## Red Cross Drive to Open Here March 1st

### C. Evans Local Chairman

#### Quota \$3,500.00

The campaign to raise funds for the Red Cross will start in Burkburnett next Monday, according to I. C. Evans, chairman. The needs for the Red Cross are greater now than ever before, contrary to popular belief. There are now about as many Red Cross chapters overseas as last year. The work of that organization in the States has increased many times over in the past few years. Last year only 40 per cent of the county quota stayed here in the county. This year, due to the increase in Home Service, 70 per cent stays in the county. Last month over 500 packages were handled in Wichita by the Red Cross Home Service.

I. C. Evans announces the following workers will help with the drive: James A. Johnson, A. Wiggins, Lowery Minor, J. Britton, Manila Franks, M. Green, F. M. McMurtry, Brady, Geo. McClarty, A. L. Pease, Chas. Boyd, Bill Bean, Preston, Bill Parr, C. A. Jan, L. F. Freeman, C. T. C. O. Walling, Jingle, Jess Hagerman, Aubrey, R. A. Lincoln, Orin Hoff, C. J. Good and Miss Dolyn Farris.

### BETWEEN THE DEADLINES

(by H. C. D.)

Too often the fellow who carries the rabbit's foot doesn't do anything to deserve good luck. A Danish proverb says that kind words don't wear out the tongue. And all too often unkind words don't wear out the tongue as fast as they should. A week or two ago a school boy was up town and became ill. A woman who saw the boy vomiting spread the word that he was a drunken sot. The boy's mother was hurt by the untruthful statement and assures us her boy has never been guilty of an act to put him in such unfavorable class.

Mrs. Artie Whitesides is thinking seriously of selling her car and taking to the air. Not long ago she took an airplane ride and says as surely as the car replaced the horse, the air plane will replace the car. The most unnecessary person at a wedding seems to be the bride groom, from reading reports of weddings. All brides are lovely. The articles say so. Not one word is mentioned about the poor groom, so he must be too ugly for words. The bride wears a beautiful gown, described to the last stitch in the hem with 23 adjectives standard for describing all wedding gowns. And for all we know the bride groom is standing there unnoticed, barefooted and shivering in his shorts. The least they could do is tell us the groom also wore clothes. And they tell us all brides are accomplished. Well, they certainly haven't accomplished much when they drag a fellow to the altar who doesn't deserve more mention than they give him. The bride makes a change after the wedding to her going away frock. It is perfect in every detail down to the nails in her shoes, which are matched brass tacks, 1 1/2 inch long, spaced 1-4 inch around the heels. The bride carries carantions, chrysanthemums, talisman roses, etc., and it is presumed the groom must be carrying onion blossoms sprinkled with skunk water. Although the groom is sometimes permitting to accompany the bride on the honeymoon, we don't know whether he wears khakis, blue jeans or long handles, or whether he just tags along like he was when they got married.

### Burk Ladies Want Action On Strikes

The Womens Society of Christian Service of the Methodist Church has gone on record to urge representatives in Washington to lend their support toward immediate legislation to end strikes. Petitions bearing signatures of the members have been mailed to Congressman Ed Gossett and Senators Tom Connally and Lee O'Daniel.

### Central Christian Church Has Buffet Supper, Feb. 13th

A buffet supper was held at the Central Christian Church, Wednesday, Feb. 13, with most of the members and several new friends in attendance. Mrs. Bob Kearns was in charge of both food and entertainment. There was an abundance of good food with fried chicken the main dish. The entertaining contests which followed the meal were climaxed with a fun provoking quiz contest. Bob Kearns was the capable Master of Ceremonies.

### S/SGT. JESSIE BILLS RETURNING TO STATES

S/Sgt. Jesse Bills, husband of Mrs. Mary Bills, of 611, 5th St., is one of many Army veterans returning to the States aboard the U. S. S. Drew, an attack transport of the "Magic Carpet" fleet. This ship left Saipan Jan. 30, and is scheduled to arrive in San Pedro about Feb. 13. The U. S. S. Drew is one of the attack transports which, with cargo ships and landing craft, maintained continuous supply lines to fighting forces across the Pacific.

### First Baptist Church

Sunday School, 9:45. Preaching services, 11. Training Union, 6:30. Preaching Services, 7:30. With our attendance in the Sunday School quite a bit over the 300 mark and a good crowd for preaching services last Sunday we still have a good coverage. This Sunday the pastor will speak on "The Well-Pleasing Son" for the Sunday morning hour. This Sunday will mark the last of February. Only three more Sundays until our revival will begin. March the 20th-31st. Rev. R. E. Day, of Hillsboro is to lead us in this meeting. We should begin now working to make this the very best revival we have ever had. Brother Bod Day, is one of our very best pastor-evangelists in Texas. Let's keep the date in mind, March 20th through 31st. The rain Sunday night took its toll from the Training Union. However, we can make up for that attendance this Sunday night. Lets go over the 140 mark—we can—but will we?—This depends upon you. Welcome to all of our services Pastor.

