meeting in the school lunchroom with 10 members present.

Mrs. Elton Klose was acting president in the place of Mrs. Joe Davis. The meeting was called to order and a devotional was given by Mrs. Charlie Campbell with roll call following. Each member answered with their new year's resolution. Minutes of the previous meeting were read by Mrs. W. R. Hager, Jr., secretary.

The new yearbooks were presented and committees were appointed and written in the books. Names were drawn for secret pals for 1966. These are to be revealed at the December meeting of this year.

The February meeting will be given by County Home Demonstration Agent, Mrs. Barbara Elliott, who will speak on "The Art of Making Friends." Meeting time will be 2:30 p. m. in the Mattson school lunchroom on Tuesday, Feb. 1. All women interested in home demonstration work are invited.

Officers for this year are: President, Mrs. Joyce Davis; vice-president, Mrs. Ruth Ann Klose; secretary-treasurer, Mrs. Joyce Hager; reporter, Mrs. Janice Stewart; council delegate, Mrs. Eureka Campbell; alternate, Mrs. Hazel Smith.

Haskell Chapter of Young Homemakers Experience Many Firsts At Convention

Haskell Chapter of Young Homemakers returned from the State Convention after accomplishing many first experiences. The major first experience was the honor of seeing and hearing Governor John Connally, who spoke at the joint luncheon for Young Homemakers and Young Farmers.

The Fun-Night program sponsored by the Haskell Chapter was another first. It was a first for the State Convention and it was so well accepted that it may become an annual event of the convention. It was also a first for the women attending from the Haskell Chapter, because it was the first time they performed before a group as large as 150 people. Mrs. Jimmy Browning was mistress of ceremonies; Mrs. Jon Jameson, Mrs. Jimmy Hannsz, Mrs. Bob Greenroy, Mrs. W. H. McBroom, and Mrs. Chris Hager opened the entertainment with a song concerning YHT written by their advisor, Mrs. W. P. McCollum. Another crowd pleaser was a skit titled "The Candy Shop," presented by Mrs. Ronnie Brooker, Mrs. McCollum, Mrs. Hager and Mrs. Hannsz. Helping on the program was the Kerrville Chapter of Young Homemakers who gave a Mock Fashion Show which was a take-off on regular fashions. The Jacksonville Chapter lead the group in "The Missing Cat" game, awarding a prize for the winner. The Fun-Night programs were printed for the Haskell Chapter courtesy of West Texas Utilities.

Other firsts experienced by the Haskell delegation were a tour of the Capitol and a side trip to Johnson City where the ladies visited the Boyhood home of President Johnson and drove by the "Little White House" of Texas, the ranch home of the Lyndon B. Johnsons.

Voting Delegates Voting delegates from the Haskell Chapter to the State Convention of the Young Homemakers of Texas were Mrs. Bob Greenroy, local secretary and Mrs. Jimmy Browning, local president. Others attending from Haskell were Mrs. W. P. McCollum, advisor, Mrs. Jimmy Hannsz, Mrs. Chris Hager, Mrs. Ronnie Brooker, Mrs. Jon Jamison and Mrs. W. H. McBroom.

One of the most interesting talks given during the convention was by Mrs. Margaret Annis, speech therapist at the University of Texas, who spoke on the importance of "Communication in the Heart of the Home." She outlined four points of communication as being speaking, listening, reading and writing. She ended with the idea that the important things the mothers present should give their children were a happy childhood and an education.

The Saturday morning session was highlighted with the election and installation of officers. Mrs. Joy Lynn Lester from Gonzales was elected new state president. Mrs. Wanda Cleveland from Abilene was installed as state vice president, representing Area IV of which the Haskell Chapter is part of. Outgoing president was Mrs. Ray Joiner of the DeLeon Chapter, who has visited Haskell and was installing officer at the past August Banquet.

NEW SPRING "UNDERCOVER" FASHIONS

Bright new ideas and colors mark the new undercover fashions for the young and others young at heart, says Mrs. Lynn Parks Stiles, Extension consumer education specialist at Texas A&M University. Three new shapes have been designed especially for current fashions. All three are found in the liveliest prints and colors possible.

For the shortened skirts this spring, there is a new super short slip, measuring 18 inches long. It is layered in very sheer tulle and printed with bright spring flowers.

Hip-hugging skirts need hip-hugging slips, and a second new style in slips does just that. One model of the new low-slung slip is attached to its own pair of bikini underpants. This new slip is fashioned out of gay stripes and lace. Combined with its matching bra, it is a truly bright addition to any wardrobe.

