COMMENTARY on COMMUNISM

Apparently the most welcome thing that has happened in Russia in a long time is Malenkof's promise that the output of consumer goods will be greatly increased and that quality, which has been miserably low in many cases, will be improved. The New York communist paper, the Daily Worker, recently published a story from a correspondent who had just toured Russia in which he said, "I heard a vast and varied tide of conversation flowing around one subject—the swift expansion of food production and consumers' goods in two or three years."

The communists and their fellow travelers don't seem to realize that this provides an ironic commentary on a system in which the state decides everything and bosses everyone—and has a large assortment of prisons and forced-labor camps to take care of dissenters. The Russian people—except for elite, who live on a regal scale—have been lucky if they could buy enough in the government-run retail stores to keep body and soul together. Now it seems, the store stocks are to be bettered a bit—but at any time in the future, if the Kremlin so decides, the gains can be wiped out over the night by an order.

In this country a factory or a store that doesn't please the people goes broke—because in this country business is competitive and must earn public favor. As a matter of fact, the American system of production and distribution of goods is the best practical answer to communism ever devised.

"NO SCAPEGOAT AVAILABLE"

If you're one of the consumers who has been wondering why first class steaks sell for \$1.00 a pound or more in the butcher shops while live steers bring only about a quarter as much, some factual information which has recently become available should interest you.

First of all, only 30 pounds of the average 1,000 pound steer are the fancy steaks which bring the top prices. The average retail price for all the products from a U. S. Choice Grade Steer of that weight was but 30 cents a pound on a recent date. And the heavy demand for the relatively small supply of fancy steaks has tended to hold prices up. Between November, 1951 and last October the price of these steaks declined 14 cents a pound, while the price of equally nutritious cuts such as ground beef and chuck roasts went down 22 cents.

If there is any profiteering in the meat business, it will naturally show up in the form of big profits. Time magazine looked into that a short time ago. It found that cattle feeders are lucky if they make a profit of 10 per cent and that many packers are earning much less than one cent of profit on each dollar of sales. The retailer's markup is around 16 percent, of which a large part is absorbed by his overhead costs.

The Jacksonville Journal summed the matter up accurately when, in the course of a lengthy editorial on meat prices and their causes, it said, "There is no scapegoat available in the meat situation."

GRASS ROOTS OPINION

NEWMAN GROVE, NEB., Reporter: "The communist sympathizers in high office who are wailing so loudly over the exposing of spies in the government and saying that the unfavorable publicity reflects against national honor should consider gravely how much the cause for this investigation has brought disgrace to the nation. No festering sore on the body politic has ever been helped by covering it up."

WILMINGTON, N. C. Morning Star: "Walter Reuther president of the CIO, addressing the organization's annual convention, said the new Republican administration has sold out to big business and is putting 'profits before people.'"

"Mr. Reuther does not seriously attempt to document his charge, for he must understand that it would not be easy to do. What laws safeguarding the people's welfare have been repealed since last January 20? What new laws have been passed which permit mistreatment of the poor?"

WARMING IMPULSES

One way for a government to increase its revenue is to reduce taxes!

Does that sound like a foolish contradiction in terms? Well, it describes exactly what has been happening in Canada. In that country's 1953-54 budget, both individual income taxes and corporation taxes were cut, by 11 percent and 9 percent respectively. After six months of operation that budget had brought the government some \$90,000,000

more than was the case last year when the higher tax rate were in effect.

What happened in the words of Time, is that "the tax reductions apparently sent warming impulses throughout the entire Canadian economy." In other words, Canadians saw more incentive to work hard and take financial risks—and citizens and government alike came out ahead.

VETERANS Administration Questions and Answers

Q—I've been contributing money to my mother each week for several years. Would that be considered proof that she's dependent on me? I want to claim her as a dependent when I enroll in school under the Korean GI Bill.

A—The fact that you've been making contributions to your mother is not conclusive evidence in itself that dependency exists. But VA will consider it in connection with all other evidence that she actually is dependent on you.