### SENIOR NEWS

Last week all seniors were requested to sign their names in the office as they wanted them on their diplomas. No wonder some of our middle names are deep dark secrets. How about that, Arbit and Eula? There were some very greatly disappointed seniors Thursday, because after all, the snow did melt and we didn't have an excuse to stay out of school. Our boys ended their last conference game Friday night. Beverly Perry was at the game Friday night in Wichita. Beverly was a senior here till she moved to Yukon, Okla.

### Donald Suttles Dismissed From Hospital

Donald Suttles, son of Mr. and Mrs. J. A. Suttles, who has been a patient in a Wichita Falls Hospital since January 21, is now at home. Though still confined to his bed for several more weeks he is getting along nicely.

### Rotary Observes 41st Anniversary

On Feb. 23, 1905, the first Rotary club in the world was organized in Chicago by Paul P. Harris, a young lawyer, who suggested the idea of a group of his friends and with them organized a club which was called the Rotary Club, because their first meetings were held in rotation, in the offices of the various members.

Today there are Rotary clubs in 66 nations, with a total membership of 260,000. During the past six months 209 new Rotary clubs were organized in 20 different countries. The general objectives of Rotary clubs in every country are pretty much the same—the development of fellowship and understanding among the business and professional men in the community, the promotion of community-betterment, and the advancement of international understanding, good will and peace. The local Rotary club was organized November 1, 1922, and now has 29 members. The first president of the club was Blake Grennell.

### Grace Lutheran Church

America's number one sin, the transgression of powerful countries, is ingratitude to God, the refusal to recognize Him—Him as the beginning and end of national and individual deliverance.

The worst delusion that can grip us in these days of post-war prosperity is the thought that this country does not need the Lord of hosts, the fatal error that the United States is so rich and resourceful that God can stay where He is, since we, the masters of our fate, can take care of ourselves. May the almighty and merciful God lead us to recognize the imperative need of divine guidance and strength in our national course!

Give God a chance in your life. Go to church next Sunday. Calendar

Sunday School at Town Hall, 9:45 A. M. Morning Service at Town Hall, 11 A. M. Evening worship, 7 P. M. Walthor topic study and social meeting on Wednesday night at 7:30 P. M. Adult instruction classes on Monday, Tuesday and Friday night. Grace Lutheran Church welcomes you.

### Jimmy Brookman In Naval Service

Jimmy Brookman, son of Mr. and Mrs. Fred Brookman of Waco, Texas, has been in the Navy for only a few weeks, taking training at San Diego, Calif. He is just past 18, and writes for the Burk Star: Dear Uncle John: Excuse the pencil, for I am in a hurry. What is everybody and the weather doing around Burkburnett? The weather here is beautiful and the country is lovely. We get up at 4:30 each morning and go like a wind-storm all day. We clean up and drill the rest of the day. Hear them calling for me so I better go. Tell everybody hello, and send me the Burk Star.

### Football Schedule Of Burk Bulldogs

This year the Burkburnett High School Bulldogs are entering football competition after being without a team for three years. The following schedule will be observed in District 12-A competition: Sept. 20—Open date. Want Home Game Sept. 27—Burk at Nocona. Oct. 4—Valley View at Burk. Oct. 11—Burk at Seymour. Oct. 18—Burk at Chillicothe. Oct. 25—Archer City at Burk. Nov. 1—Burk at Iowa Park. Nov. 8—Crowell at Burk. Nov. 15—Burk at Olney. Nov. 22—Open. Nov. 28—Holiday at Burk.

### Rotary Club

To George Schneider goes the credit for last Tuesday's program. In the absence of George McClarty, I. C. Evans introduced Mrs. Cliff Deaton, Executive secretary for Wichita County Red Cross, who in turn introduced Elmer F. Kraemer who is with the American Red Cross. Mr. Kraemer, who is a very able speaker, told the Rotarians about the work of the Red Cross in the Pacific Theatre during the recent war with Japan. He pointed out the necessity of maintaining the Red Cross, not only during war, but in peace time. Next Tuesday the program will be in charge of P. A. Wiggins. Alvin Hill and George McClarty visited the Rotary Club in Wichita Falls to hear Dr. Rister of the University of Oklahoma, who was the featured speaker.

### Is Your Blood Typed?

The fire boys need some help from blood donors. Frequently a call comes for a blood donor of a certain type and sometimes it takes several hours to find a person with the requested type. If you have had your blood typed, please call Dick Chambers at the city hall and leave the information with him.

### Burk Man Discharged After Three Years Service

S/Sgt. Harvey Brock arrived home Thursday following his discharge last week. He has spent 33 months in the Army, 8 months of which was spent overseas in the Pacific Theatre.

Mrs. Brock and their two children have lived in Burk while he has been in the service.

Jessie Pogue and Jo Ann Duncan of Wichita Falls attended the Youths conference in that city last week-end.

T/Sgt. and Mrs. Robert W. Weaver and son Gary left this week for Pittsburg, Pa., to visit with Mr. Weavers' parents. Mrs. Weaver and son have been living on E. College while her husband served in the Pacific.

