Judge Weinert and Party Here First of Week

Ex-Senator Weinert, who is in charge of the Agricultural Marketing Department, was here Monday. He was accompanied by several prominent citizens of Weinert, among whom were his brother, H. Weinert; J. A. Bennett; Henry Monke and N. I. McCollum. We are informed that Judge Weinert will be here in about ten days, to make speeches in various parts of the county, explaining to the farmers the object and work of his department. Peter Radford was at Weinert last week and made a speech. He is also connected with this work. The Free Press has advocated a government marketing system for several years, and we honestly believe the department over which Judge Weinert presides will do more for the material welfare of the farmers than has ever been done by any state institution. We are further strengthened in our optimism, by the fact that such a practical business man and statesman as Judge Weinert is at the head of the department.

J. P. MORGAN'S ASSAILANT IS DEAD

Glen Cove, N. Y., July 7.—Frank Holt, assailant of J. P. Morgan, who confessed to placing a bomb in the national capitol, former Cornell University professor, and who had been engaged to teach in the Southern Methodist University at Dallas, leaped from the top of his cell door last night, striking the floor with his head, death resulting a short time after. Holt's skull was fractured by the fall. He had been moody since being placed in jail following his attempt on the life of J. P. Morgan at the Morgan summer home here, and Holt's belt was taken from him for fear that he might try to take his own life. Tuesday night Holt opened an artery in his left wrist, but an attendant discovered him writhing in pain on his cot, and saved his life by binding the injured member.

CITY MARSHAL'S KINDLY DEED

Is Caring for Friendless, Homeless Waif Recently Arriving In This City.

Something like a week ago a small boy, probably 10 or 12 years of age, arrived in the city, and has since been the ward of City Marshal Alex Edwards. The little fellow tells a pitiful and touching story of his young life, which has been made up of ups and downs.

According to the youth's story, his mother died a few weeks ago, leaving her young son to the tender mercies of this world. It is a sad story as related by Elbert, (Elbert Morris being the name given by the lad) one that would touch most any man's heart, and he was promptly taken in by the city marshal here, who has cared for him since his arrival here.

The boy relates that his mother died penniless and that her burial was looked after by the county in which they lived, and that he got on the train at Wichita Falls and had money enough to bring him as far as Goree. From Goree he walked to Weinert and from there caught an auto ride to Haskell. The boy states that he has an uncle living in the vicinity of Haskell, but thus far Mr. Edwards has been unable to locate the uncle.

It was thought by some here that the boy might perhaps be a runaway and that his story was made up, but the marshal is of the opinion that the boy is telling a straight story. It is improbable that a child of such tender age could manufacture such a tale as told by Elbert and then successfully maintain it. Another thing, if the boy was a runaway, a description of him would more than likely have been sent out ere this.

It is the desire of Mr. Edwards to see the boy well located in a good home, and if he fails to locate any relatives of the boy, he will endeavor to secure for him a good home. We understand he has already had several applications for the boy. At any rate, the little fellow could not have fallen into better hands than he did when he met up with Haskell's generous-hearted City Marshal.

"Forty-Two"

One of the most enjoyable social events of the summer took place at the beautiful home of Mr. and Mrs. W. R. Murchison, on Tuesday evening, when the Magazine Club very charmingly entertained the public with "42" for the benefit of the Library. The guests assembled promptly on time and were served to delicious punch by Mrs. T. C. Cahill. They were then ushered to the spacious lawn, which was all aglow with electric lights, and where the tables were arranged for the games. From the amount of merry-making, everyone enjoyed every moment of the evening. At the conclusion of the games, delicious apricot ice and Angel food squares were served. The affair proved quite a success and there were a number of out-of-town guests present.

Henry Johnson sold 190 acres of Lee Pierson's land last week to a Kansas party for \$4,000.00, cash. He expects to make some more sales to Kansas parties.

PICNIC-BALLOON ASCENSION GREAT

Affair on Christian Church Lawn Tuesday Evening Was Successful and Pleasing Event.

As per announcement last week the picnic, rather we would call it a good, old fashioned and enjoyable lawn party, and the balloon ascension took place Tuesday evening. The place of this delightful event was at the Christian Church grounds.

