Mrs. Archie L. Jones Is Crowned Queen Of Texas Flying Farmers

MAIL, THE QUEEN: New Texas Flying Farmers Queen Virginia Jones is being presented trophy and tiara by Cessna Aircraft representative Thurston N. Mallard of Capitol Aviation, Inc., Dallas.

Mrs. Archie L. Jones of Houston, daughter of Mr. and Mrs. Abb Hutchens of Jud, and formerly of this city, was recently crowned Queen of the Texas Flying Farmers at the State Convention held in Fort Worth. She will represent Texas at the International Convention August 13-18, 1968, in Hamilton, Ontario, Canada.

Flying Farmers is an International Organization with nearly 9,000 members in the United States and Canada, and isolated

members scattered throughout many other parts of the world. There are 42 chapters in the United States and five in Canada.

Flying Farmer members are men and women who are leaders in their community and affairs of world and national affairs. They are conscientious citizens who take pride in utilizing the soil to its best advantage for raising crops as well as livestock and promote the practical use of the airplane in the agricultural industry.

Mr. and Mrs. Jones qualify as associate members of the Flying Farmers by being pilots. Regular membership requires that 51 per cent of income be derived from agriculture.

DAVIS MOUNTAINS PARK IS NEARING COMPLETION

Department workmen are putting the final touches on a \$1-million plus renovation project at the 1869-acre Davis Mountains State Scenic Park near Fort Davis, according to Johnny Buck, director of Park Planning for the Texas Parks and Wildlife Department.

Department sources say this is the first park in the State park system to have a million-dollar renovation project. The project was completed by Federal grants from the Land and Water Conservation Fund and appropriations from the Texas Legislature.

Dedication ceremonies have not been completed, Department officials said.

Major projects in the park include a park headquarters and entrance complex, renovation of Indian Lodge, a water system, an interpretation center, an amphitheater, a half mile nature trail and two miles of hiking trails which interconnect with existing trails at Fort Davis National Historic Site, just across the mountain from the State park.

Approximately \$400,000 was spent on Indian Lodge by adding 24 additional rooms, a 22x42 foot motel type swimming pool, a dining room and an assembly room capable of approximately 100 persons.

Other construction includes two rest rooms with showers, one without a shower, 27 trailer camping sites with water, electricity and sewage hookups, 70 new campsites and renovation of 11 existing sites, 33 picnic tables which includes a 16-table group site, two wells and storage tanks, water distribution lines, a new ranger's residence, service area and a maintenance building.

Renovation projects include a scenic lookout overlooking Old Fort Davis, built in the early 1930's by the Civil Conservation Corps. With rock veneer and stone steps, workmen also converted a water-storage tank along the skyline drive to another scenic overlook.

Mr. and Mrs. Edd Smart Honored With Farewell Party Saturday Night

Boy Scout Troop 36 of Haskell staged a "going away party" for Mr. and Mrs. Edd Smart, Saturday night, in the Fellowship Hall of the First Methodist Church.

Mr. Smart has been the Scoutmaster of Troop 36 for the past eight years. During this period, thirty-three boys have become Eagle Scouts and thirty boys have been inducted into the Order of the Arrow.

Mr. Smart is holder of the Silver Beaver, which is the highest award that can be presented to an adult leader in Scouting. He attended the National Jamboree at Valley Forge, Pa., in 1963.

Ninety-three persons "turned out" Saturday night to say thanks to "Mr. Edd", for a job well done in the Scouting program in Haskell.

Guests registered from out-of-town included I. A. Russell of Stamford, District Commissioner of Northern District of Chisholm Trail Council; Bonnie Young of Abilene, District Representative for the Council; Mr. and Mrs. Ernest M. Pittman, Scoutmaster at Anson.

Former Eagle Scouts attending were Bill Perry of Midwestern University, Wichita Falls; Steve Harper, McMurry College, Abilene; Jimmy Bynum and wife, Janice, of Abilene; also the following former Scouts of Troop 36, now of Explorer Post 36, Jim Kemp, Mark McCoy,

Larry Hartfield and their advisor, Dr. Win J. Kemp.

A "song" was presented to Mr. Smart, enjoyed with the boys' names on it taken from the March Roster of Troop 36, along with a pendant watch to Mrs. Smart. The boys also presented the Smarts with a gift.

Mr. and Mrs. Smart left Monday of this week for their new home at 1807 Feather Ave., Artesia, New Mexico.

Stitching And Stewing

By Ruth Ann Fansler
County H. D. Agent

Liven dull corners of your living room with color and lighting. A simple answer is a good-sized plant with light coming through it. Or use tall furniture or low pieces with decorative wall treatments to give height for a functional corner.

Did you know that the wire hangers your dry-cleaner uses to return you clothes are only meant to be temporary? These hangers are not shaped correctly for clothes to be hung on them for long periods. Garments left on them often droop and lose their shape or fall completely off. Hang on hangers which have been constructed with the shape of the garment in mind. Padded hangers for coats and suits, pants holders for trousers, etc.

