## Pirates Clash With Ingleside For District 35-B Conference Title Shipyard Workers Parade In Armistice Observance

**PILOTING**  
Beat Ingleside!  
BEAT INGLESIDE!  
BEAT INGLESIDE!  
BEAT INGLESIDE!  
BEAT INGLESIDE!

There'll only be standing room on Pirate Field Friday night—but, who'll want to sit down, anyhow? If you happen to be the little man who wasn't there, you'll be a back-number for a long time to come. The game will be the talk of the town for months to come.

When the Pirates and the Mustangs clash here Friday night, the reverberations will be loud and far reaching. The winner of the bout will be District 35-B Champions. Both teams will be out to win. One has to lose, and our prediction is it ain't gonna be Rockport!

The Pirates under tutelage of Coach Jim Mobley have turned in an excellent record this season—in fact it is almost perfect thus far. We don't believe the Pirate Record will be marred in their last district tussle, but, win or lose, the Pirates are a mighty fine group of football players, mighty fine boys and good sportsmen.

Guarding our children from the dangers of automobiles is one of our greatest concerns. There are certain laws designed to give children a certain amount of safety. The children are being taught at home and school to observe these traffic laws. If the children observe the rules and their rights under them, and the motorist fails to do his part, then disaster is likely to occur.

One of these laws designed for safety of children, is that which makes it mandatory that drivers of motor vehicles stop for school buses. It is against the law to pass a school bus while it is stopped loading or unloading children. It does not matter whether you are following the bus, or meeting it. Either way you must stop. The children are depending on you to stop. Under the law, and rightfully so, they have the right-of-way.

It is a serious violation to pass a school bus when the bus is stopped. To do so will likely bring heavy fines or a jail sentence. It could bring, worse yet, death or maiming injury to some little boy or girl.

### Movie Fans to See Game and Show

It can be a "double-bill" Friday night for football and movie fans. They can see the championship grid battle and following the game see a complete movie program at the Rio Theatre.

Edward Barnard, Rio manager, that there will be no show during the playing of the Pirate-Mustang game Friday night. But, "Sun Valley Serenade" will be presented shortly after the game at 10:15, and will last until about midnight. Movie fans are urged to be on hand early to see a complete program!

Rev. J. H. Kelly spent the first part of the week in San Antonio, combining in the trip both business and pleasure. Father Kelly was joined for Armistice by friends from Missouri.

### Citizens Join In Observing 'Day Of Peace'

Lieut. Henriques Urges Co-operation of All in Defense Preparation

Along with countless thousands other towns from coast to coast, from the Canadian border to the Rio Grande, Rockport celebrated the twenty-third anniversary of the signing of Armistice on Tuesday with a patriotic demonstration in which almost every man, woman and child participated. The observance was sponsored by the American Legion and most of the town's business was suspended from 3:30 until 5 p.m.

A parade of men marching in military precision started the celebration, beginning at the shipyard, continuing to the south end of main street and back to the side street opposite the Caspary Gulf station, where citizens of the town gathered for the patriotic program.

Leading the marching men were two horseback riders, followed by naval officers in full dress, parading with unshathed swords. The officers were those stationed here in Rockport in conjunction with the building of submarine chasers, including: Lieut. W. C. Voorhies, Lieut. Charles Henriques, and Ensigns Gray, McMurray and Strong.

The shipyard band, directed by Eugene Raeder, played lively martial music, preceded by Boy Scouts bearing two American flags. The 190 employees of the Westgard-Rice Bros. ship building plant formed the major part of the parade.

Fred Bracht was master of ceremonies, and those on the program included Lieut. Charles Henriques, Travis Bailey, Rev. A. D. Jameson, Rev. Hubert McGloin, and Reid Simmons, Legion Post-Adjutant.

The program began with "The Star Spangled Banner" played by the shipyard band, which also rendered various other selections throughout the afternoon.

A pledge of allegiance to the Flag of the United States was given by the Legionnaires and Naval officials. Following the invocation by Rev. Hubert McGloin, America and the Pledge to the Flag were joined in by the assembly, led by Mr. Bracht.

Travis Bailey read the preamble to the Constitution, and based an inspiring short address on this document.

Adjutant Reid Simmons called the roll of American Legion members, after which Rev. Jameson gave the benediction. Taps were sounded to conclude the program.

Lieutenant Henriques made the principal address, beginning with a brief history of the Armistice.

"It was twenty-three years ago today at four o'clock in the afternoon when firing stopped on the battlefields of France, bringing to an end the greatest war in the history of the world," he related.

"Europe was tired of fighting," Lieut. Henriques continued. "The armies of England and France were exhausted and the fresh troops of America turned the tide of victory in favor of the allies."

"The United States is not by nature an aggressive country, but we will fight for our rights when they are threatened or stepped upon by others. We say America does not wish war, and that is true; but neither did Holland, Belgium, or Norway, and as for that matter, neither did England or France—yet war came to them in lightning fashion. So we should be thankful that three thousand miles of water separate us from Europe."

"Up to now the British fleet has been able to protect and defend England separated only by 20 miles of water from the coast of France. How long that water will remain a protection for either England or the United States is a question. So, we must do everything in our power to aid the National Defense program. America has certain ideals and traditions which we love and believe in, and which have become known as the "American Way of Life." These traditions among many things include freedom of speech,

### Did You Say The Fish Weren't Biting? PC-Zero Sent Down Launching Ways Here Wednesday Afternoon

Mrs. Helen Jane Sloan Sponsor of Pint-Sized Craft

Another "patrol craft" was launched here Wednesday in the Westgard-Rice shipyard, where previously four 110-foot Navy Patrol Craft have gone down launching ways.

Wednesday's late-afternoon ceremony was centered around the PC-0 and differed from past launchings only in the size of the boat, the crowd, and in that a bottle of beer was splashed across the bow instead of champagne.

Mrs. Helen Jane Sloan was sponsor of the pint-sized PC-Zero, a small sailing craft that had been reconditioned in the yards and finished off with a coat of war-time gray paint like its surrounding big sister ships. The launching was carried out in regulation style, with naval officers, their wives, shipyard officials and several invited guests present for the "take-off" ceremony.

the right to worship God according to your own conscience, the privilege of voting for whom you think will govern you best, and wages for the working man far higher than that paid in any country in the world. These things we believe in—and these things we will defend with all our might.

"It is not enough that we should have a strong military force and some day, in the not too distant future a Navy strong enough to defend the Atlantic and Pacific oceans at the same time. In order to have such a Navy, with all the varieties of ships needed in modern times to complete a fleet, such as battleships, cruisers, destroyers, aircraft carriers, submarine chasers and vessels of the train, it is necessary that all the people in America take part and work for national defense.

"Especially is this true of men working in the shipyards and in factories building engines and guns to be used on ships. They must realize their duty and work with spirit. To show that men working in defense factories have the right spirit, when the shafts and propellers for the first two ships being built here were loaded for shipment, quite a ceremony was held. Every workman in the plant who had worked on these parts wanted to take part in the loading to show his willingness to work and do as much for national defense as any member of the armed forces—and I am glad to say that the first shafts and propellers made for this type of vessel have been received by the shipyard here in Rockport."

"I know that all those working on the six vessels being built here feel that they are helping the United States build up her defense so that they and those they love will always be able to say, 'Long may the Star Spangled Banner wave over the land of the free and the home of the brave!'"

### Former Rockport Man Receives National Honors

Recent appointment of Associate Professor R. C. Russell of Mississippi State College as one of the seven members of the advisory council in the National Association of Teaching Certified Public Accountants is pointed out by Dean R. C. Weems, of the state college, as an honor of unusual distinction.

Prof. Russell is the son of Mrs. Lyman Russell of Rockport. He graduated from the Rockport High School in 1924. After his graduation he attended Schriener Institute at Kerrville for one year, 1926-27, and the University of Texas from 1927 to 1932, when he received his masters degree. Prof. Russell received his C.P.A. from the State of Texas in 1938.

From a tribute paid to this former Rockport boy in the Mississippi Starkville News:

"Mr. Russell is head of the accounting division in the department of business administration of the School of Business and Industry. The NATCPA, in which he received the appointment, embodies the belief that 'the most successful accounting teaching demands a combination of sound theory and practical experience' and that 'in these the teaching certificate public accountant is unsurpassed.' It boasts membership over the entire United States."

The article names many famous men as members of this national organization, and gives many famous and efficient men who have been pupils of Prof. Russell.

The tribute goes on to say, "Students should appreciate going to school to a man with such a reputation."