Everything had been put in readiness for the affair and there was a large crowd, indeed, present for the evening's entertainment. There was candy, homemade, too—ice cream, cake and good cold drinks galore, which were on sale, the proceeds being applied to foreign mission work. And, did you get a glass of lemonade? If not, that doubtless was your fault, for there were several tubs of this delightful nectar, and served free.

There were many pleasing features of the evening, and everyone seemed happy. There was music, games for the little ones and many other features. It was a busy evening for N. McNiell, the Sunday School superintendent, and Rev. J. D. White, the popular pastor of the Christian Church. They were every watching and striving to the point that everyone have a good time. That they succeeded and succeeded well will be attested by any one of the large crowd present Tuesday evening.

There was much suppressed excitement and craning of necks, especially on the part of the younger generations, when it came time for the balloon ascensions. The first flight went well, and the huge red, white and blue balloon gradually raised higher and higher, finally getting beyond the range of vision. It was a pretty flight, indeed. With the next ascension scheduled, however, things did not go so well. This time the balloon was in the shape of a large elephant, bearing the name "Jumbo" in large letters on his sides. Jumbo seemed just a little averse to rising in the air and persistently refused to accept enough gas to send him up, and finally caught fire, burning up, ending the balloon features for the evening.

This was one of the highly enjoyable events of the summer season, everyone enjoying a pleasant evening, and the good cause to which the proceeds were applied has been substantially benefited.

Geo. E. Lenert Was Here

Mr. Geo. E. Lenert, a prominent attorney of La Grange, Texas, was in the city the first of the week, being called here on matters pertaining to the legal profession. Mr. Lenert was very profuse in his praise of Haskell, he stating that in his opinion it was the best town in this section. He had, on this trip visited some other towns in this part of the West, and says business and crop conditions in Haskell and the country tributary to the city, are the most flourishing he has seen. Mr. Lenert says that everything is in good condition in his part of the State and good crops are assured. While here Mr. Lenert made an appreciated call at our office, and we bid him come again.

BIG PICNIC MONDAY LAST WAS SUCCESS

A jolly crowd of picnickers was that which on last Monday journeyed out to Mule Creek to participate in the day's pleasures. There was a very good attendance and it was indeed a happy day for all in attendance.

This picnic was gotten up by the Baptist Church and Sunday School, and was made into a general picnic, everybody being invited. The Ladies Aid Society of the church had on sale ice cream and cake and a fairly neat sum was realized. There was an abundance of water on the grounds.

Perhaps one of the leading events of the day was the bounteous basket dinner which was spread by the ladies. Everyone knows what it means to be fortunate enough to partake of a good old picnic basket dinner, and Monday's was no exception—it was grand.

There was a general good time enjoyed by the younger members of the picnic party, while the older ones spent a most enjoyable time in resting in the shade, and conversation.

The picnic was unanimously voted to be a success, and all attending will eagerly look forward to another such occasion.

Receives New Hup Car

W. N. Sadler motored over from Seymour Sunday, delivering to Mayor T. C. Cahill one of the latest types of the Hupmobile car. The car received by Mr. Cahill Sunday is a most beautiful one, and the Mayor has been the recipient of many compliments on the same. Mr. Cahill is local agent for the Hupmobile. Mr. Sadler was accompanied on the trip Sunday by M. E. Goddard of Dallas, a representative of the Central Life Insurance Company. Messrs. Sadler and Goddard returned to Seymour Monday morning in time to participate in the Fourth of July festivities at that place.

Mrs. Munn and Mrs. N. H. Porterfield have returned from a visit to relatives at Cisco and other points.

Many Pleased Spectators See Airdome Bills

There have been many good bills at the Airdome since last report. Then, too, the weather conditions have been more favorable for the conduct of an open-air show. All during this week there have been very large and appreciative audiences out to see the various productions, all of which have been good. The Airdome affords a comfortable place to spend a couple of hours of entertainment and recreation during the warm nights, and Haskell folk are not slow to avail themselves of the opportunity of getting out and enjoying the comforts and entertainment thus afforded.

We could make special mention of several high-class and deserving features that have this week appeared, but we just can't close this without referring to the "Who Pays?" series, which is without any question of doubt, one of the very greatest series of motion picture dramas ever couceived. Manager Nolen has certainly shown a spirit of enterprise in securing this notable series for the edification and entertainment of his patrons. The title for the "Who Pays?" picture on Wednesday night was: "Blue Blood and Yellow." It was great; it had to be seen to be appreciated. Nothing we could say through these columns could fittingly describe this great photo-drama. It appears every Wednesday night.