Mrs. Gladys McEntire received word last Wednesday from her son W. T. McEntire SM3/c, who has been serving in the Navy for two years, that he has landed in San Diego, Calif., and would soon get his discharge. W. T. is the grandson of Mr. and Mrs. W. D. Peyton of Burkburnett. M/Sgt. Henry E. Thomas, wife and daughter, Judith Kay have gone to Flint, Michigan, to visit with Mr. Thomas' parents. Mrs. Thomas and Judith Kay have been with her parents, Mr. and Mrs. Lester Coats at 633 E. Main while the Sgt. was in the East Indies.

### Contributions To Fire Truck Fund

When word got around the fire boys needed a new fire truck, donations started coming in. Here are the first ones: Fire Dept. \$253 LaSalle Pet. Corp. \$100 W. A. Roberts \$25 Frank Kelley \$25 O. C. Wills \$50 C. J. Brannan \$25

### AIR PORT GOSSIP

New student flyers are Brock Preston, Jr., Cecil Foster and two soldiers from Sheppard Field.

Jim Pirtle soloed a few weeks ago and did a very good job of it, too.

George flew the new Aeronca Champion, in from Fort Worth recently.

Curley flew "Baldy" to California, to see his parents, and sold her while there.

Mr. Harris, with Vaughn and Taylor, flew to Alva, Oklahoma, and Muskogee, Oklahoma on two different occasions with George, hunting for Government Surplus equipment. They finally located it at camp Gruber.

Two passengers at a time may now ride in the Cub Cruiser, just recently overhauled and relicensed. This ship has two way radio and is equipped for night flying which we will do when the weather is warmer.

We have leased and obtained C. A. A. designation for a field at Marlow, Okla. We will develop this field this summer.

A few sheets of iron have been found, however, there is still a 65 square shortage. As soon as it is found Roy Goodwin of Industrial Motor Works, Wichita Falls will put in a shop and repair station.

The lounge and living quarters for George and Curley has been completed at the airport. There is also a public rest room.

Visitors flying in recently were Harry Creel, Pvt. Yeager, LeRoy Reed and Andy Thomas, W. E. Rankin and wife, Douglas Roberts and Mr. Wallum and passenger.

Doc Sullivan finally broke down and flew a little since the new ship arrived.

R. J. and Edward Story were home recently and flew quite a lot. Kathryn Johnson, home on a visit has been flying also. Walter Fleming from Byers, feeling well again has been flying some.

Two Burkburnett boys discharged from the Navy separation center at Norman were: Volus Lynn Bowman, RM2/c, who has spent 20 months overseas in both the Pacific and European theatres. His last duty station was P. C. 1080. His last duty station was Pearl Harbor, who spent 24 months in the Pacific.

Mrs. J. M. Pogue left Wednesday for Huntsville to visit with her niece, Mrs. Westmoreland. Later she will meet Misses Jeanie Pogue and Jo Ann Duncan of Wichita Falls in Dallas for the week-end.

### NEW EQUIPMENT FOR FIGHTING RURAL FIRES

The Burkburnett Volunteer Fire Department has, at numerous times heretofore, attempted to arrange with the Commissioners of our precinct, to purchase some needed fire fighting equipment to be used for fighting fires outside of the city limits. Commissioner Holman finally determined that it is not legal for the Commissioners' Court to appropriate money for such purpose unless the entire county is to be included in the service to be rendered, and then only in and under certain circumstances, which are not considered feasible by the Fire Department.

The need for more equipment has been keenly felt by the Department for a long time. The reason the public has not realized this great need is that Burkburnett has been fortunate in not having a large fire in some time.

On last Friday night there was a special called meeting of the Burkburnett Volunteer Fire Department to consider means of providing more adequate equipment for fighting fires originating outside the city limits. It was pointed out that such fires as the one that occurred just East of the city the evening before, where a rather large farmhouse, one of the oldest landmarks, was completely destroyed and if such equipment had been available some value might have been saved, whereas, all the fire boys could do was to stand by and watch it burn.

In recent months the City of Burkburnett purchased some fire fighting equipment from the Office of Civilian Defense, valued at \$1,650. Among this equipment is one 500 gallon pumper unit, 350 feet of 1 1/2 inch hose, some 800 feet of 2 1/2 inch hose, ladders, ax, pike poles, and other essential equipment that could be used in connection with a rural fire fighting unit as well as for inside city use.

It was decided by the firemen at this called meeting to donate \$100.00, which was recently received from the M. K. & T. Railroad Co., as a volunteer donation after the local department had saved their bridge just north of the city from destruction by fire, and to add to this the receipts from cashing out \$200.00 par value of Series War Bonds, which were purchased by the Department in 1942 from funds derived from a carnival sponsored by them, to a fund for the purchase of a new truck chassis and cab to be used for the purpose of mounting the aforementioned equipment on. This sum is now deposited in the First National Bank in Burkburnett in a fund marked Fire Truck Fund, to be used for such purchase.

It will take not less than \$2,000 to purchase the truck and pay for mounting the present equipment. The Volunteer Fire Department is starting the fund with \$253.00 donation and is asking the general public to send in \$1,750 to complete the fund. Send your donations to the First National Bank in Burkburnett for deposit to the Fire Truck Fund, and do it right at the moment you read this.

