## Charles E. Ogburn, 71, Dies At Garber

Charles E. Ogburn, 71, died suddenly at Garber Thursday. Ogburn had been in poor health for some time but his death was sudden and unexpected. He died at a Garber barber shop where he was waiting to get a hair cut.

He came to Garber seven years ago from Burkburnett, Texas, where he was an oil field pumper for 19 years. During the war Ogburn worked at a Tulsa defense plant for two years.

Survivors include one daughter, Mary Traweek, Commerce, Texas; one son, Jesse Ogburn of Sulphur; four sisters, Mrs. G. W. Callahan of Chandler; Mrs. Fannie Wells of Garber; Mrs. Joan Harkey of Dallas, Texas; Mrs. H. L. McCathren, California; four brothers, Lewis of Guthrie; Tom of Gaber, Jim of Rabbit Lake, Canada and Oscar of Chandler.

Funeral arrangements are pending at the Anderson funeral home at Gaber.

Mr. and Mrs. J. M. Hayworth had in their home this past week a reunion of Mrs. Hayworth's relatives; a brother, H. H. Lynch and son, D. N. Lynch, two daughters Mrs. Arnold Deadman and Mrs. Hall from Kansas City; a niece, Mrs. Earl Roach from Waldron, Arkansas, a sister-in-law, Mrs. Jane Lynch of Sudan, Texas; a sister, Mrs. C. C. Mathews and husband from Fletcher, Okla.; a sister, Mrs. Christine Ballard from Oklahoma City, and their daughter, Mrs. J. F. Yielush of Dallas. A happy reunion was enjoyed by all present.

## Two Booster Trips Planned For Boom Town Celebration

Boosters who will advertise the Celebration and Rodeo will gather at the Chamber of Commerce office at 9:00 o'clock on the morning of the 19th for the first booster trip. After assembling the group will leave at 10 o'clock and follow a route previously planned to cover a number of neighboring towns.

Everyone who can take a car is urged to be on hand and help make the delegation as large and impressive as possible.

Safety will be the keynote on each trip. Too many times boosters race through a town at break neck speed, endangering the lives of themselves and others. The Burkburnett delegation will try to make a favorable impression rather than be resented for carelessness.

## Band To Sponsor Bingo Concession

The Band Bingo Concession at the Boom Town Celebration, will greatly appreciate any item donated for Bingo. Take your donation to Mrs. Sid Gamblin, Mrs. Ray Mills or Mrs. Geo. McClarty. If unable to bring your items, call any one of the three ladies and they will be glad to pick it up.

## Twin Trick Riders Here For Rodeo

Ted and Betty Lamb, twin trick riders and ropers will be here for Burk's 4 rodeo shows. These beautiful girls, with their colorful costumes and horses, have performed at Fort Worth and other top-notch rodeos all over America.

Their act will be enlivened by fancy rope twirling exhibitions, difficult for seasoned performers to master.

## Former Burk Man Weds In Sherman

Miss June Walker and Omer Baumhardt were married at the Woodman Circle Home in Sherman, Texas, on Friday, June 6 at 10 a. m. The couple stood before an improvised altar of ferns, palms and baskets of gladiolus. Monsignor Edward V. McCullough, pastor of the St. Mary's Catholic Church was the officiant for the ceremony.

Mrs. Mijo S. Brame played the wedding music, and accompanied Miss Kathleen Franklin, who sang, Ah Sweet Mystery of Life, and Because.

J. A. Alexander gave the bride in marriage. She was attractive in a navy blue gabardine suit, white handkerchief, linen blouse trimmed with val lace and navy accessories. Her only jewelry was a single strand of pearls, a gift of the groom. A coronet of white rosebuds with navy blue ribbon, falling in folds to her shoulders formed her hat. She carried a bouquet of white rosebuds centered with an orchid and showered with white rosebud streamers.

The brides only attendant was Miss Zelta Griffin, who wore a dusty rose suit with white organdy blouse and navy accessories.

Thurman Kennedy of Burkburnett acted as best man for the groom. Candles were lighted by Misses Lavelle Owen and Wanda Roper.

At the reception which followed the ceremony, Miss Delores Barnett presided at the brides book, with Misses Jean Morrison and Betty Keifer at the tea table.

For traveling, the bride wore a white hat and gloves with her wedding suit. After a short trip to New Mexico, Mr. and Mrs. Baumhardt will be at home in Muenster, Texas, where he is employed.

