Bumper Wheat Crop Dependent Upon Plenty Sunshine Until After Harvest

Burkburnett area is still faced with prospects of a bumper wheat crop, despite almost daily rains the past few weeks. Contrary to reports last Saturday morning after a heavy rain Friday night, wheat was damaged very little. Some reports had the damage as high as 40 per cent. Farmers have been kept so nervous by threatened storms and hail that they are quick to claim ruination after every shower.

Best information from those who have inspected fields here is that the crop will probably fall short of the yield per acre harvested last year, but increased acreage will bring the total bushels beyond last years production.

Heads are well filled out, probably better than last year, with well developed, large grains. Harvest will be some week or ten days later this year than last, because of rains which kept the stalk growing and the grains milky.

Three elevators are expecting the large harvest. J. F. Kelley, Burk Gin & Elevator and Mills & Fleming have everything in readiness. Mills & Fleming have just completed a new elevator and announce they could take grain today if it came in. The other two elevators have checked their equipment and announce they'll be waiting for the first load that comes their way. All three elevators are served by a spur track to accommodate railway cars, and all have facilities for loading out-going trucks also.

Album of Memories To Be Presented Monday, June 2

"Hits of Yesterday," from my Album of Memories will be featured at the High School Auditorium, Monday night June 2 at 8:15 o'clock, when Miss Blanche Butler will present her pupils in her 20th annual recital.

This clever arrangement promises to be one of the most interesting presentation of the recital season. Miss Butler will be assisted by the Katherine Sue Banks School of Dance from Iowa Park. Mistress of Ceremonies will be Patsy Ann Morgan, while Hugh Fewin will act as Master of Ceremonies.

W. W. Chambers Home Scene of Lovely Luncheon

Mrs. W. W. Chambers and Mrs. O. E. Melton were co-hostesses for a lovely spring luncheon and social for Circle No. 1 of the W. S. C. S. Monday, May 26 at the Chambers home on Magnolia.

Quartet tables, centered with artistic arrangements of spring flowers were placed for the guests. Arrangements of roses, cornflower and larkspur coreopsis were placed at vantage points throughout the party rooms. The luncheon was served buffet style from a handsome appointed table. Rev. Herbert Minga gave the luncheon invocation.

Following the luncheon, the afternoon session was opened with a hymn led by Mrs. P. A. Wiggins, with Mrs. R. H. Henry at the piano. Mrs. B. M. Cropper and Mrs. O. E. Melton offered prayers. Mrs. H. W. Prinzing read the minutes of the last meeting, while Mrs. W. R. Hill was leader of the Worship Service. Mrs. A. R. Bunstone had charge of the program which dealt with the topic, "The child and his family," discussions were presented by Mesdames W. R. Hill, R. H. Henry, D. M. Morris, B. H. Alexander, D. M. Lowery, B. A. Browning, J. P. Lawler, A. L. Gragg, A. H. Bazell, P. A. Wiggins and B. M. Cropper.

Mrs. A. P. Roberts, one of our members who is ill and unable to attend, was sent a plate by the hostesses. The meeting adjourned with the Missionary Benediction. Thirty-one members were in attendance.

Mr. and Mrs. Walter Boese left Thursday for Nacogdoches for a visit.

Candle Lighted Ceremony Installs Study Club Officers

The annual dinner for the 20th century study club which was held at the J. W. Roach home, with Mrs. Ralph Brookshire, Jr., as hostess, was highlighted by the installation of officers for the coming year.

Officers installed during the beautifully candle-lighted ceremony included: Mrs. W. H. Parr, Jr., President; Louvaine Charles, Vice-President; Juanita Morris, Corresponding Secretary; Mrs. Dan Hofack, Recording Secretary; Mrs. Buddy Bean, Historian; Mrs. Truitt Majors, Parliamentarian; and Mrs. Ralph Brookshire, Jr., Treasurer, and Rhea Fudge, Reporter.

Awards given during the evening went to Mrs. W. H. Parr, Jr., President; Mrs. W. P. Boydston, for the most interesting program during the year; while Mrs. Bob Kearns and Mrs. Buddy Bean tied for the most valuable member, both receiving awards.

The "T" shaped dinner table was beautifully decorated with arrangements of seasonal blossoms carrying out the club colors, yellow and orchid.

Members in attendance included: Mesdames E. L. Blum, Bob Kearns, Geo. Welborn, Maxine Inlow, Rhea Fudge, Louvaine Charles, W. P. Boydston, Bill Parr, Juanita Morris, Dan Hofack, Buddy Bean, Truitt Majors, Ralph Brookshire, Joe Eastman, Joe Mitchell, Buford May, and Howard Clement.

Mr. and Mrs. W. J. Brown of Carlsbad are visiting relatives in Burkburnett.

H. S. Sullivan Dies In Temple Hospital Monday

Word has been received here of the death of Mr. H. S. Sullivan, father of Dr. H. C. Sullivan of Burkburnett.

Mr. Sullivan, who has been in poor health for a number of years, became worse last Thursday, and passed away in the Santa Fe Hospital at Temple, Texas, Monday night at 7 o'clock. Funeral services will be held Wednesday at 3:30 p. m. No further details were given.

Matthews Rites Held Sunday

Funeral services were held from the First Baptist Church, Sunday, May 25, at 2:30 p. m. for Mrs. W. A. Matthews, 65, with the pastor, Rev. A. E. Harrison officiating, assisted by Rev. Geo. W. Lawler of Wichita Falls.

Mrs. Matthews, a resident of Durant, Okla., for the past nine years, died in a Wichita Falls hospital Friday afternoon. She came to Burkburnett in 1919 with her husband where they maintained a home until moving to Durant. She is survived by the husband; 3 sons, R. L. Matthews, Archer City; Burl Matthews, Burkburnett; and H. D. Matthews, Bokchito, Okla.; 3 daughters, Mrs. Lee Johnson, Burkburnett; Mrs. W. N. Gee, Bakersfield, Calif.; and Mrs. J. B. Gibbs, Grandfield, Okla.; 7 sisters, 3 brothers and 10 grandchildren.

Pallbearers were her 6 grandsons: Claude Matthews, Burl Matthews, Mitchell Wayne Gee, Willie Ray Gee, Buster McDonald and Jackie McDonald. Interment was made in the Burkburnett cemetery under the direction of the Owens & Brumley Funeral Home.

Garden Club Holds Final Meeting Of Year Wednesday

Members of the Unity Garden Club met in the home of Mrs. C. O. Walling, Wednesday, May 21, for their last meeting of the year with Mrs. Hayworth as co-hostess. Following the delicious luncheon, Mrs. McMurry presided during the business meeting. Reports were given by various committees. The leader presented Mrs. J. M. Patterson with the Club History; Mrs. J. C. Hinkle with White Flowers for Evening Beauty and Fragrance.

Officers installed by Mrs. Hugh Jones in a beautiful installation ceremony included: Mrs. C. W. Boyd, President; Mrs. McMurry, Vice-President; Mrs. Short, Secretary; Mrs. Hughes, Assistant Secretary; Mrs. B. H. Alexander, Treasurer; Mrs. Laney and Mrs. Landers, Reporters; Mrs. Danforth, Historian; Mrs. Ratliff, Parliamentarian; and Mrs. Hinkle Critic.

