A CAR TRIP TO COLEMAN

Mayor and Family Have Enjoyable Outing and See Some Good Crops En Route.

THE ROADS ARE FAIR

Mayor T. C. Cahill and wife are at home again, after having made an overland trip down in the Coleman country, to the south of Haskell. The trip was made in their new Hupp car, and Mr. Cahill states that they covered the entire distance, going and coming, without the slightest mishap to their car, not even having a puncture or blowout on the trip.

Leaving Haskell, Mr. Cahill and family went via Stamford, Anson, Abilene and through the Jim Ned Valley, and the mayor states that on the entire stretch between here and Coleman, a distance of from 140 to 150 miles, that they were not out of sight at any time of from one to five threshing machines.

Mr. Cahill stated that with the exception of some complaint of boll weevils in Callahan County, he found the farmers all very enthusiastic as to the crop prospects. The feed crop, he went on, is practically made, and as good as could be desired. He said that from his observations and through conversation with various farmers en route, that there seemed to be a reduction in the cotton acreage of twenty-five to thirty per cent, this probably being brought about, he thinks, by the enormous wheat and oat crops of this season.

Mr. Cahill says, that being in his car, he took particular note of road conditions on this trip. He was very complimentary in his expressions of the Taylor County roads, and says he would like very much to see Haskell County follow suit. He states it as his opinion that Haskell County could have better roads, at less expense, than any county through which he passed. He states that there are some places in the road between here and Stamford, that are very badly in need of repair, the culvert approaches being particular bad in places.

The Mayor states that they had a very fine trip, and he made

Fort Worth & Denver Advertising Man Here

O. L. Williams, advertising man for the Fort Worth and Denver City and Wichita Valley lines, was in the city Tuesday and Wednesday. While here Mr. Williams secured much data regarding Haskell and Haskell County, and the same will be used in advertising matter that is being gotten out by the lines he represents.

Mr. Williams is doing some special immigration work, also, and he, with the two railroads mentioned, are working to the point of securing more settlers for the Western Texas farming section. Haskell and country tributary will be materially benefited by this campaign, as the resources of the country will be put before the public generally, it being the aim of the Fort Worth and Denver officials to carry advertising matter in all the newspapers of the State regarding the Westland. In addition to the advertising, much personal work will be done by Mr. Williams and the officials in the way of letters and visits to persons that might be interested in West Texas.

While here Mr. Williams called at the Free Press office and made arrangements for the paper to carry a large amount of advertising space in connection with

the campaign he is now interested in. We found Mr. Williams to be an affable young gentleman, full of energy and business, and we believe that this section of the State will derive much good from the work he is now engaged in.

He states that he would like to have the co-operation of the business men and citizens generally in the matter of securing data from Haskell County, and we believe everyone should take an interest in this work, which will doubtless mean much to the entire section.

Goes to Yowell for Meeting

Rev. John D. White Wednesday morning left for Yowell, Hunt County, Texas, where he goes to do some evangelical work in a protracted meeting. He was accompanied on the trip by his daughter, Miss Eula, and son, Virgil D. White. Rev. White stated before departing that he anticipated the trip with great pleasure, as the country he will visit holds many pleasant memories for him, he having lived in that part of Texas a number of years ago.

Daily Star Route to Vontress

The Star Route to Vontress that has formerly been made three times a week by the carrier, Charlie Wilson, is now a daily affair. This is a promotion for Mr. Wilson in the service, and is proof of the fact that postal business to this locality has materially increased.

special mention of the big wheat and oat crops in Coleman county. He said he enjoyed very much seeing many of his old Bell County friends on this trip, and states that they are all boosters for Central West Texas.

Miss Ruby Cahill, who accompanied her parents on this trip, will remain at Coleman for some time, visiting.

Resolutions

The Methodist Missionary Auxiliary takes this opportunity to pass the following resolutions on the death of Mr. Oscar Martin:

3rd. That we pray the blessings of the Father upon the bereaved family and commend them to God, who doeth all things well.

The Home Circle is Growing Institution

Mr. C. E. Rutledge, secretary of the Haskell County Home Circle, gives us the information that this institution has now attained eight hundred members. Mr. Rutledge has written a large number of policies in the Circle since taking over the same, and he says he expects to soon have a paid-up membership of one thousand.

The Home Circle is an organization that affords good insurance, and policy-holders have the assurance that the money to the amount of their policies is always on hand, and that all death claims will be paid promptly. In our opinion, it would be well if every man in Haskell County carried a policy in this institution, for it affords the very best of insurance, at a minimum cost, there being no dues to pay after joining; only an assessment being levied in case of the death of a member. The secretary of the Circle, Mr. Rutledge, is a real hustler, and is to be complimented on the manner in which he is building up the membership of the organization.

