## GRACIOUS DOWN-POUR IN WEST TEXAS

OVER FIVE INCHES OF RAIN FALL. IT SAVES  
THE GRAIN CROPS. EVERYTHING LOOKS  
GOOD AND EVERYBODY HAPPY

Who said it never rains in West Texas? The fellow that said so is hiding out this week. It has rained, a glorious down-pour. Last Saturday night a gentle rain began to fall, and the next morning the weather gauge showed one and seventy-one hundredths inches. Sunday night another cloud arose and the flood gates of Heaven were open and the gauge showed Monday morning that three and forty-one hundredths inches had fallen, making the total precipitation five and one-tenth inches. With the fine bottom season already in the ground from the seige of rains in the fall, it put the finest season in the ground that has ever been seen in West Texas at this time of the year. And what is better, the rain seems to have been general, at least in this section. In many parts of the state no rain was needed, but in this immediate section we were beginning to need enough rain at least to make the moisture meet. And it certainly has met. It came at a very opportune time, too, and the wheat and oat crops are saved. There was a great deal of grain sown, and this rain will insure a fine grain crop. The farmers are jubilant, the merchants are wearing a broad smile, and everybody is happy. The only thing to mar the satisfaction and joy that such a rain will bring is, that in some places a storm came with the rain and proved destructive. In our neighbor county, Stonewall, a good deal of damage was done, especially at Peacock. The town was almost totally destroyed. But fortunately no one was killed, and only a few slightly injured. The neighboring towns have generously contributed money and supplies to the sufferers. Of course not near what they have lost, but enough to help them on their feet again. Let us all rejoice over the great rain, which practically insures fine crops in this section. Only surface rains will be now needed to make bumper crops.

5:30 o'clock, a cyclone passed through the Western part of Stonewall county, demolishing everything in its path. The town of Peacock, 12 miles west of Aspermont, was totally demolished. Not a business house left standing, and some ten or twelve residences were destroyed. These people are badly in need of assistance and anything your people might do for them will be greatly appreciated.

J. W. Thompson, editor of the Peacock Index, lost everything and any help the brethren of the press might give him will be highly appreciated.

Very respectfully,  
S. W. Thomas, P. M.  
Aspermont, Texas.

Mayor Cahill went out Tuesday and soon got about \$75 subscribed for the Peacock sufferers.

### The Oil Situation

The Corsicana Oil Company has cancelled its leases of oil land in this county. This company has been carrying leases here for the past two years. They were paying \$125 per quarter section for some lands and were turning loose quite a lot of money in this county. In every instance they returned a five dollar bill with the release duly authenticated. The drillers on the Scott lease are moving to Oklahoma. The Bunkley people have secured casing and are going to renew drilling. We have not heard from the Colbert well lately.

### Good Piano for Sale

## THE WAR SITUATION IS LOOKING BETTER

### SOUTH AMERICAN REPUBLICS TRYING TO EFFECT A PEACEFUL SETTLEMENT

The United States and Huerta have accepted the good offices of Argentine, Brazil and Chile, and these powers are formulating mediation proposals. It is understood however that Huerta will have to be eliminated in any settlement agreed to by the United States.

On Monday Gen. Funston arrived at Vera Cruz with 5,000 soldiers and the Mexican general, Maas, moved further into the interior.

The effect of the United States acceptance of the good offices of the A. B. C. powers has had a quieting effect on the Latin-American people, who were beforehand all against us for Huerta.

The war preparations and the getting of Americans out of Mexico, will go on steadily while the powers are trying to adjust differences.

The Mexicans are destroying the railroads and all other kinds of property in Mexico.

Villa has given out interviews stating that he is going to keep faith with Uncle Sam. Villa wants the United States to blockade all of Huerta's ports, and he will keep up the war against him. He characterized Carranza's demand that the U. S. evacuate Vera Cruz as a great mistake. He has shown more brains than any other Mexican. He has invited the American mine owners to go back into the territory he controls and start up their industries. He is shooting Mexicans who insult Americans and is protecting them.

The Constitutionalists have captured Monterey, and the rebels are more rejoiced than at the fall of Torreon.

3000 Federal prisoners have joined Villa's forces and are being drilled every day by Villa's officers.

The Mexican Federals that fired on American troops at Neuva Laredo, have been defeated by Villa's men and tried to cross to Texas, but the American patrol fired on them and killed a few of them. They ought to be driven back on the other side for slaughter, for they would turn against their American benefactors like the snake that bites the hand that warms him.

