ARANSAS CO. SCRAP IRON DRIVE UNDERWAY

Piloting

There was no Armistice today on the homefronts or the battlefronts of the world, as the 25th anniversary of the ending of the first world war passed. There is, however, an avowed determination of spirit and action evident in America and Allied countries and on the battlefronts to smash the enemies of civilization before another year rolls around.

When Armistice came 25 years ago to still the death-dealing machines of war there were 8,538,000 dead and over 21,000,000 wounded, men dead and over 21,000,000 wounded. This war's casualties are already estimated at 20,000,000. Twenty-five years ago we had four million men mobilized, with two million in Europe. Today we have ten million men in the army services—and more are being added daily.

In many places today citizens devoted their time to salvaging scrap iron and steel to get this valuable ingredient of war machines rolling back to steel mills. It was not feasible to carry out a whirlwind Armistice Day scrap metal gathering day in Aransas county, but under plans announced today this county will soon have all its scrap metal concentrated for shipment back to the mills.

During the past few years Rockport and Aransas county citizens have invested quite a few of their dollars in the work of the Gonzales Warm Springs Foundation to rehabilitate crippled children. These people can now be proud of their investment, since the crippled children's center is doing a wonderful work. Sixteen children are under treatment there now at all times—and many are coming in on stretchers and walking out after a few weeks treatment.

Long ham-strung in its work because of lack of sufficient funds to enlarge its operations, the Gonzales Foundation has carried on and accomplished its mission as best it could. Recently, however, more people are realizing the value of the center to the state of Texas and more money is coming in. A new dormitory is being erected to care for ten additional children. It is hoped that the expansion program can be continued.

Last week Basil O'Connor, president of the National Foundation for Infantile Paralysis, visited the Gonzales Foundation. He expressed himself as greatly impressed with the possibilities the center offered in the after-treatment of infantile paralysis. He also promised to give "personal attention" to an application now pending with the National Foundation for \$50,000 in favor of the Gonzales Foundation.

The National Foundation for Infantile Paralysis has taken in millions of dollars since its inception through the national celebrations of the President's Birthday. A good portion of this money has gone to aid in the work at Warm Springs, Georgia. Now Texas has a treatment center for infantile paralysis that could, and probably some day will, equal that of the President's favorite retreat, and it seems only fair that the National Foundation grant some of its funds—a substantial amount—to the Texas center at Gonzales.

Friday Night Grid Battle Looms As Season High Spot

Friday Night Brings Fans Last Home Game

Pirates Meet District Leaders In Clash With Banquete

The Rockport Pirates will meet the strong conference-leading Banquete Bulldogs on the gridiron here Friday night in what looms as the high spot on the Pirate schedule this season.

The game will start at 8 o'clock Friday night at Pirate field and it will be the last home game for the local team. Everything is being tuned up for a big crowd and a thrilling game.

"The Banquete game will be one of the hardest fought games of the year," Coach Morgan Wheeler predicted today. "One reason why the Bulldogs will fight hard is because I coached the Bulldogs for the past two years—and they will be after my hide, as all boys are when they are opposing a team coached by a former mentor."

"Another reason why Banquete will be stiff opposition is that the Bulldogs have always had a desire to defeat the Pirates on their home field," Wheeler continued.

"But there is another story in connection with this game—and that is that the Pirates will be just as determined as the Bulldogs, and the Rockport boys have been looking forward to a victory in this game even before the training season began.

"Banquete is top-ranking in the district, and since the Pirates covet that place, their efforts will be redoubled in downing the Bulldogs."

After getting off to a slow start in the district race this year, the Pirates have gone far in their quest of district recognition. The Pirates have lost one and a half games this season, the first game going to Odem, and the one-half going to Mathis. The latter was a tied game 0-0, which gives a half game won and a half game lost. They have won all succeeding games, which were wins over Bishop, 27-6, Gregory, 13-7, and Sundeen 14-12; thus, the Pirates are in third place in the district race, with hopes that they will have a chance at first place.

Probable starting line-up for the Pirates:

Russell Rowe and Alva Freeman, ends; John Barber and James Eracht, tackles; Jackie Dietrich and Elmer McLester, Guards; David Herring, centers; Ottie Mundine, Lester Cole, Bill McLead, and Claude Roberts, backs.

Roy Lassiter, whose right arm was injured in last Friday's game with Sundeen, will probably not see too much action in the back field this week. Harris Pollard, plucky little center, who has been recovering from a broken rib received in the Mathis game, will be ready to supplement David Herring as centers.