A new version of the bra slip is called the combination slip. This one, chemise-length and empire-shaped, is embroidered with white cotton.

Center Point Club Committees Are Named

The Center Point H. D. Club met in the home of Mrs. J. A. Cain, Thursday, Jan. 14 with the president, Mrs. O. W. Whitaker presiding. Programs for the new year were discussed during the business session.

Mrs. Whitaker named the following committees to serve during the new year: Program: Mrs. Julia Gibson. Finance: Mrs. Emma Bland. Alternates: Mrs. Patterson and Mrs. Smith.

Exhibit: Mrs. Doris Hannz. Expansion: Responsibility of each member. Recreation: Mrs. W. E. Johnson.

4-H Chairman: Mrs. Doris Hannz. Refreshments were served to eight members and one visitor.

Happy Birthday Club Officers Are Installed

Honoring Jewel Fagan, "The Happy Birthday Club," met Friday, Jan. 14, at 2:30 p. m. in the home of Mrs. H. D. Bland, with one visitor and 19 members present.

Mrs. Zada Smith presided over the meeting. Songs were led by Sallie Patterson and prayer was offered by Doris Hannz.

Officers for 1966 were installed as follows: President, Zada Smith; vice-president, Eva Pearsey; secretary-treasurer, Allene Wheatley; reporter, Sallie Patterson.

Various committees were appointed and reports were given. Doris Hannz announced that cards will be sent. Resolutions were made to sponsor a helpful project each month. Each member will sponsor the program on her birthday.

Secret pals were drawn and will be revealed in April. The Birthday Song was sung to Jewel Fagan. Janie Whiteker was in charge of recreation.

Refreshments were served to the visitor, Mrs. Mark Hannz, and members Mrs. Eva Cain, Doris Hannz, Emma Bland, Allene Wheatley, Zada Smith, Jewel Fagan, Sallie Patterson, Janie Whiteker, Sue Peavy and the hostess, Mrs. Bland.

The club will meet with Eva Cain the second Friday in February and will honor Sue Peavy.

Exciting news from FRIGIDAIRE ELECTRI-CLEAN OVEN!

From dirty... to clean AUTOMATICALLY

Q. What about safety features?
A. As soon as the temperature rises above broiling heat, oven double-locks itself. It can not be re-opened until the temperature returns to conventional oven heat. Frigidaire uses extra insulation and its electrical system and high heat process are UL approved.

Q. How expensive is it to operate?
A. This full-size oven cleans itself for about the price of a cup of coffee—much less than the cleaning cost of special chemical oven cleaners.

This unique Frigidaire Range may seem too good to be true. But, true and you may see it at your nearest WTU showroom.

PROSPECTS FOR LIVESTOCK PRICES FOR 1966 LOOK BRIGHT

Prospects for livestock prices for the year ahead are bright. Ed Uvacek, livestock marketing specialist at Texas A&M University, says lower cattle numbers, a smaller calf crop, and a reduced slaughter level should hold fed cattle and feeder calf prices above 1965 levels.

He adds that 1966 may well be one of the most profitable years since the early 1950's for sheep and lamb producers.

The specialist believes hog prices during the first half of 1966 will again establish new highs. A large production expansion of the spring pig crop could provide an over-correction on the number of hogs and force price levels during the last half of 1966 to levels slightly below those of last year.

Uvacek says the inventory count of cattle and calves on farms on January 1st is expected to be down about 1 1/2 million head from a year ago. He believes herd liquidation to continue through 1966 but at a slower rate, thus reducing the number still further on next January 1st. This, he adds, may well be the end of liquidation and the start of another build-up phase for a new cycle.

LETTERS TO THE EDITOR

In behalf of the officers and members of the Texas Safety Association, I want to thank you for your cooperation in presenting the case for safety to the people of Texas during the past year.

I especially want to commend you for your news coverage during holiday periods. We firmly believe that without the support of the media that the holiday death tolls in our state would be much higher.

During the recent Christmas-New Year's 10-day holiday period, 145 persons died accidentally in Texas. The traffic toll was held below the estimate. It was estimated that 110 persons would be killed in holiday traffic. The toll was 93.

It appears that the public education program in the area of traffic safety were effective. However, there were more persons killed in other types of accidents than expected. It was estimated that 42 persons would be killed in non-transport accidents. The toll was 52. A preliminary review of fatality reports indicates this increase was related to deaths associated with fires.

