never so welcome Wednesday evening, and everybody got up when the first rain, so far as quantity, probably one inch, but it was the first of the morning every- where and so green and so alive and growing. A rain washed off the New Mexico and Colorado had settled over the fisherman De- says the fish he has contain enough ralements as to be for consumption. H. landed the big at Lake Kickapoo. He said it was between the eyes.

Camas, Washington

Dear Burk Star and Friends: How is Texas? I don't know how it can be, but here it is, March again. Somebody should do something about that rapidly turning clock. It is certainly getting my affairs in a mess. Trust that you received the renewal check. We still enjoy the Star—every week. Good paper, good town, good people and a good country. I enjoy seeing it more every summer, I think.

Society For Children

We have a very strong union here and we have our fringe of fanatics, naturally, but a majority of us know that the days of Government subsidies, cost-plus contracts and telling OFF 'the boss are gone forever. And we are glad of it.

Yard of The Month Project of Texettes

The Burk Burnett Texettes' new summer project will be selecting a yard of the month during the coming spring, summer and fall months. This yard will be selected by a committee and the winner will be announced at the first of each month in this paper. A sign will be presented to the winner to put in his prize winning yard. This sign will tell everyone that this is the Texette' yard of the month. This project will start in April, so everyone watch for the April winner.

Small Rain Fell Here Wednesday

A long wished for and much needed shower fell here Wednesday evening, washing dust from vegetation and giving the wheat crop a new lease on life. The Burk Burnett area received varying amounts of moisture. Unofficial gauges recorded from one-fourth to one-half inch of rain, depending on the locality. Wichita Falls to the South recorded almost one inch, with slight traces of hail.

Gunter Air Force Base, Ala.—Capt. John S. Stowe of Post Office Box 37 has been awarded a diploma from the USAF Extension Course Institute here for completing the Field Officer Correspondence Course, one of the ECI general education courses patterned after resident Air Force schools.

Texettes To Raise Money For Camp Fund Discussed

The Burk Burnett Texettes had their regular business meeting Monday, March 22 at the home of Janice Henry. Plans to earn money for a Letoli Camp Fund were discussed. The first project will be a bake sale on April 3. The girls are going to do the baking themselves. A summer project was planned. A trip to Wichita Falls for an Italian dinner and a show was set for March 30. Other money earning ideas were presented to the club by various members. Committees were appointed to find out certain details.

Mr. G. G. Simpson has shown a slight improvement since his return from a Wichita Falls hospital. He would appreciate having some of his friends come by and visit with him.

F. F. A. Day At Buck Myers' Magnolia Station

Saturday, March 27th will be FFA Day at the Buck Myers Magnolia Service Station located on the corner of Avenue D and 3rd Street. All day Saturday all profits from the sale of gas, oil, tires, flats, and washing and greasing go to Norman Duke's FFA boys. The boys are raising money to defray expenses of their annual banquet, to be held at the School Cafeteria April 8th.

DIET FOR THE ILL

In past times it was widely believed that most ill people required relatively little in the way of food. The "tea and toast" variety of diet was a commonplace.

Science has proven how wrong that idea was. For example, an article by J. E. Rhoades in the Journal of the American Dietetics Association deals with nutritional needs after major surgery, severe injury, or prolonged illness. "What many such patients need most," he says, "is generous intake of highest quality meat, suitably supplemented and appetizingly served."

The reason for this is that long-drawn illness or serious injury usually results in marked losses of tissue proteins. In surgery, considerable protein may be lost through bleeding. To minimize the hazards resulting from these losses, replenishment must be accomplished as rapidly as possible. So the patient is urged to eat liberally of a diet especially high in top-grade protein, which is the kind provided by meat. Such a diet promotes rebuilding of tissues and healing of wounds, increases vigor, and speeds recovery.

The value of a high-protein to well people is also very great. This was conclusively demonstrated during the last war. Much of the credit for the American soldiers' mental and physical vigor is given to the fact that his diet is rich in protein.

GRASS ROOTS OPINION

HAGERSTOWN, MD., Morning Herald: "With the advent of the New Deal—the Government took over the direction and in large part the operation of our economy. It began to spend money, to provide jobs, to redistribute income. The trend toward socialism began—and this in face of the fact that no free people in history had ever prospered or could ever prosper under this form of government."

CANALIAN, TEXAS, Record: "The small country weekly has a vital mission in the life of American citizens as the newspaper that has a circulation and reading public in the millions. History shows us that freedom is lost wherever a free press is lost. Would-be dictator's cannot stand the full harsh glare of publicity, they cannot tolerate truth. The press is the first attacked, and once that is captured or made subservient other freedoms quickly fall and perish."

