

## ROTARIANS ARE BRIEFED ON COMMUNITY ACTION PROGRAM

### Prattle

By AL HINDS

The following editorial was published in the Sunday, February 2, edition of the Dallas Morning News titled "Haskell's Sheriff":

Haskell County Sheriff G. T. Pratt is a lucky man. His constituents demand good law enforcement and he does his best to provide it. More important, Haskell people unite behind him on his job.

He recently arrested four suspects that may lead to conviction of a robbery ring operating in Tarrant County. Two years ago he arrested a gang of five men who couldn't do it without the help of the citizens. Everybody here is behind the peace officer, he explains.

Just recent apprehension of a tip from a Haskell businessman that strangers had been making suspicious requests. The sheriff followed up on the information and arrested the suspects.

When overlooked in the clamor for better law enforcement is the individual's contributions in the community. Haskell County sheriffs provide a good example of how law enforcement can be made more effective through citizens exercising common sense and responsibility.

It is the crime problem known to every county or state bounder, neither does the effectiveness of citizens accepting their responsibilities in the enforcement process. Tarrant County sheriffs will testify to that.

There's no question about it, the GH (groundhog) that is saw shadow Sunday, and according to the old saying, there going to be six more weeks winter. There may be nothing to the myth about the groundhog, but I'll take Mr. T's predictions two-to-one over most of the TV weathercasters.

There are two days in every week about which you should be wary, two days which could be kept free from fear and apprehension.

One of these days is yesterday with its mistakes and cares, faults and blunders, its aches and pains. Yesterday has passed forever beyond our control. All the money in the world can't bring back yesterday. You can't undo a single act performed; we can't erase a single word we said. Yesterday is gone.

On the other day we should not worry about is tomorrow, with its possible adversaries, its burdens, its large promise and performance.

Tomorrow's sun will rise, it will be splendid or behind a veil of clouds, but it will rise. All it does, we have no stake in tomorrow, for it is as yet unborn.

It leaves only one day... today. Any man can fight the battles of just one day. It is when you and I add the burdens of these two awful minutes... yesterday and tomorrow... that we break down. It is not the experience of today that drives men mad... it is the hope or bitterness for something which happened yesterday and the dread of what tomorrow may bring.

So, therefore, live but one day at a time.

It is shown: A fellow said to crowd that he could run a barrel on a rope across a river. No one believed it. Finally one fellow said he would. Said the man, "You get into the wheelbarrow."

It is shown: A politician never die... just run once too often.

It is shown: A man won't mend my shirt because I won't buy him a coat. She says that if I don't give a wrap, she doesn't give a darn.

It is shown: A man's food for thought is who nags too much, may be a husband who horses a...

## Railroad Taxes Total \$15,097 In Haskell County

Current annual taxes paid to the various government agencies by Texas railroads in Haskell County totaled \$15,097, it is announced by the Texas Railroad Association.

That amount was the county's share of the more than \$10,000,000 the railroads paid in Texas on their own right of way and other property.

The biggest railroad contribution was to the school systems throughout the state. Large sums were also distributed to city, village and county governments and for road and bridge funds.

In addition, of course, was the large total in taxes the railroads' 30,840 Texas employees contributed on their own property. The vast majority of rail workers, many of whom live in Haskell County, own their own homes.

"I am delighted that nearly half of the taxes paid by the railroads in Texas go to support the schools," said Walter Caven, general counsel of the Texas Railroad Association.

"The future of our country depends to a great extent upon the education of our youth," he said.

"Recognizing this need for education, many of the railroads operating in Texas also make scholarships available to a large number of students every year."

Arredondo introduced Raul Baiza, a school drop-out, from Rufe, who in turn told Rotarians how the Job Corps had helped him. Two years ago Baiza said he had no future, but now he has something to look forward to. He plans to go to college and then return home and work with and help other people.

Bon Aguirre, of Abilene, Center Director, was also present to assist with the program. Guests included Jackie Beauchamp and Sarah Yeary, Haskell High School students, and County Judge B. O. Roberson.

Eldon Anderson presided over the meeting. H. V. Woodard led the singing, with Mrs. Henry Withers at the piano, and invocation was given by Abe Turner.