Each year over 6,200 persons are being killed accidentally in Texas. And, as our state grows and prospers, accident prevention problems can be expected to grow also. The need for creating a public awareness of all types of accident hazards remains a challenge.

We urge you to continue your current support of accident prevention programs and to expand your efforts to meet the needs of our rapidly growing state.

Thank you again for your cooperation... "For A Safer Texas."

Sincerely yours,
J. O. Musick,
General Manager

don't gamble with...

Taking a chance with your health is never a good idea. This is especially true when you stake your well-being against influenza — a disease that can sweep through the population in a matter of days. The odds are that there will be increased flu this winter. The U. S.

Surgeon General's office has advised influenza immunization for all Americans, noting the fact that flu epidemics generally run in two-to-three-year cycles and that the last major U. S. epidemic occurred in the winter of 1962.

Certainly, such avoidable winter sickness is one "jackpot" that nobody wants. One way to beat the flu is timely use of influenza vaccine.

Flu shots, according to the Surgeon General's warning, are especially important for persons over 45; persons who suffer from chronic illnesses; and persons who reside under crowded living conditions. These groups are the ones likely to lose the most by gambling against influenza. Flu can and does cause death.

During the 1962 epidemic, 57,000 deaths in the United States were attributable to influenza or its complications. The worst death toll in this century, however, was in 1917-18, when more than half a million Americans died as a result of influenza during a worldwide epidemic.

This is why it is wise to protect your health — the greatest wealth you possess. Doctors stress that natural immunity plus widespread use of flu vaccine can stop a serious flu epidemic before it gets started. Therefore, your best health bet is flu immunization — NOW. Be a winter winner! Don't wager your well-being in a game where the payoff could mean serious illness or worse.

CHEVY PICKUPS RIDE SMOOTHLY

... A BIG REASON WHY THEY'RE LIKED BEST!

Smooth ride is one big reason why Chevy is America's most popular pickup. You get true independent front suspension; front wheels that step lightly over bumps. And most models provide big coil springs at all four wheels to soak up the jolts. You get a ride that's ideal for camper duty as well as work... a tough suspension proved over the past 5 years on rugged jobs. Try a smooth-riding 1966 pickup at your Chevrolet dealer's.

Talk to your Chevrolet dealer about any type of truck.

TAX MAN SAM SEZ:

A lot of folks make New Year's Resolutions. Taxpayers usually make April 15 resolutions—File early next year. If you made a resolution to file early last year, there is no better time than right now to get started. Early filing helps you to avoid mistakes and gives you time to double check your figures.

Magnifying glasses now available at The Haskell Free Press.

VA Questions And Answers

Q—My neighbor, a disabled veteran receiving monthly disability payments, received an income questionnaire from VA; his payments would be stopped if he did not report his annual income. I am receiving disability compensation payments, but have never received the questionnaire. Should I file a report of income, anyway?

A—Your neighbor evidently received monthly "pension" payments for a non-service-connected disability. You are receiving "compensation" payments for a service-connected disability which is not affected by your other income. You do not have to file a report.

Q—I receive a non-service connected disability pension from the VA amounting to \$80 per month. If I no longer live with my wife will I lose any of my pension, and if so, how much?

A—If you and your wife live apart and you are contributing to her support, your pension payment will not change. If you

and your wife live apart and you do not contribute to her support, you will be considered a single person—without dependents—and your maximum income could then not exceed \$1800 per year. Your exact pension will depend on your individual income.

Q—I am a veteran of World War II with a 50 percent service-connected disability. I have four minor children but I have never notified the VA about the fourth child since I thought the VA would pay nothing extra for children beyond the first three. Now a friend of mine has told me VA will pay additional compensation for any number of children. Is this true?

A—Yes, but this additional compensation for dependents is paid only where the disability is evaluated at 50 percent or more. It is always wise to inform the VA of changes in dependency status. Send a copy of the birth certificate of your fourth child along with your inquiry to the VA regional office.

NEW CLOSING TIME

We are now closing our shop at

But will continue to serve meals at the usual time—

Breakfast

Beginning at 6:00 A. M. and

Lunch

at 11:00 A. M.

Look—we aren't kidding.

