

## AMONG THE CHURCHES

### B. W. M. Workers

On account of the bad weather Monday not so many ladies were present as would have been otherwise. All those present enjoyed the meeting to the fullest. Several items of important business was attended to. Four dollars and ten cents were paid out for charity the past week. The motion carried to have an Easter apron sale. We also voted to pay \$3.00 per month on the pastor's salary. It was discussed about turning all our charity work through the channels of the co-operative meeting, giving a stated sum each month. The sum to be decided upon next meeting. All of you come and have a voice in these meetings. Surely if you are a redeemed soul, you thank your God enough to love to have a hand in carrying on his work, and every lady in the Baptist church should lend a helping hand, if possible, to the society. Hold up the hand of our efficient president and we'll feel the blessing. Reporter.

### Presbyterian Ladies Aid.

The ladies of the Presbyterian Aid Society met Monday afternoon at the home of the president Mrs. T. C. Williams. There was a good attendance and much enthusiasm was shown over the work for the coming year.  
The lesson Ecclesiastes 5:9 was interestingly taught by Mrs. Sherrill who for five years has been the loved and capable teacher of this Bible Study.  
We are planning, hoping and praying to make our society grow not only in numbers, but a go in power and the grace of God. We urge all the ladies of the church or any who might care to join us, to come to our meetings and become one of us. All the workers are needed, come and help us strengthen the christian forces of our town.  
Next Monday, January 25th is the meeting of the Woman's Cooperative, and as this is a great work for us all, as many of you as can, try to attend.  
The next regular meeting of the society will be February 1, at the home of Mrs. Bryson.

### The Thread o' Gold.

(By Fanny Hermon.)

There is something good in every man. No matter what his station in life may be, no matter how far into sin he has gone, there is a thread of pure gold hidden away somewhere in his heart. It may be very hard to find, but it is there; it must be, for that is the law of life. And if we will let our minds dwell upon the good that is in the lives of those about we will have more faith in ourselves; more power and a better opportunity to help someone in need. And if every thought is strong, and true, and pure, we shall be as a messenger of light wherever we go, and we shall help to lay the cornerstone of the great Temple of Hope and happiness.  
This very day your influence in the world will count for something on the balance wheel of life, and when things are weighed up, the scales are going to tip in favor of kindness and service, not only to those we love, but to all with whom we come in contact. Let us stop to think we will soon see that the very essence of life, the supreme joy of living comes from usefulness and consideration for others. This is the rock upon which the wise man or woman lays a foundation for a happy life. It is the only sure way to find contentment and happiness. So, in all love and sympathy let us be useful, happy, and a seeker for "the thread o' gold."

### The Magazine Club

Magazine Club met in regular session January 15th with full attendance. The Club decided to purchase the old Farmers National Bank building on the southwest corner of the square as a place for the public library. The Club expects to have the building overhauled and ready for occupancy in the near future.

A prize was offered by the Magazine Club for the best composition written on the history of Haskell county. Adel Lloy proved to be the successful prizewinner.

After business session an interesting lesson was conducted by Mrs. Rike as teacher. Mrs. Murchison gave a delightful piano solo, Mrs. Patterson an enjoyable paper on Maeterlinck, Mrs. Couch an interesting talk on St Wandrille, and Mrs. McPatter an instructive talk on Mysteries of Maeterlinck.

The following visitors were present: Mrs. Turk, of Hillsboro, Mrs. Lowery, of Seymour, and Mrs. Gaston Cogdell. The Club was also glad indeed to welcome ex-President Mrs. Scott Key as a guest. Mrs. Key's presence is always an inspiration to the Club members. She has been of valuable assistance to the Club in the past and she assured the members that she was always ready and willing to assist the Club in its efforts to be of service to the public.

### Symphony Club Entertains.

There is no organization in Haskell more appreciated than the Symphony Club. They have always graciously rendered their services on all occasions when music has been desired. They have striven to promote a wider interest in the best music and to stimulate individual endeavor along musical lines.