## "Pappy" Willis Has Big Parade For Opening Day

T. Guy Willis has sent out invitations to a number of prominent personages in all surrounding town to come and assist in staging the biggest parade in the history of Burkburnett. All indications are that the line of procession will be at least five miles long. Cowboys, cowgirls, buggies, wagons, cars, floats, a number of bands, etc., will make up the colorful parade.

The line of march will be published later so spectators may pick out a vantage point to view the sights.

## Announcement Band Students

According to word received here from Charles Vick, local Band instructor, all Band Students will meet at the High School Monday, June 16 at 7:30 A. M. for band practice.

The High School Band will leave the High School at 5:30 p. m., June 16 for their swimming party. They will also bring a self lunch and bathing suit.

## Charlie Schultz and Donkey to Supply Laughs At Rodeo

Charlie Schultz, known all over the nation as one of the funniest clowns in the rodeo business, will be in Burkburnett June 25-28 with his trick donkey and the tin Lizzie that rears up and does other antics.

Charlie will also have his usual managerie which includes opossums, monkeys, dogs, etc. In addition to the usual routine, Charlie gives his version of how trick riding should be done. Aiding and abetting Schultz will be Buddy Reger, a clown in his own right, who may steal the show temporarily at any moment.

## K-F's Auto Output In May Nears Peak Among Independents

Ending its first year of car production in the black, Kaiser-Frazer Corp. reported this week that output of the Kaiser and Frazer cars in May totaled 10,388 units, a figure which put the Willow Run firm near the top among the nation's seven independent automobile manufacturers.

Edgar F. Kaiser, vice-president and general manager, announced that a new daily production high of 583 units was set on May 28 in establishing the month's record. Shipments of Kaiser and Frazer's to K-F's 4,000 dealers were 11,232, he said.

Kaiser-Frazer is now definitely operating in the black and will report a profit for the month of May, Mr. Kaiser disclosed.

The K-F vice-president said the Willow Run Company is building its 50,000th automobile this week, which marks the firm's first production anniversary. The company started production in June, 1946, with an output of seven cars. June schedules call for 12,000 units, he said.

May's banner production record represents an even 32 percent increase over the previous high set in April when 7,846 cars rolled off the twin K-F assembly lines. Mr. Kaiser said that a stepped up production tempo at K-F's Detroit engine division and improved engine deliveries from the Continental Motors plant in Muskegon, Mich., contributed greatly to the sharp upturn in Willow Run output.

As of May 31, Kaiser-Frazer had produced a grand total of 48,754 cars, 37,165 of them since January, 1947.

Mr. and Mrs. Oscar Stacy and boys, Mary Hruzek, all of Houston, and Mr. and Mrs. Emil Schiller of Rosenberg, Texas, have been visiting in the home of Mr. and Mrs. G. D. Stacy.

## Gordon Clement To Preach Sunday

Gordon Clement, son of Mr. and Mrs. Frank Clement of Burkburnett will preach at both the morning and evening service at the Church of Christ, this Sunday, June 15.

Gordon graduated with honors Monday night from the Abilene Christian College, receiving his Bachelor of Arts degree in Bible. He was a member of the 1944 graduating class of the local high school. He plans to leave Wednesday for Truscott, Texas, where he will hold a two weeks meeting, after which he will locate in Tucumcari, New Mexico, around July 1st as minister of the Church of Christ there.

## To Attend Convention

B. H. Alexander, local representative, will attend the first agency convention of Southwestern Life Insurance Company to be held since Pearl Harbor in Dallas, June 18, 19, 20 and 21st. A program headed by some of the nation's leading authorities on life insurance will be presented, and agents and their wives will be guests of the Company at a number of festivities arranged in their honor. Special entertainment has been planned for the ladies.

By virtue of the outstanding production in this area during the past year, special invitation has been extended the Company's local representative, B. H. Alexander and wife.

Sunday School, 9:45.  
Preaching Services, 11:00.  
Training Union at 7:00.  
Preaching Services at 8:00.  
Last Sunday we realized a little slump in our attendance because of the harvest.

By Sunday the larger part of the harvest will be behind us and we should find our attendance considerable above the 300 mark.

Father's Day is next Sunday. We should strive to pay tribute to the fathers upon whom rest large responsibilities in the world, both material and spiritual.

Sunday the pastor speaks on "The Kind of Fathers the World Needs Today"—using Joshua, 24:15, as the basis of thought.

Bring some one with you and let's have a great day.

Vacation Bible school has over 100 enrolled the 3rd day.