### Applications Wanted

By the City Council of the City of Rockport, Texas, for position of Water Superintendent, full time, salary \$75.00 per month. Successful applicant will be required to reside within the City limits and furnish own transportation. All applications must be on file in City Clerk's office on or before Nov. 17, 1941.

J. E. MOORE, Mayor  
City of Rockport

### Hurray! Schools Out--

No, not for good, young seeker-after-education! But, there is good news.

Supt. R. E. Black this week announced that the Thanksgiving holidays will be the 27th and 28th of November, and that the Christmas holidays will last from December 19 to January 5.

### Mother of Former Pastor Heher Laid to Rest

Funeral services for Mrs. M. E. Adams, 76-year-old former Rockport resident, were held Tuesday morning at the Baptist church of Skidmore, with burial in the Bishop Cemetery. Mrs. Adams was the mother of Rev. J. B. Adams, for eighteen months pastor of the First Baptist church here in Rockport.

### Lamour and Hall Reunited In South Seas Drama

The never-to-be-forgotten stars of "Hurricane," Jon Hall and Dorothy Lamour, are reunited again—in another example of how popular demand rules Hollywood.

Starting Thursday, Nov. 27, at the Rio Theatre, the record breaking romantic team will be seen in "Aloma of the South Seas," Paramount's technicolor story of a tropical paradise island.

The lure of the South Seas—an eye-fel of Lamour glamour—the sleek physique of Jon Hall—an exciting red-blooded tale climaxed by an erupting volcano that explodes into a million colors—these are the highlights of this coming outdoor spectacle.

On a Tahitian-type island, Jon Hall, educated son of the native chief, battles for the girl he loves. But Phillip Reed, Jon's envious cousin, is deeply in love with the same girl, bewitching Dorothy Lamour. In addition to this, Phillip resents the power and fortune of the chief's heir. Against a background of South Sea native life and superstition, the two men fight it out.

### Rev. Pollard New Presbyterian Pastor Here

E. G. Culley to be Used Elsewhere in Presbytery

Rev. T. H. Pollard of San Marcos has this week accepted the call of the Rockport Presbyterian church to be its pastor. Rev. Pollard will take up these new duties the first of December, when he will arrive in Rockport with Mrs. Pollard and their children.

The Presbyterian church here has been without a regular pastor since Rev. Rodney Sunday was called to the Luling Presbyterian church a year ago. During the past summer E. G. Culley, student in the Presbyterian Theological Seminary at Austin, filled the pulpit here, which he continued to do during the fall, along with attending classes at the University during the week.

Mr. Culley will be used elsewhere in the Presbytery, it is announced by Dr. Brooks I. Dickey, director of the Home Mission Board.

Rev. Pollard and his family will make their home in Mrs. H. T. Bailey's residence.

### USO Reports National Goal Surpassed

A total of \$10,765,000—the goal set by the recent National USO Campaign for American soldiers, sailors and national defense, has been topped by some \$5,000,000, Thomas E. Dewey, National Campaign Chairman, said in a letter this week to Miss Iris Sorenson, chairman of the drive for Aransas County.

Not only did the national drive exceed its goal, but Aransas county, too, passed its mark. The quota for this county was set for \$140,000 while \$147,000 was raised, says Miss Sorenson.

### Local Yard Gets Parts to Power Plants of Boats

To Rockport this week came the first ship-building parts manufactured in the new branch plant of the General Motors Corporation in LaGrange, Ill. A full carload of parts for the power plants of two submarine chasers being built here arrived on Armistice Day from the Electric-Motive Corporation, a subsidiary of General Motors.

It was reported that engines and other equipment were expected to arrive here soon and that in a short while two of the patrol craft being built for the Navy would be ready for test runs. The first shipment of the power plant parts included propeller shafts.

Quite a ceremony marked the shipment of the parts in the LaGrange plant. The local order was the first the plant turned out and each worker having a part in the manufacture of the parts proudly aided in getting the shipment out.

Here to assist in installation PPP Here to assist in installing power in the Navy defense craft is P. R. Bricker, service instructor of the Electric-Motive Corporation. He arrived here in advance of the shipment from his company and will remain to supervise installations until the engines are in place.

### Rockport Yard Gets First Parts From New General Motors Factory

Mr. and Mrs. J. M. Moore and two sons, Jim and Bob, of Freeport, Texas, spent the past week-end in the home of Rev. and Mrs. J. F. Stanley.

### 'Beat Ingleside' Is Chant of Rockport Fans

Grown-ups Join With Students in Making "War Medicine" For Big Game

Rockport grown-ups joined with school students in making "war medicine" for the Pirates most crucial grid battle of the season here Friday night. Headed by Rockport's fire truck and the high school band, the students paraded through downtown streets Thursday night, the procession snaking its way to the school grounds, where with bad medicine ceremonies a huge bonfire was lighted. As flames licked up around the wooden "Mustang" on top of the flaming heap, deafening cheers went up on all sides. Bedlam reigned until the wood horse was nothing but embers.

While the bonfire burned, speeches were called for. Fire Chief Francis Smith, Coach Jim Mobley, Supt. R. E. Black, Tailback Charley Roe, Miss Jessie Lee Harrell, Delo Caspary, "Sweetheart" manager of the team, and various other fans and players stated their confidence in Rockport's long-awaited victory over Ingleside Friday night.

"We'll burn 'em down tomorrow night just like that wooden Mustang burned tonight," echoed through the night.

Yells were led by Maurice Curry, Jerald Brundrett and Natalie Smith, and throughout the evening the fire was held in check by the Rockport fire department, special guests for the affair.

### Both Elvens are Undeclared in Conference Play, but Rockport has one tie game on its record.

Either team can cop the District 35-B crown with a victory tonight, regardless of the fact that Ingleside still has a loop tilt to play with the Gregory Wildcats.

Rockport, which has played one game more than the Mustangs to date, is the district's leader on both offense and defense. In nine contests the Pirates have rolled up 269 points while limiting the opposition to 6. Ingleside in eight games has scored 210 points to 18 for opponents—but 12 of that total were tallied by the Class A Taft Greyhounds.

### Coach Jim Mobley of Rockport and Coach John Brightwell of Ingleside yesterday both pronounced their charges in top physical shape for the game.