More motor vehicle accidents occur in the last half of the year.

Want a different party treat? Consider hot spiced soup, hot soup punch or "soup on the rocks." Heat serving dishes for hot soup. Chill those for jellied soup.

Total college expenses are climbing and part of this may be found in the coed's closet. A recent survey said a woman's wardrobe costs from \$200 to \$500. Incoming freshmen buy more than upperclassmen.

It is an old wives' tale that meat should be thawed before cooking. You can cook frozen or thawed meats with equally good results, according to the USDA. But a reminder: a large frozen roast may take as much as one and one-half times as long to cook as a thawed-out cut of the same weight and shape.

Don't dry clean your electric blanket—the fluids can damage the insulation on the electric wiring. Follow the laundering directions that come with the blanket. They usually suggest short wash, rinse and spin cycles. Don't dry the blanket in a dryer.

Take you long to use ice cream? It will keep longer in your home freezer if you wrap the ordinary waxed-cardboard cartons in heavy aluminum foil.

Today's girl will find life very different from that of her grandmother and even her-mother. When today's grandmothers were born about 1900, the life expectancy of a baby girl was 48 years. In 1920, only 20 per cent of 17-year-old girls graduated from high school. In 1965 74 per cent of that age girls graduated from high school. The average woman worker

in 1920 was single and 28 years old. Today's average woman worker is married and 41 years old.

Recipe of the Week

Willie Faye Tidrow, secretary for the extension office, submitted this week's recipe. Willie Faye's family enjoys this easy-to-make dessert, so for unexpected guests it will be a colorful addition to a meal.

Cherry Cobbler
1 (1 lb.) can pitted red sour cherries
1/2 cup brown sugar
1 cup sugar
1 1/2 tsp. flour
1/2 tsp. almond extract
1 tsp. vanilla
1/4 tsp. butter flavoring
1 1/2 tsp. red food coloring
1 tsp. margarine

Add enough water to cherry juice to make 1 1/2 cup liquid. Put cherries in shallow baking dish; sprinkle with brown sugar. Mix the white sugar and flour together; add to the cherry juice. Add the flavors and the color to the juice mixture. Pour over the cherries. Dot the margarine over the top of the cherries.

Crust

1 1/4 cups flour
1/2 tsp. salt
1/3 cup shortening
1/4 tsp. almond extract
1/4 tsp. butter flavoring
2 tsp. water
2 tsp. milk
2 tsp. sugar

Sift flour, measure and resift with salt. Cut in shortening with two knives or pastry blender. Combine flavorings and water. Sprinkle over flour mixture and mix lightly until flour is moistened. Gather dough together with fingers and press into ball. Flatten with hand and then roll out. Cut into 1 inch wide strips and place criss-cross over cherries. Brush with milk and sprinkle with sugar. Bake at 425 degrees for about 20 minutes, then reduce heat to 375 degrees and bake for about 30 minutes.

State Convention of Texas Classroom Teachers To Meet April 5th and 6th

Teachers will gather in San Angelo this weekend (April 5-6) to consider resolutions called for legislation on salary, classroom size, and teacher sick leave at the 12th annual state convention of Texas Classroom Teachers Association.

Heading the list of resolutions will be a demand for legislation to move Texas teachers' salaries to or above the national average with a state index salary scale guaranteeing at least a \$1,000 increase in salary on the minimum and maximum levels.

The resolution further calls for the index salary scale to insure that the beginning teacher's salary will at least double in 12 years.

The 1,000 delegates, representing the association's 48,000 members, will hear Mrs. Doris V. Meyer, coordinating vice-president of the National Council of State Education Associations; Judge Jack Pope, associate justice of the Supreme Court of Texas; and Dr. Donald Housh, dean of the college of education at New Mexico State University, side at the two-day convention.

SIX FLAGS Over Texas, the state's most popular tourist attraction located midway between Dallas and Fort Worth, will introduce a new Mexican section, as seen in this artist's conception, when it opens its 1968 season on April 13. Part of a \$2,000,000 expansion program, the ride includes a 60-foot volcano which explodes and erupts, pouring lava down the mountainside towards the passenger-filled trains below.

THE RED REVIERA

By Lee Barnett

Among his many distinguished problems, President Johnson would probably list Senators, like McCarthy, Kennedy, Mills, Fulbright, etc. Perhaps less distinguished would be the dollar in danger of not being as good as gold, and billboards and junkyards perpetrating their ugly appearance on America's beautiful countryside. However, if President Johnson has his way, more Americans will see this for themselves, spend their vacation money in the U. S. A. and become a great swell of grassroots support for Lady Bird's beautification program. Note that a trip-abroad program the Chief has recommended to the Congress, State Department sources tell us they are flooded with record numbers of applications for passports, which indicates the avid American traveler is not convinced he won't miss anything if he skips that journey to the "old" country. Hence this story.

