Mrs. Smith used a lighting of candles and appropriate thoughts as she called each new officer-elect to enter upon her duties for the club. She gave the new president a large candle, the flame from which each officer could light her own smaller candle and place it on the candelabrum as token of her willingness to accept the responsibilities of her office. At the top of the candelabrum was a star, symbolical of the Texas Federation of Women's Club, the guiding star of all the lesser organizations of the state. To The Voters Of Haskell County . . .

"I want to take this opportunity of soliciting your vote and influence in behalf of my candidacy for the office of State and County Tax Assessor-Collector. I will try to see each and every voter in the County but working full time in the office I realize that this will be impossible, please accept this as a personal solicitation.

"I was born in Sterling County, Texas, graduated from High School at Robert Lee, Texas, went to San Angelo Business College for 2 years, after graduating I worked in a law office and abstract office until my marriage to Miller Montgomery of Rotan. We have three children.

"We moved to Haskell fifteen years ago. I worked in an abstract office before working in the tax office. I feel that I am fully qualified by actual experience since I have been a deputy in the Tax Assessor-Collector office since May, 1956. I know that the office is a very responsible office. I have attended several meetings concerning taxes and plan to attend another in the very near future, trying to keep up on the various new laws affecting the office.

"If elected to this office I will consider it a pleasure to serve you and will give you efficient, courteous service."

Sincerely,
Dora Montgomery

Canned meats provide time and money economy with easy planning, quick preparation and tasty results.

Canned meats are among the best buys you'll find in your food store. Two kinds are: all meat, such as luncheon meat, hams, vienna sausage, sliced dried beef, potted meats and deviled ham, corned beef and chopped beef and the meal-in-the-can type such as stew, chili, spaghetti and meat balls and tamales.

You can expect four to five servings from a pound.

Meats in cans preserved by commercial canning generally are comparable in food value with similar combinations prepared at home. Food nutrients such as protein, fat and carbohydrates are almost identical for canned meats and frozen cooked meats. High quality meat products boast of complete proteins, B vitamins and many essential minerals.

Use canned meats cold in appetizers, sandwiches, salads, or cold plates. Use them hot in prepared casseroles, or baked, fried or broiled. They can be fun foods and there's sure to be enjoyment ahead when you try the many canned meats on the market to see the variety of ways you can serve them. Always read the label.

"It is our joy and delight to announce Mr. Eisenhower's appearance on our campus," said President Skiles.

Reservations for the dedication ceremonies event in Behrens Chapel must be made in writing, according to Dr. W. O. Beazley, coordinator of university relations. A&M Former Student Association President Jeff Montgomery of Houston named the 1967 graduate to the leadership position.

During 1967, 20,000 A&M men gave \$386,000 to the fund. Goal for 1968 is a gift from three out of four former students totaling a half million dollars.

OUR AMERICAN PRIDE

"America, the beautiful, the strong, the just, my country in which my pride lies, is the topic on which I write. This, surely, is an easy subject. So, sitting down, I made the list which was the basis of this composition.

"The first item on the list and the most important, it seemed to me, was the fact that nowhere else in the entire world is so much freedom allowed men, but not without cost. Freedom of religion, of equality, of press, etc., were fought for and must constantly be won. Are we fighting enough? Are we fighting too much? Is the open crime and filth to which we are constantly being exposed a result of too much liberty? Careful thought gave me the answer. There is a difference between freedom and license. License, the destructive, self-centered type of liberty, is the degenerate.

"A principal source of America's strength has been and is the insistence upon a rule of law not men. Laws must be made to consider the public, not a few individuals and yet must respect individual rights as well. Our laws in the past have come from a strong religious and moral background. In fact, America was founded mainly because of the need for religious freedom. Only a strong moral sense could take into consideration others when seeking legislation. Besides, laws are for the control of people whose moral conduct is not as it should be. Our forefathers sought liberty, but did not mistake it for license. They learned how to be free, but at the same time not to destroy other's rights. They learned when to compete, and when to cooperate.

"Another source of America's great strength is the idea that its government is the people. This system reduces the tyranny of twisted men hoping for undue power. Since our government is based on equality for all men, all have the opportunity to be an individual. All men should have equal chances to make a place for themselves in this country as long as they do not infringe on other's rights. Throughout America, education and other privileges are given to those who want them. Where else in the entire world will you find this available to so many?

"We can also be proud of America's past. Against enormous odds, great men and women fought and sacrificed to make America. America is to be treasured because it is a thing of value. Tremendous sacrifice went into it to make it and keep it, and every generation in joy it must continue to sacrifice so that descendants may continue to enjoy its beauty and privileges.

