Rotarian Tom Britton Raises \$835 For Burk School Band

Lions Club Started Fund With \$100.00 Contribution

\$945.00 RAISED

Six hours was all that was required for Tom Britton, very ac-Miss Opal Hale returned to tive member of the Rotary club,

> Tuesday night, Sept. 17, the Lions club started the ball rolling with \$100.00 contribution. Tuesday noon, Sept. 24, members of the Rotary club voted to underwrite the band fund in the amount of \$700.00. Tom Britton volunteered to raise that amount by himself, which he did, and then some, in just a few hours. No other member of the club assisted in any way. It wa strictly a one-man committee.

The fund now totals \$945.00. J N. Anthony contributed \$10.00 and five Rotarians from Wich-The classes of the Devol School ita Falls added \$2.00 each to the

SALVATION ARMY

Quietly the Salvation Army spreads its arms to the needy. With little publicity yet not financially independent to do without an appeal to the public, it has steadily marched forward. Long has the organization been a haven for friendless and hopeless, working with outcasts from society, in sickness and health. Homeless from fire and flood, hunger stalking the poor, courage and comfort comes from the Salvation Army. They are marching forward to a better world, and any contribution Burkburnett has made with "heart to God and hand to man," is but a way of marching ourselves to salvation.

FARM-LAND BOOM

The average price of farm land has risen 77 per cent since the 1930's. Speculation in farms is a danger to our economic system. Note that the farms are being sold are

SET YOUR SIGHTS

It takes planning to achieve a goal

Some young men know what they want and plan for it. Others are still looking for their niche. The new Regular Army can kelp both.

Perhaps you want to go to college but can't afford it. If you enlist in the Army, you'll get your chance. Honorably discharged after a three-year enlistment, you are eligible for 48 months of education at any college, trade, or business school for which you can qualify. The Government will pay your tuition, laboratory fees, etc., up to \$500 per ordinary school year, plus \$65 a month living allowance-\$90 a month if you have dependents.

If you haven't found your spot, an Army enlistment offers you training in any of 200 trades and skills. You leave the service eligible for further training at the best civilian schools.

You can assure yourself of the benefits of the GI Bill of Rights if you enter the Army on or before October 5, 1946. See your nearest Army Recruiting Station for details.

HIGHLIGHTS OF REGULAR ARMY ENLISTMENT

1. Enlistments for $1\frac{1}{2}$, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more

2. Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may reenlist at any age and former service men depending on length of service.

3. A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlist-ment is within 3 months after last honorable discharge.

A furlough for men who reenlist within 20 days. Full details of other furlough privileges can be obtained from Recruiting Officers.

Mustering-out pay (based upon length of service) to all men who are discharged to enlist or reenlist. 6. Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.

7. Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.

MONTHLY NEW, HIGHER PAY FOR ARMY MEN INCOME AFTER In Addition to Food, Lodging, 20 Years' 30 Years' Service Service

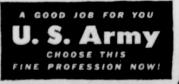

Clothes and Medical Care In Addition to Column One at the Right: 20% In-crease for Service Overseas, 50 % Increase if Member of Flying or Glider Crews. 5% Increase in Pay for Each 3 Years of Service May Be Added.

Bedside Tables From Orange Crates

By Ruth Wyeth Spears

THIS crisp green and white bed room is proof that it is not what you use but how you use it that counts. Orange crates for instance. The problem always is how to cover all of the rough wood inside and out if you want to use them for cupboards or tables. Here it is done with ollclots and ging ham with muslin frills all to harmonize with the bedspread and lamps.

More complete directions for covering the crates may be found in BOOK 7. Di-rections for making monograms from

Miniature Autos Attain Speed of 40 to 114 MPH

The 10,000 miniature motorcars that are raced annually in the United States attain incredible speeds for their size and weigh as their wheel base is only 12 inches and their average weight between six and seven pounds.

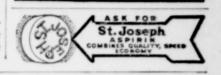

The speed record for cars guided by a rail is 80 mph, while the record for those guided by a cable straight strips of fabric such as the one on this bedspread are in BOOK 9. Books are 15 cents each postpaid. Write direct to:

Nicholls-Beaver Rites Announced

Mr. and Mrs. Joe F. Beaver of Burkburnett, announce the marriage of their daughter, Margaret Inez to Edwin Thomas Nicholls, son of Mrs. Emily Nicholls of Mohawk, Michigan on Saturday, September 14. Rev. Wm. Wilhoit, pastor of the Church of Christ was officiant for the service, lines of which were read at 7 o'clock p. m. at the home of the bride's parents. An attractive background of greenery, gladiolas and carnations was provided for the ceremony. White tapors in branched candelabra provided the only illumination. Candles were lit by Betty Jean Beaver,

sister of the bride. The bride, given in marriage by her father, was attractive in a rose street length dress with black accessories. She wore an orchid corsage to complete her costume. She was attended by Mrs. Louise Janis of Burkburnett, who chose a brown costume with brown accessories and

a white carnation corsage. Mrs. Nichols, a graduate of the class of '44, was formerly employed at Sheppard Field. Mr. Nichols graduated in 1942 from the Mohawk High School and attended Michigan Tech.

