"Parallel Terraces Make All The Difference," Says Willie Buerger

"Parallel terraces make all the difference," says Willie W. Buerger of Haskell. Buerger operates two units of 356 acres of his own land, and 183 acres of land belonging to his father, Fred Buerger, of Avoca.

Both Buerger and his father have been cooperators with the Wichita-Brazos Soil and Water Conservation District since 1945.

In September of 1966, Buerger and his father entered into con-

tract with the U. S. Department of Agriculture under the Great Plains Conservation Program. A complete set of parallel terraces amounting to 42,800 feet, was constructed on his father's farm during the winter of 1966-67. Leveling of the entire interval between terraces was accomplished. 68,000 feet of parallel terraces with leveled intervals were constructed on Buerger's own farm during the sum-

mer of 1967. Approximately 45,000 feet remain to be constructed this coming year. Technical assistance in design, layout, and installation was furnished by the Haskell Work Unit of the Soil Conservation Service.

Buerger said his maize yields prior to constructing parallel terraces averaged about 2,000 pounds per acre with standard level terraces. Even with a year of low rainfall and poor cropping conditions on the whole, Buerger averaged 3,000 pounds of maize per acre this past year. Cotton yields for 1967 averaged 460 pounds of lint per acre on a planted pattern of two and one. Previous years lint yields averaged about 440 pounds per acre.

Buerger feels that the terraces made all the difference in his maize yields. He believes that cotton yields will be greatly increased in future years. Buerger also believes in a strict rotation to soil depleting crops and high residue crops. He believes in a strict rotation to soil depleting crops and high residue crops. He plants several acres of winterpeas every year.

FASHION POINTS:

Spring's Shirt Look

NEW YORK (ED) — This Spring, you can put one and two together—or two and one—and make fashion sense every time.

The shirt and skirt is one combination. Another is the skirt, shirt and vest, otherwise known as news in spring suits.

Next, take the shirtdress, but don't just leave it at that. Add a belt or sash, and loop a scarf in the neckline.

For parties, the shirtdress is as pretty as organdy or lace can make it, often with a ruffled neckline or ruffled hem. It can also be a shirt joined to a full length skirt.

Starting with the soft look, much of the spring news within-the-news applies to the shirt and shirtwaist dress. The most classic shirt is clingy or bloused, has long, billowy sleeves, and is often in crepe or silk. It may have a frilled front. The skirt that goes along is apt to be a dirndl, flare with soft side pleats, or wrap to the side.

The same softness is seen in suits. The vest or sleeveless jacket is tailored, and either open or double-breasted, but the shirt it shows has long, full sleeves. This is true even if the vest and skirt are in a sharp geometric print, bold checks, or plain, and the shirt in white or plain color.

The after-dark plunge that lots of spring necklines take is as noticeable in shirts and shirt-dresses as in other fashions. And nothing too restraining is worn underneath... if you own a wired bra, toss it out.

Spring hemlines remain short—as short, say, as eight inches above the knee for those who like the lankiest look talked about. High above, in many cases, the waistline is gently-

circled with a soft string or soft leather sash. Wide leather belts are buckled at the normal waistline for the shirt-and-skirt costume. The dropped waistline look is also very much around, usually indicated by a silver belt. Many dresses are shifts but fit somewhat closer to your figure.

The continuing shortness of skirts makes their new flare or fullness the more pronounced. And something else—the short skirt makes the new long jackets of spring look young as never before.

Spring is for everybody—and fashion is, too, this coming season.

AWAY
I cannot say, and I will not say that he is dead. He is just away! With a cheery smile and a wave of the hand, he has wandered into an unknown land. And left us dreaming how very fair it needs must be, since he lingers there. And you, oh you, who the wildest yearn For the old time step and the glad return Think of him faring on, as dear In the love of There as the love of here; And loyal still, as he gave the blows Of his warrior strength to his countries foes— Mild and gentle, as he was brave. When the sweetest love of his life he gave To simple things; where the violets grew Pure as the eyes they were likened to. The touches of his hand have strayed As reverently as his lips have prayed; When the little brown thrush that harshly chirred Was dear to him as the mocking-bird:

The Good Earth

By Mrs. B. F. Cobb

Haskell Garden Club members are beaming with pride over the first place captured in District VIII's scrapbook contest. Not only did they win the district, but the scrapbook will now go to State for judging in the finals.