Admiral Craddock of the British Cruiser Hermione, stationed at Tampico, sent his marines forty miles inland to rescue eight Americans at Orange Hill. The British commander offered to go and get them for Admiral Mayo.

All consular offices of the United States have been closed and turned over to the Brazilian and French Consuls.

It has been reported to Gov. Colquitt that the Mexican Federals are offering 500 head of cattle for the head of any Texas ranger. The Governor is betting on the rangers keeping their heads.

Gov. Colquitt has sent a regiment of Texas Troops to Brownsville. The Federal authorities requested him not to do so, but he said he would keep them there until the Federal authorities sent

enough men to Brownsville to command the situation. He also said he would follow the outlaws across the river. This looks like business to the Free Press. The Mexicans will have something to do if they monkey with the state. There is no "grape juice" about Texas diplomacy.

The Mexicans jailed and insulted a U. S. Consul at Matamoras, but Villa's men turned him loose. They were easy on the consul, but were just paying their respect to the U. S. Government, and showing their respect for "grape juice" diplomacy. Now we think Bryan set a splendid example in drinking only "grape juice", but when it is time to fight we want him to show that "grape juice" leaves a man with his brain, courage and nerve. It is a slander on the "juice" to say it unnerves a man.

The better informed Mexicans at San Antonio and El Paso, have declared allegiance to the United States.

Villa and Carranza have met at Chihuahua and agreed on a policy of non-interference in the matter between Huerta and President Wilson.

The dillydallying of Wilson and Bryan has given the powers an opportunity to unite on opposition to the elimination of Huerta. Germany and the mediating powers are working to circumvent the Wilson policy. If the United States had have struck at the right time and begun an active campaign, it would have saved complications and done some good. They will spend more money waiting than it would cost to occupy Mexico, which will have to be done sometime.

### Villa's Position.

Villa has given out an interview approving the course of the United States, in accepting tender of good offices of the three Latin American powers, but wants this country to hold the reins. He says:

With Huerta out of the way the Cientificos who have exploited Mexico for their own aggrandizement ever since the nation achieved its independence will be rendered powerless to continue their exploitation and I believe will turn their time and talents to the building up of Mexico along rational lines.

"I appreciate that these men have brains and ability and can do much for their country and for themselves and the same time give the common people a chance to do something more than mere play. To get back to the proposition made by the three powers, I hope it will go through, but at the same time I hope the United States will retain a firm grasp of the situation and not permit three Southern American republics to obtain too strong a hold. Personally, I am willing they handle the matter alone. That would suit me better than anything, but if the arbitration proposed will prevent bloodshed it may be better to arbitrate."

### The East Ward Teachers Entertain With a Picnic.

Near seventy little hearts were made glad Saturday when old Sol peeped up pronouncing an ideal day for a picnic.

Several days previous Misses Bell and Boynton promised the youngsters an outing. And long before the hour of nine o'clock children could be seen coming in every direction with well filled baskets and jubilant hearts over the anticipation of the day's pleasure. Three well equipped wagons carried them to the favored picnic grounds on "Mule Creek," where swinging, fishing, wading and ball playing were the order of the day.

A bountiful dinner was spread amidst wild flowers and the beautiful shade of the elms. Ere the shades of evening fell, the wagons, decorated with flowers, willows and mistletoe, were homeward bound with "children tired of play," each one pronouncing it the happiest day of their lives.

Special thanks are due Messrs. Perdue and Wingo for their kindness in driving the teams and in helping to make the day a pleasant one, and also to those who furnished conveyances.

We thank and commend the teachers for the interest they have manifested in the East Ward during the entire school term.

A Patron.

## A MISTAKEN IDEA

There are some people who still resort to drugged pills or alcoholic syrups to overcome colds, nervousness or general debility, and who know that the pure, unadulterated nourishment in Scott's Emulsion is eminently better, but refrain from taking it because they fear it may lead to excessive fat or obesity.

This is a mistaken idea, because Scott's Emulsion feeds and strengthens the body before making the blood-forming properties aid nature and throw off sickness by building health from its very source, and flesh is formed only by its continued use. Avoid alcoholic substitutes for SCOTT'S.

HASKELL, TEXAS, May 2, 1914.

The Mexican situation has kept the people guessing for the past few weeks, and all kinds of international complications have threatened.

It certainly does make the patriotic American's blood boil to read the dispatches, giving the details of the indignities perpetrated by the Mexicans on our fellow citizens in Mexico.