Last Sunday night our Training Union attendance was up a little with 86—were you in the group?  
Father's Day offering. All the money comes in Sunday will be designated to the Tidwell Bible Memorial Building at Baylor University. Let's have a part in this great worthy offering. Make it one of the very best. Thrice welcome in our services.

ed down the final word in which it holds the newspapers have the right to print the news as they find it and comment as they choose, without being in contempt of court. Therefore the Texas paper was right in its news reports and in an editorial which put the finishing touches on Judge Browning because he decided the case without a hearing and argument. The editorial used such words as "high-handed" and "travesty of justice."

Muzzling the press by Judges on the bench is an old American custom which has quieted newspapermen thru long, long years. The Supreme Court of the United States rules that Judges cannot punish the press even for false reports and unjust comment, unless the publications bring a clear and present danger to the administration of justice. Editors everywhere, says the Washington Post, will find there's a new charter of liberty in the majority opinion.

### Open Dead Birds To Find Trouble

When you find dead chickens in your flock, do you immediately dispose of them by tossing them in the manure pile or throwing them to the hogn?

To be sure, dead birds should be gotten rid of quickly. But, first, why not take a few minutes to try to determine what has caused their death? You may save yourself later trouble and expense.

Open a few of the dead birds and look over their internal organs for clues to the trouble. It's hard to tell what's troubling a chicken merely by observing the external symptoms of disease. But there are a few conditions that most poultrymen can recognize by posting a bird, observing the internal lesions, and then consulting disease bulletins or pamphlets which are published by colleges, manufacturers of feeds and poultry medicines, and others. This literature will tell you what you need to know to identify worms or tuberculosis, for example. Both are easily recognized.

There have been cases in which birds dying of tuberculosis have been fed to hogs. Swine, of course are susceptible to the avian form of tuberculosis, and such an error has costly consequences. Therefore, if you're able to tell when a dead bird has the lesions of tuberculosis, you can avoid making this mistake.

The literature also will tell you how to find worm parasites by opening the intestine of the dead fowl.

There are some other conditions which can be recognized without too much difficulty by consulting published material on poultry diseases. Read this material on poultry carefully. Even if you're unable to determine how to treat a disease from your own observations, what you read will tell you how you should proceed to prevent the trouble from occurring again.

In all cases in which there is any doubt, consult a poultry specialist.

When sending things to the cleaner, if possible tell him the history of spots on the garments to be cleaned.

Try waxing your bureau drawers. Scrub the drawers with soap and water first, however, to be sure no musty odors are left in them. When applying the wax, use a clean cloth, and apply as much as the wood will take without becoming sticky. The application of wax to bureau drawers will close the wood pores and give a hardwood finish to soft woods.

### MORE FOOD NEEDS MORE PROTECTION DURING VACATION DAYS

Now that schools are out and children are at home all day every day, electric refrigerators are faced with the tough job of providing more protection for more food. In addition, little folks playing in the yard get thirsty and hungry often and, of course, make a dash for the electric refrigerator. This causes refrigerator doors to be opened far more often than under normal conditions and adds considerably to the work the refrigerator is called on to do. You can help your electric refrigerator get through these trying vacation days with flying colors if you'll give it proper care—regular defrosting, as often as is necessary, and having needed adjustments or repairs made promptly.

From where I sit... by Joe Marsh

**Here's to the Women-Folks!**

There's a line at the heading of the Woman's Column in my paper that reads:

"Women through the years have stood keepers of the flame..."  
 Pretty easy to see what it means; whether it's the flame on the hearth, or the candle in the window, or the feeling of warmth that surrounds a home.

It's the women who are guardians of the things we cherish about homelife—who are tolerant of ashes on the rug; the rings a glass of beer can leave on tables; or the

comfortable but too-worn chair that we can't bear to throw away.

From where I sit, those little satisfactions become more and more important in this world of strife and change. Smoke rings curling from a mellow pipe; a glass of beer; a comfortable chair before the fire. And I'd like to salute the housewives—"keepers of the flame"—whose tolerance and understanding helps preserve them!

If you have a party-line telephone, here's a suggestion...

Party-line service is best when everyone on the line is thoughtful and courteous. You can get the most value from your party line by doing these simple things:

1. Keep your calls short and space them as much as possible. That will give the other fellow a chance to call, or be called.
2. Hang up quietly if the line is in use when you try to call. Wait awhile before calling again.
3. See that everyone in the family does his or her part at observing party-line telephone courtesy.

WEEKLY NEWS ANALYSIS Agriculture Fund Slash Voted; Truman Signs Greek Aid Bill; ICC Grants Train Fare Boost

Released by Western Newspaper Union (EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

The Rt. Rev. Father Flanagan, founder and head of Boys' Town, Nebr., talks with Japanese children at the Church of Oura in Nagasaki. Father Flanagan currently is travelling through Japan to study conditions of the Japanese children and to hold services for American military personnel on the islands.