## Texas Highway Commission Okays \$2,489,000 Expenditure In County

The Texas Highway Commission has approved the expenditure of \$2,489,000 for highway construction in Haskell County during 1969-70, announced District Highway Engineer J. C. Roberts of Abilene. He said a total of 33.7 miles in the county will be involved.

This work is a part of a supplementary \$214 million consolidated highway program to upgrade the State's highway system.

The following projects will take place in Haskell County:

U. S. 277: Approximate location of project, from 2.3 miles north of Haskell to Knox County Line. Approx. length, 15.2 miles. Proposed character of work, purchase Right-of-Way for 4-lane divided highway. Estimated cost, \$180,000.

U. S. 277: Approximate location of project, from 1.6 miles north of U. S. 380 to Rufe. Approx. length, 6.7 miles. Proposed character of work, grading, structures and surfacing. Estimated cost, \$330,000.

St. 283: Approximate location of project, from 6.4 miles north of U. S. 380 to Rule. Approx. length, 5.4 miles. Proposed character of work, grading, structures and surfacing. Estimated cost, \$330,000.

Paint Creek, \$100; Weinert, \$200 and Sagerston, \$100.

Apart from the opening event, other campaign highlights will include a business district canvass known as "Heart-Days-For-Business", to be conducted February 17 to 28, and a Heart Sunday residential appeal scheduled from February 23 to 24.

In the Heart Sunday effort, which is to be the high point of the campaign, approximately 50 volunteers will visit their neighborhoods to distribute heart-saving information and to receive Heart Fund contributions.

## Two Jud Men Are Injured In Wreck Near Rule

Two men were injured Tuesday evening in a one-car accident about two miles north of Rule on Highway 283.

Taken to Haskell County Memorial Hospital were Henry Callahan, about 65, driver of the pick-up, and Claude Foster, 72, both from Jud.

Their pick-up was traveling south when it hit a concrete abutment about 6:45 p. m.

According to their attending physician, their injuries consisted of minor cuts and bruises.

Sgt. Frank Jirek and Patrolmen Rodney Miller and James A. Davis from the Department of Public Safety, and Haskell County Sheriff Garth Garrett investigated the accident.

## Goodwill Campaign

By Mrs. Lorraine M. Cieselski Campaign Manager

The home town newspaper is familiar to every American old enough to read. But how well do these readers understand its problems and purposes—its importance in their lives, and the life of community, state and nation?

Home town newspapers, such as The Haskell Free Press, are so many things. They are similar to, and yet unlike many other business, professions, and institutions in these communities. Their services are so varied that they are part of all the others.

Mirrors of the Community They might be called mirrors of the communities; libraries of local information; market places; partnerships in which the owner, advertisers, readers and whole communities have a common interest.

They are not food stores, for they cannot feed the people of the communities but their advertising columns do nurture the food store.

Although they cannot render banking service, it is a well known fact that the newspapers are the bank's protectors against the damage which misinformation or misguided interference might cause.

They do not practice medicine, but they do play a vital part in preventing disease and the spread of epidemics.

Oscar Vanderworths' Honored On Sixtieth Wedding Anniversary

Mr. and Mrs. Oscar Vanderworth, of Old Glory, were honored on their 60th Wedding Anniversary, Sunday, February 2, at their home. They were married in Concho county January 28th, 1909, and came to Stone-wall county in April of 1909. In 1916 they moved to their present home.

Mrs. John Wendeborn, a sister of Mrs. Vanderworth, visited a day earlier in the week in the Vanderworth home.

Flower, Garden Show Dates Set At Dallas

Spring is going to come roaring in like a flower at State Fair Park in Dallas!

From April 12 through 30, the annual Dallas Flower and Garden Show will fill the huge World Exhibits Building with a blooming profusion of plants and flowers ranging from azaleas to zinnias.

Mrs. Henry S. Miller Jr., chairman of the 1969 extravaganza pointed out that "the show has been moved to a later date this year to take full advantage of the gorgeous outdoor settings, the massed banks of azaleas along the 700-foot long Esplanade reflecting pool, and other colorful seasonal plantings set out by the Dallas Park Department."

Theme of the big 1969 display will be Splendor of the Americas, which will feature elaborate model gardens ranging from Aztec to Hawaiian.