Your property may be the next to be endangered by fire and if no equipment is available for fighting the fire you may be forced to join the fire boys in watching it burn, otherwise there will be help when help is needed. The Fire Department is strictly volunteer. The boys do not receive one cent for their services. All they ask is that they be furnished equipment to work with.

Please remember that the equipment now in use by the city is only supposed to be used

## George Washington

February 22nd brings again a revival of anecdotes of the George Washington era, of cherry trees, axes and truth, crossing the Delaware, of Constitutional Conventions and landed aristocracy. As Father of His Country, George Washington will remain a symbol of free government. As first President, he, a Britisher, fought tyranny and hated despotism. To overcome these forces he made his name forever famous through the success of the Revolutionary War. His championing of a cause was no easier than Lincoln's, for the country was new and untried, the enemy the most powerful nation of that time. For independence the colonies won the war to guarantee and protect their rights and convictions. Always does man have a fight for right when right should always be the torch to carry. Today we battle for the heritage Washington left us and it will be ever so.

## What They Want

After the First World War, the wisecracks guessed that those boys whose education in college and university, had been interrupted in study, would return home with no desire to continue their courses since they had just faced death and hard facts. The supposition was that they had nothing to learn from a professor. It did not prove to be the case nor is it now as institutions of learning are crowded to capacity, housing facilities for students so muddled that married veterans are unable to find quarters for families while they attend school. Such of us in Burkburnett who wonder why the returning veteran is so anxious to re-

turn to college can hear the answer from the men themselves. They believe that education is more necessary than ever before to maintain or obtain the standard of living to which the average American is accustomed. They have seen that higher education of the individual places the country in a dominate position, as well. The student has a deep appreciation of the moral, spiritual value to be gained through higher education, tho he may be reluctant to tell you so.

The men who study the trend of present discontent among the citizenry, find that it isn't the returned veteran, who is young and lively, who is filled with a discontent that demands a change and threatens to challenge. The boys have come home to go back to classrooms and humbly learn. Then who is it who is rousing the discontent, stirring standards of social and economic set-ups. The fellow who stayed at home and should not be so bitter and determined, is the one.

## Burkburnett . . . . History

As revealed by the files of the Star 10 years ago.

Ed Gossett, district attorney of Vernon was a visitor in Burkburnett Tuesday night.

Geon Foreman, former teacher in the Burk Schools was a visitor at the Lions Club Tuesday night.

Rev. L. G. Hagar attended the Golden Cross set up meeting of the Methodist church in Dallas Tuesday.

The directors and members of the committees of the Chamber of Commerce elected two new directors to fill the vacancies created by the resignation of John Bostic and W. A. Roberts at the meeting of the organization Friday noon. The meeting was called to complete the drive for funds to run the organization for the year. The new direct-

ors that were elected were Roy Jackson and R. L. Gragg. Both of the new officers are business men in Burk and prominent members of the organization.

Tex Willis, Newell Level, Russell Young, Chester Roberts and Frank Sopher attended the district meeting of Chevrolet Motor Co. in Abilene, Wednesday.

Miss Manilla Milford has been appointed special deputy of the tax collector in Burkburnett. Miss Milford will assist in the drivers and old age application for several days.

R. D. Owens of Burkburnett, accompanied Isaac Wilhoit to Wichita Falls Friday as Mr. Wilhoit was guest of the City papers for application of the old age pension.

**The telephone company reports to those waiting for service**

The telephone company is anxious to bring you the service you've ordered.

Telephone factories are working hard at the tremendous task of catching up with America's backed-up demand for telephone service. (More than 2,000,000 people are waiting throughout the nation.)

In December factories were making telephone instruments at the rate of 230,000 a month. By January 1, in the five states served by this company, about 60,000 of these newly manufactured instruments already had been installed.

But making and installing telephone instruments is only a part of the job of providing service for everybody. We are planning, making, and installing the great volume of switchboards, dial equipment, cable, wire—and even buildings—necessary to make those telephones work.

By the year's end, enough central office equipment to connect 40,000 additional telephones had been made and installed in this company's territory. This is the time-taking part of the job—the apparatus is complicated to make and complicated to install. Equipment for 10,000 telephones must be wired to handle nearly 50 million possible telephone connections. We're pushing this complex job as fast as we can; it will take time, but we're doing our best to take as little time as possible.

Miles and miles of cable to connect telephones with central offices have been put in since the end of the war; and in the last few weeks, by reason of increased supplies of men and material, the rate of installation has doubled.

We have made progress—and every month during the coming year our progress will be still more rapid. Everyone will get service in his proper turn. Your service once ordered, you can be sure that your application is before us; and as soon as the equipment is available to connect your telephone, we will notify you and arrange details for providing your service.

### Texas Gripped By New Crime Wave

Texas is definitely in the grip of a crime wave, Director Homer Garrison of the State Department of Public Safety declared today.

The crime rate in Texas cities and towns, Garrison said, jumped 18 per cent in 1945—and this increase was superimposed upon a substantial increase in the previous year.

Forty-six police departments, representing 1,873,000 inhabitants last year reported a total of 46,898 major offenses to the Department of Public Safety.