AFTON, WYO. Star Valley Independent: "There is no such thing as the indispensable product that can coast along on its past laurels."

Remedy For Declines In Business

In a recent address, Herbert Hoover found no reason to fear or anticipate another major depression. He described the destructive economic forces and weaknesses that resulted in the collapse of the 30's, and said there is no parallel condition now.

Then he made this important statement "I believe that due to scientific discovery, invention and improvement of production methods, our present industrial plants can support the present standard of living of our people and, beyond that, can produce some surpluses. It is these surpluses, plus some dehydrated optimism, that are worrying the situation today."

"And like everybody else, I have a remedy. My remedy follows the proposal of President Eisenhower — that if necessary we should reduce taxes in such a fashion as to increase the buying power of all the people, so that they can absorb the surplus and thus lift the whole level of the standard of living another stage. The surest route to that end is to reduce government expenses and thus reduce taxes."

In other words, the key to good times is consumption. And the way to maintain and increase consumption is to let the people keep more of their earnings to buy things with.

"Don't worry about the job you don't like; someone else will soon have it."

ASK DAD, HE KNOWS

Air Force volunteers are in for something new in "ground loops." A new 3,500 foot rocket "railroad" at Hollman Air Force Base at Alamo, N. M. simulates bailing out of a jet at 1,000 feet altitude. Involved in this exercise is a matter of being spun heels over head three times a second while travelling an actual 750 mph over the ground.

By means of such tests, involving force up to 100 Gs (1,500 pounds per square inch.) the researchers hope to learn at just what point reason, consciousness and memory leave the human guinea pigs.

In other words, the whole treatment is roughly comparable to the small business man working out his income tax return.

Sheriff-Jackson Marriage Is Revealed

Miss Susanne Leora Sheriff became the bride of David Karl Jackson on March 12th, in a double ring ceremony at the First Baptist church parsonage of Tucumcari, N. M., with the Rev. William Laws officiating.

The bride is the daughter of Mr. Daniel T. Sheriff of Burkburnett, Texas, and Mrs. Robt. W. Seymour of Albuquerque, N. M. The bridegroom is the grandson of the well known cattleman, Mr. and Mrs. John L. Hill of Amarillo, Texas.

Mrs. John H. Hill, sister-in-law of the groom, served as matron or honor and Mr. Jackson's brother, Mr. John H. Hill acted as best man.

Mr. and Mrs. Luther C. Fuqua mutual friends of the young couple, were also members of the wedding party.

The couple returned to the Hill residence at 1919 Harrison, Amarillo, Tex., where they were met and congratulated by the immediate members of both families. Present were Mr. and Mrs. Daniel T. Sheriff of Burkburnett, father of the bride; Mrs. Robt. W. Seymour, Albuquerque, N. M., mother of the bride; Mr. John L. Hill, grandfather of the groom and members of the wedding party.

Mrs. Jackson is a graduate of Albuquerque High School and formerly attended Midwestern University at Wichita Falls.

Mr. Jackson, a graduate of Amarillo High School, is now serving duty with the U. S. Marine corps.

Mr. Jackson will leave the

states soon for a tour of duty at Kaneohe, Hawaii. Mrs. Jackson is residing with her parents in their home at Burkburnett, until arrangements are made for her to join her husband at his new station in Hawaii.

Mrs. David Jackson To Be Honored With Bridal Shower

Plans for a bridal shower to honor the recent marriage of Mrs. David K. Jackson, the former Susanne Sheriff, have been completed for April 5th.

Mrs. Daniel T. Sheriff, step-mother of the young bride, has chosen the Burkburnett Town Hall for the occasion.

Mrs. Jackson has selected as her choice of place setting, the new and modern Ellips pattern by Gense. Ureniware pottery in pink swirl, yellow and blue bedroom linens, brown and yellow bath accessories and stainless steel kitchen utilities.

Having majored in Fine Arts at Midwestern, the young bride has greatly enjoyed the color planning for her future home which will include the informal way of living in Hawaii, as well as that of here in the states.

P. A. Wiggins was returned to his home from a Wichita Falls hospital recently. He is able to get up and around a little at a time.

Mrs. J. T. Whitley plans to leave Monday for Martinez, Cal. for an extended visit with her relatives.

What Was This Call Worth?