"America now controls a majority of the world's population and its future. Millions of lives depend on America's course of action. Because we are a nation "Of the people, by the people, for the people," we as individuals control, in a sense, the lives and futures of many. To take the right course of action, to be strong enough to do so, we need the guidance of One greater than ourselves, the One on whom America was founded. Our forefathers lived centered in God. If we fail to do so, we will destroy America's foundations. What our forefathers did, we must do today for life is even more troubled. We can take pride in America for it is a strong and good nation based on right, and will continue so if we work to destroy its weaknesses. If nothing else, this composition is a challenge to each one of us to keep America something of which to be proud. That is all we can do."

The business session starts promptly at 1:00 p. m. at which time reports from the Board of Directors and Management will be given. Terms of three Directors are up with the date of the meeting. The Good Earth

By Mrs. B. F. Cobb

My husband and I took a trip to DeLeon this week. Never have I seen so many pretty, wild, spring flowers.

There was a kaleidoscope of color... Filaree, a fuchsia colored flower, was in all the fields, along the bar ditch and even grew high on the hills. Buffalo clover, a pea-shaped flower of orchid and purple, grows all along the right-of-way, but one sees few of these pretty plants in pastures as they are relished by cattle, where Bluebonnets, that resemble Buffalo Clover so much, is bitter and not fit for cattle to eat. There are lots of Buffalo Clover patches between Haskell and Stamford and all the way to DeLeon also.

Buffalo Clover smells like grape soda and a large patch of these blossoms is almost overpowering.

Filarees are also relished by cattle but with winter rains there has been such an increase of this plant that the cattle have not grazed them down as much as they have Buffalo Clover. The wine-red blossoms of Filaree are as large as half dollars from Eastland on to Proctor Lake, just beyond DeLeon. The Promontory Park was a beautiful sight to behold... Oak trees, that have just leafed out, stand in a sea of Filaree and Bluebonnets. With the lake as a background, this presented a breathtaking picture.

Other flowers we saw on our trip were... Brown Cone flowers, salmon pink Godetas, wild Phlox in a variety of colors, orchid Sweetwilliams, yellow Daisies, white Poppie thistles, yellow Buttercups, white Mountain Daisies, pink and white Perfume flowers, deep red and pink Wild Onions, blue Spider Warts, blue Grass flowers, frey red Indian Paint Brush, pink white, red and orange Paintcups, and acre after acre of tiny yellow star flowers on lacy green foliage that looked like a field of tapestry.

Red haw was in full bloom, the trees were covered in small clusters of white blossoms, black haw was also in full

bloom. Black haw blossoms grow in large clusters.

We saw an abundance of wild life while we were on our trip. A coyote ran in front of us between Throckmorton and Woodson. We saw a Bald Eagle sitting on a mesquite tree, as we were nearing Haskell on our return trip. I had missed the Eagle and my husband turned around and went back so we could get a good look. It cocked its head and rolled its eyes and looked us over real good, then soared gracefully up into the sky.

We saw red Cardinals, Blue Jays, Mockingbirds, Bulcher birds, Dove, Quail and many more I do not recall.

Words cannot describe the beauty of miles and miles of flower-lined highways.

I missed going with the Haskell Garden Club members to Stamford but got to see wild flowers that I possibly will not see many of for years to come.

A wet winter made the flowers grow much more luxuriant.

SAGERTON NEWS

MRS. DELBERT LEFEVRE

The Sagerton Stitch and Charter Club met in the home of Mrs. M. Y. Benton recently for a regular meeting. Those enjoying the afternoon were: Mrs. Pete Kitley, Mrs. Ewell Kitley, Mrs. Cliff LeFevre, Mrs. John Clark, Mrs. Ben Hess, Mrs. Harvie Jordan and the hostess.

Mrs. John Clark received word Tuesday morning of last week that her brother, Bill Smith, of Holliday, had died suddenly with a heart attack that morning. She left immediately for Holliday. Her sons, Reece, Whit, Charles, and Joe and their wives all attended the funeral services on Thursday.

Mrs. G. A. Leach is visiting her sister, Mrs. Leta Pope, in Fort Worth.

Larry Jordan of Lubbock, visited his parents, Mr. and Mrs. Harvie Jordan, last week-end. Mrs. Olen Carothers of Rule visited with Mrs. M. Y. Benton Wednesday of last week.

Mr. and Mrs. M. Y. Benton visited with Mrs. Lowell Fullbright and Mrs. Jud Smith in Rule Monday afternoon.

Mr. and Mrs. Delbert LeFevre and Kent attended a track meet at Howard Payne College in Brownwood Saturday and visited with Mr. and Mrs. J. S. LeFevre and Cliff in Coleman.

Mr. and Mrs. Buster Trede-meyer and Mr. and Mrs. Larry Letz of Abilene attended the HemisFair in San Antonio last week-end.