Mrs. Jetty Clare, scrapbook chairman, with the aid of her committee, Mmes. Ed Hester, C. B. Rhea and Emmet Wyche, did a superb job of compiling the scrapbook that won the honor. Mrs. Clare framed each item that went into the book with green construction paper—this was most attractive. Pictures of members, officer installations, gardens, flower arrangements, and flower shows added color to the book. Pasting and gluing all these things took many days of hard work. The book was indexed and each article that was of "Garden" interest was underlined. Truly it was a work of art.

The Sears Award that the club is striving so hard to earn was made one step closer to reality. The plans and pictures of Haskell Depot grounds, submitted by Mrs. Ed Hester, was given a grade above 90... that means Haskell will have a chance of winning in the State finals. Only ten clubs out of district Eight's 42 entrants won a rating of plus-90. Haskell's entry was one of the ten highest out of forty-two entries.

The Club is also justifiably proud of having two members holding high positions, one a national accredited flower show judge, Mrs. E. L. Wyche; and District Eight Recording Secretary, Mrs. Ed Hester.

Mrs. C. B. Rhea, HGC president, is doing a wonderful job and the club is growing and prospering under her reign.

Although Mrs. Rhea has only been in the club a short time, she brought with her a great store of garden knowledge as she is a gardener of long standing. She is an expert at turning garden waste into rich, black compost. Both Mr. and Mrs. Rhea enjoy their greenhouse. Many arrangements have made their way to the Club this winter that were grown in the greenhouse.

Your New Social Security
By R. R. Tuley, Jr. District Manager

EDITOR'S NOTE: This is one in a series of articles giving the pertinent details of the new provisions in Social Security.

For older people and other beneficiaries who continue to work, the recent changes in social security will enable them to make more money and still draw some or all of their social security benefits.

The amount of money a person can earn in a year and still draw all his social security benefits has been raised. Beginning with 1968, a person who makes as much as \$1,680 can still collect all of his social security benefits. Even if he earns considerably more than that, he may still draw some benefits. The old law had set that limit at \$1,500 through 1967.

Here's how it now works. If you are working regularly and do not earn more than \$1,680 a year, \$1 will be withheld from your benefits for each \$2 you make over \$1,680, and up to \$2880.

However, regardless of your total earnings for the year, you will receive your social security benefits each month.

If you are working regularly and make more than \$1,680 a year, \$1 will be withheld from your benefits for each \$2 you make over \$1,680, and up to \$2880.

How, for the best deal on INTERNATIONAL CUB CADET LAWN AND GARDEN TRACTORS

ity check for any month in which you do not earn more than \$140 in wages and are not active in self-employment. This means that you could make any amount over \$1680 a year, and still receive your checks for any month that you do not work, but with deductions against the months you do work.

Remember, these new provisions apply to earnings in 1968. The old law applies to earnings and benefits in 1967.

As in the old law, there are no deductions taken from your social security benefits for any month after you reach 72, regardless of how much you earn in the year.

The provisions of the retirement test apply also to dependents of people who are receiving disability benefits, but not to the disabled worker himself. Special rules, including medical considerations, apply to people who are receiving benefits because of disability.

About 760,000 people across the country are expected to receive some \$175 million in additional benefits during 1968, as a result of this change.

Mrs. Perry Spenny represented Haskell Garden Club at the District Eight meet held in Abilene Tuesday and Wednesday of this week.

The Club came into being in 1957 and with the help of eight past presidents and the now reigning one, many honors have come its way.