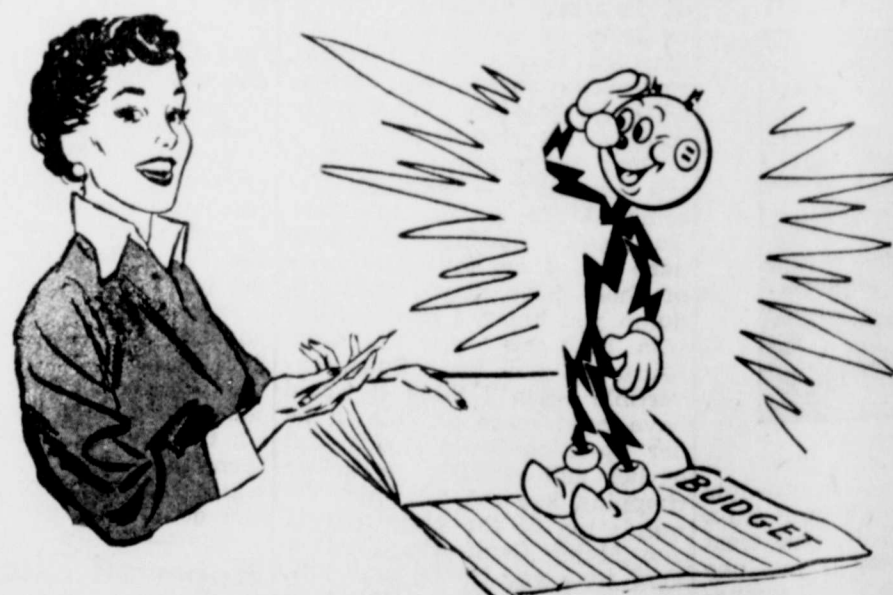

"Mommy, can I stay at grandmother's tonight?" That was Carol's very first telephone call — a real thrill that can be measured in dollars and cents. Yet, Mrs. Caroline Nason, Carol's grandmother, can tell you what that call cost. She is one of a group of customers who kept day-by-day records of calls made for a week — a total of 30 calls covering 130 minutes. Then she broke her telephone bill down into the actual cost per call. "I was amazed," she reported, "at how little the phone service cost for all the convenience and happiness it delivers." LOW-COST ELECTRICITY . . .

"A BRIGHT SPOT

IN TODAY'S COST-OF-LIVING"

There IS a bright spot in the cost of living — your electric service. For while the price you pay for almost everything you buy has gone up and up, the price you pay for electricity is about the same as 1940.

You've helped make this possible. Most folks have added many new appliances for better living. The average household today uses much more electricity than a few years ago.

Your increased use of electricity, our modern power system and the "know how" of the men and women

at Texas Electric Service Company are the biggest reasons we've been able to keep the price of electric service down.

The price you pay for electric service hasn't gone up like other living costs. If your electric bill is higher, it's because you're using more electricity to save time and effort and enjoy new comforts.

That's why your electric service, which does so much to make living more convenient and comfortable, is a bright spot in today's cost of living.

SPRING

By R. D. Laney

The return of spring came in about as usual this year—March 20—to be exact. Spring was marked by the return of the male purple martins, who came back with a rush about March 15. Almost overnight the countryside was filled with bird life. The robins and the purple martins have been singing, searching about for a homestead to be ready when the females arrive. Before the females arrive, each bird stakes out a homestead, and with fanatical instinct of their natures defends and holds as much of the territory as possible.

Anyone who has, for many years watched for the return of spring in the south, does not know what to expect of the weather. It may be dust-driven winds slashing the trees under a sullen sky; the air may be raw and chill, and he never knows, for sure whether the days will be mild enough to start preparing the ground for the planting of one's favorite flowers, or whether the month will be one of storms and flurries of snow that often bring the coldest and most disagreeable weather of the season.

The storm that swirls in just ahead of April, must give away of course, to the sun and the thaw where there is snow. But April will always surely coax spring back again. The March snow, should it fall, yields what one thinks is special in the way of songs. Here is a composition as old as the hills, blending the sharper winter cords into the softer melodies of spring. Few spectacles during a southern spring, can be lovelier than the high clouds bright with the hidden sun, and mixing with the lower hurtled clouds, steaming from the purple west towards the horizon in the east.

It would be impossible to visualize the coming of spring, without mentioning the daffodils—their splashes of yellow and white remind us that this floral goes back at least two thousand years. The most of us, when we think of daffodils, visualize the flower growing in places familiar to us in our childhood in a wood, or field, perhaps, or by a lake in the early spring. Who does not remember the legend of the Creek youth who, fell in love with his own image reflected in a fountain and was held fast by its beauty? Those who sought him found only the flower names after him—Narcissus.

