Boy Scout Meeting Set Here Feb 6th

Plans for the Annual Commanche District First Aid meet were announced this week by Tandy Jackson of Kamay, District Camping and Activities Committee chairman. The 1954 meet is to be held on Saturday, February 6th at 7:30 p. m. at the Burk Burnett City Hall.

The meet consists of six problems in First Aid that each team must complete in order to qualify. Each troop may enter as many "five man" teams as they wish. The three top scoring teams from the Commanche District Meet will be invited to compete in the Northwest Texas Council First Aid Meet to be held at the Wichita Falls Boys' club on February 13th.

Troops of the Commanche District planning to enter teams are Troop 39, Valley View; Troop 47, Kamay; Troop 40, Troop 43, Troop 44, Electra; and Troop 155 Burk Burnett.

Members of the First Aid meet Committee in addition to Jackson are, Bryan Bingham of Electra and Dink Lawson of Burk Burnett. These men will be assisted by a group of twelve judges recruited from each of the communities who are First Aid experts either through Boy Scouts, Red Cross or Oil Company training.

The general public as well as parents, leaders and non-participating Scouts are invited to attend.

Nation's Top Water Skiers in Musical

One hundred of America's top water skiers appear with Esther Williams in "Easy to Love," MGM's spectacular new Technicolor musical, co-starring Van Johnson and singing Tony Martin on the Palace screen Sunday and Monday.

Known as Aquamads and Aqu men, the water experts, ranging in age from 19 to 23 years, were rounded up by Director Charles Walters and Producer Joe Pasternak after a six month search throughout the 48 states.

The water skiers do their stuff in striking sequences of a Cypress Gardens aqua-show in the picture, which was filmed on location in Winter-haven Florida. In one number they are towed by eight speedboats across the water through gigantic spray formations shooting 85 feet into the air.

Last Call for Tickets To See Famous Globe Trotters

Ralph Davis, School Supt., states a few choice seats are still available for the Harlem Globe Trotters basketball game to be played in the Junior High School gymnasium Thursday night, February 4th.

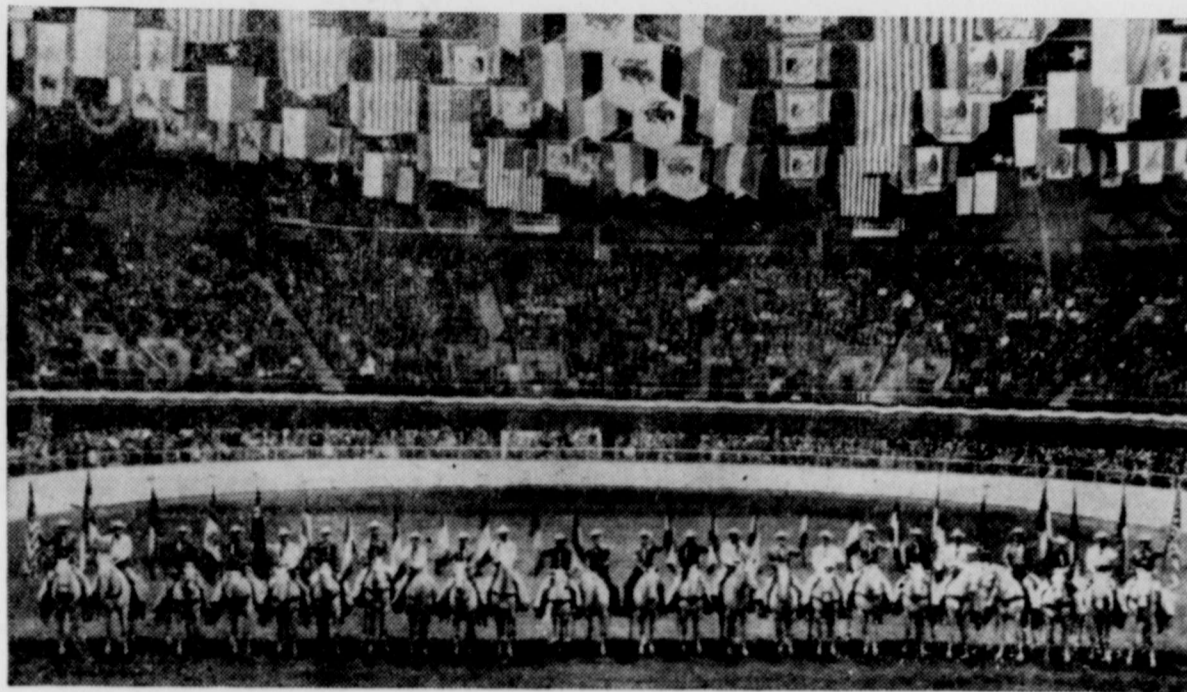

The Globe Trotters, who played here last year before a full house with many turned away, will be playing the Honolulu Surf Riders in the main game. The preliminary game is between the Kansas City All-Stars and the House of David.

Between games a world famous juggler and a world champion table tennis team will be featured.

For tickets, and they are getting scarce, just call or go by the High School Tax Office. In addition to the roll-away seats, chairs have been placed on the floor along one side, across both ends of the court and on the stage. The large balcony also offers very desirable seats.

Best insulation known is dry still air.