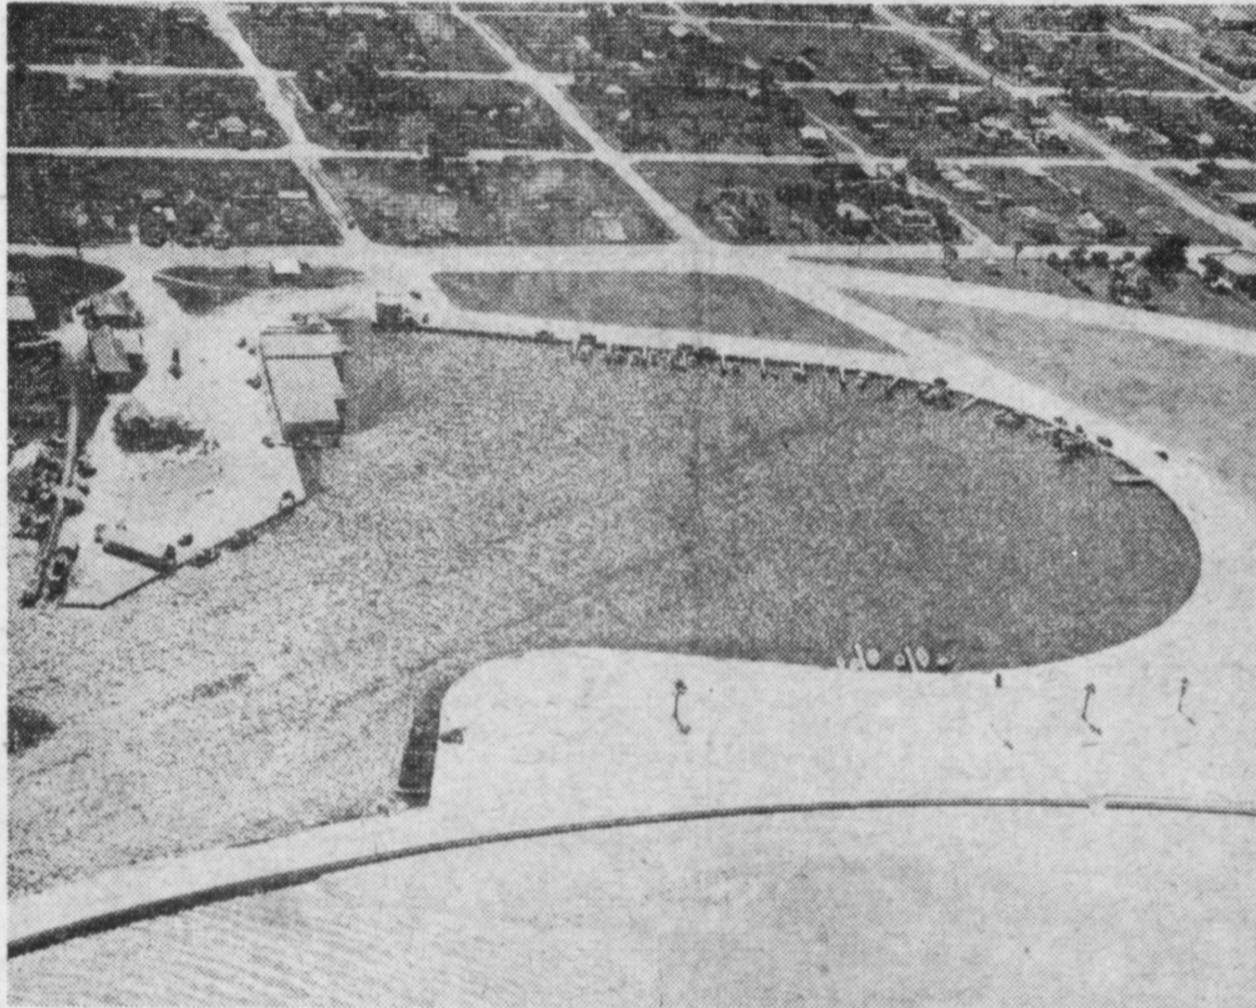

Joe Johnson, Jr., will in all probability see action against the Bulldogs this week. Joe has been the Pirates fill-in man all season, and has done a fine job in accordance with his weight. Albert Hunt has in the past shown fine spirit and hard play; at his place at guard. Eddie Mundine has shown great speed, but will be compelled to brush up on signals before he sees much action—he is a late comer to the main squad.