For a few dollars a month more, you could be driving a Chrysler:

Make	Wheelbase	Overall Length	V-8 Engine Cubic Inch Displacement	Base Monthly Payments	Difference Per Month
CHRYSLER NEWPORT	124"	219.0"	383	\$65.80	—
FORD GALAXIE 500	119"	210.0"	289	\$58.32	\$7.48
CHEVROLET IMPALA	119"	213.2"	283	\$58.45	\$7.35

BASIS OF COMPARISON—All models are two-door hardtops equipped with V-8 engine, automatic transmission, power steering, power brakes, radio and heater. Monthly payments have been computed on manufacturer's suggested retail price, 15 down and 36 monthly payments. Not included are the extras you pay for on practically any new car: whitewall tires, deluxe wheel covers, destination charges, state and local taxes, interest, insurance, and licensing fees.

The hard facts are all in the chart. You can practically pay the price of a Chrysler and get a lot less car all the way around. Or, you can come in and move up to the Chrysler class for far less money than most people suspect. Confidentially, which choice makes the most sense to you, a little car or a full-size Chrysler?

CHRYSLER'S 5-YEAR/50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY WITH THIS COVERAGE Chrysler Corporation warrants for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business, without charge for required parts and labor, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutches), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of its 1966 automobiles, provided the owner has the engine oil changed every 3 months or 4,000 miles, whichever comes first, the oil filter replaced every second oil change and the carburetor air filter cleaned every 6 months and replaced every 2 years, and every 6 months furnishes to such a dealer evidence of performance of the required service, and requests the dealer to certify (1) receipt of such evidence and (2) the car's then current mileage.

First Drawing Friday In Ramada Inn Fun-Filled Week-End Contest

Participating Haskell business firms will hold the first drawing tomorrow, Friday, Jan. 21st, the winner of which will be their entry into the main drawing for the Ramada Inn Week-end.

One preliminary winner will be drawn each week at participating stores. These winners from each store will then be placed in the final drawing that week...with a new contest each week.

All you have to do is register with the following firms: Smitty's Auto Store, Gilmore Implement, Wooten Oil Company, Oates Drug, Renfro Grocery, Super-Save, Coffield's Department Store, M&F Pharmacy, Kennedy Lumber Company, Gwen's Arts & Crafts.

Winning families may choose from a long list of participating Ramada Inns located in the southwest, as the site for their free weekend.

The contest is being sponsored by the Ramada Inns of America in cooperation with the Haskell Free Press, and the above named Haskell merchants.

You may win a "Ramada Inn Weekend" by simply registering at any of the participating firms. A new weekend is given away each week. You may register as often as you please at any of the listed firms you happen to visit...with one registration per visit.

The weekend package includes luxury accommodations Friday and Saturday nights. The finest food in the Ramada tradition, starting with breakfast Saturday morning, through Sunday dinner. Full use of the Ramada Inns facilities, such as swimming pool, private club, shuffleboard and play ground area. Winning families to include both parents and up to three unmarried children. Transportation is not furnished.

CAGE RESULTS

RULE RIPS GOREE
Rule's Bobcats won their 8th straight District 12-B basketball game defeating the Goree Wildcats 70-48 at Rule Friday night. In the girls' game, Rule downed Goree 54-33.

Leading scorers for Rule in the boys' game were Paul Cornelias with 27 points, followed by Larry LeFevre with 23. Mark Martin led Goree with 16.

In the girls' game, Beth Simpson scored 31 points to lead Rule while Goree was led by Marsha Birkenfield with 15.

OLD GLORY OUTLASTS O'BRIEN BULLDOGS
The Old Glory Pirates managed to stay within one game of the lead in District 12-B at O'Brien Friday night by handing the Bulldogs a 69-24 shellacking behind the 19-point scoring binge of Marvin Vahlenkamp. Old Glory is 7-1 in loop.

"A CHURCH IN THE HEART OF HASKELL FOR THE HEARTS OF THE PEOPLE"

HAPPINESS IS—BEING ALIVE! Kent and Kristie Johnson, children of Mr. and Mrs. Ralph Johnson of Houston, chat with the 1966 Texas Heart Fund Chairman, Lt. Governor Preston R. Smith. Both children are happy, healthy and alive today because of corrective heart surgery made possible through research carried out by Heart Associations with funds voluntarily contributed by the people of Texas. Kent and Kristie represent the many quiet victories being won daily through research in the battle against America's 20th Century Heart Epidemic—Diseases of the Heart and Blood Vessels. The annual Heart Fund Drive is held each February.

Food And Freedom

Ousting Khrushchev hasn't solved Russia's severe agricultural problem. The Soviets have plenty of farmers, but not enough food. Bureaucratic planning is no match for America's unique Agribusiness system.