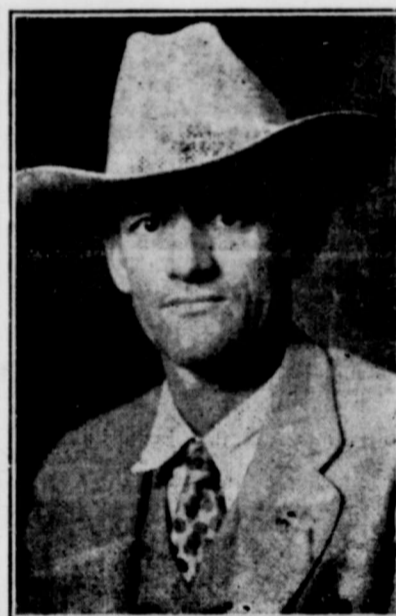

White Horses at Ft. Worth Rodeo

The famous 24 white horses from Graham—the Possum Kingdom Roundup—will be a spectacular feature at all 19 performances of the world's greatest indoor rodeo at the Southwestern Exposition and Fat Stock Show in Fort Worth, January 29th through February 7th.

The organization is nationally famous and has taken part in the Lions International Convention parade, the Cheyenne Frontier Days and San Antonio's Battle of Flowers. The photo shows the group in Will Rogers Memorial Coliseum at a performance a year ago.

Slim Holman Asks Re-Election

Commissioner W. T. (Slim) Holman of Precinct 2 (Burkburnett) announced Monday he will seek re-election subject to the Democratic primary July 24.

Holman is serving his seventh two year term. He has been commissioner for Precinct 2 since 1939. After serving six months following the death of the incumbent, F. R. Knauth, Holman won election to a full term and has served successively since.

A native of Denton County, Holman moved to Precinct 2 of Wichita County 33 years ago from Montague County. He operated a grocery store eight months. He operated a farm three miles southeast of Burk Burnett 10 years and was manager of the Farmer's Co-Operative Gin 10 years at Burk Burnett before becoming a county commissioner.

Holman is married and has three children. His children are married and live in Burk Burnett, he has seven grandchildren. Holman ranks second in seniority among county commissioners. Commissioner H. H. Haynes of Electra, a member of the commissioners court 39 years, is the only official who outranks Holman.

LIONS CLUB Meets at Town Hall, 7:00 P. M. Each Tuesday

Rev. T. Lynn Stewart and Ted Boya, baby Lion, were guests of Frank Kelley. A. W. Newman was the guest of C. R. Chambers. W. W. Chambers presented Lions pins to the following baby Lions: B. H. Preston, Jr., Gene Robertson, Glen L. Schroeder and Ted Boya.

Program committee James B. Foyce and Homer Gilbert presented colored movies with sound taken at the Lions International convention in Chicago. They were assisted by John Lilley at the projector.

Next week Joseph T. Logan and Buford Lawson will bring the program.

Preston Johnson Jr. Home From Vet's Hospital

Preston Johnson, Jr. was returned to his home here in Burk last Saturday from the McKinney Veteran's hospital where he has been for several months. Preston reports that he is glad to be home and hopes to be up and around very soon. He is only able to be up an hour a day at the present time. He would very much appreciate his friends coming to see him.

Mrs. C. C. Gilbert 21st Anniversary In Business

Mrs. C. C. Gilbert of the Elite Dress Shop will celebrate her 21st Anniversary in business on Feb. 1st. Mrs. Gilbert came to Burk Burnett from Bowie Texas in 1919 and opened her dress shop on Feb. 1st, 1933. She wishes to thank her many friends for their patronage in the past and hopes to continue serving their needs in the future.

Polio Porchlight Campaign Here Monday, Feb. 1st

L. J. (Buddy) Byars has been named chairman and Mrs. Arthur Houser co-chairman of the 1954 Polio porchlight March of dimes campaign set for Monday night, February 1st from 7:00 to 8:00 p. m. in Burk Burnett. The volunteer workers will go out to collect the donations from all residences on which either porch lights or candles in windows are burning during that hour, just as they have in this county the three previous years.

Mr. Byars states that the police department of this city has offered their services for any worker who feels she might need protection during the drive. Mr. Byars further states that if any club or theatre would like to make a special collection, it would be greatly appreciated. He requests that all donations be turned in at the City Hall immediately following the drive.

The money received during this drive goes for a number of purposes including specialized doctors, nurses, equipment and the never ending search for a preventative vaccine for the crippling disease. There has been much progress in the research field during the past year and with your money, it can be carried on. The drive is for a very worthy cause, so won't you help by giving your dimes and dollars?

Stockholders Of Salesbarn Met At Town Hall Jan. 25

Stockholders of the Burk Burnett Salesbarn held a meeting at the Town Hall, Monday night, Jan. 25th. The financial statement for the year was read and approved. The old directors were re-elected for another year. They are J. C. Hinkle, J. V. Brookshear, Floyd Marten, C. B. Bowles, Vernon Duke, Wiley Browning and C. A. Morgan.

New Nurses Home Election Saturday

Saturday, January 30th, voters in Wichita County will decide whether or not to build a new nurses home in Wichita Falls at a cost of \$335,000.00. Voters will use their 1952 poll tax receipts. Questions and answers to the proposed proposition have appeared at length in the daily papers, on the radio and on Television. Space does not permit re-running them in the Star this week.

Wichita County Commissioners Set Election Day

The Wichita County Commissioners set Saturday, January 30 as election day for issuance of \$335,000.00 in bonds for construction of a new student nurses home in Wichita Falls.

The new Dormitory for the student nurses which would be built on space back of the present home at 1800 Rose St. would provide facilities for 66 additional student nurses. The home would increase the facilities of the School of Nursing at Wichita General Hospital from the present, approximately 40 students, to 100 students.

It would contain both living quarters and classroom space. The only thing that prevents the present school's enlargement, is the lack of dormitory space for more students.

The proposed nurses residence would be fire resistant and air conditioned.

The election for this Bond Issue will be held in all three of the voting boxes in Burk Burnett.

Pay Your Poll Tax By January 31st

January 31st is the deadline for paying poll tax this year. This is regular election year for state, district, county and precinct offices. Other important elections may come up this year. Poll tax receipts may be purchased in Burk Burnett at the Chamber of Commerce office.