Mr. and Mrs. Reece Clark joined Mr. and Mrs. Grady An-

derison of Houston last week-end in San Antonio, and together they visited the HemisFair.

The Sagerton Gin was still ginning cotton last week. This is probably the latest date that cotton has been ginned here. The cotton did not get harvested before the bad weather set in and the fields stayed too wet to gather it until now. Farmers were able to do some work in their fields last week, but with the rain Sunday night, amounting to around one-half inch, they will have to wait again before they can plant.

Mrs. F. A. Ulmer, chairman of the Cancer Drive in this community, reports that donations amounting to \$157.91 were collected in the house-to-house canvass and from merchants. Those making the house-to-house drive were: Mrs. Ulmer, Mrs. Harvie Jordan, Mrs. Norvell Lehmann, Mrs. A. C. Knipling, Mrs. Barney Ross, Mrs. A. R. Helm, Mrs. Melvin New, Mrs. Delbert LeFevre, Mrs. Glynn Quade and Mrs. Herbert Nierdieck.

Price Fixing Could Prove Very Harmful

The president of the Texas Farm Bureau said that creation of a state agency with the power of fixing milk prices could prove harmful to the consumer as well as the dairy farmer.

A proposition on the ballots of both the May 4 Democratic and Republican primaries seeks to ascertain public opinion on the "Enactment by the Texas Legislature of a law creating the Texas Dairy Commission with the power to regulate and fix the retail and wholesale price of milk." This was a controversial issue during the regular session of the Legislature last year.

TFB President Sidney Dean of Victoria said that delegates to the last annual convention of the Texas Farm Bureau voted to "oppose the establishment of a Texas Dairy Commission." The Farm Leader said Farm