For this occasional faulty service of the plumbing works there are two explanations: either all talented plumbers are put to work on the more successful space projects, or all the plumbers of Varna are saboteurs who for punishment for their subversive installations have been pressed into service as musicians—which would explain the atrocious quality of tone coming forth from the numerous dance floors along the beach. The architects did have a rather good idea—they took the restaurants out of the hotels, to spare the guests looking for rest and relaxation the clutter of dishes. Instead the terrace-restaurant-open-air dance floors are spaced precisely between two or three hotels respectively. This insures that there is no room which is not within acoustical reach of the "lumber-musicians. One tourist found his room situation so favorable until midnight not the softest musical tone escaped his ears. So he lodged a timid complaint with the charming receptionist who smilingly assured him: "The young people like that so much—and the older ones get used to it!"

The ancient looking tourist turns away, but not in time to miss overhearing a fellow from East Germany tell his wife: "That goes to show you how nervous Westerners already are—they can't even enjoy the lovely music!" (That's what they are waiting for—a massive western nervous breakdown!)

Attending the needs of guests provisions are generous. To an eleven person group one Austrian travel guide, one Bulgarian travel guide, one hotel translator and one restaurant interpreter are assigned. Positioned opposite this formidable talent in languages is—one lone waiter, for this "roup and several others in shouting distance. It must be said here that the extraordinary western desires of these guests took on forms for which a waiter in New York or even London might accidentally drop the tray into your lap or ignore them altogether. One Viennese couple sent the specialty of the house back with the emperous comment, "we eat only what we are accustomed to." No doubt this left the kitchen chef profoundly puzzled.

WASHINGTON, D. C. — In view of the fact the U. S. Senate has recently passed a Civil Rights Bill, including the "open housing" provision, and the fact that a great many communications are being received on the subject the following is a reprint of a release of July 7, 1966.

Section IV of the Civil Rights Bill of 1966 provides in substance that the owner of property for sale, rent or lease may not decline to sell, rent or lease to any person because of race, color or creed.

Other provisions of the measure make radical changes in an effort to confer "rights".

In 1959 the people of America were fearful that Government might restrict their freedoms. The First Congress of the United States in that year proposed the Bill of Rights.

The Bill of Rights essentially tells the Government what it can not do and comprises the first ten Amendments to the United States Constitution. Many countries have an abundance of natural resources, vast lands and climate as good as ours, but 49 million immigrants came to this land seeking something called freedom.

They came here with the hope of security and the promise of the "American right to live as free men with equal opportunity for all."

In July 1968 a new guarantee of freedom was ratified. Its purpose was to guard against human slavery. Its guarantees were for the further equal protection of all. It is the 14th Amendment to the Constitution, and its reads in part as follows:

"No State shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any State deprive any person of life, liberty, or property, without due process of law; nor deny any person within its jurisdiction the equal protection of the laws."

Less enacted during the past three or four years, and the proposal now before the Congress, erode the rights and freedoms of every American property owner.

If anything more is needed to guarantee individual rights let it be that the individual American property owner, regardless of race, color or creed, should be allowed, under the law, to retain:

- 1. The right of privacy.
2. The right to choose his own friends.
3. The right to own and enjoy property according to his own dictates.
4. The right to occupy and dispose of property without Government interference in accordance with his own judgment.
5. The right of all, equally to enjoy property without interference by laws giving special privilege to others.
6. The right to maintain what, in his opinion, are desired surroundings for tenants.
7. The right to contract with a real estate agent or other representative of his choice and to authorize him to act for him according to his instructions.
8. The right to determine the acceptability and desirability of any prospective buyer or tenant of his property.
9. The right of every American to choose whomever, in his opinion, are congenial tenants in any property he owns and to maintain the stability and security of his income.
10. The right to enjoy the freedom to accept, reject, negotiate or not to negotiate, with anyone.
11. The prohibition against the individual to do with his property what he wishes, so long as he does not infringe upon his neighbor, is the denial of the third element of fundamental rights guaranteed under the Constitution.

When Government attempts to confer privilege by legislation upon some, and by so doing takes away the rights of others, it does grave violence to the Constitution.

Loss of these rights diminishes personal freedom, and creates a springboard for the future erosion of our liberties.

SAGERTON NEWS

MRS. DELBERT LEFEVRE

Just when the farmers thought that they might have a chance to get into their fields this week, it rained last weekend, amounting to around a half inch in Sagerton and over an inch in the south of Sagerton. Some small hail also fell Saturday south of Sagerton, but it was not enough to damage anything.

Stitch and Chatter Club The Stitch and Chatter Club met in the home of Mrs. J. W. Burnett Wednesday of last week for the bi-monthly meeting. Mrs. Ewell Kitley and Mrs. Pete Kitley brought the program, comparing the reading of Scripture in the King James Version of the Bible and Today's English Version.

Those present were: Mrs. R. N. Shied, Mrs. John Clark, Mrs. R. O. Gibson, Sr., Mrs. M. Y. Benton, Mrs. Harvie Jordan, Mrs. Cliff LeFevre, the two Mrs. Kittleys and the hostess and a guest, Mrs. Walter Fischler.