Plans were made to have ten meetings instead of nine, and our 10th meeting this year to be a pilgrimage to the different yards in the town.

Twenty-three members and 3 visitors were present.

Central Christian Church

D. M. Overton, Minister Bible School at 9:45 with classes for all ages. We are proud of the new class that is taught by Mrs. D. D. Vaughn for those who are from 6-9. We would like to have as many of this age present as possible.

Bro. D. M. Overton is now bringing a series of sermons on the important subject of worship. We are commanded to worship in spirit and truth. His message Sunday morning June 1 will be "The standard of authority in worship."

Sunday evening, "Ways of receiving Christ."

Mrs. H. A. Goodwin accompanied her sister and brother-in-law, Mr. and Mrs. Virgil Taylor of Gainesville to Carlsbad, New Mexico this week.

Janice Johnson of Elk City is visiting in the home of Mr. and Mrs. H. A. Goodwin.

Randlett Farmer Brings First Wheat To Burkburnett

The first load of 1947 wheat to come to Burkburnett was harvested three miles south of Randlett, Oklahoma by Robert L. Eastman. Burkburnett Gin and Elevator received the first load.

An earlier load in the Grandfield area was reported rejected because of too high moisture content.

T. K. Swinford, manager of the Burkburnett Gin said that Robert L. and Fred A. Eastman had approximately 450 acres in wheat this year. The first load was grown by the Eastmans.

Charlie Kirsh Has Narrow Escape

Charlie Kirsh narrowly escaped serious injury Wednesday afternoon when he cranked a tractor which had been left in gear and was crowded into a large metal post. The tractor was at the Lee Spillers Service Station across from the depot where a tire had been repaired.

When the tractor started it ran over a gas pump, momentarily hung up on the pipe post and spun half around before spark plug wires were jerked off to kill the engine. Quick action on the part of the fire department in extinguishing a blaze started when the gasoline pump was knocked over prevented further damage to the tractor and station.

Although Mr. Kirsh was bruised and scratched on arms and legs, there were no broken bones.

Farmers Warned That Wet Wheat May Be Rejected

G. E. Blewett, secretary-treasurer of the Texas Grain & Feed Dealers Association, Fort Worth, is urging farmers to refrain from harvesting or combining their wheat until it is thoroughly dry, and to wait until the dew has evaporated in the morning before starting to combine or cut wheat.

Wheat containing from 14 to 15.5 per cent moisture is graded "tough" and cannot be used by flour mills but must be dried out, Blewett said. This necessitates a heavy discount under No. 1 milling wheat, he said.

The official warned also that wheat containing leaves, weed seed or stems was liable to deterioration before it can be unloaded.

A few days of high temperatures and high winds will lower the moisture content of the crop and prevent the necessity of discounts, Blewett said.

Fire Boys Attend Convention At Seymour Thursday

The District Firemen and Fire Marshalls Convention held in Seymour, Texas, last Thursday was well represented by the local Fire Department. Attending from Burkburnett were: O. D. Bernethy, Clark Gresham, Harry Elliott, Levi Garrett, Oscar Emerson, Eldon Morris, Dink Lawson and W. A. Beavers.

Railroad Commissioner, Olin Culbertson and Fireman's Fund Insurance Commissioner, Bayne Satterfield from Austin, were featured speakers. In the contests, Olney won the cup for the Hose Race. The Electra Department won first place in Water Polo, with Archer City placing second.

A fried chicken supper was served at the City Park, followed by a dance at the Country Club.

Mrs. Annie Pearce Died In Wichita Hospital Wed.

Funeral services for Mrs. Annie Pearce, 66, who died in a Wichita Falls hospital Wednesday afternoon, are pending the arrival of relatives.

A resident of Burkburnett since 1917, Mrs. Pearce had been living with a son, Pat Kenny. A sister, Mrs. William P. Ware of New Orleans, La., had been at her bedside for the past week. Other survivors include two daughters, Mrs. Jane Hill, San Marcos, Texas; and Mrs. Steve Marchand, Electra; another sister, Miss Nell I. White of Louisville, Ky., and six grandchildren.

Services will be under the direction of the Owens & Brumley Funeral Home.

Louis' Coffee Shop Opened Wednesday

Wednesday Louis' Coffee Shop was formally opened on Main Street. Tuesday the place was open all day, serving free coffee and doughnuts.

On opening day the place had the appearance of a flower shop as bouquets kept arriving from well wishers.

Spike Jones Coming To Wichita Falls

Residents of the Wichita Falls section of Oklahoma and Texas will have an excellent opportunity June 2 to begin the summer with fitting relaxation when Spike Jones, his City Slickers, and supporting specialists in the business of making nonsensical fun come to the Memorial Auditorium in this city.

Spike's famous Musical Depreciation Revue is being presented by Mrs. Hal Yeager, Wichita Falls concert manager. Reserved seat orders now are being filled by mail through P. O. Box 1062. No reservations are being made by telephone. The show is billed for 8:30 p. m. on Monday night, June 2.

Since Jones, then a comparatively unknown radio drummer launched his version of "Der Fuehrer's Face" on the air in September, 1942, he and his musical diversions have become practically a fever throughout the U. S. Spike became a drummer at the age of 11 with whittled chair rounds as sticks and a bread board as his drum. Those were orthodox symphonic equipment to devices he since has employed with devastating effects.

Mr. and Mrs. Morris Bookbinder were business visitors in Dallas last week.

Mrs. R. B. Schmelzer of Milwaukee, Wis., returned to her home Saturday after a three weeks visit in the home of her parents, Mr. and Mrs. J. T. Brady.

NEED OF PAPER

The big daily newspapers have offered to do all in their power to help the small town dailies and weeklies in their struggle to keep going during the newsprint shortage. There is a hint of a return to rationing of newsprint as during the war, which gives our Burkburnett readers an idea of the seriousness of the situation. Many small papers are trying to keep their heads above water while others are faced with suspension. The weekly newspaper is "small business" and we have heard over much about how the government wants to protect and encourage "small business." The big town newspapers aren't getting all of the newsprint they can use, but the more they get the more pressure they put to increase their advertising records. With the small town weekly, the lack of newsprint is a matter of life or death, in many cases.

What the small town publisher would like to be as-

sured of a certain amount of newsprint, regularly, in order that he may fulfill his obligation to his community and be assured of a reasonable profit for himself. Such a condition as we have today keeps the weekly newspaper from expanding, makes it impossible for new papers to start printing, is closing up worthy weeklies. Surely Congress, with two committees trying to iron out the difficulties, might find some plan to help these small town newspapers.

HERE COMES THE BRIDE

When nature sheds the drab garb of winter, comes the season of new apparel in fresh green leaves and colorful blossoms. Such an air of loveliness spreads to include the longing for mating, brings about the bridal month of June. June may be no different than January, were figures compiled to show the number of marriages, but we have long thought of June as the time of brides and fulfillment of the homemaking instincts, happy young people assuming new responsibilities, stepping from the carefree life of the school girl to the obligations of the matron.