Interesting Meeting of the City Fathers

There was a regular meeting of the Haskell City Council on Tuesday afternoon of this week. The mayor and all aldermen, with the exception of H. M. Rilke, were in attendance upon Tuesday's meeting. Those present were: Mayor T. C. Cahill, presiding; Aldermen K. D. Simmons, N. McNeill, Jno. L. Robertson and J. J. Guest, and City Clerk Leon Gilliam.

Aside from the regular routine of business, there were several other matters to come before the Council. At this meeting Dr. Jas. A. Odom was re-elected to serve as City Physician for another year, and the following named gentlemen were appointed as a Board of Equalization: Messrs. Clyde Elkins, R. P. Simmons and S. A. Hughes.

Traveling Man's Experience

"In the summer of 1888 I had a very severe attack of cholera morbus. Two physicians worked over me from four a. m. to 6 p. m. without giving me any relief and then told me they did not expect me to live; that I had best telegraph for my family. Instead of doing so, I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and take no substitute. I took a double dose according to directions, and went to sleep after the second dose. At five o'clock the next morning I was called by my next stopping point, a well man but feeling rather shaky from the severity of the attack," writes H. W. Ireland, Louisville, Ky. We Have Good News from Jettie

HE is at herself once more. Ever since she had all the rooms papered, she has been the happiest bride of all the brides, and we count her as one of our best friends. When we sold her the paper for all the rooms it was quite a nice little bill and we naturally thought that it was the end of the deal. But not so. She took pride in showing the beautifully blended colors of paper, that we had helped select, in her rooms and it has been a winner for us; as her many friends have been down and purchased paper for their homes and we, now and always, claim that one pleased customer is worth more than ten dissatisfied ones. We always strive to please, or money back. We think the smile on Jettie's face certainly worth the price of the paper to her hubby. Now we hope others will catch the hint, come down to see the paper and we know we can sell you.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

A Haskell Interview

Mr. Tucker Tells His Experience

The following brief account of an interview with a Haskell man four years ago, and its sequel, will be read with keen interest by every citizen.

W. M. Tucker, Haskell, gave the following account of his experience in February 1911. He said: "I suffered from an extreme lameness in the small of my back and there was a sore spot over my kidneys. When I was working hard, my back got so sensitive, that I couldn't straighten. Nothing seemed to help me until I got Doan's Kidney Pills from Collier's Drug Store, (now the Corner Drug Store). They gave me relief.

On April 8, 1915, Mr. Tucker said: "I haven't felt any need of a kidney medicine since using Doan's Kidney Pills and my kidneys have remained in good shape. I still think highly of this fine medicine."

Oscar J. Rea Tuesday evening left for his home at Clifton, Texas after spending a few days here. He says the Haskell country is as good as any he has seen anywhere. He has been prospecting some while here. Mr. Rea reports crop conditions good down in Bosque county.

T. J. Christian and family, who live near town, arrived home on Tuesday evening's train from Plano, Collin County, where they had been for some time on a visit. They were accompanied home by a brother of Mr. Christian, who resides in Collin County.

Mrs. C. L. Lewis returned from Abilene Tuesday morning, at which place she had been in the Alexander Sanitarium for some time. It will be pleasing information to the many friends of Mrs. Lewis to know she is rapidly recovering good health since a recent surgical operation which she underwent.

Mrs. O. C. Kinnison and children left Saturday evening for Clyde, Texas, where they will spend the time visiting until they are joined by Mr. Kinnison in August, and then the family will go to Corpus Christi. Mr. Kinnison has been engaged as the principal for one of the Nueces County schools next term.

Many Melons in Town Now

Watermelons are now plentiful in Haskell. For some time past the melons have been coming in, but this week some especially fine specimens have been displaced at various stores. Muskmelons and canteloupes are also becoming plentiful, and the specimens to be seen in this city are very good.

How Paint

The first cost of a good job of paint—Devoe—is \$50 (average size, of course). The first cost of a second or third or fourth rate job, \$55 to \$100.

The wear is likewise. The better you paint, of course, the longer it wears. And the more you pay for your job, the shorter it wears!

Devoe is one of a dozen good paints. There are hundreds of bad ones. As likely as not, Devoe is the only good one in this town. DEVOE. Jno. W. Pace Co. sells it.

Good Bills Continue at Photoplay Airdome

There have been good bills every night at the Photoplay Airdome since last report. There is one in particular that we feel is deserving of special mention, and that was "The Absentee," which was presented on Tuesday night of this week. In this great Mutual Masterpicture, that brilliant screen star, Robert Edeson, appeared in the leading role. His work was indeed good. "The Absentee" is a symbolic play, and was pronounced good by all.

There have been a number of other attractions this week that are deserving of special mention, but space and time forbid our going into detail with all of them. However we can't refrain from again making mention of that wonderful series under the title of "Who Pays." "Who Pays" has become to be a watchword with the movie fans in many cities, and Haskell is no exception. On Wednesday nights, which is the scheduled time for the series, there is always an eager, expectant crowd out to witness these high-grade and instructive screen dramas. The title for last Wednesday night was "For the Commonwealth," and it was great.