If we get a good wheat crop we are going to start a tabernacle for the public gatherings. A good tabernacle will fill a place like the Coliseum of Rome did for the people of that empire.

If you don't believe "the world do move," just engage some of the high school boys in conversation, on sociological, moral or political questions. The splendid young men and women who are teaching the children in the public schools are building character.

There are men and women in this town raising children and teaching them doctrines that will handicap them all their lives. Such parents are not backing the teachers up with the proper home training. Such people will live to see their children fail, while their neighbors children will grow up to be influential men and women. Are such parents treating their children fair? When your own boys and girls compare you with the parents of their associates, will you shine in the comparison? Will your sin as a parent find you out, and will your children see anything in your life to admire or be grateful for?

## The Haskell County Singing Convention.

The Free Press calls attention to the notice in this issue of the meeting of the Haskell County Singing Convention, which meets in this city Saturday and Sunday, May 9th and 10th.

For the past two years this convention has been meeting here, and a great time was enjoyed by all who attended. At the last meeting last Spring, Haskell was made the permanent place of meeting, because of its central location in the county. The visitors were well pleased, too, with the hospitable treatment accorded them by the Haskell people. The second Sunday in May of each year was adopted as the permanent time of meeting. A business session will always be held on Saturday before, so that the entire day on Sunday may be devoted to gospeling.

The time for the next meeting will soon be here, and necessarily there will have to be some preparations made for the entertainment of the visitors expected. Fully as large if not a larger crowd is expected to be present this year. Therefore it behooves our business men to get busy at once and get ready to entertain in the usual manner characteristic of the Haskell people. Haskell has never yet fallen down on such a proposition, and we do not expect to on this occasion. But the time is short and what is to be done must be done quickly. Hence we urge prompt attention. We have had fine rains over the county, and the people are feeling encouraged and are going to meet together with joyous anticipation of a great day of social intercourse and gospel song. Let Haskell people meet with them. Bring your dinners and let's spread together, and spend the day in singing praises to the Great Giver of all that is good, and glorify and magnify His great and matchless name.

Put your shoulder to the wheel and push forward the movement for higher manhood and citizenship. This community and every other community in this country is demanding higher manhood and higher womanhood. If those who see political power slipping from the fellows who thrive on the vices of their neighbors are blue over the situation, you had just as well cheer up. The public schools and colleges are producing young voters who will stand for higher ideals than poker-playing, booze-fighting politicians.

We do hope that Mr. Wilson and his advisers will get out of the Mexican situation with honor, but it looks like the policies they have pursued will perpetuate the contempt and hatred of the Mexicans and after spending millions on "waiting and watching" we will have to make war at last. No nation on the earth commands as little respect as the United States. It is getting so it is dangerous for travelers from this country to let it be known where they are from. We do not believe such a condition is going to be tolerated by the American people indefinitely. People in the north do not seem to know how to deal with negroes or other races who have not become highly civilized. Mr. Burleson made a remark to the President and Secretary of State a few days ago on this point that has whole chapters of good advice in it.

### Meeting of the Ball Club

A meeting of the Ball Club is called for 3:30 p. m. on Saturday May 2nd and again on the 9th to perfect the organization and transact certain important business suggested by members. All the supporters of Thomas Ball for Governor are requested to be present.

R. E. Sherrill, Chairman.

## Young Friend, Poverty is no Barrier, You Can Succeed.

The one thing absolutely necessary to success is the rugged determination that makes a fellow grit his teeth, clinch his fist, and say "I can, because I will!" Your place in the world depends not upon circumstances, but upon you. Whether or not you will attain a high position in the work of your choice; whether you will give orders or only take them; whether your pay will be "wages" or "salary"—All this depends upon your determination. First, last, and all the time, he wins that turns a resolute face to the grim old world, and answers its challenge with an unflinching "I can succeed." Every man that wills it can be a success.

The supply of "average" workmen is usually greater than the demand. That is why the unskilled live so often in dread of idleness, with its specters of humiliation and discouragement. The market for untrained help grows narrower with every invention of labor-saving machines, and with every "examination" safeguard adopted by states or employers. The demand of today is for trained men—men qualified to answer satisfactorily the world's unavoidable "What Can You Do?" Every busy business office demands the keeping of books, rapid and correct figuring, writing of a neat business hand, the filling in of contracts and other legal documents, shorthand and typewriting, or the operating of a telegraph key. Young man, young woman, can you do these things for which the business world offers to pay handsomely? Say to yourself, "I can succeed, I will succeed," and write for catalog today, asking for credit plan if necessary. State confidentially your financial condition, and the course you are interested in. Make the start. DO IT NOW. Tyler Commercial College, Tyler, Texas.