The high rate divorce has influenced our thinking regarding the strength of the homing instinct. By observation these young people, newly married, can learn to adjust their own lives together towards a goal. From the fund of statistics concerning the main reasons for broken homes, they can use this knowledge to avoid and overcome the same ills, and maintain harmony, cultivate tenderness and enjoy long years of contentment.

Burkburnett History

As revealed by the files of the Star 10 years ago.

Bob Laney, who has been a resident of Burkburnett for a number of years, has accepted a position with the Keisling Bros. Hardware and Furniture Company, dealer for the Stewart-Warner Electric refrigerators as

salesman for this popular ice-refrigerator.

The members of the Ink Slingers Club are very proud of their Vice-President, Helen Rhea Dickson, who recently won two med-

als presented by the American Legion for her proze winning essay on "The History and Origin of the U. S. Flag, and Flag Etiquette."

Mrs. Neal Hall is a patient at the Wichita Falls Hospital.

Mothers of the football players were honored at the annual banquet by members of the football team Friday night as Rev. Miles B. Hays, pastor of the Baptist Church paid tribute.

The Burkburnett Rotary Club will carry an interesting program to the Wichita Falls Club meeting at the Rotary luncheon Thursday, June 10.

Edward Boswell, 16, was slightly injured at noon Wednesday when a dynamite cap exploded tearing both hands and sending pieces of steel container into his face.

Today Your Pharmacist Drops A Few Facts About

ASPIRIN

Acetylsalicylic Acid, first produced in 1853, appeared to be a worthless drug and until it was just "another" chemical. Everyone ignored it, except Felix Hoffman, a chemist, proved its value as a pain killer in Rheumatism, but the name was too long. Hoffman shortened it to Aspirin, the drug everyone knows as a means to ease pain.

HOUSEHOLD HINTS

Never wring woolen blankets—in fact—never wring any woollens. Blankets are best hung on the line to drip.

Wash blankets on a warm spring day when there is a light breeze.

A little olive oil or glycerine poured on a soft cloth and rubbed on bathroom fixtures keeps them in excellent condition and makes them easier to polish.

Cause of paint cracking usually is that the top coat is harder than the undercoat. This often results when one paints over a surface that is not dry.

Save the lids from baking powder or lye cans. Paint them a bright enamel color. Use assorted colors to give a Mexican air. These "play dishes" will be a grand gift for a small house-keeper.

A damp sponge rubbed lightly over upholstered furniture will remove surface dust, dog or cat hairs.

Paint thinned with turpentine spreads readily and dries quickly without leaving a high sheen.

Hard woods, and especially oak, are not good for framing jobs since they split easily and do not stay straight.

Since the 16th century, the Church of the Madonna delle Grazie, near Mantua, Italy, has had the upper part of its interior walls lined with life-sized human figures that custodians believed were made of papier-mache. But in 1937, an authority on antiques examined the 17 military figures and discovered they were dressed in excellent suits of rare medieval armor.

Sunday Musical Well Attended

The musical program presented to the public by the harmony club of Wichita Falls last Sunday at the Methodist Church was an outstanding event in the community life of Burkburnett. It would be difficult to select favorite artists or numbers since the entire program displayed artistic merit. Part 1, with Mesdames J. W. Hill, Charles Prothro, Valdera Childers and Miss Doris Hipp as violinists and Miss Ruth Carney accompanist. Gibelius, Friml and Chopin numbers delighted the audience, with perhaps the latter number being a favorite. Part 2, Mrs. Frank Denman pleased the younger members of the audience with "Toyland" from the light opera. Babes in Toyland by Victor Herbert. Her voice register was noted particularly in the Jerome Kerns number, I dream to much. All native Texans love the Hills of Home by Oscar J. Fox, and were pleased that she, a native of Illinois sang it with much feeling. Mrs. A. G. Deatherage, president of the Harmony Club was her able accompanist. Part 3, Mrs. Arlene Murph Roberts, in charge of music for Radio Station KTRN was mistress of the keyboard in all of her numbers, Rustle of Spring, by Sinding, a David Guion arrangement of Turkey in the Straw and the inspiring technique tester, La Campanella, by Liszt. Her interpretative tone shading (particularly in Rustle

of Spring) and artistic performance in general was an inspiration to every piano student present. Part 4. The Choral group directed by Miss Sara Dunn Sistrunk, who is music director of the Wichita Falls High School sang five short numbers by Mozart and Bach, closing with Mozarts Allelujah. Noted in their performance was absolute attention to the director at all times, which produced excellent phrasing and expression. Mrs. Irwin Herrmann their accompanist certainly deserves honorable mention. Her ability as a pianist was displayed in the solo interludes.

Mr. J. V. Brookshear, acting in the absence of the mayor, Alvin Hill, expressed appreciation to the musicians for their kindness in bringing the program to the Federated Clubs who sponsored the event and to the Host Church. He then introduced Mrs. Jack Wynn of Wichita Falls who announced the program numbers. The presidents of the four clubs, Mesdames P. A. Wiggins, Bertha Cropper, George McClarty and W. H. Parr, Jr., served as an arrangement committee.

With this first concert a decided success, and so well attended, let us go forward with plans for these programs at regular intervals. Burkburnett has much musical talent and why can't we have such a program of all home talent. Certainly our High School Choral Club and Band and individual music students would make this possible.

Mr. and Mrs. Hudson Meadors and baby of Wichita Falls were Burk visitors Monday.

Dorothy Lorang of Artesia, New Mexico, is visiting friends in Burk this week.

Misses Margaret, Grace and Gayle Preston plan to leave Thursday (today) for a vacation trip to the West Coast. They will be joined by a friend from Brownwood.

Mrs. William P. Ware of New Orleans, La., is here visiting her sister, Mrs. Annie Pierce, who has been confined to her bed since January. This is Mrs. Ware's first visit to Texas.

Mrs. C. W. Stradley spent several days last week with her husband who is employed at Hobbs, New Mexico.

Production of new electric refrigerators is still far behind the tremendous demand. Dealers are trying to see that war veterans, families with children and others who have no automatic refrigeration get the first call on new electric refrigerators.

Until you can have one of these fine new electric refrigerators delivered into your home to replace the refrigerator which has served so faithfully, take good care of the one you have. In the meantime, keep in touch with your electric refrigerator dealer. He'll help you get better service from your present refrigerator and keep you posted as to when you can get a new electric refrigerator with the many improvements.

WEEKLY NEWS ANALYSIS

Rush More Food to Germany; Truman Signs Portal Pay Bill; Churchill Seeks United Europe

Released by Western Newspaper Union

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

Reacting swiftly to a strongly Communist-flavored lecture being delivered to students at Western high school in Washington, D. C., these four young people walked out on the speaker and started a general exodus from the assembly room. Here, Speaker of the House Joseph W. Martin Jr., presents them with the American colors for their discrimination.

HUNGRY GERMANS: Show Ugly Mood

Replying to complaints that Germany is being short-changed on its food rations, Secretary of War Robert Patterson disclosed that 400,000 tons of foodstuffs are slated to be sent there during May, a like amount in June and "even more" in July.