That total included 284 murders, a gain of 9.65 per cent; 234 homicides, up 6.48 per cent; 234 rape cases, a gain of 23.16 per cent; 972 robberies, up 20.30 per cent; 10,826 burglaries, a gain of 22.54 per cent; 28,154 thefts, a 15.93 per cent increase; and 6,313 automobile thefts, up 20.11 per cent.

The increase in rural crime will be even greater than in cities, Garrison said.

### COUPLE UNITED IN SIMPLE RITES

Rev. A. C. Graham, pastor of the Calvary Baptist church performed the marriage rites which united Louise Hervey, and Billy R. Magee.

The impressive ceremony was read at the home of the brides parents, Monday evening, Feb. 18, at 6:30, in the presence of the immediate families.

The bride, daughter of Mr. and Mrs. John Hervey of Burkburnett, was smartly attired in a blue dressmaker suit with black accessories.

The groom is the son of Mr. and Mrs. Otis Magee, also of Burkburnett, and is serving with the Army Air Corps.

### Rogers-Schroeder Marriage Is Revealed

The Trinity Lutheran Church in Clara, Texas, was the scene of nuptial rites performed to unite Miss Linda Schroeder of Burkburnett, and Dennis Joe Rogers of Wichita Falls, Sunday, Feb. 17.

Rev. H. Leimer, pastor of the church was the officiant for the service. Double ring vows were recited at 4 o'clock before the altar, which was decorated with an attractive arrangement of gladiolus and fern. Lighted tapers provided the only illumination for the ceremony.

The musical setting was provided by Miss Deloris Kasper, pianist, and Misses Francis Lingman and Adeline Gfeller vocalists. The girls sang "Because" and "I Love You Truly" accompanied by Miss Kasper.

Shirley Rogers was flower girl and Oscar Schroeder Jr., and Fain Kasper were ushers.

Emil Schroeder gave his daughter in marriage. She was lovely in a dress fashioned of white chiffon with lace trim, and her finger tip veil was of net and lace. She carried a white bible topped with a corsage of gardenias.

Maid of honor for the bride, was the groom's sister, Miss Maxine Rogers, who chose a dress of pale green.

Billie Rogers, brother of the groom was best man.

Mrs. Rogers is the daughter of Mr. and Mrs. Emil Schroeder, and is well known in Burkburnett and the Clara community. She graduated from the Burkburnett high school in 1943.

Mr. Rogers has made his home in Wichita Falls since 1931. He has recently returned from overseas where he served with the 36th division.

Following the wedding, a reception was held in the home of the brides parents. The wedding cake and other refreshments were served by the brides sisters, Misses Juanita and Lorene Schroeder, who also secured signatures for the brides book.

The reception preceded the departure of the bride and groom for a trip to California. They expect to make their home in Wichita Falls.

### CAMP FIRE GIRLS HAVE VALENTINE PARTY, FEB. 11th

**CONSERVING AMERICAN SOIL**—Conserving America's farm soil is a big challenge these days, because depleted farm lands are less productive and the crops have less nutritive value. The first step in combating soil depletion is restoring fertility by spreading solid and fluid manure on the fields by means of the fluid manure spreader. The importance of this process was recognized at International Harvester Company's field demonstration of postwar machines at Hinsdale, Illinois, recently. In this picture the McCormick-Deering fluid manure spreader is being drawn by the Farmall-M tractor.

WEEKLY NEWS ANALYSIS

Seek to Avert Mass Starvation In Europe; New Wage-Price Plan Seen as Spur to Production

Released by Western Newspaper Union

EDITOR'S NOTE: While opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

WORLD RELIEF: Need Great

In calling upon the American people to pull in their belts and get along on a smaller and less varied diet of meat, cheese, evaporated milk, ice cream, margarine, salad dressing and beverages, President Truman declared that the threat of starvation overseas was greater today than at any other time in history.

While Americans have been consuming about 2,300 calories per person, he said, more than 125 million people in Europe will have to subsist on less than 1,000 calories a day. 25 million will receive less than 1,500 calories a day, and large groups will get as little as 1,000 calories.

In shaping a nine-point program to enable this country to meet relief requirements overseas, the administration placed emphasis upon conservation of dwindling wheat supplies to assure fulfillment of export goals of 220 million bushels.

No less than 25 million bushels of wheat were expected to be saved during the first half of 1946 by raising the quantity of flour produced from a bushel of wheat to 80 per cent. As a result, more dark bread will be made. Another 20 million bushels of grain are to be conserved by discontinuing the use of wheat in the direct production of alcohol and beer and limiting the use of other grains for beverage alcohol to five days' consumption per month.

WAR CRIMINAL: No Reprieve

Having been convicted by an American military commission for countenancing atrocities in the Philippines, Gen. Tomoyuki Yamashita's life rested in the hands of President Truman after the Supreme court had validated his trial and Gen. Douglas MacArthur refused to mitigate the sentence.

As the President considered clemency there was resentment in Japanese circles over MacArthur's orders that Yamashita be stripped of his uniform, decorations and other army accessories in being hanged. Declaring that Yamashita was an adherent of the ancient Samurai warrior tradition, Nipponese general said he was entitled to a soldier's rather than a common criminal's death.