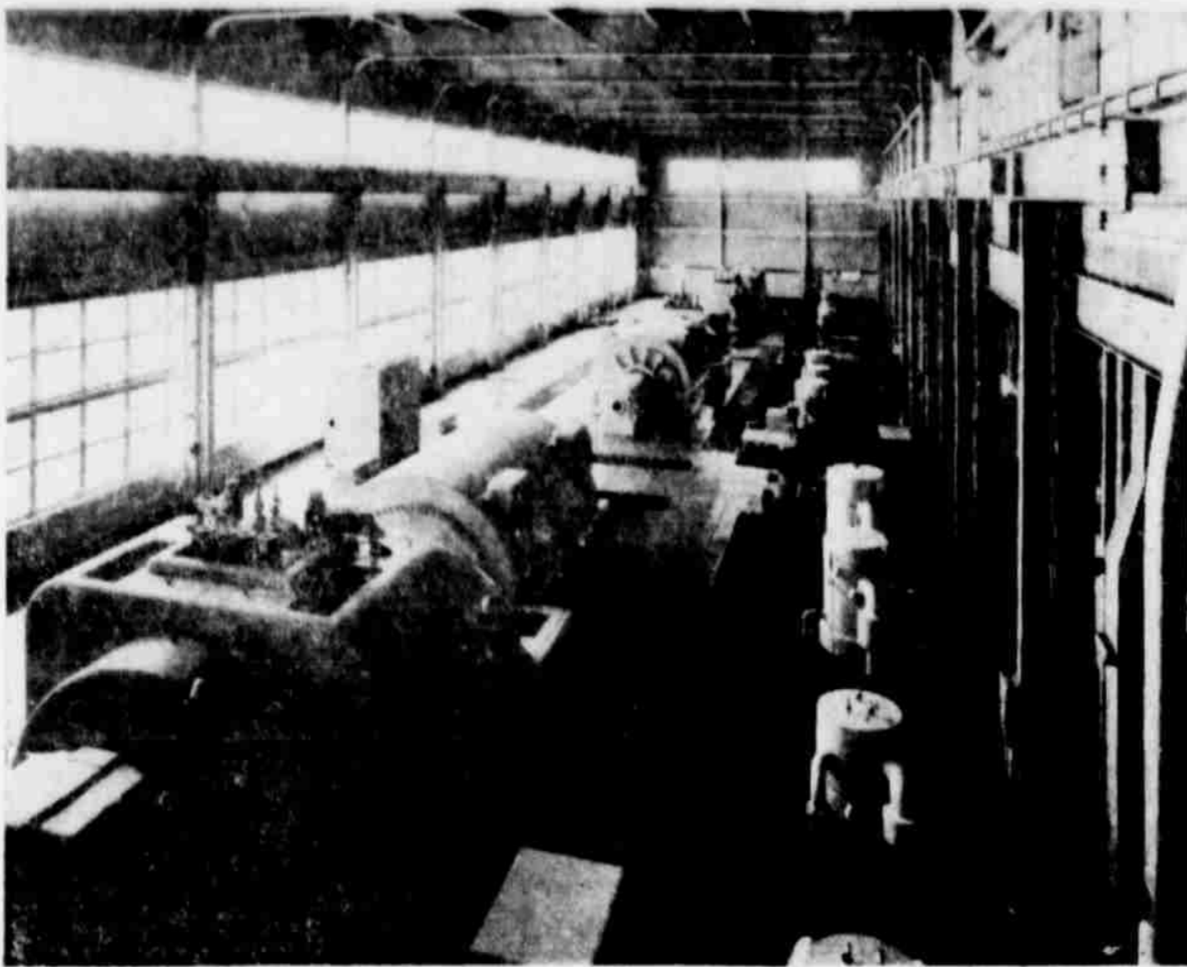

Bureau opposes the authority to regulate dairymen and fix milk prices for three reasons:

(1) Price fixing cannot successfully substitute for competitive prices in determining consumer demand for any product. An artificial price set by government edict runs the risk of jeopardizing consumer supplies as well as making the producer dependent upon government for his income. A price considered "fair" to the consumer might not assure an adequate return to the producer.

(2) A commission empowered to fix prices would necessarily be required to regulate the day-to-day business operations of dairymen.

(3) An artificial price of milk at the retail level could encourage the consumption of milk substitutes at a time when dairymen can ill afford unfair competition. Imitation milk and "filled" milk products already present crucial problems for dairy producers.

Looking from the big overhead crane in the turbine room of the Paint Creek Power Station, these three existing steam turbine generators have a capacity of 113,000 KW. The fourth unit will be installed in a new addition to the existing turbine room.

Paint Creek---

(Continued from Page 1, Sec. 1) room to house the No. 4 unit, an expansion of the central control room, and an addition to the present substation. A third intake structure will be built northwest of the No. 2 structure.

A fourth boiler will be added to provide steam for the new

unit. This boiler will be the largest in point of steam generating capacity, and will operate at the highest pressure of any boiler now in operation at WTU's seven steam generating stations.

First Unit Placed in Operation in 1953

WTU's Paint Creek Generating Station is located on a 120-acre site on the north shore of Paint Creek Reservoir fourteen miles southeast of Haskell and sixteen miles northeast of Stamford.

Initial construction of the plant was started in 1952 by the Austin Building Company, general contractors, and the first unit was placed in commercial operation in July, 1953. The No. 1 unit has a name-plate generating capacity of 30,000 KW.

The generating capacity of the plant was more than doubled in 1955 when a 33,000 KW General Electric steam turbine unit was placed in operation. Construction on the addition of the second unit was started in June, 1954, and the second unit was placed in commercial operation in August, 1955.

The generating capacity of the plant was almost doubled in 1959 when the third unit was placed in commercial operation. Construction on the expansion program was started in Decem-

ber, 1957, and the new 50,000 KW steam generating unit was placed in operation in May, 1959.

Now under construction at the Rio Pecos Generating Station near McCamey is a \$7 million addition to that plant which will add 88,968 KW to its generating capacity. This new unit is scheduled to be placed in commercial operation in the spring of 1969.

The Paint Creek Station is one of the seven major steam generating plants operated by West Texas Utilities Company. The other plants, Lake Pauline Station near Quanah, the Oak Creek Plant in Cooke County, the Abilene Station, the Concho and the San Angelo Power Plants at San Angelo, the Rio Pecos Plant at McCamey, and a gas turbine plant at Fort Stockton, are all inter-connected by high voltage transmission system. These plants provide electric energy for 167 towns and communities served by the utility company.

Rotarians Hear Visiting Evangelist

"We have been educated to do most anything and everything, but to get along with other people," Sam Reed, minister of the Southwest Christian Church, Austin, told members of the Rotary Club at last Thursday's noon-day luncheon meeting at Felker's dining room.

Charles Thornhill was program chairman for the day and introduced the speaker.

"The hardest place to live for Christ is in the United States because we have so many temptations. Our country is rich, we are busy, well fed and educated but far too many of us leave God out of our lives," the speaker said.

R. C. Couch, Jr., presided over the meeting. Invocation was given by Rev. J. V. Patterson, Wayne Pittman, of Ardmore, Oklahoma, led the singing, with Mrs. Henry Withers at the piano. Happy birthday was sung to Abe Turner and Charles Conner.

The visiting speaker, Mr. Reed, and Mr. Pittman, assisted with a period of Spiritual Emphasis at the Haskell Christian Church last week.

Guests noted were Rotarians, Jim West, Jr., Don Revel, Lynn Gillespie, Raymond Hollabough, Kerry Swett, all of Stamford; Rotarian Rod Ezzell, of Rule; Charles McCauley and Royce Wood, of Haskell, and the speaker, Mr. Reed.