Mrs. C. O. Holt was the first president to preside followed by Mmes. James Crawford, R. C. Couch, W. E. Atchison, W. E. Huss, Ed Hester, M. E. Overton and E. L. Wyche—and the incumbent, Mrs. Rhea.

Each member helps to make the club a working, thriving, get-up and go organization of which to be proud.

Many honors and accomplishments should be mentioned but space will not permit it.

The club works by this rule: "As one we make a club—divided we will fall—each member pulling together—will somehow carry the ball."

State Library Will Offer New Service To All Texas Citizens

The Texas State Library will offer a new service to all Texas citizens beginning around March 15, 1968. At that time public libraries throughout the state will begin participation in the Texas State Library Network.

Because no one library can own all the material that its patrons will need, this service will allow each public library to submit requests for material and for information to other public libraries.

Public libraries serving communities of 25,000 or less will be able to telephone a designated, larger public library when this service is needed. If the larger library is unable to

supply the material, or the needs of its own patrons, it will telephone the Major Resource Center Library serving the area. Should the Major Resource Center Library not have the material, or need material for its own patrons, the request will be referred by teletype to the Texas State Library.

The collection of the State Library will be searched; when necessary the request will then be submitted in turn to each of the other nine major Resource Center Libraries. If the material is not located in any of these libraries the Reference Division of the Texas State Library will make every attempt to get the material elsewhere.

The ten Major Resource Center Libraries connected by the Texas State Library are: Abilene, Amarillo, Austin, Corpus Christi, Dallas, El Paso, Fort Worth, Houston, Lubbock and San Antonio.

The cost of this service will be paid for by funds made available under Title III of the federal Library Services and Construction Act (P. L. 90-122), administered by the Texas State Library, Field Services Division.

Aspermont SBA Grant Approved

WASHINGTON The Office of Economic Opportunity has approved an \$8,542 grant to Aspermont Small Business Development, Inc., for assistance in developing a poverty program affecting an eight-county West Texas area. Senator Ralph Yarborough announced.

The counties covered are Stonewall, Haskell, King, Jones, Fischer, Dickens, Kent and Ford.

Former Haskell County Resident Passes Away

Mrs. Minnie Eliza Dodson, resident of Elmo, passed away in a Kaufman hospital early on Friday morning, March 8. Funeral services were held from the Anderson-Clayton Chapel in Terrell at 2:00 p. m. Sunday with the Rev. D. R. Pulley and the Rev. O. D. Brockway officiating. Interment was in the Elmo cemetery.

Mrs. Dodson was born in Collin county, Texas, on April 20, 1904. She moved to Haskell County where she lived the greater part of her life before moving to Elmo in 1957. She was a member of the Methodist Church.

She was married to Frank James Dodson on December 21, 1924. Surviving are her husband, F. J. Dodson of Elmo; one daughter, Mrs. Opal Mendelhall of Kingsland; five sons, F. W. Dodson of Orange, David Odell Dodson of North Highlands, California, Albert Lavoy Dodson of Beloit, Wisconsin, Frank J. Dodson, Jr. of Elmo, and John Harless Dodson of Dallas; ten grandchildren; one brother, Robert Harless of Tehachapi, Calif.; two sisters, Mrs. Ralph Veazy of Randolph, Arizona, and Mrs. J. I. Ward of Los Angeles, Calif.; a number of nieces and nephews; and other relatives.

MOTORISTS ARE URGED TO GET VEHICLES INSPECTED

Only 36 per cent of the motorists in Haskell County have had their motor vehicles inspected up to this time, it was revealed today by Sergeant "Rusty" Hightower, area supervisor of the motor vehicles inspection division of the Texas Department of Public Safety.

"We are beginning to get real concerned about the slow pace of the inspection program in Haskell County, and throughout the state," Sergeant Hightower said.

"Because of the changes in the law and with more rigid inspection of the vehicles," he said, "It takes much longer to process some vehicles.