In ordering Yamashita's hanging in disgrace, MacArthur asserted that the Jap had dishonored the military profession by countenancing troop rapacities instead of insisting upon their protection of the weak, whether friend or foe. Scolding the Japanese sack of Manila, MacArthur compared the destruction with American respect for the city in 1942 despite its impending loss.

CONGRESS: Labor Curb

Despite quick house action in passing the drastic Case bill with its restrictive labor legislation, the senate was expected to proceed more slowly in considering the measure.

Holding their lines solidly throughout the week-long debate on the bill, a coalition of Republicans and conservative Democrats beat down all efforts to take the teeth out of the legislation by modifying provisions or eliminating all enabling clauses to reduce the measure to a mere declaration of policy.

While liberals assailed the bill as one of the most vicious anti-strike laws to come before congress, proponents clung fast to provisions setting up a mediation board to consider disputes; requiring 30-day cool-

HONEY OUTPUT: Liquor Revenue Up

Totaling 233,070,000 pounds, honey production in 1945 topped 1944 output by 23 per cent and was 19 per cent above the 1939-44 average. While boosting production, beekeepers also enjoyed higher prices resulting from the sugar shortage, an increase in the packing of one-pound and five-pound containers to take advantage of higher ceilings, and a rise in retail sales.

FULL EMPLOYMENT. Water Bill

With Democrats and Republicans alike expressing agreement, the house passed a diluted version of an administration-backed "full employment" bill that would have committed the government to providing jobs for all.

As finally framed by a house-senate conference committee and pushed through congress, the new bill sets up a council of three economic advisers delegated to prepare annual reports on levels of employment, production and purchasing power and draw up a program for correcting maladjustments. A congressional committee of seven will then act upon the recommendations.

In typical comment on the measure, Rep. Mansueti (Dem., Ala.) declared that it was high time congress announced an unwillingness to continue deficit spending except in extreme emergencies, and Rep. Judd (Rep., Minn.) said the bill could do no harm and may do good.

LABOR: Bloody Outbreak

Murder charges were filed against four armed guards of the Toledo, Peoria and Western railroad following an altercation between employees of the company and pickets near a siding at Gridley, Ill., in which two strikers were killed and three others wounded.

Climaxing the T.P.W.'s tempestuous labor relations with the railroad brotherhoods, the bloody affair developed after the company had run its first train over its eastern division since the union walkout last October. At that time, the government had returned the T.P.W. to its owners following its wartime operation of the strategic 236 mile line after taking over the property in 1942. Seizure resulted from T.P.W. President G. P. McNear's refusal to arbitrate a dispute.

Having followed the train along a paralleling highway, about 25 pickets parked their cars close to a siding in Gridley and moved toward a nearby switch which the four armed guards approached to "throw." As the guards and pickets neared each other, shots were fired and the strikers fell. Though it was admitted that the pickets carried rocks, police sought to determine whether any had been armed.

NEAR EAST: Russ Claims

Repeated communist demands for the return of Turkish-held Armenian lands to Russia focused increasing attention on the Near East.

Latest communist appeal for the return of Turkish provinces of Kars and Ardagan to Russia was made by Grigori Arutunov, secretary of the Communist party of Soviet Armenia. In an election speech at Yerevan, played up in Moscow, Arutunov declared that the Armenian people raised the question of regaining the territory ceded to Turkey in 1921 in a border dispute.

In the face of growing Russian pressure for the readjustment of Turkey's mountainous eastern border, and other demands for a strip of Turkey's northern Black sea coast, Istanbul has stood fast against territorial revisions. With the central government announcing its intentions to fight for every inch of ground, nationalist sentiment in the threatened provinces has been fanned to a patriotic pitch.

WORLD COURT: Name American

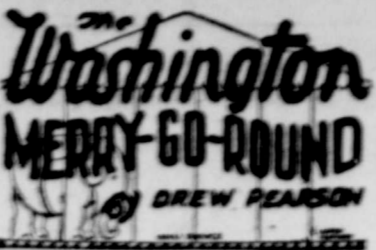

Top legal body of the United Nations Organization, the new International Court of Justice will include one American among its 15 members, Green H. Hackworth of Chevy Chase, Md., being elected to the tribunal.

In supplanting the old world court the new tribunal ranks as the principal organ of UNO for resolving judicial disputes between nations. In addition, the court can be called upon to furnish legal advice to accredited UNO agencies.

A legal adviser to the state department since 1925, Hackworth has participated in many international conferences. Accompanying Secretary of State Hull to Moscow in 1943, he subsequently attended the Dumbarton Oaks and San Francisco conferences. With the U. S. delegation at the London sessions of UNO, Hackworth also is chairman of the United Nations committee of jurists. As a justice on the new court, he will draw \$20,200 annually.

FARM LAND: Sales Drop

A continued rise in farm land values and a moderate decline in the volume of sales were leading developments in the farm real estate market during the year 1944-45, the agriculture department said. For the United States as a whole, land values during World War II (1939-45) increased 50 per cent as compared with a 25 per cent increase during World War I (1914-18).