Miss Ruth Carter, one of our good correspondents, was in town the last of the week and called at the office.

Chas. E. Rutledge transacted business at the town of Sagerton Wednesday and Thursday of this week.

On Wednesday afternoon one of the large plate glass fronts at the store of W. H. Parsons was completely shattered. It is said two men were engaged in a friendly skuffle, when one of them was pushed through the glass.

O. P. Liles, who has been sick for the past several weeks, is improved at this writing, we are glad to state.

Mrs. Roy Shook returned home Thursday morning after a trip to Mineral Wells and other points.

A Berry with Three Different Flavors

In Jamaica grows a berry that tastes like cinnamon, cloves and nutmeg. When the natives of that island discovered this berry, being unable to decide on which spice it tasted most like, they compromised the matter by calling it "all-spice." That is where allspice got its name.

Allspice is grown in other places, but the Island where it was first discovered, which named it, still produces the best allspice—for that reason all White Swan Allspice is Jamaica Allspice.

Now inasmuch as it is a certain oil in the berry which gives it its flavor, or rather its three flavors, the drying and grinding and packing of the berry must be very, very carefully handled so as not to let that oil be lost by evaporation. In the matter of White Swan Allspice the greatest care is taken to retain every drop of oil—this grinding is done by our own process which preserves all the original rich flavor. Finally it is packed in air-tight tins which keep all the good in. Your grocer sells White Swan Allspice—ask for it.

Hancock's Sale Continued

When asked by a Free Press man Wednesday about the sale that has been in progress at the firm of Hancock & Company, Mr. Marvin Hancock, one of the firm, stated that it had been a phenomenal success. He stated, however, that instead of closing the sale this Saturday, the 21st, as was at first announced and intended, that they would continue the sale on for a time. This is done in order that they may more fully reduce their stock of seasonable summer goods, and they had a very large stock, too. Read their announcement on the last page of the Free Press this week.

Improving The Baker Place

Mr. Richard Nolen, who recently acquired the home formerly belonging to Mr. Jno. B. Baker, now of Dallas, is having extensive improvements made to the place. The house is being papered and added to. Mr. Nolen also contemplates some improvements and additions to the yard and lawn. When completed and again ready for occupancy, this will be one of the prettiest homes in Haskell.

A Story of What Dimes Will Do

On Monday afternoon this writer was shown a deposit slip by a Haskell citizen, wherein he had just deposited 700 ten cent pieces in the name of his wife. The dimes were all saved by the lady in a short time, she having made a rule to save every ten-cent piece coming into her possession. That was a large bunch of dimes, indeed—\$70.00 in dimes. This demonstrates the old saying that nickels and dimes make dollars to be true.

B. W. M. W.

Met Monday evening in a most interesting meeting. The vote carried to buy a bass violin for the church. Sister Groom is doing a great work for the Master's Kingdom, in training the orchestra for the church.

May we all prove as untiring as she, in the King's service. All the ladies who owe back dues are requested to hand them in or have the money ready when the ladies come for it. We will meet again the last of August.

We wish to extend our sympathy to the bereaved family and relatives of our dear kind editor, Mr. Martin. In him we always found a friend and helper. He was always on the side of right, and we feel the world was made better by his having lived in it. Young men and boys will do well to follow his example. May the God he loved bless and protect his loved ones. Reporter.

The Methodist Meeting

The protracted meeting at the Methodist Church is still in progress, with interest fairly good, we are told. This is the revival in which Rev. Ed. R. Wallace has been doing his own preaching, and Rev. Jno. D. White had charge of the song service up till Wednesday of this week, at which time he left for Yowell, Texas, where he is to hold a meeting.

The meeting will have been going on two weeks this coming Sunday, and will probably come to a close on Sunday night. We fully intended having a more complete write-up of this splendid meeting this week, and will try and have a fuller report in next week's issue.

WORDS OF CONDOLENCE

Both the Free Press and Mrs. Oscar Martin have been recipients of many letters of condolence and sympathy, in the loss of our editor and husband. Many friends and neighbors who are spending the summer away from home have sent in loving words, and many Texas Editors have extended us their sympathy in our loss. All these loving and cheering words are sincerely appreciated and have a tendency to make our grief more easy to bear. We desire by this method to thank all who have sent us their condolence and sympathy, by mail or otherwise. We are indeed grateful to all who have been so loyal and kind to us in our dark hour of sorrow.

Now is the time for all to pull together and—boost.

Many citizens have responded and cut their weeds, but their yet remain many uncut weeds.

As we enjoy the cool, refreshing breezes that go to make the nighttime pleasant in the Haskell country, we can not help but "feel for" our less fortunate neighbors in North and East Texas.

A clean, well-kept town means a more healthful place in which to reside. Our admonition is cut the weeds and swat the fly.

We would modestly inquire: what has become of the project for the Haskell County Fair for this fall?

The Paris Review this week reached the exchange table in our office in the form of a special edition, advertising the Lamar County Fair and Exposition for this fall. It was a good paper, setting forth the fair attractions to advantage.

