Continued Rain Delaying Harvest

Last week more than 7 inches of rain fell in Burkburnett. It rained some every day, slowly and most of it went right into the soil. Practically every stock tank in the area reached spillway level.

Wednesday night of this week eight tenths of rain fell in the Southern part of the city, accompanied by high wind, thunder and big bangs of lightning. No serious damage reported, tho some trees lost a few limbs.

Wheat had just started coming into the elevators Wednesday. If no more rain comes, harvest should be in full swing latter part of next week. Wheat prospects are good if rain and wind cease for a few weeks.

Andy Thomases Here

Mr. and Mrs. Andy Thomas of Raymondville, Texas were here a short time Monday morning. They were enroute to Chickasha, Oklahoma, for a visit with Mr. Thomas' mother, then back via Denton, Texas to get their daughter, who has been attending T. S. C. W. Andy was formerly manager of the Palace and Burk Theatres here. He is now selling Chevrolets in Raymondville.

Mr. and Mrs. P. J. Craig of Hoffman, Illinois, former Burk residents were Burk visitors Wednesday. The Craigs were on their way to Abilene to visit relatives.

Oklahoma Wheat Brings Premium

—Photo by C. Lasley

The first load of 1955 wheat from Oklahoma came into Burkburnett Sunday afternoon, May 22nd. This was the first load of the season for Burkburnett. The grower received two \$25.00 premium awards. Shown above, Carl Campbell, president of the Burkburnett Chamber of Commerce, is handing the C. of C. \$25.00 check to T. L. Spurlock, who raised the wheat. On his left, Herbert Knightstep is giving him a \$25.00 check from the Burkburnett Feed and Elevator which received the first wheat. On the extreme right is Robert Goode, whose combine harvested the wheat.

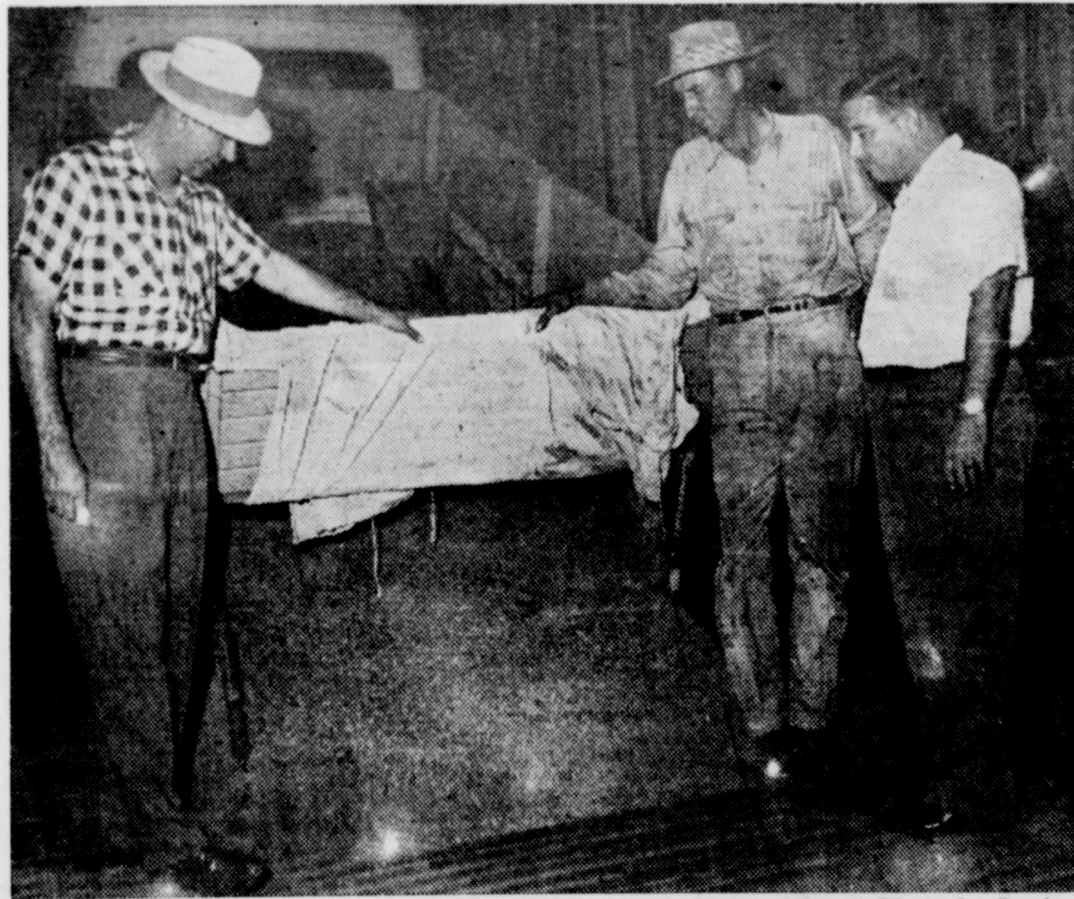

City Manager IS Leaving Burk

City Manager T. R. McCasling is going to leave Burkburnett, effective June 1st. Last week the Star reported he had decided to remain here, but the first of this week Mr. McCasling stated he would go to Henryetta, Oklahoma as their city manager.

It seems the city dads at Henryetta had turned down some forty applicants for the job and written them letters which would have made it embarrassing to reconsider any of them. Applications for the city manager's position here are being considered by the City Council.

Mr. and Mrs. Curtis Smith and children of Tallequah, Oklahoma are visiting her mother, Mrs. B. H. Preston, here this week.

First Load of 1955 Texas Wheat Came in Monday, May 23rd

—Record News Photo by Louis Cozby

Watching the first load of 1955 wheat harvested in Wichita County pour from the truck into the elevator are, left to right, Harlan Mills of Mills and Fleming Grain Co. of Burkburnett, Tom Holman, who harvested the wheat, and Tommie Oglethorpe, manager of the Burkburnett Chamber of Commerce. Holman raised the wheat on his farm three miles Southeast of here, and brought it into town Monday afternoon. He received \$25 from the Chamber of Commerce and \$25 from the grain company for the premium load. The first load of Oklahoma Wheat was brought into Burkburnett to the Burk Gin and Elevator Sunday afternoon, some 24 hours earlier.

ROTARY CLUB

Each Tuesday Noon
Town Hall

Paul Browning introduced the guests and visiting Rotarians from Wichita Falls.

Dr. Thompkins of the Wichita Falls Toastmasters club gave a very interesting talk and invited our club members to attend the toastmasters meeting Monday

George McClarty was program chairman and presented Virgil Brookshear who in turn showed picture slides of various parts of the United States, Canada and Cuba that he had taken on vacation trips and also some pictures of the beautiful flowers he had grown in his own back yard. The pictures were very interesting and educational.

Bill Milam will be program chairman next Tuesday.

Guests were Mrs. Jack Farley, Mr. Hy Mardus of New York City, guests of Jack Farley; Geo. Johnson guest of Hugh Preston; Bill Ellis, guest of Bill Milam; Marvin Moreau, guest of Alvin Hill; Wes Lively, guest of Arch Cameron.

First Load of '55 Wichita County Wheat Brought to Burkburnett Mon., May 23rd

Burkburnett received its first load of Texas wheat at 5:40 p. m. Monday, slightly less than 24 hours after a load arrived here from Oklahoma.

The wheat the first reported in Wichita County, was grown by Tom Holman on his farm three miles southeast of here. It contained 15 percent moisture and had a test weight of 57 pounds per bushel.

Holman brought 42 bushels to Mills and Fleming Grain Co. where he received \$25 both from that firm and from the Burkburnett Chamber of Commerce as premiums for delivering the first load of Texas wheat to the city.

