## A Warning To Campaign Workers: Moment of Truth Is Drawing Near

By Mrs. Lorraine Ciesielski, Campaign Manager

The management of the campaign checked the standings of all candidates at the close of the first period and found them running so even that it's a cinch the work done by each candidate during the next 12 days will determine the winners of the five grand prizes.

Neck and neck is the only term that will describe the race thus far. If ever a field was running neck-and-neck, the candidates in the Haskell Free Press subscription campaign are doing just that. A few two and three subscriptions now, before it is forever too late, can easily change the non-prize winner as of today to a First Prize Winner by the last day.

Your effort as an individual during the remaining 12 days of the campaign will without a doubt determine whether you win or lose first prize. If you stage a spurt and bring in a big list of subscriptions, the biggest and best reports you have thus far turned in during the campaign, success probably awaits you.

In view of the fact that we have determined to see that every single candidate shall have a fair and square chance to win, we are issuing this public warning which we have already given to each candidate as they have visited campaign headquarters.

Whether you win or lose depends entirely and solely upon your individual efforts during the remaining few days. If you let your drive for success lag, you can depend on losing. Right at your elbow, in

the list of candidates are several workers ready to go ahead of you at the least sign of weakening on your part. Don't stop calling on your friends and neighbors now. If you fail to get that one subscription, which you could get by sticking a little closer to your campaign, you may lose all five of the prizes, just as your fingers seem about to grasp one of them.

You and your supporters must decide within the next 12 days whether or not you will be among the winners. We have repeatedly told each of you how to win this campaign. Call on every home in the territory, do not pass up a single one.

It is this warning that we would sound and impress upon you again. You will, of course, take it for what it is worth. But if you fail to heed it, the results rest upon your shoulders and the loss will be your own.

If you want to further your own interests and cinch a heart-warming prize for yourself, you must strike while the iron is hot. Strike continuously and manfully and success will be yours.

The second of three periods of the "Good Will" subscription campaign will close Monday, Feb. 17th. Votes will then take another drastic drop.

The last days are slipping by fast and the campaign will be over too soon for many of the candidates. There are many people who are waiting for a certain candidate to call. Save them time by informing them through the campaign office, phone 864-3423.

## Campaign Enters Last Lap of Contest

The Haskell Free Press "Good Will" Campaign has entered its final lap...only twelve days remain. Each hour that passes cuts off 60 minutes of opportunity for the candidates.

In only 12 days this campaign will come to a close. Will your memory as a candidate be one of regrets because you put off making a whirlwind finish? Why not make up your mind today to be the winner of one of the prizes? We all know that everyone will win according to the EFFORTS expended and few prize-winning days remain.

The second period will end Monday, February 17. After this date the votes will take their final drop. Support your candidate NOW...before the last period. The candidates are working day and night trying their best to win one of the Grand Prizes, and the one and only way you can help, is by subscribing, renewing or extending your subscription when your favorite candidate calls.

Most of the Haskell Free Press subscribers are responding splendidly to the efforts of the workers. However, readers can make the going much easier for their candidates if they convert those "come back tomorrow" promises into votes NOW, while there is still time. It is too early to tell who will win the Grand Prizes the way the votes are pouring into the Campaign Department...but with reader's immediate action, some very sensational changes can take place.

Be a Booster for your own community and your favorite candidate, too. Show your good will toward both by...subscribing now...If you can't come in, call the Campaign Office, phone 864-3423.

## PRO-RATING OF VOTES AS OF TUESDAY, FEBRUARY 11, 1969

Tension increases as time flies by. It's a fight to the finish as BETTY SUE LACEY and MRS ERON JENKINS battle for first place in this week's Pro-Rating. ## Two Councilmen To Be Elected Sat., April 5th

In the regular meeting of the City Council Tuesday night, the main business on the agenda was the calling of a city election to be held Saturday, April 5th, for the purpose of electing two councilmen.

The terms of W. O. (Bill) Holden and John Thomas will expire.

Mayor H. V. Woodard's term runs for another year, and hold-over councilmen are Buster Gholson, Carl Anderson and Belton Duncan.

The election will be held in the City Hall, with O. W. Tooley, Judge, and T. A. Rhoads, assistant judge.

Anyone desiring to file for a place on the ballot must do so 30 days prior to the day of the election. Deadline for filing is March 5th.

Voting by absentee begins 20 days prior to the date of the election and continues four days prior to election day.

## School Trustee Election Set Sat., April 5th

In the Haskell Independent School District Trustee Election which has been set for Saturday, April 5, in the Community Room, Haskell National Bank, two members will be elected.

The terms of Mrs. E. B. Gilmore and Dr. J. F. Cadenhead will expire. Mrs. Gilmore is not seeking re-election.

Dr. Cadenhead, who is seeking re-election, and Jimmy Medley have filed for a place on the ballot.

## Dr. Cadenhead Bitten By Dog While 'Jogging'

While out 'jogging' Monday afternoon, around 5:30 o'clock, Dr. Frank Cadenhead was bitten on his left ankle by a German Shepherd dog near the Tom Paul Barnett residence.

It required some eight stitches to sew-up the wound. Dr. Cadenhead was back on the job next day, but was limping somewhat.

Several Haskellites have remarked that if they were bitten by a dog, they would shoot it, but that definitely should not be done. The dog should be penned for at least a 14-day period for signs of rabies.

## Rodney Booe Is Injured In Two Car Crash

Rodney Booe, 19, son of Mr. and Mrs. Albert Booe, of Haskell, who was involved in a two-car accident, Sunday afternoon, on highway 277, near Munday, was released from the Knox City Hospital, Tuesday, where he had been receiving treatment for head injuries received in the mishap.

In the car with Booe at the time of the accident were two Knox City girls who also were treated at the Knox City Hospital for injuries sustained.

The 1965 Chevrolet driven by Booe was totaled.

### "Jazz In The Great Tradition" Is Theme of Magazine Club Program

The Magazine Club met Feb. 7 at 3:30 p. m. in the club building. Mrs. E. M. Frierson was leader for the program on Jazz in the Great Tradition.

Mrs. Frierson gave a complete resume of the development of Jazz. She told how jazz developed on its own, it was the first secular music of the Negro people in America. It developed in response to the emotional and spiritual demand of these people. The origin of the word itself is lost—however it came about, the word is used to designate a certain type of music. It first appeared when a band from New Orleans performed in Chicago in 1913. Jazz represents a synthesis—a coming together of various musical strains. It might be called a Musical Hybrid because so many different elements flow through it. The genius of the Negro musicians produced that musical flowering which we call jazz. Jazz was not an overnight development. It took a full century for the full bloom to come forth.

Now a new note in Jazz Festivals is being struck in the United States. Quite a few college music schools have jazz bands. In 1968 Notre Dame (Indiana), in 1961 Villanova (Pa.), and in 1964 University of Kansas held jazz festivals. At the 1966 festival in Austin, Texas, the North Texas State Lab Band from Denton was judged the best at the show. The 8th annual Texas Jazz Festival was held in July, 1968, at the Memorial Coliseum in Corpus Christi. Big plans are being made for the 1969 festival.