All accounts from West Texas agree that crop prospects are about the brightest in that section's history. For the past two years opportune rains have been heaping prosperity upon the denizens of the West and the balance of Texas is rejoicing at their good fortune.—Paris Review.

The revival meeting that has been in progress here for a couple of weeks has been a good meeting, we are told. The co-operative spirit that exists between the two preachers holding this meeting is good to see, one being pastor of the Christian Church, and the other pastor of the M. E. Church, South.

We acknowledge receipt of a very interesting and attractively gotten-up booklet, entitled: "Safety and Short Trains." The article contained in the book is an address by Marcus A. Dow, and is in substance an argument against the "Short Train" bill, as introduced in the Illinois Legislature.

Advertise in your home town paper. The home paper goes forth to many different parts of the land, and is a criterion of a community's prosperity. Therefore, the more prosperous-looking the paper from a standpoint of advertising space used, the more prosperous will your town and community be made to appear.

Now that Harry K. Thaw has been freed, he is undergoing a very great amount of newspaper criticism, averse and otherwise. Thaw has long been in the lime-light; why not now allow the case, with its notorious list of complications, to rest—give Thaw a rest? If he was guilty, as charged, he has been punished, and right severely, too; if innocent of all the things attributed to him, he has likewise unjustly been punished. He is at least entitled now to a long-needed rest from publicity.

Several Haskell citizens who have recently made trips to other portions of the State have returned, each declaring that nowhere have they seen crops, and especially small grain, that anything like compares with the crops in the immediate territory of Haskell.

Now that the Holt case has been relegated to the rear, there comes forth new complications in other famous cases to keep the papers full of morbid reading. The Frank case was again brought to light this week, when another prisoner in the Georgia penitentiary slashed the throat of Leo Frank, and the Fry case in Texas is again brought back to light, one of the defendants in this case being shot and seriously wounded this week at the town of Graham.

Regarding the great European conflict now going on, we receive much and varied literature from time to time on war questions. One of the most recent booklets along this line to come to our attention is one entitled: "The Gospel of War," being the work of Jas. W. Johnson, and published at New York. It is an attractive-looking work, and doubtless would be good reading, but the busy country editor's duties are far too varied and numerous to make even an attempt at reading all the literature of this nature coming to his attention. Therefore, we can not comment always as to the merits of these works.

One Killed In Auto Accident

Big Springs, Texas, July 20.—W. E. Knox of Runge, Texas, was killed here today when his automobile overturned while going at a rapid speed around a sharp curve at the edge of town. Knox's sister, Mrs. Knight of Ballinger, and Mrs. L. W. Franks of Beeville the other occupants of the automobile, were bruised.

Mrs. Knight was badly hurt. The party was en route to Lockney, Hall county, Texas.

Haskell vs O'Brien

There was a baseball game last Friday at the High School Park, between Haskell and O'Brien. There was a fair-sized crowd out to witness the game, which resulted in a score of 9 to 3, the large end of the score being in Haskell's favor. It was a fairly good game and was enjoyed by the fans present.

Crops are Good and Prosperity Apparent

There is much activity these days in Haskell's grain circles. A large amount is to be seen on the streets each day, and there appears to be a ready market. There is also much shipping going on from the Haskell station of the Wichita Valley railroad, and thus the Haskell county golden grain is scattered over the world.

This season's yield of small grain in this immediate vicinity is almost unprecedented, and will likely go down in history as one of the greatest crops ever known. Not only did the grain attain a splendid growth this year, but from every hand comes the information that the grain is testing out heavier than was anticipated. As we have predicted through these columns before, it is our belief that this will be a banner year for Haskell County. All crops are good that have been gathered and harvested, and the cotton crop gives promise of being very fine. It looks like Prosperity is to reign in this section this fall, for all of which let us be duly thankful.

We believe it apropos to again here call attention to the fact that Haskell should have a county fair again this fall. Everyone will be in jubilant spirits over the outcome of the crops, and no doubt money will be more plentiful than has been the case for some years. Therefore, we believe now is a propitious time to inaugurate a movement for a good fair and exposition this fall.

Benefitted by Chamberlain's Liniment

"Last winter I used Chamberlain's Liniment for rheumatic pains, stiffness and soreness of the knees, and can conscientiously say that I never used anything that did me so much good."—Edward Craft, Elba, N. Y. Obtainable everywhere.

Sunday Said to be Hottest Day

It is said by many that last Sunday was the hottest day of the present summer season. However, Monday was almost, if not quite, as hot a day as was Sunday. According to local weather observers, a maximum temperature of 103 was reached during the day Sunday. We did not learn the maximum for Monday.

The days have been real hot now for some time past, but the nights are always cool and delightful here, a blanket not being amiss along toward daylight each morning.

Restored to Good Health

"I was sick for four years with stomach trouble," writes Mrs. Otto Gans, Zanesville, Ohio. "I lost weight and felt so weak that I almost gave up hope of being cured. A friend told me about Chamberlain's Tablets, and since using two bottles of them I have been a well woman." Obtainable everywhere.