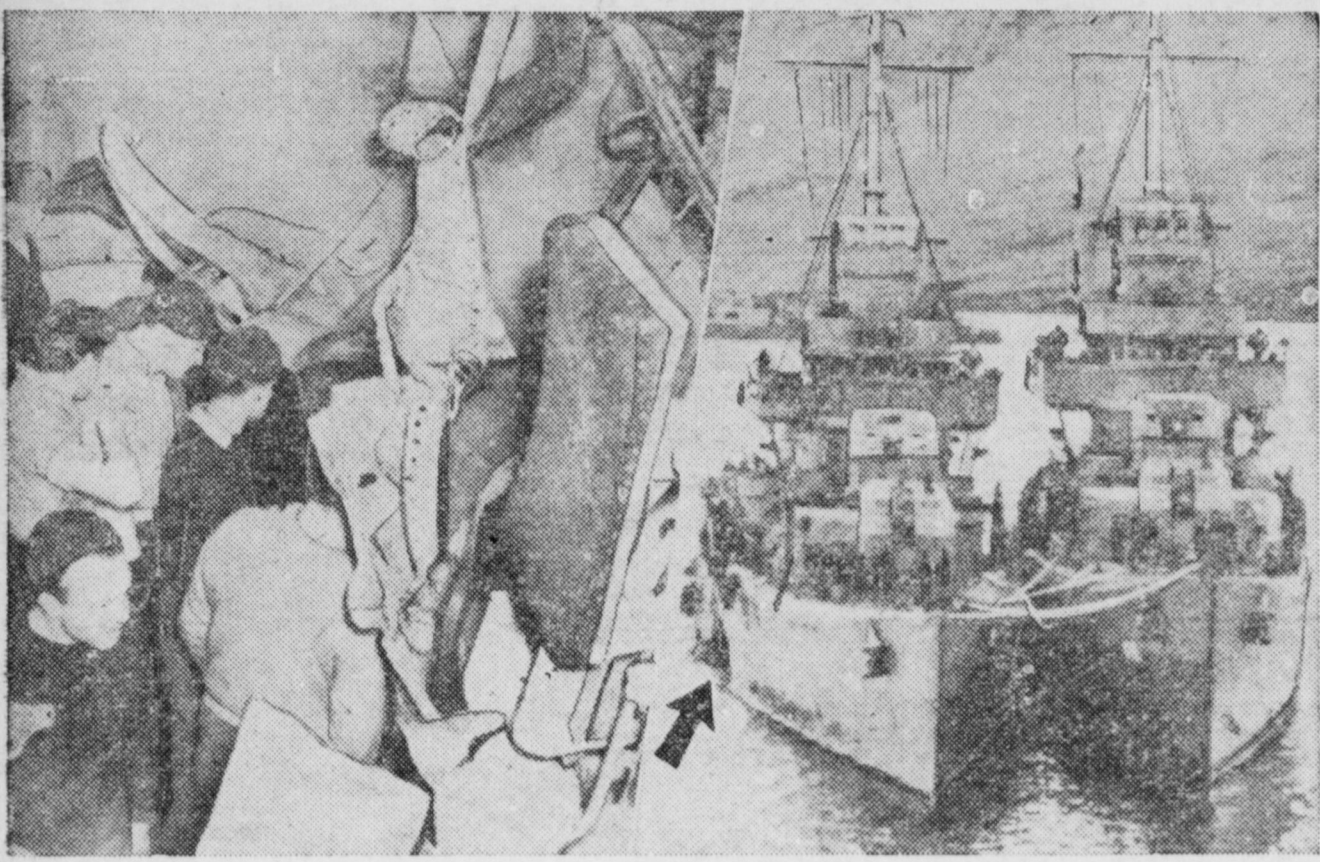

### In bi-district play, the winner tonight will meet the victor of the Lyford-San Diego game next week that decides the District 36-B champion.

### Four Aransas Co. Boys Called For Draft Dec. 8

The local draft board of the Selective Service System announces that the following Aransas county boys are being called for service on December 8: No. S-247, James O. Stewart; No. 256, Rafael Costanuela; No. 286, Wayne E. Smith; No. S-304, Quitman Moore.

Mr. and Mrs. Addison Buckner and children of San Marcos were again here in Rockport vacationing the past week. The Buckners have been seasonal guests at Harris Cottages for several years, coming for fishing, which Mr. Buckner reports, has been very good. Mr. Buckner is with the San Marcos Record.

## Official Pictures of Torpedoed U. S. S. Kearny

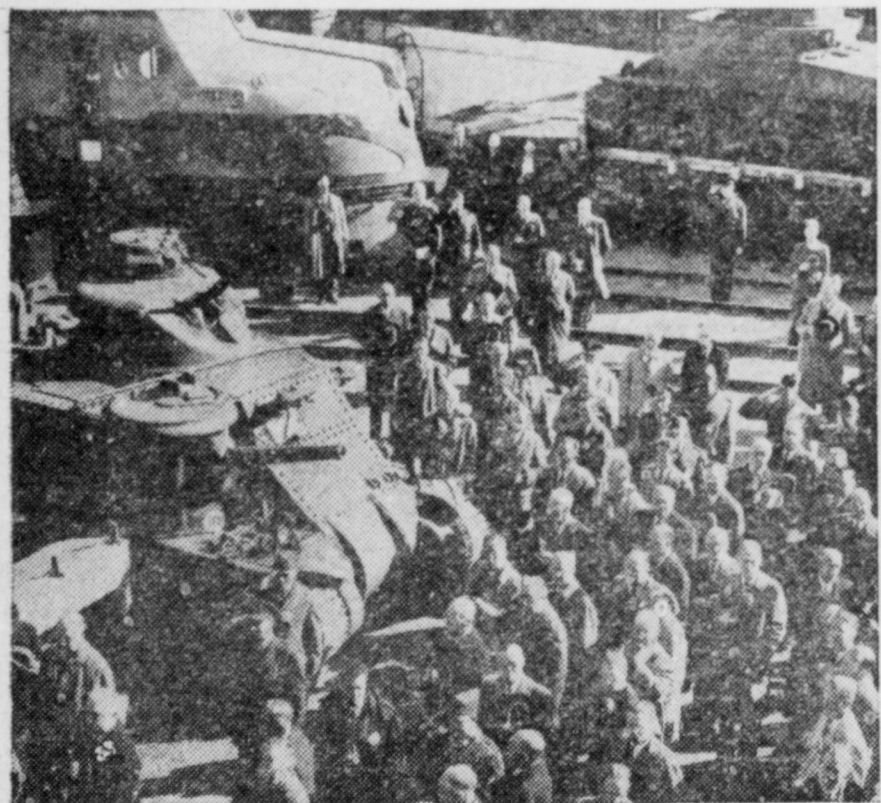

Official pictures released by the navy department show the damage done to the U. S. S. Kearny when she was torpedoed by a submarine off Iceland. At left, crew members look at twisted wreckage below decks after the torpedoed destroyer steamed into port. Right: the Kearny, tied to sister ship, is shown limping into unnamed port. Arrow points to the hole made by the torpedo.

## A Lesson or Two in Preparedness

Marines of the royal Netherlands navy, still loyal to their exiled queen, are pictured above crossing a river, fully dressed, during maneuvers at Sourabaya, Netherlands East Indies. Japan is their nearest Axis enemy. Inset: A "casualty" is floated across a river on a makeshift raft during demonstration staged by Britain's royal army medical corps. Buoyancy is given by empty oil cans.

## They Watched the Tanks Go By

Standing at attention while the national anthem is being played at the Schenectady, N. Y., plant of the American Locomotive company during a defense day inspection of the plant. M-3 medium tank is shown at left. Another tank, on flat car in background, is about to be sent on its way to army proving grounds.

## Turkey Dinner in the Offing

Turkey, with all the trimmings, will grace the festive board at army camps throughout the country on Thanksgiving day. These soldiers of Camp Lee, Va., could not resist their battle training as they creep up on the all-unsuspecting turkeys at the Wippenock farm, South-land, Va.

## ... Not to Market

Noi to market, but to San Francisco's grand national livestock exposition, is the destination of these two little pigs, chosen as her entrants by Miss Milo Kimmmerle. The exposition will present a livestock, horse and radio show of national character, November 15-22.

## After Record Leap

Arthur Starnes is greeted by his wife and son, Robert, on right, after plunging six miles in record "free fall" chute leap. He parachuted less than 1,500 feet in the six-mile drop.

## WEEKLY NEWS ANALYSIS By Edward C. Wayne

### Billion Dollars in U. S. War Supplies Is Pledged for Assistance to Russia As Stalin Asks 'New Front' in Nazi War; U. S. Warns Finland to Cease Fighting

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)  
(Released by Western Newspaper Union.)

#### RUSSIA:

##### U. S. Pledge

Same day the state department announced that a billion dollars worth of war supplies had been pledged to Russia, Josef Stalin in a speech deplored the lack of a second front in the battle against Hitler.

Speaking on the eve of the twenty-fourth anniversary of the Bolshevik revolution, the Soviet leader claimed that the Nazi blitzkrieg was a failure but added that his Russian forces were not doing as well as they could be expected to do because Germany had thrown her entire force on Russia believing there was no fear of a western front opening up.

He asserted that Russia was still strong and that the losses inflicted on Germany far outnumbered damage to U.S.S.R. troops.

About this time Moscow sources were announcing that the Nazis had been fought to a standstill around Moscow and Leningrad. Berlin claimed to have gained in both areas and reports from the South indicated a Nazi break through into the Crimea, more or less a gateway to the Caucasus.

Yet it had become apparent that Russian defense ideas were not basically founded on a defense of the Crimea, but that the Reds considered Rostov as the entrance to the Caucasus, and would hold as hard there as possible, perhaps as successfully as at Moscow and Leningrad.

There had been no indication that the Nazis' early prediction of collapse of Russian resistance could be looked for, and observers felt that if that eventually was likely, then Moscow and Leningrad would hardly have been defended so vigorously and successfully.

The developments pointed, on the other hand, to a real and serious fall-down of the Nazi blitz, perhaps

sian victory would rob her again of her natural territory.

America's viewpoint was that if Finland goes on fighting, then Russia's strength will be impaired and through Russia the strength of Britain and the United States. There was seen in the move a tacit guarantee of after the war aid to Finland if she should stop fighting.

#### NEUTRALITY:

##### Fight Bitter

Foes of changes in the neutrality act, which included not only the regular anti-administration stalwarts but one or two new acquisitions to the fold had turned out to be a bitter-fighting group, though hardly a member of it had expected to see victory perch on its banner.

The effort seemed to be not so much to defeat the administration, generally conceded to be impossible, but rather to whoop up a general anti-foreign policy sentiment,

Sen. Hattie Caraway of Arkansas, only woman senator, and mother of two sons in the army, is shown making a speech in favor of passage of revised Neutrality act.

using every argument and White House word as ammunition and target, respectively.