Accident Kills Man N-W of Town

Bill Keener, about 38 years of age, of Dallas, Texas, was killed in an accident at the old Tucker Plant Northwest of Burk Burnett Wednesday at 11:30 A. M.

Mr. Keener and other workmen were dismantling a cooling tower and a large wooden water tank on which it rested. The accident victim had gone into the tank to make a survey of the situation when the tower and the 12x12 timbers on which it rested came crashing down on him. Steel rods pierced his face and one of the timbers fell across his back. He was badly crushed and death was practically instantaneous.

Justice F. E. Cruce of Burk Burnett returned a coroner's verdict of accidental death caused by heavy falling timbers.

Rotary Club

Each Tuesday Noon At Town Hall

George Byerly, president, was in charge. Rev. T. M. Jensen gave the invocation.

Harold Van Loh introduced visiting Rotarians and guests.

Next week Cliff Wampler will bring the program. The following week Morris Bookbinder will have charge.

In the absence of B. H. Alexander, program chairman, Harry Dodson introduced Curtis Cook, editor of the Wichita Falls Record News, who brought his 11th annual report on World Affairs to local Rotarians.

Cook reviewed the events from the time Hitler rose to power up to the present time, and gave the stand taken by the United States and her allies on every issue during that time. At the Berlin conference of foreign ministers, now in progress, Cook predicted that the U. S. and allies will be out-talked and out-manuevered by the Russians. The allies, because of their deep desire for peace, have made major concessions preceding every meeting with the Russians, according to the speaker.

The noted editor of Wichita Falls, who visited Europe last year with a group of other editors, said the spirit of rebellion is at the boiling point in all the satellite countries under the Communists. Realizing this, the Soviets have recently actually encouraged the opening of private enterprises in some of those countries.

Cook stated it was quite likely that Zukoff, Russian hero who turned the Germans back at Stalingrad, might eventually become ruler of the Soviet. Under this military leader, who has had friendly relations with the Western powers, Cook predicted friendly relations between the Russians and the rest of the world, and a long period of peace.

Cook, a lifelong Democrat, admitted that "one of the most brilliant moves of any U. S. administration is President Eisenhower's proposal that the United States is willing to share with all countries the knowledge of atomic use for industrial purposes." He also stated that the European Defense Community is one of the hottest questions to come before the ministers at the Berlin conference. In his opinion the Russians want Italy and France to stay in a political turmoil. The Russians, following their usual pattern, have already insisted that Red China be admitted to any further talks. The subject was not on the agenda and should not have been taken up at the Berlin conference.

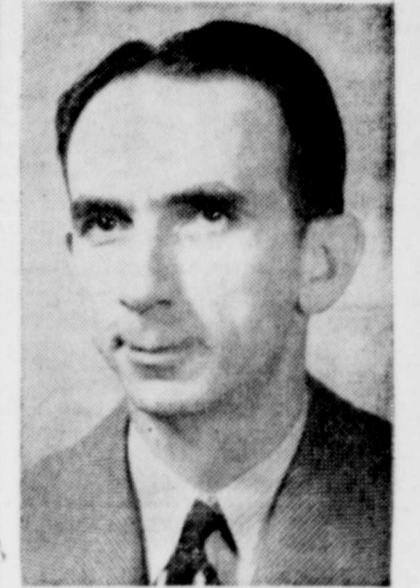

In closing Cook predicted the French would probably be able to contain and control the forces in Indo China, thereby averting a large scale war originating in that area.

Howard Daniels New Mgr. At Burk Feed and Elevator

The Burk Burnett Feed and Elevator, formerly Burk Burnett Gin and Elevator, has a new manager. He is Howard Daniels of Duncan, Oklahoma, who has had many years experience in this work. Mr. Daniels has moved his family to Burk Burnett and is making friends fast.

The new management will follow a policy of courteous, friendly service to everyone. In addition to feed and seed, the concern offers custom grinding service.

Manager Tax Dept. Lone Star Gas Co.

Appointment of Tom G. Cross of Dallas as manager of the Lone Star Gas company's Tax Department has been announced by Charles G. Hess, Jr., company corporate secretary. Mr. Cross succeeds M. A. Tracy, veteran tax department manager who retired December 31 under Lone Star's employee pension-insurance program. Mr. Hess said.

Members of the tax department staff who will assist Mr. Cross in handling company matters with the various tax boards, include M. L. Clark, Frank E. Wiese, C. J. Collier and B. L. Caldwell, all of Dallas.

Mr. Cross began his Lone Star career in July, 1930, as a stenographer in the tax department, later was appointed chief clerk and was classified as a tax agent in April, 1951. Since 1938 he has been meeting with boards of tax equalization in towns served by Lone Star and he has handled ad valorem tax matters on almost every property owned by the company. Mr. Hess stated.

A native of Sweetwater, Mr. Cross was graduated from high school at Alpine and attended Sul Ross College. He entered the evening classes of the Southern Methodist University Law school receiving an LL.B. degree in 1939.

Manager for The Globe Trotters

WILLIAM "POPS" GATES, will be playing-manager of the Harlem Globetrotters who will play here in the Junior High School Gym on Thursday night, February 4th. "Pops" is one of the oldest members of the team in years of experience. He is a deadly shot and baskets from near the center of the court are commonplace with him. He directs the playing strategy on the court and comes up with some ideas that are dillies. A few choice seats are still available at the High School Tax Office.

Mr. and Mrs. Henry Magee are the proud parents of a new baby boy born Dec. 31st. He has been named Robert Denny. Mrs. Magee is staying with her mother, Mrs. Mary Fields, at the present time.