Dinner guests in the Delbert LeFevre home at noon on Thursday were Bro. and Mrs. Manuel Reynolds of Rules, Bro. Watkins of Larmon and Gene Carter of Groen. Preparing the meal with Mrs. LeFevre were Mrs. John Clark, Mrs. Cliff LeFevre and Mrs. Reece Clark.

Mr. and Mrs. Franklin Mrazek and Dana of Aspermont visited Mr. and Mrs. Leon Mense and Mr. and Mrs. Norvell Lernmann Sunday. Jack Crab of Abilene, an uncle of Melvin Lewis, passed away early Monday morning. Mr. and Mrs. Delbert LeFevre and Jill attended a track meet at Texas Tech in Lubbock Saturday. Larry LeFevre ran for McMurry and placed third in the 440 with a 48.9 and fourth in the 220 with a 22.8. Next weekend he will go to Stephenville to run with the McMurry track team at Tarleton. He also visited with Mrs. Bob Clark for a short while. Mrs. Larry Stremmel had surgery at Hendricks Memorial Hospital in Abilene last week and she is now on the road to recovery. Her children are staying with Mrs. Hilda Koch while their mother is away. Mr. and Mrs. August Angerman, Mr. and Mrs. Werner Techeiman and Mrs. Hilda Koch and Rhonda and Wayne Stremmel attended a birthday party for Bill Vahlenkamp near Old Glory on the evening of March 28. Mr. and Mrs. Cliff LeFevre attended the high school track meet at Valley View last Saturday.

"The Year Of The Buffalo Bill"

William F. Cody began his career as a messenger with wagon trains, and went on to become a driver, Pony Express Rider, guide, Chief Scout for the United States Army, Indian fighter and international showman. As Teddy Roosevelt once described him, "he embodied those traits of courage, strength, and self-reliant hardihood which are so vital to the well-being of the nation."

The legend of the American west is filled with the exploits of Colonel Cody and his rifle. On more than one occasion, the fates of both were importantly joined to help determine the outcome of what has come to be known as the American Odyssey — the opening of the last Frontier.

In 1874, "Buffalo Bill" Cody wrote to the Winchester Firearms people, stating he had tried and tested nearly every gun made in the United States, and for general hunting and Indian fighting, their improved rifle was "The Boss."

How fitting that "the gun that won the west" should play a small but important role in the establishment of the Buffalo Bill Historical Center in Cody, Wyoming.

The Center houses the nation's most extensive collection of the records and moments of Buffalo Bill, including the Congressional Medal of Honor. His most cherished honor however, was the name "Prairie Chief," bestowed on him by his conquered enemies, the Sioux. The center also contains Indian, cowboy, transport material, and other artifacts of Western America. Most of the several thousand items are irreplaceable.

The Buffalo Bill Commemorative rifle is similar to the early Winchester repeaters that were so much a part of his exploits on the plains. Reminis-

cent of his era, they are traditional 30-30 repeaters in both carbine and rifle styles, with bead-post front sight and semi-buckhorn rear sight. The hammer, trigger, loading gate, forearm tip and crescent butt plate gleam with nickelplate. The barrel and tang are inscribed respectively: "Buffalo Bill Commemorative" and in the colonel's script, "W. F. Cody — Chief of Scouts." Each of the rich American walnut stocks are polished with a high-gloss finish, and will have an official Buffalo Bill Memorial Association commemorative

Rotary Club Members Hear Project Reports

Since the program on the agenda failed to materialize last Thursday noon at the Rotary Club meeting at Felker's Restaurant dining room, most of the period was used in a "round table" discussion.

R. C. Couch gave a report on Millers Creek and Mayor Horace V. Woodard brought the group up-to-date on the airport project.

Rotarian Ferrell Coston reported that Bob Terrell had been dismissed from the Carlisbad, Texas Sanitarium and was back with his family in Abilene. Terrell was employed by the Holden Funeral Home prior to entering the Sanitarium.

R. C. Couch, president, presided over the meeting. Invocation was given by Bill Ratliff, and Mayor Woodard led the singing, with Mrs. Henry Withers at the piano.

Guests included Charles Bragg of Stamford, and Haskell High School seniors, Patricia Hilliard and Janice Mosler.

Former Haskell Resident Dies At Ranger

Charles Bond, former Haskell resident, passed away at 3:30 a. m., Wednesday, April 3, in a Ranger hospital, following a lengthy illness.

Mr. Bond had resided in Haskell for about five years but moved to Ranger in February. He was a field superintendent for the T&P Oil Company.

Rites were pending at press time, but will be held in Ranger, with Troy Culpepper, pastor of the Haskell First Baptist Church, officiating. Interment will be in the Ranger Cemetery.

Survivors in the immediate family include his wife and two sons, David 6, and Johnny 4, of the home; his father, Clyde Bond of Ranger, and two sisters.

Final Rites Held For Rev. C. W. Sargent

Rev. Charles W. Sargent, 79, of Munday, passed away at 4:30 p. m. Monday in the Knox County Hospital in Knox City.