Mrs. L. R. Burkett gave the highlights on the Jazz Festival to be held in Mobile, Alabama, February 29th to March 1, 1969. Mrs. Burkett also discussed the 11th annual moonertry Jazz Festival held in September, 1968. The festival was held at the Monterey County fair grounds. Every thing was planned for the comfort and pleasure of those attending. A special children's playground was provided. A picnic area for the family was available. Good places to rest and relax were plentiful for those attending.

Mrs. Roy Gamble gave a talk on the 25th celebration of New Orleans held in 1968. Mrs. Gamble gave a brief sketch of the rise of jazz from the back streets up to the present modern place jazz has attained. She mentioned the numerous Negro musicians that have been so prominent in the rise of jazz music. Louis "Satchmo" Armstrong provided the earliest bridge between the earliest periods of jazz to the present. He still exerts a marked influence on both singing and instrument.

al styles in popular songs. Pete Fountain, the great clarinet player should also be mentioned. The Supremes brought a rhythm and blues singing style to international popularity. The focal point of the development was undoubtedly New Orleans, with its reputation as a tolerant fun-loving city. The annual Mardi Gras, the colorful processions and numerous parades put a premium on musicians of all kinds.

Also New Orleans was the center for manufacturing wind instruments. These instruments were plentiful and inexpensive—thus the brass band flourished. Very few could read music—they played by ear, and plus their own imagination, they developed hauntingly, pleasing melodies. All music may be found embodied in the Jazz; patriotic songs, ballads, religious hymns, blues, marches, folk songs and spirituals and so on. Basin Street, New Orleans, provides the Negro musician with opportunities for employment. This is the area in which a minority group might excel.

Mrs. R. L. Lemmon, president, presided over the business session, in which routine matters were discussed. The president called for an Executive Board meeting following the adjournment of the club.

Mrs. John Rike and Mrs. Conner Christian served refreshments prior to the program.

### Haskell County Hosp. Auxiliary Slates Meeting

The Haskell County Hospital Auxiliary will meet at the Weibert Community Center in Weibert for the regular monthly meeting, Wednesday, February 19th, at 2:00 p. m.

This is a week earlier than the usual meeting, due to conflicting appointments.

Mrs. Faye Jetton, of Rice Springs Convalescent Home, will instruct in the "Care and Welfare of Geriatric Patients." Every member is urged to attend, and all Candy Strippers who possibly can.

The public is invited, and especially those who have the care of elderly people, or anyone who expects to be elderly one day themselves, will greatly benefit from this instruction. Pink Ladies of the Weibert area will host the meeting, with Mrs. Marvin Phemister in charge of arrangements.

### Sewing Club Welcomes Back Former Member

Mrs. Tony Patterson, president, presided over the regular meeting of the Rainbow Sewing Club held recently in the home of Mrs. W. E. Johnson. Mrs. Jess Josselot gave the thought for the day.

The guest rooms were attractively decorated with Valentines. The centerpiece for the dining table was a very beautiful red ribbon tree.

The club welcomed Mrs. Alvin Corzine back in the club after 17 years.

Mrs. Ann Taylor was the recipient of the hostess gift.

Following the business session, Mrs. Rogers led the group in singing, and Mrs. Johnson sponsored the Valentine program, giving the origin of "St. Valentine's Day."

Each member was asked to sing their favorite love song.

and valentine games were enjoyed. Valentine poems were read. The meeting was dismissed with the closing Ode. Refreshments were served by Mrs. Ann Taylor, W. E. Johnson, Walter Rogers, J. H. Fouts, John Larned, Eva Pearson, John Larned, Ray Cothron, Alvin Corzine and Jess Josselot.

Check charitable contributions you claim for income tax deductions. It may be worth your while.

The new 7 1/2 percent surcharge on incomes means that gifts to qualified organizations give greater tax savings this year.

For those in 25 percent tax bracket, for example, a \$100 contribution will cost only \$73.12. The deduction saves \$26.88 in taxes. A donor in the 50 percent bracket can give \$100 at a net cost of \$46.25.

Deductions are not limited to cash contributions. Market value of gifts of real estate, securities, art objects and antiques are deductible.

For large gifts of property, however, an appraisal from a "qualified and reputable" source may be required. The appraisal should accompany the income tax return. The more complete the information is, the less chance there is that Internal Revenue Service will question it.

Although the value of services for charity cannot be deducted, you may claim expenses incurred in such activities. These deductions generally are limited to out-of-pocket expenses, such as meals and lodging away from home overnight, or transportation. For car expenses, you may claim a flat rate of five cents a mile.

For our recipe of the week I have chosen this recipe for Prune Cake.

- Big Prune Cake
- 1 cup plumped prunes
- 2 cups milk
- 2/3 cup cocoa
- 1 cup brown sugar, packed
- 1 cup shortening
- 1 cup sugar

### A.L.C.W. Holds Meeting In The Church Annex

The A.L.C.W. met in the Lutheran Church Annex, Thursday, February 6th at 2:00 p. m. Pastor Urrate and thirteen members attended.

The meeting was called to order by the president, Frances Fischer. A hymn, "Jesus Shall Reign Where'er the Sun," was sung.

Bible study was given by Henrietta Fischer. The theme verse "and I will bless you...so that you will be a blessing." Genesis 12:2. The topic was "Chosen by God", Genesis 12:17.

Minutes were approved as read and the treasurer's report was also accepted as read. Roll call was answered with a Bible verse.

The meeting was closed with the meditation prayer given by Lena Rueffer.

Refreshments were served by Meta Rueffer.

The Lord's Prayer was voiced in unison, followed by table prayer.

For the month of March the A.L.C.W. will sew for the Cancer Center following their meeting.

All women are invited to attend to help sew and enjoy the fellowship.

- 3 eggs
- 2 3/4 cups all-purpose flour
- 2 teaspoons soda
- 1 teaspoon salt
- 1c in
- Pit prunes, chop fine. Combine 1 cup milk, cocoa and brown sugar. Simmer five minutes. Remove from heat. Add prunes and remaining milk, cool to lukewarm. Cream shortening and sugar, blend in beaten eggs. Sift flour with salt and soda, add alternately with cocoa mixture. Blend well. Pour into three greased 8-inch layer cake pans. Bake in 350-degree F. oven about 30 minutes. Fill and frost with favorite icing. Makes 12 to 14 servings.

The Weinert Home Demonstration Club met Tuesday, February 11, in the Community Center. The meeting was called to order by Mrs. Glenn Caddell, president, and Mrs. M. W. Phemister, recreational director, led the games.

Mrs. Tom Yates introduced the visiting speaker, Mrs. Virgil Wall of Haskell. Mrs. Wall gave a very interesting talk on "Family Life."

Films were shown of "Tulip Gardens in Holland, Belgium and Germany" and garden tips were given by Mrs. W. B. Guess.

Refreshments of spiced apple juice and cookies were served by Mrs. M. W. Phemister to two visitors and seven members.