Dexter Wright shows great promise as a tackle, and will be a great aid to the team in years to come. Bernie DeForest, who has been nursing a bad arm all season, probably will not see too much action, although his presence is welcome in tough spots. George Phillips, reserve end, will fill in where needed; Glenn DeForest, Bobby Hewitt, and Danny Austry are stand-bys who are dependable and strong.

The boys first mentioned as the probable starting line-up are boys who have fought the last gun, and the backers of Rockport Pirates will know that their fine spirit and hearty co-operation will carry us to victory in Friday night's game.

Dairymen Now Due Subsidy Payments

WINTER BRINGS HUNTING AND BEST FISHING

There is no place like Rockport to come to for a brief respite from war labors—especially in this time in the winter time when this area becomes a sportsman's paradise.

If the visiting sportsman has a strong constitution, a couple of boxes of shotgun shells—and is a dead shot—and brings along fishing tackle he can go back at the end of a day with a wide assortment of non-rationed meat. His blood pressure would also have to be normal, but everything working out the hardy, well-farmed sportsman could return with his limit of ducks, geese and a big string of trout or red fish.

He would have a busy day, but it's possible—and it has been done.

Top picture shows the famous Rockport Fish Bowl, into which the recent cold weather has already driven hundreds of big speckled trout. Fishing here is already good, but will improve with each cold norther.

Center picture shows a group of last year's hunters who got their limits. Many are doing the same this year.

Bottom: Two goose hunters who had the usual luck.

Applications For Payments Due This Month

Dairymen to Get 40c Cwt. for Milk, 5c On Butterfat

Dairymen of Aransas county, which strictly speaking includes anyone who produces milk and sells it either as whole milk, butter or cream, whether they live on the farm or in the city, are eligible now for 40-cents a hundred pounds subsidy on the milk or 5-cents a pound on the butterfat.

C. R. Beard, AAA administrative officer for Aransas County with offices in Sinton, visited Rockport the past week to urge that all producers and sellers of milk make their applications at once on their October sales for subsidy payments.

"Payments will be issued direct from the county office in Sinton," Beard said. "All eligible producers are requested to report their October sales for payment during the month of November."

The purpose of the subsidy payments, Beard explained, is to help bridge the gap between the high cost of feed and the price of milk.

According to the 1940 census Aransas county produced 159,688 gallons of milk in the year 1939, there were 50,801 gallons of whole milk sold, 4,352 pounds of cream sold, and 9,310 pounds of butter sold.

Prizes of Shotgun Shells Are Offered

IONIA, Mich.—Members of the Ionia county hunting and fishing club didn't realize what they were doing when they offered three boxes of shotgun shells for prizes at the annual oyster dinner and stag party recently.

The news started a stampede among hunters, who had sought ammunition in countless stores. All the old members attended the dinner and 15 new ones joined the club so they could have a chance to win the prized shells.

"We couldn't have done better by booking Betty Grabble," the club treasurer commented as he happily counted the proceeds.

Mrs. Mary Moore Says 81st Birthday Was "Nicest" One of All

To have lived 81 years, to be in good health and active, and to have an ever-growing circle of friends, is an accomplishment that Mrs. Mary Moore is thoroughly enjoying.

Many pleasant surprises marked the day for Mrs. Moore on her 81st birthday anniversary, including a surprise trip to Corpus Christi for a luncheon at Shoops, a picture show and shopping tour, and on her return home a surprise party given by her fellow members of the Baptist Women's Missionary Union.

"It was the nicest birthday I ever had," Mrs. Moore told her daughter at the end of the long day that was filled with happy events for her.

During the day Mrs. Moore received gifts and birthday greetings from each of her seven children, as well as greetings and gifts from many other relatives and friends. Her children are E. C. Moore of Uvalde, W. M. Moore, Jr. of Houston, L. G. Moore of Corpus Christi, Mrs. Ernest Wehmeyer of Palacios, J. Ed. Moore of Rockport, Carroll Moore of Rockport,

People Urged To Turn In Iron and Steel

Four County Commissioners Will Handle Collection of Scrap

Charlie Townsend, county salvage chairman, reports that all arrangements have been made for a quick clean-up of all scrap iron and steel in the county. The drive for scrap metal is being waged in the county at this time in connection with the national effort to furnish more iron and steel for the manufacture of war machines.

"We are asking the people to accumulate scrap iron and steel and then concentrate it at one place if possible," Townsend said. "Arrangements have been made for each of the county commissioners to handle the collection of this needed scrap iron in their respective precincts."