Funeral was held at 2:30 p. m. Wednesday in the Weinert Methodist Church, with Rev. Steve Harper, pastor, and Rev. Walter Hadley, pastor of the Munday Methodist Church, officiating. Interment was in the Grove Cemetery under direction of McCauley-Smith Funeral Home of Munday.

He was a retired Methodist minister, having pastored several churches in this vicinity. He retired in 1959 from the Elbert Methodist Church near Throckmorton. He was a mem-

1968 Official State Highway Map Will Guide Millions Of Visitors

The year 1968 will be a big one for Texas, and this fact is reflected in the enlarged scale of the 1968 official State Highway Map published by the Texas Highway Department.

To meet the need for additional information, it was necessary to increase the scale of the 1968

map and to use both sides to provide travel guidance.

Increasing the scale of the map by almost one-fourth also means it will be much easier to read. It should prove a valuable guide for the millions of visitors expected in Texas for San Antonio's HemisFair and for countless others who come to explore the many attractions in the State.

Featured on the cover is the Tower of the Americas, focal point for HemisFair. In his welcoming message on the map, Governor John B. Connally wrote, "This year, highways also lead to HemisFair, our Texas World's Fair in San Antonio. With this map as your guide, Discover Texas... and HemisFair, during 1968!"

Before the year is out more than a million maps will have been requested for use by the

What's the biggest whitetail deer killed in Texas? What's the largest mule deer (black-tail)? The biggest antelope?

To find this information one would check the records of the Boone and Crockett Club. B&C keeps world records on big game.

Quite a few of Texas' whitetailed deer are entered in the record book including the largest non-typical ever taken. It came from near Brady in McCulloch County back around the turn of the century.

But since Texas' mule deer and antelope are not generally of the record variety, there are no authentic records of the largest of these two species killed here.

Now this will change. Starting this fall, Sportsmen's Clubs of Texas (SCOTT) will keep an accurate record of the biggest deer and antelope killed in the state. It will periodically publish the list.

Competition for the best typical and non-typical antlers and horns for the two species will be from six geographical regions: Panhandle, Trans-Pecos, Edwards Plateau, Northeast Texas, Southeast Texas and the South Texas brush country. Designated statewide champion in the three classes — whitetail deer, mule deer and antelope — will be the best antler or horn score from the different regions.

Judging of whitetail deer and mule deer antlers will be broken down into three categories: length in inches of the largest point; number of points an inch or more in length; and the greatest inside beam spread.

For pronghorn antelope, scoring will be based on measurements of the tip-to-tip spread, outside length of the longest horn, and base circumference of the largest horn.

When submitting an entry for consideration, the following data is required: hunter's name and address; where the animal was killed; date of kill; name and address of witness to measurements; and the tabulation of scoring. Litter is based on one point per inch for each of the three measurements.

Also mandatory with each entry is three close-up, 8x10 photographs showing the right, left and front views of the trophy head, each taken at the animal's eye level with a standard yard-

Comanche Rites Held Saturday, March 30th

Anselmo Ramirez Comanche, 56, farm laborer and resident of Haskell since 1946, passed away Thursday, March 28th at 9:20 a. m. in Stamford Memorial Hospital, where he had been a patient for two weeks.

Funeral services were held at 11:00 a. m., Saturday, March 30th from the St. George Catholic Church, Haskell, with Father J. Dudley, pastor, officiating. Arrangements were under the direction of Holden-McCauley Funeral Home, and interment was in Willow Cemetery.

He was born April 21, 1911, in San Antonio. He and Mrs. Comanche moved to Haskell in 1946 from Laredo. He was a member of the St. George Catholic Church.

Survivors include his wife, Delfina; one daughter, Mrs. Alicia Chavez; five sons, Manuel of Scottsbluff, Neb., Anselmo, Jr., Maximino, Jose and George; four sisters and 12 grandchildren.

Anita Powell Recipient Of High Honor

It was recently announced that Miss Anita Powell has been chosen for recognition in the national publication, Merit's Who's Who Among American High School Students, 1967-1968. Anita is the daughter of Mr. and Mrs. M. B. Powell of Haskell and is a senior in Haskell High School.

This honor was awarded because of high placement in national scholarship and awards

competition. Less than 5% of the graduating seniors throughout the country are selected for this honor.

During her high school career Anita has been active in school affairs and has received several honors. She is editor of the school paper, president of the Owl Club and the FTA, and a member of the Quill & Scroll Society and the National Honor Society. She was named to Who's Who in HHS her junior and senior years and was elected Miss HHS this year. She received a National Merit Letter of Commendation this year.

Residue Management, System and Terraces Are Important

The July 19th rains," Foote stated. "That 5 inches of rain was more than enough to make both top and subsoil moisture meet. From then on that maize crop never looked back. It continued putting down a good root system and growing healthy good heads of grain. It was not the July rain entirely that made the crop but also the moisture from rainfall received in August 1966."

