Troop 155 News

We opened the meeting passing Trent Turpin and Bob Smith on 2nd class requirements. We discussed our next Parent-Night, which will be December 14. It was agreed that we have refreshments and a program. On the program Dennis Wilkenson and Garland Hart will talk on "Safety"; Bob Smith and Trent Turpin will lecture on Hiking; Norman Dodson will talk on Fires; Jimmy Harris and Jimmy McMurtry will speak on signaling; DeWayne McKinnis will demonstrate knife and axe; Donnie Ouzts, David Reed and Johnnie Ouzts will demonstrate First Aid; Thomas May will talk on Compass.

We dismissed by forming "Living Circle" and repeating the Scoutmasters benediction. Fifteen members were present also our Scoutmaster and assistant Scoutmaster, J. W. Ouzts and Levi Garrett.

First Baptist Church

Sunday School, 9:45.
Preaching Services, 11:00.
Training Union, 6:00.
Preaching Services, 7:00.
Sunday we lost a few because of the norther which blew up Saturday night and scared many of the people away, yet we had 326 in Sunday School and a very large crowd for preaching.

The Training union was up 128, the largest we have had for several weeks—but why should not continue to increase?
There are four adult unions—and a union for the entire family from the baby up.
This week is the Lottie Moon week of prayer and missions—the pastor will preach a missionary sermon Sunday morning. You will have an opportunity to give a little extra offering for missions—and why should we not here at Xmas time give to those who need it?
Sunday night the pastor will probably speak on "What it cost not to be a Christian." We will have baptismal services following the preaching services.

Last Sunday we had several visitors and some new members who joined the Sunday School, and also the church.

Plans For Parent Night Complete

Final plans for our next parent night were completed at the last meeting of Troop No. 155. The boys have some very interesting talks and demonstrations to put on before their parents, to prove to them and everyone else that Scouting is really a wonderful organization for boys from 9 to 99.

Every parent, business man and boy between the ages of 9 to 100 have a cordial invitation to meet with us at the Town Hall on the night of December 14, which is the closing date for the fall round-up in scouting. We will also have several Scout Executives from the Wichita Falls office to explain every phase of scouting.

Let's all get behind our Scouts and boys that are not Scouts and make Burk a better place for youngsters.

A BLAZE OF GLORY TO COME

As the north wind blows one thinks back to days of slacks and shorts. Winter's outlook is long but spring finally makes its demand and moth balls finally claim their woolens. A note to lift the downhearted, at this time, is the announcement of the official spring colors for gentlemen's wear. Harken to merchandise of liberty gray, skyline red and harbor blue, and cheer up. The top 25 quality houses that create ensembles for men, from socks to hats will strongly influence the trend to color. Men of Burk Burnett will blossom when spring sun turns her kindly cheek. Too early to plan for gardens we might dwell on thoughts of how we will look in a wardrobe of skyline red. Ladies, look at your laurels.

MAN'S GOOD WORKS

In November the parishioners of a Baptist church in a small New York town, harvested two acres of carrots planted last spring. Termed "The Lord's Acre", the yield of 1,000 bushels is to bring money for the furtherance of a world mission crusade. Topping the carrots, sorting into bushel baskets, these members will bring about \$2,800 into its church coffers for the good work. From man's endeavor, by cooperation with his fellows, his efforts will spread the gospel through a harvest of carrots. Benefits from the seed sown in the name of the Lord, are hence demonstrated. Christianity is vital to U. N. success, we read. Well, here is a church that has transcended the barriers with but two acres of farmland.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. How to Stop Worrying

I guess folks in our town do about as much worrying as in yours—over housing and prices, and crops, and jobs—and the little domestic problems that are always coming up.

Dad Hoskins, who's lived to the happy age of eighty, has a simple formula for stopping worry. About every problem, he asks himself: Is there anything I can do about it? If there is, he never postpones making a decision, or taking necessary action.