GRASS ROOTS OPINION

ABILENE, KAN., Daily Reflector-Chronicle: "The most telling summary of recent history was made a generation ago by H. G. Wells, British novelist and prophet of social development. He described man's activity as a race between education and catastrophe. He meant that the human race had gained so much knowledge of how to use destructive forces that unless our wisdom grew, we would wreck the world."

CABOOL, MO., Enterprise: "The Board of Directors of the Missouri Farmers Association, on behalf of the 150,000 farm families who are members of the MFA have adopted a resolution praising the cooperation of the railroads in helping to carry out the Missouri 'freight-free' drought hay program."

ODESSA, TEXAS, American: "True order is based on individualism, for individualism means the maximum possible assumption of individual responsibility. That is why we believe in laws which make an individual responsible for his own acts."

JEFFERSONTOWN, Ky., Jeffersonian: "Rank and file Americans pay lip service to the traditions and ideals of our founding fathers. Do we possess the stamina to back up such lip service with a willingness to accept and abide by such policies and program as are necessary to maintain these ideals?"

Texas Schools Get \$32,000,000

The other day the state of Texas' public school fund was fattened to the tune of more than \$32,000,000. And how that happened is a matter of national interest.

Texas offered oil drilling rights on 415,000 acres of its widely advertised tidelands. Anyone who wanted to bid, and the leases, naturally, went to the highest bidders. Some 1,130 bids were turned in, with every major petroleum company represented. The successful bids totaled \$32,376,066. The money goes to the permanent school fund. And the lessee will pay an annual rent in addition for use of the land.

Some highly important facts are proved by this. One is that the oil industry is an intensely competitive enterprise—the 1,130 bids certainly show that. Another is that the claim that giving title rights to the tidelands to the states, instead of the federal government, would result in a huge land grab by the oil industry, was totally unjustified. This was strictly an issue of states rights versus federal rights to title to the land. The oil companies concerned will pay heavily for the right to develop the tidelands, and the states will be the beneficiaries. Still another is that the risk element is dominant in oil. All the companies can buy is the privilege of looking for oil. There is no guarantee that they'll find it, or that they'll be able to produce and market it profitably. And they'll have to spend many millions on manpower and equipment before they get oil.

Development of the tidelands will further increase our known reserves of a vital national resource. The oil that comes from those lands will be sold competitively—which means at a fair price to the buyer—and the state will profit on every barrel.

FREEDOM To WORK - After 65

In his message to Congress on Social Security, President Eisenhower asked that ten million more Americans farmers, domestics, doctors, dentists, lawyers, architects, accountants "and other self-employed professional people be added to the seventy million now covered by the Old-Age and Survivor's Insurance System.

The President recommended that the two percent paid by both the employer and employee on the first \$3,600 of income be extended to the first \$4,200, and that the benefits, which now range from \$25.00 up to a maximum of \$85.00 (the average is \$50.00) be increased.

Most significant of all, however, is the President's recommendation for lifting the so-called "retirement test" which imposes an undue restraint on enterprise and initiative." Under the present law, a beneficiary who earns more than \$75 a month must give up his OASI payment for that month. The President urges that the first \$1,000 of annual earnings be exempted, on the grounds that: "Retired persons should be encouraged to continue their contributions to the productive needs of the nation."

We agree most heartily with this viewpoint, but we fail to see any reason for the imposing any ceiling. If this is really "insurance", as the Government terms it, the payments are due the individual who has fulfilled his payment contract, regardless of how much he may continue to earn. As the law stands now, these payments are made to those who have large incomes from stocks and bonds—incomes that are not earned.

It seems downright un-American to penalize the man who wants to work for it.

VETERANS Administration Questions and Answers

Q—I am a Korean veteran, and I have just been released from service. I understand that I have four months from my separation date in which to apply for GI term insurance. Is that correct?

A—No. Actually, you have 120 days from your date of separation in which to apply and pay your first premium. Since some months have 31 days, 120 days is less than four months.

Q—I was called to active military duty for a period that exceeded 30 days, but the way things turned out I was separated before I served 30 days. Will I be entitled to the free insurance coverage for 120 days after

my date of separation though I didn't serve 30 days?
A—Yes. So long as you were called to active duty for more than 30 days, you will be entitled to the 120 day coverage period, even though you did not actually serve all that time.

Mr. and Mrs. H. D. S. Mr. and Mrs. Sodie B. E. P. Howard at Olathe, Sunday afternoon. Mr. Howard was the father of Glenn of Midland, Texas. Mr. died Friday of a heart at the age of 69.

Santa Rosa Society Met At Town Hall Wed., January 20th

The Santa Rosa Horticultural Society board consisting of nine northeastern counties met in the Town Hall, Wednesday, Jan. 20 with president, Mrs. G. C. Phillips of Thalia, Texas, presiding.

The five garden clubs of the city were joint hostesses working through the council of Burkburnett Garden Club, Bluebonnet Garden Club, Unity club and the two new clubs, the Gay Ladies club and the Fashion Rose club.

At 12:00 noon, a delightful hot luncheon was served by the ladies of the Central Christian church.

The entire hall and luncheon tables were decorated in keeping with the Feb. 14 Valentine Day motif, with large arrangements of red berries and foliage filling the stage and entire hall. The head table was beautifully arranged with snow white trees with red valentines hanging from the branches. The other tables were beautiful with snow scenes and sprayed arrangements with each one carrying out its individual scene.

At 1:15 p. m. Mrs. M. C. Neal, program chairman, introduced Mr. L. E. Brook from the Iowa Park Experimental Station, who brought a most intellectual talk on soil and it's care.

Mrs. Frank Rush, Jr. of Craterville, Park, Cache, Okla., showed slides of wild flowers and hunted over the entire mountains to show the habits, growth and how to preserve the species. They are known as the Woman's Wild Flower Club of the Wichita Mountains.

Sixty five officers, members and guests were present including the honorary president, Mrs. E. Paul Waggoner of Vernon, Texas.

