Registrations At Butler's Opening In Excess of 7,600

The largest crowd ever to attend a formal opening in Burkburnett crowded into Butler's 5 and 10 last Friday and Saturday. More than 7,600 registered during the two days and received numbered tickets. Many of those visiting the store, failed to register because of the great crowds at all hours throughout the two days.

Friday morning shortly after the doors opened, people rushed into the store, the sidewalk was jam-packed and blocked, and many waited until they could squeeze in for a peek at the new store.

Mr. and Mrs. P. K. Allen, managers, and Mrs. Joella Terrill Butler, are extremely happy over the reception they received from Burkburnett and surrounding area upon their opening.

Winners of the numerous door prizes will be announced at a later date.

Burkburnett Lions Celebrate 30th Anniversary With Ladies' Night Party

J. S. Mills and W. R. Hill
Commended for 30 Years'
Perfect Attendance

Tuesday night, September 23rd was indeed a wonderful date for the Burkburnett Lions Club. On that night Lions, their wives and guests celebrated the 30th Anniversary of the Burkburnett Lions Club. It was also an occasion to pay tribute to two outstanding Lions—not only outstanding in Burkburnett but also in Lions International which covers 37 countries and has a total membership of over 500,000—J. S. (Sloan) Mills and W. R. (Ray) Hill. These Lions are charter members of the Burkburnett Club, and ALSO, have 30 years' perfect attendance records!

Dist. Gov. and Wife
The occasion was made even more joyous by the presence of District Governor I. R. Huchingson and wife of Hamlin, Texas.

Bill Guymon MC'd Show
Lion Bill Guymon acted as master of ceremonies for the occasion. His humorous remarks which interspersed the dinner hour were well received and his complete command of every situation added much to the party.

Invocation was given by Lion Buddy Byars, after which Lions and guests passed through the kitchen where they were served barbecued beef and ham, potato salad, red beans, pickles and onions, iced tea and apple pie. Guests then went to individual card tables, spread with Happy Birthday cloths and napkins.

Appropriate Decorations
Decorations throughout the hall were in keeping with the occasion. Lions colors, purple and gold were used as crepe paper drapes over windows and doors and on the curtain above the stage, "Burkburnett Lions, 30th Anniversary" stood out boldly.

Flowers, huge containers of them were everywhere all over Town Hall. They were sent by P. K. Allen, manager of the Butler's 5 and 10, who is going to move his Lions club membership from the Wichita Falls club to Burkburnett.

Large Cake
Winford Henry, local Lion and owner of Henry's Pastry Shop, presented the club with a two-foot square cake, white with purple trimming, and numerous circles with an L inside, signifying the Lions emblem. Covering the top in purple icing was "Burkburnett Lions Club 30th Anniversary. Two individual cakes were inscribed "Congratulations Ray," and "Congratulations Sloan."

Music By Rhythm Makers
Dinner music was furnished by the Rhythm Makers of Sheppard Air Force Base, a six piece western swing band which featured vocals, and instrumental leads.

The boys were all young, and their master of ceremonies won the hearts of the crowd with his vocals and masterful introduction of the various numbers.

After the dinner hour Lions introduced their wives and guests. Immediately following introductions, President Vernon Duke introduced District Gov. Huchingson, who got a rising ovation from those present. In his short, well prepared address, presented in a very pleasing manner, Lion Huchingson told of the great strides being made in Lions clubs throughout the world, of the aims of those clubs and of the possible bearing Lions might have toward world peace among men. His text, unannounced, might have been "Service to others."

Lion Huchingson next made the awards, which were gold pins, to the following:
W. R. Hill and Sloan Mills, 30 year charter members and 30 years of perfect attendance.
J. F. Kelley, 30 year charter member.

J. L. Caffee and P. A. Carpenter, 20 year members.
Jim B. Ady, C. R. Chambers, W. W. Chambers and D. F. Douglas, 10 year members of the local club.

Following formal dismissal, games of 42 and 84 were enjoyed.