**Leader Training Meeting Is Held**

A leader training meeting was held at the Haskell National Bank Building on February 5, at 1:30 p. m. for any one interested in learning about draperies.

Mrs. Leonard Kieke, L.O.C. Club member, and Mrs. C. E. Sprayberry, Lucky Club member, assisted the Home Demonstration Agent, Ruth Ann Fansler, in training club women on how to make draperies.

Points stressed at the leader training meeting were measurements, selection of material, and actual construction of draperies. This information may be obtained at the Home Demonstration Agent's office for anyone interested in making draperies for their home.

**Club Organized By Wives Of Haskell Jaycees**

A group of enthusiastic young women met at the Chamber of Commerce office at 7:30 p. m., February 6, to organize a local Jaycee wives club.

The club has a dual purpose: 1) to assist the local Jaycees and 2) to promote community service tasks.

The following officers were elected to head the organization: President, Mrs. David Conner; vice-president, Mrs. Charles Thornhill; secretary, Mrs. Roger Sharp; treasurer, Mrs. Albert Roberts; parliamentarian, Mrs. Dale Lawrence; reporter, Mrs. Gaston Tidrow.

These young women are spearheading the local March of Dimes Drive, with Mrs. David Conner and Mrs. Roger Sharp, co-chairmen of the March of Dimes fund-raising campaign.

Next meeting of the club will be held February 28.

**B&PW Members Present Program At Care Homes**

Members of the Business & Professional Womens Club met Monday evening, February 10, at 6:30 at Frazier's Appliances.

The group visited both Rice Springs Care Home and Clear View Lodge where they presented a program of requested songs with Mrs. Henry Withers at the piano.

A bag of mints, tied with red ribbon and decorated with hearts, was presented to each of the ninety residents of the two homes as a Valentine.

This is an annual project of the club.

**"International Knowledge" Is Theme of B&PW Club Program**

Tuesday evening, February 11, the regular meeting of the B&PW Club was held in the Community Room of the Haskell National Bank.

Fourteen members and six guests were present to hear two very talented young people speak and show slides of a trip abroad.

Mrs. Luther Burkett, chairman of the Legislation Committee, introduced Dian Cadenhead, daughter of Dr. and Mrs. J. F. Cadenhead, as the first speaker. Dian is a junior at Hardin-Simmons University, Abilene. This past summer she was chosen to be one of the many girls to spend six weeks in Europe, as an exchange student of the Lions Club. Her destination was Stockholm, Sweden. She lived one month in the home of Mr. and Mrs. Anderson and their daughter, Monica. They spent part of their time in the Anderson's city home, and part in their mountain home.

Dian showed colored slides of their beautiful country and told of their customs and traditions.

**SCS Work Unit In Haskell Serves About Seventy Per Cent of County**

The Soil Conservation Service work unit located in Haskell, serves about 70 per cent of Haskell County. The staff of the Haskell work unit consists of men dedicated to the conservation of soil and water. J. C. Yeary, Jr., is the District Conservationist in charge of operations, and he is assisted by Jimmy Boykin, Soil Conservationist; Harry G. Koehler, Conservation Technician; and Milton L. Christian, Conservation Technician. Hinds A. McGowen, Jr., Soil Conservationist with the Haskell work unit during 1968, has recently been transferred to the Stratford work unit at Stratford, Texas.

These men spent a total of approximately 7,000 hours during 1968 in service to the many farmers and ranchers in Haskell County for the purpose of bringing out new ideas and techniques of practicing soil and water conservation.

A part of the 7,000 hours was spent on the design, layout and checking of 771,555 feet of parallel terraces and 165,121 feet of standard level terraces. These terrace systems resulted in the carrying out of 4,700 acres of contour farming. These newly installed terrace systems will help to conserve much needed moisture during the summer months and improve the production efficiency of operations. Harry Koehler and Milton Christian are the Conservation Technicians responsible for these permanent-type conservation practices.

Other permanent-type practices installed were 5,085 feet of irrigation pipeline, 30 sprinkler irrigation systems, 54 acres of irrigation land leveling, and 22 private non-commercial recreation areas.

national areas developed. 1,417 acres of irrigation water management were applied. There was also 6,191 acres of brush control applied of which 769 acres were seeded to native range plants. 6,619 acres of proper grazing use were carried out on the rangeland. Pasture and hayland planting was applied on 35 acres. Management of pasture and hayland was applied on 182 acres, 10,010 acres of the above pastures and ranges were deferred to help in the carrying out of a profitable and uniform grazing schedule; also to give newly-planted seedlings a chance to become established.

Farmers in Haskell County applied 13,500 acres of conservation cropping systems which consists of various rotations of their cash income crops such as cotton, wheat and grain sorghum. Also 13,200 acres of high residue crops were managed to help conserve moisture, detain wind erosion, and improve the structure of the soil. Stubble mulching was carried out on 900 acres of the above residues. 141 acres were established for the proper management of wildlife. This will greatly increase game species for the upcoming hunting season.

During 1968 the work unit serviced 23 requests of farmers and ranchers through the Agricultural Stabilization and Conservation Service for conservation work. 20 consultative assistance services to non-agricultural people, organization and agencies were made.

Presently there are 8 terrace systems in various stages of completion and 3 irrigation pipelines which are presently being installed.

**CAGE RESULTS**

**BALLINGER SLIPS PAST HASKELL 67-65**  
Ballinger's Bearcats took advantage of Haskell's cold second quarter to beat the Indians 67-65, Friday night in a battle of District 2-A also-rans.

Steve Routh topped the Bearcat scorers with 21 points but Haskell's Gary Folker pumped in 25 for game honors. Ballinger's B team won, 33-30.

**RULE BOBCATS CINCH TITLE**  
The unbeaten Rule Bobcats clinched the District 26-B championship at Old Glory Friday night, clubbing Old Glory's foul-plagued Pirates, 61-46.

Old Glory, led by Russell Letz's 16 points, actually held a 24-18 halftime lead, but the Pirates played the second half with several players in foul trouble and had just four men on the court in the fourth quarter.

James Lisle and Jimmy Anderson scored 32 points between them to key Rule's attack. The other half of Old Glory's brother-sister act, Regina Letz, hit for 20 points to lead Old Glory's girls to a 40-28 victory. Pam Pitoeck had 13 points for the losers.

**GOROE EASES PAST O'BRIEN 36-29**  
Garon Jetton produced 30 points Friday night as Gorie scored early then held off a fourth quarter rally by O'Brien, taking a 59-57 win.

O'Brien's Susie DelHiero and Gorie's Debbie Urbanek each tallied 33 points as O'Brien won the girls' game, 47-41.

**ROCHESTER RIPS BENJAMIN 36-29**  
Rochester's Steers shut out Benjamin in the first quarter and went on to coast the Mustangs, 36-29, in a District 26-B game Friday night. Louise Byrd pumped in 19

points to pace a 60-24 Rochester triumph in the girls' game. Pam Roberts had 11 points for Benjamin.