Persons who have scrap iron are requested to notify the commissioner of their precinct and he in turn will make arrangements to pick up and haul it to the county concentration point at the court house.

Chairman Townsend urged that everybody act at once in concentrating scrap iron and then to immediately notify one of the county commissioners. The commissioners are Charlie Townsend, Lawrence McLester, Tom DeForest and J. I. Mills.

Townsend said that arrangements were being made to have the Boy Scouts handle the collection and sale of waste paper. Details of the waste paper campaign will be announced later.

Boy Scout Board of Review Set For Monday

The regular monthly board of review will be held Monday night for the Rockport Boy Scout Troop, and all members of the troop committee are urged to be present. Several district scout officials will be present for the meeting to conduct the annual roll call of the Boy Scouts of America.

On Nov. 21 a Court of Honor will be held in Aransas Pass and several Scouts from Rockport are in line for awards. Earl Stiles is scheduled to get second-class award and a personal health badge, and David Herring will get his second class badge and a merit for swimming.

Mr. and Mrs. A. L. Bracht Celebrate Golden Wedding Anniversary Sunday

Mr. and Mrs. A. L. Bracht celebrated their golden wedding anniversary here Sunday surrounded by their children, grandchildren, relatives and friends. It was a happy day for the prominent pioneer couple of Rockport as they greeted friends throughout the day.

Mr. Bracht was born and reared in Rockport and has been in the grocery business here for many

years. Mrs. Bracht is the former Miss Gertrude Prophet of New Orleans and came to make her home in Rockport fifty years ago as a bride.

The family home was lovely with its decorations of flowers sent to the couple by their children and friends, each bouquet bearing messages of congratulations and best wishes for many more years of happy married life. An elaborate

wedding cake adorned the dining table, and many were the gifts that were on display throughout the day.

Those enjoying the anniversary dinner were Mr. and Mrs. A. L. Bracht, Rev. J. H. Kelly, Mr. and Mrs. M. J. Gray and daughter, Alice Anita of Beaumont; Mr. and Mrs. W. A. Putegnat and daughter Joan of Brownsville; Mr. and Mrs. C. M. Janacek and children May, Lois, Herbie, David, Patsy and Mable of Corpus Christi, Mr. and Mrs. Ernest Silberisen of Madison, Wisconsin; Mr. and Mrs. Eugene Bracht and son Mikey of Galveston, (Continued on Last Page)

and Mrs. J. W. Sorenson of Rockport.

Mr. and Mrs. J. Ed Moore accompanied the honoree of the day on her trip to Corpus Christi. In the meantime the women of the Baptist church gathered to surprise Mrs. Moore, and on her return home greeted her with a "Happy Birthday" song and presented her with a beautiful cake, embossed with the numerals "81".

Later in the evening Mrs. Moore was honored at a party at the home of Mrs. E. J. Meyers, where she was showered with gifts. Refreshments were served to the honoree and the following: Mrs. Kim Haynes, Mrs. L. A. Shuffield, Mrs. John Keller, Mrs. C. F. McKinley, Mrs. L. M. Hunt, Mrs. E. John Meyers, Mrs. J. W. Sorenson, Mrs. Simon Lee Sorenson and Mrs. D. Dowdy.

Mrs. Moore was born in Mississippi and later married the late W. M. Moore in East Texas. Mr. and Mrs. Moore moved here 46 years ago, where Mr. Moore entered the dry goods business. He passed away in 1906.

"Keeping store," Sam Abernethy says, "can teach a person plenty about human nature."

"Now coffee rationing's lifted, folks ain't a-breakin' their necks tryin' to buy all they can. Knowin' they can have it if they want it, they ain't so all-fired anxious to get it."

Sam's right, as usual. I don't crave that second cup half as much as when I couldn't get it.

But that's human nature . . . Like allowing moderate beer in the Army's post exchanges. Instead of leading to more drinking, the OWI report says it

works out just the opposite—often as not the men choose soda-pop or milk, with beer right there and no restrictions on it.

But if it wasn't there, like in the last War, the story might be altogether different.

From where I sit, that's how it is with Americans. Tell 'em they can't have a thing and by golly, they'll find ways to get it. But admit their right to have it, and their own good sense will lead to moderation.