A picture of general unrest in Germany was drawn by official United States investigators who said that the Germans were displaying an "ugly mood of bitter resentment" toward this country because of food shortages.

Officials in the stricken country have been predicting that hunger-born strikes and demonstrations would break out among the Germans if they remained dissatisfied with their food rations.

Secretary of War Patterson, however, said that shipments of food to Germany are being made on schedule in line with recommendations outlined by Herbert Hoover following his survey of food conditions there last winter.

FLU STOPPER: New Mold Tested

A possible cure for influenza may be forthcoming from a newly discovered green and black soil mold, according to an announcement by the Society of American Bacteriologists.

So far, although there are preventive vaccines for flu, no specific cure has been developed. Not yet tested on humans, the mold is said to have shown a curative effect on chicken embryos and mice with influenza.

There is one hitch, however. The mold-bearing earth, according to the two scientists who made the discovery, was one of numerous samples which came to them from all over the world. Just where that particular bit of dirt came from they do not know.

OIL JACKPOT: Soviets Hit It

Huge oil deposits have been discovered under Russia's new industrial region in the Ural mountains nearly 1,000 miles east of Moscow, according to a Soviet announcement.

Moscow told of the finding of "colossal" oil reserves following completion of exhaustive tests in the area now under development as an industrial frontier.

The announcement indicated that the Soviets' long-range plan to shift virtually their entire production system to the east will be helped considerably by the newly discovered oil deposits. Geologists are said to have tapped coal and ore deposits in the Urals previously.

OUTMODDED DEFENSE: Rockets Far Ahead

Ever-improving rocket weapons already have rendered obsolete the best anti-aircraft guns of the army and navy. Paul W. Martin, an ordnance expert, has asserted.

The big strides made in development of rapid-firing automatic, radar-directed guns have been far outstripped by atomic energy and guided missiles, he said.

Three important features of a good defense were cited: A long-range detection system; a defensive rocket to intercept the enemy missile, and destruction of the enemy missile at a safe distance.

You Can't Keep a Good Volcanic Island Down

Anak Krakatoa, barren offspring of the lonely volcanic island near Java which erupted in 1883 with the mightiest explosion ever experienced by modern man, is showing angry indications of blowing its top again.

The Krakatoa blast 64 years ago, which caused the island to disintegrate and sink, killed approximately 30,000, caused great tidal waves to roll three times around the earth and hurled volcanic dust far into the

UNITED EUROPE: Churchill's Idea

Winston Churchill, describing the continent as a "rubble heap and breeding ground of pestilence," has gone on record as favoring an organization of European nations—a United Europe, possibly without Russia.

He called for a wholehearted effort from Great Britain and France to found such a movement and asked that headquarters for the organization be set up immediately in England.

The movement is sure to draw the approval of the United States, Churchill told an audience of 10,000 at London's Albert hall. He emphasized that the European union would operate as one regional unit under world supremacy of the United Nations.

PORTALS CLOSED: Back Claims Denied

Almost six billion dollars in back claims for portal-to-portal pay was erased from the books when President Truman put his signature on congressional legislation designed to relieve employers, as well as the government, from such claims—now and in the future.

Although he opposed the wishes of organized labor and overrode an appeal for a veto by Secretary of Labor Schwelienbach, the President emphasized that he was certain that it was not the intent of congress to nullify past gains made by labor.

Explaining his reasons for signing the bill, he said, "Businessmen will be able to plan with assurance for full production and price reductions. This will be of real value to labor and management in a continued high level of employment."

At the same time he repeated his plea to business for lower prices and requested congress to take immediate steps to increase the statutory minimum wage from 40 to at least 65 cents an hour.

SUGAR STRATEGY: Advance Rations

To enable supplies to moved while railroad transportation is available, housewives and industrial users of sugar will be permitted to buy their allotments in advance of the customary rationing date.

The Sugar Rationing Administration explained that, because of the transportation burden which will develop later in the year, a second 10-pound stamp for consumers (No. 12) will be validated June 1 instead of July 1, but must last until October 31.

No specially designated "home canning sugar stamps" will be issued this year, but the allowance of 35 pounds available for home use will include sugar for canning.

Dentists Are in Pain, Too

Pity the poor dentist when he sneaks in behind your teeth with that savage little drill and tries to unseat the top of your skull.

Chances are his feet hurt. And his back aches. And his legs are weary. That, at least, is the contention of Northwestern university school of dentistry, which is starting to teach its student dentists to work sitting down—on a specially constructed stool.

A standing dentist is of no more advantage to the patient than a sitting dentist, the school asserts. If dentists can be brought to a sitting position, the university believes, their professional lives will be extended by five years.

Record Slaughter

A new record for slaughtering of cattle and calves was set during April in all federally-inspected plants in the country. Hog killings were lower, however, reports the department of agriculture.

Cattle killed reached the all-time high during April of 1,203,137 head, compared with 714,860 for the same month a year ago. Calves slaughtered numbered 678,440, compared with 445,049 in April, 1946.

Hogs killed dropped from 3,857,972 to 3,615,746, and sheep declined from 1,735,882 last April to 1,326,589 this year, lowest since 1939.

Million Dollar Memoirs

One million dollars, believed to be the largest amount ever paid in this country for the publication rights to foreign material, has been paid for Winston Churchill's memoirs, which will run to five volumes when completed. The New York Times and Life magazine have purchased the serial rights, while Houghton Mifflin company will begin publication of the work in book form next January.

No matter how mighty the forces of this world may be, or how wonderful it might seem to have their favor toward the cause of the church, let us be clear that it is in God that we have our strength—and in him alone.

The church (and individual Christians too) has lost its testimony and its power in the community whenever and wherever it has turned to the world for help or support. Remember the folly of Hezekiah.

TOO MUCH SMOKE: Can't See Stars

The nation's capital city is getting just too smoky, dusty and crowded for the U. S. naval observatory, which is getting ready to move to a more sylvan neighborhood.

Because big cities radiate heat, which is bad for delicate astronomical instruments, the new location for the world-famous observatory must be no nearer than 25 miles to any metropolitan area. Officials estimate that it will take about eight years to find a site, put up the necessary buildings and install equipment.

In addition to providing the nation with the world's most accurate time checks, the observatory warns the radio industry of sun spot activity, puts out almanacs, supplies data on tides, phases of the moon and sunsets and sunrises, and figures out calendars.

BUDGET SURPLUS: Dwindling Fast

It begins to appear as though President Truman made a small miscalculation when he predicted that the treasury would wind up the fiscal year on June 30 with a budget surplus of \$1,250,000,000, because the surplus already has dipped below that figure.

The surplus, meaning the excess of income over spending, has shrunk to \$1,228,507,000—the fall during April and early May being caused by spending in excess of income during that period. Administration analysts, however, hold that quarterly tax payments in June probably will restore President Truman's original figure.

FARM LAND: Prices Go Up

Continuing the steady trend upward begun early in the war, farm real estate prices are nearing a level double the average for the 1935-39 period, a survey by the U. S. bureau of agricultural economics shows.