Little Gilbert and Louise Buchanan, grandchildren of Mrs. E. E. Gilbert, arrived from El Paso Wednesday morning, for a visit. They made the long trip from the Western gateway of Texas, unaccompanied.

Young Women Should Get the Young Men to Go to Church

YOUNG women should GO TO CHURCH.

It is only fair to state that most young women do GO TO CHURCH. Clergymen are free to say that without the women the churches soon would die. But there are some young women who are disposed to treat lightly the GO TO CHURCH movement. If there is a social gathering the night before the Sabbath day they are loath to get up in time for divine service the following morning. They insist on their beauty sleep. They think more of their physical beauty than they do of their spiritual beauty. And yet beauty of soul is conducive to beauty of face. Beauty of soul means happiness. Happiness means both health and beauty.

THE YOUNG WOMEN OF THIS LAND ARE A TREMENDOUS POWER. IF THEY GET BEHIND THE GREAT GO TO CHURCH MOVEMENT AS THEY SHOULD THE PERSON WHO DOES NOT GO TO CHURCH WILL BE RARE INDEED. A YOUNG MAN EXPECTS, IN FACT OFTEN INSISTS, THAT THE YOUNG WOMAN WHOM HE HOPES TO MAKE HIS WIFE SHALL ATTEND CHURCH. IT IS ONLY FAIR THAT THE YOUNG WOMAN MAKE THE SAME EXACTION FROM THE YOUNG MAN WHO IS PAYING HER ATTENTION. A SPLENDID IDEA, IF IT COULD BE WORKED OUT, IS TO GET THE YOUNG WOMEN OF THE LAND TO SNUB THE YOUNG MEN WHO DO NOT GO TO CHURCH. THE CHURCH SOON WOULD BE FILLED WITH YOUNG ZEALOTS.

It is perfectly plain that the GO TO CHURCH movement can be made a great deal stronger by the united support of the young women of the land. There are thousands of noble young women who are veritable pillars of the churches in America. There are others who have grown careless. It is to these this appeal is made. Get back in the fold.

GO TO CHURCH next Sunday, young woman! Bring your young man with you!

The timid old lady asked the baggage master if her parcel would reach "Frisco intact."

Said that official, "Let's see."

Thereupon, he threw it on the floor. Once, "That's for Chicago." Twice, "That's for Kansas City." Third, "That's for Denver." The fourth time, he dashed it on the floor with extra violence. The box broke. The contents were scattered about.

"You see, mum, it wouldn't reach."

Fortunately, you are not in that position. You do not have to RISK the trial of the various things you need in your home or business. You can pick out a well-known article, one that has been tried and tested for years under actual working conditions in other places. Among such articles the trade mark "Texaco" has secured for Texaco Products the recognition to which their careful preparation and their suitability for the purpose entitles them.

Whether you use steam, electricity, or gas; whether you operate a farm, cotton gin, laundry, ice plant—anything.

There is a Texaco Product for you—under the "Made-in-Texas" Red-Star-Green-T emblem. Order from our agent.

grief was:

"Not as one that never sees,
The stars that shine through
cypress trees!
Who hopeless lays his dead
away
And never sees the break of
day."

Wife, children of this good man read the fourteenth chapter of John and it will be a Panacea to your wounded hearts. I append the following verses that to me are the most beautiful and philosophic I have ever seen in the English language. I do not know the author, but whoever wrote it, had the proper conception of death.

"There is no death! the stars go down
To rise upon some other shore,
And bright in Heaven's jeweled crown
They shine forever more.

There is no death! the forest leaves
Convert to life the viewless air;
The rocks disorganize to feed
The hungry moss they bear.

There is no death! the dust we tread
Shall change to summer showers
To golden grain or mellow fruit
Or rainbow tinted flowers.

There is no death! the leaves may fall,
The flowers may fade and pass away,
They only wait through wintry hours
The warm, sweet breath of May.

There is no death! the choicest gift
That Heaven has kindly lent to earth
Are ever first to seek again
The country of their birth.

And all things that for growth and joy
Are worthy of our love or care,
Whose loss has left us desolate,
Are safely garnered there.

The life becomes a desert waste
We know its fairest sweetest flowers
Transplanted into paradise,
Adorn immortal bowers.

The voice of birdlike melody
That we have missed and mourned so
long,
Now mingles with the angel choir
In everlasting song.

There is no death! although we grieve
When beautiful familiar forms,
That we have learned to love, are torn
From our embracing arms.

Although with bowed and breaking heart,
With sabbie garb and silent tread
We bear their senseless dust to rest,
We say that they are dead.

They are not dead! they have but passed
Beyond the mist that binds us here,
Into the new and larger life
Of that serene sphere.

They have dropped their robe of clay
To put their shining raiments on
They have not wandered far away,
They are not lost or gone.