Thousands testify that Doan's Kidney Pills have a reviving action on weak kidneys.

What this remedy has done in so many cases of this kind is the best proof of its merit.

Read the following. It's testimony gratefully given by a resident of this locality:

Mrs. E. D. Jones, Stamford, Texas, says: "I had severe pains across the small of my back and in my sides and I knew that they were caused by weak kidneys. I used Doan's Kidney Pills and one box made a cure. I highly recommend Doan's Kidney Pills to do just as advertised."

## SPRING SUITS

They are indeed, these **SCHLOSS BALTIMORE CLOTHES** of Ours---SEE THEM.

**CLOTHES** are "made to wear." Certainly. But if their sole office was as a covering, a good sound barrel would serve the purpose; anyway, a red blanket.

But there is more to "CLOTHES" than that. If it wasn't for a certain personal pride ingrained in the human species in the year one, we'd still be wearing barrels and blankets, and, by the same token, living in caves and hollow trees. We've all gotten beyond that stage now. Most of us realize that aside from the personal satisfaction of wearing "good clothes," IT PAYS IN DOLLARS and CENTS to look as well, or better than the other fellow.

What constitutes "good clothes?" Good cloth? Why yes, that's the first thing, of course. And then, good tailoring, good fit, good style, good appearance. Good looks—up-to-dateness—smartness; yes, that's the word, "Smartness."

Most any clothes you buy nowday will last—"hang together" for several years. But they don't "stay in style" that long. Style ideas vary from season to season; fashions change;—the man who wears an old style suit is almost as conspicuous as if he wore a barrel. Can you afford to be in the "Barrel and Blanket" Class? Of course you can't. Think of it.

A few dollars—a very few—spent here, will get you for the Spring and Summer, new clothes, Stylish clothes, Smart clothes, that will put you in the very front rank of well-dressed men. "Smartness"—that's the last word in clothes—rightness. You'll always find it here.

#### Tom Thumb Wedding

On Friday night, April 24th,  
Mrs. O. E. Patterson, Mrs. Mont-  
gomery and other ladies of the  
M. E. Church, gave a most in-  
structive and entertaining little  
wedding, in which many of the  
little folks from three to ten years  
of age participated. It was won-  
derful how the little folks con-  
ducted themselves, and went  
through the ceremony. Little  
ones, whose temperaments were  
such as to be impossible to get  
their attention for a moment on  
other occasions, were capable of  
playing their part to perfection.  
The whole affair was both inter-  
esting and cultural. We suggest  
that it be repeated occasionally.  
Every little boy and girl in Has-  
kell ought to have a chance to  
take a part in the little drama.

#### Eyes Sunken With Pain

"Three years ago I had a very  
bad spell of neuralgia which  
caused my eyes to become sunken and  
bloodshot with pain. Hunt's  
Lightning Oil was recommended  
and after using, the pain left and  
has not returned," says A. M. Col-  
fey, 316 Van Buren Street, Litch-  
field, Ill. This wonderful medi-  
cine is sold by all druggists every-  
where. A. B. Richards Medicine

#### The Difference.

Harold Jenks, a syndicate editor  
of Denver, was talking about the  
low rates paid by the magazines.  
"They who write for newspaper  
syndicates, where their work ap-  
pears simultaneously in forty or  
fifty newspapers all over the  
country," said Mr. Jenks, "make a  
good deal of money. Of course,

the magazine writer, besides such  
men, isn't one, two, three.

"A seedy magazine writer dropt  
in on me this morning to borrow  
a quarter. As he left, he said

"Jenks, old man, the difference  
in a hen and a magazine writer is  
this—while they both scratch for  
a living, the hen gets hers."—

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.  
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Judge J. T. Montgomery of Wichita Falls, was in this city Thursday. Judge Montgomery is a pioneer lawyer, and in early days was a citizen of Seymour. He has been one of the leaders of his profession, and has been an honorable member of the same. His influence has been rather on the side of reform and he has not made a practice of debauching the temples of justice by sly methods. There is no man in a community who wields more influence than the active, practicing lawyer, and many lawyers live to disgrace the profession, debauch the integrity of their clientel, and draw to their support from the criminal and vicious element, and by criminal advice make their clients worse criminals than they were before, while others use the opportunity to reform criminals by good wholesome advice. The same is true in a sense in the civil practice. We are familiar with the methods and practices of most of the members of the profession in West Texas, and we know lawyers who by sane and good advice have been worth a good deal to the civic progress of the community, while others have been a positive curse. It can be said of the Haskell bar, that the lawyers who have composed it, have in most cases, been men worthy of the profession, and have exerted a good influence in the community.