Foote made an average of 3,400 pounds of maize per acre, Hinds A. McGowan, Jr., Soil Conservationist with the Haskell Soil Conservation Service said. "Residues produced from this crop were 4,500 pounds air dry weight per acre." Maize residue produced on non-terraced land in the same area was 2,000 pounds per acre. A minimum of 2,500 pounds of residues per acre is needed to obtain soil improvement.

Woodard Attends Training Program

H. V. Woodard of Woodard Farm Sales, Haskell, Texas, announced today that his dealership has been selected to sell the new Ford Model 800 tractor, largest farm tractor in Ford Motor Company history. The 8000, which boasts 105-PTO horsepower and up to nearly 7 1/2 tons of working weight, will be available this spring. Mr. Woodard said, adding that the new tractor is designed to meet the demand for increased power to operate large capacity equipment. Mr. Woodard recently returned from Paris, Texas, where he participated in a three-day Model 8000 introduction and sale training program also attended by other Ford tractor dealers selected to sell the 8000. The program featured a thorough indoctrination in the new tractor's performance features, including operation of the unit, and training in use of a new line of Ford large-capacity implements with the 8000.

Organizational Meeting Held By Explorer Post 36

Explorer Post 36 met recently to organize and to elect officers. The group, consisting of nine boys, decided that the Post Business Meeting would be held on the first Tuesday of each month, at which time the group will decide on the monthly activities. Officers elected were president, Jim Kemp; vice-president, Mark McCoy; secretary, Larry Jewell; treasurer, Randy O'Neal; quartermaster, Larry Hartfield; and cabinet representatives, Spencer Tyler and Mike Kierepka. Post advisor is Dr. William Kemp and assistant advisor is Harold Jewell. The Post is sponsored by the Rogers-Cox Post 221 of the American Legion.

Haskell Places Sixth In Lone Wolf Relays

The Haskell Indian Track Team placed sixth in the annual Lone Wolf Relays, held in Colorado City last Saturday, with a team point total of 39. First place in the meet went to class AAA Sweetwater. Derrel Davis broke his own H.H.S. record in the 440-yard dash, with a time of 50.1 in the

preliminaries, and a 50.3 in the finals, placing first in the meet. Randy O'Neal placed sixth in the same event.

Haskell's mile relay team finished third, with a time of 3:31.2. The Indians took fourth place in the 400-relay.

The remainder of Haskell points came from Randy Wiseman's fourth place finish in the discus, with a throw of 121-1, and John Martinez placing fourth in the 330-intermediate hurdles.

Haskell tracksters journey to Winters Saturday, where they will compete in the District 5-AA Track and Field Meet.

Attends Nursing Home Convention

Corsie P. Johnston, Administrator, representing the Rice Springs Care Home in Haskell, was among the 514 owners, administrators, staff, and guests in attendance at the 18th Annual Spring meeting of the Texas Nursing Home Association, held last week in Austin.

Based on the theme, "Together We Stand," a diversified program was developed around such topics as Intermediate Care, created by HR 1280, the 1967 Social Security Amendments; Housekeeping in the Nursing Home; Crafts and Activities; Nursing Home V. A. Program; Financial Management; Physical Therapy and Rehabilitation; and Food Service.

Lewis R. Timberlake, Senior Vice President, First National Life Insurance Company of Austin, was featured speaker at the convention's luncheon program on March 25th and Alfred S. Ercolano, Executive Director of the American Nursing Home

You Finance The Spenders

Until people finally see the inexorably close relationship between government spending, taxation, debt and inflation, they can hardly be expected to insist on responsibility in government. Inflation is eating away the value of our money, mainly because for more than a generation advocates of big government spending have enjoyed popular public support.

The mania to spend is outrunning productivity and the tax-paying ability of the nation. A recent study by the American Enterprise Institute shows why responsible citizens should be concerned. Federal spending has more than quadrupled in the past 20 years. Even when allowance is made for population growth and inflation, it has more than doubled. State and local government spending has increased even more rapidly than federal spending.

No matter how worthy the objective of government spending programs, they are not worth the price when they lead toward unmanageable debt and breakdown in monetary stability. What good are government benefits paid in dollars of rapidly diminishing value.

HASKELL COUNTY HISTORY

30 YEARS AGO (April 5, 1938)

Mr. and Mrs. Harley Sadler of Sweetwater spent Sunday with their mother, Mrs. L. T. Sadler and sister, Mr. and Mrs. W. A. Holt.

David Ratliff of Longview was a week-end visitor in Haskell.

Misses Ava Grindstaff, Mary Lena Tubbs, Helen Mable Baldwin of TSCW, Denton, and Misses Emma Kate Richey and Geraldine Fouts of NTSTC, Denton, spent the spring holidays here with relatives.

Ralph Bernard of Texas Tech, Lubbock, spent the weekend with his parents.