The next meeting will be in February at Chillicothe.

Board members for this city are Mrs. P. A. Wiggins, and Mrs. J. C. Adams.

Churches To Take Religious Census

Representatives from most of the churches in Burkburnett met at The First Baptist church last Tuesday morning and made plans for an all church religious census for February 14. Workers will be enlisted from each church co-operating and will be ready to go out that Sunday after noon.

On Saturday morning before the census boys from each church will cover the town placing a family census card in the front door of each home. One of the parents is requested to fill that card out completely and place it in front door by 2:00 p. m. that Sunday.

The census worker will not have to knock at that home. If the family is to be away from home Sunday, the card should be filled out and left in the front door. Leave the card in such a place where it can be seen and yet will not blow away.

There is to be another meeting of representatives from each church at First Baptist church this Tuesday at 9:30 A. M. in Friendship class room on main floor of educational building. Each church that is to co-operate is requested to have some one at that meeting.

Reception At The First Baptist Church

First Baptist church is inviting its member and all people of Burkburnett to attend a reception honoring Mr. and Mrs. Ted Boya in the basement of the church Sunday at 8:30 p. m. The time is set after the evening service to make it possible for many from other churches to come. Those attending the evening service at the church will go down the stairways in the educational building. Those who come from other churches are asked to come in the north basement door.

Ted Boya has recently come to First Baptist church as Minister of Music and Education. The family moved here from Brownwood and is now living on Berry street.

Mrs. Ray Hill was returned to her home here in Burkburnett Monday from a Wichita Falls hospital where she had been undergoing treatment. She is reported as feeling much better and is able to be up and around a little at a time.

Mr. and Mrs. W. H. McKinsey of Lawton visited in the Buddy Fowler home Sunday.

Years of Progress in Texas School System

History of Phenomenal Progress will be celebrated by the public schools during 1954, centennial birthday year. The 100th birthday of the public school system falls on January 31 observation is scheduled for that year because there is to be celebrated.

Texas public schools cry from their humble back in 1854, when capita payment was 62 cents for the permanent school started with an initial investment of \$2,000,000. The permanent school system was not given until 1890, when the permanent school law was enacted. It established the free public school system of Texas.

"It was the first mile of a long road — still under construction — that leads to happiness and prosperity," Executive Secretary Charles H. Tenneyson of the Texas State Teachers Association said recently. "It is a well traveled road, with traffic increasing at an astounding rate. There are 72,000 more children traveling on it now, for instance than there were a year ago."

Six periods of peak interest in schools have been selected by the State Board of Education for statewide observance of the centennial, but local groups will decide for themselves if these are of the greatest interest locally.

The six periods are: January 31 official birthday; March 1-7, Public Schools Week; May-June, end of school year; Sept. beginning

Former Resident Of Burk Burnett Weds In Portales

From Andrews, Tex., comes news of the marriage of a former Burk Burnett resident, Miss Mary Lou Payne, and Oliver L. Conatser of Portales, N. M.

The couple exchanged vows during rites conducted recently in the Portales First Baptist church. Officiant was the pastor Rev. A. F. Doyle.

The bride is the daughter of Mr. and Mrs. T. A. Payne, formerly of Burk Burnett and now residents of Andrews. The groom's parents are Mr. and Mrs. E. L. Conatser of Portales.

When she was given in marriage by her father, the bride was wearing a baby blue faille costume with rhinestone trim. Her accessories were pink and navy, and she carried an arrangement of red rosebuds atop a white Bible.

Miss Wanda Haynes of Andrews acted as maid of honor. She wore a navy faille costume and a pink carnation corsage. The groom's brother, J. E. Conatser of Andrews, served as best man.

Immediately following the nuptials, the newlyweds left for a wedding trip to Lockesburg, Ark. For travel, Mrs. Conatser wore a navy suit with navy and pink accessories.

The bride, a senior student at Andrews High School, plans to graduate in May, after which she will establish temporary residence in Wichita Falls, Mr. Conatser, now serving with the United States Army, is on an European assignment. He was graduated from Andrews High School. Mrs. Conatser, who is active in sports, was a recent rodeo queen in Andrews.

"Business in 1954 will be good - for those who go after it"

Sure that's true! It was in 1914, it was in 1924, 1934, 1944, and it will be in 1954. It's always been true and always will be—for those who go after it. Our economy is sound, our government is stable, and our position as "Leader of the World" is secure. We are fortunate to live in a youthful and growing section. The Southwest is blessed with great resources and potentialities. The business is here. Let's hustle for it—you for your share, we for ours—and there will be more than enough for all of us.

Miss Nell Gibson Pennsylvanian Wed January 23

Twilight ceremonies were performed Saturday in Burkburnett First Methodist church to unite Miss Nell Jequeline Gibson of this city and Samuel Williams Jack, Jr. of Avonmore, Pa.

Officiant was a former pastor of the Burk Methodist church, Rev. T. Herbert Minga, who now is minister of St. John Methodist church in Dallas.

Burning white tapers provided soft illumination for the nuptial setting, which was decorated with arrangements of iris, stock and ferns. A program of traditional wedding music was given by Mrs. Maxine Creel, organist and Mrs. Jess Reagan, soloist.

The bride who is the daughter of Mr. and Mrs. W. J. Gibson of Burkburnett, was given in marriage by her father. Her bridal costume was of ice blue chantilly lace and nylon tulle over satin. The bodice was fashioned with a portrait neckline which was edged with tulle and scalloped insets. The gown's long lace sleeves tapered to petal points at the wrists. The full skirt of lace over satin extended to demi-length with the hemline being accented by folds of nylon tulle.

The bride's waist length veil of ice blue illusion was attached to a half-bonnet of nylon tulle, which was sprinkled with tiny pearls. She carried a white orchid atop a white Bible.