FARM FUROR: Stormy Weather

Possibly the most violent storm of the year, according to the economic and political barometer, is the one which was raised when the house appropriations committee recommended a 32 per cent cut in department of agriculture funds for the coming year. Slashing more than 383 million dollars from the amount asked by President Truman, the committee opened the floodgates for a deluge of protests from Clinton Anderson, secretary of agriculture, and Democratic congressmen, who claimed they would fight the action right up to next year's elections, if necessary. Declaring that the reduction "directs a sharp cut at the interests of the American farm family and the general welfare," Anderson said that the "greatest harm" would be to the soil conservation program, the farm price support program and programs designed to help veterans and low income families become better established.

The 32 per cent cut would eliminate the Agriculture Adjustment Administration by July 1, 1948. Currently, the AAA is carrying on its basic program of promoting soil conservation on 3,500,000 cooperating farms by paying farmers for following practices intended to increase soil fertility and, hence, to increase production. The proposed fund slash would mean that farmers this year would be paid about 50 per cent of what they previously had been promised.

In answering the criticism, the house appropriations committee said that its recommended cuts are "selective" and reasonable—based on actual farm needs.

AID BILL: To Stop Retard

The 400 million dollar Greek-Turkish aid bill, spearhead of the so-called "Truman doctrine," has been passed by congress and signed into law by the President.

What's the Difference

It's easy to confuse the Greek-Turkish aid bill and the general foreign relief bill, also passed by congress. Here are the differences: 1. The aid bill provides 400 million dollars to Greece and Turkey alone to strengthen those nations against the inroads of Communism. 2. The foreign relief bill earmarks 350 million dollars to stave off starvation and sickness in Austria, Greece, Italy, Hungary, Poland, China and Trieste.

Target of much criticism from certain elements in congress, the measure was opposed principally on the grounds that it represented a national course which eventually

would render the United Nations meaningless. Mr. Truman, however, defended the plan with the contention that the United States, in extending aid to Greece and Turkey, "is helping to further aims and purposes identical with those of the United Nations."

He added that "we intend to make sure that the aid we extend will benefit all the peoples of Greece and Turkey, not any particular group or faction." The bill empowers the President to provide the Turks and Greeks with financial aid and military equipment for the purpose of keeping the gates of the Near East closed to Communism.

TRAVEL PAY: Train Fares Up

To offset increased operating costs, Interstate Commerce commission authorized an approximate 10 per cent increase in basic passenger fares for 60 railroads operating east of the Mississippi and north of the Ohio and Potomac rivers.

The change will boost one-way passenger rates from 2.2 to 2.5 cents a mile in coaches and from 3.3 to 3.5 cents a mile in sleeping and parlor cars. There will be an increase of about 15 per cent in coach round-trip rates and about four per cent in Pullman round-trip fares.

In granting the increase, ICC noted that those railroads which requested the new rates incurred a deficit of 54 million dollars from passenger train operations last year.

HOUSING: Unfounded Hope

Popular belief that any substantial reductions in the cost of new housing will occur in the near future is not founded on realities.

That assertion was made by James C. Downs Jr., president of the Real Estate Research corporation, who explained that besides being geared to a high national debt, housing costs, like prices of other hard goods, are directly affected by the large demand for American capital and production by other countries.

"The housing shortage today is worse than a year ago," he said, "and it will continue to grow progressively worse for some time."

He pointed out that increased earning power has put a greater number in the market for new homes, but at the same time builders are afraid to start new construction because of high costs. The theory that prices would drop kept many persons from buying or building homes last year, Downs said.

POLIO MENACE: Not Too Bad

Although it is yet too early to know definitely what course the disease will take this year, the infantile paralysis situation in this country appears considerably better than in 1946, according to public health service officials.

Last year a total of approximately 25,000 polio cases marked that twelve month period as the second worst in history. The worst was 1916 when 27,353 cases were recorded.

Income Tax Slash Likely for 1948: Knutson

Rep. Harold Knutson (Rep., Minn.), original advocate of the "20 per cent across the board" income tax reduction plan, is holding to his contention that congress will vote an income tax cut this year.

Further, the chairman of the house ways and means committee "sees no reason" why another slash shouldn't be made in 1948. The Republican program calls for more tax cuts, Knutson declared and he intends to see that they are made.