Harlan Mills one of the owners of the grain company, said the wheat outlook is good in this area and that farmers should average about 15 bushels per acre.

The dryland farm of T. L. Spurlock of Randlett, Okla., produced the load brought in at 6 p. m. Sunday. It contained 14.23 percent moisture and tested 57 pounds for the 51 bushel load. The chamber of commerce also gave \$25 for the first Oklahoma delivery, as did the Burkburnett Feed and Elevator Company, where the wheat was taken.

Spurlock also won last year's premium for bringing in the first load of wheat.

Within 45 minutes after Spurlock delivered his wheat, Guy Davis, also of Randlett, followed with a second, but having missed the premium for the first load, he returned to Randlett to try to get the premium offered there.

Mr. and Mrs. G. R. Brown of Hobbs, N. M., visited Mrs. Brack Preston here Friday. Saturday visitors were Mr. and Mrs. A. D. Brown and Mr. and Mrs. Shelby Reed of Big Spring, Texas.

LIONS CLUB

Meets at Town Hall, 7:00 P. M.
Each Tuesday

Mr. Yeager of Wichita Falls explained the workings of the Toastmasters Club and announced a meeting would be held in Town Hall next Monday for the purpose of organizing such a club in Burkburnett.

Ralph White, program chairman, presented Sgt. David Malone, who showed colored slides of the Air Base in Greenland, and told of his experiences there for fourteen months.

Next week Andrew Suttles will bring the program.

Drum Major and Majorettes Named For Burk High

Miss Pat McCabe, daughter of Mr. and Mrs. Eugene B. McCabe of this city, won the coveted major post in the Burk High school band try outs. Assistant drum major during the past year she moved easily into the top spot in the performance ratings.

Sophomore Carol Sue Muller, daughter of Arnold Muller, won the position of assistant drum major for the 1955-56 season.

Pat Clack, Barbara VanLoh, Linda Cheney and Beverly Netherlain complete the ensemble of six majorettes who twirl for Burk's marching band of 48 members.

Zundy Junior High School in Wichita Falls was the scene of the elimination contest with ratings based on the University Interscholastic League score sheet.

Senior graduation cost the band one of its majorettes, Elaine Webster, and its distinguished drum major, Jo Ann Thomas.

Funeral Rites Sun. For Father of Mrs. W. E. Howard

L. C. Walker, 96, resident of Nocona since 1880, died at his home two miles east of there Friday after a short illness.

Funeral services were held Sunday at 2:30 p. m. in the First Baptist church in Nocona with Rev. George Park, pastor and Rev. Lewis Hill, pastor of Bethel Baptist church officiating.

Interment was in the Nocona cemetery.

Walker, born Feb. 10, 1859, in Tipper county, Miss., came to Rains County in 1872 and moved with his parents to Nocona in 1880. He had been a land owner and rancher in Nocona since that time.

He is survived by six sons, James Walker, Irvin Walker and Glen Walker, all of Nocona, Ben Walker of Gainsville, Hugh Walker of Meridian, Miss., and Mason Walker of Wharton, Tex., three daughters, Mrs. W. E. Howard of Burkburnett, Mrs. N. L. Sewell of Ringold and Mrs. T. N. Sewell of Nocona; one brother, A. L. Walker of Texline; 16 grandchildren and four great-grandchildren.

Candidate for Rodeo Queen

WENDLYN NAN GOINS, daughter of Mr. and Mrs. Wendell Goins and Burkburnett Queen at the Fort Worth Fat Stock Show, is a candidate for Rodeo Queen of the coming Celebration and Rodeo June 22-25-24. Miss Goins is being sponsored by the Gay Ladies Garden Club.

Burkburnett . . . History

Revealed By Star
Files 15 Years Ago...

Pfc. Floyd Lawler has been awarded the Bronze Star for heroic work he rendered on the Saigfried Line in France. He is the son of Mr. and Mrs. J. P. Lawler.

Miss Maureen Goodwin will arrive here Saturday to spend several days with her parents, Mr. and Mrs. H. A. Goodwin. Maureen is employed in Seattle, Wash.

Miss Hazel Cypert, daughter of Mr. and Mrs. J. E. Cypert, returned home today from the Wichita General Hospital where she underwent major surgery two weeks ago.

Word was received by Mr. and Mrs. W. J. Tyler that their nephew S-Sgt. Joe Bob Tyler, was liberated from a German prison camp April 13th and is now in a hospital in France waiting to be sent home. He was taken prisoner December 23, 1944.

Mrs. Bill Otto of Riverside, Calif., has been visiting her mother, Mrs. N. Morris, the past two weeks. While here, she also visited her brother Walter Morris in Ft. Worth.

S-Sgt. Lloyd E. Aulds writes his mother, Mrs. W. J. Aulds, that he is well, and O. K. and would be seeing them soon. Lloyd has recently been liberated after several months in a German prison camp.

Cpl. Edward "Skeets" Kemp spent last week here with his wife Nela Kemp and his mother, Mrs. Dessie Kemp of Randall, Okla. Cpl. Kemp was delayed enroute from Los Vegas, Nev., to Kearns, Utah.

Carroll Chapman, S 1-C who is stationed near San Diego, Cal., writes his parents, Mr. and Mrs. M. C. Chapman that he expects to be home on leave about June 1st. He has been in service since last August.

Junior Gardeners Hold Skating Party

The Junior Burkburnett Garden club closed its club year with a skating party Saturday afternoon, May 21st. The members met at the home of Irma Ned Riley. A hydrangea with lovely pink blooms was presented to Mrs. Walter Riley by the club. When all the girls had arrived, they went to Skateland for an afternoon of skating. Informal refreshments were enjoyed by the group during the skating session. Members taking part in the outing included Pat Kay Inlow, Charlene Preston, Donna Rose Gibson, Kathleen Roark, Patsy Preston, Ietha Herring, Brenda

Beavers, Charlott Johnson, Irma Ned Riley. Transport was furnished by Mrs. Walter Riley and Mrs. Walter Garden club, sponsors of Junior group.

GRASS ROOTS OPINION

BELLINGHAM, Wash., Herald: "A suggestion that stockholders be guaranteed an annual dividend meets with silence or chuckles, but a guaranteed annual wage, which must come from the same source, is presented as a demand and considered seriously."

GEORGETOWN, Ill., News: "Mass production, a backbone of our economy and our standard of living, is not new America. Away back in 1789, when each army rifle had to be made laboriously by hand, each part to fit one gun and one gun only, Eli Whitney evolved an unheard of method of speedily forging and stamping out 'standard' interchangeable parts and assembling them later. The idea caught on, and has been going strong ever since."

SAUGERTIES, N. Y. Daily Post: "Anyone who has had any dealings with governmental agencies knows full well that economy of operation has never been an important item. 'Uncle Sam is paying the bill,' was the general report. However, WE're Uncle Sam. A penny saved is a penny earned. It's about time Uncle Sam and his extravagant nephews started realizing that fact."

IS YOUR ALLEGIANCE SHOWING?

A few years ago as an American freighter steamed slowly into the narrow entrance of a distance seaport, the Stars and Stripes whipping in the breeze at the taffrail, the crew heard music from the shore. Faintly at first, then more loudly came the words of "America" from the throats of a dozen or more homesick missionaries—several of them kneeling as they sang.

But we shouldn't have to be lonesome and far from home to be emotionally aroused at the sight of our flag, to be reminded of the history of our forebears made as its blue field grew from 13 stars to 48, or to realize with pride and reverence that here, today, is the one powerful symbol of human freedom remaining on this earth.

On June 14th, the day set apart for honoring the Star Spangled Banner, may it wave from every flagstaff on every Main Street and from every home from the Atlantic to the Pacific and from Canada to Mexico. In repeating last year's drive for "New Glory for Old Glory," the 31,000 Posts and Units of The American Legion and its Auxiliary will go all out in making this Flag Day the most inspiring demonstration of national unity, spirit and dedication the world has yet seen.