Hancock's Big Sale

As will be noticed by the double page announcement in this issue, the firm of Hancock & Company will on Saturday morning inaugurate a big sale that will last till the 28th. A busy force of salesmen has been busy all this week preparing for the sale, and that the event will be a success goes without the saying.

Ernest Grissom is back home after a two weeks' vacation at Corpus Christi and other coast points.

HASKELL, TEXAS, July 10, 1915.

Yes, some weeds yet remain uncut.

Anyhow, W. J. B. has given newspaper writers more to write about.

Haskell County's grain crop this year is making a record that will go before the world, establishing this as a great grain belt.

If there ever was a time ripe for boosting our city and country it looks as though that time has come. Are we doing so, and if not, why not?

The Mart Herald of July 2nd reached our desk in the form of a twenty-eight page edition. It was a great paper; Editor Spencer always has a good paper.

The man who shot J. P. Morgan the other day says he did so to end the war in Europe. It looks to us like he was more desirous of declaring war on this side of the pond, at least, insofar as he was individually concerned.

Manager Nolen, of the Airdome and Dick's Theatre, is in receipt of a letter from the publisher of a well-known moving picture magazine, wherein he very highly compliments the Photoplay Weekly News of Haskell. While Mr. Nolen is editor of the Photoplay News and has charge of the arrangement of the book; yet the Free Press naturally feels a pride in the same, as it is a product of our job printing department.

Since the sentence of Leo Frank has been commuted, the papers over the country generally are having much to say in regard to the Becker case at New York. Becker has been sentenced to die in the electric chair, and unless extended executive clemency now by the Governor of New York, he is a doomed man. It seems to be the opinion of many writers that there is a doubt as to the guilt of Becker; that he was convicted on the testimony of notorious gunmen, who swore his life away to save their own.

THE HUERTA INCIDENT

The Reporter has often read of "adding insult to injury" but we have never known of a more striking case than the present Huerta incident which is attracting the attention of the people of the United States. This distinguished (?) person having insulted the flag of the United States and having steadfastly refused to apologize lands upon our soil and after going his own way for many days violates our laws and then goes so far as to say that he would have shot one of our peace officers had he not been under arrest. Our President is criticised without mercy and followers of the man who has thus insulted the nation are allowed to go upon the streets of an American city and denounce our people, proclaim the murderer a god, etc., etc., and still we must keep quiet.

If Huerta had a part in starting a new revolution in the United States against Mexico, he should be punished and punished to the full extent of the law. His acts while President of Mexico tell in no uncertain way the kind of man he is, and for our part it is about all we can endure to have him travel through our country, without delivering himself of unnecessary interviews against the United States. We have not forgotten that it was Huerta's son who dragged the monument of George Washington through the streets of the city of Mexico and that Huerta has never offered a word of apology for that.—Abilene Reporter.

Governor Whitman has spoken. Charles Becker has been given until July 26 to prepare himself to meet his God. He was convicted on the evidence of four crooks and slum scavengers. The Houston Post has a magnificent article on the Becker case. The man who prosecuted Becker, the man who induced crooks and outlaws to turn state's evidence, happens to be the governor of New York. Becker is penniless and practically friendless. The governor is busy, and having convicted "the man higher up," he hasn't time to commute the sentence to life imprisonment. Organization and money and publicity are powerful factors. Becker should realize their value.—Fort Worth Record.

The hearing of the Riggs Bank case as far as it has gone at this writing has been useful largely in disclosing that banks no longer run the government and that Comptroller Williams is not training to take a bank presidency as soon as his term of office expires. One of the pledges of the democratic administration was to place the Government back into the hands of the people and here is some substantial evidence of the way that promise has been kept.—Knox City Journal.