VA Questions and Answers

Editor's Note: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q—This April will be the first time since I got out of service that I will file an income tax return. I am receiving disability compensation and an educational assistance allowance. Must I report these payments on my income tax?

A—No. Compensation for a service-connected disability and educational assistance allowance are tax exempt benefits.

Other veteran benefits that are tax exempt and need not be reported are subsistence payments for vocational rehabilitation training, grants for "wheel chair" homes and automobile equipment for the severely disabled dependents of deceased veterans, and compensation allowances for dependents of certain disabled veterans.

Only interest earned on G. I. insurance dividends left on deposit with VA is reportable and taxable.

VA Questions And Answers

Q—My husband is a World War II veteran. We have been married a number of years. He still lists his mother, who is well-to-do, as his sole beneficiary on his \$10,000 G. I. insurance. Is there anything I can do about this? Can I get the VA to change it? I am unable to work any more.

A—No you can't. Only the insured can change the benefi-

ciary. Legally, the Veterans Administration must pay the proceeds of G. I. insurance to the beneficiary named by the veteran.

Q I served for three years in the Army from early 1961 to early 1964 and was honorably discharged. I was stationed in Europe during the Berlin crisis. Am I eligible for "Cold War" G. I. Bill benefits even though I was not in service after August 4, 1964?

A—Yes, you are eligible. The

"Cold War" G. I. Bill, which took effect June 1, 1962, covers any veteran who served more than 180 days and was discharged after Jan. 1, 1955, from service other than dishonorable. See your nearest VA office for information and concerning benefits. "Cold War" G. I. Bill.

HOW WILL THEY VOTE?

Of the nearly seven million who enrolled in colleges last fall, more than 70 per cent are under 21 years of age, and thus will not be eligible to vote in the presidential election in November. How politically mature are these students, and how representative of their beliefs have been the militant demonstrations staged on campuses all over the country.

New light may be thrown on the political attitudes of college students in the unusual straw vote that is to be held on college campuses throughout the country in April under the sponsorship of Time magazine. The straw vote has been called CHOICE 68, and the vote will take place on some 2,400 campuses. It is expected that over 5 million students will cast ballots. The only test of voting eligibility will be enrollment in a college or university.

There is no doubt that this event will give professional politicians some food for thought and may very well, for good or ill, have a bearing on policies and measures advocated by many present office holders who must reckon with the college students who will soon become legal voters. CHOICE 68 may not elect a candidate officially, but unofficially, it will carry a lot of weight and should not be approached lightly by participating students.

HASKELL COUNTY HISTORY

30 YEARS AGO (April 26, 1938)

T. C. Cahill, former Haskell Mayor and vice-president of the Haskell Chamber of Commerce since the organization was formed early in 1936, is trip chairman for the motorcade to the West Texas Chamber of Commerce convention in Wichita Falls.

Little Miss Bobbie Ann Heron is spending several days in Abilene this week, visiting in the home of her aunt and uncle, Mr. and Mrs. Paul Cornelli.

Mrs. Kate Perdue, county relief office supervisor, attended a State Conference for Social Workers held in Waco Wednesday through Saturday of last week.

Miss Clara Bell Buford, daughter of Mr. and Mrs. Sam Buford of this city, has been employed as assistant in the Chamber of Commerce office.

Miss Buford, a graduate of the Haskell High School, assumed her duties Monday morning.

C. E. Boyd, superintendent of the Early Rural High School in Brown county, has been elected as superintendent of the Paint Creek Rural High School for the school year 1938-39.

Mattie Louise Chatwell, popular Weimert High School senior, has been elected Sweetheart of the Weimert Chapter, Future Farmers of America. She was an honor guest at the annual Father and Son banquet of the chapter, Tuesday night.

District Judge Dennis P. Ratliff left Wednesday at noon for Anson where he presided in 10th district court, during the absence of Judge W. R. Chapman, who was called to Waco.

Raymond Roland, formerly employed in the Free Press plant as linotype operator but who is now working for the Abilene Reporter News, spent Sunday in Haskell with friends.

R. L. Burton made a business trip to Abilene, Wednesday.

30 YEARS AGO (April 26, 1928)

J. A. Landess, a successful farmer of the Howard community, sold to W. S. Pogue, cattle and hog buyer of this city this week, one of the largest fat hogs of the season, which tipped the scales at 704 pounds on foot.

This hog was a year-old sow of the big-boned Poland-China breed Uncle Dick Landess, father of J. A., says that he believes it to be the largest fat hog grown the past year of its class, which proves again that Haskell County still leads in the production of the best in all things.