Again this year, the nation's 25,000 dry cleaners will clean your flag free of charge from June 1st to June 18th, in return for your promise to put it up on Flag Day. The American Legion Post is ready and anxious to help you or advise you in its proper display. Thus, now is the time to get your flag out, see if it needs cleaning or mending. And if it is too tattered or faded, (or you haven't got one) order a new one quickly so you'll be sure to have it in time.

Now, if ever, is the time for Americans to show their colors.

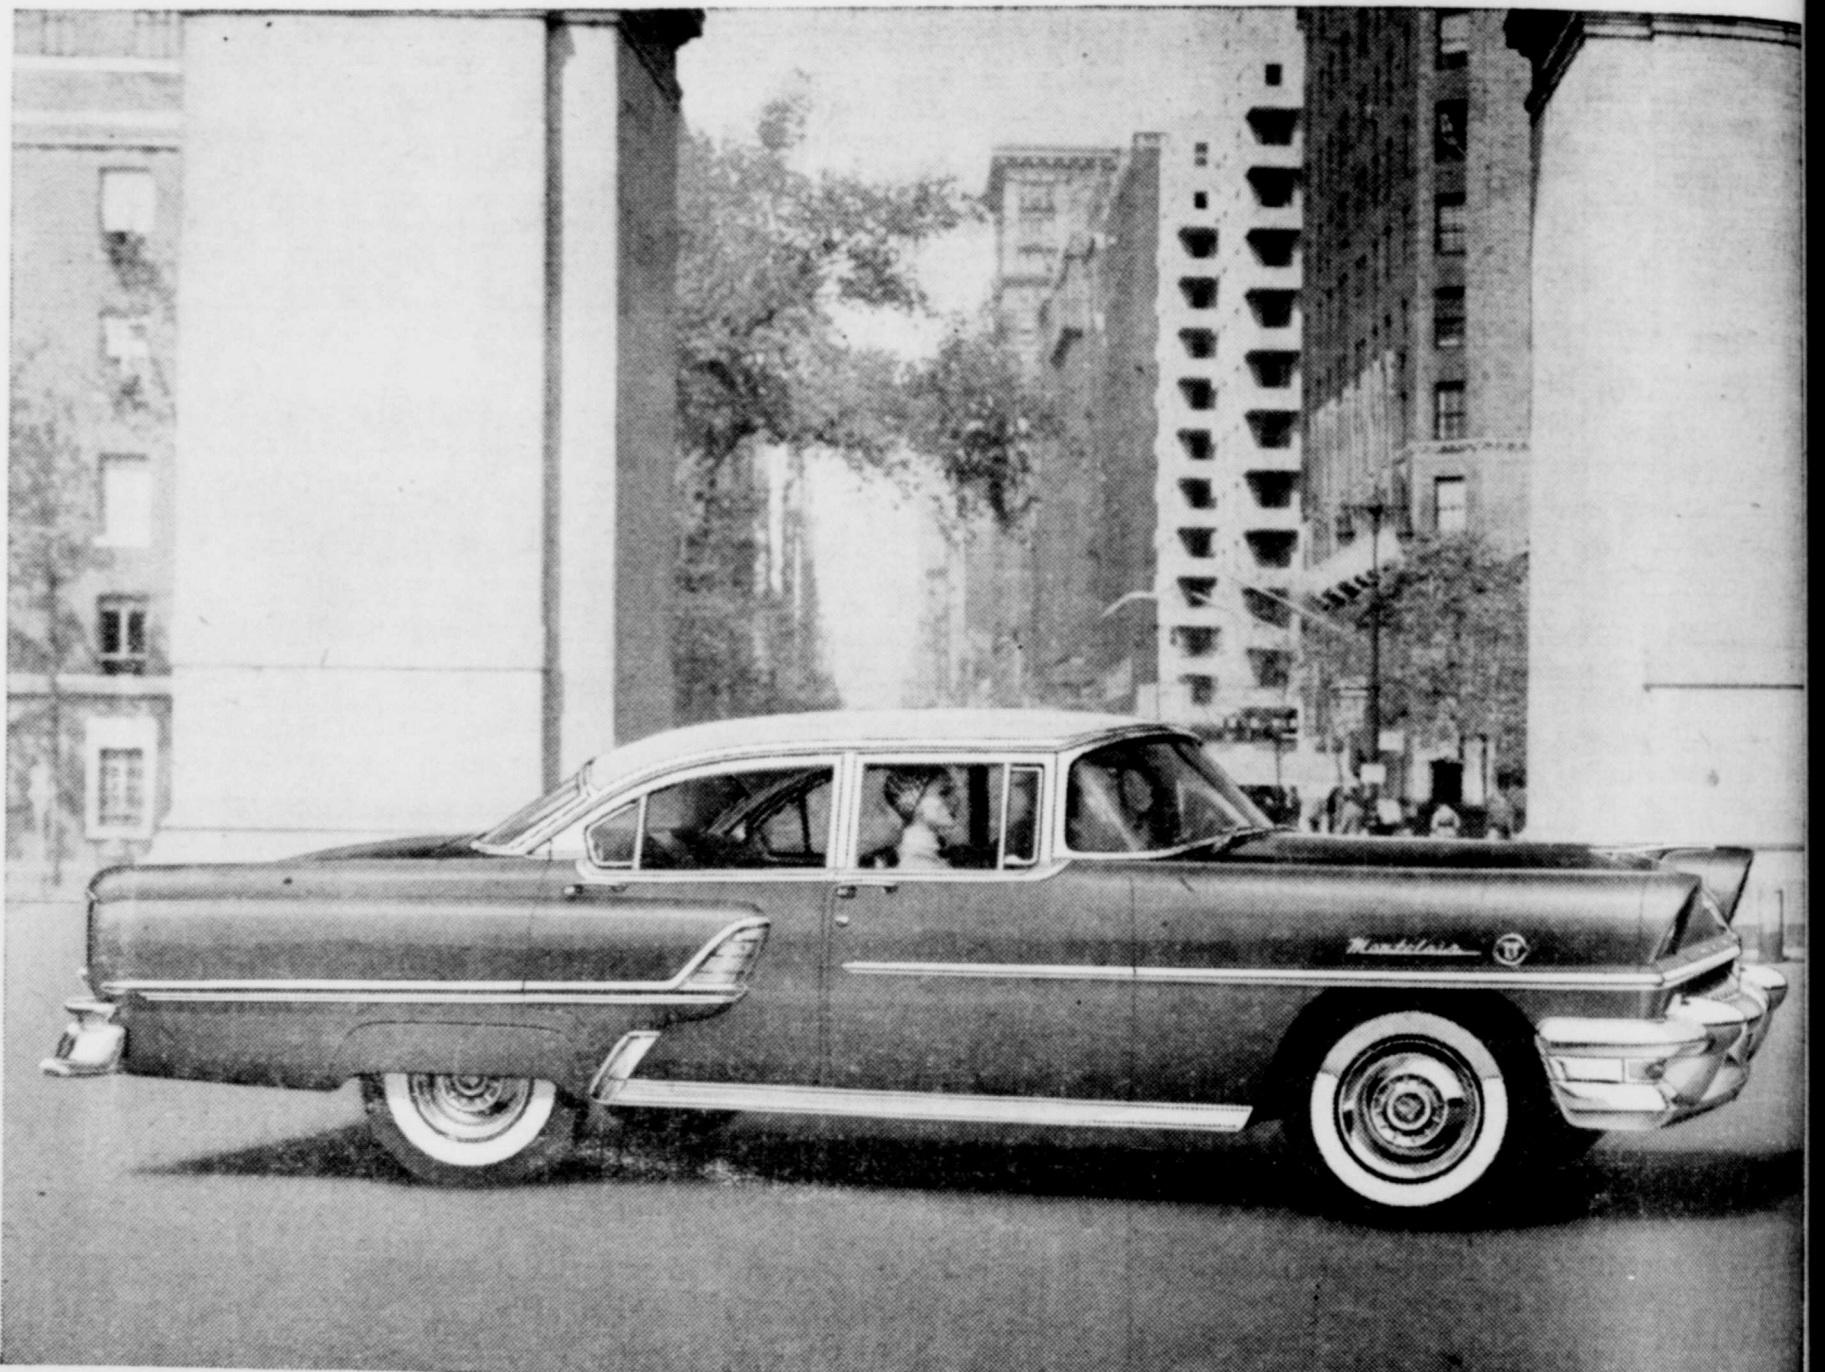

NO SECRETS

Plans have been made and have received governmental approval, whereby a group of Russian farmers will be allowed to visit American agricultural areas, starting in Iowa. There is a question whether this tour will actually materialize, for the reason that the Russians are unwilling to accept provisions of American law providing for the finger-printing of foreign visitors. But whether it does or not, it is plain that Russian officials are extremely keen to learn about American farming. Russia always has a serious food problem, and whole regions of the USSR have been struck by actual famine.

In an editorial discussing the proposed tour, the Opinion-Tribune of Glenwood, Iowa, made this striking observation: "We have no apprehensions that the visit to the United States by a group of Russian farmers will reveal any particular U. S. agricultural secrets. In fact, this country has no agricultural secrets—only hard work, progressive farm practices and individual freedom and initiative."

If the Russians do come, they will see many outstanding evidences of material achievement. Our framers use more and better tractors and other equipment than do those of any other country. They follow proven land and water conservation techniques. They have the boons of electricity, highly advanced chemical fertilizers, effective insecticides and many other such tools. But most important by far, they have freedom. All these material benefits are the results of that freedom—and of the political and economic system which prizes individual freedom above all else.

Wilbarger-Wichita Soil Conservation District News

Guar is being interseeded with sorghum for ensilage by co-operators with the Wilbarger-Wichita Soil Conservation District, Elvay Sargent, SCS technician, said today.

The noble Foundation of Ardmore, Okla., has recommended guar and sorghum mixture for improved quality in silage.

Such a mixture seeded in July made good quantity in ensilage for Iowa Park experiment station in 1954.

Bob Miller, Midwestern University are using guar and sorghum. Mike Hartmangruber, farming the George Graham farm south of Iowa Park, will use guar and honey dip cane for his ensilage mixture.

Fenton Dale, chairman of the board of supervisors is using guar and sorghum.

Larger applications of fertilizer are being reported this year. Rufus King, farming at Kamay, Jack Ellis, 4 miles west of Wichita Falls, and Fenton Dale are using 80 pounds of nitrogen per acre under sorghum crops.

SCS technicians have designed and staked a waterway for N. J. Jacobi farming 3 miles north of Electra. Jacobi also had a terrace staked to protect sloping land below old terraces.

Nolan Fuqua, president of the National Association of Soil Conservation District Supervisors of Duncan, Okla., will be the guest speaker at the Banquet of Champions. Fuqua will bring a national summary of the Soil Conservation District movement to district cooperators and guests 7:30 p. m. Thursday, May 17 at Electra High School.

The banks of the district are sponsoring the annual banquet and free tickets may be had from them.

Master of Ceremonies will be Charlie Morrison, the agricultural manager of The City National Bank of Wichita Falls, who will be assisted by V. G. Brasfield of Electra, Earl Sargent of Wichita Falls, Lee Glazener of Vernon and J. C. Porter of Wichita Falls. Richard and Glenda Lynn Cook of Oklaunion will furnish the entertainment.

Awards will be presented by supervisors Fenton Dale of Iowa Park, Henry Vaughn, Burk Burnett, Jack Walsler, Electra, Bill Bond, Vernon and G. A. Shivers, Thalia.

Dan Roberts of Wichita Falls will receive the districts outstanding conservation farmer award. Henry Wolf of Iowa Park A. F. Winston of Vernon, G. A. Shivers of Thalia and Herbert Detmer of Electra will receive the district sub-division conservation awards.