Wednesday at the home of Mrs. Murchison the Symphony Club gave a matinee musicale which was enjoyable in every respect. The guests were greeted at the door by the hostess assisted by Mrs. Earl Cogdell.

The program was opened by a short interesting talk by the President Mrs. Cogdell. She said the club had been organized six years, during which time the study of music in all its phases, from the earliest form to the present development, had been consistently pursued. This year the course is on Russian music, which is especially interesting as Russia is now playing such an important part in the history of the world. She further told of the chorus work of the club which is so much

help and pleasure to the members. She said while the Symphony Club did no civic work they tried in many ways to create an uplifting influence in music. She offered the services of the club for public music whenever desired. Her talk was applauded and the following delightful program was beautifully rendered.

1. Chorus: Roses Everywhere  
Symphony Club.
  2. Piano Duet-Military March  
Tschaikowsky Triumphale-Rathburn
  3. Piano-Barchetta-Neyin-Mrs. Earl Cogdell.
  4. Voice-Till Death-Mascheronie-  
Mrs. Cahill.
  5. Piano: Barcarolle-Rubenstein-  
Mrs. Patterson.
  6. Vocal Trio-O Night of Love-  
Mesdames Cahill, Bernard and Lewis.
  7. Piano Duet-Valse de Concert-Glazounow-  
Mesdames Patterson and Cogdell
  8. Chorus-Summer Night-Symphony Club.
- After this program the guests were shown into the dining room where the table was tastily arranged. Mrs. Scott and Miss Neahey presided over the tea and Mesdames Odell, and Lewis and Miss McConnell passed the dishes. After a delightful social hour the guests departed declaring themselves once more obligated to the Symphony Club.

### Two People in a Store

Have you ever observed the actions of a man and a woman in a store, if not, you still have something to learn.

Not long since we spent a few minutes in a store and this is what we saw:

A man from the country strolled in, greeted the proprietor with a breezy "Hello," remarked about the weather, general conditions of the crop, the latest dog fight and a few other important matters, and eventually remembered that he wanted an item or two. He took the first thing handed him, tossed a dollar on the counter, shoved the change in his pocket without counting it, then leisurely followed his nose to the street.

Ten minutes later a woman walked briskly in, handed the clerk a smiling "good morning", and promptly requested to be shown this-and-so. She picked it up, held it up to the light, twisted it, turned it over, examined it from every vantage point, considered the price-and rejected it. It was not just what she was looking for.

Did the clerk have something else? He did. Three different somethings were shown her without any better result. Then the light of the world returned to her first love, tested it, fondled it, caressed it, and told the clerk that she "guessed it would do, though not exactly what she wanted."

She paid for it, counted her change carefully, let her eyes roam over the store, took note of numerous things she wanted later on, and departed with a fund of information stored up for her next visit.

## A SUMMER NORMAL

### For Haskell.

The following is a report of the action of the four counties that have agreed to unite in promoting a Public School Summer Normal to be located in the town of Haskell:

"We, the committee on Summer Normal beg to submit the following report:

"We recommend that there be held in the town of Haskell a Summer Normal during the summer of 1915. We further recommend that the adjoining counties be invited to co-operate with said Haskell county in said Summer Normal.

(The above report from Haskell county was unanimously adopted by the institute assembled in November, 1914.)

This is the action of the Stone wall county teachers.

"Resolved, that we accept the invitation of the teachers of Haskell county, and that we use our best efforts to make the proposed summer normal a success."

County Superintendent of Throckmorton writes the following endorsement:

"In reply to yours of recent date, will say that the Teachers Institute of this county voted to co-operate with your county (Haskell) in a Summer Normal." County Superintendent, of Knox County writes the following:

"I have yours of the 29th ultimo, in regard to a Summer Normal, and from the expression of approval given during our institute, and realizing the convenience of Haskell to a great number of our teachers I am inclined to the opinion that Haskell is the most suitable place, and will take pleasure in lending such assistance as is in my power to that end."