Senator Walsh of the navy affairs committee, typical of the arguments against the amendments repealing two important provisions of the act, said it would hurt the navy. The navy didn't have ships or men requisite for an entry into the war.

"And this is an entry," said he, "unless we already are in."

With its differences of technic the stand of the minority was ever the same, however—that the President had gone far beyond the authorizations of congress by taking steps already taken, and that the White House was, in effect, asking an O.K. on these and tacit permission to go further.

#### JAPAN:

##### Lays Down Law

A list of "must" terms for the United States to abide by or get into trouble with Japan had been laid down, chief among which was the immediate stoppage of economic and military aid to China.

The list: "Stop all military and economic aid to Chungking and cease all propaganda or military missions to keep Chungking at war with Japan. America could advise Chungking to make peace.

"Stop encirclement of Japan by military, naval and air bases and by economic barriers. Proceed no further with military and naval movements in the western Pacific.

"Acknowledge Japan's coprosperity sphere and her leadership in the western Pacific.

"Recognize Manchukuo. Nobody can undo what has been done there.

"Stop at once the freezing of Japan's assets in the U. S.

"Restore the trade treaties, abolish all restrictions on shipping and commerce."

The program, published by the Japan Times and Advertiser, organ of the foreign office, declared that the Pacific was "on the brink of war."

It was considered significant in Washington that there was no mention of the Rome-Berlin-Tokyo Axis in the statement. It stated that "there could be no retreat" from these principles, poles away from anything the American state department was prepared to concede.

Japan felt that America's aid to China program was simply an evidence that this country was afraid to fight Japan directly.

## HIGHLIGHTS . . . in the week's news

**New York:** Aftermath of the Finnish note from the United States had been seen in a broadcast picked up here saying that 21 Finns were arrested in Helsinki following an anti-German demonstration.

**Chicago:** National defense has changed reading tastes. The libraries here are swamped with requests for mechanical literature and technical books.

**London:** General Wavell, who was sent from north Africa to India to organize the British armies there, may be used to lead a force to fight side by side with the Russians in defense of the Caucasus oil fields.

**Dublin, Ind.:** Life was beginning at 71 for Riley Laymon. He became the father of twins and started out on a brand-new job in a factory on his birthday.

## Luck Smiles

When the torpedoed U. S. tanker Salinas limped into port under its own power, one of the luckiest fellows aboard was Phillip McBride (above) of Chicago. It was the third time he had missed death by inches. He was transferred from the S. S. Greer to the S. S. Kearny shortly before the Greer was attacked and then was transferred to the Salinas just before the Kearny was torpedoed. So far he is still one jump ahead of a torpedo.

## 'NEST':

### Near Iceland

Somewhere south and west of Iceland it had become evident that Germany had established a big "nest" of submarines preying upon convoys, and apparently giving especial interest to American warships.

What inroads this country's navy had been making on it was not revealed, the published "score" being totally in favor of Hitler, though the navy department had early announced that no successes against U-boats would be reported.

The loss of the Reuben James, the navy said, entailed 95 casualties, all of the officers being missing as well as half of the enlisted men. Only two known dead, one survivor dying of his injuries and the other a body picked from the water, were reported.

Reports of the torpedoing of the destroyer were that the vessel was struck in the center and broke in two, the forward half sinking at once, and the afterpart going to the bottom a few minutes later. Evidently most of those saved were aft, and succeeded in picking up a few of those hurled into the ocean from the other part of the ship.

The navy said: "It is probable that the attack took place during darkness. From the terrific force of the explosion it is a possibility that the magazine exploded. It is a probability that the majority of the casualties occurred in the forward section, although two of the survivors were from that part of the ship."

Latest incident was the torpedoing of the Salinas, navy tanker, in the same district where the others had occurred. The Salinas made port. The navy would not give details of her damage, but published no casualty list among the crew.

## FOOD:

### Rationing?

A rumor which had been worrying housewives—that the United States, in addition to seeking price control, would also start food control and rationing, was categorically denied by Donald Nelson, who said "I should know."

He is priorities director of the nation, and said that any rationing of any type of material, whether edible or not, would normally go through his office.

"That the matter had been considered, he denied, then showed his own awareness of the situation by stating that he had known that there would be shortages of certain foods, but that a rationing program had not been talked of.

Foods he mentioned were cheese, of which huge quantities are being sent to England, and salmon, which has been short for a good while, and which also is a favored lease-lend food.

## DRUG:

### New Wonders

It was announced formally that gramicidin, new drug dug out of the soil three years ago by Dr. Rene DuBose, who had modestly declined any public claims for the medicine, and had given it out for testing to a dozen medical schools and hospitals, has turned out to be the wonder drug of the age—far more powerful in germ-killing than the now-famous "sulfa" drugs.

Its potency is from 1,000 to 100,000 times as great as sulmanilamide, which has saved thousands of lives. One millionth-teaspoonful, or about the size of a drop of mist or fog, has been sufficient (of gramicidin) to protect a mouse from 10,000 lethal doses of pneumonia germs.

First reports of its use on humans came from two Boston university medical researchers, who told of curing ulcers in three weeks which had defied all drugs for 15 years; of curing a chest infection which is almost 100 per cent fatal ordinarily.

## JUST AS YOU ARE

**Come Back**  
"Hullo! I hear you've got married?"  
"Yes, I got tired of restaurant food."  
"And now?"  
"I'm beginning to like it again."

**Using the Moment**  
The door-to-door salesman was not at all welcome.  
"I; you are not off my doorstep in thirty seconds," said the householder, "I'll—"

"Now, what can I sell you in half a minute?" replied the salesman cheerfully.

**Long, Long Trail**  
Peering closely into her client's hand, the fortune-teller "did her stuff."  
"There's a dark woman following your husband," she said.  
"Oh, well," replied the good lady calmly; "she'll soon get tired of that. My husband's a postman."

**Lots of young couples, says a cynic, are just two minds without a single thought.**

**Mutual Feeling**  
Determined on a little straight talk, the mistress entered the kitchen.  
"Mary," she said, "I didn't like the look of the soldier who came here to see you last night."  
"No, mum," replied the girl.  
"An' he wasn't what you'd call taken up with you, either."

When the shopping list is long, and the purse none too full, cigarettes and smoking tobacco come to the front as ideal gifts for the holiday season. The welcome they get from any smoker is all out of proportion to their modest cost. That's why Camel—America's favorite cigarette, and Prince Albert Smoking Tobacco—the National Joy Smoke—rank as leading gifts on the Christmas shopping lists. Dealers are featuring the Camel carton—ten packs of "20's"—and a novel Camel package of four "flat fifties," also Prince Albert in the pound tin and the pound glass humidor—all special gift packages.—Adv.

UNION WITH CHRIST

LESSON TEXT—John 15:1-10. GOLDEN TEXT—Abide in me, and I in you.—John 15:4.

Our lesson presents deep spiritual truths concerning our union with Christ—mystical, but practical; precious, but too often forgotten or neglected.

I. The Conditions of Union With Christ. There is a sense in which union with Christ is entirely unconditional, one is either united with Him by faith or he is not.

1. Cleansing (vv. 1-3). Christ is the Vine, and the believer as a true branch is united with Him. There is a oneness here which is difficult to express but delightful to receive and believe.

2. Abiding (vv. 4-8). The branch bears the fruit of the vine. It has no strength or ability of its own to bring forth fruit.

3. Obedience (vv. 9, 10). The hall-mark of character in a child is obedience. That is also true in God's household.

II. The Results of Union With Christ. 1. Purity of Life (v. 3). "Now ye are clean"—how refreshing our Lord's words sound to us as we live in a wicked and filthy world.

2. Prevailing Prayer (v. 7). At first one wonders why our Lord put in that word about prayer, but it is evident that one of the fruits of union and fellowship with Christ must be intelligent prayer.

3. Fruitbearing (vv. 2, 4, 5, 8). The fruit a Christian bears is the fruit of Christ who is the Vine, but as the branch he does have the joy of bearing "fruit" (v. 2), "more fruit" (v. 2), and "much fruit" (vv. 5, 8).

4. Abiding in Love (v. 10). We have been talking about abiding all through our lesson and it may seem strange to list it as one of the results of union with Christ, yet it belongs here.

5. What a picture that is. Christ, the One who knew no stain of sin (II Cor. 5:21), always perfectly obedient to the Father (Heb. 10:7), who knows complete and perfect fellowship with the Father, reaches out His loving arms and draws the believer into the circle of that blessed union and love.