The 18th annual Dallas Flower and Garden Show is presented by The Dallas Garden Center and The State Fair of Texas in cooperation with the Dallas Council of Garden Clubs.

Meadors Home Scene of Organ Club Meeting

The Organ Club met in the home of Mrs. Virgil Meadors, Monday evening, with Miss Martha Meadors as hostess and leader of the program.

The vice-president, Mrs. Henry Withers, presided at the meeting in the absence of the president, Mrs. Morrell Dick. Mrs. Lynn Pace Jr. read the minutes of the last meeting and gave the treasurer's report. Miss Meadors opened the program playing the anthem, "The Star Spangled Banner", with the members singing in unison. She explained the importance of the tune.

Mrs. J. F. Cadenhead presented a group of patriotic songs at the organ, including "The Eyes of Texas," sung by the group, "Have You Ever Been to Texas in the Spring" and the "Battle Hymn of the Republic". The leader introduced the members by relating the stories of Yankee Doodle, Dixie and Home on the Range, played as duets by Mrs. Henry Withers and Mrs. J. F. Cadenhead Sr.

Mrs. Lynn Pace Jr. played the ever popular songs, America the Beautiful and Columbia the Gem of the Ocean.

Mrs. Withers rendered a medley of hymns, "The Yellow Rose of Texas," "Lagolandra," "K-K-K-Katy" and "Shortening Bread".

Mrs. Cadenhead played the Grand Eastern Star March, composed by her former teacher, leader of the U. S. Marine Band in Dallas.

Miss Meadors closed the program with Semper Fidelis which was a fitting climax to the meeting. The hostess served delicious hot spiced tea, sugar cookies, and nuts to the members of the evening social.

The Good Earth

By Mrs. B. F. Cobb

Two Golden Crocus peeped out of their green leaves this morning to say that spring won't be long in coming. What strange little plants Crocus are, first tiny green blades appear, then almost flush with the ground a tightly rolled bud gradually opens out into all its beauty. Last year I had white, purple, orchid and gold yellow Crocus. The flower bed resembled an Easter basket.

Buds on fruit trees are swelling. I fear we will get a late freeze after the blossoms have opened. Freezing rain or mist will often spare fruit as the temperature never drops below 32 degrees inside the icy glaze it forms on the blossoms. Fruit can often be saved by spraying plants with a fine mist until it clings to each bud or blossom. We sprayed our trees at Abilene each time a hard, dry freeze came. We raised some fruit every year regardless of late freezes.

If one forgets to spray trees at night they can usually still be saved by washing frost off the trees before the sun comes up the next morning. Frost combined with sun causes severe damage.

Sheep and cattle often become covered with drifting snow during a storm and they survive in their snug snow house because severe cold will not penetrate through the snow.

It is time to start seed such as: Petunia, Snapdragons and tomato plants so they will get an early start this spring. One can purchase fertile cubes to plant seed in; when the plant is ready to set in the soil, just plant container and all.

My Farmers Almanac says February 6, 7, 26, 27 and 28 are good days for planting flowers. Do not forget to plant that much wanted tree or shrub. Both disappointment and money can be saved by purchasing No. one plants.

Examine Dublin tubers, Gladiolus corms and snail tubers. If they seem to be losing all their moisture, sprinkle a few drops of water on the medium the tubers and corms are stored in.

We turned on the electric motor to our well last week and watered our flower beds and lawn. No sooner had we watered than it came a light shower but I feel the beds needed the extra moisture. This is the first time we have ever owned a well that will run all day long and not go dry. It is with some misgiving that I think of leaving our newly landscaped yard. I honestly believe I would be lost without a garden to putter around in.

Haskell Garden Club meets February 13, at 4:00 p. m., in the home of Mrs. Bailey Guess of Weinert. Mrs. R. L. Lemmon will speak on: Humming Birds, and how to attract them. Mrs. B. F. Cobb will talk on: Annuals for Shade.

Girl Scouts Cookie Sale February 7-14

Haskell Girl Scouts annual cookie sale begins Friday, Feb. 7th. Proceeds from the cookie sales will go to troop treasuries, and will be used to supplement established camps; to improve and maintain council property; send girls and adults to national and international Girl Scout events and to provide the year-around program at Camp Boothe Oaks.