Following the wedding, a reception was held at the bride's home. Mrs. Carter Wilson presided at the cake.

After a short wedding trip to Fort Worth, the couple estab-lished their home in Burkbur-

From where I sit ... by Joe Marsh

Going Fishing? Here's How!

To hear Willie Wells and Basil Strube arguing about trout fishing, you'd think it was more important than the atom bomb.

Willie favors dry flies, Basil oh-noohs anything but wet flies. Willie swears by a Royal Coachman; Basil won't hear of anything but a Silver Doctor. And by the time it comes to steel rods versus bamboo rods . . . #!X&**!?!

But on Saturday, each got back from Seward's creek with a catch that couldn't have differed by more than several ounces!

Each had used his favorite kind of fly, his favorite rod and his favorite place to cast. So over a friendly glass of beer, they allowed as how maybe they were both right . . . which is how so many arguments should end.

From where I sit, if we all respected one another's different opinions-whether about trout flies, or drinking beer, or voting. life would be a whole lot pleasanter.

"IT'S HARD TO BELIEVE

Methodist Church Sunday is promotion day at our church, and we will have a special program given by the Sunday School at the eleven o'clock hour.

Our revival meeting is over, but our Evangelistic Campaign has just begun. Every person in this community who isn't active in some church is being contacted and given a personal invitation to worship with us. There are too many people in this town who do not have any local church connections. Many of them feel as though they had been forgotten. Some of them think they do not have good enough clothes to wear, but if they will come to church they will find a lot of people haven't had any new clothes in a long time, and more than likely will have to wait a long time before any are available.

Would you like to find strength to help you live next week? If so, come to this church Sunday.

NOTICE ALL STATE GUARDSMEN

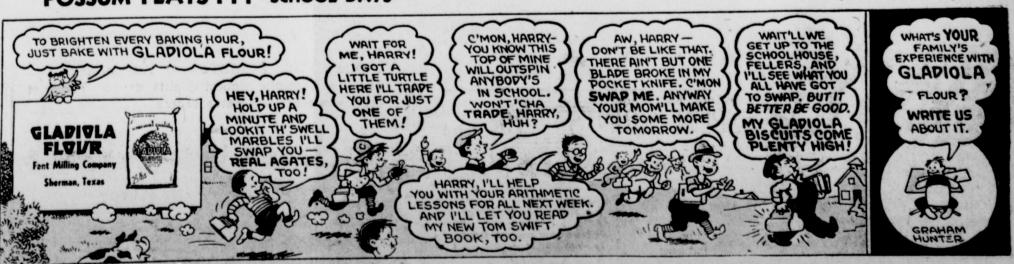

All uniforms and equipment that you have MUST be turned into supply room at Armory not later than Monday night, September 30th. The Federal Inspector MUST count each piece of clothing and equipment. If you can't bring in what you have Monday night, bring or send it in to my office. The property that you have IS the property of the U. S. Government and YOU are responsible for such items that are in your possession.

WEEKLY NEWS ANALYSIS Meat Slump Vexes Housewives, Puts Policy-Makers on Spot; U.S. Opposes High Reparations

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

His fame but little tarnished by charges that he had bungled the British drive in northern France, Field Marshal Montgomery received a hero's welcome upon his visit to the U. S. He is shown here with Maj. Gen. Maxwell Taylor inspecting the guard at West Point.

New Crisis

As housewives scoured their exercised their culinary arts for putting up more meatless meals, men folk were left to tussle with the difficult task of overcoming the distressing shortage.

It was hard to tell which job was harder, the women's or the men's, for the heavy shipments of livestock to market during the recent suspension of OPA and reluctance of feeders to fatten up the small supply of range cattle under OPA ceilings complicated the policy - makers' problems.

