Top Cowboys In Rodeo Finals

Results of the competition in the first three nights of the rodeo were given last week. The final night, Thursday, June 26, Bill McGuire took first place in the bulldogging event with a time of 7.8 seconds for two steers. His time Wednesday night was 3.1 seconds. This clipped almost a second from the record and judges of the Rodeo Security Administration Contestants' Association will record. Second place was taken by Todd Whatley with a time of 21.2 for two steers. Harley May was third, and McGuire's unofficial record time also made him eligible for fourth place winner.

Calf Roping In the calf roping event, where cowboys are timed for two calves on alternate nights, Jess Goodspeed placed first with a time of 33.1 seconds. Glenn Christian was second with 36.3 seconds. Jack Saunders followed -beaten out by only one tenth fourth with a time of 36.8 sec.

The saddle bronc riding windecided for two horses on al- hoit, and Jim Anderson. ternate nights.

Elliott Calhoun took top honors in the bull riding event, followed by Todd Whatley, Spike Bronson and Fred Brown.

H. D. Smith Thanks Workers

the rodeo events.

H. D. Smith, chairman of the successful Kiddies' Parade, has asked the Star to offer his thanks to all the kiddies taking part in the parade, and all the parents who worked to make it a success, and all the workers who helped to form the procession. Mr. Smith says he does not deserve the credit for this year's parade—the credit should go to the great number of others who worked with him.

BIRTHDAY PARTY

On the second Anniversary of the beginning of the Korean "police action," there appeared to be a faint hope that Major General William K. Harrison, chief Allied truce negotiator had shaken the enemy's composure and his stubborn insistance on repatriation of Communist

In replying to General Harrison's observation that prisoners their choice of countries, North Korean Gen- Lots Is Hazard the Russians in World War II had twice given German eral Nam II retorted that the instances were "out of place" since the Russians were victors and the UN forces For Neighbors are not. "I must remind you," he said, "that your way of speaking, as if your side was a victor, is a great insult to our side . . . I demand your side withdraw such insolent statements."

Harrison then calmly advised Nam to stop making "demands." "The word has no significance," he pointed erty, by permitting grass and out, "if it can't be enforced by military power."

And with the memory of the Allied mass bombing of the Yalu River power plants on the day before so fresh in Communists' minds the UN spokesman seems to have made his point.

This anniversary session at Panmunjom might indicate too, that it's quite difficult to convince an enemy without putting him first at some disadvantage.

Victory for Everybody—Almost

By the time you read this, price and wage controls able breeding conditions in tall may be a memory. A roll call vote of 210-182 in the grass and weeds. House last Thursday made this a practical certainty, since it was felt that a conference committee could speed. ily iron out the differences between the House and Sen-

The principal mourners, we think, will be the Administration leaders. The thousands of Federal employ- the lots are kept mowed or es who operated the controls machinery will, no doubt, plowed, they will have the unbe quickly and quietly sucked into other Government bureaus in the New Deal-Fair Deal tradition. But even so, the savings to the national economy will be enormous. Business, which has been forced to spend fabulous sums in compiling and maintaining the required data, may now be able to devote more of its efforts to its own affairs. And whenever business efficiency can be improved,

Here's A Fad Everybody Likes

We seem to remember when a run in a stockingespecially one of those slinky nylons-was considered a minor disaster. And now, we learn, nylons-with-runs are treasured more than those without. You might say there

How come? So the gentler sex can turn their damaged hosiery into flowers! That's right, nylon flowers for corsages and boutonnieres, for trimming hats, for hair ornaments and for dressing up gift packages ... are being made like mad from cast-off, re-dyed nylon stockings.

And this new fashion fad which is sweeping the country, came from the grass-roots, where every farm wife, house wife and 4-H club girl has been brought up to consider waste a sin. In fact, these ex-hosiery flowers are providing extra income for artistic women whose home duties keep them tied down. One country woman we know of did so well she finally had six others working for her and then went off on that trip to New York she'd been dreaming about all her life, and never could

But don't ask your editor how they did it, even tho it's said to be a lot easier than tying flies. Home demon-

Southwestern Life

stration agents are instructing women's clubs and other groups in this new art and the Tintex Home Economics Bureau in New York has gotten out a free booklet which you can probably get in stores right here in town.

We understand that these nylon flowers are to be a new home-craft feature at the County Fair, and that the preserves and baked goods will have to move over and make room. And while we men will still go for the jam and cake and pie, we'll certainly enjoy our new freedom from hearing about stocking runs.

Coal Works For The Farmer

A chemical concern has just announced a new and powerful insecticide that may save farmers millions of dollars worth of crops each year. The insecticide works first jump from a plane at an on a novel principal. It is absorbed directly by the plants altitude of 1,000 ft. He said and makes their leaves, roots, stems and flowers poi- it was the biggest thrill of his moved to Fort Worth, last Donald to Boys' St sonous to the bugs that feed on them. It is designed es- entire life. pecially to rid plants of such destructive insects as asphids, mites, certain members of the prolific beetle family, and the European corn borer.

If you were to take a poll asking from what substance this-and many other valuable chemical products ning, June 30th. -is derived, not one person in thousands could give the right answer. For the substance is coal-that heavy black stuff which most of us still thing, quite erroneously, is useful only for heating. And from coal has come DDT, the effective weed-killer, 2, 4-D, along with chemicals that form the basis for livestock feeds and fertilizers that increase yields.