Only Junior Girl Scouts, fourth, fifth and sixth grades, will join in the door-to-door sales project. The West Texas Girl Scout Council will receive 27 1/2 cents from each 50 cents received.

One troop from each district will win a week-end at Camp Boothe Oaks for selling the most cookies per girl for the population in their district.

Cookies will again be 50c per box and will have the same four varieties.

Neighborhood Cookie chairs: Mrs. M. L. Leedom, 455 S. 4th St.; Mrs. Robert Wheatley, Troop 464, Mrs. Pat Bledsoe.

"Gardening" Theme of Weinert Matrons' Club

Weinert Matrons Club met Thursday at the Community Center for a session on gardening, with ten members present. Myths and Legends of flowers was told by Mrs. W. B. Guess; Mrs. R. W. Raynes spoke on "Around the World With Flowers"; Mrs. M. W. Plemister spoke on landscaping grounds. Mrs. Guess dismissed the meeting with prayer.

Mrs. Plemister, president, presided over the business session. Mrs. M. W. Plemister sent a report that 78 registered in the voter registration sponsored by the club. The club voted to order another shipment of dresses for the club projects. The new coat rack arrived and was assembled by members.

Mrs. Floyd McGuire served a refreshment plate of tuna sandwiches, pickles, chips, candy corn and miniature candy bars with lemon-coconut cake squares and lemon tea.

Weinert FHA Chapter Meets

The Weinert FHA Chapter held a regular meeting in the Homemaking Department on January 22, 1969.

President Amy Dammam was in charge of the meeting. Minutes of the previous meeting were read and roll was called by Sheila Dutton.

The program was entitled "Careers and You", with Sheila Dutton in charge. Those participating on the program were Pauletta Wilfong, Caron Guess, Joan Caddell, Sue Hagar, Wylene Bredthauer and Lorenia Caddell.

The FHAers will travel to Stephenville to the FHA area meeting on February 28-March 1. Janice Rainey will be a candidate for fifth vice-president of the area.

Guests noted at the meeting were Mrs. R. J. Rainey, Mrs. J. A. Mayfield, Mrs. Glenn Caddell and Mrs. T. E. Reeves.

Progressive Study Club Meets Tonight

The Progressive Study Club meets tonight, Thursday, at 7:30 p. m., in the Dining Room of Felker's Restaurant. Mrs. R. A. Lane will bring the invocation, while Mrs. C. T. Everett will welcome guests, most of whom will be husbands gathered with their wives for the annual Sweetheart Banquet.

A humorous sketch presented by Miss Terry Kay Dicks and Mr. Jim Kemp, both HHS students, will highlight the evening, together with a sweetheart medley by Mesdames Buck Everett, Frank Martin and Abe Turner.

Hostesses are Mesdames W. H. Pitman, Gerald McCoy, Robert Speer, and W. O. Holden.

ANNOUNCE BIRTH

Mr. and Mrs. James Ivy, of Denton, announce the birth of a 9 lb. son, Mark Alan, Sunday, February 2, in the Flow Memorial Hospital, Denton.

Grandparents are Mr. and Mrs. Drey Lowe and Mr. and Mrs. Volley Ivy of Haskell.

Great grandparents are Rev. and Mrs. H. H. Sego, E. R. Lowe, Mrs. Pheny Howard of Haskell and Lela Lowe of Lubbock.

Stitching And Stewing

By Ruth Ann Fausler County H. D. Agent

FOR SEWING NEW FABRICS, one company has developed a "poly spun" thread. It is designed to sew knits, stretch, bonded, synthetic and permanent press fabrics where elasticity, endurance and smooth seams are important. It can be pressed at all iron settings but requires special adjustments for the sewing machine. Use a 10-12 stitch an inch length and loose, balanced tension.

A NEW PURE SILK THREAD has been introduced for home sewing and you can buy it in 90 colors. Use silk thread for sewing wool, silk or a blend of the two. The thread is elastic strong and soft and has a sheen. Use it for basting and it will remove easily leaving little or no mark on the fabric.