He said that prospects of making payments on the national debt will be better if taxes are reduced now than if high tax rates and heavy tax burdens are maintained for the purpose of making a very large payment on the debt in one year.

Major task facing the country today, he emphasized, is the "maintenance of jobs, income and well-being for the many by preserving and promoting the economic motives and incentives of the few."

IT'S WONDERFUL: Long Time Peace

Announcing the immediate abolition of capital punishment in Russia, Soviet authorities explained the move on the grounds that it was made possible by Russia's growing strength, the people's patriotism and the certainty of peace "for a long time."

Said the Moscow radio: "The international situation during the time after Germany's capitulation and Japan's capitulation shows that the cause of peace can be considered secure for a long time in spite of attempts by aggressive elements to provoke war."

Meanwhile, Herbert Hoover looked on the other side of the mask to charge Russia with attempting to bleed the United States through relief channels and blaming her for the economic paralysis of Japan and Germany.

He declared that further relief will remain necessary as long as the Soviets continue their obstructionist tactics and demands for reparations, thus blocking peace treaties with the two countries and keeping their economies paralyzed.

NO POTATOES: Wheat Is Cheaper

A paradox in potatoes, whereby thousands of bushels of the tubers have had to be destroyed in this country because starving Europe refused to take them, was described to the international emergency food council by John W. Gannaway of the department of agriculture's potato branch.

Because spring potatoes rot so rapidly unless refrigerated, the only way they could be shipped to Europe would be to dehydrate them. The U. S. offered to give the potatoes to European countries for the cost of dehydration.

Gannaway said the offer was turned down because foreign governments can buy American wheat for six cents a pound. One pound of dehydrated potatoes, equal to about 10 pounds of the raw product, would have cost 14 cents.

RETRIBUTION: Black Curtains

Forty-nine guards and foremen of the Nazis' infamous Mauthausen prison, convicted by an American military court for the slaughter of more than 700,000 persons of all nationalities, died on the gallows in the Landsberg prison yard in the largest mass execution in the history of American war crimes prosecution.

Two days were required to complete the black-curtained proceedings. Twenty-two men were hanged on the first day, 27 on the second. The group was part of the 61 Mauthausen guards convicted at the Dachau trial a year ago. Twelve received life imprisonment penalties, 49 the death sentence.

NEWEST PLASTIC to hit the market is a revolutionary water-sealed fabric, translucent in appearance and silky to the touch but possessing remarkable strength. Because it is waterproof it may be used in kitchens and bathrooms for shower curtains, drapes, bathinette covers, table covers, bibs, aprons and for a multitude of other purposes. The new material is immune to most acid and alkali stains and may be laundered easily.

SCHIZOPHRENIA, the hitherto unmaped world of the unbalanced personality, may be opened to exploration by use of a new drug called mescaline. Experimenters report that they have been able to produce visual hallucinations, particularly in neurotic patients, by administering mescaline. They say the drug may be an important factor in arriving at an understanding of schizophrenia, the psychologists' term for a split personality.

A "SILENT" AIRPLANE, labeled one of the major aviation developments in recent years, has been produced by scientists. Its five-bladed propeller, revolving more slowly than the conventional type, reduces noise to a minimum. Demonstrated at Langley field, Va., the plane made scarcely any more commotion passing 300 feet overhead than a glider. The new aircraft is said to be the first one in which all noise eliminating methods have been applied.

Improved Uniform International LESSON SUNDAY SCHOOL

Lesson for June 15

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education, used by permission. JUDAH'S APPROACHING DOOM LESSON TEXT—Jeremiah 36:2, 3, 28-31; II Kings 24:1-4. MEMORY SELECTION—The fear of the Lord prolongeth days; but the years of the wicked shall be shortened.—Proverbs 10:27.

The decline of a nation from strength and glory to weakness and shame is always a sad thing to contemplate. Still worse is the evident cause of such decay in the sinfulness of the people and their stubborn rejection of God's mercy and grace.

The religious reforms in Judah under Josiah were only temporary in their effect on the people; partly because of their own insincerity, and partly because Josiah was soon killed in battle. Yet God did not leave his wandering people without good counsel, for it was in those days that the great prophet Jeremiah ministered. He had been the helper of Josiah in his good purposes; now he continued to plead with Judah to submit themselves to God and to his will.

His efforts proved to be fruitless as far as Judah was concerned, for we see that

I. Judah Would Not Respond to God's Mercy (Jer. 36:2, 3).

God commanded his prophet to write down his words in order that the people might not only know the inevitable impending judgment, but especially be reminded of God's desire that they should turn from their evil ways and be forgiven.

One would have thought that they would have responded to such mercy with an immediate and grateful return to the Lord, but they did not. Jeremiah, a unique man of great ability, was so tenderhearted that he has often been called the weeping prophet. Do not infer that he was a weak, emotional character, for he was strong in the Lord, and courageous in the face of rejection and persecution. He urged upon Judah the necessity of submitting to Babylon, to whom God had given power, and above all to the Lord, for a spiritual cleansing and revival.

Our second section brings before us the further sin of King Jehoiakim, who led his nation on to destruction. We see that

II. Judah Would Not Receive God's Word (Jer. 36:28-31).

At God's command Jeremiah and his scribe Baruch had prepared the scroll with God's Word upon it. One of the nation's leaders was moved by it, and through his urging, the scroll was brought to the attention of the king.

Jehoiakim, sitting before the fire, heard only part of it, and then in defiance of God he took a penknife and cut it up and burned it.

One cannot help but think of those in our day who call themselves modern thinkers, or liberals, who have also used their penknives on God's Word. They cut out of the Bible everything they do not like, and offer the hungry people the stone of their own philosophies in place of the Bread of life. Think what their judgment will be!

God's Word is not so easily gotten out of the way! The prophet was commanded to rewrite the scroll, and in it to declare the awful judgment of God upon the one who mutilated his Word.

To try to destroy God's truth by fire and violence is as fruitless as to try to tear the stars from the heavens or to keep the sun from shining. The wicked leaders of a great nation have tried that once more in recent years, and they now lie dead for their sins, with the nation a subject people, broken and all but destroyed.

One wonders why those who profess to serve the Lord will engage in such activity, even as one wonders at Judah, a favored people of God, refusing to receive his Word.

God is not willing to give up, and now tries chastisement. But we see that

III. Judah Would Not Recognize God's Providences (II Kings 24:1-4).

Jehoiakim had become the vassal of Babylon, but after three years he decided to try to throw off the yoke of his oppressor, Nebuchadnezzar. He was not able at the time to deal with the situation, and so he incited marauding bands from various other nations to harass Judah.

We see, however, that this came about at the commandment of God (vv. 2, 3). Evidently he was now using the distressing experiences of life to turn Judah back to him; but once again it proved to be in vain.

God does deal with men through what we call his providences, and these may include not only his mercies, but his chastisement. Trouble and sorrow may be God's means of leading us to the place of repentance and blessing.

What folly it is to disregard the hand of God in our daily lives, or to become embittered at the circumstances which are intended to bring us to God's place of blessing. Happy is the man or woman who, being reproved in this way, profits by the Lord's admonition (Heb. 12:11).

Circus Performer Loses Pants, So We Have Tights. Circus tights were invented in 1828 by Nelson Hower, a bareback rider. In those days, circus performers wore costumes consisting of a short jacket, knee breeches and stockings, but Nelson Hower's costume was accidentally mislaid. He realized he had nothing to wear just a few moments before it was time for his act. When his cue came Hower appeared in the arena wearing his long knit underwear—and circus tights were invented.

## Washington Newsletter ----

By Congressman ED GOSSETT

WASHINGTON, D.C., May 31  
On Monday of this week I was invited to address the convention here in Washington of the National Society of the Daughters of 1812, on the subject of national defense. I was pleased to have this large and responsive audience applaud my plea for stricter immigration laws. Millions of dollars are now being spent to bring pressure on Congress to lower immigration barriers.

The house this week passed the Agriculture Department appropriation Bill for the fiscal year of 1948. The bill was most controversial. It reduced a budget request for \$1,103,571,318 by more than \$363,000,000. As finally passed the bill represents a cut of some 32 per cent in the funds requested. The bill now goes to the Senate where a good many changes will doubtless be made and some appropriations restored. The bill completely eliminates funds for the Bankhead-Jones Farm Tenant Purchase Program. I was anxious that this program be carried on for the benefit of veterans. It is a loan program and the government has lost no money on it. A letter from J. A. Wheat of Seymour gives figures on this program for Baylor, Knox, and Throckmorton Counties. The Seymour office opened in 1938. These are 40 year loans. Judge Wheat's figures follow: 31 loans in Baylor, 11 now repaid; 28 in Knox County, 5 repaid; 14 made in Throckmorton County, 2 repaid. Six farms were bought in Baylor County in 1938, the first year of the program. Of these four have paid their loans in full and the other two are well ahead of schedule.

In this bill, Production and Marketing Administration funds, generally referred to as the AAA were cut approximately in half.