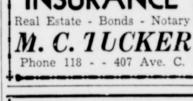

Coal serves the farmer in many ways, direct and in- 21st. direct. It is widely ased as a domestic farm fuel. It is the basis of the steel that makes today's efficient farming machinery-and it is the source of most of our electricity. Coal has been called, with accuracy, an almost unlimited storehouse of wonders. It has helped greatly in making life better for the farmer-and all the rest of us, too.

Grass On Vacant

People owning vacant lots in Burkburnett, are in many cases, working a distinct hardship on home owners of adjoining propweeds to grow rampant on the vacant lots.

Home owners take pride in the appearance of their yards, but the job of keeping them neat and free from Johnson grass is made very difficult if a vacant lot next door has grass two or three feet high. Aside from the extra work involved on the part of the home owner, he is faced with a health hazard presented by mosquitos and other insects which find favor-

In most instances, owners of agant lots have not their neglect was causing some one else inconveniences, and in lots of instances, hardships. If vacant lot owners will see that dying gratitude of neighbors living on adjoining property.

City Officials Plea for Conservation Of Water During Emergency

City officials are pleading with citizens to conserve water by every possible means during the critical water shortage emergency.

Do Not Use Water for Yards and Gardens. Do Not Use Waste Water Air Conditioners. Do Not Wash Automobiles or Trucks.

Rigid, thoughtful conservation, with proper consideration for neighbors can be effective in relieving the situation. There is barely enough water for what we consider necessities-drinking water, dish water, and water for sanitary purposes. BUT, there is no water for caring for yards and gardens. If just a few use water for their yards and gardens, then a number of their neighbors will not have any water, for any purpose. Let's face this problem fairly-let's share and share alike. That's he neighborly way.

Last Summer, We Decided!

"Not another summer without a ROOM AIR CONDITIONER"

Maybe the memory of that 106 and 108 degree weather last summer has faded somewhat, but more than likely, a few hot days will make you wish again that you had cool, refreshing REFRIGERATED AIR to cool your home . . . to give you

relief from that torrid heat. When you consider the year-round comfort, relaxation and enjoyment an ELECTRIC ROOM AIR CONDITIONER gives you and your family, how can you afford to be without one?

Don't put it off another day, see your favorite electric appliance air conditioning dealer and choose the room air conditioner that suits your needs. Enjoy this summer and every summer.

FRIDAY NIGHT, JULY 4th 9:30 P. M.

Kiddies' Parade Was Huge Success Winners Listed

Last Thursday afternoon was a big moment in the lives of some 700 children in Burkburnett. The annual Kiddies' Parade was launched at 3:00 P. M. Hundreds of children, their parents and friends lined the streets to watch the colorful procession

The procession was led by two tiny mounted Flag bearers. Wendell Ann Goins and Donnie Park was the charming couple carrying the Flags. They were followed by the Junior High Band, the little Cub Scouts, and then the little Blue Birds.

Wendell Ann is the daughter of Mr. and Mrs. Wendell Goins. Donnie is the son of Mr. and Mrs. Fred Park.

The Band was headed by Carol Campbell, Lillian Beard, Jo Ann Thomas and Barbara

Lee Coleman carried the banner for the Cub Scouts. Mrs. H. E. Hawkins is Pack Mother, assisted by the following Den Mothers: Mesdames Jack Anderson, L. D. Holman, A. K. Eakle, J. A. Devey. Dr. Rudolph Robinson is chairman of

Water and Old Age Pensions Topic of Teachers

Obtaining more water for Southwest industrialization and problems considered by Texas of the white teachers in the teachers attending a Workshop state did not have degrees. in Economic Education at the University of Texas.

"A long range, well integrated water policy is particularly important," Dr. John R. Stockton, University Bureau of Business Research director, emproblems in the Southwest econ-

The western half of the state is short of water, while the eastern half needs better provisions for using the water it has, Dr. Stockton explained.

Texas has progressed from a state which merely produced raw materials, through a period of developing industry to process those raw materials, and now is entering a third stage-"more mature" manufactur ing economy, Dr. Stockton said. The new wave of consumer industry will outlast the state's raw materials, he predicted.

Dean William R. Spriegel of the University's College of Business Administration declared it s socially and economically undesirable to force people to re- College, under the supervision tire when they are still pro- of Dr. Rupert C. Koeninger,

(Political Adv. Paid for by Everett Hutch

WAS *6.25 NOW \$1.37

It's getting to be a rare day when you see a real, genuine bargain advertised. In these days of planned economy everything seems to be included in the plans except economy.

But we have here an honest-to-Pete bargain to tell you bout. It's a bargain because it's much more useful than it once was, and costs much less than it used to

It's the television set.

In 1948 our 10-inch screen set cost \$6.25 per square inch of picture. Today, our 20-inch set costs only about \$1.37 per square inch, and gives you a much finer picture almost four times the size.

So, you see, with all the forces of inflation, a counterforce has been quietly at work. Research and engineering are steadily plugging along - improving products - making them do more, cost less, and last longer.

At least, that's the way it is at General Electric.

Sure, it's smart to look at the price tag. But it's also smart to look beyond . . . to the performance of the product and the name of the maker. The best possible products at the lowest possible prices-that's G.E.'s idea of good business.

You can put your confidence in-GENERAL EB ELECTRIC