If there isn't anything he can do about it, he sets aside a "worrying

hour" after dinner, and gets his worrying over in one concentrated period. When that's over, he relaxes over a friendly glass of beer with Ma Hoskins—and they talk about pleasant things together, until bedtime.

From where I sit, that's as workable a formula as you could find... right down to the mellow glass of beer that seems to wipe away your worries.

This Home-Mixed Cough Relief Is Hard To Beat

So Easy. No Cooking. Saves Dollars.

No matter what you've been using for coughs due to colds, you'll be the first to admit that this surprising relief, mixed in your own kitchen, is hard to beat, for real results.

Make a syrup by stirring 2 cups of granulated sugar and 1 cup of water a few moments, until dissolved. No cooking is needed—a child could do it. Or you can use corn syrup or liquid honey, instead of sugar syrup.

Then put 2 1/2 ounces of Pinex (obtained from any druggist) into a pint bottle, and fill up with your syrup. This gives you a full pint of really splendid cough relief—about four times as much for your money. Tastes fine—children love it. It never spoils.

You can feel this home mixture taking right hold of a cough. It loosens the phlegm, soothes the irritated membranes, and helps clear the air passages. Eases soreness and difficult breathing, and lets you sleep.

Pinex is a special compound of proven ingredients, in concentrated form, a most reliable soothing agent for throat and bronchial irritations. Just try it, and if not satisfied, your money will be refunded.

Bean-McConnell Service Read

Only relatives and close friends witnessed the beautifully simple nuptial rites which united Virginia McConnell and Frank "Buddy" Bean. The impressive ceremony was read at the home of Mr. and Mrs. Bill Bean, Sunday, December 1 at 6 P. M. An attractive background of greenery chrysanthemums and mums was provided for the double ring ceremony, lines of which were read by Rev. A. E. Harrison, pastor of the First Baptist Church. Illumination was provided by white tapers burning in branched candelabra, which were lit by Billy and Gary Bean, nephews of the groom.

The bride is the daughter of Mr. and Mrs. W. W. Palmer of Burkburnett. She was smartly attired in dressmakers suit of winter-white, with which she wore aqua and brown accessories. Mrs. Essie Maye Noe of Edmond, Okla., attended her niece as matron of honor.

The groom is the son of Mrs. F. M. Bean of Madill, Okla., and was attended by Roy Hart of Wichita Falls.

The music for the ceremony was provided by Maxine Inlow.

The reception, following the ceremony, preceded the departure of the couple for a wedding trip to Galveston, Texas, after which they will establish residence in Burkburnett.

Mr. and Mrs. B. B. Stewart of Longview spent the Thanksgiving holidays with his mother, Mrs. Jennie Stewart and his sister, Mrs. B. A. Landers.

Christian Missionary Society Meetings

The Missionary Society of the Central Christian Church met Monday afternoon at the church. Following the Devotional and discussion of business, the ladies went to the parsonage where a lovely shower was given for the parsonage and Rev. Overton. There were many lovely gifts from the members and a beautiful pair of pillow slips from a friend of the pastor, Mrs. Anthony. Mrs. King and Mrs. Hall served coffee and wafers to those present.

The Missionary Society met last Thursday for their monthly program and social in the home of Mrs. J. H. Cecil. Miss Roarkie was program chairman. Mrs. Douglas gave an interesting paper. Mrs. Hall gave the Devotional on "Thanks", and Mrs. Bob Kearns brought a paper on Thanksgiving. Following a brief business session, the hostess served delicious refreshments to Mesdames Leo Foster, Sam King, Douglas, Meyer, Slater, Kearns, Wallace Shrum, Wallace Shrum, Hall and Miss Roarkie.

Surprise Birthday Party Honors Mrs. Harold Van Loh

A group of friends honored Mrs. Harold Van Loh Monday with a surprise birthday party at her home.

WEEKLY NEWS ANALYSIS Labor Eyes Outcome of Miners' Walkout as New Wage Guide; Japs Staging Slow Recovery

Released by Western Newspaper Union

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

As miners in Johnson City, Ill. (lower panel), and other mining communities sat around to await break in coal strike, John L. Lewis (upper left) fenced with government over new contract issue.