**COLEMAN TOPS HASKELL 63-50**  
Ben Wright accounted for 27 points and paced the Coleman Bluecats to a 63-50 victory over the Haskell Indians Tuesday night at Coleman.

The Haskell girls team defeated the Coleman girls 45-44 and Coleman's B team raced past Haskell's second squad 61-45.

**ROCHESTER STEERS HOOK O'BRIEN**  
The Rochester Steers stamped past the O'Brien Bulldogs, 92-44, at Rochester Tuesday to raise their 26-B chart to 9-4.

The Rochester girls, already winners of the district, scored a 52-43 win as Wanda Strickland scored 39.

**OLD GLORY OVERPOWERS WEINERT 87 TO 42**  
Old Glory racked up a pair of 28-8 quarters vs. Weinert at Old Glory Tuesday night in coasting to an 87-42 win in District 26-B.

The Weinert girls upset Old Glory, though, 45-41, as Donna Adams and Sheila Dutton notched 16 points each.

**RULE ROMPS OVER PAINT CREEK 101-54**  
Rule's Bobcats upped their 26-B record to 13-0 with an easy 101-54 victory over the Paint Creek Pirates at Rule Tuesday night.

Rule won the girls' game, 41-35.

**Foursquare Church Hosts District Rally**

The district fellowship rally held monthly in area Foursquare Gospel Churches was hosted Monday in the Haskell Church.

Services began at 3:30 in the afternoon with Rev. Katherine Byrd, pastor of the Weinert Church, as the afternoon speaker.

Ladies of the local church prepared and served supper at 5:30. Rev. Lee Wall, pastor of the Wichita Falls church and youth director for the area churches, was in charge of the evening service.

Crosser youth from the churches conducted the singing and Rev. Rubeen Taylor of Wichita Falls was speaker of the evening.

The next fellowship rally will be held in Knox City Foursquare Church, Monday, March 3, when Rev. J. Craig Bigg, of Dallas, will speak in the afternoon and Dr. Howard P. Courtney from LIFE Bible College, Los Angeles California, will deliver a dedication address at the evening service at 7:00 o'clock.

Other services scheduled include... Haskell Foursquare church will have Rev. Rubeen Taylor as special speaker at both the morning and evening services. Sunday, February 15. Open house will be held in the Knox City Foursquare Church, Sunday, February 25, from 3:00 until 5:00 in the afternoon and everyone is invited to all of these services.

A Sunday school conference for teachers, pastors and workers of all Foursquare churches in the area will be held in the Hamlin Church, Tuesday, March 13th, beginning at 10:00 o'clock, and continuing through the evening service.

Step into the big-car world without overstepping your budget.

Once you move into 88's big-car world, you've got yourself a lot of basic value.

But we don't stop there. We always put extra values into an Olds 88 that keep it way ahead of its price.

Like new guardrails built in the doors for added security.

Even a pushbutton ashtray.

They're little things that make the big things about an 88 that much more enjoyable.

The smoother, softer ride on its new, longer, 124-inch wheelbase.

The quiet comfort of that roomy, big-car body.

And the big, responsive Rocket V-8 engine.

Go let an Olds dealer show you: you're closer to Olds than you think.

### February Dollar Day Will Offer Many Bargains

Dollar Day next Tuesday, February 18th, will be an important date to remember for budget-conscious shoppers. The nearness of spring and with Easter just around the corner makes the February "D-Day" one you just cannot afford to miss.

Many of the merchants, co-operating in "D-Day" will be featuring timely merchandise. This, of course, will afford thrifty shoppers a chance to choose from a large stock of both spring and winter merchandise at reduced Dollar Day prices.

The big, four-page circular, which lists "bargains galore in every store", will be mailed and distributed throughout this wide trade area this week-end.

Watch for your Dollar Day circular, and use it as your shopping guide, Tuesday, Feb. 18th.

### Campus Favorites Are Elected

(From The War Whoop)  
The election for Campus Favorite closed this past week at Haskell High School. A constant flow of students went in and out of the library to cast a vote for their choice. The Campus Favorites were Mr. and Miss HHS, Most Spirited Boy and Girl. The boy and girl who best represent HHS in the final tally were J. F. Cadenhead and Patricia Tulliver. The Most Spirited Boy and Girl were finally agreed upon to be Hal Spain and Anita Thiesen. The Boy and Girl who seemed to always be most friendly were Riley Middleton and Kathy Harris and Pam Harris.

Both seniors, J. F. Cadenhead is president of the National Honor Society, and Patricia Tulliver is board member.

A senior, Hal Spain, is representative for Quill and Scroll. Anita Thiesen, a junior, is a cheerleader.

Riley Middleton, who always has a smile on his face, is junior class president. A cheerful person, Kathy Harris is always ready to help. Pam Harris is a member of the Nine-Teens.

### Strickland Bridge, Inc., of Haskell, Will Extend Concrete Activities

DALLAS, Texas — Square H Industries, Inc., of Dallas, has agreed to acquire all of the assets of K. C. Alexander Sand & Gravel Company of Olney, Texas. The acquisition, which was for an undisclosed amount of cash, was jointly announced by Robert P. Ditto, Square H president, and K. C. Alexander, president of the Olney company.

Assets included in the acquisition are three leases of sand and gravel reserves adequate for several years production, a truck fleet, a complete conveyor system, and all equipment necessary to produce "state grade" sand and gravel.

According to Mr. Ditto, additional equipment has been purchased to expand the scale of operations of Alexander, which will function as a part of Square H's Strickland Bridge division. "It will provide Strickland Bridge with a steady and inexpensive source of sand and gravel for its ready-mix and pit run concrete operations," he explained. "We anticipate the acquisition, through the savings it provides in supply costs, will make Square H a strong factor

in the ready-mix concrete market."

Mr. Ditto noted that Strickland Bridge's concrete activities will be extended to the Olney-Abilene-Wichita Falls area and will be expanded to include oil field cementing, a new venture for the company.

Square H Industries is a diversified company composed of several operating divisions. These are Coastline Petroleum, which manages the company's petroleum and mineral inter-

ests; Aerospace; Petroleum Rubber; Universal Systems; Strickland Bridge and Lisbon Building Materials. It also holds a 50% interest in Petro-Chem Data Systems, Inc., a newly formed company which provides specialized computer services, primarily to the petroleum industry.

### Texas Public Schools Week March 3rd-7th

A school is a school in a school, to parody a familiar rhyme. But, is it? Is a school merely a variation of another institution?

Texas educators don't think so. And, neither do Masons. It's for this reason, that once each year, Texas holds a Public Schools Week. This year, the dates are March 3rd through 7th and the public is urged to make it a point to see our schools first hand.

If good discipline starts in the home, it's furthered in the school; so parents, and in fact, all interested persons are asked to show an active appreciation for the job that their tax money and good teachers are doing.

It's been pointed out that parents can show an example of approval, and children will follow suit. Give your stamp of approval to a school during this special time.

Mark it on a calendar now: Texas Public Schools Week, March 3rd through 7th. It'll be the best experience you've had in a long time.

#### ON DEAN'S LIST

The Dean's list for the fall semester of 1968-69 at Cisco Junior College includes Miss Deborah Pharris of Haskell.