The average Russian family spends over half its income for food—and gets a drab diet. Americans spend less than 1% of each disposable dollar on food—and choose from an infinite variety.

Good farming is a link in America's Agribusiness chain. But our bountiful food supply also depends on imaginative research, modern machinery, feeds, chemicals and fertilizers, transportation, processing, packaging and retail distribution.

Farm-City Week, which culminates on Thanksgiving Day each year, spotlights the mutual interests of farm and city people. America's vital food supply depends on 22 million Agribusiness workers—two-thirds of them city dwellers.

Colonel Holcomb Is Selected For Special Award

Lieutenant Colonel Albert L. Holcomb, son of Mrs. Annie L. Pritchett of Haskell, has been awarded the U. S. Air Force Outstanding Supply Officer Certificate at Maxwell AFB, Ala.

Colonel Holcomb was selected for his commendable duty performance in connection with Air Force supply responsibilities.

The Air Force Chief of Staff each year names selected supply officers to receive the special award.

The colonel is a member of the Air University which conducts professional military education programs for officers and administers the Air Force Reserve Training Corps program.

Colonel Holcomb, a graduate of Haskell High School, attended the University of Maryland. His wife, Joyce, is the daughter of L. L. Holloway of 501 Powers St., Waco.

HOME FINANCING FACTS

What's the largest single investment you'll probably ever make? For many families, it's buying a house.

Consider carefully the many factors involved in home financing—and avoid the pitfalls, suggest Mrs. Laura J. Russell, Texas A&M University area Extension specialist in housing and home furnishings, and Jack Jenkins, area Extension farm management specialist, located at Denton.

The two specialists emphasize that during the last decade, the average cost of new homes has increased about 50 per cent. Higher prices account for some of the increase, but higher incomes have led to larger houses, improved materials and more and better mechanical equipment.

Research shows that enclosed space costs range from about \$9 to \$20 or more per sq. ft. Costs vary according to location, size, type and quality of house. Other cost factors are the kind and amount of mechanical equipment, as well as such items as garages, tiled bathrooms, paved terraces, landscaping.

Builders houses — or those constructed in large numbers at one time — cost less than custom-designed, individually-built houses. Land costs vary as much as that of the buildings. Lot value is directly proportional to the desirability of the location and the size of the building site. Before buying a building site, it's a good idea to have an architect check the adaptability of the size for the plan, excavations, retaining walls and drainage—all of which add extra expense.

Lot investment in many areas accounts for about 18 per cent of the cost of the house, compared with only about 10 per cent a few years ago.

Additional home financing facts for families are contained in the new Extension publication, B-1034, "Know Your Home Financing," written by Mrs. Russell and Jenkins. You may obtain copies at your County Extension Service office.

Mack Earles Statement To Voters Prec. 4

I would appreciate any consideration that the voters might give me in the coming race for Commissioner in Prec. 4.

If elected, I will be your full time commissioner, for I have no farming or ranching interests. My job will be to serve the people of this precinct to their best interests.

I was born in Haskell County and have lived here the greater part of my life. I bought my home in Precinct 4 about five years ago.

I have been employed by Precinct 3 for the last five years. Prior to that I was employed by Paint Creek School for ten years.

I shall try to contact each individual that you might learn more of my qualifications. If elected, I will serve the people of Precinct 4 to the best of my ability.

Thank you for your consideration.

Franklin Serving Aboard Destroyer USS Sproston

Seaman Apprentice Ernest Franklin, USN, son of Ernest Franklin, of Haskell, is serving aboard the Destroyer USS Sproston, currently in transit to the South China Sea for operations with the Seventh Fleet.

Operating out of Pearl Harbor, Hawaii, Sproston had conducted local training operations in Hawaiian waters, prior to departing for Pearl Harbor for fleet operations.

Also A Teacher
After graduation from North Texas State College in 1912, Odell served as superintendent of schools at Jayton and was a summer teacher at the old Stamford College, now McMurry College in Abilene.

Recalling his school days at the University of Texas where he received his law degree in 1920, Odell said, "I had J. Frank Dobie for an English teacher." Talking about the renowned writer, the attorney added, "He was one of the smartest men in the University."

Odell has been active in church work at First Methodist Church, Lubbock, only recently retiring as teacher of 50-50 Sunday School Class. He has also worked with the Boy Scouts and has been an active member of the Lions Club.