During the year ending March 1, farm real estate prices rose 12 per cent for the country as a whole. That figure is compared with a 13 per cent rise for the corresponding period in 1946, 11 per cent in 1945 and 15 per cent in 1944. Fifty-six per cent of the recorded sales in the past year were for all cash.

'Red' Composer?

Hans Eisler, brother of Gerhart Eisler, who is reputedly the No. 1 Communist in the United States, was called to testify before the house un-American committee. He is a music composer for the movies, and is said to have composed inspirational music for the Communist party.

Million Dollar Memoirs

One million dollars, believed to be the largest amount ever paid in this country for the publication rights to foreign material, has been paid for Winston Churchill's memoirs, which will run to five volumes when completed. The New York Times and Life magazine have purchased the serial rights, while Houghton Mifflin company will begin publication of the work in book form next January.

NEW NARCOTIC: Most Dangerous

A synthetic narcotic called demerol, called more dangerous than heroin by Federal Narcotic bureau, is flowing in illicit channels and endangering all drug addicts. Doctors have been warned by the U. S. Public Health service to use extreme care in prescribing this powerful drug, which has a "definite place in medicine, but is highly habit-forming." Heroin was hitherto regarded as the most dangerous of all drugs.

FACING NATIONAL PERILS

LESSON TEXT—II Kings 19:5-7, 32-37; 20:12-17. MEMORY SELECTION—For thus said the Lord God, the Holy One of Israel; in returning and rest shall ye be saved; in quietness and in confidence shall be your strength.—Isaiah 30:15.

Perilous times had come upon the southern part of the divided kingdom known as Judah. There had been a period of outward prosperity under King Uzziah, but the inward decay of the people made it an empty thing.

Judah, like Israel, was on the downward path which was to lead to ultimate captivity and judgment. The occasional reign of good kings seemed to stem the tide a bit; in fact, the great king of whom we study today, Hezekiah, gave Judah a "fresh lease on life and enabled her to outlive her sister kingdom by nearly a century and a half."

Judah experienced a real revival of faith in God under Hezekiah (II Kings 18:4-6; II Chron. 29-31). The temple was cleansed, the priesthood renewed and reconsecrated, and the great feast of the Passover kept once more. This undoubtedly explains the new life which came to Judah in an hour when the nation seemed about to disintegrate.

I. The Enemy's Threat (19:5, 6).

For the background here one must read the previous chapter. Hezekiah, having tried to throw off the yoke of Assyria, had seen Sennacherib and his armies sweep over the land. Thinking to stop him and to save Jerusalem, he sent a great gift amounting in value to millions of dollars. The gift was accepted, and then Sennacherib treacherously seized Jerusalem.

Rabshakeh, Sennacherib's messenger to Hezekiah, not only threatened the nation, but blasphemously denied the power of God. Such was the awful situation Hezekiah faced as he went to the temple, and sent trusted servants to inquire of Isaiah what he ought to do.

The response was prompt and definite. We may learn from this incident that in an hour of confusion and danger it is well to take time to find out what the Lord has to say about things. He knows what to do!

II. The Lord's Answer (19:7, 32-37).

God has only to blow on the mighty, blustering monarchs of this world and they come to their end, definitely and conclusively. The "blast" of the Lord (v. 7) is enough to care for that! And remember, he is still ready to act on behalf of his people!

On the plains of Philistia the mighty host of Assyria met the angel of the Lord, and they never awoke from their sleep. The loss of 185,000 men sent Sennacherib home to Nineveh broken and fearful, and there he met his own violent death.

How much we need the encouragement of such an event as this in our own day when the mighty of this earth seem to speak so boldly and confidently against the name of the Lord. His children must often hear the blasphemous threats of unbelievers and bear the burden of their scorn.

Let us remember that we do serve a God who can with a glance of his eyes throw into confusion all the enemies of his mighty name. Let us be strong to fight the victorious battle in his name!

Hezekiah knew the sweetness of victory as he trusted in the Lord. If we could only rest the matter there. But the weakness of the flesh comes to the fore as we see

III. The King's Folly (20:12-17).

Babylon, one of the great Gentile enemies of Assyria, wanted to cultivate the friendship of Hezekiah, so an embassy was sent to express joy at his recovery from a serious illness.

It was the Lord who had healed him (see 20:1-11) in a miraculous way, but now Hezekiah did the foolish thing of trying to cultivate the help of men.

To impress these possible allies from Babylon, he showed them all his wealth. He evidently wanted them to return to their ruler with a story of the might and glory of Judah.

Poor Hezekiah! He only made a fool of himself, prepared the way for the ultimate taking of his possessions and his people by the Babylonians.

The lesson to be learned here is not only that boasting is folly (although that is always true), but also that it is the height of folly to put one's trust in the arm of flesh.

No matter how mighty the forces of this world may be, or how wonderful it might seem to have their favor toward the cause of the church, let us be clear that it is in God that we have our strength—and in him alone.

The church (and individual Christians too) has lost its testimony and its power in the community whenever and wherever it has turned to the world for help or support. Remember the folly of Hezekiah.

Search For The Best Chevy Truck

Several days remain before the search for the best Chevrolet truck in the U. S. will be completed. The owner will win a new Design Chevrolet truck, and the Acme Chevrolet will be named today. Entries must be submitted by midnight, June 15.

ner will be announced on or before June 20, and may select a new vehicle of his choice from any standard model in the current line of Chevrolet commercial cars and trucks.

Trucks entered in the search must carry 1947 license plates and be driven to the Chevrolet dealership, where official entry blanks may be obtained.

Residents of Burkburnett are displaying unusual interest in this search, Mr. Grubbs said, and to date we have several trucks

entered in the competition. Some of them are really old-timers, and we may find the national winner in this community.

Any owner who believes his truck may be eligible should certainly take advantage of this opportunity and enter the competition. Age of the oldest truck will be established by its serial number. In cases where the serial number is illegible, proof of the truck's age may be determined by the original bill of sale or other legal documents showing the serial number.

Trucks are being entered in the search by owners in widely diversified activities, including farming and general hauling. Only vehicles manufactured as trucks by Chevrolet are eligible, and the search is open to all truck owners with the exception of employees of the Chevrolet Motor Division, dealers in cars and trucks and their employees.

Yards Being Mowed Between Showers

Almost daily showers have caused lawns to grow so fast that it has been necessary to use the lawn mower between showers to keep the rank growth under control.

Some of the beauty of roses has been destroyed by hard rains and wind, though other flowers will make up for the loss later on.

Dr. and Mrs. H. C. Sullivan and family are in Temple, Texas, this week, where Dr. Sullivan's father, H. S. Sullivan is seriously ill in the Santa Fe Hospital.

Chick Chats

(By Clark Gresham)

In the springtime, when most poultrymen are intent on getting their young chicks off to a thriving start, there may be a tendency on the part of some to neglect the older stock remaining on the farm. The laying stock, which is just emerging from several months of heavy winter egg production still needs constant attention. Don't overlook this new now.

Give some special attention to the flock's quarters. After a long winter confinement, the laying house is probably in need of a thorough spring cleaning. Do a thorough cleaning job, and follow by using a reliable disinfectant.