Social Security Card Valuable

Corpus Christi, Nov. 11.—"The amount of survivors' insurance that a widow and children, dependent parents, or other relatives of deceased employees may receive, and the monthly retirement insurance that elderly, retired wage earners and their wives may be paid under the social security program depends on the wages reported for them by their employers," said Glenn T. Dunn, manager of the Social Security Board Office in Corpus Christi. "Wages must be reported quarterly, by employers, with sufficient identification that each item can be posted to the appropriate social security account," he said.

"When employees fail to make certain their employers have correct records of their social security account numbers and names," Dunn said, "they are failing to protect a very valuable insurance policy. When an employee gives the wrong social security account number and incorrect name to his employers he is jeopardizing his insurance protection. He may be depriving his widow and children or himself and wife of monthly insurance benefits already paid for. Employees should always show their social security numbers to employers for whom they work, and they should assure themselves that each employer has made accurate record of the number and name."

"When employers report the account numbers and names along with the wages of their employees, the posting of each employee's wages to his individual social security account is assured. If the employer fails to list the account number as it appears on the card, the worker's wages cannot be posted to his account. Employees, therefore, must show their account number cards to each employer for whom they work."

Can Openers Still Have Plenty to Do In County Kitchens

Rationing has not emptied the shelves of Aransas county residents of canned foods it was revealed today, a total of 23,415 cans being used monthly, according to A. H. Nugent, general sales manager of the American Can Company.

Mr. Nugent based his figures on the government's compilation of 3,469 ration book holders in the county and the statement by the U. S. Bureau of Agriculture Economics that the per capita consumption of canned goods so far this year is .225 cans a day. On the basis of the average size pre-war can, approximately 56 pounds of pure metallic tin is reclaimable for the war effort from these cans, he explained.

Men in service eat 8,000,000 cans of food a day and millions of pounds of canned items are being shipped abroad for lend lease, he said.

Many foods strange to American palates are being packed in cans for shipment overseas. One of these is "Tushonka" for Russian

Nov. Is Christmas Mailing Month This Year

Delivery of the annual flood of Christmas gifts and cards on time always a serious problem, "will be more than a problem this year—it will be an impossibility—unless Christmas mailings are made largely in November," Postmaster General Frank C. Walker warned today.

"Transportation facilities are burdened to the limit with war materials and personal, and the Postal Service has sent more than thirty-one thousand experienced employees into the Army and Navy," Mr. Walker said. "The only solution to the Christmas problem is: Mail in November. Mark your parcels, 'Do Not Open Until Christmas.' That is the only way to avoid disappointment on Christmas Day not only for many civilians but al-

consumption, this product being highly seasoned pork packed in hard. Squid, a variety of octopus, is being canned for Italian consumption. Canned foods for England are usually seasoned quite differently to those intended for American use, Mr. Nugent said.

so for millions of members of the armed forces who are still in this country.

"It is also the only way to avoid the possibility of a Christmas emergency in the transportation and postal services. If the public of light, last-minute mailings, such as cards, up to December 10—but we can do that and avoid an emergency only if November is really 'Christmas Mailing Month.'"

Postal officials pointed out that the volume of mail now is far above any previous records, that railway cars by the hundreds have been diverted to war service and that the air lines have only about half as many planes as they once operated.

More than two hundred thousand extra temporary employees normally are employed to help with the holiday postal rush. This year, the extra employees will be largely women and high school boys and girls who are unable to work long hours usually required and whose work will be relatively slow.

To deliver the Christmas mails on time, therefore, it is necessary

that mailings be spread out over a longer period so that available transportation equipment and postal personnel can be used during more weeks. It will be utterly impossible to make the deliveries by Christmas if mailers wait until the last three weeks before the holiday as in normal years.

There is another reason for shopping and mailing earlier than ever before. Retail stores are short handed. Purchasers can avoid shopping in crowded stores, long waits for service, and other inconveniences of late shopping if they buy now. They will also doubtless have a better choice of merchandise than will be available later.

Postmaster General Walker observed that his warning is not an attempt to tell the public what to do; it is only an advance notification of what will happen if they mail late. He feels that the public is entitled to the facts, and that when they know them, they will decide to mail in November.

will cooperate by mailing their Christmas parcels during November, we can handle a small volume

DO YOU CARE?

ARE YOU being a careful housewife these days, giving your wartime electrical appliances the proper care and respect they deserve as important members of the home front? Those appliances are saving you valuable time and energy and are helping protect your family's health. In return you should give them regular cleaning and proper attention. Your appliances are doubly valuable now, because in most cases, they cannot be replaced.

clean!