For her role as matron of honor the bride's sister, Mrs. John C. Rogers of Wichita Falls, wore a waltz length gown of pale blue taffeta and net. Her bouquet and headdress were arrangements of pink carnations.

A similar costume in a deeper shade of blue was worn by the bridesmaid, Mrs. Ertis Gibson of Duncan, Okla., and Joe Gibson of Ft. Hood, Texas, brothers of the bride; and John C. Rogers, Jr. of Wichita Falls.

A postnuptial reception honoring the newlyweds took place in the Wesley room of the church. The bride's table was covered with a pale blue linen cloth and centered by an arrangement of white stock and iris.

Mrs. H. H. Eades presided at the crystal punch service and Miss Virginia Jack, the groom's sister served the three tiered

wedding cake which was topped with a miniature bride and groom. Mrs. Carl Day secured names of the guests for the brides book.

When Mr. Jack and his bride left for a wedding tour of the southern states she was wearing a navy wool suit with navy accessories.

Residence in Avonmore is planned by the newlywed couple. Mr. Jack is associated with his father in business there. Mrs. Jack was graduated from Burkburnett High school and she was employed by the First National Bank of Wichita Falls before her marriage.

The groom attended Greenbrier Military School in Lewisburg, W. Va., and he was graduated from Kiskiminnelas Preparatory school in Seltsburg, Pa. Mr. Jack served with the United States Army during World War II.

Out of Town Guests

Out of town guests for the wedding included the groom's parents and sister, Mr. and Mrs. S. W. Jack and Virginia, of Avonmore, Pa.; Joe Thurby of Uniontown, Pa.; James Alexander of Parkersburg, W. Va.; Mrs. Wade Adams and Mrs. Phil Cumble of Houston; Capt. and Mrs. Jack Franks and Margaret of Dallas; the bride's grandmother, Mrs. Lee Bond of Donie, Texas; Mrs. O. L. Seay and Donna Lou of Fort Worth; James Gibson of Texas A. & M.; Mr. and Mrs. Lonzo Alexander of Duncan, Oklahoma; Joe Gibson of Fort Hood, Texas; and Rev. and Mrs. T. Herbert Minga of Dallas, Texas.

Prenuptial Events

Among the prenuptial events honoring the couple was a rehearsal dinner held here Friday evening in the Marchman Hotel. Host and hostess were Mr. and Mrs. S. W. Jack, of Avonmore, parents of the groom.

White iris and stock were featured in the decorations for the event. Highlight of the evening was the traditional exchange of gifts by the betrothed couple. Appropriate remembrances also were presented to the wedding attendants.

A prenuptial miscellaneous shower was held recently in the home of Mrs. F. E. Cruise of Burkburnett.

Tops With Six-Gun And Thrown Knife

Gene Autry, starring in the new Columbia film, "Winning of the West," at the Palace Theatre Friday and Saturday, believes that Rodd Redwing, champion six shooter, will never lose any shooting match.

What convinced Gene was a stunt the Chickashaw Indian pulled one day on location during the filming of the outdoor action drama. Rodd tossed a knife at a tree. At the same time he drew his gun and shot a hole in the bark in the exact spot where the knife landed a moment later.

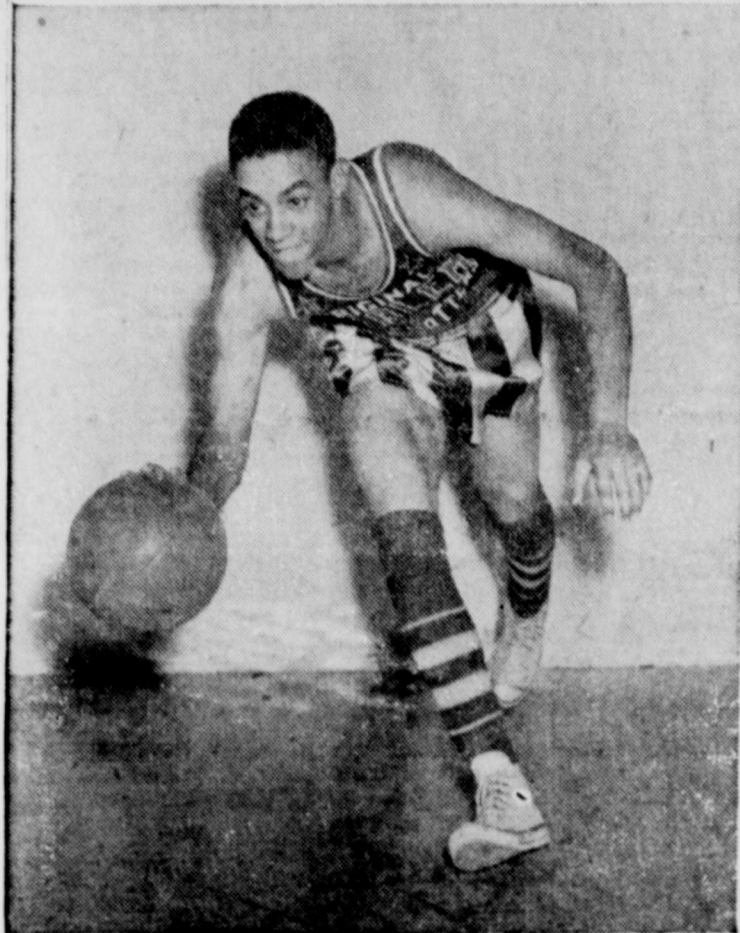

That convinced Autry.

Always hang up shoes, forks and takes when you are through with them. Leaving them lying around on the floor is dangerous.