The Mustard Seed Is a Tiny Nut

The meat or kernel of this tiny nut is what has the real, rich mustard flavor—the shell is almost as flavorless as the hull of a walnut. Then when the whole mustard seeds are ground up into mustard you get bulk to be sure, but the strength is weakened by a part of it being shell or the tasteless part of the seed. It is pure mustard, but it is not the best flavored mustard, nor the most economical to use. White Swan Mustard is made by discarding the shells and grinding up into mustard only the kernels of the mustard seed—these little kernels look like rolled oats when ready for grinding. Mustard made so is all strength and flavor. You can very readily satisfy yourself as to whether or not a mustard is ground from kernels only or from whole seed. The former, poured dry into a glass tube shows a powder of a solid, pure canary yellow. The other kind will look speckly—the mass is full of little dark particles; these are the shells, the almost tasteless part of the mustard seed. The purchase of White Swan Mustard is an assurance not only of getting pure mustard, but of getting mustard ground from the shell-less kernels of imported mustard seed—full strength and fine flavor. Your grocer sells White Swan Mustard—ask for it.

For Summer Crops

The small grain crops of Texas and the Southwest will add much wealth to the country and at the same time afford feed and bread for the families of growers, thus making them more or less independent. But one important advantage of the small grain crop this year is the opportunity it affords to use the land for a hay, forage or fertility crop. Seldom has there been such an opportunity for intensive farming as is afforded by the late rains and favorable growing seasons.

Hay and forage crops are not so abundant as to compete in value very materially with the late crops that may be grown on stubble fields. Most farmers will need more hay and forage than will be produced in early crops. Such crops as peas, soy beans, peanuts, sorghum, feterita, milo and Sudan may follow oats and wheat with fair expectations of a good yield. These crops will feed the livestock or bring in cash revenue in case the manager has a surplus of feed.

Conditions seem favorable for growing considerable small grain next year. It would seem that the European war has increased our opportunities for diversifications and especially for such staples as wheat, oats, corn, livestock, poultry, dairy products. Consequently it would seem to be safe management to sow fall grains or prepare for spring sowing as the practice may be. To maintain fertility and get the most profitable use of the land many farmers will take advantage of favorable conditions to sow peas or soy beans on stubble fields and with a view of increased yield of grain and to prepare the land for fall or spring sowing. There will be time enough for a summer crop with its advantages in fertility, if a legume, and this should increase the prospects for another small grain crop next year.—Farm and Ranch.

The Seymour Celebration

There was a big Fourth of July celebration and picnic at our neighboring city of Seymour, and it was a pronounced success. There were many to go from here to attend the festivities. On Tuesday, as a climax to the two-days' celebration, a big barbecue was staged, and there were many to partake of the tempting viands. In addition to the many other attractions there were also several shows on the grounds.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. Cotton Bloomed June 20th

J. W. McNeely, who is farming on the Weaver place south of town, now owned by C. D. Grissom was in town Monday. He showed us a sample of Soudan Grass, of which he has two acres, that measures nearly seven feet in height. Mr. McNeely made 49 bales of cotton last year, and has the best cotton we have heard of. He has 15 acres of cotton in full bloom. The first blooms noted appeared June 20th. His cotton is knee high, and the field white with blooms. He has in all 75 acres in cotton. He has 100 acres in Dwarf Milo, that is fine and 14 acres in cane that is as good as the country produces. He has harvested 20 acres of oats, but has not threshed yet.

Diarrhoea Quickly Cured

Big Crowd Here Monday

Monday was a big day in Haskell, and everybody was happy. Although practically all the stores were closed, there was an unusually large throng of visitors in the city. It was a banner day for the cold drink emporiums of the city, it requiring a large force of dispensers at the various fountains to attend to the wants of the thirsty multitudes. There were many visitors in town from both Stamford and Rule, coming mostly by auto. There were two picnics going on that attracted their full quota of the crowds, while the ball game in the afternoon was one of the main drawing crowds. Haskell maintains a reputation for hospitality, and, as usual, the visitors of Monday thoroughly enjoyed their stay in the city.