Fire, thought to have been of incendiary origin, destroyed two gin plants of J. A. Nichols and Son at O'Brien, 18 miles northwest of here, early Friday morning. The loss was estimated at \$31,000, with \$17,000 covered by insurance.

At a meeting of the City Council Tuesday night, among other business transacted, the election of the different Commissioners was held. Leo Southern was appointed Water Commissioner; C. V. Payne, Sewerage Commissioner; J. B. Post, Finance Commissioner; George B. Fields, Fire Commissioner, and Mayor T. C. Cahill, Street Commissioner.

Wardlaw Adcock, senior declarer, and his brother, Grady Adcock, junior declarer of the Post School, both won second place in the District at Abilene last week. The Post team won second in tennis doubles. The same team went to the finals last year, and lost to the Abilene team just as they did this year. They were Misses Edna Lupper and Juanita Adams.

Mr. and Mrs. Alfred Pierson, Mrs. Tom French, and Mrs. K. D. Simmons returned this week from Christiana where they attended the three-day session of the Baptist Sunday School Convention held in that city.

Mayor T. C. Cahill spent several days last week in Wichita Falls.

60 YEARS AGO (April 25, 1908)

Mr. Clarke Dennington, the youthful editor of the Sagerton Sun, was a visitor in Haskell Saturday and Sunday. He is making quite a neat and newsy sheet of the Sun.

Messrs. Jack Simmons, Willis Buchanan, Geo. W. Andrus and H. W. Gebhard went down on Buffalo Creek fishing Wednesday and caught 54 pounds of fish of various sizes.

Bert Davis, who is employed in the Herald office, got his arm caught in a job printing press and broken Thursday morning.

Mr. O. B. Norman left Wednesday for Houston, where he goes as a delegate from the K. P. Lodge at this place to the Grand Lodge of Knights of Pythias.

Mr. J. L. Baldwin, proprietor of a livery stable of this place, related the following interesting story to a Free Press reporter.

He said a lady about 50 years of age got off the train here Tuesday morning and went to the Wright House, where she gave her name as Mrs. White.

A few minutes later she ordered a buggy and team from Mr. Baldwin's stable to drive to the country to be gone two days. On being told that the team was not safe for a lady to drive, she refused a driver, saying that she could drive any team a man could drive, and getting into the buggy she drove off. Two days later Mr. Baldwin received a telegram from Wichita Falls from the lady who had hired the team, telling him that his team was in a livery stable at that place and for him to send for it and she would settle with him later.

She made the 125-mile trip in two days over muddy roads.

Messrs. A. H. Alexander, K. Collier, Geo. Fields and C. W. Faulkner went off on a fishing trip excursion last Thursday.

C. L. Jacks has opened a restaurant in the building just east of the Landell hotel.

TAX MAN SAM SEZ: So your return was selected for audit. Well, don't feel exclusive. The Internal Revenue agents check over three million returns each year. More than a third of the returns audited are accepted without change. Last year 390,000 taxpayers who were audited received \$154 million in refunds. Internal Revenue also refunded \$94 million to an additional one and a half million other taxpayers who made a mistake in arithmetic and overpaid their taxes. An Internal Revenue audit is a two-way process — you should be businesslike and courteous, and furnish proof of your tax claims. If you don't like the decision, appeal.

Garth Garrett Makes Statement To The Voters

G. T. (GARTH) GARRETT

"In seeking re-election for the office of Sheriff of Haskell County, I would like to relate to you some of my past life history. I am 52 years of age and have resided in Haskell County for 50 years.

"As you people know, I have served as Deputy Sheriff and Sheriff of this county since about 1905.

"Since my experience consists of several years of law enforcement, I think you will agree there is no substitute for experience.

"Without the splendid help of all you good citizens of Haskell County, I could not have accomplished all the things in serving you in this capacity.

"Also, I would like to thank all the judges, attorneys, all who have served on grand juries, and jury commission for their splendid service and cooperation.

"If you see fit to elect me as your sheriff for the next term, I will endeavor to carry out the duties of my job as I have done in the past.

"Due to the duties of my office, it has been impossible for me to visit with each of you, as I would have liked to do, so please accept this message as a personal solicitation of your vote and support on Saturday, May 4th.

Again I say thank you!
Sincerely,
G. T. (Garth) Garrett"

like to assure the people that I am fully aware that I must stand on my own ability, background, and experience and that I fully understand the responsibility to be undertaken. For some time it has been my ambition and desire to become your tax assessor and collector—an ambition shared by my wonderful wife and six (6) children.

"In carrying out the duties and responsibilities of tax assessor and collector I promise that your office will be conducted in a fair, firm and dignified manner, and all persons having business with the office will be treated fairly and with the respect due each individual, and that the people will be accommodated in every way possible. This is my promise to everyone.