LABOR: New Crisis
Once again it was John L. against the government! This time, Washington appeared determined to force a showdown with the burly United Mine Workers' chief, but it had its job cut out for it as 400,000 UMW members stood steadfastly by their leader and both the AFL and CIO threw in their support.

As in previous UMW walkouts, Lewis held a hand full of cards. Punish him as it might try, there were the 400,000 skilled and irreplaceable miners who refused to go down into the pits before clarification of the status of their contract.

But, encouraged by the country's overwhelming swing to the right in the recent elections and the possibility that the courts might decide in his favor in interpreting the legal

John L. formed the CIO 11 years ago, CIO Pres. Philip Murray sounded the battle cry for another round of wage increases by lamenting the rise in prices which offset previous boosts and assailing the uneven distribution of wealth.

Seeking to indicate the extent to which recent price rises have crossed out the 18 1/2 cent an hour wage raise won by the CIO earlier this year, Murray said that steel workers now are earning \$13.04 less a week than they did last March.

JAPAN: On Mend
From General MacArthur's monthly report the U. S. could draw a picture of a vanquished nation struggling to its feet after surviving the effects of total defeat.

Coal Mining Red Style
From Russia, where the Communist commissariat has its own method of settling labor problems, comes word of the working of a gigantic new coal field in northern Siberia by slave laborers from Lithuania, Estonia, Latvia, Ukraine and Crimea.

Aspects of the case, President Truman was set to push John L. to the limit in his efforts to wring wage and hour concessions from the government.

Under the UMW-government contract, the miners received \$75.25 weekly for a 54-hour week, in contrast to \$23.88 weekly for a shorter week in 1939, Lewis' latest demands were said to call for a 40-hour week with earnings approximating those for 54 hours.

CIO Goal
Like the AFL, the CIO watched the coal strike with interest, not only because of the injunction proceedings generally condemned by labor but also because Lewis' acquisition of new wage concessions promised to blaze the way for boosts all along the line.

States Push Aid for Vet Housing
Five states have made multi-million dollar appropriations for emergency housing this year, with New Jersey the most recent addition to the list, according to the National Association of Housing Officials.

MacArthur reported: —Passage of a bill providing for election, rather than appointment, of local officials.

—Increases in production of lumber, oil, paper and aluminum to offset slumps in iron, steel and coke and shutdowns in tin, nickel and antimony plants.

—Expansion of trade union membership to 3,745,000, with 24 per cent being women.

—Prospects of improved rice, wheat, potato and barley yields to relieve a severe food shortage, necessitating substantial imports.

The public received its first good look at the Lustrom corporation's heralded porcelain enameled steel home in Hinsdale, Ill., outside Chicago, and the showing marked another step in the battle of the company with the Tucker automobile corporation for possession of the huge Dodge-Chicago plant.

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for December 8

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

PAUL ADMONISHES THE CHURCHES

LESSON TEXT—I Corinthians 11:20-27; Romans 13:13, 14; Ephesians 5:18-21. MEMORY SELECTION—Let us walk honestly, as in the day.—Romans 13:13.

Temperance is readily taught from the epistles of Paul for he was constantly moved by the Holy Spirit to exhort the churches and individual Christians to a careful and worthy walk before God.

Our lesson is a temperance lesson, and since some twist that word "temperance" to fit almost any kind of indulgence, we should like to quote a careful evaluation of it by Dr. W. R. White:

"Temperance is a seriously misunderstood word. The best definition we know defines it as abstaining from that which is harmful and using moderately that which is legitimate. We would not advise a man to be moderate in teasing a rattlesnake. We would not tell him that it is all right to steal, lie or commit adultery just so he is temperate about it. We would not tell a man to use dope moderately. . . . We could tell a man to be moderate about eating meat or any other wholesome thing."

The only way to be temperate about liquor is to let it alone! I. The Wrong Way and the Right Way—in the Church (I Cor. 11:20-27).