The State of Texas, County of Haskell.
In the District Court of Haskell County, Texas. O'Neathery vs. 1870, S. N. Neathery et al.
Whereas, by virtue of an order of sale issued out of the District Court of Haskell County, Texas, on a judgment rendered in said court on the 1st day of December, 1914, in favor of O'Neathery, plaintiff, and against S. N. Neathery, H. E. Fields and the Haskell National Bank, defendants, the same being cause No. 1870 on the docket of said court, I did on the 18th day of June, A. D. 1915, at three o'clock p. m., levy upon, seize and take into my possession the following described tract or parcel of land situated in Haskell County, Texas, and known as the S. E. one-fourth of Sub-division No. 28, of Red River County School land, patented to the school commissioners of Red River County, Texas, February 22, 1875, by patent No. 543, Vol. 20, abstract 347, survey No. 75, fully described by field notes to be found at page 222 Vol. 2, of the county surveyors records of Haskell County, Texas. The name by which said land is most generally known being the S. E. one fourth of subdivision No. 28, of Red River County School land in Haskell County, Texas, and on the 3rd day of August 1915, being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m. of said day at the court house door of said county, I will offer for sale and sell for cash, all of the above described property.

Dated at Haskell, Texas, this 19th day of June, A. D. 1915.
W. C. Allen,
Sheriff, Haskell County, Texas.
By M. S. Edwards, Deputy.

Traveling Man's Experience

"In the summer of 1888 I had a very severe attack of cholera morbus. Two physicians worked over me from four a. m. to 6 p. m. without giving me any relief and then told me they did not expect me to live; that I had best telegraph for my family. Instead of doing so, I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and take no substitute. I a double dose according to directions, and went to sleep after the second dose. At five o'clock the next morning I was called by my order and took a train for my next stopping point, a well man but feeling rather shaky from the severity of the attack," writes H. W. Ireland, Louisville, Ky. Obtainable everywhere.

July 4th Was Cold Day in July

You have doubtless heard that time-worn expression: "It will be a cold day in July, etc.?" Well, last Sunday, July 4th, was literally a cold day in July; that is, there was such a drop in the temperature as to make coats fairly comfortable.

According to the weather prognosticators, we have a cold July Fourth every ten years. In 1905 the temperature was several degrees lower than was the case this year, while in 1895 it was still lower. Beyond 1895 we have no record.

Paint Now

If you ought to have painted last year and waited, how much do you think you made?

You'll buy an extra gallon this year. There's \$5 or \$6 for paint and labor. You think you won't, but you will; you can't stretch paint.

It is always so: The longer you wait, the more paint and wages. Besides what paint is for. What is it for?

DEVOE.

Washout on Wichita Valley

On last Saturday night, or early Sunday morning, the California creek, south of Stamford, went on a rampage, and several lengths of rails, ties, and dump were washed out on the Wichita Valley line. The train due to arrive here at 9 a. m. Sunday morning, was, as a consequence, announced to be indefinitely late, and it was some time in the afternoon before the train went through north. However, the regular night train came in, practically on time, as an extra train was sent out from Wichita Falls south Sunday. The Wichita Valley enjoys the reputation of running more nearly on time than any other road in this section, and such occurrences as that of Sunday are rare.

Notice of Sheriff's

(Real Estate)
By virtue of an Order of Sale issued out of the Honorable District Court of Haskell County, on the 22nd day of June A. D. 1915, in the case of J. L. Holman, plaintiff, vs. E. D. Gardner, A. G. Fry, J. M. Thomas and C. H. Miller, defendants, No. 2290, and to me, as Sheriff, directed and delivered, I have levied upon this 23rd day of June, A. D. 1915, and will, between the hours of 10 o'clock a. m. and 4 o'clock p. m., on the first Tuesday in August, A. D. 1915, being the 3rd day of said month, at the court house door of said Haskell County, in the town of Haskell, proceed to sell at public auction to the highest bidder, for cash in hand, all the right, title and interest which E. D. Gardner, A. G. Fry, J. M. Thomas and C. H. Miller, had on the 23rd day of September A. D. 1907, or at any time thereafter, of, in and to the following described property, to-wit: All that certain lot or parcel of land situated in Haskell County, being 320 acres, the East one half of section 101, H. & T. C. R. R. Co., survey, in said Haskell County, Texas, and that said lien was created in favor of J. L. Holman, plaintiff herein, on the 23rd day of September 1907. Said land is situated about 12 miles northeast of the town of Haskell and is generally known as the E. D. Gardner farm. Said property being levied on as the property of E. D. Gardner, A. G. Fry, J. M. Thomas and C. H. Miller to satisfy a judgment amounting to \$2913, in favor of J. L. Holman, plaintiff herein, and costs of suit.