"I am making an effort to meet every voter in the county, but realizing this is an impossible task, I ask the people to carefully examine my qualifications as your tax assessor and collector. I have experience in tax work with Prichard and Abbott Tax Evaluation Company of Fort Worth, and Southwestern Appraisal Company, Dallas, Texas.

"Come May 4th go to the polls and vote for the candidate of your choice, but your vote for Sam Johnston will be very much appreciated."

FOODS AND NUTRITION GROUP HAS MEETING

On Thursday, April 11th, the Foods and Nutrition project group from Weinert 4-H Club met for its first meeting of the year in the Homemaking room.

This is the first year in 4-H for this particular group of girls and they chose to study foods. With Mrs. Leon Newton and Mrs. Lester Hutchinson as their adult leaders in this project.

Mrs. Glenn Caddell is coaching the girls in demonstrations to be given at the District meeting in Wichita Falls on April 27. She talked to them concerning their 4-H work and gave them pointers on how to give a method demonstration.

This group of girls are looking forward to entering the County 4-H Food Show in Haskell on May 4th. Joan Caddell, president of Weinert 4-H Club, and who has won several county and district honors, gave a demonstration on the food show. Joan set up a complete table with appropriate linen, dishes and silver for the course, with which the food exhibited is served. She pointed out how they should fix their day's menu and recipes of the day. Last, she prepared the food for the course, with the judges may ask them.

In addition to the project leaders and the two speakers of the day, those attending were Ruth Dutton, Marsha Berry, Johnnie Brueggeman, Nean Newton and Karen Earp.

Their next meeting will be next Tuesday at which time they plan to combine two meetings and study two of the four food groups.

FOUR LEAF CLOVERS HAVE PROGRAM ON NAIL CARE

The Four-Leaf Clovers, a 4-H project group on good grooming, met Friday afternoon at the homemaking department for a regular meeting with the president, Melanie Vojkufka, in her chair. Nan Reeves read the minutes of the previous meeting and one new member, Sue Hager, was welcomed into the group.

Wanda Vojkufka, 4-H public speaking adult leader, talked to the girls about nail care. She obtained their attention by asking the girls if they would be ashamed to enter high school next year sucking their thumbs. Then she very cleverly placed nail biting on the same level. She admonished each girl that as they put their best foot forward, to also put their best hand forward. She then demonstrated the latest in nail care, known as therapy, and each girl gave herself a manicure with special instructions from Mrs. Vojkufka. In the new nail therapy, the cream plus the buffing expands the nail and lets the lanolin oils penetrate, giving the nails all the proteins and other vitamins needed to harden them and keep them from breaking and splitting.

Joan Caddell then presented Mrs. Vojkufka with a gift in appreciation for her help to her as her coach in public speaking.

Refreshments of Cokes and ice cream were served. Mrs. Alton Sanders will present the next program on personal care of the body.

Attending in addition to Mrs. Vojkufka were Melanie Vojkufka,

Kat. Nan Reeves, Sue Hager, Dorothy Freeby, Joan Caddell, Walene Brethauer and their adult leader, Mrs. Glenn Caddell.

WEINERT 4-H CLUB HAS SUCCESSFUL CAR WASH

At their last 4-H meeting, the club voted to have a car wash as a money-making project. Thirteen members met at 9:00 a. m. Saturday in front of the Weinert School, with their soap buckets, water hoses, chamois and other necessary equipment.

Their project was a big success and the Weinert 4-H Club would like the Weinert patrons to know how much they appreciate their cooperation in this work.

It was a tired group that picked up their equipment at 4:30 o'clock and headed for home.

Those helping were Joan Caddell, president of the group; Sue Hager, Rod Dutton, Hal Guess, Melanie Vojkufka, Johnny and Karen Earp, Marsha Berry, Ruth Dutton, Johnny Brueggeman, Dorothy Freeby, Walene Brethauer, Tony Walker.

HEAD COUNTING TIME

It is almost time for Christians to stand up and be counted against increased use and consumption of liquor! That time will come MAY 4th! Both primaries, Democrat and Republican, will offer the voter a choice to express himself for or against liquor-by-the-drink. A vote for liquor-by-the-drink is a vote for greater consumption in Texas and drinking by more people than ever before. Notice these FACTS:

HIGHWAY DEATHS: In the state of Iowa, highway fatalities went up 20 to 30% after liquor-by-the-drink was legalized. (Based on average of the 2 years before and the 2 years after the law was enacted). With legalization of liquor-by-the-drink in Atlanta in 1964, alcohol sales jumped 21.2%. The two Criminal Court judges said alcohol was involved in 60% of their cases.