Miss Pharris had a perfect average of 3.00, or straight "A" grades.

Criteria for making the Dean's List are: no grade less than "C"; at least 12 semester hours of academic courses; and a grade point average of 2.500 or better, under the 3-point system. (3 points per hour for each "A", 2 points for each "B," and 1 point for each "C.")

Announcement of the list was made by Ralph Glenn, Dean of CJC.

**IMPROVED "TUFSYN" RUBBER**  
A new, improved, long-wearing Tufsyn rubber, toughest rubber Goodyear ever used in tires, adds stamina for mileage and muscular body strength.

Conventional tire parts flex under load. Tread squirms... rubs off like an eraser on paper.

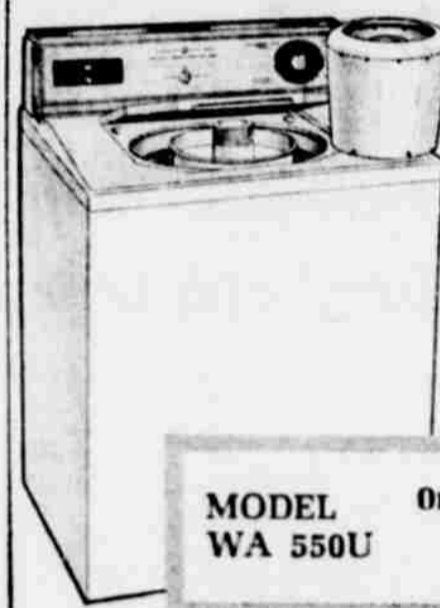

The tread of conventional tires tends to squeeze and close up under load. The gripping action of the tread loses its effectiveness.

The Polyglas tire sidewalls flex... but the belt plies hold the tread firm... less squirm — more mileage.

The tread grooves of the Polyglas tire are more open... enabling the tread to grip better on wet or dry roads.

ROLL-CALL CAMPAIGN URGES  
"SILENT AMERICAN" SPEAK UP

The "silent American" will  
be urged to claim his rightful  
share of attention as opposed to  
the voices of disruption and dis-  
senior in the Freedoms Roll-  
Call campaign, February 15-28.

The educational drive to point  
up the meaning, spirit and re-  
sponsibilities of American citi-  
zenship will seek to inspire the  
"silent American" to speak up  
for what is right with America  
under the slogan, "Freedom—  
Use It, Don't Abuse It", accord-  
ing to Anita Bryant, heading the  
campaign for the second suc-  
cessive year, Miss Bryant is the  
first woman to be chairman of  
Freedoms Roll-Call, sponsored  
annually by Freedoms Founda-  
tion at Valley Forge.

"The great mass of Ameri-  
cans must demand at least  
equal time with the forces of  
disruption", said Miss Bryant.  
"The positive forces for what is  
best in American life deserve  
to be heard, too. Through the  
press, magazines, radio and tel-  
evision, Freedoms Roll-Call  
messages will call upon all Am-  
ericans to stand up and be  
counted on issues, whether lo-  
cal, state or national."

Citizens unsure about what  
they can do are invited to send  
to Freedoms Foundation at Val-  
ley Forge, Pennsylvania 19481,  
for a free copy of Freedoms  
Handbook, a guide for citizen  
action for individuals, organiza-  
tions, corporations and commu-  
nities in safeguarding American  
freedoms.

Freedoms Foundation, a non-  
profit, non-political, non-sectar-  
ian organization, was created to  
encourage understanding and  
support of the American system  
of free men. General of the  
Army, Dwight D. Eisenhower, is  
Honorary Chairman, James  
A. Farley is Honorary Presi-  
dent, Don Belding a co-founder,  
is Chairman of the Executive  
Committee, Dr. Kenneth D.  
Wells is President.

The annual Roll-Call, spon-  
sored by Freedoms Foundation  
at Valley Forge, is one of the  
 keystones in the Foundation's  
program of encouraging Ameri-  
cans to speak and act for free-  
dom. The Foundation makes  
awards of cash, medals, cita-  
tions and "pilgrimages" to his-  
toric Valley Forge to individ-  
uals, teachers, school systems  
and civic and patriotic organi-  
zations, for their outstanding  
contributions to a better under-  
standing of the American Way  
of Life.

Peace Corps  
Placement Test  
Set Saturday

Haskell area residents inter-  
ested in putting their skills to  
use in developing nations a-  
round the world are invited to  
take the Peace Corps Placement  
Test at 1:30 p. m. on Saturday,  
February 15, at Room 2301,  
New Post Office Building, Abi-  
lene.

The Peace Corps uses the  
Placement Test to determine  
how an applicant can best be  
utilized overseas. The test mea-  
sures general aptitude and the  
ability to learn a language, not  
education or achievement. The  
test requires no preparation and  
is non-competitive; an appli-  
cant can neither pass nor fail.

Persons interested in serving  
Medical Detachment in Viet-  
nam. Spec. Clopton holds the  
Army Commendation Medal.  
A 1960 graduate of Sweet-  
water High School, the special-  
ist received a B. A. degree in  
1966 from the Texas Technol-  
ogical College, in Lubbock.

with the Peace Corps must fill  
out an Application, if they have  
not already done so, and pre-  
sent it to the tester before the  
test. Application forms are  
available from post offices or  
from the Peace Corps in Wash-  
ington, D. C. 20525.  
Fifteen thousand Volunteers

are currently serving in Asia,  
Africa, Latin America and the  
Pacific Islands, working with  
the people of those nations in  
self-help projects ranging from  
food production to health to ed-  
ucation. More Volunteers are  
needed for programs which will  
begin this spring and summer.

### Good Paper Shows Good Town

**A Good Newspaper**  
Books have been written in an attempt to describe a newspaper. No dictionary comes close to a satisfactory definition.

But it can be said that a good newspaper is a sign of a good community. We do not believe there is any other media of communication yet developed that serves the communities with a democratic society as completely as does a responsible newspaper.

Only a newspaper can inform the public so necessary to keep officials of a community functioning in the interest of the public. And only a newspaper has the space to report on the changing scene that is life in any community including this industry... in these changing times.

And only a newspaper dedicated to objective, informative reports of all sides of any issue, and constructive critiques of the handling of those issues, can be described as responsible.

This newspaper is dedicated to meeting that responsibility to the industry in which it is the community spokesman.

And it knows its voice will be respected inside and outside of its community only if it meets these responsibilities.

**A Good Community**  
One dictionary defines it as a group of people living together, having common ties or interests, ownership together, sharing together.

Our industry is a community... a community of body shop owners and independent garages. Its citizens have common ties and interests. They share together in working for that industry, as individuals and as members of associations. Some have ownership together. All have one thing in common... the fate of the industry is their fate.

Our community is like any other. It has leaders and followers. It has men rich and poor. It has brilliant men and some that are far from it. It has selfish men... and generous ones, ambitious ones, and lazy ones.

It has all of the problems and glories of any other community and is perhaps better off than some, and worse off than others.