AMERICA'S OIL TWINS

WASHINGTON — Many senators believe that the confirmation row over charming Ed Pauley as under secretary of the navy has taken on new significance now that Sec. Harold Ickes has offered Ralph Davies the job of under secretary of the interior.

It happens that Davies and Ed Pauley are bosom friends. Both are oil men. Both have followed the policy of "scratch-my-back-I'll-scratch-yours." This is important.

Recently, Secretary Ickes, who has a crusading record for guarding the nation's resources, recommended to President Truman that naval oil reserves be transferred from the navy to the interior department. It was just such a transfer by Albert K. Fall in the Harding administration that resulted in the teapot dome oil scandal.

No motive is attributed to the Ickes proposal except that of safeguarding oil. In fact, some people consider it significant that his proposal happened to coincide, by luck or otherwise, with the nomination of Oil Man Pauley to be under secretary of the navy.

But what senators consider important is that, with Pauley's friend Ralph Davies offered the job of under secretary of the interior, the navy's oil lands, no matter where they are located — in interior or navy — will be partially under Pauley or a friend of his.

Relationship between Davies and Pauley has been extremely close. Davies was executive vice president of Standard Oil of California. Pauley sold him his own independent oil company. Later Pauley brought Davies to Washington, introduced him to Ickes, following which Davies became Ickes' deputy oil administrator. He did a good job.

However, state department officials say he continued to look out for Ed Pauley. When Pauley was trying to lobby his high-octane Mexican gasoline plant through the government, it had to pass the hurdle of Secretary Ickes' petroleum administration. Davies okayed it — not only okayed it, but pushed it vigorously. At first Ickes also gave it his blessing. The state department, however, was vigorously opposed.

Showdown came in a secret session between Ickes, Davies, a Davies aid, and the Assistant Secretary of State Dean Acheson. The full story of this session was never really told at the senate hearing. Acheson opened by giving Ickes a very careful diagnosis of why the Mexican high-octane gasoline plant should not be built by Pauley. He took up point after point, his main argument being that the Mexican government would have to pay such a high price to Pauley that it would sour U. S.-Mexican relations.

After Acheson had finished, Ickes turned to Pauley's friend, Ralph Davies, and asked:

"Why didn't you tell me these things?"

"I didn't know them either," replied the red-faced Davies. Then, turning to his aid, he asked: "Why didn't you tell me these things?"

Ickes immediately reversed himself, threw his weight against Pauley. That is the real inside of how the Pauley octane plant for Mexico was stopped. Davies, of course, is an able, intelligent operator, too intelligent not to have known the main points of the Pauley plan. Pauley is equally able. He would be a good executive almost anywhere. But some senators want to think twice before putting these oil twins near the head of two departments controlling the oil reserves of the nation.

PRESIDENTIAL HUMOR

President Truman has been taking recent criticism in excellent humor. The other day he was talking with a group of friends and said: "Apparently, no matter what I do I'm always in the middle. I say something about Palestine, and the Jews and the Arabs boiler. Labor and capital get in a fight, and I am in the middle. The Russians and the British have an argument, and I am in the middle." Suddenly the President paused, walked over to the door of his office, which connects with that of his secretary, Matthew Connelly, and called out:

"Hey, Matt, where can I buy a copy of Dale Carnegie's 'How to Win Friends and Influence People'?"

SEWING CIRCLE PATTERNS

A Trio of Blouses for Your Sewing Circle

8964 12-42

THREE pretty blouses to add a touch of glamour to your wardrobe. You can have a youthful round neck with gathered or cap sleeves, or a flattering V-neck with short or three quarter sleeves. All button down the back.

Household Hints

Before replacing a broken pitchfork handle or anything similar, boil the end of the new handle for about five minutes. Then the fork is easily driven in.

Even an old funnel can be glamorous. Paint it to match your kitchen color scheme and hang it on the wall as a holder for a ball of twine.

To restore the gloss of dark furs, rub lightly with a brush which has been dipped in brilliantine.

The envelope type of purse can be made of felt. This is a suggestion especially for children's purses. They, too, may be decorated with yarn or with small figures or designs cut from felt of contrasting colors.

## Burk Schools To Observe Holiday

Burkburnett schools will observe Friday, February 22, as a holiday. Regular school work will be resumed Monday, February 25th.

School Census to begin March 4th.

The annual school census for the Burkburnett Independent School District will begin March 4, and continue through the month. The cooperation of parents in enumerating every boy and girl in the district between the ages of 6 and 17 inclusive as of September 1, 1946, is urged. The regular school census will be taken in the school March 4, and during the latter part of March, the teachers will make a house to house census for additional students of school age.

## Service Men Back With United Gas

Separation centers are now turning out former United Gas employes at the rate of approximately twenty per week, according to an announcement this week by N. C. McGowen, of Shreveport, president of the United Gas system.

After "sweating out" an extreme shortage of experienced personnel through the war, United is now absorbing former employes as fast as the Army and Navy can release them. More than 15 per cent of all present employes of the United Gas Pipe Line, Union Producing and United Oil Pipe Line companies are veterans of World War, II Mr. McGowen said.

In a report released by the companies' personnel department last week, it was shown that a total of 1,020 employes of those companies have served in the Army, Navy and other services. According to the report, 480 of these have returned from military service and are now back on the payroll, 305 are still in service, and a number have not yet reclaimed their former jobs. It was also noted that there are 27 gold stars on the companies' service plaque in Shreveport. It has been United's policy to provide a job for every former

sas, born Feb. 7th, 1946.

Johnny Harlan, Navy, son of Mr. and Mrs. T. O. Harlan, who has been in service in the Pacific area, has received his discharge, and will assist his father on the farm. Mr. T. O. Harlan, in his car, was struck by a car occupied by several negroes from Wichita Falls week ago last Sunday night one half mile south of Devol. It seems no one was hurt but Mr. Harlan's car was quite badly damaged.

Visiting with Mr. and Mrs. Oles Stofor Sunday evening were Major Nicholl of Lawton; their three daughters and grandchildren, Mrs. Clara Reynolds and her daughter Sally, Lawton; Mrs. Zala Dodson and son Joe Bill Dodson, and Miss Aileen Stofor, Burkburnett.

The local chapter of the Eastern Star entertained the District Deputy, Jessie Duncan and her husband of Weatherford, Monday night. The work of the order was exemplified. Mrs. Duncan's lecture was very helpful as she brought up the changes in the work, and was enjoyed by those present. Refreshments were served by the committee, Mrs. E. Watson, Mrs. K. B. Uthe and Mrs. Lena Hinkle.

Miss Opal Hale, employed at Sheppard Field, spent Sunday with her parents Mr. and Mrs. J. W. Hale.

Visiting in the Frank McClelland home Sunday were Mrs. McClelland's mother, Mrs. L. Baumhardt and her sister, Mrs. Angeline Jones and children of Burkburnett.

In the Methodist Church of Sycamore, Ill. Miss Hortense Faulkner, daughter of Mr. and Mrs. C. H. Wagner, became the bride of Floyd Jenkins, now of Oregon, Ill., formerly of Devol in a setting of beautiful decorations of lighted candles, palms, baskets of gladioli, pink carnations and jonquils.

The double ring ceremony was read by Dr. H. H. Hough in the presence of a large assembly of friends and relatives. Preceding the ceremony Miss Mabel Rote rendered a group of nuptial selections; also accompanying the guest soloist in "Because" and "O Perfect Day". The Lord's Prayer was softly rendered during the ceremony.

The attractive bride was radiant in her wedding gown of ivory satin with seed pearl trim and fashioned with full train. Her long veil, caught with a coronet of seed pearls was lovely with its inserts of lace insets of heart design. The bride's only ornament was a three strand pearl bracelet, a gift of the groom. Mrs. T. L. Faulkner, sister-in-law of the bride, attended as maid of honor. Her formal gown was of delicate green and her bouquet comprised of deep pink roses. The three bridesmaids were formally attired in gowns of pastel colors, yellow, blue and pink, with headresses of colors corresponding to their respective bouquets.

The groom, wearing the conventional black with white tie, was attended by Mr. Lee Piper, Oregon, Ill., as best man. Mrs. Wagner chose for her daughter's wedding a green attire with sequin trim and a corsage of pink blossoms.

A reception for 75 guests in the parlors of the church followed the ceremony. The pastel colors were artistically used in the table setting. The young couple departed on a week's wedding trip, after which they will return to Oregon to make their home, as the groom is employed by the Soil Conservation Service of that city.

For traveling the bride wore a smart dark blue suit with fuchsia accessories. Mrs. Jenkins has been employed for the past three

years at the Interstate Aircraft and at the Wurlitzer Co. She has for several years been active in Sunday School work in the local church. Mr. Jenkins, son of Mr. and Mrs. E. L. Jenkins of Devol, Okla., spent the greater part of his life in this community and is well known here. He finished high school, and had one year of college work at Sacramento, Calif. He entered service 4 1/2 years ago, and served overseas with Army Intelligence Division of the Infantry.

Mrs. Jenkins was honored with a number of lovely prenuptial shower parties, and was the recipient of many beautiful and practical gifts.

for fighting fires inside the city limits, since the tax payers of this city own the equipment and the State Fire Insurance Commission only anticipates its use for fighting fires inside the city limits. The proposed equipment if and when purchased, may be used anywhere within a reasonable distance in this area. Of course it will be under the strict supervision of the City and the Volunteer Fire Dept. You have seen this department in action and will agree that the boys go about their business in a very efficient manner.

It is also proposed by the department to attempt to organize and train auxiliary departments in outlying districts in order that there may be sufficient manpower to fight any fire that may occur in the area. These men who volunteer their services in the outlying areas should receive special training in the use of the equipment as well as instructions on how various types of fires should be fought.

Our local firemen are just finishing a special school conducted by Carl Williams of Kilgore, who is working under the Extension Service of A. & M. College.

Members taking this course will receive certificates as to proficiency in this work. Men are giving of their efforts after work hours in order to be better equipped to your property.