If the birds are being allowed out of the house now, it may be a good plan to keep them shut in during a good part of the morning so that most of their laying will have been done before they venture out of doors. The practice will help keep eggs cleaner.

If some of the flock is wormy, consult your feed dealer or hatcheryman about how to treat the condition. He undoubtedly can recommend a reliable remedy.

Strive constantly to cull the nonlaying birds. After the period of heavy laying, some of the birds will have used up much of their laying reserve. These should be removed from the flock to make more room for the birds which are still in high production.

If an all pullet flock is kept, the poultry raiser should plan to sell the adult layers in time to give the laying house a 2 or 3 months airing before housing the new

pullets next fall.

Continue to gather eggs frequently. If eggs are gathered three times daily, they will be cleaner; and, in addition, the sooner they are placed in a cool storage place, the better will be their condition for marketing.

Scouting Women

We talk about this being a man's movement, and we like to believe that it is, but what's the use. We know very well that ours, like most so-called men's activities, owes most of its success to the women. We might as well admit it, at least once in a while, and this Mother's Day seems a good time to do so.

Every married Scout Master or Cubmaster, Skipper or anything else in Scouting knows how much grief his wife takes. Now she sends him on his way to Scout meetings of one kind or another, night after night, while she stays home to wash the dishes and put the children to bed, and then sit and wait and wait for that man to come back.

If she is a Scoutmaster's wife, she is probably also the "Troop Mother." There are batches of cookies when the troop meets at the house. There's hand-outs and an encouraging word for the Tenderfoot struggling on some Second Class project out in the back yard. She finds herself doing more than her share of the sewing machine work involved in Troop-made tents and gear. The Troop Mothers are the ones that are always there, driving a load out to Camporee, or taking that man and boys and their duffles out to summer camp, and turning the car around for a long drive back to the house which will

seem empty as a tomb for a week.

When he gets the blues and wonders why he ever took the troop anyway, no one appreciates the efforts he puts into it, she re-convinces him that he is doing a mighty fine thing for a lot of boys (not stopping to mention the part she plays) and he gains new courage and goes on. Better say that they go on together, because that's the way it is, and that's the way it should be.

So, wives and mothers of Scouting, we want to tell you once more that we know the sacrifices you make to help us do our bit. We do appreciate them—and you.

Home Builders Meet With Mrs. Stacy

Members of the Home Builders class met for their regular monthly meeting in the home of Mrs. G. D. Stacy, Wednesday,

May 7. The Devotional was given by Mrs. Hugh Jones. A very interesting lesson was read by Mrs. Patterson, followed by the group singing. Have Thine Own Way Lord. Refreshments were served to the following visitors. Mrs. Lore-

ta Thompson and Linda Kay, Mrs. L. D. Stacey and children Laura Sue and Clyde and Mrs. Billie Jo Hudson, and to the following members: Mesdames Westbrook, Gragg, Patterson, Gloger, Cropper, Jones, Henson, Urban, Moreman, Simpson, Hoffman, Woodall, Robinson, Brown, Lawler, Reynolds, Vance, Gage, Gee, Jones, Riddles, Tucker, and the hostess, Mrs. Stacy.

Card of Thanks

We take this means of extending our thanks to our many friends and neighbors for their thoughtfulness to us during the illness and death of our wife and mother, Mrs. W. A. Matthews. For every act of kindness and the beautiful floral offerings, we are most grateful. W. A. Matthews and children.

INJURED IN FALL

Mrs. Edna Butler of Rhome, Texas, suffered a broken hip in a fall last Thursday evening and is receiving treatment in the Rogers hospital at Decatur, Texas. Mrs. Butler, mother of Blanche Butler, of Burkburnett has many friends here, having visited here a number of times.

Guests in the C. F. Johnson home over the week-end included Mrs. Johnsons' mother and sister, Mrs. L. E. Keil and Evelyn of Custer City, Okla., Cletus Johnson of Cloud Chief, and Dale Johnson, student at W.

Mrs. Clark Hostess To Friendship Class

The Friendship class of the First Baptist Church met for their regular meeting in the home of Mrs. O. L. Clark, Thursday afternoon, May 22. The meeting was opened with singing, Peace Be Still, followed with a prayer by Mrs. Buchanan. Mrs. O. L. Clark brought the Devotional from the 4th chapter of John and 5th chapter of James. Mrs. Will Teal followed with prayer.

Reports were heard and plans made for visitation of unenlisted and prospective members to the class. A social hour followed, directed by the fellowship Vice-President of the class. The program included a reading, What sometimes goes through the mind of a woman at church by Mrs. O. L. Clark; A contest called, Mounting, and one, Look Pleasant Please, furnished amusement for all. A skit, The Album, presented by Mrs. V. C. Skipwith and Mrs. J. L. Smith, accompanied by Mrs. Preston Johnson at the piano, made the skit more effective.

Refreshments were served to 10 members, 1 associate member and three visitors.

W. M. S.

The W. M. S. of the First Baptist Church met Monday afternoon for their regular business meeting. The meeting opened with a song followed by the Devotional given by Mrs. C. O. Walling.

In the business session, reports from the various circles were given as well as the G. A.'s. Plans were made for the fifth Monday Social to be held in June. All circles as well as all the women of the Church are to meet together at 7:00 p. m. for a covered dish supper with a social hour following. Mrs. Carswell, president of the meeting and encouraged a round-table discussion of all plans and suggestions.

There were 14 ladies present at the meeting. More should make a special effort to take their rightful place in the WMS. So try to come to one of the circle meetings next time.

The second Monday in June, the meeting will be held from 10:00 to 11:00 a. m. at the church for the Royal service program in order not to conflict with the Bible School to be held that week.

Next week Circle No. 1 will meet with Mrs. McMurry; Circle No. 2, Mrs. Fowler; Circle No. 3, Mrs. Fred Hunt; Circle No. 4, Mrs. Guy England and the BWC with Mrs. Avon Fields.

Mrs. Walter E. Tardy and small sons, Rhodes Earle and Thomas, of Camp McCoy, Wisconsin, arrived Sunday for an extended visit in the home of her sister, Mrs. Carl Morrison. She will be joined here about the 15th of June by her husband, Lt. Col. Tardy, before going to their new location at Ft. Bragg, North Carolina.

Reginald W. Beaver, an ex-service man, is now enrolled as a freshman student in Abilene Christian College, Abilene, Texas, where he is majoring in the field of Bible. He is one of 615 students going to Abilene Christian College on the GI bill, according to the college Registrar's office. The Abilene institution has an enrollment of 1440 students from 35 states, the District of Columbia and nine foreign countries.

Mr. and Mrs. C. F. Johnson left Tuesday afternoon for Cloud Chief, Okla., to attend the wedding of their son Cletus to Miss Virginia Treadway.

Mrs. W. W. Palmer is in the Scott-White hospital at Temple, Texas, for a check-up.

If Natural Gas could be carried in Buckets . . .

Every family within reach of a gas well could have natural gas service . . . every Jack and Jill in Texas would be fetching a pailful . . . if gas could be carried in buckets!