Chalk Artist To Be Here Tues., Feb. 6 At High School

Bob Wood, ex-marine, and veteran of World War II is a brilliant artist and cartoonist extraordinary. His unique serio-comic entertainment sparkles with humor wit and originality.

Wood uses an immense easel the largest of its kind, and more than a score of colors to produce his pictures, which are further enhanced by elaborate electrical effects controlled by his own special switchboard, accompanied by a super powerful public address system, adding musical scores and sound to embellish and enrich the dramatic quality of the pictures. The effect is nothing short of marvelous. Wood is a master of stunt effects and springs many novel surprises on his audiences.

Wood reads as he sketches, things of humor, pathos, and romance. For children he draws cartoon sketches of boys in comic postures; he often draws some one well known in the audience. He writes names on his easel and transforms them into pictures with startling rapidity.

One of the most interesting features on his program is his exhibition of double mindedness visualization and concentration-writing backwards and upside down, and reading quotations on a different subject.

Cub Scouts of Den 2 Met January 27th With Mrs. Anderson

The cub Scouts of Den 2 had their weekly den meeting on Jan. 27 at the home of their den mother, Mrs. Ray Anderson. The meeting was called to order with the boys answering the roll call by giving the name of their favorite sport as they dropped their 10c dues in their scout bank.

The boys opened their meeting by giving the cub scout promise and the Pledge of Allegiance to the American Flag in unison.

The business of the afternoon was finishing some wishing wells and making candle holders for the Blue and Gold banquet to be held in February. Also each boy wrote invitations to his family for the banquet.

Short discussion on uniform regulation was given by Mrs. Anderson.

Gary Anderson entertained the boys with some tricks and puzzles. Chuck Duke, the denner, helped Mrs. Anderson serve the boys refreshments.

Rex Jarvis, assistant denner, read the minutes of the last meeting and discussed plans for the next meeting and preparations for the Blue and Gold banquet.

The meeting was closed by the boys forming the living circle and repeating an Indian Prayer in word and motion.

Card Of Thanks

I would like to take this means of expressing my deep appreciation to my many friends who were so thoughtful and kind during my recent illness. For the many flowers, cards, visits and prayers, I am deeply grateful. Mr. O. R. Magee 28-11P

Legion Notes

From The Commander Frye Vaughn Post 264

Tonight there will be open house at the Legion Hall with good food to eat. All members are urged to come and bring along any prospective member.

An important forward step was made by this Post recently in further promotion of the spiritual program of the American Legion when it responded to a call from the American Legion National Commander, Arthur J. Connell, to contribute to the Wooden church Crusade, a non-denominational campaign for rebuilding of the war-wrecked churches of Western Germany by erecting a spiritual wall against the Communists Iron curtain.

As we near the end of our 1954 Membership Campaign, we are only as of the date 7 members short of reaching our goal of 160 members. Every Legion member is urged to put forth a special effort to sign up members who have not renewed their 1953 membership as well as veterans who are eligible to join and have not been contacted to date. We are striving to gain these other 7 members by the 31 of January.

In the field of Child Welfare the American Legion turned a historic milestone with the establishment of an American Legion Child Welfare Foundation which may have far-reaching effects in expanded future aids and services to children. With National Executive Committee approval, authority was granted for the legal steps to set up the new Foundation which received as its first gift the mineral rights to oil lands in North Dakota and Montana. This was the gift of a Legionaire who desires to remain anonymous. already assurances have been received from a number of other sources of additional donations to the new Foundation which may result in this becoming the largest endowment fund in American Legion History. Coupled with this development and with the National Commander's approval, there has been set up a new section to coordinate, expand and promote college and university scholarships for war orphans and children of disabled veterans. Already more than 100 institutions of higher learning have pledged their cooperation.

PROGRAM FOR AMERICA: Both House Democratic Leader Rayburn and I attended a meeting at the White House...

NEW SESSION: As a member of the Senate and of the House of Representatives, I have been on hand for the opening of a good many sessions of Congress...

Our representative form of government is the finest that any nation has ever devised. We must preserve and maintain it.

ISSUES: At least thirty-five subjects of major importance are due to come before this session.

Some of these matters — such as the farm program and the Reciprocal Trade Agreement program — are direct and vital significance to Texas.

Through the cooperation of your home town newspaper, I will do my best to keep you informed through this column about these issues and my views regarding them.

Cotton Acreage: A matter of urgent concern to Texans is expected to receive immediate attention from the Senate Committee on Agriculture.

This is the bill, passed by the House in the last session, providing that the national cotton allotment shall be 22,500,000 acres for this year.

The bill, as it now stands, also permits the county committee — with approval of the Secretary of Agriculture — to apportion the county allotment on the basis of farm cotton acreage history...

It provides that for this year and next any cotton acreage voluntarily surrendered to the county committee may be reapportioned to other farms without reducing the allotment in future years for the farm surrendering the acreage.

Every cotton farmer in Texas knows how badly an increased acreage allotment is needed. Quick action is necessary to do us any good this year.

POLL TAX: January is poll tax payment month. I like the slogan of the Lufkin Post of the Veterans of Foreign Wars. This is it: "Let Your Americanism Show — Pay Your Poll Tax."

News From The Congress

By FRANK IKARD

As has been by practice during the session of Congress, I will send out each week a statement concerning what has been done in Congress each week.

This week the President presented his budget to the Congress. It provides for spending during the next fiscal year the sum of 65 billion 6 hundred million dollars.

These, of course, are not all of the recommendations that have been made, but are some of those that I feel are most likely to be adopted by the Congress.

It will probably be another two or three weeks before much important legislation gets on the Floor of the House because of the fact that the Committees are now doing their work.

Visitors from home this week, who came by my office, were Mr. Ray Nichols of Vernon, Mr. Lee McCulley, of Wichita Falls, Dr. Pauline Mack and Dr. John A. Guinn, both of Denton.