He pointed out that of the 6,733 registered vehicles in Haskell County, only approximately 2,385 have thus far been inspected. Sergeant Hightower also pointed out the new requirements which are causing additional time for inspections. Seat belts are required in the front seats of vehicles where belt anchorages are part of the manufacturer's original equipment, this includes most 1962 passenger cars and most 1966 trucks.

Lash, or play, in the steering is another point being inspected this year for the first time as is

checking of wheels and rims for dents and cracks. Due to these additional time consuming checks, the cost of inspection has been raised to \$1.75 this year.

Deadline for inspection is April 15, 1968.

There are seven inspection stations in Haskell County: Bailey Tolver Chevrolet, Perry Motor Company, Bill Wilson Motor Company and Medford Buick-Pontiac of Haskell; Rule Tractor Company, of Rule; Smith's Garage, Rochester, and Covey's Garage, O'Brien.

basis as for veterans of earlier wars. Top priority goes to men needing treatment for service-connected or service-aggravated disabilities. If a bed is available, veterans may be admitted for any ailment requiring hospitalization if they are unable to pay for the treatment in a private hospital.

"An allowance of \$1,600 purchase of specially-equipped automobiles for veterans with certain severe disabilities suffered while in service.

In addition to VA benefits, which will be explained in detail at any VA office, veterans who served after January 31, 1955, are also entitled to Civil Service preference in federal employment and to job counseling and placement by the Department of Labor and State Employment Service offices.

Deadline Nears To Purchase License Tags

The month of March is slipping away fast, and Haskell Countians are reminded that the deadline for purchasing automobile and truck license tags is drawing near.

The 1968 tags must be attached to vehicles by April 1, which is only a little over two weeks away.

Sue McMeans, Tax Assessor-Collector, is reminding Haskell Countians that by purchasing the tags now they can save time and avoid the last-minute rush.

The certificate of title and 1967 registration receipt are needed when registering vehicles.

As of March 11, the Tax Assessor-Collector's office has been remaining open during the noon hour.

Stamford Elec. Co-Op Meeting Set March 20

The annual membership meeting of the Stamford Electric Cooperative will be held in Stamford at the Coombes Round-up Hall on Wednesday, March 20, beginning at 10:00 a. m., with the president, M. E. Overton, presiding.

The program will include a business session consisting of officer reports, election of directors, discussion of Cooperative policies and procedures and other business.

In connection with the election of directors, the following members have been nominated for directors by the committee on nominations: E. W. Carlson, Ed F. Fouts, O. G. Lewis, Leo McKeeever, R. P. Nunneley, H. L. Osment, M. E. Overton, J. C. Rainwater and G. J. Smith.

Entertainment will be provided and drawings for several

in the meantime he'll spend time on committees, or turning around on cold nights helping on some kind of improvement project or standing on the street corner with a loud speaker telling people to give, and vote, and go, and come, and listen, and be concerned. And he'll start getting public recognition; and people he doesn't know from Adam will call him by name on the street; and he will be speaking terms with hundreds he never knew before; and his boss will begin to realize what a valuable employee he is; and his fellow citizens will be turning to him for leadership. And he'll be lucky if his wife loves him enough to gripe like the dickens, because he doesn't spend more time at home.

"But his real reward will be the comfortable realization that he is doing things that build communities and states and nations. He can say that while others were following the crowd, he followed his conscience; and that he was working to keep every dot and dash in the Constitution while others were concerned only with putting dollar signs on the ledger. When some were merely yelling "Throw the rascals out!" he was ready to step in. While others just pointed at the dirt, he was swinging a broom."

Funeral Services Held Sunday For Guy O. Lantrip

Guy O. Lantrip, 70, was dead on arrival at the Haskell Memorial Hospital at 9 a. m. Saturday of an apparent heart attack.

Funeral was held at 2:30 p. m. Sunday in the Church of Christ at Anson, with T. J. Finley, minister of the Haskell Church of Christ and Keith Justice, minister of the Hawley Church of Christ officiating. Burial was in Mount Hope Cemetery, Anson.