As the crisis sharpened, department of agriculture had the only ford of encouragement, stating that late fall runs of grass-feds would partially relieve the stringent short-But their predictions were tempered somewhat by livestock experts' statements that the high prices for range cattle would make feeders' purchases less profitable and further cut the supply of finished animals in late winter and

With packers laying off thousands of workers in the face of diminished receipts of livestock, AFL Amalgamated Meat Cutters and Butcher Workmen called for restoration of free markets to stimulate shipments. President Truman was asked to recognize the "futility of OPA and chuck it out the window."

Leather and pharmaceutical industries also felt repercussions of ganization in Copenhagen, Denthe livestock situation, with shortages of hides and animal organs affecting their production.

With supplies of hides approximating only 35 per cent of needs, tanneries have been forced to lay off numerous workers, it was reported. And with supplies for October and November estimated at even less, more employees will have

to be laid off. Previously affected by black martet waste of animal organs because of lack of processing facilities, pharmaceutical producers were faced with further diminution of supplies for insulin, liver extract, pituitary extract, adrenal cortex, hormones, ovarian solutions and other medicinals by the drop in slaughter-

REPARATIONS:

U. S. Stand

The U. S. does not contemplate priming the reparations pump for European nations.

Willard Thorp, state department representative in charge of economic affairs, clearly enunciated this country's policy after Italy's wartime enemies had put in claims for billion dollars in reparations against it. He declared that the U. S. was averse to seeing money advanced Italy for reconstruction siphoned out in reparations, leaving it in further need of aid.

Thorp indirectly slapped at the various claimants' moving cries for reparations to compensate for war damages and expenditures for fighting the allied battle by pointing out that the U.S. had spent 335 billion dollars in battling the axis and consuming valuable resources but did of the cost. Since the armistice, this country has advanced Italy 1 billion dollars and paid out more than 100 million dollars for cost of

troop occupation. Against the claims of 7 billion,

STATES:

State action to spur housing through passage of appropriations and enabling legislation for municipal action is reported by the National Association of Housing Officials.

Since the first of the year, four states have appropriated funds for emergency housing. New York appropriated 35 million dollars early in the 1946 legislative session for statewide projects under the federal Lanham act, such as converting from the wreck and was found daged military barracks to civilian use. | in a sitting position.

Italy asked that the sum be pared to approximately 250 million dollars. With 11 billion dollars, Great Britain is the largest claimant.

CANADA:

Farmers Strike

Following the technique of "direct action," 20,000 members of the Alberta Farmers' union in the western Canadian province withheld all produce except milk from market in their drive for a readjustment of parity prices.

Pickets appeared at many points but concentrated their strength at grain elevators. Some operators Taft then ominously added that the were warned that they would lose striking farmers business if they accepted deliveries from nonstrikers.

With the strike in full swing and mion members of neighboring Saskatchewan joining the movement, government officials promised thorough consideration of the parity question. Farmers demanded an increase in the parity level to compensate for the higher cost of commodities they must purchase.

GREECE:

Reconstruction Plan

Long-range plans for the reconstruction of Greece, serving as a postwar pattern for recasting the economy of other backward-nations, were formulated by a special United Nations commission headed by F. S. Harris, president of Utah Agricultural college. Presented at the conference of

U. N.'s food and agriculture ormark, the plan invisaged: ----Irrigation of one-fifth the total

area and erection of hydro-electric projects with capacity equal to Boulder dam's.

-Revitalization of the soil through fertilization and expansion of the fruit industry.

-Increase non-profit merchandising of co-operatives and take the co-ops from politics.

-Aid small industries like spinning, weaving, clothing, shoes and harnesses and olive oil refining.

Reconstruction would be started with a 100 million dollar loan. Credits would be advanced upon agreement to carry out reforms in government, shifting of the tax burden from the peasants and development of educational facilities.

BLACK MARKET:

OPA Gets Tough

A woman photographer's picture of a burly Los Angeles OPA agent gripping an automobile salesman by the throat and wielding a blackjack graphically revealed the agency's toughened enforcement policies in the drive to stamp out the black market menace.

was freed, six other salesmen were ister Attlee's own spacious estate arrested on charges of selling cars was guarded by troops against the over ceiling prices and arraigned squatters. Charging that both civil with 65 more before a U. S. commissioner for OPA violations. Act- ed by the unauthorized invasion of ing on complaints of purchasers, the OPA drive was pointed toward that "anarchy may result unless stamping out an alleged multi-million dollar black market in new and used automobiles.

As OPA critics decried the employment of armed agents in tracking down OPA violations, agency officials in Washington snapped: "Ennot intend to assess Italy for part forcement of price ceilings is not a cream puff affair and sometimes we have to use a blackjack in selfdefense or to apprehend a reluctant suspect. We're not dealing with nice people but with . . . law break

People in the News . . .