Walter Noack of Vernon will receive the comeback farmer award; Keith Berry, Vernon the businessman award, Greenbelt Sportsman club of Vernon, the Wildlife Plaque, Ralph Swinford of Friberg and Kenneth Wolf of Vernon will receive the rancher awards. The conservation home-maker awards will go to Mrs. E. J. Simons of Clara-Fairview community and Mrs. George Beavers of Vernon.

Questions, Answers Veterans Information Center

Q—I am drawing a VA pension, and I have just received a legacy that will push my yearly income above the maximum allowed by law. Am I supposed to inform the VA about it?

A—Yes. You should notify the VA immediately, so that your pension payments can be stopped. Failure to inform VA of your added income will result in an overpayment of pension that you may have to pay back to the Government.

Q—I am planning to take a correspondence course under the Korean GI Bill. For purpose of my GI allowance payments, what does VA consider as the beginning and ending dates of the course?

A—The beginning date of your course is the date on which the school furnishes you with your first lesson. The ending date is the date the school services your final lesson.

Q—A veteran friend of mine who had been getting a pension somehow failed to send VA his annual income questionnaire. As a result, his pension has been stopped. If he now sends the questionnaire to VA, and if his income is below the legal maximum, will the payments be resumed?

A—If he returns the question-

naire within one year from the date it was originally sent to him, he will receive his pension payments all the way back to the date they were cut off. If he waits longer than one year, the payments will begin as of the date of receipt of the questionnaire or the date a new claim is filed. All this presupposes that the veteran's income is below the legal maximum for a pension.

Q—I understand I have 120 days from discharge to obtain Korean GI term insurance. During that period, I am covered by the free indemnity I had while in service. If I apply early, will I lose out on my 120 day free coverage?

A—You will not lose out on your 120 day free coverage if you apply for GI term insurance before the time runs out. At your request, VA will apply your initial payment to the first premium due after the 120 day period expires.

Drive Safely... Watch Children

"Bring 'em up, don't run 'em down!"

In these words, Mr. E. C. McFadden of Dallas, Vice-president, Employers' Casualty Company and President, Texas Safety Association, Inc., today made a plea to Texas motorists to watch out for children in traffic. Mr. McFadden was speaking in connection with the child pedestrian and bicycle safety program being sponsored locally this month by the Texas Safety Association, the Department of Public Safety and the National Safety Council.

"Every year thousands of children are injured and killed in motor vehicle accidents," Mr. McFadden said. "To improve this tragic situation, every driver must keep alert for children."

According to National Safety Council statistics, 4,400 children under 15 were killed in traffic in 1953, and approximately 225,000

youngsters in this age group were injured, Mr. McFadden said.

"Of those who died," he said, "2,000 were killed in cities, and 2,400 were killed in rural areas." Mr. McFadden also pointed out that in 1953 almost 2,000 of the youngsters who lost their lives in traffic were pedestrians.

"A total of about 82,000 child pedestrians were injured and killed that year," he said, "and most of these accidents occurred to children crossing streets between intersections, coming on to streets from behind parked cars or playing in the roadway."

To avoid bringing harm to children in traffic, Mr. McFadden suggested that drivers follow four safety rules. The rules are:

1. Always expect the unexpected where children are concerned, remembering that children are unpredictable and that the motorist must think for them in traffic.
2. Give young bike riders every break.
3. Drive with extreme caution near schools and playgrounds and in residential areas—in fact, near any place where children may be expected to gather.
4. Be especially alert in school areas for signs, signals, traffic police, school patrols and for children themselves.