It has a big disadvantage... being spread over an entire nation. But this gives it more diversity of character, and in many ways, more spirit, than a close-knit group all huddled on the same hill.

Good and bad... this industry is most of all, a community.

### A WEEK TO REMEMBER

The week of February 15 to 22 has been set aside as National Future Farmers of America Week. The theme of this observance is "FFA...An Opportunity For Youth." The Future Farmers of America is a national organization of high school students studying vocational agriculture in our public schools. It is an educational, non-profit, non-political organization of, by, and for these students. The foundation upon which it is built includes leadership, character development, sportsmanship, cooperation, community service, thrift, scholarship, cooperation, community service, thrift, scholarship, improved agriculture, organized recreation, citizenship and patriotism. The FFA itself does not make its members outstanding, but, instead, provides the opportunity for them to excel, grow and become outstanding. Young people in FFA learn the meaning of local initiative. Local FFA chapters provide the strength of the organization. In the local chapters, student officers and members develop into agricultural leaders.

As long as we have youth organizations such as FFA, we may rest assured that the violence and lawlessness of the dissenters, whose only aim is destruction, will represent the acts of a minority...and a small minority at that.

## HASKELL COUNTY HISTORY

### 30 YEARS AGO

(February 17, 1928)  
Dr. T. W. Williams will retire March 1st as president of the Haskell Chamber of Commerce post he has held since the organization was formed three years ago. Under his guidance the organization has been developed into one of the most active civic groups in West Texas and a leading factor in up-building of Haskell and trade territory.

City Marshal Sebo Britton states that several complaints have been made to the city officials recently regarding the practice of burning trash piles and rubbish in alleys, both in the residence and business sections.

Mrs. Claude Warren and daughter, Louise, returned home Sunday from a visit with relatives in Oklahoma City.

Dr. John M. Pace, Dallas, urologist and the son of Mr. and Mrs. John W. Pace of this city, will be guest speaker at the regular monthly meeting of the Tri-County Medical Association, in Munday, Tuesday night, February 21. The association is composed of physicians of Haskell, Knox and Baylor counties.

Mrs. Bill Hills of Rule and Mrs. Server Leon were in Dallas this past week to see the stage production of "Idiot's Delight" and "Amphytrion 28".

Miss Ethel Robinson, practical nurse, who has been employed in Throckmorton for the past several months has returned to her home in Haskell.

Mrs. J. M. Martin, Mrs. Roy Killingsworth and Mrs. Elmore Smith visited Mr. and Mrs. E. N. Engleman in Spur, Sunday.

C. A. Thomas, Mr. and Mrs. Ralph Duncan and Mrs. R. L. Lemmon made a business trip to Houston this weekend and visited with Mr. and Mrs. Barton Welsh, and son, Samuel Clayton and with Dr. and Mrs. Hugh C. Welsh and children.

Miss Ruby Fitzgerald, Mrs. Irene Ballard, Supt. C. B. Broadlove and M. H. Post made a business trip to Fort Worth Wednesday and made observations in the public schools in that city.

Miss Grace Cearley of this city is in Abilene where she is taking a business course at Draughan's Business College.

### 40 YEARS AGO

(February 11, 1918)  
Messrs. Henry King, local manager, and Carl Lamb, commercial salesman of the West Texas Utilities Company of this city and Jake Morris, salesman for the company at Munday, returned last Friday from Fort Worth, where they attended a meeting of the executives from all the cities served by the West Texas Utilities Company.

Messrs. Sam Roberts and P. A. Womble made a business trip to Dallas this week. They were accompanied by Miss Audra Gayle Roberts.

Mrs. Olivia Mays returned Saturday from Dallas, where she purchased the spring stock of millinery and ready-to-wear for the Mays Dry Goods Company.

Born to Mr. and Mrs. Jake Morris of this city a fine nine-pound girl, Sunday night, February 16th.

According to Ed F. Fouts, Tax-Collector, a total of 4,062 poll tax receipts were issued for 1928, a decrease of about 1,200 from the total for the previous years. According to the figures for the past few years, this decrease is about the same that prevails each "off" year, when there are no elections. Automobile and truck registrations for 1929 total 3,233 to date, about the same number as were registered last year, according to Mr. Fouts.

In the south side of the square

of the city of Haskell is a large mercantile establishment which is today one of the oldest institutions of its kind in the city and its senior members, F. G. Alexander is one of the founders of the City of Haskell and was also in the organization of the county in 1885. He and Mrs. Alexander are the oldest inhabitants of the city who have lived here continuously since they came to the county.

Judge and Mrs. W. H. Murchison and little daughter, Mary Sue, left Tuesday for Bastrop, Austin and other southern points.

### 60 YEARS AGO

(February 13, 1909)  
Miss Eula Poole, who is teaching school in the west part of the county, visited her home in this city the early part of the week.

Last Monday night a norther blew-in and on Tuesday morning there was considerable ice. All \$1.50 and \$1.25 buggy whips now for \$1.00 and all \$1.00 ones for 75c at Evers Harness Shop.

Joe Taylor left Thursday for San Angelo.

Mr. Bischoffshausen of the south-east side was in the city Thursday.

C. M. Hunt will visit Chicago before his return to Haskell.

A \$75.00 buggy now for \$62.50 at W. J. Evers, Haskell.

Miss Fred Lindsey of Rule was in Haskell the early part of the week.

Mr. J. W. Collins attended court at Wichita Falls the early part of the week.

Mr. J. W. Collins attended court at Wichita Falls the early part of the week.

City Marshal W. K. Whitman made a business trip to Wichita Falls the early part of the week.

Martin Arend of the east side was in town Thursday. Mr. Arend said the farmers were well advanced with their land breaking in his community.

R. M. Craig made a business trip to Dallas the early part of the week.

Miss Sullie Hughes, who is teaching school at Sagerton, visited her parents of this city the early part of the week.

Mr. D. W. Fields and son, Paul, of the West Side were in Haskell, Thursday.

The businessmen of Haskell have weathered the panic, short crops and many adverse conditions in fairly good condition. This year promises to be a most prosperous one. There has been lots of immigration and the country has been settling up. If a good crop is made this year the merchants will reap a harvest this fall.

### Roger Cook Is Promoted

In a recent announcement by the National Cash Register Company, Roger Cook, son of Mr. and Mrs. Roy Cook, of Haskell, has been assigned the responsibility for Systems and Procedures at NCR's new facility in San Diego, California. In his new position, Cook is responsible for designing and implementing manual and computer systems at the new facility. He also serves as staff assistant to the plant manager.

The new facility in San Diego, California, is manufacturing NCR's new 615 century series computer.

Roger is a graduate of Haskell High School, class of 1956, and McMurry College, Abilene, in 1960. He and his wife, Elsie, now reside in their new home at 651 Mt. View St., Escondido, California.

**Sickness**  
 Mrs. John Mansell, mother of Mrs. Hob Smith, is very ill in the Knox County Hospital. Mrs. Maude Adkins is some improved, but still in the Haskell County Hospital.