Mrs. O. P. Fresham, and little infant, of Temple was on the south bound train one day last week. Several of her acquaintances, among whom were Mr. and Mrs. Montgomery and the writer, had the pleasure of seeing her. She had been on a visit to her Mother, Mrs. Chambliss, of Goree.

Mrs. J. B. Myers and her little twins, a boy and girl, came in from Tennessee Thursday morning. The doctor met them at the train, and was happy to have his family at home again. He says Haskell is their home and the rumors that it is not should cease to circulate. He has never had any intention of leaving this country.

### Good Livers Have Good Livers

Honesty, Energy and Ambition Depend on Physical Condition

An eminent German scientist has said, "Honesty is a state of mind dependent on the physical condition. Everyone knows that energy and ambition depend on 'how one feels.'" The liver plays an important part in one's feelings. If it is performing its natural functions we feel energetic and ambitious. When it is not working right, we feel depressed and lazy. Headaches, indigestion, constipation and backache are the signs.

Calomel used to do, but it proved so dangerous that medical science had to find another cure.

Grigsby's Liv-Ver-Lax does better work than calomel, and without danger and without any bad after-effects. This remarkable liver remedy is for sale in 50c and \$1.00 bottles by All Drug Stores who guarantee its qualities by offering to return purchase price. Look for the likeness of L. K. Grigsby on every bottle.

### Texas State Debt \$1.14 Per Capita.

The per capita state debt of Texas is \$1.14, or \$2.38 less than the average for the 48 states of the American Union, according to a preliminary report of the Census Bureau just received at Austin.

The bonded indebtedness, \$4,238,000 in 1890, declined to \$3,978,000 in 1912. No special debt obligations to public trust funds were recorded in any year. The floating debt reached the maximum amount, \$760,000 in 1895, decreasing and finally disappearing in 1902; in 1910 \$149,000 was outstanding, this amount increasing to \$679,000 in 1912.

In the case of funds and investments the securities increased from \$7,695,000 in 1890 to \$69,079,000 in 1912. The cash naturally from year to year, rising to \$3,396,000 in 1899, but subsequently falling to \$1,393,000 in 1912.

At the present time about 4.3 per cent of the total population of the United States is in the State of Texas, and 1.2 per cent of the total debt (less sinking fund assets) is attributed to the state.

The bulletin was compiled from biennial reports furnished by the state department here covering the period from 1903 to 1912.

### Your Money Back if You Want It

Leading Druggist Will Refund Purchase Price of Dodson's Liver Tone if You're Dissatisfied

The Corner Drug Store may not be willing to guarantee the safety and reliability of calomel for constipation and sluggish liver, but this store will and does stand back of Dodson's Liver Tone with an unconditional guarantee to refund the full purchase price (50c) instantly without question if you are not satisfied in every way with Liver Tone and its results.

If you take calomel, perhaps you will seem to get temporary relief, but it often happens that the after-effects are at least unpleasant and sometimes dangerous. Calomel in large doses is a poison and actually deadly to some—perhaps to you—and hence its use means taking chances.

With Dodson's Liver Tone you are always safe. Its reliability is so certain that it can be sold with the money-back guarantee. It is a vegetable liquid, pleasant to take, and it cannot harm. It clears up the dulled and aching head and cleans out the clogged system in what many have found to be a wonderful way. Dodson's Liver Tone will do for you what it has done for thousands—and you run no risk in trying it. Ask the Corner Drug Store about Dodson's and the guarantee.

### CITY BUILDING NOTES

By L. M. Ward

Boosting is one of the mightiest forces of civilization.

A man without a good word for his city should be exiled.

Factories are agencies that create wealth and build cities.

City building is scientific management applied to the betterment of a town.

There can be no steady advancement of a city without the cooperation of the farmer.

A citizenship content with the standards and workings of its town is a valuable asset.

Dreaming your town into a city is impossible; you must boost and build it into one.

A city to grow and prosper must have natural advantages as well as real live city builders within its borders.