6. "Only Thee" No one can ever become quite solitary, quite poor, quite miserable, who can truly say "Lord, if only I have Thee."

7. "I'm glad Jeff Brand didn't feel that way tonight," he said, smiling at her. "He took a lot more risk than we are going to run."

8. "I'm glad Jeff Brand didn't feel that way tonight," he said, smiling at her. "He took a lot more risk than we are going to run."

9. "I'm glad Jeff Brand didn't feel that way tonight," he said, smiling at her. "He took a lot more risk than we are going to run."

10. "I'm glad Jeff Brand didn't feel that way tonight," he said, smiling at her. "He took a lot more risk than we are going to run."

Fashion Advocates Lavish Use Of Fur in a Variety of Ways

By CHERIE NICHOLAS

FASHION is most eloquently "saying it" with furs this season. According to the signs there is going to be a most grand and glorious display of furs this winter both as trimming and as coat or cape ensembles of sumptuous fur.

Its graceful leather trim is Kelly green for added color.

Fur capes are definitely something to talk about, for they are in the very foreground of the current fashion picture.

Milliners are giving of their best in creating fur hats matched to coats, to jackets, or to the trimming on one's gown and wrap.

The young woman centered above in the picture is snappishly turned out in an ensemble of gray Chinese kidskin, the fingertip-length coat fashioned along very youthful lines.

The insistent call for sleek black by fashion sophisticates keeps Persian lamb and elegant broadtail in the limelight again this season.

Two important trends register in the button field, one of which is the inclination toward bulkiness. Buttons are sometimes massive and knobby.

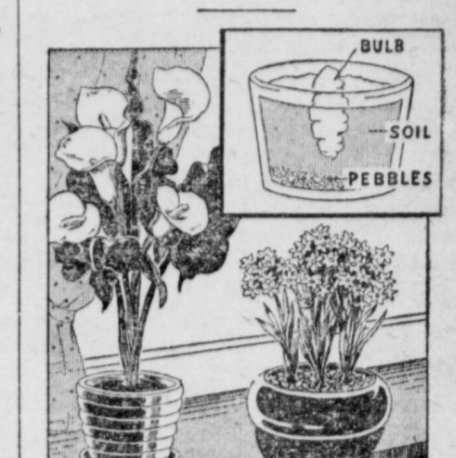

Plastic buttons are available in a full range of costume colors. A button that makes an interesting accent on frock or blouse is a molded plastic done in a flower design with nailhead detail.

Glitter is popular, and lovely rhinestone buttons flourish on wools, velveteens, dressy crepes, and the newest fashion note is rhinestone or other jeweled buttons on fur coats and jackets.

Woolies Defy the Chill Breath of Jack Frost Farmers can prognosticate and their signs are unfailing.

American opossum is a flattering, young-looking fur when it trims swank town and country tweeds.

Bulbs Bloom All Winter If You Start Them Now

A SUCCESSION of lovely blooms in your home all winter! That's your reward—if you start potting bulbs now.

Clever to choose stunning "show pieces" that flower at different periods—white callas start blooming in January, colorful amaryllis and daffodils a little later.

Before these and in between you can always have the fragrant narcissus.

Our 32-page booklet tells how to raise favorite flowering and foliage plants, ferns, bracket plants.

### Teams to Meet In Battle Royal Here Friday Night

Game To Decide Championships of 35-B Conference

#### ON EVEN PAR

### Neither Team Having Been Tied or Beaten in Conference Game

The Rockport Pirates will play the Ingleside Mustangs in a final game at Rockport Friday night to decide the champions of District 35-B. Last week the Mustangs scored a 13-0 victory over Bloomington, and have not lost or tied a conference game. They will give stiff competition to the Pirates, who walloped the Bishop Badgers 60-6 last Friday night, the only conference game the Pirates have been scored on.

The Pirates, who will be out to take the title from the Mustangs who have won it for the past two years, will have the united support of Rockport fans, the theatre and other business houses closing till after the game. Everybody come out with the Rockport spirit and yell for the Pirates Friday night at 8 o'clock.

In the student government and activities, help to enforce the rules, co-operate with the teachers, have his lessons prepared on time, and he should be a good worker with his fellow pupils. A good student has a cheery smile and hello for everyone.

### ... LITERARY ...

#### A Newcomer . . .

Coming in from the ranch country and entering upon the hugh-the-coast highway, my general impression was that I had come upon a new world. A world that was truly more than three-fourth water. Great flocks of ducks and geese covered the blue waters of the bay on either side of the causeway, and the sky was filled with seagulls with here and there a heron or a crane.

Rounding the curve at Fulton Beach I caught my first glimpse of the spires and standpipes of the village of Rockport. A little later the town itself burst upon my view, lying like a jewel beside the bay, shut in by a wall of green timber of live oak and mesquite on the west. The impression was overwhelming that it was a product of the sea upon which the winter sun was pouring forth oceans of soft light, while its stately palm trees added their majesty to it all.

—Mary Jameson

#### "TO HAVE AND TO HOLD"

—Mary Johnston

Although Mary Johnston lives in the twentieth century, she wrote mostly of the early colonial period. It seems that her purpose in writing this story was to show that the tyranny of England's royalty did not always subdue the staunch colonists.

"To Have and to Hold" takes place in Jamestown, Virginia about 1620. The arthur changed the real

dates of certain happenings of historical importance for the convenience of her story.

The principal characters were: Captain Ralph Percy, a gentleman adventurer who was well acquainted with the battle fields of Europe; Lady Jocelyn Leigh, his wife; John Rolfe, a widowed husband of Pocahontas and a friend of Captain Percy; Lord Carnal, the king's favorite; Jeremy Sparrow, a minister; Nantauquas, the brother of Pocahontas.

Lady Jocelyn Leigh, who came to Jamestown disguised as one of the maids sent from England to become wives for the men, married Ralph Percy without telling him anything about herself. Soon after she had told him about her being ward to the king and running away after her betrothal to Lord Carnal, the Lord, himself, appears to take Lady Jocelyn back to England. The greater part of the plot centers around the attempts of Captain and Mistress Percy to escape from Lord Carnal. This involves much adventure and many narrow escapes. The story ends with the happy reunion of Captain and Mistress Percy and Lord Carnal's sailing back to England in defeat. He took poison and was buried at sea.

This was a very interesting historical novel. It seems queer that anyone living in the present day could write such a vivid story of life and adventure in early Jamestown.

—Ruth Linda Herring

#### PERFECTION

If everything on earth was perfect  
 And we had no reason to complain,  
 On this earth we would find fault  
 With the perfectness of things.

H  
 U  
 M  
 O  
 R

Mrs. Sone: "Floyd, your essay on 'Mother' is just the same as your brother's!"

Floyd: "Yes, Ma'am, but Lloyd and I have the same mother."

Coach: "Did you get hurt while you were on the eleven?"

Roger: "No, it happened while the eleven were on me!"

Jimmy: "How is your garden doing this year?"

Joy: "My cutworms and beetles were never better, but my potato bugs look undernourished for some reason."

Miss Coley: "There's no turtle in this soup."  
 Vesta Nell: No, and if you look close, you'll find no horse in that horse radish."

Pauline had a little lamb,  
 Given her to keep,  
 It followed her around until  
 It died from lack of sleep!

"Bill," asked the teacher of Bill Johnson his first day at school, "do you know why you were named Bill?"

"Of course I do," was the answer, "I came along the same day as the rest of the bills."

Butler: "Sir, your car is at the door."  
 Master: "Yes, I can hear it knocking!"

Tourist: "What makes these Western plains so flat?"  
 Cowboy, "Wa'al, stranger, we've decided it must be because the sun sets on them every night."

### Clinic Still Under Progress at School

The women of the Rockport P. T. A. are still holding their annual health clinic at the schools. The first five grade and part of the sixth have received the free examinations of health and teeth.

Conducting the clinic are Drs. C. F. Cron, R. S. Knapp and L. G. Mitchell, dentist, in collaboration with the Hygiene Committee of the Parent-Teacher Association, headed by Mrs. Pat Mixon.

The report of the health condition showed improvements over previous years, although the teeth of a majority of the children need immediate attention.

Parents of the children should co-operate with the Hygiene Committee and see that their children receive the medical attention indicated.

### Freak Hurricane Cheats Pupils

Although Armistice Day, November 11, was a holiday on the school calendar, school was carried on as usual to make up for the day lost at the time of the hurricane scare.