**Rev. Fred Garvin**, pastor of the First Baptist Church, has had a relapse of the flu this past week. He is much better, and was able to preach Sunday. Mrs. Bob Speck from Waco is here visiting with Mrs. Hob Smith while her mother is ill. She has visited in the home of Mr. and Mrs. Palo Speck some this week. Mrs. Dick Roberson took her

parents, Mr. and Mrs. Columbus White, from Ft. Worth, Texas last week to attend the funeral of a relative. They visited with Mr. and Mrs. Wiley Bean while there. Mrs. Dick Roberson took her parents, Mr. and Mrs. Columbus White to Wichita Falls last Thursday to see the doctor.

**Hobby Club Meets With Mrs. Lewis Hester**  
 The Hobby Club met last Thursday in the home of Mrs. Lewis Hester.

Some of the club members who came brought handwork to work on. The members of this club are very industrious and stay busy working on something attractive and useful. Many of the members made Christmas gifts to give last year. They use their talent also for birthday gifts.

The members played games of bingo and visited. Refreshments of cake and ice cream were served to these members: Mary Adkins, Mary and Joe Ann Hutchens, Bobby Steele, Lorene Pope, Hattie Wreyford, Lacia Melton, Bethie Harris, Mae Speck, Hattie Clark, Eunice Newberry, Mrs. Bowman, and hostess, Cleve Hester.

**Rochester Jr. High Boys and Girls Beat O'Brien**  
 The Rochester Jr. High boys and girls beat O'Brien in a two-game match last Thursday at O'Brien.

The boys' game was neck and neck throughout the four quarters. When the whistle blew at the end of the game the score was tied 49-49. They had to play three minutes overtime, which came to an exciting score of 51-49. Larry Davidson made the final 2 points for Rochester. The girls won their game also. The final quarter was played by the B team. The score was 36-17.

**Support Your Girl Scouts**  
 All the Girl Scouts are selling cookies this week. Mrs. George Mullino, their Scout leader, said they were really selling a lot. They will sell the cookies until Feb. 14.

**Locals**  
 Mr. and Mrs. C. W. Maupin, Gail and Carla, from Ft. Worth, were here over the weekend to attend his grandmother's funeral. Mrs. Nellie Brown, Mrs. Maupin is the former Freda Gauntl. They visited with her brothers, Jack and Clarence, and other relatives while they were here.

Mr. and Mrs. Willie Hines and Randy spent the weekend with their daughter, Mr. and Mrs. Sam Adkins of Lampasas

## Committee Formed To Represent Rural Interests In School Program

A statewide committee to represent rural landowners and those who enjoy living in the country during the expected struggle over school district consolidation in the current session of the Texas Legislature has been announced.

The group, known as "The Little Red School House Committee", is composed of a cross-section of farmers, ranchers and rural landowners from throughout the state. Charles Schreiner III, a prominent rancher from Mountain Home, is chairman of the committee.

"We believe the forced consolidation of small school districts, as proposed in the report of the Governor's Committee on Public School Education, will go a long way toward destroying rural life as it is now enjoyed in Texas," Schreiner declared in a news conference.

Schreiner pointed out that the Governor's Committee recommends the forced consolidation of Texas' 1,218 school districts into a total of 353. "This would virtually wipe out 865 community centers, since most rural schools are the primary symbols of community identification," Schreiner said. He retorted the claim that big-

ger school districts would automatically provide better education for students. "Mere bigness is not an absolute guarantee of experiences," he said.

"The Little Red School House Committee has been formed to awaken rural landowners and residents of small communities to the unseen dangers of forced consolidation and to acquaint legislators in Austin with the feelings of the rural people of Texas," Schreiner said.

In addition to the erosion of rural communities following the closing of their schools, Schreiner said that other adverse effects would include the bussing of students often many miles away; elimination or serious curtailment of many outstanding programs designed primarily for rural schools, such as vocational agricultural and vocational homemaking programs; the elimination of athletic teams from Class AA and below, with the resultant loss of identity for those communities and a decrease or entire elimination of a voice for the rural residents

**ATTEND STATE HAIR DRESSERS CONVENTION**  
 Mrs. J. L. Toliver and Mrs. Wendell Gideon, of Haskell, attended the State Hairdressers Convention at the Adolphus Hotel, in Dallas, Saturday and Sunday, February 8th and 9th.

# PAINT CREEK... COMMUNITY NEWS

## Mrs. Gene Overton

Larry and Phillip Cockrell, Tom Pritchard and Gaston and Anthony Herpeche hiked in and out of camp with packs. All the scouts hiked from the campsite to the river. Except for some some boys not having quite enough cover for the cold night, the camp was a lot of fun for Ricky and Mike Brazell, Dale and Glen Casselberry, Larry and Phil Cockrell, Tony and Hutch Herpeche, Donald Livengood and Tom Pritchard, and Scoutmaster Waller Overton. The boys did not get to camp at all in January, and they will have to double up in camping this spring to get in all their required camping before Camp Tonkawa this summer.

The Herbert Fischer pasture burned Friday night and Saturday. The fire truck from Haskell came out and put it out, but some of the big, dead trees along the road smoldered all day Saturday. It was thought that it started on the east side near the tank.

Howard Montgomery is a patient at the West Texas Medical Center Hospital in Abilene. He will probably have to remain all of this week.

Judith Taylor, daughter of Mrs. Olga Taylor, will undergo surgery at Breckenridge Hospital Wednesday morning. Judith completed her practice teaching at the University of Texas last semester, and is a senior music major, specializing in harp. She will be the first graduate of the University has had who majored in harp, and she taught freshman harp students for her practice teaching. We wish her a speedy recovery.

Miss Allie King, who was a retired teacher in Stamford, died last week. She was the sister of Mrs. Alex McLennan. Ann McLennan, who teaches in Houston, came home for the funeral. Mr. and Mrs. Jerry Schugert and two little sons have moved to Stamford where Jerry will do his practice teaching in the Stamford school, teaching Biology and freshman English. Mrs. Schugert is the former Mary Lou McLennan.

William Overton, Mrs. Terry Drees of Haskell, and Mrs. Partridge of Munday, attended the convention of Drama Teachers in Austin last weekend. William served as chairman of the panel discussion.  
Mrs. Glen Walton flew to New Orleans, Louisiana last week to see her new granddaughter, little Stephanie Paige Nelson, who is the daughter of Mr. and Mrs. James R. Nelson. Mrs. Walton flew back by Denton and visited another daughter's family. Mr. and Mrs. Kenneth Bohlen and children.

One of the very nicest Christmas gifts I heard about was the one Danny Isbell was able to give his family. He walked! Without a walker or a crutch or a cane he can walk. Of course he has to think about each step, and that makes him a bit slow, but he walks. He showed off his new ability at the Methodist Church on the Sunday morning following Christmas and everyone was so thrilled for him, we were late starting Sunday School. He still uses his wheel chair to get to and from classes on Hardin-Simmons campus, but he is getting better and better at walking alone. His therapist at the Rehabilitation Center has given the Isbells more hope than they have had in a long time that Danny will soon graduate from that wheel chair.