**Retort Courteous.**

The usual large crowd was gathered at the New York end of the Brooklyn Bridge waiting for trolley cars. An elder lady, red in the face, flustered and fussy, dug her elbows into convenient ribs irrespective of owners.

A fat man on her left was the recipient of a particularly vicious jab. She yelled at him, "Say!"

He winced slightly and moved to one side.

She, too, sidestepped and thumped him virorously on the back.

"Say!" she persisted, "does it make any difference which of these cars I take to Greenwood Cemetery?"

"Not to me madam," he answered, slipping through an opening in the crowd.—Philadelphia Public Ledger.

**SMOTHERING SPELLS**

**Sour Stomach, Heart Burn**

In October, 1910, we received a letter from Mrs. Hall, from which we make the following extracts:

"About twelve years ago my health began to fail. I couldn't eat anything without suffering for it. I had heart burn, sour stomach, palpitation of the heart, smothering spells, pains in my sides and back. In fact, I suffered all over, and a cough almost like consumption. Doctors failed to relieve me; in fact, they didn't seem to know what ailed me. I continued to grow worse until I was able to sit up only a part of the time. I had almost lost all hopes of ever being any better."

"But one day some one threw some books in at my door. I read them and found them to be Feruna books. They described my feeling so truly I sent at once and got a bottle and began taking it. You pronounced my ailment systemic catarrh, and gave me some advice."

"When I had taken two and one-half bottles I began to eat without suffering. I continued to improve."

"When I had taken eight I was like a new person. That was nine years ago."

"I think Feruna the greatest family remedy there is, for so many ailments are due to catarrhal trouble. I would advise any one afflicted with catarrh to take Feruna and I am sure it will leave."

In the Revised "Hills of Life" we have many similar testimonials which should interest sick people everywhere. Sent free by the Feruna Co., Columbus, Ohio.

People who object to liquid medicine can now obtain Feruna Tablets.

**Citation By Publication THE STATE OF TEXAS.**

To the Sheriff or any Constable of Haskell County, Greeting: You are hereby commanded to summon the Heirs of J. H. Harvin, Deceased, whose names are unknown, being the Unknown Heirs of said J. H. Harvin, deceased, to appear at the next regular term of the District Court of Haskell County, Texas, to be held at the Court House thereof in the City of Haskell on the 25th day of May, 1914, then and there to answer a petition filed in said Court on the 21st day of March, 1914 in a cause numbered 1867, wherein August Teichelmann and Frederick Franke are plaintiffs and the Unknown Heirs of J. H. Harvin, deceased, E. P. Thomason, Geo. W. Thomason, R. P. Williams, and Olin D. Harvin are defendants.

Plaintiffs allege in substance that they sue for partition of the Enoch Robinett One-Third League Survey, situated in Haskell County, Texas, claiming ownership by fee simple title of a 350 acres undivided part of said survey as the property of said August Teichelmann, and a 28-30 undivided part thereof, less said 350 acres, as the property of said Frederick Franke, and a 2-30 undivided part thereof as the property of said Unknown Heirs of said J. H. Harvin, deceased; and that said Defendants E. P. Thomason, Geo. W. Thomason, R. P. Williams, and Olin D. Harvin are setting up some pretended claim to some part of said survey, which casts a cloud upon Plaintiffs' title, the exact nature and extent of which is unknown to Plaintiffs.

That Plaintiff August Teichelmann purchased said 350 acres by metes and bounds, as fully set out in Plaintiffs' Petition, to

which reference is hereby made and has placed valuable improvements thereon, and that Plaintiff Frederick Franke has made valuable improvements upon other parts of said survey, and that said improvements can be set apart to Plaintiffs' without detriment to their Co-tenants. Plaintiffs pray for partition, appointment of commissioners, and that improvements made by each be set apart to him, and for general relief.

You are hereby commanded to serve this citation by publishing the same once in each week for eight successive weeks, previous to the return day hereof, in a newspaper published in your County.

Herein fail not, but have you before said Court, on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness Guy O. Street, Clerk of the District Court of Haskell County, Texas.

Given under my hand and the seal of said Court in the City of Haskell, and issued this 21st day of March, 1914.

**COULD SCARCELY WALK ABOUT**

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Household.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my household.

I also had dreadful pains in my back and sides and when one of those weak, staking spells would come on me, I would have to give up and lie down, and I wore out.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I listened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentleness. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, when all has been done for them. Try Cardui today.