Q—My deadline for starting Korean GI training is August 20, 1954. I want to take a correspondence course. Will VA consider that I started in time if I simply enroll in the course before the deadline?

A—Enrolling in the correspondence course before the deadline is not enough. VA will consider that you started in time if the school sends you your first lesson before the deadline date.

Q—I'm leaving my National Service Insurance dividends at the VA so they'll draw interest. Could you tell me how the VA credits interest to my account?

A—Interest will be computed and credited on the balance dividend deposits remaining the day before the anniversary date of the policy.

Q—Will I have to pay income tax on disability compensation payments I receive from VA?

A—No. VA benefit payments

are not taxable. In fact, they need not even be reported as income, for tax purposes.

Happy Go Lucky Bluebirds Elect New Officers

The Happy Go Lucky Bluebirds met at the home of their leader Mrs. Geo. Yarbro on Wednesday, Jan. 6th. New officers elected were Phyllis Vaught, president; Kay Zimmerman, Secretary; Betty Jo Taylor, candle lighter; Margaret Ann Faulk, reporter.

After the business session we learned some new songs. Then we discussed a new project we will soon begin.

To every woman who thinks a clothes dryer is a Luxury...

If you took the second "a" out of the sentence above, you'd be right. A clothes dryer is luxury! But it's not a luxury in the money-could-have-been-better-spent sense of the word.

There are lots of ways that a clothes dryer will save you money as well as work. You don't have to buy as many clothes, sheets, towels, or baby things when you have a gas dryer. Laundry takes so little of your time that you can squeeze it into your schedule more often. (And a dryer cuts out a third of your ironing!)

You aren't the least bit dependent on the weather when you have a gas dryer. You can give your clothes the ultra-violet lamp's sunshine treatment any day (or night) . . . rain or shine! And there's no wind-whipping, clothes pin ripping or sun-fading that make clothes wear out so much faster. Gas-dried things last twice as long!

Clothes drying with gas in most areas is four times as economical as with any other automatic fuel. The fuel cost itself is lower, plus no costly, slow warm-up. Automatic gas dryers dry clothes twice as fast. Their installation costs less.

See the new automatic gas dryers today. You'll be surprised at what they can do!

Trinity Lutheran Ladies Aid Society Holds First Meeting

Mrs. W. H. VanLoth was hostess on Thursday, Jan 7 to the Trinity Lutheran Ladies Aid. The meeting opened with scripture reading and prayer.

Rev. Behrman presented the topic, "The Study of Missionary Books and Periodicals." It was decided to write to a foreign missionary and study the answering letters we receive and to secure mission slides to be shown.

Mrs. Wilburn Prechel, president, conducted the business meeting. The purchasing of a purple velvet cloth for our new lectern and to replace paper towels and napkins in our church kitchen were adopted for present projects. The flower committee reported that flowers were placed on the altar for special services.

Appreciation was expressed for the cards received by Evelyn

Halfhill during the illness of her son.

Mrs. Robert Dorland and Mrs. C. M. Thompson were accepted as new members.

Following the closing devotion refreshments were served to 24 members and one visitor.

Mrs. Louis Littlefair Hostess To Burk Study Club Monday

Mrs. Billie Littlefair was hostess for the Burk Study Club Monday night, Jan. 4 and entertained with a theatre party at the Palace Theatre where Mr. Scoutmaster was showing.

After the movie, the following members went to the drug store for refreshments: Madalyn Hill, Lore Jameson, Mildred Counter, Lorene Davis, Neva Zimmerman, Virginia Mitchell, Martha Parr, Opal Roye, Opal Henderson and the hostess, Billie Littlefair.

A very enjoyable evening was spent by all present.

GIRLS B GAME

Eternal Vigilance

By R. D. Laney

The United States of America is dedicated to the policy of defending the basic rights of men all over the world. And of restoring freedom wherever possible to those people who are now enslaved behind the iron curtain.

President Eisenhower has stated that we must not rest until freedom is restored throughout the world, and his election by an overwhelming majority of the American voters is proof that this policy has the support of our whole Nation.