Today we associate this name with the fresh fragrance of these white petal blooms, some with yellow crowns, of which Pleasant eye is among the most popular. The yellow is called daffodils, though the narcissus and the daffodils only differ in name, the former being a Greek

and the latter an English name. Those of us who have gazed on stretches of daffodils have a memory that brings never failing joy. When the florist show the very first hothouse blooms in the bitter days of winter, we get a glimpse of spring long before spring is due. For like the rose, the poet's inspiries young and old in remembrance of beauty.

The return flight of migratory birds heralds the event, and is accepted sign of the imminence of spring and warmer weather. All springs are for those who find delight in simple things. The institutions of men alter and disintegrate, but in the endless repetition of nature in the reoccurrence of spring the continuity of life we find the solid foundation that underlies at once the past, the present and the future.

Mrs. R. L. Gragg Hostess to Blue Bonnet Garden Club

The Bluebonnet Garden club met March 9 in the home of Mrs. Elizabeth Gragg with Mrs. Mary Cecil as co-hostess.

Mrs. Virgie Reeves, president presided over the business session and welcomed a new member, Mrs. Mathis. Mrs. Maud Teal, president elect, appointed her year book committee. The project chairman, Mrs. Hattie Burns, made a report on shrubs planted in the traffic circle south of town. The president urged members to attend the Santa Rosa Horticultural Society meeting at the Santa Rosa Ranch.

Plaintiffs' suit being a suit in trespass to try title, alleging that Plaintiffs were in lawful possession of said land and premises on February 1, 1954, and that on the 15th day of February 1954, Defendants, and each of them, unlawfully entered upon and dispossessed Plaintiffs of said premises, and unlawfully withheld from them the possession thereof, to Plaintiffs' damage in the sum of \$5,000.00. That Plaintiff, Helen Hines, owns an undivided 3-12ths interest in said land; Plaintiff, Mrs. Catherine Hearn Hurt White owns an undivided 1-12th interest; and Plaintiff, James M. White, Jr., owns an undivided 8-12th interest in said land. Plaintiffs further allege they claim said land under five years statute of limitations, claiming said property by deed duly registered, and that they have been in the peaceable, adverse and continuous possession of said land, and paying all taxes due thereon before said taxes became due, prior to the date of delinquency of said taxes for a period of more than five years next before the filing of this suit. Plaintiffs further allege that they claim said land under the ten years' statute of limitations, claiming they have been in the peaceable, continuous and adverse possession of said property for more than ten years prior to the filing of this suit, cultivating, using and enjoying same for more than ten years before the filing of this suit. Plaintiffs further allege that they claim they have been in the peaceable, continuous and adverse possession of said property cultivating and using same for more than twenty-five years prior to the filing of this suit, holding and claiming the same under deed or deeds purporting to convey said property to Plaintiffs, which deeds have been duly recorded in the office of the County Clerk of Wichita County, Texas, for more than twenty-five years. That Plaintiffs and each of them have openly exercised dominion over said land during the period of twenty-five years next preceding the filing of this suit, and paid all taxes due thereon annually before same became delinquent for a period of twenty-five years next before the filing of this suit, and that Defendants have not paid any taxes on said property for said

period of twenty-five years, and have not exercised dominion over said property during said twenty-five years period next preceding the filing of this suit. That the State of Texas does not claim any interest in the above described property. Plaintiffs pray for the title and possession of said property and for costs of suit. If this citation is not served within ninety days after the date of issuance, it shall be returned unserved. The Officer executing this process shall promptly execute the same according to law and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Wichita Falls, Texas, this 8th day of March, A. D. 1954. Flora Cobb Clerk, District Court, Wichita County, Texas (SEAL) 34-41C

From where I sit... by Joe Marsh You Might Call it a "Gravy Train" Reading the other day Maharaja in India who miniature electric train all silver. Now, maybe that's usual for a prince, but this is running around on a dining table in the face. Twelve cars on the train with different kinds of nuts, and beverages. The train stops automatically in front of each plate so the waiting there can choose their wants. Where I sit, the Mahara-

raja is really going to extremes to impress his guests. Around this part of the world, hospitality certainly doesn't need all those fancy trimmings. You don't have to spend a lot of money or go to a lot of work when folks drop in. Just offer them what you have—coffee, tea, a temperate glass of beer—and let them make their own choice. They'll feel they're getting a royal welcome! Joe Marsh Copyright, 1954, United States Brewers Foundation

This is a busy week for Camp Fire girl members and leaders. They are completing plans for their finance drive for this year. Their budget has been set for \$950.00.