Int. G. A.'s Met With Mrs. Morgan May 23

The Intermediate GA girls met Monday, May 23rd. Charlene Preston, president, called the meeting to order. Wanda Lewis led in the opening prayer. Myrna Hoffman, secretary, called the roll and the minutes were read and approved.

Gayle Sanders had charge of the program on A Man Who Hoarded His Riches. Connie Stegall led in prayer. We then studied our Forward Steps.

Refreshments were served to thirteen members and two visitors. We were then dismissed.

Wedding Announcements At Star

MARETTA SIMMONS PRESIDED MONDAY AT REBEKAH MEETING

Burkburnett Rebekah Lodge No. 67 met Monday night in a stated meeting. Marettta Simons, vice grand, presided in the absence of the noble grand, Mary Frances Knox, who is ill.

Reports of all committees were heard. An invitation from Golden Rule Rebekah Lodge No. 164, Wichita Falls, to attend their meeting when the president Lilly Alexander, would be present, was received. Some plan to attend.

Under good of the order, Elizabeth Gragg, lodge deputy, gave a short school of instruction of questions and answers, also read the things the president wanted this lodge to do.

Next regular meeting will be June 6th. Sixteen members were present.

Mr. and Mrs. O. B. Wofford and Mr. T. Guy Willis visited Mrs. Nora Jordan Sunday, May 22 in the Olney Hospital, Olney. Mrs. Jordan had just been returned from the Baylor Hospital in Dallas where she had undergone surgery. Mrs. Jordan resides in Graham, Tex.

Wilbarger-Wichita Soil Conservation District News

Conservation farmers and ranchers will receive recognition and awards at the Banquet of Champions, Fenton Dale, chairman of the board for Wilbarger-Wichita Soil Conservation District announced today.

The meeting will be 7:30 p. m. May 17 at Electra High School with the district program committee in charge of arrangements. J. S. Porter, agricultural manager of the First National Bank, Wichita Falls is heading the committee.

Dan Roberts, farming two miles west of Wichita Falls, has been selected by the board as having been the most outstanding conservationist of soil, water and plants during 1954. Other outstanding conservation farmers receiving awards will be A. F. Winston, subdivision one; G. A. Shivers, subdivision two; Henry Wolf, subdivision three; Herbert Detmer, subdivision four.

Walter Noack of Vernon has been selected to receive the award for doing the most to reclaim and restore to productivity a wornout and rundown farm.

Keith Berry, president of the Herring National Bank at Ver-

non will be recognized as the business man rendering the greatest unselfish contribution to soil conservation during 1954.

The wildlife conservation group doing most for wildlife in the district and to receive that award will be Green belt Sportsman Club of Vernon.

Ralph Swinford of Wichita County and Kenneth Wolf of Wilbarger are to receive the conservation rancher awards.

A new division, that of conservation homemaker will be added this year and receiving the awards will be Mrs. George Beavers of Wilbarger and Mrs. E. J. Simons of the Clara-Fairview community in Wichita County.

Bankers of the district are sponsoring the banquet and attendance will be by invitation from the bankers and conservation officials.

Guar is being interseeded with Sorghum for ensilage by co-operators with the Wilbarger-Wichita Soil Conservation District, Fenton Dale, chairman of the board, reports today.

Guar and sorghum mixtures have produced an ensilage that gave a larger gain when fed, said Dr. Horace J. Harper of the Noble Foundation of Ardmore, Okla.

Bob Miller, Mike Hartman-gruber of the George Graham Farm, Fenton Dale and Jack Martin are cooperators that have guar sorghum mixtures seeded near Iowa Park.

Midwestern University has seeded guar and sorghum in strips.

Oscar Klinkerman, Ray Hirsch and Henry Wolf have successfully grown guar and have crops of guar seeded now.

The Soil Conservation offers the following seeding information.

Seeding rate: 5 pounds in rows

and 12 pounds when drilled. Fertilizer; responds to application of 20 to 40 pounds of phosphate per acre. For best results have soil analysis and leave a check plot.

Adaptability: Guar is adapted to a wide range of soils but does best on sandy loam and lighter soils.

Seeding: plant in moist soil one to two inches deep in rows. May be drilled on clean land where no seed production is desired.

Inoculant—use special guar inoculant or Nitrogen Culture E."

Seed supply—all dealers have seed at a reasonable cost.

Time to Fertilize Farm Fish Ponds

Now is a good time for the farmer to fertilize his farm pond for the production of food for his fish, according to B. T. Haws county agent. The most practical way to provide food for the fish is to grow it in the pond where the fish live. An abundant supply of plankton can be produced in water containing lots of plant food such as all fertilizer contains. Poor land means poor water and poor water means little food for the fish. To increase the production of food in the pond, we now think in terms of fertilizing these acres of water as we fertilize land for crops. The principle is the same, and the same kinds of fertilizer may be used, according to Haws.

Various mixtures of fertilizers may be used to fertilize ponds: 1. 400 pounds cottonseed meal plus 200 pounds 20 percent super phosphate. The 600 pounds of this mixture is the suggested amount for one surface acre of water for one year. Apply as follows: First application, 300 pounds broadcast over pond in early spring. Second, third and fourth, applications of 100 pounds each at four to six week intervals.

Soybean meal may be substituted for cottonseed meal if desired 2. 300 to 500 pounds of high grade commercial fertilizer per surface acre of water per year. Apply as suggested under No. 1.

3. Commercial mixed fertilizer, 100 pounds 6-8-4 mixture, 10 pounds nitrate soda, applied separately or mixed.

Alkaline waters: 100 pounds 6-8-4 mixture, 10 pounds sulphate of ammonia applied separately or mixed.

Above amounts sufficient for one application per surface acre. Use at least 3 applications per year.

4. Manures: Barnyard manure may be used as a pond fertilizer with 500 pounds per application per acre with two or three applications per season.

Some pond owners prefer to start the fertilizer program in early spring and complete before

Sunday visitors in the home of Mrs. J. B. Grace were all her children: Mr. and Mrs. R. D. Revier of Burk, Mr. and Mrs. Henry Grace, Mr. Jack Grace, Mr. and Mrs. Bill Grace and children, Mr. and Mrs. Jess Jeter, Mr. and Mrs. Bill Rigby, all of Wichita Falls, Mr. and Mrs. Charlie Grace of Ft. Worth and Mrs. Louise Schittler and son of Jackboro.

Mr. and Mrs. Neal Tullis have returned home from a weeks vacation in New Mexico, Arizona and California. They report having a wonderful time.

Mr. and Mrs. J. B. Riley will attend the graduation and commissioning exercises of their son, J. B. Riley, Jr., from A&M College at College Station, this week end. He will receive a degree in Agriculture and Animal Husbandry.

Funny man, aren't we. Before marriage we think nothing is good enough for the wife, and after marriage we still think nothing is good enough for her.

ONE STEP WON'T GET YOU THERE

And One AD Won't Bring Success—You Must Keep On Advertising

July 1. Others prefer light applications at four to six week intervals throughout the year. Avoid heavy applications during July and August, especially in ponds heavily infested with pond weeds

Contemporary Club Held Meeting At Hickory Inn Recently

Final meeting for the current year of the Contemporary Study club was held at Lester's Hickory Inn. Mrs. Jim Maag conducted the business session. Decision was made to meet on Monday nights instead of Thursdays. Plans for the rodeo float to be sponsored by the club were discussed. It was voted to present each outgoing president with a bracelet.

Installation of officers was ably conducted by Mrs. Jim Maag. Mrs. John V. Lilley assumed duties as President, Mrs. A. B. Fields, vice-president, Mrs. H. S. Thaxton, Recording Secretary; Mrs. Brice Burton, Corresponding Secretary; Mrs. Harry Elliott, treasurer; Mrs. F. A. Eastman, Parliamentarian; Mrs. M. W. Carney, Historian; and Mrs. Cliff Wampler, Reporter. Mrs. John Lilley made an interesting short talk and welcomed suggestions from members on changes or improvements to the club routine.