The disinherited and glorified,
They still are here, and love us yet;
The dear ones they have left behind
They never can forget.

And sometimes when our hearts grow faint
Amid temptations fierce and deep,
Or when the wildly raging waves
Of grief or passion sweep.

We feel on our fevered brow
Their gentle touch, their breath of balm
Their arms enfold us and our hearts
Grow comforted and calm.

And ever near us, tho, unseen,
The dear immortal spirits tread."
For all the boundless universe
Is life—there is no death."

Rev. Challenor Was Here

Rev. J. A. Challenor, pastor of the First Christian Church at Abilene, was here last Friday. He was on route to Rule, at which place he will conduct a revival meeting. Through the courtesy of Rev. Jno. D. White, we had the pleasure of meeting Rev. Challenor while he was here, and found him to be a most pleasant and affable gentleman. We predict in advance success for his Rule meeting.

LIV-VER-LAX

All the Effectiveness, Not the Effect, of Calomel.

LIV-VER-LAX is one of the most important medical discoveries of recent years. For a long time medical experts, realizing the harmful effects of calomel, have been striving to find a liver cleanser that would be just as effective as calomel, and yet be absolutely harmless in its action. Recently this remedy was actually put forth by L. K. Grigsby, in his LIV-VER-LAX.

A Good Household Salve

Ordinary ailments and injuries are not of themselves serious, but infection and low vitality may make them dangerous. Don't neglect a cut, sore, bruise because it's small. Blood Poison has resulted from a pin-prick or scratch. For all such ailments Bucklen's Arnica Salve is excellent. It protects and heals the hurt; is antiseptic, kills infection and prevents dangerous complications. Good for all Skin Blemishes, Pimples, Salt Rheum, Eczema. Insist on the genuine, bearing the signature and likewise of L. K. Grigsby, which is guaranteed to give satisfaction or money refunded. For sale by Corne Drug Store.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect. LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness, nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, 25c.

W. M. Oglesby Was Here

W. M. Oglesby, a former Haskell resident and well known throughout the entire county, has recently been here. Mr. Oglesby is now a resident of Stephenville, but occasionally gets back to Haskell, and his old friends and acquaintances are always glad to welcome and greet him. Mr. Oglesby owns considerable land in Haskell County, and while here this time traded one of his farms, the deal being made through the firm of Sprawls & Company.

For Sale

One good work mule, will sell for cash or on fall time.

One Gasoline Engine and Grist Mill, Engine is suitable for operating a silo, will sell at a bargain; for part cash balance on fall time See Geo. E. Courtney, or write Farmers Supply Co., Haskell Tex.

Improvements at Gin

The Farmers Gin Company has nearly completed extensive improvements at the gin plant of that company in this city. Much work of overhauling has been done and new machinery has been installed, and, when the cotton season opens, this plant will be well equipped to handle cotton.

Extensive improvements have been made in many of the gins over the county, and gin men are expecting to handle a large crop this season. Cotton prospects are unusually good in this section at this time, and it is believed that a heavy crop will be harvested this year.

A Tribute to Oscar Martin

For nearly eight years it was my pleasure to transact business and associate with him, and we often exchanged views on almost every important subject, and we seldom differed. He believed in honesty and truth in all things, even to politics, that many people now-a-days seem to think ought to be dishonest. He had little respect for a man who would put on the livery of a saint to serve the devil. He was honest in all his dealings, and never tried to make a dollar dishonestly. His ears were ever open to the cries of the orphan and the widow, the afflicted and unfortunate, who were in need of the necessities of life. He did not "toady" to those who by scheming and lying had laid up thousands of ill gotten gains. He appreciated a man for the manhood he possessed. For nearly thirty years he has used all his time, energy, and means to educate the heads and hearts of the people of Haskell and surrounding country. He had some hard financial struggles, and dark hours, but never lost hope, as he felt he was doing a work that was elevating his fellowman and making the world better for his having lived in it. Though he has passed on to the Higher Life where perennial flowers bloom and are never withered by the blast from the frosty lips of death, his works follow him here and will be an incentive to young men and women to emulate his noble life.

He has left a rich heritage to his family, not in lands and gold, but an unsullied name. His love for his family was sublime. In the many conversations I have had with him, he rarely ever failed to speak of some member of his family. The death of his only son was perhaps his sorest trial, but he understood the philosophy of life, and trusted the All Wise Creator to do that which was best, and then turned his attention to the living. A Most Pleasant Caller.

Mr. Theo. Bernard, of Shreveport, La., was a pleasant caller at the office of the Free Press a few days since. Mr. Bernard is spending some time here, visiting his son, J. E. Bernard, and family. The elder Mr. Bernard is a Confederate veteran, and a most entertaining talker. He has many nice things to say about the Haskell country, and he has seen a great deal of it; as he has been traveling around with his son, who is buying grain. Their trips the past week took them pretty generally over the county, and Mr. Bernard says the farming country is much better than he would have expected to have found.