It has been announced that the money they collect here will be used for new and better training materials for the Blue Birds, Camp Fire girls, and Horizon club. The young women of this area receive many benefits from their Camp Fire Groups. They learn sports, etiquette and new handicrafts. Some of this year's budget will be used to aid in retiring the Camp Letoli debt.

One father from each Blue Bird, Camp Fire and Horizon club group have been selected as campaign directors. If a father fails to contact you, please call Mr. A. B. Frieids, finance chairman of the Camp Fire Board.

Remember you can "Light a Fire with Camp Fire." All contributions whether large or small, will be appreciated and we would certainly like to go over the top on this drive. So help us won't you by contributing what you can when the solicitor calls on you?

Walker Circle Met With Mrs. Garrett

The Walker Circle of the First Baptist church held its regular meeting, Monday evening, March 22 at the home of Sara Garrett. There were 12 members present.

After the program, refreshments were served. The next meeting will be at the church with Mrs. Glen McMahn as hostess.

Mrs. Jim Turner was returned to a Wichita Falls hospital last week following a severe case of pneumonia. She has passed the crisis now and is reported to be slowly improving.

Burk Garden Club Members Attend Denton Conference

Attending the Garden Conference workshop for two days last week at TSCW in Denton were Mrs. Tom Britton of the Burkburnett Garden club and from the Unity Garden club were Mesdames A. L. Gilbow, R. C. Gilbow, Ralph White and Tommy Campbell.

Instructors for the conference were faculty members of Texas A & M college, TSCW and nationally recognized Entomologists from San Antonio and Ft. Worth.

Outstanding in entertainment was the banquet program given by Mrs. Roy Defee of Ft. Worth who set up and explained 12 table settings and the lecture given by Mrs. Will Lake of Ft. Worth on "Plants for a Rainless Garden."

The Denton Garden club members headed by Mrs. F. G. Scott, acted as hostesses for the two day meet.

Happi-Time Blue Birds met March 26

The Happi-Time Blue birds and their leader, Mrs. Tom Holman, met Friday afternoon, March 26 in the camp fire room. Upon arriving, cokes were served. The president was in charge of the business meeting. The rest of the afternoon was spent learning some new folk dances that will be part of their entertainment at "Day Camp" that the girls are looking forward to this summer.

Those present were Linda Holman, Jan Goode, Shirley Reynolds, Sharon Bowles, Geney Hawkins, Karen Burton, Dianne Humphreys, Dianne Musgrave, Roxene Edwards, Patty Edwards, Sue Dempsey and Judy Brister.

DEVOL NEWS

Mrs. C. O. WOODLEY

Funeral services for Mrs. Martha Emiline Booher, 76, resident of the Devol community for 40 years, were conducted Tuesday afternoon, March 16th at 2:00 p. m. from Pearsons Chapel in Walters by Rev. H. Harrison, pastor of the First Methodist Church. Interment was in Devol cemetery.

She was born May, 1, 1877, at Monroe, Tenn., and died Sunday, March 14th at the home of her daughter, Mrs. Marie Jones in Waynette, Okla.

Mrs. Booher was married to Sherman Andrew Booher, Feb. 25, 1897 and with her family moved to Devol in 1913 and maintained her home here since that time.

Survivors include three sons; William Booher of Walters, Floyd and Sherman H. Booher of Devol; two daughters, Mrs. Roxie Sorensen of Quanah, Tex. and Mrs. Jones of Waynette.

Mrs. Booher united with the Methodist church in Tennessee and was a member of the First Methodist church in Walters at the time of her death.

Mr. and Mrs. David Mulheren and Don McCasland drove to Ft. Worth Saturday where they met Mr. Mulheren's mother, Mrs. Raymond Mulheren of Madison, N. J., who will spend a few days visiting here.

J. P. Hainline, Sr. of Wichita Kans., is visiting this week with his son Joe Hainline and family.

Mr. and Mrs. John Helms and children of Walters spent the weekend with her parents, Mr. and Mrs. Vernon Lagrone.

Mr. and Mrs. J. H. Griffin and daughter Helen Sue of Gordonville, Tex., spent Saturday night with Mrs. Griffin's mother, Mrs. Ida Alford.

Mr. and Mrs. Bill Stevens, Mr. and Mrs. Jess Cates and Mrs. E. Watson were Sunday guests in the Sam Ellis home.