Born Jan. 24, 1898, south of Anson, he grew up there and farmed for a number of years. He entered the service during World War II, serving for two years in the Army. Part of this time he served in Hawaii. He moved to Divide in 1954 and to Haskell in 1962.

Survivors include one brother, W. L. (Bill) Lantrip of Hawley; four sisters, Mrs. W. B. Agnew of Anson, Mrs. C. P. Woodson and Mrs. Marjorie Blackwell, both of Haskell, Mrs. Anna Rogers of Wiley; several nieces and nephews.

Pallbearers were Roe Isbell, Larry L. Holmes, Douglas Woodson, Ed Womack, Pete Barbee, and H. T. Collins.

DOUBLE AMPUTEE CHEERS THE VIETNAM WOUNDED

As a double amputee Ewing W. Mays departed from the Fitzsimmons General Hospital in Denver, Colorado recently, after a five-day visit he was told by Major General Robert E. Blount, commanding officer, "You are welcome and invited to return again and again to provide your brand of therapy for our patients."

General Blount was referring to Mays' national tour of military and civilian hospitals, visiting the newly handicapped, and particularly the amputees.

His Denver visit was a fresh on the heels of an overwheating tour of hospitals in the Los Angeles area that received much national acclaim.

derdale businessman visits a hospital. One would have to have a trained eye to even know he is a double amputee. Tom O. Mathews, a physician at Brooke Army Medical Center in Fort Sam Houston, Texas, described Mays' visit thusly: "Talking, laughing, and using methods of friendliness that made it impossible to resist. Mays became, I feel, an actual part of the ward. It was one of those moments which all people are not privileged to witness."

Peace Corps Tests Stated For March 16th

Haskell area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement Test at 1:30 p. m. on Saturday, March 16, at Room 2201, New Post Office Building, Abilene, Texas.

The Peace Corps uses the Placement Test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. The test requires no preparation and is non-competitive; an applicant can neither pass nor fail.

Persons interested in serving with the Peace Corps must fill out an Application, if they have not already done so, and present it to the tester before the test. Application forms are available from post offices or from the Peace Corps in Washington, D. C. 20525.

Wilkinson Named Delegate To State Convention From District Fourteen

Two new districts — District XIV to be known as the Oilbelt District, and District IX to be known as the Greenbelt District — were formed out of the old District VII last Thursday evening at a House of Delegates meeting of the Oilbelt District VII of the Texas State Teachers Association in Sweetwater.

Elected president of the new District XIV was Escoc Webb, principal of Abilene High School. Others named were Virginia Grove of Snyder, president-elect; Wendell T. Siebert of Eastland, treasurer; Earlene Clay, of Abilene, secretary; Homer Taylor of Sweetwater, state executive committee; and Jim W. Wilkerson of Breckenridge and John McGaughy of Abilene, district executive committee.

Auditing committee members elected were James G. McMath of Colorado City, Ben High of Sweetwater and Robert Witherspoon of Rotan.

Named delegates to the state convention from District XIV were Roland Blackford, Bill Bradshaw, Carl Cheatham, Byron Craig, A. G. Carver, Avis Deavers, Leslie Page, James Jeter, Wayman Pistole, Bill Waddill and Bill Yarborough from Taylor County; Bill Hartfield, Frank Miller and Mary Ann Moffett from Scurry; Barron Bird and Terry Bridgford from Nolan; J. F. Dozier and Jerry Hamrick from Jones County; Joe Weager and Mrs. Joe Weaver from Eastland; H. T. Wilkinson from Haskell; Billie Ruth Tarrt from Mitchell

County and Jim Spradley from Stonewall

District XIV is composed of Callahan, Jones, Nolan, Eastland, Shackelford, Fisher, Haskell, Stonewall, Mitchell, Scurry, Stephens and Taylor counties. Composing District IX are the counties of Archer, Baylor, Wilbarger, Foard, Hardeman, Jack, Throckmorton, Clay, Wichita, Montague, Knox and Young.

District XIV chose Abilene as the meeting site in 1969 and Snyder in 1970.