Conferees between the House and Senate have not agreed upon the important and controversial labor bill and tax bill. Both these reports will be up before House and Senate for agreement next week. The main change in the labor bill as it passed the House is the elimination of a ban against industry-wide bargaining. The main change made in the tax bill as it passed the House is to make it effective on July 1 instead of dating it back to last January 1. I was pleased that the conferees left in the labor bill, with only minor changes, an amendment written by me denying federal employees the right to strike and outlawing such strikes.

John L. Lewis has just issued another demand for another wage increase for miners in the amount of 35 cents per hour. In 1939 miners averaged working 26 1-2 hours per week for which they receive \$19.58. Now miners average working 42 1-2 hours per week for which they receive \$62.37, plus health funds, paid vacations, guaranteed annual wage, and survivors benefits. Unless Congress passes the Hartley-Taft Labor Bill, and unless the President sign and enforces it, John L. Lewis will doubtless soon call another nation wide strike and will enforce his demands.

Mrs. Jack Dodd and children left Friday for their home in Kansas City after spending several months with her mother, Mrs. J. F. Bell.

Vickie Vick, small daughter of Mr. and Mrs. Charles Vick, is doing nicely following an operation in the Bradford Memorial Hospital at Dallas. They hope to be able to take her home to Benton Sunday.

Mrs. Thaxton's nephew, John Mathis of Dallas, spent three days in the Thaxton home last week.

The Wilbarger-Wichita Soil Conservation District Board of

Supervisors met in regular monthly session at Electra Thursday afternoon.  
The Board of Supervisors applications for district assistance in soil conservation on 31 farms totaling 4340 acres. It also approved farmer-district cooperative agreements for soil conservation on 13 farms totaling 3438 acres.  
Claude Price reported that the South Five-in-One conservation

group had purchased a seed cleaning machine with the \$1,000 which was recently awarded the group for being the best in the state during 1946. He stated further that the machine was to be used for cleaning vetch, clover, alfalfa, and grass seed principally. A small charge will be made for the use of the machine, and all local farmers will have access to it.

T. J. Pace reported that he was working toward securing needed machinery for use in the Eastern portion of the district. Soil Conservation Service personnel are working with Mr. Pace to determine types of machinery needed. Considerable enthusiasm was expressed about this year's vetch crop. It is a good crop and nearly all of the growers plan to harvest seed and increase their vetch acreage next year.

**Search For Oldest Chevrolet Truck Still Active**

The search for the oldest Chevrolet truck still in active service is attracting entries from all parts of the country at the rate of several hundred a day, J. W. Burke, manager of the commercial and truck department, of Chevrolet Motor Division, said today.

Entries in the search represent a cross-section of the motor truck field, come from every state in the union, and cover every conceivable use to which trucks are put.

The result of the contest so far are most gratifying, said Burke, not only because of the large number of entries, but because of the revelation that so many old Chevrolet trucks still are in active use.

The first Chevrolet truck was built in 1918, but only a comparative handful of trucks were built before 1926, Burke pointed out. Nevertheless, the contest is disclosing that a relatively high proportion of these early trucks are still being used every day.

Many entrants send with their application blanks a voluntary testimonial letter, describing the faithful performance of their trucks over a long period of years. Most of the entrants report that

their trucks have been licensed and used regularly since the day they were purchased.

The contest to find the oldest Chevrolet truck started May 10 and ends June 15. The owner of the oldest truck will be given as a prize one of the new advance design trucks, to be announced to the public June 28. The contest rules provide that the owner of the old truck must drive it to his nearest Chevrolet dealer for official entry.

**WITHIN 15 YEARS** one of every 17 who mortgage their homes when they are 25 years of age die; one of every nine who invest at age 35; one in every five at age 45. A mortgage must be paid.

**He's Taken the Mortgage Out of Her Budget**

Home is more than a house and lot to these people. It represents an investment... security... the right neighborhood... good schools and transportation. It is the foundation of family happiness. So, he has taken the mortgage out of her budget, with Southwestern Life Insurance. He will pay the mortgage if he lives; Southwestern Life Insurance will pay it if he doesn't.

More than that: his Southwestern Life Insurance will give his wife a monthly income, enabling her to live in the future as she now lives—comfortably.

What about your home? It's the place where you want your wife to live—that home of yours... the neighborhood where you want your youngsters to grow up. But could they continue to live there, if you were taken out of the picture? You and your wife both signed the mortgage on your home, and the mortgagee will look to her for completion of the payments when you're gone. Have you made it possible for her to meet those payments in full?