NEW COVERED ZIPPERS should prevent damage from repeated washings, heat and wear. The new zippers have a fabric tape which completely covers front and back of them. The zipper itself is very fine and flexible with metal teeth and nylon coil. There is no chance it will show in the garment. A regular zipper foot can be used for inserting it.

Stronger Fiber for Active Knees Permanent press fabric is being improved with stronger fibers to resist knee scrapes and wear. The new polyester, man-made fiber used in most permanent press products, now stretches the same as its cotton counterpart and will share the strain with cotton.

No Germs In Cold Water Washing Cold-water detergents have passed their consumer acceptance test. According to tests that have shown that the fear of bacterial infection from cold water washing is unfounded. Researchers agree tumble drying at standard 160 degrees Fahrenheit kills as much or more bacteria than the hot-cycle washer does.

Tough Jobs To improve cleaning of heavily soiled items, use the cold-

water detergents in hot water. They work even better at higher temperatures.

ABC's of caring for permanent press clothes are: wash small loads, select correct washer cycle and water temperature (warm wash and cold rinse), use automatic dryer for best results, sort carefully and wash frequently.

Mrs. T. E. White submitted this week's recipe.

Chili Pie Use your favorite recipe for a two crust pie shell.

1 can chili  
1 can whole kernel corn  
1 medium-sized onion, chopped  
1 cup grated cheese  
1/3 cup chopped sweet pepper  
Line an 8" pan with crust. Pour chili then corn into crust.

Sweetheart Banquet Stated At Bapt. Church

The Brotherhood of the First Baptist Church is preparing for the annual Sweetheart Banquet, Thursday, Feb. 13, in the fellowship hall of the church.

Special guests will be sweethearts, in addition to Comedian Don Timberlake.

Mr. Timberlake frequently entertains for banquet occasions, definitely on the humorous side. He is also pastor of the First Baptist Church of Rising Star.

So, ladies, you have a date with your favorite valentine—if you remind him to get the tickets at the church office or from Brotherhood officers, of which Clifford Thomas is president and Tom Watson, menu-planner.

Advertising doesn't cost... It Pays!

Sprinkle chopped onion, cheese and pepper over. Cover with remaining crust cut slits in top, and bake in 350 degree oven until brown. Serve with a green salad.

### State Representative Renal B. Rosson Receives Appointment

State Representative Renal B. Rosson of Snyder has been appointed Chairman of the Committee on Judicial Districts by House Speaker Gus F. Mutscher of Brenham.

In announcing the appointment, the Speaker expressed his pleasure in Rosson's acceptance of the chairmanship and said that the Representative's ten years' prior service have provided him with wide legislative experience and knowledge that will prove invaluable to the Committee and to the House of Representatives.

The 11-man Committee on Judicial Districts will have jurisdiction over all bills creating, changing or otherwise affecting the judicial districts of the State.

The Snyder Representative was Chairman of the Committee on Judiciary during the 59th and 60th Legislature and was a member of the Committee on Judicial Districts during the 60th Session. He is the Representative for the 71st District, which includes Borden, Crosby, Fisher Garza, Haskell, Kent, King, Scurry and Stonehall counties.

Rosson is an attorney and a rancher in Snyder. He is a member of the Lions Club and the V.F.W. The Rossons live at 2510 31st Street, Snyder, and are the parents of a 12-year-old son, Kyle.

### Texas' Biggest, Best Farmer In Prison Grows Almost Everything

EDITOR'S NOTE: The following article written by Walter B. Moore, Editor, Texas Almanac, which appeared on the Editorial page of the Thursday, January 23 edition of the Dallas Morning News, had this to say about Byron W. Frierson, native Haskellite, who is vice-director in charge of agriculture at the Texas Department of Corrections:

You own part of Texas' biggest farm operation. Fortunately for all Texans, it also is one of the best, if not the best, crop and livestock operation in the state. Even if you can't tell a cucumber from a cornstalk, you should be interested in this farming venture because it saves you money.

Texas Department of Corrections, which has 99,000 acres, is the big farm. Of course, there are bigger ranches in Texas, but for all-around volume of diversified production, the prison system has no rival.