But that's impossible, of course. The only way to move natural gas from wells to markets is through pipe lines—great steel arteries that wind over hills and under rivers, through swamps and wastelands, linking enormous underground reservoirs with the burners in your home and factory

United Gas has more than 6,000 miles of such lines, connected to more than 100 fields in Texas, Louisiana and Mississippi. At the outlet ends of United's pipe lines are 322 southern cities and towns, many of which are served by United Gas distribution systems. By providing this link between wells and markets, by making this gas available for use, United is giving value to gas that might otherwise remain worthless in the ground . . . is helping to bring the comfort and convenience of natural gas service into your home and that of your neighbor.

The attendance last Sunday was good—both the Sunday School, with 355 and preaching services. Giving away for the baccalaureate sermon Sunday night hurt our Training Union attendance, but it was a worthy cause. Let's make up for absence last Sunday by being present Sunday for all the services.

Sunday morning the pastor speaks on "Looking Unto Jesus", you are invited to read Heb. 12:1. Sunday night following the preaching services we will have the baptismal services.

Bring someone with you next Sunday and worship with us. Thrice welcome for all our services.

Monday night, June 2nd a study course for all officers and teachers and others who care to take it. We are to study the Ten Commandments, with Mrs. B. H. Preston, teacher.

June the ninth Vacation Bible School. All boys and girls from 5 to 16 invited, 2:30 p. m. each afternoon.

This will be the last Sunday your pastor will preach in Burkburnett before going to Annual Conference, which begins in Dallas on June 4. On June 6 he will lead the morning devotional at the conference. Be sure to come to both morning and evening services this Sunday.

There are still a few members who have not completed payment of their church obligation for the year just ending. We are starting our new financial year with June 1. If you have not paid up, be sure to bring your offering with you this Sunday, and then start off this new year by signing a pledge card and beginning to make your weekly contribution in an envelope from the new package you have received or may secure at the church.

Our board of Stewards has adopted an increased budget for the new year. This will necessitate the raising of pledges by many of our members, and it will be essential for every person in the church to make some definite pledge and adopt a method of regular contribution. With our enlarged membership it will not be difficult for us to carry on an enlarged program of service if every member does his part. Each member will be contacted by a steward. Greet your Steward cordially and do your best for the church.

We have a wonderful church organization. If you are not enjoying working in a church, come worship with us and unite in our fellowship. You need the church; the church needs you.