The faculty of the Summer Normal will be selected from the best public school men of the district herein named. Everything is favorable for Haskell to have the best summer normal in this part of the State. The closest normal proposed so far is the one to be located at Abilene. All teachers of Haskell City, and Haskell and adjoining counties who are loyal to home schools and are anxious to build better educational sentiment at home should earnestly and willingly become active in the support of a Summer Normal at home. Why pay a railroad fare to and from home to a foreign town when you have a normal at home. If you are thinking of attending a summer normal in a good town make your arrangements to come to Haskell.

For further particulars write T. C. Williams, Haskell, Texas.

The Governor's Mother Honored.

While our new governor was being inducted into office at Austin Tuesday, the old soldiers and a few neighbors assembled to honor his mother, Mrs. Ferguson, at the home of her daughter, Mrs. F. M. Morton, of this city, with whom she resides. The old soldiers called and paid their respects and a number of ladies attended.

Punch was served to the guests. Oscar Martin responded with a toast "To the Mother of our Governor," and Mr. Murchison responded with a toast "To our Governor."

Let the Free Press do your job printing. We are prepared to please you.

The junior editor in response to a very cordial invitation from the president of the Magazine Club visited the art exhibit this week at the old Farmers National Bank building, and saw quite a fine collection of pictures from the best artists. Not being an artist or a student of art we felt our inability to give a notice worthy of such a fine exhibit, so Prof. H. E. Bell was asked to prepare an article for publication, but Mr. Bell, being a very busy man, could not get the article to us early enough for this week's issue, but it will appear in our next issue.

## Dr. Neathery

After a large and active practice in this city for twenty-five years, Dr. Neathery left last Wednesday for his new home at Gainesville. Dr. Neathery has won many friends in the years he has been here, and during this time he stood at the head of his profession. There never was a more devoted friend, or a more sympathetic physician. Being endowed with both strong, physical and mental powers, he was capable of the most constant attention and effort in his practice. Those who have had him as a physician became affectionately attached to him. Honorable and gentlemanly in his deportment, he spared no effort to console the family of his patients. His very presence inspired hope and confidence.

There are many friends here who regret to lose Dr. Neathery and his family as neighbors, but all will join in wishing him success and prosperity in his new home.

## Cleanses Your Hair Makes It Beautiful

It becomes thick, wavy, lustrous and all dandruff disappears—Hair stops coming out

Surely try a "Dandarine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Dandarine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess a natural softness, lustre and luxuriance. Besides beautifying the hair, one application of Dandarine cleanses every particle of the scalp; stimulates the scalp, stops dandruff, and taking hair fresh, restores the hair to its original condition. It goes right to the roots, penetrates and stimulates the follicles, stimulates the hair-producing process and the hair grows thicker and beautiful.

Your hair is so pretty, so fluffy, so soft, if you will only use Dandarine. Buy a bottle of Dandarine from any drug store or counter and try it. It is so simple and so sure.

Let the Free Press do your job printing. Prepared to please.

## E. C. Crews Burned

Last week E. C. Crews, son of Mr. and Mrs. A. T. Crews, was so badly burned in a hotel fire at Temple that he died. It seems that the fire was not discovered until Mrs. Shook, the proprietor, was awakened by something falling falling against her door. Upon investigation, she found it was the charred body of Mr. Crews, who told her the house was on fire. The alarm was given, and the other occupants of the house escaped. Had it not been for the heroic effort made by the dining man, others would have been burned. He met death bravely. His father, A. T. Crews, got to Temple in time for the funeral. The deceased was thirty years old, having been born in Tennessee. He was raised in Haskell county, to which the family moved some years ago. The officers and co-workers of the telephone company or which he had worked for four years, speak in the highest terms of the deceased. The Free Press would tender condolence to the bereaved family, and we desire to express our deep sympathy and regret.