Pointing toward a successful grid season during the 1938 school term, forty eager squadmen reported for the first workout inaugurating Spring football training as recruits for this year's Indian squad. Coach Perry Mason and assistant coach Scott Whitaker have outlined a six-week training session in which principal stresses will be placed on the fundamentals of the game. Letterman returning this year includes the following: Curtis Ballard, Milton Wilfong, Fred Barrett, J. C. Scott, Otis Henshaw, Bob Cousins, Jack Sammons, Ellis Hayes, Quinton Bailey, linemen; and for the backfield, Zeldon Thomason, Eugene Rogers, Sam Henshaw, Ray Buford, and three squadmen from last year, Wayne Laird, Bill Wiseman and Buster Gibson.

More than twenty new families have located in Haskell during the past three months, and a steady increase in utility and telephone connections has been maintained during the first quarter of the year, according to records kept in the Chamber of Commerce office.

Haskell voters flocked to the polls in unexpected numbers Tuesday in the city election, in which only one office was contested... that for the post of City Marshal. A total of 706 votes were cast, an unofficial tabulation revealed. This is believed to be a record for an otherwise "off-year" in city politics. Selko Britton was re-elected for a second term as city marshal, receiving 342 votes against 181 for H. K. Thompson and 180 for Al Cousins, other two candidates for the place. Five other officials were re-elected without opposition.

60 YEARS AGO (April 4, 1908)

The Haskell County Medical Society will hold its regular meeting at Haskell on Wednesday, April 8th. The society has been chartered and will hold regular meetings in the interest of its members and for the promotion of the science of medicine.

It is desired to hold a mass meeting of citizens of Haskell county at the courthouse in Haskell on Monday, April 6, for the purpose of organizing a Democratic Club. All Democrats are invited.

W. G. Newby, grand captain of the guard and Jake Zurn, past grand commander of the grand commandery of Texas, paid the Haskell commandery an official visit on Friday of last week and gave an instructive drill to local Sir Knights.

The Haskell public schools will close a very successful and satisfactory term next week. A commencement sermon will be preached at the courthouse on Sunday, April 12th, by Rev. Robert E. Goodrich of Stamford and the regular commencement exercises will be conducted in the auditorium of the High

TECHNICAL SERGEANT IS RECOGNIZED

Technical Sergeant Teddie D. Terrell, son of Mrs. Eunice Miller of Rt. 1, Jacksboro, has been recognized for helping his organization earn the U. S. Air Force Outstanding Unit Award.

Sergeant Terrell, a missile guidance and control technician in the 13th Fighter-Interceptor Squadron at Glasgow AFB, Mont., will wear a distinctive service ribbon as a permanent decoration.

The unit was cited for outstanding professional skill, dedication and ingenuity in achieving an exceptionally meritorious rating for the period from May 1965 through April 1967.

Factors leading to the squadron being selected for outstanding unit honors include highly successful results of numerous evaluations, exercises and special projects, as well as individual achievements.

The citation accompanying the award praised the unit for maintaining an exceptionally high state of operational readiness which contributed significantly to the air defense capability of the Aerospace Command.

The sergeant is a graduate of Haskell High School. His wife, Genevieve, is the daughter of Mr. and Mrs. J. W. Adcock.

CONG. OMAR BURLESON ANNOUNCES FOR RE-ELECTION

OMAR BURLESON

Congressman Omar Burleson has formally announced his candidacy for re-election to Congress, subject to the Democratic Primary on May 4 and in the General Election in November.

"The people of Haskell County responded most generously to my campaign two years ago when I had an opponent and when the area was new to the District," Burleson said in his opening statement. Haskell County was placed in the 17th District by the State Legislature in 1962, and he began officially representing it at the beginning of 1967.

"The 17th Congressional District is now composed of 31 counties, covering approximately 30,000 square miles. Within this area live about 400,000 people.

"With this tremendous area, and the fact that the Congress is in session almost continuously, it is pretty difficult to see and know people as I think their Representatives in the Congress should," Burleson said in his comments. "I believe it is incumbent upon a Congressman to know people and that they know him, to have the best representation. This is fundamental to our system," he said.

In his statement, Burleson says, "During my tenure of office I have followed two guiding principles: First, to know the views of my constituents and reflect their sentiments to the greatest degree possible in my actions in the Halls of Congress.

Second, to inform and advise as closely as I can on those issues which affect our District, our State and our Nation."

Burleson termed his approach to Government as one of "common sense," gained through the years of public service. "I have tried to see that the people's tax money is spent as wisely and as judiciously as you would have spent it had you been in my place," he said.

"The record will show that a greater part of the time I have

found myself in the minority in opposing the vast spending programs which have been put into effect in recent years. In every Session of the Congress the record will show my votes for expenditures below that recommended by the Executive Department and far less than actually appropriated by the Congress, except in the field of National Defense," Burleson said. He continued, "Without meaning to appear boastful, if the Congress had followed those of us who have voted consistently over the years for fiscal responsibility, our financial affairs would not be in the shape they are today."

"In areas providing for the defense of our Country, I have always supported those things to make and keep our Nation stronger than any other in the world," he said. "I have been discerning in separating those activities which the Federal Government was not designed to do, from those which are truly its responsibility," he said.

Burleson stated that activities of State and local governments, in accordance with the Constitution, should not be infringed and encroached upon by the Federal Government.