But watch out. Thanksgiving is just around the corner. Everybody will be smacking his lips and thinking of the fine dinner he is going to have. The school will have two days of Thanksgiving, November 27 and 28, on the original Thanksgiving week rather than the day day proclaimed by President Roosevelt.

Speaking of holidays, pupils are thinking as far ahead as Christmas. The holidays really get around this time of year. For the Christmas holidays, students will get two weeks off, from Friday, December 19, to January 5, 1942.

### School Receives New Books

The Rockport School system has just received a new shipment of library books. These books are almost all educational, pertaining mostly to classes organized here during the last five years.

There are three books that will be of great help to the chemistry class. These are Famous Chemists, What Makes Up The World, and Romance of Chemistry.

The Industrial Arts class library will be fairly complete with the illustrated books and manuals purchased for their use. These include: 100 Problems in Woodwork, six Hand Woodworking manuals, two General Drafting manuals, Wood Finishing and Machine Woodworking.

Three books, Girls and Their Problems and On Being a Girl and Fiber and Finish, will be of special interest to the Homemaking classes.

The library as a department invites all students to partake of the wealth of knowledge to be found in its shelves.

### Junior Class Sells Candy at Games

The Junior class realized a small profit from the sale of candy and cold drinks at the Rockport-Woodboro football game here Friday night, October 31. The net profit was \$2.38. At the game to be played next Friday night, when the Rockport Pirates meet the Ingleside Mustangs, the Juniors hope to make a great deal more, for a large crowd is expected to be there cheering the home team to victory.

The proceeds from these sales will be used toward the Junior-Senior banquet next spring.

### Team Keeps Badger Squad to One Score In Game Last Friday

Pirates Chop Tails Off Badgers On Visit to Bishop Last Friday; Badgers Score Once in Last Quarter

Last Friday the Rockport Pirates traveled to Bishop, where they played one of the most outstanding games played this season, in which they scored 60 points against 6 by the Bishop Badgers. The score was surpassed by only two games, the one with the Odom Owls which resulted in a 73-0 defeat for the Owls; and with the Woodsboro Eagles, who were defeated 66-0.

The Pirates' scores began early in the first quarter, when Wendell plunged the line for the first touchdown, with no extra point being made. Later, Hattenback ran over tackle for the score, with Bracht converting for the extra point.

In the second quarter Wendell plunged center for the touchdown, but Rockport was called for holding and penalized 15 yards, but Johnson ran around the end for the score, Bracht passing to Schuster for the extra point. In a later play, Wendell plunged center for the score, the try for the extra no good. Later in the quarter, Wendell bucked center for the score and Bracht passed to Johnson for the point.

The Pirates scored only onetouch down in the third quarter, when Wendell plunged center for the score and Bracht passed to Schuster for the point.

In the fourth quarter Hattenback plunged center for the score, no extra point. Later Johnson, on a lateral from Wendell, ran around end for the touchdown. Hattenback ran off tackle for the point. Johnson later passed to Bracht for an additional score, Bracht passing to Wendell for the point.

Bishop's only score came in the last quarter when Milch received a 40-yard pass from Lockwood to score on the Pirates, the Badgers failing in their try for the extra point.

The Pirates threw 10 passes, six completed and one intercepted, and gained 14 first downs.

The Badgers threw 9 passes, one complete and 2 intercepted, with a gain of two first downs.

The line-up for the Pirates was as follows:

- |                 |    |
|-----------------|----|
| GEORGE (25)     | LE |
| CASPARY (26)    | LT |
| MULLINAX (27)   | LG |
| DRUNZER (31)    | C  |
| SOLIS (29)      | RG |
| STEWART (32)    | RT |
| SCHUSTER (30)   | RE |
| HATTENBACK (23) | B  |
| JOHNSON (24)    | B  |
| BRACHT (20)     | B  |
| WENDELL (22)    | B  |

### GRADE SCHOOL NOTES

The elementary assembly was entertained by a patriotic program given by Miss Katie Lee Clark's fifth grade room. First was a song by the assembly, "America the Beautiful." Next was a prayer by Mary Jane Dupnik, which was followed by a reading entitled "Conversation Between Books," given by Dixie Mae Mundine. Next the assembly arose and sang "God Bless America." Herbert Eugene Neff gave a reading and a playlet, "We Love Our Flag," was presented. The characters in the play were Betty Joyce Dye, Georgie Mae Miller, Glenn Owens and Billie Joe Hunt. Last the audience stood up and sang the "Star Spangled Banner."

Peggy June Miner from Houston, Texas is a new pupil in grade six.

Supt. R. E. Black will leave Friday afternoon for Houston, where he will join Mrs. Black and daughter, Lila, who will accompany him back to Rockport on Sunday. Mr. and Mrs. Black will attend the A. & M. Rice football game Saturday afternoon.

and do be careful!

"Five mornings a week, nine months a year, we mothers of Texas get our children ready for school. In our home and a million other Texas homes, that's one of the first and most important duties of a mother's day. Sometimes Dad finds out what a job it is when he has to do it by himself."

All of us want our children to have the best education possible. Most of us look to the public schools for this.

Fortunately, Texas has the best public schools in the South. Helping to build and operate them is the Texas petroleum industry which pays 24 million dollars a year in taxes for school purposes.

These petroleum taxes pay an average of one-fourth the cost of educating our children. Altogether, they meet the entire expense of schooling nearly 400,000 Texas boys and girls.

In addition, oil has contributed substantially to the 70 million dollar permanent school fund. Oil is also responsible for much of the 30 million dollar permanent university fund, which has made possible the expansion of the University of Texas and A. & M. College.

Furthermore, taxes on petroleum products add another 11½ million dollars a year for the schools of our State.

Our children get a better education today because of the Texas petroleum industry.

#### "THE SPY GLASS"

Why did Loraina Bludworth go to Houston over the week-end? Could it have been that the Rockport boys have lost their sparkle?

Our handsome football players seemed to be enjoying themselves Friday night at the Ingleside game, helping the Bloomington pep squad yell. Now remember what the coach said, boys: "forget the women!"

A certain party wants to know who Quentin has been winking at in Chemistry class. Now fess up, Quentin, could it have been Genevieve?

Otis seems to be feeling fine again since his date with Loraina, Thursday night.

Corpus seemed to be the ideal place for fun Saturday night, according to J. D., Billy, and Percy, and we mustn't leave out the girls, Lizzy and Polly.

Some seen at the football game Friday afternoon at Bishop were: Howard Kinsey and Kathryn Rouquette, Harold Picton, Otis Rouquette, Screwball Simpson, Natalie Smith and Jerald Brandrett.

What did Shirley mean, Saturday night, when she told us that the odds were ten to one?

Familiar faces seen in Corpus Saturday: Mrs. Sone, Miss Marie Johnson, and Mary Jackson.

Miss Wood visited her family in Bay City over the week-end.

We thought Jenny was sick in bed, but Charles' visit seems to have been the best medicine.

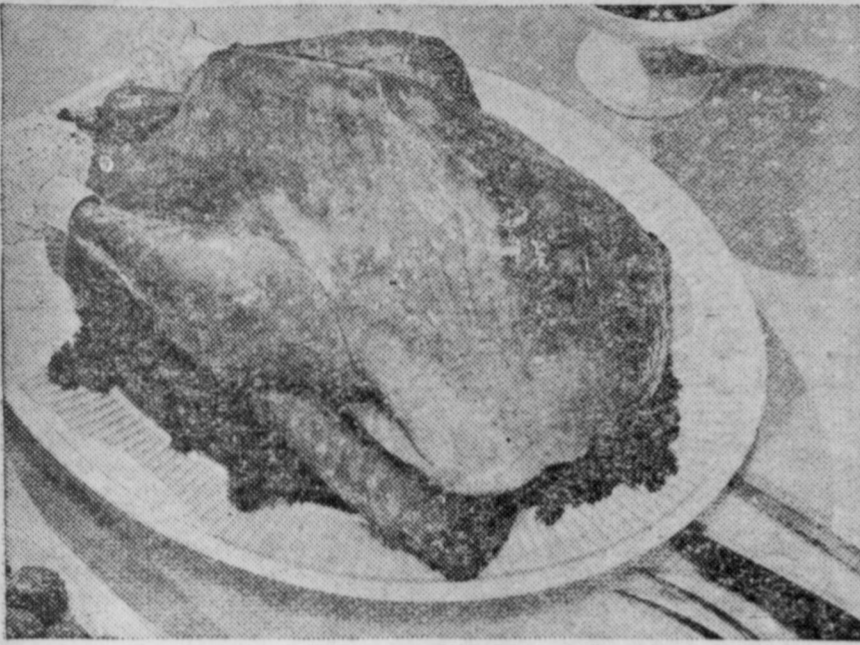

The blond bomb-shell, who has recently breezed in from New Mexico, seems to have swept Eddie off his feet.