Side Walk Art Show Set For Saturday, Oct. 18

The Burkburnett Art Group members are sponsoring the annual Side Walk Art Show, which will be held Saturday, October 18th from 10 A. M. to 2 P. M. Everyone will display their pictures and other hand-crafts on the streets of Burkburnett. Committees have been appointed to work on the different tasks of getting everything in readiness. Judges, whose names will be disclosed next week, will be from Wichita Falls and Bowie.

The Burkburnett Art Group was quite well represented in the recent Wichita Falls Side Walk Show, with a part of the group having pictures made by a newspaper photographer. Mrs. Virginia Sheriff, Mrs. Margaret McCabbe won blue ribbons, against all of that competition, and Mrs. Katherine McKinnis won honorable mention from three well known art judges from Denton Teachers College.

Several Burkburnett entries have won ribbons at the Iowa Park Fair.

All of this creates enthusiasm for these Side Walk Shows.

Mrs. Francis Felty will be a walking auctioneer and will auction off a number of paintings donated by the group, proceeds of which will be given to the Youth Center.

Folks, Burkburnett is growing. Let's all be there Saturday, October 18th—and have fun. All you have to do is sign your name to participate in the awards.

"Hall of Fame" Palace Theatre Wed. and Thurs.

At the time Grover Cleveland Alexander, the young Nebraska farm boy with an early penchant for hurling rocks at tin can targets, reported to his first major league training camp with the Phillies in 1910, little did the sports world realize then that this was to be the beginning of a new era in baseball; the breaking of old records, the setting of new. For here was the debut of a man soon to be hailed as Alex the Great, one of the most sensational pitching mighties in the history of baseball.

Ronald Reagan, a popular exciting screen actor who is also an ardent baseball enthusiast, appears as Alex. Doris Day is seen in the dramatic role of his devoted wife.

The picture shows next Wednesday and Thursday at the Palace Theatre.

Mrs. W. A. Browning returned to her home in Burkburnett after a two month visit with children in Brownwood, Fort Worth and Dallas. Her daughter, Mrs. H. G. Burger of Fort Worth, Mrs. J. L. Hendricks of Detroit, Michigan, and Mrs. Biye Howe of Fort Worth accompanied Mrs. Browning home. Mrs. Howe will spend the winter here as Mrs. Browning's guest.

Burk Downs Holliday Eagles By Score 13 to 6

The first home game of the season was played here last Friday night when Burk was host to Holliday.

After a rather unimpressive scoreless first half, the Bulldogs showed a spark of life and went on to win 13 to 6.

Scoring Order
Early in the 3rd quarter the local boys recovered a Holliday fumble on Holliday's 17 yard line. Four plays placed the ball down on the 3. Donald Knox crashed over right tackle for the 6 point score. The try for extra point went wild.

As the 3rd quarter was running out Burk took a punt on Holliday's 37 yard line. On the next play Richard Ragsdale scooted out around left end untouched for another touchdown. Blocking on this play made totting the ball an easy task. For the extra point Lloyd Muhlinghaus passed over the goal line to Donald Gee, lanky end.

Just before the last quarter ended, Holliday scored from the 3 yard line after passing and running the ball from the 33 yard line.

Statistics
Burk made 195 yards rushing the ball while Holliday made 98 yards. Burk tried ten passes, completed only one for 6 yards. Holliday passed 12 times for a total of 78 yards. Burk was penalized for 75 yards, Holliday for 10 yards. Burk made 7 first downs, Holliday 6.

This Friday night the Bulldogs go to Henrietta.

THE GOOSE FLITS

There's a new trend in Hollywood. More and more American producers are making films abroad, and the labor unions don't like it. AFL officials report that 28 feature-length pictures are now in production or planned for shooting on foreign soil. Among the current year's productions to be filmed abroad was "Quo Vadis," which is said to have cost \$6,000,000.