Mr. and Mrs. Jerry Jones of Levelland spent last weekend with her parents, Mr. and Mrs. Paul Fischer.

Mr. and Mrs. Walter Buerger and children flew to Gustine last weekend and took Mrs. Buerger's mother home.

Attending the Haskell County chapter of Texas State Teachers' Association last Monday evening were Superintendent Bill Gibbs, Mr. and Mrs. Tom Pritchard, Mr. and Mrs. Ansley, Mr. and Mrs. Howard Brass, Mrs. Parma Bohles, Mrs. Bob Harrison, Mrs. Olga Taylor, Mrs. Hollis Haynes of the Paint Creek faculty, and their board member guests, Mr. and Mrs. Walter Buerger, Mr. and Mrs. Gene Overton, Mr. and Mrs. Don Riley Griffith and Mr. and Mrs. Homer Livengood.  
Honoring Mr. and Mrs. Gary Batte who are moving to Friona where Gary will head the Soil Conservation office, the members of the California Creek Soil Conservation District had a supper at the home of the Gene Overtons last Tuesday evening. Guests were Mr. and Mrs. Johnny Brown of Nienda, Mr. and Mrs. Amerson of Hamlin, Mr. and Mrs. Elmer Boedeker of Sagerton, Mr. and Mrs. Buerger of Levelland, Mr. and Mrs. Garth McCallum, Mr. and Mrs. Ernest Cowger and Mrs. Lee Walker of Stamford, Mr. and Mrs. J. C. Yearly of Haskell, the honored couple, and the host and hostess and son, Wallar.

COMPLETES ADVANCED INFANTRY TRAINING  
Army Private Eddie W. Hester, Jr., 22, son of Mrs. Ed Hester of Haskell completed eight weeks of advanced infantry training January 23, at Ft. Ord, California.

He received specialized instruction in small unit tactics and in firing such weapons as the M-16 rifle, the M-60 machine gun and the 3.5 inch rocket launcher.

His wife, Cynthia, lives at 301 E. 20th, Littlefield, Texas.

# The Good Earth

By Mrs. B. F. Cobb

Mistletoe seems to have invaded the trees of Haskell. While driving throughout town the other day we ran across several trees that had been killed by this parasite. If something isn't done soon lots of trees will perish because of mistletoe sapping

Mattson community visited in the Smith home.

Mr. and Mrs. Elgin Ashley of Killeen visited his parents, Mr. and Mrs. C. V. Ashley Sunday.

Mrs. Lois Smith of Munday and her sister, Mrs. Jim Jenkins visited their mother, Mrs. Edith Smith, in Rice Springs Care Home on Sunday afternoon.

Mr. and Mrs. Delbert Carroll and her sister, Mr. and Mrs. Raymond Woolridge of Old Glory, are visiting a sister, Mr. and Mrs. J. R. Winslett and family in Fredricktown, Mo.

Mr. and Mrs. Edward Alexander and Ronnie visited her parents, Mr. and Mrs. Dick McKennon, in Lubbock, Saturday and Sunday night and found both some improved after having been very ill.

Mr. and Mrs. Larry Caddell of Stephenville was home with his parents, the Glenn Caddells, over the weekend.

Mrs. R. E. Hutchinson visited her sister, Mrs. Oleta Fitzgerald, at Knox City Sunday afternoon. Their brother, R. E. Humphries and family of Wichita Falls were also present.

Mr. and Mrs. H. W. Liles Jr. of Odessa spent Tuesday night with his parents, Mr. and Mrs. H. W. Liles Sr. on the way to Fort Worth to pick up their baby. He is a little boy two weeks old and they named him, Blake Edward. They also spent Wednesday night on their way home.

away their life fluid, and Haskell would not be the same without its shady streets.  
Compost should be incorporated into the soil this month so spring rains can settle the soil before planting time.  
There are lots of snails and slugs in town. These pests are not only unsightly when they crawl all over walls and sidewalks, but they are very destructive in the flower and vegetable garden.  
I read in a flower magazine last year that saucers of beer put out in the yard would attract slugs and snails and they would then be easy to destroy the pests. I'll pass this on, if any one cares to try it.  
We used "snail" to kill slugs; use with caution. Cause it is toxic.  
Pill bugs can often be found in grapefruit and pears. They can then be killed.  
If a cold snap comes, tender plants will need protection.  
Yellow Jasmine is blooming all over town. Daffodils are budding. Spring is just the corner, even if it's weeks from Ground Hog.

# Value Showdown:

Match these features against what competition gives you for the same kind of money, and you'll have a better idea why more people are buying Chevrolets again this year.

**Built-in "guard rails"**  
There's a strong steel beam built into every door of every 1969 Caprice, Impala, Bel Air, Biscayne, Kingswood Estate Wagon, Kingswood, Townsman and Brookwood.  
We call it a side guard beam, and it looks like one of those guard rails you see along the freeway.  
That's what it's there for: To guard you. To strengthen the door and put a more solid wall between you and the outside world.  
Not a glamorous feature. But you'll have to admit, worthwhile.

**Computer-selected springs**  
Maybe you'll order your new Chevy equipped to the hilt. Or maybe you'll order it with hardly anything on it.  
Either way, you're going to get your full measure of our renowned ride.  
Because we go to the trouble of programming each car's equipment load into an electronic computer.  
The computer then tells us exactly which springs to use, depending on the car's weight and the way it's distributed.  
Chevrolet, the only car in its field with computer-selected springs.

**Fenders inside fenders**  
We could have skipped this. (The other cars in our field do.) But we're as anxious as you

are to keep your beautiful new Chevy looking beautiful and new.  
So...  
Up inside the regular fenders we've placed a second set.  
They do all the in-fighting. Catch all the splashed-up rain, slush and road salt. Stop the kicked-up stones.  
While your "outers" just sit there looking pretty.

**Astro Ventilation**  
The other two cars in our field give you air intakes down by the floor.  
So do we.  
We also give you two up on the instrument panel.  
And all four of them are adjustable so you can regulate the flow of air just the way you like it.  
Even with all the windows closed, you'll be comfortable inside. You get air without wind. Without noise.  
Astro Ventilation is standard, now, on all the big Chevrolets.

**The theft-thwarter**  
On the steering column there's a lock.  
Only Chevrolet has it, in Chevrolet's field.  
You turn the key and it locks three things:  
Your ignition.  
Your steering wheel.  
Your shift lever.

When you own a car this tempting, you don't dare take chances.  
**Biggest standard V8 in our field**  
Ask any car enthusiast, he'll tell you:  
Chevrolet builds great engines. Especially V8s.  
And this year there are six great V8s available for the big Chevrolet. Standard: Our 235-hp 327-cubic-inch Turbo-Fire.  
Another thing: We've lowered the price of several of our bigger V8s along with our automatic transmissions and power disc brakes. Which makes it possible for you to buy a '69 Chevrolet for even less money than you could last year.  
Show up for our Showdown. You can't lose.

Putting you first, keeps us first.  
**Impala Sport Coupe**