Southwestern Life Insurance offers a certain, easy method of solving that problem. Through it, you can leave your family a debt-free home, and take the mortgage out of their budget. You can pay for it on convenient terms, monthly, quarterly or annually. Without obligation, ask for an analysis of your family's home protection needs today. The low cost of the plan will please you.

**YOU IN THE CHURCH**  
**THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

**DADDY**, the count is on you... not the batter. You're not hitting him strikes. If he gets on base it will be a miracle. You are doing both the pitching and umpiring the game. Quite a pretty setup you have there daddy. How is that youngster to play the game of life in GOLDEN RULE FASHION? Well, his own daddy throws him nothing but 'balls' and calls 'em strikes? W-h-y, your son never will have a chance. You have the pace daddy... blazed the trail of your own blood to a life of dishonesty, greed, and foul pay when you fail to put 'em on the plate.

**YOUR** church has a remedy for this sort of conduct. It upholds the better way of life through the teaching of God's word. The church aids you in establishing a principal... the GOLDEN RULE PRINCIPAL and to build a faith strong enough to play the game of life in strict GOLDEN RULE FASHION.

**T**HE church is universal language... it's teachings will bring nations together and prepare the way for His kingdom to come on earth. Go to your church on Sunday and take a friend.

### OUR PLEDGE TO YOU

We pledge that we shall do our utmost to keep our retail prices down and pass any special buys that we pick up from time to time on to you. We shall not juggle our prices at any time, but rather be satisfied with a small profit on each article sold. You can come to our place and find the same prices all week or until the wholesale market changes. Low operating cost helps us keep our prices down.

### Sheriff's Sale

THE STATE OF TEXAS County of Wichita.

NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable 78th District Court of Wichita County, on the 23rd day of May 1947 by Clerk of said 78th District Court for the sum of Twelve Hundred and 8-100 (1200.08) dollars and cost of suit, under a certain judgment, in favor of The State of Texas, Wichita County, Burkburnett Ind. School Dist. and the City of Burkburnett, Texas, in a certain cause in said Court, No. 29617-B and styled The State of Texas et al vs. Clay Wilson et al and placed in my hands for service, I Hammett Vance as Sheriff of Wichita County, Texas, did on the 23 day of May 1947 levy on certain Real Estate, situated in Wichita County, Texas described as follows, to-wit:

A tract of land out of Outer Block No. 24 of the Outer Blocks of Burkburnett, Texas, more particularly described as follows: Beginning at the Southeast corner of Outer Block No. 24; Thence North 660 feet; Thence West 544 feet; Thence South 660 feet; Thence East 544 feet to the place of beginning and containing 8.25 acres of land more or less, and levied upon as the property of Grover Addison, Clay Wilson, D. W. Snider, C. C. Howard, the unknown heirs of Clay Wilson, deceased, and the unknown heirs of D. W. Snider deceased, and that on the first Tuesday in July 1947, the same being the 1st day of said month, at the Court House door, of Wichita County, in the City of Wichita Falls, Texas, between the hours of 10 A. M. and 4 P. M. by virtue of said levy and said Order of Sale I will sell said above described Real Estate at public vendure, for cash, to the highest bidder, as the property of said Grover Addison, Clay Wilson, D. W. Snider, C. C. Howard, the unknown heirs of Clay Wilson, deceased, and the unknown heirs of D. W. Snider, deceased.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Burkburnett Star a newspaper published in Wichita County.

Witness my hand, this 24 day of May 1947.

Hammett Vance, Sheriff, Wichita County, Texas. By Hettie Williams, Deputy. 44-3tc.

### MARKETING with Marjorie

Whether you've been married ten days or ten years, the month of June is a good time to serve to your "better half." And one way to do it (and your husband think you're a financial wizard, to boot) is regularly at your thrifty A&P.

**MIGHTY NICE WITH ICE**  
I don't think there's anything more delicious under the sun than really good iced coffee! It's easy to make, too, when you use A&P COFFEE. Select one of these three blends... EIGHT O'CLOCK, RED CIRCLE or BOKAR... in the whole bean (that's how A&P COFFEE is always sold to insure its freshness), and have it Custom Ground exactly right for your coffeepot. Make your coffee double strength, pour it over ice, and serve.

**PEACHY PRESERVE TREAT**  
ANN PAGE PRESERVES (available only at A&P) are so luscious I'm forever inventing more ways to enjoy them. Here's my latest: Fill cavities of 12 peach halves (fresh or canned) with 1/2 cup of chopped nuts mixed with 1/2 cup of ANN PAGE PRESERVES. Press halves together and chill. Heavenly topped with whipped cream and served over 6 cake slices.