"Job stealing" is what the labor people call it. And if it continues, they are hinting, they may ask the theatre projectionists (also AFL) to refuse to screen these films. Considering that, at last report, the minimum daily wage for a camera man is \$87.50; assistant, \$26.25; still camera man, \$45.00; carpenter, \$25.00; assistant \$21.80; painter \$32.90, assistant, \$26.25 . . . and that the "working rules" are fantastic . . . the show-down may be over-due.

Time for A Moratorium

A routine announcement from the Department of Agriculture may prove more devastating than the atom bomb. While ordinary 2, 4-D chemical weed-killer injures tomato plants, the Department reports, modified forms are beneficial and "caused fruit to 'set'", and tomatoes developed without pollination.

That's all right for tomatoes. But science has gone just about far enough.

Gotta Hurry These Days

Federal authorities are looking for a lazy counterfeiter. A 19 year old Chicago bellhop has been nabbed as a "passer" of some exceptionally "queer" five dollar bills. On examination, President Lincoln turns out to be General Washington . . . with a beard, and the numeral 5 used to be a 1.

It should be remembered, however, that even the most skilled steel engraver would require a long time to turn out a set of plates from scratch. Before he finished, a fiver might be worth no more than a one.

PLANNERS PLEASE NOTE

The Navy has demonstrated in Korea, that the guided missile is more than experimental, in pin-pointing an unmanned plane with a 2,000 pound bomb-load on a target 150 miles from the carrier from which it was launched. Eight years ago bomb-laden drones were used at Heligoland, we are told, but could not be accurately controlled. The new development that keeps the robot plane on the target until the last minute before it hits is television; an eye in the drone, and a TV screen in the mother plane. This gives the officer controlling the drone the same view as if he were riding this flying bomb.

This dramatic lesson in the value of "seeing what you're shooting at" could well be used at home, according to Admiral DeWitt C. Ramsey, President of the Aircraft Industries Association. In an article in the current issue of "Planes", official AIA publication, he reports that more than 10,000 military planes have been delivered to the nation's air services since the outbreak of the Korean war, and that the industry will reach its peak this December, with a production of 1,000 to 1,100 military planes a month. However, says Admiral Ramsey, the industry is not producing as many planes as it could, due to schedule fluctuations which increase costs and prevent long-range planning.

In other words, let's know where we're going . . . all the way from the drawing board to the target.

Truck Driver Gets National Acclaim

DRIVER HONORED

ONE OF TEXAS' most honored truck drivers is Niles D. "Heavy" Hasten of the A. Leander McAllister Company, Wichita Falls. His most recent award was the "Arthur Godfrey Citation," given on Godfrey's CBS show. Previously he had received the Red Cross Certificate of Merit for saving the arm of Arlin Robinson and the life of three-year-old Beverly Hunt in separate accidents near Wichita Falls. Hasten also has been named one of Texas Motor Transportation Association's "Drivers of the Month."

A Texas Truck driver has received national acclaim for "high caliber of safe and courteous truck driving performance which entitles him to be worthy of the designation "Gentleman of the Highways."

Niles D. "Heavy" Hasten, driver for A. Leander McAllister Company of Wichita Falls, received the "Arthur Godfrey Citation" on the famed comedian's radio show.

He was also given the American Red Cross Certificate of Merit, and he was made a Texas Motor Transportation Association "Driver of the Month."

The Red Cross award was given to stocky, genial Hasten for saving the life of three-year old Beverly Hunt, who was injured in an automobile accident. He gave her artificial respiration, restoring her breathing by the time an ambulance arrived.

In another highway accident, Hasten administered expert first aid to an injured motorist, using tire tools and wiping rags to fashion an emergency splint.

From where I sit ... by Joe Marsh

No Longer Two Sides to This Question!

Seen those two-family houses in some places—separate front doors and side by side? My sister and I live in it, Philadelphia.

From where I sit, so often when there's a difference of opinion it's best to sit right down and work things out (like when our volunteer firemen decided to serve both lemonade and beer at their annual picnic last month). Don't let prejudices "color" your opinion of your neighbor. He'll probably be quite as open-minded as you are.