Eighteen members enjoyed steak dinners. Present were Mesdames Francis Beaver, G. C. Beavers, J. F. Eastman, A. C. Fields, C. A. Smith, P. O. Wise, M. D. Cheney, H. S. Thaxton, Maurice Carney, Joe Parsons, L. L. Smith, F. A. Eastman, Jim Maag, Harry Elliott, Ed Kinnett, John Lilley and Cliff Wampler.

NOTICE

All Oddfellows and officers are requested to be present at our next meeting, Tuesday, May 31st, 8:00 p. m. for the election of new officers. We will also have a birthday party for those having birthdays this month. Everyone come out and enjoy a grand time.

University Club Installation May 18 Home of Mrs. Burns

One of the most delightful events of our club season was the meeting held May 18th by the University Study club at the lovely, spacious home of Mrs. E. R. Burns on Sheppard Road for their May luncheon and installation of officers.

After a delicious dinner served from the dining table covered with a lace cloth centered with flowers and tapers, reports were given and then Mrs. Blake Browning installed the officers with a lovely candle ceremony; President Mrs. Joy Sessums; vice presidents, Mrs. I. E. Harwell and Mrs. T. M. Jensen; recording sec. Mrs. A. W. Newman; corresponding sec. Mrs. W. H. Holt; treasurer, Mrs. O. E. Melton; parliamentarian, Mrs. A. R. Bunstine; historian, Mrs. R. C. Tevis; federation counselor, Mrs. E. R. Burns, reporter, Mrs. Brocker. Mrs. Browning quoted a fitting admonition for each officer.

Mrs. Browning was presented a gift from the club. Door prizes were drawn. Laura Louise Tevis, associate member, was presented a door prize which was drawn by Mrs. W. J. Lacy. Mrs. Bunstine, retiring president, was presented with a gift in appreciation of her services. Eighteen members and two visitors were present, Mrs. Browning and Mrs. Butts. Co-hostesses for the affair were Mrs. Milam and Mrs. Brocker.

Word has been received of the promotion of Billy Askins to the rank of First Lieutenant. Lt. Askins is stationed on Okinawa at the present time but is scheduled to arrive in September. His wife, Sidney Askins, and son have residence with her mother, Sid Gambin, while he has been overseas.

Mr. and Mrs. J. S. Adams Monahans, Tex., visited Mrs. J. C. Adams over the weekend. Sunday they all visited new and modern food market Mr. Lee Hogle in Lawton, Okla. which is scheduled to open the near future. Sunday at the Adams showed some of the travels of their daughter, her family on the European continent.

Morris Bookbinder attended market in Dallas Tuesday.

Electric Cooking is COOL

..... "I enjoy cooking, even in hot weather, since we got our new Electric Range"

When you join the thousands of other women who cook electrically you, too, will enjoy summer cooking in a cooler kitchen.

Your modern electric range holds waste heat to a minimum. Why? Because an electric oven is insulated - top, bottom and sides - to keep heat inside the oven and out of your kitchen. Surface units help eliminate waste heat, too, because electric heat is transferred into utensils by direct contact with the unit.

You'll also enjoy the other advantages of modern electric cooking. Find out now the many ways an electric range will save you time and effort.

LOWANNA HOLD FIRE CEREMONIES

Lowanna Camp fire girls held a ceremonial depicting the efforts of camp fire Thursday in the Walter Riley garden. The ceremony climaxed a series of days of preparation by the members of the council circle sing... The camp fire was at twilight. The group at the council circle sing... Come to the Council... members lighted the candles for Wahoo and... representing their craft, giving a short talk on the...

craft. The group councilor, Mrs. Walter Riley, awarded the honors earned in the different crafts to the girls and praised the members on the progress made during the past year on the Camp Fire Trail. Six members will be ready to take Wood Gatherer's Rank and one member will earn her Trail Seeker Rank at the annual Mother-Daughter Tea, May 19th. After a sing-song, cokes were served to the group by Irma Ned.

PARENTS AND FRIENDS OF LOWANNA GIRLS HONORED WITH SUPER

Shirley Hodges was hostess to the parents and friends of the Lowanna Camp Fire group Monday April 18 in her home on West Third Street. Assisting Shirley in the hostess duties were Jo Ann Hervey, Loretta Brocker and Ietha Herring. Each member of the group prepared one dish of the supper in order to meet requirements for rank. The adult guests played 42 after supper with Mrs. Ava Buck winning high and Mr. Albert Richardson, low. Both were presented boxes of camp fire candy as prizes. Twenty-two guests were present for the party given by the seven girls in the Lowanna group.

LOWANNA ACTIVITIES FOR MAY

The first two meetings during the month of May were devoted to checking honors and requirements for the Wood Gatherer's Rank. Inasmuch as the Mother-Daughter Tea was set up for

May 19, much work had to be done before that date so the group could take Rank. Many informal meetings were held with the group's councilor, Mrs. Walter Riley who checked honors and helped the members prepare for their rank examination. Each girl then met with Mrs. R. M. Brister, Award Chairman, for their examination. The Rank Awarding ceremony was held May 19th in the Town Hall, girls receiving their wood Gatherer's Rank were: Loretta Brocker, Carolyn Clement, Shirley Hodges, Jo Ann Hervey, Irma Ned Riley and Charlotte Wallace. Charlotte Wallace was unable to receive her rank personally on account of illness. Each girl was awarded ten small purple beads and one large purple bead of rank and the right to wear the silver wood Gatherer's ring. One member of the group, Ietha Herring, took the Trail Seeker rank and earned the right to wear the silver Trail Seeker charm. She received five purple rank beads. In addition to taking rank, Shirley Hodges, Irma Ned Riley, Carolyn Clement, Jo Ann Hervey and Loretta Brocker received five-year membership honors. Swimming honors were made to Irma Ned Riley, who has passed the intermediate swimming test and received a "Fish" symbol to wear on her swim suit. "Polowog" honors were earned by Charlotte Wallace, Loretta Brocker, Carolyn Clement and Shirley Hodges, who have passed the beginners requirements. Mrs. Riley, in making the awards, stated that by the next Mother-

Daughter Tea all the Lowanna girls will have earned their "Fish" honors or the "Polowog" symbol.

LOWANNA GIRLS GIVE COMMUNITY SERVICE

Six of the Lowanna Group who are working on their Wood Gatherer's Rank met at the Youth Center April 25th after school to clean the hall. Mrs. O. M. Grizzle set the girls to work sweeping, polishing, moping and cleaning the lavatories. After an hour the hardest work was done and laborers enjoyed cokes and candy. When the work was done Mrs. Grizzle was thanked by the group for the opportunity to give service to their community. Jo Ann Hervey, Carolyn Clement, Charlotte Wallace, Irma Ned Riley, Shirley Hodges and Loretta Brocker took part in the project. Mrs. Walter Riley, councilor, provided transportation for the girls.

Representative of Social Security Coming to Burk

A representative of the Social Security Administration will be in Burkburnett on the following dates at the City Hall at 9:30 A. M.: Tuesday, JUNE 14th. Persons who desire information or assistance in Social Security matters are invited to meet with the representative. H. J. Myers of Manhattan Beach, California, visited his grandparents. Mr. and Mrs. Guy England, here this week. Mr. Myers was on his way to Boston, Mass., where he will be married on May 28th. His fiancée is Miss Marian Gertrude Roche, of Boston.

Beetle Grubs May Damage Lawns

Spotty damage to lawns, or a general unthriftness for which there is no obvious cause, may be the result of work done by beetle grubs.