There were a number of disorderly things about the Corinthian church which needed correction. One of these concerned the Lord's Supper. A time which should have given them a blessed unity in fellowship and love had become just the opposite.

It was their custom to eat a so-called love feast before the sacrament, and instead of making it a time of loving and sharing, the rich ate their sumptuous meals and let a poor brother gnaw on a crust of bread.

Then feasting led, as it so often does, to excesses. Some became drunk on the wine and even partook of the Lord's Supper while intoxicated.

We are not so much concerned with the Lord's Supper in this lesson as we are with the behavior of those who attended. Think of coming to the holy table drunk! It seems impossible, and yet it happened.

Do we not still let the poor in our midst shift pretty well for themselves? The rich flaunt their affluence and let the poor get along on their crust of bread. The church needs to renew its scriptural appreciation of what fellowship and communion really means.

"COLD BUG" GOT HIM DOWN

POOR little chest muscles so tight they feel "squeezed" ... so sore from hard coughing it hurts him to breathe? Quick, Mentholatum. Rub it on chest, back, neck. Its warm, gently stimulating action helps lessen congestion without irritating child's delicate normal skin.

Lurks In Crowded Houses

A laying house will be the scene of a disease outbreak sooner, and yours may be taken unless preventive measures are taken. If you value the health of your birds, overlook

nothing in your effort to provide them with healthy, comfortable quarters.

One of the most common mistakes is that of crowding more birds into a poultry house than it is meant to accommodate. Overcrowding, if continued, can cut into your profits by encouraging the spread of disease, the development of cannibalism and egg picking. Lagging birds may become even more rundown because they are lost in the rush

to the crowded feed troughs. Egg production per hen may drop for the same reason.

They Need Room

Remember this guide in determining the number of birds you may safely put into a poultry house:

Provide about 3 square feet of floor space per bird for light breeds.

Provide about 4 square feet of floor space per bird for heavy breeds.

Make sure there is no crowding at the feeders and waters, and that there is an adequate amount of roosting space and plenty of nests. If feeders or waterers are too small, they are much more likely to become contaminated, thus helping to spread disease. Roosts, when crowded, do not allow birds to obtain the proper amount of rest. When there are not enough nests, eggs become dirty and a considerable number of them may be broken or eaten by the hens.

Plenty of Feeding Space

Allow at least 36 feet of feeder space and two five-gallon waterers for every 100 birds. Provide enough roosting space so that each bird has from 8 to 10 inches of space. Each pole should be 14 to 16 inches apart. There should be about one nest for each five chickens.

A dirty, unsanitary poultry house is a perfect breeding ground for disease. Keep it clean and disinfected. With litter is another favorite of disease organisms; keep the litter dry. Watch the litter surrounding waterers, and when it becomes damp, replace it with dry litter.

Gleaners Class Enjoy Luncheon

Decorations of autumn inspiration were arranged for the luncheon meeting enjoyed Thursday noon by members of the Gleaners Sunday School class of the First Baptist Church. The affair took place in the home of Mrs. Herman Miller with hostesses including Mrs. Leon Pace, Mrs. Avon Fields, Mrs. V. E. Parrack and Mrs. Miller. The Vice-President, Mrs. Fred Downs was in charge of the meeting. Mrs. W. A. Minick gave a lovely Devotional after which the business of the class was discussed.

A delicious luncheon was served to Mesdames Ted Swinford, Grace McClurkin, J. C. Hinkle, Fred Downs, Leon Pace, Avon Fields, Ralph Davis, Neal Allen, V. E. Parrack, Irma Morris, Herman Miller and guests, Mrs. W. A. Minick, Mrs. Hattie Buchanan and Mrs. Ruth Ramsey.

Miss Clara Moore of Phillips, Texas, spent Tuesday visiting in the C. M. Archer home.

Mrs. Billy G. Weaver and daughters of Frederick are visiting Mr. and Mrs. C. M. Archer.