Mr. Bernard states that he likes West Texas so well that he has decided to locate out here. However, he will not be at Haskell, as he has made arrangements to enter the cotton business at Abilene. He is an experienced cotton man, and we predict and wish him much success in his new home in the West.

For Sale Cheap.—A delivery hack and a Spaulding hack. These vehicles are almost as good as when they left the factory. They are a bargain. Come! and see if they are not.

News Notes From Rule.

(From the Review)

County Superintendent T. C. Williams was over from Haskell Saturday looking after school matters.

The construction work on Rule's electric system will be completed this week. The current is expected to be turned on Saturday.

Dr. and Mrs. J. W. Westbrook expect to move into their new home within the next few days. This is one of the nicest residences in town.

Col. Wm. A. Ernest, manager of the Rule Cotton Oil Company has returned from Corpus Christi where he attended a session of the Association. He reports a huge big time.

W. H. Rector and sister of Lockhart are here on a visit to his brother Louis Rector and family. We trust for them a pleasant visit to the mollient breeze and pure zone country.

The brick work on the Jones & Co's building will soon be completed. This building when completed will be one of the most modern store buildings in West Texas, and one that Rule will feel justly proud.

J. F. Jones and family returned Saturday from the World's Fair. They report a great trip but glad to be back in the mollient breeze country.

Mrs. F. E. Morris of Waco, who has been visiting her father, Grandpa Ragan and her brother, Dr. J. B. Ragan and family has returned home.

A scaffold fell Wednesday evening at the new building of J. L. Jones & Co. injuring two workmen, Luther Blykey and Mr. Cox. The scaffold gave way, it is said, from being overloaded with brick. It is a miracle how the workmen escaped more serious injury.

W. W. Kittley was in one day this week and reports through threshing his mammoth grain crop. He thrashed from two hundred and twenty-five acres of land, eleven thousand three hundred and thirteen bushels of wheat and oats. Of course this sounds rather large to the East Texans, but great things happens out in the mollient breeze country.

Rochester News Notes

(From the Express)

J. S. Menefee attended Commissioners Court at Haskell Monday and Tuesday.

Lovie Carr has been employed by the Rule base ball team and accompanied them to San Angelo this week.

A large number of Rochester people were at the picnic at O'Brien to get their annual drink of red lemonade.

Hugh Bryant of Corsicana is here to visit his parents. Hugh has been employed at Corsicana the past year and will return in a few days.

Mr. Moreland is here from the Confederate home at Austin visiting his daughter, Mrs. Ada Mitchell.

J. T. Ellerd, of Abernathy, Hale county, is visiting his brother-in-law, W. R. James, a farmer living southwest of Rochester.

The Post Office here was robbed Friday night, but only about \$5.00 was taken in stamps and coppers. The thief is believed to be the same fellow who was caught in a store in Rule the night before.

A telephone message summoned C. M. Hinds Sunday to Steventville to attend the funeral of his brother-in-law, W. W. Moore who was killed in an auto wreck at Dublin Saturday. Mr. Hinds went in an auto to Haskell Sunday afternoon where he took the train for Steventville.

H. O. and J. Q. Albin spent two days of last week in Stonewall county near Aspermont at the bedside of their brother, Roy who has been suffering with typhoid. Quentin stopped at the Express office Saturday on his return and told us that the people in that section have exceptionally good crops.

The O'Brien people pulled off the best picnic we have ever attended in this section, last Friday and Saturday after all necessary arrangements were made to make the picnic a success, and it was a success. Right in the middle of the busy season, in the hustle and bustle of harvest the crowd present at O'Brien would enumerate in the thousands.

Ugh! Calomel Makes You Deathly Sick

Stop Using Dangerous Drug Before It Salivates You! It's Horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a 50c bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate so let them eat anything afterwards.

Mr. and Mrs. Hardy Grissom Wednesday morning left for Chicago. They will spend two weeks on the Lakes, and while away Mr. Grissom will also visit the markets.

THE TEXAS WONDER cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women. If not sold by your druggist, will be sent by mail on receipt of \$1. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for testimonials from this and other States. Have Had the Proof

Could you do the work and command the pay if you were to take a course with us?

Here are a few extracts from letters of prominent business men who have had the proof as to the ability of our graduates:

"Having employed several of your graduates, I think your institution the best of its kind in the country."

"We have had six of your graduates in the past few years; they were all good; send us another."

"There is such a scarcity of business colleges who fit their students for real business that we cannot refrain from writing and indorsing your college, since several of your students have proved competent in our office."

"I am always ready to recommend your Cotton Classing Dept. It has been of great benefit to me and my employer is highly pleased with my work."

As you all know, I have had a number of your students in my office. I take this opportunity of saying that every student that I have had from your school shows superiority of training over students that I have had from other schools."

"I have given your graduates a thorough test, and have found them to be accurate and quick with their work. The thorough and practical training you give fits them for any kind of a position."