ALCOHOLISM: States with liquor-by-the-drink sales have almost 50% more alcoholics than those with package sales only. (Quarterly Journal of Studies on Alcohol, Rutgers University, page 428).

INCREASED DRINKING: Actual sales indicate consumption is 1.0 gallon per person per year in states without, but 1.8 in states offering liquor-by-the-drink (Annual Statistical Review of the Distilled Spirits Industry, page 42) Charles Whitmore.

This is not a political issue, but a moral one, and it is time that Godly people stand up and let it be known that they oppose the damning influence of alcohol. The issue is between more money in the pockets of the liquor industry at the expense of the souls of men, and more decency and morality (and we don't have too much of that!)

Skeeter Miller Makes Statement To The Voters

"In connection with my campaign for the office of Sheriff of Haskell County, I first want to thank my friends and supporters for the encouragement you have given me up to this time. I hope that you will continue to help me not only with your own support but that you will also talk to other people about me and my campaign. I cannot win the race without your help.

Since I am meeting many of you for the first time I would like to tell you something of my past life. I have lived in Haskell County since I was a few weeks old and therefore, I feel that I am a native of Haskell County. My parents are Mr. and Mrs. Jess Miller, my wife is the former Helen Davis, daughter of Mrs. Ira Davis. We have a married son, Rodney, of Aspermont, and a daughter, Ember, who is five years of age. I live on a farm west of Haskell. I received my education in the public school system of Haskell. I have acted as a substitute rural mail carrier for many years. I realize that the office I am asking you for is one of the most responsible positions that we have in our system of government and in my opinion a sheriff must, at all times, act with the utmost fidelity to the trust placed in him in handling the duties of the office. This applies not only to the citizens whose rights are to be protected from crime but also extends to that person accused of crime. There are rights and duties on both sides.

"I have made an earnest effort to personally contact each of you prior to the Primary, but due to the lack of time and bad weather, it has not been possible to see everyone. I sincerely hope that you will each accept this message as a personal solicitation of your vote, support and influence in my campaign and I want you to know that my family and I will appreciate it very much. If given the privilege of serving you as your sheriff, I promise that I will discharge the duties of the office in such manner that will merit your confidence."

Sincerely,
J. R. (Skeeter) Miller

JOE WILLIAMS

Speer Issues Statement To The Voters:

"In behalf of my candidacy for Constable of Precinct One, Haskell County, I wish to make the following statement:

"I am a God-fearing family man. I married the former Eva Kindrick, December 7, 1919, at the First Baptist Church in Haskell. We both have lived in and near Haskell practically all of our lives.

"We have two married children: Mrs. Merle S. Ivy, (Billie Jack) of Leonard, Texas and Chester Pat, who with his wife, the former Ruby Grace Mekelvain, resides in Minden, La. Also have two grandsons, Michael Merle Ivy, a junior at Rice University, Houston, and Samuel Speer Ivy, a junior in Leonard High School.

"I have made an effort to contact each family in Precinct 1, but I know I have failed to see many of you. To those I have seen I want to say thanks for your time, consideration and encouragement. To you that I have not contacted please accept this as a personal solicitation for your vote, influence and consideration.

"If you, the voters of Constable Precinct 1, see fit to elect me for your constable, I will be exactly that, and will discharge my duties to the very best of my ability.

Thanks,
D. L. (Jack) Speer"

Isbell Issues Statement To Voters, Prec. 3

ALLEN (JIGGS) ISBELL

I would like to take this opportunity to solicit your vote and influence in the upcoming election for County Commissioner representing the people of Precinct 3. In my campaign I have tried to see each voter in the precinct, so that you might better understand my position and background, but if for some reason I have missed you, I will have to rely on this statement to better inform you of my qualifications as a candidate.

Prior to my moving to the Paint Creek Community, I worked with a road construction crew which built some of the highways in the county. Since then I have lived and carried on farming operations in the community for the past thirty-three years, with the exception of 3 1/2 years I served as an aircraft maintenance foreman in the service. I feel that my experiences in supervising maintenance of large equipment, will aid the precinct in keeping its equipment functional and operational.

I married Lyla Mary Mickler of the Ericksdahl Community and we have three children, Danny, a freshman in H-SU; Jeannine, a senior, and Janice, a junior in Paint Creek high school.

I am familiar with the roads of our Precinct and am mindful of their many needs. I am a strong believer in good all-weather roads for everyone and will work hard to see that they are provided for our precinct. I realize that road management is only possible through proper county government and as your representative on the commissioner's court, I will consider all issues brought before the Court impartially, honestly and for the betterment of the county and the precinct.

My only campaign promise is diligent, conscientious effort and service to the people in my precinct and the position of re-