LET THE GOBBLER STRUT ITS STUFF!  
(See Recipes Below)

## THANKSGIVING

This holiday is ours! As you bustle about and plan this year's Thanksgiving dinner, remember this is the day we give our thanks for the bounteous harvest of the year, for the peace and the prosperity, singularly ours. Remember, too, and cherish the foresight of the Pilgrims who had the courage to start carving out this land of ours!

Yes, this holiday is ours, so let it be filled with the spirit of the day and wholehearted thanks.

Some foods are synonymous with Thanksgiving without which the day wouldn't be complete, but don't get into a rut about having the same dinner every year, vary the trimmings a bit and fascinate the family.

Thin wisps of croutons will intrigue if you serve them in the oyster stew.

**\*Oyster Stew.**  
(Serves 6 to 8)  
1 pint oysters  
4 tablespoons butter  
1 quart milk  
Salt and pepper

Put cleaned oysters, oyster liquor strained, butter and seasonings in a saucepan and simmer gently until oysters curl at the edges. Heat the milk, add to the oysters and serve at once.

Has the family become a trifle weary of your old stuffing? Then try this savory new one with yummy sausage flavoring which is right at home with either turkey, goose, duck or chicken. The sausage stuffing will do a proud job with stuffed veal, pork or shoulder of lamb:

**\*Sausage Stuffing.**  
(Makes 6 cups)  
4 cups soft bread crumbs  
½ cup butter  
3 tablespoons chopped onion  
½ teaspoon salt  
Pepper  
½ teaspoon sage or thyme  
½ cup chopped celery  
2 cups sausage in the bulk  
Melt butter, add onion and cook until it becomes yellow. Add bread crumbs mixed with seasonings. Mix in chopped celery and sausage. Cook 2 minutes, stirring constantly.

**\*Turkey.**  
Small birds are allowed 25 to 30 minutes per pound for baking, large birds, 22 to 25 minutes per pound. Your oven should be set at 325 to 350 degrees.

**\*Sweet Potato Puff.**  
(Serves 10 to 12)  
4 cups mashed sweet potato  
2 tablespoons fat  
1 egg

## LYNN SAYS:

To clean the turkey, singe it first, then remove the pin feathers with tweezers. Scrub the outside with water. The inside should be wiped with a damp cloth. If there is any foreign odor, a half teaspoon of baking soda may be added to the water with which the turkey is scrubbed.

Allow 1 pound of turkey to each person. Allow 1 cup of stuffing to each pound of turkey. When stuffing, be sure to put some in the neck for this will give the bird a good full shape. Fasten the skin from the neck to the back. Stuff the cavity but do not pack since dressing swells.

For good roasting and easier carving truss the bird, by inserting a long needle through breast, through rib at the base of the thigh. Draw the cord through and bring the string across by pulling the cord through the openings formed by folding the wings triangularly onto the back. Tie the cords.

Insert the needle through the drumstick joints, bring the cord around the tail, through the backbone, and tie securely. Remove cord before serving.

## THIS WEEK'S MENU

\*Oyster Stew Croutons  
\*Roast Turkey  
\*Sausage Stuffing  
\*Cranberry Orange Relish  
\*Sweet Potato Puff  
\*Brussels Sprouts  
\*Hot Rolls  
Celery Curls Pickled Beets  
\*Pumpkin or Minicemeat Tarts  
Hot Coffee  
\*Recipe Given

Salt and pepper  
½ cup milk or ¼ cup evaporated milk and ¼ cup water

Add the melted fat, seasonings and milk to the potatoes. Beat the egg separately, add yolk first and fold in white to the potato. Place in a buttered casserole dish, set in a pan containing hot water and bake 15 to 20 minutes at 375 degrees until light and puffy. Marshmallows may be placed on top of casserole during last 7 minutes of baking time.

With all the soft food of the meal, you'll want something crispy and tart as a relish.

**\*Cranberry-Orange Relish.**  
(Serves 12)  
2 cups cranberries, cleaned, washed  
2 oranges, whole  
1 cup sugar

Grind all the fruit together by putting through a coarse food grinder. Mix the ground fruit with sugar and let stand about an hour before serving.

**\*Brussels Sprouts.**  
Brussels sprouts lend a bright touch of green when served plain with butter or crumbled, cooked chestnuts. Pick the dead leaves off the sprouts, then soak them in cold salted water for ½ hour. Wash and put in boiling water and let cook until just tender about 15 to 17 minutes. Drain, reheat, and serve after seasoning.

**\*Magic Yeast Rolls.**  
3 cups bread flour  
1 teaspoon salt  
½ cup butter  
3 eggs  
1 teaspoon vanilla  
½ cup sugar (rolled in later)  
1 tablespoon sugar  
1 cup chopped nuts  
½ cup milk  
¼ cup hot water  
2 packages granular yeast

Sift flour. Add to 1½ cups of flour the salt and shortening. Combine as for pie crust. Combine milk and hot water. When luke-warm, add yeast and 1 tablespoon sugar. Combine with first mixture; beat until smooth. Cover and let stand 20 minutes. Add eggs, vanilla and the rest of the flour. Stir until it becomes a smooth, sticky dough, but stiff. Tie dough into a clean cloth (wring out in cold water first). Drop in a pail of cool water. In an hour the dough will rise to the top. Remove and turn on a platter and cut into pieces the size of an egg. Roll in sugar and nut mixture. Twist into figure eights. Shape and turn onto a greased pan. Let stand 5 minutes and bake 10 minutes at 425 degrees F.

Remember how mother used to make her pumpkin pie and tarts the day before and how good they always tasted after they stood in the cool pantry overnight? Why not try it this time? It'll save you a great deal of fuss on the big day itself besides giving the tarts a chance to mellow and ripen for extra good flavor.

**\*Pumpkin Filling.**  
(Makes 1 large pie or 10 to 12 tarts)  
1½ cups prepared pumpkin  
½ cup brown sugar  
1 teaspoon cinnamon  
½ teaspoon ginger  
1 teaspoon salt  
2 eggs  
1½ cups milk

For fresh pumpkin, steam or bake until soft and put through a sieve. Add remaining ingredients in order given. Turn into crust lined pie tin or tart pans and bake first in a very hot (450 degrees) oven, then reduce temperature to 325 degrees and bake 25 minutes.  
(Released by Western Newspaper Union.)

# The Washington MERRY-GO-ROUND

DREW PEARSON & ROBERT ALLEN

## WASHINGTON, D. C. NAZI SABOTAGE

The man to watch in Europe today—next to Hitler—is a suave and charming diplomat in Turkey named Franz von Papen. It is always a significant omen when Hitler sends Von Papen to a country. It means he has dire and potent intentions regarding that area.

It was Von Papen who went to Austria as ambassador to soften it in preparation for the Nazi occupation. It was Von Papen who 26 years ago tried to do the same thing here. And now, with weather getting cold in Russia and Hitler running hard and lower on oil, a Nazi squeeze on Turkey becomes almost inevitable. To prepare for it, Ambassador Von Papen has been working overtime in Turkey.

Almost forgotten is Von Papen's attempt to soften and sabotage the United States during the last war. But his operations here indicate the lengths to which he may go in Turkey to bring that country into the Axis.

In 1915, Von Papen was German military attache in Washington when Count Johann von Bernstorff returned from England with a satchel containing \$150,000,000 in German treasury notes.

Von Papen, then in Mexico City, hurried north, and immediately began organizing a network of spies.

**Invasion Via Canada.**  
After selecting his agents carefully, Von Papen laid the following plans:

No. 1. To invade Canada through British Columbia with the aid of German warships in the Pacific and German reservists in the United States. This plan was vetoed by Von Bernstorff.

No. 2. To blow up the Welland canal. This scheme likewise was abandoned, because the canal was too well guarded.

No. 3. To blow up Canadian railroads in an effort to prevent transportation of Japanese troops through Canada. (The Japanese were fighting with the Allies.)

No. 4. To blow up the International bridge at Vanceboro, Maine. This was accomplished through an agent named Werner Horn.

Von Papen was so industrious and unscrupulous that he over-reached himself, and Wilson demanded his recall. But when he reached home, both he and Bernstorff were awarded decorations, and both promoted.

Subsequently, Von Papen became chancellor of Germany and he took part in the conspiracies which brought Hitler into power.

## RUSSIAN REQUEST—A DRIBBLE

Averell Harriman's confidential report on Russian requests for aid was vastly different from British requests for Dunkirk. In comparison with the British, the Russian orders seemed a mere dribble. After the Lowlands debacle, the British had to start from scratch, having lost practically all their armored equipment and most of their field artillery. The Russians have lost tremendous quantities of material, but judging from their relatively modest requests, they still must have a lot left.

One of the chief things they asked for was 75 and 105 mm. guns, which, luckily we can supply. Production figures are a military secret, but these cannon are now rolling off assembly lines in quantity. The Russians also asked for machine guns, which we can furnish also in large numbers, since machine gun production is at a high level.

One of the biggest, and pleasantest surprises to Harriman was that the Russians do not need machine tools, at least for the present. This took a big load off his mind, as both the U. S. and Britain have few tools to spare right now.

Note: U. S. military experts consider lack of co-ordination between the three Russian armies to be one of the principal reasons for the break through in the center against Moscow. Although there has been a shift of Russian generals, doubt still exists about the co-ordination of the three armies under a central command.

## INFLATION CURE

Here is the inside lowdown on Price Administrator Leon Henderson's own private preventive against inflation.

He disclosed it to a group of Charlestown, W. Va., business men during a speech on the dangers of runaway prices. One of the audience asked Henderson how a business man could best protect himself against inflation.

"Work like hell," was the prompt reply, "and go to church regularly."

## MERRY-GO-ROUND

Introduced to a British production expert, who had just completed a survey of U. S. defense plants, OPM boss William Knudsen took him off his feet by inquiring "What impressed you least?"

A sports commentator, sponsored by a shaving cream, called the duke of Windsor in Baltimore, inviting him to appear as guest star on the radio program, the money to be paid to British charity. The duke declined—even before he was told the offer was only \$100.

# PATTERNS SEWING CIRCLE

woman knows, kind to the figure. Pattern No. 1473-B is especially successful as it offers the new longer top, with darts fitting it smoothly through the waistline. There are three buttons closing the top and four patch pockets.

This new length jacket fits well down over the hips and the skirt follows a gently flaring line below. It's a frock to make now in plaid wools, it will be suit-like in gabardine or corduroy, especially when worn with the crisp white dickey.

Barbara Bell Pattern No. 1473-B is designed for sizes 12, 14, 16, 18 and 20. Corresponding bust measurements 30, 32, 34, 36 and 38. Size 14 (32) with short sleeves, requires 4½ yards 35-inch material, 3 yards 34-inch material, ¾ yard 35-inch material for dickey. Send your order to:

Friendship is the highest degree of perfection in society.—Montaigne.

# Household Hints

Never use a damp or wet cloth or holder in removing a hot dish from the oven or stove. A dry one prevents the heat from penetrating and scorching the fingers.

Powdered or confectioner's sugar that has become lumpy should be pressed through a fine-meshed sieve or rolled with a rolling pin.

Grease marks on pages of books may be removed by sponging them with benzine, placing them between two sheets of blotting paper and pressing them with a hot iron.

To clean washable gloves, put them on your hands and wash them in warm water with mild soap suds. Rub the soiled spots gently with a complexion brush. This will loosen the dirt, but not injure the fabric. Remove gloves and rinse well in quantities of clear water; the same temperature as that used for the washing. Hang up dripping to dry. When partially dry blow in them to prevent the fingers from sticking together.

Never roll piecrust immediately after removing it from the refrigerator. Take it out of the refrigerator an hour before using and you will have a better crust.

Surfaces to be whitewashed should first be well-cleaned and freed of any particles that might scale off. Scrub with a stiff brush or broom. Whitewash adheres to moist surfaces better than it does to dry ones. So sponge off the area to be whitewashed with cold water.

Chiffon is easily washed in warm soapy water. Do not have the water hot, otherwise the color will wash out. Rinse it well in clear, warm water, fold smoothly and put through the clothes wringer. Avoid wringing with the hands. Open the chiffon out flat and press with a warm iron on the wrong side.

## M. Lou Beetley Dies in Kingsville

KINGSVILLE—Mrs. M. Lou Beetley, 84, died at the home of her daughter, Miss Lucille Beetley, here Monday night.

Funeral services were held from the First Methodist Church of Kingsville at 1:30 o'clock Wednesday afternoon with the Rev. H. M. Ratliff, pastor, officiating, assisted by the Rev. R. F. Curlof of Brownsville, superintendent of the Brownsville district.

The body will be taken to Rockport for interment in the Rockport Cemetery. A brief pause was made at the Rockport First Methodist church so that friends might join the procession to the cemetery.

Mrs. Beetley was born near Big-hill in Gonzales County August 24, 1857, the daughter of Mr. and Mrs. E. Madden Fly. She was married to S. C. J. Beetley in 1881 at Rockport and the family resided there until 1919. She was a member of one of Texas' earliest families and she and her husband were pioneer settlers of Rockport and were prominent in the town's early history.

Mrs. Beetley has made her home in Kingsville since 1926, but for a few years prior to that time had lived for brief periods at Driscoll, Alice and Floresville.

She was a member of Kingsville Methodist church and was active in church work until she suffered a broken hip from a fall at her home 10 years ago.

Mrs. Beetley is survived by her daughter, Louise Beetley of Kingsville; a son, William Beetley of Rockport; a great niece and nephew, whom she reared, Mrs. Eugene Smith of Dallas, and Arthur Bardwell of Goose Creek; two grand children, Sam Beetley of Hollywood, California, and Mrs. Douglas Chalmers of Denver, Colorado.

### NOTICE TO WATER CONSUMERS

By order of The City Council of the City of Rockport, Texas, all water bills become due and payable on the 10th and must be paid not later than the 20th day of the month following the date of bill, or service will be discontinued until all past due bills are paid together with a penalty of \$1.00 for connection charge. All bills are payable at the City Hall in the City of Rockport, Texas.

W. B. FRIEND, Secretary,  
City of Rockport, Texas.

## Mr. Telephone will wear plastic TO SAVE METAL FOR UNCLE SAM

We're ready with a wartime telephone in which plastic and steel replace the more vital defense metals—zinc, aluminum, magnesium. It's not a makeshift telephone—it's a good telephone.

In the months ahead, however, you may find it hard to get one. Where all lines in our cables are taken up we can't add new customers quickly, because nearly all the additional cable we can get is required for vital defense construction.

We're making every substitution, salvaging every bit of usable equipment to keep up with orders as well as we can.

We hope that our record over more than 60 years is evidence that we will always be doing our best to keep your service as good as conditions permit.

SOUTHWESTERN BELL TELEPHONE COMPANY

## Duck Hunters Mass Set For 4 a.m. Sunday

For the convenience of hunters wishing to get an early start at hunting on Sunday, Rev. J. H. Kelly, pastor of Sacred Heart church here, announces that a special mass will be held at 4 o'clock each Sunday morning during the duck season.

Father Kelly secured permission from the bishop for the special mass. He points out that it will not only be a convenience for local hunters of the Catholic faith, but also for those living elsewhere and coming here to hunt.

### FIRST METHODIST CHURCH

Almus D. Jameson, Minister  
Church School, 10 a.m. Wm. Beetley, Supt.

Preaching, 11 a.m. Subject: "Three Philosophies of Life."  
Senior League—6:45 p.m. Miss Lena Faye Phagan, president.  
Intermediates—6:45 p.m. Miss Jessie Lee Harrell, president.  
Preaching, 7:45 Subject, "Concentrated Purpose."

Mr. and Mrs. Guy Moss and baby Linda of Rio Grande City and Mr. and Mrs. Truett Moss of Freer visited their father, W. J. Moss of Rockport, over the week-end. Incidentally, they caught a nice string of specks Monday morning from the municipal pier. W. J. Moss returned home with them, going to Rio Grande City and then to home Thursday afternoon by Mr. and Mrs. Carl Tuttle of Rio Grande City.

Mr. and Mrs. Ed Picton of Port Arthur are spending a few days here with Mr. Picton's brother and sisters, Mr. and Mrs. Charles Picton and Misses Vivian and Velma Picton. The Port Arthur guests plan to indulge in duck and goose hunting while here in Rockport.

Misses Vivian and Velma Picton and Miss Grace Smith returned Thursday from a two-week stay in Houston and Port Arthur. While they were in Houston they attended the Suttles-Picton wedding on October 22nd, visiting in the homes of David Picton and family and Mrs. Will Smith and family. In Port Arthur the Misses Picton and Smith visited in the homes of John Picton, Will Picton and Ed. Picton.