Remaining in the soil thruout their larval stage, these grubs feed upon the roots of grasses and other plants. If a sufficient number are present in the lawn, whole root systems are destroyed and the grasses die.

Though lawns may suffer from the ravages of a great many insects, beetle grubs do most damage, and their activity is harder to detect, according to B. T. Haws, county agent.

Haws suggests an easy method of checking for the presence of grubs in the lawn. Cut down on three sides of a square foot of sod, two to three inches deep, with a sharp spade. Then forcing the foot of sod, using the uncut side as a hinge, and examine for grubs. If six or more grubs are found in this area of soil, the lawn is subject to damage, and some treatment is needed. Tests so far have shown clor-

dane to be the most promising insecticide for lawn treatment, Haws explains, but others include aldrin, DDT, and dieldrin and heptachlor.

All these materials are poisonous and should be handled and applied according to manufacturer's directions. They are available in the form of wettable powders or emulsifiable concentrates that can be mixed with water and used in a sprayer. The dust forms may be applied directly to the lawn.

When treating for grubs it is a good practice to sprinkle the lawn after the insecticide is applied, adds Haws. This will wash the poison down into the soil where it can reach the insects.

L-199, Guide for controlling Insects on Ornamental Plants, available from local Extension Agents, gives full details controlling the white grub as well as other insects.

A number of lawns in Wichita County were infested with this insect last year.

How to honor a hero

IT IS THRILLING to watch the breeze catch the flag as you hang it out on Memorial Day. And it makes you feel good to decorate the monuments to the men this day honors.

Every town in the land has one or more monuments in their memory—bronze soldiers, steel cannon, big granite stones.

But their greatest memorial is one they themselves fought and bled and died to build and preserve: the United States of America.

And the best anybody can do to honor their deeds lies in strengthening and preserving this living memorial, our nation.

You do this most simply and easily when you invest in our country's Savings Bonds. For your ownership of these Bonds not only makes you a more independent American; it also makes America stronger, more stable and secure.

So continue to invest regularly and steadily in United States Series E Savings Bonds, holding them until they pay you their full maturity value.

If you have not been buying Bonds, the day after Memorial Day week end is a good time to begin. Invest now, through the Payroll Savings Plan where you work, or at your bank.

The U. S. Government does not pay for this advertising. The Treasury Department thanks, for their patriotic donation, the Advertising Council and

Miss Myrtle Stafford Bride-Elect Of James C. Walker Jr.

The engagement of Miss Myrtle M. Stafford to James Clint Walker, Jr., was announced this week by Mr. and Mrs. L. R. Cashwheeler of Burk Burnett.

Miss Stafford is the daughter of Mr. and Mrs. Everett Stafford of Madill, Okla., but has made her home with the Cashwheelers for the past few years. She graduated from Burk Burnett High School and attended Draughts Business college. While in school she was a member of the Student Council, President of FHA club, a member of the girls basketball team for three years, was elected All School Favorite in 1954, and received several Scholastic awards. She is presently employed in Wichita Falls.

The groom is the son of Mr. and Mrs. James Clint Walker, Sr. of Grandfield, Okla. He graduated from Grandfield High School in 1950, where he was very active in sports. He has served four years in the U. S. Navy and is now employed by Ryle Manufacturing Co. in Wichita Falls, Tex.

The wedding has been scheduled for Sunday, June 26th, 4:00 p. m. at the Church of Christ with Bro. W. E. Burkham, minister officiating.

Friendship Class Met May 19 With Mrs. W. Browning

The Friendship class of the First Baptist Church met Thursday evening, May 19th for a business and social session in the home of Mrs. W. W. Browning with members of group 3 assisting with hostess duties.

Mrs. H. S. Butts, president, directed the meeting which opened with prayer by Mrs. Sam Weaver. Mrs. A. C. Houser brought the devotional service from 92nd Psalm.

Mrs. W. B. Short, program chairman, directed the social hour. Mrs. Maude Teal presented her guest, little Miss Linda Lilley, who gave two lovely piano numbers. Mrs. Sam Weaver conducted a very interesting Bible quiz.

Refreshments were served to the following: Mesdames H. S. Butts, Lee Garner, Leo Dudley, R. P. Thaxton, J. E. Durham, Jim Ady, J. C. Adams, Agnes Boyd, H. L. Lawrence, W. B. Short, W. W. Browning, A. C. Houser, Sam Weaver, V. C. Skipwith, Roy Anderson, W. C. Davis, H. A. Goodwin, Maud Teal and one visitor, little Linda Lilley.

KILLS FLIES LIKE MAGIC!

We've never seen anything like it! This new Purina Fly Bait kills flies while you watch—and keeps it up for weeks on end. You just scatter the little dry particles where flies congregate—in barns, feed rooms, poultry houses, even outside—and Purina Fly Bait does the rest.

Before you buy any fly control, stop by the store and see this brand new product kill flies while you watch. It comes in handy 2-lb. shaker-top cans or in 10- and 25-lb. bags. And say, you'll like the low, low price tag on Fly Bait. Stop by the first chance you get.

Mother-Daughter Tea Held May 19 At Town Hall

The annual Mother-Daughter tea for Bluebirds, Campfire girls and their mothers, was held at the Town Hall on May 19 from 4:30 to 5:30 p. m. Cookies and punch were served as the guests arrived, with Mrs. Arlis Youngblood and Mrs. Archie Faulk presiding at the service.

Mrs. Gene Robertson introduced the Bluebird leaders for the year: Mrs. George Yarbro, Mrs. Cantrell and Mrs. Wood and the two campfire leaders, Mrs. Walter Riley and Mrs. Musgraves. She gave special recognition to the girls, Carolyn Clement and Charlott Wallace, who each sold seventy-five boxes of candy during the candy sale, and to Sharon Bowles who sold forty boxes of candy.

The three Bluebird groups presented songs accompanied by Mrs. Yarbro, Mrs. R. H. Brister, awards chairman, presented Trail seekers Rank to the following campfire girls: Susan Hingson, Diane Musgraves, Roxene Edwards, Mary Russell, Shirley Reynolds, Jan Good, Ietha Herring and Sharon Bowles. Wood gatherer's Rank was awarded to Loretta Brocker, Carolyn Clement, Jo Ann Hervey, Shirley Hodges, Irma Ned Riley and Charlott Wallace. These girls received rings as well as the beads. Special awards for five years work in campfire went to Carolyn Clement, Jo Ann Hervey, Shirley Hodges, Irma Ned Riley, and Loretta Brocker. Girls who had completed swimming requirements were also recognized.

Mrs. J. L. Mitchell, Mrs. Archie Faulk and Mrs. Arlis Youngblood served capably as the committee on arrangements.

Jr. Burk Gardners Close Busy Year

The final business meeting of the Junior Burk Burnett Garden club was held May 12th in the Junior High building. Judy Hofacket, president, called the special meeting so that plans could be discussed for the skating or swimming party tentatively set for May 21st. Due to the unpredictable weather, the members decided to wait until the day before the outing to hold the final vote. Officers for the 1955-56 season were installed by Mrs. Walter Riley. Incoming officers are Charlott Johnson, president; Ietha Herring, vice-president; Irma Ned Riley, Secretary-treasurer.

Charlott then appointed the following committees: Year book Donna Rose Gibson, Charlene Preston, Judy Hofacket, Brenda Beavers; Reporter; Pat Kay Inlow and Kathleen Roark; Projects, Kathleen Roark, Myrna Hoffman, Patsy Preston and Ietha Herring; Scrap Book, Irma Ned Riley and Charlene Preston; Flower of the month, Pat Kay Inlow.