SPRING PLEDGE

Anita Kay Newton of Weinert is a spring pledge of Theta Chi Lambda social club at McMurry College.

The daughter of Mr. and Mrs. P. L. Newton, she is a Freshman student at the Abilene college. To pledge, a student must have a grade point average of 2.00 or better for the fall semester.

Three Indians Named On All-District Team

The 5AA All-District team was announced and the Haskell Indians placed three on the team. Doug Bartley was a unanimous choice for the team for the second time. Johnny Stark was also a unanimous choice as he was an Honorable Mention selection last year. The third boy was Harold Kretschmer. The first year for Harold on the Indian squad.

All three of these boys helped pace the rest of the team to a fine season. Johnny Stark and Harold were selected captains of the '68 season.

Spanish Two Students Report Eventful Trip

Twenty-four weary people returned to Haskell late Tuesday afternoon of last week from the Spanish trip to Monterrey, Mexico.

The group had a very exciting time touring such places as the Public Market, the Bishop's Palace, the Governor's Palace, and the Cathedral.

The trip was hampered somewhat by rain and fog, but it was still quite an enjoyable trip.

On the return trip home the group toured the Alamo, parts of the HemisFair and went shopping. All in all, the 1968 Spanish trip was wonderful.

Annual Meeting Rolling Plains Cotton Growers, Inc., March 22nd

The annual meeting of the Rolling Plains Cotton Growers, Inc., will be held in the auditorium of Stamford High School on Friday, March 22, beginning at 1:00 p. m.

In order to interest wives of the members of the Growers organization, the program will include a talk by Mrs. L. B. McDowell of McAdoo, Texas, chairman of the Women's District Cotton Promotion Association, and a style show sponsored by the Chamber of Commerce.

Other speakers on the program will include John A. Baker of Washington, D. C., Assistant Secretary of Agriculture; Representative Graham Purcell of Wichita Falls, congressman from the 13th district; Joe B. Pate, Jr., Lubbock cotton farmer, who is chairman of the new Texas Association of Cotton Producers Organizations; and J. B. Cooper, Jr., Roscoe cotton farmer and president of RFGC.

The style show will feature models wearing garments made of cotton fabrics. Most of the items to be modeled will be manufactured in Stamford by a firm that supplies a number of exclusive shops in the Southwest with women's and girls' dresses and other apparel.

Also, there will be other entertainment features including refreshments during a break in activities, expected to be concluded by 4:30 p. m.

Mrs. McDowell, who heads a district organization of women in the Plains area, outlined at a recent meeting of the RFGC's directors how women are getting results in promoting cotton products in retail stores.

She emphasized that the program is not aimed at banning synthetics but to promote cotton and cotton goods.

"We have had inquiries from women about the women's groups since Mrs. McDowell discussed the program at a recent meeting of the RFGC directors," said Charles Brazg, executive vice president of the growers' group. "We want the women in the 33 counties com-

"D-Day" Rolls Around Again Next Tuesday

"Dollar Day" rolls around once again in Haskell next Tuesday, March 19th, and Haskell merchants are offering a "Bonanza of Bargains."

"D-Day" comes just about three weeks before Easter and will also give wise shoppers a chance to do some shopping for Easter.

If you need shoes, clothing, floor covering, Easter baskets, beauty needs, drugs, furniture, appliances, garden tools, swim suits, jewelry, etc., it will pay you to visit Haskell Dollar Day.

The big, four-page circular, listing bargains offered by local merchants, will be mailed and distributed this week-end ... so watch for it and be sure to "eye-ball" the "bargains galore in every store" and plan to head for Haskell, Dollar Day.

Farmers Home Administration, Forest Service, Rural Community Development Service, Rural Electrification Administration and Soil Conservation Service.

Congressman Purcell, elected to the 87th Congress in a special election January 27, 1962, has held membership on the House Agriculture Committee since that time. He was elected chairman of the Wheat Subcommittee in 1963 and 1964 and to membership of the House Committee on Agriculture the same year. Currently he is serving as chairman of the Livestock and Grain Subcommittee.