But in spite of all our efforts, freedom is still denied to people in many parts of the world, and nowhere else does the individual citizen enjoy the rights and privileges that we do here in America. In the United States the individual citizen has an importance that no other government in the world recognized to the same extent. And only in the United States are the rights and privileges of the individual protected by law and guaranteed within the Constitution itself.

The United States is the lost fortress of freedom in the world today. And if we should permit any encroachment upon the basic liberties guaranteed to the American citizen by our Constitution, if we should lose freedom in the United States, then the torch of liberty would be burned out, and there would be no light of freedom ablaze anywhere in the world and no hope for humanity.

We have therefore, a very sacred trust to defend liberty wherever we can in the world, and even more important, to preserve and protect it here in our own United States. The first line of defense for the United States in the struggle in which we are now engaged, to meet the aggression of Soviet communism, is not only the military might of our weapons of destruction. Our first line of defense is the basic concept of freedom upon which our Nation was established, the protection of individual liberty which insured the personal freedom of every

American as guaranteed under the Constitution.

Too many of us live under the false and erroneous belief that the Constitution is self-executing. This is the dangerous belief that our Communist enemies would like us to fall into. Too few American people realize that the United States Constitution must be protected or the liberties and freedom we enjoy because of it may be lost.

Eternal Vigilance is the price of liberty. This means that we must always be alert and alive to any attempt to abolish, abrogate, or interfere with the freedoms of liberties, rights, or privileges, guaranteed to us under the United States Constitution, whether these attempts originate inside or outside our Government.

WCS Meets January 5th

The WCS met in the Methodist church Tuesday, Jan. 5 for their study. Mrs. W. H. Holt, president, conducted the business session. With Mrs. R. H. Henry at the piano, the group sang Publishing good Tidings. Mrs. T. M. Jensen offered the prayer.

Mrs. W. H. Holt thanked members for the life membership pin presented her at Christmas.

Mrs. O. E. Melton introduced Mrs. Grover Johnson of Wichita Falls, our conference officer of the Christian social relations and local church activities, who reviewed our study "Alcohol and the Christians Responsibility." She stated that when coming back to our city and church, she always thought of the work of Mother Majors and how the work still remains with us. Alcohol heads the list and is a trouble maker. An enemy has brought these things while we slept and only prayer, work and education will stamp it out. One way to beat the dope peddler is to be in the city and teach the youth before he comes. These were wonderful messages. Thanks to Mrs. Johnson.

A picture of the effects of alcohol on the brain was also part of the program.

A lovely covered dish luncheon was served at noon by Mrs. B. N. Cauthorn and her group to the following: Mesdames O. E. Melton, Johnson, R. A. Neal, W. C. Gage, W. H. Holt, Jones, T. M. Jensen, Morris, Blake Browning Reger, Tom Harms, Jim Pirtle, A. R. Bunstine, B. N. Cauthorn, Anderson, Lowery, Paul Browning, F. L. Pilkerton, J. M. Patterson, W. S. Duvall, Beasley, Tuel, W. A. Browning, J. P. Lawler, R. D. Revier, W. P. Boydson and Rev. Jensen.

Texas Tuberculosis Association

More people are probably under treatment for tuberculosis today than ever before in this country, according to Miss Mary Dempsey, statistician of the National Tuberculosis Association.

Pointing out that the loss from tuberculosis runs into hundreds of millions of dollars annually Miss Dempsey says that the excessive cost of the problem has seldom been faced by law making bodies or health organizations, official or voluntary.

The cost of each case of tuberculosis could conservatively be estimated at \$15,000, she said.

Miss Dempsey calls tuberculosis "both a cause and an effect of indigency."

"It is simple to grasp the fact that poverty lowers resistance so that the disease spreads rapidly when families live on an inadequate or unbalanced diet, are crowded into insanitary homes, can obtain little education," she says.

"But we do not always stop to think how directly tuberculosis leads to poverty in families where it did not previously exist," she pointed out. A recent study of a sizeable group of patients showed less than 2 percent of the patients families were relief recipients at the time of diagnosis; upon being admitted to hospitals a few months later, 16 percent were receiving public assistance. At the time of hospital discharge, 50 percent of the families of these same patients were on relief.