Under the skilled direction of Byron W. Frierson, vice-director in charge of agriculture, here are some of the things produced by inmate labor:

- Farm products valued at \$5,145,116 in 1968-69. The annual production includes:
  - 10 million pounds of milk.
  - 9 million eggs.
  - 83,000 pounds of cheese.
  - 15,600 hogs.
  - 3,000 cattle.
  - 31,653,000 pounds of grain.
  - An average of 9,306 bales of cotton.
  - Over 90,000 chickens.
  - 9,761,805 pounds of green vegetables.
- There are many other products, including sweet and Irish potatoes, dry beans and peas, peanuts and peanut butter. Making 60,000 gallons of syrup, the system has the state's largest farm syrup operation.
- Efficient farming is a major reason why Texas has one of the lowest feeding costs for prisoners in the nation. In 1967-68, food cost daily per man was less than 62 cents. More than 48 cents of this was produced within the system; outside purchases amount to only 13 cents' worth daily per man, and are declining.
- Frierson, a Haskell County farm boy who graduated from Texas A&M and was county agricultural agent until he joined Texas Department of Corrections, is never satisfied. In 20 years there, he and his associates have constantly improved the operations. Some of the accomplishments of the past five years have included:
  - Ten dairies in five counties have raised average daily milk production per cow from 18.2 pounds to 32.7 pounds.
  - Average net per beef calf has increased from \$95.67 to \$127.41.
  - Value of canned vegetables sold to other state institutions has increased from \$70,049.69 in 1966 to \$86,486.51 this year.

### Munday Minister Found Dead In Church Office

The Rev. Walter C. Hadley, 50, pastor of First United Methodist Churches in Munday and Goree, was found dead about 1:30 p. m. Tuesday in his office at the church in Munday.

Munday Justice of the Peace Billie Montgomery ruled the death due to self-inflicted gunshot wound.

Funeral services will be held today, Thursday, February 6th, at 3:00 p. m., First United Methodist Church in Munday, with Rev. S. Duane Bruce, Conference Program Director, Lubbock, and Rev. Lee Crouch, pastor of the First United Methodist Church, Crosbyton, officiating.

Interment will be at 11:00 a. m., Friday in Dreamland Cemetery, Canyon, Texas. McCauley-Smith Funeral Home, Munday, is in charge of arrangements.

Born January 21, 1919, in Pontiac, Illinois, he moved with his family at the age of 11 to Texaco, New Mexico, where he attended schools, graduating in 1936. He then entered Texas Tech where he graduated in 1940 with a degree in vocational agriculture. He married Elsie Ghobson August 3, 1941, in Haskell. They moved to Knott, where he taught for two years. They then moved to Rule where he taught vocational agriculture until 1944. He then joined the U. S. Navy. After

World War II, he returned to Rule to teach.

In 1951, he entered Perkins School of Theology at Southern Methodist University in Dallas. He graduated from there in 1954. While in SMU he pastored Methodist churches in Josephine and Nazava for one year.

He and his family then moved to Goree, where he was pastor four years. After this, they served churches in Happy and Shallowater. The past four years, he had been pastor of the church in Munday.

At the last annual conference, the Methodist Church in Goree was added to his charge.

He was a 32nd degree Mason, with his membership in the Goree Lodge No. 1029 and the Dallas consistory. He was a

member of Munday Ladies and past chairman of the United Fund Drive.

Survivors include his daughter, Mrs. Gerry Beumont; his son, Mrs. J. R. Hadley of N. M.; one brother, Marvin Rohovec of Alamogordo, M., and Mrs. Stan Utter, Haggerman, N. M.

**WOMEN WORKERS**

The Labor Department reports that women workers total nearly 30 million, substitute about 36 percent of the total work force. If women workers, the economy would standstill.

### Lt. Governor Ben Barnes Predicts Defeat Of Proposed Consolidation

Lt. Gov. Ben Barnes predicted defeat of the proposed compulsory consolidation of school districts in Texas.

"The Governor's Committee on Public School Education has made many constructive recommendations. I feel that the Texas Senate will pass many of them," Barnes said in a statement released this week.

"However, I feel that the Texas Senate will not pass compulsory consolidation," the new lieutenant governor said.

Barnes added that the recommendation to consolidate school districts with less than 2,600 students will probably fall on deaf ears.