Stitching And Stewing

By Ruth Ann Fansler County H. D. Agent

Individuals who sew always are looking for ways to make their job easier. Ruth Ann Fansler, County Home Demonstration Agent, offers these tips about thread to make your sewing easier.

1. Use mercerized thread for most of your sewing; it is smoother and stronger than other types.
2. Select a color slightly darker than the fabric. Thread looks lighter when stitched in the fabric.
3. When sewing with a multi-colored or two colored check or plaid, use two colors of thread, one on the top and one on the bobbin.

4. Check yardage on spools before you buy. You will need two spools of 125 yards each for a dress. Buy enough.
5. When sewing by hand, use about 20 inches of thread to prevent tangling. Don't use a double thread.
6. To completely conceal knot in hand sewing, pull the first stitch inside a fold.

7. For ease in threading, place a piece of white paper behind the eye of the needle.
8. Fasten loose ends of thread to the spool with a small piece of cellophane tape. This saves wasted minutes untangling the thread box.

9. If machine stitches pucker, adjust the tension. Use 12 to 16 stitches per inch for average sewing jobs.
10. If thread breaks when sewing by machine, the needle-point may be rough. Put in a new needle.
11. Sew wool garments with silk thread.

I have had several people call in and request recipes, so I decided to collect favorite recipes from local townspeople. "Recipe of the Week" comes from Carrie McNulty, District Clerk.

Egg Custard

- 4 eggs
- 2 heaping tbsp. sugar
- Pinch of salt
- 1 pint milk
- 1 tsp. vanilla

Beat eggs lightly and add warm milk and be sure to dissolve the sugar, pour into pie shell and sprinkle with nutmeg. Cook in moderate oven until it shimmers and do not overcook it as that makes it tough. This can be baked in buttered baking dish, too. Too much sugar makes it watery.

HASKELL WELL REPRESENTED AT POSSUM KINGDOM EVENTS

The Haskell Indian Track Team placed fifth in their division of the annual Possum Kingdom Relays held last Saturday in Graham. Haskell cindermen accumulated a total of 44 points in the meet.

Speedster Derrel Davis won first place in the 440-yard dash with a time of 50.6, equalling the previous H.H.S. record. The old mark was set by Davis last year at Iowa Park.

Davis also anchored the mile relay team, which placed second with 3:27.1 time, breaking another H.H.S. record. Other members of the mile relay team were John Martinez, Randy O'Neal and Joe Diaz.

Haskell's 440-relay team, composed of Charley Franklin, Randy O'Neal, Terry Chapman, and Derrel Davis, picked up another second place ribbon. Their time was 43.9.

Joe Diaz took fifth place in the 880-yard run, clocked at a 2:04.3.

Possum Kingdom Golf
Haskell High School golfers journeyed to Graham last Friday, to compete in the Possum Kingdom Invitational High School Golf Tournament. Though rains threatened, the meet was continued, and scores of the Haskell linksters were: Brian Dulaney, 85; Tim Everett, 88; Tom Perry, 89; Johnny Josselet, 91; and Ray Herren, 94.

COMPLETES TRAINING

Marine Private First Class W. L. Wolf, son of Mr. and Mrs. Leon Wolf of Haskell, completed two weeks of training under simulated combat conditions in the fundamentals of day and night patrolling, employment of infantry weapons, survival methods and assault tactics at this Marine Corps base.

This individual combat training is given every Marine after his graduation from recruit training. Taught by combat experienced non-commissioned officers of the infantry training regiment here, it prepares the young Leatherneck to become part of the Marine air-ground combat team.

While in the field he was taught how to use hand grenades, a compass and the principles of map reading and land navigation. He learned how to detect and disarm mines and booby traps and, while being exposed to live machine gun fire, he learned to advance safely from one point to another.

From this course, he is scheduled to go on to more advanced training before being assigned to his permanent unit.