Given under my hand this 7th day of July, A. D. 1915.

Alexanders Patriotic Window

The firm of F. G. Alexander & Sons on Monday had their main show window arranged in accord with the day, it being a patriotic window. United States flags prevailed throughout the window, and there was a reproduction of the Declaration of Independence, the hymn "America," and there was a picture of George Washington and President Wilson with an ode to each of these great men. This window was the handiwork of Wallace Alexander.

Try It! Substitute For Nasty Calomel

Starts Your Liver Without Making You Sick and Cannot Salivate

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50c, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

Miss Cloie Colwell, who is attending the normal here, spent Saturday and Sunday with the folks at home. She was accompanied by Misses Yettie Cummins and Kate Donnel. We understand they went to Seymour.

The Stenographic Art Has Again Been Revolutionized

By Edward Henry Byrne, President of the Tyler Commercial College of Tyler, Texas

Some seventeen years ago, he invested a system of Shorthand known as the Byrne Simplified. This system possessed such wonderful advantages that seven large editions of the book have been printed and there are now over 30,000 writers of this famous system. The system was controlled in this section by the Tyler Commercial College and it did much toward making it the largest business training school in America. Recently Prof. Byrne applied the principles of this Short-hand system to the typewriter using the regular typewriter that is found in the ordinary business office, using the same type, but printing the characters in plain type instead of using crooked marks made with the pencil. This system is called Stenotypewriting. The Byrne Simplified Shorthand was mastered in half the time required of other systems, and Stenotypewriting is mastered in almost a month less time than the Byrne Shorthand. It can be written at a higher rate of speed than Shorthand, can be read like print because it is print and is so simple that a child can learn it, so thorough and complete that it will record anything in the English language. It is absolutely legible; there is no guess work in the reading. It is capable of taking the most rapid speakers; it is truly the stenographic marvel of the age. It is not only means a saving of much time and expense to those who desire to become efficient stenographers, but it means better stenographic service for the business office. The stenographer does not have to fool with tablets, pencil or crooked marks, but simply take the dictation on any ordinary typewriter and when the dictation is finished he begins transcribing on the same machine without removing the hands from the key board except to change the paper.

The Tyler Commercial College will control the teaching of Stenotypewriting in this section as it has the Byrne Simplified Shorthand. Young people desiring to make expert office assistants or to prepare to go into business for themselves, should write for catalogue of the Tyler Commercial College, read of the advantages they offer to energetic young people who desire to become thoroughly qualified as a business man, bookkeeper, stenographer, operator or secretary. Their course of Business Administration and Finance embraces twelve heavy subjects calculated to prepare young men and women for the heavier

duties of the more exacting business offices. Their course in Cotton Grading is absolutely thorough and complete in every detail. Their Cotton Grading department is one of the most practical departments any southern commercial training school could install, for we have a cotton growing country and cotton is the base of all commercialism. Those who can enter at an early date will be prepared for a good position during the busy fall season. Keep abreast with the times and get the best as quick as you can.

Ball Game Monday

There was a ball game Monday between Rule and Haskell, which afforded some amusement and entertainment to many of the visitors in the city on that day. There was a large crowd of fans over from Rule to cheer their team, and they derived much more satisfaction from the game than was the case with the local fans. There was a reason, too, viz: 10 to 4, in favor of Rule. It was a fairly good game, though, there being some good plays made on both sides. It appears that the Rule nine has gotten entirely a way with Haskell's goat, but Rule has one of the fastest amateur teams in the country, and would give most any baseball team a run for their money, for that matter.

Bilious Attacks

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter Obtainable everywhere.

Notice of Bankrupt's Petition for Discharge

In the District Court of the United States for the Northern District of Texas.

In the Matter of } No. 442
Kias De Simmons } In Bank-
Bankrupt, } ruptcy

OFFICE OF REFEREE
Abilene, Texas, July 6th, 1915.

Notice is hereby given that Kias De Simmons of the County of Haskell and district aforesaid, did, on the 3rd day of July 1915, file in the Clerk's office of said Court, at Abilene, a petition setting up that he has been heretofore duly adjudged bankrupt under the act of Congress approved July 1, 1898; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy, and praying for a full discharge from all debts provable against his estate in bankruptcy, save such debts as are excepted by law from such discharge.