"The Texas Senate and this Legislature will probably write an attractive financial incentive program to encourage voluntary consolidation but will not adopt laws making consolidation compulsory in Texas this year," Barnes said.

Compulsory consolidation and other recommendations of the Governor's Committee on Public School Education are included in Senate Bill No. 2 which was introduced last week by Senator A. R. Schwartz of Galveston and Senator Oscar Mauzy of Dallas. The bill has been referred to the Senate Education Committee.

Funeral for William L. Bryant, Sr., 91, of Meridian, father of F. A. Bryant of Haskell, was held Sunday afternoon at 2:00 o'clock in the Brister-Lawson Funeral Chapel, Meridian, with burial in Morgan, Texas, cemetery.

Mr. Bryant passed away Friday afternoon in a Meridian nursing home, after a long illness. He was born in Bosque County, September 10, 1877, and moved to Meridian in 1932. He was a retired farmer and rancher and a member of the Baptist Church.

Survivors include his wife of the home; two daughters, Mrs. Florence Dowdy of Texas City, Mrs. Gladys Terry of Meridian; two sons, F. A. Bryant of Haskell, W. L. Bryant of Temple; eight grandchildren and seven great-grandchildren.

## Taxpayer May Take Refund In Series E Bonds

R. W. Herren, U. S. Savings Bonds Chairman for Haskell County today reminded taxpayers that the Department of the Treasury will again offer them the opportunity of taking income tax refunds in Series E Bonds.

"When a taxpayer elects to take his refund in Series E Bonds," Herren said, "his money goes to work immediately on two jobs. It begins to build his financial security. At the same time, it contributes to our Country's economic strength. This way you can join millions of Americans who are investing in the Country's future."

"When you check the Savings Bond line on your 1968 tax form," Herren continued, "you automatically assure yourself of two advantages: You provide yourself with an easy method of holding on to your tax refund dollars and a sure way of making it grow one-third larger at maturity. When your mark is made, the rest is automatic. For example, if you're entitled to a refund of \$42, you'll get a \$50 face-value Series E Bond (cost \$37.50), plus a check for \$4.50."

Herren said, "choosing Bonds is the surest way I know of to make your tax refund really mean something to you."

## ADVISE COUNTY ASCS OFFICE WHEN LAND CHANGES MADE

Farmers participating in programs administered by the Agricultural Stabilization and Conservation Service should report to the County ASCS office any sale, purchase, lease, or rental of farmland, according to Frank Moeller, chairman of the Agricultural and Stabilization and Conservation (County) Committee.

"I strongly urge those who have added to or reduced the size of their farms to get the information to the county office before sign-up time for the commodity programs," said chairman Moeller.

He pointed out that when the size of a farm is changed, the ASCS records must be changed, including recalculation of farm allotments and bases. "We call it farm reconstruction," he said, "and if the reconstructions have been made and approved by the county committee before sign-up time, it saves time and effort for everybody."

Programs administered in Haskell County include: feed grains, wheat and cotton.

THOSE TAX LOOPHOLES

Politicians have been so busy shouting about "tax loopholes" the alleged devices by which taxpayers may escape their fair share of taxes...

There are 400 separate congressional authorizations for grants-in-aid machinery, administered by 18 federal departments and agencies.

The last Congress passed a measure to review periodically grant-in-aid programs. It is time the private citizen remembered that the tax-loophole coin has two sides.

TAX MAN SAM SEZ:

Many taxpayers resemble the groundhog in their approach to preparing their income tax return and/or in keeping the records that they need to prove their deductions to keep from paying too many tax dollars.

1969 CENSUS OF AGRICULTURE WILL REQUIRE GOOD RECORDS

Farm and ranch operators will need good records for the 1969 census of agriculture, according to James Mallett, Extension farm management specialist at Texas A&M University.

The farm census will be taken by questionnaires mailed out in January of 1970 to be completed and returned by mail. Response is required by law and information for each farm will be entirely confidential.

The census will ask for amounts spent for feed, fertilizer, pesticides, lime, gasoline, livestock, and poultry. Other information will include size of the farm, age of the operator, value of farm products sold, off farm employment, income from recreational use of the farm and numerous other items.

Mallett emphasized that good records are also essential to today's commercial farmer. Top management required for success with narrow profit margins in agriculture must rely on complete and accurate information about the farm or ranch business.