Mr. and Mrs. Earl Palmer of Wichita Falls were Sunday visitors in Devol.

Mr. and Mrs. Joe Hainline and family and Mr. J. P. Hainline, Sr., spent Sunday in Lawton visiting Mrs. Hainline's parents, M. Fields and family.

Sunday guests in Mrs. Cozby's home were Mr. and Mrs. Walter Cozby and family and Mr. and Mrs. Payton Cozby and family all of Burkburnett.

School was dismissed at noon Thursday and all day Friday of the past week in order that the teachers might attend a teachers meeting at Weatherford. Teachers attending were L. M. Osborn, Mrs. Harry Buzell, Mrs. Nelma Woods and Mrs. Varner.

Word has been received here that Mrs. C. O. Woodley's condition is very satisfactory and she will be coming home this week from the Clinic hospital where she has been a patient for the past ten days.

Waldo Huddleston spent the weekend visiting his parents in Fletcher, Okla.

Sunday School at ten A. M. The lesson is Genesis, chapter 28, "Jacob's Ladder." We study the Bible chapter by chapter, as it is written.
Morning preaching service at eleven A. M. The pastor's subject will be, "The God of Abraham, Isaac and Jacob." When God is addressed in the Bible it carries particular meaning and great significance. We shall undertake to delve into the Scriptures to find that meaning and significance as it applies to our lives today.

Young people meet at 6:45 p. m. with Bro. K. W. Baker and wife directing. All youth welcome.

Night preaching service at 7:30. Congregational and special singing. Followed by the message by the pastor. In this message the pastor will discuss the subject of the second coming of the Lord Jesus Christ to earth again. These things he will affirm and prove by the Scriptures. 1. Christ is coming to earth again. 2. That coming is pre-millennial, or He comes to establish a thousand years reign of peace on earth, and there will be no universal peace until he does come. 3. Conditions preceding His coming shows world conditions getting worse and not getting better or improving. 4. Characteristics of Jesus said would immediately precede His second coming are so asserting themselves today, that we can, will, take these signs and show you that His coming draws near.

We realize that this isn't a popular subject, and the world and worldly church members sneer at it and brush it aside lightly. But to you who are interested. Come and let us tell you about the glorious coming of Christ. Wonderful to those who look for Him. Terrible for those who are not ready to meet God. Don't be afraid of the truth. The truth shall make you free when you receive it.

ABOUT THIS WORD "RODEO"

The Spanish word "rodeo"—meaning roundup — was first applied to the sport of the cowboys in 1926 and immediately started a controversy as to its pronunciation.

Rodeo fans, particularly in the Southwest, gave the word its Spanish inflection accenting the second syllable like "ro-day-o." However the cowboys, who to this day retain a picturesque vernacular quite their own, promptly applied an Americanized pronunciation to the word giving equal value to all three syllables as in "ro-dee-o".

Rodeo people, who as a class are unquestionably the country's greatest travelers, spread their use of the term throughout the nation until "rodeo-o" has become almost universally accepted.

At present, only a small section of the Southwest feebly clings to the original Spanish pronunciation of the word. While most dictionaries list both pronunciations as optional, the final authority of common usage has made the cowboys' ro-dee-o first in acceptance.

The Boom Town Celebration Rodeo opening here June 23 and continuing through June 25 at Morgan Stadium offers \$2500.00 in prize money to which will be added the entry fees of nearly 200 top-flight rodeo contestants expected.

Mr. and Mrs. Leon Beasley and little daughter, Pamela, from Tulsa, Okla., visited over the weekend with their parents, Mr. and Mrs. H. W. Beasley, Sunday morning Leon Beasley and family, A. W. Beasley and family and Mr. and Mrs. H. W. Beasley, all went to Glen Rose, Texas, to spend the day with Mrs. H. W. Beasley's mother and their grandmother, Mrs. Nannie Johnson.

Mr. and Mrs. O. H. Busbee, Mr. and Mrs. Tom Harms, and Mrs. Ida Reynolds spent Sunday visiting relatives in Brownwood, Texas.

Mrs. Nora Jordan of Graham, Texas spent Wednesday and Thursday of last week with her parents, Mr. and Mrs. O. E. Wofford.

Inspection Line Near

quarters of a million motorists who are on the streets and highways of the State today had a close look at their cars.

The number who have failed to submit their annual safety inspection is not one reason to attend to it. Garrison, Jr., Director of the Texas Department of Transportation said today in Austin that "log jam" of vehicles at inspection stations can be avoided unless a major-

ity of the owners of the uninspected vehicles all decide to wait until the deadline before attempting to meet the provisions of the modified inspection law which was enacted by the last legislature.