1. Keep the sole plate of your iron clean.
2. Avoid dropping the iron.
3. Put your iron away only when it is cool.
4. Don't let the cord kink and never wrap it around a hot iron.
5. Pull plug from the wall outlet by grasping the plug, not the cord, when disconnecting your iron.

dust!

1. Wipe off dust and dirt regularly from lamp bulbs and reflectors. Dirty lamp bowls cut down on your light.
2. Try to use shades that have white linings, giving more light.
3. Keep lights properly shaded, avoiding glare.
4. Turn off lamps when not in use. Lamp bulbs use critical materials, so make those bulbs last longer.

empty!

1. Empty dust bag on your vacuum cleaner after each cleaning, turning bag inside out.
2. Don't run cleaner over hairpins, pins or other metal objects.
3. Keep brush free of oil, hairs and threads.
4. Don't jerk cord from wall outlet. When not in use, wind cord loosely around hooks on cleaner handle.
5. Oil according to manufacturer's instructions.

don't overload!

1. Don't overload your washer. Fill tub only to water line and add clothes only to capacity.
2. Don't overload the wringer; clean and dry after use, leave in neutral position so pressure is off the rolls.
3. When washing is finished, fill tub with clear water, remove agitator, and drain tub, wiping it clean.
4. Empty drain hose after use. Avoid bending it sharply.
5. Oil according to manufacturer's instructions.

National Polio Visits Gonzales Warm Springs

Basil O'Connor, president of the National Foundation for Infantile Paralysis, last Saturday and Sunday visited Texas' center for infantile paralysis victims at Gonzales. He was entertained Saturday evening on the Ainsworth Ranch at a reception attended by newspapermen, those affiliated with the Gonzales Warm Springs Foundation, and special guests.

Sunday morning O'Connor visited the Warm Springs crippled children's center, where seventeen boys and girls are now receiving treatment for the after-effects of infantile paralysis. O'Connor expressed himself as well-pleased with the work being carried on at the center and its possibilities for expansion.

The Gonzales Foundation has filed an application with the National Foundation asking for \$50,000 to aid in expanding its program to care for more Texas children who have been stricken by polio. O'Connor in a public statement promised to give the application his personal attention upon his return to New York.

O'Connor is a former law-partner of President Roosevelt and has been head of the National Foundation for Infantile Paralysis for several years.

Old Miner Can Read Signboard Figures

TUCSON, Ariz.—A grizzled old miner, summoned to appear as a witness in a law suit, was being questioned by the plaintiff's lawyer as to his educational qualifications. "Can you write?" queried the lawyer.

"Nope."

"Can you read?"

"Wa'l, I kin read figgers pretty well, but I don't do so good with writin'."

"How is that?"

"Wa'al, take these here signs along the road. When I want to go somewheres, I can read how fur, but not whurto!"

Baptist Convention Debt Free First Time Since Organization

DALLAS, Nov. 11—For the first time since it was organized in 1933 the Baptist General Convention of Texas is free of debt—a debt which only 10 years ago amounted to \$2,000,000.

This was reported last night by Treasurer R. A. Springer, and five liquidated bond issues were burned in a climax to the second day's sessions of the convention.

Springer also reported: The convention's income from all sources this year will be \$1,576,000, an increase of 500 per cent over the \$310,000 in 1933. Physical property of the convention and its institutions now is valued at \$12,000,000, a gain of \$5,000,000 in the last decade.

Work on Giant Battleship Delayed by Labor Shortage

PHILADELPHIA, Nov. 11.—The Fourth Naval District said today that "an increasingly acute shortage of workers" partly due to selective service has delayed completion of the giant battleship Wisconsin, whose keel was laid at the Philadelphia Navy Yard on Jan. 25, 1941.

without loss of any kind. The Federal Public Housing Authority's regional office here has bought 500 of the homes from the Palace concern and they will be installed on unused lots in cities where houses are needed. The entire unit is designed to sell for less than \$2,000.

marked by the Palace Corp., Flint Mich., as the "house of the future."

For its first demonstration, held in Cleveland, the expandible unit was hauled here as a compact structure only 8 feet wide. An hour after its arrival, it was spread out into a five-room-and-bath bungalow, 22 1/2 wide by 24 1-2 feet long.

No fabrication of any kind was needed at the site, and the hour's erection time included connection of plumbing and electricity lines.

The "house of the future," as its creators term it, is designed to answer some of the housing problems faced by the government and brought on by the war.

Sturdy enough to meet federal mortgage requirements, it can be folded up again on short notice and transported to a new site