Bulldogs Beat Byers 41-28

The Bulldogs traveled to Byers last Tuesday night and after playing a dismal first half, came back to win the game by a score of 41-28. During the first half, the Bulldogs just couldn't find the basket. The score at the end of the first half was 13-11 in Byer's favor. The Bulldogs came back in the last half and exploded with a 30 point barrage while holding the Byers club to 15 points. Stan Owens led the Bulldogs with 17 points, Hodges hit 8, Reagan clicked for 7, Ragsdale had 6 and Patterson 5.

In the opening game, the "B" squad lost to the Byers "B" team by a score of 38-28.

The Bulldogs will travel to Harrold Friday to participate in the Harrold tournament.

With its trend-setting advances . . . Ford's worth even more for '54

It's the Dividends that make it Worth More

STYLE DIVIDEND

3 New Body Styles . . . 28 models

Ford offers you three brand new body styles in its line of newly created models. There's a new transparent-roofed Crestline Skyliner . . . a sparkling new Crestline Fordor . . . and a smart new Customline Ranch Wagon. There are 28 models in all, for each of Ford's 14 body styles is available with the new Y-block V-8 or the new I-block Six engine.

New Astra-Dial Control Panel

It's designed both for beauty and practicality. The speedometer is placed high on the panel where you can quickly spot the figures almost without taking your eyes off the road. Like the '54 Ford's beautiful new upholstery and trim, the Astra-Dial Control Panel is color-harmonized with the sparkling new outside body color of your choice.

RIDE DIVIDEND

New Ball-Joint Front Suspension

This revolutionary new suspension is the greatest chassis advance in 20 years . . . and it's exclusive to Ford in its field. It gives front wheels greater up and down travel to smooth out the going on rough roads. And it helps keep the wheels in true alignment for consistently easy handling. Movement of the wheels is on ball joints whether up and down, as wheels travel over rough spots, or in steering as wheels turn right or left. Ball joints are sealed against dirt and water.

PERFORMANCE DIVIDEND

New 130-h.p. Y-BLOCK V-8

An extra-deep skirt extending below crankshaft gives greater rigidity for smoother, quieter operation, longer engine life. Free-turning overhead valves, low-friction design. Double-Deck Intake Manifold and high-turbulence combustion chambers give brilliant new responsiveness . . . 18% more power, greater economy.

New 115-h.p. I-BLOCK SIX

This new Six has an extra-deep block for greater rigidity, smoother, quieter performance, longer engine life. Free-turning overhead valves, high-turbulence combustion chambers, low-friction design and Ford's Automatic Power Pilot help produce 14% more power with finer performance on even less gas.

DIVIDEND IN DRIVING EASE

Ford offers five optional power assists* you might expect to find only in America's costliest cars

Master-Guide power steering does up to 75% of your steering work, yet leaves you with natural steering "feel" on the straightaways. Swift Sure Power Brakes do up to one-third of the work in stopping. Fordomatic Drive gives torque converter smoothness and the "Go" of automatic mechanical gears. And only Ford in its field offers Power-Lift Windows, both front and rear, that open or close at a button's touch . . . and a 4-Way Power Seat that adjusts up and down, as well as front and back, at a touch of the controls. They're all worth-while optional extras available in the 1954 Ford!

NO CAR in the low-price field has ever offered so many "Worth More" features as the '54 Ford. In addition to all the features that have already established Ford as the "Worth More" car, you now get a host of brand new dividends. These include a choice of two new deep-block engines . . . the most modern engines in the industry. You also get Ford's new Ball-Joint Front Suspension . . . beautiful new interiors . . . and styling that will make your heart beat faster.

And, remember, Ford also makes available to you all the optional power assists . . . features you might expect to find only in the costliest cars.

If you have not yet seen the new Ford models for 1954, come in and inspect them today. Then Test Drive a '54 Ford . . . and once you do, you'll want to drive it home!

More than ever . . . THE STANDARD for THE AMERICAN ROAD

'54 FORD Come in . . . Test Drive It today!