"There is no apparent possibility of an extension beyond the April 15th deadline, the Safety Director stated, "but long waiting lines will not be encountered if the owners of cars which have not yet been inspected will right away and not put it off until the last minute."

George Busby, Chief of the DPS Motor Vehicle Inspection Division, announced that 3,900 inspection stations are now in operation and that they are inspecting about 150,000 cars weekly with none of them reaching anywhere near a capacity saturation point.

Garrison repeated the warning that operators of cars which do not bear an approved inspection sticker on April 16th and thereafter will be cited into court.

Burk Garden Club Attends Workshop Santa Rosa Ranch

Twenty-five Burkburnett garden club members were among the seventy-five club members from nine counties which met March 17 on the patio of the Santa Rosa Ranch lake shore for a sack lunch and a practice work program for the May Flower show. Four garden clubs of Burkburnett were represented.

Junior High News

The Junior High Intramural Basketball Tournament was completed last week. In an assembly Wednesday afternoon, Coach Whitaker presented trophies to the three winning teams. They were 8IA, 7IIIA, and 6IIIA. Mr. Jack Robertson is the teacher of health and science in Junior High. During the first semester, stress is placed on the study of health; and during the second semester, science and its principles are studied. With most new ideas introduced an experiment is performed, and each student is required to write up this experiment.

This department has adequate material. A complete science kit is used to furnish all equipment that cannot easily be collected. Much use is also made of film strips on scientific subjects.

Mr. Robertson says that he believes that a microscopic study and the study of the solar system have created more interest than any other subjects that they have considered this year.

Grade School News

We are having a terrible time trying to check the run of mumps and measles. There is a new outbreak every week in a different room. We are hoping that it will not be long until all of our boys and girls will be back in school.

Our first graders have been very busy drawing, coloring, and cutting out birds. They have been involved in finger paint of birds. Some of the birds might not be able to recognize themselves all decked out in the new colors, but we easily recognize each bird.

Our second graders are very busy making booklets on birds. The rooms have trees with many birds and bird houses. We can only look around and hope for rain to bring in a lot of spring birds.

From Your County Agent

Staggering plantings of sudan grass can go far toward stretching temporary summer grazing for livestock.

It will be time soon to plant Sudan grass in the county, says B. T. Haws, county agent.

In addition to furnishing abundant grazing when moisture permits, Sudan grass, an important "link" in any year round grazing program, enables livestock to lay off permanent pastures giving them time to rest and get a better foothold before their next grazing season.

Haws recommends planting one acre of temporary pasture for each animal unit. By commencing plantings when frost danger passes and planting at three to four week intervals as long as moisture is available, Sudan grazing can be greatly extended.

"Some stockmen have had grazing from about six weeks after frost until frost in the fall

by using this system," Haws says. Different plantings, however, must be fenced separately, he added.

Sweet Sudan is adapted to the entire state. Common and tift are also well suited to Texas conditions, the county agent says.

Highest benefits from temporary grazing are obtained from rotation. Concentrate livestock on a small area, graze it off in a hurry and then move on to another block.

Fertilization pays off even on temporary pastures, Haws concludes. If there isn't time for a soil test before you desire to plant, contact the local county agent for fertilizer recommendations.

Mrs. R. B. Andrews Honored With Party By Cub Scouts

Den 2 of the Cub Scouts met Wednesday afternoon at the home of their leader, Mrs. R. B. Andrews, and surprised her with a birthday party. Mrs. E. E. Clack and Mrs. Vernon Duke served refreshments of birthday cake and cokes. The boys presented Mrs. Andrews with some ear screws. After refreshments, the boys went on a tour of Preston Dairy where they received a treat. Eleven boys were present for the affair. One member was unable to attend due to a case of the measles.

Larry Gene Schuman, eight year old son of Mr. and Mrs. Schuman of Burkburnett was struck by a car driven by Mrs. W. W. Chambers, Monday at noon in front of the grade school as he was crossing the street. He did not suffer any serious injury.

Your Senator Reports

by LYNDON B JOHNSON

(Senator Lyndon B. Johnson, writing from Washington, gives a weekly report on happenings in the National Capital as they affect Texas and Texans).

SAVE SOIL, WATER — Principal points of an upstream water control bill Congressman Bob Poage introduced in the house and I introduced in the Senate are included in legislation passed recently by the House. It provides for Department of Agriculture cooperation with a state, or any political subdivision authorized by the state, in carrying out such flood prevention projects as correct land treatment, gully plugs, detention dams, and the like. Object is to stop water close to the point where it falls — for use as needed.