LETTERS TO THE EDITOR

Texas Department of Public Safety Lubbock, Texas

Dear Sir:

The first part of January, 1969, you received from this office the Rural Monthly Accident Summary for the month of December plus a news release including the final statistics for the calendar year of 1968.

We have found that paragraph number three which included the final statistics of your county for the calendar year of 1968 to be in error. The corrected paragraph should read:

The rural traffic accident summary of this county for the calendar year of 1968 shows a total of 73 crashes resulting in two persons killed, 35 persons injured, and an estimated property damage of \$56,363.

Also find attached the Rural Accident Summary for the entire year of 1968 for this district of the Texas Highway Patrol.

We offer our apologies for this error.

Sincerely, Fred D. Marshall, Lieutenant Safety Education Service Lubbock, Region No. 5 FDM:mh

Good farm records alone not insure success. Even best farm records are of little value if they are not used. Mallett.

#### "Good Will" Subscription Campaign

# WHOOPS! Subscribe Now—Call Your Favorite Worker

#### TO THE PUBLIC

Now is the time to take out that NEW subscription . . . or to renew through one of the candidates. And don't hold back that promise, for it will count less votes each week, and VOTES WIN! Unlike most contests, the votes in The Haskell Free Press Good Will campaign DECREASE as it progresses. The first period closes Friday, Feb. 7. You aid your candidate by acting today. The second period is Feb. 8 up to and including Feb. 17. 400,000 votes for each \$40 club.

#### DON'T BE AN IF'ER

Don't be an "If'er"! . . . "If I had worked just a little harder" . . . "If I had written only one more subscription." . . . Invariably the candidates who turn out to be "IF" workers are those who could have easily spent the little "extra" time in subscription getting, candidates who looked at a very serious business proposition as somewhat of a joke.

This is a business with leading candidates. It behooves every worker to likewise make it their occupation, their business, and do by it as they would expect to do by any other job or proposition.

Do the best you can and at the close of the drive you will not have the feeling that you could have spent those few extra minutes each day in the work, and in that way made yourself winner of the first prize, or any of the other attractive awards, you will have the feeling that it was that "extra" effort that made you the prize winner, or at least that you did your honest best.

#### TO THE CANDIDATES

In just a little while the votes hit rock bottom. Make these precious few days count. Get in touch with all those who have promised you and make every hour count. Be able to say "I HAVE DONE MY BEST." . . . Remember . . . "All things come to the other fellow if you sit down and wait." Don't be a waiter, but a go-getter. All the world loves a winner, and you can be a winner if you TRY.

**Literary Club Meets**  
The Women's Literary Club met Thursday, January 30th, in the school cafeteria.

"Opening Doors to Traffic Safety" was the theme for the day.

Mrs. C. A. Gaunt, club president, called the meeting to order and presided over a short business meeting, at which time she urged club members to get their letters to the proper authorities, concerning the Governor's Committee Report on Public School Education.

Mrs. W. L. Ballard voiced the prayer.

Roll call was answered with, "My Last Traffic Offense, Right or Wrong."

Mrs. Gaunt introduced Mrs. Clinton Tanner, leader for the day, who said, "For those who live it right, life grows better the longer it lasts". Mrs. Tanner gave a written quiz, such as would be given if we had been applying for a driver's license.

The club was honored by the presence of Jim Smith, of Mineral Wells, who is with the Department of Public Safety, and serves 11 counties. Haskell county being one of them. Mr. Smith showed a film entitled, "We Drivers" and gave a very interesting informative talk on safe driving. He urged each club member to get the habit of using seat belts. He said the motto of the police force was: "Courtesy, Service and Protection." A question and answer period followed.

Following the club's adjournment a social hour was held.

Present were Mmes. C. A. Gaunt, R. A. Shaver Jr., Clinton Tanner, R. A. Shaver III, Tony McWhorter, Lennis Tibbels, Aubrey Headstream, W. L. Ballard, W. H. Patterson, Joe Fletcher, W. W. Corley and Miss Adelaide Hicks and one guest, Mr. Jim Smith.

Serving refreshments were Mmes. Van Laughlin and Kenneth McWhorter.