The Junior club was organized two years ago and is sponsored by the Burk Burnett Garden club which organization furnishes a general chairman in charge of the Junior club. Mrs. O. E. Melton will work with the girls during the coming season. Mrs. Paul Browning and Mrs. Walter Riley were co-chairmen for the past year.

Mr. and Mrs. L. O. Ludington and Leo Snyder and family left Sunday for California. They will visit in Los Angeles and then return to Fresno and Onadera where they will visit friends and relatives.

Vera Cruz Story Of Old Mexico

These days, pictures are mostly better and bigger than ever. The return to expansive and expensive — Hollywood movies is exemplified by "Vera Cruz," the new Technicolor-Superscope film showing at the Palace Theatre, Saturday, Sunday and Monday thru United Artists release. Filmed entirely on location in Mexico, "Vera Cruz," co-starring Gary Cooper, Burt Lancaster, Denise Darcel, Cesar Romero and Sarita Montiel, deals with the violent and bloody pageantry of the historic struggle for Mexico between Maximilian and Juarez. A Hecht-Lancaster production, "Vera Cruz" was directed by Robert Aldrich.

More than \$150,000 was expended for a massive set representing the interior of Maximilian's palace — a set that was used for a mere two days shooting sequence.

Likewise, no expense was spared for the furniture of the palace scene; five hundred Mexican extras, wearing court garb, evening dress and the elaborate uniforms of the period—each costume specially designed by Norma, the Hollywood designer; a 140 piece orchestra to provide music for a ball sequence; priceless furnishings of the Maximilian era, some of them borrowed, others hired from dealers in antiques and object d'arts, at a handsome fee; period paintings, also rented, for a movie star's ransom.

7:30 p. m. Thursday — Young peoples endeavor

If you haven't a church home we would like very much for you to visit us where the full gospel is preached in the old time way. There is special music and singing each service. Each and everyone has a warm and hearty welcome to come worship with us.

Classifieds Don't Cost they Pay

Second in lavishness to this set was another representing the exterior of Maximilian's palace. A massive construction job, the palace exterior was built exactly the same scale as the original. It too, was decorated with invaluable art objects. For these scenes, also some seven hundred additional extras were used, including 150 lancer guards, resplendent in shining breastplate and uniforms, each astride a prancing stallion. Why, the cost of renting and feeding the stallions alone.

In short, "Vera Cruz" smacks very much of Hollywood in its hey-day, when glamor and opulence was a universal hallmark.

An Appeal for
101 Days of Safe Driving

During the summer months—from Memorial Day through Labor Day—highway traffic fatalities are high. So high that the Governors' Conference has endorsed a nation-wide safe driving program during the 101 days between the two holidays.

Only you, the motorist, can make this campaign a success . . . If you, and every other highway traveler, will resolve to drive at a safe speed, to follow the recommendations of Safety Associations for safe highway driving, literally hundreds of lives will be saved during this summer's travel. One of them may be your own.

Wherever you drive this summer,
PLEASE DRIVE SAFELY

Safety Associations recommend that you follow these simple rules for a safe vacation trip:

- Observe all posted speed limits; don't hurry, ever.
- Regulate the speed of your car to highway and traffic conditions.
- Don't drive too long—stop when you're tired.
- Observe all highway caution warnings—slow down for curves, when descending steep hills, etc.
- Don't drink when driving.
- Follow the golden rule of traffic courtesy: give other motorists the same consideration you'd like for them to give you.

New Dodge Custom Royal Lancer. Other Dodge models priced below many models in the "lowest price field."

Built to Flash Ahead (not just get by!)

Some things you can see right away that tell you this is the year of the big Dodge move. (Sales have doubled over last year!)

You can stack the new Dodge up against other cars in its field, and see how much larger and more luxurious it is: Up to 9 inches longer than competition.

You can see the distinction of new Dodge styling, with eager lines that are stealing the "OH's" from the costliest cars. The

swept-back sweep-around windshield. The "sparkle" of twin-jet taillights and three-tone color combinations. The beauty of Jacquard tapestry interiors.

But more important than this is the deep-drawn dependability engineered into every unseen part and feature of this great Dodge!

That is something you discover through the years and over the miles. It is your sure reward for choosing the new Dodge.

THE NEW DODGE

Progressive Education

By R. D. Laney

Discrepancies among the abilities to support are well known. Further, people are harassed by charges leveled against certain critics whose purpose is not to improve the school. If we assume that the purpose of education is to teach the R's, we must conclude that schools are doing their job as well as earlier schools. Studies substantiate achievement is the more because of the change in school population that our determination to all young people at pubescence thru high school we shift our sights, and accept as the purpose of education the development of intellectual competence, over that very little has been done, except defensively, when it is shown that the present school does as well or better, as earlier schools in the development of skills or in the transmission of uncriticized fact. All shown is that old teachers carry over into the

tion is burdened heavily, but American educators have shown no disposition to quit under loads they should not be asked to carry, not under fire that is frequently carelessly directed.

There are many teachers and administrators who are cultivated and well educated men and women. There are also others, and this is the general observation of those on long service on the school boards, there are also others who are ill educated, but they seem to have no more difficulty acquiring degrees and certificates in education than the well educated. The causes of this situation seem to be several. One would be shamefully low pay offered to teachers, which undoubtedly drives many able candidates, except those who are heroes and heroines. And their number is limited by nature.

A second would be the excessive emphasis on courses in education with a capital E, which distracts too many teachers from their own personal education. And next, the movement called Progressive Education is very influential in many teachers colleges. It operates in an atmosphere of disdain, if not of contempt, for so-called traditional subject matter. It is hard to believe that fundamentals will be taught by a teacher who has no respect for anything labeled fun-

damental.

Progressive Education presents a further problem. It regards education as a process of meeting a child's needs. It being assumed that need was always the basis of education. Allegedly, need to go to heaven, or need to get a job, or what not. But in Progressivism, quite apart from the question whether a child's deepest needs are those which he immediately feels, one would have to believe that a teacher is not competent to judge the relationship between literature or pure mathematics or what not to a child's needs if the teacher himself is uneducated in those disciplines.

Finally, the theories of Progressive Education derives from a philosophy which, whatever its merits, is highly controversial, and is little understood by parents and even by teachers, and has certainly not been candidly submitted to the community for approval. The most real need of a child, the most real need of any human, is a philosophical problem, and the advocates of the progressive reform deal with it in terms of their own philosophy. One would doubt that it is the prevailing philosophy of the American community. Naturally, anyone may claim that our children are well taught if he sets up a new philosophy, with new cannons of what good teaching is. And that's the rub.

Junior High School News

The eighth grade graduation exercises will be held in the High School auditorium Friday night, May 27th at 8:00 p. m. At that time perfect attendance awards will also be given.

Monday, May 9th, 8-1 students held a talent show in music class. Albert Koller served as M. C. The program was as follows: Harmonica solo, Albert Koller; Twirling routine, Pat Clack; Without A Song, 8-1 trio; Piano solo, Cherry Baker; piano solo, Donald McCullough; With A Song in My Heart, trio.

The eighth grade Geography classes divided into groups this six weeks and did research on

various subjects. They kept notebooks, wrote articles and displayed pictures on the bulletin board of petroleum, National Parks, agriculture and uranium. The Choral club presented a

spring concert May 13th in the High School auditorium. After the concert, a surprise party honoring the director, Mrs. Ragan, was held in the home of Linda and Kathleen Roark. She was presented a lovely gift and refreshments were served to the members of the chorus and to the following guests: Mesdames Parrack, Hendon, Nolen, McNeil, Mr. and Mrs. Mayes, Mr. and Mrs. Ragan, Mr. and Mrs. Roark, Charlene Preston, Gayle Sanders, Kayrene Davis, Bobby Lewis, Royce Miller and Don Duffer.

'Tis true that charity begins at home; but don't let it die there for lack of exercise.