Sole survivor in the crash of a Trans-Luxury Airlines plane near Elko, Nev., two-year-old Peter Link is on the road to recovery. Still hospitalized in Elko, little Peter receives daily check-up and medical

attention. The youngster's mother, father and baby brother and 18 others perished when the plane crashed into a low-hill and was torn apart. Little Peter was thrown over 100 feet

LABOR:

Teamsters Revolt

With union officials branding the strike of 25,000 members of the International Brotherhood of Teamsters in New York City "the worst rank and file revolt in history," IBT Pres. Dan Tobin stepped into the picture at the request of Mayor O'Dwyer to help settle the walk-

Tobin acted after O'Dwyer had cited the union's refusal to permit the transport of essential food and medicines and warned him that the IBT would have to accept responsibility for "bloodshed and injury." Tobin ordered 10,000 sympathy strikers of 23 locals in New York and New Jersey to return to work and suggested that employer approval of an 181/2 cent an hour raise for 15,000 strikers would serve as a basis for negotiation.

Besides curtailing the supply of food, the walkout threatened to seriously affect many industries. National Sugar Refining company was forced to suspend operations, more than 25 soft drink bottlers closed and bakers ran low on sugar stocks. In all, some 1,270,000 workers were faced with lay-offs as a result of the trucking and maritime

POLITICS:

Taft Leads

Ohio witnessed another native GOP formulation of a program along traditional GOP lines, including:

- · Removal of price and wage controls by April 1, 1947, except for
- · Expiration of the second war powers act.

· Termination of conscription unless war threatens.

After enunciating the program, GOP intended to put it into effect in 1949 if President Truman disapproved before then.

read a meaning into the sweeping for man. He considered it as the GOP victory in Maine, with Demo- way of wisdom. He passionately crats finding some comfort in the fact that Republican congressional life by it. He saw it imparting majorities were below the 1944 lev- to the naive and simple the benefits

U. S. Aids Red Bloc

Evidence of U. S. efforts to promote good will with Russia and the soviet bloc in eastern Europe despite recurring difficulties is emphasized by its substantial postwar relief and reconstruction contributions to these countries. Since the end of hostilities, Russia alone has received \$290,000,000 in lendlease credits and \$175,000,000 in UNRRA funds for a total of \$466,000,000. Poland has obtained \$367,000,000 in U. S. goods; Yugostavia, \$267,000,000; and Romania, Hungary and Albania \$20,000,000.

GREAT BRITAIN: Squatter Trouble

Staid John Bull, renowned for his reverence for law and order, fidgeted uneasily over the communist-led squatter drive in Britain which saw hundreds of homeless families take over swanky vacant apartments and mansions without permission.

Although put into power by the liberal and working man vote, the Labor party showed no stomach for the While the salesman pictured later | radical movement and Prime Minand criminal law was being violatbuildings, the government warned lawless measures of this sort are stamped out."

First starting out as an independent influx of individuals into vacant army huts, abandoned public buildings, etc., the movement developed into formidable proportions under skilled communist direction. As the government moved to oust the squatters, rabid reds exhorted them to hold fast and called upon all organized workers to fight the evic

URBAN TRANSIT:

Setting a new record, 23,254,000,000 passengers were carried on the naaccording to American Transit association. This was an increase of 237,000,000 above the 1944 peak.

the quick shift which most indus ployment at a minimum and to the name of enemies (see Heb. 12:3). reduced registration of passenger automobiles due to the inability of ard, but it is not too high for those people to purchase new cars.

JESUS AND THE LAW OF LOVE

LESSON TEXT-Psalm 119:33-38; Matthew 5:43-48.

MEMORY SELECTION—Love worketh no ill to his neighbor; therefore love is the fulfilling of the law.—Romans 13:10

Love fulfilled the law-in Christ. God so loved the world that he gave his only begotten Son (John 3:16). The law of love is therefore appropriate as the subject of our closing esson on the general theme, "Jesus Interprets Old Testament Laws."

Love is the heavenly gift of God, who is love, to man who so much needs its grace and power for his own life and for his living with

I. The Mind of Love (Ps. 119:33-

Eight times in this psalm there is found the cry of verse 33 for in-Mother of Republican presidents, struction in the laws of God. Man not only must know them, but he aspirant to the White House hoist his | must know how they operate. The standard at the party's state conven- picture here is that of a man who tion in Columbus. Taking the con- wants to get in step with Ged, servative lead, Bob Taft served marching out to spiritual warfare warning that a Republican congres- and being prepared to respond in sional victory this fall would mean prompt obedience to the commands of his divine leader.