RECITAL ANNOUNCEMENT

Mrs. Eugenia O. Lincoln, who maintains her music studio in her home at 704 Park St., announces the first recital of the school term, Monday evening, Sept. 29 at 8 o'clock at the Methodist Church.

Mrs. Lincoln spent six weeks this past summer at the St. Louis Institute of Music, getting ideas on the up to date methods of teaching. Her students are enrolled on a monthly basis and are graded. Their music is outlined in semesters, just as the public school work is, and in addition to private lessons of keyboard work, every student must have class work in Theory and Ear Training. With this plan of study, the pupil not only learns to play the piano, which is the foundation upon which every musical education is built, but is developing musically in such a way that he or she will have a love for music and if desired can go into band, orchestra or voice study with basic principles already established. To carry out this program, Mrs. Lincoln has rhythm band instruments, has added a second piano to the studio and employed an assistant teacher, Mrs. G. G. Tyler, for some of the class work.

Plans are already made for the 9 recitals of the school year. With 63 students it is not possible to use every student every month, but each will have an opportunity to play in public several times. By so doing they develop poise, get experience in united action (through rhythm band, 2-piano work and duet work) and most important develop an appreciation and love for good music. These recitals are open to the public always. Please do not wait for a special invitation. We feel complimented if you give us your interest and support by attending. The programs will be varied and not more than 1-2 hours long. Sometimes shorter.

Next Monday's recital will be the very first public attempt for many of these students. The rhythm band, some piano solos and some duets will be presented Monday evening. This is informal and we cordially invite your attendance.

Legion Notes

From the Commander The American Legion

Mighty nice to have comrade Adj Johnson at the meeting. Hope he will be able to be with us often.

1953 dues are due on October 20th. However, the cards are already here and about twenty comrades have paid up.

Division Commander W. E. Lowery promised yours truly a new pipe if Frye-Vaughn goes over the top in membership.

I think the Commander is part Scotch, and it would do me a lot of good to see him dig down for a new tobacco burner. How about some help, fellows?

Jim Johnson began his duties as Child Welfare Officer immediately after the installation. He brought a case to the attention of those present. It was voted that the Legion would buy school lunches for a needy child.

Plan to have breakfast with the Legion on Armistice Day.

Many of the Legionnaires have expressed the desire to start a Legion square dance club. Now is the time to get it rolling. Leo Boyd Evans will probably be in charge.

Pay your 1953 dues as soon as convenient. Let's fill our quota by Armistice Day.

Every worthwhile civic project is a Legion project, no matter by whom instigated. It is our constant aim to make our community a better place in which to live.

A good Legionnaire is a good citizen.

If present plans work out, each month will see two nights of fun for the family at the Legion Hall.

Do not forget the power of the ballot in a free nation. Exercise your right to vote.

The meeting tonight will start promptly at 8:00 P. M. There is always an empty chair for an absent member.

Ralph Melville, Master Glass Artist
High School Auditorium Sept. 27th

RALPH MELVILLE

Glass patternmaking, or glass blowing as it is commonly called, is one of the oldest known arts. Glassblowers were first believed to be "workers of the devil" because they worked with fire. Later because the art was kept secret in closed guilds, artisans were honored and encouraged to marry into royalty. It is an almost forgotten art in this country since so few people practice it today and in this machine age. Melville brings to life an ancient art which is created entirely free-hand and without the aid of models or molds.

Thousands of people have stood in awe-stricken wonderment while Ralph Melville, master glass artist, fashioned beautiful creations from glass. Melville, by the skillful manipu-

lation of his hands, the pressure of the lips and throat creates birds, animals, and vases from a simple tube of glass; beautiful ships and animals from small rods of glass. Only by actually witnessing this work do people believe it can actually be done. Both children and grown-ups find his work and lecture fascinating as well as instructive.