This is an important water and soil conservation measure. **LEGISLATIVE PROGRAM:** Administration's proposed legislative program is moving slowly. The farm bill is still before House and Senate committees, as this is written, and so are proposed amendments to the Taft-Hartley Act. Nothing at all has been done as yet about a foreign trade bill, a major Administration project. The bill to expand the Social Security program is scheduled for committee hearings.

A factor throwing the timetable off balance has been the urgent demand for tax reduction. My mail from Texas reflects that demand.

AIR ACADEMY: Chances that Air Academy will be located in Texas were improved when the Senate adopted our amendment that if board members named to survey possible sites agree unanimously, their choice must be accepted. If members are divided, AF Secretary must elect one of their three top choices.

POSTAL WORKERS: I met recently with a fine bunch of Texas postal workers — around 50 of them. They were here to discuss proposals that employees of the Post Office Department receive a pay raise. Their approach to the subject was notably fair and reasonable. They made me feel proud of our Government and its employees.

I hope and believe Congress can work out an equitable plan for a pay raise for the hard-working postal employees. They need it. They deserve it.

NO SURPRISE: Texans were not surprised that Bob Anderson, Secretary of the Navy, has been picked as Deputy Secretary of Defense, No. 2 position in the Defense Department. Secretary Anderson, although still a young man, has been doing big jobs in Texas for years — and doing them in top flight fashion.

NEWS BRIEFS: Joe L. Mock, manager of the Marshall Chamber of Commerce, sent me one of the finest brochures I have ever seen on the march of industry and business in Texas. If you would like to see a copy write Mr. Brock at P. O. Drawer 312, Marshall. Had a fine visit with a wonderful group of high school students from Dallas, accompanied by their pastor, Dr. T. L. Shannon. Jackson Electric CoOp has been granted an REA loan of \$430,000 for system improvement and to build 100 miles of distribution line to serve 1,025 new rural consumers in Jackson, Calhoun, Matagorda, Brazoria, Lavaca and Wortham Counties. Billy E. Lee Assistant Attorney General of Texas, and Deputy Commissioner J. Warren Hitt of the State Education Agency visited the office. A new Army armored division will be activated at Ft. Hood on June 15. Had my picture made with the new West Point appointee from Texas, J. Enrique Salinas of Eagle Pass. W. W. Overton, Jr., Dallas banker, businessman and civic leader, has been named chairman of the current nationwide American Red Cross campaign. First time the job has gone to a Texan.

-YOUR FARM BUREAU

BY MARYE ECKELKAMP

The Wichita County Farm Bureau is in opposition to Gov. Shiver's plan for raising the necessary revenue for a teacher's pay raise. Please notice that we are not against the teachers pay raise but are against the Governor's proposed plan for raising the money needed.

The Farm Bureau recognized the serious shortage of teachers in Texas and, at its last annual state convention, recommended that legislation be enacted to provide necessary funds to attract and hold more qualified teachers.

We are opposed, however, to the Governor's special committee's compromise plan which would allow the Legislature to increase ad valorem taxes on land and property with the people in the local school districts having no voice in the matter. Under the provisions of the compromise worked out by the special committee, the districts would contribute 20 percent of the cost of the public school program and the state would pay the other 80 percent. This is contrary to the principles of the Gilmer-Aiken law which specifies that the districts contribute, according to their ability, a flat \$45 million annually. The Farm Bureau feels that the 20-80 proposal would discriminate against the local school districts. The districts have only one source of revenue — an ad valorem tax on land and property, while the state has a great number of sources, especially in the field of natural resources.

It is unfair to raise the tax on the land when some of the natural resources in Texas are not carrying their share of the tax load. Farm Bureau favors a tax on natural resources when additional state funds are necessary for any purpose.

For example, Natural gas pays less than 2 percent of its retail value in taxes. Gasoline, on the other hand, is taxed at approximately 30 percent of its

retail value. Farm Bureau feels that the people of the state derive some benefit from the state's resources. More than half of the oil produced in Texas is sold to the state with a very small amount of tax revenue. Some other sources of natural gas are sold to the state. Three years ago the Farm Bureau was responsible for the gathering tax on natural gas which was state commerce. It was declared unconstitutional by the US Supreme Court. Farm Bureau is in agreement in giving the Texas a pay raise but we do not go along on raising a minimum foundation originally set forth in the Aikin law, not as mentioned that any of their fair share of Texas.