"We have one of your graduates as stenographer in our legal department at a handsome salary giving entire satisfaction. The work is extremely difficult, requiring the greatest skill and accuracy. She reads her notes like print. We wish to commend your school for turning out such excellent graduates."

"If all of your graduates are as proficient as the three young men we have in our office you are certainly doing a great work not only for the young people but the business men as well."

A large firm of Cotton Buyers of East Texas says:

"We predict much success for your Cotton Classing Dept. It is thorough and up-to-date and is in charge of capable instructors."

"It is indeed a pleasure to use one of your stenotypewriting operators. He takes dictation so easily and when called upon to read back he does it with perfect ease because it was print and not crooked marks."

Write for catalogue containing hundreds of indorsements together with name and address of business men who pay our graduates good salaries. With our modern systems, we can give you a better course of bookkeeping, shorthand, cotton grading business administration and finance or telegraphy in half the time and at half the expense of any other school teaching other systems.

Merry Fishing Party Returns

There was a merry fishing party to return to the city Sunday morning, after having spent several days down on the Clear Fork of the Brazos, in pursuit of the elusive finny tribe. The party left Haskell on last Thursday morning, and the Haskell party was augmented materially by a crowd which joined them at the river. All the members report a highly enjoyable time, but are just a little reticent as to the catch of fish, but we imagine they got some big 'un's.

Those composing the party from Haskell were as follows: Misses Fanny Hill, Vera Fitzgerald, Addie and Meck Cobb; Messrs. Robt. Fitzgerald and Bob Posey.

The Free Press does high grade job printing, and at prices you can afford to pay. Give us your next order. We will guarantee to please you.

Lectures on School Extension Work

L. T. Cunningham, Rural School Visitor from the State Department of Education, delivered two interesting and instructive addresses in Haskell last Monday. He spoke to the summer normal students at the High School building at 10:30 and to the citizens at the Courthouse at 2:30.

Mr. Cunningham went somewhat into details in explaining the new school law and in showing how it is possible for the country schools to be as efficient as the town schools. He explained the purpose of the million-dollar rural school aid law, giving the necessary requirements whereby any rural school may receive aid from the State. He urged the small rural schools to consolidate.

We understand that Haskell County schools are planning to do the best year's work this year in the history of the county. County superintendent, T. C. Williams, informs us that he is going to see that Haskell county gets her part of the million-dollar appropriation. He is planning to visit each school community in the county during the summer months and to assist the local board of trustees in outlining the work for the coming session. We understand that there have been eight modern, up-to-date schoolhouses built and fully equipped during the past two years; that more than one-half of the schools of the county have good school libraries. Haskell County schools are among the best organized schools of any county in the state. The school business has excelled any other business of the county during the past eight years of the county's development, and with the careful and persistent work by school officials and patrons Haskell county can easily lead in the school work. Supt Williams has promised to furnish us with some of the most important new school legislation, which we shall be glad to publish.

Resolutions of Respect by the Haskell Magazine Club

On July 9th, 1915, it pleased God to thrust in the sickle and cut down our friend and brother Oscar Martin, one of our most useful and influential citizens.

Therefore be it resolved:
1st. That in this death the wife and children have lost a loving, tender and devoted husband and father. The Methodist Church has sustained an irreparable loss and a loyal member.
2nd. That in this dark hour of grief the Magazine Club extends his dear loved ones our deepest sympathy with the sweet consolation that our brother and friend, and devoted husband and father is now with the Savior whom he loved and trusted here.
3rd. That a copy of these resolutions be given to the family, a copy placed on our minutes and a copy be furnished the Free Press for publication.

July 20, 1915

Mr. Elmer B. Woodward, Haskell, Texas.

Dear Sir:-

I am just in receipt of copy of the Free Press of July 17th and am very much shocked to learn of death of my old friend Oscar Martin, who I note was just about three years older than myself. I have known Mr. Martin a great many years and to know him was to love him. He was a genius in the wielding of his pencil and that his pencil and voice are still forever, is a sad reflection. Please convey my personal sorrow to his wife and other relatives.

I am very sorry in this connection also to notice J. A. Thomas of the Mineola Monitor died very suddenly a few days ago which removes two of the old Texas newspaper stnndbys from the active field since our meeting at Wichita Falls.

Yours truly, Wm. D. Cox, Manager International Typesetting Machine

Off For The Penitentiary

Dan Childs, colored, who was convicted at the last term of the district court on charges of illicit traffic in intoxicating liquors, was on Sunday forwarded to the penitentiary. Dan had become to be a well-known character, as he was continually playing upon his guitar and singing at the jail. He was taken to the train Sunday morning and there turned over to an agent of the penitentiary, who had several more prisoners in charge, taken up at various points on route to the pen.

A pathetic incident in regard to Dan's departure last Sunday was the tenacious manner in which he clung to his guitar, which he loved very much. He held onto it till the last moment, softly playing on it, and the train was getting under way before he was finally persuaded to give it up, and Sheriff Allen swung off the moving train with Dan's beloved instrument.