Mr. Melville has created glass patterns for Corning Glass Works and 20th Century Fox Film Corporation. In his lecture, Mr. Melville not only traces the history of glass from the beginning but describes its many and important uses in industry today. Melville's work in the research laboratories of 20th Century Fox Film Corporation in creating miniatures for

process shots and fashioning wigs and dresses of glass for famous stars lends interest and color to his lecture. Samples of both wig materials and glass cloth are displayed and never fail to cause comment. His lectures have been carried by many of the country's leading radio stations.

Melville will be at the high school auditorium Monday, September 27th, at 1:30 P. M. Admission is only 15c.

Society Holds
Interesting Program

One of the year's most interesting programs was held when the Grace Missionary Society met in the Parish Hall on September 9th, with Mrs. Clarence Schroeder acting as hostess.

Mrs. Bud Lasley gave the opening prayer. After the business session, when plans were made for the annual Mission Festival to be held some time in October, the program chairman, Mrs. Arthur Evert presented Mrs. J. Enderil who gave the church news items for the month. Mrs. Clarence Koenig followed with the paper, "Questions Our Children Ask Us." She, in her very able and delightful manner, conducted this part of the program with emphasis on how God wanted us to answer these questions—thus carrying out our theme for the year on "The Christian Home." Miss Clara Schultz then conducted a brief and most interesting parliamentary drill. The meeting was closed with a prayer. Refreshments were served to 17 members and one guest.

Grocers to Post Ceiling Prices

Wichita County grocers on September 29 will be required to begin displaying posters listing ceiling prices on approximately 400 major food items as part of an Office of Price Stabilization community pricing program, Frank C. Tomlinson, OPS regional food and restaurant branch chief at Dallas, announced today.
The posters, listing uniform price ceilings for local market-district offices at New Orleans, Little Rock, Oklahoma City, San Antonio and Dallas, are now being printed. They will be mailed directly to grocers, in time for posting on September 29th, Tomlinson said.

"Union Station" Tex-OK Theatre Tues. and Wed.

UNION STATION, coming to the Tex-OK Theatre next Tuesday and Wednesday, is a fascinating, exciting suspense thriller. Brilliantly acted by a top-flight cast that includes William Holden, Nancy Olson, Barry Fitzgerald, Lyle Bettger and Jan Sterling, it emerges on the screen as sizzling movie entertainment.

The action packed story opens with the kidnapping of the blind, teen-age daughter of a wealthy industrialist from whom \$100,000 ransom is demanded. A rendezvous is arranged in the busy concourse of Union Station, and railroad and police detectives quietly descend on the scene.

Hardin Grade School News

We have been very busy this week getting exhibits ready for the Texas-Oklahoma Fair. We have enjoyed very much putting the finishing touches upon part of the work that we did last year and give it the new look for the Fair. We hope that you will go by the exhibit at the Fair and see our work.

A very large number of boys and girls bought Savings Stamps last Wednesday. It makes a boy or girl very proud to start a stamp book and look forward to converting this book into a Defense Bond. We had a 10 per cent average throughout the grade school per child and more boys and girls said they would join the stamp buyers this week.

We would like for you to know another one of our new teachers this week. This teacher is Mrs. Ben Alma Hoggard and has Section 3-3. The boys and girls of this section are very proud to have her as their teacher.

Mrs. Hoggard taught at Temple, Oklahoma last year. She received her college training at South Eastern Teachers College at Durant, Oklahoma. She is a very hard working teacher and understands problems that confront children. We would like for you to meet Mrs. Hoggard, and say, "Howdy."

Junior High School News

The Savings Stamp program was initiated in the Burk Junior High last Wednesday. The response was greater than expected and all available stamps were sold.

Plans for the booth at the Texas Oklahoma Fair in Iowa Park are progressing. Mrs. Lura Hedrick is in charge of the exhibit for the Junior Hi School.

Mrs. Delores Barton, teacher of 5-1, began her work this week. She was unable to begin teaching at the beginning of school due to illness.

The 8th Grade began their yearly magazine sales Thursday. The total sales for the first day was \$230.80.

Mr. and Mrs. A. R. Bunstine are spending a few days at Edmond, Oklahoma, visiting their son, Raymond Bunstine and family.