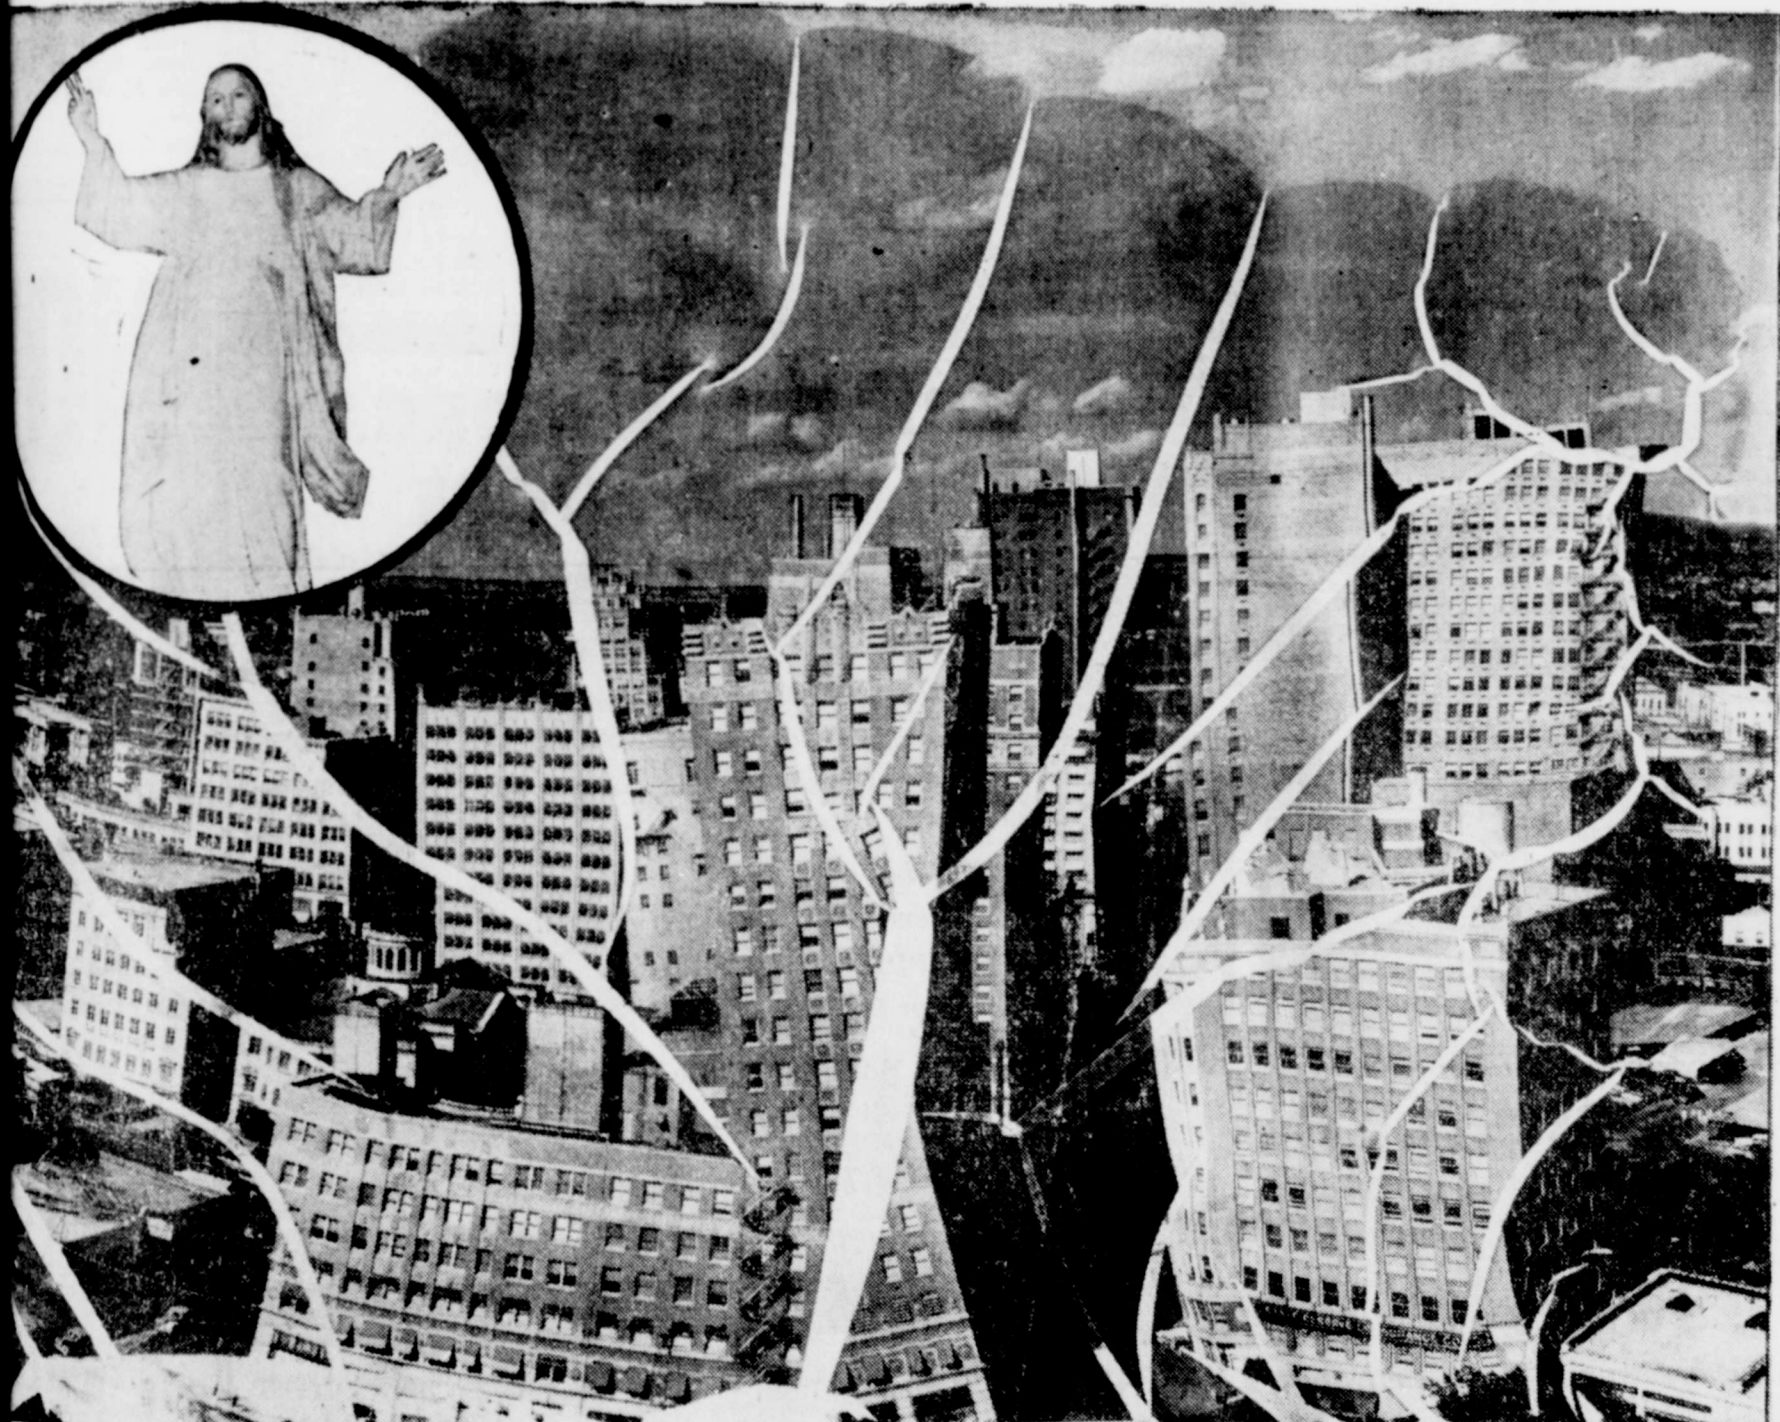

STOP

DOING YOUR STOMACH FOR CONSTIPATION . . .

WHEN constipation hangs on and you have that listless, "half alive" feeling chances are it's not your stomach but your intestinal tract that's at fault. Sluggish intestinal muscles permit waste to accumulate . . . gas is formed and often you feel miserable, nervous and out of sorts.

For real relief . . . take the new, improved, ADLERIKA the Tone-Up Laxative. It moves waste quickly but gently to relieve constipation and gas. You'll enjoy a new feeling of pep and vitality when your digestive system is in perfect order. Try ADLERIKA today and you'll learn why over 20,000,000 bottles have been sold. *Caution: take only as directed.*

ADLERIKA
THE TONE-UP LAXATIVE

GOD'S ATOMIC POWER

THE age of the harnessing of God's minute atom by scientists is here. His FOURTH birthday has been celebrated. The time for the genuine love of God to reign in the hearts of men must be here if civilization is to endure. When it becomes practical for the ingenuity of man, as is now the case, to concoct instruments of inconceivable power that rip the earth into canyons, lift and wreck "skyscrapers" more easily than a strong man can break a straw and with the heat of Hell burn to dust every object near the point of its eruption . . . then, brother, it's time for all mankind to "GET ON SPEAKING TERMS WITH GOD."

THE whole world seems to be in constant fear of this terrific weapon. Nations seem to be at "loggerhead" . . . they do not trust each other. Their acts and sayings are questioned; their conclusions censored. They are in a race to avoid the calamity of the immortal phrase, "TOO FEW AND TOO LATE."

CHRISTIANS must meet the challenge of the Atomic Age. The doctrine of BROTHERLY LOVE must prevail. This is an era when giants in the field of business and fabulously rich in the material wealth of the world are scattering their shekels in the interest of religion. The church must not be denied; help keep her good work going by attending the church of your choice regularly.

**YOU IN THE CHURCH
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

MARKETING with Marjorie

Are you planning to pick up and picnic this week end? Then I know you're hoping, as I am, for warm, sunny weather. But if it should turn out be chilly or rainy, don't let that interfere with your plans. Go ahead and have your picnic anyhow . . . at home. That way your family won't feel let down, and you won't have to rustle up a regular meal at the last minute.

THIRST AID

It's no picnic being thirsty on a picnic, so be sure to take plenty of refreshing soft drinks on your outing! You'll find a big variety of "whistle wettors" at your A&P . . . each as enjoyable as the other, and all thrifty priced. Make A&P your thirst aid headquarters!

QUICK AND SLICK

If you go in for campfire cookery, you'll get yards of enjoyment from ENCORE Prepared SPAGHETTI. It's mighty good cooked at home on the range, too, so get a few cans at the A&P. Made with a tasty sauce of tomatoes, spices and cheese, all you have to do is heat it. And if you want an extra hearty dish for 8 hearty eaters, combine 2 cans of this swell spaghetti with 2 cans of red beans; mix well in a skillet; add 2 tps. of chili powder, and heat thoroughly. Add green pepper and onion rings if you like 'em. Grand indoors or out!

SWANK FOR SALADS

For the best-dressed cole slaw or vegetable salad that ever went a-picknicking, try this tangy dressing made with WHITE HOUSE MILK, the creamy-rich evaporated milk sold at the A&P. Just blend 1/2 tsp. prepared mustard, 1/2 tsp. salt, 2 tps. sugar, a dash of cayenne and 1 cup undiluted WHITE HOUSE EVAPORATED MILK. Add 1 tbsp. vinegar gradually, stirring till thick. Enough for 8 servings of salad.

KING-SIZE SANDWICHES

Where there's a grill, there's a way to enjoy MARVEL HAMBURGER ROLLS in their special role of partners for sizzling hamburgers. But even if your picnic equipment doesn't include a grill, these delicious, freshly baked rolls from the A&P can have their innings on your outings. They're perfect for big he-man sandwiches of all kinds because they hold so much filling.