"The Federal Government does not have specific missions," he said. He gave as examples the conservation of our natural resources, the defense of the Country and its general welfare.

"At the same time," he said, the Federal Government cannot and should not try to take care of everything from Washington, either foreign or domestic. The Federal Government has grown to colossal proportions and centralized power in Washington has increased," Burleson pointed out. "To this, I am opposed and my record is clear in this respect."

Burleson is among the senior members of the U. S. House of Representatives in point of service. His seniority has carried him to the Chairmanship of the potent House Administration Committee, and to the second position to the Chairman on the powerful Foreign Affairs Committee. In addition, Burleson, serves on two important Joint Committees formed from senior members of the House and Senate, as Chairman of one and Vice Chairman of the other.

Burleson is a former County Attorney and County Judge of Jones County. He was appointed an FBI Agent, and served in a number of assignments over the U. S. He resigned from the FBI to join the Navy in World War II, and saw duty in both the Atlantic and the Pacific.

Burleson ended his formal announcement by saying, "Although not having opposition in this year's election, it is my hope to visit my constituency as opportunity affords. The Congress being in session at this time and expected to be long af-

The Good Earth

By Mrs. B. F. Cobb

I visited in the home of the Euvin Lintons this week, and as usual I was captivated by the richness of the soil in their garden. Two or three years ago the Lintons had a trench silo of feed go bad...since then Mrs. Linton has been composting the silage from the pit...every garden plot on the place is now composed of rich, black soil, and my! how the plants grow and produce. So rich is the soil it will sift through the hand like sand.

Mrs. Linton has converted the glassed in back porch into a Greenhouse... plants are planted in rich black soil made from composted silage. So luxuriant are the plants, and so dark green the foliage the porch looks like a rain forest.

There are succulents, ferns, wandering Jew, Kalanchoes, Philodendron and many other plants I do not remember at this time.

Mrs. Linton has a box about 12"x12"x2" filled with rich potting soil...she places a pot of ivy near this box and as the tendrils grow long she lays them in the box of soil and keeps it

ter the Primary Election, there will be little time to leave duties in Washington. I expect, however, to get back home at short intervals to do the best I can in seeing my friends and to make new ones."

damp...long roots sink deep in to the soil and when they are fully developed, Mrs. Linton cuts the tendrils from the mother plant and presto, a new plant is made. By this method of propagation, Mrs. Linton has started many pots of ivy.

Not only is Mrs. Linton an expert on growing things, she has a number of hobbies that she excels in. Her work house is bulging with lamps, urns, figurines and many other objects she has made. Mrs. Linton makes her own forms and is constantly finding different objects to copy. She also does beautiful crochet and embroidery.

"I think I shall call our garden 'Friendship,'" as so many friends have brought us flowers and plants for the yard. Those presenting us with plants are: Mrs. Emmet Wyche, Mrs. R. C. Couch, Sr., Mrs. Ed Fouts, Mr. and Mrs. M. M. Cobb, Mr. and Mrs. Sam Scott, Mr. and Mrs. Lester Fore, Mrs. Ralph Merchant, Mrs. Owen Cox, Mrs. Charlie Comer, Mrs. C. B. Rhea and Mrs. R. I. Mobley. We are deeply grateful to all our friends for being so nice as to share their plants and seed with us. I forgot to mention the Rule Garden Club, they presented us with 40 petunia plants.

I would like to say thanks to all these wonderful friends.

Besides the plants friends have given us we have purchased or brought from our old home, 42 trees and shrubs. We have also planted over 100 bulbs, 40 gladioli and seven dahlias. Friends gave us enough dahlia tubers to make 15 we have put out all together. I hope if Haskell Garden club

Local Men Prove Fishing Is Good

P. T. Baxter and Frank Lewallen brought in the evidence that fishing was good. On an outing last week they caught seven crappie, averaging 2 1/2 lbs. each ... then on another trip brought in an even dozen crappie, weighing 3 to 3 1/2 lbs. each.

Baxter said they were fishing from a boat in water only about 1 1/2 to 3 ft. in depth at the Brockmorton lake.

ROLLING PLAINS COTTON GROWERS ELECT OFFICERS

Directors of the Rolling Plains Cotton Growers, Inc., unanimously re-elected J. B. Cooper, Jr., Roscoe farmer, as chairman of the organization at a business meeting Friday following the fourth annual membership meeting held in Stamford High School's beautiful new auditorium.

Cooper was recently nominated at a meeting of the newly organized Texas Association of Cotton Producer Organizations at TACPO's candidate for the chairmanship of the nine-man Texas producer delegation to the National Cotton Council and to serve as a member of the steering committee.

His candidacy will be presented to the producer delegates at a meeting in Dallas Monday, April 1.

Other officers elected were L. H. Wall, Vernon, vice-president from the northern zone; Neuman Smith, Ballinger, vice-president of the southern zone; and F. A. Lollar, Anson, who succeeded Johnny Hansen of Lauders-Avoca as secretary.

District Executive directors elected included the following:
