WEDNESDAY—

Choir Practice, 7 P. M. Prayer Meeting, 8 P. M. These are the regular services of the Methodist Church, but the church will operate on a seven day week basis. The hour of the night won't matter if any person needs the services of this church. If there are those who have lost their way, or found their burdens too heavy to bear, they can find refuge by knocking at the door. Remember the words of the Lord Jesus: "Come unto me, all ye that labour and are heavy laden, and I will give you rest."

Mr. and Mrs. Fred Cunningham and daughter of Fort Worth visited Mrs. Minnie Blum last week-end.

Donald Brookman and Keith Jones were visitors in Marlow, Oklahoma, Wednesday. Keith is home on leave from the Navy.

AMERICAN RED CROSS

Well aware of the achievement record of the American Red Cross, to give a listing of its activities in war and peace, tell a story of its devotion to humanity of all races, creeds, colors, is but to repeat a universally accepted procedure of gallant service. The ARC has carried a heavy load during war to build and to sustain their accomplishments have been extolled by practically every soldier. And so in peace, when disaster brings trouble, the Red Cross brings relief. There is scarcely a section in this vast land where its help has not given courage. It is an honor to be a member of such an organization and every American should be enrolled.

ASK YOUR CHILD

Asked their opinion of 'Children's Rights' a group of three girls and three boys, 9-13 years of age, voiced themselves on the use of whipping as a measure of punishment. One said that using the rod doesn't keep a child as unspoiled as it does to make him unhappy. Another suggested a good talking or lecture on goodness would be effective, while a third felt hitting was unwise but a sound spanking might do the trick. The children agreed that they had responsibilities as working in the home with girls doing cleaning jobs and boys the heavy work. But they feel they have certain rights as selection of friends and clothes and how to use their allowances. Local parents may get some helpful suggestions from this forum of six youngsters. Correction of children has been a topic for argumentation in Burk Burnett for a number of years.

Burk Burnett . . . History

As revealed by the files of the Star 10 years ago.

Mr. and Mrs. Fred Brookman, Velta and Jim Tom visited in Dallas and Fort Worth, attending the Fat Stock Show in Fort Worth over the week-end.

Henry Grace visited in Austin, Texas, last week, as a special representative of the dealers of the district in a conference with state officials.

Matthew Tucker of Texas University visited with his parents Mr. and Mrs. M. C. Tucker during the week-end.

B. F. Gilchrist was re-elected as president of the Burk Burnett soft ball association at the meet-

ing of the league members at the City Hall, Tuesday night. The members also elected Ray Hill vice-president and Glenn Howard, secretary-treasurer.

Miss Mildred Kemp was chosen to reign as queen-royal of the Burk Burnett football team in a hotly contested race last week, and Miss Marilyn Harwell ran a close second. The queen-elect is the daughter of Mayor and Mrs. Oscar Kemp. She will take the throne that will be vacated by her sister, Miss Lucille Kemp at the first home game next fall.

Miss Novena Gore is visiting her sister in Seymour this week.

Notice of Election

Be it ordered by the Board of Trustees of Burk Burnett Independent School District that an election be held at City Hall, in the town of Burk Burnett in said Burk Burnett School District on the 6th day of April, 1946, for the purpose of electing seven School Trustees for said Burk Burnett School District.

Mr. W. A. Roberts is hereby appointed manager of said election and he shall select two judges and two clerks to assist him in holding the same, and said election shall be held in the manner prescribed by law for holding other elections.

The returns of said election shall be made to the Board of Trustees of said Independent School District in accordance with law.

A copy of this order signed by the president and attested by the secretary of this board shall serve as proper notice of said election, and the president shall cause notice of said election to be given in accordance with law.

In testimony whereof witness the signature of the President and Secretary of said Burk Burnett Independent School District and the seal thereto hereunder affixed this 7th day of March, 1946.

Henry Prinzing, President, Burk Burnett Independent School District.

Attest:
D. F. Douglas, Secretary.

Well, Can't a Young Lady Have Dreams?
She was pretty and ambitious and had studied the matrimonial problem to a nicety.

"Yes, I suppose I shall marry eventually," she said, "but the only kind of masculine nuisance that will suit me must be tall and dark with classical features. He must be brave, yet gentle. He must be strong — a lion among men, but a knight among women."

That evening a bow-legged, lath-framed, chinless youth, wearing flannel bags and smoking a cigarette that smelt worse than a burning boot, rattled on the back door and the girl knocked four tumblers and a cut glass dish off the sideboard in her haste to let him in.

Locket Circle Meets Monday

The Lockett Circle of the Thrift Baptist Church met Monday afternoon in the home of Mrs. L. W. Forqueran. The meeting opened with prayer by Mrs. L. A. Hodges, followed with a devotional given by Mrs. Forqueran.

The Circle started on a new mission book "From Pentecost to Patmos" of which the first chapter was given by our mission chairman, Mrs. George Hodges. Mrs. Willis closed the meeting with prayer.

Refreshments were served by the hostess to Mesdames Hodges, Hofacket, Strait, Clay, Turnbow, Willis, Owen, Rogers, Mathews and Geo. Hodges.

John Andrews left last week for Houston to join the Marines.

A Quilted Robe Saves Bond Money

Chinese influence is suggested in the shirtband collar and deep armholes of this quilted satin robe. In American Beauty rayon quilted with warm Aralac, the robe makes a cozy accompaniment to pajamas of turquoise blue. Make at home to save for Victory Bonds.

Mrs. Thaxton Hostess To BWC March 19th

The B. W. C. meeting with Mrs. Thaxton Tuesday night opened their meeting by singing "Revive Us Again" and seasons of prayers for the Revival.

Mrs. Thaxton had charge of the business session, after which Mrs. Minick brought a book review on "Home Missions in the New World." Mrs. Douglas dismissed with prayer.

Refreshments were served to Mesdames Pauline Evans, Wilma Douglas, Jo Brookman, Wattenbarger, Amy Moore, Allyne Fields, King W. A. Minick, Misses Bessie McKnight, Jewel Reed and the hostess, Mrs. Thaxton.

G. T. England Jr., left Wednesday night for San Diego, Calif. where he will take his "Boot training" in the Navy.

Mrs. John Campbell of Jacksboro, and Miss Mabel Gladden of Post Oak, visited with their sister, Mrs. C. C. Gilbert this week.

Mr. and Mrs. O. L. Clark returned home after spending the winter in Fayetteville, Ark. They stopped over in Grand Island, Neb., and were accompanied home by their daughter, Mrs. J. V. Lilly for a few weeks visit.

Mary Martha Class Has Social

The Mary Martha Sunday School class met Tuesday night March 12 in their class room in the First Baptist Church for their regular social.

Mrs. Mills presided over the business session and Mrs. A. E. Harrison gave the devotional. Several Irish selections were given by Christine and Vivian Suttles, accompanied by Mamie Browning. Entertainment for the evening carried out the St. Patrick theme.

CIRCLE NO. 4 HAS BIBLE STUDY

Circle No. 4 met with Mrs. Wid Phillips Monday, March 18, for Bible study. The meeting opened with the song, "More About Jesus," followed with a prayer.

Mrs. Houser opened the business meeting with reports from the different committees. Several calls had been made on the sick and cards were sent to several. After urging the Circle members to attend and invite the lost to attend the revival, Mrs. Houser turned the meeting to Mrs. Harrison who conducted a very interesting Bible study covering the first 27 chapters of Exodus. There were two visitors and 10 members present.

Sgt. Jewell Reynolds is visiting with her parents, Mr. and Mrs. A. M. Reynolds.

U. S. Treasury Department

Joe Dodson, Bkr. 3/c, arrived home Thursday night after receiving his discharge from the Navy at San Pedro, Calif. He has been stationed in San Diego in the Commissary Dept. for the past two years. Before entering the service he was employed by the Grayson's Bakery in Wichita Falls. His wife and son made their home in Burk while he was in the service.

Mrs. Glass and Mrs. Clyde Peed left Sunday for Waco to attend the Rebekah Grand Lodge.

Mr. and Mrs. Woody of Bur visited with the C. M. Arns and the Clifford Dodsons week-end.

Mrs. J. B. Wooten and daughter Miss Kate Kendall Wooten of Arab, Alabama, are visiting this week with Mrs. Wooten's sister, Mrs. I. D. Russell. Mrs. Wooten is home on terminal leave from the Army Nurse Corps.

Joe Coats of Sweetwater, Texas, visited Sunday with his parents, Mr. and Mrs. Lester Coats.

FARM FACTS
WORTH KNOWING

- Q. Are weed seeds normally long-lived?
A. It is hard to believe, but nevertheless true, that weed seeds may produce plants as long as forty years after the seeds ripened. For this reason, the fight against weeds must be continuous and unrelenting.
- Q. What causes some turkeys to develop a crop which is excessively long, flabby, and pendulous?
A. A pendulous crop may be due to heredity, to climatic conditions, or both. Gorging water after going without it during hot, dry periods, or the consumption of coarse dry grass or other high fibrous materials are contributing factors.
- Q. How much does it cost the farmer for each pig that dies?
A. Considering the feed cost to be 2 cents per pound, the U. S. Department of Agriculture estimates that the money-loss for a dead pig is as follows:
Pig dead at birth \$2.80
Pig dead at weaning 5.20
Pig dead 8 weeks after weaning 7.20
Adding the cost of labor and overhead, the cost of each dead pig reaches an even higher total. Fortunately, scientific management and sanitation practices have substantially reduced losses from cholera and other preventable diseases.
- Q. Does the feeding of wheat germ oil boost the fertility of dairy bulls?
A. No; this conclusion was reached after extensive research at the Research Farm of Purina Mills in 1936, and has since been confirmed by work done at Cornell University.
- Q. Does the presence of large and numerous "milk veins" in the udder of a cow indicate that she will be a heavy milk producer?
A. Probably not, says the U. S. Department of Agriculture. These external veins assist in carrying blood away from, and not to, the udder. Moreover, the internal veins are apparently large enough to return all the blood from the udder.
- Send your questions about any phase of farm management to FARM FACTS, 835 South Eighth Street, St. Louis 2, Mo. Questions will be answered without charge, either by mail or in this column, as a service of this newspaper.

Mrs. John Enderli Entertains Home Demonstration Club

The Hardin Home Demonstration Club met Wednesday, March 13, at the home of Mrs. John Enderli, with Mrs. F. W. Farley as co-hostess. Mrs. A. A. Everett, president, was in charge of the meeting.
Plans were made and discussed for the district convention to be held at Seymour, April 10. Miss Bessie McKnight, County Council delegate, gave an interesting report of the Wichita County Council. Mrs. Harold Crommett gave a demonstration on ar-

range of flowers.
An auction sale provided the recreation for the afternoon, with Mrs. G. W. Counter as auctioneer.
Refreshments were served to Mesdames A. R. Allen, S. E. Askins, Fred Bundges, G. W. Counter, N. T. Crane, John Enderli, A. A. Everett, Farley, Hamilton, Lepley, O'Bannon, Simmons, E. J. Muller, J. E. Muller, Fred Minick, M. R. Hewell, Crommitt E. E. Martin, H. L. Martin, Peede and Miss Bessie McKnight, and two visitors, Mrs. W. A. Minick and Mrs. W. C. Nolen.
Miss Kathryn Sands, County Agent will be present for a demonstration, when the club meets

March 27, at the home of Mrs. May Blanner, with Mrs. Simmons as co-hostess.
Mr. and Mrs. O. J. Ensey visited in Graham Sunday with Mrs. Ensey's sister, Mrs. J. H. White, who is ill. Mrs. White is a former resident of Burk.
Mrs. Eva Hash has returned from Jacksboro where she has spent two months with her daughter and family.
George Schmidt left Friday for Greensboro, N. C., where he is stationed with the army, after spending a few days enroute with his mother.

Household Hints

To keep uncooked meat in a refrigerator, place it in a dry dish with a loose-fitting lid; cooked meat should be covered tightly to prevent drying.

The sponge method is ever best for washing handbags made of plastics or washable coated fabrics.

The easiest way to season a plain hot vegetable in addition to salt and pepper is to add meat drippings or melted fat. Add just before serving.

If the inside of your aluminum kettle becomes discolored, fill with a mild vinegar solution and boil for a few minutes. Wash afterward with soap and water and rinse well with clear water.

When boiling rice, add a teaspoon of lemon juice to a quart of water. It will make the rice white and the grains will be separated when it is boiled.

Vitamin C may be lost during thawing — so start frozen foods cooking while they're still frozen.

Prepared mustard and finely chopped sour pickles added to highly seasoned mayonnaise makes a perfect spread for frankfurters and hamburgers.

Kidneys Must Work Well

For You To Feel Well 24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

DOANS PILLS

Some of the strongest opposition to the President's "dark bread" order is coming from an unexpected quarter — spaghetti manufacturers. Spaghetti, macaroni and noodles are made from semolina, a gritty flour made, in turn, from durum wheat. Semolina millers, as well as spaghetti makers, are up in arms about the "dark bread" order, declaring it will drive them out of business. A number of semolina mills have filed an exception.

The Washington MERRY-GO-ROUND

DREW PEARSON

HERBERT HOOVER HESITATED

WASHINGTON. — Secretary of Agriculture Clinton Anderson had a hard time at first persuading Herbert Hoover to come to Washington for the food conference. Anderson caught the ex-President at Key West, Fla., where he was fishing.

"I've promised my family for seven years to take them fishing," Hoover told the secretary of agriculture, "and now at last here I am."

Anderson, however, emphasized the urgency of the food crisis. "We need your experience and advice, Mr. President," he said. "You can go back to your fishing immediately afterward. But this is a time when your country needs you."

Hoover finally consented to come. BRICKBATS WIN ELECTIONS

Two of the bitterest opponents on the house floor and in the interstate commerce committee are Representatives Clarence Brown, conservative Republican of Blanchester, Ohio, and Vito Marcantonio, American Laborite of New York City. Off the floor, however, the two respect each other's ability and get along well.

Sitting in the house lobby the other day they smilingly concluded an agreement which will probably never be carried out.

They were talking about campaign expenses, when Brown proposed: "Vito, I've got a suggestion. Why don't we both cut our campaign expenses to the bone? Here's how to do it:

"You go into my district and make three speeches against me. Call me a reactionary Hooverite, an isolationist, an economic royalist — and anything else you can think of. That'll elect me.

"Then I'll go into your district and make three speeches. I'll call you a Red, a Dago, a new dealer and an anti-Rankinist.

"With the proper literature about you in my district and the proper literature about me in your district, both of us are a cinch for re-election when we do that."

Marcantonio agreed that the idea had merit, and they shook hands on it.

NAZIS REMAIN IN GERMANY

A secret report on failure to denazify Germany has been made to the war department, but is considered so shocking that it probably will be destroyed. It is now in the office of Brig. Gen. Frank A. Meade.

The report shows complete failure to clean out high-ranking Nazis. It also shows a surprising number of so-called German "laborers" who have secretaries and stenographers assigned to them.

This is one of the latest dodges to get around the employment of Nazis by the American army. According to army rules, no former Nazi can be employed in any job more important than that of a "laborer." Result is that many Nazis are used in important jobs, but listed on the books as "laborers." That is why they are assigned secretaries and stenographers.

These "common laborers" are then put in charge of important manufacturing plants. The report now in the hands of the war department was made by the public safety and inspection division of military government. It may never see the light of day.

HOW WYATT DID IT

If there were more men like Housing Expediter Wilson Wyatt around, President Truman would have easier sailing. The other day in Chicago, Wyatt was guest speaker at a banquet of the National Association of Home Builders, 3,200 strong, all hostile, all prepared to boo at the man who proposed revolutionary building reforms in order to complete 3,000,000 homes in two years.

As Wyatt arose, the atmosphere was charged with hostility. However, he told stories, explained his program, made no antagonistic statements.

"If you gentlemen are against this program, then you don't understand it," Wyatt said. "It's my fault for not making it clear."

After 45 minutes, having won over a considerable part of the audience, he stopped. Then for 45 minutes more he answered questions. Every inch of the way he fought for his program of low-cost housing for veterans.

Finally, when he finished, every builder in the huge dining room rose to his feet and cheered.

NOW WHITE SPAGHETTI

Some of the strongest opposition to the President's "dark bread" order is coming from an unexpected quarter — spaghetti manufacturers. Spaghetti, macaroni and noodles are made from semolina, a gritty flour made, in turn, from durum wheat. Semolina millers, as well as spaghetti makers, are up in arms about the "dark bread" order, declaring it will drive them out of business. A number of semolina mills have filed an exception.

WEEKLY NEWS ANALYSIS

U. S. Cracks Down on Russia; British Loan Called Trade Aid; Modify Emergency Housing Bill

Released by Western Newspaper Union.

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

DIPLOMACY: Crack Down

First evidence of a stiffening of U. S. policy toward Russia was contained in the state department's warning that this country could not remain indifferent to the Reds' refusal to withdraw from Iran in accordance with an agreement made in 1942 and reaffirmed at Teheran.

Oil-rich, Iran has been prominent in the news since its northwestern province of Azerbaijan moved for local self-rule and Russian troops prevented efforts of the central government to quell the revolt. During negotiations between Russia and Iran for withdrawal of Red forces from the country, Moscow was said to have pressed for oil concessions, held exclusively by the U. S. and Britain.

While the state department's note to Russia emphasized that this country could not sit idly by while tri-partite agreements affecting another nation's sovereignty were broken, it urged the Reds to retire to promote the confidence necessary for fostering world peace.

Having pressed the Russians on the Iranian situation, the state department followed with another protest to Moscow over the Reds' looting of Japanese industries in Manchuria and their efforts to set up a joint Russian-Sino economic role over the province to the exclusion of other nations.

BRITISH LOAN: Called Aid

Declaring that the alternative to lending financial assistance to Britain was a postwar economic dogfight, the administration opened its fight for the 3 1/2 billion dollar loan to the United Kingdom with Secretary of the Treasury Vinson and Assistant Secretary of State Clayton endorsing the advance before the senate banking and currency committee.

Vinson and Clayton presented parallel testimony to the solons, asserting that if Britain were unable to obtain dollars with which to buy

goods, she would tighten up her exchange regulations and conserve her resources for careful trading bloc. The result would be a return to high tariffs, sanctions and other restrictions which bogged trade prior to World War II and spurred the development of totalitarian economy.

Disclosing that the U. S. had turned down a Russian bid for a six billion dollar loan, Vinson told the senators the administration did not contemplate direct loans to other nations. However, money will be advanced to foreign countries through the Export-Import bank, set up before the war to stimulate trade and possessing limited loaning power of 3 1/2 billion dollars.

HOUSING: Emergency Bill

Though balking against imposition of ceilings on old houses and payment of 600 million dollars in subsidies to building material manufacturers to step up the flow of supplies, the house approved an emergency housing bill giving the government broad powers to speed low-cost residential construction.

Pushed through by a coalition of Republicans and southern Democrats, the bill gives Housing Expediter Wilson Wyatt independent authority to channel building materials into home construction through priorities until June, 1947; set prices for such materials to increase output, and halt the export of lumber or other scarce supplies.

Other provisions of the measure establish preference for war vets in

the purchase of new dwellings; increase the FHA's resources to insure mortgages of ex-G.I.s by one billion dollars and set ceiling prices on new homes.

BROTHERHOOD: Truman Plea

With former Prime Minister Winston Churchill's plea for a U. S.-British military alliance posing the question of American adoption of the proposal or continued adherence to the United Nations Organization for maintaining world peace, President Truman stood by UNO in an address before the Federal Council of Churches in America at Columbus, Ohio.

Though sponsoring Churchill's speech at Fulton, Mo., Mr. Truman apparently intended to await public reaction to the proposal before taking a position himself. Meanwhile, the President avowed complete support to UNO, declaring that this country expected to defend it and work for its perfection along with the other member nations.

In addressing the 500 delegates, representing 25 million Protestants, Mr. Truman declared that only through the observance of Christian principles could any mechanism for peace be successful. Extending the thought to domestic affairs, he asserted that only through religious fervor could the country develop a social program designed to meet the needs of the mass of people.

In considering the church's position in the postwar world, the council unanimously adopted a resolution condemning any form of racial segregation.

Presenting the resolution, Dr. Henry Sloane Coffin, noted Presbyterian theologian, rapped church organizations themselves for practicing discrimination against Negro and other minority groups. Many church-supported hospitals, schools and theological seminaries were guilty of the offense in varying degrees, he said, and some churches themselves refused to hire people on racial or other grounds.

DENAZIFICATION: Germans Help

To speed the arraignment and trial of between 1,500,000 and 2,000,000 Germans charged with Nazism, U. S. military authorities approved a law promulgated by provincial governments of the American occupation zone providing for prosecution of suspects in local courts.

Applicable to the U. S. zone only, the new procedure is expected to allow rapid disposition of pending cases and removal of much of the uncertainty affecting sectional economy. Germans hope that convicted persons might be substituted for war prisoners presently employed as forced labor by the Allies.

To be tried by anti-Nazi prosecutors and three-man tribunals, defendants will be classified into four broad categories, including major offenders, active promoters of Hitlerism, youthful adherents and nominal party members who joined the movement for business or social convenience. While penalties for major offenders and active promoters include forced labor, confiscation of property and restriction on employment privileges, the other groups would be subject to occupational curbs and fines.

STRIKE: Crisis Brewing

As the CIO-United Automobile Workers strike against General Motors proceeded through its fourth month, pressure grew for settlement of the walkout to avert a crisis resulting from the prolonged idleness of 175,000 production employees.

With the union and management remaining one big cent apart from agreement on wages and both sides indicating no inclination to budge, the city of Detroit appealed to President Truman to personally intervene because the strike was seriously impairing the economic life of the community. To provide funds for growing relief applications, the city authorized an appropriation of \$400,000.

Increasing bitterness developed between the UAW and G.M. over the company's refusal to go above its offer of an 18 1/2 cent an hour wage increase or submit the issue of paying 19 1/2 cents to an impartial arbitrator. With the UAW convention scheduled for March 23 to 31, union spokesmen charged that the company hoped to prolong the strike to create dissatisfaction over present officials and open the way for their ouster.

UNEMPLOYMENT:

Despite the fact that several hundred thousand veterans were returning monthly during the last months of 1945, the rise in unemployment was no wise as sharp as expected, according to the Alexander Hamilton Institute. With 830,000 out of work in August, unemployment has shown a steady increase since then due primarily to curtailment of war production following V-J Day. Reconversion has absorbed many of these idle war workers, however.

Japan Again Provides Foreign Outlet for U. S. Cotton

The U. S. is starting to regain an important foreign outlet for raw cotton by means of government export to Japan, which took one-fourth of shipments of the staple before the war. Until private trading, now forbidden for security reasons, is again permitted, the only way of regaining the Japanese market is through government channels.

Under the program now getting under way, Commodity Credit Corporation stocks of cotton will be shipped to a Japanese government agency designated by the supreme commander of the Allied powers in Japan and enough of the textiles manufactured from the cotton will be accepted to reimburse the U. S. in full. Establishment of the supply line will take 200,000 bales of CCC cotton within a month, the department of agriculture reported.

Ingrained Tradition

Though soon to be shorn of powers under new Jap constitution, Hirohito retains reverence of these Jap repatriates, bowing to the ground upon his entrance to their quarters at Kamoi.

JAPAN: New Sun

Emerging over the horizon of a defeated Japan, a new sun arose. It spread the hope and aspiration embodied in the new constitution drawn up after five months of deliberations between American and Nipponese officials.

Endorsed by General MacArthur, Premier Shidehara and Emperor Hirohito himself, the new constitution strips the mikado of all his sovereign power, provides for the free election of two representative houses and assures freedom of thought, press, religion and speech.

Of particular interest was the constitution's prohibition of an army, navy, air force and other war facilities, and the renunciation of the use of force in settlement of international problems. In declaring that Japan was willing to become the first nation to outlaw armaments, Nipponese spokesmen hoped that the rest of the world would accept the same principle and follow the example.

OPA: Ease Price Control

Though price controls were removed from musical instruments and a wide variety of miscellaneous items ranging from ice bowls to bull rings, OPA threatened to restore regulations if retail charges bounded from reasonable levels.

Included in the items freed from price control were such sporting equipment as fishing, archery, skiing, croquet, bowling, baseball, basketball, football, golf and hockey. Though playing uniforms were exempted, control was maintained over shoes because of their general usefulness.

Among the miscellaneous items affected by the OPA action were low-cost kitchen utensils, cowbells, buckets, coffee servers, unglazed flower pots, safety goggles and industrial clothing designed for protection against hazardous occupations. With supplies adequate, price control was temporarily relinquished over phonograph records, electric lamp bulbs, firearms and ammunition.

STEEL: Kaiser Balked

World War II's outstanding entrepreneur, big, burly Henry Kaiser was forced to exercise all of his ingenuity in procuring sheet steel if he was to go ahead with plans for the production of his postwar autos.

Kaiser's difficulties arose over his inability to obtain sheet steel from major producers, who claimed that supplies were limited and preference was being given to established customers. Only two companies considered shipments, Kaiser interests said, but they conditioned their action upon the consent of other firms to deliver material.

Boiling over, Kaiser and Joseph W. Frazer, his auto-making associate, asked the department of justice to investigate the steel companies' action, charging impairment of competition. They also called upon the economic stabilization board to allocate available supplies to users. Though Kaiser operates a steel plant at Fontana, Calif., he has no sheet rolling facilities and installation of such equipment at the government-owned plant he is thinking of buying in Gary, Ind., would cost 25 million dollars.

Improved Uniform International LESSON

Lesson for March 24

A PEOPLE GAINS NATIONAL CONSCIOUSNESS

LESSON TEXT—1 Samuel 7:14, 13-15. MEMORY SELECTION—Obey my voice, and I will be your God, and ye shall be my people; and walk ye in all the ways that I have commanded you, that it may be well unto you.—Jeremiah 7:23.

The most powerful movement for national prosperity is a revival of spiritual Christian living.

Israel had come to the place where the people recognized that they were on the brink of national disaster.

One of the scriptures on revival is II Chronicles 7:14: "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

This is the way of revival and prosperity for America, too. Revival will come when God's people will

I Seek God's Face (vv. 1, 2).

The ark had been out of its proper place for a long time. The ungodly Philistines had it, but they were glad to return it.

The calamities which befell them speak of distress in the heart of an unbeliever when the presence of God is evident.

For a time the ark was in the house of Abinadab, but even there it was not in its rightful place. Samuel moved among the people, pointing them back to God.

This was his first act of public ministry, but behind that public act is the history of a godly life. Such a man can consistently urge others to turn to God.

The response of the people was wholehearted. They were thoroughly sick of their sin and separation from God. The earnest of their sincerity was their obedience to the admonition of Samuel that they

II. Turn From Their Wicked Ways (vv. 3, 4).

Israel had learned from their heathen neighbors to worship their false gods. These they must put away if God was to bless them.

The same prerequisite to spiritual revival exists today. But some may say, "We do not worship heathen gods. One is astonished at the similarity between the ritual of some cults and orders and the ancient religions of heathendom.

The fact is that we have set up many new gods—money, fashion, social position. The command needs to go out again through God's messengers, "Put away the foreign gods."

Now the time had come for God's servant to call the people to

III. Humble Themselves and Pray (vv. 5-8).

Spiritual life thrives on the gathering together of God's people. The crisis in Israel was met by a great convocation of the people. We need to revive the great soul-stirring religious gatherings of a generation ago.

We can get plenty of people together for a football game, but where are the people who should be in our churches?

"I will pray," said Samuel. He was a great intercessor (see I Sam. 15:11; Ps. 99:6; Jer. 15:1). Revival never comes without faithful intercession on the part of those whose hearts are really burdened.

Ask yourself, How much have I prayed for revival? If I should begin to pray in earnest, would not God hear me and answer?

IV. God Will Hear and Forgive (vv. 13-15).

Because his people had sought him in humility and repentance, God forgave and gave them victory. "Behold, the Lord's hand is not shortened, that it cannot save; neither his ear heavy, that it cannot hear" (Isa. 59:1, 2). God saved Israel out of the hands of their enemies. The Philistines, seeing them gathered together to pray, assumed that they were preparing to fight, and they attacked. In the previous battle at that very spot (I Sam. 4:1-10), Israel had fought with weapons of men and been disgracefully defeated. Now they fought with the weapon of prayer and faith in God, and great was the victory.

America is valiantly battling against the social and economic problems of these distressing post-war days, but one fears that all too often the weapons are those of the arm of flesh which will fail us. Let us look up instead of to one another. "God will save us" (v. 8).

There is an inspiring word here for every troubled soul. You may, like Israel, have fallen into sin. Your life may be defeated. You may be utterly discouraged. Return to the Lord, put away sin, gather with God's people, pray, and God will give you victory, even at the very point of former defeat.

Simple Desk Unit To Match Sh...

THIS unit furniture for the dream house is so simple the amateur can make it with simplest hand tools. It has actual-size cutting diagrams and detailed directions are given for the units in this group.

The desk is shown closed at the end unit, A, and a corner unit, E. Unit is made with the same pattern as the desk, in fact, except that the drop front and compartments are omitted. It is possible to construct these units with joinings that require no special tools.

Units A and B are made with 27 1/2" x 36" x 1 1/2" wood with 27 1/2" patterns for 15" and 18" patterns for 25" when making units. Send requests for pattern to: Mrs. Ruth Wyeth Spear, Bedford Hills, N. Y.

**Valta Brookman Bride of
Dennis Michael Voulgaris**

The wedding ceremony at 3 p. m. Sunday, March 17, read to unite Miss Valta Brookman, daughter of Mrs. Fred Brookman, 4201 Memorial Drive, and Dr. Dennis Michael Voulgaris, Rev. Robert Brown, Rector of the St. Joseph's church, performed. Vows were exchanged before an altar upon which were placed white stock and white candles burning in candelabra.

The musical setting was provided by Mrs. Tom Kee at the piano playing the traditional music. She also accompanied Betty Jane Rich who sang "The Lord's Prayer".

old, something new, something borrowed and something blue were all carried out by the bride.

Miss Cole Is Attendant
Maid of honor was Miss Rebecca Cole of Belton. She wore an ice-blue frock featuring a fitted bodice of net over satin, short sleeves and bouffant skirt. Her head-dress was of net caught at one side with a single blossom of pedal pink gladioli and matching the flowers that formed the cascade bouquet with ribbon streamers which completed her costume.

Serving as best man was Mr. J. D. Voulgaris, father of the bridegroom of Houston.

Mrs. Voulgaris is a graduate of the Burkburnett High School and a senior student of the University of Texas School of Nursing in Galveston. Doctor Voulgaris the son of Mr. and Mrs. J. D. Voulgaris, Houston, is a graduate of Rice Institute, Houston and also of the University of Texas Medical Branch, Galveston. He is a member of the Honorary Medical Society, Alpha Omega Alpha. He has just completed interning at Harpers' Hospital in Detroit, Michigan.

The wedding reception was held at the home of the bride's parents Mr. and Mrs. Fred Brookman. Receiving were mothers of the bride and bridegroom, Mrs. Fred Brookman and Mrs. J. D. Voulgaris, the bride and bridegroom and Miss Rebecca Cole.

In charge of the guest register was Miss Jo Ader. Miss Betty Mills presided at the three-tiered wedding cake topped with a miniature bride and groom which was served from a lace covered table. The floral arrangement was served from a lace covered table. The floral arrangement was in the brides chosen color scheme of white flowers and fern were used on the table and the decorations of the living room and dining room. Miss Elizabeth Voulgaris, sister of the bridegroom and Mrs. J. L. Mooring, Aunt of the bride poured from the crystal punch bowl.

The reception preceded the departure of the young couple for a wedding trip to Old Mexico. For travel the bride was smartly attired in a white herring-bone wool suit, with aqua blouse and hat and black patent accessories.

After their trip Dr. and Mrs. Voulgaris will establish residence in Galveston where he will be on the staff of doctors at John Sealy Hospital, Galveston, Texas.

An informal buffet supper was given at the Brookman home Saturday evening for members of the bridal party and guests from out of town for the wedding.

Out-of-town guests for the wedding and the reception were: Miss Ozela Cross, Dallas; Mr. and Mrs. J. D. Voulgaris, Miss Elizabeth Voulgaris, Mr. and Mrs. Briggs, all of Houston; Miss Jo Ader, Port Arthur; Miss Agnes Anderson, Chicago, Ill.; Miss Rebecca Cole, Belton; Mrs. Effie Hall, Dublin; Joe Anthony, Electric; Mrs. Ray Mills, Miss Betty Mills, Burkburnett; and Mrs. J. L. Mooring, Houston.

Rotary Club

Rotary's weekly luncheon was held in the Town Hall last Tuesday. The meeting was opened promptly at 12:15. The visiting Rotarians and guests were introduced by Woody Carter.

President George McClarty introduced Rev. Herbert Minga, pastor of the First Methodist Church, as a new Rotarian. Herbert's classification in the Club will be "Minister."

Burn Alexander, in charge of the program, introduced Major Hammet Vance who was reared in Burkburnett. Major Vance told the Rotarians and guests about his experiences while serving in the Pacific Theatre.

Next Tuesday, Fred Boden will have charge of the program.

Card of Thanks

We are deeply grateful and extend our sincere thanks and appreciation to our many good friends for the kindness shown our dearly beloved husband, father and grandfather, C. T. King, during the long illness, and for the sympathy expressed for us in our great sorrow at the time of his death; for the kind words spoken and the nice food. The beautiful flowers were a tribute to his memory and truly a great consolation to us.

We desire to thank each and everyone who assisted us in any way. With sincere appreciation to all.

**The Truth
ABOUT
HOME BUILDING
In 1946**

**IT'S TIME VETERANS AND ALL
CITIZENS WERE TOLD THE TRUTH
ABOUT THE HOME BUILDING
SITUATION.**

The main bottleneck to home construction is production of materials and equipment.

No legislation, Presidential announcement, government control plan, or system can produce a single additional home until production of material is speeded up.

Lumber Dealers and the Building Industry are eager to build homes for veterans and all citizens who need them. The reason few homes are being built is because materials are not being produced.

Why?

1 Governed by OPA's war-time pricing formulas, it is still more profitable for lumber mills to make items for export—and the items formerly required for war use, than it is to make lumber usable in Home Construction.

2 OPA's war-time pricing formulas are still keeping thousands of small mills out of production.

Any government program that does not FIRST remove the obstacles blocking production of materials will simply add additional difficulties to the problem facing the building industry.

If you are affected by the scarcity of lumber and other building materials wire or write these people who represent you in Washington.

Loony Hughes In Germany

Lieut. Lester H. Hughes has arrived overseas and writes the Star from Lechfeld, Germany. He says all the Germans he has talked with go into their song and dance that they are helpless victims of Hitler and were never supporters of his. The black market is really flourishing. A carton of American cigarettes brings \$20.00 and a 5c candy bar sells for \$1.50. To help combat the situation soldiers are issued currency control books which show what salary they draw from Uncle Sam, and that is all they are able to send out of the country. Lester sends his regards to the home town folks and re-

quests the Star to be sent to him at his new address. He also sent a German Mark, worth 10c over here.

Surplus Property Under Legion Eye

INDIANAPOLIS, Ind. — Hundreds of complaints of veterans that they are blocked from purchases of surplus property as provided by law have brought a statement from National Commander John Stelle that this situation will receive the immediate and aggressive attention of The American Legion. The national commander has called on all World War II veterans and all Legionnaires who have been deprived of their rights

to report their experiences to the national public relations division of The American Legion, 777 North Meridian Street, Indianapolis, Indiana. "All such individual reports will be checked and passed on to the proper authorities in Washington," Commander Stelle said. "The American Legion will follow through to assist all veterans in every way it can to secure their rights."

NOTICE OF ELECTION

It is hereby ordered by the Board of Commissioners of the City of Burkburnett, Texas, that the regular election provided for by Statute and by the City Charter of the City of Burkburnett, Texas, be held in and for the City of Burkburnett, Texas, on the First Tuesday in April same being the 2nd day of April A. D. 1946, for the purpose of electing the following officers. Three Commissioners to be elected for a period of two years. The said election shall be held in the City Hall in the said city and W. A. Roberts is hereby

made presiding judge of said election, and said election shall be held in accordance with the General Election Laws of the State of Texas.

It is further ordered that a copy of this order shall be published in the Burkburnett Star full thirty (30) days prior to the date of election and the same shall be sufficient notice and a copy of same issued to the presiding officer above named is hereby made and shall be sufficient writ of election.

Passed and approved this the 18th day of February, 1946.

New Opportunities Ex-Service Men

A new opportunity for men who failed to gain the advantage of reenlistment with rank was opened today when the U. S. Army Recruiting Service announced a policy permitting ex-

soldiers to enlist in grades commensurate with their training and experience in the service.

The new policy includes nearly 400 Army occupations. It authorizes the enlistment of any veteran honorably discharged on or after May 12, 1945, up to and including the rank held at the time of his discharge.

This program, however, does not rescind or supersede the Army's offer to men who have been discharged the past three months. Any former Army man, regardless of his military job, may still reenlist and retain his former rank and receive a cash bonus if he acts within three months after discharge, it was pointed out.

Mrs. W. G. Simpson of Childress was a visitor at the Star office Saturday and renewed her subscription.

How would you CHART YOUR COURSE?

Pictured here are the records of four "life lines" of our business—four things which largely control the destiny of any business, whether it be a farm, a factory or a store. They are Wages, Materials Costs, Prices, and Profits. Suppose these were pictures of what is going on in your own affairs. How would you chart your future course from these facts?

With the proposed increase, wage rates will have risen from \$0.85 1/2 per hour in 1941 to \$1.33 1/2 in 1946—a gain of 56.1%. Weekly average would be \$53.40.

By the end of 1945, prices on all commodities other than farm products and food had gone up 19.2% since 1941. Chart does not show effect of 1946 increases.

Using U. S. Bureau of Labor statistics with 1941 prices resulting 100, prices of farm machinery in 1945 were only 134.2.

Profit per dollar of sale has declined until in 1945 it was slightly less than four cents, as against 4 cents in 1941.

What about wages?

Wages have risen steadily for five years. Before the strike which began on January 21 in ten of our plants and which has choked off nearly all farm machinery production, earnings of employees of these plants averaged \$1.15 1/2 an hour, not including any overtime. The Union demanded a 34 cents per hour increase and a Government board has now recommended a general increase of 18 cents an hour, which would make average earnings \$1.33 1/2 an hour. Weekly average would be \$53.40.

What about materials?

No one seems to know how high materials costs will go. The Government has increased steel prices as much as \$12.00 a ton, with an average increase for all grades of 8.2%. Steel is the most important material we buy, but prices on other materials are also increasing.

What about prices?

There has been no general increase in our prices since they were frozen by the Government in early 1942. Since then a few small increases have been allowed where particular machines were substantially changed in design.

What about profits?

Risk is part of the American profit and loss system, so we do not, of course, ask either our customers or the Government to guarantee that we can be certain of profits each year. The chart tells the story of our profits during the war. Although Harvester produced more goods than ever before, it had no desire to get rich out of war, so our rate of profit has steadily gone down. What our 1946 profit will be is extremely uncertain.

What is the next step?

As you can see, our present situation is that with frozen prices and declining profits, we are asked to pay higher materials costs and to make the biggest wage increase in the history of the Company. Can we do this?

Wages and materials consume all but a few cents of every dollar we take in. If our prices continue frozen, and cost of wages and

materials continues to rise, obviously our Company will begin to operate at a loss at some point.

The exact point at which operating at a loss would start is a matter of judgment. Government agencies and union leaders may have opinions as to where that point is. But if they turn out to be wrong, they can shrug their shoulders and say, "Well, it wasn't my responsibility. I didn't make the decision."

The management of this Company cannot and will not say that. It dares not gamble. It has to be sure. Continuation of our service to millions of customers, the future jobs of thousands of employees, and the safety of the investments of 39,000 stockholders depend on our making as correct a decision as is humanly possible.

What about future prices on farm machinery?

The judgment of Harvester's management now is that we cannot safely make the huge wage increase recommended by the Government until the Government authorizes adequate increases in the prices of farm machinery to cover the resulting increased costs.

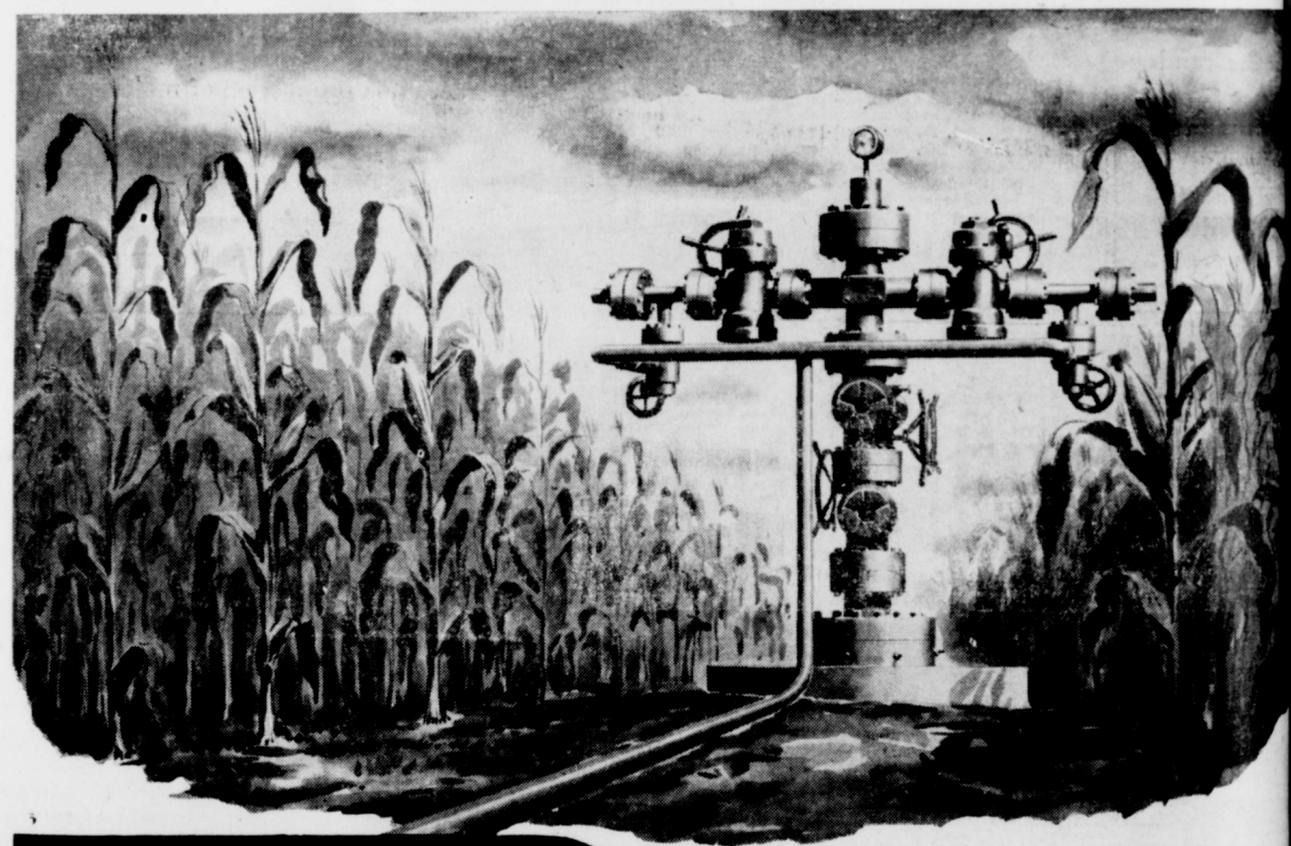

That is not a judgment that makes us happy. The Company does not want to raise prices. We prefer to lower prices, when possible, and we know our customers prefer to have us do that. We have produced at 1942 prices, and hoped we could continue to do so. We have delayed seeking general price relief in the hope that it could be avoided. Now we are convinced that it cannot be avoided any longer. The price question must be settled. Until it is settled we do not see how we can settle the wage question. Until the wage question is settled we do not see how we can resume production and begin turning out the farm machines which we know our farmer customers need.

Because of the important stake which both farmers and city dwellers have in this controversy, we are bringing these matters to your attention. Through the cross currents of today's conditions, we are trying to chart a course that is fair to our employees, to our farmer customers, and to our stockholders.

suppose YOU found Gas on your land

Twenty years ago you would have been disappointed if drilling on your land had produced only natural gas. "No oil... might as well be a dry hole!" Even today, if your land is far from a pipe line, a gas well would be a disappointment, for GAS IS WORTH NOTHING UNLESS SOLD! That's what it means to have a pipe line near your land; a market for your gas—new wealth for your own family and hundreds of other families in the area. Last year the United Gas Corporation and its associated companies, Union Producing and United Gas Pipe Line, had 278,000 acres of Texas land under lease or owned in fee. United Gas is marketing gas for thousands of land-owners and royalty-owners through its 12,000 miles of main and distribution lines. This is only one of the ways the United Gas companies are helping to build prosperity, creating payrolls and jobs, benefiting every resident of Texas in one way or another.

Round-Up And Rodeo At Vernon Texas, May 29th

Civic leaders in North Texas today announced the plans for the first Santa Rosa Roundup and Livestock Exposition to be held in Vernon, Texas, May 29 through June 2, indicating that it will be one of the largest and most colorful events ever designed or produced for North Texas, Southern Oklahoma, and New Mexico. It was revealed that a master plan for the undertaking has been prepared which includes grandstands, rodeo arena, stock barns and pens, exhibition buildings, carnival or circus grounds, swimming pool, airplane landing strips, and all other facilities in keeping with an undertaking of this magnitude.

Now under construction is an all steel grandstand, with a seating capacity of 5,000 persons, the most modern rodeo arena in the south, and landing strips. The plans call for paved streets and walks, and for ample parking space to accommodate many thousands. Because of the shortage of material and labor, the entire development cannot be completed earlier than 1947.

To Open With Rodeo

The opening production will be a 5-day rodeo beginning May 29th and running through June 2, including three evening performances with matinee on Memorial Day, May 30th and the following Sunday, June 2nd.

Beautiful Site

The rodeo and exposition site consists of approximately 150 acres located on the beautiful slope of Paradise Creek, one mile south of Vernon. Leaders emphasize the fact that this will be the first exposition and rodeo ground in America affording landing strips for private planes.

Church Of Christ Revival March 24 To April 3rd

With Geo. H. Stevenson, minister of the 10th and Austin St. Church of Christ of Wichita Falls, doing the preaching and Sterling Smith also of Wichita Falls, will have charge of the song service. Br. Stephenson is a young man of unusual ability as a speaker, and gospel preacher. His lessons are concise, clear and forcibly presented. Everyone is cordially invited to hear these men sing and preach the gospel of Christ.

Services 10 A. M. and 7:30 P. M. Daily.

Miss Martha Parr, sophomore occupational therapy student at Texas State College for Women, will attend the annual meeting of the Texas Occupational Therapy Association at Fort Worth Friday. A puppet show, in which Miss Parr will assist, will be presented at Glen Garden Country Club by the TSCW students for the members of the association. An exhibit of weaving, metal work, pottery, and book binding by the students will be on display at the Club that afternoon. Miss Parr is the daughter of Mr. and Mrs. W. H. Parr, Burkburnett.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion, which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

LET'S WORK FOR INDUSTRIAL PEACE

Men want to work.

Management wants to produce.

The public wants to buy.

The country wants prosperity.

Yet good times have been held up by an agony of strikes.

Strikes breed bitterness... hunger... and economic stagnation.

For the sake of our country, let's change this! Change it fast. Time is running out!

Let's work out a way to get — and keep — industrial peace and prosperity.

THE FIRST STEP

Isn't a sound national labor policy... one that treats workers and management exactly alike and above all one that is fair to the public... the first step toward that peace?

Sincerely believing this to be so, we offer this program for peace and production and prosperity:

1. Make employers and unions equal in responsibility under the law.

2. Let Congress set the rules for genuine collective bargaining, free from coercion and violence, and then let government enforce these rules with strict impartiality.

3. Provide safeguards for the public against strikes or boycotts arising from disputes between unions.

4. Insure against strikes until all orderly procedures for settling disputes have been exhausted.

Your representatives in Congress have the power to establish this pattern for an enduring and a fair labor peace. Let them know how you feel about it. Urge them to act promptly on legislation to include these four points.

Time alone won't bring industrial peace. Doing nothing won't bring it. Positive action is the only way. For your own sake and for the future of our country, let your voice be heard!

FREE! A timely, authoritative booklet entitled "The Public and Industrial Peace," gives full details of this program, including specific suggestions for legislation. It is a useful handbook for every citizen, program chairman, or group leader. A postcard brings it. Address: National Association of Manufacturers, 14 West 49th Street, New York 20, N. Y.

More Flowers In Postwar Gardens

Photo Courtesy Ferry-Morse Seed Co.

This year many a home dooryard will take on gayer colors than for some years past. Victory Gardeners who concentrated on vegetable growing during the war can now afford to give more attention and space to flowers while continuing to raise enough vegetables for the table. From now on, seed of a greater range of flowers will be available, too. Certain kinds which were produced to a limited extent or not at all during the war are coming back.

You can find annual flowers suitable for almost any location on your home grounds. Is the soil sandy and inclined to be poor? Nasturtiums often like it better and bear more abundant bloom than when the seed is sown in more fertile ground. The same is true of poppies, portulaca, and zinnias.

Do you have a 'hot spot' where the soil is likely to dry out rapidly? Ornamental sunflowers, petunias, annual gaillardia, calliopsis, sweet alyssum, four o'clocks, and cosmos can endure quite a lot of heat and drought.

No annual flowers will thrive in all shade, but in a place where they get sunshine only part of each day you can enjoy the modest beauty of pansies, violas, bachelor buttons, and mignonette.

Plan for a border of annuals that will furnish cut flowers over a long season with plenty left on the plants for dooryard charm. Most flowers

do well in the same kind of soil that will grow good vegetables.

No annual flower in the world is more attractive, graceful, and longer lasting than the aster. Be sure to select wilt-resistant strains in their lovely pastel tints and shades. Other easily grown annuals with long stems for cutting are tall marigolds, giant zinnias, calendula, Pink Queen cleome, and cosmos in white, pink, orange, and the newer yellow tints. With shorter stems, though still ideal for bowls and vases and effective in the foreground of a border, are lilliput zinnias, the brave array of newly developed dwarf marigolds, annual pinks and chrysanthemums, snapdragons, and bachelor buttons in white, rose, red, and the popular blue.

Somewhere near a porch where you sit after the day's work is done, raise a clump or row of nicotiana or "flowering tobacco". The plants with their long trumpet blossoms are attractive, and a breath of the heavenly fragrance as night falls will well repay you for giving nicotiana a spot in which to grow.

W. S. C. S. Meets At Church Monday

The WSCS met at 2:30, Monday, March 18 at the First Methodist church, with Mrs. J. L. Caffee, presiding. The meeting opened by singing, "Have Thine Own Way Lord." The Bible study was postponed until the first meeting in April in order that Mrs. O. E. Melton might bring a report from the Conference meeting at Bonham. This part of the meeting was preceded by singing the theme song of the conference, "Am I A Soldier of the Cross." The theme of the conference was "Peace Through his Cross." Mrs. Melton's report was very informative and very inspiring, bringing new knowledge to those present, not only of the magnitude of the work of the WSCS, but of the great necessity for its continuance. The next meeting will be in Circles. Number 1 with Mrs. B. H. Alexander, and Number 2 with Mrs. P. A. Wiggins.

New babies at the Burk Clinic this week were: A girl born to Mr. and Mrs. Earl Davis, Wednesday, March 20, and a boy, born March 16 to Mr. and Mrs. Ernest Boydston.