Here we have the true mind of love. The one rightly instructed in the principles of God's rule in the world sees that love is the basic requirement, but that it expresses itself in a life that is in accord with the will of God.

The thought of this passage is well expressed by Dr. W. R. White: "The psalmist had the highest possible conception of love before the revelation in Christ. He saw it as the basic order of things. He conceived it as identical with the will of God. Meanwhile, politicos attempted to He viewed it as the safe, happy path desired to embrace it and order his of extraordinary judgment. To measure up he knew that he had to be quickened or made alive to it by the power of God.'

II. The Manner of Love (Ps. 119:

Love operates not from necessity, but because of an inner urge which will not be denied. The psalmist prays that his heart may be so inclined toward the Lord and so quickened within that he may be eager to do the will of God.

Love has a technique, if you will, a manner of operation. It avoids certain things which would hinder or prevent its full function and periences which will encourage and

Covetousness must be avoided, for that is idolatry (Col. 3:5). We noted in our lesson of two weeks ago that covetousness makes a man stingy, envious, selfish, proud and foolish. That means that love must rule out this destructive element. Love cannot live in such an atmosphere.

Love turns away from vanity. The vain things of this world are usually presented in such attractive dress that to look at them is to be tempted. The answer is to turn your eyes away, or better still, ask God to give you special grace not only to turn away, but to stay turned away. The vain passions of this world destroy real love, even while using the word to describe their base counterfeit.

The positive side of the matter is also clear. The manner in which love best expresses itself is in the fear of God, in the established order of a life according to the law of God (v. 38). By being inclined to his testimonies it finds the right way-God's way (v. 37),

III. The Measure of Love (Matt. 5:43-48)

How far does love go? Does it have a limit? Does it choose those toward whom it will express itself, loving the lovely and ignoring or hating the rest? In answer to these questions let us first ask. What is the general attitude of the world? The answer is evident. The world has established its own principle of conduct based on selfish advantage. It pays to be polite to those who can favor you, so cultivate their good will by acts of courtesy and kindness. Your neighbor may be able to help you in an hour of need, so do good to him as you have opportunity.

But an enemy-what can you gain from kindness to him? Hate him, and treat him like an enemy.

Christianity knows nothing of such a spirit. Even though it be necessary to oppose wicked men in order to hinder their evil plans, we need tion's urban transit lines last year, not lose our love for them. Even those who despitefully use us may

be leved for Christ's sake. "Consider him that endured such The new record was attributed to contradiction of sinners against himself (and went right on loving tries were able to make from war them) lest ye be wearied" in your to peace activities which kept unem- own love for those who bear the sad

> This is admittedly a high standwho know the love of Christ.

Ask The Citizens Who Own Their Own at Home--

Those communities which have been far-seeing and wise enough to establish municipal light plants will tell of innumerable benefits derived from such projects. They will mention advantages aside from dollars and cents, and they will speak of profitable revenue.

They see the wisdom of owning their own at home. Examination of facts in the light of reason, convinces all that citizens are wise who loyally back municipal ownership by PATRONAGE of home-owned light and power plants.

THE ONLY QUESTION

Many and varied will be the arguments, but still only one question will be decided by you in the election Saturday, October 5th - NOT whether Wichita County will be "wet" or "dry" but merely whether the sale of alcoholic beverages will be LEGAL or ILLEGAL.

*No fair-minded person will dispute that beer and whiskey is now and will continue to be sold in Wichita County after the election, regardless of the official results. But your vote will decide whether it is to be sold by regulated, licensed and taxed operators or by bootleggers.

This is the ONLY ISSUE. But there is a broader principle, too—the right of our men and women who were absent in the war effort to have a vote in our local government. Our Prohibition law was imposed by less than one-fourth of the present qualified voters, while most of these men and women were away fighting for personal freedom.

It is for these reasons, plus the conviction that Prohibition has miserably failed here as it did nationally to the detriment of our County socially, morally and economically, that the undersigned citizens have formed the Wichita County Legal Control Committee and brought about your right to VOTE on the question of the BOOT-LEGGER versus LEGAL CONTROL.

mail lien

If Wichita County votes FOR Legal Control Oct. 5th, each precinct will automatically resume the status it had when the County voted dry in 1942. Thus Electra and its precinct, like Wichita Falls, would have legal sale and control, but Burkburnett and Iowa Park would continue their present "dry" law unless and until they later voted legal control in special precinct elections.

—VOTE FOR— LEGAL CONTROL SATURDAY, OCTOBER 5th.