Patrick Louis Crawford, a former resident of Burkburnett now residing in Sweetwater, Texas, grandson of Mrs. J. W. Keller, received his degree from Texas A & M College last week.

Mr. and Mrs. W. J. Tyler and Patsy attended funeral services Saturday for Mrs. Tyler's uncle, Mr. John Shipp of Ft. Worth, who died Wednesday in the hospital there.

Dairy Farming Is Scientific Business

So you want to be a dairyman? If it's because dairying offers a "get rich quick" venture, better stay where you are.

But, if you like cows and enjoy working with animals, dairying may have much to offer you — and you, to dairying.

Dairy farming has become specialized, needs a business-like approach and requires a man with special talents, skills and understanding.

Financing is the biggest problem. Your total investment will run about \$1,000 for each cow in the herd. Limited finances can easily hamper or prevent a successful operation.

It's doubtful whether 12 or 20 cows can be efficiently managed. At least 20 cows usually are handled by a single family and 40 or more if additional labor is employed.

Then, what can be expected from your investment? A production of 6,000 pounds of milk per cow is not out of reach. The state average is 3,300 pounds and the Dairy Herd Improvement Association (DHIA) average is 6,000.

fees costs represents 50 to 60 percent of the total operating expenses and labor is next.

Mallard hens lay from 10 to 15 eggs which are greenish or gray-buff in color.

Your Senator Reports

by LYNDON B. JOHNSON

(Senator Lyndon B. Johnson, writing from Washington, gives a weekly report on happenings in the National Capital as they affect Texas and Texans).

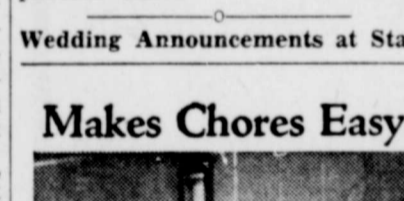

My own aim — now as in the past — is to apply to every issue facing us a single test: How will this legislation affect our country? Americanism is more important than partisanship.

LIVING COST: These days it is easier to stop on a dime — than it is to get anywhere on one.

Mrs. Carl Campbell has been returned to her home from a Wichita Falls hospital. She is reported as doing fine at the present time.

Weather

D. Laney

taken weather for our entire life, have other natural of the universe. Any in our weather pat-

ther north, and that these changes are unexplainable and the question as to why, remains unanswered, as well as the question, can these changes in the weather be controlled?

It is true that we have been having a change in weather conditions, just look around and you will find evidence of this revolution. Look at the past two summers. Week after week went by without a drop of rain, in not just one place, but in vast areas throughout the country. This unusual weather is now the rule rather than the exception. The winters are getting shorter with much less snowfall, and the summers are getting warmer and drier. In this part of the country, spring is almost eliminated, and we are being transferred from winter almost directly to summer.

We have the sun 93 million miles away in space and we have this small star in the universe being affected by forces we have not any conception of. We haven't any idea about these tremendous forces. But there is no getting away from the facts. Studies show that the Southwest United States is gradually returning to the desert and that the droughts

that we have been having in Texas and other states are not a temporary thing. On the other hand, as the heat zones move north we look for much larger production of corn, cattle and other foodstuff in the northwestern part of the United States.

But getting back to the question, can the weather be controlled? The answer is that it cannot be controlled by man. We would define the so called rain makers as being rain thieves, all they do, or could do would be to precipitate the rain going over a certain area and make it fall at that point. Now the point where the rain was intended for certainly doesn't get it. The influence on the effect, of man made factors on the weather, such as smog in the heavily industrial areas, or as some people feel the effect of nuclear detonations, do not have any practical effect on the influence on the weather. An ordinary bolt of lightning, is said to have many thousand times more effect than an atom bomb in the stimulation of rain clouds to where precipitation is produced and rain ensues.

It is said that the weather is dependent largely first, on the sun, which is some 93 million miles away, and secondly, on the amount of radiation reaching us from the sun. But it is almost inconceivable that any one man of billions of people on earth, or any ten men of any hundred men, could even begin to understand the forces which operate the weather in this sphere.

It is agreed that in our time, almost every weather record known to history has been broken. Scientists are pointing to milder winters, receding glaciers the sun giving out more heat than usual, and the atmosphere

free from volcanic dust letting the sun thru. But there is no conclusive evidence of a different trend towards permanent warmer winters in the immediate future. Weather records, however, clearly indicates that we are living in a time of greater weather extremes. But these extremes join with the average in between to show no major permanent weather trend is upon us.

Miss Nancy Walbrick Burkburnett Man To Marry Feb. 12

Chapel rites will be performed at 6:30 o'clock Friday evening, Feb. 12, to unite Miss Nancy Walbrick of Wichita Falls and Harlen Howard of Burkburnett.

The First Baptist chapel has been selected as the nuptial scene. The pastor, Dr. James H. Landes is to direct the recitation of vows for the daughter of Mr. and Mrs. W. J. Walbrick of Wichita Falls and the son of Mr. and Mrs. W. E. Howard of Burkburnett.

Miss Patricia Jean Walbrick will be her sister's only attendant. Best man for the groom is to be his brother, Bryan Howard of Burkburnett.

The bride-elect, a graduate of Wichita Falls High school, attended Midwestern University and North Texas State College and now is employed here in the office of Bullington-Mason and Company. While a high school student, she was a member of the Wichita Falls Junior Forum by which she was presented as a debutante in 1949. As a North Texas student, she pledged mem-

bership to Delta Chi Delta, a social sorority.

Mr. Howard, also a Wichita Falls High School graduate, attended the college in Denton and holds a bachelor of business administration degree from Midwestern University. He now is connected with the Geograph Service Company in this city.

The couple will establish residence in Wichita Falls.