## If Child is Cross, Feverish and Sick

Look, Mother! If tongue is coated, cleanse little bowels with California Syrup of Figs

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and as a result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full or cold, has sore throat stomach ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs" which has full directions for babies, children of all ages and grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

Notice

Notice is hereby given that the Commissioners Court of Haskell County, will meet on the 8th day of February 1915, for the purpose of receiving bids for the County Depository for the coming two years.

Given under my hand this the 19th day of January A. D. 1915.

A. J. Smith,  
County Judge, Haskell Co.

## Try This for Neuralgia

Thousands of people keep on suffering with Neuralgia because they do not know what to do for it. Neuralgia is a pain in the nerves. What you want to do is to soothe the nerve itself. Apply Sloan's Liniment to the surface over the painful part—do not rub it in. Sloan's Liniment penetrates very quickly to the sore, irritated nerve and allays the inflammation. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

The Principal One

"Are you familiar with the motives of Blink's new play?"

"Yes, he needed the money."

—Philadelphia Ledger.

## Old People Everywhere Say

Peruna is good for Coughs, Colds, Catarrhal Diseases and after effects of the Grip.

MR. W. C. HEMPHILL

When I first knew of Peruna the druggists here did not keep it. Now they all keep it.

"I have lived in this place eighty-four years. I am a farmer. Was born where I live. I have three living children. Should you publish this in the papers it will reach many of my old friends. You can use my picture as you think proper." Mr. G. W. Roberts, R. F. D. 1, Box 55, Pickens, Miss.

**Eighty-two Years Old.**

"I had a severe attack of grip. I suffered terribly while it lasted. After my attack I sent for Peruna. My wife said I must have a doctor, but I insisted upon taking the Peruna, and made a quick and perfect recovery." Mr. J. R. Prince, R. R. 1, Tuckahoe, N. Y.

**Eighty-one Years Old.**

"I had nervous prostration. One doctor would say I had catarrh of stomach and bowels, another nervousness, and another enlargement of liver. Nothing seemed to do me much good. I commenced taking Peruna, which built me right up." Mrs. Martha Avery, 28 Graham St., Locominster, Mass.

**Seventy-eight Years Old.**

"I had catarrh of the head. Commenced taking Peruna and gained eleven pounds. It is a great medicine. A fair trial would convince any one of its efficacy." Mr. F. M. Joffron, Bogalusa, Louisiana.

These who object to liquid medicines can now obtain Peruna Tablets.

## His Start.

"I will come up to the top to start with and a little boy, the?"

"Excuse me."

"I see you are a mother."

"Yes; I am."

"You have a little boy?"

"Yes; I have."

"How old is he?"

"He is five years old."

"Give me a little piece of candy."—Exchange

## World-Wide Distribution of Oil Products From Texas

Since the war began papers and magazines of all kinds have been talking about the opportunities in the foreign field for goods made in the United States.

Texas is already sending products manufactured in this State over the whole world, and of these, oils made at Port Arthur and Dallas by The Texas Company go further afield and into more corners of the world than other manufactured products made in the State.

From Port Arthur and Galveston, stowed in the vessels belonging to The Texas Company, in ships chartered by them, or other vessels which load there, these oils go to China, India, South, East and West Africa, Australia, South America and Europe. In darkest Africa, the interior of India and China, the trade-mark of The Texas Company is recognized as a mark of quality.

A large fleet of vessels is required to carry these oil products, and the fleet of The Texas Company, appropriately headed by the S. S. "TEXAS," flagship, illustrated above, represents an investment of of many millions of dollars.

Wherever the Texas citizen may go the products manufactured by The Texas Company are apt to greet him, reminding him of home, and indicate to the natives, by their known quality, the greatness of the State and its manufactures.

Right in your own town you can secure the same high quality oils which have made The Texas Company famous in foreign fields. Try them, they are worth while.