On considering the above mentioned petition, it is ordered that any creditor who has proved his claim, and other parties in interest, if they desire to oppose the discharge prayed for in said petition, shall, on or before the 7th day of August 1915, file with the Referee for the Abilene Division of said district, a notice in writing of their opposition to a discharge in the above entitled cause.

Referee in Bankruptcy.

LIV-VER-LAX

All the Effectiveness, Not the Effect, of Calomel.

LIV-VER-LAX is one of the most important medical discoveries of recent years. For a long time medical experts, realizing the harmful effects of calomel, have been striving to find a liver cleanser that would be just as effective as calomel, and yet be absolutely harmless in its action. Recently this remedy was actually put forth by L. K. Grigsby, in his LIV-VER-LAX.

LIV-VER-LAX is a harmless vegetable compound, designed solely for the treatment of liver complaints. The immediate favor it has met with in thousands of homes is proof positive of its real value.

If you feel worn out, tongue coated and skin sallow, don't delay until it becomes dangerous, nip the trouble in the bud with LIV-VER-LAX. Insist on the genuine, bearing the signature and likewise of L. K. Grigsby, which is guaranteed to give satisfaction or money refunded. For sale by Corne Drug Store.

Constipation Cured Overnight

A small dose of Po-Do-Lax tonight and you enjoy a full, free, easy bowel movement in the morning. No griping, for Po-Do-Lax is Podophyllin (May Apple) without the gripe. Po-Do-Lax corrects the cause of Constipation by arousing the Liver, increasing the flow of bile. Bile is Nature's antiseptic in the bowels. With proper amount of bile, digestion is perfect. No gas, no fermentation, no Constipation. Don't be sick, nervous, irritable. Get a bottle of Po-Do-Lax from your Druggist now and cure your Constipation overnight. 1

Comforting Words

Many a Haskell Household Will Find Them So

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove comforting words to hundreds of Haskell readers.

Mrs. M. J. Tuten, Haskell, says, "My kidneys never bothered me until I began drinking impure water. I then began to suffer from a dull, dragging ache across my back. I had awful dizzy spells and headaches in fact, felt miserable in every way. I could hardly do anything. When Doan's Kidney Pills were recommended to me, I used some. They eased up my back and strengthened my kidneys. Two boxes put me in good shape."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Tuten had. Foster-Milburn Co., Props., Buffalo, N. Y.

The Wallace-White Meeting

Singing being indispensable in a meeting, and in fact the leading factor in stimulating interest, we call those who will assist in the singing to meet again Friday evening at 8:30 to more fully perfect the choir organization.

Sunday 4 p. m. will be Children's Hour, all are invited to come, both young and old as to that, but the service will be especially for the children.

We want a strong Children's Choir.

During the week the Morning services will be from 10 to 11 a. m., except Saturday—no morning service Saturday. And the Evening Services, promptly at 8:30. When the first song is announced the beginning is thereby announced.

We ask for hearty co-operation by Christian workers of the town and country, that the best feeling may exist and the best work may be done.

We earnestly urge to prayer and personal work.

Big Crops

J. R. Hill, who is farming on Will McCarty's farm ten miles West of Haskell, was in the city the first of the week, marketing some of his enormous crop of oats and wheat. Mr. Hill and his family made 14668 bushels of oats, the yield averaging 70 bushes per acre, and 3525 bushels of wheat, which averaged 30 bushels per acre. This grain is worth on the local market \$4693.78 for the oats and \$3348.75 for the wheat, making a total for a one man crop of grain of \$8042.51. One third of the grain will go to Mr. McCarty for rent, which is worth about \$2680.00, leaving, \$568.00 for the tenant. Conditions are fair for Mr. Hill to make just as much before another year on the same ground by planting it in maize, or kafir.

Miss Lela Sutherland of Aspermont, visited last week with the family of her uncle, Ernest Sutherland of this city.

The Summer Normal Sessions

Beginning next Monday morning the final examinations at the Haskell Summer Normal will be on, continuing through Tuesday and Wednesday. Mr. Guice states it as his opinion that about seventy will take the examinations. The attendance at the institute is something like eighty. The conductor of the Normal, H. H. Guice says that all the pupils have done faithful and consistent work, and this has been a successful term of the Institution.

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.
